Plainview, Tex., Man Reports—
"I Got a 2,000-lb.-per-acre Increase on 575 Acres of Grain Sorghum."

Lem Brock, of Plainview, Tex., says: "I put down 100 pounds of Phillips 66 Agricultural Ammonia on 575 acres of irrigated maize land, and got an average of 2,000 pounds of grain increase per acre. I also put down 100 pounds of Phillips ammonia on castor beans and got an increase of 500 pounds of beans per acre. Also, by using Phillips 66 ammonia I got 1 1/2 bales of cotton to the acre in an unseasonable cotton year."
Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them to get more profit per acre, through higher yields and lower production costs.
They have found that, by using Phillips 66 Ammonia, they get more cotton that grades out higher at the gin; yields of grain sorghum grain and ensilage are increased; more marketable vegetables are harvested, and profits on wheat are increased through better forage, and higher yields of grain.
See your Phillips 66 Agricultural Ammonia distributor about profitable Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer.

Mystery Home This Week Is The Lovely Home Of Mr. and Mrs. Bill Jones

It gives this writer quite a pleasure to give you a few facts about the Mystery Home owners . . . because in our books they are the salt of the earth, and the kind of folk who have done so much to make Hansford County the outstanding agricultural, cattle and citizenship county it is.

Bill Jones and the former Opal Jameson, both members of the pioneer families of the North Plains country, were married in 1933. They have two sons, Donnie their 15 years old son, in the eighth grade in the Spearman school, and Dale a 19 year old son who

is a Junior, majoring on "Speech" at West Texas State College, Canyon, Texas.

We failed to check with Bill to find out how long he had been in this country, but we first heard of him when the Booster Station was established in the county many, many years ago. The Jones' built their fine 3 bedroom modern farm home at their section home place 12 miles southwest of Spearman on highway 15 and farm road 283, back in 1946.

Bill has always been a very industrious and aggressive farmer and cattleman. He owns the home section

and a half section west of the home place near the Mrs. McNutt section where he farms this section also. Bill operates two irrigation wells on his place, west, and handles water on the entire section and a half of land, where he has made some outstanding maize and wheat crops . . . and above all things a very outstanding corn crop. He must have planted the corn as a favor to his youngest son, who is quite a hog raiser . . . and father and son fed out the corn crop.

Mrs. Jones, the former Opal Jameson was a teacher in the Spearman school system for a number of years, and she is loved and appreciated by all who know her.

Welcome To The Spearman Steakhouse

Mystery home owners and all the citizens of this area.

PTA Honored

Publicity Chairman—Mrs. P. A. Lyon, Jr., Mrs. Don McLain

As Publicity Chairman it was our duty to become familiar with P. T. A. activities in order to give the organization better publicity. We put posters in the local Post Office to emphasize the importance of public support. We sent

President—Mr. Wade Griffin

As chairman of the Spearman Chapter of the Parent Teacher Association for the school term of 1957-1958, I would like to say that I had a very able group of helpers in the other officers. Any accomplishments we may have had a part in is due largely to their work. We enrolled 289 members in our chapter this year. A few things we have sought to do are as follows:

To present each month a program that would be brief and informative. By and large, we did this. We sponsored a picture time

for children as the parents could attend meetings. We sponsored a coffee party in the room having the largest room count at each meeting. An award of \$10.00 to be used for books or records was given to the room with the largest percentage of the parents enrolled in P. T. A. Finally, our chapter is awarding a life membership to some worthy person this year. Personally, I have enjoyed the work this year and appreciate the help and support of the officers and membership of our chapter.

and used these as basis for feature stories. We prepared the publicity record book of all work done by the association. Mrs. P. A. Lyon, Jr. and Mrs. Don McLain

Health Chairman
Mrs. R. C. Cannedy

I sent fifty four letters from the census. Sixty children and fifty nine parents were present at our pre-school Round-up. We had our spring round-up May 15, 1957. All first graders except two had had their pre-school physical before school started.

Vice President
Neida Sheets

As Vice President I was Program Chairman, worked as an aide to the President, and presided at meetings in the absence of the President.

As program chairman I worked with each committee chairman to formulate the complete planned activities so that our goal: Parents, teachers and students "getting to know each other better in order that the partnership may be employed. Could be more effective. This year's program was planned so that parents and teachers would become better acquainted through study of the school and fellowship with one another. The Program Themes, "New Ventures in Partnership," was carried out in both Programs. The monthly program and the planned activities.

I mimeographed programs for each monthly meeting. Different grades colored the covers and acted as ushers. Some of the most outstanding programs were the "Get Acquainted Program," with group meetings in each room. "Don't Be A Jelly Fish Parent;" a panel discussion on Juvenile Delinquency, Behavior Problems in our Schools; a panel of teachers discussing what they do about misbehavior in school.

We had coffee and donuts for the teachers in September expressing a "Thank You" for the help with the programs. We honored our teachers during public school week with coffee and cookies.

I fixed a booth with a poster, scrapbooks, and magazines for "Back to School Night." The hospitality chairman and I planned for movies to be shown to children of parents attending P. T. A. and fellowship period after each monthly meeting so that teachers and parents could become better acquainted.

