3:38, 4:15, 4:19, 5:33, 6:8, 6:9,

and 6:10. Motion carried.

Form Approved:

Motion carried.

Athletic Director Jimmy Duncan presented his resignation to the Spearman Independent School District Board of Trustees at the regular meeting. March 8. Duncan has held this position for three years.

Other business during the meeting included the business manager's report, the ratification of bills, financial report and tax report.

Communication from TEA and Auditors concerning audit for 1980-81 and from Sheri McWhirter concerning use of the building for the Fruitcake Review.

The board established the transfer fee for 1982-83 at \$1975.36; considered the school calendar for 1982-83; and considered bids for termite control at elementary school and refinishing of varsity gym floor.

The school board election has been set for April 3. Incumbents Kent Guthrie and Mike Garnett have filed for re-election.

The school board breakfast will be March 23 at 6:30 a.m.

## **Regional History** Fair To Be April 17

Trade and Industry in Histo-ry is the theme for the 1982 Regional History Fair to be held on April 17 at the Panhandle-Plains Historical Museum, Canyon, in celebration of National History Day. This year's second annual Regional History Fair will represent 27 counties in the Panhandle region, according to Suzanne Hewitt, Director of Education at the Museum and regional chairman of the Fair. Assisting her is co-chairman Nan Arthur, education department volunteer.

Students in grades six through eight, the junior division, and grades nine through

twelve, the senior division, may enter. There are six contest categories, including individual projects; group project with a limit of five students; and individual historical papers. Other categories consist of individual performance; group performance; and media presentations (group or individual).

More specifically, projects such as charts, displays, re-

#### .......

the stage, bathed in radiance. the unexpected guest at a party. The scenes of the conflicts and struggles between man and man and man and weather. mixed with their hopes and joys, play out against the tall background. Finally the massive lights bring it to blazing color at the end and six horses race by with the flags which have flown over Texas.

When he wrote the script of "TEXAS" in the early 1960's. the author, Paul Green, gave For the seventeenth summer the Canyon a voice, and it was welcomed audiences with this they will see the story of the

Prices shadows lengthen and the colors change on the magnificent range from \$4 to \$7 and there cliffs surrounding the theatre, are half price tickets for childthey will see the lights begin to ren in most sections. It is well to glow and finally see the great make reservations in advance Indian Chief, Quanab Parker, by writing or calling 806-655revealed on a rock high above 2181. Show time is 8:30 p.m.

liefs, or historical papers can be entered. Other projects that may be entered include fictional accounts and poetry, reconstructions, models, explanatory texts with photographic displays, and live presentations. Media entries may consist of slide-type, motion picture or video tape. Each student may enter in one category

Out-of-town judges will evaluate projects on the basis of historical quality, quality of presentation, and adherance to theme and rules. Trophies, ribbons and school plaques for winners are awards to be presented. Projects will be placed on display for public viewing April 18 through April 23 at the Museum.

Winners in the Regional Fair will compete in San Antonio in the State History Fair on May 1 against winners from twenty other Regional Fairs conducted state-wide. The state competition will be held at the Institute for Texas Cultures. Winners of the State Fair will go on to compete in the National finals at the Universi-

ty of Maryland-College Park in

Four hundred area students participated in the 1981 Regional History Fair, Hewitt said. It was one of the largest history fairs in the state. The competition is made possible through a grant from the National Endowment for the Humanities, which provides funds to purchase awards and certificates.

"Because of the success of last year's History Fair, the NEH increase the amount of grant money for this particular Regional Fair," Hewitt said. She expects about the same number of students to participate in this year's Fair as last year's.

There is no registration fee to enter. Registration forms, student and teacher guide manuals, and other information may be obtained by contacting Suzanne Hewitt at the Museum in Canyon.

The Hansford-Hautchinson County Farmers Union will hold a Farm Sale Meeting on Friday, March 12, at Brittany's Restaurant in Spearman beginning at 7:30 a.m. The meeting is open to the public.

