SPEARMAN REPORTER, SPEARMAN, HANSFORD CO., TEXAS

Thursday June 23, 1949

Rain And Hail Stop Harvesting Of 1949 Wheat Tuesday June 21

Rainfall measuring one and a quarter to one and a half inches at Gruver stopped the harvesting of Hansford county's 1949 wheat crop just about dark Tuesday evening of this week.

Reports from every section of the county indicate a general storm condition with a small amount of hail doing slight damage over the county. In some isolated cases we learn that the hail did some quick harvesting of fields of golden grain.

The harvest season started with the first delivery of grain to Spearman. The real harvest activities did not begin until Sunday morning, and by Tuesday morning there was an estimated 100 combines taking big bites of the 1949 wheat harvest. Many fields of late wheat had not been entered prior to the rainfall and hail which will delay harvest activities from 1 to 3 days.

A check-up with elevators of Spearman revealed that the R. L. McClellan elevator and the Hansford county elevator are full and will resort to subsidiary storage in warehouses and quonset huts until they are relieved of some of the wheat by shipping to terminals. McClellan had shipped eight cars and McLain had shipped one car as of Tuesday of this week. Ralph Blodgett at B. and B. Grain Company reported having shipped 25 cars of wheat up until Tuesday and stated that as of Tuesday morning he had storage space for additional shipments.

Equity Exchange reported having shipped 64 car loads from Spearman and 14 loads from McKibben to terminal storage, and stated that as of Tuesday morning there was lots of space available for storing grain at Spearman and McKibben. Mr. Hart, manager of the Equity stated that 44,455 bushels of wheat handled at the Equity Tuesday was the peak day for the harvest so far this season. Hart reported having tested 63 and one half wheat that was stored by B. J. Garnett, which was the highest test reported. Blodgett reported 63 test grain stored by J. B. Patterson, Jr., Jo Novack and some of his own wheat that tested 63. Blodgett stated that the protein contents of the early wheat was 12.50 average and the later maturing wheat was 11 to 12.50 protein.

R. L. McClellan reported H. L. Wilbanks and several others as having stored wheat that tested 63 with 13.50 moisture content. He did not have a protein test. McLain reported some wheat tests as low as 41 and as high as 63, but no protein content available yet.

All the operators declare that the wheat is good from the standpoint of moisture content. The highest yield we have reported to date and that not officially was 35 bushel wheat of Ray Moore's. The lowest was 6 bushels where the hail had practically harvested the fields in advance of the combines.

Hansford County Wheat Leads Nation In Quality Of Wheat

Hansford county wheat producers have built a solid reputation by growing the finest wheat in the world during the last several years. This has been accomplished by planting approved varieties such as Tenmarq, Commanche, Turkey, and standard Blackhull. This program has paid big dividends by creating a big demand among millers of our wheat.

A brief description of some of the principal varieties is given to point out the advantages and disadvantages of each, according to experiments conducted at the Amarillo Experiment station. Old Varieties: Tenmarq, Moderately strong straw, high yield, moderately resistant to leaf and stem rust, excellent milling and baking quality, matures about 3 days earlier than Turkey, tends to be low in test weight under favorable conditions, susceptible to "stinking smut" or bunt. Recommended.

Turkey, Medium weak straw, fair yield, excellent milling and somewhat late maturing, fair to high test weight, though to have some drought resistance, very susceptible to leaf and stem rust and bunt. Recommended. Commanche, resistant to bunt, and leaf rust, high test weight, earlier than Tenmarq, high yield. Though not resistant to stem rust, it often escapes damage when later maturing varieties are badly injured. The milling and baking qualities are excellent. Recommended.

Blackhull, Medium weak straw, fair yield, intermediate baking quality, matures about the same time as Tenmarq, high test weight, some resistance to stem rust, very susceptible to leaf rust and bunt. Early Blackhull: Very similar to Blackhull, except over a period of years has yielded lower than any other of the commercial varieties grown in the Panhandle. Very weak straw, and matures about 8 days earlier than Blackhull, very susceptible to leaf rust and bunt, but moderately resistant to stem rust. Poor baking quality usually. Not Recommended.

Chiefkan: Red Chief, or "Beardless Blackhull" a beardless variety similar to Blackhull in maturity and test weight, but somewhat stronger straw. Yields in the same range as recommended varieties. Very susceptible to bunt, but moderately resistant to leaf and stem rust. Very poor baking characteristics. Not Recommended.

Some of the old varieties have disadvantages that have made them unpopular with some people. The experiment stations have carried on a wheat breeding program to develop superior varieties to displace varieties not entirely satisfactory to farmers on account of erratic yields, inability to stand a ponder adverse conditions, poor test weight, and susceptibility to disease, including the most destructive ones of leaf rust, stem rust, and stinking smut and the displacing of varieties not in demand by your milling and baking industries because of poor quality of the flour.

New Varieties: Westar, Equal in good as Tenmarq in milling and baking qualities and diseases resistance; matures 3 day earlier than Tenmarq, does not lose in test weight like Tenmarq after a rain, seems to yield a little higher than most varieties. Recommended. Witchita: Matures about a week

Delphinium Meets In Home Of Mrs. Vester Hill

The Delphinium Flower Club met June 20th in the home of Mrs. Vester Hill with the hostess presiding. The Roll Call "Arrangements using materials other than flowers" was of great interest to all members, who gave some rather unusual suggestions.

