DON'T NAME IT

WILL J. MILLER

Today marks the first anniversary of the announcement of writer as a candidate for Congress if and when Congress Marvin Jones becomes a man old judge.

The announcement placed in paper one year ago was just such entertainment for the people. It was written primarily for the prospective candidates thinking. It failed in its purpose to give the people a few thought the announcement was serious. It was some 3 letters that indicated engagement. It was some satisfaction to the writer to know through the vein of sarcasm and there was a bit of jarring relative to the spending of our government.

Of course this writer had no thought of entering the race one year ago. Today, the writer to real thought of entering the race. It is the honest opinion of the writer that there will not be free for all race for the son of Congressman Marvin Jones.

It is the honest opinion of the writer that FDR will be elected for a third term. In such a case it will be the duty of Congressman Jones to remain in office and carry on for the Democratic party. Congressman Jones is a strong friend of the people. Congressman Jones is the man in the agricultural field. President Roosevelt will do to improve agricultural conditions and he cannot spare Congressman Jones.

Check this on your calendar if this writer is not correct later we will have occasion to brag about this prediction.

Congressman Jones should resign, and there be a race, and the people of the district should give this enough money to make a race—the same proposition made in fun one year ago and true.

This week one year ago the prominent citizens met in the Spearman Chamber of Commerce and mapped out plans for securing Lake Marvin Jones.

The face of the fact that the agricultural section of this county, and the home of the oil field and largest gas-producing area in the world were asked for Lake Marvin Jones, the fact that he saved these three counties the same old alibi and a near million dollar lake at Dalhart where the sand is so large that a large part of the land had to be re- by state legislation so that might have a chance to ownership.

A funny picture and one should be studied carefully in election year. The lake in the Panhandle is 3 years old. It is inaugurated with more enthusiasm and promises of fair plan and of the usual political

Panhandle Production Credit Association holds Meeting

In spite of the bad roads and snow, 181 men and women attended the sixth annual meeting of the stockholders of the Amarillo Production Credit Association held Friday Jan. 26, 1940 in the Crystal Ballroom of the Herring Hotel in Amarillo. President Byron Gist presided. This attendance included 2/3 of the association's entire membership.

Hall Medford of Amarillo and F. M. Love of Dumas were elected by the stockholders to fill two three-year terms on the board of Directors. Other board members are Byron Gist, Oldham county, Emil Knutson, Hansford county, and John L. Hammond of Randall county.

O. H. Finch, outgoing director from Dallam county reported on the activities of the Board of Directors and the progress of the Association. He stated that the Executive committee, selected by the board, held 55 meetings during the year and passed on 228 applications for loans for a total of \$1,600,000.

Members now own approximately \$66,000 in the Association in reserves and stocks.

According to Secretary-Treasurer S. F. Powers, the Association loaned \$1,070,000 during 1939 and since organization six years ago over three million dollars has been loaned to farmers and stockmen in the twelve counties served by the Amarillo with the loss of only \$53 to date.

Mr John H. Seale, Jr., Secretary of the Production Credit Corporation of Houston discussed some of the values of the Co-operative nature of this credit association to the individual farmer or rancher in his present and future credit problems, based on adaptability, dependability and cost.

Members and their wives and guests enjoyed a regular John Snider barbecue at the close of the meeting.

Counties served by the Association are: Armstrong, Dallam, Deaf Smith, Carson, Hansford, Hartley, Hutchinson, Moore, Oldham, Randall, and Sherman and Potter. The office of the Amarillo Production Credit Association is located in the Amarillo Building in Amarillo.

At the organization Board meeting held by the directors of the Amarillo Production Credit Association Saturday, Jan. 27, Byron Gist of Oldham county was elected president and Hall Medford of Potter county was elected vice president. Other officers of the organization are S. F. Powers Manager, and Townsend Douglas Assistant manager.

Byron Gist and Hall Medford were elected by the board to serve with Secretary Treasurer manager Powers on the Executive committee of the Association that passes on all applications for loans. Messrs. W. A. Sloan and J. D. Amend of Stratford and Gruver and Ted Neely of Amarillo were elected to the nominating committee of the Association for 1941. These men nominate directors to succeed those whose terms will expire next January.

