WHAT A VICTORY—WHAT A VICTORY.

In case you do not by any chance know what I am talking about, it's the DEMOCRATS.

Commentators all over the nation will be commenting on this great victory for weeks to come. There will be many comparisons—and perhaps even Punk and Mr. Wagtail will make some sort of an explanation or alibi—but our comment is this—we have never yet been interested in a political campaign where the victory was so great that some individual wouldn't assume credit for knowing just how the vote would go. It's that away now. You cannot find a Democrat that will admit he ever dreamed of such a smashing victory—and you can't even find a Republican—much less get a comment out of the creatures.

John Collard Sr. comes the nearest to qualifying. Mr. Collard and Mr. S. B. Hale talked over the matter just before the election and Collard made a guess of 404 electoral votes—S. B. gave him the proverbial horse laugh, and stated he would be satisfied if Roosevelt carried 3 more than the majority of the electoral votes.

Bob Morton is another man that showed plenty of confidence. It is alleged that Bob was around town trying to bet new 1937 Ford cars against 1929 Chevies, that the new deal president would win. For Bob to make such wagers—that would be sompin even if he was betting against 1948 Chevies.

Postmaster Marvin Chambers made about the most appropriate comment this writer has heard. He stated that the election was one of the greatest compliments to the intelligence and principals of American people that could be found. He explained that the people simply would not go back on a man that had tried to do the right thing.

One comment made over the radio by Mr. Funk of the firm who publish the Literary Digest was to the effect that it would take reams and reams of paper, grosses of pencils and many many days to figure out why the Digest straw vote was so far wrong. Well Mr. Funk, our guess is that your organization sent too many ballots to Republicans, and not enough to Democrats. And with more than thirty million Democ- rats to pick from—looks like the boys down to the Literary diges- tion erred plenty. In our own city a check reveals that one out of 6 Democrats received the Literary Digest ballot as in comparison with former elections. That's a pretty bad miss—and our advice to you boys is to take out of the straw vote business in the future. The writer has already heard a great deal of comments that indicate many people believe the great non-partisan paper delib- erately conducted the straw vote so as to encourage Republican votes. Of course the publishing company knew that some such sentiment would prevail which ever way the election went—but it is unfortu- nate for their prestige, that the election returns created such an emphatic denial of the informa- tion of the straw vote.

Sheriff Hicks Wilbanks and Al Judge Barkley were two of the Democrats that stayed up nearly all night Tuesday to get the final morsels of Democratic victory. Judge suggested that they might as well go home when Candidate Landon telegraphed his congratula- tions—but Hicks insisted that there was a chance for Vermont and Main to go Democratic, and the two boys stayed up until late in the morning waiting for a com- plete sweep.

Somebody is unintentionally or intentionally distributing a bit of sour propropander.

It's about the coming football game Wednesday Armistice Day with the Perryton Rangers.

The talk is that the boys (Lynx players) have lost interest, and that the Rangers are building up to a set-up win.

Football fans, Don't for one minute think that the Spearman Lynx won't get out on the field and FIGHT for a win from Per- rington.

(See No. 1 Back Page)

ARMISTICE DAY PROGRAM PLANS ARE COMPLETE

With the expectation of a guest speaker, plans for the Hansford county American Legion program to be held at the Spearman High school auditorium, beginning at 10:30 a. m. Wednes- day, have been completed, accord- ing to P. A. Lyon, chairman of the program committee. A guest speaker to deliver the main ad- dress of the program will be se- lected today (Thursday) Mr. Lyon stated.

The program will include a welcome address, welcoming the visiting Legion members from Perryton, two numbers by the Spearman school band, two mus- ical selections, the main address and observation of one minutes silent prayer at 11: a. m.

Following the program pot- luck dinner will be served to leg- ionnaires and those who desire to bring their dinners and visit with Legion members and their friends.

Some two hundred people from Perryton are scheduled to come over and take part in the Armis- tice celebration. A Perryton Leg- ionaire will respond to the wel- come address.