The hospitality chairman, historian and I planned the first annual Welcome Back Night for all past officers. Special thanks should go to Mrs. Eula Goodall and her speech class for their help with every program. Mr. Sam Watson and his bands, the teachers for their co-operation and all the chairmen of the committees for helping me carry out the monthly programs and the planned program of activities.

Recreation—Mrs. J. L. Brock

I helped the recreation part of each P. T. A. meeting. I led group singing, Salute to the Flag, etc.

Historian—Mrs. Ernest Wilmeth

As Historian I assembled and preserved the records of all activities and achievements of the P. T. A. and preserved all of data historical value such as the minutes.

Mr. H. R. Hartman
Member of the Executive Committee

As Superintendent of the schools, Mr. Hartman is a member of the executive committee of P. T. A.

Family Education—Mrs. George Collard
An Education for Family Living Group was organized in Spearman, October 15, 1957. Regular meetings have been held each month since organization. It is our aim to create a close relationship between school and home. All meetings have been informal with round table discussion. Our programs have included: school grading system; panel discussion by high school students on "What Young People Can't Talk over with their Parents" discussion of childhood diseases and demonstration of eye and ear testing machines by school nurse; school curriculum; and a film on Civil Defense.

Dorcus Collard
Chairman

Parliamentarian — Mrs. W. W. Smith

I was present at all meetings to verify the winner of the attendance award. I urged the officers to take the procedure course.

Finance Chairman—Mrs. Jimmy Shieldlight

As Finance chairman I served a Chamber of Commerce Banquet November 22, 1957, which was our only money-making project for the year. I prepared the yearly budget.

P. T. A. News

P. T. A. met Monday night March 10, in the school auditorium. President Wade Griffin presided. The program consisted of a P. T. A. prayer by audience, inspirational thought by Members of the speech class. Mrs. Bill Sheets gave a report of the Nominating committee. The program was behavior problems in our school and was discussed by the panel of teachers. The first grade rhythm band played for the audience. Teachers participating in the panel discussion were: Mrs. Helen Pattison, Mrs. Louise Archer, Mrs. Robert Baker, Mr. W. W. Smith.

Don't Name It

CARD OF THANKS TO THE FINEST PEOPLE ON EARTH

The Country Editor has been out of circulation for almost two months. We found out we had a War Surplus Inactive Kidney, and Dr. Wearner and the staff of the Veterans Hospital at Amarillo removed the pesky diseased organ. The blame thing must have weighed 15 pounds cause I lost that much weight, and it makes me look so trim that most folks tell me that I look better than they have ever seen me before. However this Card of Thanks is to the fifteen friends who sent me bouquets of flowers, and the 107 friends who wrote me letters and got well cards. GOD BLESS EACH OF YOU. It did me a world of good.

I plan to write each of you as soon as I can get this blamed Income Tax settled and take a weeks fishing trip. It is impossible to single out any individual, or group of my friends, since all were just wonderful.

Fact is I got so much other

Publication Chairman—Mrs. Troy Sloan

As Publication Chairman it was my duty to sell subscriptions to Texas Parent Teacher Magazine and to the National Parent Teacher Magazine. And to help with all other activities and functions of P. T. A. here in Spearman.

tion and folks were so good to me that I felt like the patient at the hospital who received a visit from the Chaplin He said "How long will I live"—he thought that he was in mighty bad shape for the Chaplin to visit him. I kinda wondered if I was not in real bad shape cause everyone was so nice and wonderful to me.

Among the out-of-town visitors we especial enjoyed visits from Rev. J. B. Stewart, former pastor of the Methodist church here. J. B. not only visited me but held prayer service, which I greatly appreciated. Then there was Ike and Faya Clatts, who brought me candy, fruit and cigarettes. Our mutual friend Clyde Hazelwood made several visits. Bill and Lemmie Russell made two visits. At Amarillo, our life time friend Carl Benefield, owner of a movie theatre in Amarillo made several visits. The big disappointment was not being in the hospital when my Cotton Picking brother came down to Amarillo to see me. He and his wife came from Collinsville to Lubbock, and they joined the children Rev. and Mrs. George Stephenson of Lubbock for a visit Saturday the day after I had been released from the hospital.

I told my Pastor that I felt like I would have to improve my conduct and try to live a better Christian life to justify the faith and love of these fine friends—and I mean to do it. Back here at home I had planned to rest another week, visit my Cotton Picking brother for a week and then start working in late April. But I'm telling you for sure I can't take it sitting at home and looking at the TV for 35 hours a day. Never was so glad as when I learned that the Staff here at the Reporter office was literally swamped with work and had been urging customers to have their work done soon during the emergency. I shone an glad to get back in the harness and help em catch up on the work here.

Was so proud of my friends who made the Stock show such an outstanding success. Noted Sunday that our good Friend Cotton John was bragging on the Top O' Texas Calf show which only featured 30 calves in comparison with 35 calves from our Hansford County Calf show—and his TV program featured the high price paid for the calves. He could really feature our show, cause we paid more than 50¢ per pound for our calves and our per calf average was about 21 per cent higher than the Pampa calf show price.

