Gruver Man Drowns in Boating Accident

Marvin Shapley Drowned in Lake Meredith

As of press time Wednesday, all attempts to find the body of Marvin Shapley have been futile. The big lake has been a boiling, wind-blown body of water since late Sunday evening hampering all efforts. The search which centered in the Harbor Bay area the first of the week had been switched to the Blue-West area and the North shore because of a shift in the high wind.

boat and presumed drowned during Sunday's high winds and water. A twelve hour search has continued from dawn to dusk each day since Sunday by boats and shore walking volunteers. The Sunday mishap during which Shapley fell overboard was reconstructed from eyewitness reports of those in the boat and on shore. Shapley and four other persons two women and two children, were in his boat at the approximate center of the lake between Harbor Bay and Fritch Fortress when the boat's motor stalled. Shapley stooped up and was trying to start the motor when a huge wave brought on by high winds, which struck about 6 p.m., struck the boat, throwing him into the water. Witnesses in the boat said it appeared he struck his head as he was thrown in. Shapley came to the surface, bleeding from a gash across the forehead, but attempts to throw him first a line and then a life-jacket were useless as the wind and water carried both away.

The powerless, uncontrollable boat then drifted away from Shapley and finally was beached (2 1/2 hours later) east of Harbor Bay. The two women and children in the boat floated on the huge lake all this time and were virtually in shock when the boat finally beached. They made a flag out of a blouse and yelled for help quite a while before they were rescued. Attempts to locate Shapley Sunday after his boat came ashore were hampered by wind, water and darkness but were resumed at dawn Monday. Although an excellent swimmer, Shapley was fully clothed and wearing heavy boots when he went overboard. This fact, plus the wind, water and distance from shore -- estimated at one-half mile--made the chances of Shapley surviving very slim and even more slim after these many days.

Students Win State Speech Title

LENNIE BOLLINGER
First Debate Team

D'dee COLLARD
First, Debate Team

RENNIE BERRY
First in Prose

Three Spearman High School students are State Champions in prose interpretation and girls' debate. They won the titles in the State University Interscholastic League competition in Austin the past week end.

Rennie Berry, son of Rev. and Mrs. Luther Berry of Spearman took first place state title when he won the prose interpretation. He is a senior. This was his second year of competition. He advanced to regional last year.

Lennie Bollinger, daughter of Rev. and Mrs. George Bollinger, and D'dee Collard, daughter of Mr. and Mrs. George Collard, won the debate title. This was the first year of competition for Lennie Bollinger who is a Freshman, but D'dee Collard a Junior, advanced to Regional last year. Mrs. Frank Porter, head of the Speech Department of Spearman High School, has gained outstanding recognition for Spearman schools. Her students won the Spearman tournament, the Perryton tournament, the Texas Tech tournament and the WTSU tournament. They also won the District, Regional and State UIL contests.

Mrs. Porter stated, "these State winners received the highest critique from their judges, verbally she also said, "once you get to the state, the competition is very tough by winning these titles, these three students are eligible for scholarships ranging from \$250.00 to \$5,000."

Spearman was the only school at State to win first in two events. **Begins Revival**

The annual Spring Revival for the Union Church of this city got underway Monday night of this week with the Reverend Calvin Springer, evangelist, preaching nightly at 7:30 p.m.

This revival was one of the many in Spearman which had to be postponed during the flu epidemic. Rev. Springer is a former Pastor of Union Church and is well known to many residents. He has been pastor of Hillside Chapel in Wichita, Kansas since leaving Spearman. The public is cordially invited to attend services which, according to Pastor George Bollinger, will conclude Friday May 13.

A Keen Teen service is announced for Thursday night May 12 beginning at 7:30 p.m. All young people are especially invited to this service when the youth will be in charge of the musical portion of the program. Rev. Springer will be speaking to the youth on the subject "Freedom's Challenge". Refreshments will be served to youth in the annex following the service.