GET YOUR BALLOT NOW FOR FOLLETT & PERRYTON GAMES

Ben C. Beck and Elmon Jacobs took off the first and second honors respectively, in the "Figh 'Em Lynx" Contest in the last week game with the Dumas Demons. Beck received the \$12 award because he guessed 6-0 on the score and 273 yards for the yardage gained. The Lynx team gained 270 yards. Elmon Jacobs became second prize winner by predicting the score of 6-0 win for the Lynx and 213 yards gained.

Of the more than 100 ballots entered in the contest only two selected a score as low as 6-0 in favor of the Lynx team. The game was a tie, and this gave the two their wins. Most of the scores were above 12 to 0 in favor of the Lynx, with 18-0 being a favorite.

This week the prize offered is reduced since there is not sufficient funds to offer the larger prize list. The first prize will be an award of \$5.00 to the individ- ual who is selected by the judges as the winner, the second prize will be \$2.50.

Those interested are urged to ask for ballots from any of the 19 business men conducting the contest, and fill out your guess on the game between the Lynx and Follett team to be staged this Friday afternoon. Ballots will be received at the Spearman Reporter office until 2 p. m. Friday of this week. Place your ballot now on the Follett game, and if you desire, place your bal- lot on the Perryton game since the staged November 11th, since the contest will end with the Nov. 11th game.

Bill Deck Will Attend State Farm Meeting At Waco, November 5th

Bill Deck, representing this district of the Panhandle, has been called to Waco for a state- wide meeting of farmers, who will plan recommendations to offer the Federal Government in their future farm program. The meeting is to be held Nov. 5.

The state meeting at Waco is the result of a similar meeting recently held by representatives of the farm protective organiza- tion leaders, in which they recom- mended that a Board of Ad- ministration composed of farmers be empowered with the policies of administering the future farm program of this state. The pro- posal has been adopted by the state legislature, and we are in- formed that a board composed of seven farmers will administer the future farm program in this state. The November fifth meet- ing is for the purpose of clarify- ing the various steps in adminis- tering future farm programs.

SPEARMAN LYNX TO PLAY FOLLETT HERE FRIDAY NOV. 6TH.

Lynx players will play their first conference game at home, when they meet the Follett team on the local grid iron Friday afternoon beginning at 3 p. m.

Sweeping Democratic Victory Registered In Tuesday's Vote

According to comments of radio commentators as late as 10 a. m. Today the Democratic victory regis- tered November 3 is the most emphatic victory re- corded in this nation since 1820.

Every tabulation of the nation- al vote increases the popular vote of the New Deal president. The latest quoted tabulation before we go to press gives President a total above twenty nine mil- lion with Candidate Landon a scant sixteen million votes. The in- dication is that with the per- centage of gain being registered by our president, he will end the race with at least a two to one popular vote.

In the electoral college the tab- ulations are more outstanding. It has definitely been concluded that the Republican party will receive only the electoral votes of the states of Vermont and Main.

In Hansford county the vote indicated a most emphatic Demo- cratic election. A total of 857 Democratic ballots were cast, 71 Republican, 6 Socialist 16 Union and 1 Prohibition ballot was cast. By precinct the vote was as follows:

- Precinct 1 Total votes—535. Democrats 486, Republicans 30, Socialist 2, Union 16, Prohibition 1.
- Precinct 2 Kimball—48 votes. Democrats 43, Republican 3, Socialist 2.
- Precinct 3 Pest house Gruver 46 Democrats 44, Republican 2.
- Precinct 4 Gruver votes—164. Democrats 148, Republicans 15, Socialist 1.
- Precinct 5 Hitchland votes—21. Democrats 19, Republicans 1, Socialist 1.
- Precinct 6 New Hope votes—11. Democrats 11.
- Precinct 7 Oslo votes—30. Democrats 16, Republicans 14.
- Precinct 8 McBride votes—25. Democrats 22, Republicans 3.
- Precinct 9 Morse votes—74. Democrats 68, Republicans 6.

