THE SPEARMAN REPORTER, SPEARMAN, TEXAS 79081

THURSDAY, OCTOBER 21, 1982

Lynx host Dalhart Wolves here Friday

The Spearman Lynx traveled to Canadian to play the Wildcats in a District 1-AAA game. Everyone expected a good game from both teams. Because, usually when Spearman and Canadian get together it is one of three tough and rough games—the other two include the Dalhart Wolves and the Perryton Rangers. There were lots of Lynx fans at Canadian, who witnessed 2 touchdowns called back because of a penalty, one was a 90-yard touchdown run by Dennis Randall. Once Dennis gets "sprung" by his Offensive Line, there is no stopping that "locomotive of a player". The fans also witnessed two quick-kicks "blocked". That was virtually half of the troubles the Lynx had. They also lost 4 interceptions and 2 fumbles. Those mistakes is enough to give a real Lynx, "indigestion".

Billy Pat Underwood threw a beautiful 50 yard pass to Jeff Pool, this was the only score of the night for the Lynx. The final score against Canadian was 19 to 6.

The game against Canadian was the 2nd District game. They—the Lynx—lost their first District game to Boys Ranch. Lots of fans feel that the Lynx are a lot better team than either Boys Ranch or Canadian. It is just

that the mistakes of the Lynx, is really what beat them. Coach Larry Lanier is getting his Lynx ready to start playing the "spoilers" of District 1-AAA. **NOTE FROM SPORTS DESK:** The Lynx will be known as the "Underdogs" in their final three games against Dalhart, River Road and Perryton. They will also be known as "Spoilers". Spoilers is put on all underdog teams—teams that are not suppose to win for some reason or another. Dalhart, River Road and Perryton will all play with lots of caution, because they know that the Lynx have talent and can bust a game right open with their running, passing, Defense and even their special teams. So right now the Lynx really have the edge in their final three games, because the "other" teams will have the pressure on them. What happens when a balloon gets too much pressure? It explodes. That is what could happen to these three teams, they could explode and not be able to do a thing.

The Lynx have two excellent quarterbacks, Ross Donahue a Sophomore, and Billy Pat Underwood—a Senior. Both are tough individuals and both have a good throwing arm. The "Golden" Wolves better be ready for those two.

The Runningbacks for the Lynx have a lot of talent. These running backs include Dennis Randall, Darren Goodheart, Jay Pack, Ricky Torres, Dell Brandt—all Seniors, Julio Vasquez—a Junior and Karl Bynum a Sophomore. All of these guys have power to go thru their opponents or just fly past them 'cause they are so quick.

The Lynx have many talented receivers like Jeff Pool, Gary Thomas, Steven Francis—all Seniors and Steve Burke—a Sophomore. All have good hands to catch the ball and then they are also quick to run for extra yardage after the catch.

But before the "Golden" Wolves can get to the Offensive backfield, they will have to go thru the Offensive Line of the Lynx, one of the toughest lines in this District. So that will be a chore for the "Golden" Wolves.

First of all the Centers. Charlie Salgado is the Senior and leader of all three Centers. He is one of the toughest, most respected Centers in District 1-AAA. The other two are both Juniors, Israel "Kimo" De La Rosa and Billy Ray Haden. Both "Kimo" and Billy Ray do a great job when they are in, sometimes as Centers, but most of the time on Defense.

The Lynx have excellent Guards, leading the way is Clint

Graves—being the only Senior, the other three are Darl Farris, Byron Sutterfield and David Turner—all are Juniors. All four of these guards are respected for their strength and play.

Finally is the Lynx Tackles. These Tackles are lead by James Potter—he is the only Senior as a Tackle. The other Senior is Jan Hartsell, but Jan got hurt awful badly, we are all praying for him. So James is the "leader" of the Tackles. Other tackles include Joe Gomez, Mark Guthrie—both Juniors and very promising stars, and Kevin Slaten—a Sophomore. All of these tackles do a great job for their Offensive Line. Most of these guys play on Defense also.

So right now, it looks like Dalhart "Golden" Wolves are going to have a tough, tough game on their "paws". Almost all the Lynx love "Wolf Chili" and against the Dalhart "Golden" Wolves, they all plan to have a little of the "Wolf Chili" and brand it with the SL symbol. The game is this Friday, October 22. It will begin at 7:30 p.m. since it is a District game. The game will be played at Lynx Stadium. Go on out to Lynx Stadium and support the Lynx. Help them get some "Wolf Chili" by cheering for the Lynx.

Linn honored with dedication of special care center

Victim hospitalized Warrants out for 3 in Hitchland robbery

Warrants have been issued for three Mexican suspects in the Sunday night aggravated robbery of a Hitchland resident who was hospitalized following their assault on him that netted \$1500.00, according to Sheriff R. L. McFarlin.

Late Sunday night, Martin Ssio, also a latin, answered his door knock, was grabbed by the hair and dragged outside where three men threatening him with butcher knives, beat him severely and took his money.

Ssio is still in Ochtree County Hospital in serious condition. Members of Sheriff McFarlin's department are also investigating the night burglary of the school bus barn at Morse.

There thieves took tires, tools and a half-case of motor oil. The sheriff felt that investigation was moving to an early conclusion.

In other activities, the sheriff's department is plagued by parole violators. A number have already been processed, two are in custody and warrants have been issued for three more.

James Wyrick, who first refused to waive extradition from Oklahoma has now been returned from Sayre, Okla. to face probation violation charges.

Milo harvest begins in county

Milo harvest has begun in the county with some elevators reporting first loads yesterday, and others from a week to two weeks ago.

The cold wind that blew in Tuesday morning has temporarily stopped the harvest.

Most of the farmers will put their grain in the reserve this year as the market is so depressed due to the large surplus of grain on hand. Milo was selling at \$4.10 cwt. Monday in Spearman and farmers can get \$4.92 if they put their grain in the reserve.

Both Ageo and Speartex are building new storage facilities and expect to have plenty of storage for those wanting to go into the reserve with their grain.

David Rodriguez is in custody here after being returned from Hereford for a hearing on revocation of probation.

The grand jury term just ended saw six true bills returned in cases presented by the Hansford County Sheriffs Department.

Vivian Perkins, recently returned from Wyoming, was indicted for theft by appropriation and entered a plea of guilty on the spot. She was assessed a fine, given a four year probation sentence and agreed to make full restitution to the victim.

L. G. Rosencranz was indicted for his alleged part in the theft of drill bits from Baker and Taylor here. Rosencranz is out on bond set in Oklahoma where he was first arrested. A warrant has been issued and he will be returned here for trial in that case. He will be required to post a \$5,000 bond here to remain free until his trial.

His brother was indicted in a previous session of the grand jury for his alleged part in the theft. He is out on bond.

Two other suspects in that drill bit theft case are still being held for trial by Oklahoma authorities for trial in the case. Oklahoma proposes to try the pair seeking a 10 year sentence for each. At the request of Oklahoma authorities, Hansford

The Equity elevators have allocated their storage and expect to be able to take care of their regular customers.

McClellan Grain has reported receiving a few loads of grain also.

Absentee Voting Underway

Absentee voting in the Nov. 2 general election began Wednesday, October 13 and runs thru October 29 at 5 p.m.

You may cast your absentee ballot at the Hansford County Clerk's office during this time at regular hours observed by the office.

County has agreed to drop charges if the pair do indeed draw convictions and 10 year sentences.

The suspects in question are Gene Rushing and Phillip Tagent.

In other activity by the sheriff's department, Joseph Long is in custody here in lieu of \$5,000 bond for theft appropriation. Charges are pending against Curtis Wayne Clark for alleged theft and Ken Caffey is being sought in Arkansas for alleged theft over \$200. He will face a bond of \$7,000 pending hearings when he is returned.

Members of the sheriff's department have made 10 arrests for theft by check thus far during October. Sheriff McFarlin noted this was a vast reduction in the number of HOT checks from five years ago when this particular crime was at its zenith.

The sheriff attributes this to the extra care in cashing checks and the extra effort to cooperate with his department which has led also to a tremendous recovery record in the case of bad checks that were PASSED.

Hospital News

Anyone interested in becoming a Secret Grandparent—a very special FHA project—feel free to contact the school at 9-2584 and speak to Claudine Clark or Susan Daniels.

Patients at Hansford Hospital are Pearl Shapley, Anna McGary, Kandy Long, Ernest Riddle, Nelli Sluter, Gib Nobles, Mattie Dyer and John Brown.