The Beacon vase was won by Mrs. John R. Collard Jr.'s unusual arrangement of Mahoney and Heliosis in crystal. Mrs. E. N. Richardson's Estate Lily won the blue Speciman vase over Mrs. Pope Gibner's green rose. Mrs. Freeman Barkley took her material from "The Complete Book of Flower Arrangement" by F. F. Rockwell and Ester C. Grayson for her subject "General Principles of Artistic Arrangements." From the chapter on "What makes an arrangement," she explained Composition, a mass formed by mingling various ingredients.

The four Basic Principles were given as Design, Scale, Balance, and Harmony. Each principle was fully explained and illustrations displayed. "Nine Principles of Flower Arranging" were Design, Scale, Balance, Harmony, Focus, Rhythm, Accent, Repetition and Unity. The Vocabulary of Color was discussed and the spectrum and color circle examined by the members. In the chapter on "Containers, Accessories and Backgrounds" the arranger was cautioned to always choose the right container with which the flowers to be arranged would serve to help the success of the composition as a whole.

In "Mechanics of Arranging", Equipment suggested for use in making arrangements were ties, scotch tape, soft wire, pruning shears wire cutters, sharp knife, sawtooth knife, water sprayer and modeling clay. A cold plate of tomato Aspic ring filled with chicken salad, crisp crackers, iced tea and white cake with a cream icing was served to the following Mesdames: Robert Meek, John Bishop, Jim Neely, Walter Wilmetth, Sid Clark, Freeman Barkley, E. N. Richardson, Pope Gibner, P. A. Lyon, Turner Shirley, John R. Collard Jr., and the hostess.

Lt. Charles Cox, stationed at Biloxi, Miss. made a quick trip here Thursday and returned Friday. He made the trip by air to Amarillo and hitchhiked on home in about eight hours.

Mr. and Mrs. H. M. Shedeck have visitors this week their cousins, Mr. and Mrs. H. E. Donaldson from Salem, Oregon. Earlier than Tenmarq, fair in milling and baking qualities, high test weight, medium weak straw. Better early wheat than Early Blackhull. Recommended. Triumph or Early Danne, Stiff straw, high yield, high test weight, medium milling and baking qualities, 3 to 10 days earlier than Tenmarq, grows erect. In a seven year dry land test made in Amarillo on the different varieties of wheat the following results were shown: Westar produced 23.1 bushels per acre, Comanche, 21.3, Tenmarq, 20.2, Chiefkan, 22.8, Turkey 18.6, Blackhull, 20.6, Wichita 20.4.

CHURCH DIRECTORY

Reverend R. S. Watkins, Pastor announces the following services at the Methodist Church for Sunday, June 26 1949.

10:00 a. m.	Sunday School
11:00 a. m.	Morning Service
7:30 p. m.	Evening Service

Women's Society of Christian Service meets at 8:00 p. m. Wednesday.

Church Services

Rev. Stevens, pastor of the First Baptist Church of Spearman, announces the following services at the First Baptist Church for Sunday, June 26, 1949. Sunday School is at 9:45; Ray Moore is Superintendent. Church Services begin 11:00 a. m. Training Union it at 7:00 p. m. Evening Worship at 8:00 p. m.

On Wednesdays, the Teachers Meeting is at 7:00 p. m. and prayer meeting is at 8:00 p. m. The pastor was very gratified to have 42 members attend prayer meeting last Wednesday.

The Circles of the Baptist Church will meet Wednesday at 2:30, and The Sunbeams, R. A.'s and G. A.'s meet also on Wednesday at 4:00.

Funeral Rites

Held For A. R. Stetson June 20

Funeral services for Albert Roselle Stetson were held at the First Baptist Church in Spearman at 10:30 a. m. Monday June 20, conducted by Rev. Ray Stephens, pastor of the Baptist church. Interment was at the Momense Illinois Cemetery.

Pallbearers were: Marion Glover, B. J. Garnett, Walter Wilmetth, Rex Sanders, L. S. McLain and Bruce Sheets.

Albert R. Stetson was born December 2, 1861 at Momense, Illinois. He died at the Hansford Hospital June 17, 1949, as result of a leg injury, which developed into gangrene.

Survivors were: Claude Stetson nephew of St. Louis, Mo. and six nephews and 5 nieces.

Mr. Stetson came to Old Hansford in 1902 and bought land, becoming one of the early pioneer boosters of the Panhandle area, and more especially Hansford county. He has worked for the advancement of Hansford county, and Spearman. He moved with the town of Old Hansford to Spearman, and was instrumental in the early building activities of Spearman.

Hone Town

Editor Speaks

Has the atomic Bomb caused a change in the weather of our plains country? That is the question to be discussed when "The Home Town Editor Speaks" on KAMQ — 1010 — Amarillo, Sunday June 26 at 1:30 p. m.

Holding forth on his theory that atomic experiments in New Mexico have created violent weather conditions in the Texas Panhandle will be Dr. O. H. Lloyd, pioneer Vega resident and cooperative weather observer there.

He will be introduced by M. O. Wallis, editor and publisher of The Vega Enterprise.

H. C. Winburn, chief meteorologist at the United States weather bureau station at Amarillo, will discuss the theory with Dr. Lloyd.

Another long-time resident of Vega, Jess Giles, tells how he came to Oldham County fifty years ago from his native Tennessee when is heard on the same program Sunday afternoon at 1:30 o'clock from KAMQ — 1010 — Amarillo.

Rev. and Mrs. R. G. Logan of Frisco, Texas will be speakers at the Assembly of God Church Sunday, Mrs. Logan will speak in the morning, and Rev. Logan will speak in the evening. These folks will furnish music also.

Mr. and Mrs. Joe D. Womble, Amarillo, Texas are happy over the arrival of a baby girl, Linda. She was born in the Northwest hospital on Wednesday June 15.