TURKEY SHOOT TO BE STAGED HERE SUN.

A pre-Thanksgiving shoot will be staged at the Spearman Gun Club trap Sunday afternoon of this week beginning at 2:30 p. m. The prizes will be turkeys and present plans for ten targets for each individual in each match.

OLD HONEST TACK HAS NOTHING ON YOUNG HONEST BILL

The Honest, but tackless Texan has been trying to high hat the newspaper frat- ernity since he returned from Canada, all because he knows a man that knows King George of England, O.K. Mr. Howe, but right here in Hansford county I'm on good friendly terms with two men who know King George. One is C. D. Riggs who used to live in Canada, and was a real good friend of George Lane, who was the boss of the then Prince of Wales ranch located at Calgary, Canada. Naturally he knows the prince and has hob nob- bed with ole King George during his sheep herding days in Canada. The other Spearman man who all but swapped cigarets with King George is Floyd Mitts, repair man at the Spearman Hard- ware Co. Floyd sold combi- nes, either to King George or a lot of his farmer friends.

Waka PTA To Present Three Act Play Friday

"Aunt Samantha Rules the Roost" is a three act comedy, funny from the start to finish. Don't miss it, Miss Ruth Hitch- cock is directing the cast of play- ers as follows.
Aunt Samantha Simpkins, an old maid, Mrs. J. R. Stump.
Serena Simpkins, her older niece, Mrs. W. Skelton.
Sophie Simpkins, her younger niece, Nadine Barber.
Polly Paine, maid at the Simp- kins, Mrs. N. G. Powell.
Annie Ambrose, the village dress maker, Mrs. W. Elledge.
Blair Bowers, a woman of few words, Mrs. R. Burger.
Lucien Littlefield, a farmer N. G. Powell.
Blair Boswell, who likes Serena, Walter Elledge.
Frank Fairfield, who likes Sophie G. A. Burger.
Lawrence Lovewell, a stranger, H. N. Elledge.
Buddy Baskins, the grocery boy, Jessie Brazeal.
The admission is 25c for adults and 10c for children. The play starts at 8 p. m. at the Waka school auditorium November 6th.

Grand Jury Dismissed Wednesday Afternoon

District Judge E. J. Pickens, released the Hansford county Grand Jury early this week after they returned two indictments, one on aggravated assault and the other a misdemeanor theft.
L. H. Gruver, foreman of the Grand Jury said "We have care- fully considered the matters which have come to our attention and have taken such action there- on as we deemed proper after having been advised as to the law and after hearing the facts pre- sented."

WELLS WILL CONDUCT SECOND RADIO TOUR THROUGH OLD MEXICO

Wherever you go in Mexico, the scenery will astonish you. That, in short, is Carveth Wel- ls' slant on things in Mexico. But on Sunday, November 8, he will go more into detail as he tells his radio audience what to see and do in a land where trop- ical valleys nestle between snow capped peaks. The second Conoco broadcast devoted to Mexico in the current Exploring America with Conoco and Carveth Wells. With the capital of Mexico as a starting point, the popular ex- plorer will conduct his radio tour to Chapultepec Castle and Park, Pyramids of the Sun, Caverns of Cacahuamilpa, and the towns of Xochimilco, Acapulco, Taxco and Cuernavaca. At Xochimilco, he says, one may hire a gondola and drift through a labyrinth of can- als lined with floating gardens. And a mecca for artists is the ancient town of Taxca, where modernization of any kind is pro- hibited by law.
Local listeners who wish to tune in on Carveth Wells Sunday, November 8, may do so by dial- ing station KGNC Amarillo at 1-30 p. m.

In a few weeks conversation find something be- lievable to discuss.

ANNUAL FOOTBALL BATTLE WILL BRING CROWDS

All roads lead to Spearman Armistice Day November 11th when the entire citizenship our ancient grid enemy, Perryton headed by their splendid pep squad, band and heralded dis- trict champion Ranger football team, come over for the annual championship football game to be staged at Spearman begin- ning at 3 p. m. Wednesday Nov. 11.