Dismissed were William Powell, W.E. Jones, Sharon Slatzman, Ellen Babbs, Jimmy Collier, Debra Shrader, Dana Haney, Hollie Simpson and daughter, Allen Mires, Lilly Cox, Hazel Gibner, Lauren Allen, Richard Smith and Lisa Miesner.

OKLAHOMA CITY, OK—James Paul Linn, Oklahoma City attorney, was honored today through the dedication of the James Paul Linn Special Care Tower at Baptist Medical Center of Oklahoma. Linn contributed \$1.5 million to the recent \$3.5 million expansion of the tower, which serves the critically ill and injured.

James L. Henry, President of Baptist Medical Center, unveiled the tower inscription. In remarks to Linn and his wife Ann, Henry said, "Your friendship to Baptist Medical Center and to those of us who work to strengthen and improve the services of this institution is gratifying. Your support and interest has certainly made a difference at Baptist."

Linn's gift is also commemorated with a bronze bas-relief plaque by Oklahoma artist Joe Taylor. The plaque is displayed on the main floor lobby of the medical center.

With the help of Linn's contribution, the largest individual donation in Baptist's history, the tower has doubled its design capacity from 36 to 72 beds. Sixty beds are currently available, equipped with state-of-the-art equipment and clustered around nursing monitor stations. The tower will reach full capacity with the completion of the shelled-in tenth floor. The James Paul Linn Special Care Tower emphasizes heart patient care, offering intensive, coronary, and chest cavity care units.

Participants in the dedication ceremony included Oklahoma City Mayor Patience Latting; W. Kenneth Bonds, Chairman of the Baptist Medical Center Board of Directors; and Nazih Zuhdi, MD, Oklahoma City cardiovascular surgeon. A canopied reception catered by Baptist Medical Center followed the ceremony.

Heinrich reappointed to TADA

SPEARMAN—Gerald Heinrich of Excel Chevrolet-Oldsmobile in Spearman has been re-appointed to the key post of Area Director of the Texas Automobile Dealers Association. Gene N. Fondren, Executive Vice-President in Austin, said Heinrich will report to the TADA Board of Directors on all phases of activity relating to the motor vehicle buying public in the Spearman area.

"Heinrich will work closely with legislative and other governmental officials on all matters pertaining to the industry and the auto buying public," commented Fondren.

"The job of Area Director is one of the most important in our statewide association," said TADA President Jim Cavender, San Antonio, "and we are confident Heinrich will serve with distinction."

TADA represents the franchised new car and truck dealers in Texas.

Police Report Band preparing for Marching Contest

ACCIDENTS: On Saturday, October 16, 1982 at approximately 8:01 p.m., a 1975 Blue colored Cadillac Sedan, four door was East bound on Highway 15 West into Spearman. The driver was a Perryton resident and he did have liability insurance. The driver stopped at the red light at Crazy Corners then when the light turned green he proceeded into the intersection, drifted to the right and struck a utility pole. The driver received minor injuries and was transported to the Hansford Hospital by the H&S Ambulance Service.

OFFENSE REPORTS: On Monday, October 11, 1982 at approximately 9:35 a.m. the school nurse reported she had a Junior High student in her office who had been bitten by a cat the previous day. The cat was picked up and tested for rabies, with negative results.

On Tuesday, October 12, 1982 at approximately 4:30 p.m. a number of coins were recovered. Investigation turned up the possible owner and he was contacted, at 6:35 p.m. he checked his collection and confirmed that the coins were his. The suspect in the case was referred to Juvenile Authorities.

On Tuesday, October 12, 1982 at approximately 6:32 p.m. a Spearman resident advised the Spearman Police Department she had found a purse. The property is being held for safe keeping at the Police Department, and investigation in continuing to find the owner.

On Friday, October 15, 1982 at approximately 12:20 p.m. a Spearman resident reported that his vehicle had been taken from his residence. The vehicle was recovered at 7:45 a.m. by the Spearman Police Department in the city. Suspects in the case are still being sought.

On Friday, October 15, 1982 at approximately 10:20 p.m. a Spearman resident reported a domestic disturbance. Upon officers arrival they observed a subject from the disturbance in

his pickup on the street. The subject was intoxicated. Officers arrested him for public intoxication and transported him to the Hansford County Jail. Subject pleaded guilty to the charge of public intoxication on Monday, October 18, 1982 and was fined and released.

On Sunday, October 17, 1982 at approximately 10:17 p.m. a Spearman resident reported the the people she was baby sitting for had left town, and someone was in their trailer. Officers responded and checked the residence which was unsecured. No one was found at the residence. The residence was secured and the owner was later contacted. Nothing was reported missing.

On Monday, October 18, 1982 at approximately 6:40 p.m. a Spearman resident contacted the Spearman Police Department and reported the theft of some tools and other items. The items had been recovered on October 9, 1982 and the case had been cleared. Efforts to contact the owner had met with negative results as she was out of town. The suspects in the case were referred to Juvenile Authorities.

D.J. Alberts
Chief of Police, Spearman

Chorus presents concert

The Spearman I.S.D. Music Department presented Choirs in fall concert Oct. 18, at the high school auditorium.

The concert was opened with "Celebrate VI" singing "Can't Stop Dancin'"; "It Was Almost Like A Song"; "Beach Boys Medley"; "Come On In"; and "Fantasy".

"Singsation" presented "Music Is Fun"; "We Come, O Lord, This Day"; "Sing About Sunshine"; and "The Lemon Song".

The 7th and 8th grade choir sang "Let Me Ride"; "All My Trials"; "The Trees of the Field"; and the girls choir sang

The Spearman Lynx Band is busy in its preparation for the UIL Region I Marching Contest to be held in Borger on October 30. Much time and effort has been put into the contest show since the last home performance of the steadily improving Lynx Band. The playing and marching of the hornline has been solidified more closely and the percussion line has added interesting visual effects to its feature presentation. The Flag Corps has added many new surprises to its presentation as well.

The contest show features music which is both entertaining and solid sounding, but which is also good band music. The Opener is an adaptation of the Karl King Circus March "Barnum & Bailey's Favorite", which features off the line movements of arcs, expanding arcs, company fronts and wedges which are built-in the show to add impact and emphasis to the music.

The concert and flag feature number is an arrangement of Ronnie Milsap's popular "Let's take the long way around the

world". A trombone solo and follow the leader curvilinear (curved lines) movements add aural and visual interest to the selection, which ends in a massive musical climax.

The percussion feature "The Mexican Hat Dance" by Jay Wanamaker, features the percussion section to clever visual effects, as the hornline and flag corps present a fast paced follow the leader drill which leads into the closer.

The closer, "The Sinfonians" is an adaptation of the classic for concert band by Clifton Williams. It features the band as a whole in a retreating fashion backfield which prepares for the climax of the show—an expansion of the flag corps from the 25 yard line to the 25 yard line and the hornline from the 30 to the 30, closing the show with a bang.

The band will do this show both this week and next week in order to perfect the music and the drill more carefully for the contest performance, scheduled for Saturday, October 30, at 3:30 p.m. in Borger Stadium. Your support of these young people is greatly appreciated.

BROOM SALE THURSDAY, 21

Hansford County youth Horsemanship program

Are you interested in your child learning basic horsemanship?

A program is being set up at the present time by the Hansford County 4-H Horse Club that will teach the youths the basics of horsemanship, not just how to show a horse.

There will be lessons on riding, safety, care and feeding, grooming, and other interesting subjects pertaining to horses.

This program is set up to teach the younger kids as well as the older ones. If you have children around the ages of 6 to 19 and they are interested in

horses, contact Jim Smith at the Hansford County Extension office-phone 9-2136 to find out more about the program.

The first meeting will be November 2, at 5:00 p.m. at the Spearman Rodeo Arena if weather is good, the County Barn if not. Watch the paper for more information.

Reneau's greet King of Norway

On Saturday, Oct. 9th, Selma Reneau and Gene Reneau of Amarillo, Jim and Jo Bellows formerly of Spearman, and Jay and Paulette Uly of Richardson, Texas were among Dallas State Fair visitors to greet King Olav V of Norway. Saturday was International Leiv Eirikson Day and Norway Day at the fair, and at the Norwegian tent the King was entertained by the Norse singers of Dallas and the Norwegian Society of Texas folk dancers. Gene Reneau is a member of the group who danced for the king. He also attended the Leiv Eirikson banquet at the Adolph Hotel where King Olav was a special guest. The banquet honored Leiv Eirikson's millennium, Cleng Peerson's 200th birthday,

and King Olav's 25th year of reign.

