Groundbreaking Ceremonies To Be Held

Ground breaking for the Extended care Facility at Hansford Hospital will be held, Friday, January 9, at 10:00 a.m., directly behind Hansford Hospital, 707 S. Roland. The new addition will consist of the 39 bed extended care facility, enlarged kitchen new dining area, enlarged laboratory, a new operating room and two new emergency rooms. The Spearman Ministerial Alliance and Chamber of Commerce are co-hosting the ground breaking ceremonies with Hansford Hospital. Master of Ceremonies for the event will be Russell Pogue, Pastor, First Baptist Church. David Nuckles, Pastor of the First Assembly of God will give the invocation. Mayor C. Ralph Blodgett of Spearman will give the welcome and Mayor J.C. Hattis of Gruver will give the response.

Max Baggerly, President Hansford Hospital Board of Directors will introduce the Board Member, Doctors, Supervisor of Nurses, County Judge and Commissioners and Contractors. Mark Hardin, Administrator will explain the extended care facility and the needs from the Community and the Construction costs.

Russell Pogue will introduce other dignitaries attending these services. Everyone is invited to bring a shovel and help turn ground on this historic event in Hansford County.

Larry Miller, Pastor, First Baptist Church of Gruver will bring the Benediction. The Ministerial Alliance will serve refreshments immediately following the services.

The Lions Club "Ladies Night" is scheduled for 7 p.m., Saturday in the First United Methodist Church. All Lions and their ladies are urged to attend.

Register for draft

All young men of Hansford County born in 1962, must register for the "draft" immediately.

Both the Spearman and Gruver post offices are registering these 18 year old citizens. Across the nation, the U.S. Postal Service is conducting the registration voluntarily for Selective Service.

Registration is a simple matter but -- IT IS REQUIRED! Registrants will be given a registration form and a brochure containing the necessary information.

Those who are now 18 -- born in the year 1962 -- must register now.

Then, as young men become 18 years of age, they, too, are required to report to the nearest post office for the registering process which will continue throughout the year.

It is important to understand immediate registration is mandatory. Many were feeling such registration was no longer required because there is no actual draft. It is true there is no draft function as such, but --

It is also true that present 18-year olds must register immediately and other young men must register through the year immediately after their eighteenth birthday.

See you post office for further information.

Panel adopts ordinance!

Following a public hearing before the Municipal Airport Zoning Commission, Tuesday, the panel adopted an ordinance regulating height of structures on land surrounding the new airport for a radius of approximately 5,200 feet.

For ease of use, the ordinance has been entitled the "Spearman Municipal Airport Zoning Ordinance." Height control is summed up as allowing one foot of construction height--beginning at 35 feet at the perimeter of the airport--for every 20 feet of linear distance from the airport. Ground level or slope must be figured as a part of the height of the structure.

Important in the ordinance (as well as in FAA provisions) EXISTING structures may remain. It is future construction that will be controlled by the ordinance.

When members of the audi-

ence learned this, there was no further discussion regarding the business of the zoning commission. In fact, one group--still concerned with the state of structures ON the new airport noted, "...We came to the wrong meeting."

For want of some "homework," a REPORTER article led to some confusion as to the function of the zoning commission which was clarified in a second article.

So, the Municipal Airport Zoning Commission will deal solely with property surrounding the airport.

Matters dealing directly with the airport are the province of the Spearman city council.

Answering questions regarding meeting with the latter, City Manager Jim Murray explained that he must have a written request stating the matter to be considered in hand 72 hours

prior to the meeting. He explained that this is not a ruling of the council but just compliance with the open meeting law.

Asked if it were impossible to appear without the notice, Murray explained the council would hear anyone with serious business but the open meeting law forbids taking action on any item that is not on the duly posted agenda.

Murray also emphasized that this written application to appear on the agenda did not have to be formal or fancy; just the nature of the business or subject matter and signed by at least one of the persons to appear.

Following the public hearing and following action, the zoning commission, chaired by J.L. Brock, adjourned until the next regular meeting, Feb. 5.

JUANITA KEMPER

Mr. and Mrs. Jack Kemper have lived in Hansford County since 1954. Most will recognize her as secretary to SID Supt. James Cunningham, a position she has held 12 years. During that time she studied art with such teachers as Lometa Sparks, Spearman and Oma Kiser, Perryton. For the past five years she has been painting as a hobby -- a pastime that has led her to wear the smock of "Artist of the Month."