Elinor Faye Womble Returns Home

Elinor Faye Womble who was returned to the Baylor Hospital, Dallas, Texas last week for observation following a series of spinal operations came back home this week. Mrs Womble stated Thursday that Elinor Faye was not in as good health as the weeks following her operation, but that Hospital officials stated that she was doing fine and time must elapse before an outstanding improvement.

Oslo Church has Meeting

The Church Council of the Oslo Congregation, which consists of the officers, trustees and deacons of the congregation, met at the parsonage on Thursday of last week. Various matters of importance to the congregation were discussed. Among other things, it was recommended that the trustees take steps to provide a water storage tank at the parsonage to replace the one now in use but badly in need of repair. Mrs Hjortholm served lunch at the close of the meeting.

Bowling Alley Open Friday

Announcement is carried in this paper to the effect that the Lynx Bowling Alley will officially open at 2 p.m. Friday afternoon Feb. 2. The management of the alley has invited this writer to select some one in Spearman that he feels he can beat and toss the first game officially opening the new place of amusement. Fred Brandt, believes he can toss a wicked game, and has accepted the challenge. The public is invited to see the first game promptly at 2 p.m. Fri. Feb. 2. The new alley is in the Womble building just south of the hardware store. The alley has all new and modern equipment and will feature duck pin games including 5 pins, 3 pins and the regulation 10 pin games. This writer would be glad if as many as half a hundred people come down and watch old Fred Brandt take a licking.

PERRYTON HATCHERY GETS NEW INCUBATOR

PERRYTON—The most modern and up-to-date incubator and separate hatcher equipment that money can buy has been installed at the Perryton Hatchery 103 SE First St., with the first hatch of baby chicks to be completed Monday, Jan. 22. These new Buckeye giants hold better than four tons of eggs and themselves weigh six tons, according to Jack F. Todd and T. O. Calhoun. The incubator is one of the largest in the SW.

The new Buckeye streamliner turns eggs automatically at fixed intervals day and night. Whether the operator is out to lunch or waiting on customers, the eggs are turned regularly every three hours and a check mark is made on the recording chart each time a turning is made.

All vital factors of incubation and hatching temperature, ventilation, humidity and egg turning are controlled without the attention of the operator. Only the best results can be obtained because these factors are kept in their exact relationship for the entire duration of the hatching process.

Eggs remain in the "setting unit" for 18 days. Then, just before hatching, the eggs are transferred to the separate hatcher. During the hatch, the air in the hatcher is changed every three minutes, and the hatching process is completed in air kept constantly pure and under sanitary conditions. Foul odors and muck are eliminated. And what could this mean to baby chicks.

All these advantages will mean vitality, strength, livability and the power to resist disease and grow up into big, healthy, strong framed birds.

The LETTER BOX

Mr Bill Miller,
Find enclosed check for paper and just keep sending it, I am behind this time sending in my pay. But its coming right along well we are here helping Shirley and Leona with this Hotel. I quit the farm, not retired, just tired. Haven't had much winter here yet 2 or 3 little snows but they melt off in a day or two. It seems like the dust bowl is getting its share of the winter this time. To read of those blizzards makes me shiver. It gets cold here but its still no wind and then it stays cold not so changeable as there. Young folks have a time skating on the ice but those days are gone forever for me.

Tell all those old hayseeds hello for me or you might print this in the paper.

This Hotel business is lots of work but it beats farming in this country. That is you don't have to scot down hill as we did on the farm. We are indoors instead of in the snow that what counts, but don't get the idea that the women do all the work for they don't, but make us men step about. So I will cut this out and get busy.

As ever, your friend,
F. M. HEMPHILL,
Sprague, Washington.

JACKSON DAY—WHY?

Jackson Day—Jan. 8—does not commemorate Andrew Jackson's birthday as many people suppose, but his final victory over the British at New Orleans in 1815. He was born in the Wav-

haw settlement near the North Carolina-South Carolina border on March 15, 1767. Jan. 8 is a public holiday in Louisiana and for more than a century it has been customary for Democrats throughout the country to hold their political rallies and banquets on that date.

COLLEGIANS FAVOR AID TO FINLAND

62 percent of the nation's college youth are in favor of letting Finland draw on her latest world war debt payment to the U. S. A nationwide college opinion poll disclosed recently.