Last Rites For W. Ted Woodward

Funeral services for William Ted Woodward, 49, a Spearman resident for 6 years, were conducted Wednesday May 11 in Salem, Ill. Mr. Woodward, a Tool Pusher for the Wagner and Wyant Drilling Company, lived at 209 Archer Street in Spearman. He passed away Sunday May 8 at 7 a.m. in Hansford Hospital where he had been a patient for the past several weeks. The body laid in state at Boxwell's Funeral Chapel until Monday afternoon, and was shipped to his home in Salem, Ill for interment. Survivors include his wife, Mary of the home; a stepson Sonny Kell of Spearman; a step-daughter Mrs. Larry Cook of Perryton; brothers, Lawrence and Louis of Salem, and four grandchildren.

Rogers Offers Amendment To Include This Area In River Basin Project

Congressman Walter Rogers in newspaper via telephone Tuesday Washington D. C. talked with this morning of this week and related the following news story:

Congressman Rogers, chairman of the House Sub Committee on Irrigation and Reclamation said today he will offer an amendment to lower Colorado River Basin Project Legislation to include West Texas in studies to be made of future water requirements in the West and South West.

Congressman Rogers, who is possible means to alleviate projects hearings continue, said, "Water-short areas must think now about their future and consider all possible means to alleviate problems including importation of water from "water-saturated areas elsewhere in the United States or adjoining foreign countries. There is simply not enough room for all of us to live on the banks of the creek, but all of us must have water."

Congressman Rogers said, "State responsibilities cannot be avoided simply because the Federal Government is willing to help. The Texas Panhandle and High Plains should be included in the Texas State Water Plan."

Square Dance Class Finishing Lessons

The Do-Si-Do Square dance Club and members of the dance class will have graduation salad supper Saturday evening, May 14 at 7:00 in the Community Building.

At this time those who have been taking lessons will be invited to join the Do-Si-Do Club.

Death Claims Mrs Jess Riley

Funeral services for Mrs. Orlena Elizabeth Riley, 83, a resident of Pioneer Manor Nursing Home, were held at 10 a.m. May 7 in the First Methodist Church, Spearman. Mrs. Riley, a Spearman resident since 1909, passed away in Hansford Hospital last Thursday afternoon. She would have been 84 years old May 9.

The pastor, Rev. Wesley Daniel officiated at the memorial services and was assisted by Rev. Luther Berry, Baptist Pastor. Burial was in the Holt Cemetery with Boxwell Brothers in charge.

Born May 9, 1882 in Bell County Texas, the daughter of Mr. and Mrs. Daniel Robbins, she came to Hansford County in 1909. She was united in marriage to Jess Riley in 1907. He preceded her in death in 1962.

She was a member of the Spearman Methodist Church and the Order of Eastern Star. Ronnie West Dies In Plane Crash May 7th; Six Die

Five of six sky divers and their plane were killed May 7 as their plane, carrying them in a parachute accuracy drop contest crashed, exploded and burned two miles from their objective.

The accident happened at Pottstown, Pa. shortly after the plane took off from the New Hanover Airport, Lakehurst Naval Air Station.

One of the victims of the crash was Navy Airman Ronald L. West, 27 year old son of Mr. and Mrs. A. F. West of Spearman. The monoplane, powered by a 150 horsepower engine, crashed on a farm near Pottstown, Pa. Four of the jumpers and the pilot were trapped in the cabin of the plane. Another one got clear and jumped but apparently his chute tangled in the tail assembly and failed to open. He hit the ground within 35 feet of the burning wreckage. The sixth diver survived, leaping from the craft as it spun earthward. He jumped from an altitude of 500 feet and landed safely, uninjured.

The plane was at about 1000 feet when the left wing dipped, according to the survivor, but the pilot straightened out the plane. A split

AIRMAN RONALD WEST

second later the wing dipped again, and the Navy man who survived told everyone to follow me out. This was at about 500 feet altitude. The others never had a chance to jump and were trapped in the cabin.

Federal officials were making a close inspection of the 22 yr. old airplane, seeking clues as to what sent the big single-engine Howard DGA into the sudden spin.

Mr. and Mrs. West were at a gas station in Borger Sat. morning when news of the crash came over the radio. They went to the radio station to get confirmation of the story and see if their son was one of the victims. They had known he was to make the jump test on this day. Upon learning that their son was a member of the crew in the plane, a highway patrolman drove them back to Spearman.

Airman West, a 1964 graduate of Spearman High School, attended WTSU for a year before he joined the Navy in October of 1965. He was the outstanding recruit in Navy Recruit Training at San Diego.

