THURSDAY, OCTOBER 29, 1981

The Spearman High School Marching Band traveled to Canyon last Saturday, October 24, to compete in a U.I.L. Contest. The band performed in front of a large crowd and three judges. The SHS Marching Band and Flag Girls won a "2" in the ratings. Congratulations to all the Band Members for doing a GREAT job in the U.I.L. and halftime shows of football games!!!

The 1981 SHS Flag Girls--Back Row (L to R): Cathy Sullivan, Alicia Ochoa, Yvnn Brown--Co-Captain, Kathy Hagerman--Captain, Tina Woolley. Second Row (L to R): Cruz Hermosillo, Jeannie Laird, Julie Kell, Tisha Pearcey, Mary Anne Brinson. Front Row (L to R): Sara Avila and Bambi Burger.

Fruitcake Revue 1982 Kick Off Begins

November 1 will bring about the kick off of all committee work and a canvassing of area businesses for ads in the program of Fruitcake Revue, 1982. General Chairman for 1982 is Sheri McWhirter with Mary Lou Wysong and Jim Benson serving as co-chairmen. Show dates will be February 11 & 12, 1982. For those of you who may not be familiar with the Fruitcake Revue, it is a local talent show put on by the residents of our area with a lot of assistance from the Jerome H. Cargill Producing Organization of New

York. Fruitcake Revue was begun back in 1979 to raise money for the YMCA and the Spearman Chamber of Commerce. It has been a most successful venture in that we have produced much needed income for two deserving organizations as well as inspiring a great community spirit in the process. Committee Chairmen for 1982 are as follows: TALENT--Nancy Graves & Cindy Schneider DIRECTORS PARTY--Judy Nelson & Glenda Guthrie ENTERTAINMENT--Gina

Davis & Linda Sanders PROGRAM--Stephanie Brock ADS--Frances Loftin & Claudine Laxton WALKING ADS--Debbie Benton & Kathy Archer TICKETS--Mike Schnell, Larry Trosper & Janet Trosper PUBLICITY--Rita Curtis & Wanda Archer SCENERY--Craig Schumann FINANCE--Jim Mercer & Susan Poole PATRON--Dick & Betty Elbert & Ted & Carolyn Collier STAGE CREW--Jackie Pearson & Buford Baker TECHNICAL--Lloyd McWhirter MAKE-UP--Candy Boxwell & Verlin Winegarner CAST PARTY--Jim McLain EXTRA REVENUE--Lynna Renner & Linda Blackman There will be a meeting of all Committee Chairmen Tuesday, November 3, at 7:30 p.m. in the Chamber office to begin work on Fruitcake Revue, 1982. We hope ALL the local businesses will respond favorably when our ad chairman call on you. Fruitcake Revue, 1982 needs your support!!!

Teams Have Open Date

All the Lynx Football Squads have an OPEN date this week--this means not one football team will play this week.

All the Lynx teams--7th, 8th, 9th, JV and Varsity--played last week against Perryton and, although the games were played tough and to the final gun, all the Lynx squads lost to Perryton. The Lynx will all be working this week and the Varsity Lynx, Jr. Varsity, 8th and 7th will all be facing the tough Boys Ranch Rough Riders.

The members of the Varsity Lynx are Stephen Tindell, Billy Pat Underwood, Rory Shepard, Ricky Torres, Cam Collinsworth, James Farmer, Jeff Lackey, Dennis Randall, Byron Sutterfield, Steven Francis, Scott Dunlap, Clint Graves, Charlie Salgado, Mark Guthrie, Jimmy Morley, Eddie Whitefield, Jimmy Rodgers, Jan Hartzel, Tracy Vernon, Brian Watley, Mike Brinson, Jimmy Haden, Scott Alford, Monte George, Kyle Brack, Mike Dixon, David Brandt and Gary Thomas. Their Head Coach is Jimmy Duncan--his assistants are Tom May, Dan Shaver, Robin Travis, Terry Crocker, F.G. Crofford, Rick Smith, Terry Coffee and Gary Rambo. The Lynx are now 1-1 in District Play and 2-6 for the Season. The Lynx will be fired up and ready for the Boys Ranch Rough Riders.

Those playing on the Jr. Varsity Lynx Squad are Jeff Laird, Pat Tucker, Jeff Pool, Bryan Jenkins, Paul Lopez, Luis Nava, Kimo DeLaRosa, Kevin

Slaten, Dell Brandt, Scott Strawn, Ross Bulls, James Potter, Joe Gomez, Brian Watley, Davy Turner, Billy Haden, Randy Farmer, Johnny Rodgers and Julid Vasquez. Coach F.G. Crofford is the main coach for the JV Lynx. He has done a fine job this season. The JV's Record is 1--Win, 4--Losses; 1--Tie and 1--Cancellation due to Weather. The win was over Boys Ranch, the tie was with Perryton and the cancellation was against River Road. The JV Lynx will be planning to get another victory over the tough Rough Riders.

Those playing on the Freshman team are Teddy Vela, Ricky DeLuna, Jerry Garcia, Steve Burke, Mark Pearson, Brian Davis, Ross Donahue, Peach Boutista, Brian Paul, Edward Cantu, Damon Herndon, Carl Vinson, Danny Close, Cole Ivey, Jeff Gressett, Karl Bynum, Mike Ross, Kenny Bullard, Bob Cook, Jeff Graves, Rudy Saldivar and Mack McLain. Robin Travis is the Freshman Coach. He has done a fine job with the Freshman. The Freshmen's record stands at 2 wins, 3 losses, and 1 cancellation. One win was over River Road and the other over Perryton, and the cancellation due to bad weather was against River Road. There is not a Boys Ranch Freshman team, so the Freshman Lynx will have another OPEN for next week, also.

The members of the 8th grade Lynx are Julio Garcia, Greg Reimer, Monte Morris, Dean Greene, Nabor Cabrera, James Davis, Trevor Pool,

Michael Lopez, Damon Goodheart, Jeff Vanlandingham, John Sullivan, Charlie Godfrey, Shannon Scroggs, Todd Martin, Clinton Tindell, Timmy Willis, Bart Baker, Martin Lopez, Steve Womble, Shane Swenn, Carl Kizziar, Robbie Taylor, James Smith, Chad Guthrie, Willie Vera, Jaime Gomez, Ruben Gomez, Terry Phillips, Curt Porter and Jamie Heinrich. Coach Tom May has improved his squad very much. Coach May's 8th Lynx for 1981 are winless, but this year they have not lost by 50 points or more. Their Defense has improved as well as their Offense. The 8th graders are getting ready for the Rough Riders.

The 7th grade Lynx members include Allen Mires, Mike Pearson, Mark Garnett, Kevin Kenney, Monte Beck, Dusty Hill, Larry Dunn, Wade Burgess, Jesse Lozano, Rickey White, Wayne Groves, Tommy Flores, Trevor English, Billy Volden, Norman Hill, Darwin

Hanson, Mark Allen, Daniel DeLaRosa and Scott Taylor. Dan Shaver is the Coach for the 7th graders. Coach Shaver has done a very good job with his squad. Although the 7th graders are winless in 7 tries, they have played really tough against tough and big teams. The 7th Lynx will be getting ready for the Boys Ranch Rough Riders.

The Cheerleaders for the 7th and 8th grade Lynx are Michele Savage and Jill McLain--7th grade Cheerleaders; Carlee Dixon and D'Lynn Orr--8th grade Cheerleaders. The Jr. High Cheerleaders' Sponsor is Ann Donnell. Ann, like the football coaches, has done a fine job with her girls. The Cheerleaders for the Freshman, Jr. Varsity and Varsity Lynx are Freshmen Teresa Tindell and Loree Morris; Kim Elbert and Kayla Russell--Sophomores; Junior, Janet Reed; and Seniors Angie Francis and Johnnie Eaton.

SHS To Perform "South Pacific"

The Spearman High School Choir will be performing the "South Pacific" Fall Musical. This is an annual event, and the Choir has always done a great job with Mr. Travis Angel directing. The "South Pacific" will be performed Saturday, October 31, and Monday, November 2 beginning at 8:00 p.m. both nights.

The Cast and Crew of the "South Pacific" have been working really hard to please the audience. They want this Musical to be another SUC-

CESS!! Each year the Cast and Crew of the Musical build their own sets and create their costumes. Those performing in the Musical would appreciate it very much if they had lots of support.

Tickets are \$3.50 for Adults; \$1.50 for Students and \$1.00 for Children under 8 who are accompanied by their parents. Don't miss the "South Pacific" Musical!! Go either Saturday night, October 31, or Monday, night, November 2, or go both nights!!

Scout Bake Sale

The Scout Father-Son Cake Bake held last Tuesday evening was a huge success.

