Grand Opening Today

JIMMY SHIELDKNIGHT has been busy the past week getting moved into the new building. He spent much time on the phone extending special invitations to friends to attend open-house festivities at the new location on highway 15.

GRAND OPENING TODAY---The new Excel Chevrolet-Olds center will hold formal opening of this new building beginning today and continuing through Saturday. Many festivities and spectacular prizes are featured by the owners of the company in observance of the grand opening this week end. The new building is located on highway 15 just south of Spearman.

Grand opening of the new Excel Chevrolet-Olds building south of Spearman on highway 15 has been scheduled for today, Thursday with grand opening festivities on tap for Friday and Saturday also.

Invitations have been mailed and some of these are "keyed" to open a bank vault which contains valuable prizes. Visitors are reminded to bring their cards.

General contractor for the new Excel building was Weldon McClure, President of the Thrift-Built Corp. of Amarillo. Construction on the building was started early in June.

The new Excel building is of steel construction. The huge building, which takes up one square city block of property, contains 22,000 square feet of usable floor space. The surrounding area is completely paved, with enough parking space to accommodate 300 vehicles. The property will be fenced later.

The building houses a show room, completely carpeted and large enough to handle seven vehicles. Shieldknight, general manager, said they will protect this carpeted show room floor by putting diaphragms under each car and providing special pads for tires.

In addition the building provides four sales offices for Don Hergert, John Sutterfield, Herschel Jones and Bud Beeson; one accounting office for Irene Kuehl and Shirley Goldsmith, plus the main office for Dealer and General Manager Jimmy Shieldknight.

The carpeted lounge, located up-front, is easily accessible to customers and complete with kitchen facilities and coffee urns.

The parts department, containing 6,000 square feet of floor space, will be headed by Morris Rosser, Manager and Neal Jameson.

The 70 x 150 ft. service department has facilities to accommodate 25 vehicles at one time. This department, complete with a wash and grease bay, contains a new and used car make-ready stall, a front end machine, a special tools and mechanic's room and coffee room.

Don Maize is Manager of the Service Department. Leon Wilson, Jesse Boyd, Jack Gilbert, John Henry, Clifford Collins, Durland Sheets and Roy Gene Boyd are employed as Technicians.

The huge service department also provides two stalls for each technician, one with a twin post lift, one without.

The new building is provided with heating and air conditioning systems. Anthony Electric Company did all the electrical work; with Gordon Cummings Heating and Air Conditioning installing the equipment.

The outside lighting, provided by REA, consists of eight 400-W Mercury Vapor lamps.

The concrete for the new building was furnished by Spearman Ready Mix, Mark Davis of Amarillo was the carpet supplier and Pittsburgh Plate Glass Company of Amarillo installed the glass front.

Owens Sales Company of Spearman supplied all hydraulic lifts and special equipment and the paving contract was let to an Amarillo contractor, Mr. Joe Robinson.

Opening of the new Excel Chevrolet-Olds Company marks another milestone for owners Erlis Pittman and Jimmy Shieldknight. It was September 1, 1958 when Pittman and Shieldknight took over the Chevrolet Car Agency from Leonard Jameson. They operated this company on main street, Spearman, until 1961 when the Oldsmobile franchise was added, and just this month the Company has been made Jeep dealers for the Spearman area.

Jimmy Shieldknight came to Spearman in 1939 as a young man. He finished high school here and worked for several years in local grocery stores, in Spearman Hardware and later helped put up the many TV antennas in this area when television was made available.

In 1947 he married Lois Buzzard, Mr. and Mrs. Shieldknight have 4 children.

Erlis Pittman, resident of Hansford County for the past 30 years, is well known to area citizens. A prominent farmer and rancher. Mr. and Mrs. Pittman make their home in Morse. They have two grown sons, Frank and Bill.

Pittman bought into the Chevrolet business in 1955 when he and Leonard Jameson purchased the company from the late Bill McClellan. The Jameson Chevrolet Company was operated under this name until September 1, 1958 when Jameson sold out to Pittman and Shieldknight.

Under the General Management of Shieldknight, the Company has grown during these years. The young company was managed in the beginning by six employees; the business now requires eighteen.

The executive staff includes: Herschel Jones, Assistant Manager and Sales Manager, Don Maize, Service Manager, Morris Rosser, Parts Manager; Irene Kuehl, Office Manager and Don Hergert, Used Car Manager.

This newspaper joins the many other business firms in the area in extending our sincere congratulations to the owners and staff at Excel for the giant strides of success made during the past few, short years.

Panhandle Outdoor Life

By Starkey Whitehorn

PRAIRIE CHICKEN HUNT

During the horse and buggy days there were many safaris into the eastern parts of the Texas Panhandle by hunters who came to hunt chicken. The late Bill Bates of Borger mentioned that some groups would charter a railroad car to Wheeler where they would spend a week or more hunting.

Bill said they took their Lie-wellin setters and would stay at a hotel. They would ice down a few barrels of chicken to take back to St. Louis, he remarked. In fact, he accompanied some of the groups and had photos of the hunters, their dogs, and a horse and either buggy or carriage in the background.

The chicken season has been closed for many years now, but was an open season in the

top part of the Panhandle in Lipscomb, Wheeler and Hemphill Counties, starting October 14, and lasting two days. It was nothing like the long season in the pioneer days, with large bag and possession limits but at least it was legal to hunt for a couple of days.

The daily bag limit was two birds, and the possession limit was four. ALL BIRDS WERE CHECKED AND TAGGED AT THE CHECK STATIONS ON THE DAY OF THE KILL. There was one check station at Higgins, one at Canadian and one at Wheeler.

Naturally, the hunt was for the hunters, but the Wildlife Biologists took advantage of an opportunity to weigh, measure and examine the birds for scientific data.

The prairie chicken has been on the way out for many years,

but for some reason, possibly a large crop this year, the Parks and Wildlife Department Officials decided on the very limited hunt. My guess is to collect pertinent information that might give some keys to more birds in the future.

In the fall of 1950, some ten miles east of Glazier, Texas I estimated 175 birds that came to feed on shocked cane in a large field. I just drove around through the field and counted, during the summer of 1951 there was less rainfall and the sorghum grew less, so it was baled and stacked. That fall I estimated 75 birds under similar conditions.

The count was made in the late afternoon. It was then the birds came for miles to eat. As soon as they had their dinner, they would fly back toward the setting sun. Many old timers have said that years ago they would darken the sun as they came into a field of shocked maize.

About all that is required to hunt is permission from the landowners, a hunting license and a plugged shotgun. My guess is there will be many from other states participate. Last week I had an inquiry from a hunter in Racine, Wisconsin, concerning information to hunt sandhill cranes. If people are that interested in hunting rare birds, there will be many from nearby states on the chicken hunt.

One local citizen took his antelope to a hickory pit in Sanford, Texas and had it barbecued for 24 hours. It was simply delicious, according to Bud Hollar and Jim Anderson. I am thinking that the hickory pit might be the war to prepare venison.

LAKE MEREDITH FISHING The crappie are still hitting at a fast clip around the marina. In fact, I understand that Walt Delameter caught 50 nice ones from his boat in a couple of hours last week. This is no feat for last week. This is no feat about all he usually catches about all he wants most anytime he goes fishing. The crappie run is on now and, according to some anglers around Sanford, they should continue to hit until January.

There have been some reports of nice bass also being taken. One fishing trip by about 15 Fritch fishermen went some

thing like this: They put out seven trotlines and caught enough channel catfish for a church fish fry. For further information, contact Tuss Fisher of Fritch.

I don't doubt the success. The fish are there and can be caught in the right place, John Crow, Game Warden at Fritch, when asked where Tuss and the group set their trotlines, said, "Just all over the lake." They caught fish on all the lines.

However, the park is now operating only on a weekend schedule from 10 a.m. to 8 p.m.

One of the highlights of the season occurred on August 21 when the total number of visitors to the park climbed above the 10 million mark.

The historical-theme park was opened in 1961.

Six Flags was recently featured in a lengthy article, written by Jack Russell, city editor of the San Mateo Times in California.

"To the world in general and California in particular, there is only one Disneyland.

"All other amusement parks are measured against it. These include the famed European ones. Most of them fail by a long shot. However, this reporter, a native Californian, has found one that can show even Disneyland a few new tricks.

"It is the 115-acre park located rather flamboyantly, Six Flags Over Texas, and is located midway between Fort Worth and Dallas in Arlington."

Six Flags To Remain Open Extra Month

Six Flags Over Texas, the state's number one man-made attraction according to attendance figures, will remain open a month longer this season.

Larry Mayran, director of publicity, announced that the theme park's new closing date has been set for November 26.

Six Flags originally had been scheduled to shut down for the winter on Oct. 29, but owner Angus G. Wynne, Jr. decided to give vacationers an extra month to visit the attraction.

Helpful Hints From Me To Thee . . .

By Vivian Warminski
Hansford Co. Home Demonstration Agent

Hats off to consumers! The salute goes out to everyone during this Consumer Education Week sponsored by the Texas Agricultural Extension Service.

The annual week proposes to tell you, the consumer that you are important. The decisions you make, the products you buy, the feedback you give industry influence the market and the nation's economy.

The week points out that with the help of media, manufacturers, agencies and the Extension service you ultimately must educate yourself in the art of being a wise consumer.

Information always is available at your county Extension office, your consumer headquarters.

One of the best ways to stretch the budget is to buy wisely; in fact, the wise buying of food alone can save hundreds of dollars per year for the average family.

Make a careful plan for spending. The consumer should know in advance what he wants to buy and should limit impulse buying drastically.

A wealth of information on almost any subject is available to the purchaser in the form of consumer advertisements, service booklets, business-sponsored publications and government bulletins.

This information can help a buyer decide on the kinds of things he wants without the influence of the seller.

