### Hansford Co. Wheat Won 1st & 2nd

**L. B. DUDLEY, FIRST  
C. H. CLAWSON, 2ND  
AT AMARILLO  
CONTEST**

We did it before and we did it again.—The following telegram was received by county agent Joe Hatton:

"Just a note to tell you that you received the first and second Prizes in the Milling and Baking Contest held at Amarillo by the Texas Wheat Improvement Association. Mr. L. B. Dudley's Turkey Red was first and Mr. C. H. Clawson's Tenmark was 2nd. The results of the contest will be sent to you soon and will be announced thru papers.

"Congratulations!

"Prize money will come forward within the week. Signed Fredric T. Dines manager Texas Wheat Improvement Ass'n."

In 1941 A. R. Bort placed 3rd in this contest, had harvest conditions were responsible. In 1940 we got 1st, 2nd, 3rd and 5th places, with J. D. Wilbanks 1st. Mr Dudley farms west of Gruver; Mr Clawson at Hitchland. We are fortunate. Wheat from this county is moved to milling companies long before other counties sell a car. We grow the best wheat of any county in Texas. We grew more certified wheat than the rest of Texas combined, said Joe Hatton.

Here's what one big milling company had to say about other counties: "At no price will we purchase Chiefkan wheat, and at no price would we knowingly purchase early Blackhull. We might purchase up to 15 percent of our grind requirements of Standard Blackhull, at from 3c to 5c a bushel Discount under the prices paid for Tenmark or Turkey." Quoted from a letter by Jack Pj Burrus. Hansford county planted more than 95 percent of its land with either Turkey or Tenmark last year.

Applications for 1942 wheat parity payments will be ready to sign within the near future. Each producer will be notified when his application is ready.

### TEACHERS BANQUET SET FOR SEPT 22

Fred Hoskins, program chairman of the Spearman Lions Club had charge of the year's first program at their meeting, Tuesday noon.

Hoskins fashioned his program after Dr I Q, reading a biography of Judge Barkley, having the club guess his identity by various clues given. Other quiz questions followed.

Roy Jones, Bill McClellan and Elma Gunn were appointed as a committee to make arrangements for the Annual Teachers Outing, Sept. 22 was chosen for this picnic. There will be no meeting Sept. 22.

E. N. Richardson will have charge of the program next Tuesday, Sept. 15.

### School Enrollment Down

With one teacher in the grade department short, the Spearman Independent School District opened for business, Monday, Sept. 7.

Enrollment to date is 27 below the 1941 mark, and 71 below the 1939 mark.

Year	Enrollment
1939	480
1940	435
1941	439
1942	400

Last year 153 students enrolled for high school studies. This year 154 enrolled, an increase of one. However the grade department last year enrolled 283 as compared with 255 this year.

The '12' grade system was installed in the schools this year with the division being made at the fourth grade. Enrollment by grades:

Grade	No.
First	30
Second	33
Third	32
Fourth	36
Fifth	17
Sixth	33
Seventh	35
Eighth	39
Total	255
Freshman	42
Sophomore	41
Junior	31
Senior	40
Total	154

Miss Leona Emmick, of the Lake View community turned in her resignation as musical supervisor for the grades, Mrs Eula Goodall will teach these music classes.

Prin. W. I. Byron announced that he expected an enrollment of 80 for the band this year.

In ten years of observing school openings in Spearman the writer believes this year was the best. There was no confusion everything was running on schedule Wednesday morning. Even under these trying times it looks like Spearman is starting its best school year.

Several improvements have been made at the local school buildings this year:

Halls of the grade school were cleaned, sanded and varnished. Several rooms were repaired, such as removing seats, varnishing desks etc.

The auditorium has undergone a clean-up and paint-up job. Looks like a new room.

Janitors Haralson and Lawson are hard at work on the exterior part of the school, the grounds, they will be in shape in the next week or so.

**Gruver**  
Supt. Bush of Gruver announced the schools there would be open Sept. 14. At the last report the Gruver schools had not obtained sufficient teachers to open.  
**Morse**  
Supt. M. C. Jackson said today that the Morse schools opened Monday with all teachers accounted for.

**Osto**  
No school yet. A teacher cannot be found.

Mr and Mrs A. McKay went to Fort Worth to take Betty to enroll in nurse's school and Jack to Amarillo to enroll in a school there.

### TENANT MAY SUE LANDLORD IF RENT IS RAISED

Tenants living in defense-rental areas where federal regulations are in effect have the right to bring suit against landlords who charge them more rent than the legal maximum.