He was attending Navy parachute rigging school at Lakehurst Naval Air Station in New Jersey and was second in his class.

Besides his parents, the young man is survived by one brother, Tommy West of Spearman. Funeral services will be May 13 at 2 p.m. at the First Baptist Church in Spearman.

The Way I 'C' It!

May 9, 1966
"Unless one is born anew, he cannot see the kingdom of God." (John 3:3)

In these words we come into contact with Christianity's vital secret, that which distinguishes Christian from all other religious life.

According to the Scripture we are certain that man's religious longings are from God, and that the various religions of the world represent the many attempts to part of the human race to satisfy its religious longings attempts to thing God, to feel God, and to find God.

And as far as they go, they have their significance as a preparation for the "fulness of time," when God through His revelation meets men and saves them.
But at the same time the Scriptures state clearly and unequivocally that the heathen are without God, and also their religion and morality are without God. It is not hereby stated that the heathen experience nothing in their religion. All that is said is that they do not experience God; they experience only their own thoughts, feelings, and longings with reference to God.

The experience of God, fellowship with God, we find only in Christianity. "No one comes to the Father, but by Me," says Jesus. This, then, is the vital secret of Christianity, that we in Christ have that life in God which all the other religions have had intimations of and have sought, but have never experienced.

The Christian's religion does not consist in religious self-exertion by which he reaches out toward a holy and distant God. His religious secret consists in this, that God Himself has come down to him and lifted him up into most intimate and blessed fellowship with the Savior. This is the mighty miracle of the new birth.

Many struggle to find God and can't. You may even be playing religion, seeking something to "hang on to." But you will find peace, salvation, and eternal hope only in Jesus as He performs the new Birth and brings you into contact with His eternal love. Find Him in the Bible and in church.

Week-end guest in the Ed Haner home were her sister, Mr. and Mrs. J. E. Hall and Nancy from Pampa and her parents, Mr. and Mrs. Dallas Bowsher, also from Pampa. While here Mr. and Mrs. Hall enjoyed visits with friends Rev. and Mrs. Daniel and Mr. and Mrs. Jess Stubblefield.

HOMEMAKING NOTES

By Linda Webb

Spring house cleaning is old-fashioned. A good home manager will rotate cleaning jobs each week or each month. She thus avoids ever having to do a total cleaning job at any one time.

"This practice will keep the house looking presentable throughout the year. You'll have more freetime in the spring to devote to other important family activities. There are a few safety rules for you to remember about household products used in cleaning, however.

Be sure to read the labels on all household products, and follow instructions given. Teach other members of your family to do the same.

Do not mix liquid bleach with any other cleaning compound or a different kind of bleach. If liquid bleach is added to an acid or acid-producing material chlorine gas may be formed. There have been several incidents involving use of this mixture.

Household ammonia, when mixed with bleach, produces highly irri-

tating fumes. An explosion may result if ammonia is poured into bleach, so use caution with these household poisons you have at your fingertips

WHAT EVERY TEEN SHOULD KNOW - If teenagers could only be convinced that good grooming is a passport to poise, much of their agonizing self-consciousness could be avoided.

Officials of the American Medical Association have stated that "Many boys and girls of high school age are much more self-conscious than they need to be, simply because they let themselves become careless about their grooming. The very first thing any self-conscious teenager should do is to make it a habit to keep himself perfectly clean at all times."

The AMA further emphasizes that "soap and water are your best friends" in the care of the complexion:

1) A thorough face-washing is needed before bedtime, in the morning, after gym or other exercise, and always before applying fresh

make-up.
2) One bath a day is a minimum.

3) Freshness requires the use of a deodorant or antiperspirant after the bath.

4) Hair should be brushed twice a day and shampooed as often as needed.

5) Nails should be manicured & pedicured at least once a week.

Care of the feet is an often overlooked phase of youthful grooming. But frequent foot-washing, and wearing clean socks, are of utmost importance in preventing irritation and infection.

Only when cleanliness and neatness are assured can young people forget themselves and be at ease with others.

Good grooming is the total look of a clean body and well cared for clothing.

Come to think of it, teens aren't the only ones who might profit through this realization.

Last year's raisin production has added heavily to stocks for now. You'll find raisins especially plentiful, according to USDA's consumer and Marketing Service.