## **To Sell Suncatchers**

The Spearman Vol. Fire Department thanks you for your continuous support and interest. Because of members and friends of the Spearman Vol. Fire Department, we have been able to provide our station with many extras to improve the quality of it, due to previous selling of spice sets. Your usual cooperation and support for this worthwhile program will be appreciated. This year we plan to build a kitchen at the station. We have chosen a special product to sell in order to raise the required funds. Saturday, March 13th will be the kickoff day for the sale. Any children that would like to help the department by selling the suncatchers needs to come by the fire station at 10:00 a.m. Saturday. We will send with the children a special set of sun catchers and literature on how the program works. It is our belief that the children should not sell doorto-door. Your parents and friends are the key, so we are asking you to show the product and/or information to your friends, relatives, and co-workers. They make ideal gifts, and many businesses have placed orders to give as gifts to employees and customers. Mother's Day is coming up shortly and they would make ideal Mother's Day gifts.

fun, we have awards for the achievers. For those selling at least 12 suncatchers, they will receive a glow-in-the-dark frisbee. The prizes range from the frisbee to an electronic football

## Noted Hypnotists In Spearman **To Help Smokers & The Overweight**

Are you overweight or a cigarette smoker? Have you tried to lose weight or stop smoking, only to fail time and time again? If you find yourself answering "yes" to either of these questions then the Techniques For Living Seminar, under the direction of Wade M Genthner F.A.I.H. at the Extension Home Makers Club Room, 319 North Bernice Street will be the place for you to be on Wednesday, March 17. Techniques For Living will be conducting their famous Lose Weight - Stop Smoking Seminar which has helped thousands of people throughout the United States. Techniques For Living is a national organization dedicated to helping Americans solve these and other problems that have kept them from enjoying their lives to the fullest.

The subject of numerous newspaper and magazine articles as well as television appearances, Mr. Genthner and his staff have been conducting these seminars throughout the country. In a comprehensive and fascinating three hour program, those who attend the seminar experience the relaxing and beneficial effects of clinical hypnosis. Not only do people permanently lose weight and stop smoking as a result of the seminar, they also report that they sleep better, feel more energetic, and generally enjoy life more than they had previously.

Mr. Genthner's skill in clinical hypnosis was noted by Dan Rather of CBS' "60 Minutes", who referred to him in a nationally televised report as a well-trained and highly experienced hypnotist'

'Clinical hypnosis is the easiest way there is to solve these problems", Genthner says. "Simply put, it helps to eliminate these types of problems permanently."

Genthner says that the reason clinical hypnosis is so successful is that "it removes the causes of problems, not just the symptoms". For example, he explains: "People who are overweight go on diets. A diet is only good for as long as you can follow it. Once you stop the diet you re-gain the weight. Hypnosis is permanent because it eliminates the causes of over-eating, not just the symptoms." The same holds true for smokers where the need to prevent cravings for cigarettes or weight gain is just as important. Both problems are covered at the seminar, and each seminar leader is personally trained by Mr. Genthner. Further information can be obtained by calling, toll free 1-800-645-5454.

you pay property tax in the State of Texas, there is one important date to remember. April 30 is the last day to file applications for exemptions and to render your property. Several types of tax relief measures are available to Texas taxpayers, but they do not go into effect automatically. Applications must be made to your new county appraisal district, or to local tax offices in appraisal districts which have postponed implementation. Check with the appraisal district or local tax office to find out where to file renditions and applications for tax relief.

chool districts offer a residence homestead exemption to all homeowners and additional exemptions to persons who are 65 or over or disabled.

ounties offer homestead exemptions on their farm-to-market road or flood control tax rate, and may offer optional exemptions to the disabled and elderly.

**C** ities and other jurisdictions may offer optional exemptions for the disabled and elderly.

Il jurisdictions offer an exemption for certain disabled veterans on one designated property. All may offer an additional exemption of a percentage of the value of your homestead. Productivity valuation is available in all jurisdictions to qualified farmers and ranchers.

emember, exemptions and special valuations are not effective automatically. Applications must be filed this year by April 30. While late applications for exemptions may be accepted in some instances, the burden and expense of proving a good reason for filing late rest on the taxpayer. You can avoid any inconvenience and fully protect your rights as a taxpayer by rendering your property and applying by the April 30 deadline.

