

All-star week in baseball

The Spearman Reporter

VOL. 71, NO. 37

(THE SPEARMAN REPORTER) SPEARMAN, TEXAS 79081

THURSDAY, JULY 24, 1980

Spearman Boys On Top Of Texas All Star Team

Left to right, Greg Hazelwood, Chuck Eaton, and Kirby Hargis with their trophy from Regional Tournament.

The Top of Texas. All-Stars won the District Tournament in Dumas July 18 and 19 beating Dumas 4-2 and 16-15 in double elimination games.

Chuck Eaton, Kirby Hargis, and Greg Hazelwood are the three Spearman boys on the team. They are being coached

by Charles Eaton from Spearman.

Other players on the team are Jimmy Stateler, Martin Griese, Robert Maxwell, Mike Duff, and Bruce Wildrix from Perryton. Ronnie Hill and Henry Young from Canadian and Kevin Mounsey, Carl Guy, and Jeff Bourquin from Booker.

Assistant coach is Richard Reeves from Canadian.

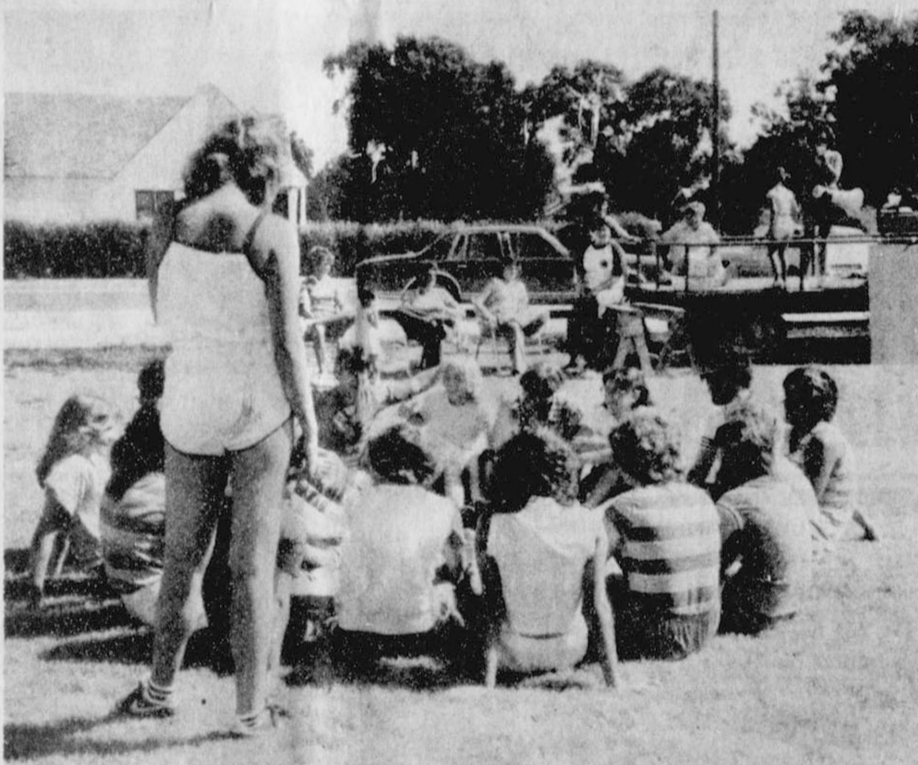

Chuck Eaton is playing second base for the team, Kirby Hargis is playing first base and Greg Hazelwood is playing third base and alternating in left field.

The team is in Lubbock at the State finals this week.

Area Youth Rally Held Here

Area Methodist Youth are shown above as they learn to "trust each other" at the youth rally held at the Methodist church here last weekend.

Just some of the activity area youth enjoyed at the Youth Rally held here last weekend at the First United Methodist Church. Don Boren is youth director of the church.

A youth rally was held July 18 and 19 at the First United Methodist Church here.

Area UMY groups from Amarillo, Miami, Booker, Wheeler and Stinnett attended the two day affair.

There was a singing group from Dalhart. The featured speaker was

"Sonshine", Dennis Townsend of Abilene who spoke to the youth each evening.

Friday's activities included Supper, swimming and the featured speaker.

Saturday's all day activities were fun games, song service, the speaker "Sonshine", small group time, lunch and supper.

Games included caterpillar races, obstacle course, tug of war, and tweeki whop which is a mid-air pillow fight, and trust each other, where youth were thrown around in arms of each other.

Approximately 60 youth and their leaders attended the rally.

Woodington shows off his new Moped! Ben is riding the Moped to work, and plans to use it in town, to save gasoline. He already has 43 miles on the machine, and it gets 100 miles per gallon on gasoline!

"A rose by any other name" would still have petals but -- so does a moped.

--And that leaves Spearman Police Chief Ron Robinson and his force on the horns of a dilemma: how to regulate the rash of two-wheelers cruising city streets and sometimes, sidewalks.

The subject has been raised at two city council meetings but Chief Robinson explained there is no clear classifications of all the vehicles and that he had asked Austin for same. At the second occasion he explained that Austin must be having trouble too since the information had not been forthcoming.

In answer to specific questions, the chief explained that at present, some of the moped-type vehicles are classified as

bicycles and require no age level, no license, no helmet.

He also explained that efforts to get classifications were not for harassment purposes but for safety. There have been numerous complaints lodged against the two-wheelers and he feels some order must be maintained.

Chief Robinson did note some specifics. He said there are classifications of motorbikes and small motorcycles that exist and riders know what they are and the traffic rules governing them. He said these rules will be enforced.

The chief also explained one known rule that applies to ALL two-wheelers and that many bicycle riders -- particularly the young -- are in violation. All two-wheelers, including the

smallest bicycles must travel in the right lane of the roadways. Many young bicyclists are riding facing traffic as pedestrians are told to do and this is a violation, according to state law.

It is felt many parents have erroneously instructed the young cyclists in their family to do this thinking it is proper.

To sum up the two-wheeler status to date: all must travel in the right lane with other vehicular traffic. All must obey all traffic laws that autos must obey including turn signals and stops at stop signs and traffic control lights.

Another rule of thumb suggested was to consider the other fellow whether cyclist or motorist. He just might have the right-of-way.

Guymon, Dimmit, Lubbock are all cities where baseball tournaments have been played this week. The All Star teams from Spearman and Gruver have been competing in the KIDS, Inc. invitational this week. The Top 'O Texas Jr and Sr Babe Ruth All Star teams have been competing in State Tournaments in Dimmit and Lubbock.

Spearman has been well represented in each of these tournaments. The Spearman All Star team in Guymon included: Bob Cook, Brent Depee, Damen Goodheart, Jeff Vanlandingham, Terry Phillips, Timmy Willis, Michael Lopez, Jesse More, Nabor Cabrer, Will Black, Carl Urban, Justin Ooly, Jeff Dean and Monty Ross. All Star Coaches include Jim Ivey, Kevin Russell and Ronnie Willis. The Gruver All Star Team, which played in the Hansford League together with the teams from Spearman include: Greg Ammons, Tommy Barber, Steve Duncan, Greg Haight, Kent Nix, Brent Pierson, Alex Renteria, Paul Romero, Clay Smith, Tim Stedje, Trevor Williams and Brandon Wood.

Four boys were picked from

the eight teams competing in the Junior Babe Ruth League this summer. Two, Greg Meek and Pat Tucker were chosen to participate in the thirteen year old tournament, but were unable to compete due to their birthdays falling too early and became ineligible. They are to be congratulated for playing well enough to have been chosen. Two boys, Darren Goodheart and Ricky Torres were chosen to represent the 14-15 year olds in tournament play. Their team won the first series of play and are now in Dimmit competing in the State Junior Babe Ruth Tournament.