"Painting is one of the most relaxing hobbies I have," Juanita noted. "One day, I hope to devote more time to it."

The Kempers are a family of accomplishment. Husband Jack is employed with Panhandle Eastern. One of their two daughters, Lana, is a teacher in the Lubbock area. The other, Lynn Anthony, is a marketing specialist with the Texas Department of Agriculture living at Lubbock. Her husband is a Memphis native. They have two children, Jay, 6 and Kayla, 4.

The entire family is proud of Juanita's brushwork.

Mrs. Kemper's paintings on display this month at the Hansford Library.

52nd annual basketball tournament set

Canada's 52nd annual invitational basketball tournament, one of the longest-running sports events in the Panhandle area, will open next Thursday, January 8, at the CHS Wildcat Gymnasium.

For the first time in the 52-year history of the tourney, there will be only seven schools entering teams in each division, leaving a first-round bye in both boys and girls divisions for the host teams, the Canadian Wildcats.

The fact that "almost everybody" is staging a tournament this year, combined with the

UIL limitation on the number of tournaments any team can play during a season, has made it difficult this year to fill the tournament brackets. CHS Athletic Director Charlie Russell reports.

The Canadian tournament will feature some top competition, however.

The defending tournament champions, the Miami girls and Childress Bobcat boys teams, will both be back. So, of course, will be the Canadian teams, runners-up in both divisions last season...as well as the 1980 third-place Follett Pantherettes.

a perennial power-house team in girls basketball. The Memphis Cyclones, who placed third in the boys division last year, will be missing from the 1981 line-up.

Boys and girls teams from Shamrock, Childress, Gruver, Follett, Miami, Spearman and Canadian will compete in the 1981 classic for a big array of trophies.

The tournament will open at noon on Thursday, January 8, with a first-round match in the girls division between Follett and Shamrock; followed at 1:30 o'clock by the boys division game between the Follett Pan-

thers and the Shamrock Irish. Childress and Gruver girls will play at 3 o'clock on Thursday, followed by the Childress Bobcats and Gruver Grayhounds in the boys division at 4:30 p.m.

The Miami and Spearman girls teams will play at 6 p.m., and the Miami Indian and Spearman Lynx boys teams wind up first-round action at 7:30 o'clock on Friday.

Semi-finals games in the Consolation bracket begin at noon on Friday, and semifinals in the championship (winners) bracket begin at 3 o'clock Friday afternoon.

Canadian teams will get into the action in the semifinals Friday night, playing the winners of the Miami-Spearman first-round games.

Consolation finals and third-place matches are scheduled on Saturday afternoon, beginning at one o'clock, and the championship games will be played Saturday night, beginning with the girls division game at 7 o'clock.

Team trophies will be awarded for first, second and third place and Consolation. There will also be team trophies for Sportsmanship, and individual medals for All-Tournament players.

8th Lynxettes Smear the Bobcats

The 8th grade Lynxettes saw action Monday night, January 5, 1981. The Lynxettes from the 8th grade had not yet won a game in 1980 and wanted to change things in 1981. It's not that the 8th grade Lynxettes were any good, it was just that the breaks didn't go their way. They had lost games by 1 or 2 points and if 1981 wasn't the year of the Lynxettes than I guess nothing would go right! The 8th Lynxettes faced the tough Sunray 8th grade Bobcats. Now these two teams—the Spearman 8th grade Lynxettes and the Sunray 8th grade Bobcats—had already met and the Sunray 8th Bobcats had been the victors by 2 points—20-18! Would the Lynxettes luck change or would they lose by two or one point again?

There is one thing I'd like to say. Now, some teams feel that when they lose, it is a team loss—everybody's fault; but on the other hand, if they win it was because of one person! That is not true! Sure one person is going to have more points than the rest of the team, but she/he had to have been assisted—helped by the rest of her/his teammates! And that's how the Lynxettes from the 8th grade played—team members helping team members.