In addition to the large at- tendance that will support the Per- rington football team; the Ameri- can Legion of Ochiltree county will enjoy an all day program with the American Legion of Hansford county.

With the exception of 1933 an- the game last year, the local team has been more or less success- ful in winning from Perryton, since the school has been organized well enough to support a football team.

When Spearman first started playing football, the team was so far behind Perryton in the know- ledge and practice of the game that four games were lost during the first four years of play. In 1930 Spearman started the win- ning streak and annexed three victories before the Lynx were stopped, and the next game a tie. Then came the loss of Spearman to Perryton in a game with a score of 19 to 0. Spear- man again lost last year in the con- ference contest and the score in favor of Perryton was 19 to 0.

In the entire games played by the two teams Perryton has the advantage of one game. Thirteen games have been played. Perry- ton has won 6 and tied one. Spear- man has won five and tied one. This leaves it obligatory for the Lynx to win in the contest of November 11 if the record is to be kept balanced.

The record of the games found in the files of the Spear- man Reporter are as follows:
1927 Spearman 6 Perryton 1
1928 Spearman 0 Perryton 4
1929 Spearman 0 Perryton 4
1930 Spearman 19 Perryton 6
1931 Spearman 6 Perryton 6
1932 Spearman 6 Perryton 6
1933 Spearman 0 Perryton 6
1934 Spearman 28 Perryton 6
1934 Spearman 6 Perryton 6
1935 Spearman 0 Perryton 6

Despite the fact that Per- rington seems to have the edge in the forthcoming Armistice day game, Coach Stowe and his players are working on the theory that the team may be down, but never out. The players have two conference bouts to face, the game with Follett this Friday afternoon at the game with Perryton. Coach Stowe and Poole are pre- pared to match the heavy line of the Perryton Rangers with the heavy line of his back-field men.

Spearman will have their squad and band decorated with their new uniforms in the con- ference games. The fans have been practicing for sev- eral days in new yell and song and the two contests promise to be the most colorful of the year. We are informed by Van W. Stewart of the Ochiltree county Herald (newspaper) that sev- eral business men of the county have closed their doors for the day that nearly 1000 fans are ex- pected over for the game.

BAPTIST CHURCH

The final service for the meet- ing will be held Friday night of this week. You are welcome to attend.

Through the co-operation of the deacons, the finance commi- tee Bro. Mitchell and the pasto- r of the largest budgets this church has ever had, has been made.

The Baptists are to thank every citizen for their help, helped us in our best educational an- nuals this church.

Old timers, stay always welcome to us.

ATTEND BAPTIST MEETING AT PERRYTON

Rev. Mitchell, Rev. at A. F. Loftin, Mrs. Dent, Lester Howell, Mrs. Jess Ed- wards, Mrs. Hitt, and Mr. and Mrs. Ca- Hutchison attended the Cana- dian Baptist Association held in Perryton Thursday.

This is a good time to begin to avoid the cool weather scourge, the common cold.

International Sunday School Lesson

By DR. J. E. NUNN

General Theme:—The Christian Welfare.

Scripture Lesson:—Acts 19:8-12, 18-20; Eph. 6:13-20.

Acts 19:—
8. And he went into the synagogue, and spake boldly for the space of three months, disputing and persuading the things concerning the kingdom of God.

9. But when divers were hardened, and believed not, but spake of that way before the multitude, he departed from them, and separated the disciples, disputing daily in the school of one Tyrannus.

10. And this continued by the space of two years; so that all which dwelt in Asia heard the word of the Lord Jesus, both Jews and Greeks.

11. And God wrought special miracles by the hands of Paul, so that from his body were brought unto the sick handkerchiefs or aprons, and the diseases departed from them, and the evil spirits went out of them.

12. And many that believed came, and confessed, and shewed their deeds.

13. Many of them also which used curious arts brought their books together, and burned them before all men; and they counted the price of them and found it was five thousand pieces of silver.

