Beck & Burton receive Gold Star Awards

Thirty-nine outstanding members of 4-H clubs across the Texas Panhandle were honored Saturday night, November 6 in Amarillo.

In addition to receiving the Gold Star Award, highest honor presented at the county level, the youths were challenged by a top administrator of the Texas agricultural extension Service to prepare themselves to face life as an ever-changing pathway rather than a series of rigidly restrictive plateaus.

Joining the youths at the awards banquet in the Hilton Inn were parents, government officials, Extension leaders, fellow 4-H'ers, educators and other community leaders.

Honored from Hansford County were Edward Beck, son of Mr. and Mrs. Verlin Beck of Spearman; and Debbie Burton, daughter of Mr. and Mrs. Oran Burton of Gruver.

Goals are important in life, but shouldn't be viewed as end products, the audience was told by Dr. Judy Sanders of College Station, State Leader for County Extension programs with the Extension Service. "Instead of thinking of happy endings, think of life as a pathway to somewhere," she urged.

We need to set some goals for life, but we often make them too rigid, not recognizing that life is a changing process, Dr. Sanders said. In setting goals, prepare yourself with the proper credentials such as training and experience to achieve them, she advised. And prepare, also, for some failures along the way, by having some alternative plans in mind.

She cautioned the youths they must try to decide if a goal they seek is worth the cost of attaining. Two of the keys in reaching goals and enjoying life, the educator said, are to develop proper attitudes and to learn to like yourself. Most people reach only 15 percent of their potential, she said, and attitude has much to do with this.

She reminded the youths, "Of all the people you meet, you are the only one you never leave."

Miss of ceremonies was Ralynda Wharton of Dallam County, chairman of the Panhandle District 4-H Council. Guests were welcomed by Pat McAlister, manager of North Plains Electric Cooperative, Perryton, one of six electric cooperatives which sponsor the banquet. The others were Deaf Smith, Greenbelt, Lighthouse, Rita Blanca and Swisher.

Dinner music was presented by Doug Burton, graduate student at West Texas State University, and three youths from Amarillo High School. The Gold Star Awards were presented by Mrs. Sue Farris and Paul Gross, District Extension Directors for the Panhandle District. 4-H is the youth development program of the Extension Service.

Also on the program were 4-H'ers Swasey Brainard and Shelly Cochran, both of Gray County; Daylin Hash and Lisa Norris of Hemphill County; Jana Corse, Wheeler County; Mary Peters, Moore County; Flynn Farris, Dallam County, and Maria deKeratty, Potter County.

BANKERS DOING WELL AFTER SURGERY

Bankers Clay Gibner of Spearman and Kenneth Irwin of Gruver are reported doing well after surgery.

Mr. Gibner underwent surgery Monday in St. Anthony's Hospital in Amarillo.

Mr. Irwin, also in St. Anthony's had a 3 by-pass heart surgery last week, and is reported doing well.

GOLD STAR AWARD--Edward Beck of Spearman and Debbie Burton of Gruver won the Hansford County Gold Star Award at the 4-H Banquet held Saturday night, November 6, in Amarillo.

Sheriff's Department investigates theft

The Hansford County Sheriff's Department is investigating theft of furniture from a mobile home stranded at roadside while in transit, Monday night.

Thieves broke the door glass of the 14 by 70 foot unit to gain entrance, then opened the outside door on the opposite side so their loot could be transferred to their vehicle or vehicles without getting off the pavement and leaving tell-tale tracks in the grass.

Taken from the mobile home were a sofa, matching chair and a coffee table. About 100 gallons of diesel fuel was also drained from the tanks of the tow truck which had suffered motor trouble.

The mobile home was being delivered to Discount Mobile

Homes at Guymon, Okla., from Tidwell Homes of Texas, Hillsboro.

The transport truck belongs to James Wigglesworth, Grandbury. Driver Floyd W. Pelt had gone in search of a diesel mechanic but it was too late at night and none was available so the unit and its "tow" had to be left at roadside overnight.

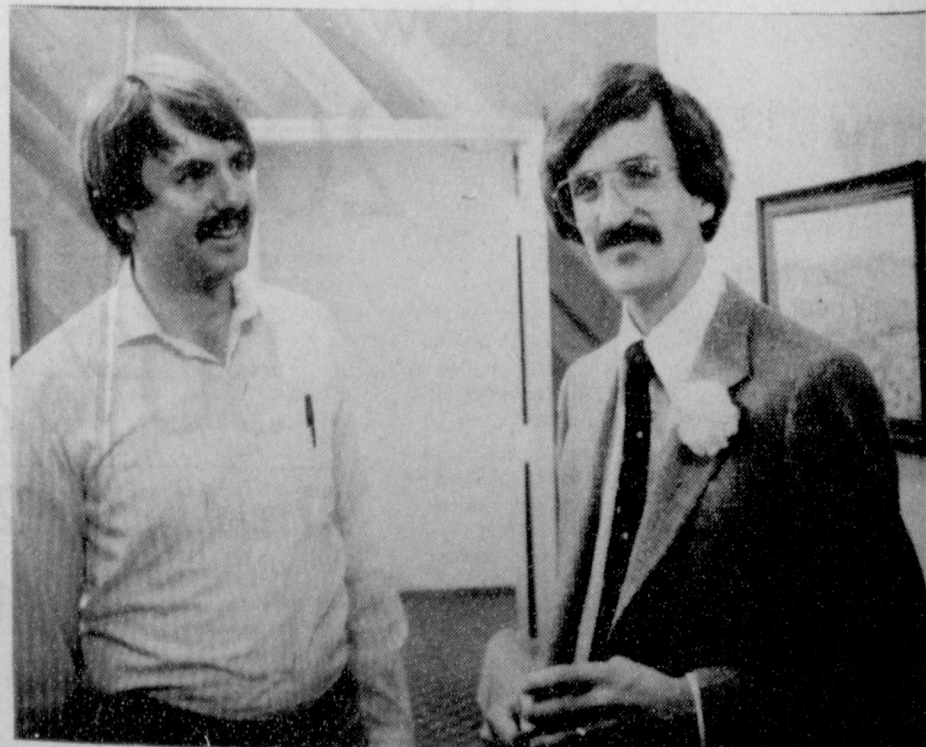

The theft location was four miles south of the state line on SH 36. There are no suspects.

In other action according to Sheriff R.L. McFarlin, a governor's warrant had to be secured to bring L.G. Rosenkranz back to Texas from Oklahoma City. Rosenkranz was a principal suspect in the theft of drill bits from Baker & Taylor Drilling Co. at Spearman.

Hansford County gave the Oklahoma Crime Bureau the first right to try Rosenkranz. Following that action, he refused extradition so the governor's warrant had to be obtained.

Similar warrants may have to be obtained for Oklahoma prisoners Phillip Tagent and Gene Rushings. Here, too, Hansford County gave Oklahoma first trial rights but in the case the pair, agreed to drop charges if Tagent and Rushings drew sentences of 10 years or more.

In Oklahoma, the pair were assessed one year each in prison and a two-year suspended sentence each. So, Hansford County is going to extradite them.

"CONGRATULATIONS"--Dr. David McClellan is shown congratulating Dr. Douglas Steger on his new facility at the open house held Sunday. The new building is located at 710 S. Roland.

Vanderburg elected to HPB board

CORPUS CHRISTI, Texas--A Spearman resident was elected to a major position on one of the Texas Baptist boards during the annual meeting of the 2.2-million-member Baptist General Convention of Texas (BGCT) in Corpus Christi, Nov. 9-11.

Everett E. Vanderburg, farming & ranching, was elected to the board of trustees for the High Plains Baptist Hospital.