The game was exciting and thrilling from the start. One team scoring and the other team scoring also. The game was tied plenty of times in the first half. It looked like the team that shot last would be the team to come out on top in the first half! That is how good both teams played. Since everyone had gone their "separate ways" during the holidays, I figured that the turn out would be that the teams from both schools would play sloppy and not score more than 15 points. When the buzzer rang to end the first half, it looked like the Bobcats would win again. The score at the half was the 8th grade Bobcats 11 and the Lynxettes 9. The

Lynxettes had to remember about the game in Sunray November 24, where they lost to these same Bobcats by 2 points. Coach Crocker wanted to beat this Sunray team and prove to all the fans that his Lynxette team was just as good as all the other teams they had played against and maybe a little bit better!

Well, the 8th grade Lynxettes were not going to let Coach Crocker down. They planned to beat this team by at least 4 points which would show every one that they were twice as good as the Sunray 8th Bobcats.

The second half started out faster, more thrilling and exciting than it had all year long. Maybe this would be the year of the Lynxettes. Tammy Garcia, who just moved here from Pringle/Morse, came out in the 2nd half stealing and scoring from everywhere on the court. Tiki Jackson, Ciria Vela, Ginnie Womble, Jeanie Laird, Lee and Ann Barnes, Paulina Nava, Teresa Tindell, JoAnn Odegaard, Stephanie Friemel, Loree Morris, Sheila Schneider, Andi Hager, Tammy Savage and Karla Latta all had something to do in this game. They either stole the ball, scored, blocked shots and/or assisted their teammates! All of a sudden, the 8th Lynxettes went wild! For example: Tammy Garcia stole the ball and drove all the way and scored 2 points—she did that 3 times and the Sunray Bobcats did not come back down the court and answered Tammy, the Bobcats were flat as paper!! The Lady Lynx just about threw the Bobcats thru the ceiling but time ran out. The final score showed the Lynxettes with 33 points and the Bobcats with 21 points. This meant that the 8th grade Lynxettes had started the new year just right. And another thing I will say and that is—The 8th grade Lynxettes smeared the tar out of the Sunray 8th grade Bobcats!!

Way to go girls. The Lynxettes won by 12 big points and this was a "team win!"

The 8th Lynxettes will host the River Road Wildcats Monday, January 12, starting at about 6:00 p.m. or after the 7th grade girls' game finishes!

Then the 8th grade girls will be hosting, along with the 7th grade Lynx and Lynxettes and the 8th grade Lynx, their annual Spearman Jr. High Tourney which will be from January 15-17, Thursday thru Saturday.

Presbyterian News

Ground breaking ceremonies on the Nursing Home connected with Hansford Hospital will be on Friday morning, January 9, at 10:00 a.m. This is a day we have been looking forward to for a long time.

On Sunday, January 11, Presbyterian pastors at Canadian, Perryton, and Spearman will exchange pulpits. The Rev. Steve Rehrig, pastor of the Trinity Presbyterian Church at Perryton, will be preaching in Spearman. The Rev. Edward D. Freeman will be preaching in Canadian. The Rev. Lewis Koerselman, Jr., pastor at Canadian, will be preaching in Perryton. Danny Womble will be the Bible study lesson.

There is a warm, Christian welcome awaiting everyone who attends any of the services and activities of the First Presbyterian Church.

Very often it's the seller rather than the buyer who gets the "gain" in some bargain.

Double Ring Ceremony Unites Couple

MRS. CHARLES ROBERT MARSHALL

Jolinda Lee, daughter of Judge and Mrs. Johnnie C. Lee of Spearman, and Charles Robert Marshall, son of Mr. and Mrs. Robert E. Marshall of Austin, Texas were united in a double ring ceremony on Friday, December 26, 1980 at 2:00 p.m. in the home of the brides grandmother Mrs. Fred Hoskins. Rev. Russell Pogue officiated, before the mantel decorated with Christmas evergreen and votive candles forming the alter.

Given in marriage by her father, the bride was attired in a white formal coupe de ville gown with a chantilly lace yoke and lace insert on the full sleeves. She wore a colonial style lace hat with tulle bow and lace appliqued streamers.

The bride carried a colonial bouquet of white roses and mums. Her something old was a rose gold necklace made from a watch given to her mother for an engagement present by her father. Her something borrowed was the traditional blue garter worn by her sister in her own wedding. Her something new was her bridal dress.