A consumer should be alert to price but also should recognize substantial variations in quality. A low price may lead to a poor purchase if quality is inferior; when a purchase lasts longer, so does your money. Buyers should be fam-

iliar with recognized standards of quality. In most instances, labels provide a great deal of information which can help a

buyer make a wise purchase. Choose the right time and place to shop. Sales and bargains are bargains only if they offer you the chance to get something you want for less than original cost. Buying something which is not needed just because it is a bargain

doesn't help the family budget.

Ruby Lair, left, Service Chairman for Xi Zeta Upsilon Sorority, presents a \$100 certificate to Hansford County Library, Helen Eter, a member of the Library Finance committee, accepted the check on behalf of the Hansford Library. The sorority pledged \$300 to the Library to be paid in three years. Mrs. Lair said the sorority had several service projects, but named the Library as the major one. On Nov. 14 from 9-5 o'clock, Beta Sigma Phi sorority members will be staging a bake sale and tupperware party in the HD Club room and everyone is urged to go "buy" Wednesday and help them raise money for the Library.

Judge Max Boyer Addresses County 4-H Awards Banquet

Mark McCloy, son of Mr. and Mrs. Wilson McCloy of Morse and Rebecca Hutchison, daughter of Mr. and Mrs. Dwight Hutchison, were named Gold Star Boy and Girl at the Annual Hansford County 4-H Achievements Program Saturday, November 4, 1967.

The guest speaker for the event was 84th District Judge Max Boyer. The judge gave an inspiring speech on the changes that are taking place in the world today and how the 4-H club helps mold the future citizens of America.

Doug McCloy, acted as Master of Ceremonies. The invocation was given by Cindy Hutchison; and Lee Reeves led the Pledge of Allegiance and Nanelle McCloy led the 4-H Pledge and Motto.

The extension agents presented awards to the following 4-H members, and leaders: Achievement, Mark McCloy, Wade Parks; Beef, Bart Thorson, Monte Ferguson, Delbert McCloy and Doug Ferguson; Bread, Delinda Head, Kathy Dozier, Starrla Hinton and Amy Brillhart; Clothing, Lee Ann Uptergrove, Mary Lee Cator, Katherine Reeves, Donna Reed; Community Beautification, Doug McCoy; Conservation of Natural Resources, Andy Hoel and Garland Dahl; Dairy Foods, Nanelle McCloy; Foods and Nutrition, Teresa Dorch, Gail Miner; Horse, Wanda Green, Mindy Walter, and Mike Murrell; Safety, Alva Henderson, Sylvia Parks, Jim Dale Womble, Phillip Fleming; Sheep, Amy Brillhart; Swine, Kelly Rosenbaum, Alfred Walker, Johnnie Armes, and Pat Sloan; Agribusiness, Lynn Parks; Dress Review, Florida Lopez; Leadership certificates for completion were given to Sandra Rasoar, Pam and Teresa Oakes, Nanette McIntyre, and Donna Montgomery.

Leaders receiving certificates were 1st year, Mrs. Charles Brillhart, Mr. and Mrs. FOR SALE, 2 bedroom house with basement, two-car garage and 25 ft. Spartan Trailer house. Located on corner lots, 100 ft. frontage with numerous bearing-age fruit trees. 222 Townsend, Call 659-2286. 45-rtm

W. Jackson.

HOSPITAL NEWS

Hansford Hospital patients November 7: Ernestine Emert, Faye Miller, I. P. Baggerly, Virginia Martin and son, Judy Sale and son, Paul Westerfield Floyd Mitts and Jenna Vee Ownbey.

Dismissals during the week: Mae Garrett, Obra Dunlap, Idolina Garcia, Bernice Padilla, Deana Mae Douglas, Ray Phelps, Rock McLeod, Betty Salinas and son, Emma Lopez, Jerry Evans, Sharon Dawson and Lloyd Gilley. New Arrivals: A son was born Oct. 31 to Mr. and Mrs. Raymond Salinas.

Mr. and Mrs. Charles Martin are the parents of a son, born November 3 weighing 7 pounds and 12 ounces. Mr. and Mrs. Jim Sale are the parents of a son, born November 5 weighing 7 pounds and 14 ounces.

45 percent of the total support (\$1.35 for corn) times the farm's projected yield. Average per acre payments will be slightly higher than in 1966.

"Bumper crop weather at home and abroad in 1966-67 has led to world-wide extra production of grains," Secretary Freeman said. "Importing nations have less need. Exporters have more to offer. This big world crop has pressed hard on U.S. prices. Keen competition last year cut our exports by 7 million tons from the previous year. We can't be absolutely certain what production at home or abroad will be in 1968, but under our New Era Farm Program, with its flexible, voluntary feed grain features, we are making adjustments that will increase prices significantly.

"By providing the most attractive program we have ever had in feed grains, one that aims at diverting at least 30 million acres-10 million more than were actually diverted in 1967," Mr. Freeman said, "we are doing what the New Era farm programs enacted in 1965 were designed to do-tailor supply to demand in order to increase farm prices and prevent costly surpluses."

The Secretary described the new program as "the most important in the series of actions taken by the USDA to strengthen grain prices."

"The 1968 program," he said, "is a stronger program than we had in either 1966 or 1967. It has higher loan levels than the very successful 1966 program. And it has the extra diversion for payment feature that was not in the 1967 program."

Sec. Freeman said the USDA estimates that under the new program participating farmers will benefit not only from improved payments, but also from higher market prices.

"However," he said, "the success or failure of the 1968 program depends in the last analysis upon farmer participation. I urge feed grain producers to sign up in the program. Only in this way can we avoid national overproduction. By diverting at least 30 million acres from crop production to conserving use, feed grain farmers can reduce stocks and gain much stronger prices."

"This is the farmers' program," Sec. Freeman said. "It has worked in the past because farmers cooperated. I am confident they will cooperate again this year."

"With strong farmer participation farmers will--according to our best estimates--receive over \$400 million more income from feed grains than they are getting in 1967 and nearly \$200 million more in the all-time record year of 1966.

Judge Mary Lou Robinson Speaks Tonight To B and PW

Judge of the 108th District Court in Amarillo, Mary Lou Robinson, will be dinner speaker tonight (Nov. 9) for the annual "Boss Night" social sponsored by the Business and Professional Women's club of this city.

The Birthday cake was decorated with cowboys and Indians and served with ice cream and punch. Guests were Todd Brock, Scott Martin, Jeff Countiss, Rodney Hull, Brad Guthrie and Jimmy Nicholson.

Signups for participation in the 1968 feed grain, wheat and cotton programs are to take place concurrently during February and March 1968.

Current estimates indicate that in the absence of a diversion program, feed grain production in 1968 would be well in excess of requirements. Without the diversion program, returns to feed grain producers would likely be about 30 percent less than this year. Incomes of livestock and poultry producers also would be adversely affected as a result of the abundance of cheap feed and its effect on animal numbers and prices of livestock and poultry products.

The old adage that "cheap corn means cheap cattle and cheap hogs" still holds. Other key provisions of the 1968 feed grain program are: 1. Required acreage diversion to conserving use to qualify price support loans and payments is continued at 20 percent of a farmer's base acreage of corn and sorghum. No diversion payments will be made for this minimum diversion, except for small farm acreages--the same as in 1966 and 1967.

2. Additional acreage diversion will be possible up to a total of 50 percent of the base or 25 acres, whichever is larger, the same as in 1966. The acreage diversion payment rate will be at 45 percent of the total price support times the projected yield. Average projected yields for 1968 in most major producing areas generally are higher than in 1966. On a national basis, the projected corn yield is up 6 bushels and grain sorghum up 4 bushels per acre.

3. Exceptions were made for small farm diversion payments, both in 1967 and 1966, and the similar exception will be continued in 1968. A farm with a base of 25 acres or less will get payment on the first 20 percent acreage diversion at 20 percent of the total support rate times yield, and at the regular 45 percent payment rate on the remaining acreage diverted to a conserving use. As in 1967, producers with corn-sorghum base acreages up to 125 acres will have the option of temporarily reducing this base down to 25 ac-

res. The key to your home is the key to your security. See that it is properly protected with enough fire insurance to replace the house and furnishings. Phone or stop in.

Supt. Reeves Guest Speaker

Members of Xi Zeta Upsilon Sorority of Beta Sigma Phi are guests for their November 2 meeting in the home of Mrs. Lawrence Brown. Program leader, Pat Donnell introduced the guest speaker, Dr. Bill Reeves, school superintendent. Dr. Reeves spoke on Education and Administration. The business segment of the meeting was conducted by Ceril Batton, Secy.

Damp Weather Stops Harvest

A cold front moved into the Panhandle Thursday Nov. 2 bringing blustery winds, rapidly plunging temperatures and some light snow in Spearman. Friday morning found the ground covered with snow which fell intermittently with showers but measured only .08 on the US weather gauge. The low for the past week has

the moisture out of the wetter grain in just a few days, so if favorable weather conditions prevail for the rest of this week farmers should wind up harvest by the middle of next week.

An old Indian chief was on his first visit to a city and wandered into the lobby of a skyscraper. Just then he saw an elderly woman step into a small room with a sliding door. A light flashed, the door closed and she was gone. A few minutes later, the light flashed again, the door opened and out stepped a beautiful blonde. "Ugh," muttered the old chief to himself, "should have brought squaw."

Man downstairs: "Don't you folks hear me pounding on the ceiling?"
Host to party upstairs: "Oh, that's perfectly all right, we've been making quite a lot of noise ourselves for the past hour or so."

Those who know exactly what they want usually get it.

Work of the Head decreases the work of the hand.

THE HON. BOB PRICE

THE HON. GERALD FORD

\$100 Per Plate Dinner Will Honor Cong. Bob Price, 17th

Jack Hart of Gruver has named Hansford County ticket sales chairman for the November 17 fund raising dinner in Amarillo honoring Cong. Bob Price on completion of his first year as Panhandle representative.