Twenty-six cakes were baked by the father-son teams with sports themes and these cakes were auctioned for a total of \$3900 for the Scout fund.

This is the only fund raising event that the scouts have each year. Funds are used in various ways for the scouts, such as awards, camp, the Blue and Gold Banquet and field trips.

First place winner was Steve Reynard, son of Mr. and Mrs. Dana Reynard. Second place went to Jason King, son of Mr. and Mrs. William King. Scott Wilkerson, son of Mr. and Mrs. Anthony Wilkerson, took third place. Fourth place was won by Edward Mayfield, son of Mr. and Mrs. Fred Mayfield. Fifth place went to Brandon Babitzke son of Mr. and Mrs. Buford Babitzke.

Judges for the event were Mike Schnell, Marsha Pipkin, Janet Trosper and Wanda Eakin.

Ed Dear was the auctioneer for the sale.

The first place cake was bought by Hansford Implement, second by First State Bank, third by Rotary Club, fourth by General Mud and fifth by Interstate Savings and Loan.

Other donors were Pat Jackson, Sparks Bros. Spraying, Baker & Taylor, Spearman Auto, Lion's Club, Buster's Dusters, Alton's Gulf, Golden Spread Sales Co., A & L Printing, Excel Chevrolet-Olds, Hansford Insurance, Moose Lodge, Bill Harnish, K. Clements Warns Amendment 4 Failure

AUSTIN - Governor Bill Clements warned Texans this week that defeat of Amendment No. 4 in the general election on November 3 could lead to higher taxes in the future.

Clements made the remarks at a meeting of Water for Texas Committee, a statewide organization of prominent leaders who are backing the amendment, which would provide a plan for setting aside a "nest egg" from the state's budget surplus to help finance water projects.

The governor was responding to published claims of some opponents that passage of the amendment "will lead to higher taxes down the road."

"The truth of the matter is, Texans are more likely to face increased taxes if we DON'T pass Amendment No. 4," Clements declared. "That's simply because the surplus will be frittered away every two years with the help of some lawmakers opposing Amendment No. 4, and we'll end up facing a water crisis down the road that people will demand we take care of, even if it does mean a tax increase."

The proposed amendment, backed by the governor, a two-thirds majority of the Legislature and a committee of prominent leaders throughout the state, would provide for three actions:

(1) Allow an increase in interest that can be paid from the current limit of 6 percent, now preventing sale of more than \$200 million in authorized and urgently needed state bonds, to a more realistic rate of 12 percent.

(2) Create a loan guaranty program which will enable local communities to issue water project bonds at a lower rate because of backing of credit by the State of Texas.

(3) Set aside one-half of the state's budget surplus every two years to create a priority "nest egg" fund to assist local governments in financing of water and sewage projects and pay for vital research programs.

YMCA Spook House Saturday

Finds 2 Guilty

Two men were found guilty in district court, Monday, clearing the docket of criminal cases carried over from the last session of the court which was devoted to civil cases.

Jessie Earl Bowen, 36, charged with unauthorized use of a motor vehicle, was sentenced to five years. The sentence was probated and a fine of \$600 was assessed plus any restitution required in the case.

George Zamora, 26, had his probation revoked for violation of probation requirements. Zamora had originally been convicted of burglary of a habitation and sentenced to five years. He was given a probated sentence.

With revocation of probation, Zamora must serve the original five-year sentence in the Texas Department of Corrections at Huntsville.

With these current major cases resolved in court, the Hansford County Sheriff's Department is presently involved only in the routine activities of law enforcement in the county and some investigative work also considered routine.

Harold Welch

Services Held

Memorial services were held at 2 P.M. Sunday in Gruver Cemetery for Harold W. Welch, 65, who died Friday. Rev. Tom Fuller, pastor of Gruver United Methodist Church, officiated. Arrangements were by Boxwell Brothers Funeral Home of Spearman.

Mr. Welch was born in Knox County and had lived in Gruver for 18 years. He was a retired mechanic.

Survivors include three sons, Don and Whitey, both of Stamford, and John of Tyler; three sisters, Dean Morrow and Ima Bohanon, both of Stamford, and Ruth Welch of Abilene; and seven grandchildren.

Halloween Carnival At Pringle-Morse

The Program Committee of the YMCA is sponsoring a Halloween Spook House on Saturday, October 31, from 7:00 -10:00 p.m. Admission is \$1.00. Only the bravest need come. Some of the most horrifying exhibits and "Creatures" have been rounded up for this once-a-year appearance. The experience, if your heart survives, will be one to talk about until the next Halloween.....

Social Security

A Mounds, Oklahoma man has been fined \$500 and ordered to repay more than \$2,200.00 to the Social Security Administration as a condition of his probation after receiving a suspended sentence for defrauding the agency.

According to Larry Mayo, Manager of the Pampa, Texas Social Security Branch Office, William B. Littlehead of RR 1 in Mounds pled guilty to charges of falsely claiming that he was a full-time student at Tulsa Junior College in order to receive social security benefits on the record of his deceased father. Sentence was imposed in Tulsa U.S. District Court under the Federal Youth Correction Act, Mr. Mayo said.

Social Security investigators are attacking program fraud on many fronts, Mr. Mayo said. Any money owed the government will be collected and those who falsely claim benefits will be prosecuted.

The SHS Choir will have their annual Fall Musical—"South Pacific"—Saturday, October 31, and Monday, November 2, beginning at 8 p.m. Tickets are \$3.50 for Adults; \$1.50 for Students; and \$1.00 for Children under 8 who are accompanied by their parents. Don't MISS the Musical.

Social Security workers frequently hear people make remarks to the effect that the Federal government has been unfair in its determination that a person is no longer disabled, or that the word of a "social security doctor" should not be taken over that of an individual's family doctor or treating specialist.

However, according to Larry Mayo, Branch Manager of the Pampa, Texas Social Security Branch Office, the Federal government does not make the initial medical determination as to whether an individual is disabled, or in the case of a scheduled review of a current beneficiary's case - whether he or she continues to meet the social security definition of being disabled. Mr. Mayo said that section 221 of the Social Security Act requires that, in any State which wishes to do so, the Secretary of Health and Human Services must make a contractual arrangement with that State to render determinations as to whether a person is or is not "under a disability", as that term is defined in the social security law. It is true, according to Mr. Mayo, that the State must follow certain standards and criteria set out by the Social Security Administration, and the intent of the law, in making determinations of disability (or continuance of disability) for SSA, but - those standards and criteria, or

"guidelines", notwithstanding, the States do have a fair amount of latitude in their decision making. By contracting with the States to make findings of disability for it, SSA follows the intent of Congress, as expressed when the law was first enacted, that the decision as to whether an individual is disabled should be made by persons who live in and are a part of the same State in which the claimant resides.

It is only if a person has his social security claim, for initial payment or continuance of payments, decided unfavorably to him, at both initial and first appeal levels of consideration, that a Federal employee enters into the decision making process, said Mr. Mayo. When a person has appealed an unfavorable decision to this level, a Federal (SSA) Administrative Law Judge "hears" his case and issues a determination based on evidence and testimony in the case.

Having both initial social security disability issues and questions as to whether a person's disability is still continuing decided by an agency of the State in which he lives keeps the decision "closer to home", or - other words - prevents a far removed Federal official from making findings of fact as to whether a person's condition meets the Federal social security definition of being disabled. The supporting role played by

the States in providing SSA with this service, on a contractual basis, has made for a continuing good relationship between Social Security Administration, the States, and disability claimants, said Mr. Mayo. It is a fine example of good intergovernmental cooperation.

Hightower Critical of Farm Bill

WASHINGTON—Congressman Jack Hightower (D-Vernon) expressed harsh criticism of the 1981 farm bill just passed in the House late yesterday evening. This legislation has been hotly debated in Congress for the past three weeks.

"Our problem," explained Hightower, "is that many people do not understand the reason, the philosophy, behind farm progress. Farm bills should be designed to assure an economic climate for agriculture that will make it possible for the farmer to continue to farm... This bill is a totally inadequate response to the very real crisis of our smaller farmers being squeezed out of business by low commodity prices, cheap foreign subsidized competition and the high cost of fertilizer, equipment and loan money."

Hightower went on to explain several reasons for the failure of Congress to pass a more favorable bill. "First, we have an educational problem. Too many of our non-farm-state congressmen lack an understanding of agricultural problems and they see all this as a struggle between the farmer and the consumer. It's not that at all. They're really on the same side," Hightower said. "If the small farmer goes under, we'll see first a concentration of production in the hands of a few agribusiness corporations, then we'll see food prices go up more and more steeply."

Speaking of his efforts, Hightower emphasized his belief that higher commodity loan rates than are in the bill would have enabled many farmers to survive longer financially. "We did everything we could to raise the loan rates on commodities—something that wouldn't have cost the taxpayers any money—and we could not get support from either the Administration or many of our urban congressmen. They just don't understand the problem despite years of our explanations," Hightower said.