Mr. and Mrs. Sam Van Cleave and children, Linda and Paul from Los Angeles, California, are visiting in the Van Cleave and Edwards home.

Rainfall Interrupts Harvest

After approximately a week of ideal harvest weather a storm which eliminated electric power for many hours and resulted in 1.25 inches rainfall visited Hansford County Tuesday night. The weather for the week as reported by weather Man F. W. Brandt was as follows:

Visitors Of

Canadian To Be Here 27th

Boosters from Canadian will be in Spearman at 10:50 a. m. Monday June 27th, to advertise their annual rodeo, which will be staged July 2, 3, 4.

Street entertainment will be featured by the visiting Canadian citizens.

Father Of Mrs. E. T. Rafferty Died June 9th

John Rockwell Printz was born January 9th 1859, near Tipton Missouri, and passed away June 9th, 1949 at Liberal, Kansas, aged ninety years and five months.

On September 25th, 1879, he was united in marriage to Agnes Gearing Hugh at Bunceon, Missouri. To this union were born eight children, Mrs. Dessie (A. L.) Sharp, who passed away in Liberal, Kansas, May 6th, 1945. Miss R. Printz, Colorado Springs, Colo. Earl B. Printz, Liberal Kansas; Elizabeth, who died in infancy; Lloyd A. Printz, Pueblo, Colorado; Mrs. Velma (Albert) Angerot, Satanta, Kansas; Mrs. Agatha (E. T.) Rafferty, Gruver, Texas; Mrs. Ruth (Charles) Black, Liberal, Kansas.

Mr. and Mrs. Printz established their first home in Missouri where they lived until in the early spring of 1887, when they came to No Man's Land, the family being among the first of the pioneers of the Oklahoma Panhandle.

By trade Mr. Printz was a carpenter, and in 1905 moved his family to Liberal, which has since been home. He and his three sons worked together for several years constructing many substantial business and residential buildings. The sons still continuing in the trade their father taught them.

His long useful life is a record of capable hands, progressive ideas, remarkable energy, and he has contributed his full share in helping lay a foundation for progressive growth and development of this country.

Mr. Printz was Presbyterian, and a reverted member of the Pioneers of No Man's Land Association. All who knew him will remember his quiet, industrial manner and his neighborly friendliness. He leaves the beneficiaries of his life as a rich heritage to his family and his friends.

He is survived by his beloved wife and companion of almost seventy years, three sons and three daughters, all of whom are respected and substantial citizens of their communities, twenty three grandchildren and thirteen great-grandchildren.

As in days of pioneering, Traveling an un-mapped prairie, With a home in view, So again, another Country, Peaked him to come; Crossing an un-charted distance, To the Vales of Home. Now, as then, he was found ready With a wave of the hand — Setting out in faith and courage For God's Promised Land. And Faith paints for us a picture, Wonderous bright and fair, Of a glorious Sunset City, Where we'll meet him there.

New Pastry Line For Cut Rate

Pete Fisher, Manager of the Cut Rate Grocery and Market, will feature fresh pastries, cookies etc. daily, all thru harvest and the remainder of the year.

Mr. Fisher will be supplied daily by Leslie Bakery, Perryton, Texas, with bakery products, and all types of daily fresh pastries.

WALTER WILMETH BUYS ANGUS BULLS

Walter Wilmetth of Spearman, Texas recently purchased ten purebred Aberdeen Angus Bulls from B. F. Breyfogle of Garden City, Kansas.

Mrs. R. C. Stewart underwent major surgery at the North Plains hospital in Borger last week. At this time it is reported that she is doing well.

Memorial Services For Mrs. D. A. Jackson

Mrs. Rosena Witcher Jackson, age 75 passed away in the Hansford Hospital, Tuesday, June 14, 1949.

Memorial Services were held at the Church of Christ here with Brother W. M. Graves, former Spearman pastor, officiating. He was assisted by the Rev. R. S. Watkins, minister of the First Methodist Church, and the Reverend Ray Stephens, minister of the First Baptist Church here.

Pallbearers were R. L. McClellan, P. A. Lyon, C. A. Gibner, Claude Sheets, Fred Brandt, and Bruce Sheets.

Flower girls were: Mrs. Medlin Patterson, Mrs. Ira Harbour, Mrs. Oliver Leverton, Mrs. Maurice McLaughlin, Spearman, Mrs. Dayton Barkley of Gruver, Miss Janel Jackson, Miss Claudine Jackson, Mrs. Don Chisum, Miss Joyce Patterson, Miss Louise Crawford, and Miss Barbara Jackson.

Interment was made in the Holt cemetery with Boxwell Brothers Funeral Home in charge of arrangements.

Mr. and Mrs. Jackson made their home in Hansford county for 18 years, and she has resided here for 20 years. Surviving her are 9 children, 25 grand children, 15 great grand children, and many other relatives and friends.

OBITUARY

Rosena Witcher Jackson was born January 15, 1874 at Marshall, Missouri. She passed away June 14, 1949, at the age of 74 years and 6 months in the Hansford Hospital.

She was married to David A. Jackson at Edmond, Oklahoma, June 10, 1891. To this union were born 10 children, all of whom are living except Mrs. Gertrude Thompson who passed away on her great reward December 23, 1942. They are: Mrs. John Campbell, Stinnett, D. W. Jackson, Spearman, Charles A. Jackson, Mangum, Oklahoma; Claude P. Jackson, Spearman; Mrs. W. H. Francis, Mangum, Oklahoma. Mrs. Edgar Fite, Spearman; C. R. Jackson, Spearman; Mrs. Carter Crawford, Spearman; D. A. Jackson of Spearman.