14. So mightily grew the word of God and prevailed.

15. Wherefore take unto you the whole armor of God, that ye may be able to withstand in the evil day, and having done all to stand.

16. Stand therefore, having your loins girt about with truth and having on the breastplate of righteousness.

17. And your feet shod with the preparation of the gospel of peace;

18. Above all, taking the shield of faith wherewith ye shall be able to quench all the fiery darts of the wicked.

19. And take the helmet of salvation, and the sword of the spirit, which is the word of God:

20. Praying always with all prayer, and watching thereunto with all perseverance and supplication for all saints.

And for me, that utterance be given unto me, that I may open my mouth boldly, to make known the mystery of the gospel.

20. For which I am an ambassador in bonds, that therein I may speak boldly, as I ought to speak.

Golden Text:—E. Strong in the Lord, and in the power of his might.—Eph. 6:10.

The City Of Ephesus—Acts 19:1.

Ephesus was a city of the Roman province of Asia, near the mouth of Cayster River, three miles from the western coast of Asia Minor. Ephesus not only had a famous harbor, but was connected with the chief cities of the province by a vase network of highways, and was, consequently the most easily accessible city in Asia.

Its world famous temple erected to Diana, excavated some years ago by Mr. Woods, measured 418 by 239 feet. And the platform had a peristyle of one hundred columns each 56 feet high.

Paul had visited the city on his second missionary journey, and now returns to it on his third missionary journey, for the longest residence in any one city that he made in all his many years of travel, approximately three years.

Paul Preaches In Ephesus. Acts—19:8-10.

Luke tells us that Paul began an active campaign of preaching in the synagogue of Ephesus. From the first there was opposition and debate. Plenty of objections were found. For three months he continued his courageous work of persuading men to accept the principles of the Kingdom. As might have been expected the hearts finally became hard or rough, and the inevitable storm broke. Paul quietly gathered his congregation about him and moved over to the school of Tyrannus. For about two years he continued to preach in this building, and Luke tells us that all they which dwelt in Asia heard the word of the Lord Jesus, both Jews and Greeks.

Special Miracles

In the days of stress and strain Paul began doing some extraordinary miracles. God was granting to him power to bring about marvelous works among the people.

We do not know in detail just how he did them but we may rest assured that it was a special gift from God for the particular emergency. Some came to him bringing their handkerchiefs and aprons that the power of Paul might be taken back to the afflicted ones.

Demetrius, A Silversmith—Acts 19:23-41.

Demetrius, a keen business man, a powerful speaker, an ardent worshiper of Diana, and a bold adventurer, dared face the triumphal march of Christianity. He saw that Paul's preaching would soon spell ruin for his business. His speech was a masterpiece. Skillfully he appealed to prejudice, religious fervor, selfishness and patriotic zeal. The result was a riot which threw the clamor, the orgiastic exercises, were only a small part of the riot that followed. It was a wild scene when the howlers had practically exhausted themselves the most influential citizen of the city took the stand to put a stop to the insane behavior. With telling effect he showed them how foolish and senseless they had been. Demetrius and his followers had been fools. The courts were open and the judges were ready to settle such matters. I would be much better to come to the proper place where mob psychology would not play such a part in determining the fate of innocent prisoners. It was a great speech and a timely deed. The mob was dispersed and the prisoners were released.

The Whole Armor Of God V. 13

"Wherefore take up the whole armor of God, that ye may be able to withstand in the evil day, the article that identifies the period of which the apostle is speaking as a critical day, a time of peculiar peril and trial. And, having done all, to stand. The admonition here is for the use of his enemies. At Waterloo, when one of the British regiments was terrifically hard-pressed, suffering seriously under the enemies fire, Wellington rode up and called out; Stand firm, ninety fifth We must not be beaten. What would they say in England?"