Cong. Gerald R. Ford of Michigan, House Republican Leader, will be featured speaker. Also attending will be Cong. George Bush of Houston, 1964 U. S. Senate Candidate.

this year.

A strong believer in the maximum use of American conventional air and sea power in Vietnam, Cong. Ford has called for attacks on all significant military targets and a blockade of the port of Haiphong in order to bring the war to a speedy conclusion.

Like Panhandle Congressman Price, the Michigan congressman has been an outspoken critic of Administration welfare legislation, and has offered alternatives to Great Society programs.

The Price-Ford dinner is scheduled for Friday, Nov. 17 at

7:30 P.M. in the Holiday Inn West Ballroom, Amarillo. Price per ticket is \$100.00. Contact Jack Hart in Gruver for tickets.

Car Check Needed

December is the first month of the winter driving season. From then on, chances are the weather with its effects on your car and the highway will become a source of annoyance, and most important, a source of danger.

We are indebted to P. A. Lyon of the Lyon Insurance Agency for this reminder. Rain, sleet or snow will present similar problems - reduced visibility and increased safe stopping distance. Either problem taken alone would be hazardous enough, but when they are combined (as they often are in foul weather) the odds on avoiding an accident begin to go against the driver.

Visibility is the prime safety factor since "seeing" is the first step in the chain of events that will allow you to avoid a dangerous highway situation. Windshields wipers are the most common cause of visibility problems in foul weather. If you can't remember the last time yours were replaced then you should probably have them checked.

Your headlights are often the first thing other motorists see to warn them of your presence on the highway. They should be kept in good operating condition and as clean as possible.

Factors influencing your stopping distance are your brakes and tires. Brakes that are out of adjustment might cause a skid during an emergency stopping situation, so care should be exercised in keeping them in good condition.

Since your tires are truly responsible for keeping you safely on the road, top quality tires are a must since your very life depends on them.

Therefore, the best foul weather gear your car can have consists of: (1) good windshield wipers (2) Clean headlights (3) perfect brakes, and (4) good sound tires.

RECRUITING OFFICE MOVED

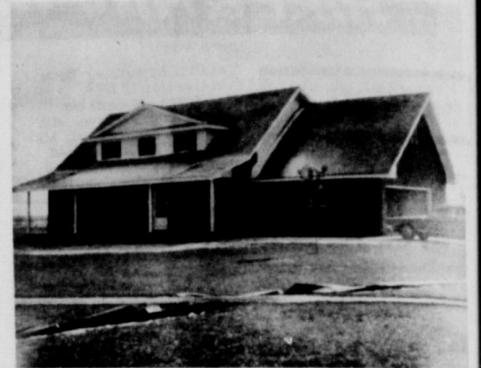

SSgt Ralph E. Gross, Local Air Force Recruiter announced today that his office has been moved to room 328, Post Office Building, 200 East 5th Street in Amarillo. Sgt Gross added that his phone number DR 6-5151, Ext 218 remains unchanged.

It is estimated that 87 percent of the statues are erected to men who were once called cranks.

It's impossible to get real mad with a pipe in your mouth.

Life seems to consist mostly of interruptions.

Annual Christmas Home Tour Scheduled For December 10th

Pictured above is the home of Mr. and Mrs. George Collard, one of the homes to be open to the public for the annual Home Tour December 10. This two story brick home, located 3 miles West of Spearman, was completed last summer. E. J. Callaway was the contractor. The upstairs contains two bedrooms and a huge play room. One bedroom, kitchen, den, dining room and living room, plus a two-car garage makes up the lower level. Mr. and Mrs. Collard decorated their home around Victorian lines and re-finished several beautiful antique pieces to enhance the furnishings.

Members of the Spearman Study Club began work this week on advanced publicity for its annual tour of homes. This home-tour, scheduled for December 10 from 2-5 p.m. is the only fund-raising project the club has.

Tickets will be on sale soon and may be purchased from any member of the club. Homes to be shown this year include those of Jett Mason, George Collard, L.S. McLain, Max Baggerly, Russell Townsend and Willis Sheets.

The club chooses this December date so that homes will be in holiday dress and ready for the Christmas season.

Pictures of each home to be toured will be pictured in the Spearman Reporter from now until the December 10th date.

Locals

Mr. and Mrs. Irvin Delk and Marva Sue vacationed recently touring southern states, they enjoyed sight seeing in Tennessee, Kentucky, Mississippi and Alabama. They visited overnight in Oklahoma City with Mrs. Delk's sister, Mrs. Wayne Huff.

Sorority Had Turkey Dinner For Husbands

Members of Alpha Delta Kappa National Teachers Sorority entertained their husbands November 2 at 7:30 with a Thanksgiving dinner in the home of Mr. and Mrs. A. F. West. Mrs. Ernest Archer assisted with hostess duties for the annual affair.

The turkey dinner was served buffet style and quartet tables carried out the Thanksgiving motif.

After dinner, guests enjoyed dominoes and 42.

Attending were Messrs. and Mrs. A. F. West, Ernest Archer, Jack Whitson, J. W. Wivens, R. C. Holland and Mrs. Dee Deere, Matilda Estrekin, Jackie Graham, Linda Jones, Nellie Payne, Eva Lee Sheets and Barbara Patterson. Guests were Mr. and Mrs. Burl McClellan, Mr. and Mrs. Tommy West of Gruver and Mr. Russell Conway of Oklahoma City.

BD Party For Pam Rylant

Pam Rylant celebrated her 9th birthday November 4th with a party for several of her friends. The party was given by her parents Mr. and Mrs. Bob Rylant.

Birthday cake and ice cream were served to: Carla Harper, Stephanie Reed, Jan Mason, Susie Gregg, Tammy Rook, Kim Daniel, Terry Meisner, Peggy Buchanan, Kathy Kingham, Karen Tope, Leslie Wood, Kate Crawford, the honoree and her sisters, Kim, Kelly and Nikki.

Guests enjoyed playing games for prizes.

Sunday guests in the home of Mr. and Mrs. J. L. Brock were Mr. and Mrs. Warren Shropshire of McAllen, Tex.

Weekend guests in the home of Rev. and Mrs. B. T. Shoemaker were her brother, Mr. and Mrs. Tyler Golden of Dallas, Rev. Shoemaker returned home during the weekend after attending the Baptist General Convention of Texas in Lubbock.

BRIDGE CLUBS

UNDECIDED

Mrs. Bill Strawn hosted the Undecided Bridge Club November 2 in her home with their monthly luncheon.

High score went to Mrs. Bobby Mathews, low score went to Mrs. Bob Parris and Mrs. Strawn won the traveling prize.

Others attending were Mesdames Bobby Archer, Lawton Guthrie, George Jackson, Jim McLain, Bob Meek, Dick Countiss, Kent Guthrie, Bill Wilmetth and Steve Mathews.

Mrs. R. E. Lee was hostess November 2 for the Hi-Lo Bridge Club.

Mrs. Winifred Lewis won Hi and Mrs. Bob Skinner won Lo.

Attending were guests Mrs. Lewis, Mrs. Skinner, Mrs. Richard Holtin, Mrs. Leonard Jameson and members Mrs. John Berry, Mrs. Preston Scott and Mrs. Bill Gandy.

Mrs. Cummings Hosts HD Club

Mrs. Gordon Cummings entertained the Happy Homes Home Demonstration Club November 2 in her home.

Mrs. F. B. Schubert called the meeting to order with roll which was answered with "An Unexpected Gift I Have Received." Mrs. Jim Nicholson gave the devotion.

Members planned their annual Christmas party for December 16. Plans were also discussed for the 4-H banquet November 4.

Mrs. Bruce Sheets came as guest program leader to give a demonstration on how to make a Christmas Angel. After going through the steps, the finished product was shown as a table decoration.

Others attending were Mesdames Robert Adamson, Bernard Barnes, Kenneth Evans, Earl Goodheart, J. W. Pipkin, Lloyd Gilley and Jessie Francis.

Mrs. Ira Tindell and Rusty spent Sunday in Amarillo visiting Mr. and Mrs. Weldon Goodson and family.

Guests Monday in the home of Mrs. L. R. Tompkins were Mrs. Buster Mitts, and her daughter, Mrs. Sonny Donaldson from Stratford.

Mr. and Mrs. Clarence Burke of Spearman announce the engagement and approaching marriage of their daughter, Nancy Carol, to Jerry Long. He is the son of Mr. and Mrs. S. J. Long of Balke, Okla.

Nancy is a senior in Spearman High School. Jerry, a graduate of Balke High School, has completed two years at Oklahoma State University.

The couple will be united in marriage December 17th in the Methodist Church in Spearman.

Local Couple Enjoyed 48th Anniversary

Mr. and Mrs. J. W. Walker of 1008 South Barkley celebrated their 48th wedding anniversary Sunday, November 5 in the home of their daughter in Sublette, Kansas; Mr. and Mrs. R. E. Ellsaesser.

All of the family was there for a turkey dinner.

Mr. and Mrs. Walker's children are Mr. and Mrs. J. G. Walker, Odessa; Mr. and Mrs. R. O. Wilson, Elkhart, Kansas; and Mr. and Mrs. R. L. Cole, Renfrow, Oklahoma. Their grandchildren there were Bobbe and Derry Cole of Renfrow and Mr. and Mrs. John Katz of Hayes, Kansas.

During the afternoon their children held open house from 2 until 5 p. m. to give them a chance to visit with all their old friends in Sublette. Mr. Walker is retired from City Service Oil Co. in Sublette where they lived for 13 years.

Cake and coffee were served during open house. The two tiered cake was white, trimmed in pink and silver topped with the letters "48".