The Congressman noted that farm-state representatives in Congress are heavily outnumbered by non-farm-oriented representatives, hence the difficulty in passing what Hightower called "solid, corrective legislation." The legislation now will go to a conference committee made up of members of the House and Senate before going on to the President for his signature or veto.

Attn.: Station Owners!

Among the nation's over one thousand television station owners there must be a few who can rise above average. One suspects that if just a few decided to improve the quality of viewing, a trend would start which would force others to follow suit.

For starters, the wise TV station owner might order that all commercials be aired at 15-minute intervals. That would mean a half hour program would be interrupted only once. That interruption, of course, could be called intermission. Some programs might run half an hour without interruption, with a longer mid-hour intermission. The same number of commercials could be aired, but they would be grouped together (with FCC approval).

On late-evening news programs, weather and sports should be included in the first few minutes. Then all those who had waited up until perhaps 11 p.m. for this needn't wait to see and hear all the grisly details about the latest nice old lady beheaded and sliced up for stew meat.

Owners should also tell their news hounds that every violent crime or outrage is not automatically the lead story each evening. Maybe something good also happened. Fancy that! Finally, owners should tell their news-commentators (partly entertainment people, partly newsmen, actually) that grinning chit-chat exchanges on every news program should, mercifully, be limited. The standard showmanship of shuffling papers might also be dispensed with.

New-Breed Newsmen

Martin Mayer, writing recently in *American Film*, believes there is a new breed of journalism rampant among television newsmen. He cites as the best example the sloppy, irresponsible reporting of TV newsmen when President Reagan was shot this spring.

Among the wild and inaccurate stories reported on TV that March day was the announcement (from all three networks) that James Brady was dead, that Reagan was undergoing open-heart surgery, that he

had not been shot, etc.

This was quite a contrast to the generally accurate and restrained reporting by newsmen after the late John F. Kennedy was shot in 1963. Only facts were reported as facts. Senior news commentators reassured the nation of the continuity of government.

The difference is that most TV newsmen in 1963 were ex-newspaper reporters, who had been trained to get things right, before setting words down in print, which would be carefully checked. But TV isn't checked, it isn't a permanent news record and standards are lower. Also, Mayer claims, and this is more dubious, the Nixon White House turned off many reporters with false statements, and made the media more skeptical, more prone to guess.

A certain influence on the lowering of standards was a 1964 Supreme Court decision (*New York Times* versus *Sullivan*) which loosened slander laws. This reduced most of the financial risk to news organizations for releasing incorrect stories.

As a result, everyone in the TV business today is all-out for a scoop, to get their face on the tube reporting a big story first. The result is hurried, sloppy and inaccurate reporting. This, combined with poor judgment on the part of many major news organizations, which release state secrets and print secret papers when they can steal them, has led to declining respect for the news media among the American people.

CARD OF THANKS

I would like to thank the people of Spearman for their help and guidance during an adverse time for my family. Many fine people gave so much of themselves to see that my mother was cared for. I feel most fortunate to have been raised in a community with so many loving people for friends. Thank you so much for all that you have done for us.
Sincerely
Bill Pettitt

Festive Foods Program

Lisa Seale, Home Economist with Southwestern Public Service in Amarillo, gave the Festive Foods program in Gruver.

A Festive Foods Program was held at the Golden Age Center in Gruver October 20 at 7 P.M. The program was given by Lisa Seale, Home Economist with Southwestern Public Service in Amarillo. Demonstrations were given on how to cook with microwave, conventional oven, electric skillet and how to use a food processor. The microwave oven was provided by Riley Bros. of Gruver. The program was enjoyed by 32 people from Gruver and Spearman.

Senator Bill Sarpalius Reports

TIME TO GO VOTE

AUSTIN -- Many have complained about the Texas Constitution -- about its length, complexity and frequent changes. It's not a perfect system. Despite its weaknesses, it also has its strengths. The greatest strength it has, we think, is its responsiveness to the voters -- to you. You have a chance to participate more in your state government than the citizens of nearly any other state. You have that chance on Tuesday, November 3, at the polls. We hope you take advantage of the chance you have. You will be voting on these seven amendments:
1. Bonding authority for cities and counties to encourage redevelopment of decaying areas, which would be known as "reinvestment zones" or "enterprise zones."
2. Good titles for people who bought land in good faith and have lived on it and paid taxes on it for 50 years or more.
3. A committee of high-level state officials to oversee the state's budget when the Legislature is not in session.
4. Dedication of half the state's surplus revenue to try to make sure Texas does not run out of water in the future. This is undoubtedly the most important issue in the election.
5. Exemption of livestock and poultry in the hands of the producer from property tax.
6. Local option exemption of up to 40% of the appraised value of homesteads.
7. Authorization for additional bonding authority for Veterans' Land Fund.
All of these amendments affect all Texans to one degree or another. One of them, Amendment No. 4, the Water Trust Fund, affects us in the Panhandle and the South Plains to a tremendous degree. We hope you all will vote for water for Texas -- there is no substitute for it.
November 3 is your chance to protect your interest in the government of this state. It is too important a chance to throw away.
We want to know what you think about how we could improve the government of Texas. Please write to Senator Bill Sarpalius, P. O. Box 12068, Austin, Texas 78711.

The Extension Homemakers Council will be having a Stew Luncheon Thursday, November 5th from 11:30 to 1:30 at the Extension Homemakers Clubroom. Tickets can be purchased from any homemaker. Tickets are \$4.00 for Adults and \$2.00 for Children 5 and under.

Linda Garcia Receives Scholarship

Linda Garcia, a 1981 graduate of Gruver High School, was the recipient of the county scholarship at the Farm Bureau convention last week. The scholarship is given to the student who has improved the most in their scholastic work in high school, and who has an interest in agriculture.

The scholarship is given by the Ladies Committee of the Farm Bureau each year to such a student.

The gift to Miss Garcia consisted of a World Book Encyclopedia, Thesaurus, dictionary and a devotional book.

Linda is presently a freshman at Frank Phillips College in Borger.

The Annual Pringle-Morse Halloween Carnival will be Oct. 29th in the Gym. The Cafeteria will be opened at 6 p.m., BUT the booths will open at 6:30 p.m. Everyone is welcome to attend.

Fly, Anyone?

Tiny airplanes called cloudbusters are the latest fad. They're likely to weigh only 200 pounds and have a motor about twice as powerful as a lawn mower.

The passenger--which may be you--sits in the open, over a three-wheel bicycle-like contraption, and flies like a bird--enthusiasts say. One builder even says they're for everyone, that anyone can fly them.

He also says one doesn't need a license for these ultralights, as they're also called, which are relatively cheap. They can hug along at about 45 m.p.h. for some four hours on four gallons of gas; kits are expected to cost \$5,000, or less.

However, falling from the sky from an ultralight means one hits mother earth with the same impact. Gravity is the same, even with cloudbusters.

Everyone Invited to Celebrate

You, your friends, your relatives are all invited to participate in the 80th Anniversary Celebration of the First United Methodist Church of Spearman on Saturday and Sunday, November 14 and 15, 1981.

Patty Shepherd is chairing the committee in charge of an exhibit to highlight historical, sentimental and important data reflecting the period from 1900-1981 which relates to the settlement of Old Hansford, early Spearman to the present. If you have documents, pictures and other treasures of this period give Patty a call or call the church as it can be included in the display of history.

J.B. Buchanan has drawn a schematic of Old Hansford as he remembers it, including the location of buildings and houses, etc. This will be available in duplicated form and blown up through transparen-

cies on an overhead projector. Also included will be an opportunity Sunday afternoon to visit the locale and see where people lived and did business at the turn of the century, before the time of Gruver and Spearman.

Receptions on Saturday and Sunday afternoons are planned for getting acquainted together with a covered dish luncheon on Sunday the 15th following a worship service in the morning.

A walk and talk through the years 1900-1981 will be presented in the sanctuary Saturday evening in capsules of history, humor and song.

The celebration will be a great opportunity to get to know some of the pioneers of Hansford County and their heirs. So, do plan to mark Saturday and Sunday, November 14 and 15, for a time to celebrate a piece of Hansford County history with friends.

Methodist Youth To Collect For UNICEF

Helping U.N.I.C.E.F. is a nice way to show love.

United Nations Children's Fund concerns itself with the essential needs and problems of children, primarily those in the developing world. Improving the conditions of children is complex work involving inter-related fields such as nutrition, health care and education.

UNICEF depends entirely on voluntary contributions to finance its work.

Of the 122 million children born during 1979, one in every ten is now dead. UNICEF is working to fight this statistic.

UNICEF's goal: Safe Water for All.