Four Spearman boys were chosen to compete on the Senior Babe Ruth (16-18) All Star Team. They are: Greg Hazelwood, Chuck Eaton, Kirby Hargis and Cary Collinsworth. Friday and Saturday they competed in Dumas and defeated its all star team in two straight games (4-2 and 16-15) to move this week to Lubbock for the State Tournament. The All Star Coach for the Senior Babe Ruth Team is Charles Eaton, coach for the Spearman team during regular season.

Swim Team Closes Season

The Spearman Swim team traveled Cimarron, Kansas to take part in the West Kansas Swim League championship meet. This took place on Friday and Saturday. There were about 500 young people taking part in this meet. Every member of the team took part and everyone of them bettered their times from the beginning of the season. Even though most of them did not place, they showed that they will be better for next year. One must be proud of the effort put forth by this group of young people. Spearman was well represented. Many of these were swimming for the first year and are just now catching on to what the meets are all about. When looked at the event sheet, there were at the least in each event fifteen and going as high as fifty. So those who placed did a great job. Many of our young people placed in the top 10. So we can say a job well done. Individual results:

- Girls 9-10 Free Relay (Marri Schaffer, Andi Speck, Jane wirsdorfer, Carly Shieldknight) 4th
- Boys 15-18 Free Relay (Tracy Vernon, Curt Davis, Greg Farr, Gary Thomas) 3rd
- Stacey Thomas Girls 15-18 100 Free 6th
- Gary Thomas Boys 15-18 100 Free 3rd
- Stacey Thomas Girls 15-18 Backstroke 6th
- Gary Thomas Boys 15-18 Backstroke 4th
- Curt Davis Boys 15-18 Backstroke 6th
- Hailey Shieldknight Girls 8 & under Breaststroke 6th
- Jane Wirsdorfer Girls 9-10 Breaststroke 6th
- Gary Thomas boys 15-18 500 Free 3rd
- Curt Davis Boys 15-18 500 Free 5th
- Stacey Thomas Girls 15-18 200 Free 6th
- Gary Thomas Boys 15-18 200 Free 3rd

This meet closes the season this year. As coach I want to say thanks for the support received from the community. And to the young people, themselves, You did a great job this year and I look forward to next year.

Sick Plant Clinic Set

Bring your sick plants or plant specimens to the Spearman Homemaker's Clubroom Monday, July 28 anytime from 1:30 - 4:00 p.m. A specialist will tell you how to properly care for the plants.

Specialists with the Texas Agricultural Extension Service will be in Spearman to visit with the people about problems in home landscaping, gardening, and indoor plants.

The come-and-go style program is a free service planned by the Hansford County Program Building Committee.

Educational programs provided by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

Call Peggy Winegarner at the County Extension office (659-2030 or 733-2901) for more information.

Early Settler Services Held

Mrs. Bessie Walters Holt, 90, early settler of the Gruver area, died Thursday, July 17 in Imperial Beach, Calif.

Graveside services were held at 7 p.m. Tuesday in Gruver Cemetery with the Rev. Tom Fuller, pastor of First United Methodist Church, officiating. Arrangements were by Henson Funeral Home of Guymon, Okla.

Mrs. Holt was born in Rose Bud, Ark. She married Dr. C. Zeno Holt in 1911. They moved to the Gruver area and he practiced medicine in the Texline and Dalhart communities. They moved to Palm Springs, Calif. in 1925. He died in 1951.

Survivors include numerous nieces and nephews.

Hospital News

Patients in Hansford Hospital are Irene Crites, Ray Spann, Rhonda Witten and son, Susan Davis and daughter, Carolyn May and son, George Ford, Kathy Brown, Jessie Tompkins, Mildred Chamberlain and Roberta Burger.

Dismissed were Will Ella Martin, George Graves, Kathy Brown, Matt Becker, Denise Sheets, Katura Bruton and Ann Sheets.

Receives Degree

Roy Harbour received his bachelor of science degree in agriculture economics in May from West Texas State University.

He is a graduate of Spearman High School and the son of Mr. and Mrs. Monty Harbour of Stinnett.

He is married to the former Denise Benton of Spearman.

4-H Babysitting Clinic

Scheduled

How's your sitter safety rating? On the job, do you know: What to do and whom to call in an emergency? How to keep children happily occupied and out of trouble? What to watch out for to prevent accidents?

Even if you think you know all there is to know about baby sitting, it will be worth your while to check up on your practices.

A 4-H Babysitting Clinic will be held for three consecutive Mondays between 9 and 11:00 a.m. beginning July 28 at the Spearman Homemaker's Club-room.

The clinic will include sessions on safety, discipline, foods, toys and play and other subjects.

To enroll call Peggy Winegarner at the County Extension office (659-2030 or 733-2901).

4-H members and other youth are invited to participate. Education

ational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

Library Board Meets

The Hansford County Library Board met in regular session Monday, July 14 at 3:30 p.m. in the library.

Board members present were J.L. Brock, Mmes. J.R. Stump, Larry Murphy, John Trindle, Mary Alice Gibner, G.R. Kilgore, and librarian Mrs. Terry Curtis.

In the absence of the chairman the meeting was called to order by vice-chairman Mary Alice Gibner.

Minutes of the previous meeting were read and approved and the treasurer's report was given.

The librarian reported circulation of 3068 books for the month of June, 1139 adult books and 1939 children's books.

Ten new library cards were issued.

Mrs. Curtis reported that 224 children attended library programs during June.

Seventeen new books were processed.

Remodeling of the front room of the library has been completed.

The walls were painted, and new ceiling and light fixtures installed.

Sound Advice

Don't stay away from church because it attracts so many hypocrites; there's always room for one more.

-Dispatch, Clay Center.

True

Don't worry if a rival imitates you. While he follows in your tracks he cannot pass you.

-Grit.

Perryton Club To Shoot .22 Silhouette

This Sunday at Lake Fryer shooting range, there will be a new shooting sport. For the first time in the area there will be a .22 rifle and pistol silhouette shoot. This is mainly for the women and youngsters interested in learning to handle a rifle or pistol.

Several of the men involved in setting up the range are experts with weapons and teaching others. The range is located near the dam at Lake Fryer which is south of Perryton.

The shoot is scheduled to start at 1 p.m. and everyone with a .22 rifle is encouraged to attend. A scope is allowed on the rifles, which will be shot off-hand, while the pistol must be unscoped and may be shot either prone or off-hand. The range is 100 yards maximum distance with the shorter ranges being different depending on whether is rifle or pistol.

This range has been a long time coming, but will be a success.

Area Resident Directs Twirler Camp

AREA RESIDENT DIRECT TWIRLER CAMP

Pictured are instructors that recently taught and directed the National Baton Twirling Camp at Panhandle State University. Over fifty girls took part in the week long camp.

Standing (L-R) Samra Strawn, Cimarron, KS; Joy Lair, Spearman, TX; Renee Tarbet - Jett, Camp Director, Amarillo, TX; and Sandra Brock, Fritch, TX.

Not pictured is Jean Tarbet, Asst. Camp Director from Borger, TX.

BACKGROUND ON BUSINESS

Since America's talent for technology could help cure our ailing economy, it's fortunate high-technology complexes are springing up across the nation. Many are in a place where returns on investment can be four times those available elsewhere.

The place is Puerto Rico. Though part of the U.S., there's no federal income tax on corporate or individual earnings, except in the

case of Federal employees or U.S. source income.