Mrs. Jackson lived a true Christian life, obeying the gospel in 1914 at Jester, Oklahoma, where she made her home until 1922 when the family moved to their farm home near Spearman, due to Mr. Jackson's health. They lived there and prospered until May 1947 when her husband was no longer able to reside on the farm and the family moved into Spearman, residing until they passed away to the great reward of Christian living.

They Were From Missouri And Showed The Judge

Don't be too surprised if you see Judge Johnnie C. Lee learning to pilot a plane. Judge Lee was surprised Sunday of this week by a visit from two of his cousins Junior and Milton Lee, who flew from their home in Missouri near the Iowa State line to Gruver, Texas in a young man in the noon luncheon. The young men made the trip in a Taylorcraft plane, starting from their home at 5:00 a. m. and the cost for the trip was about \$9.00. They returned to their home in Missouri after visiting with the Dick Lee family in Gruver, reaching their home about noon Wednesday of this week. Judge Lee says its faster and cheaper than riding in an automobile, and allowed it usually cost him more than \$9.00 to make a trip to Amarillo.

The D. S. Dudley shows, featuring many rides, shows and carnival concessions is in Spearman. The shows are sponsored by the VFW of Hansford County.

WADDY WEEK IN AMARILLO

Amarillo's Waddy week celebration will get off to a rip-roaring start this year with a downtown parade by the famous Will Rogers Range Riders, according to information received from J. M. (Red) Simpson, general chairman. The parade will begin at 10 a. m. Thursday, June 30.

The entire celebration will last through July 4 and will feature entertainment galore. The Light Crust Doughboys, famous southwestern music makers, will play for a western dance at the Nat on Thursday night June 30 and at the fairgrounds Sports Arena on the night of July 1 and 2. Butler Brothers, of Elk City Okla. have been engaged to produce an outstanding rodeo to be held at the fair grounds on the evenings of July 1 and 2 and the afternoons of July 3 and 4. The 1949 Beutler Brothers production is entirely new and different with a cast of the nation's foremost wild west arena performers.

On July 2 a spectacular street parade is scheduled to begin at 3 p. m. in which visiting delegations from surrounding communities will participate. Bands, floats, cowboys and cowgirls will pass in review down gala-decorated Polk Street.

On Monday July 4, in the morning the Range Riders will join in the festivities planned by San Jacinto Kiwanis Club which will include a barbecue for the benefit of the Youth Center. Advance ticket sale for the Waddy Week rodeos and dances will commence June 15.

Miss Loula Grace Edman, noted author and lecturer in this vicinity, and Miss Peggy Williams of KGNC, Amarillo, visited with Mrs. Delon Kirk Sunday.

honored Shower... Mrs. Leo Crowder presided at the silver service.

July 31, THE BAPTIST CHURCH... The State of Texas County of Hansford: City of Spearman.

NOTICE OF ELECTION TO THE RESIDENT QUALIFIED ELECTORS OF THE City of Spearman.

accordance with and secured in the manner provided in Articles 464 - 1 to 463 - 22, inclusive, of the Revised Civil Statutes of Texas, 1925, as amended.

of Spearman, Texas. THE STATE OF TEXAS: COUNTY OF HANSFORD: CITY OF SPEARMAN:

1. The undersigned, City Secretary of the City of Spearman, Texas, do hereby certify that the above and foregoing is a true, full and correct copy of a resolution adopted by the City Commission of the City of Spearman, Texas.

Executed Under My Hand and seal of said City, this 15th day of June, 1949.

Leo Dacus, City Secretary, City of Spearman, Texas.

WEST TEXAS C. OF C. ABILENE, June — A program to revise the Federal Control laws which provide "billions for water but not a drop to drink" is the latest move of the West Texas Chamber of Commerce in its fight on behalf of thirsty West Texas.

In a report just issued by President John D. Mitchell and other officers, the organization has launched its effort for a revision of the present laws and provides a new criteria by which small dams for municipal supplies may be built with federal funds.

This report, tied to the Hoover Commission recommendations, for the first time publicly establishes that there is an economic loss from lack of water greater than flood loss.

The report, written by Manager D. A. Dandeen, long champion of West Texas water rights, includes a survey of eight West Texas cities, showing their economic loss due to lack of water.

This report points out that the eight cities surveyed in West Texas show a loss of \$161,950, annually in water overcharges, and a loss due to property depreciation industrial and population loss and town surveyed are Baird, Roby, Ranger, Rotan, Jackshoro, Archer City, Aspermont and Stamford.

The WTCC report takes up the Hoover commission task reports and recommendations and urges a new criteria for building dams. These now are built by the Corp of Army Engineers and the Bureau of Reclamation largely under authority granted in the Federal Flood Control Act of 1936.

Scrutiny of 18 major multi-purpose projects by the Hoover Task Force report reveals the results of the financial structure and returns of the projects. Figures on one project reveal an estimated annual benefit of \$168,000,000 and an estimated annual cost of over \$65,000,000, as the annual benefits exceed the annual cost, justification was found to obtain an appropriation of \$1,257,645,000 for the project's capital structure.

Funding of this capital structure was set up under a schedule of 40 annual irrigation payments at no interest, 50 power payments at 3 per cent interest, and 40 other small revenue payments without interest. All of these payments from receipts were estimated to amount to \$25,000,000 annually with which to meet an annual amortization and operation charge of over \$65,000,000. This means, WTCC points out, that on this operation the taxpayers must bear a loss of over \$40,000,000 a year, also that round 60 per cent of the cost of the project or \$710,000,000 is not to be paid back and therefore represents a direct donation by the taxpayers.