Facts: \$1.00 buys four clinical thermometers for a health center in Guatemala; \$5.00 stocks a pond in Bangladesh with baby fish for a potential protein supply for an entire village; \$8.00 buys a large chalkboard for a classroom in Kenya; \$22.00 provides a soil-and-water testing kit to insure that rural water supplies in Indonesia are safe for drinking.

There are two billion people living in the developing world. Three fifths of them have no clean water supply; three fourths have no kind of sanitary facility.

In the developing world, the burden of fetching water falls

on women and children. The trip may take up to six hours. For children, this means no time for school. For women, it means less time to care for home and family; no time for jobs or education and long, exhausting days carrying heavy loads.

It is estimated that most diseases, about 80% are water related. These diseases are caused by using impure water for drinking, cooking, and washing; by a lack of sanitary facilities; and by germs and insects that live in or near water. Most of these diseases no longer exist or are controllable in countries such as the U.S. But in the developing world, they can become killers. Ten million people die every year from water-related diseases.

The Youth of the First United Methodist Church will be collecting for UNICEF Saturday, October 31 during the afternoon hours. There will also be collection boxes at various places around town.

Please help us try to provide safe water for the children of the world.

The Annual Pringle-Morse Halloween Carnival will be Oct. 29th in the Gym. The Cafeteria will be open at 6 p.m., BUT the booths will open at 6:30 p.m. Everyone is welcome to attend.

Boys Flag Football News

The last week of boys flag football will be this Saturday, October 31. Three games will be played: 10:00 a.m. the Raiders and Longhorns will face off; at 11:00 the Wildcats and Chargers will compete; and at 12:00 a make-up game will be played with the Giants and Longhorns.

We would again like to thank the coaches and mothers who helped with the football and cheerleading program this fall. The coaches were Pat Tucker [Cowboys], Jeff Laird [Char-

gers], George Rex [Giants], Richard Melton [Longhorns], Kevin Slaten [Wildcats], Glenn Ray Mackle [Raiders]. Others who helped included Pete Vena, Larry Trosper, Rick Riggins, Ray Thomas, Davy Turner, Anthony Wilkerson and others. Cindy Schneider coordinated the cheerleading program and Girls' Power Puff Game. Richard Melton, Ray Thomas, Cindy Schneider and Kathy Beck also helped with the girls' game and coaching the teams. Thanks again.

The Extension Homemakers Council will be having a Stew Luncheon Thursday, November 5th from 11:30 to 1:30 at the Extension Homemakers Clubroom. Tickets can be purchased from any homemaker. Tickets are \$4.00 for Adults and \$2.00 for Children 5 and Under.

The SHS Choir will have their annual Fall Musical--"South Pacific"--Saturday, October 31, and Monday, November 2, beginning at 8 p.m. Tickets are \$3.50 for Adults; \$1.50 for Students; and \$1.00 for Children under 8 who are accompanied by their parents. Don't MISS the Musical.

LET'S KEEP THE WATER RUNNING IN TEXAS!

In cities and towns all across Texas, local water problems are threatening to erupt into one enormous statewide crisis. Countless communities are facing growing water supply, water treatment, sewage treatment and flood control problems estimated to cost a staggering \$50 billion over the next 25 years. To make matters worse, federal funds for water projects have recently been slashed.

But on November 3, Texans have the opportunity to adopt a plan, already passed by two-thirds of the Legislature, which would harness a portion of our state's budget surplus to help shoulder that heavy local burden.

The plan is proposed Constitutional Amendment No. 4.

Passage of Amendment No. 4 would:

- Make possible the sale of more than \$200 million in authorized and urgently needed state bonds to address a backlog of needed projects.
- Create a loan guaranty program to enable local communities to save millions of dollars in issuing future bonds.
- Begin to build a "nest egg" for the future from a part of the state's budget surplus to assist local governments in financing future water and sewage projects.

Texas' water needs *must* be met, either now or in the future. We can act now, and save money... or pay the higher price later for our neglect, with possible increased taxes. Sensible action now makes much more sense for Texas.

John Raitt To Sing

Concert Season Opens Saturday

The Tri-City Community Concert Association will begin its season at 8 p.m. Saturday, with the presentation of "An Evening with John Raitt", in Borger High School Auditorium.

The handsome baritone will sing top favorites from Broadway musicals and reminisce about his memorable show-business career.

The program is open to members of the Association only. Membership cards are to be presented for admission. Anyone who knows anything about musical comedy knows the name of John Raitt.

For more than 40 years, this

tall, handsome singing actor has entertained and delighted SRO audiences across the country with his superbly rich baritone voice.

As a veteran of such famous shows as "Oklahoma," "Carousel," "Annie Get Your Gun," "Pajama Game," "1776," "I Do! I Do!" and "Kismet" no one is better qualified to present a singing history of American musical comedy spiked with personal anecdotes.

Born in Santa Ana, Calif., John Raitt first began to sing at various Y.M.C.A., Kiwanis and Rotary Clubs and church functions.

A star athlete in high school,

he won a track scholarship to the University of Southern California and seemed destined for a career as physical education teacher and sports coach.

He continued to excel in sports after his transfer to the University of Redlands, and was hopeful of making Olympic history, but that dream was shattered when the Nazis bombed Helsinki in 1940.

The same year, however, Raitt got his first professional singing engagement in the Los Angeles Civic Light Opera production of "HMS Pinafore." His stunning performance in the company's

"Merry Widow" won him an MGM screen test and film contract, and subsequently he appeared in "Flight Command," "Billy the Kid" and "Ziegfeld Girl."

Concert tours and stage productions on the West Coast preceded the call from The Theater Guild to take over for Alfred Drake in the role of Curly in the national company of "Oklahoma." Extremely impressed with his work, Rodgers and Hammerstein decided to cast the handsome, virile baritone in the lead role of Billy Bigelow in their Broadway-bound "Carousel."

The crush that stormed the Majestic Theatre for the premiere of "Carousel" on the night of April 19, 1945 was the first new York audience John Raitt ever faced. He made musical theatre history.

Raitt emerged as one of the most notable male stars of the Broadway musical stage and his Billy Bigelow was voted the best performance of the year by an actor in a musical by the New York Drama Critics, the Theatre World and the Donaldson Awards Committees.

After "Carousel" he starred in three more musicals, "Magdalena," "Three Wishes for Jamie" and "Carnival in Flanders" before hitting another musical jackpot—"The Pajama Game." Raitt played the starring role of Sid Sorokin on Broadway in 1,060 performances and later costarred with Doris Day in the movie.

Over the years, U.S. audiences have thrilled to Raitt's performances both on Broadway and in national companies of these and other musicals, including "The Music Man," "Camelot," "Man of La Mancha," "A Joyful Noise," "On a Clear Day," "Zorba" and "Destry Rides Again."

In 1972, Raitt formed John Raitt Productions and

produced highly successful touring revivals of "Carousel," "Kiss Me Kate" and "Camelot," as well as a national company of the award-winning "Seesaw."

He returned to Broadway in 1975 to star in "A Musical Jubilee" and also starred in an original Bicentennial musical, "Sing, America, Sing" created for the Kennedy Center and PBS Television.

1976 found him again touring the United States as Charlie Anderson in "Shenandoah."

John Raitt has appeared on all the musical variety and talk shows, his own summer variety show for Chevrolet and the memorable live special of "Annie Get Your Gun" with Mary Martin and he has made numerous recordings for Decca, Capitol, Warner Brothers, RCA and Columbia.

John Raitt is extremely proud of his three children—Steve, Bonnie and David. Bonnie Raitt is the only one who has followed in her father's footsteps—a sensational guitarist with the Raitt voice, she is one of Warner Brothers' top female recording artists.

John Raitt remains an athlete and plays golf whenever possible. He is a favorite of several celebrity tournaments and always travels with his clubs.

Children Can Choke on Halloween Treats

Halloween brings ghosts, Goblins and, sometimes, real danger. The American Lung Association of Texas warns about one danger for children - the risk of choking on holiday treats, such as candy corn, hard candy and peanuts.

At Halloween, children go door-to-door "begging". Parents should insist youngsters bring the goodies home for inspection. For the youngest - two, three or even four years old - some of the candy can be divided or mashed before eating.

The chewing and swallowing muscles of young children may not be sufficiently developed to cope with certain treats. Choking can result. Halloween goodies also may "go down the wrong way," and lodge in the lung instead of the stomach. This is called aspiration. A "foreign object" of any kind in the lung can cause life-long problems. At times, surgery for removal is required.

The best warning is: Be sure children are old enough to chew and swallow correctly before trusting them with small, hard bits of food. Parents should always be on guard against "small objects" getting into the hands of children. Particularly those young enough to want to put everything into their mouths. Choking, blocked air passages, even aspiration of the lung can result.