On Oct. 10th, Selma and Gene Reneau traveled to Our Savior's Lutheran Church at Norse, Texas to attend church services. After services King Olav laid a memorial wreath on the grave of Cleng Peerson honoring the man who brought many Norwegians to the Waco area. More celebrations were held in Clifton, Texas at the site of Clifton Lutheran College where Selma had attended school.

After ceremonies at Clifton, the King flew to Houston to dedicate the new Norwegian Seaman Chapel and then on to Florida and Washington, D.C. before returning to Norway.

Baptists plan fall revival

evangelist from Yukon, Oklahoma. Bill Hobby of Canadian will be in charge of the music.

Nightly services will be at 7:30 p.m. Monday thru Thursday, and 5:30 p.m. on Friday. Daily noon services at 12 each day with lunch provided.

There will also be a nursery provided for each service.

The First Baptist Church will have a Fall Revival, October 24 through 31 with Dinzel Leonard,

Anyone interested in becoming a Secret Grandparent-a very special FHA project-fee free to contact the school at 9-2584 and speak to Claudine Clark or Susan Daniels.

Mexican Dinner Date Set

The Sacred Heart Catholic Church will be having a Mexican dinner Sunday, Oct. 24th from 11:30-2:30 in the Parish Hall at 901 S. Roland.

Tickets will sell for \$4.00 for adults and \$2.50 for children 6 yrs. to 12 yrs. Those under 6 are free.

The dinner will be Enchiladas, Beans, Spanish Rice, Sopapillas, Tostados, Hot Sauce, Salad, Home Made Dressing, Honey, Dessert, Tea, or Coffee.

Take out orders will be available. Please call after 11:00 to order.

Catch a fish, get \$100

The A to V Bait Shop in Hardesty placed a 41 pound fish in Optima Lake Tuesday evening at 6 p.m. There is a reward of \$100 for anyone who catches the fish.

Also in June they released a 38 pound fish and so far no one has caught it. There is also a \$100 reward for catching it.

East To Find Buying something on the installment plan is an easy way to find it hard to pay.

-Herald, Butler, Ga.

Attention, Your dog impounded for two reasons

Anyone interested in becoming a Secret Grandparent-a very special FHA project-fee free to contact the school at 9-2584 and speak to Claudine Clark or Susan Daniels.

The Sacred Heart Catholic Church will have their Annual Mexican Dinner on Sunday, Oct. 24, from 11:30 a.m. to 2:30 p.m. in the Parish Hall 901 S. Roland.

Tickets are: Adults-\$4.00, Children, 6 to 12 yrs. old-\$2.50 and Kids under 6 years old-FREE. There will be take-out orders available. Please call after 11:00 to order.

1. To protect the dog from cars, poisons, disease and irate citizens.

2. To protect the community from the dog's digging, biting, barking, breeding, and defecating.

Now that we know who the owner of this dog is, we want you to accept your responsibility to your dog and your community.

You cannot guarantee your dog's safety unless you know where it is; either in your yard or at the end of your leash.

People who disregard traffic laws sooner or later get injured or killed. People who disregard the leash law sooner or later get their dog killed. Then they just get another dog.

If the dog has done damage, either to property or persons, you are also liable to civil suit for the costs. These can range from a few dollars for a broken flower pot to thousands of dollars for plastic surgery on a child's face.

Your dog is valuable personal property, even aside from its emotional value. It is illegal to harm, destroy, or steal dogs, but it is foolish to put them at the anonymous mercy of the street.

Your dog has not been in jail. It is not appropriate to lecture the dog. The responsibility, the fees, and possibly the citations are for you, not the dog. If you are not willing to accept these, perhaps you don't really want to own a dog.

Dogs at large devalue property by destroying yards, scattering garbage, and interfering with traffic. Excessive loud barking and feces everywhere is unpleasant for everyone.

People often say, "Why isn't the leash law enforced?" You have just discovered that it is enforced.

Our goal is one responsible owner for every dog. A dog is a living creature that deserves safe and comfortable surroundings.

OUR RESPONSIBILITY BEGINS WHERE YOURS ENDS!

ONE MINUTE SPORTS QUIZ

1. Name the teams playing for the World Series.
2. Who won the Lajet Golf Classic?
3. What was the score of the Penn State-Alabama football game?
4. Ted Simmons plays for what pro baseball team?

4. Milwaukee Brewers.
5. St. Louis Cardinals.

Ball Invitations Mailed

Mona Beth Windom, general chairman of the 1982 T-Bird Ball announced that the invitations to the T-Bird Ball have been mailed. Anyone who has paid for the ticket and does not receive the invitation by the end of this week should be sure to call Mrs. Windom.

The Sports and Recreation Committee of the Spearman Chamber of Commerce, Mike Cudd chairman, is the sponsor

of this annual event in behalf of the Hansford County YMCA. The Ball will be on Saturday, November 6 at North Plains International Harvester on the Gruver Highway, west of Spearman.

Entertainment will be provided by Nickel, with catering by the Perryton Shriners and the Thunderbird Car has been furnished through Crawford Motor Company of Spearman.

Halloween Carnival Saturday Oct. 30

The Annual Halloween Carnival, sponsored by the 4-H Student Council, will be held Saturday, October 30, from 8:30-10:30 p.m. at the County Barn. Booths taken include: Basket-

ball Throw (Student Council), Concession and Bingo (Jrs.), Dunking Board (SHS Cheerleaders), Pillow Fight and Greased Pole (FFA), Fishing Pond (FHA), Cake Walk (Soph.)

Football Throw (Fresh.), Spookhouse (Celebrate), Buckin Barrel (Rodeo Club), Dart Throw (Spanish Club), Mary Kay Booth.

If you are interested in having a booth, please call 659-2584 for more information. A fee is charged for each space.

We would also like to encourage that children Trick-or-Treating on this Saturday night due to Halloween being on Sunday. Thank you.

POLITICAL AD:

Does our incumbent State Representative really vote "for good bills and against bad ones," as he says?

In the last session he voted against a proposed Constitutional Amendment for limited Initiative and Referendum.

He voted against a bill requiring a physician to notify parents and receive their consent before performing an abortion on a minor. This bill passed, 114 to 29.

He voted against a proposed Constitutional Amendment to cushion the impact of the 1979 Property Tax Code on homeowners. It passed, 133-13.

You can be the judge of whether he represented your thinking in these matters.

Are these really "bad" bills for District 88, or did he fail to represent you as you deserved?

R. C. PORTER
* Republican Candidate for State Representative, 88th District.

Last call for history book Volume II

The Hansford County History Book Volume II committee announced this week that the book has been proofed and is now at the publishers who are setting up the book. After they have the book set up and it is sent back here for final proofing there will be no more book sales.
So if you want this second volume to complete your Hansford County history contact Sylvia Robertson, 515 S. Archer Spearman, or Ada Joyce Stedje, Gruver, at the Gruver Drug Store, Hansford Library or Station Master's Museum.
The cost of the book is \$46.20 including tax or \$49.20 if you desire to have the book mailed to you or mailed to someone else as a gift.
There will be only one publication of the book which contains 550 new stories plus other general history that there was not room for in the first Volume, so get yours now.

Perryton dentist campaigning for State Board of Education

Dr. Zoel Allen

Citing a much broader background and experience in the field of education than his opponent, Perryton dentist Dr. Zoel G. Allen moved confidently this week into the final stages of his campaign for the State Board of Education.

Dr. Allen, a Republican, seeks a place on the State Board of Education from the 13th Congressional District in a race that will be decided on November 2.

"I have had twelve years experience as a member of a local school board and have served on the Panhandle School Board Association as well as having served on legislative committees of the State and National School Board Associations. My opponent's experience in the field of education is limited.

Dr. Allen, who has practiced dentistry in Perryton since 1964, is a graduate of the Baylor University of Dentistry and did his undergraduate work at Texas Tech University.

He served three terms as president of the Perryton School Board and was one of the organizers, later its president, of the Panhandle School Board Association. He served on the legislative committee of the Texas School Board Association and the National School Board Association.

"The Texas School Board is an important agency for Texans," he said.

"The 27 citizens on this board bring their unique interests and backgrounds to decisions which touch the life of every public school child in Texas. The Board sets policy for the elementary and secondary school systems, certain adult programs and community education plus vocational programs in community and junior colleges. Those who serve on the state board should be versed in the problems and challenges of education in Texas."