Weekend visitors in the homes of Mr. and Mrs. W. W. Cypert and Mrs. Virgil Mathews were their daughter and sister, Mr. and Mrs. Warren Towe, Mike and Bill of Oklahoma City.

Sweetheart Contestant

Paulede Hester Plank is one of five to be nominated Varsity Sweetheart for 1967-68 at Phillips University, Enid, Okla.

Varsity is a Social club for men and will host the annual fall formal at the Oakwood Country Club in Enid.

Paulede, daughter of Mr. and Mrs. Jimmy Hester of Spearman, is a Senior Student at Phillips. She is majoring in Elementary Education.

Her husband, Larry, is a member of the Varsity Club, and a Senior Student at the University.

Betty Pipkin Clifford In Ingersoll Variety Show

Mr. and Mrs. John Pipkin of Spearman received a clipping and picture from their daughter Betty this week, relating the story of her participation in a recent Music Festival staged in Ingersoll Canada. She is Mrs. Bart Clifford who now resides in Ingersoll, Ontario.

Canada and the story reads as follows: Variety-night, a musical evening and the first event in the week long Festival, played to a capacity packed house at the Ingersoll and District Collegiate Institute. The numbers, representative of many entertainment categories, earned tumultuous hand clapping. Thoughtful pacing and variety keynoted the show -- bugle bands, barbershoppers and choirs, the wild skirl of the pipes, the masterful touch of a concert pianist, the nightingale voice of a female vocalist, the staccato of a tap dancer, the spectrum of sound from a modern band, the strum of a folk singer's guitar...

Unique stage settings by decorator Ray Van Mierle featured massive bunches of grapes, cheese boxes in muted tones and swags of the Festival's purple and gold as a backdrop. As the audience departed, on all sides were delighted comments and the wish that a show of this calibre would be produced in Ingersoll again.

Mr. and Mrs. Clifford, married in July 1966, are making their home in Canada. They are both students at Western Ontario University where he is completing his Masters Degree. She is a Senior Music Major.

LOCALS

Weekend guests of Mrs. Grace Davis were her daughter, Jeanette, and Hazel Rylander, students at Amarillo Junior College.

Mr. and Mrs. Jesse Davis visited the past weekend in Memphis, Texas with their daughter, Larry and Della Combest and daughter.

Cornial Phillips of Denver has been visiting the past two weeks with her mother, Mrs. Hettie Davis, Mrs. Hettie Davis, celebrated her 91st birthday on November 6th.

Thursday night guests in the home of Mr. and Mrs. Don Denham and children were her parents, Mr. and Mrs. H.D. Moran from Pampa.

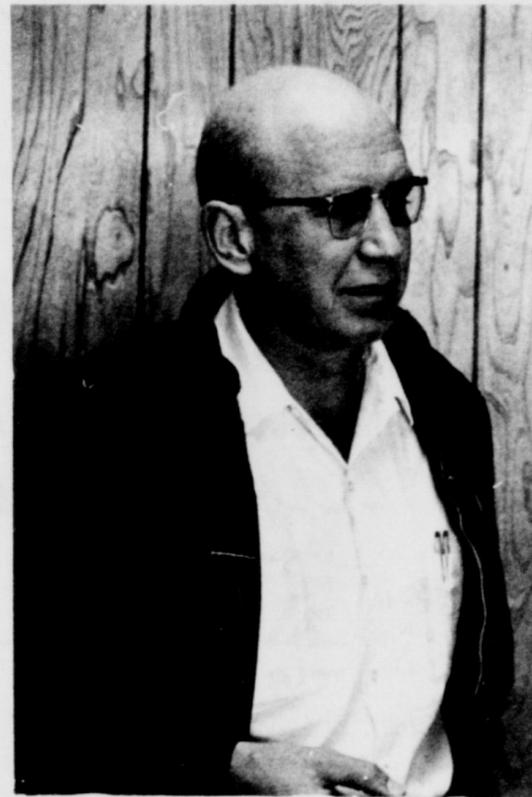

Mr. and Mrs. Bob Gray visited in Borger on Sunday with her sister, Mr. and Mrs. Clyde Lehenbauer.

Mrs. Bob Gray, Mrs. Ray Lackey and Mrs. Granville Boyd visited in Amarillo Thursday with Mrs. Kenneth Redwine, a patient in Northwest Texas Hospital. Mrs. Boyd remained in Amarillo and visited her parents Mr. and Mrs. R.H. McMahan, returning home on Saturday.

Mr. and Mrs. John Allen and Mrs. Ollie Allen visited last weekend with Mr. and Mrs. Willis Friesen, teachers at Hardesty, Okla.

Bill Masters In Revival Here Nov. 12

Bill Masters, pastor of the First Christian Church of Ponca City, Oklahoma and former pastor of the Spearman Christian Church, will present a Week of Preaching at the local Christian Church. The meeting will begin on Sunday morning, November 12th, and will continue each evening at 7:30 o'clock through Friday, November 17th. A special Bible Study will be held each morning at 9:30 through 10:30 o'clock. Masters will be remembered by many of the Spearman residents as a "student pastor" of the local church during the period when the present church building was erected. He was a student in Phillips University, Enid, Oklahoma at that time. Since leaving Spearman, Masters has held pastorates in Mangum, Duncan, and Ponca City, Okla. He has served in many important offices of the Christian Church work in Oklahoma. His present church

is one of the largest Christian Churches in Oklahoma. There will be a Men's Breakfast on Monday morning, November 13th, at 6:00 a.m. for all men of the church and friends.

The public is cordially invited to attend these special services.

Jerry Evans Is Injured

Jerry Evans and his daughter Lisa were involved in an automobile accident last Friday on their way to Spearman to visit his brother Jim Evans.

Mr. Evans and his small daughter were brought to Hansford Hospital for treatment. Lisa was not injured but Jerry spent a day and a half in the hospital for treatment of cuts and bruises.

The accident occurred twenty miles from Spearman on the Pampa highway. Evans' car, a 1962 Chevrolet, was completely wrecked; had the top sheared off when it ran in under a truck.

Soil Fertility Course To Be Nov. 13 - 16th

A Soil Fertility Short Course will be held November 13, 14 and 16 in the Spearman Junior High School Cafeteria, according to Robert Adamson, County Agent.

Information of fertilizer needs for the area and pertinent fertilizer research findings will be presented.

The short course is for fertilizer dealers, agency personnel and interested farmers.

Subjects to be discussed are as follows: Soil-Plant-Water Relationships as they Affect Response from Fertilizer; Soil Testing as a Guide for Predicting Fertilizer Response; Phosphorus in Crop Production; The Secondary and Micronutrient Situation; Nitrogen and Potassium in Crop Production; Tissue Testing.

The cost for the series of meetings is \$5.00 and will be collected at the first meeting. The fee includes a notebook of the proceedings and a dinner the final meeting.

The first two meetings begin at 7:30 p.m. The last meeting on Thursday, Nov. 16, will begin at 6:30 p.m. with a dinner.

All interested persons are encouraged to attend, concludes the agent, as soil fertility is important to the economy of the farmers.

Speech Students On PTA Program For November 13

Parents and all interested persons are invited to attend P-T-A next Monday evening, November 13 at 7:30 in the high school auditorium.

The program will be presented by Mrs. Frank Porter's speech students Carrol Day, Debra Brock, Cloetta Fullbright and Hal Shufeldt. The title is "Encourage Respect For Law and Order."

THIS IS SPEARMAN

through the eyes of chet wise

It seems that everybody has that inbred spirit that makes us want to be, either collectively or individually, number one.

We strive to have the number one football or basketball team in the state. Whether we admit it or not, we want the best schools, the finest churches, and, as evidenced recently, many of us look forward to a large, modern library.

We read in the newspapers about people who sleep overnight outside a ball park in order to be the first person through the gate for the first World Series game. People have even lost their lives before somebody was the first person to go over Niagara Falls in a barrel and still lives. Maybe you've read about the fellow who rolled a peanut to the top of Pike's Peak with his nose.

When a new bridge is opened, you'll find motorists lined up to attempt being the first person to drive over the new bridge.

Of course, not everyone strives toward the same goal and that brings to mind one of Will Rogers famous observations: "Difference of opinion is what makes horse racing and missionaries".

Many of the goals people try to attain are worthy of the efforts because they are working toward achievements that will benefit their neighbors and, sometimes the whole world.

We can't offer too much applause if your aim is to be the first person to hang by his toes from the torch of the Statue of Liberty but if your goal is a worthwhile endeavor, will gladly cheer you along.

Unfortunately, very few people ever attain the higher goals and those who do reach these peaks are often faced with one disappointment or another. Take, for instance, the father of our country, George Washington. He was first in war, first in peace and first in the hearts of his countrymen but he married a widow.

I suppose one of my chief goals is to continue living in Spearman with the people I saw during the past few days.

Herschel Jones putting up parts, and needing a shave, Fred Groves freshly shaved and looking for parts, Bud King talking on the two-way, E.J. Copeland listening, Randall Nichols on patrol, Dee Jackson talking about farming, Charlene Bulls running across street, Erlene Chambers shopping in Gordon's Drug, Carol Nivens getting her hair fixed, Wes Nivens fixing a washer, Doc Daily having coffee, Martha Latham ignoring Ray Messer, Frances Rhodes helping her, Mable Jameson making out bills, Jennie Massad running the store, Dr. Hackley taking a coffee break, O.F. Goldsmith selling glue, Carolyn Davidson eating eggs, Shirley Goldsmith scrubbing floors, Bruce Sheets driving around, Sam Wysong working hard, Don Cates taking it hard.

If the Panhandle had beaches it would be just like Florida, if Florida could raise maize.

Arts and Crafts

Members of Arts and Crafts Guild spent November 3 china painting in the home of Mrs. Joe Dan Bryan.