The BGCT owns and operates eight colleges and universities, an academy, eight hospitals and four children's homes.

This work is supported by the Convention's 4,500 churches and missions, which will give more than \$50 million this year through the Cooperative Program to help share Christ's love throughout the world.

Besides the institutions, the Convention helps support the work of more than 4,000 missionaries in the United States and almost 100 foreign countries.

Workday for farmers

Costs are increasing and prices are low, forcing farmers to operate on narrower dollar margins than in past years. These narrow margins make planning increasingly important. Errors are very costly when there is a low profit margin.

In order to help Hansford County farmers along these lines, we are holding a financial management workshop that will help crop producers develop 1983 crop operating budgets and annual cash flow. These will help identify low profit fields and crops plus allowing for changes in plans to try alternatives on paper before committing dollars to that crop.

The workshops are four nights with some midweek work required from each participant. The registration fee is \$89.00 per farm processed. There will be room for only 40 participants so reservations will be on a first come basis. Call 659-2136 or 733-2901.

The meetings will be held at the LaCasita Room in the Gruver State Bank starting at 6:30 p.m. on Tuesday, November 23, November 30, December 1, (tentative date) and December 9th. Dr. Ray Sammons, Extension Economist from Amarillo will conduct the workshops.

Police Ask Aid in Gas Meter Destruction

Due to the recent "rash" of gas meter destructions, we would like to ask the citizens of Spearman to assist the Police Department with these matters.

If you should happen to see a vehicle strike a gas meter, please report it to the Police Department.

If you should accidentally strike a gas meter, please contact Spearman City Hall-if after 5:00 p.m. or on the weekend, call the Police Department. By contacting these agencies with the above mentioned information, possible criminal charges can be avoided.

Thank you for your assistance in these situations.

TURKEY IN ABUNDANT SUPPLY THIS SEASON

Turkey, now a year-round favorite, is a traditional holiday food. It's protein-packed, low calorie, flavorful and economical, and consumers should find an abundant supply of fresh, wholesome birds this season. Turkey is one of the most economical meat sources available.

Fresh turkeys displayed in meat counters are USDA inspected for wholesomeness and most are Grade A, indicating they are fully fleshed and meaty, well-finished with no parts missing and no skin defects.

Lower grade turkeys are equally wholesome and nutritious, but may not be as visually appealing in the package.

Processed turkey offered at meat counters is inspected again to label information and ingredients.

Tenderness of the meat is determined by the age of the bird, rather than the sex, grade or size. A 25-pound turkey is just as tender as an eight-pound bird of the same age. Hens are generally as tender as hens of similar age. For greatest tenderness, look for the words "young" or "fryer-roaster" on the label.

To determine how much fresh turkey to buy, plan for three-fourths pound per person, or for planned leftovers, purchase one pound per person. When choosing whole turkeys, large birds may be the most economical buy per serving, and leftover meat can be stored for later use.

Pre-basted and pre-stuffed whole turkeys are available but cost more per pound than plain frozen turkeys. There is little difference between them in the cooking process for moist and tender meat.

Turkey parts or processed turkey may be used instead of the whole bird for some occasions, but generally cost more per pound. Packaged turkey parts allow consumers to choose white or dark meat, or an assortment, to please the family.

Turkey roasts offer variety and are available in all-white or all-dark meat, or a combination of both.

Processed turkey is particularly popular because of convenience, versatility and storage ease. Cooked, cured or smoked turkey may taste similar to pork or beef counterparts, but usually has its own distinct flavor. Turkey "ham" is actually thigh meat rolled and seasoned to taste like ham. Ground or link turkey sausage is a reduced-calorie sausage. Turkey luncheon meats with a deli flavor and aroma are seasoned to resemble their counterparts in the luncheon meat field.

With the Thanksgiving and Christmas seasons approaching rapidly, families may want to plan creative uses of turkey in their holiday meals.

Miss Texas to perform in talent show

AMARILLO, TEXAS--November 10, 1982--1982 Miss Texas, Gloria Gilbert of Mill-sap, will be one of 16 featured acts performing in a "Festival of Hearts" talent show, November 20, sponsored by the Amarillo Chapter of the American Heart Association (AHA).

The 7:30 p.m. fund-raising event will be at the Amarillo High School Auditorium and is open to the area public. Funds raised at the "Festival of Hearts" show will be dedicated in the name of late Amarillo attorney, Michael Musick, son of Betty Musick, executive director of the local group. Those funds are designated to the Heart Association's

general fund to support program services.

Miss Gilbert performs as a singer and ventriloquist with her partner, "Homer". Trained in piano, voice, gymnastics, ballet and speech, she was named top female vocalist last year at Johnnie High's County Music Revue, the second largest country show in the nation, next to the Grand Ole Opry in Nashville.

Miss Gilbert is continuing her studies at North Texas State University where she is majoring in radio, television and film under the Miss Texas scholarship program.

Also featured at the fund-raising event is Sonna Lee

Warvell of Weatherford, who attends West Texas State University. Miss Warvell will perform a trick roping act, a talent she has been performing since she joined a family equestrian act at age three.

Other talent acts include magician Collin Hays; the Nova Sound from the Amarillo Chapter of the Sweet Adelines; the barbershop and gospel tunes of the Choncorde; Vickie McLean and Company dance group; and many others.

Mrs. Eula Shelton, a retired teacher who grew up in the Panhandle and who has worked many years with similar talent shows in Denver for the AHA, will serve as mistress of ceremonies and talent coordinator.

"Festival of Hearts" tickets are \$5 for adults and \$2.50 for students and senior citizens. Tickets are available at the Heart Association office, located at 2404 W. Seventh, the Hub in Sunset Center, or at Hastings Books and Record stores in Western Plaza and 4301 W. 45th. Refreshments will be served during intermission at no extra charge.

Last rites Thursday for Edith M. Murphy

Edith Marion Murphy, reportedly the first white child born in Hansford county, died at the age of 93 Tuesday at Perryton's Ochiltree General Hospital.

Mrs. Murphy was a resident of the Hansford-Ochiltree county area all of her life. She was born on March 7, 1889 to James and Edith Land Cator in Hansford county.

She was married twice, to Willard Smith and Tip Murphy, both who preceded her in death. She also was a member of the Presbyterian church.

Surviving are six sons, Allen Smith of Amarillo, Bill Smith of Gruver, Bob Smith of Cherokee, Okla., Jack Smith of Perryton, Pat Murphy of Perryton and Dee Murphy of Bakersfield, Calif.; two daughters, Edith Wallace and Mary Glassey, both of Perryton; 38 grandchildren; 87 great-grandchildren; and 10 great-great-grandchildren.

Funeral service were held at 2 p.m. Thursday in the Calvary Temple. Rev. Bill Sparks, former pastor of the church and now of Gause, Texas, officiated.

Burial was in the Hansford County Cemetery under the direction of Boxwell Brothers of Perryton.

Casket-bearers were her grandsons, Robert Glassey, Clifford Glassey, Johnny Glassey, Terry Glassey, Bobby Snider, Gary Davis, Eugene Smith, and Johnny L'Esperance.

Arts & Craft Guild Meets

ON PRISONERS
The number of federal and state prisoners increased by 6.9 percent in the first half of this year, the Justice Department said recently. If the rate of increase continues for the rest of 1982, it would mark the largest annual percentage growth in prison population in at least 56 years.

Welfare Association Seeking Donations
CHRISTMAS WILL SOON BE HERE!
This is the time of the year when we most feel the need to help others. The Spearman Welfare Association, represented by our Churches and community organizations, seek out those who are in need of food, clothing, or toys. If you would like to make a donation to help make this possible, please make your donation to Spearman Welfare Association, c/o Judge Roy L. McClellan, Box 397, Spearman, Texas 79081.