That little island, it seems, can offer an ocean of opportunity to companies that may help keep our economy afloat.

Reasonable

If you can't think of any other way to flatter a man, tell him he's the kind who can't be flattered.

-Appeal, Memphis.

Never Fails

One thing about the speed of light, it gets here too early in the morning.

-Atlantic Reserve Fleet.

Coliseum Shows For Tri-State Fair

Up and coming young stars of the entertainment world, current favorites, and veteran show stoppers...all are included in the array of talent booked for the 1980 Tri State Fair, which kicks off Sept. 15th in Amarillo. Shows are scheduled twice daily, 5:30 & 8:30 p.m., and two headliners are booked daily. Talent ranges from the rapidly rising girl singers, The Cates, to the long established popularity of such perennial favorites as Marty Robbins & Merle Haggard. Tickets will be priced at \$6, \$7, 18, and are available by mail only until Aug. 25th when they go on sale at Sunset Center. Fair officials have suggested that tickets for specific shows be purchased early, and that date and time be clearly indicated. Tickets will also be available at the door, except in the case of advance sellouts.

Mon., Sept. 15 the two headliners will be Eddie Rabbit & Janie Fricke. Tues. the 16th, T.G. Sheppard & Jeanne Pruett take over. Wed. the 17th, the great Marty Robbins teams with the Front Row Trio. On Thurs. the 18th, Larry Gatlin & Gatlin Bros. Band co-host with Margo Smith. Fri. the 19th, The Oak Ridge Boys, plus the beautiful and talented sister act, The Cates. For the grand finale, Sat. the 20th, a country music legend, "The Hag"...Merle Haggard, along with versatile and talented Susie Allanson and her traveling and recording band. Each daily show, 5:30 & 8:30 p.m., is an entity featuring both headliners scheduled for that day, along with all supporting acts. Tickets may be ordered from Tri State Fair, P.O. Box 31087, Amarillo, Texas 79120.

Tri State Fair Livestock Judges

Final selection of judges for the various livestock events at the 1980 Tri State Fair has been completed. Lynn Griffin, Fair Manager, has released names of qualified judges representing eight states. Vance Uden, Franklin, NEB. will judge the Angus and Shorthorn Cattle Shows. Hereford Cattle will be judged by Wallace Cox, Albert, NM.

Cattle in the Simmental show will be placed by Dr. John McNeil, Canyon, TX. The services of Dr. William O. Cawley, Texas A&M University, have been secured to judge the Capon Show and Troy Jones, Fort Worth, TX, will place winners in the first time Bantam Show. The Lamb Show will be judged by Joe Ed Wise, Lamasa, TX and the Barrow Show by Bobby Lee, Wilson, TX. Clyde Fulkerson, Plainview, TX, will judge the Open and Junior Rabbit Shows. In the horse department, the Appaloosa Show will be judged by Larry Ellis, Loveland, CO. Don Burt, Portuguese Bend, CA, will place the Arabian horses. Paint horses will be judged by Tommy Buckner, Dalhart, TX. E.G. (Bud) Alderson, Shapsville, IND. will be on hand to handle the Quarter Horse judging and will assist Mike Mowery, Cave Creek, AR, in judging the Open and Non-Pr Cutting horses.

Corn In Farmer-Owned Reserve Released

WASHINGTON, July 11--Producers may redeem corn from the farmer-owned grain reserve without penalty as the national average market price for corn is \$2.63 per bushel, the reserve release level, according to a U.S. Department of Agriculture official.

Ray Fitzgerald, executive vice president of the Commodity Credit Corporation, said farmers may sell their reserve corn after repaying their CCC price support loans. Release of the reserve does not require farmers to redeem or sell their grain at this time.

Farmers with farm-stored reserve grain must request a release from the county office of USDA's Agricultural Stabilization and Conservation Service before removing the grain for sale.

The \$2.63 price level at which corn is released from the reserve is based on 125 percent of the \$2.10 per-bushel national loan rate for corn.

About 894 million bushels (22.7 million metric tons) of corn are in the reserve.

Fitzgerald said that on Aug. 29, CCC will review the average price for corn to determine whether the release authorization should remain in effect. For loans not redeemed, storage earnings will continue through the end of August.

Data used by CCC in determining the release level include five-day average prices as reported by USDA's Agricultural Marketing Service which show prices bid by buyers at selected markets. Chicago, Kansas City, Minneapolis, Omaha and St. Louis are the daily markets reviewed by CCC for corn. The five-day average of these market prices, adjusted to reflect prices received by farmers, was the basis for today's action, Fitzgerald said.

"The greatest pleasure in life is that of reading, while we are young."

People often seek excuses for their failures instead of trying to do something about them.

Losing 51 pounds brought Debbie Hamilton out of hiding.

Extra pounds can be a heavy weight on your personality. Debbie Hamilton knows. When she weighed 180 pounds, she found herself avoiding her friends out of sheer embarrassment.

"I was so self-conscious," she says, "that I began to hide in the corner at parties, dreading conversation because I just knew someone would make a remark about my weight."

But she couldn't seem to do much about dieting. Strict diets were too difficult. Even her doctor's warning that she had to lose weight to lower her blood pressure didn't push her to succeed at reducing. Then something exciting happened.

We'll treat you like the special person you are, in the privacy of our luxurious salons.

Call today to reserve a time for your complimentary treatment and figure analysis. There's no obligation.

The Pat Walker's program: a real discovery

By chance, Debbie Hamilton took a job at a Pat Walker's Salon. It was her introduction to the unique Pat Walker's program of sensible diet combined with effective passive exercise.

Before long, she was a part of the program, too. Learning to eat the right amounts and combinations of foods. Spending a relaxing half hour or so 2 or 3 times a week on the Symmetrical passive exercise unit, as it toned and tightened flabby areas.

Debbie Hamilton thrived on her new lifestyle. The pounds disappeared at an average rate of one a week. From a tight size 14, her dress size slipped to a chic 8. Fifty-one pounds and 61 inches later, her weight was delightfully right for her 5 feet 8 inches.

"I even had to buy new shoes," she laughs. "My feet were a whole size smaller!"

Pat Walker's works for you

Debbie Hamilton has come a long way with Pat Walker's. In fact, Pat Walker's is her career now. She sees success stories like hers every day, and she's happy to tell newcomers her own story. "Using the Pat Walker's principles, I've maintained my new figure... and you wouldn't believe the energy I have. Now, when I go to a party, I'm in the middle of things. No more corners for me!"

"You don't have to work at Pat Walker's to have the program work for you. Let a Pat Walker's consultant explain how you can turn your own weight problems into a success story."

Farmland Price Rise Slows

Activity in the farm real estate market is expected to decline this year, primarily due to the combined effects of high interest rates and tight credit during the first half of the year, along with the recession and the decline in net farm income. During the survey year ending Feb. 1, 1981, the price of farmland is likely to increase between 5 to 10 percent—well below the 13-percent average rate of increase over the last 10 years. For the first quarter of 1980, the Federal Reserve Banks of Chicago and Kansas City reported a slow-to-negative growth in farmland values.

Farmland prices increased an average of 15 percent during the year ending Feb. 1, 1980, slightly above the 14-percent general inflation rate (increase in the Consumer Price Index) for the same period. The size of the average farm increased from 449 to 452 acres in the 48 contiguous states, and the value of the average farm increased from \$251,000 to \$290,000. Just 5 years ago the average farm size was 426 acres and the value was only \$114,000.