MRS. DONALD MITCHELL. Mrs. Donald Mitchell, formerly Miss Joy Crooks of Spearman was united to Mr. Donald Mitchell in Spearman, Sunday, June 12. This was the first wedding to be held in the new Methodist church.

Chrysler Offers You

er 50 common sense advances that give you more for your money in safety, performance and comfort.

New Value in Safety! Blow a tire, and Chrysler's Safety Rim Wheel holds the tire on. Stop suddenly—Safety Cushion Dash protects the child on the front seat. Electrically operated, constant speed windshield wiper assures safer vision. Power applied to the engine doesn't slow it. These typical Chrysler "firsts" mean more for your money.

New Value in Performance! New High Compression Spitfire engine features exclusive "terproof" ignition. You can drive through high air, start in dampest weather. Driving is easier, safer with sensational Prestomatic Fluid Transmission. Amazing new Center Control steering gives new handling ease, no road shock.

New Value in Comfort! You can't appreciate how much more you get for your money until you step inside. Seats are wider. There's more headroom, legroom, shoulder room. Wider doorways! Women enter with dignity. Seats are chair-height. Match this car dollar for dollar against all others. Phone for a demonstration.

RIGHTOUS INDIGNATION

As result of publishing a signed letter relative to the telephone situation in Spearman, and the editors note attached to the story in last week's Reporter, the country editor has been given the bronchitis and the razzberries, for taking up for the telephone company. Which of course we did not intend to do, of course too much of an opinion.

Certainly the matter is a serious problem for most merchants and especially grain men at this time. It is now 20 minutes until 2:00 p. m. Monday and this writer placed a call to Amarillo at 8:45 a. m. this morning. A report on the call indicated that there were 24 calls ahead of the 8:45 a. m. call and it would be along late in the afternoon before it could be completed. The operator explained that the company only had one circuit out of Spearman, and etc. That's plenty tough on people who have important calls, and it will drive cus-

tomers to the exclusive use of telegraph.
One rather busy man of Spearman told this writer Sunday that he had placed a call to his wife at about 8:00 a. m. talked and later told his secretary in about 20 minutes to place a long distance call. He declares he tried for 10 to 20 minutes to attract the operator's attention, getting his wife on the line again, the previous connection not having been broken. He finally walked to the telephone office and stalked the matter over without getting much satisfaction other than actually placing a long distance call.

COUNTY SERVICE OFFICE WILL BE CLOSED TWO WEEKS
County Service Officer, A. L. Wilson wishes to inform all veterans that the service office will be closed for two weeks, beginning Monday June 29th. A. L. is taking his two weeks vacation, but will be available at night, in

case of any veteran emergency. Veterans wishing to see A. L. are to call 2793, after 9:00 p. m.
In case a veteran cannot wait until night, to call A. L., all veterans are informed to call Judge Lee, at 28, Mr. Lee will give him time during A. L.'s absence.

NOTICE TO LAND OWNERS

Minnie A. Landowner, a widow, Dorothy P. Edwards and husband, Talbert Edwards, Henry M. Peterson and wife, Theo H. Peterson, Mary B. Peterson, a female sole, Agnes A. Grosvenor, a widow, Lila P. Stein and husband, Vincent Stein, Carrie M. Edwards and husband, Edgar Edwards, and Carl W. Peterson and wife, Mary R. Peterson, C. S. McGarragh, E. T. Jensen, Mrs. Mary A. B. Duncron, Gertrude Llewellyn, Dorothy S. Almsworth, Florence A. White, Albert G. Higgins, James P. Pearson, G. A. Shalberg, E. T. Jensen, Katherine Watson Atkins, John Basel Watson, Ardo W. Mitchell, Genevive B. Sweeney, Fred L. Mitchell, Robert C. Mitchell, Leon W. Mitchell, Francis M. Johnson, Carolyn A. Getz, Lloyd E. Kennedy, Mrs. May Wilkes Crowe, James B. Langston, S. P. Jackson, K. K. Jackson, August Paulsen, Ester Paulsen Houser, Margaret Moody, and The Norwegian Lutheran Church of America; Non-residents of Hansford County, Texas.

You are hereby notified that the undersigned jury of freeholders, acting under and by virtue of an order of the Commissioners Court of Hansford County, Texas, will on the 9th day of July A. D. 1949, proceed to lay out and survey a road, 100 feet in width, the center line of such proposed road being described by field notes as follows:

Beginning at a point on the Texas-Oklahoma State line, same being the North line of Section 7, Block 1, Public School Land and 660 feet West of a State Line concrete marker;

THENCE, South 4063.9 feet, more or less, through said Section 7;

THENCE, Continuing South 11, 713.0 feet more or less, along the West lines of Sections 241, 242, and 243 and the East lines of Sections 240, 239, and 238, Block

2, G. H. and H. R. R. Co. Survey; THENCE, Southwesterly around a curve to the right whose central angle is 15 degrees 28' with radius of 2,864.9 feet for a distance of 773.3 feet; thence, South 15 degrees 28' West for a distance of 970.0 feet; thence, Southeast-ly around a curve to the left whose central angle is 46 degrees 26' with radius of 1,432.7 feet for a distance of 1,160.8 feet; thence, South 30 degrees 58' East, 293.4 feet more or less, through the east portion of Section 238, Block 2, G. H. and H. R. R. Co. Survey;

THENCE, Continuing South 20 degrees 58' East, 894.4 feet more or less, through the Southwest portion of Section 243, Block 2, G. H. and H. R. R. Co. Survey;

THENCE, Continuing South 30 degrees 58' East, for a distance of 1,463.4 feet; thence around a curve to the left whose central angle is 40 degrees 32' with radius of 1432.7 feet for a distance of 1012.3 feet; thence South 71 degrees 30' East for a distance of 3,545.9 feet, more or less, through Section 244, Block 2, G. H. and H. R. R. Co. Survey;