Helpers needed for racquetball court
Brice McRee, chairman of the YMCA Racquetball Committee, encourages YMCA members to come to the YMCA Thursday evening for a fun and fellowship workout on the racquetball court now under construction. "In order to keep costs to a minimum, work on the court is volunteer", according to McRee. The addition of this program to the YMCA will be of benefit to all ages and now that harvest is complete, the hoop is that progress on the project will begin again and it can be completed in a few weeks. Anyone who can hammer or saw or hold sheets of boards is encouraged to come and help. We will begin about 7:30 p.m. on Thursday, November 11.

Sales tax rebates up
State Comptroller Bob Bullock Friday sent \$96.2 million to 967 Texas cities as their share of the one-percent city sales tax for November. The 1982 statewide total so far this year is up 9.3 percent over the 1981 total up through the same date of last year. This payment reflects taxable sales made in Spearman and reported to the state by the end of October. The City of Spearman received \$26,605.86 for this period as compared to \$21,129.87 for comparable payment in 1981. Total payments to date to the city this year are \$186,239.70 compared to \$178,610.56, up 4.27%. The City of Gruver received a check for \$9,515.44 for this period compared to \$6,356.95 for the same period last year. 1982 payments to date to the City of Gruver are \$34,120.25 compared to 1981 payments of \$29,670.06, up 15%.

Microwave Cooking School Held

"M M M. GOOD", that was the popular saying at last night's Monday, November 15-Microwave Cooking School. There were at least 31 people who attended the Microwave Cooking School that was held at the Spearman High School's Home Ec Room. This school was sponsored by Earl's TV, Claudine Clark and Susan Daniel. Before the evening began with learning how to cook

and then cooking, there were 2 door prizes. Donnie Mitchell won the Radio, and Judy Martin won the FHA Fruitcake. Then the schooling began. The Microwave Students learned how about the Microwave Cooking and Convectional Cooking. They learned the hard facts about both ways of cooking. Those that were at the

Cooking school then got to cook Turkey, Scalloped Potatoes, a Broccoli and Cauliflower Casserole, Bread, Angel Food Cake with Hot Fudge on top and different kinds of Candies. The ones that did show up had fun, learning how to use a Microwave and Convectional Oven, and then did do some cooking, enjoyed the class very well. There will be another Micro-

wave/Convectional Oven Cooking School on Monday, December 6. The School is FREE!! Everyone is urged to attend. The school will begin at 7 p.m. and will be held, once again, at the SHS Home Ec Room. Don't y'all miss it!!

POLICE REPORT

OFFENSE REPORTS:

On November 11, 1982, at approximately 5:00 p.m., this office received a teletype from Perryton Sheriff's Office wanting to verify ownership of a 1978 Yamaha Dirt Bike. The vehicle was registered to a Spearman resident and the Perryton Sheriff's Office wanted to ascertain if it had been reported stolen or if the owner was aware of its location. This office attempted to contact the registered owner and at approximately 8:00 p.m., November 11, 1982, the owner was contacted. At this time, the owner advised that the motorcycle had been stolen from the front yard of the residence. Our officer was advised by the owner that charges would be filed against person(s) responsible for the theft. This office contacted Perryton and advised them of the stolen report being filed. Perryton advised they would attempt to relocate this motorcycle. At this time investigation is continuing on this case.

On November 14, 1982, at 2:47 p.m., a Spearman resident reported that his truck had been damaged during the night. An officer was dispatched and observed that the vehicle had received damage to the left front corner above the bumper and below the headlight. At approximately 3:35 p.m. the subject called back and advised the investigating officer that one of his drivers had had the truck the day before (11-13-82) and had hit a pheasant, causing the damage to the truck.

On November 14, 1982, at approximately 4:50 p.m., this office received a report by telephone that a gas meter at 704 S. Dressen had been hit and damaged during the weekend. An officer and a City maintenance worker were dispatched to the scene. Upon their arrival, they found the regulator broken off the meter. The officer observed tire tracks leading from the meter to the yard across the alley at 707 Townsend. The officer was aware of a vehicle that had been parked at this location (707 Townsend) and contacted the owner. At this time, the owner advised he had moved his vehicle and struck the meter. The subject also stated he had attempted to contact the residents at 704 Dressen to notify them of the meter damage. He advised he would contact City Hall on Monday morning, November 15, 1982, and make restitution

for the meter. This case is closed.

ACCIDENT REPORTS:

On November 8, 1982, this office received a telephone call reporting a minor, two (2) vehicle accident in the 10 block of Townsend. An officer was dispatched to investigate the accident. The officer observed that two (2) vehicles were involved and that there were no injuries. One vehicle was attempting to back out from the Consumers Sales parking lot when it came into contact with a parked vehicle in the same parking lot. No citations were issued.

On November 9, 1982, at approximately 11:57 p.m., this office received a report of an accident with unknown injuries in the 700 block of West Fifth. An officer and an ambulance were dispatched. Upon arrival, the officer observed that two (2) vehicles were involved, one traveling east on Fifth had collided with a vehicle parked on Fifth Street. The driver of the vehicle was only slightly injured and refused to be transported to the hospital for examination. There was a citation issued to the driver of the eastbound vehicle for failure to control speed.

Storytime at Library

Mice (not live ones, of course) were the featured animals at Hansford County Library's Storytime on Friday, Nov. 12.

The fifteen 4 & 5 year olds who attended listened to two stories about mice and enjoyed a sound filmstrip, "14 Rats & a Rat Catcher" and a film, "Green Eggs & Ham". Myrna Biggers and Mrs. Woodville Jarvis, members of the Spearman Twentieth Century Club, assisted at the library while librarian, Rita Curtis, presented the Storytime program.

Children in attendance were: Van Baumgardner, Blake Beedy, Shane Blankenship, Brent Collins, Eric Cudd, Haley Farber, Katrina Felder, Lee Jarvis, Amber LaRochelle, Lance McMahan, Mel McRee, Mandi Porter, Martin Sanders, Phillip Sanders and Shari Smith. The next Storytime will be at the library on Friday, Nov. 19, from 10:30 - 11:00 a.m.

VIOLA GRAVES OUT OF HOSPITAL

Viola Graves, who has been hospitalized in Hansford Hospital for the past several weeks, was released Sunday and is happy to be home.

The Annual Union Church Thanksgiving Dinner will be held Thursday, November 18.

Tickets are \$5.00 for each. Children under 6 are FREE. The Dinner will be from 11:30 a.m. to 1:30 p.m.

Jim Jones initiated in honorary society

Dear Editor:

Jim Lee Jones of Canyon will be initiated into Kappa Delta Pi, an honorary society in the field of Education on November 18, 1982. The Iota Theta Chapter of the national honorary society at West Texas State University announced the planned initiation of new members earlier this week. The initiates will be installed as members of the honorary society at 5:30 p.m. on November 18, 1982.

Kappa Delta Pi is an honorary society which recognizes special achievement of university students in the field of Education. The minimum requirements for membership in the society are: 3.25 (4.0 scale) grade point average on all college work

attempted, a 3.0 (4.0 scale) grade point average on all education courses completed, and academic standing of second semester sophomore or higher.

The public is invited to the initiation ceremony and to the reception honoring the new members. The reception will follow the initiation ceremony and will be completed at 7:00 p.m. The initiation ceremony will be held in the Joseph Hill Memorial Chapel on the campus of West Texas State University, and the reception will be held in the Episcopal University Center near the Campus.

Sincerely yours,
Dan A. White, Ed.D.

Webb Infant Buried Wednesday

Services were held at 10 a.m. Wednesday in First United Methodist Church for Katie M'Lynn Webb, 8½ month-old infant daughter of Charles and Mae Lynn Webb of Great Bend, Kan., who died Sunday.