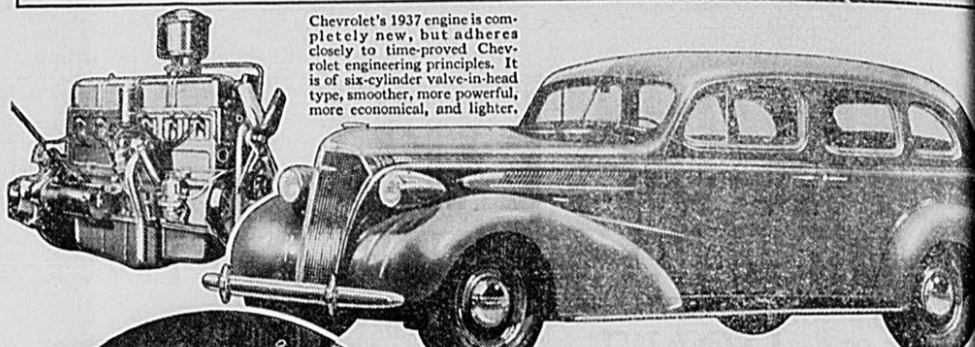

The Shield Of Faith

Withal taking up the shield of faith, wherewith ye shall be able to quench all the fiery darts of the evil one. Faith is that by which we lay hold of God as our Savior. The kindling and inflaming power of suggestion from without, whether to repining against God, or to anger or to evil desire, or despair is best met by trust in God.

The Sword Of The Spirit.

And the sword of the Spirit, which is the word of God. This is the only offensive weapon in the entire list. In opposition to all error, to all false principles of morales, to all the sophistry of vice, to all the suggestions of the devil, the sole, simple and sufficient answer is the word of God.

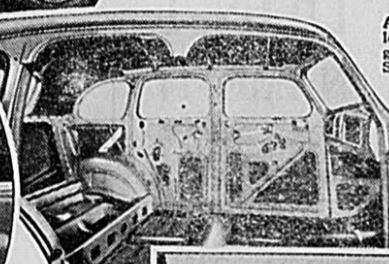

Performance, Beauty and Safety Mark Chevrolet's Completely New Cars

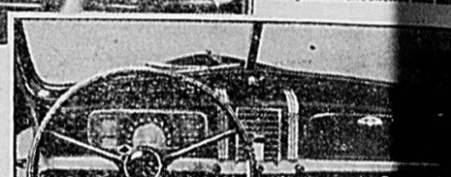

Chevrolet's 1937 engine is completely new, but adheres closely to time-proved Chevrolet engineering principles. It is of six-cylinder valve-in-head type, smoother, more powerful, more economical, and lighter.

Beauty and utility mark the new Chevrolet instrument panel. The windshield is of greater area; with narrow corner posts, affording better vision.

A representative model from Chevrolet's new line, typifying its beauty and grace—the Master De Luxe Sedan with trunk. Note the distinctive "speed line" extending from the side of the hood.

Unsteel construction joins floor, cowl assembly, panels, Turret Top of Chevrolet's silent, all-steel body, to form an integral structure, welded in joints, and reinforced and braced for permanent silence and safety.

Luggage capacity in Chevrolet's new trunk models has been greatly increased, as has interior luggage space in other models.

New power, economy, durability, safety and comfort, coupled with striking new beauty, characterize Chevrolet's new models for 1937. They are offered in two series, Master and Master De Luxe, virtually identical in appearance.

Chevrolet's fully-enclosed Knee-Action is furnished at no extra cost on the Master De Luxe models; and new Synchromatic transmission, and safety plate glass all around at no extra cost feature all models of both series.

"Morning Drag" is unknown in this heatless garage. The car inside has its engine Oil-Plated for Winter. The owner outside is still six strides away from the starter button. But already his Oil-Plated engine is oiled to the top by its slippery Oil-Plating.

No waiting!

The Oil-Plating was left on last night, all over each part, from bottom bearings to topmost piston. This complete oiling IN ADVANCE that kills starting risk, comes only from the Germ Process—patented.