Bear in mind that we are not criticizing Cotton John. He goes

where his sponsors direct, and he was probably not invited to the Hansford show, because we are a much smaller community than Pampa. In our books there are no finer people in the world than Cotton John—Wes Izard—Mason King and a lot of other guys on the News-Globe staff. I blame myself for not inviting them to Spearman. I talked with Mason King and Wes Izard less than 2 months ago, and they both indicated they would like to visit our cit. BOYS—you ain't got any excuse any more—I'm inviting on RIGHT NOW. You do not live to wait until we have our Celebration—each is I had rather you all come when we do not have the obligation of entertaining so many visitors. Just pick out a day and we will call it News-Times day in Spearman—and we shore will try to show you has a good time.

Mason King—you claimed you had not completely recovered from your operation—but I saw you here at Pampa and you can just come over and we will have a fine time talking about our respective operations. GOSH all homelicks, I have already written a column and have not said anything. Must quit with the thought that we have all got to hustle this year in staging the biggest celebration ever on the last Friday and Saturday in April.

Many calls have come into the office asking information about the big show. The breeder of the top 3 calves in the show was Tom Hamilton of Stratford. The winner of the judging contest was Ernie Pittman of Morse, of course Ernie is the biggest feeder in the county as far as we know, and it was his calves that were the only one that judged the calves exactly like the judge did.

The Pampa packing concern was the only organization to put a floor under the fine calves, and we take this opportunity to thank them for the boys. Of course you can buy some of these fine baby beeves at the local grocery stores soon. Be sure and check the newspaper for advertisements about 4-H and FFA beef.

ATTEND THE BIG LION CLUB AMATEUR SHOW TO BE HELD AT SCHOOL AUDITORIUM ON MARCH 26TH.

Fatstock Show Big Success

The fatstock show was a whopping big success despite the weather. Gene Cudd purchased the

Still tied to clothespin drudgery?

Willis Sheets

I showed the motion pictures for the children in the study hall during P. T. A.

Treasurer—Mrs. Don Knox

As Treasurer, I kept record of funds raised and spent.

Membership Chairman Mrs. Sam Wyson

As membership chairman it was my duty and assistants to hold the annual Fall membership drive during the month of October. We sent out two notices that month. A cash prize of \$5.00 was given to the room with the most members. Mrs. Wade Griffin's third grade room won. Dues were taken during the social hour after P. T. A. in the Cafeteria.

During the month of January a membership coffee was held in the school cafeteria. We have a total of 288 members.

Hospitality Chairman
Mrs. Jimmy Crawford

As Hospitality Chairman I took room count at each of the P. T. A. meetings. And planned the movies to be shown to the children while their mothers attended P. T. A. I helped plan the first annual Welcome Back Night for all past officers. I was in charge of the social hour after each P. T. A. meeting.

Secretary—Altha Fisher

As Secretary for P. T. A. I have attended all executive and regular meetings. I have kept the proceedings of both the executive and regular meetings. And have answered a correspondence. I have called every member of the executive committee each meeting day. And have ordered supplies as they were needed.

Recreation—Mrs. J. L. Brock

I helped the recreation part of each P. T. A. meeting. I led group singing, Salute to the Flag, etc.

Information For Tech Summer Term
 School teachers and others who wish to take summer courses this year at Texas Tech should plan on Saturday classes. W. P. Clement, Tech registrar, announced that classes will be held on five Saturdays during the two six-week terms to enable ending the Summer School on Aug. 23. Previously, the Tech summer session ended as late as Aug. 28. Registration for the first summer term will begin at 2 p.m. June 3 and continue June 4. Classes will begin at 7:20 a.m. June 5. The first term will close July 15, with finals scheduled July 14-15. During this time Saturday classes will be held on June 7 and July 12. Second summer term registration will begin July 16. Classes begin at 7:20 a.m. July 17 and final exams will be Aug. 20-21. During this session, Saturday class will be held on July 19-20 and Aug. 2. Summer Commencement exercises will be held 7:15 p.m. Aug. 23. In previous years, most of the students taking junior, senior or graduate work at Tech did not have classes scheduled on Saturday, Clement said.

"ALL I KNOW IS WHAT I READ IN THE PAPERS"

America's best-loved humorist also was one of the best-informed persons in his time. Nothing, it seemed, escaped his notice. His comments on the passing scene were applauded and repeated by millions the world over. "All I know is what I read in the papers" became his trade-mark. Will Rogers recognized that newspapers, more than any other media, are the common source of information of all the people. The simple fact that everyone knew immediately what he was talking about provided an important basis for his fabulous popularity.

That same simple fact is just as true today. A simple fact is your advertising message. Put it in YOUR HOMETOWN NEWSPAPER.

New Feeding Information To Be Presented At Texas Tech Livestock Feeders Day Program Will Feature Research Test and Discussions by Livestock Authorities

The Texas Tech College Annual Livestock Feeders Day program will be held on the College Campus in Lubbock, Texas, on April 1, according to an announcement by Dr. W. L. Stangel, Dean of the School of Agriculture.