Rev. Kerry Hurst, pastor, officiated. Burial was in Hansford Cemetery by Boxwell Brothers Funeral Directors of Spearman.

The infant was born in Perryton.

Survivors in addition to the parents include a brother, Jimmy Webb of the home; grandparents, LaMoyné Cator of Gruver and Mr. and Mrs. Don Snyder of Hartley.

The family requests memorials to the scholarship fund of Gruver United Methodist Church.

YMCA Aerobic Exercises Classes

Don't let your holiday eating put extra pounds where you don't want them! Join the next session of aerobic exercise classes at the Y.M.C.A. The new night class begins Tuesday, December 7 at 6:30. You may visit the classes in session now to see what is done and how much fun exercising can be and it will be free. The classes are Tuesday and Thursday nights from 6:30 to 7:30 and Saturday from 9:00 to 10:00 in the morning. There are also morning classes on Monday, Wednesday, and Friday at 9:00.

If you will not increase your eating too much and will exercise vigorously three times a week, you won't have to make a New Year's resolution to lose the 5 or 10 pounds you normally gain between Christmas and New Year's Day.

The exercise sessions combine floor (spot) exercises with aerobic dance exercises (jogging, kicking, jumping) to

JV Lynxettes 'Roll'

By Gruver

The Jr. Varsity Lynxettes played against the Gruver JV Lady Greyhounds, and beat them. As a matter of fact, Coach John Roller's JV Lynxettes "Rolled" past the JV Lady Greyhounds. Coach Trantham Freshmen "Trampled" a little on the Gruver feet also.

Denise Brewer, the Junior, led the massacre-attack of the Gruver JV Lady Greyhounds. Sophomores, Ciria Vela, Genne Womble, Stacey Poole, Andi Hager and Lee Barnes, helped Denise "trap" the JV Lady Greyhounds in a blanket, while the Freshmen, Carlee Dixon, Julie Jones-another Pringle-Morse Ex, but SHS' promised, Carol Taylor, Traci White, Alicia Langston, Heather McRee, Kim Younger, Mary Anne Evans and Shelly Dunnihoo, just threw the "rapped" JV Lady Greyhounds in a "blanket" out the door. There were lots of folks both from Gruver and Spearman cheering on the girls.

The JV Lynxettes looked great against the Gruver JV Lady Hounds. The JV Lynxettes will not be in action until Monday, November 22. Coach Roller is proud of what his JV Lynxettes have done thus far, and the real test will be the first game, which will be against Phillips JV Blackhawkettes at Phillips beginning at 4 p.m. Make plans to attend. The JV Lynxettes look great!!

SATURDAY BANKING.

Just In Time For Christmas.

Open Every Saturday From Thanksgiving To Christmas.

All six lanes of the MotorBank at First National Bank will be open each and every Saturday beginning Thanksgiving weekend, going right up to Christmas. The MotorBank will be open Saturdays from 9 a.m. to 1 p.m. through December 18. We know these four Saturdays will be some of the busiest of the year.

Here's A Gift That Everybody Can Use.

When the Christmas rush is on everyone needs more hours in their week to get all the

shopping and banking done. To help, First National Bank is doing something special for the community this Christmas season. Saturday banking is the best Christmas present we can give to our customers. For the people who have everything, we just gave them something new; another banking day in their week. And it's a present you don't have to wait until Christmas to use!

Now That's The Christmas Spirit!

The Christmas season is always a demanding time of year. At First National Bank we're looking for ways to help. We'll be open to do our part in making this busy time more convenient for you our customers, and more successful for area merchants.

Celebrate "The First Christmas" With Us.

There are many enjoyable events happening at the Bank all through the month of December. We call it "The First Christmas". It begins with the PHS Varsity Choir in our Lobby singing traditional Christmas songs. We'll continue to celebrate the season everyday from then to Christmas Eve with hot punch and other goodies from our hospitality table. Together we'll make "The First Christmas" a warm and happy celebration for all.

When Special Things Happen In A Special Community, We're The Bank You Call "First".

Crop & Livestock reports due

AUSTIN--The Texas Crop and Livestock Reporting Service will begin contacting farmers and ranchers across the state in mid-November for final 1982 crop acreage, yield and production totals and end-of-year livestock and poultry inventories.

State Statistician Doug Murfield reported that with low prices depressing farm incomes and the severe weather cutting crop production in the northern part of the state, producers are depending on this information for an accurate picture of the 1982 agricultural situation.

Murfield explained that the confidential interviews, conducted by mail or in person by field enumerators, provide information used by farm organizations and legislatures in planning and developing farm programs; by extension economists and management consultants in advising producers; and by exporters in planning and promoting sales of Texas agricultural products.

"Without these reports, farmers and ranchers would have to rely on other sources of information for crop and livestock prospects," Murfield added.

He stressed that the end-of-year crop and livestock surveys should not be confused with the 1982 Census of Agriculture which is being mailed in late November. "While the census is a more detailed accounting of Texas agriculture, our two-page questionnaire is short and can be completed in a matter of minutes," Murfield explained.

To reduce survey costs, Murfield is urging farmers and ranchers to return the mailed questionnaires as soon as possible. The reported information will be combined for state as well as county estimates.

Annual county estimates are published for livestock, dairy, poultry, cotton, field crops, small grains, fruits and pecans, vegetables and cash receipts from the sale of farm products. Copies of these bulletins can

be obtained by contacting the Texas Crop and Livestock Reporting Service, P.O. Box 70, Austin, TX 78767.

High Plains Food Bank Open House Set

The High Plains Food Bank will officially open its doors with an open house from noon to 4 p.m. on Sunday, November 21.

The facility is located at 100 South Grand Street in Amarillo. Dedication ceremonies will be at 2 p.m. that day with Judge Mary Lou Robinson officiating.

Tours will be given through the warehouse area and an ongoing slide show will explain to visitors how a food bank operates.

Gaines Franks, executive director of the food bank, announced the open house this week.

Hosts and hostesses for the event will be board members of the High Plains Food Bank.

Kathrine Wilson, president of the High Plains Food Bank, was instrumental in organizing a task force of interested individuals last summer to study the feasibility of a food bank operation.

With her help and the help of many Panhandle volunteers, the food bank was able to meet its opening date on October 1, 1982.

According to Mrs. Wilson, the food bank will serve as a clearinghouse for donated surplus food to be distributed to non-profit agencies and churches which have pantry programs or programs to feed the hungry. Through these agencies, the food will reach hungry people, she said.

Volunteer groups helped to insure the food bank was ready for the opening date by donating food. Franks said donations of food are always welcome.

Agencies who need more information about using the food bank, within the 26-county area of the Texas Panhandle, may write to Franks at P.O. Box 31803, Amarillo, Texas 79120 or call him at (806) 373-8562.

strength; they shall mount up with wings like eagles; they shall run, and not be weary; and they shall walk, and not faint."

It is not in worrying over the storm, but in waiting upon the Saviour that we are able to rise.

But to wait upon God is not to do nothing. Neither is it an excuse for apathy. It is to trace His plan, take advantage of His power, and to trust His providence.

Wait on God. He is never too soon—never too late!

James Garfield

The twentieth president of the United States was James Garfield, born in Cuyahoga County, Ohio, November 19, 1831. He was the youngest of four sons of Abram Garfield and his wife. His father had come to Ohio from Massachusetts four years earlier.

Garfield, widely respected as a man of integrity, was a surprise nominee and met a tragic end before he had served much of his term. He was a member and lay teacher of the Disciples of Christ and a fine soldier. Lincoln, in fact, persuaded him to resign from the Army in late 1863, after a distinguished career, climaxed at Chickamauga, and run for Congress. He was elected to and remained in the House until 1879 when elected to the U.S. Senate from Ohio.