Johnette Lee Caldwell, sister of the bride, served as matron of honor. She wore a full length dress of baby blue crepe and carried a nosegay of white mums, also in the colonial style. David Fudell of Austin, brother-in-law of the groom, served as best man.

Traditional wedding music was played on the organ by the bride's aunt, Winifred Hester of Texline, who accompanied Jyniece Lee of Fritch, sister-in-law of the bride, as she gave a reading and poem during the ceremony. Jyniece was attired in a baby blue full length dress of crepe satin and a rose and mum corsage.

The bride's mother wore a cranberry red valour suit and white silk blouse. The groom's mother wore a brown suit with

a white blouse. White rose and mum corsages were worn by each.

A reception and luncheon immediately followed the ceremony. The bride's table was covered with white lace over a white floor length tiered ruffled silk table cloth. The three tiered cake was topped with a bouquet of fresh white roses, mums, and blue babies breath. The groom's cake was the traditional Christmas fruit cake.

The luncheon table was covered with a baby blue cloth with a white faroy angel candle as the centerpiece. Cold cuts and salads were served.

For traveling, the new Mrs. Marshall wore winter white slacks with a navy and burgandy blouse and navy and white shoes. Following a wedding trip to Sante Fe, New Mexico and Carlsbad Caverns, the couple will be at home in Austin, Texas.

Out of town guests were Mrs. and Mrs. Bob Brown of Plainview, Texas; Mrs. Baskin Brown of Stratford, Texas; Mr. and Mrs. Robert E. Marshall, George Marshall, Tim Marshall, and Mr. and Mrs. David Fudell, all of Austin, Texas; Bruce Marshall of Houston, Texas; Fred Grassman of Denver, Colorado; Mr. and Mrs. Richard Kilgore and Leigh Ann of Amarillo, Texas; Mr. and Mrs. Dave Thompson and John Hodges of Friona, Texas; Jeanne Little of Lubbock, Texas; Mr. and Mrs. Craig Hodges, Lauren and Emily of Burleson, Texas; Mr. and Mrs. Howard Long, Sarabeth Green and Jed of Bartlesville, Oklahoma; Mr. and Mrs. J.D. Hester of Texline, Texas; Mrs. Jerry Wall, Stephanie and Jeremy of Hereford, Texas; Mr. and Mrs. Ken Roberts of Abilene, Texas; Mr. and Mrs. Jock Lee, Kara and Tyron of Fritch, Texas; and Mr. and Mrs. Robert Caldwell and Kristin of Lubbock, Texas.

Spearman Retail Sales up 32%

For the year 1980, Spearman had \$15.46-million retail sales -- up 32 percent -- while Gruver had \$2.72-million -- up 18 percent over the same period in 1979.

That is the official tally from the office of Bob Bullock, state comptroller of public accounts covering the period through Dec. 11, which does not include Christmas season sales.

The figures are based on the one percent sales tax payments to participating cities issued from Bullock's office.

The overall figure for participating cities in Texas for the period through Dec. 11, is \$560-million-plus, \$93.5-million more than for the same period in 1979.

The average increase is 20 percent making Spearman 12 percent above the average and Gruver only two percent below -- and it is to be remembered...

This does NOT include Christmas business.

(No explanation has ever been forthcoming from the comptroller's office as to why the calculation period ends with Dec. 11, but it is assumed by most that it is due to state employee holidays and the bulk of the calculation is accomplished before the Yuletide season.

Of that \$560-million figure, \$233.9-million goes to Houston, Dallas, Fort Worth and San Antonio, listed in order of gross receipts.

This means the remainder of participating cities garnered some \$326.1-million in returns from the one percent sales tax levied on retail sales. Where cities have adopted the one percent sales tax, merchants and other retail vendors collect a five percent sales levy which is forwarded to the office of the comptroller. One percent is returned to the city.

Spearman's receipts are \$154,692.69 compared to \$116,965.63 for the same period in 1979. An increase of 32 percent.

Gruver's one percent sales tax payments were \$27,235.16 compared to \$22,927.30 for the same period of 1979. An increase of 18 percent.

Important to picturing the state of business and its increase is the fact that these sales tax payments represent ONLY ONE PERCENT of the business transacted.