Dr. Allen has had a varied civic career in the Perryton community. He is a past

president of the Chamber of Commerce, member of the Perryton Lions Club, president of the Perryton Industrial Foundation, a director of the First National Bank of Perryton.

He is a member of the First Baptist Church in Perryton.

He and his wife, Shirley, have three children, all graduates of Perryton High School. His daughter, Mrs. Rachel Davis and son, Z Allen, are both married and live in Perryton. The other son, Ashley, is a student at Southwestern University in Weatherford, Oklahoma.

"We in this part of Texas are vitally interested in education," he said. "But we need to be more interested in our educators. I am pledged to a program that will provide for continued strong local control of our school systems and if elected to the State Board of Education will work to see that this is accomplished."

Hobby says experience, leadership main issues

Lt. Gov. Bill Hobby today said that two of the main issues in his campaign for re-election are legislative experience and proven leadership.

"We have a lean and limited government in Texas, and that's the way I want to keep it," Hobby said. "At the same time, we don't like a negligent government that ignores its responsibilities."

Texas is facing some tough issues such as New Federalism and federal cutbacks, the recession and unemployment, and continued population growth that is severely impacting state services, he said.

"With these issues and others it will be necessary to see that Texas taxpayers are treated fairly, and I will see that we are treated fairly," Hobby said. "More than ever, we need the experience and management skills of conservative leaders in

state government."

Hobby outlined his stand on the other major issues of his campaign:

The Economy. "I am committed to maintaining a good economic climate that produces jobs and the best way to do this is to maintain our policy of prudent government spending that keeps our taxes low and attracts new business opportunities."

Education. "I have worked hard to improve the quality of public education during the past nine years, yet there is still room for improvement. Under my direction, the Legislature in 1983 will seek ways to recruit and retain the best teachers available through increased salaries and benefits and improved working conditions. In addition, I want to give local school districts more control over their schools."

Crime. "I have been at the forefront of the war against crime through efforts to improve law enforcement, expand our court system to speed up trials of accused and relieve prison overcrowding. In 1983, I will ask the Legislature to prepare a comprehensive strategy that attacks crime on all fronts—law enforcement, courts and corrections."

The Sacred Heart Catholic Church will have their Annual Mexican Dinner on Sunday, Oct. 24, from 11:30 a.m. to 2:30 p.m. in the Parish Hall (901 S. Roland).

Tickets are: Adults—\$4.00, Children, 6 to 12 yrs. old—\$2.50 and Kids under 6 years old—FREE. There will be take-out orders available. Please call after 11:00 to order.

Calendar of Events

- OCTOBER 21--The JV Lynx will travel to Dalhart to meet the Lobos beginning at 6:30.
- OCTOBER 22--The Lynx will host the Dalhart "Golden" Wolves in a tough game at Lynx Stadium beginning at 7:30 p.m. The high school will be on the Alternate Bell Plan with the Pep Rally at 2:50.
- OCTOBER 23--There will be a Cross Country Meet at Dumas.
- OCTOBER 26--This will be a College Day at WTSU--West Texas State University in Canyon.
- OCTOBER 27--This will be Frank Phillips College Day at Borger.
- OCTOBER 28--The JV Lynx will travel to River Road and meet up with the Wildcats for the first time this year. The game will begin at 6:30 p.m. Jostens will be at the high school for invitation orders at 8:10.
- OCTOBER 29--The Lynx will host the River Road Wildcats for the 4th game of the District Season beginning at 7:30 p.m. The high school will be on the Alternate Bell Plan with the Pep Rally at 2:50.
- OCTOBER 30--The Lynx Band will go to Amarillo to compete in a Marching Contest. The high school will have their annual Halloween Carnival. More details and information will be provided by the high school.

As you can see, the high school has plenty of events to accomplish. Be looking for more details on the Halloween Carnival. The Student Council will bring some in.

Dr. Erdmann joins WBU staff

PLAINVIEW (Special)—Dr. Ralph R. Erdmann, pathologist for the 37 Panhandle-South Plains counties in the northern part of West Texas, will join the Wayland Baptist University staff soon as a professor in the criminal justice area, Dr. David L. Jester, president, announced today.

Erdmann, nationally recognized for his work in criminal forensic pathology, comes to Plainview from Childress, where he presently serves as pathologist at Childress General Hospital. He will operate a forensic pathology laboratory on the Wayland campus, but he and his family will continue to reside in Childress.

A professional member of the American, Southern and Texas Medical Associations, Erdmann is one of only six board-certified forensic pathologists in Texas, having been certified by the American Board of Pathology in 1960 and by the American Board of Forensic Pathology in 1980.

"We feel most fortunate to have a man of Dr. Erdmann's experience and reputation become part of the university," said Dr. Dan McLallen, academic vice president. "We feel that we already have an outstanding law enforcement program and we hope to knit three areas—pathological analysis, investigative services and prosecution—into a program that will serve the area by providing qualified law enforcement personnel."

Erdmann's laboratory will be housed in the Cooper Building, which will be remodeled immediately to provide office and classroom space for the criminal justice program. The building served as the campus dining facility for two years during the construction of the McClung University Center.

"We hope to develop a complete center for public administration and the entire public safety area," said McLallen.

"Erdmann, who has co-au-

thored a pair of published articles as well as numerous others which are awaiting publication, earned a bachelor of science degree in biology from Alexander von Humboldt College in his native Germany in 1944. He graduated from the University of Mexico School of Medicine in 1952, was an intern at St. Joseph's Mercy Hospital in Pontiac, Mich., in 1953-54, and did his residency at the University of Texas Southwestern Medical School through 1959.

He received the master's degree in forensic sciences from George Washington University in 1979.

In addition, Erdmann served in the Army National Guard from 1967 until 1974 and was a colonel in the Army Medical Corps from 1974 until 1980. While active in the military he was chief of the Pathology Service of the Second U.S. Army General Hospital, division surgeon of the First Armored Division, and chief of

the Pathology and Clinics departments of the 97th U.S. Army General Hospital. He was a fellow in forensic pathology at the Armed Forces Institute of Pathology and forensic pathologist at Brooks Army Medical Center.

Erdmann has held numerous civilian positions, including chairman of the Pathology Department at St. Anthony's Hospital in Amarillo from 1959 to 1966 and chairman of the pathology laboratory at St. Joseph's Hospital in Mitchell, S.D., from 1966 to 1974.

"We feel very good about having Dr. Erdmann, as he is a man interested in a moral/ethical as well as a clinical setting," added McLallen. "He is a complete professional and a fine Christian gentleman as well."

Erdmann and his wife Joan have three children: son Siegfried, 41, and Erich, 13, and a daughter Roxanne, 19, who is a sophomore nursing major at West Texas State University.

Twenty seven Panhandle State University student teachers are now doing their practice teaching assignment. This twelve-week course prepares them, with actual practice, to enter the teaching profession. Pictured left to right, and listed with the city where they are doing their practicum, are: Kay Field, Dalhart; Brent McCallie, Dumas; Kay Merrell, Perryton; Lisa Keetch, Spearman; Nikki Pugh, Stratford; Carol Waldrop, Turkey; and Dr. James Satterfield, PSU Director of Teacher Education.

Twentieth Century Club

The Twentieth Century Club met October 14 at the home of Mrs. John Trindle.

Roll call was answered with "A Winter Fashion".

The story time hour to be at the library, was given by Mrs. Terry Curtis, Librarian, starting Nov. 5 for four year olds were discussed.

The fall board meeting will be October 23, at Spearman at the First United Methodist Church.

Mrs. Jane Meek gave an interesting program on "Facts About Wool", and Mrs. Cecil Biggers closed the program on "Decorative Ideas for Clothing" demonstrating some lovely clothes she made by using the sewing machine.

Members present were: Mmes. Cecil Biggers, John Brown, Fred Holt, O.C. Holt Woodville Jarvis, Jane Meek, C.U. Pope, J.R. Stump, John Trindle.

Anyone interested in becoming a Secret Grandparent—a very special FHA project—feel free to contact the school at 9-2584 and speak to Claudine Clark or Susan Daniels.

FACTORY-BUILT HOUSING-- A CLOSER LOOK

As moviegoers of the 50's enjoyed the antics of Lucille Ball and Desi Arnaz in "The Long, Long Trailer," few people dreamed they were seeing the forerunner of many future families' permanent housing.

