

Over Million Bushels Wheat Harvested In County

Best available shipping and storage records indicate the 1940 wheat crop at least amounts to a little better than a million bushels. Shipping records show 325 cars of wheat averaging 16,000 bushels per car have been shipped from Spearman. So far this season at Morse, only 8 cars have been shipped. According to the information available at Bernstein, Gruver, and McKibben, approximately 60 cars have been shipped.

In the matter of storage, records indicate 125 cars stored at Gruver, 125 cars stored at Spearman, with 18 to 30 cars stored at Morse and Bernstein. In terms of bushels, the 1940 wheat crop secured to date would be about 1 million bushels. It is estimated that wheat stored on farms plus the remaining wheat to be harvested will amount to nearly one and one half million bushels. Records indicate that the Spearman area will harvest 2-3 of the entire county yield. This is exactly opposite to the harvest for last year when Gruver and Morse harvested the bulk of the grain.

H. L. Heard, local Santa Fe Agent, has estimated the total grain shipment from Spearman after the stored grain has been shipped to amount to more than 700 cars. Mr. Heard and other authorities in the county believe that the total shipment from other points will amount to approximately 200 cars.

R. L. McClellan of the McClellan Grain Co., said that the grain this year is as nearly perfect as any he has ever seen in his many years in the grain business.

The test shows that wheat is weighing between 60 and as high as 64-2 with a protein content of about 15 to 17 percent. The yields vary, but most fields show between 15 to 20 bushels. However, quite a bit of 25 to 30 bushel wheat has been brought in.

A number of farmers have finished cutting and are beginning work this week with plows. Around 90 percent of the wheat will go into the government loans, it was estimated this week as the price of wheat stayed at a low level. More than 100 applications for loans have been made at the county Agricultural Conservation Association office Wednesday of this week.

GRANDPA J. C. SANDERS BURIED AT HOLT JULY FIFTH

Hundreds of friends from over the North Plains area and relatives of Grandpa J. C. Sanders gathered at the Union church Friday afternoon July 5th to pay their last tribute of love and respect to the Christian life of another of Hansford county's pioneer citizens.

Grandpa Sanders died at his home in Spearman at 8:55 a. m. Thursday July 4th. He had been an invalid and confined to his bed under the care of a trained nurse for seven months.

Rev. A. F. Loftin, former pastor of the Baptist Church of Spearman, now pastor at Estilline, Texas, officiated at the funeral services. Rev. Loftin had been a devoted friend of the deceased for several years, and it was at the deceased request that Bro. Loftin came to read the funeral services.

A mixed chorus composed of Messrs Wm. E. McClellan, Fred J. Hoskins, P. A. Lyon, A. F. Barkley, Mesdames J. B. Cooke, C. A. Gibner and Miss Bethel Long and Miss Helen Richardson, sang several hymns, favorite songs of Grandpa Sanders during his lifetime.

Interment was at the Holt cemetery with Rev. Loftin reading the graveside services.

Grandpa Sanders numbered his friends in this section of the country by those who had met him. In his younger day he was one of the outstanding civic and religious leaders of the Panhandle country. He was known far for his wholesome philosophy of life and spent many of his useful years of his life extending advice to his friends.

Julius Carroll Sanders was born near Columbus, Georgia, January 10, 1855, died July 4th, 1940 at the age of 85 years, 5 months and 24 days. Came to Texas in 1874 with his mother and brothers and sisters. His father having died in 1861. They settled in Milam county, Texas and still later he located in Bell county near Holland, Texas. Here he met and married Miss Florence Archer. To this union 11 children, six boys and five girls were born. Those preceding Bro. Sanders were Emmett Carroll, Susan Clara Sanders, Mrs. Fay Jones, Mrs. Robbie Shelton and his wife, Mrs. J. C. Sanders.

Bro. Sanders came to this country in 1900 and settled on the old home place in April of 1901. He was among the very first wheat raisers of the North Plains. He took deep interest in the social, political and economic affairs of this section. He was a builder and a peace maker as evidence of this fact people at a distance of 100 miles came and sought his advice.

As a Christian leader Bro. Sanders was born again in his 21st year. He entered at once into active service in the Christian life even before he was baptized into the fellowship of the old Post Oak Church in Bell county, near Salado.

