RADIO PROGRAM ENJOYED

The pupils and teachers of the Grade School Department assembled in the auditorium at 1:15 on Friday afternoon to hear a fifteen minute radio program which inaugurated the School Scrap Drive in Texas. After hearing the program explained by a state official, we heard Dr L. A. Woods speak. He is our state school superintendent. A short skit was given showing what our scrap metal will do for the boys in service, the pledge was given to a group of Junior Texas Rangers, and we all stood andsjoined in singing "The Star Spangled Banner" as the words and music came to us over the radio. The same than the first of the girls and the grade school chapel. Duriand Sheets gave a grading for chapel.

Why your own car's Zero Hour comes at 00 miles an hour

Eager fighters, frisky jeeps, and all that's going along, must get going together-exactly at Zero Hour. But on the home front these brisk mornings, will your own precious car and its engine lubrication get going together -without deadly oiling delay? You can be sure as shootin', with your engine OIL-PLATED for Winter by Conoco Nth motor oil . . . oil that OIL-PLATES!

Even while the speedometer snoozes at 00 miles an hour-and you're still snug in your "kivers"-the chilly insides of your OIL-PLATED engine will already be coated by lubricant. Protective OIL-PLATING is really sort of "magnetized" to piston rings, bearings, and straight up, the cylinders, by Conoco Nth oil's strong "power of attraction"-created by an added modern synthetic. This keeps the OIL-PLATING from all draining down to the crankcase overnight—over week-ends—and longer.

No complete lack of lubrication then, at 00 miles an hour-starting up cold. No long needless risk till cold oil comes inching along through passages as alim as spaghetti.

You're off safely, because OIL-PLATING safely stays on-ready to lubricate before any oil can circulate.

This season don't merely change oil. It's fully as simple and inexpensive to change to an OIL-PLATED engine. Just change to patented Conoco Nth oil at Your Mileage Merchant's Conoco station. Continental Oil Co.