Factory-built housing--a term describing many new forms of housing--is on the increase, and it warrants a closer look by consumers.

UNDERSTAND DIFFERENT TYPES
Understanding the different types of factory-built housing is an important first step in making an effective housing decision.

Mobile homes are only one type. In addition, consumers can consider "modular housing" or a "panelized package" or a "sectional home."

MOBILE HOMES
Shortly after Lucy and Desi parked their trailer, it became a "mobile home." Then somewhere in the 60's and 70's versatility became the market byword, and mobile homes began to change even more--some became extra-long, some double-wide for one thing.

As the 80's begin, they're attracting more interest, and they have a new name in some quarters: "manufactured hous-

ing."
More changes are underway, especially in the way America views them.

Trends toward mobile-home subdivisions, attempted in Florida and other states in the 50's are on the increase--with status, as mobile-home condos dot the horizon.

Some experts even say that mobile homes could be the "Affordable homes of the future."

Federal Home Administration (FHA) now insures mortgages on double-wide mobile homes situated on land the buyer owns under its Title II program--opening up 30-year financing with FHA-approved lenders.

And there's a mobile home resale network now. By definition, a mobile home--or manufactured housing--is a living unit built to the specifications of the National Manufactured Housing Construction and Safety Standards Act of 1974 and designed to be used with or without a permanent foundation.

A mobile home may be a single section--8-to-14 feet wide by 40-to-80 feet long, or it can be a multi-section unit in which two or more single sections fit

together.
The 1980 Housing and Community Development Act changed the term "mobile home" to "manufactured housing."

MODULAR HOUSING
"Modular housing" is a living unit built to meet the same code specifications as site-built homes. It's designed for placement on a permanent foundation.

Modular units are shipped from the factory in two or more three-dimensional sections, also called modules, which are united at the site.

PANELIZED PACKAGE
A "panelized package" is a system of wall panels made in the factory and erected at the site.

Packages can include roof and floor trusses and mechanical cores that hold kitchens and bath fixtures.

Two kinds of panels are available:

Open-wall panels--one side of the panel is finished in the factory, and the other side is finished at the site.

Closed-wall panels--panels are completed at the factory and include insulation, electrical wiring, interior wall-board and exterior finish.

SECTIONAL HOME
"Sectional home" is a name for a single-family modular home. It refers to the sections that make up a modular home.

HOUSING OUTLOOK
Pressure for affordable housing will increase at the federal, state and local levels, further easing zoning and financing restrictions for factory-

built housing.
More mobile-home subdivisions will be one result. Modular homes will continue to be an important factor in the multi-family market, particularly in small towns and rural areas, where incomes and available financing will not support high-priced housing. Modular homes have the economic advantage of large numbers and standardized products operat-

ing efficiently on a factory production line.
Although this is a closer look at factory-built housing, which is only one part of the entire housing picture, consumers should understand that it is an increasingly important part. **EDUCATIONAL PROGRAMS CONDUCTED BY TEXAS AGRICULTURAL EXTENSION SERVICE SERVE PEOPLE OF ALL AGES RE-**

GARDLESS OF SOCIO-ECONOMIC LEVEL, COLOR, SEX, RELIGION OR NATIONAL ORIGIN.

The Sacred Heart Catholic Church will have their Annual Mexican Dinner on Sunday, Oct. 24, from 11:30 a.m. to 2:30 p.m. in the Parish Hall [901 S. Roland].

Engagement Announced

Mrs. Freddie Vern Largent and Mr. and Mrs. Virginia Ortega, Sr., proudly announce the engagement and upcoming marriage of their children, Pam Largent and David Ortega.

Pam and David were both graduates of Spearman High School and are currently students at Texas Tech University in Lubbock. Pam is majoring in Deaf Education and All-Level Physical Education. David's major is All-Level Physical Education with History as his second teaching field.

The wedding ceremony will be held Monday, January 3, 7 p.m. in Lubbock, where the couple will live and finish their degrees. All are invited to attend the wedding and reception following.

FHA officers named

Spearman High School has now organized their Future Homemakers of America club for this school year. This is a national organization of high school girls who are interested in the future of America's homes.

New officers have been elected for this year's club. They are: Kim Nelson; president, Shelley Cook; vice-president, Teresa Tindell; secretary, and Heather McRee; projects manager.

On Oct. 13, the FHA held their second meeting. There were several projects discussed at this meeting. They will be sponsoring a fishing booth at the Halloween carnival. They will be selling fruitcakes for Thanksgiving and Christmas as their major fund-raising activity. The members have also decided upon having secret grandparents again this year. If there is anyone interested in becoming a secret grandparent, you can contact the school and

Storytime for 4 & 5 year olds to begin

50th anniversary reception to honor S.T. Doziers

Storytime for 4 and 5 year old children will begin at the Hansford County Library on Friday, November 5, at 10:30 a.m. Storytime will run for six weeks with a half-hour program each Friday morning from 10:30-11:00 a.m., excluding the day following Thanksgiving.

Storytime is a delightful way to introduce young children to the wonderful world of picture books and stories. It will be an enjoyable time for the children as well as an experience in learning and listening.

Storytime will be conducted by librarian, Rita Curtis, with members of the Spearman Twentieth Century Club assisting. The club members have volunteered to help at the library during Storytime. They have also offered to make craft items to be used during Storytime.

Children must be preregistered (before Nov. 5) to participate in Storytime. There will be a limit of 20 children accepted, so register as soon as possible. Parents are asked to register in person at the library and to bring their children with them, if possible.

Library hours are 10-12; 2-6 on weekdays, and 9-1 on Saturdays.

Arts And Craft Guild

The Arts & Craft Guild met Friday, Oct. 15, in the home of Blanche Fuller.

Attending were members Mildred Daily, Lemmie Russell, Jewel Turner, Annie Allen, Deta Blodgett, Sada Hoskins, Freda Sheets, Margaret Gibner and a guest, Carrie Marie Berry.

The meeting Oct. 22 will be in the home of Sada Hoskins.

Speak with either Claudine Clark or Susan Daniels.

Mr. and Mrs. Silas T. Dozier of Gruver will celebrate their 50th wedding anniversary on October 24 at the Gruver Church of Christ. The Event is being sponsored by family and friends of the couple.

The former Eva Ward Dozier married Si Dozier on October 24, 1932. The Doziers are members of the Golden Age Center where a luncheon will be held before the reception. Mr. Dozier farmed land west of Gruver before retiring. He formerly resided in Gainesville County, Texas. The couple belong to the Gruver Church of Christ. Mrs. Dozier is a member of the Grandma Canasta Club of Gruver.

Our Heritage of Faith

"Teach us to number our days." -Ps. 90:12a. This will result in a good relationship with each other and God. This is why we worship with regularity, joy and gladness.

Sunday school is at 9:45 a.m. Worship with holy communion is at 10:45 a.m.

The sermon theme is: Have A Little Talk with the Lord.-Mk. 10:17-30.

A cordial welcome awaits each worshiper at Faith Lutheran.

Bruno Gaskamp, Pastor

'Game of The Year' Thursday...

JV Lynx Prepare For Dalhart

The "Game of The Year" for the Jr. Varsity Lynx will be this Thursday, October 21. This game will be against, really the "unknown Champs"—the Dalhart JV Golden Lobos. The last time these two teams played, it was a tie at 13. If there would have been a half a minute more, the JV Lynx would have won by a touchdown. It was just an excellent game played by both teams. The JV Lobos thought they could plow thru the JV Lynx, but they found out that the JV Lynx are a lot better team than they expected. Both teams will be ready for each other. This will be the "Game of the Year" for the JV Lynx. It is one of the most important games of their season. The game will begin at 6:30, don't miss it. It will be a usual Dalhart-Spearman game. But this time, Spearman will be on

top, even if only by 3 or less points. By the way, the JV Lobos, now know that the JV Lynx have two quarterbacks that can fire the ball with perfect spirals and far. Proof of that is that, the first touchdown for the JV Lynx against the JV Lobos in that first game came when Brian Paul, Sophomore quarterback, thru a perfect spiral to Luis Nava, Junior runningback, who ran the ball in for a 61 yard touchdown. The other quarterback, Pat Tucker, is a Junior. Pat also threw a perfect spiral, but this time to Sophomore runningback, Mack McLain, who ran the ball in for a 60 yard touchdown. The JV Lobos also know that the JV Lynx have a real good place kicker and field goal kicker, Steve Burke. But before the JV Lobos see the Offensive backfield of the JV