THENCE, Continuing South 71 degrees 30' East 156.8 feet; thence, around a curve to the right whose central angle is 14 degrees 16' with radius of 2,864.9 feet for a distance of 713.3 feet; thence South 57 degrees 14' East for a distance of 3,545.9 feet, more or less, through Section 285, Block 2, G. H. and H. R. R. Co. Survey;

THENCE, Continuing South 71 degrees 30' East for a distance of 1,621.6 feet; thence around a curve to the left whose central angle is 10 degrees 03' with radius of 5,729.7 feet for a distance of 125.1 feet, more or less, through Section 284, Block 2, G. H. and H. R. R. Co. Survey;

THENCE, Continuing around a curve to the left whose central angle is 10 degrees 03' with radius of 5,729.7 feet for a distance of 879.9 feet; thence, South 67 degrees 17' East for a distance of 1,157.4 feet; thence, around a curve to the right whose central angle is 26 degrees 20' with radius of 2,864.9 feet for a distance of 1,316.7 feet; thence, South 40 degrees 57' East for a distance of 2,955.8 feet; thence, around a curve to the left whose central

angle is 49 degrees 02' with radius of 1,432.7 feet for a distance of 546.8 feet, more or less, through Section 293, Block 2, G. H. and H. R. R. Co. Survey;

THENCE, Continuing around a curve to the left whose central angle is 49 degrees 02' with radius of 1,432.7 feet for a distance of 879.0 feet; thence, South 89 degrees 59' East for a distance of 4,337.3 feet; thence, around a curve to the right whose central angle is 90 degrees 02' with radius of 883.1 feet for a distance of 600.2 feet; thence, South 0 degrees 02' West for a distance of 4,337.3 feet, more or less, through and between Sections 5, 6 and 25, Block P. H. and G. N. R. R. Co. Survey to the North-east corner of Section 7, Block P. H. and G. N. R. R. Co. Survey, and the end of this survey, same being approximately nine miles North of Grayer in Hansford County, Texas, all situated in Hansford County, Texas and which may run through, or along the section lines of certain lands owned by you, and will at the same time proceed to assess the damages incidental to the opening of said road, when you may present to us a statement in writing of the damages, if any, claimed by you.

Witness our hands this 4th day of June AD 1949.

No. 27-44-c

CITATION BY PUBLICATION
THE STATE OF TEXAS
To: John Allen Dray, Lufe G. Burke and Hallie P. Hunter, whose respective places of residence, if living, are unknown, and if any of said persons be deceased the unknown heirs, their heirs and legal representatives respectively of said persons who may be deceased, whose respective places of residence are unknown:

GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same

being Monday the 25th day of July, A. D. 1949, at or before 10 o'clock A. M. before the Honorable District Court of Hansford County, Texas, at the Court House in Spearman, Texas.

Said Plaintiff's petition was filed on the 8th day of June, 1949. The file number of said suit being 575. The names of the parties in said suit are:
Ottamay Cooke, joined by her husband, Jack A. Cooke, as Plaintiffs
and John Allen Dray, Lufe G. Burke and Hallie P. Hunter, whose respective places of residence, if living, are unknown, and if any of said persons be deceased, the unknown heirs, their heirs and legal representatives of said persons who may be deceased, whose respective places of residence are also unknown.

The nature of said suit being substantially as follows, to-wit: A suit in Trespass to Try Title for title and possession, damages removed of cloud from title, writ of restitution, compensation and special relief, of and concerning Lot No. 2 in Block 26, Original Town of Spearman, situated in Hansford County, Texas.

Yes, a penny's BIG

When you spend it for electricity, of course!
That important little penny will do any one of these things for you...

	1c ... vacuum clean 6 large rugs		1c ... toast 3 full loaves
	1c ... beat and mix 6 layer cakes		1c ... wash and dry
	1c ... bring you an evening of radio		

It's amazing what your electric penny buys in comfort and efficient living values. It takes a lot of skill and experience—yes, and business management—to keep electric service the biggest bargain in your budget today. (And this, remember, in spite of the cost of making and delivering electricity to you!) Truly, electricity is...

CHEVROLET ADVANCE-DESIGN TRUCKS

Your preference for Chevrolet Advance-Design trucks only waits on the moment when you drive one. Right then and there, you'll know why more people use Chevrolet trucks than any other make. You'll like their power, stamina and giant-size load capacity. You'll like their sturdy quality and their comfort and convenience. And you'll also prefer them for their prize-winning economy, for these trucks have 3-WAY THRIFT—lower operating costs, lower upkeep costs and the lowest list prices in the entire truck field! Come in and let us discuss your delivery and hauling needs.

McClellan Chevrolet Co. Spearman, Texas

Gruver Motor Company Gruver, Texas

This & That

AROUND GRUVER

Harvest and harvest weather finally arrived together. Every combine that can work is working and all the elevators are busy as can be. Glenn (Buddy) Etling brought the first two loads of wheat to the Gruver Elevator, and Joel Stavio the first load to the Ullman Elevator. So far neither Elevator has shipped out any of this year's wheat. Some of the wheat that was damaged by hail is not as good as it was thought to be, while some of course was way better.

It would seem to this writer that this would be a good time to spray the city with DDT. The way it was done last year did not accomplish very much. We note that the method being used in all of the cities where they are safe guarding against Polio, is dusting by plane. Perhaps Spearman, Gruver, and Morse could all go together and make arrangements to dust all three cities. Certainly the City Dump grounds should have a thorough dusting. If you read this and are interested, why not contact your City Commission. Here is an important bit of advice to mothers. Watch your children carefully. Keep them in the best possible health. See that they eat well. Get plenty of sleep, and above all, don't let them play too hard, so that they get fatigued. These precautions coupled with sanitary protection are the only protection we have.