Contact your appraisal district or local city, county or school tax office for more information on available exemptions. Further details about the property tax system in Texas and how it works for you are contained in a pamphlet by the State Property Tax Board called Taxpayers' Rights, Remedies, Responsibilities! Get a free copy at your appraisal district or local tax office, or contact the State Property Tax Board in Austin.

Lowell B. Robertson of Perryton, was recognized for 35 years of service with the Texas State Department of Highways and Public Transportation.

A maintenance supervisor with the highway department, Robertson was presented a service certificate and pin at a ceremony in Amarillo by James N. Moss, Amarillo district maintenance engineer. Robertson directs maintenance operations on 340 miles of U.S. and state highways and Texas farm roads in Ochiltree County, half of Lipscomb County and part of Roberts

County. He went to work for the state in 1946 as a truck driver in Spearman. He was trans-

Little League **Baseball Summer** 

Camp Program

Little League Baseball takes pride in announcing the opening date for its tenth Annual Summer Camp Program on the beautiful and historic Baylor University Campus.

The first of three two-week sessions begins on June 20. Applicants will be accepted for all three sessions on a first come basis until they are full. Each camp offers a variety of activities including swimming, boating and volleyball; but with special emphasis on baseball. All of the latest equipment and techniques for training in the skills of baseball will be used, including daily use of batting cages, pitching machines and other items approved by the Research Department of Little League. Basic and advance training is given in all baseball skills, for boys ages 9 through 15 years, in Junior and Senior Divisions. Little League membership is not required.

Additional information can be obtained by calling 817-756-1816, or by writing Little League Baseball, 1612 South University-Parks Drive, Waco, Texas 76706, for brochures/ applications.

Under the Texas Property Tax Code, farmers and ranchers who qualify may have their land taxed on the basis of Productivity rather than Market Value. Productivity valuation may lower the taxes on your agricultural or openspace land, but you must apply for the special valuation this year before May 1.

To find out if you qualify and where you should file applications, contact your new county appraisal district, or local tax offices in appraisal districts which have postponed implementation.

While there, ask for your free copy of our pamphlet, Taxpayers' Rights, Remedies, Responsibilities! Or write to us and we will send you a copy.

ferred to Perryton in 1950 and three-years later became assistant maintenance foreman. He became maintenance supervisor in July 1968.

In 1974 Robertson was the Amarillo district nominee for the Lady Bird Johnson Award for Highway Beautification.

Robertson is the son of Mr. and Mrs. S.W. Robertson of Spearman and also a graduate of Spearman High School.

## **Girl Scouts--**Going & Growing

It's only fitting that in celebration of Girl Scouting's 70th Anniversary a special effort be made to show appreciation for those who keep Girl Scouts - "Going and Growing" The motivating force in Girl Scouting is a spiritual one, and an integral part of every Girl Scout's life is her promise to serve God, her country and mankind. Helping girls become strong members of their own faith, religious groups and Girl Scouting have been partners inspiring girls with the highest ideals of character, conduct, patriotism and service.

The religious community has always been supportive of the goals of Girl Scouting by sponsoring troops, sharing re-sources and encouraging girls and adults to be active members.

**GIRL SCOUT WEEK** MARCH 7-13, 1982

#### **IMPOSE SANCTIONS**

Applying further pressure to oppose martial law in Poland, Japan and Canada imposed sanctions recently against Poland and the Soviet Union. The European Economic Community, meanwhile, tightened its restrictions on trade with the Soviet Union.

## **Dormant Oils-Effective Insecticides**

penetrating the breathing This is the season to apply tubes. Insect eggs are killed dormant oils for controlling because of interference with some of the hard-to-kill insects the gas exchange through the on trees and shrubs. Properly shell. prepared petroleum oils are

When compared to insecticides, oils have the advantage of being less expensive, give good covering action, residues of oils on fruit and nut trees are exempt from tolerance and oils are safe to handle. However, oils are toxic to most leaves, have low toxicity to many insects and are relatively unstable in solutions.