Moreover, such items as eyes and buttons that might come loose from dolls, or wheels from toy cars. Set a good example. Don't put anything but food into your own mouth. Keep the coffee table clear of small objects a child might reach for... and ask your Lung Association for the leaflet: "Keep Your Child From Choking."

Write the American Lung Association of Texas, 7701 North Lamar Boulevard, Suite 104, Austin, Texas 78752-1088 or call (512) 458-2206.

ATTENTION, Story-Hour Moms!! The hours for Story-Hour HAVE been changed--All 3 year olds will meet from 10 to 10:30 a.m. - All 4 year olds will meet from 10:30 to 11 a.m. PLEASE, follow and abide by these NEW changes!!

T-Bird Ball Approaches

Saturday, November 14, will mark the date for the Second Annual T-Bird Ball, sponsored this year by the Sports and Recreation Committee of the Spearman Chamber of Commerce.

A majestic 1982 Ford Thunderbird will be the prize for the lucky couple whose ticket is drawn. The ball will begin at 7:00 p.m. at the new North Plains International Harvester building on the Gruver Highway. The dinner will be catered by Gary's of Amarillo, the music for dancing and listening will be by no other than Eloy and the Troubadors. The T-Bird Ball Committee will have the new showplace decorated in a western motif. The attire for the evening will be informal.

Proceeds from the event will go to the Hansford County YMCA. Tickets will be mailed shortly. Anyone who does not have a ticket purchased and wants to attend is asked to call Mike Schnell at the First State Bank in Spearman.

NEED

I am in search of a copy of an obituary or any information available of: Catherine L. James, born April 25, 1864, died January 25, 1935 in or near Spearman.

She was the wife of B.W. James of Spearman and my grandmother. I would appreciate any information, especially her birthplace and name of her parents.

If you have any information, please send it to Jean (James) Matheny, 540 Roma, Prescott, Ariz. 86301.

Thank you.

DPS Seeks Safe "Trick Or Treat"

NOTICE

The Panhandle Health Systems Agency will consider the adoption of proposed changes to its procedures and criteria for the review of Certificate of Need applications at 7:30 P.M. on Thursday, November 12, 1981 in the Main Auditorium of the Amarillo Hospital District Psychiatric Pavilion, 7201 Evans Street, Amarillo Medical Center Campus, Amarillo, Texas. Persons interested in obtaining a copy of the proposed revised procedures and criteria may do so by contacting Gordon Darrow, Panhandle Health Systems Agency, Suite 730 of the Amarillo Building, Third and Polk Street, P. O. Box 9257, Amarillo, Texas, 79105-9257, Telephone (806) 372-3381.

On Saturday, October 31, miniature monsters will invade the neighborhoods and the cry, "trick or treat," can be heard throughout the land.

Major C.W. Bell, Region 5 Commander for the Texas Department of Public Safety, said today, "Motorists and parents need to take precautions to protect children and prevent disasters this Halloween."

He suggests that small children be accompanied by older children or adults and trick or treating be confined to their own neighborhoods.

Major Bell also stated, "Costumes should be light in color, short enough to prevent tripping and non-inflammable. Fa-

cial makeup should be used instead of masks or hoods that restrict vision."

Children should be told to look in all directions before crossing streets and to walk, never run. A flashlight carried by the child can serve as a warning to motorists, and children should be instructed to use sidewalks when possible.

Motorists should use extra caution in residential areas and look for children crossing streets in a haphazard manner.

Major Bell stated, "If parents and motorists join together and think of children's safety, Halloween can be a safe and enjoyable evening for everyone."

JOHN RAITT ...to sing at 8 p.m. Saturday at Borger High School.

Persinger-Davis Vows Read

Mrs. Scott Davis

Debra Persinger became the bride of Scott Davis of Morse, October 3, 1981 at 7 P.M. at the Stinnett Methodist Church. John Decker, pastor, officiated.

Parents of the couple are Mrs. Edith Persinger, Oberlin, Kansas and Mr. and Mrs. Lynn Davis of Morse.

The double ring ceremony was read before an altar decorated with two tree candelabras and two large baskets of assorted flowers.

Organist was Annett McCloy of Morse and vocalist Betty Womble of Morse sang "The Lord's Prayer" and "The Wedding Song." The traditional wedding march was used for the processional and recessional.

The bride wore a formal gown of white organza over bridal taffeta. French imported Chantilly lace trimmed the high neckline, yoked empire bodice and bishop sleeves. Venice lace trimmed the sheer insert of the bodice with a matching lace tiered ruffled skirt, which fell into a chapel length train. The

waltz length veil of bridal illusion was edged with Chantilly lace and seed pearls, with medallions and matching lace enhancing the headpiece. She carried a nosegay of white and blue carnations.

Matron of honor was Gay Bowen of Spearman and bridesmaid was Susan Davis, sister of the groom of Morse. Bestman was Clay Reid of Morse and groomsmen was Tony Papay of Morse. Flowergirl was Brandy Urban of Morse and ringbearer was Chris Womble of Morse. Candelighters were Dewight Persinger, brother of the bride and Deanna Persinger, sister of the bride of Oberlin, Ks. Registering guests were Deana Womble of Morse and Chantel Robinson of Spearman. Ushers were Ron Womble and Gary Urban of Morse.

The bridal attendants wore evening length gowns of blue crepe with a sheer floral overblouse and carried nosegays of blue carnations and white daisies.

The bride's mother wore a

floor length pink crepe gown with a burgundy overblouse and a white corsage. The groom's mother wore a floor length three piece dress of mauve suede cloth and a white corsage.

The reception was held in the church parlor following the ceremony. Servers were cousins of the groom, Mrs. Randy Kirk of Spearman, Mrs. Gary Urban of Morse and Miss Laural Davis of Lubbock.

For the wedding trip to Red River, N.M. the bride chose a blue knit dress and white sandals.

The couple will make their home west of Morse where the groom is engaged in farming.

The bride is employed by the City of Spearman as Municipal Court Clerk. The groom is a graduate of Spearman High School.

Out of town guests included Mr. and Mrs. A. L. Blankenship, grandparents of the groom and Mr. and Mrs. Cleo Searcy of Amarillo; Mr. and Mrs. Pat Blankenship of Adrian; Miss Laural Davis of Lubbock; Mrs. Bernice Davis, grandmother of the groom and Mr. and Mrs. Richard Gallavan of Cortez, Colo.; Mrs. Edith Persinger, mother of the bride, Dewight and Deanna of Oberlin, Kansas and Mr. and Mrs. E.L. Persinger, grandparents of the bride from Atwood, Kansas.

Kentucky Wedding Unites Couple

Cynthia Ann Takacs and Steven Thane McCloy were united in marriage October 24th at 1:30 P.M. in the First Christian Church at Paintsville, Ky. The Rev. Terry Jones officiated.

The bride is the daughter of Joyce Takacs and Gabe Takacs, both of Paintsville. Parents of the groom are Mr. and Mrs. Thane McCloy of Morse.

Maid of honor was Holly Blackwell of Knoxville, Tenn. Bridal attendants were Mary Beth Haney of Paintsville, Bonnie McCloy of Lubbock and Kim Clements of St. Louis.

Best man was Rex McCloy of Morse. Groomsmen were Neil Phillips of Newcastle, Bill Waters of Dallas and Marty Takacs of Lexington, Ky.

The bride wore a gown of Chantilly lace and carried a bouquet of long stem red roses.

Hostesses for the reception were Mrs. Doris Ray, Mrs.

Marilyn Adams and Mrs. Tootie Van Hoose of Paintsville.

The couple will be at home at #3 West Drake, Webster Grove, Mo. after a wedding trip to New York and the New England area.

The bride attended the University of Tennessee, Knoxville, Tenn. and is a graduate of Barnes Hospital School of Nursing, St. Louis, Mo.

The groom is a graduate of Texas Tech University and Southwestern Medical School at the University of Texas at Arlington. He is presently in his second year of residency in internal medicine at Barnes Hospital, St. Louis, Mo.

Outdoor lighting:

Protection for your property.

You can't beat bright outdoor lighting for an added measure of security for your home or business property. Well lighted property is less subject to vandalism, and discourages unwanted intruders. And, well lighted walkways, stairways, loading docks and parking areas mean there's less chance of accidents. Leased floodlighting for businesses, and the Nite-Liter for homes, come on automatically at dusk, and turn off at dawn. Both give more light per watt than conventional incandescent lighting, so you save money. To get outdoor lighting for your home or business, just give us a call.

Our Heritage of Faith...

At Faith Lutheran Church, located at 11th and Bernice, Sunday School begins at 9:45 a.m. Worship is at 10:45 a.m.