Mr. and Mrs. Lawrence Brotherton and family have returned from a vacation trip to Illinois. We understand that they visited some of Mrs. Brotherton's kinfolk who farm in that state. They had a good time and are back on the job again.

Mr. and Mrs. Thoreson with Jackie and Janet recently made a trip to Oklahoma City. Mrs. Thoreson has not been well lately. They went there to consult a physician concerning her health. We trust that the doctors will be able to help her.

Mrs. I. W. Ayres Sr. has as her

house guest, her sister, Mrs. Rustie Bardeen of Ada, Oklahoma. She is spending several weeks here. Mrs. Edith Odom, a daughter of Mrs. Ayres brought her son George Jr. and his friend Charles Epperson here to work in the harvest.

Mattie Layton and Mrs. Isla Faye Dozier, who are sisters, have two other sisters visiting with them at this time. Mrs. Bertha Layton of Denison, Texas and Mrs. Nila Case of Gainsville, Texas.

Mr. and Mrs. Jack Stone and their daughter Beverly of Dallas visited in the home of the Cecil Holts. Mr. Stone is a brother to Mrs. Holt and son of Grandmother Stone.

Dr. Zinno Holt is also visiting in the home of his parents the Cecil Holts. He will be here for about a week. He had with him as week end guest, his friend, Dr. J. E. Holmes of Ft. Worth. We asked Dr. Holmes if he was any kin to Sherlock Holmes but he modestly disclaimed and relationship.

Mrs. Gertrude Ogle, Mrs. Willard Shapley, Mr. and Mrs. Ross Walker, Mr. and Mrs. Fred Miller and Dr. and Mrs. Jones all journeyed to Borger Monday night of this week. The ladies were to be installed as officers of the American Legion Auxiliary.

Mr. and Mrs. Frank Fleck announce the marriage of their daughter, Gene B. Fleck to Mr. Ray Brock of Wichita Falls, Tex. The young couple were united in marriage in a simple ceremony in the Gruver Baptist church, Thursday June 16th. Rev. Herbert Hughes, officiated at the single ring ceremony. Roy Bird was best man and Miss Wilma Dozier was bridesmaid. The young couple left immediately after the ceremony for a short wedding trip to Wichita Falls, Texas. They will be at home in Gruver.

William Barton, aged 19, who has been employed by Aubrey Paddy at the Texaco Station for the last year, suddenly collapsed at his work one morning last week. He was rushed to the Spearman Hospital in an ambulance and was found to be suffering from a brain hemorrhage. The young man's condition was extremely critical. His mother was sent for from their home in Wheeler and later Aubrey Paddy made a flying trip to Wheeler to bring the boy's father here. Mrs. Paddy and Mrs. Hintedgardt helped to nurse the young man until a private nurse could be found. The report that we have this morning is that he is a little better and has a good chance for recovery.

Mrs. Hazel Pierson, daughter of Lawrence Gruver, is visiting with her father and grand father Uncle Joe Gruver, in their home here. Mrs. Pierson makes her

home down near Lubbock.

It is true that this is harvest season and everyone is as busy as can be. On the whole we are having a good harvest. For this reason, no matter how busy you are, you should take time out to go to church on Sunday. The churches will be looking for you and you are welcome.

July 31, THE BAPTIST CHURCH

CALIFORNIA VISITOR

Clyde Pague of San Diego, California is visiting his sister, Mrs. Georgia Horry and other relatives of Spearman.

July 31, THE BAPTIST CHURCH

Don't Name It!

As these contents are written before seven a. m. Monday of this week the prospects for a new oil field to be centered in Hansford county is dimmed. From best accounts available at this time we learn that the Collard well will be plugged and abandoned or capped. Nothing official, but we do know that the making of the hole has stopped and that the crew is only keeping up circulation awaiting further orders from the Gulf officials.

Apparently the high officials of the Gulf company have been disappointed from the test well, the information must not have been as favorable as exploration records of their core drilling indicated.

From what we can learn the Collard well was either the tightest well ever drilled in Hansford county, or the drilling crew never found any pay indications to report information. It is the belief of this writer that there has been some showing, but perhaps not enough for commercial production at the depth and cost that would be found in drilling deep wells.

We do not have any idea that the Gulf company have a well and will not bring it in because their leases are not in shape for an oil well, that's just some talk that is current as an explanation to offset the disappointment of not bringing in an oil well. Facts are that it is virtually impossible for any company to have all the leases in a given area. Surely from a study of records available at the court house one would conclude that the Gulf Company has a mighty nice block of acreage in the Collard well area, and they have spent a mighty big batch of money to get the information they now have relative to the formations in that area of Hansford county. Of course, if they do bring in an oil well in that area the records of formations will be available to the public as they will be on file at Austin, Texas, and anyone can secure the records of the formations.

Some of action of the area seem a bit contrary to common logic, but of course a layman who does not know the game cannot know what goes on, we mean by this that if the information in the Collard well were a disappointment to big oil officials, we just wondered why they would move over a few miles north and west and drill another deep test on the Gamestelter location, but that may be the way oil fields are

brought to light. As far as this writer is concerned he would not spend as much money as it takes to drill a well near a location that was not panning out according to expectations.