Howard A. Schladt, regional rent executive, said today.

Mr Schladt said that a tenant who has been charged more than the legal rent ceiling since federal rent control was invoked in a specific area, may bring action for \$50 or for three times the amount by which the payment or payments have exceeded the applicable maximum rent, whichever is greater, plus reasonable attorney's fees and costs as determined by the courts.

Under the Emergency Price Control Act of 1942 if any person, selling a commodity violates a regulation, order, or price schedule prescribing a maximum price or maximum prices, the person who buys such commodity for use or consumption other than in the course of trade or business may bring an action either for \$50 or for treble the amount by which the consideration exceeded the applicable maximum price, whichever is greater, plus attorney's fees.

The price control act further states: "For the purposes of this section the payment or receipt of rent for defense-area housing accommodations shall be deemed the buying or selling of a commodity, as the case may be."

### CELEBRATE

Mr and Mrs Virgil Floyd of Old Hansford, were host and hostess to a dinner at their home Sunday, Aug. 30 to honor Mrs Floyd's parents, Mr and Mrs O. C. Raney whose forty-second wedding anniversary fell on Aug. 29th.

Members of the family who live at Spearman were present. They were Mr and Mrs Bob Crawford, three sons and daughter; Mr and Mrs Virgil Floyd, three sons and Mr and Mrs O. C. Raney.

Mr and Mrs Raney boast of having an even dozen grandchildren, nine of whom are grandsons and 3 granddaughters.

### TEACHING AT BORGER

Miss Elizabeth Miller, daughter of Lt. and Mrs W. J. Miller is teaching the 1st and 2nd grades at the Petrolia Ward School, Gulf Camp, Borger.

### RAIN WAS GENERAL OVER COUNTY—BEST RAIN IN YEARS

Saturday night Hansford county received one of the best rains ever recorded. Total rainfall Saturday 1.56 inches. Sunday, .06 inch, for a total of 1.62 inches.

This rain was not the biggest ever received, but came at the most opportune time of any for the past decade.

It is estimated that 80 percent of wheat-land had been plowed and drilled. Land that had not been drilled had been plowed. Everybody was ready for just the rain they received.

The driest part of the county is the McKibben community. Less than one inch of moisture fell in that area Saturday and Sunday.

Cowmen are smiling, farmers are happy. The rain insured an abundance of wheat pasture for this fall and winter. If we can get average moisture from here on we will have another bumper wheat crop next year.

Last August, 1941, we received 5.37 inches. August, 1942, we received 2.77 inches. Sept. of last year was dry until Sept. 21 with .06 inch.

Hansford county soil will grow anything if it receives just a little moisture.

### NEED TWO MORE NAVY RECRUITS FOR SEPTEMBER

More than 100 men a day were enlisted in the Navy from this district during the first week of Sept. Lieut. L. H. Ridout Jr., officer in charge, announced today.

"In ordinary times, this would be not only an astounding figure but recruiting facilities would be taxed. However, these are not ordinary times, and the figure must be raised if we are to meet our month's quota of 3,600 men. Don't worry. We are fully equipped to take care of all increases in enlistments."

At week's end, total figures showed that from HANSFORD county ONE recruit had been sworn in. The county quota for Sept. is 3 men.

Information concerning the Navy may be obtained by calling at The Reporter office.

### METHODIST REVIVAL BEGINS SUNDAY, SEPT. 20TH

## JUNK needed for War

tons of scrap metals been brought dealers at Spearman in the past weeks. It is estimated that tons of scrap still remain on streets, alleys, basements, yards, etc.

week due to the scrap shortage. For every mill closed we will lose hundreds of men. Is your scrap more important rusting on your premises, than one soldier boy?

R. L. McClellan reports over 65 tons received in Spearman. Dan Shrader reports of Gruver reports about 25 tons. The county-wide drive ended Sept. 5th. DO NOT STOP bring-

ing in scrap metals. As long as we are at war your scrap will be NEEDED!

"Will Hansford county fall, or linger along until America is exhausted because of the lack of effort or realization of the seriousness of the situation we have?"

You won't get rich selling your SCRAP, but you will help kill a lot of dirty JAPS.

## No. 24 Says

### DEAR PREACH:

I wish you would have "Little Reed" change the name on my paper. . . and while he is working at the job he had better check up on Joe Womble. The situation is that you have my military address attached to Joe Womble's name, and the Good Old Reporter has been coming here and my colored secretary failed to deliver it to me.