Those attending were Mmes. W.L. Russell, C.A. Gibner, Bruce Sheets, Joe Traylor, Guy Fuller and Ned Turner. Mrs. Turner will be hostess for the next meeting.

IOOF Lodge Dinner Hosts

Odd Fellows Lodge No. 185 of Spearman entertained the Rebekahs with a pancake and sausage dinner October 30 at the Hall.

Thirty attended the open house for an evening of visiting after dinner.

VETERAN'S DAY EDITORIAL

Veterans Day, November 11. Once again we celebrate an observance of significance to all Americans, and honor the memory of veterans of all wars.

We should reaffirm our pledge not to forget the dead who have served this great Nation. Their contributions can never be forgotten. And may the citizens of America remember the sacrifices and contributions of all living veterans who conducted themselves with gallantry and courage in wartime to preserve our heritage of freedom, and further that we pay tribute to those valiant soldiers who are still striving to attain the ultimate goal of world peace.

In the last week, fifteen thousand servicemen and women have become veterans, swelling the number of living veterans we honor today to more than twenty six million.

Have you ever counted up to twenty six million? Of course not. Undoubtedly, no human being has. Someone has estimated it would take twenty six weeks of eight-hour counting days, and no coffee breaks or week ends offs, just to count to twenty six million.

Then how do you honor twenty six million veterans? Obviously not individually, much as we might like to salute each veteran personally, from the youngest Veteran of Vietnam to the oldest campaigner of the Spanish American War, and give him our share of the nation's gratitude for patriotic services rendered.

We must never allow the figure of twenty six million living veterans to become commonplace. Since we can never hope to meet and greet that many individuals, individually, let us study other ways of coming closer to them.

Our veterans live in all the 50 States and the District of Columbia, 130-thousand live in outlying areas of the United States; in Puerto Rico, the Canal Zone, Virgin Islands, American Samoa, Guam, and in the Phillipines. 41-thousand veterans live in other countries.

Three out of four of our veterans live in cities or suburban areas. One out of five lives in a rural, nonfarm area. One out of twenty lives on a farm.

With their families and dependents, veterans make up about half our national population.

If public concern expresses the heart of our democracy, how much more so do our veterans themselves? In all, since our founding days, some thirty eight million men and women have participated in our national conflicts, through September September 30, 1966. A million and two thousand of them made the supreme sacrifice. The twenty six million we salute today remain the living symbol of the life pulse of our democracy.

To them, in the name of all who served, we can today stretch out the hand of gratitude, and we do that today.

And since all battles for freedom are in a sense the same battle we say thanks for Lexington and Concord... for Bunker Hill, for Valley Forge... San Juan Hill... Verdun... the Argonne Forest... Chateau-Thierry... Belleau Wood... Corregidor... Guadalcanal... the Coral Sea... Tarawa... Saipan... Anzio Beach, Cassino, the Bulge... for Inchon landing... Pork Chop Hill... Heartbreak Ridge and Hill 409... for the fighting in the everlasting name of freedom, in Vietnamese rice paddies without names...

Our very democracy pulses with the stout hearts of the veterans who fought that it might endure. We owe them far more than this Day of tribute. We owe them this day, which we ourselves are living, and enjoying!

There is no typical veteran. He is a young man who perhaps has not voted yet, just back from his tour of duty in Vietnam. Or he is in his upper eighties, sitting on the front porch, dreaming of long-ago gas lights and horse drawn carriages. He is a World War One veteran, citizen-extraordinary now retired.

He is a doctor, lawyer, engineer, merchant, salesman, politician, statesman, mechanic, farmer, construction superintendent, teacher, social worker, barber. He is President of the United States, member of Congress, Supreme Court Justice. He delivers your mail and paints your house. He lives, as we have seen, in the East, the West, the North, the South.

Together, young and old, veterans are the stout heart of our democracy. Their hearts beat with the pulse of freedom fought for and maintained. They are very special citizens indeed.

Mr. and Mrs. Hugh Simmons of 412 Dressen, announce the engagement and approaching marriage of their daughter, Jenny Lynn, to Carl Lelan Close, son of Mr. and Mrs. Lelan Close of 403 Bernice. A December 16th wedding is planned.

HOME TOUR PLANS FINAL

The Kiff White home was the scene of the November 6 meeting of the Spearman Study Club. Hostesses were Mrs. Troy Sloan and Mrs. Richard Baxter.

Mrs. Robert Adamson, president, opened the meeting with the individual roll call. Two new members were welcomed into the club: Mrs. Albert Clark and Mrs. Herman Boone.

HOME TOUR PLANS FINAL

Gone." Miss Roden is school librarian and her program covered the changes of ideas in children's stories.

Gruver Senior Play Nov. 11th

The Senior Class of Gruver presents "Cheaper By The Dozen", a three act comedy, on November 11 at 7:30 p. m. in the Gruver School auditorium.

Moonlight Sale Will Be Tuesday

The first "Moonlight Sale" ever staged in Spearman is scheduled for November 14. This promotional sale by Spearman merchants will begin at 7:17 p. m. and last until 9:17 p. m. at all stores listed on the page ad in this issue of the Spearman Reporter.

Business firms participating will offer many bargain sales on their merchandise during these hours. These businesses will close their stores at 5 p. m., except those that normally stay open until 9 such as drug stores, service stations, etc., in order that all sale merchandise can be placed on display by seven o'clock.

The weekend Hansford Plainsman newspaper will feature the Moonlight Sale and advertisements from participating merchants.

Light Vote Expected

Commissioners Court members voted recently to consolidate voting boxes for the upcoming November 11 election when Texans will decide the fate of six constitutional amendments.

For this special election, Hansford County voters will vote at three boxes:

Voters residing in Precincts 1, 2 and 10 will vote at the Court House in Spearman.

Voters in precincts 3, 4, 7 and 8 will vote at the Gruver School House.

Voters in precinct 9 will cast their ballots at the Morse School house.

Election Judges were named as follows: E. J. Copeland, Spearman, J. S. Gruver, Gruver and Willard McCloy, Morse.

Paul Gumfory will be the Absentee Ballot Judge.

Changes Made In Pinocchio

There have been some changes made in the plans for Pinocchio.

Gary Bengé, the Sandwich Man, has an injured leg and will not be able to perform. The role has been changed to the Sandwich Lady, and will be played by Cloetta Fullbright.

Also, presentation times have been altered. Instead of having a night performance on Nov. 7 and two daytime performances on Nov. 8, the play will be given three times on November 8.

The first performance will be at 10 A. M. in the high school auditorium for the high school students and the public. There will be two afternoon shows at the Grade school at 1:15 and a gain at 2:30 for the younger students.

Admission prices are 50 cents for adults and 25 cents for students.

Mrs. Holland Is Shower Honoree

Mrs. R. C. Holland was honored November 2 with a china shower in the home of Mrs. Cecil Crawford. Co-hostesses were Mesdames Jack Whitson and Bill Sheets.

A fall motif was carried out in the decorations and serving accessories. A fresh flower arrangement in an amber container centered the serving table.

The evening was spent in visiting. Refreshments of cake, sherbert, punch and coffee were served.

Decisions for Texas Voters, Saturday, November 11

Qualified Texas voters in the Nov. 11 Texas general election will cast their preferences on six proposed constitutional amendments.

The amendments and a discussion of arguments for and against them are listed in the following outline, prepared by the League of Women Voters of Texas.

The league, a nonpartisan organization, works to promote political responsibility through active informed participation of all citizens and does not support or oppose any political party, or candidate or issue.

AMENDMENT NO. 1

AUTHORIZES COUNTIES TO PUT ALL COUNTY TAX REVENUE INTO ONE GENERAL FUND WITHOUT REGARD TO SOURCE OR PURPOSE

Financial responsibility in the post Civil War period caused the makers of the 1876 Constitution to adopt limitations on property tax rates. In 1883 the Constitution was amended to authorize counties to levy three separate taxes with maximum rates for each, and in 1907 a fourth tax was added. These taxes are for: county purposes, road and bridge, permanent improvements and the jury fund. This "marking" of funds was very restrictive and was amended twice. Presently County Commissioners make 4 separate non-voted tax levies on property with the total not to exceed 80 cents on the \$100 valuation. Money placed in each fund may be used only for the purposes of that fund.

FOR: Many times there is a surplus in one fund while a shortage exists in another. This has caused surplus funds to be used unwisely while another fund has a great shortage. By permitting all county revenues from non-voted taxes to be placed and used from one general fund, this proposed amendment would give the county commissioners greater control over budgeting procedures and would provide the flexibility necessary to permit the use of revenues collected to meet rapidly changing or unforeseen needs.

AGAINST: This proposed amendment would eliminate the safeguards of proper county budgeting procedure and prompt county commissioners to raise the tax rate to the 80 cents per \$100 valuation. With all the money available for unrestricted use, the County Commissioners might not budget properly — they would use available money as the need arises without any consideration of prior need or future plans.

AMENDMENT NO. 2

PERMITS MUNICIPALITIES, POLITICAL SUBDIVISIONS, AND STATE SUPPORTED ENTITIES LOCATED WITHIN A HOSPITAL DISTRICT TO PARTICIPATE IN THE ESTABLISHMENT AND OPERATION OF MENTAL HEALTH, MENTAL RETARDATION, AND PUBLIC HEALTH SERVICES.

The current trend is to make mental health and mental retardation services available to people where they live. To this end the Texas Mental Health and Retardation Act was passed in 1965. It encourages local agencies to assume responsibility for the mental health and mental retardation services and gives local community centers authority to take advantage of staffing and construction grants available under federal legislation. The Attorney General of Texas has held that because the Texas Constitution does not permit other political subdivisions in the boundary of a hospital district to levy taxes for medical and hospital services these political subdivisions may not participate in the establishment of a community center for these purposes. This proposed amendment would change this by providing that the Legislature may authorize the creation of a hospital district and at the same time not restrict other political subdivisions within the hospital district from levying taxes to provide mental health and mental retardation services through community centers. Political subdivisions within existing hospital districts would be authorized to levy taxes for these purposes unless the statute authorizing the hospital district expressly forbids it.