Then came the fatal and surprise turn in his life. Before he could take his seat, the Republican Convention nominated him for president. The three leading contenders for the nomination had been U.S. Grant, William Sherman and James Blaine, but the convention deadlocked. Then sixteen Wisconsin delegates turned to Garfield and a stampede developed among delegates. He was unanimously nominated.

He was elected that year but after serving only a few months a disappointed office seeker from New York, Charles Guiteau, shot him at the Washington railroad station (July 2, 1881). Garfield fought for life for eleven weeks but finally lost his greatest battle, dying September 19 at Elberton, N.J.

Thanksgiving Dinner Union Church

The Union Church's Annual Thanksgiving Dinner is all set for November 18th. People really enjoy and look forward to this every year because they know how good it is.

This year's menu will include: Turkey, Dressing, Gravy, Creamed Potatoes, Sweet Potatoes, Green Beans, Waldorf Salad, Jello Salads, Rolls, Chery, Apple, Pumpkin & Pecan Pies, Cranberry Sauce, Tea & Coffee.

All of that for \$5.00 and you even get to fill your own plate. (Children under 6 are FREE).

This is a tradition the Union Church has had for more than 30 years. The proceeds of this dinner go to support various Missionary Projects and Mis-

sionaries. One such project is the adoption of a Missionary Family for one year. They send them money on each family members' Birthday, their Anniversary and for the entire family at Christmas.

They will begin serving at 11:30 and will stop at 1:30. They are baking 14 Turkeys this year and have increased all the amounts of food they fix, so there should be plenty for everyone. (If not, your money will be cheerfully refunded.)

Make it a point to be at the Union Church for Lunch, Thursday, November 18th. Let the Annual Thanksgiving Dinner become a tradition for you, too!!

Thanksgiving Mass Planned

The Catholics of Spearman, Gruver and Morse area always have a special way to start off their Thanksgiving Day. First of all everyone gets up, and some folks put their turkey in the oven, then everyone gets ready to go to Church. What for, you ask? Well, the members of the Sacred Heart Catholic Church will have a Thanksgiving Mass on Thanksgiving Day, Thurs-

day--November 25, 1982. This is an annual event.

The Mass will begin at 10 a.m. with Father Raymond Crosier giving the Mass. If some Catholics are gonna be away for the Thanksgiving Holidays, then they go to Mass at Perryton the night before Thanksgiving.

But it is so neat to start off the Thanksgiving Day with a Mass before the day gets started.

Misa Para el Dia de Dar Gracias

Las personas Catolicas van a comensar su dia de dar Gracias por lllir para Misa. Esta Misa es muy bonita. La Misa va ser para --especialmente para-- el Dia de Dar Gracias a Dios por muchas cosas.

Despues de Misa es dia para que todas las familias se junten y coman Guajolote-Turkey. Este es una Misa Especial. Se va comensar--no se les olvide-- a las 10 de la manana en la Iglesia Catolica del Sagrado Corazon de Spearman.

The Annual Union Church Thanksgiving Dinner will be held Thursday, November 18. Tickets are \$5.00 for each. Children under 6 are FREE. The Dinner will be from 11:30 a.m. to 1:30 p.m.

Thanksgiving, 1982

Our American Thanksgiving Day dates officially from 1863 when the nation was locked in a sectional struggle. Mrs. Sarah J. Hale, who had been proposing a national day of thanksgiving for decades in Boston and Philadelphia as a magazine editor, wrote to President Abraham Lincoln--who in October of 1863 issued the first Thanksgiving Proclamation.

There had been earlier thanksgiving days; some date the American observance to the days of the early settlers of the nation--who gave thanks for their food supply and the opportunity America offered. The first probably occurred in the Plymouth Colony in 1621.

There have also been observances in other lands but few countries had adopted annual thanksgiving days prior to the American custom. An international thanksgiving day was held in Washington in 1909, having been conceived by the Rev. Dr. William Russell of St. Patrick's Catholic Church.

Thus, Thanksgiving Day, the 25th this year, is uniquely American. We can all give thanks for the many blessings all Americans enjoy. In doing so, we can resolve to build a better community and a greater nation--for in spite of our blessings and accomplishments, there is still much to be done.

"Messiah" set for Nov. 28

The hot-tempered musician was talented within his field as a composer, but he was lucky as a fighter. It seems that he got into an argument with another musician and thanks only to a large button on his coat he lived to tell about it!

Yes, George Friderick Handel (1685-1759) was lucky that day, when an argument led to a sword fight, and his opponent's blade struck a coat button rather than running Handel through. And we today are lucky as well, because Handel went on to become internationally famous for as the composer of the oratorio "Messiah."

Handel was born the son of a surgeon in Halle, Germany and studied to be a lawyer. But his interest was so strong in music that at the age seventeen he became organist at Halle Cathedral. Five years later his first operatic composition, Rodrigo, became a great success in Italy. Handel moved for the second and last time to England in 1712 and in 1726 became a naturalized citizen under King George I. For more than 20 years he composed and produced operas as director of the Royal Academy of Music.

It was in 1728, when the English public became tired of Italian opera, that Handel began composing oratorios,

which were operatic in music but designed to be sung by soloists and chorus with orchestra, performing in concerts without stage action.

In 1742 Handel experienced the highlight of his life when he was asked to give a series of concerts in Dublin, Ireland to benefit charity. It was then that he conducted the performance of "Messiah," which immediately won popular success. He had composed "Messiah" in less than 25 days in 1741. The oratorio was performed a year later in London, and as the singers began the "Hallelujah Chorus" King George II was so impressed that he rose to his feet, the audience did likewise, and a tradition was therein established which survives today.

During the last years of his life, Handel became nearly blind, but he continued to compose and direct his works. At his death he was buried in Westminster Abbey.

The music of Handel's "Messiah" has not diminished in popularity since its first performance, and some years ago became a traditional Christmas presentation. "Messiah" has been performed in Perryton for about 30 years now, and the next performance will take Place November 28th. The performance is now an area-wide production, featuring over 125 musicians from the Panhandle of Texas and Oklahoma, including two dozen members of the Amarillo Symphony. Under the direction of Symphony Chorus director George Biffle this year, the performance will begin at 7 p.m. in the Perryton High School Auditorium. This year the performance will serve as both a community Thanksgiving service and an introduction to the Holy season, with a love offering taken to aid needy persons through the Perryton Ministerial Alliance.

The public is cordially invited and encouraged to attend this year's performance of Handel's "Messiah", an oratorio saved by a large coat button.

DPS Plans For Thanksgiving

Major C.W. Bell, Commander of the Texas Department of Public Safety, Region 5, said, "As we approach Thanksgiving Day weekend, all of us are making plans of one kind or another for observance of this traditional season of the year. Many DPS officers will make plans of a different kind. They will be on duty to stimulate safety-consciousness throughout this festive holiday."

During the last Thanksgiving holiday weekend, Texas experienced 53 fatal accidents and 57 traffic fatalities. Major Bell said, "Speed and alcohol are the main contributing factors in the majority of traffic deaths in Texas."

A total of 4,701 fatalities was recorded on our streets and highways for 1981 and statistics show 923 fatal accidents caused 1,082 deaths and 17,343 injury accidents that caused 27,907 injuries in Texas that involved a drunk driver, according to Major Bell.

"Many drivers are not tested," Bell said, "because Texas has no law requiring chemical test on drivers in fatal accidents and it is probable that more than 50% of the deceased drivers in Texas were driving while intoxicated and were not reported as DWI."