New England students led, 7 out of 10 favoring help. Texas favored it 64 percent.

Storm Costs

Unofficial estimates placed the cold wave damage in Texas at 10 to 20 million dollars. This results from crop and livestock losses, fires, damage to cars, and other means of transportation and communication facilities.

Fires claimed 20 Texans and tragedies due to the storm claimed at least 12 more.

W. N. CORRY

W. N. Corry of Keller, Tarrant County farmer and former legislator, a candidate for State Commissioner of Agriculture this summer.

Census Starts

Paul Roach, U. S. bureau of the census enumerator in Hansford county announced that work was well under way on the business and manufacturing census here.

This census was opened Jan. 2 and will be finished soon.

The nose count starts about April 1 along with the agricultural census.

All information gained, said Mr Roach, is strictly confidential.

Bill Deck Made Office Manager Of Texas Agri. Ass'n.

Bill Deck, prominent Ochiltree farmer, who has served in some official capacity for the Texas Agricultural Association since it was organized several years ago, has accepted the position of office manager for the association. Mr. Deck left this week for Waco, Texas, where he will assume his new duties. In an interview in Spearman before he left, Mr. Deck outlined the aims and ambitions of the Texas Agricultural Association as follows:

The objective of the Texas Agricultural Association is to secure for the Texas farmer and rancher his fair share of the national income. We propose to approach this object through the following:

1. Improvement in production and marketing of livestock, cotton, wheat and all other cash crops.
2. Increased consumption of meats, wheat, cotton and other crops produced on Texas farms.
3. Continue to improve the agricultural adjustment administration, soil conservation service and all other governmental agencies, working toward the improvement of farm conditions.
4. Keep informed on all legis-

IMPORTANT MEETING

A meeting of the Hansford County Agricultural Association will be held February 5, at 7:30, at the Gruver School.

The County Home Demonstration clubs will be represented. All members are urged to attend this meeting.

Visitors welcome.

SNAPDRAGON FLOWER CLUB

The Snapdragon Flower club will meet at the home of Mrs Gerney Howerton Monday Feb. 5, 1940.

Help Make Census Complete

Since the first of January, representatives of the Bureau of Census have been busy making a nation-wide survey of manufacturing, wholesale and retail sales figures by town, counties and classifications of business.

Past local misfortunes, plus a new definite upswing and growth business power have focused national attention on this region, the Texas wheat belt and all of the South. The first accurate index to the true scope of the developments in the region in both industry and business will be furnished by the 1940 business and industry census, which is scheduled for completion March 15.

Spearman wants and needs a complete census. It wants full credit for all of the retail business transacted here, for all of the agricultural business, for all of the impressive things that go to make Spearman. We can get full credit in the census only through wholehearted co-operation with the census enumerators.

The census is being taken on business transacted during the year 1939. In general the data asked in the census are: Name, type of business, location, net sales and sales by principal commodities, totals on employment and pay rolls. Each business is required by law to furnish this information; however, it is furnished in strictest confidence and the Census Bureau will not reveal any information.

Spearman is also anxious for the census of business to reflect fully the "come-back" of the Panhandle, so that the nation's business, encouraged by this will move forward at a faster pace. For that reason we ask your full cooperation.

DRYS FIGHT

Dry forces are again aggressively pushing their fight against the liquor interests with stricter control or perhaps complete prohibition as their goal.

The drys are combing the U. S. for incidents, facts and data to support their contention.

Gov. O Daniel once said "It looks inconsistent for a state to be a partner in the booze business which makes boys drunk and while in that condition many good boys are influenced to commit atrocious crimes that they would not otherwise think of doing—crimes for which the state murders them (by electrocution)".

Farm Heads See End of Water Facility Program

In a meeting of the regional Water Facility Board held at Amarillo, several days ago, problems were discussed which will probably determine the fate of the water facility program within the next six weeks, the end of the Federal fiscal year.

According to local farm administration heads who attended the meeting, the plans and hopes for the continuance of the WFP are not too good, and doubt was expressed that there would be continuance. If the experience of the past fiscal year, and the 6 months of this year which have already passed are an indication, the water facility program is doomed.