One of his first services as a Christian was teaching of a Sunday school class. This kind of service he kept up until his health failed him. He helped organize one of the first Sunday Schools on the plains. Bro. Sanders was a leader in the organization of the Baptist church at old Hansford which was the First Baptist church in the county. Later, he was active in the Baptist church at Blodgett, and still later moving his membership to Spearman where it remained until the day of his death.

Bro. Sanders fell on to sleep Thursday morning at 8:55. He was a great sufferer for months. He craved death. His going was like a child going to sleep on its mother's bosom.

Those left to mourn his home going are: Meritt, Walter, Layne Rex, Fred, the boys who all live at or near Spearman. The daughters Mrs. Ed Taylor of Kaycee, Wyoming, and Mrs. May Jones of Spearman, and 23 grandchildren and 1 great grand child.

BIRTHS

Mr. and Mrs. Charles Newcomb announce the arrival of Charles Lindon Newcomb, born July 5th and weighing 6 1-2 pounds.

WORLEY HERE CAMPAIGNING

Eugene Worley of Shamrock, whom many people have recently said was the most discussed candidate in the race for Congress to succeed Marvin Jones, was in town this week renewing friendships and making new ones.

Worley, 31 years old, is one of the youngest of the 12 candidates who have announced for Congress and at the same time is perhaps the most experienced law-maker in the field, having represented the 122nd legislative district comprising Gray, Wheeler, Donley and Collingsworth counties in the state legislature at Austin for the past 6 years.

Absentee Ballots Ready

County Clerk Fred Hoskins, announces that absentee ballots for every precinct in the county are available. County democratic chairman Lee McClellan urges all Hansford citizens who will be away from home on election day to cast their vote now.

SHOWER AND HEAT

Despite a shower that fell on Wednesday afternoon recording a moisture fall of .06, the heat wave recorded the July high of 109 in the shade said F. W. Brandt, U. S. Weather Observer.

Methodist Church Is Now Air-conditioned

Rev. Swim has just added a new, modern, cool air-conditioner this week to the Methodist church for the benefit of all church goers.

This conditioner has one of the largest fans that has ever been made and is guaranteed to keep the building as cool as an ice box. And according to Bro. Swim there is no need for anyone to stay away from church in fear of being blown away.

Converse Makes Strong Bid For Farm Vote

One of the 12 men running for congress of whom more will be heard in the next three weeks is R. V. Converse of Spearman. Calling himself the "farmer-candidate", Mr. Converse has been too busy with his wheat harvest to do much campaigning thus far. But he has had time to get out for a few rallies and announces that he will campaign in earnest during the remaining time.

Active for a number of years in farm organizations and in the Townsend Old Age Pension clubs, Mr. Converse is depending on endorsements from these for his campaign foundation.

Summarizing his platform, Mr. Converse says he is for rapid completion of the armament program, parity prices for farm products, land for dispossessed farmers, opportunity for youth, jobs for the unemployed, retirement of the aged on federal annuities, and permanent recovery.

"I am a farmer, live on my See No. 7 Page 8

From Speech of Jones July 1st 1940

At the close of the decade ending with 1932, what did the farmers of America have?

They had the Farm Board and the panic. What has been done for them since that time?

- 1) The Soil and Water Conservation program.
- 2) The lowest farm interest rates in our history.
- 3) Rural electrification.
- 4) Marketing Agreements
- 5) Commodity loans
- 6) Parity Payments
- 7) Research into new uses and new markets.
- 8) The Stamp Plan and distribution of surplus commodities.

Six million farmers are voluntarily cooperating in the various wings of the program. Would anyone advocate the repeal of any of these acts?

Mr. and Mrs. M. E. Smith are the grandparents of a 5 lb. girl born July 4th to Mr. and Mrs. Leo Smith of Hutchinson, Kansas. Both parents are former residents of this city.

CURTIS DOUGLASS WILL SPEAK HERE JULY EIGHTEENTH

Curtis Douglass of Panhandle, candidate for state senator from the 31st senatorial district, will speak at 4 o'clock Thursday afternoon, July 18th, in Spearman and will bring his candidacy before Hansford county voters.