The Texas Department of Public Safety urges all motorists to avoid the use of alcohol when driving. Let's all slow down a little and live a lot.

"Rainbows & Ranglers" have dance

The "Rainbows & Ranglers", Spearman's Square Dance Club, held their regular dance on Saturday, November 13th.

The caller was Fred Shieldknight, assisted by Jimmy Shieldknight and Ricky Riggins. A fund time was had by those that attended.

The next regular dance has been cancelled as it would have been during the Thanksgiving Holidays.

The next dance is scheduled for Tuesday, November 30th, at 8:00 at the Y.M.C.A. building and will prepare students for the Graduation Dance tentatively set for Saturday, December 4th.

Plan now to start an activity that lifts spirits, is good exercise and is just plain fun! Join the New Class for beginning Square Dancers.

People who haven't danced for some time and who wish to brush up will be welcome, too.

Lessons will start in January and will be held one night a week, probably on Monday or Thursday.

People interested in this class should call 9-3883 or 9-3519 and get on the list.

Local farmers appointed to FU policy committee

WACO, TX; November 11, 1982--Joe Morris of Gruver and Steve Cleavinger of Dalhart representing District 1 of the Texas Farmers Union were in Waco this week for the first of two sessions of the Texas Farmers Union Policy Drafting Committee. Mr. Morris and Mr. Cleavinger have been officially appointed as two of 14 farmers from across the state to serve on this special panel.

The committee is responsible for preparing policy statements of the general farm organization for debate and adoption during the Texas Farmers Union state convention which takes place January 20-22 in Austin.

Representatives are appointed annually to this committee in order to take policy resolutions submitted by county organizations along with amendments and updates and incorporate them into appropriate sections of TFU's existing policy. The policy addresses each commodity as well as many other concerns of family farmers ranging from state and local issues to national and international matters.

Among some of the more significant policies which were adopted by the committee include:

- a recommendation that the price of cotton be established on grade and staple only, eliminating the micronaire base.

- enactment of legislation that would provide improved protection and the sanctity of ownership of producer-owned commodities stored in warehouses.

- opposition to the 50 cents milk tax.

- opposition to any actions that would weaken the Farm Credit System.

Texas Farmers Union represents approximately ten thousand farm and ranch families in the state and is part of the twenty-two state National Farmers Union. State delegates at the January convention will officially adopt policy for Texas Farmers Union and elect national delegates to the annual NFU meet scheduled for February 27 - March 3, 1983 in San Diego, California.

Great American Smokeout Nov. 18

COLLEGE STATION--More than 52 million Americans still smoke. Nine of every 10 of them contacted in surveys have said they would like to quit.

But giving up cigarettes isn't easy--and procrastination seems to reign, report Dr. Mary Ann Shirer, health education specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"Any needed behavioral change always seems easier to accomplish when someone joins with you in making the change. This is an ideal time to join the millions of Americans who intend to take a day off from smoking on Nov. 18, the day of the 'Great American Smokeout,'" suggests Shirer.

The Smokeout annually focuses public attention on cigarette smokers from coast to coast. Shirer reminds, "It's their day! The Smokeout is an up-beat, good natured effort to encourage smokers to give up cigarettes for 24 hours, if only to prove to themselves that they can do so. Everyone enjoys watching and encouraging them while they try," she says.

During last year's Smokeout, three of every 10 cigarette smokers either cut down or quit smoking for the day. Persons desiring to find out more about the "quit smoking programs" and the Great American Smokeout should contact the American Cancer Society located in your immediate area. A toll free number in Austin is 800-252-9174.

The Stamp Act

One of the most significant dates in American history was November 23, 1765. On this day, more than two hundred years ago, the Frederick County, Maryland, court ordered its regular business carried on without the use of stamped paper--as required by the famous Stamp Act.

At this time the states were still English colonies. In March of that year Parliament had passed the Stamp Act, recommended by Sir William Keith, a former royal Governor of Pennsylvania.

The act levied a stamp tax of three pence to ten shillings on legal papers, two pounds on college diplomas, four pounds on licenses to sell wine, two to six shillings on deeds, ten shillings on a pair of dice, a shilling on a pack of playing cards, a shilling for every advertisement in a newspaper, etc.

The tax outraged many Americans, who felt that only their own state assemblies had the taxing authority over them. Patrick Henry, in Virginia, managed to get a defiant resolution adopted by the Virginia General Assembly, so much so that it was expunged from the record the day after it was passed. Aroused citizens in many states destroyed the stamped paper which had been sent from England.

The bitter reaction was so widespread wiser heads in London favored repeal of the law. Benjamin Franklin, the American agent in London, was summoned before the House of Commons and wisely warned members that if the act were enforced with arms the enforcers would not find rebellion but "may make one."

The act was repealed four months after the Maryland court's defiance. But it had sparked such resentment and such a surge of nationalism, many historians believe it helped appreciably to bring about the Declaration of Independence a decade later in 1776.

GRASSED WATERWAYS: Waterways are shaped to a smooth surface and designed to carry water across the farm without causing erosion. Silt and pollution in streams and ponds is thereby reduced. Waterways are usually seeded to grass and can be used for grazing or hay. They also make good wildlife habitat for dove, quail and pheasant. If you need more information on grassed waterways contact your local Soil Conservation Service Office in Spearman.

Traffic safety task force recommendations

Tougher penalties for DWI offenders, increased use of child auto safety seats for infants and children under four and strengthened driver education in Texas were among the legislative recommendations unanimously approved by the Texas Safety Association Board of Directors recently.

Responding to Texas Department of Public Safety Chief Col. Jim Adams' call for tougher laws and greater enforcement of those laws to deal with DWI offenders in Texas, the directors of the 1400 member safety group approved all of the Task Force on Traffic Safety recommendations and pledged to work for grass roots understanding of the recommenda-

tions and their safety benefits. Among those recommendations are raising the drinking age to 21, banning open containers of alcoholic beverages from the passenger compartments of motor vehicles and stiffer penalties for driving while intoxicated. Several Texas Safety Association members, including the immediate past president, Dave Coslett of Dow Chemical in Freeport, served on the task force.

Current Texas Safety Association President Dean Ward said, "It is imperative to remove drunk drivers from Texas highways. As safety professionals, TSA members are acutely aware of the tragic results of drunk driving. We want this behavior stopped."

Shop Early, Mail Early

This year, the Postal Service is joining forces with the business community of Spearman in urging customers to shop early and mail early for the holidays.

Postmaster T. Ray Robertson has officially declared the start of the holiday shopping season by asking shoppers to shop early and mail early this year and to make certain that mail is addressed correctly (including ZIP Codes) and packages are wrapped correctly so that cards and parcels reach their destinations in plenty of time for the holidays.

"Normally, we handle about 6000 pieces of mail a day -- including cards, letters and packages, but during the holiday season, volume goes up to about 8000 pieces," the Postmaster says.

The key to successful holiday mailing is to mail early and correctly. Postmaster Robertson

says that includes planning now for gifts that must travel long distances by Christmas.

"Many overseas mailing dates -- including those for the armed forces stationed overseas -- occur this month. Mailers can get specific information on the international dates by calling us here at 659-3313," Robertson said.

"Customers should also take care to write legible ZIP Coded addresses for both the intended recipient and the sender. Since mail sorting depends on the ZIP Code as well as the name of the particular city and state, the use of the correct ZIP Code will aid us in processing the mail.

"Last year, our customers helped us tremendously. They mailed early in the season and early in the day. We hope they will choose to cooperate with us again this year, so we both will have an enjoyable holiday mailing season."

About Mortgage Rates

One of the most positive steps Congress could take to spur economic recovery, without vast outlays of new cash, would be to enact legislation guaranteeing lower mortgage interest rates by banks and savings and loans institutions.