This Sunday we observe ALL SAINTS DAY. We reflect on our roots in the faith. All the Saints from ancient to modern times are remembered, and God is thanked for them. We especially remember all those with whom we have lived in friendship and family with profound gratitude, for they lived the faith and preserved it for us. We rejoice with those who from their labors rest in the presence of God and all the blessed.

The sermon theme is: OUR INVITATION AND INHERITANCE. Matthew 22:1-14.

Our Sunday evening study of the Augsburg Confession begins at 6:30 o'clock.

A most hearty welcome awaits all visitors.

Drs. Lynn & Mary Ann Thompson Finish Residency

Apparently, it was love at first sight between Drs. Lynn and Mary Ruth Thompson and the people looking to Spearman's medical community for care - but the honeymoon was short-lived.

As a part of their residency program, the husband-and-wife team of physicians have been associated with Dr. David McClellan here and it seems all are for keeping a nail shined for their shingle to hang out here when they complete the rigorous residency program demanded of physicians who practice in the U.S.

Spearman could have a definite edge on their services in practice when they are ready, since Dr. Mary Ruth Thompson is a native of Borger. After graduating from Borger High School in 1971 and attending Frank Phillips College there, she took a Bachelor's degree in Micro-Biology from Texas Technological University, Lubbock.

At that point, she decided on the highest level of the healing arts -- the practice of medicine -- and qualified for the Texas University School of Medicine at Galveston.

It was there she met Lynn

Thompson. Sharing undergraduate work in biology and pursuit of careers as medical doctors, the couple decided to just share the rest of life.

They celebrated their third wedding anniversary in August of this year.

Dr. Thompson is a native of Mesquite and after graduating from high school there, earned a Bachelor's degree in Biology from the University of Texas at Arlington.

Residency is the process of gaining actual experience either in a hospital or in an associate practice with an established

doctor - as with Dr. McClellan here. Requirements for internship lie in the fields of Internal Medicine, Surgery, Obstetrics, Pediatrics and Gynecology - areas of chief demands made on the general practitioner or doctor of family medicine.

Such a program also helps the physicians in residency decide whether to specialize or opt for a general practice.

The Thompsons go from Spearman to Houston, where she will enter a Family Medicine residency and he will take his second rotation with Jefferson Davis Hospital, a charity

hospital dealing chiefly in obstetrics.

The Thompsons had decided on a practice in a small city and their stay in Spearman and their work with Dr. McClellan seems to have narrowed their choice.

Prior to his resignation, Mark Hardin, former Hansford Hospital administrator, had voiced the hope that Dr. Lynn and Dr. Mary Ruth would decide to join Dr. McClellan upon completion of their residency and that association would also practice at the Gruver Clinic, giving that city regular doctors rather than a one-day-a-week visit from

doctors with practices already established elsewhere.

Both sides of the coin look bright. The Thompsons leave Spearman most favorably impressed with the city, the hospital and its staff and Dr. McClellan, who they met through a mutual friend.

Meanwhile, Spearman folk take consolation in the departure of the Thompsons next month, knowing the residency program adds to their experience making them even more valuable when they return.

--Nobody is saying "if".

Buchanan Named Vice-Chairman

AUSTIN - Texas State Representative J.W. Buchanan of Dumas has been selected by House Speaker Bill Clayton to serve as vice-chairman of the Joint Committee on Rural Water Cooperatives.

This interim committee will be composed of members from the standing House Committees on Agriculture and Livestock and Natural Resources.

The purpose of this committee is to investigate the problems of funding, service, and financing of rural water cooperatives and to report its findings and to make recommendations to the 68th Legislature.

Rural water cooperatives are non-profit systems owned by their customers.

Specifically, the joint interim committee is asked to examine the advantages and disadvantages of changing the designa-

tion of rural water cooperatives to special utility districts.

Buchanan is serving his third term in the House of Representatives and is a member of the Committees on Natural Resources and Regions, Compacts, and Districts.

Clayton stated: "I am concerned that current and eminent federal budget cuts have resulted in long lists of customers waiting for water services."

"One possible advantage of redesignating utility districts is that they would be eligible for some state funding. This possibility and other aspects of the rural water cooperatives deserve a thorough review by this competent committee."

"Rep. Buchanan is concerned about the plight of rural water cooperatives. His dedication and interest will make him an excellent member of this committee."

Two Amendments Important To Farmers

WACO - The passage of two amendments important to Texas farmers and ranchers will be considered by voters on the November 3 election ballot, according to Carrol Chaloupka, Texas Farm Bureau president.

--Proposition 5 will include livestock and poultry with other farm products already exempt from property (ad valorem) taxation.

The passage of Proposition 5 is being sought because it corrects inequities in property taxation, Chaloupka said. Presently, the Texas Constitution reads: "farm products in the hands of the producer are exempt from all taxation..." However, in 1976, former Texas Attorney General John Hill ruled that livestock and poultry are not "farm products" and thus could be taxed.

"Passage of this amendment will eliminate the inequity caused by that decision," the Farm Bureau president said.

"Presently, only one-fourth of one percent of tax revenues are generated by livestock and poultry," he said, therefore, elimination of this tax would not

be a burden on school districts in lost revenue. Passage of Proposition 5 would assure fair, uniform tax treatment for all food producers across the state, he said.

--Proposition 4 is a constitutional amendment that will provide new methods of financing water development, conservation, quality and flood control projects within the state.

Under the provisions of Proposition 4, \$500 million will be pledged to guarantee locally-issued water project bonds, and the amendment will dedicate as much as half of the state's surplus revenue to the Water Assistance Fund.

"Passage of Proposition 4 will help local communities finance water supply, water treatment, sewage treatment and flood control projects on a sound, long-range basis that is most equitable to all parts of the state," said Chaloupka.

"We favor this amendment for the reason that Texas must face up to growing water problems now, and this plan gives us a sensible way to do that," he said.

Hospital News

Patients in Hansford Hospital are Will Douglas, Romie Stagg, W. E. Jones, Willard Patterson, Tammy Padron and son, Gwenfred Lackey, Vida Townsend, Terry Womble, Martha Haden, Beth Fox, Georgia Chevalier, Milton Brown and Mabel Edwards.

Dismissed were John Dossey, Penny Caison, Patricia Neel and son, Doris Kitchens, Tracy Crocker and Cheryl Hohertz and son.

Elevator Explosions Causes and Cures

AUSTIN - Causes and cures must be found for the alarming number of grain elevator explosions Texas has seen lately, Sen. Bill Sarpalius, chairman of the Senate Agriculture Subcommittee, said today.

That subcommittee will meet in Fort Worth Thursday to investigate the reasons behind the explosions, and try to find a way to stop them, Sarpalius said.

The panel also will study the state's grain elevator bonding system. Elevators are bonded to ensure that grain producers are paid for their product, Sarpalius said.

"We need to find out if elevator bonds give grain producers adequate protection, and to make sure there aren't any problems there, particularly with grain shortages. That's why we also will look at grain elevator bonding," Sarpalius said.

Members of the subcommittee are Sarpalius, Sen. John Wilson (D-La Grange) and Sen. Carlos Truan (D-Corpus Christi) plus ex-officio members Sen. E. L. Short (D-Tahoka) and Sen. J. E. "Buster" Brown (R-Lake Jackson).

The panel also plans to take

testimony about less-expensive ways to transport farm commodities and about the farm loan guarantee program, Sarpalius said.

"These two topics are very important to today's Texas," Sarpalius said. "Obviously, in these days of rising fuel costs and rising food costs, we need to find the cheapest way to transport our agricultural products."

"Nobody needs a reminder of how hard it is to buy real property these days. Buying real property for agricultural purposes, however, is an absolute necessity," Sarpalius said.

Sarpalius added that he expects several Metroplex-area legislators to attend the hearing, which is open to the public. The hearing will be at the Texas Electric Building, 2341 N. Main at 9 A.M. Thursday.

Attention-All PO Boxholders

NOTICE OF CANCELLATION of Special Requests for the Alternate Delivery of Special Delivery, Express Mail, Parcels, and Other Mail Matter.

The Postal Service has changed its regulations regarding the forwarding of mail to or from post office boxes. This change applies to you if your mail is addressed:

1. To a street address, which you will continue to use on your mail even though you have requested that all or part of your mail be PERMANENTLY delivered to a post office box or caller service number;
2. To a box or caller service number, which you will continue to use on your mail even though you have requested that all or part of your mail be PERMANENTLY delivered to a street address.

On September 25, 1980, the Postal Service announced a new policy, to be implemented on October 1, 1981, that discontinues the use of permanent requests for delivery to alternate locations. The new policy requires mail to be delivered only to the address shown immediately preceding the city, state, and ZIP Code. Because of increased costs, we can no longer honor permanent requests for all or part of the mail to be delivered to an alternate address.

