Winners To Be Announced

The winners of the First YARD OF THE MONTH and BUSINESS OF THE MONTH will be announced on JUNE 15, according to Dr. Doug Steger, Chairman of the Community Development Committee of the Spearman Chamber of Commerce.

The Clean-Up Campaign will continue through September. The Clubs that do the most work will be awarded prizes as follows: First \$400, Second \$200, Third \$100. The town will be divided into five districts. A map will show you how it is divided. The first winners will be chosen and a sign will be put up in their yard. When the campaign ends in September, they will choose one yard overall as the Most Improved and one business as the Most Improved and they will both be awarded \$150.

Awarded Sportsmanship Trophy Boxers Compete At Junior Olympics

Three members of the Spearman Boxing Club, Temp Sheppard, Will Black and Edward Mayfield, along with their coaches, Monte Black and Eugene Yarbrough went to Andrews to the West Texas Junior Olympics Boxing Championship.

Friday night Temp Sheppard boxed Martin Baldwin of Big Springs in the Junior Division 71 - 75 lbs. and was defeated.

Will Black boxed Marcos Garza of Big Springs in the 71 - 75 Intermediate Division and won the bout.

Saturday night Edward Mayfield boxed Kelly Cornejo from Andrews in the 75 lb. Junior Division and was defeated.

Will Black boxed Eddie Perez from Lubbock in the 75 lb. Intermediate Division and won the bout, and then boxed Joey Chaurraria of Odessa and was defeated in the finals by a 1 point count.

Will won 2nd place in his Division. Edward was 4th in his Division and Temp was 8th in his Division.

The Spearman boys brought home the Sportsmanship Trophy.

Tractor Safety Course

There will be a tractor safety certification course for 4-H boys and girls conducted at the county barn beginning at 9:30 a.m., Friday.

This is NOT a course teaching how to drive a tractor.

It is for boys and girls who already know how--who are operating these machines--to learn basic, vital safety regulations.

Lamaze Classes Planned

Lamaze classes for prospective parents will be held July 6 thru August 10, and October 5 thru Nov. 9 at 7:30 to 9:30 p.m. at the Gruver Library. Persons interested in the classes may contact Melanie Zimmer, R.N., 733-2889.

Lamaze prepared childbirth offers prospective parents a way to experience the miracle of birth with dignity and confidence, and gives them the chance to share their baby's first moments of life together.

The method provides physical and mental skills for coping with the discomforts of labor and delivery. The key is relaxation. It does not guarantee a painless childbirth, nor does it prohibit the use of medication or anesthesia when necessary.

Classes for the prospective mother and father (or supportive person) are taught in a weekly series during the last trimester of pregnancy. The class meets one night a week in the evenings for six weeks at the Gruver Library.

The fee for classes is normally paid directly to the instructor. \$30.00 is payable by cash or check in advance or the first night of the class.

Sketches Needed Volume 2 On Sale

Hansford County History Book Volume 2 are still on sale. You may purchase the second volume of the book from Sylvia Robertson, 515 S. Archer, Spearman, or from Ada Joyce Stedje, Gruver, at the Gruver Drug Store, Hansford Library and Station-master's Museum.

The cost of the book is \$46.20 including tax or \$49.20 if you desire to have the book mailed to you or mailed to someone else as a gift.

Also the book committee is asking for sketches from Hansford County artists for the different sections of the book: family stories, tributes and memorials, organizations, ad pages and picture pages.

If local artists will be as generous for this book as they were for Volume 1, the committee spokesman stated that they will use all the sketches they

To be named to the Dean's List a student must complete 15 semester hours with a grade point average of 3.0 or higher.

Texas Wheat Industry Unites Behind Promotion Plan

Grain elevator operators throughout the State of Texas will be deducting 1/2 cent per bushel from all farmer deliveries of wheat beginning with the 1982 harvest. The voluntary "Implied Consent" amassed funds will be expended at the direction of the initiating organizations to strengthen the market demand, price and producers income for all classes of wheat in the State, according to a joint announcement made by Presidents of supporting organizations: Carol Chaloupka, Dalhart, Texas Farm Bureau; Mike Moeller, Austin, Texas Farmers Union; Wiley Tabor, Quanah, Texas Wheat Producers Association; and W.H. (Diz) Ansel, Rosenberg, Texas Grain and Feed Association. The new "Texas Wheat Promotion Plan" will be administered by the farmer-elected Texas Wheat Producers Board, through its professional and technical staff headquartered in Amarillo, according to W.R. Moore, Jr., Munday, TWPB Chairman.