The average acre of farmland is now worth \$641. The state averages reflect land quality and the intensity of use, ranging from \$112 an acre in New Mexico to \$2,400 an acre in New Jersey. The total value of farm real estate was \$668 billion on February 1, up \$84 billion from a year earlier. Building values accounted for \$111 billion or 17 percent of the total value.

During the survey year ending Feb. 1, 1980, the average price of farmland increased most in Louisiana, up 29 percent, and Maryland, up 25 percent. Alabama, Arkansas, Mississippi, Missouri, and California also showed gains of 20 percent or more. Farmland prices increased by less than 10 percent in 13 other states. The slowest rates of increase were generally found in the Northeast and Appalachian regions.

The total number of farms fell 1 percent during the survey year, compared with a 1.6-percent decrease during the previous year. Farm equipment continued to account for 63 percent of all farmland purchases. The number of farm transfers was unchanged from the previous year's level at 85,600, while the rate of farm transfers increased slightly to 40 tracts per 1,000 farms. The tight credit situation in some areas of the country in the first half of the year and the decrease in net farm income are expected to reduce the rate of farm transfers in 1980.

A record-high 91 percent of all farm transfers during the survey year were credit financed. Sellers and Federal land banks supplied 72 percent of the credit, up from 67 percent. Life insurance companies dropped their market share by providing only 7 percent of the credit, compared with 10 percent last year and 15 percent the year before.

Transfers of farmland expected to remain in agricultural use 5 years after the date of purchase remained around levels of recent years, accounting for 82 percent of all purchases, 89 percent of the total acres, and 88 percent of the total value transferred.

Expected use as a rural residence continued to be the most common form of competition, accounting for 8 percent of the purchases. For most uses, the average price per acre for

tracts under 100 acres was at least twice as high as the overall average price.

Cash rents generally continued upward, but in most of the states surveyed, the rate of increase failed to match the rate of inflation. In most states the ratio of gross cash rents to land prices continued to drop.

Copies of Farm Real Estate Market Developments, CD-85, will be available in a week to 10 days. For further information contact Ron Jeremias, (202) 447-7340.

Soon?

Researchers say that women may soon dominate the United States. What do they mean by soon?

Grasshopper Spraying Nets Excellent Kill Rate

AUSTIN--Aerial spraying has been completed on three of eight Panhandle counties scheduled for treatment against grasshoppers. Agriculture Commissioner Reagan V. Brown has announced.

"Excellent kill rates have been achieved by the first treatments in Briscoe, Randall and Armstrong counties," Brown noted, adding that a total of some 250,000 acres were included in the first spraying operation.

Spraying work which begins this week in Deaf Smith, Hartley, Oldham and Dallam counties should be completed in five-seven days, Brown said, and will cover in

Wood-Harbour vows read in Lubbock ceremony

MR. AND MRS. HARBOUR

In Saint John's United Methodist Church of Lubbock, Debra Evelyn Wood and Ted Ira Harbour recited their wedding vows in a formal candlelight ceremony at ten o'clock in the morning on Friday, June thirteenth.

Mr. and Mrs. Woodrow Farris Wood of Wellington and Mr. and Mrs. Ira A. Harbour of Spearman are parents of the couple. Grandparents are Mr. and Mrs. Paul J. Bell of Quail, Mr. and Mrs. Woodrow Wood of Wellington, Mrs. Thomas Isaih Harbour, and Mr. and Mrs. Dan W. Jackson of Spearman.

Potted plants of white azaleas and chrysanthemums complimenting tiers of antiqued gold candelabras holding white tapers entwined with greenery were on either sides of the altar which formed the background for the ceremony. The altar held two brass candelabras, white tapers and greenery which completed the decorations around the unity candle.

At the entrance of the sanctuary, guests were greeted by Sherman Jones and Slaid Jones, nephews of the groom, and handed miniature scrolls from brass trays. Lee Ann Sageser of Cotton Center registered the guests.

Mrs. Jane Ramsey, church organist, chimed ten o'clock on the organ and then presented traditional pre-nuptial music including several selections from Bach, and accompanied Mrs. Joe Wood of Wellington, aunt of the bride, as she sang selections made by the bride during the ceremony.

Candles were lit by Julie Jones and Slaid Jones of Morse, niece and nephew of the groom.

Mr. Wood gave his daughter in marriage.

The bride wore an ivory formal gown of English net and satin designed with a Victorian neckline of sheer netting overlaid with appliques of Alencon lace. Alencon lace covered the closely fitted bodice which formed a natural waistline. Her long fitted sleeves of satin had deep Alencon lace and English net cuffs which formed scallops over her hands. Her skirt of satin fell unadorned to the hemline and extended into a chapel length train. She wore a matching Alencon lace mantilla designed with deep lace scallops accenting the edges and extended past her train. For her bouquet, she carried a white orchid surrounded by a cascade of white roses, stephanotis, and baby's breath with ivory satin streamers on which were tied

the grandmother's and great-grandmother's rings. At the altar, the bride took a white rose from her bouquet and presented it to the groom. As she approached the altar, the bride gave her mother, Mrs. Wood, and the groom's mother, Mrs. Harbour, handkerchiefs embroidered with the date of the occasion. John Duncan, uncle of the bride, gave her a six pence for her shoe for good luck and something old, she wore a green and magenta satin garter made by her aunt, Mrs. Joe Wood, for something new, for something borrowed, she wore her mother's pearls, and for something blue, she wore a blue lace garter given by the groom which he later tossed at the reception.

Miss Kloette Camp attended the bride as maid of honor. Bridesmaids were Kathy Mote, Kay Coffee, all of Wellington, and Claudia Williams of Dallas. Vanda Wood, sister of the bride, was the junior bridesmaid. The maid of honor was gowned in magenta crepe and the other bridesmaids were gowned in green crepe. They wore floor length gowns with a loose fitting blouson, back cowl neckline with three quarter length doleman sleeves. They carried colonial nosegays of white carnations and baby's breath with satin streamers to match their gowns.

Mr. Ira A. Harbour, father of the groom, attended his son as best man. Groomsman were Curtis Harbour of Spearman, brother of the groom, Channy Wood of Wellington, brother of the bride, Dana Bell of Quail, uncle of the bride, and Robert

Harding of Lubbock. Mr. and Mrs. Wood honored the couple with a reception in the Garden Room of the church after the ceremony. The Garden Room was lined with flowerbeds of tropical trees and plants, with plants and hanging baskets suspended from the skylight. The bride's table was covered with an ecru floor length lace cloth. The tiered wedding cake was decorated with white roses and cherubs with a flowering foundation between the first two layers. A silver candelabra holding white tapers and a large arrangement of chrysanthemums, azaleas and greenery was the centerpiece. Punch was served from a silver punch bowl by Mrs. Donnie Jones of Morse, sister of the groom, and Mrs. Curtis Harbour of Spearman, sister-in-law of the groom. Other appointments were silver and crystal.

The groom's table was also laid with a floor length ecru cloth. The cake was a heart shaped German chocolate cake decorated with white roses. Coffee was served from a brass samovar by Mrs. John Duncan of Amarillo, and Mrs. Andy Bell of Quail, aunts of the bride. Appointments were brass and goldware.

Garden baskets holding magenta and green satin rosebuds filled with potpourri were handed to the guests by Ti Harbour and Alvin Harbour, nephews of the groom.

Upon returning from their wedding trip to Cancun, Quintana Roo, on the Yucatan Peninsula on the Caribbean Sea, the couple will be at home at Lubbock.

MOOSE LODGE ENJOYS BAR-B-QUE

Moose members, wives and guests enjoyed a pig bar-b-que Saturday night, July 19, at their Moose Lodge. The pig was purchased at the stock show last spring.