A look at cities around the area gives the picture of prosperity the Texas Panhandle appears to be experiencing. Figures are listed alphabetically without comparing city sizes. Percentages are used for they tell the story: Gruver with an 18 percent in retail sales experienced a greater ratio of increased business than did Amarillo with a 12 increase.

Cities and increases in the general area are as follows: Booker, 50 percent; Borger, 40 percent; Canadian, 10 percent;

Dumas, 32 percent; Darrouzett, 36 percent; Dumas, 14 percent; Follett, 15 percent; Fritch, 13 percent; Miami, down 20 percent; Mobeetie, 11 percent; Pampa, 29 percent; Perryton, 28 percent; Sanford, down 14 percent; Skellytown, 70 percent; Stinnett, 29 percent; Stratford, 11 percent; Sunray, nine percent; Wheeler, 14 percent.

Two entities in the area covered with this survey were down. There were many such cities and towns across the state that experienced the same decline. Usually, this does not mean a decline in the way of life -- or even the population of the town involved. At Miami, retail sales have been going down since the town became without a grocery super market. Major large grocery purchases are now made in nearby cities.

The small community of Sanford experiences retail sales fluctuations not caused by population changes but by traffic at nearby Lake Meredith or by bad weather making it impossible to make certain weekly purchases at nearby Borger.

The percentage of increase for both Spearman and Gruver denotes a steady healthy growth as opposed to the high percentage increases of "boom-then-bust" fluctuations. This is born out by a steady gain over the past four-year period for the two Hansford County towns.

In Spearman's case, there are other factors besides the courteous display and sale of quality merchandise.

8th Lynx Shock the Bobcats

The Sunray Bobcats had only 1 win and 2 Losses. Supposedly, the Bobcats wanted to even out the totals with 2 wins and 2 losses. Well, the 8th grade Lynx on the other hand, wanted to add another win on the win/loss column for the night. The Spearman teams already had 2 Wins and 1 Loss--that was the 7th grade Lynxettes! The Lynx had already lost to the Bobcats back in November but they had only been allowed to play 4 minutes in each quarter which was really the reason the Lynx lost to Sunray. The only reason the Lynx and Bobcats got to play only 4 minutes instead of 6 was that day there had been a real bad snow storm and the roads were hazardous. Both teams agreed on the time limit and as a result the Lynx Lost the game but came home safe!

This time there were 6 minutes on the clock and no snow on the roads or anywhere in particular!! The game started out fast and no fancy tricks just the regular this and that--steals, blocked shots and scores!! The game ended with the 8th

Lynx had also lost their games in the 1980 year, but wanted the 1981 year to be a spectacular year and their resolution was to win more games than they lose. They started the new year on the right foot. The Lynx and Bobcats were fought tooth and nail and whoever the champ was of this game would not be determined until the final buzzer or who knows maybe the final quarter!

Again I figured that both teams would be flat and not go over 25 points. NOTE: Why did I say the girls could not go over the 15 point barrier and the boys the 25 point barrier, you ask? Well, boys have been running since they were 1 year old and been playing more running games than most girls! They also can run up and down a basketball court as a camel can run up and down the desert. So the boys could put more points on that much time. The Lynx came out on top in the final quarter and never let their lead fall to the enemies hands! The game ended with the 8th

grade Lynx coming out on top and winning by the score of 35-28. The Lynx won by 7 points. That's a great way to start a new year!!

The 8th grade Lynx will travel to River Road to meet the River Road Wildcats this coming Monday, January 12, starting at 6:00 p.m. Then on January 15-17, Thursday thru Saturday, the 8th grade Lynx will be co-hosting the Spearman Jr. High Tourney for 1981. The Spearman Jr. High Tourney means that the 7th grade Lynxettes, 7th grade Lynx, 8th grade Lynxettes and the 8th grade Lynx will all participate in this tournament. There will be more information later--probably this Friday--about the tournament! So ya'll be watching in the next issue of the Hansford Plainsman.

ATTENTION SPORTS FANS

The Lynxettes will play against Miami in the Canadian starting at 6:00 p.m. The Lynx will play against the Miami boys at 7:30 p.m.