Enjoy this popular Sour Cream Raisin Pie. Prepare the pastry for a 9 inch pie. Bake and cool. You'll also need 1 cup raisins, 1/2 cup and 3 Tablespoons sugar, 2 cups water, 1 tablespoon cornstarch, 1 package lemon pie filling, 2 egg yolks and 1 cup sour cream.

Combine raisins, 3 tablespoons sugar and 1 cup water. Simmer 15 minutes stirring occasionally. Cold water. Add to hot raisins and cook and stir until thickened.

Meanwhile, combine lemon pie filling mix with 1/2 cup sugar and 1/4 cup water. Add 1/4 cup water and egg yolks blending heat until filling comes to full boil, and thicken, about 5 min.

Combine with thickened raisins. When cool, fold in sour cream. Turn into baked pastry shell. Chill until firm. If desired, top with whipped cream or sour cream. Makes one 9 in. pie.

THE LAST NOTE - One thing you need to succeed in politics is know-how. Another thing is know-how-not-to.

Clebanoff Strings Top Attraction
Tickets to the Community Concerts to be held in Perryton this fall in the high school auditorium are now on sale. May 9 through May 14 is the official selling weeks and they may be purchased from Joyce Lackey 2348 and Lucille Lewis 2201.

Concerts already scheduled are "Clebanoff Strings" which is a famous string group and "Whittemore, & Lowe" which is a piano duo. Two additional concerts are also being planned.

SILVER DOLLARS MAKING NEWS
If House Bill No. 13150 is passed and if the Congress authorizes the sale of three million silver dollars to the American Cancer Society & to the American Heart Association, the coins will be purchased and transferred to a central bank.

From there, by a rigorously controlled procedure, the coins will be offered for sale to the entire population, with special regulations to prevent unwarranted bulk purchase by professional coin collectors.

At no point will the ACS and the AHA have authority to promise coins to individuals. Announcement of the general sale will be made after the passage of the Bill. These coins were "found" stored in the Nation's vault, and were all minted back in the 1800's. They are rare.

Postal Savings Discontinued

Postmaster Elmon Jacobs today urged local citizens who have funds on deposit in the abolished Postal Savings system to convert their holdings into United States Savings Bonds.

"Postmaster General Lawrence F. O'Brien who is chairman of the Federal Savings Bond Campaign, has appealed to the 330,000 Americans who have \$285,000,000 on deposit with the Post Office Department to convert their investments into United States Savings Bonds," Mr. Jacobs stated.

The Postal Savings System, in operation since January 1, 1911, was discontinued April 27, 1966, by Act of Congress. The Post Office Department is liquidating its accounts and on July 1, 1967, will transfer all unclaimed assets of the System to the Treasury Department.

The decision to abolish the Postal Savings System was made because of declining interest in it by the general public as a savings and investment. Higher interest rates paid by financial institutions and other means of investment had attracted the bulk of funds which formerly went into Postal Savings and the convenience factor was negated by expanded hours of service by banks.

Ruth Class Social Enjoyed Tuesday

Tenth Anniversary Of Federation Observed By Spearman Music Club

The Spearman Music Club celebrated its tenth anniversary of Federation Monday evening with a buffet salad supper and formal installation of new officers.

The club which has been a member of State and National Federation for 10 years, met in the home of Mrs. Russell Townsend.

Mrs. Sam Watson, a former member of the club, instilled new officers. She was president of the club the first year of Federation.

Mrs. Watson spoke briefly to retiring officers, and challenged those who will be serving two-year terms to do their best for the club and the Federation, and to a deep and everlasting joy which is found only in work well done.

New officers taking their vows included: President, Mrs. Russell Townsend. Vice President, Mrs. Don Knox. Treasurer, Mrs. Walter Jack Oakes. Historian, Mrs. Coy Schaefer. Recording Secretary, Mrs. Palmer. Club Pianist, Miss Linda Webb.

Mrs. Tom Sutton, retiring president presented the gavel to her successor and spoke a few words to the group before reading the complete history of the club over the past 10 years.

Mrs. John Yows, of Borger, a past District President, was the special guest for the evening. Mrs. Yows spoke to new officers and club members on orientation and club evaluation. She outlined the structure of the federation, its purpose and promise. Her talk was very informative.