Dormant oils can be applied any time trees and shrubs are in the dormant stage. However, oil is most effective if applied in late winter or early spring just before the buds start to crack. Application should be made when temperatures are between 40 and 65 degrees fahrenheit. Freezing weather within 48 hours of treatment may cause the oil to be less effective.

When mixing and applying dormant oils, extreme care should be taken to use only the amounts recommended by the manufacturer. Tree trunks and insect infested limbs should be thoroughly covered with the application. Some trees tolerant to normal applications of oil may be damaged if oil is applied in excessive amounts. Strict attention should be given to getting thorough coverage, yet avoiding excessive application of the oils.

If you are 65 or over and are paying school taxes on your residence homestead, you are eligible for an additional homestead exemption and a tax freeze.

Texas law provides for a standard \$5,000 exemption off the market value of a residence homestead for school tax purposes. If you are 65 or over, you are entitled to an additional \$10,000 exemption off the market value of your homestead. And, if you are entitled to the 65 or over exemption, the school taxes on your residence homestead cannot increase after you apply and qualify for this exemption, unless you make improvements to your homestead.

It is important to remember that these tax relief measures do not go into effect automatically. You must file for the exemptions this year before May 1. Contact your new county appraisal district or local tax office for more information and a copy of our pamphlet, Taxpayers' Rights, Remedies, Responsibilities! Or write to us and we will send you a free copy.

RECIPE

complete unless it includes a

biographical account of each

and every family. You have a

second chance to be included

in Hansford's Volume II. Re-

for them.

Chocolate has a universal appeal to appetites young and old. The recipe that follows can be prepared several hours before serving.

#### **Chocolate Cream Pudding**

- 13/4 c milk scalded 2 T cocoa 1/4 t salt 4 T sugar
- 11/2 T cornstarch
- 1 egg, well beaten
- 1/4 c cold milk 1/8 t almond flavoring
- 1/2 t vanilla extract
- 1/2 c cream, whipped

Combine cocoa, 2 tablepoons sugar and cornstarch. Mix smooth with 1/4 cup cold milk

Add to scalded milk, stirring constantly. Cook over boiling water, stirring, until smooth and thickened. Combine beaten egg and 2 tablespoons sugar; slowly add cocoa mixture. Return to double boiler and cook, stiring all the time--about 3 minutes. Cool. Add flavorings, then half of whipped cream. Turn into serving dished. Top with remaining cream. Chill until serving time

The Pringle-Morse Choir will present TEEN, a pop/rock musical for young people. It will be presented Thursday, March 11, at the Pringle-Morse Auditorium beginning at 7:30 p.m.--this will be for the public. A Special Audience consisted of Spearman and Plemons students will view the musical at 1:30 prior to the public performance. The musical is under the direction of Carol Pack. Everyone is invited to attend the presentation of TEEN, there will be NO admission charge.

**U.S. OIL PRODUCTION** Crude oil production in the United States increased as crude imports continued to decline in January 1982. the American Petroleum Institute reported recently.

## to present TEEN

TEEN, a pop/rock musical for young people, will be presented Thursday, March 11, in the Pringle-Morse Auditorium in Morse, at 7:30 p.m. The Pringle-Morse Junior High Choir, under the direction of Carol Pack, will give the musical for a special audience of school students from Spearman and Plemons at 1:30 prior to the public performance Thursday evening.