FOR: Almost one-half of the Texas population is found in the metropolitan counties having hospital districts within their boundaries. The passage of this amendment would permit establishment of mental health and mental retardation services in local communities and encourage early treatment and diagnosis. Some political subdivisions have sources of revenue other than the property tax which support hospital districts, and new taxes to provide mental health and mental retardation services would not be necessary. Such taxes, when required at the local level, would eventually be offset by a reduction in the financial support now necessary for the large state mental hospitals and special schools.

AGAINST: A large share of the funds to support the community centers comes from state grants-in-aid. The local hospital district could receive this state

aid in order to provide mental health and mental retardation services just as easily as could a community center supported by other than a hospital district. The proposed amendment makes possible a duplication of health programs within the area of a hospital district & could result in higher costs for services provided. Since hospital districts are already financed by a property tax, a similar tax by another political subdivision would create an unfair tax burden.

AMENDMENT NO. 3

EXTENDS THE VETERANS' LAND PROGRAM BY AUTHORIZING THE SALE OF \$200 MILLION OF STATE BONDS TO PURCHASE LAND TO BE SOLD TO VETERANS AND EXPANDS THE PROGRAM TO INCLUDE VETERANS OF VIETNAM.

Presently the definition of "Texas veteran" eligible to participate in the program is left to the legislature. This proposed amendment would incorporate these qualifications in the Constitution as follows: Prescribed military service; citizen of the United States and resident of Texas at the time he files his application to purchase land; honorable discharge from the service; resident of Texas at the time he entered the service or has resided in Texas at least 5 years before the date of filing his application to purchase land. The main change in this from the present statute is that it does not require the veteran to be a resident of Texas at the time he entered the service.

The proposed amendment also authorizes an additional \$200 million in bonds to be issued for this program and increases the maximum interest rate on all bonds sold from 3 1/2 per cent to 4 1/2 per cent. This program was started in 1949 when enabling legislation was passed for the Constitutional Amendment adopted in 1946 creating a \$25 million fund. In 1951 and 1956 amendments to the Constitution were passed increasing the fund to \$200 million. In 1963 and 1965 amendments were defeated that would have added to the fund. The program terminated on Dec. 1, 1965. This proposed amendment would re-activate the program and bring the veterans of Vietnam under its provisions.

FOR: This program does not cost the taxpayer. It will produce an eventual profit on the \$400 million from the sale of bonds. The difference in interest paid on the bonds and that received from the veterans puts the program on the credit side of the ledger. Traditionally Texans have shown their appreciation to veterans

by making land available . . . it is only fair that veterans of Vietnam should have the same privileges.

AGAINST: The availability of "cheap" money tends to invite land purchases by some veterans who have no intention of using it for productive purposes. The fact that the voters have twice defeated an amendment to increase the fund and extend the duration of the program shows that Texans do not want it. The program officially terminated in 1965 and should not be revived, as it is still too early to provide for veterans of Vietnam, and veterans of other wars had ample time to take advantage of it if they had so wished. The Veterans Land Program may be considered unfair to private business since it is not a function of government to engage in the loan business.

AMENDMENT NO. 4

AUTHORIZES COUNTIES TO PAY MEDICAL, DOCTOR, AND HOSPITAL BILLS OF COUNTY LAW ENFORCEMENT OFFICERS FOR INJURIES RECEIVED IN LINE OF DUTY AND TO CONTINUE TO PAY SALARIES OF INJURED OFFICIALS DURING PERIOD OF INCAPACITATION.

This proposed amendment is permissive. At the present time the Texas Constitution prohibits the payment of medical expenses of county law enforcement officers who are injured in the course of official duty. This amendment would make it possible for counties to assume these obligations if they should desire to do so. It does not require that any Commissioners Court must assume this responsibility. It also permits payment of maximum salaries to these officers during their incapacitation or hospitalization until the expiration of their term of office.

FOR: Law enforcement is a dangerous business. County officers often work under hazardous conditions. The medical protection provided for in this amendment is badly needed by county officers, who are not now covered by workmen's compensation. Recruitment of law enforcement personnel is one of the greatest problems in the state today. Passage of this proposed amendment would enable counties to be competitive in attracting well trained, capable people. Definite guidelines for the salary continuation of officials will standardize the procedure for all counties.

AGAINST: This is another intrusion of government into what should be private business. It would be better to increase

the salaries of the officers and let them plan their own insurance and disability programs. Other county employees should have the same treatment: not some having preferential treatment. Wealthier counties can provide better medical plans; thus making recruitment even harder for counties in a poor financial condition.

AMENDMENT NO. 5

AUTHORIZES THE PARKS AND WILDLIFE DEPARTMENT TO ISSUE AND SELL GENERAL OBLIGATION BONDS IN THE AMOUNT OF \$75 MILLION TO FINANCE ACQUISITION AND DEVELOPMENT OF LANDS FOR STATE PARKS AND RECREATIONAL AREAS.

Texas needs much more park land. In the past, land has been offered to the State for parks and the offers have had to be refused because of lack of money for development. The Texas Park and Wildlife Department has a plan for the acquisition and development of park land for Texas, but it has been hampered by inadequate appropriations from the legislature. The creation of the Park Development Fund would allow the state to buy land and develop recreational parks. It would also provide for the preservation of 41 historical sites. No one should be more than two hours from some park. The Texas Water Development Board has recognized and stressed the recreational value of water resources to be created by it but no provision has been made for acquisition and development of recreational areas adjacent to the reservoirs.

FOR: The investment in state park land acquisition and development would be made by state park users. A \$1.00 entrance fee at developed parks would pay off the principal and interest on the bonds. This method was proven feasible in the 1940's when repayment of a similar program was accomplished in 19 years instead of the 35 years expected. Texas needs to begin a program of land acquisition and development for park purposes to meet the demands of a growing population and to stimulate tourist trade. Money from the General Revenue Fund is not available to meet the immediate needs of such a program.

AGAINST: Many people feel that parks should be free with no admission fee expected. Maintenance must still come from legislative appropriation. Estimates of money to be received from admissions fees and costs of repaying the bonds are theoretical. The admission charges might not be sufficient and the taxpayers would

have to pay part of the cost. The Land and Water Conservation Fund Act of 1965 provides federal funds on a matching basis for state park acquisition and development. The Legislature should appropriate funds to match federal grants after the amount of any federal grant is determined and as the need arises. It may be unnecessary to issue bonds to raise funds for matching federal grants.

AMENDMENT NO. 6

PERMITS NON-ELECTIVE STATE OFFICERS AND EMPLOYEES TO SERVE IN OTHER NON-ELECTIVE POSITIONS UNDER THE STATE OR UNITED STATES GOVERNMENT WHERE THERE IS NO CONFLICT OF INTEREST AND WHERE THE STATE WILL BENEFIT.

The present law does not permit one to hold two positions under the state or United States. Over the years this section of the Constitution has been amended to exempt active and retired officers and enlisted men of various branches of the armed services from this provision; however, these amendments were added before the Air Force and Air National Guard were created as separate branches of the military service. This proposed amendment brings the Constitution up-to-date in this respect. This proposed amendment also states that if the second position is of benefit to Texas or is required by state or federal law and does not conflict with the original position held, the non-elective state officer may hold two positions. Also, the proposed amendment prohibits members of the Legislature from holding any other office or position of profit under the state or the United States.

FOR: This proposed amendment would make qualified personnel available for additional state services, thus doing away with the employment of special consultants in many instances. It would also make it possible for personnel of our state-supported schools to serve on national boards with a strong influence on allocation of federal grants. The failure of Texas to receive more than a minimum number of research grants in comparison to some other states has been attributed to this lack of representation on the influential national boards.

AGAINST: Employees working for both federal and state governments would be subject to conflicting loyalties. It might have the effect of encouraging state officers and employees to increase their spheres of influence so that power would be concentrated in the hands of a few, and government would become less responsive to the people.

FOOTBALL CONTEST WINNERS

Winners in the football contest last week are first place, Felma Evans, second place, Sherry Partridge and third place went to Ernest Butler.

Vester Hill won a free year subscription to this paper for picking Stinnett to beat Shamrock last week.

The first place prize is \$20, second place winner gets \$10 and third place receives \$5.

Anyone may enter this contest except employees of this paper and their families. The contest form appears on the football page ad inside.

DAVIS TO START FRIDAY

Mike Davis will be starting quarterback when the Lynx meet Boys Ranch Friday night. Injuries to Charles Shield-knight and Jimmy Brown in

last week's game against Phillips here have put them out of the line-up.

Randy Weston was injured in practice Tuesday and will be unable to start Friday night

The seventh and eighth grade football teams will go to Boys Ranch Thursday for a game.

This will be the last game for the junior high football teams this season.

WATER, INC. by Jake Street

City Manager Darce Foshee and City Mayor D. E. Hackley show the new 30-gallon trash cans being distributed throughout the city this week. Some 1500 cans like the one shown here are being placed at each home and business establishment for trash collection. A new city ordinance concerning a no-trash-burning clause is being prepared and will soon be ready for publication.

As Water, Inc. continues its growth, the number of inquiries about the organization continue to increase, also. Presently, one of the foremost questions concerns the over-all structure of the public and private organizations working to bring additional water into this region.

Since it would be impossible, in this space available, to list all the different groups that have pledged support to this effort, we'll merely try to list those of regional or above status.