There was pit bar-b-que pig, beef, potato salad, cole slaw, beans and all the trimmings.

There was also a good dance following the supper with Country Cookin' playing the music.

The Spearman Moose Legionnaires were the cooks for the meal. The Legion is the second degree of the Moose. Those helping cook were Butch Butler, Jim Fox, Reg Robertson, Bob Stewart, Louis Burkhardt, Ken Shufeldt and Verlin Behne as head chef.

One of the largest crowds as to date enjoyed a great evening.

Mrs. Womble to present recital

Mrs. Arlan Womble of Lubbock will be presenting a musical recital Sunday evening beginning at 7:30 p.m. in the First Presbyterian Church. The public is cordially invited to attend the recital and the ice cream social to be held after the program.

Mrs. Womble is an accomplished soloist, organist and composer of original sacred verse.

Arlan, the nephew of Ceril Barton of Spearman, will be remembered by Spearmanites as he grew up here and attended Spearman schools.

Thousands acclaimed Pope in Brazilian cities.

Eastern Star Has Meeting

Spearman chapter #721, Order of the Eastern Star met Monday July 7, in a regular stated meeting with Myrna Biggers, Worthy Matron Protem and Don Hendricks Worthy Patron presiding. There were sixteen officers and members present. The Pledge of Allegiance was led by Don Hendricks. The opening was led by Wilma Clark Organist.

Myrna called the meeting from Labor to rest. At this time R.L. McClellan, worshipful Master Elect of the Hansford Masonic Lodge #1046, was admitted to the chapter room to discuss the dinner to be held for the installation of several Masonic Lodges, Fri. July 24 at 6:30 P.M. The Grand Master of the State of Texas will perform the Installation Ceremony.

The meeting called back to order. It was reported 55 cards were sent from the chapter and members.

A short recess was called by the Worthy Matron. Mary Arnold, conductress and Nina Hendricks associate conductress were invited to the East for the purpose of installing Cecil Biggers to the office of Associate Patron. Mary Arnold, installing officer instructed Nina Hendricks, installing Marshall to Present Cecil for Installation. After the ceremony the installing officer instructed the installing Marshall to Declare Cecil duly installed for the ensuing year.

Reports were given on members who are ill. Deta Blodgett having surgery, Virus Willbanks heart surgery in Amarillo Hospitals, in Spearman hospital

Mildred Chamberlain and Lawrence Wilbanks

After the meeting refreshments were served in the dining hall by Gardline Lovingood, Wanda Brown and Jessie Fares. The next meeting will be August 4, there will be a salad supper and program in observance of Rob Morris. Founder of the Order of the Eastern Star.

Pheleo Circle Has Meeting

The Pheleo Circle met July 16 in the fellowship hall of the First Christian Church.

Betty Jean Davis, chairman, opened the business meeting with prayer.

Minutes of the previous meeting were read and approved.

The new study books "New Thresholds of Faith" by Kenneth Hagin, were distributed. Circle projects were discussed and a committee was appointed to plan future projects.

Sandy Russell, program and worship chairman gave the study on "How Do You Get Faith-What Is Faith?"

Members present were Cheryl Blankenship, Betty Jean Davis, Margarette Evans, Dorothy Haner, Janie Henton, Lorene Kunselman, Sandy Russell, Gwen Smith, Jean West and Stephanie Brock.

Mary Ann Evans kept the nursery.

For the August 20 meeting, Janie Henton will be the study leader, Lorene Kunselman the worship leader and the hostess Dorothy Haner.

Roger Mudd leaving CBS to join NBC News.

Arts & Crafts Guild Meets

The Arts & Craft Guild met Friday, July 18 in the home of Mrs. Bill Russell.

Members present were Mmes. Clay Gibner, Guy Fuller, Ned Turner, Joe Traylor, Bruce Sheets and P.A. Lyon, Sr. Mrs. Carrie Marie Berry was a guest.

The hostess for the July 25 meeting will be Mrs. P.A. Lyon, Sr..

Service will be sponsoring a Burn Care Training Thursday July 24 at 7:00 p.m. at the City Hall.

It will be a 3-hour in-service for emergency care of burn patients.

It will be instructed by nurses from North West Texas Hospital in Amarillo. There is no charge.

Presbyterian Church News

There is a Sunday Church School class for everyone every Sunday at 9:45 a.m. and a friendly, concerned teacher in each class with an interesting, well prepared Bible lesson.

"Slave of Christ" will be the subject of Pastor Edward D. Freeman's sermon at the service for the public worship of God on Sunday, July 27 at 11:00 a.m.

You are invited to come and sample of the warm, loving, Christian fellowship at the First Presbyterian Church.

Karl Johnson Earns A&M Honors

COLLEGE STATION--Karl E. Johnson of Spearman has earned "Distinguished Student" ranking at Texas A&M University.

The undergraduate honor is awarded to students who excel academically at Texas A&M, the state's land-grant and sea-grant institution responsible for providing not only excellence in academic programs but extension and research in agriculture, engineering and other practical needs throughout the state.

Recipients of the Distinguished Student honor must earn at least a 3.25 grade point ratio, out of the possible 4.0, during the most recent grading period. Johnson graduated this spring in agriculture economics.

Call 659-3434 With Society News

Call in your society news to Spearman Reporter, 659-3434, and ask for Faye. We do not have a society reporter at this time but are always glad to have news from your clubs and organizations.

Bridge Club

Mrs. James Cunningham was hostess for the Ladies Dinner Bridge Club Monday, July 14.

Attending were members, Estelle Jackson, Joyce Lackey, Mary Jane DeArmond, Felma Evans, and guests Martha Haden and Bonnie Crofford of Gruver.

Presbyterian Women Meet

The Presbyterian Women met July 9 at 9:30 a.m. at the church.

Dorothy Baggerly, president, presided over the business session. They decided to have an ice cream social after the concert by Mrs. Arlan (Patsy) Womble of Lubbock Sunday evening July 27.

Patty Spoonmore gave the

devotional and Helen Etter gave the lesson on "Baptism".

Attending were Alice Turnbull, Myrt Bohanon, Eddie Largent, Dorothy Baggerly, Helen Etter, Mary Cornelius, Martha Batton, Mary Frances McKemy and the hostess, Patty Spoonmore.

The next meeting will be September 5 with Helen Etter as hostess and Patty Spoonmore will give the lesson.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective August 12, 1980, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish an 11.65 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

Southwestern Bell

Rotary Club News

Jim Benson gave the program, entitled "Rotary and Valuing" at the weekly meeting, July 21.

According to Benson, as corporations, business and individuals plan a clarified definition of a purpose, goals and objects to accomplish their stated goals, so too, individuals in personal, family and professional lives must clarify their purpose, goals and objects. In life, these relate to the values, those things we cherish and prize.

Every day, we and all mankind make decisions based on our values. These are reflected in a pattern we set at a very early stage as youth. As parents we can take an attitude of moralizing to our children, or a don't give a hoot attitude to our children, or a "look at me" type attitude in sharing and relating our values. Communications are important for those around us to know where we stand on issues and decisions we make, so they know where we are coming from.

Louis Rath developed a process for analyzing valuing steps. Rath contends that those things called values are those things we prize and cherish. They are those things we will, if appropriate publicly affirm. The values we choose are from any number from which we have been exposed and combined with this we consider the consequences of our choice as choose freely from the choices. When these have been established in our behavior patterns and our values set we act upon them and show a consistent and repetitious pattern in our behavior.