Preach, you remember I told you that I was one of the only 3 men in the last lamented World War, who positively refused to train colored troops—and that I was assigned to a company the first thing—well this war, I was a little bit more careful. I kept my mouth shut but I got the colored troops just the same. I have some men and we are waiting for rest of the company. I will not discuss the military situation. It's just not done. That's that.

Paul I have been in a fisherman's paradise The Mississippi runs all around this camp, and one can start fishin a half mile from my tent and have nine miles of river front fishin. All on this government reservation. Up until the past ten days I have spent most every afternoon catching up on fishin. It is a great game and we fish in the river just like Bruce and Ike and Gene and the gang fish in mountain streams. Just start wading up stream and cast as far up stream as we can, and let the fish grab the bait or lure as it goes along the stream. I have caught several 27 inch Northern and walleyed pike—and you can catch Rock Bass as fast as you can pull em out of the river.

The only thing that I have to worry about is the cold weather that is coming. However, my colored boys can't stand any more of the weather than I can, so I expect to make some changes some of these days.

I sure enjoy the Reporter, and I want to tell you that you are a real columnist. You pick up the items that are everyday interest—and do not exegerate as I do. I think you have a wonderful future in the newspaper game, and I am proud that I didn't knock you in the head that day you slipped over to the pool hall when you should have been working. You have me and Bill McClellan and Lois to thank for making such a good man out of you—and I guess your wife is entitled to most of the credit—cause you really did not start to commence to make good until you married.

I hope the good old Lions Club will get into harness and keep the home fires burning. The Lions Club has weathered depressions, dust storms, and even me as Boss Lion, so there is no reason why they shouldn't continue to be of good influence in Hansford county.

Preach, I hope you Spearmanites can begin to realize that the finest people in the world live in Hansford county, and that those who live in and around Gruver are just as fine as they can be—and that the old county seat fight is a thing of the past and should be forgotten, and all the fine folk fight for Hansford county. I love the Gruver people—and I am a disinterested party, and can tell you to your face that Spearman is just as selfish as Gruver, and that the both factions are durn silly not to forget bygones and work for a United Hansford County, the "Finest Place on God's Green Earth."

Retread Lt. W J Miller  
260 MP Co.  
Camp Ripley, Minnesota.

P. S. I have been whipping my colored orderly every week when the Reporter does not come and have broken two pick ax handles on him. Since it was your fault and I will have to pay for the government property destroyed, please send me \$3.00 to bring me out in the clear—and don't send my paper to Joe Womble.

Bill:  
Dear Bill:  
I had 'little reed' fix your paper. (Send me a dollar back, I broke a composing stick over his head). About the fish, even rank amateurs, such as Bill Russell have been catching trout this year. Thanks for the nice compliment about the paper and write old Simeon Caldwell that and maybe I can get an ad from him. He has something to sell. About that pool game that day, was playing with Bill McClellan.

We've just got one thing on our mind here in Hansford county now. "To whis hell out of Hitler and his pals."

### GET IN THE SCRAP!

"We're not telling you and you and you that gathering up the scrap iron around your place is going to pay you a big profit. We're not even hinting that you will be paid a working wage for your time and expense in hauling it to town. But we are saying that it's the patriotic duty of every loyal American citizen that has scrap iron to go all-out in this collection."—Van W. Stewart, Ochiltree County Herald.

Government now calls for filling of ceiling prices by more business firms. Maybe somebody should put a stop on some of the hundreds of letters we receive each week with government publicity.

A lot of government guys are holding down jobs that pay big money. They are so incompetent they could not command a decent job in civil life.

We need a Pied Piper. You take your life in hand if you walk around down town after dark. Several men are thinking of trapping rats for the fur. Some of them are as big as possums. No. 24 killed one in the Reporter the other day that weighed 5 pounds.

W. M. Deck, vice president of the Texas Farm Bureau Federation has made an outstanding record as a farmer and stockman. He is at the top of Texas farmer organizations. He is sincere in his work, willing to help with anything he can do. We're glad to have Bill so near our county.

Here's a good thought:  
I am an American Soldier

I am a mother's son. I am the pride of a family and part of a home. I love my life as you love yours. I am a youth in years and experience in life, yet I am a gambler, betting the highest stakes that a man can wager—my life. If I win, you win; if I lose, I have lost all. The loss is mine, not yours; and there is a grieved mother, a saddened family and a broken home to which I can never return. I ask only for the Godspeed and support of my nation in return for laying upon the altar of my country my all. Will you bet your gold while I bet my blood? Will you hazard your wealth while I risk my life.—Written by Edward Markham, editor of the St. Peter Herald, Minn., the night before he enlisted in the Army in 1917.