The program is being held at the conclusion of steer fattening experiments which have been conducted by the College under a research fellowship grant provided by the Texas Cottonseed Crushers' Association to study methods of cattle feeding which may increase gains and reduce costs. The experiment was planned and conducted in cooperation with the Texas Agricultural Experiment Station. It studied the use of hormones, roughage pelleting, and replacement of alfalfa. During the morning program Texas Tech researchers will discuss the results of the experimental test and visitors will inspect the steers which have been fed the test rations. The cotton oil mills of the Lubbock area will provide a free lunch for those attending the field day at noon.

The afternoon session of the program will be held in the Memorial Auditorium in the Agriculture Building on the Campus. Current livestock developments and the results of the latest research in the field of cattle feeding will be discussed by nationally recognized cattle authorities and research scientists.

The current Texas Tech steer feeding trial is the largest and most comprehensive in the long series of cattle experiments which have been conducted for the benefit of the livestock industry.

In this extensive feed producing area, forty steers have received pelleted cottonseed hulls in comparison to forty others which have been fed the usual loose hulls. Preliminary results obtained before the conclusion of the experiment indicate that pelleting of the hulls has increased the rate of gain. In an experiment conducted during the previous year, feeding pelleted cottonseed hulls increased the rate of gain about 40 pounds per steer, and the cost per hundred pounds of gain was more than one dollar less than when loose hulls were fed.

The use of the hormone stilbestrol in the grain-cottonseed meal-cottonseed hulls ration appears to be increasing the rate of

gain and decreasing the cost of gain. These trends are in agreement with results obtained with stilbestrol in test conducted throughout the Nation and with those from the Texas Tech experiment conducted with a similar ration last year. In that trial, feeding stilbestrol increased the daily gain one-third of a pound and decreased the cost of gains more than three dollars per hundred pounds. The current experiment which will be reported at the field day, in addition to testing the effect of stilbestrol, gives feeders an opportunity to compare the feeding of stilbestrol with the use of implanted stilbestrol pellets.

Because alfalfa may sometimes be difficult to obtain and relatively high in cost, a third phase of the current experiment was planned to determine whether the usual small amounts of alfalfa which are used in cottonseed hull rations may be replaced by vitamins A and minerals.

Lions View Films Of Bomb

One of the best programs of the year was brought by Judge Lee at the Lions Club Tuesday.

NOTICE TO RANCHERS

We are dealers for the new and improved Circle M Trailers. Circle M Trailers are designed for the safety, comfort and convenience of your horse.

Every Circle M Trailer is equipped with the famous "Circle M Low Boy Axle Assembly." This axle assembly was designed and manufactured by Circle M Trailer Sales to incorporate into Circle M Trailers low road clearance, perfect wheel alignment, ease of riding, longer tire life, and a trailer that might be pulled at high speeds without fear of whipping. The success of this running gear is evident in the enviable record for pulling quality and the vast popularity which Circle M Trailer have enjoyed in the most competitive area in the U. S.

Gruver, Texas

It was a civil defense picture, about civil defense against Atomic Bombs. The film showed pictures of the cities that were constructed in the event, to study the effect of an atomic attack on them. To say the least, it was almost unbelievable how the color films showed the terrific heat and blast power of the explosion. Everyone should see this film. Also, the more powerful Hydrogen bomb was discussed, although nothing was mentioned of the highly secret Cobalt bombs. Lion Lee stated that Baker and Taylor had donated 6 drill stems for the new civil defense watch tower, and also Lee stated that eight walkie-talkie radios were on priority order, to help in defense against tornadoes, or in case of an enemy raid.

Ray Stephen Wilson, son of Mr. and Mrs. A. L. Wilson took his first bus ride to Lubbock the past week with Mrs. Sam Graves. Ray went to visit his grandparents, Mr. and Mrs. A. L. Wilson, Sr. who live in Lubbock. Mrs. Graves was visiting with Jeanene Narrell, and Kim.

ATTEND THE BIG LION CLUB AMATEUR SHOW TO BE HELD AT SCHOOL AUDITORIUM ON MARCH 26TH.

LEGAL

CITATION BY PUBLICATION STATE OF TEXAS

TO: Thomas C. Spearman, residence being unknown, and the unknown heirs and legal representatives of the said Thomas C. Spearman; L. S. McClellan, R. F. Dennis and A. F. Barkley, as Trustees of the Methodist Episcopal Church, South and their successors in office as Trustees of the Methodist Episcopal Church, South; L. S. McClellan and A. F. Barkley as Trustees of the Methodist Church Spearman, Texas, and their successors in office as Trustees of the Methodist Church, Spearman, Texas; the unknown heirs and legal representatives of L. W. Mathews, deceased, residence unknown, their heirs and legal representatives if they now be de-

ceased; the unknown heirs and legal representatives of Alma Mathews, deceased, residence being unknown, their heirs and legal representatives if they now be deceased; the unknown heirs and legal representatives of John O'Loughlin and wife, Kate O'Loughlin, both being deceased, their heirs and legal representatives if they now be deceased.