Basic in our joining a club or a church is the fact that it generally brings us in touch with like minded persons. Ones who have the basic same values or valuing structure. In Rotary, the Four Way Test and the Object or Rotary give each member an ideal for which to strive: Service above self, new acquaintances, high ethical standards in business and profession, worthiness of all useful occupations, dignity of each

Rotarian and his occupation as a vehicle for service, advancement of international understanding, goodwill and peace by men in a fellowship united by a common ideal. In the four way test our basic ideal is truth, fairness, goodwill and benefits for all.

State 4-H Horse Show

Fort Worth will be host city for the State 4-H Horse Show, July 22-26, says Peggy Winegarner, county 4-H program coordinator with the Texas Agriculture Extension Service, Texas A&M University System.

This show, to be held in the Will Rogers Memorial Stadium, is open to all 4-H members who have qualified through their respective district horse shows.

"The State 4-H Horse Show is the highpoint of many months of practice and exacting work by these 4-H members," Mrs. Winegarner adds.

Contestants and their horses will begin arriving July 21, with the actual show beginning at 8 a.m. July 22. First-day events include both judged and break-away roping events, halter futurity events, pleasure futurity, cutting, and hunter and hunt-seat Competition.

Mark Pearson from Spearman will compete in cutting competition.

Events for July 23 include pleasure futurity second go-around, halter futurity second and third go-around, hunter hack, working hunter, and open jumping, plus drill team practice and third go-around of pleasure futurity competition. These events will conclude the futurity competition and set the stage for the second annual Futurity Horse Sale at 1 p.m. the following day.

Competition on July 24 will open with precision riding, followed by drill team competition, with handicrafts being shown in the afternoon. That night, preliminaries of showmanship at halter will be a featured attraction.

The schedule for July 25 will open at 8 a.m. with showmanship at halter semi-finals, followed by halter gelding and

mare competition and pole bending preliminaries. Western pleasure preliminaries followed by western horsemanship preliminaries, and reining preliminaries at 8 p.m. will highlight the remainder of the day's program.

Activities will begin at 8 a.m. July 26 in the final day's competition. Events include showmanship at halter finals, barrel racing preliminaries, western pleasure semi-finals, and western horsemanship, reining, pole bending, barrel racing, champion drill team competition, and final awards presentation.

The public is invited to attend all horsemanship activities.

Energy Conservation Plan Working

The Department of Energy has reported that energy-saving measures, mandated by the State Energy Conservation Program, have reduced energy consumption by 570 trillion BTU (7% of the total U.S. consumption) in 1979; approximately 50% of the savings have resulted from energy auditing programs.

Texas registered the largest savings—128 trillion BTU, with 127 trillion BTU of the total resulting from public education programs. The State Energy Conservation Plan encompasses nine major subprograms and is the largest and most effective component of the State's energy conservation activities. The objective is to conserve energy by providing technical assistance and current information to business, industry, and individual citizens.

There's no reason why an automobile driver cannot exhibit courtesy on the highways.

Religion is like food; different people take it in different forms but everyone needs it.

"Self-control is at the root of all virtues." Samuel Smiles

Electric Cooperatives Establish Scholarship Fund

WTSU—Eleven electric cooperatives in the Panhandle and South Plains have joined to establish the West Texas State University Electric Cooperative Scholarship Fund with a gift of \$13,750.

Interest from the endowment will be used to provide scholarships each year to majors in agriculture, accounting, computer information systems and management.

The cooperatives include Bailey County Electric Cooperative Association; Deaf Smith Electric Cooperative, Inc.; Dickens Electric Cooperative, Inc.; Greenbelt Electric Cooperative, Inc.; Lamb County Electric Cooperative, Inc.; Lighthouse Electric Cooperative, Inc.; Ly-

tegar Electric Cooperative, Inc.; North Plains Electric Cooperative, Inc.; Rita Blanca Electric Cooperative, Inc.; South Plains Electric Cooperative, Inc.; and Swisher Electric Cooperative, Inc.

According to the fund agreement, the donors will make annual contributions to the West Texas State University Foundation on or before Sept. 1 of each year.

Each donor will contribute a minimum of \$250 until that cooperative has awarded \$1,250.

Scholarship recipients will be selected on a merit basis by a committee which includes the dean of the WTSU School of Business, dean of the School of

Agriculture, and two faculty members each from the business and agriculture faculties.

Lyle Robinson, general manager of the Swisher Electric Cooperative, Inc., of Tulia, which serves portions of the six counties, said he believes the cooperatives and WTSU are members of the same community.

"We appreciate WT," said Robinson, who has been with the coop for 21 years.

He said students who leave the rural areas to attend colleges and universities in larger towns and cities often do not return to their home areas.

"We need the young people who love small communities and we feel that many of these

will be coming from WT," he said. "We need to bring people back to the rural towns."

Representatives of cooperatives in Texas, eastern New Mexico and the Oklahoma Panhandle met on the WTSU campus for the annual meeting in January.

Nylon stockings first went on sale in America on October 25, 1940.

In Fashion

Evening dresses for fall have a romantic air. One attractive floor-length glittering gold lame' features a thin knitted bolero.

The long sleeve shirt dress will be seen when the first cool days of fall arrive. This traditional dress will vary little in style. One dress features an inverted pleat and pocket on the skirt.

Why is it that ladies are usually impressed with other people, other clothes and other husbands.

START NOW!
Beat summer heat and manage energy wisely

Ventilate your attic. Hot summer sun beating down on your roof can cause extreme heat build up in your attic. This heat raises the temperature of cooled air being carried by ducts located in the attic, and also penetrates ceilings, heating rooms below. And with the recent rate increase, your summer cooling bill could be higher than usual. Taking steps now to cool your attic with ventilation can help stop the energy waste caused by overheated attics. Don't let sizzling attics rob you of the air conditioned comfort you pay for. Ventilate!

Dillard Named District Emergency Coordinator

J.W. Dillard, WASGYP, 1105 College Ave., Borger, has been selected to lead an organization of Amateur Radio operators who are prepared to furnish organized emergency communication in time of disaster. Mr. Dillard's assignment as District Emergency Coordinator (DEC), is to band together local members of the Amateur Radio Service. Under the DEC's direction, a system of emergency radio communication will be set in motion. The plans involve the use of commercially powered equipment which will be supplemented by self-powered Amateur transmitters and receivers. The DEC will be assisted in each community by local coordinators who will establish common operating procedures,

and arrange regular drill periods when the hams' personal stations may be mobilized under simulated emergency conditions. The Amateurs will assist local Civil Defense officials in determining their communications needs and maintaining an efficient system of auxiliary radio communications through the government-sponsored Radio Amateur Civil Emergency Service.

In announcing the appointment, John F. Lindholm, ARRL's Communications Manager, pointed out that radio amateurs have traditionally had the responsibility of being in constant readiness to offer their skill, equipment and community spirit in times of emergency.

"When sleet storms disrupt telegraph and telephone service, or floods isolate whole communities," Lindholm said, "it is Amateur Radio that comes to the rescue. In fact, it is often the sole agency able to transmit messages to the outside world requesting aid for the stricken community."

"To be prepared for this function requires not only a highly-organized program of local preparedness," Lindholm continued, "but hams outside the disaster area must be ready to act as outlets and relay points for emergency messages. Planning and organization are necessary, and that is the job Mr. Dillard is doing for this area."

THE STRUGGLES OF GROWTH 1940 - 1960

FIRST BAPTIST CHURCH, Spearman, Texas

The First Baptist Church had long since outgrown the basement which was built in 1928. It had been a place of worship during years of weary struggle against the dust bowl, depression, war and other problems.

It was during the pastorate of Rev. Matthew Doyle who served from 1938-1944 that the building program was started.