Thirteen members and the two guests, Mrs. Watson and Mrs. Yows joined in singing "America The Beautiful" which was the hymn of the month.

This was the last meeting of the year for the Music Club.

When Sorghum is the Question...

frontier
has the Answer!

413... is amazing farmers with its tremendous yield potential. A full season stiff stalked grain sorghum especially developed for irrigation. High yield is accomplished by larger—fuller grain heads that produce large red berries. 413 has consistent height for easier combining. Ask your local dealer for more information—act now, though—supply is limited!

Your Frontier dealer offers up to 7 other grain sorghum hybrids, there is one to fit your needs for better grain profits. Frontier also offers a wide selection of hybrid forage sorghums and the famous Frontier Hidden sorghum-sudangrass hybrids.

410E... is one of the shortest, sturdiest hybrids on the market. Stands only 26 to 36 inches high with strong sturdy stalk and powerful root structure. 410E has a very uniform plant height and produces large grain-laden heads that really shell out! This hybrid is the closest thing yet to crop insurance, thousands of farmers in this area count on it to be tops year after year. Plant 410E at a slightly higher seeding rate than other varieties for best yields, its' exceptional seed size means fewer seeds per pound.

400C... when planted immediately following harvest will out produce many short season hybrid grain sorghums. Perfect for dryland, 400C has excellent drought resistance coupled with a yield potential that's nearly unbeatable! Ask your dealer for more information about this proven hybrid.

Frontier HYBRIDS

Pick up at your Frontier hybrid dealer or write for the new free complete Sorghum Catalog. This 44-page booklet offers complete information on the management of hybrid sorghums, and will help you select the variety that's just right for your area.

HYBRID SORGHUMS

Excel B-52

Excel 101

A full season hybrid that is recommended for areas where maximum yields are possible. This is a seed-seeded hybrid that thrives well when mature and has a heavy test weight. Excel B-52 can be expected to make outstanding yields in heavy irrigated areas. Since this is a full season hybrid, it should not be planted late in the season.

Excel B-52 will give maximum yields in irrigated areas. In heavy irrigated areas, an hybrid has surpassed Excel B-52 in the production of grain.

Excel 101 is one of the most dependable of the medium early maturing hybrid varieties. It is slightly earlier in maturity than Excel B-52. It has many of the characteristics of the full season variety such as ability to combine quickly, quick drying, excellent utilization of moisture, and strong and sturdy in drought conditions. Excel 101 is one of the most and earliest maturing hybrids.

Excel 101 has a high test weight, the plants are off fast and are resistant to the most common types of head smut.

Excel 707

MATURITY: Medium Maturity.

PLANT HEIGHT: Normally shorter than B-52. Uniform in height.

STANDABILITY: Good.

HEAD TYPE: Medium open type head that dries well at harvest.

DISEASE TOLERANCE: Resistant to most types of insect injury.

RELATIVE MATURITY COMPARISONS: Comparable to Excel 608 and 613.

YIELD: Excellent yield ability in areas where conditions permit yields of 2,000 bushels or more per acre.

Excel Chowmaker

EXCEL CHOW MAKER Sorghum-Sudangrass Hybrid for grazing, hay, silage and green chop. Adapted to all areas where sorghum is growing. Does well under irrigated or dry land conditions.

EXCEL CHOW MAKER produces high tonnage per acre of well baled hay and silage.

EXCEL CHOW MAKER produces quick, early grazing and the recovery after heavy grazing is outstanding.

EXCEL CHOW MAKER has a wide range of uses such as grazing, early green chop, hay, ensilage or green manure crop.

RECOMMENDED PLANTING RATE: When drilled in rows—8 to 20 pounds.
Broadcast—20 to 40 pounds.

FRUIT ACID content of EXCEL CHOW MAKER is medium-low. EXCEL CHOW MAKER is subject to the same limitations as sudangrass under stress conditions of extreme drought and cold weather and normal sudangrass grazing precautions for these conditions should be observed.