GREETING: You are hereby commanded to appear before the Honorable District Court of Hansford County, at or before 10:00 A. M. of the first Monday after the expiration of 42 days from the date of issuance of this citation, being the 14 day of April, 1958, then and there to answer the plaintiffs, petition filed in said court on the 28th day of February, 1958, in this cause No. 897 on the docket of said court, wherein John Venneman and N. F. Renner are plaintiffs and Thomas C. Spearman, residence being unknown, and the unknown heirs and legal representatives of the said Thomas C. Spearman; L. S. McClellan, R. F. Dennis and A. F. Barkley, as Trustees of the Methodist Episcopal Church, South and their successors in office as Trustees of the Methodist Episcopal Church, South; C. E. Campbell, H. H. Crooks, L. S. McClellan, A. F. Barkley and P. A. Lyon, as Trustees of the Methodist Church, Spearman, Texas, Texas and their successors in office as Trustees of the Methodist Church, Spearman, Texas; the unknown heirs and legal representatives of L. W. Mathews, deceased, residence unknown, their heirs and legal representatives if they now be de-

ceased; Virgil Mathews, Hansford County, Texas, Orvil Mathews, Hansford County, Texas; Nova Foote, and husband, C. D. Foote; Floyd County, Texas, and Evelyn Couch and husband, Ted Couch, Potter County, Texas; Maude Mathews, a widow, Hansford County, Texas; the unknown heirs and legal representatives of Alma Mathews, deceased, residence being unknown, their heirs and legal representatives if they now be deceased; the unknown heirs and legal representatives of John O'Loughlin and wife, Kate O'Loughlin, both being deceased, their heirs and legal representatives if they now be deceased; John Berry, Mrs. J. H. Buchanan, C. E. Campbell, M. S. Chambers, H. H. Crooks, Roy Jones and T. D. Sansing, Trustees of The Methodist Church, Spearman, Texas and

their successors in office, are defendants.

A brief statement of the nature of this suit is as follows: A suit in trespass to try title for rents, damages, removal of cloud, writ of restitution and possession, general and special relief, in law and equity and concerning All of Lots Nos. One (1), Two (2), and Three (3), in Block No. 52, Original Town of Spearman, Hansford County, Texas; plaintiffs alleging statutory trespass to try title: three, five and ten years Statutes of Limitation and holding under a registered deed for more than three and five years, and payment of taxes during such period; as more fully shown by plaintiffs' petition on file in this suit.

The officer executing this process shall execute the same according to the law and make due return as the law directs. If this citation is not served within 90 days from issuance, it shall be returned unserved.

Issued and given under my hand and the seal of said court, at office, in Spearman, Texas, this 28th day of February, 1958.

OCEAN TO OCEAN ACROSS SOUTH AMERICA
— AND BACK — IN 41 HOURS!

CHEVY'S NEW V8 LEVELS
THE HIGHEST, HARDEST
HIGHWAY OVER THE ANDES!

To prove the durability of Chevrolet's radical new Turbo-Thrust V8,* the tremendous flexibility of the new Turboglide transmission,* the incredible smoothness of Full Coil suspension, we tackled the most challenging transcontinental road in the world — the 1,000-mile General San Martin Highway. To make the test harder, officials of the Automobile Club of Argentina sealed the hood shut at Buenos Aires — no chance to add oil or water or adjust carburetors for high altitude.

So the run began — across the blazing Argentine pampas, thrusting boldly into the stone ramparts of the forbidding Andes. Up and up the road climbed, almost 2½ miles in the sky! Drivers gasped for oxygen at 12,572 feet — but the Turbo-Thrust V8 never slackened its jet-smooth torrent of power, the Full Coil springs smothered every bump, the Turboglide transmission made play of fantastic grades up to 30 percent. Then a spine-chilling plunge to the Pacific at Chile's great port of Valparaiso, a quick turn-around and back again. Time for the round trip: 41 hours 14 minutes — and the engine was never turned off! That's rugged proof-in-action of the great new advances you'll test for yourself the first time you drive a '58 Chevrolet. That's a real thrill — why not discover it this week? *Extra-cost option

You'll get the best buy on the best seller!

KEEP YOUR HEADLIGHTS AIMED RIGHT

The sure-footed Chevrolet parts past a road sign that says "danger" — and ahead lies the toughest part of the perilous Andean climb!

To The Voters Of The GRUVER Independent School District

The forthcoming bond election is in the amount of \$125,000.00 for the construction of an inclosed swimming pool and dressing rooms, for the Gruver School System.

The bonds have been sold, subject to the approval of the voters, for a total interest rate of 2.986%, and under the present plan of payment, the bonds will be paid in full in 9 and two-thirds years. No school tax increase will be necessary because of this construction program.

We, the following supporters, feel that a swimming pool will help provide a more effective physical education program in the Gruver School since practically every student can participate in this sport, whereas, not all students are interested in, or adapted for, the various sports now offered. A swimming pool would provide a source of wholesome recreation for the entire community throughout the year..

This ad is paid for by the following persons, and others, who solicit your support and vote, in the bond election of March 22, 1958, for this worthwhile addition to our Gruver School.

**City Election
To Be Held On
Tuesday April 1**

According to information from
the city office three names will
appear on the official city ballot
for the election to be held Tues-
day April 1. The name of Bruce
Sheets will be printed on the
ballot for Mayor. The name of
Freeman Barkley will be printed
on the ballot for City Commis-
sioner and the name of P. A.
Lyon, Jr. will appear on the
ballot for Commissioner.