First, recognize that Water, Inc. is the only group working full-time to bring additional water supplies to this region we serve. Next, recognize that other groups are interested and concerned about moving water west. There are several such groups, but they have responsibilities in other areas outside Water, Inc. region that they must also serve with integrity and diligence. However, to assure our region of additional water for municipal, industrial and agricultural uses, Water, Inc. must provide the leadership in our area; and assist, encourage and secure the cooperation with these agencies to develop a truly comprehensive regional water plan.

In our region, Water, Inc. must work with quasi-public groups such as: Water Conservation Associations, West Texas Chamber of Commerce, Local chambers, corporations, civic and social organizations. On the sub-state level, we must bring in the existing underground water districts, and other political sub-divisions.

At the state level, close cooperation and full communications are needed with the Texas Water Development Board, The New Mexico State Engineer's Office, and the Oklahoma Water Resource Board, among others.

To tackle this enormous "Operation Import" we must maintain close liaison and communications with the U.S. Corps of Engineers and the U.S. Bureau of Reclamation.

Along with these groups who are showing tremendous interest in water import proposals, Water, Inc. must establish vital rapport between officials of the "wet" areas. It is from the "wet" areas that we must eventually borrow water.

HANSFORD TEACHERS

WILL MEET MONDAY

NIGHT IN MORSE

The Hansford County Texas State Teachers' Association (or S T A) will hold its first meeting in Morse Monday November 13 at 7:30 PM.

On the program will be a report by Dr. Reeves, Supt., of Spearman Schools, concerning his trip to Austin last spring.

Mr. Willoughby, Gruver School Supt., will give a

talk on the State TSTA convention which he attended in Houston in October.

New amendments to the Constitution this year will be explained by Mr. Clyde Barber, Gruver Principal.

The Teachers of Hansford County have 100% membership in TSTA.

Officers for 1967-68 are: Mr Bill Gilliland, 1st VP; Mrs Vireta Knight, 2nd VP; Mrs Eula Goodall, Secretary and Treasurer. Mrs Rita Chisum if President.

MRS. KENNETH REDWIND MOVED TO INTENSIVE CARE WARD TUESDAY

Mrs Kenneth Redwine, the former Peggy Devers, has been in Northwest Hospital in Amarillo for the past week

and a half. Mrs Redwine, suffering with Bright's disease, has been lying as well as could be expected up until Tuesday when her parents, Mr and Mrs Ray Devers, reported she had to be moved to Intensive Care.

THE PEABODY LETTER
HIWAY CAFE CHESTER L. PEABODY III
SERVING ROOSTERBURGERS RANCH
ROOSTERBURGERS GRUVER COUNTY

Dear Bob & John:

It is with deep regret that I have to announce that the big between the old Red Rooster and that ref you see parrot from over in Morse had to be called off until next Sat. nite. It all come about when the NAACP (National Association of American Chicken Performers) stepped in and laid down a hole bunch of new ground rules. They first off said the fite wood have to be moved to some other place on account of the place we planned to hold it wuz near a chicken lot and that wood be considered fowl territory. We have final settled on holding the fite this Sat. nite in back of carters store over in Waka. The next thing they done wuz to call a meetin of the bored where they tried to rule out Reds use of my old indian hoit. I wooden still for nuthin like that so they final settled for a no holts no red match.

The manager of Cassius Clay, the parrot, tried to hold out for having the fite helt inside the PO on account of Cassius allergic to drafts. I won out on that one by explainin that it wood be too hard for ole Red to git a toe hoit on the cement floor with his wood leg. The manager allowed that Cassius wood like us to address him as Mohamid X. I told him that I marked the spot where Red aimed to lay him out. Old Red is now in strict trainin on a diet of Rooster Booster pills and sun-flower seeds.

Don't pass up no bets on Red on account of he has got so mean that he has to sleep with one eye open to keep from wringin his own neck.

Chester L. Peabody the III--trainer spert.

NORTH PLAINS ELECTRIC CO-OP
PERRYTON, TEXAS

Attend Church Sunday

Mrs. Sheet's book is fresh off the press and is receiving much publicity. It is now in the hands of four different studios who are looking it over for possible motion picture rights. The Gift Box in Spearman will soon receive a large supply of books, and will be announcing an autograph party for the author when this shipment arrives. We'll let you know when this will be.

"Frogs In The Milk" is written under the pen name of Nannie L. Archer Sheets as "told to Roselle Shelby." Mr. and Mrs. Bill Shelby lived in Spearman for several years where they both were teachers in the school system here. They moved from here to Waka where Bill was principal of Waka schools for a time. They became dear friends to Mrs. Sheets and it was Roselle Shelby who urged her to send the book to publishers. Roselle became Mrs. Sheets co-partner and helped compile the copy and typed it up for the publisher.

The author, now 74 years old, isn't too interested in "how many copies are sold or whether or not it ever becomes famous." She set out to do one thing only... record her life's early history for her children... and so far as she is concerned what she meant to accomplish has been achieved.

And in a wonderful way, I might add. How I would treasure a book such as this written by my mother, or father, or grandmother. It is the most priceless possession any one of the remaining eleven Sheets children will ever own.

I read Mrs. Claud Sheets' new book "Frogs In The Milk" over the weekend and enjoyed it so very much. It's the story of her life, how she came as a girl to this Panhandle country in a covered wagon... what furniture her parents brought with them, how they lived in tents, cooked over open fires, what clothes they wore, etc. The story brings the reader from early pioneer days (and the conveniences they didn't have) right up to our present "push-button age" (and all the conveniences we do have!)

Mrs. Sheets said she really had to give the credit for the book to her grandson, Steve, son of Mr. and Mrs. Willis Sheets. When Steve was about 12 years of age he questioned her continually on her life as a child. He would say, "Grandmother, what did you eat, how did you cook it, what did you wear, how did you make your clothes, etc." Seeing that Steve was asking for the story of her life she decided to write it all down in long hand... just for her children and grandchildren. Though many of the present older generation knows and understands "how the West was won" so-to-speak, and remember much of it, to the younger present generation, this is a part of history so foreign to them as our future space-age is to most of us! Realizing this, Mrs. Sheets has recorded, in detail, her life as a child, the games she played, household chores she was responsible for, and the clothes she wore... as a young lady, how she met and courted her husband-to-be for years before she gave up her life's ambition to become a nurse and decided to marry; their life together and how they "raised 12 children grown."

She lists her brothers and sisters (21 altogether) and how they all lived to see their beloved father laid to rest at the age of 82.

I have lived in Spearman all my life and known some of the Archer and Sheets relation... but never was able to know exactly how the two families were related. In the book I find that the author was an Archer before she married... but also that several Sheets women married Archer men... and that one Archer woman married a Sheets! Now this might sound confusing here, but in her book "Frogs In The Milk" Mrs. Sheets family tree explanation is very clear.

The title of course caught my eye and I asked her how she came by such and she related to me how many times pioneers could have quit this struggle for survival, turned back for their former homes and just gave-up. But instead of doing this, they just kept-kickin' like this frog in the farmer's milk pail: There was a farmer on his way to market with a half-empty milk pail. He stopped at a creek and dipped the pail into the water so he would have more milk in his bucket. Two frogs got in the pail. Now these frogs talked it over and knew they just had to keep kicking to stay alive. Well, this one frog gave up and died. The other one kept-kickin', and finally churned up a pat of butter to climb upon and rest. It didn't give up, but struggled, won the battle and survived to tell the tale!

Fine Arts Dept. Met. Nov. 2nd

Twentieth Century Fine Arts Department met in the home of Mrs. R.C. Porter November 2 for the regular meeting.

Mrs. Porter conducted the meeting in the absence of the chairman. Roll was answered with "What's My Brand." Plans for the new library were discussed.

Mrs. Olin Sheets presented the program on ranch histories and brands of the Panhandle. She used a map designed by Isabel Robinson, a member of W. T. history department to point out these ranches of interest.

Others attending were Mesdames John Allen, George Buzard, Wesley Garnett, L.S. McLain, T.D. Sansing and Harold Shaver.

Mrs. Jim Sale Honored Tues.

Mrs. Jim Sale was honored with a coffee October 31 in the home of Mrs. Roy L. Uptergrove.

Hostesses were Mesdames Ray Moore, Neil Pack, J.D. Helms and Mrs. Uptergrove.

A gold and white color scheme was carried out in the decor. Guests wore Halloween name tags. The serving table was laid with a white lace cloth and centered with an arrangement of chrysanthemums and pyrethrum. Refreshments of pumpkin bread, banana nut bread and coffee were served.

Guests were Mesdames Jim McLain, Barton Riley, Tommy Lovett, Jack Kemper, Harold Ellison, Harold Keeton, Mike Reddick, Frank Butcher, Mike Holt, Jack Vanderburg, Lawton Guthrie, A.C. Green and Don Denham.

Recent Bride Honored With Shower Monday

A wedding shower honored Mrs. Gail Beck, nee Vickie Mickler, November 6 in the hospitality room of First State Bank.

The color scheme of red and white was carried out in flowers and appointments.

Mrs. Beck was presented a white carnation corsage tipped with red and a miniature bride and groom. The mothers, Mrs. Richard Mickler and Mrs. Velma Beck, were presented white carnation corsages.

A white lace cloth was laid over red satin on the serving table. The centerpiece was a fresh red and white arrangement featuring roses. Gifts were displayed on quartet tables decorated with red bows. Guests registered in a white bride's book at a table which held a red rosebud in a vase.

Coffee was served from a silver service by Mrs. Larry McMillan and the pumpkin cake was placed on crystal serving plates. Miss Ruth Riley served the red punch from a crystal punch bowl. The guests were registered by Mrs. R.F. Kingsley, Mrs. Noah Quinn assisted the honoree with her gifts.

Hostesses were Mesdames, Viola Boyd, Mabel Edwards, Woody Beck, R.F. Kingsley, W.E. Sparks, A.D. Reed, Sam Rhodes, J.L. Brock, Orville Brummett, James Riley, Noah Quinn and Marshal Benton.