The dynamic change in wheat production and marketing within the State make such a bold self-help effort mandatory if any semblance of profit is to be maintainable, the Ag-leaders say. They point to the fact that just ten years ago, in 1971, Texas ranked sixteenth among the states in production with only 31 million bushels. In 1981 it had leaped to third place nationally with 183 million bushels. During the same time, the acres planted in Texas jumped from 3.5 to 7.8 million while the harvested acres leaped from 1.6 to 6.6 million. This dynamic change in wheat production upped the producers' value of the crop and their spending power in taxes, goods, services and production inputs from \$70 million to over \$700 million. Even though during the same period, the farm price of wheat increased 172%, the big disappointment to farmers throughout the State is that demand has not been strong enough to overcome the increased production costs and strengthen farm prices to a profitable level.

Wheat production and marketing has also been dynamic in its shift within the State. In

1971, 85% of all wheat in Texas was produced outside that former traditional area. Wheat use in the United States during the past ten years, and in the foreseeable future, has been static in action and virtually unchanging. All the dynamics in wheat production—putting idle acres back into production, absorbing increased yields from research and technical advances, expansion into new areas, and all the price increase from \$1.34 per bushel since 1971—has been made possible by increased exports. U.S. wheat exports go not only to big customers like Japan, China, the Soviet Union and Mexico—but to over 90 countries throughout the world. Exports reduce carryover stocks and help strengthen farm prices.

Wheat producers nationally work for export expansion through their boards and commissions with self-assessment programs ranging from 1/2 cent to 2 cents per bushel in the individual states. Their efforts are channeled through one producer-supported organization—U.S. Wheat Associates. It

maintains a Washington, D.C. headquarters and twelve overseas offices administering ongoing programs and activities throughout the world wheat markets. The traditional 34-county wheat area of Texas, acting through the Texas Wheat Producers Board, has been a partial supporting member of U.S. Wheat Associates for ten years and is closely identified with the export expansion that has taken place—600 million bu. to 1.75 billion bu. between 1971-82. "Increased support of U.S. Wheat Associates export market development, disease and insect control, transportation studies, and other activities that might enhance the value of wheat production and marketing in the State are the kind of projects that will be recommended to the directors of the Texas Wheat Promotion Plan", according to Bill Nelson, Ama-

rillo, Executive President and Administrator of TWPB. "The current rust and powdery mildew outbreak in the East and Central areas, the continuing greenbug, mite and worm pro-

blems in the Rolling Plains and the state-wide freight rate study already being considered, are examples of immediate needs in enhancing wheat profit potential," Nelson pointed out. "The level of and extent to which these can be carried out will depend on the level of interest and support of the producers and the elevator operators in making this state-wide effort of 1/2 cent per bushel voluntary program effective in generating funds." The joint announcement of the organizations Presidents indicated. It was also pointed out that while individual member-developed policies support this unified voluntary self-help program, this joint effort in no way affects the separate approaches to other farm policy issues of these groups.

Posters will be placed by the Texas Grain and Feed Association at each wheat receiving location in the State indicating that the 1/2 cent deduction will be made unless producers request exemption prior to settlement. Procedures in the 34-county traditional wheat area operating under provisions of

the Texas Commodity Referendum Law since 1971 will not be affected by the new program, other than have the assurance that now producers in the remainder of the State will have an opportunity to participate.

Greenbug Situation

Greenbugs are causing problems in some seedling sorghum. Greenbug damage on seedling grain sorghum is occurring throughout much of the Central Panhandle. Producers in Hansford County need to check their sorghum now, for seedling sorghum is very susceptible to greenbug damage. Damage symptoms with greenbugs present is considered the economic threshold.

"SUPERSTUFF"

Asthma is the most common chronic disease of childhood. Over 60,000 children in Texas suffer from asthma, and the disease is responsible for over 25% of all school absenteeism.