The reason for discontinuance is an unusual one. In most cases of farm discontinuances it is because of stringent government economies, but this situation is the exact opposite. If the water facility program is discontinued it will be because of lack of interest in the program, it was stated and because the money has not been used.

The 1938 appropriation for water facility work was \$5,000,000 of which but 50 percent was used. This year the amount was \$3,500,000 of which but 600 thousand has been used.

Apparently "red tape" has involved the use of water facility funds to the point where understanding on the subject, by those to whom it would be most valuable is almost completely lost. At the moment the program is divided between three governmental agencies, the FSA, BAE and SCC. This division, coupled with lease trouble, security, tenure problems, and a definite shortness of engineering personnel to forward the program has done much to defeat its purpose.

Farm administration heads, in discussing the problem, stressed the fact that the entire water facility program was set up with one purpose in mind—the small water dams, stock wells, etc., but due to the publicity on the larger projects of the program, the real purpose has been defeated.

At the conference in Amarillo those in attendance were urged to forget about the deep well irrigation projects, and to concentrate all efforts on the smaller job, that the program might survive. At the close of the meeting, those recommendations and a statement of the problems along these lines in this particular area were dispatched to Washington for consideration by the Secretary of Agriculture.

Mrs W. E. McClellan in Hospital

Mrs W. E. McClellan underwent an operation for appendicitis at the St. Anthony hospital Monday of this week. Mrs McClellan is reported recovering rapidly, and perhaps will return home early next week.

EXAMINATION TO BE HELD

Percy G. Powers, local RR Supervisor of the Farm Security Administration has received notice that examinations for typist stenographers, and clerks will be given in the near future. Applicants for positions a typists and stenographers should be able to type accurately at not less than 40 words per minute and to take dictation at 96 words per minute. The general clerical exam need not be taken by applicants for typing and stenographic positions, but should be taken by all other applicants for non-technical or sub-professional positions.

It is suggested that 18 years of age be established as the minimum for applicants.

Those who are interested in taking these exams should call at the FSA Office in Spearman immediately.

EAGLES BATTLE

Bald eagles are rare birds in East Texas, but a state game warden captain recently saw an old one fight with two younger over a duck which the old-timer had caught near Collegeport, Texas. The young attempted to tear the duck from the claws of the vet, but he fought off his young antagonists and flew to a high tree, where he leisurely finished his meal.

Simeon Caldwell Improving

Simeon Caldwell is improving rapidly at his home in Spearman. Mr Caldwell can have all the company he wants now, and his friends are invited to visit with him at his home.

POLL TAX PAYMENT HEAVIEST IN YEARS

According to information from Ben Maize, deputy sheriff, the poll tax payment for Hansford county this year was the heaviest in many years. Nine hundred and fifteen poll tax payments were made. Counting exemptions this brings the voting strength of Hansford county to approximately 1049 votes.

Gruver and Oslo last week. On Tuesday trouble with the mechanism of the bus added to the trouble, and James Steije took the pupils to Gruver. In the meantime, the necessary repairs were made at the shop on Emil Knutson's place. Fortunately the breakdown occurred near that place. On Monday and Thursday the trips could not be made because of the condition of the road. The pupils are somewhat worried because they were unable to be present to take the six weeks tests in some of their classes. Unfortunately, it seems that no opportunity to make up these tests is provided for at the Gruver school.

Emil Knutson went to Denver on Saturday of last week and returned last Saturday. He attended the Stock show held at that place last week. This show is fast becoming one of the big cattle shows of the west. Many stock raisers bring their cattle there for the exhibit and also sell them to the feeders. Mr. Knutson reports that the show was very good and that he had the pleasant time while there. He stayed with relatives while in Denver.

Oslo friends of Eveline Reinertson, now Mrs. Lund, will be interested to learn that she married to Billy Lund of Clarkfield, Minn. last Saturday. The wedding took place at the Clarkfield, Lutheran church, Rev. J. E. H. Arke, pastor, at 7:00 p.m. Mrs. Orce Johnson known in Oslo as Inga Reinertson, a sister of the bride was one of the bridesmaids.

Mr. A. Paulson, who lives in Guymon, was snowbound on his place in Oslo last week. Unfortunely he was taken ill during his enforced stay. One of his daughters came out from Guymon to bring him in to town as soon as the roads were passable. He is now much improved and will have no bad lasting effects of his experience with the real winter we are having in Oslo.