Effective October 1, 1981, all permanent requests for mail delivery to any alternate location are canceled. A one-month transition period is provided to permit you to make any necessary delivery arrangements. Effective November 1, 1981, all mail will be delivered to the address immediately preceding the city and state.

Temporary forwarding orders from a current address will continue to be accepted. Forwarding orders for a permanent change to another address will also be accepted, but these will

expire after one year. We will still deliver your mail to whatever location you wish, so long as it is a proper delivery point and the desired location is shown in the place specified on the envelope for the address.

If either 1 or 2 above apply to you, and you have not yet advised your correspondents of the address (street or post office box number) where you wish to receive your mail, we recommend that you do so as soon as possible.

Please contact this office if you have any questions or problems concerning these changes.

If you desire that your mail be permanently delivered to a post office box or street address, please notify the Spearman, Texas Postmaster in writing. This exception will require the approval of the Sectional Center Manager.

First-Class Rates To Rise

The cost of mailing a First-Class letter will rise to 20-cents beginning Sunday, November 1 when new postage rates go into effect. Postmaster Robertson reminded customers today.

The 20-cent First Class rate and increases for other classes of mail, approved last month by the Governors of the Postal Service, take effect at 12:01 A.M. local time on November 1.

"However," Postmaster Robertson said, "customers should not wait until next month to make their stamp purchases. Now is the time to buy to avoid unnecessary lines once the new rates become effective."

A new "C" stamp is on sale at the Spearman post office now. The stamp bears the letter "C" instead of a denomination and has a postage value of 20 cents, the new rate for one ounce of First-Class domestic mail.

The brown and white stamp features an eagle with the legend "US Postage" beneath it. The letter "C" appears beside the eagle.

"THE 'C' Stamp cannot be used on international mail," Postmaster Robertson cautioned.

The "C" stamp is available in sheets, coils and booklets. Embossed stamped envelopes, bearing a "C" in lieu of the 20-cent denomination, also are on sale. A nondenominated postal card, also available, sells for 13 cents, the new postal card rate.

"Any remaining supply of 18-cent stamps that mailers have on hand may, of course, be used," Postmaster Robertson said, "as long as they are combined with one or two-cent stamps to meet the new First-Class rate."

An ample supply of these

4-H Aimed At Education

COLLEGE STATION--4-H, the youth development program of the Texas Agricultural Extension Service, Texas A&M University System, is aimed at educating young people.

"4-H can help youth between the ages of 9 and 19 develop intelligent behavior by providing them information or knowledge, a positive self-concept and an awareness of their social setting," points out Charles Gardner of Overton, 4-H and youth specialist with the Extension Service.

Without information or knowledge, a young person has no basis on which to act. But just learning a list of rules and facts will not satisfy personal or social needs.

Instead, an effective youth program focuses on relevant knowledge and the development of a knowledge-getting process.

"When a 4-H'er identifies what 4-H project he wants to do and how he wants to do it, he is learning how to learn," says Gardner.

"In any youth program, the interaction of a young person with an adult leader and other youth allows opportunities for praise, encouragement and rewards. And this kind of feedback can strongly influence the way a youth thinks about himself," believes Gardner.

Living in a social setting also leads to the development of intelligent behavior. A youth's behavior is motivated by his needs. For a newborn, physical needs such as food and comfort are a main concern. But the older a youth is, the more behavior will be motivated by acceptance from his peers.

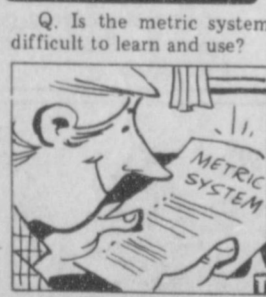

"As a youth learns through trial and error the kind of behavior that is expected of him, he also learns the acceptable values, beliefs and goals of society," says the specialist.

Through individual projects, group activities and adult volunteer leadership, the 4-H program attempts to help boys and girls acquire skills that will lead to self-directed and lifelong learning.

Youth interested in more information about the 4-H program should contact their local county Extension office.

METRIC MEASURES

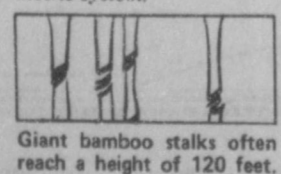

Helpful Information From The U.S. Metric Board

Q. Is the metric system difficult to learn and use?

A. There are only seven basic units in the metric system, compared to over 50 units in our current system. It is a decimal system, so the quantities of each unit are powers of 10. Calculations then become a simple process of moving the decimal point to the right or the left. The metric system has no dual-use terms, such as our current use of ounces for both weight and fluid measurement.

The U.S. Metric Board is a government agency which does planning, research and coordination in connection with voluntary usage of the metric system.

Doctor Talk

By Harold B. Ligon, M.D.

There's a condition we're seeing a lot of these days that relates to exercise, recreation, and sports. It's called lateral humeral epicondylitis. It involves the humerus bone (the upper arm); it occurs on the side of

the end of the upper arm; and it's an inflammatory process. Another name for this condition is "tennis elbow".

The official definition of tennis elbow is "a strain of the lateral forearm muscles near their origin on the lateral epicondyle of the humerus."

Strangely enough, the cause is not from overworking the elbow--rather, stressful wrist action brings it on! When there is strenuous and

repetitive "out-turning" of the wrist against a resistant force--or when the wrist is extended vigorously while turned in, the muscles in the forearm just below the epicondyle of the humerus (the elbow area) are strained and pulled--and a disabling and crippling misery can occur.

Tennis elbow, naturally, can occur with other activity. I've seen it in craftsmen, carpenters, housewives, etc., who do a lot of screwdriving

and wringing and woodwork finishing. The same insulting action of the wrist sets this up.

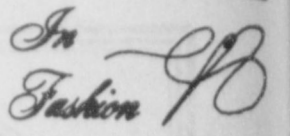

Despite the debility this condition causes, it's not serious. However, tennis elbow can last 2-4 weeks--and sometimes longer, if re-insulted.

Generally, the best treatment is rest and support. A tight support just below the elbow effectively splints the muscle group and protects the area. Sometimes your

physician can inject the soft tissue in the area of strain with novocaine or hydrocortisone with beneficial results--but practically stubborn or recurrent cases even require surgery!

---Still, time is the best medicine!

The reason most men work is that when labor ceases the pay-check falters.

The body-hugging sheath is an early fall favorite. This colorful sweater-knit fabric is seen in one and two-piece outfits.

Delightful Ways For The Wise

Ideas To Help You Get More Fun Out Of Life

Up at 6:00 a.m., pop into the shower at 6:15, sitting down for a good breakfast at 6:45 and out the door at seven, ready for another exciting day. If this sounds like your clockwork morning schedule, you already know that every minute counts. You also probably know a shower takes less time than a bath. But, did you know about these helpful showering tips from the Personal Care Division of Northern Laboratories, Inc.?

1) Before entering the shower, adjust the water temperature from lukewarm to warm for entry, then stand for a minute or so with eyes closed, allowing the shower spray to cascade over the body.

2) Alternate a face-up position to receive the refreshing waterfall full face with a head bent stance so the force of the shower spray plays on muscles at the base of the neck. Then rock gently from side to side, leaning forward so that the shower spray's force massages and relaxes tight shoulder muscles.

3) To relieve aches and pains from overworked or overexercised muscles, focus the shower head directly on the area. The warm water will loosen those tense, taut muscles.

4) Following this warm-up period, apply Shower of Capri Liquid Shower Soap to a natural sea sponge or washcloth. The natural sea sponge stimulates circulation; and when used with this new mild gel it not only cleans your skin, but leaves it smoother and healthier looking.

5) Be sure to pay special attention when scrubbing elbows, knees and heels to slough off the top layer of dried skin cells. Shower of Capri's mild cleansing properties will aid in gently softening your skin as you wash.

6) Water temperature at this point depends upon the way you want to feel. Cold water is an energizer. If you are having trouble getting up in the morning, step into a cold shower and gradually make it cooler. End with an invigorating ice-cold spray to ensure wide-open eyes, an awake body. If what you need, however, is a quick shock to relieve tiredness and exhaustion to gear up for an evening out, take a three-minute cool shower. (NOTE: Cardiac patients should always avoid extreme temperature changes.)

7) If you are showering before bed, maintain the luke warm water temperature throughout your showering procedure. It is best to avoid waking your body up if you plan to go to sleep. In fact a luke warm shower with its psychological as well as cleansing effects is thought to be among the best natural sleeping aids—recommended as being better than a bath where the physical act of climbing out of a warm tub is apt to stimulate and wake up both body and senses.

8) While in the shower, you can wash your hair as well as your body. And, if you use a creme rinse or conditioner that must remain on your head for a few minutes, why not shave legs and underarms before rinsing? Water-softened hair is much easier to shave.