The American Lung Association of Texas, which has worked since 1907 to help Texans fight chronic lung diseases, has now announced a new program to help children control their asthma. It's called "SUPERSTUFF".

SUPERSTUFF is an 86 page educational and self-help kit designed to help children control their asthma, to build self-esteem, to lead as near normal lives as possible.

SUPERSTUFF is innovative because it not only teaches young persons about asthma, helping them to relax and control their disease, but it offers great fun and humor for asthmatic children ages 7-14.

Among the SUPERSTUFF contents are: a T-shirt iron-on; a

mobile; stickers; a paper doll with costumes; puzzles; funny rhymes and riddles; a mystery story about a haunted house; a poster and many other items that teach about asthma.

Along with that is a musical record, "Ease Up," which helps children relax and breathe right; interviews with parents; answers to questions about asthma, and a 16 page "news magazine" for parents that is chock full of information on how grownups can help children with asthma.

A \$10 contribution is requested from recipients of SUPERSTUFF to cover the cost of printing. To order just contact the American Lung Association of Texas, 7701 North Lamar, Suite 104, Austin, Texas 78752-1088.

Now, with the aid of SUPERSTUFF, many young Texans will have the opportunity to control their disease...by helping themselves.

BONUS FOR JOHN DEERE BUYERS

Buyers of new John Deere tractors during June will receive bonuses of up to \$12,900, according to a plan announced today by Mike Cudd of Hansford Implement Co. in the form of John Deere money he will accept as payment for implements, parts, service, or other dealer charges.

He said this bonus will be paid in addition to other discounts he is offering.

"With commodity prices low and interest rates high, farmers are finding it difficult to purchase new equipment," Mike Cudd said. "This new John Deere bonus is our effort to help farmers needing new tractors to obtain them."

Options in the plan allow new tractor buyers to receive the maximum bonus for cash purchase, leasing new tractors from Deere, or financing through the John Deere Credit Company. In exchange for somewhat smaller bonuses, buyers may finance their tractor purchases through the John Deere Credit Company with a waiver of finance charges until Jan. 1, 1983.

Maximum bonuses on individual models of tractors range from \$1,400 for a John Deere 2040 tractor to \$12,900 for a John Deere 8850 4-wheel-drive tractor.

Cheerleaders Camp Set At PSU

Panhandle State University is continuing to accept registrations for the 1982 National Cheerleaders Association Superstar Spirit Camp. The week long event is scheduled for June 21-25 on the PSU Campus in Goodwell, Oklahoma. Reservations have already been received from many high schools who have previously attended. Several new squads have also made application.

The philosophy of the NCA is to provide training and insights into the total picture of spirit-leading, which includes group morale and squad unity. The NCA cheerleading clinic staff challenge each squad to attain a deeper level of intersquad communication, encourage the setting of goals, and demonstrate the importance of intersquad relationships and leadership.

At the PSU summer clinic, the NCA will also conduct a Sponsor Workshop Program where sponsors can learn and participate. This program covers many important areas of sponsor contribution and guidance.

The National Cheerleaders Association is the oldest and largest spirit organization. They offer the most exciting and professional program for spirit squads.

Camp participants will be housed in air-conditioned Holter Hall. All meals will be served in the university cafeteria.

Additional information and enrollment materials can be obtained by writing NCA Spirit Camp, Panhandle State University, P.O. Box 430, Goodwell, Oklahoma 73939 or by calling Candi Kelly in the PSU Admissions Office (405) 349-2611 EXT 274.

Dogie Days counting down to Thursday

Dumas Noon Lions are counting off the days and are working up to the 1982 Dumas Dogie Days that will have its annual 3-day run here June 10-12.

Active preparation for the event began late last week for the 200-plus member civic organization with such sizeable details as preparing 6,000 pounds of choice beef for a Thursday barbecue feed and mid-way stands for games that will line the McDade Park midway.

"We'll be ready," declares Dogie Days chief wrangler Jim Sadler, who is ramrodding the 1982 event. "We're counting on having one of the biggest and best Dogie Days ever."

The town celebration will be held in McDade Park, complete with a carnival midway, games, a parade, the annual Dogie Days Gallop and western dances - all in addition to the noon barbecue feed.