The musical, written by Roger Emerson and Richard Derwinson, has eleven musical selections and several special dances. The special dances were choreographed by Mrs. Shari Wilkinson. The storys is a slice of a teenager's life from Friday to Monday. It encompasses many of those incidents associated with becoming a teenager; first love, dances, teenage birthday parties, teenage rebellion, and the change of attitude towards greater independence which earmarks the teenage years. It is handled in a light-hearted style and reflects a positive approach to the joys and disappointments of becoming a teen. The CAST members include -- TEACHER --

John Lieb, MARY .- ShaLynna Harris; RYAN --Jason Rodgers; LISA -- Julie Jones; SCOTT --Thad Reid; JENNEY .- Cindy Womble, MICHAEL--Marvin Ziegelgruber, 1st BOY ---Robert Stewart; 1st GIRL-Patty Southerland; 2nd BOY--Matt Jones; 2nd GIRL--Tammy Crawford; 3rd BOY -- Brian Ralph; 3rd GIRL--Angela Boutista; 4th GIRL--Cami Ralph and 4th BOY -- Charles Roper.

The CHORUS consists of Sharon Hutchinson, Fred Wetsel, Delwin Russell, Carol Poole, Carson Womble, Kyle Crawford, Kathy Poole, Michael Farmer, Billy Joe Thompson, Martha Stewart, Slaid Jones, Danny Redwine and Pat Shields

Everyone is cordially invited to attend the presentation of TEEN. There is no admission charge.

The Pringle-Morse Choir will present TEEN, a pop/rock musical for young people, on Thursday, March 11, at the Pringle-Morse Auditorium beginning at 7:30 p.m. The choir will be under the direction of Carol Pack. The choir students will give a special performance beginning at 1:30 p.m. prior to the public performance on Thursday for Spearman and Plemons school kids. Everyone is invited to attend. There will be NO Admission CHARGE.

## Air Injection ForWater Wells

LUBBOCK -- A technique long used to extend the life of an oil field may be able to prolong the life of the Ogallala Aquifer. by air.

Secondary recovery methods, which have squeezed additional barrels of oil from old fields, are being applied to test water wells and the results are being reviewed by Texas Tech University civil engineers.

**Texas Tech Civil Engineering** Professor B.J. Claborn said conventional pumping techniques in both oil and water wells only extract approximately a fourth of the liquid in an underground formation. The remainder of the liquid is held by capillarity, or surface ten- other reports, Claborn indicated sion, among the grains of sand in the aquifer.

pumped water or air into the ground to break the bonds of capillarity and to herd the crude oil toward a well where it can be recovered. A. Wayne Wyatt, general manager of the High Plains Underground Water Conservation District No. 1.

originated the idea of secondary water recovery. "Everyone's first reaction," Claborn said, "was to laugh. But the more everybody thought about it, the more we

began to say 'Why not?'. I don't think any of us are totally convinced it is going to work, but we hope it will."

By summer's end, Claborn said some answers on the feasibility should be known because of information being gathered at a 140-foot-deep test well near Slaton. Analysis of the old well has shown that in each

will lose weight and stop smoking." If history repeats itself, dozens of people in the Spearthings happening to them.

60 percent of the space is occupied by the sand itself, 30 percent by water and 10 percent

After an oil well is drilled. normal production methods will bring to the surface about 25 percent of the oil. Another 25 percent is retrievable with secondary recovery techniques, Claborn said.

"We are discovering we have done about the same thing in our water wells--recovered only a fraction of what is down there," Claborn said.

But Claborn cautioned that this preliminary finding is based on only one well. From the amount of water remaining in an old well may vary widely Oil companies have for years depending on the well's location and the characteristics of the aquifer.

One prerequisite for employing secondary water recovery is some type of "cap" over the aquifer, Claborn said. The cap is a formation through which air or water will not readily pass. which is overseeing the project, When air is pumped under great pressure into a well, the water is forced to move away from the air source between the cap and the impenetrable bedrock. In this way water can be pushed toward another wall.

At least that's the theory that is being tested.

"We will have a much better idea about air injection before the summer is over," Claborn said. "We should know if it is technically feasible and, if not, why."