Did you ever stop to think what your money will be worth if we lose this war! Better start letting those greenbacks makes guns etc. to lower the rising sun.

I've had several people ask me why I call this trash No. 24 says. —Your Uncle Sam gave me the number. I am the 24th registrant of the first Selective Service group. Ten out of that original 24 have already gone to the Army. Seven of the remaining 14 have more than one child. Four of the remaining seven have one child. That really makes me No. 3. I am now classified 3-a. My ow thinks I should be in 4-z and the draft board knows I am 1-a. My creditors put me in 90-d (maybe they'll get their money in 90 days). The ration board uses my application for a tire as an example for those who want to know how to fill an application out.

We owe a lot to the Santa Fe rail road. They pay a lot of taxes. They are willing to work with our city on any progressive movement. They keep their Spearman property painted. In fact they are a part of Spearman just as much as any other business in town.

We should have done it before. But after the war is over we should build some churches. I know that you are no better Christian, whether you worship in a tent or beautiful temple, but it sure would help to have several good church buildings. We have the worst looking churches of any town in the panhandle of Texas. They are a disgrace to the people.

If you need a grain bin, cotton storage house, round chicken house, etc. see Simeon Caldwell at Consumers Sales Co. Sim has 4 or 5 good bins big enough to hold about 1100 bushels of grain. If I can sell them for him he will take a page ad.

Dude Hart, manager of the Spearman Equity Exchange sure is busy. Too busy to come to

Lions club. He is doing a good clean up job at the Equity. Tore down that old filling station on the corner. Makes the place look better.

The rain of Saturday night was worth at least a million dollars to this county. Wheat pasture in 18 days. Plenty of cattle. Business should be extra good here. Why not tell the people about your business thru the columns of the best read publication that graces every home in the county.

If you have not paid for the Reporter for another year, please send or bring in the money. After next week if you have not paid in advance, your name will be removed from the list.

How is the town of Spearman by now? Every time I turn around here I am reminded of the "ole home town" for the Spearman Brewing Co. of Pensacola has big signs stuck up everywhere — "Spearman Beer and Ale". ### Long Alaska Hike Saves Two Fliers

### Forced Down in Fog, They Walk 250 Miles to Town.

SAN FRANCISCO.—While fliers searched vainly for them over thousands of miles of fog-bound wilderness in the Yukon, Lieut. Col. Harold H. Carr and Corp. Richard Pompeo made their way on foot, with heavy packs, back to Fairbanks, Alaska, after their plane had been forced down 250 miles northeast of that city during a flight to Whitehorse.

The incident was reported at Fourth army headquarters here when Lieut. Gen. John L. De Witt, head of the western defense command, commended the men for "resourcefulness and soldierly qualities."

Colonel Carr and Corporal Pompeo took off from Fairbanks before dawn on January 17, but thick weather on the route to Whitehorse forced them to turn back. Out of gasoline, they landed the plane on a frozen river, damaging it only slightly, and waited two days in hope that aerial searching parties might find them.

After the futile wait they put the plane radio out of commission and started off on foot, carrying packs of bedding, food and firearms. Eventually, after a long hike, they found an Indian trapper, and thereafter they were directed to successive trappers until they reached Fort Yukon. There they obtained transportation to Fairbanks.

The leader of one searching party was Lieut. E. T. Yarborough, who recently was recommended for the Distinguished Flying Cross for his part in rescuing a stranded pilot, Lieut. Elmer E. Booth, by landing his plane on an ice floe in the Turnagain arm.

### TEXANS ON THE ALERT WILL BE BROADCAST SUNDAY, SEPT. 13TH

The part of doctors, nurses and first aid workers in a war encompassing our civilian population will be featured in this week's dramatization of "Texans on the Alert", presented over the Texas Quality Network at 2 o'clock Sunday afternoon, Sept. 13.

The scene is that of a typical Texas city immediately following an air raid, with the central figure, a doctor, maintaining contact with the Local Control Center and directing the care of the injured and dying.

Mr Civilian is given his cue as a defense volunteer when Ranger Dub Naylor calls attention to a new publication of the Office of Civilian Defense, "What Can I Do?" which is available to the public upon written request to the National Defense Committee for Texas or Governor Coke Stevenson, Austin, Texas. The booklet, illustrated by Guyas Williams, outlines the part which every citizen should have in the war effort.

The broadcasts in this series originate from the studios of WFAA, Dallas are carried over WOAI, WBAP and KPRC as a public service.