In campaigning over the 31st district, composed of 26 counties Douglass reports that he has received much encouragement. He made the race for state senator 4 years ago, and a shift of a few hundred voters would have enabled his nomination and election.

Around 50,000 votes were cast in the 1936 election, and the politicians said that he "didn't have a chance." In the intervening years hundreds of persons have told him they voted against him because of that talk today they are among his ardent supporters.

Douglass is known to hundreds of persons in Hansford county, as he has served in an official capacity, both as district attorney and as district judge.

His friends urge that as many people as possible turn out for the address Thursday afternoon, July 18th.

ACCIDENTS

Injuries and accidents taking their toll during the last 10 days in and around this county have caused a great deal of disturbance and alarm.

Although most of the accidents did not result in serious disabilities to their victims they were bad enough at the time to give everyone a scare.

Harry Shedeck, well-known Hansford county farmer, received severe lacerations and bruises about the head and legs when he accidentally collided with a truck driven by Chester Hughes last Friday night.

The accident happened on the elevator row. Mr. Hughes was driving on his side of the street and Mr. Shedeck was walking on the same side with his back to the car.

He suddenly cut across the street, although Mr. Hughes turned his car quickly, he was unable to prevent it from striking Mr. Shedeck on the side and knocking him over. Mr. Shedeck was immediately taken to Dr. Gower's office, then rushed to the Borger hospital for treatment. He was brought back the next day, and at this time is able to be up and around, and it is likely that his complete recovery will be soon.

During the first part of last week, Mr. Charley Jackson, well-known Hansford county resident and farmer had 20 stitches taken in his leg as the result of a severe cut from his combine. He is recuperating as rapidly as can be expected.

Mr. John Fisher who has been working in a wheat field near Gruver got his hand caught in a combine and received painful injuries before he could get help. Dr. Gower treated him, and he is getting along fine at this time.

MRS STEED ILL

Van Earl Steed received word Friday of last week that his mother who is one of the pioneer residents of Groom, Texas was seriously ill. Mr. Steed accompanied his mother to Dallas where she was entered in the Baylor hospital. Her condition Wednesday of this week was unchanged, with little hope for recovery.

MAX BOYER GIVEN WARM RECEPTION BY HOME FOLKS

Max Boyer, candidate for the state senate, spoke to a large crowd of 'home folks' here on Monday evening.

"It is a pleasure," he said "to face the people I have served the past four years in the legislature—and with a record that is so clean and wholesome it seems that the candidates for the Senate in this race have agreed on many of the vital issues.

"If one can judge by the text of talks from radio and from speaking platforms, all candidates want cooperation in enacting needed legislation that will pay our obligations to aged, the blind, the dependent children and to our teachers. The records show that I have never been a member of a minority block which has impeded legislation for the benefit of our people and if you elect me state senator from this district you will not find me blocking measures to pay our social security obligations. All Risk Wheat Insurance Program

The 1941 all-risk wheat crop insurance program is underway over most of the Texas wheat section with only a few county AAA offices not yet accepting applications.

More than 100 county offices have received their wheat acreage allotments for 1941 and are accepting crop insurance applications with prospects bright for greatly increased participation during the program's third year of operation, according to E. R. Duke, state crop insurance supervisor.

"Better understanding of the program on the part of the producers and proof of the soundness of wheat crop insurance assure us of a substantial increase in participation this year," the supervisor added.

Crop insurance rates are calculated on an actuarial basis with the rates varying for different farms and different counties according to crop losses experiences and yields in those localities, Duke explained.

Near All-time Heat Wave Hits County

One hundred and eight in the shade according to F. W. Brandt weather observer, is near the all-time record in Hansford county. The record was hit on Tuesday of this week. The all-time heat record is 111 in the shade and was recorded about 3 years ago, according to Mr. Brandt.

Goodrich Gives Radio Schedule

reports from over the district become more favorable than ever, Lewis M. Goodrich, Shamrock, candidate for Congress, is still carrying on his house-to-house campaign when he finds time between radio talks and appearances at rallies over the district.

Goodrich still has 8 more talks over the radio, three from KPDM, Pampa, and 5 from KGNC, Amarillo. His talks from Pampa will be from 12 to 12:15 p. m. July 16, 18 and 19.