Mayor C. A. Gibner, who
has done such a wonderful job
of bringing the City of Spear-
man out of the red and into a
working efficient organization, re-
fused to allow his name to be
submitted for another term, as
did his co-worker Roy Wilmeth,
Commissioner. Freeman Barkley
was the only member of the
officials who will allow his
name to be submitted on the
ballot.

Sheets was persuaded by many
of his friends, as was P. A. Lyon
Jr., to submit their names for the
coming election.

Both Sheets and Lyon are out-
standing young business men, and
we feel sure will carry on the
well defined policies of the city
of Spearman.

**Five Names On
School Ballot
For Election April 5**

Citizens and voters of Spearman
will face a very difficult choice
when they select two of the five
candidates for Trustee in the
coming school election to be held
Saturday April 5th.

According to information from
the school officials the names of
Elsie Vanderburg, Mrs. June
Meek, Dick Kilgore, Joe Trayler
and Dee Jackson will appear on
the school board election ballot
with two members to be elected
at the April election.

Certainly we feel that no one
could find more honorable and
efficient men and women than
these five. It will sure be hard to
scratch any of them.

**400 Club Opens
1958 Member Drive**

Rho Rho Chapter, Beta Sigma
will open the 1958 Member-
ship Drive for the 400 Club,
March 17, with a kick off break-
fast at the Spearman Steak House.
This club organized one year ago
to completely redecorate the Com-
munity Building, had a little over
200 members in its 1st year. If
you have been in the community
building lately you know how
much these 200-odd have accom-
plished with their \$1.00 a month.
A total of \$2315.00 was amassed
in 1957, \$1250.00 was spent on
restoring the interior walls. The
ceiling tiles were reinforced
with coats of 3/4 inch plaster
and broken blocks were filled
with cement. The final coat of
plaster was white and improved
the lighting and attractiveness of
the interior of the building.
At a cost of \$367.50 new light
fixtures and attractive steel doors were
installed at the front entrance to
replace the run down wooden
doors. The wood panels above the
doors were filled in with brick
and with the rest of the
construction. \$14.00 was
for general clean up in
around the building after the
rest was finished. The
club has a balance of \$463.50
at this spring, in-
cluding this will be
for the present time the
steel beams are exposed
and heating are
needed. This new ceiling
cost is \$5000.00, but it
will do more than any
who will

E. L. Dennis Teaches Bible Using Slides and Filmstrips

Brother E. Dennis, the evangelist with the Eastside Church of Christ in Amarillo will be in Spearman during next week to teach the Bible, using many colored slides and filmstrips. Visual teaching is one of the most impressive and successful methods of teaching Bro. Dennis will use this method in teaching God's Truths each evening at 7:30 p.m. at the building of the Church of Christ here in Spearman.

Places Second In Sorghum Yield

Joel Stavlo of Gruver recently was proclaimed county sorghum growing champion at a banquet held at Plainview in honor of West Texas sorghum growing champions. His yield of 7731.65 pounds per acre was the top yield in Hansford County (irrigated) in the 1957 National Selective Five Acres Dekalb Hybrid Sorghum Yield Contest. Runner-up was Robert H. Novak (above) of Spearman who produced a yield of 7125.60 pounds per acre. Otho Brooks also of Gruver placed third with a yield of 5963.48 pounds per acre. First and third place winners were able to attend the banquet.

Girl Scout News

The Senior Girl Scout troop 601 met Monday evening in the home of Mrs. Olin Sheets. Anita Holt, president, called the meeting to order and the meeting was in the order of the last meeting to be read. Anita Holt and Carolyn Collard will represent the troop at the Oklahoma regional conference at Devils Canyon near Clinton, Oklahoma March 21st through March 23rd. Next week the girls will pack a box of clothing to be sent to the needy. Carolyn Collard will show films taken in Canada and on the Ski trip to Trees Ritas during the Christmas holidays. Beginning March 25th the troop will take a First Aid course from Cecil Barton.

This'n That

Around Gruver

The weather has certainly made news around here. We have had snow, sleet and a little rain. Overall it is a fine thing, but it is hard on the cattlemen. The cattle are getting in bad shape, trying to move through the mud. Many of them are suffering with sore feet, and it is hard to feed them. But perhaps by now the weather will have changed. Speaking of weather reminds us that the Tornado season is approaching. We wonder what plans have been made to warn us if one approaches and what to do, if one should strike. The Chamber of Commerce used to lead out in this, but the C of C is no more. We would like to know who is leading us.

Eight Starts Recorded In Hansford Oil and Gas Field Past Week.