At a conference of the church, October 19, 1941 Pastor Doyle gave a report for the building committee. The cost of the proposed building was \$12,000.00. It was agreed that half the money be raised before the building was to be started. The committee was instructed to investigate building materials and the possibilities of building at that time.

After the war started the church agreed in conference on February 5, 1942 to start a campaign of buying bonds in the name of the church for the building fund. By June 11, 1942 there was \$751.00 in the building fund.

The church elected these general officers for 1942: Sunday School superintendent, Joe Hatton,

Assistant superintendent, Carl Hutchison; W.M.U. President, Altha Groves; Pianist, Grace Main and Chorister, Mr. Fred Hoskins.

The building fund reported on February 14, 1943 \$2,375.00 in bonds and \$1,100.00 in cash. The church voted to send the Baptist Standard to every home in the church. A motion was made by Mrs. Mabel Edwards that an effort be made to raise money on the church indebtedness. There was \$250.00 pledged and paid.

Pastor Doyle offered his resignation to be effective August 1, 1943. The church rejected the resignation and he was elected pastor for another year. Joe Hatton made a motion in business conference to raise the pastor's salary to \$35.00 per week and to give him the wheat on 160 acres of wheat land, the farming operation to be donated by the members. Under this agreement the pastor was to devote full time to church work.

The 1944 associational year came to a close with a revival meeting conducted by B.B. Grimm. Pastor Doyle resigned at the close of the meeting. A pulpit committee composed of Carl Hutchison, F.J. Hoskins, L.D. Jackson, Mrs. W.E. Castleman, T.R. Shirley, Joe Hatton and W.M. Glover was selected.

In conference on November 12, the church extended a unanimous call to Rev. J.E. Mason to become Pastor. He declined the call.

The minutes of December 10, 1944 state that on the recommendation of the pulpit committee the church extended a unanimous call to Sam Malone to become pastor, the pastorate to begin not later than January 1, 1945 as it would take that long to recondition the parsonage. The new pastor preached his first sermon as our pastor on December 31, 1944.

Rev. Sam Malone began his work here in January of 1945. At a conference on January 14, the church decided that the time had come when a new building should be built. At this meeting the building committee composed of Marion Glover, Carl Hutchison, and Ed Hutton was appointed and instructed to draw plans for a new building. At the same meeting a finance committee composed of Rex Sanders, Joe Hatton and Fred Hoskins was appointed. To this committee was added Wesley Garnett, Everett Vanderburg, Ray Moore, C.A. Castleman, and T.R. Shirley.

The church, in the months and years previous, had laid a good foundation for a new building. At this time there was about \$5,000.00 in government bonds in the building fund and several thousand in cash.

After the definite decision was made to start building at once three lots adjoining the old church

property on the south were secured and Rittenburry and Son, architects of Amarillo were employed to draw plans for a new building. The building committee visited churches in several Panhandle towns, studying church designs.

After plans for the new building were decided upon, the committee let a contract with H.H. Stevens of Borger, a former member of the local church, to build the basement and lay the foundation. This was done about two years before the church was built.

During this time a quiet campaign was carried on for raising funds for the new building. Over \$10,000.00 was added to the building fund in 1946 before the end of the associational year, September 1.

After the basement was completed the building committee began buying material as fast as it could be secured on the lean market. This material was paid for and placed on the ground.

Early that spring the committee signed a contract with Joe Bunn of West-Texas Construction Company of Borger to complete the work of closing in the new building. The carpenters and bricklayers moved in about the 10th of June to begin completing the big job of constructing the church. The bricklayers finished laying brick about August 28, 1947.

August 4, 1946, Joe Hutton, Denzel Jackson, Chester Evans, Everett Vanderburg, and Ray Moore were ordained as deacons under the ministry of Bro. Sam Malone.

August 31, 1947 a homecoming and corner stone laying service were held with dinner on the ground. Placed inside the corner stone was a Bible, a copy of the Spearman Reporter, a picture showing the ground breaking ceremonies.

The work on this building had been largely a work of faith. The pastor felt that if the Lord prospered the people of Hansford County that they in turn would show gratitude for God's blessings by helping in this worthy building program. Up to this time the building committee had not wanted for funds with which to pay all outstanding bills. The work done so far and all the materials had been paid for and orders are being placed for the materials necessary to complete the inside of the building. Over \$45,000.00 had been spent on the building thus far.

Finally in May of 1948 the congregation moved from the old basement building into the new building. The dedication service was held May 16, 1948 and the first service was the Baccalaureate for the graduating class of 1948.

Spearman Open Tennis Tournament Set

SPEARMAN OPEN
ENTRY BLANK
July 31 - Aug. 3

LOCATION: Spearman High School Tennis Courts

DETAILS: Play in the Junior Division will begin Thursday, July 31, at 9:00 a.m. and continue Friday if necessary. If we are unable to play on Thursday because of weather, we will begin on Friday, August 1, at 9:00 a.m. The Adult Division will begin Saturday, August 2, at 9:00, and continue through Sunday. Feel free to call and find out if you are one of the first matches, but do it no earlier than Wednesday. (Sheila Watley 806-659-3970)

ENTRIES: You may enter as many as three events, but only two age divisions. If you enter three events be prepared to play your matches back to back. If there are not enough entries in one age division you will be put in the next division. The tournament director will have the last decision in placing players in "A" or "B" divisions. Please send any seeding information that you might have.

FEE: Entry fee is \$4.50 per person per event.

RULES: No-ad scoring will be used to the Semi-finals. 9 point tie breaker will also be used at 6--6.

PLEASE FILL OUT THE ENTRY BLANK BELOW AND SEND WITH ENTRY FEE NO LATER THAN TUESDAY, JULY 29.

Twirler Award Honors Former Resident

TWIRLER AWARD HONOR FORMER RESIDENT Julie Murley, (center) from Borger received the Pamela Clawson Award at the National Baton Twirling Camp at Panhandle State University. The award goes to the best twirler.

Pamela was killed three years ago in a pick-up accident near her home in Gruver. Pamela was an outstanding twirler. Pictured are Mr. & Mrs. Rodney...Clawson, parents of Pamela from Gruver.

First Sanctioned NRA Shoot Held

The first sanctioned NRA short range pistol shoot (Hunter's Pistol) proved highly successful this past Sunday. The 37 entries demonstrated the need for the range.

The four trophies that went to the Hansford Club members showed the fruits of the labor. There were 6 women shooters and one high school student,

and of the nine trophies given out three went to the minority group mentioned above.

Results were as follows: The unclassified trophy went to

Durland Sheets of Spearman with a score of 10 out of 40 shots. Unclassified is the beginners class. This will automatically classify Durland as an

"A" class shooter. The border line between B class and A class is 8 or above for A class and 7 or less for B class. The first place "B" trophy went to Judy Fenhaus of Gruver with a score of 9, while the second place "B" trophy went to Wade Dahl with a score of 8. Wade, the youngest shooter, is also from Gruver.

The high lady trophy went to Sharon Smith of Stratford with a score of 13. Joe Robinson of Gruver shot a 16 score to collect the 1st place A trophy and to throw him into AA which begins with 16 hits and goes to 21 hits.

AAA shooters average 22 to 40 hits and are the roughest competitors in the sport.

Rodger Morgan and Jones Bartlett of Perryton had a shootout to determine the second place trophy for A class. After several shots the tied score of 12 hits was broken by Bartlett who received 2nd place in A.

The AA trophy went to Barry Smith of Stratford with a score of 17 hits.