The Oslo church wishes to acknowledge the gift of money which Joseph Rios of Gruver gave. The gift was turned over to the Sunday school treasury. We understand that Mr. Rios is going to San Antonio, Texas. We wish him good luck in his work there. Mr. and Mrs. Matt Sogn and their 2 daughters were dinner guests at the Emil Knutson home last Sunday.

The county grader opened the roads in Oslo last Saturday. This facilitated the matter of going to church on Sunday, but not everyone took advantage of it.

R. V. CONVERSE SAYS

The American Farm Bureau Federation, is demanding new parity payments.

Congress is acting about as expected so far. They will probably lend aid to Finland, who is making a gallant stand for the rights of small nations. It was the writers opinion that Russia was a country governed by the people. For the benefit of the people, and that a majority was the power, but it appears now that a small minority is the power and they are dominated by an imperial dictator as ever called himself a ruler. What Russia looks like now, would not do to put in print.

Roosevelt is one of the wisest politicians of the time. He is able to accomplish most every thing he has asked for and still leave the impression that he is being directed by Congress. This is an accomplishment few have been able to perfect.

Dr. Townsend has decided on Saint Louis as the place to hold the next Convention of his supporters, which will be in the summer. It is expected the next Congress will be so spotted with New members that it will look like a Townsend convention.

After all we are following the path pointed out by the late Will

Rogers. While he was in Russia on his last trip, he pointed out that a new war was developing and that we would become involved. We are rushing right along while we are claiming we want to remain neutral we are expecting to get in, and sooner or later we will.

There is lots of talk about balancing the budget. This is to attract our attention while Congressmen build fences with appropriations. The Roosevelt budget was plenty large and cuts that will be made will not change the plans to any extent. Politics is a great game and one who likes to watch it has lots of fun seeing the moves planned and executed and when we realize that the American public is given credit for having the intelligence of a 12 year old boy the players do not have to be so bright to win.

ROACH-HARRIS. At Clarendon, Texas on Sunday Jan. 21 Miss Pauline Roach of that city was married to Mr. Will Harris of Gruver, Texas. The ceremony was performed at 12:20 at the Clarendon Methodist church. Decorations of Fern and Gladiola were used at the nuptial altar. For the ceremony Mrs. Harris wore a blue velvet dress, Black shawl trimmed in blue and beige, with black gaberline shoes and accessories of beige. A corsage of Tallman roses was the brides bouquet. Present were relatives and only intimate friends. Miss Roach is former music teacher of Gruver. After the ceremony a buffet luncheon was served in the home of the bride's parents. Mr. and Mrs. Harris left immediately for a two weeks trip to points in South Texas, after which they will be at home in Gruver. Attending from Gruver were Mr. and Mrs. J. C. Harris, Mr. and Mrs. Kelly Garrett and Mr. Don Hudson. From Spearman Mrs. J. B. Caldwell, From Amarillo Miss Faye Bagwell.

R. V. CONVERSE SAYS

Bob oh boy, do we have mud, and mud makes wheat. Wheat makes smiles on farmers faces, and smiles on farmers faces, with wheat, makes business, and business makes good times and good times makes everyone happy, here's hoping we have more mud.

Now they are admitting that Roosevelt will announce or make his views known at the right time. Regarding his intention to run for a third term, if he had known Roosevelt they would have admitted this in the beginning, you can bank on it that Roosevelt is at the head of the class in politics and when he is pushed to the foot of the class it will be a blow to the common voter.

The war in Europe is still being debated by the leaders on both sides, with the balance just a little in favor of France and England, this war has been called the War of Words and while fighting has not started on a large scale it is decidedly in earnest to the boys at the front. A bullet is just as painful as ever. It is hard to see just what the outcome will be, but you can rest assured that with every day that passes Germany has a smaller chance of winning.

Congress has talked of so many cuts in appropriations that it commences to look like there will be nothing but cuts this session. This is a new departure as every congressman knows that cuts in appropriations mean cuts in votes, so it is expected at the last minute that the cuts will not reach the proportions talked of at this time.