While there will be plenty of guesses and confidential statements that cannot be verified, this writer would like to put in his two-bits worth of sound information. When the Collard location was announced my good friend, Jennings, head man of the Seismograph company who had his office in the Reporter building made the only comment this writer heard from him during 18 months of association. He said that he could not understand why a test would be made at the Collard location to a depth of only 8500 feet, and said that the test would have to go deeper to get any prospects of pay, his statement was not official of course, but just a comment in a friendly discussion on, which indicated that he believed the oil if any, was much deeper than the contracted depth and of course the Collard well has gone to a depth

of 8700 feet or more, but perhaps by the time this comment is in print the well will be drilling deeper to prospective pay, who knows.

We hear that the big rig at the Collard location will be moved to the J. I. Steel ranch North of Spearman, of course that's not official, and we also hear that it will be moved south, perhaps into another prospective oil field area. So far as this writer is concerned, our prospects for an oil field in this area remain good. It will be a slow process, but it's bound to come.

And our prospect for a wheat crop here and being harvested, with all the elevators nearly full of the golden grain before the harvest is a week old. But one would expect all the grain harvested to go to the elevators for storage, first, as the situation demands that each wheat producer secure what elevator storage he can before he begins to use his own farm storage. There will be a lot of storage on the ground, temporary until the grain can be placed into more permanent storage.

ONE MAN and a KRAUSE one-way

Plow MORE with LESS POWER

A Krause One-Way, by actual field test, has less draft than most other one-way plows. That means more plowing with less power.

And in addition a Krause gives you a uniformly level seedbed... cuts through heavy stubble and weeds to give you a chopped-up mulch that is near perfect for topsoil protection... gives you a perfect summer-fallowing tool.

You gain many other advantages, too, with a Krause. Check all the features. Compare. Talk to your neighbors who use Krause plows. If you do, it'll be Krause for you.

Your Pontiac deserves

PONTIAC SERVICE

It's always a wonderful feeling to get into your Pontiac and go places! We know that you—like thousands and thousands of other Pontiac owners will be driving a lot of miles this summer, and we feel sure they will be enjoyable, comfortable, economical miles you will be happy to remember for a long time.

One of the things which adds greatly to the peace of mind that goes with Pontiac ownership is the fact that you are never more than a few minutes or a few miles from expert Pontiac service—the kind of service your Pontiac deserves.

The two service signs you see here identify more than 4,000 Pontiac dealers across the country—all pledged, as we are—to give you the finest service, by factory-trained experts using factory-engineered parts and special equipment.

Before you start your summer travels, bring your Pontiac in for a check-up. And if you ever need service on the road, look for the sign of the Pontiac expert—it pays!

BRUCE PONTIAC Spearman, Texas

Medlin H. R. Club

The Medlin Home Demonstration Club met June 17th in the home of Mrs. Mabel Edwards with Mrs. W. A. Van Cleave as hostess.

After completion of business Mrs. Lawrence Dussett gave a demonstration on "New Faces and flavors in refrigerator cookies." The cookies were delicious as well as decorated.

A demonstration on "New Twists in Dough" was given by Mrs. Joe Entekin. This was a sweet dough made into a swedish ring, butterscotch rolls, breakfast braid, and cinnamon spin.

Refreshments were served to Mrs. Kirt White, Mrs. Mary Gillespie, Mrs. Leon Nicholson, Mrs. Frank Davis, Mrs. Lawrence Dussett, Mrs. Joe Entekin, Mrs. W. A. Van Cleave, Mrs. Mabel Edwards, Mrs. A. J. Curtis, and two visitors, Mrs. Brown and Mrs. Burke.

Gladiola Flower Club Meets

The Gladiola Flower Club met June 16th in the home of Mrs. Fred Hoskins with Mrs. J. D. Hester acting as hostess.

After a short business session Mrs. Ray Robertson presented the program on plants harmful and annoying to man.

Lovely refreshments were served to Mesdames: Don Smith, Marcus Larsen, Ray Robertson, Louis Schnell, Roy L. McClellan, Bill Jackson, Lloyd Buzzard, Woodin Beck R. E. Sanders, Jr., Irving Davis, Johnnie Lee, Billy Weant, and the hostess, Mrs. Hester.

The next meet will be July 7, in the home of Mrs. Roy McClellan.

W. S. C. S. Met

Mrs. A. F. Barkley

Circle One of the Women's Society of Christian service met Wednesday June 15 in the home of Mrs. A. F. Barkley. The meeting was called to order by Mrs. Bruce Sheets, chairman. The lesson was brought by Mrs. Pope Gibner.

Refreshments were served to the following members: Mrs. Cay-

Conatser - Russell Vows At Canyon

Nuptial vows were solemnized Sunday, June 5, for Louise Conatser, daughter of Mr. and Mrs. Chas. V. Conatser, and Ross L. Russell, son of Mrs. Vila Russell.

Rev. Benjamin Bollman, pastor, read the double ring service in the First Presbyterian Church at Canyon, Texas.

Attending the bride as matron-of-honor, Mrs. O. E. Luster, sister of the bride, wore an aqua crepe street length dress. Her corsage was white gardenias.

Dale Russell, brother of the bride-groom was best man.

Miss Anita Davis played appropriate selections as a nuptial solo and accompanied Miss Nancy Lee of Spearman, Texas, who sang, "I Love You Truly."

Mrs. R. L. McClellan, Mrs. Could, Mrs. Clark, Mrs. Hester, Mrs. Watkins, Mrs. P. A. Lovin, Mrs. Bruce Sheets, Mrs. Bennett, and the hostess, Mrs. A. F. Barkley. The Circle was happy to have as a visitor, Mrs. Gus Ward from Long Beach, California. Mrs. Ward was a charter member of this society. Both circles will meet next Wednesday, June 22 with Mrs. Watkins at the parsonage.