ATTENTION Retired Taxpayer

A retired taxpayer who does not wish to make estimated tax payments can file a special withholding statement to have tax withheld from annuity checks, the Internal Revenue Service says.

Just as they had tax withheld from salary while actively employed, retirees can have Federal income tax withheld from their pensions. All that's necessary is to file a form W-4P, "Annuitant's Request for Federal Income Tax Withholding," with the payer of the annuity.

If the retiree does not have a sufficient amount withheld from his or her annuity, an estimated tax must be paid in installments, which are due for 1981 payments on April 15, June 15, September 15, 1981, and January 18, 1982.

Supplies of Form W-4P and information on filing requirements and tax benefits may be obtained by calling the IRS forms/tax information number listed in the telephone directory.

Local girl on trip to India

CONNIE CLARK

Seven WT students, along with seven Canyon University Church of Christ members, left on a trip to Bhimavaram, India to work with the Christians in that area.

The group will leave Amarillo December 18, and return January 13, with stopovers for sightseeing in London, Agra, India (home of the Taj Mahal), and Rome.

Their work, according to trip coordinator, Don Browning, will be two-fold in nature and purpose. The group's first objective will be to strengthen the faith of the ever-enlarging Christian population in Bhimavaram (Browning is making his eighth trip to the area and estimates that there are now 5,000 members in the 40 congregations there).

The group's second objective will be to convert the Hindus to Christianity. Although some Hindus speak English as their second language, the Canyon group will teach and evangelize through interpreters, Browning emphasized.

Hinduism is the most practiced religion in India, and has

been since 2,000 b.c. Hinduism, according to Webster's New International Dictionary, is the native religious and social system of the country of India. It is a devotional polymorphic theism with a philosophical background, based on the idea of function and caste observances. Hinduism is based on social conduct, rather than on any one belief, and has no founder. Most Hindus believe in casualty (karma) and transmigration (samsara) and look forward to an ultimate salvation (nirvana) involving release from rebirth. Worship of images enshrined in temples or private chapels, the making of pilgrimages, belief in yoga and asceticism, and a great respect for a personal guru, are characteristic features. The number of sects is large and virtually uncountable.

Hindus, according to Browning, are "pantheistic in nature, and their basic idea is that everything is God. Hindus literally worship thousands of things, and their beliefs border on mysticism at times."

"Most Indians are easily receptive to Christianity, parti-

cularly in the south, as compared to the northern regions where Hinduism and its sects are bound and Christianity is frowned upon," Browning said. "Fortunately, Christianity is a religion that offers hope, which is very meaningful, since the people are highly depressed, as a result of poverty."

GOOD CITIZENSHIP

Scholarship Awards

One important lesson that most American youth learn—is that our society does recognize distinction, and rewards hard work.

An organization that translates its responsibility to its members and to America into rewarding and encouraging the efforts of youth is the International Brotherhood of Teamsters.

Scholarships are evidence to our youth of our esteem for excellence.

Each year, the organization awards ten IBT scholarships. This year, some 4,000 worthy Teamsters' sons and daughters competed for the \$6,000 awards.

To earn one of the scholarships, a youngster must prove academic excellence and excel in such other areas as leadership and participation in extracurricular activities. Financial need and personal recommendations are also considered by the judges.

The International scholarships, of course, are just ten of hundreds awarded annually by Teamster affiliates. Each year the union's area conferences, joint councils and local unions across the country and in Canada hold their own competitions, open to members' youngsters, in which hundreds of thousands of dollars in additional scholarships assistance money are bestowed.

A Conference On Farming

If you're interested in getting into farming or ranching, if you're already in the business and want to expand, or if you're thinking about retiring and turning the farm or ranch over to someone else, then there's an upcoming conference designed just for you.

The conference is called "Getting In--Growing--Getting Out of Agriculture," and is being sponsored by the Texas Agricultural Extension Service and the Texas Farmer-Stockman magazine. It will be at Texas A&M University Research and Extension Centers in three different cities on three different dates. Sessions are planned for Amarillo, January 20; Dallas, January 21; and Weslaco, January 22.

According to County Extension Agent Jim Smith, the conference is intended to help

farmers identify non-traditional alternatives for making farm business management easier and to learn more about turning problems into opportunities.