Since Gov. O'Daniel is becoming recognized as a smart governor, even among those who were the first to condemn him, some of the leaders in the political game are even predicting that he will be elected to succeed himself and they are willing to gamble that there will be lots of new faces in the next legislature.

Some pretty well informed citizens are expressing disgust with the poll tax law that requires a man to pay for the privilege of voting. And wish this old relic of the past was dumped in the alley of forgotten days.

Marvin Jones, has protested against the trimming that Congress threatens to give the farmers in reduced funds for the agricultural program. Most farmers are voters and if the cuts are finally carried out there may be a decided cut in votes for some of the economy standard bearers at the election this fall.

Yours,
R. V. C.

BOY SCOUTS

We had a meeting Tuesday night at 7:30. After playing games for about forty-five minutes we discussed the election of Patrol Leaders and decided to nominate six boys. Four of these were elected as the Patrol Leaders. These were Harold Crooks, J. E. Gerber, Jr., Freddie Mizar and Howard Dean Kelly, patrols numbers 1 2 3 and 4, respectively. As a boy cannot hold more than one office another scribe had to be elected in Howard's place. This was Chalmers Porter. Each of the Patrol Leaders went to a corner of the gym one boy to each corner. Then the boys were allowed to go to the boy who they thought would make the best leader. After a bit of thinking and talking on the part of the boys we divided into even patrols, six in each. Three visitors, Mr Haralson, Mr Crooks and Supt. W. R. Finley were present. Visitors are welcome at any and all times at our meetings.

Sentinels of Health
Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.
When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.
Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.
The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Jones' Pills. They have helped more than forty years of public approval. Are endorsed the country over, listed on Druggists' Sold at all drug stores.

Friday at 12:30 the Lynx started to the Canadian tournament. At 4:00 in the afternoon, they met their first opponent, Mobeetie. The Mobeetie boys gave the Lynx considerable trouble during the first half of the game, but in the second half, the Lynx finally got going and won the game to the tune of 36 to 21. Jacobs was high point.

Saturday at 12:00 the Lynx met Shamrock. The Shamrock Irish ranged from six feet tall to six feet four, but the Lynx always fight and the game ended with a score of 34 to 11 with Jacobs scoring almost 20 of the 34 points.

In the semi-finals at 4 the Lynx met Quail was defeated by 2 points. This was the best game of the tournament. Quail led the ball game from the starting whistle until three minutes before the game was over. The Spearman boys, however, finally came out on top. The score was 21-19.

In the finals the Lynx played White Deer. White Deer had lost only one game up until the Canadian tourney and had played such teams as Pampa and Canyon. Early in the first quarter the Lynx took the lead and were leading at the half by 5 points. At the end of the game the Lynx were still on top with a score of 17 to 7. It was decidedly a defensive ball game with neither team taking any unnecessary chances or shots. Jacobs was high point with 6 points. Following the finals, the basketball queen presented the trophies and all-tournament awards. Jacobs and Schell were on the all-tournament team.

The Lynettes first game of the tournament was played with Lipscomb at 6 Friday afternoon. It was a close and interesting game with a final score of 28-21 in favor of the Lynettes. Vernon was high with 16 points.

Saturday morning at 11 the Lynettes met their old rivals, Perryton. Perryton had defeated the Lynettes earlier in the season, but the song had a different tune at the tournament. The Spearman girls won 46 to 16 with their second team playing the last quarter. Baley was high with 22 points.

In the semi-finals, they met Canadian. Canadian and Spearman met before and each had won a game on their home court. When the game was over the score was 31-19 in favor of Canadian.

Beuna Vernon was placed on the all-tournament team and also received a trophy for sportsmanship.

TALE Lights

The seniors are so thrilled over the Lyrics that the Elizabethans wrote to their lady loves that one is becoming quite prominent by his dedications. Stand up and take a bow, Olen.

Why was Sophie wondering about the Shamrock celebration? Another school spirit going south. Porky and Hank are feuding. Hm! Hm! Perhaps a certain senior girl can be blamed for that!

The mud has certainly given Lloyd the blues, and it isn't making Ruby too happy.

Now what could Henry mean when he says his sleeves get dirty? Maybe black would be more suitable, boys!

Beuna says she is mistreated, but, gee, there were only three of them anyway, Fanny.

A certain poem entitled, My Gal Nellie, has been found. The writer may have the original copy by calling for it.