According to information carried in the Sunday register newspaper, eight of the 12 starts in the Anadarko basin were recorded in Hansford county. Locations were as follows: Ro Furr Brock No. 1, section 150 blk 45 H&C survey, 4 miles West Spearman. Proposed depth 7800. (Wildcat) Humble Oil Co. H. H. Mrs. Brillhart Club Hostess

Members of the Delphinium Flower club met Monday afternoon in the home of Mrs. Brillhart. Mrs. Vester Hill presented a very interesting lesson on "Roses". Mrs. John Bishop, president conducted the business meeting. Plans were made for the Flower Show and programs for the year and other activities were discussed. Mrs. H. D. Lewis of Dumas will speak to the club on Monday April 14 and three o'clock on grooming and arrangements of flowers for shows. She is second vice president of District One of which the Delphinium Club is affiliated. This meeting will be in the Fellowship Hall of the Methodist Church. Everyone who is interested is cordially invited. Mesdames present included: John Bishop, Sid Clark, Pope Giber, Vester Hill, P. A. Lyon, A. W. Mobley, Ray Phelps, W. B. Seitz and C. W. Smith.

Jonquil Flower Club Opens

The Spearman Jonquil Flower Club opened its 1958 program with a buffet breakfast Friday at Mrs. Carl Archer's at 9:30. Club hostesses were the members of the year book committee, Mesdames Ralph Sheppard, Tom Sutton, and Bert Shoggett. The serving table was centered with an arrangement of baby rosebuds and shasta daisies and the quartet tables were centered with green baskets of yellow sprigging flowers, the club colors and discussed. Two vases, to be used for the traveling prize for best specimens and best arrangements were exhibited. When the club closes its year of active work in October, the vases will be given to the one who has won them the most times. Those present were Mesdames Tom Sutton, Olin Chambers, Bert Sheppard, Pete Fisher, Chalmer Porter, Jerry Barnett, Richard Holton, Dick Kilgore, Richard Weller, Garland Head, Roy Lee McClendon, Ruth Skinner, Alta Fisher and Helen Wason.

Business Opportunity

Local area Mrs. or Lady, wanted to service and collect from coin operated dispensing equipment. 4 to 9 hours weekly earnings. No limit or selling but must have car, references and \$402 to \$804 working capital. For interview give personal particulars, phone number. Write Box 4728, Dallas 6, Texas.

Spearman Band To Attend Enid Band Festival

Enid, Okla., March 20: Four Texas musicians have been chosen to serve as judges at the 26th annual Tri-State Music Festival at Enid, Okla., which is sponsored by Phillips university and Enid citizens. They are Oakley Pittman, the Bandmaster at Southern Methodist University, Dallas; Dr. James Kincaid, Texas Wesleyan college, Fort Worth; Col. Earl Irons, Arlington State college, Denton; Kincaid will be the chorus director and the other three will be judges. Spearman's High School band will participate in this music festival, as it has many years in the past. White men cannot vote in the union, has the longest name. Women who retain their maiden names after marriage called Lucy Stetters. Men, more than color blind. An aviator becomes after he destroys planes. Vermont was the first state to be admitted to the union. The first fired his pistol at Congress.

Grace Buschman bride Of Leoni Gift

In a lovely double ring ceremony Grace Buschman, daughter of Mrs. John Buschman became the bride of Leoni Gift, son of Mr. and Mrs. Charles Gift of Perryton. Rev. Gifts Henderson, pastor of the Baptist Church at Logan, Oklahoma read the ceremony before an arch of blue and white carnations and emerald and white flowers. The traditional marches were played. Flower girls, Paula Faye Buschman, Nina Lou Neely, Sharon Byers and Lula Karber wore floral dresses with matching floral head bands. Ring bearers were Richard Wayne Neely and Gary Karber. George Buschman, brother of the bride and Bert Greener were ushers. Pete Bartel, farm near Balco, Oklahoma best man. Miss Roena King, maid-of-honor with floral head attended by her

When a few bird dog owners get together, it gets deep, usually.

"Old Spot trailed a covey for one-half mile before he finally pinned them on a ridge." The next dog owner will usually mention some feat that his pointer or setter performed that would put the dog on it, but it is my way of thinking if you have a good bird dog, then give him a chance to prove his superiority and get some recognition at some field contest. Nearest one in this part of the state is the one that practically on hand. This is none other than the Pranhall Bird Dog Association's trial near Canadian which will be staged on March 14, 15 and 16. If you have a superb dog then by all means let Old Sport show the others up when it comes to bird finding and bird handling. I have some of the best dogs in the country (just ask me) but I haven't won a first yet in any event. More times than one some unknown will place a dog ahead of some of the oldtimers or regular contenders. My two pointers will compete at the trials, however. Compared with a first class seiner, practically all of the minnow seiners are common market. In my opinion are inferior. "A minnow seine is a seine, so what might inquire the average fisherman who wishes to dip into the water for a few choice specimens of this specie. Reason No. 1 for this calculation is that the common seines are made of cotton and will easily rot. Number two, most of the fourth mesh is usually un-tyed and will spread when a fast, sharp nosed minnow hits the wet seine, to the extent that a five inch minnow will literally go through the seine, plus the countless hundreds of smaller ones. There might be other reasons to rule out the common minnow seine, but in my opinion these two reasons are enough. Not long ago Mark's Sports store ordered for me a thirty foot nylon seine that had a locked mesh that I am interested in trying out. Mr. Harmon Net Company to contact the Carronets Company of Two Rivers, Wisconsin, in order to obtain a seine of this description. Of course, if a fisherman only wishes to use a seine once or twice a year and needs only a few shiners, then the seine that is usually displayed on the counter probably will suffice. A thirty foot nylon seine will probably cost something like a dollar in price. This is much higher but the quality is also higher. I prefer the locked or tied mesh nylon to all the other even if it costs a little more. Is a thirty foot minnow seine legal in the Panhandle? Yes and no. In the fresh water streams, except the Canadian river, the legal length is twenty feet, but in the river the legal length is 40 feet. Some outdoorsmen are content with a \$25.00 rifle or shotgun to go to their hunting with. Some do not recognize the difference between a \$1.50 pocket knife and a \$100.00 pocket knife and just as soon hunt on a poor area as a good one, but for me the difference in quality is so great and the difference in cost so small that I prefer the very best. Just like bird dogs—it costs very little more to purchase a pup that has the top bloodlines, nationwide, than to buy a pup that is common. I have the very best just ask me, in the blood lines of pointers and they have been just a small cost on the initial purchase. Of course, when it comes to choosing between a pair of Japanese field glasses and a pair of German glasses, the situation is quite different. I will usually choose the Japanese one because they are of good quality for about \$3 to \$40, whereas the others are above \$200. This does not