Should the process prove technically feasible, the study will be extended to examine economic feasibility Claborn

THE SPEARMAN REPORTER. SPEARMAN, TEXAS 79081

## Busters Dusters, First State Bank & J.G.'s **Undefeated After 3 Weeks**

As the third week of volley- Mary Schumann. Others playball competition ended, it seemed that all the new faces were just beginning to get to know the experienced players that they were playing with or playing against. There are seven teams competing in the 1982 Spring Volleyball League of the YMCA--women, of course. So far, the standings show that 3 teams are undefeated--the Busters Dusters, 4 Gruver players, 2 Spearman, First State Bank and J.G.'s--all are 2-0. Two have not as yet won a game -- Agco and Sparks Bros., both at 0-3. Thriftway is 2-1 and Bulls Inn is 1-2. All of these seven teams have at least 1 new face in the bunch.

The first game of the night was between Busters Dusters and Thriftway. Those playing on the Busters Dusters were Melyn Johnson, Sandra Mills, Merry Shelton, Connie Davis-all of Gruver, Mollie Holton and Cynthia DeArmond--both of Spearman -- now who says that Spearman and Gruver can't play together? This Busters bunch gets along fine, play well together and were undefeated in the Winter League, that they plan on repeating so in the Spring League, by defeating all their opponents. Those that played last night, Monday night -- March 8, for Thriftway were Marsha Pipkin, Debbie Schumann, Kim Vanderburg, Mary Schumann, Peggy Winegarner and Tina Woolley. The new players inlcuded from Busters, Connie Davis, from Thriftway Peggy Winegarner and Tina Woolley. The Busters Schumann, Mary Schumann, Dusters won both sets, the first with some trouble--15 to 5, but the second with ease--15 to 1. J.G.'s had to come from behind Thriftway will play Agco next because they were behind by 5 Monday night beginning at 9:15, while Busters will take on J.G.'s beginning at 8:30 p.m.

The second game of the night consisted of First State Bank tracks--15 to 1. So now it was taking on Agco. Once again the teams had new faces. Familiar faces of First State Bank team would win the last one. It included Ann Donnell, Debbie Benton, Edith Cage. One of the the game badly, although both new faces was Ginger Coffee. As far as the familiar faces of against their record. In this final the Agco team, Cindy Schneider Carla Riggins, Denise Donnell were familiar, with some help from Hazel Shieldknight and Donita Lusby--of J.G.'s. Although both teams had two 'new" players -- sort of speak, they were trying to save a point First State Bank prevailed by winning in two sets--15 to 5 and then more easily -- 15 to 2. Next bended her Pinky backwards, Monday, First State Bank will play Bulls Inn at 7:45 p.m. and then Agco will take on Thrift- being Verna Strawn. Now it was way in the "night-cap" beginning at 9:15. In the Winter League, First State Bank had been second only to Busters Dusters, their premere goal is to be better and be second to 5, so Debbie Benton, coordinanone, by eliminating all their opponents and then Busters. Can it be done? As Ricardo M. puts it, "Anything is possible" especially in volleyball. Sparks Bros. took on Bulls Inn in the 3rd and final game -- that counts, I might add. Te game started at 8:30. New faces, yes, indeed. Those that had played together in the Winter League included Peggy Varnon, Beth Stauffer, Sharon Whitefield, Kitty Edwards and Gina Davis--these being from the Bulls Inn team. Their new "recruit" happens is Suzanne 2 for last. Lane. Since Bulls Inn did have 6 The nex players, they told Sparks Bros. will have in the 7:00 p.m. game to get another player, who on March 15, Sparks Bros.

ing inlcuded Cindy Crooks, game Leslie Needham, Melinda Sasser and Glee Rea. Sparks Bros. couldn't get it together At 7:45, Bulls Inn will take on enough and lost the first set 15 First State Bank. This could be to 3. Then they started playing a very good game, it could go as a team and got closer 15 to 6. either way. Next Monday, Sparks Bros. will Beginning at 8:30, J.G.'s will be the team that will be in the tackle Busters Dusters -- this too, "practice game" at 7:00 p.m. should be an interesting game. against Agco. Bulls Inn will have their hands full because