Harold is giving us the new fad of wearing a green ribbon in his curls. The girls are slightly hoping the rest of the boys won't take it up. We can't stand the "bow catcher" competition.

SENIORS

LIBRARY NEWS

We are very glad to have Mrs Kenney back in the library again after having been snow bound for several days.

A number of new books have been ordered for the high school library.

There will be several changes in the personnel of the assistants librarian for the second semester. Anyone wanting to work in the library should report to Miss Deakin for an assignment.

New magazines coming to the Library this month are: "School Musicians", "Vital Speeches" and "Forecast".

Last week the seniors received grades for the third six weeks and their semester averages. The class has some smart students by the looks of the honor rolls.

We are proud of the showing the basketball teams have been making. The seniors are well represented on both the girls and boys teams.

The class enjoyed the chapel program by the Stinnett band.

Mrs Caldwell secured a list of the senior that want to help with the Senior play. From these a cast will be selected and practice will start after the track meet in March.

FROSH

The freshman English class has changed from grammar to literature for the last semester. Nearly all the pupils passed the first semester, and are all fervently hoping for the same results in the second semester.

Sides have been chosen for another contest in general math. The captains of the teams are Bennie Briley and Peter Vernon.

All the fish are proud of Buddy Brockus who made two points in the Spearman Borger game last week.

Three of the freshman pupils have entered the band contest. They are Erwin Davis, Howard Dean Kelly and Bennie Briley.

ASSEMBLY VISITORS

The entire Spearman school was entertained Tuesday morning in assembly by the Stinnett band under the direction of Prof. Roy Boaz.

Those enjoying the afternoon were Mesdames W. S. Good, L.M. Howell, Jonas Spittler, Charlie Cox, Olin Chambers, Gene Richardson, and Miss Mattie Easley and Bernie Vernon.

High score prize went to Mrs Good and second high to Miss Bernie Vernon.

The Club meets Feb. 8 with Miss Bernie Vernon.

SOUR NOTES FROM THE HIGH SCHOOL BAND

BY J. E. GERBER, JR. PRELUDES:—

Whew, fan ma brow. Last week we got our first peep of the state and national band contest overture "Hero". Hero is tough especially on the clarinets because they carry the fast, tricky lead and have any number of solos throughout the number.

The rumors which have reached the band about Hero have all been to the effect that it is exceedingly difficult. These are true as far as they go, but you know I think it depends a lot on the source from which they originate. When we first saw Hero the thought of mastering such lines upon lines of fast, short, off the record notes was a nightmare. Everyone was scared of Hero because the ones who really know music said it is hard. It is now an established fact that we will play Hero at our next public performance, and that will be sometime in February. Hero really isn't really so bad as it is painted.

"When you smile it's so delightful, when you talk it's so everyone is talking about it, singing it, humming it, and now we're playing it.

The overture selected by the band for the contest will no doubt be Mantilla.

The selective march will be New Colonial.

As soon as the weather clears up and the ground dries the band will start lung and foot practice by marching at least 1-2 hour each day.

Mr Rattan left Wednesday for Mineral Wells to attend the State Band Convention for band directors. He hopes to bring back some valuable pointers to be made use of in such a way that will enable the Band to win the contests.

Monday the band held a called meeting for the purpose of selecting a pin to wear as a mark of identification and sentiment in the later days. It is to be gold filled to have a large purple and white S in the center of a lyre. Under the S will be the initials SHS and directly below that will be the word Band. I hope this can give you a half way decent picture of what we are going to purchase.

The Stinnett band came over Tuesday morning and gave a very enjoyable concert. They opened with Washington Post March. Next was the contest overture Mantilla, followed by a march, a very pretty march which for the life of me has a name I cannot recall. Another contest overture The Traveler was encored by E Pluribus Unum, the last number.

This was to be an exchange concert so assuming everything to be in order I take liberty in announcing that the Spearman Band will journey to Stinnett in the near future.

Everyone keep your fingers crossed til the ocnest.

Wedding Yells
"In that wedding ceremony I promised to cherish you said the groom of two hours. What does that mean? "Oh," smiled the bride, that simply signifies your willingness to wash dishes, wipe, dust, and do the washing when I'm tired or busy or out calling.