After all, there is only a certain amount of game and fish to be harvested in this part of the country. If we go beyond the harvest of the surplus we are dipping in on the seed stock, who is to fish or game. Who is to participate in the harvest is one very important question with the average outdoorsman. Most cities, towns and villages contain groups of hunters and fishermen bubbling over with the desire to participate in one or both of these sports. The bald-faced fact is simply this—there isn't enough fish and to even begin to supply the demand of the people in this or practically any other part of the country. What is the answer to the problem? Is there one? If there is, I would like to pass it on to the administration of the Texas Game and Fish Commission. The Commission is always on the alert towards any idea that will add to the sporting pleasure of the outdoor public. Here is the general question that I am confronted with from the man on the street—"I bought me a bird dog. I pay taxes, I want to train my dog and I don't have a place to trail him! Do you know where I can go out and put old phots into several covets of quail?" All I can say is, No, I certainly don't. However, I usually add these stipulations, "If some of the ranchers knew you and knew that you were simply out to train your dog and nothing else they would probably let you train your dog if they had a pasture open that contained no livestock." Usually following a conversation such as this the trainer wishes to know if there is someplace where he can kill a few birds. It all boils down to this. The average rancher or landowner has but a certain amount of game and fish. Of this amount only a part is considered surplus. Ninety percent of the time the surplus is harvested by hunters and fishermen. Here are a few certain other factors, determine no hunting on their ranches but where those ranches do not allow any hunting adjoining the ranches. Therefore, the ranch that

Reliable Party Male or Female

To service route of CIGARETTE machines. No selling or soliciting. Routes are established for operator. Full or part time. Up to \$200.00 per month to start. \$1.125 to \$2,250 cash required which is secured. Write, giving full particulars and phone number to Automobile Merchants, Inc., 210 South Fifth Street, Minneapolis, Minn. No. 15 11-p

Gruver Music Club Met March 11

The Gruver Music Club met March 11 with the vice president Mrs. W. J. Eddleman presiding in the absence of the president. The collect for club work was read. After which Mrs. D. G. Luck gave an interesting and informative musical note on the newly all symphony orchestras in the U. S. Mr. Glenn Truax, band director of the Gruver Schools, presented a number of his students in the following musical program: The little "Song Birds", a group of boys and girls from the first grades, accompanied by Mrs. Truax and his violin. This club was entertained with four instrumental numbers. Euline Green, clarinetist, played "Air and Courante" by Lully Kaplan, accompanied by Miss LuAnn Cator. Dale Knight, cornetist, played "Polish Dance" by Erdress, accompanied by Miss Mona Hale. Al McClellan, sousaphonist, played "Judas Maccabaeus" by Beethoven, accompanied by Mrs. Clarence Reeder. Miss Mona Hale concluded the program with a flute solo "Andante in C" by Mozart, accompanied by Mrs. Reeder. After the meditation was given by Mrs. Buddy Murrell the group adjourned to the Fellowship Hall for refreshments. Hostesses were: Mrs. G. H. Eling, Mrs. Don Hart and Mrs. Ralph Mathis. Members present included Mesdames: Ralph Mathis, W. J. Eddleman, R. H. Campbell, J. F. Cator, Wm. Eling, E. M. McClellan Sr., J. R. Alexander, Sr.,

Mrs. Huffman Has Dahlia Flower Club

The Dahlia Flower Club met in the home of Mrs. Vera Huffman on March 17th at 3:00 p.m. The club collect was given by members. Mrs. Lida Allen gave a program on gladioli and peonies. She passed out cards with questions and answers which made it interesting and entertaining. Mrs. Alice Lackey brought a beautiful African Violet. Delicious refreshments were enjoyed by Mesdames: Lida Allen, Alice Lackey, Lula Womble, Ethel Baley, Mattie Davis, Flossie Crooks and the hostess Mrs. Vera Huffman. The next meeting will be March 31st with Mrs. Ethel Baley as hostess. The Mason-Dixon Line is now the boundary line between Maryland and Pennsylvania.