Quit believing that a process means nothing but refining or over-refining to make an oil winter-THIN. Although perfectly free-flowing, Conoco Germ Processed oil is not needlessly thin—and weak. For in addition to just enough of the most approved modern refining this oil is alloyed! Or speaking still more scientifically, a patented "hyper-oily essence" is added. ENDING THE BLACK LEGION

Investigation, caused by the discovery of a body lying in a ditch near the suburb of Dearborn Michigan and the nation with revelations of the Black Legion, a secret order of night riders in the name of God and the devil to exterminate the anarchist, communist the Roman hierarchy and their abettors.

was amazing in its ramifications and the nation resounded as the trail of the order lines and threatened to involve prominent Americans read with amazement about the growth of the organization and there were tales of its size.

the trial of twelve members was concluded. One man, who confessed that he fired the shot testified at the trial. The jury convicted 7 degree murder, two of second degree murder, acquitted and two others were tried and convicted by a jury.

Conclusion of the trial it seems, marks the end of the Black Legion and reflects credit upon the people of the United States. Let us hope that no similar organization will gain power or prominence in the United States in the future.

RATS COST \$200,000,000 A YEAR

average housekeeper of this country may be dismissed the presence of a few mice in the average home, and the farmer may look upon the rats as an evil not to be banished but when you consider the enormous loss inflicted upon the people of the United States by these rodents it would seem that every effort should be made to drive these pests away. Estimated by the U. S. Biological Survey that the annual loss of \$200,000,000 each year in damages done by rats in the homes and also ravage the barns on the farms. The authorities who have studied the problem have suggested temporary measures of extermination include the use of traps, poisons, and dead-end traps. These devices merely eliminate the animals at the time and do not prevent others from re-invasions.

to such community rat breeding places as dumps and city abattoirs will keep down the rat population, says scientist. Changes in the construction of buildings can be effected to make them rat proof, and codes of cities and towns can require rat extermination.

NEWS AFTER THE ELECTION

people in this town who are wondering what the newspapers will print after the election is over and the news from political news are not familiar with the great problem of the editors is what to print. There is much more "News" than any newspaper can present to its readers. The business of the editor is to select and pass on. His judgment may be good or rotten. Nevertheless, what his readers see upon his judgment as to what to eliminate. After the election the press will turn back to the normal state that occurred before. Merely because of the interest in the recent election the majority of newspapers have elected to present political news to the exclusion of some other events which in normal times would have received greater notice.

COURTESY IN THE SCHOOL

Courtesy means politeness of manners or an act of kindness performed with politeness; therefore, courtesy is a trait for which we all should strive. Everyone is courteous to a certain degree, but it is a trait which practice improves...

This went from bad to worse until I would not have blamed the young gentlemen for making a new use for a baseball bat. I'm sure we could all improve on showing courtesy to our teachers. We might even let them talk a few minutes without interrupting.

No one person can inject the spirit of courtesy into the whole student body, but if each student would practice being courteous, the situation would soon be remedied. If each student would think of the rights of others and treat his fellow students as he would like to be treated...

UNIQUE HALLOWEEN PARTY

The Witches Hut, was the scene of a unique Halloween party Saturday night, October 31. Miss Martha Delon Kirk and Dixie Ruth Buchner were hostesses. The happy mystified guests assembled at the home of Martha Delon Kirk and went from there to the Witches Hut, where they were greeted with icy hand of the witch, Mrs. L. M. Buchner. The hut was decorated in natural Halloween decorations of pumpkins, bones, skulls, brooms, autumn leaves, and tree stumps, and in a dimly lighted corner could be seen the outline of a hanged man; however, closer inspection proved him to be artificial. Many interesting seasonal games were played throughout the evening. R. L. McClellan Jr. was prize winner of the evening contest.