they will be facing First State Bank in what will probably be a GREAT game. J.G.'s went up against Thriftway in what is called in the Spring League a "Practice Game", that way the team that would have had a BYE, in this case J.G.'s will show up and Dusters and J.G.'s. play as if it is a real game just to stay in shape for the real the Little Gym. competition. The way this game was played, it seemed both teams wanted to win for some reason and win awful badly. It went into 3 sets--this probably being a foreshadowing of what will happen when these two teams do meet in real competition to determine a Place--1st, 2nd, 3rd, 4th, or so on. The first thing is that J.G.'s didn't exactly have new players, but had a player that had not played during the Winter League--that being Verna Strawn. Others that had played included Sharon Cook, Hazel Shieldknight, Donita Lusby, Glenda Guthrie and Kari Schumann. Of course, Thriftway had 2 new players--Peggy Winegarner and Tina Woolley, along with the regulars, Marsha Pipkin, Debbie G. and Kim Vanderburg. The first set was won by J.G.'s 15 to 13, points at one time. Thriftway players got on their toes and just swept passed J.G.'s without looking back for their set, two sets had been played, both teams winning won. Which seemed that both teams wanted knew it would not count for or set, both teams were have great serves, terrific set-ups for spikes, some terrific spikes and people hustling so much that if one was on the floor, no one would be surprised--because against them. During that final set, one of the J.G.'s players getting out of place, joint or something or other--that player

rules that every team must words, this will be the "practice abide by: 1. Must have 2 for the night. Don't players to call the net/lines forget the game will begin at 7 after your team plays!! If your team plays at 7:00.

you will call at 7:45. If your team plays at 7:45, you will call at 8:30. If your team plays at 8:30,

you will call at 9:15. And if your team plays at 9:15, you will call at 7:00.

The final game of the night Rule #2--Best two out of will begin at 9:15. It will be three games determines -- this between Agco and Thriftway. meaning a game will be won Some of the 3 undefeated teams by a team winning 2 out of 3 could get defeated, a couple sets. Must win by 2 points. A could or one could. There will game where there are two not be 3 undefeated teams after equal teams, a game could go Monday, March 15. Why? Well, on forever--and that's a long, two undefeated teams are going long time.

up against each other--Busters Rule #3--There will be Two time outs per SET. All the games are played at Rule #4--the Sponsor Fee is \$50.00.

THE SPEARMAN REPORTER, SPEARMAN, TEXAS 79081

16 feet higher than year ago . . .

# Lake Meredith at 83 feet

Lake Meredith is wintering well and waiting for spring rains to bring its depth up from the present 83-foot level at the Meredith dam near Sanford.

The Canadian River lake, which uts across the southeast edge of loore county, is well above the crical low of 67 feet and dropping this me a year ago.

'We're just rocking along now aiting for the spring rains," deares John Williams, manager of e Canadian River Municipal Wa-Authority.

The authority provides lake war for municipal use to 11 member ties, from Borger and Pampa south 180 miles to Lamesa.

This winter's healthy water

supply is in sharp contrast to the lake situation a year ago, which Williams and National Park Service officials declared was "critical"

Not only was the dipping lake level threatening water supplies, but was closing off recreational facilities to Panhandle sportsmen.

All but one of the lake's major boat ramps were closed by the receding lake level by early summer when the Meredith depth bottomed at 64.12 feet.

A record 30-day rise, last August and September, brought the lake depth up to almost 85 feet.

'We have only lost 114 feet of depth in the last two to three months

to use and evaporation." Williams reports.

He adds that the cities are only taking an 80 percent water allocation now

"The board of directors and the cities wanted to continue conserving water so the lake won't be drawn down rapidly to a critical level," he explains.

"If spring rains are good, there could be an increase in water allocations," the CRMWA manager adds.

This week, Lake Meredith has 318,000 acre feet of water in storage and a surface area of 9,150 acres. An acre foot of water is equal to 326,000 gallons approximately.