Lynx, they will have to go thru the Offensive Line, with Teddy Vela, Larry Hagerman, Joe Gomez, Israel "Kimo" De La Rosa, Kevin Slaten. Of course the last time Dalhart played Spearman, the JV Lobos, averaged 1 yard thru the middle of the JV Lynx Defense. They could not get going. They better not think that the same Defense is going to back up just because they are going to be playing at Wolf Stadium. The way some fans hear it, "Lobo Chili" is just as good as "Wolf Chili", some like it even better!! The JV Lobos will have to watch out for all the JV Lynx, because it one has a way of defeating his opponent. The JV Lynx Members include, Teddy Vela, Steve Burke, Jerry Garcia Israel "Kimo" De La Rosa, Mack McLain, Brian Paul, Pat

Tucker, Gary Blackburn, Paul Lopez—who has been hurt, Luis Nava, Karl Bynum, Damon Herndon, Ernie Bowen—has been hurt, Larry Hagerman, Danny Close, Bob Cook, Joe Gomez, Kevin Slaten, James Davis—has been hurt, Jeff Graves—has been hurt, Johnny Rodgers, Edward Cantu, Brian Davis—has been hurt, Roy Vasquez—has been hurt, Monte Morris, Dean Greene, Michael Lopez, Jeff Vanlandingham, Willie Vera, Timmy Willis, Carl Kizziar, Ross Bulls, Robbie Taylor, Jesse Moore, Charlie Godfrey and Damon Goodheart. All of these guys have something to do on the team, either on Offense, Defense, or even special teams. If there is one game that you plan to watch on Thursday, make sure that it is the JV Lynx and Lobos game at

Dalhart. It is going to be one of the toughest most roughest games to be played, and important to both teams. Don't forget the game is scheduled for this Thursday, October 21, beginning at 6:30. The game will be played at Dalhart. The JV Lynx want "Lobo Chili". This will be the "game of the year" for the JV Lynx!! The JV Lynx coach is John Roller. Coach Roller has been doing an excellent job. Coach Roller knows his team—JV Lynx—has a chance against Dalhart, because the JV Lynx are a lot better team than Dalhart.

The Sacred Heart Catholic Church will have their Annual Mexican Dinner on Sunday, Oct. 24, from 11:30 a.m. to 2:30 p.m. in the Parish Hall (901 S. Roland). Tickets are: Adults—\$4.00, Children, 6 to 12 yrs. old—\$2.50 and Kids under 6 years old—FREE. There will be take-out orders available. Please call after 11:00 to order. Anyone interested in becoming a Secret Grandparent—a very special FHA project—feel free to contact the school at 9-2584 and speak to Claudine Clark or Susan Daniels.

7th Lynx To Host Dalhart

The 7th Lynx have been having a fine year this season. They know how it feels to score and how to win. They want to feel that "winning feeling" again, and especially against Dalhart. One of the most "famous" rivalries in football history is the Spearman-Dalhart rivalry, no matter what grade or what-have-you. The first time that the 7th Lynx and 7th Dalhart Cubs met, Dalhart won 30 to 6. Well, the 7th Lynx didn't give up as they scored a touchdown in that game, a running touchdown by Brett Davis, showing Dalhart that they too could score. Since that game was played at Dalhart, why not turn-the-table-around at Lynx Stadium and reverse the score in favor of the 7th Lynx. The 7th Lynx have talent. They have a good group of guys that know how to play football and score and even win. This game should be a very good game indeed. The Dalhart 7th grade Cubs know that the 7th Lynx can

score, they know that they have good running backs, good quarterback and a pretty good line. They also know that if the 7th graders have improved as much as everyone is saying then they—Dalhart—are in a lot of trouble. The team members of the 7th Lynx include Justin Ooley, Brett Davis, Tony and Jessie Herndon, Chris Lopez, Will Black, Carl Urban, Junior Ochoa, Steve Moore, Larry Dunn, Oscar Anaya, Ray Dunaway, Lester Sullivan, Norman Scroggs, Vernon Tindell, Scott Swan, Kevin Nelson, Tim Wolley, Calvin Garrard, Kirby Taylor, Alan Beeson and Jeff Williamson. Coach Dan Shaver and Coach Ken Rutherford have been doing a great job with the 7th Lynx. They would be more than thrilled with a victory over the Dalhart team. The game begins at 5:00 p.m. Don't miss this game, mainly because you have a chance to see the future Lynx footballers.

8th Lynx 'Looking' For 1st Win

The 8th grade Lynx have not won a game in 1982. They have the man-power to win games, but they have not won any. That is not a put-down for the 8th Lynx. They have great talent. Allen Mires, one of their strong points, is hurt and will not be able to finish the season with his teammates. Allen is one of the 8th Lynx assets that sparks the team when they are down. The 8th Lynx will entertain the 8th Dalhart Cubs at Lynx Stadium beginning at 6:30 p.m. The 8th Lynx know they have 3 more football games to go. They also know that they can defeat 1 of the 3 if not all three. Coach Ken Rutherford has been doing a fine job with the 8th Lynx. And now that Allen won't be back, I'm sure that the 8th Lynx

will play the games for him, dedicating each one to him. Defeating Dalhart is going to be a task, but the 8th Lynx have the talent to do it. They have good runningbacks with good speed, they have big linemen that can hit, they have good receivers, good defensive guys. All that needs to happen is that the Defense and Offense shine thru in one game, and the 8th Lynx will have their first win of the season. The first time that the 8th Lynx and 8th Cubs met was at Dalhart. NOTE FROM SPORTS DESK: It is so tough to defeat Dalhart at Dalhart, but when defeat comes to Dalhart at Dalhart it is sweeter than honey. The score of the first game was 29 to 0. Last week,

the 8th Lynx were shut-out, but they came back in the second half and shut out the Canadian Offense. It was an excellent job. This time the 8th Lynx plan on doing the same thing, but this time to Dalhart in the beginning and ending of the game. This could be perfect for the 8th Lynx and their fans as well as their Coach. Winning is Oh, so Sweet, while Losing is Oh, so Bitter. The 8th Lynx want a taste of the honey, even if it means just to score some points. To prove to Dalhart just how tough the 8th Lynx are, these are the guys that will be playing against them—Allen Mires will probably be watching the game either from the sidelines or the stands, either way he will be rooting for his

teammates to get the Dalhart 8th Cubs—Mike Pearson, Mark Garnett, Kevin Kenney, Dusty Hill, Monte Beck, Ray Saldivar, Wade Burgess, J.W. Hardy, Darwin Hanson, Tommy Flores, Jesse Lozano, Allen Garder, Ricky White, Trevor English, William Volden, Mark Allen, Norman Hill, Daniel De La Rosa and Scott Taylor. If you haven't seen the 8th Lynx in action, go on over to Lynx Stadium and cheer on the 8th graders to victory. The game will be played at Lynx Stadium. Go on out and cheer the 8th Lynx on. They have lots of talent and can probably defeat these Dalhart Cub-bies, if they put their mind to it.

POLITICAL AD

"When a farmer succeeds in producing a crop, he delivers the grain -- representing a year's labor and investment -- to a grain elevator licensed by the State of Texas. State inspectors periodically inspect the elevator premises to assure that all grain delivered to the elevator is accounted for, and is in good condition."

"But, if shortages or spoilage occur and the elevator goes bankrupt, the farmer -- who thought the government license and inspections (as well as the required bond) guaranteed the safety of his grain and the integrity of his title to it -- finds himself just one creditor among many for the proceeds from the bankruptcy referee's sale of his grain. He finds the bond was a joke, because it provides a maximum protection of only 20 cents per bushel -- sometimes uncollectible."

"Bankruptcies of grain elevators are rare in Texas, because the inspections are rigorous and thorough. But, when they occur, the state -- which licensed and inspected the elevator -- should guarantee 100 percent recovery to the farmer for his grain."

"If you send me to Austin as your State Representative, I will work to reform the Warehouse Act to accomplish this."

Isolating health care costs

Health care costs in 1981 rose to \$287 billion, or 15 percent higher than 1980, and now take about \$1 of every \$10 Americans produce. As inflation declines, the sharp rise in hospital and medical costs stands out like a small river island surfacing again after the flood waters subside.

With inflation in health care prices rising currently at double the general inflation rate of approximately 5 percent, perhaps root causes can be isolated and hacked away. The nation's private employers, who pay 27 percent of all health care costs through thousands of employee benefit programs, are trying.