Refreshments of Witches Sluggullion, crackers, pop-corn, marshmallows and individual pumpkin pies were served to Messrs. Nolan Holt, Robert Neilson, Perryon Lyon, R. L. McClellan, John Campbell, T. C. Harvey, Jack Eubanks, Carl Archer, Harlan Terry and Chester Jones, Misses Cleo Leverton, Ruby Ruth Kelly, Marguerite Stephen, Elizabeth Ann Miller, Eileen Davis, Louise Linn, Frances Hoskins, Rose Lee Clement, Mrs. Everett Clement, Mrs. Buchner and the hostesses.

ryton. A season is a success when we defeat Perryton. And they don't breed boys West of the Ochiltree county line that will enter a game with the Rangers without the FIGHT in their heart.

One citizen was heard to remark that he was sorry that the Perryton-Spearman game was on Armistice Day as he wanted to attend a game at Amarillo. Any of you Benedict Arnold football fans who want to see a class A

get going. You are no help to the club if you have a spirit like that.

Every man has a right to his own opinion and his ideals. For the writer it would seem the worst sort of a traitor to leave the LYNX players when the team plays against Perryton. And in view of the fact that Spearman is staging an all day program featuring the game, it does seem like good sportsmanship to be here and help clean their plows.

Another sports event or maybe two or three of them, that is in the offering is turkey shoots. Messrs Fred Brandt and John Bishop are arranging several shoots for November. The writer is a persistent cuss, and despite that fact that Uncle Robert Burran has defeated him repeatedly at Turkey shoots, will come out at every session and furnish amusement for the on lookers. But this writer will make a promise that if he cannot take Uncle Rob to a cleaning he will never enter another Turkey shoot.

Those who delight in shooting ducks will have an opportunity to test their skill this year. Kansas and Oklahoma will have the ducks so wild by the time the season opens here this year that anyone who proves a kill can be entitled to an expert marksmanship badge.

It certainly looks like poor judgement on the part of the Federal authorities to open the season in Kansas right at our front door, let the Kansas sportsmen bang away at the ducks and withhold the same privilege from the Panhandle of Texas.

extra cost, is not only continued as a major feature, but furnished at no extra cost. Master models are available with semi-elliptic front springs only. All models of both series have safety plate

glass all around at no additional charge.

Although the cars are described as new from bumper to bumper the change most obvious outwardly has to do with body lines. A new treatment, described as "diamond crown speedline styling," represents a distinct departure in design, and produces an impression of added fleetness and grace. The change, however, goes deeper than appearance, for the bodies are entirely new. They introduce unisteel construction, in which solid steel turret top, steel sides steel double cowl, and steel floor are welded together to form a permanently silent unit. Even the doors are all of steel.

The bodies are mounted on a chassis which is also new, with the new six-cylinder high compression valve in head engine developed 85 horse power, new box girder chassis frame combining rigidity and lightness, and hypoid rear axle drive gears.

Chevrolet engineers emphasize the fact that the 1937 models adhere closely to engineering principles which Chevrolet has developed through constant improvement year after year. They are more compact, with a gain in strength and a reduction in weight. Better hill-climbing and acceleration, with marked smoothness, durability and economy, characterize the performance of the entire new line.

Both body and chassis refinements contribute to noteworthy advances in safety, comfort, driving ease, and general owner satisfaction. The use of hypoid gears has lowered over-all height, and with it, the center of gravity, a change which, in conjunction with wider-spaced read springs, and larger cross-section tires on wider rims, makes for greater stability on the road. The power plant and the body are re-located on the frame, the body being longer and wider, with the floor 2-1/16 inches lower than in the 1936 Master DeLuxe. The increase in width at the floor line in the front compartment is almost five inches, across the front at windshield level, 1-1/2 inches, in both series. It is introduced in refinement of the design, for which has been known over the years. In it, the body is raised from 3-5/16 to 3-1/2 inches, the displacement is raised from 6-1/2 to 7-1/2 inches, and the compression is raised from 16 to 18. The crankshaft is counter three. Bearings are of the backed babbit type. The crankshaft is counter and equipped with harmonicancer, lighter and more than that previously. Lighter, dome-head pistons, and stiffer connecting four-bearing camshaft, and folding system with heat control, are among the plant's other new features.