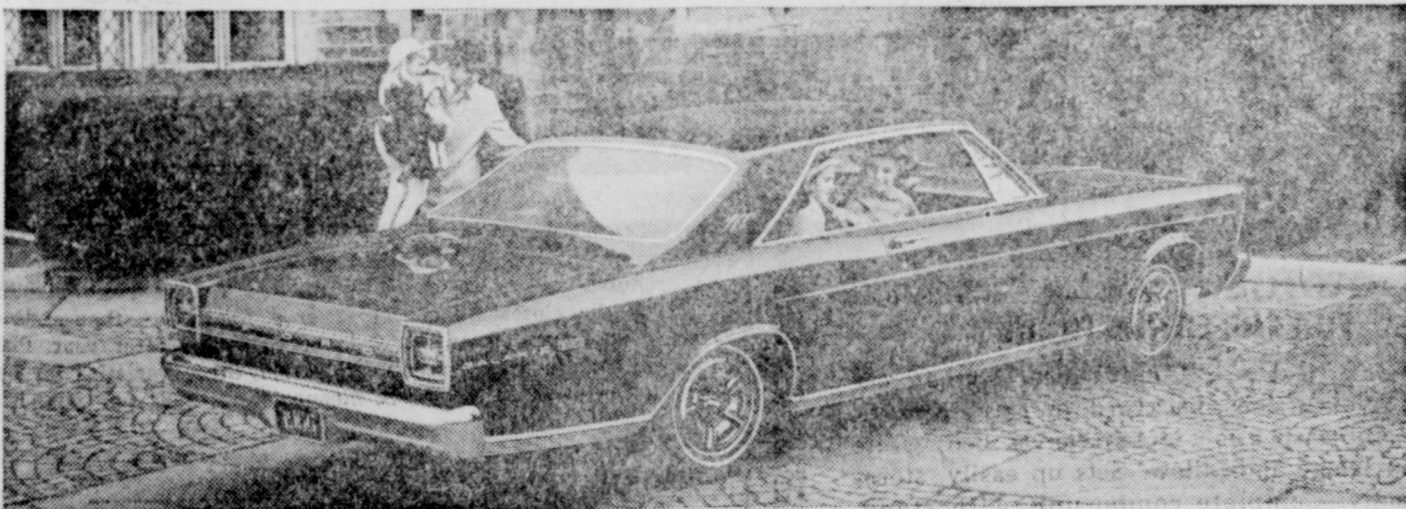

Excel 505

Excel 505 is a medium-early maturing hybrid. It has an outstanding yield record and is resistant to head smut.

Excel 505 is intermediate in height. It will stand well for combining and has a semi-compact head that dries well. It has been outstanding in yield tests from Central Nebraska to the Texas Coast and is well adapted to all dryland as well as irrigated areas in this region.

\$1.8 Million A Year For County In Oil and Gas Royalty Payments

As Texas celebrates its 100th anniversary as an oil-producing state, Hansford County shares in the development that made the Lone Star State the No. 1 energy source for a booming American civilization.

In 1866 Lyne T. Barret -- a man most history books forgot -- drilled the first Texas oil well near Nacogdoches at a depth of 106 feet. In the one hundred years that followed, the search for oil and gas spread to every county in Texas, and today Hansford County is one of 210 which produce oil or gas.

Barret and other pioneer Texas oil men left a legacy for Hansford County that can be measured at approximately \$14.7 million a year, based on statistics compiled by Texas Mid-Continent Oil & Gas Association.

During Texas' first century of oil production (29 billion barrels), Hansford County has contributed approximately 16.9 million barrels, its record dating from 1937.

The latest U. S. Bureau of Mines figures (1964) show Hansford County produced more than 2 million barrels of crude oil valued at \$6.1 million; and 69.6 billion cubic feet of natural gas worth about \$8.6 million. The 1965 output would be approximately the same, preliminary estimates indicate.

Hansford County ranks 73rd among the Texas counties producing oil and gas.

Payrolls, distribution of royalty checks to local landowners, new drilling ventures and tax payments are some of the ways by which oil and gas revenues are injected into the Hansford County economy.

One of the most important "crops" harvested by Texas ranchers, farmers and other landowners is the royalty interest from oil and gas operations. These payments are at the rate of approximately \$1.8 million a year in Hansford County. Many more thousands a year are paid in lease rentals and bonuses on acreage which operators hope will some day yield oil or gas.