## **SRA Tests Given Here**

In March the SRA Achievement Series will be administered to all Junior High School Students. The SRA Achievement Series is designed to provide information about student achievement through a battery of subtests in the following areas of Reading, Mathematics, Language Arts, Reference Materials, Social Studies and Science.

The dates are as follows: 5th Grade--March 2, 3 & 4 6th Grade -- March 8, 9 & 10 7th Grade--March 16, 17 & 18 8th Grade--March 23, 24 & 25 Parents, may I encourage you to make every effort for your child to be in attendance on

these dates. It is much easier to take the tests with the group than individually. Thank you,

Mrs. Alford

The Spearman High School has been busy and will continue to be busy for the rest of the month of March. If there aren't any Track Meets, Tennis Tourney's, Stock Shows, Choir Concerts then there are installations, cake decoration classes and even trips--the vacationtype of trips. The first week of the SHS activities has already been completed, a rundown of the activities show that on March 1, there was a Cake Decoration class, beginning at 7 p.m., during the whole week--March 1-6, the Houston Stock Show took place, and also the schools--all the schools--recognized Public School Week by having an open house on Tuesday, March 2, from 6:00 to 7:30 p.m. Another cake decoration class began at 7:30 p.m. March 3, the students were on the Alternate Bell Plan with 2 2nd hours -- the Student Council met. The Speech and Drama Club traveled to Tulia to the Speech Tournament on Thursday, March 4 and finally, the D.E.C.A. members traveled to Lubbock on March 5 and 6 for the Area 6 Contest. Kevin Rook brought home 1st Place in Service Station Retailing, Becky Byers won 3rd Place in Food Marketing and Shawn English brought home 3rd Place in Pre-Employment Lab Contest. The rest of the activities are as follows: MARCH 8--A combined Choir Concert at

Perryton. And a Cake Decoration Class will begin at 7 p.m. MARCH 9 .- "Mrs. Uselton HERE". ### **March Presidents**

Four early American presidents were born in March.

James Madison, fourth U.S. president, was born at Port Conway, Virginia, on the 16th in 1751. Madison steered the nation through the War of 1812 with England successfully (having been secretary of state before becoming president) and helped found the University of Virginia.

Andrew Jackson, seventh president and known as Old Hickory, was born near the South Carolina-North Carolina border March 15, 1767. He once threatened to use force if one or more states seceded. He was the hero of the victory at New Orleans over the British and when he took office a herd of common people moved into Washington, and some into the White House. He was a controversial (especially in financial affairs) but successful president.

Grover Cleveland, the only president to serve two terms interspaced with four years out of office, was the 22nd and 24th president, being born on the 18th in Caldwell, New Jersey, in 1837. Cleveland was a man of character and a statesman. Having opposed the free coinage of silver, he left office in 1897 somewhat

unpopular but time vindicated his wisdom. John Tyler, 10th U.S. president, was born at Greenway, Virginia, on the 29th in 1790. Tyler was the first Vice President to move into the White House because of the death of a president, William Henry Harrison, in 1841. He broke with the Whigs, however, and was not renominated by them in 1844. He voted for secession years later when Virginia seceded from the Union and was elected to the Confederate House but died before he took his seat, in 1862.

Financial **Aid Available** Financial aid is available to

x

you from a variety of sources to help you meet post secondary education costs. To receive any type of aid, you must make application to the proper source or sources and meet all deadlines which are imposed. Financial aid may be in the form of a grant, a loan, a scholarship or a job. Many college financial aid officers will assist you with a package which may contain a combination of the above.

Most financial aid is handled by the financial aid office of the college, therefore, an application for financial aid must be filed with the financial aid director. Certain aid is based solely on need, therefore requirements must be looked at very carefully. Most colleges require that the (FAF) Financial Aid Form, be filed with the appropriate company to qualify for some scholarships. All colleges require that the form be filed in order to qualify for any type of federal financial aid. The guaranteed student loan through the bank does not require these forms. The FAF form is available in the counselors office.

CHECK THE FOLLOWING SOURCES FOR POSSIBLE SCHOLARSHIPS: Local organizations Company where your parent is employed