The match winner, a AAA shooter, went to Terry Tillery of Stratford with a score of 25 hits and the match winner of the last shoot. Stratford had the better shooters because they have competed longer and have had more practice.

Our club is doing great and time to begin is now. There were a number of spectators who wanted to watch, that should have tried their luck, which is what most of the new club members are operating on at this time, though the idea may cause an argument.

For a period of several weeks, the scores of each individual will rise and fall and gradually settle into a general area.

The weather was hot but the wind was not a major obstacle

Sunday and by the pattern of individuals arriving at the shoot, the churchgoers were in strong numbers. This reflects a purpose of the club to create a family participation sport. There were approximately 15 younger children who climbed around on the caliche hills and hunted for wild animals and such in the background of the range while their parents shot at the metal silhouettes.

The third Sunday of every month is theistol shoot and a Saturday evening shoot is planned with more details later.

Is it true that the best cooks cook by the weather?

Yes, there is scientific basis for cooking by the weather. Experienced chefs know that there are certain cakes and icings which cannot be satisfactorily made in rainy weather.

Cakes fall and icings turn out too grainy. Certain candies, like pralines, do not become creamy. This is due to the great amount of moisture in the air, which is picked up by the ingredients.

Because moisture has such a great effect on certain kitchen products many recipes are varied—are slightly different in the dry western states from those recommended in the other states—proof that the weather has a considerable effect on cooking.

The first American college of pharmacy was established in Philadelphia in 1821.

Wheat Prices Strengthened

Even though still below cost of production, wheat prices have strengthened during harvest and continue to climb despite an announced 2.4 billion bushel record crop. "This gives farmers the most visible evidence ever of the direct results and benefits of their export market development efforts," according to Leo Witkowski, Chairman of the Texas Wheat Producers Board. "The current heat wave and spreading drought are mitigating factors but without continuing strong export demand, the drought would have little price-altering effect," Witkowski said. Latest USDA reports indicate that over ninety countries, most in which Texas and U.S. wheat producers have on-going market development programs, purchased an all time record of 1.3345 partial embargo of the USSR which still remained our number one buyer. Similar amounts of exports are projected for the current marketing year with the greatest percentage of growth in areas, such as Mexico, where Texas and U.S. producers programs are expanding. Farmers dependence on export markets for utilization and price strengthening demand is evident with the recognition that less than 600 million bushels of the current 2.3 billion bushel harvest will be used for food in the United States.

Producers Ask For Wheat Program Changes

An end to the USSR grain embargo, immediate price support loan rate increase to put wheat back in "reserve" status, a 1981 20% acreage reduction, grazing program and loan/target price increases are all in a package of requests made by wheat producers to President Carter and Agriculture Secretary Bergland this week. Otis Harman, Tulia, President of the Texas Wheat Producers Association said that he and his counterparts from sixteen other wheat producing states adopted the package at the Summer Executive Committee meeting of the National Association of Wheat Growers. The sessions, held in Denver, featured technical input and participation from government and grain trade officials.

Harman said that the embargo lifting request does not reflect a change in policy, for the wheat organizations had never supported the embargo but had only "accepted" it in interest of national security and pledged to work with the Administration in minimizing its effects. This request indicates our disappointment in not getting effective cooperation from competing countries, not reducing 1980 wheat acres to off-set the market loss, and the bidding prices down instead of up in CCC purchase programs of the embargoed grain.

The wheat leaders are also requesting an immediate raise in price support loan level from the current \$2.50 per bushel to \$2.80 and \$3.50 if the wheat goes directly into the three-year reserve program. Harman pointed out that the fact that reserve wheat is in release status nullifies the use of the reserve program, the corner-stone of the current farm program, to remove surplus stocks and strengthen prices.

In responding to USDA's published request for recommendations for provisions of the 1981 wheat program, the wheat associations are calling for a 20% reduction of planted wheat acreage. It is suggested that this be done by calling for a 10% voluntary set-aside and an additional 10% paid diversion at the rate of \$3.00 per bushel. A loan rate of 70% parity, about \$4.50 per bushel and increased target price based on current cost of production adjustment instead of the out-moded past formula of two-year moving average is being asked. "These changes, when implemented along with a permitted grazing program should turn wheat farming around toward a profitable endeavor again," Harman said. "Also it is imperative that farmers use these tools for stock management & orderly marketing along with their own market development efforts through the 1/2 cent per bushel Producers Board program is they are to be successful in their quest for improved returns," he added.

The above provisions are within the scope of policies adopted by the membership of the Texas Wheat Producers Association at its annual meeting in November, 1979.

ABOUT YOUR HOME

By April Rhodes

Grocery bags make good containers for storing various vegetables in your chest freezer. Bags can be labeled and dated. No more searching for beans, corn, etc.

When adding cut fruit, raisins or nuts to cake batter coat with flour to help prevent them from sinking to the bottom.

Don't wait until cold weather to check the condition of window putty. Replace cracked or missing putty now.

Keep a squeeze-type plastic bottle filled with water in the glove compartment to clean sticky fingers while traveling or on a family outing.

Hang in there Ma.

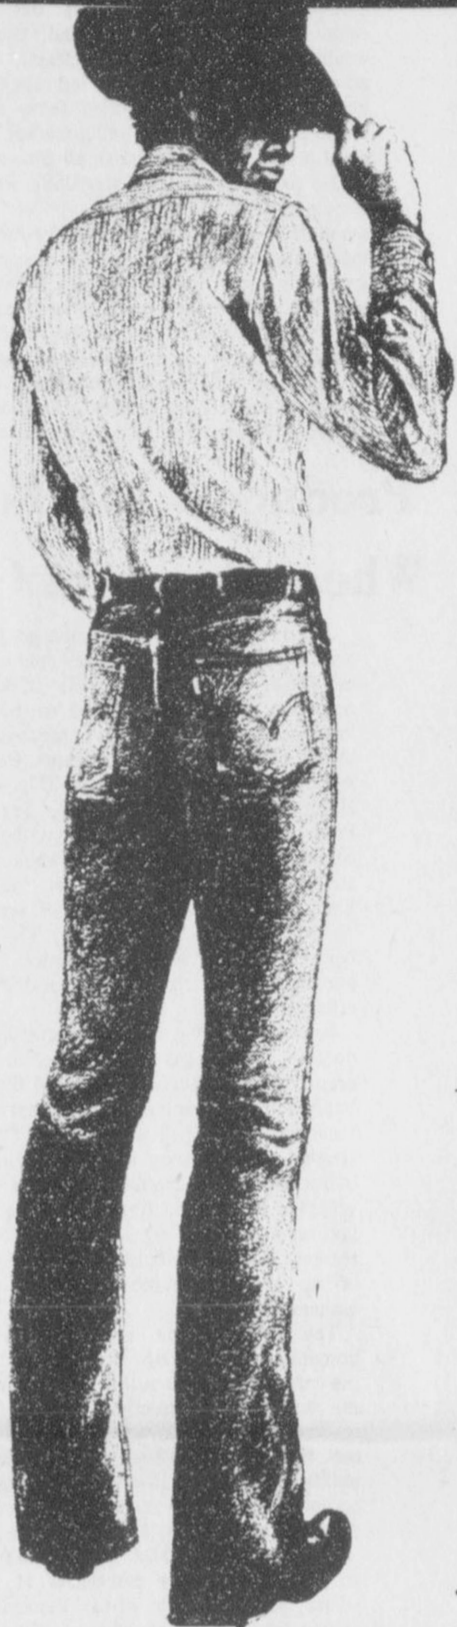

We may have only 9 years together, but we are ahead of the main herd and holding our own.

Thank God.