In addition to sharing the tax load for local schools and levels of government, oil and gas producers and royalty owners send some \$886,000 a year to the State Treasury in several taxes. Oil taxes account for \$282,000; gas \$604,000. Several schools in this county depend on the oil and gas property taxes for a sizable part of the annual locally-raised budgets. Some

examples: Gruver, 65%; Morse, 64%; Spearman, 65%.

Triggered by the first discovery in 1937, the search for oil in Hansford County is still under way. The Oil and Gas Journal reported 35 wells were drilled in the county last year. Four of these were "wildcats" seeking new fields or production from new strata. Results: 6 oil wells; 17 gas wells; 12 dry holes. Oil men and other investors risked an estimated \$2.3 million in Hansford County to drill 242,000 feet of hole. Some \$712,000 disappeared forever in dry holes.

The Texas Employment Commission reports an industry payroll of about \$3 million a year for Hansford County which are directly employed by oil and gas firms. This, of course, is only part of the total employment created by petroleum operations for many others work in related service and supply jobs.

One of the most significant technological developments of the last two decades has been the high recovery of liquids like butane and propane from natural gas. Three plants operating in the county process approximately 680 million cubic feet of gas a day, which gives added value to gas production here.

COUNTY VOTE RESULTS

About one-third of Hansford County eligible voters went to the polls in Saturday's Primary elections to decide the fate of 17 State and Federal offices along with 4 county offices, Commissioners and Precinct chairmen.

The largest number of votes polled was in the race for County Treasurer, with 974 voters casting ballots in this race. The next highest number of votes cast was 959 in the County and District Clerk's race.

Union Church Announces DVB School Dates

Daily Vacation Bible School dates have been scheduled May 30 through June 10 at the Union Church.

Mrs. George Bollinger, Bible School Superintendent, stated the daily sessions are scheduled 8:30 to 11:30 a.m. with children from all churches invited to attend.

The theme for the vacation school is "High Adventure With Christ" and will include work and study in mountain climbing.

Mr. and Mrs. Sam Patterson and Sheila were in Amarillo over the week-end where Sheila played the tennis tournament. Sheila spent Saturday night with her sister Phyllis who is a student at West Texas State while Mr. and Mrs. Patterson stayed in Amarillo over the week-end. They all returned home Sunday.

Mr. and Mrs. Ned Turner were in Dumas last Thursday visiting his mother Mrs. Bert Turner at the convalescent home there.

To a motorist who still hasn't put a Tiger in his tank.

You're a skeptic. Good. Then you're going to be a good customer, if we can ever win you. We showed you proof on television that High-energy Enco Extra cleans your carburetor while you drive.

(Probably you said, "So what? My car still runs.")

We told you it improves firing power, helps

prevent hot spots and misfiring and gives you the high octane to help you take off like a cat.

(You drove right on by.)

It's frustrating to develop a gasoline that gives this kind of performance and then not even have you try it.

Did you know new High-energy Enco Extra is more powerful than aviation gasoline of just a few years ago?

That the Tiger is now the favorite of motorists all over the world? And that Jimmy Clark became the World's Champion Race Driver with a Tiger in his tank?

So why not "Put a Tiger in Your Tank?"

"Happy Motoring!"

Agronomist Says Wheat Is Damaged

Dr. Kenneth Porter, Agronomist
from Extension Station at Bushland
toured the county wheat fields
Wednesday with county Agent Rob-
ert Adamson in an effort to de-
termine the amount of damage
caused by recent freezes.
Dr. Porter said the wheat had
definitely been frozen, (some had
thought it might be suffering
from disease). The freeze came
just as the crop was in vigorous
growing stage, when the stem was
elongating, weakening the stem
at this joint. This is causing the
wheat to fall, or break at this
frozen joint.

The team could find no sterility
in heads, but thought this break-
ing condition would cause some
later for the roots cannot feed up
through the broken joint.
All wheat fields vary in amount
of damage, some as little as
5 per-cent, some as much as 50%.
More wheat is expected to fall or
break over later on when high
winds hit.
Dr. Porter said it would be har-
vest before the final results of
damage show up.

First Overland Trip For Famous Plains Mule Train

The Rolling Plains Mule Train left here at 9:00 a.m. on May 4 to attend Guymon's 35th Pioneer Day Celebration, their first trek this spring.

where they paraded Main St. and were met by Doug Younger, manager of Taylor Evans Feed Store. They were provided with a grassy spot for their noon picnic and water tanks for the mules.