His KGNC times will be from 6:30 to 6:45 a. m. July 22 and 24 and 11:45 to 12:00 July 23, 25 and 26.

Goodrich remains reservedly optimistic as friends volunteer reports, both in conversation and in letters, that he is running strongly and is gaining all over the district.

Hundreds of men who have worked with Goodrich on grand juries and in other services in district court have assured him that they think he is the man for the job and that they are actively supporting him.

A farmer of Gray county, a former grand juror with Goodrich, recently wrote, "I think Mr. Jones has done a lot for the people while in office. He has done everything but make it rain and here is hoping you will be the rain maker."

Roy Lee Jones, Jerry Daniel and Perren Lyon attended the Anvil Park Rodeo in Canadian July 4th.

COME TO SPECIAL SERVICES

The Methodist church and Baptist churches voted last Sunday to hold co-operative services Sunday evening through the remainder of July and August alternating with both the preaching and the services, with Rev. Swim preaching at the Baptist Church every other Sunday night and Rev. Doyel preaching at the Methodist church in between times. The first of these services is to be at the Methodist church next Sunday evening with Rev. Doyel preaching.

It may look on the surface that the preachers are wanting to do what about 75 percent of the members are doing and that is to take out on part of the work during the hot season, but on the

TOM ELLZEY PARTY PLANNED FOR 19TH

In preparing for the biggest and best amateur rodeo ever held in the Panhandle country, Tom Ellzey and his fine boys plan a tour of practically every city in the entire Panhandle country, both to invite guests to the party to be held at the L-Z ranch headquarters on Wolf Creek, and to invite the voters of this section of the state to vote for Tom Ellzey for Congress. Tom Ellzey and Lawrence Ellzey, the singing cowboy will start on their tour Friday July 12. The itinerary calls for the two Ellzey's to be in Spearman and Gruver on Saturday July 13. They will be in Spearman at 8:30 a. m. and will give a program on the main street and invite one and all to attend the Neighbors Day rodeo and program which will be held July 19. Tom and Lawrence will go from Spearman to Gruver and will give a program at Gruver at 9:30 a. m. Saturday July 13.

One of the features of this years rodeo and neighbors day program at the Ellzey camp and ranch will be a free John Snider barbecue and banquet. Another feature will be the Neighbors day address by Dr. Angie Smith, pastor of the First Methodist Church of Dallas, Texas. Another splendid talk will be given by Judge James I. Phelps, until recently of the supreme bench of the state of Oklahoma.

The annual rodeo will be held on this date, in which the youngsters of the boys camp and amateur cowboys of the North plains country participate. The rodeo has earned the reputation of being one of the most interesting of any in this section of the state.

R. V. Converse Says:

It appears that we are to have no war at this time or in the near future, and there are those who will be disappointed, however, they will be comforted by large orders for preparedness, at fancy prices, but the poor lonely farmer is being told that prices must remain low on farm products so that the idle millions can eat. Some of the farmers are scraping the seals from their eyes and will cast their vote this time for a Farmer for Congress.

The entrance of Wilkie into the political field is going to make many people who were opposed to the new deal turn back and accept the Democrat party as their standard bearer for 1940, they rather have Roosevelt and the New Deal than a man who has Utility written all over him.

PANHANDLE-PLAINS POPULATION

The 26 counties of the Panhandle Plains, composing the 31st senatorial district, had a population of 229,966 compared with 238,618 in 1930 and 114,577 in 1920.

The 18th congressional district, formed of the 26 counties plus Cottle and Motley counties, had 242,041 in 1940, compared with 254,825 in 1930 and 125,585 in 1920.

The 31st district lost 8,652 population the past 10 years and the 18th congressional district lost 12,784.

The 7 counties had gains as follows: Potter 9,816; Deaf Smith, 70; Gray, 1,757; Hutchinson, 4,206; Moore, 2,878; Parmer, 10; Randall, 112. The total gain in the 31st district for these 7 counties was 18,849, while the other 19 counties lost 27,501, giving a net loss of 8,652.