Science Group Hears Program On Old Ranches

Home Science Department of the Twentieth Century study club met November 2 in the home of Mrs. Raymond Kirk.

Mrs. Guy Fuller presided over the business. Mrs. Dick Kilgore reported on the new library building and Mrs. Frank Davis reported on the district board meeting in Stratford.

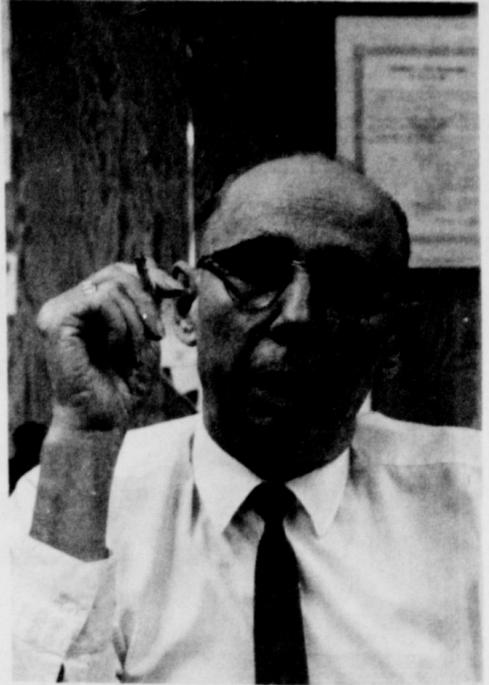

Mrs. Kirk revealed plans for sponsoring a children's reading hour during the Christmas holidays. More information on these plans will be available at a later date.

The program was presented by Mrs. O.C. Holt on the history of ranches and brands in the Panhandle. The program covered the most familiar ranchers.

Others attending were Mesdames Guy Fuller, C.A. Kleeberger, Nolan Holt, H.H. Chevalier, J.R. Keim, Fred Holt, J.R. Stump and Dwight Hutchison.

Mrs. Bud King and Mrs. Pete Fisher spent one week on a foliage tour and visiting relatives. They attended the 50th wedding anniversary of friends in Lawton, Oklahoma and visited relatives in Tulsa and Broken Arrow.

Their foliage tour took them to Eureka Springs, Ark. where they also viewed the huge stature of Christ built there in 1966.

the Reporter's PERSONALITY OF THE WEEK

A person selling advertising sort of gets in the habit of hearing somebody say "no". Sometimes the negative attitude of a prospective advertiser is so cold and blunt that it leaves the salesman in a somewhat disturbed condition. On the other hand, a fellow occasionally runs into an individual who can say "no" in such a way that the salesman feels pretty good about losing the sale. Our personality of the week is just such a man. This man, Marvin Chambers, is one of the best known and least known of the Spearman business men.

He is best known to the people who are long time natives of this city who remember him back in the days when he was post master. He is less known to the newcomers who rarely see him unless they observe him driving down the street in his custom equipped automobile.

I first met Marvin, over a year ago and I learned to like and admire him from the day of our first meeting. I have found him to be a man who loves people in general and enjoys their company. He is also a man who works diligently with his business.

When you walk into Chambers Department Store, you don't need to inquire if Marvin is in. Just listen for the sound of the typewriter or adding machine pecking away in the back room. If you hear one of the two in action, that's a sure sign that Marvin is in the job.

Of course, you might walk in and find him visiting with one old friend or another but you can rest assured you'll be invited to join the group. Don't be surprised if you hear a funny joke or two passed back and forth because Marvin has a great sense of humor.

Here is a man who is not only interested in his own business but highly engrossed in the activities of his fellow merchants. He is ever ready to go along with any scheme or idea that points to a bigger and better city.

Marvin Chambers is one who seldom if ever falls prey to snap decisions. He, more often than not, will sleep over an idea for a night or two but when he makes up his mind, you can rest assured, the direction has been decided.

Although he gave up his mens' clothing department some years ago, he still stocks a few odds and ends such as men's shirts and ties. These items are carried in stock to accommodate the homemaker when she wants to bring home a little something for Dad along with her new dress. Of course, the main reason is that Marvin just can't resist having a few mens things around the store.

Chambers big, bright store boasts some beautiful ladies and childrens wear along with numerous accessories as well as shoes. There's always an attractive showing of household goods for the discriminating shopper.

We could say a great many things about our personality of the week but we'll just sum it up this way: Marvin Chambers will be the first to admit that he married the right wife and has a deep love for his fine family. He is also proud to be a citizen of Spearman. Marvin likes to watch TV, listen to the radio and read the newspapers. You'll find some mighty fine people in Spearman but no man stands taller in our estimation than Marvin Chambers.

Book Written By Local Woman, Just Off Press

Nanny L. Archer Sheets, author, holds one of the first copies of her new book "Frogs In The Milk." Vantage Press, Inc. of New York City, publishers, have released complimentary copies of the book but they are not yet on news-stands. The Gift Box in Spearman will be the distributor of the books for this area and an autograph party is planned as soon as the shipment of books arrive in Spearman. Mrs. Claud Sheets Sr., 220 E. 3rd Ave., Spearman, spent several years compiling the story of her life for the benefit of her children. Mrs. Roselle Shelby acted as her co-partner and urged Mrs. Sheets to send her material to publishers. Turn to "Let Me See" column in this issue for a resume of the book.

The economy of Hansford County is boosted every time another irrigation project is completed. (SCD picture)

Spearman Lynxettes Defeat Canyon Eaglettes Here Sat.

Last Saturday night the Spearman Lynxettes added another victory to their long lists of wins, by defeating Canyon Eaglettes here in Spearman 44-42. This is the second of two scrimmages for the Lynxettes.

The Canyon Eaglettes led up till the last 4 minutes of the third quarter when the Lynxettes really began to play ball. By the end of this quarter the local hot-shots moved a good 10 points in front of Canyon.

In the beginning of the 4th quarter the Eaglettes put on a real charge and closed the gap by scoring 19 points while Spearman was making 11.

Marsha Shieldknight led the scoring for Spearman with a total of 25 points. Sophomore Sandra Shufeldt followed with 12 points, Robinson scored 5 and Catherine Lyon 2 for a total of 44 points.

Phyllis Richardson led the Canyon rally by scoring 26 points on 11 field goals and 4 free shots. Sue Swartzell followed with 10 points, Jeanne Steinenberg with 5 and Cathy Gerald with 1, for a total of 42 pts.

Texas Welcomes Campers

Forty of the 61 state parks of Texas welcome campers. Last year more than a half-million visitors camped in these parks. And some of them came by private airplane, since two of the parks — those at Lake Whitney near Hillsboro and Falcon Lake on the Mexico border — have air fields.

Mr. and Mrs. Herb Howe are home now after spending two weeks deer hunting in Pagosa Springs, Colorado. They brought one deer back home with them.

Mr. and Mrs. Fred Jones spent two weeks in South Fork, Colorado elk and deer hunting. Others in the hunting party were Mr. and Mrs. Elmer Delozier and Terry and Mr. and Mrs. Fred Jones, Jr. They stayed in the Jones' beautiful cabin home in South Fork and bagged two elk and three deer. Mr. and Mrs. Jones, Jr. live in Grand Junction and joined them for the two weekends.

Polly McLain visited her parents, Mr. and Mrs. L. S. McLain over the weekend. Miss McLain is a P. E. teacher at Canyon and was here during a basketball tournament which her Junior High girls played in at Darrouzett.

Mrs. B. J. Garnett has been spending several days with her daughter in Amarillo, Mr. and Mrs. Tom Morris.

Frances Whitson was home from W. T. over the weekend visiting her parents, Mr. and Mrs. Jack Whitson. A friend, Linda Eubanks accompanied her.

Guests over the weekend in the home of Mr. and Mrs. Sam Patterson were their daughter and her husband, Mr. and Mrs. Jimmy Kirkland, both attending West Texas.

Victors in the home of Mr. and Mrs. Gordon Parrish over the weekend were his sister, Mr. and Mrs. J. N. Dickinson and Mary Sue from Trinidad, Colorado.

Mr. and Mrs. Darce Foshee entertained with an after game fellowship in their home, Friday night, for the members of the teenage class of the Church of Christ and their guests. Games were played and refreshments served to approximately 15 guests.

Jeanette and Kirby McAdams of Pampa, former residents, visited the past weekend with friends. Kirby visited with Richard Mach and Jeanette visited with Linn Ann Robinson.

TFB Files Brief Supporting Landowner In Water Case

AUSTIN--The Texas Farm Bureau has filed a brief in support of the landowner in a Texas Supreme Court water case involving an oil company's use of underground water for oil recovery.

Hearing on the Sun Oil Co. vs. Earnest Whitaker, et al., water case from Hockley County began Oct. 25. The suit was brought by Sun Oil for an injunction against alleged efforts by Whitaker to prevent the company from using its water, without due compensation, for water flooding purposes. Sun Oil contends it has free use of the water under a mineral lease agreement with L. D. Gann, owner of the mineral rights to the land.

The TFB brief said the organization is vitally interested in the conservation of an adequate water supply for irrigation purposes in the Texas High Plains area.

"This is, in fact, an all pervading concern in this area

of the state where the exhaustion of the underground water supply has the irrevocable and inevitable effect of turning vast areas into desolate wasteland no longer usable for agriculture or any other purposes beneficial to man," the brief declared.

The brief further stated that "considerations of public policy dictate that economic development should not be sacrificed in the interest of private monetary gain, particularly where feasible alternatives exist which make the latter possible without imperiling the public interest."

According to Texas Farm Bureau President C. H. DeVaney of Waco, the TFB policy on the matter reads as follows: "It is urgent that we do everything possible to immediately stop oil companies in the state of Texas from using underground and/or surface fresh water supplies for secondary recovery of oil by water flooding."