At 2:30, the train left and drove 6 miles to the A. F. Shapley farm where they were furnished with a nice camp area. The family met them when they arrived at 4:30

Everyone was tired and began preparing their meal when they were happily surprised by Mr. and Mrs. H. L. Boyd of Gruver and Mr. and Mrs. H. H. Crooks of Spearman. The Boyds and Crooks brought a fried chicken supper with all the trimmings. After supper, they all enjoyed around the campfire and enjoyed music from their sound system with people visiting them from the surrounding towns.

presented with tickets to all the events of the Celebration.

Saturday morning, the mule Train was guest of Ideal Food Store for a chuck wagon breakfast at 5:30 a.m. From there they went to the parade which began at 11:00 a.m.

In the parade, Jack Kemper carried the U. S. flag, Elmer Hunt, 72 year old scout, carried the Oklahoma flag and Terry Morgan carried the Texas flag. Mule riders followed with the sound truck & the twelve wagons. Everyone was dressed as pioneers and were a parade within themselves.

Trophy winners were Doss Atchley of Spearman winning a trophy for the best dressed man and one for the most authentic wagon. Mr. and Mrs. Dave Ashbaugh of Oklahoma won a trophy for the most colorful wagon.

Representing the Rolling Plains Mule Train were wagons from Fargo, Ok., Laverne, Ok., Keys Okla., Berger, Gruver, Stinnett, Perryton and Spearman. Mule riders were from Binger and Fargo, Okla., Corpus Christi, Stinnett Berger, Booker, Perryton and Spearman.

In the home of Mr. and Mrs. Ott Crawford over Mother's Day weekend were Mr. and Mrs. Johnny Crawford and Kelly from Lubbock.

Mr. and Mrs. Jerry Felder were in Enid, Kingfisher and Sweetwater, Oklahoma over the weekend buying livestock for the FFA boys for show projects. They returned home with 5 lambs.

Mr. and Mrs. J. H. Martin and Mr. and Mrs. James Martin left last week end to spend several days in eastern Arkansas with Mr. and Mrs. Wesley Weston and family.

Mrs. Leo Steinkoenig of Berger spent Sunday with her parents Mr. and Mrs. Jess Womble.

Mr. and Mrs. Vester Hill were in Floydada Mother's Day in her sister's home, Mr. and Mrs. C. L. Hagood. Their mother, Mrs. Worth Jennings of Canyon joined them there.

Mr. and Mrs. Eldon Smith and daughters were in Erick, Oklahoma over the week-end visiting their parents, Mr. and Mrs. Marvin

At their camp they were interviewed by Francis Thedford and photographer Don Brown of the Daily Oklahoman and by the Guymon press, Chunnel 12 of Clovis and Channels 10 and 4 of Amarillo were also there for pictures. The city of Guymon provided them with their needs including a T.V. so they could see all the film taken during their camps. Their light plant was furnished by the Gibbins and Flintz Oil Well Servicing Co.

During their 3:00 break on Thursday they were provided with cold cokes by Mrs. Gordon Green, owner of Green's Cafe in Booker and Perryton.

At camp Thursday evening, entertainment was furnished by Tom and PreGetta Chambliss, a Western String Band along with Red Dinker and his squardancers of Guymon. Cotton John was on hand along with the press and recorded the program and interviews to show on his program. Close to 1,000 people visited their camp.

Friday, May 6, they broke camp at 7:00 a.m. to leave for Guymon. They arrived at 8:30 at the Colonial Motel in Guymon where owners Mr. and Mrs. Lloyd Bentz provided them with parking space and other needs. They were greeted by the Texas County Sheriff Posse and the Guymon High School Band.

When they left the motel they rode to 6th and Main where they met the Elkheart Trail Riders and were greeted by dignitaries of Guymon, Oklahoma City and Kansas for a 30 minute program. The train was then escorted to the fair grounds for camp with private pens and wagon space.

For dinner on Saturday, they were guests of the Rotary Club for a bar-be-que meal. At 6:00 p.m. they had a banquet in the Dale Hotel with chairman of the Celebration and photographers & press of Oklahoma City. They were also