9) Always use sufficient water to rinse away any traces of soap. And, use warm water during cleansing; cold water does not rinse soap as well.

10) When drying off, the best towels to use are enormous, enveloping, thick, and with a good blotting surface. But, unless you want to relax and sleep immediately after showering, it's better to rub than to blot, because rubbing stirs up the circulation.

11) Moisturize! While still semi-damp, trap all that water you have soaked up by using a moisturizer—to stay smoother longer.

12) Showering is more economical and hygienic than bathing. You don't use as much water, and Shower of Capri Liquid Shower Soap usually lasts longer than most bar soaps. In addition, according to the American Medical Association, showers are not as drying to your skin as bathing is. Avoid too frequent bathing, especially in winter; this can cause your skin to become dry, red and irritated.

QUICK QUIZ

How much do you know about the advanced engineering of today's motorcycles?

1. Turbocharging is (a) a new type of credit (b) a racing technique (c) a method which combines fuel efficiency of a small motor with the power of an engine twice its size?

2. Fuel injection means (a) putting gas in the tank (b) a more efficient method of feeding fuel into the engine (c) a new type of carburetor?

ANSWERS: 1. (c) Turbocharging is a method in which exhaust gases from the engine turn a turbine, which spins a compressor, forcing more fuel-air mixture into the cylinders, resulting in greater mileage, power and efficiency. 2. (b) Fuel injection eliminates the need for a carburetor by injecting fuel directly into the engine's intake tract. The Honda CX500 TURBO, for example, is the first motorcycle with a digital computerized fuel injection system.

NOVEMBER Birthdays

If you or a loved one were born in November, you share your birthday with these famous people:

November 2: Daniel Boone, frontiersman, explorer and Indian fighter, was born on this day in 1734.

November 13: Was the birthday of Robert Louis Stevenson, celebrated author of *Treasure Island*, born on this day in 1850.

November 22: On this day in 1819, George Eliot (real name Mary Ann Evans), author of *Silas Marner*, was born.

November 24: Was the birthday of Zachary Taylor, twelfth president of the United States, born on this day in 1784.

These famous birthdays were researched for the importers of Johnnie Walker Red, whose people have created a "greeting card" gift that provides gift-givers with a gift and a greeting card in one. Now you can give a bottle of scotch and a pictorial birthday card at no extra cost.

Halloween

Halloween has its origin among the Druids centuries before the Christian era, and from the Roman festival of Pomona. Later, the church adopted the day as a special one, and the name is of Christian origin, referring to the eve of All Hallows Day.

Druid customs were so firmly entrenched that, although the Romans outlawed their observances in both Britain and Ireland during their occupation, many of the observances survived to this day. Halloween is one.

To the Druids, October 31 was the end of the year; thus the festival. The Druids also believed this was the time good souls of the dead went into animals, especially the cat. They believed punishment of the wicked could be lightened by gifts and prayers.

In the United States the day has come to be associated with young people, who gather in goodies in trick or treat calls—a vast improvement over the mischief and destruction of former years.

The 31st is also Protestant Reformation Day, dating from Martin Luther's rejection in 1517 of the church's teaching that one could buy indulgences for both the living and dead.

There are currently respected voices in financial circles arguing that the only long-term cure for inflation in this country is reconnecting the dollar with gold.

More than a decade ago former President Nixon closed the gold window. Gold was rapidly draining from U.S. stocks as confidence in the dollar wavered. Recent tight money policies by the Carter and Reagan administrations have strengthened the dollar. But inflation remains very high. So, too, do interest rates.

Those arguing for a program to peg the dollar to gold say this will stabilize the long-term monetary outlook, and inevitably bring down both interest rates and inflation.

Of course, the old peg of \$35 for an ounce of gold is far and away obsolete, with gold today selling for over \$400 an ounce. And whether gold is really stable or not is a good question. Its price has soared to over \$800 and then backed down to half that value in two years.

Thus the question is whether gold—the hedge of Frenchmen traditionally, and, of late, Arab leaders, and many others, is likely to be a stabilizing influence. It would seem unlikely until conditions in the Middle East become more stable. For this and other reasons the dollar probably won't soon be pegged to gold. The U.S. dollar and the federal economy have not likely been sufficiently strengthened to take such a gamble at this time.

The Elections Commission

There's growing sentiment in Washington and elsewhere to either abolish or reform the Federal Election Commission. The impetus behind some of this sentiment is a six-year battle by the National Right To Work Committee and the commission.

A U.S. Appeals Court recently ruled unanimously in favor of the private committee. But what organization in this country has the money and patience to fight a six-year court battle to enable it to establish a political action committee?

During this battle the FEC showed unmistakable prejudice. It failed to respond, in 1975, to a request by the private committee for a ruling in the reasonable amount of time mandated by its own statute. The commission was chaired by one who had been a special counsel to the AFL-CIO for twenty years. Everyone knows the adversary relationship between organized labor leaders and the Right-To-Work Committee.

Other than this latest example, there have been additional instances in which FEC action has been controversial. A court termed one ruling "perverse" and the commission has been strangely unmovable on complaints against organized unions, such as the National Education Association, which was illegally taking money from teachers' paychecks and using the funds for political purposes. This was finally stopped, but only after another privately-financed court struggle.

Again, in 1978, a court order was necessary to get the FEC to act against the AFL-CIO, involving a union dues scandal. Then the huge union was assessed only a token \$10,000 fine—for channeling \$312,000 from its general treasury into a political fund. As with the Labor Relations Board, the political clout of unions has been such, especially in Democrat administrations, that they have been able to get their own people appointed to the regulatory commissions. And neither the FEC nor the labor relations board has been even-handed.

Comment On Sports

BASEBALL *****

By Pete Fritchle

WASHINGTON, D. C. -- The Major League playoffs and post-strike games in general, reflected the damage done to the sport by the players' strike. Attendance at playoff games in the past was always a full-house affair.

Not so this year. In various host cities the stadiums were not filled—even for playoffs! That shows some fans are still disgusted with players, who though averaging almost \$150,000 in salary for nine months' work, struck.

The playoffs also showed again the need for instant TV replays—for use by a supervisory umpire in the stands. There were at least a dozen clearly missed calls, sometimes more than one in a game. The outcome of several games was changed by these errors.

The Annual Pringle-Morse Halloween Carnival will be Oct. 29th in the Gym. The Cafeteria will be opened at 6 p.m., BUT the booths will open at 6:30 p.m. Everyone is welcome to attend.

How long will it take Bowie Kuhn and baseball's owners to see the light? The only way to take advantage of today's technology, and make umpiring as fair and accurate as possible, is through use of a TV camera by the umpires.

Long ago baseball's hierarchy decided to let sports writers be official scorers. So there's precedent for letting network TV cameras be used by an umpire for review of calls. If the call is merely questionable, it could stand. If it was obviously an error—and umpires are humans and make them—it could be reversed on the spot, within a minute.

Because this would require an extra, supervisory umpire in the stands, even the umpires should like the idea.

In the Senate Foreign Relations Committee vote on selling aircraft to Saudi Arabia, a sale the U.S. Government says is vital to the interest of the U.S., the only Republican to oppose President Reagan was Jewish Senator Rudy Boschwitz. The sale is opposed by Israel.

The vote was 9-8, opposed. One recalls a few years back the positions of Florida's Jewish senator—who to some appeared more interested in Israeli foreign policy than in U.S. foreign policy. He was defeated last year.

Can Jewish Americans separate their religious emotions from the American interests? Is this too much to ask or expect? That's a legitimate question.

The Woman With The Facts!

Deloris Montgomery

The All Savers Certificate is now available for 1981 and 1982. Best tax free insured investment on the market today.

This certificate, named because of the low minimum balance requirement (\$500.00), assures that the tax exempt interest will be enjoyed by the greatest number of savers. This is a one-time, total lifetime exemption of interest income per individual regardless of the number of certificates purchased. Any interest earned on the All Savers Certificate up to \$1,000 for single taxpayers and \$2,000 for joint returns is completely tax free. Interest earned, up to these limits, is exempt from Federal Income Tax in the year in which it is earned. The yield is fixed for the entire year, and the certificate is insured by the FSLIC.

By government regulation a significant proportion of new savings must be invested in residential and agricultural loans. Thus, your investment in an All Savers Certificate will ensure a healthy housing market and benefit the farming community.

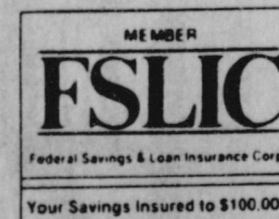

If you are interested in obtaining additional information regarding the All Savers Certificate, please come by our office for the facts. Now you can save money, earn interest, save taxes and earn green stamps too, at Homestead Savings and Loan, since 1919.