## MORE THAN A POLICY . . . YOUR PEACE OF MIND

A Wilson Burial Association burial policy is more than just  
the funeral service policy sold. It is peace of mind. It assures  
you and your family of help in your hour of need—of  
kindly service and consideration—of every facility.

### The Desire for—

a decent and adequate burial is as old as history  
itself. Thus the idea of burial protection is  
not new. Burial insurance is as natural as  
humanity itself.

### What is More Natural—

more practical or sensible than to prepare  
for an eventuality—that of mortality, from  
which there is no alternative and nothing in  
life is more certain?

Do not delay! Let us explain how you can have this protec-  
tion for your entire family for a few cents a month.

President Roosevelt asked  
Congress to enact by October 1st  
legislation under which he would  
be "specifically authorized to  
stabilize the cost of living, in-  
cluding the price of all farm  
commodities." In a special mes-  
sage to the Legislature, the Pre-  
sident said "Inaction on your  
part by that date will leave me  
with an inescapable responsibil-  
ity to the people of this country  
to see to it that the war effort  
is no longer imperilled by threat  
of economic chaos. In the event  
that the Congress should fail to  
act, and act adequately, I shall  
accept the responsibility, and I  
will act."

Mr Roosevelt said the purpose  
of the legislation "should be to  
hold farm prices at parity, or at  
levels of a recent date, which-  
ever is higher." He said "At the  
same time that farm prices are  
stabilized, wages can and will  
be stabilized also. This I will  
do."

The President recalled that 2

quest of Congress the Treasury  
outlined a sales tax levied against  
the retailers who would pass it  
on to the consumer. War expendi-  
tures in August were \$4,900  
million, more than three times  
the amount spent for National  
Defense a year ago. Income pay-  
ments to individuals in July were  
21 percent more than July 1941  
and were at the record annual  
rate of \$114 billion a year, the  
Commerce Department said.

### Purchase of War Bonds

The Treasury Department an-  
nounced sales of War Bonds in  
August totaled \$697,255,000 in  
bonds through the ten percent  
payroll saving plan, compared  
with 18,000,000 persons and  
\$200,000,000 in July. Treasury  
Secretary Morgenthau announced  
state War Bond quotas for Sept.  
totaling \$775,000,000 for the  
country.

### Rationing

The War Production Board re-  
leased 50,000 of the refrigera-  
tors which have been frozen in  
the hands of dealers and distri-  
butors since February 14 for  
sale to the general public after  
finding that they were not need-  
ed for essential purposes. An-  
other 50,000 will be released by  
authorization of WPB for deliv-  
ery to dealers and transfer to  
ultimate consumers. The WPB  
Food Requirements Committee  
recommended to the Board the  
following meat conservation pro-  
gram (1) Limitation of the  
amounts of meat packers may  
sell to the civilian trade so that  
each civilian will be able to  
buy 2 1-2 pounds a week; (2)  
Direct consumer rationing to be  
started as soon as possible—in  
about 4 months; (3) An interim  
voluntary conservation program.

### Letter Writing

Just a warning . . .  
—If you have a grudge against  
the Draft Board, the Ration Of-

ice, any individual or firm, you  
had better keep your letters with  
in the law. All threatening let-  
ters on your life or defaming  
your character should be turned  
over to the Sheriff's depart-  
ment. If they think the postal  
laws have been violated they will  
call the Federal Bureau of In-  
vestigation in on the case.  
The FBI was in Spearman the  
other day looking over letters  
received by these boards.

### LAKE VIEW TATTLER

This week has just been to  
last for me, the news seems to  
be around the corner some  
where. I have't caught up with  
it yet. One thing the children  
in the Blodgett community are  
delighted to start to school. I  
am told that Ed Beck is driving  
the Blodgett school bus this  
year.

Mrs John Sim and Mrs Fred  
Wildhagen were sailing along  
the way to Spearman this after-  
noon with their produce from the  
chicken house and the cream  
from the dairy herd.

The writer was a busy woman  
last week, canning beans and  
tomatoes and chattering to her  
sister Grace Winningham from  
Lawton, Oklahoma.

Helen Kenney was in the  
writers home Sunday evening  
late to see Grace. As Grace is  
afraid it might come another  
inch and a half main here where  
the center of the road is lower  
than the sides and there is no  
drainage she started home two  
days sooner than she expected  
to for with a couple of good  
rains there is no way of getting  
out. Helen said she and Nodene  
Thadene and Bertha and Kath-  
erine were counting on motoring  
to Spearman to see her in the  
hotel there as she had gone  
there to spend the night for  
fear it would rain during the  
night and she could not catch  
the bus if she spent the night