Major areas of discussion will deal with "Agriculture's Future," "Agricultural Business Planning," "Estate Planning Needs," "Financial Planning Considerations," and "Making Other's Problems Your Opportunity."

Featured speakers will include Dr. John Hopkin, head of Texas A&M's Department of Agricultural Economics; Marvin Sartin, Extension area economist at Lubbock; and Dr. Wayne Hayenga, Extension economist in management at Texas A&M University.

Further information on the conference is available from the county Extension office, add Smith.

"The Texas Democratic Party is alive and well and we intend to demonstrate this on the 13th. Democrats from throughout Texas will be gathering for a good time and to make plans to recapture the Governor's office in 1982," said Mrs. Forbes.

"The event will be held at the Austin Municipal Auditorium from 7 p.m. to 9 p.m.," said Mrs. Forbes, "with tickets at \$25.00".

Mrs. Forbes went on to say that those interested in buying tickets should contact her at 226-6671 or contact their county Democratic chairperson. Donna added that tickets will also be available at the door.

Residents Can Participate

HELP WANTED

It was announced today that Panhandle residents can participate in the 1981 Inaugural Ball festivities on January 20 in Amarillo.

Tom Stauder, chairman of the Panhandle Presidential Inaugural Committee, told members of the news media today that local arrangements have been finalized to telecast the inaugural balls for President Ronald Reagan and Vice President George Bush from Washington to the Amarillo Hilton Inn.

The telecast will be aired from 8:00 p.m. to 11:00 p.m., said Stauder, "and the activities kick off at 7:30 p.m."

The Panhandle is open to everyone, but seating arrangements at the Hilton Inn will limit reservations to only 500 persons. Cost per person is \$10, and reservations may be made by contacting the Amarillo Chamber of Commerce, 1000 Polk, Amarillo 79101, or calling (806) 373-5238.

Stauder said "ball-goers" here will enjoy the bands and entertainers for the inauguration of the nation's 40th president by way of a network of live satellite closed circuit telecasts across the United States.

"Amarillo is one of just 105 cities fortunate enough to have this telecast," he said. "It will run for three uninterrupted hours and will include all Inaugural Ball locations in Washington."

A highlight of the evening, Stauder said, will be a special address by President Reagan to local audiences.

Hor d'oeuvre will be served at the Hilton and a cash bar will be set up, said Stauder.

"This event is totally non-partisan and is not a fund-raiser," he said. "The cost of the tickets is only cover local expenses--and any surplus will be divided among Boys Ranch, Girls Town and the Retired Senior Volunteer Program."

"The Panhandle ball is for everyone because President Reagan is president of all the people."

Stauder announced the following citizens are members of the host and advisory ball committee: Mr. and Mrs. Jerry H. Hodge; Mr. and Mrs. Thomas J. Stauder; Mr. and Mrs. Beau Boulter; Mr. and Mrs. Bob Dean; Mr. and Mrs. James E. Brandon; Mr. and Mrs. Francis H. Gregg; Mr. and Mrs. Joe C. Richardson, Jr.; Mr. and Mrs. Arthur Fields; Mr. and Mrs. Donald L. Hileman; Mr. and Mrs. John McBride.

Also, Mr. and Mrs. Phil Woodall; Mr. and Mrs. W.E. Juetz; Dr. and Mrs. Holley Reed; Mr. and Mrs. Keith S. Tuthill; Mr. and Mrs. Michiel Hurt; Mr. and Mrs. Percy E. Reid, Jr.; Mr. and Mrs. W.M. Quackenbush; Mr. and Mrs. Bill Pittman; Mr. and Mrs. Don H. Reavis; Mr. and Mrs. Mark R. Ensign; Mr. and Mrs. Pat Cunningham; Mr. and Mrs. Jerry Kolander; Mr. and Mrs. Eugene H. Klein, Jr.

In addition, Mr. and Mrs. R. Earl O'Keefe; Mr. and Mrs. John Smith, Jr.; Mr. and

Mrs. Ray Berry; Mr. and Mrs. Kenneth Wallace; Mr. and Mrs. Ronald D. Trafton; Mr. and Mrs. Neal R. Allen; Mr. and Mrs. Leonard J. Nussbaum; and Mr. and Mrs. Ron Slover, all of Amarillo.