Today's rates, of over fifteen percent, are still excessively high. Because today most people sign mortgages for periods of thirty or thirty five years, interest payments total a greater percentage of total payments than in years past, when mortgages extended only twenty years, perhaps fifteen.

Home buyers rightly look hard at total interest paid on these long mortgages. When they realize they're paying more in interest--by far--than in principal, many elect to wait for rates to come down. But rates have come down agonizingly slowly, even though the nation has been in a sharp recession for more than a year.

One suggestion is that Congress guarantee a limited number of mortgages at thirteen, twelve, eleven or even ten percent, which would eliminate the foreclosure risk factor. Congress might also experiment with guarantees of compensatory payments to institutions which see prevailing rates soar in future years above these thirteen, twelve, eleven or ten percent rates.

Such action would doubtless produce a spurt in housing, which would affect other industries and the national economy. (Some of the big automakers are, in effect, doing the same thing today, to move unsold 1982 and 1981 model automobiles.)

Of all life's inequities facing young people today, excessively high mortgage rates are the most distressing. Home owners make better citizens. Their children enjoy advantages. And this has been the American dream for too many generations to allow it to die among so many hard-working families.

FOOTBALL *****

By Pete Fritchler

WASHINGTON, D. C. -- Pittsburgh missed, last year, being number one when they fell to Penn State's always-good Lions. Joe Paterno, then, derailed the 1981 Panthers.

This year's clash between the two Pennsylvania powers will therefore be a national contest, in a sense, and could well decide the question who is number-one in college football in 1982. The game is played November 26.

The Penn State-Pitt go in 1981 was a surprising contest. This writer watched the first fifteen minutes on TV. Pittsburgh was doing everything right. The team seemed irresistible. After

Pitt had scored a couple of quick touchdowns, the conclusion was, wrongly, that the Panthers were in.

Next morning the shock came. Penn State had not only come back but the Lions had come back with a vengeance and had dominated the remainder of the game.

The Panthers are out for number-one again this year. They certainly remember November, 1981. That's one reason the game on November 26 will be super-charged. Penn State had a lapse against Alabama earlier this season but these things happen in college play; either team could win.

Thompson quits Sunray city council

Richey Thompson of Sunray resigned last week from the city council with some five months remaining in the 2-year term he is serving. Thompson in his letter of resignation explained to the Sunray council that he had taken a new job in Spearman and was moving there soon, reports City Manager Darce Foshee. Foshee adds that the council will decide Dec. 9 on an interim councilman to fill the remainder of Thompson's term. The term expires in April, 1983. This was Thompson's first term on the council. He has been employed by the Sunray Co-op since 1975 and has been manager of its farm store since 1978. Thompson recently became manager of Spearman Consumer Sales at Spearman. Lonnie Treadway has been named the new manager of the Sunray Co-op store.

Greyhounds' Coach Rick Nix resigns

RICK NIX

At the end of the Gruver-Sunray football game Nov. 5, two men met on the field and shook hands, then one of them followed his defeated team to the locker room while the other lingered on the field...

Finally, the other man left the field on leadened feet--for "finally" was the key word for Rick Nix, Athletic Director and Head Football Coach for Gruver High School Greyhounds the past five years.

He had quietly tendered his resignation Oct. 8 just before the Stratford game.

"I knew before the Sunray game started it was my last at Gruver," Coach Nix said. "After shaking hands with the Sunray coach, I lingered awhile on the field. I didn't want to walk off."

Using those moments as a springboard, Nix shared some very thrilling, some very trying, some very poignant times out of his five years at Gruver, naming the Sunray game as the one he would remember most--for obvious reasons.

Fortunately, it was a victory

to close out his final season at Gruver.

For the next few minutes, Rick Nix fielded questions covering everything from his greatest players down the gamut to his greatest frustrations.

The spectrum of contrast was displayed between Nix' greatest thrill of his five-year tenure and his greatest disappointment.

"My biggest thrill?" Nix mused. "It would have to be a trio of wins--two in 1979 and one this year. Back in '79 we were facing a tough Dalhart team. Late in the game we came from far behind to make the score 13-14. We went for two points, made it, and won 15-14!"

"Sunray and Stratford had become 'hot' teams in the district and Gruver had not beaten either in a long time. In '79, we beat Sunray 7-6 and this year, Stratford became our first victory of the season and district play at 21-0. It was a double thrill considering how this season wound up for Stratford!"

Biggest disappointment? Nix said it would have to be a chain reaction thing beginning with the 1981 Stratford game and the dissention and the animosities that infiltrated the Greyhound squad.

"I do not believe I was the cause of it," Nix declared, "but I blame myself for not handling the situation better."

While he speaks proudly of the good life at Gruver, Coach Nix' greatest moments centered around his players. Asked about different 'Hounds he had coached, this was his lineup:

BEST BACKS: Darrell Messer, Ricky Finley, Randy Karlin. **BEST OFFENSIVE LINE-MEN:** Chris Dorman, Phillip Fry, Lonnie Burnam.

BEST DEFENSIVE LINE-MEN: Chris Dorman, Lonnie Burnam, Mike Burnam, Terry Clingman, Ricky Renteria.

BEST LINEBACKERS: Clifton Peady, Mike Burnam. **BEST SECONDARY:** Darell Messer, Juan Garcia, Bubba Gammon, Ricky Finley, Bruce Ammons.

BEST DEFENSIVE END: Mike McKee. **BEST RECEIVERS:** Juan Garcia, Mike McKee, Johnny Hinton.

MOST UNDER-RATED GRUVER PLAYERS: Jeff Tout, Bubba Gammon, Randy Karlin, Gary Gilbreath.

MOST IMPROVED PLAYERS: Phillip Fry, Russell Tiner. **BEST "CLUTCH" PLAYERS:** Randy Karlin, Chris Dorman, Gary Gilbreath, Darrell Messer, Mike McKee, Ricky Finley, Bubba Gammon.

BEST OFFENSIVE GAME PLAYED? Between the 1980 victory over River Road, 35-7 and the 1981 win over Phillips, 48-20.

BEST DEFENSIVE GAME?

How about the 1979 win over Dalhart; over Stratford this season--or even the 1979 close loss to Panhandle. That was a good defensive game.

Before closing the interview, we went to two other extremes. The first was to ask Nix' biggest thrill in coaching. Here the answer really reveals the man:

"Watching a kid develop into a mature young man mentally and physically and feeling that his coach might have had a hand in it," Nix said. "I have a very deep feeling for athletes that perform up to their abilities and am in awe of those that perform beyond their abilities to do so!"

His biggest coaching disappointment?

"It is exactly at the opposite end of the stick! The biggest disappointment, the biggest frustration to me as a coach is the kid with a natural, God-given talent, is perfect physically and mentally...and refuses to produce!"

Nix said one of the handicaps to a coach are those parents who think the coach should raise their boys--make them get their hair cut--make them come in earlier at night--and generally control their behavior.

"I think these are the responsibilities of the parents, not the coach," Nix said emphatically.

Then the resigning coach voiced a strange frustration for a coach: the parent or other adults who think athletics are the single most important part of the lives of young people.

This man who has dedicated his life to the athletic phases of

the lives of young people said he thought more important was God, country, family, education and consideration for their fellow man.

The interview was drawing to a close. The coach had touched on friends, remembrances away from athletics, many things. Then he ended with perhaps the greatest revelation of hurt to a person in the public eye:

"My final frustration is the person that blames my family for decisions that I make!"

Which just might be Rick Nix' way of saying: remember him as his own man.

Shop Now

Though we complain many rush the Christmas season, it's nevertheless true Christmas shopping is best and easiest when done early--in November.