Most recently they have started to take a sharper and more analytical look at these costs, as they do other expenses of doing business, with the objective of restraining their growth through voluntary, local organizations known as "coalitions."

In Washington, D.C., the U.S. Chamber of Commerce has taken the leadership by establishing a network for these business coalitions. As coalitions in different parts of the country achieve savings, their successful experience will be shared with other members of the national group, known as the Clearinghouse on Business Coalitions for Health Action.

According to Jan Ozga, Chamber executive who is director of the Clearinghouse, there are over 75 coalitions, most consisting of business leaders but a number including health and community representatives.

"It's a starting point," Ozga said. "Once organized, they can undertake any number of projects and limitless activities aimed at managing health costs in their areas."

How do coalitions work?

According to Ozga, here are primary areas of interest:

- Data collection and analysis. Some groups are discovering that hospitals in the same community charge vastly different rates for the same procedure. Besides rates, coalitions study "utilization," or use of health resources. A coalition representing Midwest employers, for example, helps member companies set up professional groups to review care given workers. Analysis of patients' claims is another source of useful data.

- Design of health packages. Employer-paid programs cover the overwhelming share of costs that are paid through prepaid insurance programs. Faced with ever-rising increases in insurance premiums, employers are re-examining how benefit programs, or "packages," can be improved. Part of the task is to

determine who is using the health care system, how extensively and how wisely.

Employee wellness. The nurse who handed out aspirin has been replaced by departments devoted to fitness, weight control, antismoking courses and similar programs. The "wellness" programs are given impetus by the health coalitions as a strategy to prevent illness among employees.

Trustee education. With 40 percent of all hospital trusts coming from the ranks of business, the objective is to educate them in hospital affairs so they can apply their management expertise. A leader in this program, the Chamber has published a book, "New Primer for Hospital Trustees," for this purpose.

Business health coalitions represent a new approach to the stubborn rise in health care expense, one of many possible aids. Their work is important because the problem is likely to get worse before it gets better.

DAWDLING OVER BILL PAYMENTS WILL COST UNCLE SAM MONEY

Thanks to the Prompt Payment Act, which became the law of the land Oct. 1, small

businesses often frustrated by slow-pay practices of the U.S. government will get some relief. The Act requires government agencies to pay their bills within 45 days, or face interest penalties of 15.5 percent on overdue accounts.

To prevent interest payments from becoming a taxpayer burden, the law mandates agencies must pay these charges from operating budgets and prohibits agencies from seeking additional money from Congress to pay interest charges.

"The law is a long overdue reform needed particularly by small businesses which supply the government with about 90 percent of its conventional purchases but often are refused interest on overdue accounts by the government," says Christine Russell, a small business legislative analyst for the U.S. Chamber of Commerce, which fought for the bill along with a Washington coalition representing government suppliers.

The government is a chronic, slow payer due to bureaucratic delays, according to the General Accounting Office (GAO), which found 40 percent of its bills were routinely paid late.

Agencies also must report yearly penalty interest payments to the Office of Management and Budget (OMB), and OMB must report to Congress

progress on reducing interest payments. The interest penalty rate will be adjusted periodically by the Treasury.

Learning Disabilities Meeting Set

The October meeting of the North Plains Association for Children and Adults with Learning Disabilities will be held on Thursday, October 21, from 7:30 to 9:00 p.m., at the Fellowship Hall of St. Luke's Presbyterian Church. That address is 5701 Brinkman in Amarillo.

Pat Karnes, an "Outstanding Educator in America" who has done extensive work with learning disabled children, will be the guest speaker. The meeting is open to the public and will be of special interest to those concerned with the social challenges encountered by the young person with learning disabilities.

To encourage folks from towns all over the Panhandle to attend and take advantage of the support available from the North Plains group, local members stress that the meetings begin and end promptly, with

refreshments and "visiting" after the programs.

Mrs. Karnes is a Special Education Counselor with the Amarillo Independent School District. She earned her elementary education degree and a master's in counseling from West Texas State University, as well as a Certificate in Special Education Counseling. She has taught "parenting" courses in churches and has been a district officer in PTA. Her eyes light up when she tells that she's also taught the first grade in Plainview and in Amarillo, and the Diagnostic Intervention Class.

She is an enthusiastic, knowledgeable person who believes in "using skills to make things happen." The social isolation and peer rejection that learning disabled children experience can be dealt with better if they have the "know-how" to choose more appropriate behaviour.

North Plains, Box 1601, Amarillo, 79105, ACLD holds general meetings with informative programs once a month and is a non-profit, parent-professional organization whose chief purpose is promoting awareness to help intellectually capable but underachieving

children and youth.

Through membership in the Texas ACLD, the Panhandle area group has a wide area of contact with--and support from--other groups in Texas. A quote from a recent El Paso ACLD newsletter: "Regardless of whether they are receiving Special Education, we know that there are thousands of LD children who will fare better if their parents will become active...in their educational planning--and there is no better way to acquire the necessary knowledge about LD than through ACLD participation."

Members receive local, state and national newsletters, support research and legislation, and promote public awareness to help all young people with learning disabilities. Membership Chairman Charlyn Carder urges all those interested to "come and join our friendly group."

The meeting after October will be held on November 18 and will focus on how vision relates to learning. Dr. Hugh Stickel, Amarillo optometrist noted for his work in this field, will present the informative program. Please reserve this date on your calendar.

New edition of Social Security Handbook available

Lawyers, accountants, and others who advise people on their Social Security rights and responsibilities should add the new edition of the Social Security Handbook to their reference library, according to Jim Talbot, manager of the Amarillo Social Security Office.

Intended for professional people and others who need detailed information, the handbook explains regulations and rulings relating to retirement, survivors, disability, and health insurance, black lung benefits, and the supplemental security income program.

The seventh edition of the handbook contains the major provisions of the Social Security Act, as amended through December 31, 1981. Copies may be purchased directly from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, at \$7.50 per copy. Order by stock number 017-070-00366-4.

Being in FIRST PLACE means Convenience

- 1 Mini Bank** Like a bank within a bank. Choose the convenience of our Motor Bank, 24 hour depository, or indoor walk-up teller windows. You may open new accounts or transact other banking business quickly and easily.
- 2 Motor Bank** Six lanes of fast, easy banking. Easy in, easy out access, and you never have to leave the comfort of your car. Open Monday through Thursday from 9 a.m. to 3 p.m., Friday until 6 p.m.
- 3 Extended Hours Of Motor Bank** Open 33 hours a week for your convenience. Open Fridays until 6 p.m. to help you handle those last minute banking details before the weekend. Plus our after hours depository gives you 24 hour access, seven days a week.
- 4 Automatic Savings & Automatic Payments** Make payments or deposits to your savings without ever lifting a finger. We do it for you -- automatically. You may authorize us to transfer money from checking or savings regularly to pay loans or to build a savings nestegg.
- 5 Location** We're located in the heart of downtown Perryton, convenient to the entire northeast Texas Panhandle. You can get to us easily and quickly from just about anywhere.
- 6 Convenience Of A Full-Service Bank** We offer added convenience by allowing you complete "one stop" banking. From checking to savings. Loans for business, personal or real estate use, trust services to NOW accounts, we can do it all for you.

Embargoes part of grain over supply

LUBBOCK—A boulder tossed in a pond is going to have some effect on a rowboat.

Similarly, this year's overproduction of grain is going to send ripples throughout the agriculture industry during the next two years.

Agricultural Economists Billy G. Freeman and Rex P. Kennedy say the consumer is the only one who will benefit from the farmer's price problems.

"I suppose the consumer will benefit on a short term basis because he is getting cheap food," Kennedy said. "But agriculture cannot continue to produce at devastatingly low prices."

The Texas Tech University agricultural economists see embargoes as a major stumbling block affecting the farmer today.

"For the last 10 years farm-

ers have basically operated under a free-market system. There haven't been any acreage allotments," Freeman said.

The free market system has encouraged farmers to grow as much as possible, Freeman said. The result—a commodity oversupply and relatively weak markets.

Soft economies worldwide make U.S. grain too expensive for foreign countries, he said. Embargoes create an atmosphere of doubt as to whether the U.S. is a dependable supplier when political differences between the countries are involved.

"The free market system opened up the farmers' production potential and caused an oversupply of commodities. Embargoes shut down foreign markets, causing prices for farmers' goods at home to drop

below production costs," Kennedy said.

