Attend State Meeting

Representing Hansford County at the State Convention of the Home Demonstration Association, in Austin were Mrs. Claude Jackson, Mrs. John Sell Jr., and Mrs. Johnnie Gaither.

The three day convention was pened August 13, in the Steven Austin Hotel by Mrs. R. C. Wood, State President.

Secretary of State, Zollie Steakley, spoke over 1,000 women on the subject and theme of the Convention, " Chfistian Homes hope of the nation." He quoted from a Malayan newspaper on the seven daily sins of modern society. 1. Worship without sacrifice. Policy without Principle. 3. Wealth without work. 4. Pleasure without conscience. 5. Knowledge without character. 6. Business without morals, and 7. Science without humanity.

Workshops were attended daily by these three delegates. Workshops included; Civil Defense, citizenship, recreation, 4-H Health and Safety, and Education.

was out of this world. This shows what can be done with animals come when they have proper training. To see a man go in a cage

with lions with a whip to control them, it looked to me like he n and was taking his life in his own elean a hands. He had them trained to do all the tricks, They would do d to be his will and command. He was who did not only a lion tamer, but a lion trainer.

The ponies were the cutest of them all, as they did so many clever tricks and the children were all thrilled by their performance.

The camels and Llamas were well trained, and they held the crowds attention spell bound. No one will forget the show the elephants put on. In fact, I have never been to a show where I felt that I came any nearer to getting the worth of my money than I did this one. I am-sure there hat grated would be a big vote of thanks for this show to return next appeal to year. I will say again, this town was most fortunate to get a show like this here. I have no way of knowing how many people there were there; I feel sure 3 or 4 thousand people attended the evening and nite shows.

Please permit me to say again congratulations to the committee for bringing a show to town with hit this as high class performance as this one was. I am forced to believe the man that never sees the humorous side of life, will never see the serious side of life. # 100 pounds of ammonia made 51-bushel wheat

Dan J. Heard, a successful Dimmitt, Tex., farmer, says: "I put down 100 pounds per acre of Phillips 66 Agricultural Ammonia pre-plant on my irrigated wheat and made 51 bushels per acre average on 108 acres. I'm sold on the dollars-andcents value of applying Phillips 66 ammonia to my wheat

Other successful Southwestern farmers use Phillips 66 ammonia to give them higher grain yields . . . and more profitable grazing. The 82% nitrogen in Phillips 66 Agricultural Ammonia gives young wheat a fast start, supplies plenty of lush, protein-rich forage that puts on more beef at less cost per

the fall on maize land. They know that the 82% nitrogen helps decompose crop residue, to provide extra plant food and make the soil more productive. Remember, Phillips 66 ammonia gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.