Most of us complain about the mad rush at Christmas after also complaining about rushing the season. Much of the final scramble could be avoided by planning ahead and shopping early. That leaves the days around the 25th free for the appreciation of Christmas' meaning, for pleasure and fun.

For those mailing parcels overseas, the last minute is already at hand.

Lion Woodrow Gibner and Tail twister Al Lindley presented the program at Lions Club Tuesday. It was one of the finest programs of the year.

The Test For Congress

At this time of economic hardship, the real test for both Republicans and Democrats is this final, extra session of the 97th Congress, and the 98th convening in January, is whether members can submerge partisanship enough to act in the urgent interests of the nation.

There have been encouraging statements from both sides, including some from Tip O'Neill, the Speaker of the House, and Howard Baker, the Majority Leader in the Senate. But already considerable damage has been done by Democrats demagoging on the social security dilemma.

Too many in the recent election won votes by exploiting the system's funding crisis--which must be addressed responsibly. Republicans honest enough to address the problem, to admit future increases might have to be limited, were in some cases defeated November 2 because elderly voters were persuaded that they didn't care or proposed to cut existing payments.

Social security must inevitably be reformed. Entitlement benefit increases should be limited in the next few years. Some new taxes are inevitable, especially if the scheduled 1983 income tax cut of ten percent, due next July, is not rescinded.

President Reagan must compromise, and he should compromise on defense spending as well as in other areas. A major effort should be made by Congress to freeze entitlement program payments for a year, plus hiring, plus other spending increases. New taxes on alcoholic beverages are overdue.

If all this is done, and government aid to stimulate the economy is forthcoming, the deficit might be reduced to a lower figure than the recent \$155 billion for the year which ended September 30. The next deficit must be less than that, not more. Congress and the president must cooperate to achieve that goal, if recovery is to be accomplished, and sustained.

Sheriff's Dept. conducts seminar

The Hansford County Sheriff's Department--assisted by area firms involved in agriculture--is sponsoring a seminar for law enforcement on the theft of farm equipment and grain, beginning at 6 p.m. Thursday night in the Junior High School Cafeteria.

There will be two specialists from Austin: Sam Smith, who works the entire spectrum and Darrell Ketchum, grain warehousing.

State intelligence forces will be represented by Jerry Tolbert, El Paso and Dan Self, Amarillo.

Officer Larry King, Potter County farm theft specialist will also take part in the seminar.

Sheriff R.L. McFarlin, host law enforcement officer, said the seminar would also include input from officers over the broader area of the high plains and other sectors of the state with a high incidence of farm thefts--particularly those with records of significant solution of thefts in the field of agriculture.

While Hansford County has earned high praise from law enforcement officers and departments over the area for seminars conducted in the past, Sheriff McFarlin said these

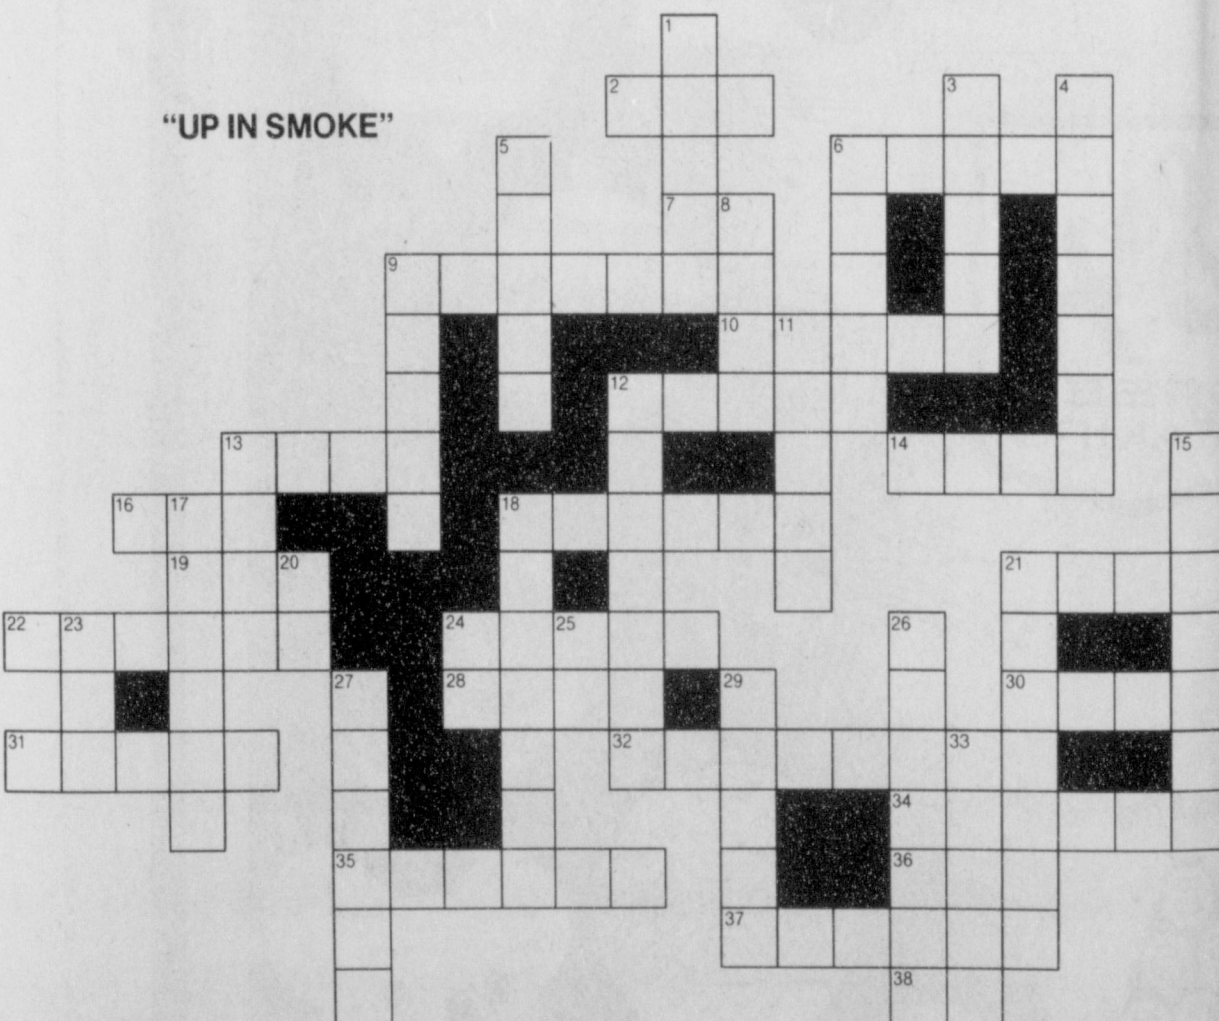

were not undertaken with recognition in mind.

"We have geared each seminar to a particularly sensitive area of crime and loss," McFarlin noted. "One of our most successful seminars--and a recent one--dealt with the theft of oil field equipment. Input absorbed and contacts made with other officers helped solve quickly the recent theft of drill bits from Baker & Taylor Drilling Co."

The following Hansford County firms, sparked by concern for customers suffering losses to theft, joined the Hansford County Sheriff's Department in sponsoring this seminar:

- Speartex Grain Co; B & B Farm Industries, Inc.; R.L. McClellan Grain Co., Inc.; Agco of Spearman; Hansford Implement Co.; North Plains International, Inc.; Spearman.
- Hansford County Parts & Supply; North Plains Chemicals Co., Inc.; Gruver Farm Supply; Gruver.
- Equity Elevators; Bernstein and Hitchland Elevators; and Morse Implement and Auto Supply; Morse.