Freeman is not going to argue over whether embargoes should or should not be used as a political bargaining tool. But, he feels, it is pretty evident they do not always achieve the stated objective and the farmer is left holding the bag.

"I think there are all kinds of evidence to support the fact that embargoes have not been effective," Freeman said. "The American farmer suffered more than the people of Russia, Afghanistan or Poland when trade restrictions were imposed by the U.S."

If the farmer is to survive he is going to have to get a price for his products which included a fair return on labor, management and investments in land and equipment, Freeman said.

"Many farmers were in there this year with the idea that, if they got real lucky, if they produced a good crop and got good prices, they might be able to make up some of the losses they've been incurring since 1979," Freeman said.

WT's JV Loses to Texas Tech

West Texas State's junior varsity football team battled the Texas Tech junior varsity but came up short handed as the Red Raiders beat the Buffaloes 37-28.

It was the 16th Annual Khiva Shrine Bowl Football Game held at Jones Stadium in Lubbock on Thursday night Oct. 14.

West Texas got on the board first with a blocked punt by Luther Thompson and he managed to pick up the ball and return it 12 yards for the TD.

Texas Tech scored three touch downs in the second quarter behind the arm of Layne Walker. Walker threw TD's to Roderick Smith (13 yds), Leroy McCarley (13 yds), and Kenneth Storey (34 yds), the extra points were good, to give Tech a 21-7 halftime lead.

Walker started the third quarter by connecting with Smith once again for a 4-yard touchdown but the kick failed.

WT managed to get on the board a second time when Tom Cortez threw a 14 yard pass to Randy Dean and Ted Kopinski made the extra point and the score was 27-14 in favor of Tech.

Tech scored twice in the fourth quarter with a 22 yard field goal by Robert Grimes and a 12 yard run by Leroy Smith with Grimes kicking the extra point and giving Tech a 37-14 lead with 4:36 left in the game.

The Buffaloes did not give up and scored two more TD's in the fourth to close the gap but come up short in the end.

Tod Mayfield passed to Keith Gill for a 19-yard TD but the extra point failed. Mayfield hit Terry Ray with an eight yard strike and Mayfield and Ray connected on the extra point to make the final score 37-28 in favor of the Red Raiders.

West Texas State's junior varsity will host the Oklahoma Sooners junior varsity this Sunday, Oct. 24. Kickoff time is set for 2:00 p.m. at Kimbrough Stadium.

Boy's Flag Football Concludes Saturday

Mother Nature has cooperated this fall season by providing excellent football weather each Saturday morning as the 1st-3rd grade boys and the 5th-6th grade boys compete head-to-head in flag football on the field east of the YMCA.

Any program offered by an agency, like the YMCA, is only as good as the many volunteers who help, in coaching, refereeing, work the sidelines and cheer the youngsters on. This flag football season has been no exception. The competition has been excellent, with many great games being played. The rewards are to see the boys progress and learn about the fundamentals of the game and begin executing fine football plays.

This year each team has had from one to three coaches taking time to practice, teach and motivate the boys. Coaches for the younger boys' teams include: George Rex, Hiram Reyes, Larry Trosper, Loyall Turner, Bobby Archer, Curtis

Davis and Marlene Davis. The coaches for the older boys include: Joe Garcia, Ed Whitefield and Fred Mayfield and on some Saturdays, when help has been needed some of the older football players from the Lynx squad have given a helping hand, like Bob Cook, Byron Sutterfield and others. The boys on the teams and the YMCA say Thank You.

The line ups for Saturday, October 23 are the Little Lynx (6-1) vs Raiders (4-2) at 9:00 and the Blues (4-0-1) vs Reds (1-3-1) at 10:00 and Green Machine (0-6) vs Raiders at 11:00.

Anyone interested in becoming a Secret Grandparent—a very special FHA project—feel free to contact the school at 9-2584 and speak to Claudine Clark or Susan Daniels.

Farmers promote grain sorghum sales thru checkoff program

West Texas grain sorghum farmers will host a feed grain and livestock team from the German Democratic Republic (East Germany) October 27-31. The team will be in the High Plains area to study the potential of grain sorghum in their livestock feed. They are here at the invitation of Texas Grain Sorghum Producers Board.

East German livestock producers are not currently buying U.S. grain sorghum, according to TGSPB Executive Director Elbert Harp. "They will not buy sorghum, regardless of prices, until the men on this team are convinced that grain sorghum is a good livestock feed," Harp stated.

Bringing this team to West Texas is a part of TGSPB's continuing effort to increase the sales of grain sorghum. Over 100 foreign livestock and feed grain officials visit the Texas sorghum producing area each year as guests of TGSPB. Export promotion of U.S. feed grains continues to be the best potential sales outlet for U.S. grain. Exports of grain sorghum and corn have increased 135% since 1965, while domestic consumption increased by only 28%. Production has increased by 90% in that same time, causing surplus stocks to build.

Grain sorghum farmers in the Texas High Plains, Kansas and Nebraska join together in their market promotion work by paying an assessment on grain sorghum production. The assessment is collected at elevators where the grain is sold or stored, or (effective October 13, 1982) by ASCS when grain is placed in the Government Loan or Reserve Program.

In the Texas High Plains, sorghum farmers voted to establish the checkoff program of 5 cents per ton in 1969. The referendum to adopt the assessment was passed by a vote of 68%. Farmers in the Texas High Plains still have the option of not participating. They may file an assessment exemption with their elevator on the grain they sell, or directly to Texas Grain Sorghum Producers Board on sorghum placed in CCC loan or reserve programs.

"An aggressive sales program is essential if we are to bring grain prices back to a profitable level," Harp said. "We ended this year (on Oct. 1, 1982) with more than three and one-half months carryover." Historically, feed grain prices reach profitable levels only when carryover stocks are reduced to a one-month supply. "We must push export sales and at the same time, conduct an effective crop reduction program, if we are to balance supply and demand," Harp said. "Both require the full support of farmers."

SS Questions & Answers

The following are questions and answers by the Department of Health and Human Services.

QUESTION: I'm thinking about having my Social Security payment deposited directly into my checking account. If I do, will the bank notify me when my benefit is deposited? Or, will I have to wait until I get my monthly bank statement to find out if the bank got my benefit?

ANSWER: Financial institutions are required by law to notify direct depositors that their Social Security payments either have been received and deposited or have not been received. Written or oral notice must be given within two business days after the payment is received or after the payment was scheduled to be received but was not. The law also requires financial institutions to provide a readily available telephone line direct depositors can call to find out if their benefits were deposited.

QUESTION: When I became eligible for Medicare, I decided not to take the medical insurance part. Now, I've changed my

mind. Isn't there a special time of year when people can enroll in medical insurance?

ANSWER: Yes. People who turn down Medicare medical insurance during their initial enrollment period and then decide they want

Anyone interested in becoming a Secret Grandparent—a very special FHA project—feel free to contact the school at 9-2584 and speak to Claudine Clark or Susan Daniels.

it later can sign up during a general enrollment period—January 1 through March 31 of each year. If you enroll during a general enrollment period, your protection won't start until the following July and your premium will be 10 percent higher for each 12-month period you could have been enrolled but weren't.

SUNDAY

NOTICE

There is a possibility that needlepoint classes will begin in November. For information, call Joy Henderson at 733-2517.

The Sacred Heart Catholic Church will have their Annual Mexican Dinner on Sunday, Oct. 24, from 11:30 a.m. to 2:30 p.m. in the Parish Hall (901 S. Roland).

Tickets are: Adults-\$4.00, Children, 6 to 12 yrs. old-\$2.50 and Kids under 6 years old-FREE. There will be take-out orders available. Please call after 11:00 to order.

Anyone interested in becoming a Secret Grandparent-a very special FHA project-feel free to contact the school at 9-2584 and speak to Claudine Clark or Susan Daniels.

The best way to tackle a hard job is to begin on an easy section of it, and then go to it.

The inability of people to understand issues may be the result of the inability of leaders to explain.

AMERICAN CANCER SOCIETY HANSFORD UNIT TO MEET

The American Cancer Society Hansford Unit will meet at B & B Farm Industries at noon Thursday, Oct. 28 for their regular meeting.

President Patsy Hunt will give a report on the Texas Division ACS meeting she recently attended at Houston.

An outline for the coming year will be discussed.

The value of Bible-reading is so self-evident that we often overlook the importance of mentioning the fact.

When you get behind with your work, it becomes difficult to imagine how you will get back on schedule.