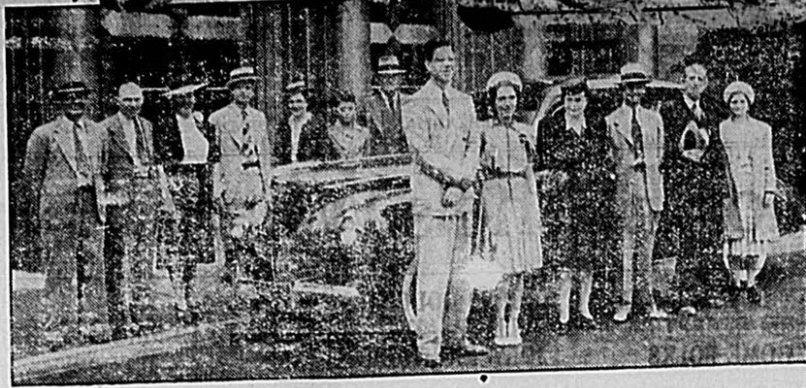

These figures show some shift in population for the 26 counties. In 1940 the 7 counties with gains had 122,341 population; the 19 counties with losses, 107,625; total 229,966. Ten years

This picture shows a group of Lincoln-Zephyr customers in front of the Ford Rotunda, starting a trip through the Ford and Lincoln plants.

ago the 7 counties had 103,492 population; the 19 counties 135,126.

Additional activity in Amarillo, Borger, Pampa and Moore county accounted for nearly all the gains as the increase in Randall, Deaf Smith and Parmer totaled only 200. In fact it is probable that Randall county would have decreased had not it been for the growth of South Amarillo, which extends over from Potter county.

Texas now has 21 congressmen. Twenty-one times 242,000 would give a state population of 5,082,000. Texas had 5,600,000 people 10 years ago and should go beyond 6,000,000 this year. This could mean that the 18th congressional district will have to add a few more counties in the next reapportionment.

—Panhandle Herald, Texas.

—NO. 5

Prominently mentioned for the Speakership of the state house of representatives for 1941, Worley without an opponent for his 4th term in the Panhandle legislative post, tendered his resignation to Governor W. Lee O'Daniel and announced his candidacy for Congress when President Roosevelt recently named Marvin Jones to the federal bench. The Shamrock legislator said he did not believe a man should make a race for a public office while occupying another office, which is something in the way of a precedent as Texas politics go.

Rearred in a country town, Worley has the interests of the average man at heart. In six active years as a member of the state legislature he has fought his hardest battles for the farmer, the laborer and the schools. That his record on farm legislation, education, social security and old age benefits has met with

approval of his home folks is attested by the fact that not a person in the four counties he has represented at Austin chose to oppose him in his race for a third term two years ago, and no one had announced his intention of running against Worley when he decided to resign several weeks ago and make the race for Congress.

Worley is a unique character in Panhandle politics in that he has never spoken anything but praise for any opponents he has ever had for public office. In his present race Worley said if

he could have personally picked his 11 opponents he could not have selected 11 finer gentlemen than are now seeking the office for which he is a candidate.

K. that he had again led Texas in June in the number of policies written. In fact E. K. doubled the nearest salesman to him in the number of policies written for the month in Texas. At this date he has not heard how he rates with the whole organization, but has set a pattern for the entire crew for the past 3 Junes.

Mr Finas Maize attended the Rodeo in Canadian the 4th.

CARD OF THANKS

We take this method of expressing the hundreds of friends who have been so kind and considerate to the family during the long illness and death of our parent and grandparent. Your tender words, your attentive care for Grandpa Sanders during the lonely hours of his illness, your floral offerings and love for our parent has touched our heart. May God's richest blessings rest with each of you.

SHOWER HONORS MRS LEVERTON

The three circles of the Baptist church met with Mrs L. S. Wilson Wednesday July 10, at 3 p. m. A business meeting was held then a social hour followed. Eugene Worley and Morris Cougar of Shamrock were the dinner guests of Mr and Mrs Will Miller Monday.

Maxine Allen was in Amarillo this week-end.

"In making your vote of this important state office, you, as voters, have the privilege of promoting a candidate with 4 years experience to a position where he will be better able to handle citizens. You have the opportunity to check the records in your courthouse and find out if Max Boyer has cooperated with the executive department of the state in the program to pay our social security obligation. You can check the records in your courthouse and learn whether Max Boyer has fought for every measure that benefited the average citizen, including the successful fight to retain the gasoline tax refund, the state-wide soil conservation measure the Dallam-Hartley land bill and other legislation that is part of the record of your candidate for state senator."

Last week Boyer spoke to large crowds at Stratford, Vega Canyon, Canadian, Dimmitt, Turkey, Quitaque, Silverton and Tulla. He will speak at Higgins, Tulla, Tuesday night at 8. White Deer Wednesday night and at Groom Thursday night. He will attend the Wheeler celebration Friday and Saturday. Boyer will speak at Friona at 3 p. m. Bovina at 4:30, Farwell at 5:30 and Hereford at 8:15 Saturday.

—NO. 7

own farm and earn my living farming and stock raising, and know exactly how the farm program affects the farmer," Mr Converse said. "I would favor a more simplified program, and one that the ordinary individual could understand." **Will Peg Prices** "I see no reason why the prices of farm products should not be pegged at parity rather than at

births of parity, or less, will strive earnestly to bring this about. Parity means that a bushel of wheat or a bale of cotton or a given amount of any farm product would purchase as much goods in the market now as it would have in 1909 to 1914." He also recognizes the seriousness of the farm tenant's problem resulting from the migration of tenants from the farms to the relief rolls of the cities.

Favors Tenant Aid

"I would support a bill to make millions of dollars available immediately," he said, "for the purchase of land, livestock and farm machinery at low interest over a long term. It costs \$600 a year for the government to keep a family on relief so why not invest this amount at least to make the homeless farmer self supporting."

He would use unemployed labor to build military highways from coast to coast, and would align himself with the friends of labor to see that labor's interests including the rights of collective bargaining are safeguarded.

Concerning pensions, he said he favors the federal government taking over all old age benefit activities and removing this political football from state politics."

He would eliminate duplication of government bureaus and departments, he said, in the interest of strict economy, would support the Dis committee; would oppose government meddling in business or federal control of oil.

TIMELY TIPS

ON THE CARE OF YOUR ELECTRIC REFRIGERATOR

from your electric service man

Follow the suggestions below and you will enjoy even more economical and efficient service from your always dependable and inexpensive-to-operate electric refrigerator.

DEFROST REGULARLY. When frost becomes thick on the freezing unit, it acts as an insulator, preventing efficient cooling and also resulting in extra running of the motor. Frequency of defrosting depends upon atmospheric humidity and moisture content of foods stored. A good rule is to defrost whenever the frost on the freezing unit becomes three-eighths of an inch thick.

KEEP CONDENSER CLEAN. The condenser looks like a finned radiator. In some models it is housed with the motor and compressor; in others, it is behind a removable shield on the back of the refrigerator. Use a long bristle brush or the suction hose from your vacuum cleaner to clean off all dirt and lint. This will permit quicker condensation of the refrigerant and result in more economical operation.

OIL PER INSTRUCTIONS. If your refrigerator has an open type unit, it should be oiled regularly in accordance with manufacturer's instructions. If it has a sealed unit, it does not require oiling. In case you do not know how to oil your refrigerator, consult the dealer from whom you purchased it.

DO NOT CROWD STORAGE SPACE. Since free circulation of air inside the food cabinet is necessary to maintain proper temperatures economically, dishes and other containers should not be crowded too closely together on the shelves.

WATCH TEMPERATURE SETTING. To keep down operating cost do not set control for colder than necessary. Food compartment temperatures should not go below 38 degrees or above 48 degrees.

SPECIAL NOTE VACATION!

Before you leave on your vacation, be sure to turn your temperature control to the vacation setting, to the vacation setting. This will protect any in the refrigerator and keep the cost at a minimum. heat and lack of air circulation in a tightly closed house will cause an unused refrigerator to run more or more than it would normally use, so leaving it on a high wastes electricity.

If you plan to be gone for an considerable length of time, disconnect your refrigerator to consult your dealer for instructions on proper adjustment. Otherwise the refrigerator may be thrown out of cycle. This applies only to open units. No adjustments are needed on sealed units.