Preparations will center about the east side of the Dumas city park, along Durrett Avenue between Fourteenth and Sixteenth streets.

The Last Straw
The enraged tenant called his landlord and shouted: "The walls of the house are bulging more each day. Just what are you going to do about it?"

"Hm-m-m," came from the landlord. "As I see it you're getting more cubic feet for the same rent. I'll have to raise you accordingly."

June Weddings

VACATION BIBLE SCHOOL
Vacation Bible School begins Monday, June 7, from 9 to 11 a.m. and continues thru Friday, June 11, for 4 local churches. The age categories are: 2 year old thru 5 years will meet at the First United Methodist Church; Kindergarten thru 4th grade will meet at the First Christian Church and 5th and 6th grades at the First Presbyterian Church. Also helping at the 3 churches are members of the Faith Fellowship Church.

Come follow Jesus and have a wonderful week!!!

Many may not know it, but May was formerly considered an unlucky month for marriage. June became the month of marriages because of the superstition concerning May.

When June arrived, a backlog of engaged couples had been created, thus producing a bumper crop of marriages in June. And thus June is--for the merchant--a month to sell wedding gifts.

One of the things that kills time in life is the necessity to beat around the bush and not come outite and call a spade a spade.

Women Begin Season

The Women's League Softball Season got underway this past Monday, June 7. Three excellent games were played, the one at the east of the Y Field was something else!! The game between the Junior Lusby Cats and A&L Printing was also a very good and close game. There is one head of warning to all Pitchers--watch out for Holt and Stavlo. They have a pretty "mean" right hander that can "disable" a pitcher near the last of a game!! While J&J Enterprises has a special effect of their own--go thru the smallest holes!! As far as getting a preview of all the teams, I really can't, for not all games were watched, but one.

One of the 7:00 p.m. games was held at the Jaycee ballpark, between A&L Printing and Junior Lusby Cats. Both teams have new faces, both teams remembers what kind of rival they have had, and both teams plan on going after each other. Last year, A&L went after Jr. Lusby's Championship Title, they won it from them near the last. This year it seems that Jr. Lusby is "stalking" A&L, because in this very first game of the season, Jr. Lusby won the game--19 to 10. This being the first game and all, kinda showed the fans looking on that these two teams are ready for all the other teams to come along and try to bust their "bubble". A&L Printing will play First State Bank at the east of the Y Field this coming Monday, June 14. This will be a good game indeed.

The other 7 p.m. game was held at the east of the Y field. These were two new sponsors--Holt & Stavlo and J&J Enterprises. It was a close game all the way thru unto the end. Holt & Stavlo, last year, used to be known as Busters Dusters--just about 3 or 4 new players, while J&J Enterprises--last year sponsored by Speartex Grain, has 6 to 7 new players. Both teams did a great job. The game had high intensity, Holt & Stavlo had some rooters, J&J Enterprises had a whole side of the stands full. The final score was 11 to 10 in favor of Holt & Stavlo. Both teams now know how each plays--J&J had 1 practice and I believe that Holt & Stavlo only had 2. J&J Enterprise will go up against Sports Tally next Monday, June 14, at the Jaycee Ballpark. The game will begin at 7 p.m.--if there are some umpires there!! Holt & Stavlo will take on the newly formed Sororities team. The game will be played at 8:30 p.m. at the Jaycee Ballpark. The team to have off on Monday, June 14, will be the Junior Lusby Cats.

If ya'll don't feel like watching anything on TV, go on out to the ballparks and check out all the Softball to Tee Ball actions, believe me there is alot of action at all times, if a Pitcher isn't getting killed, then it's the Catcher, or any other player--like the outfielders and the infielders also!!

A 4-H tractor Operator Program will be held at the County Barn Friday, June 11th, beginning at 9:30 and lasting ALL day. Don't forget!!

Adult Horsemanship Camp Set

Made to Order might be used to describe the Adult Horsemanship Camp to be held at the W.T.S.U. Horse Center the week of June 21. A variety of horse care, management, training and Western and English riding activities have been planned for the week long workshop. Instructor Gary Marble indicates that the participants will be able to concentrate their efforts on skills they need most for their work with horses or for success in showing, training, or just enjoying horses. Some of the more unique lessons that "campers" may want to practice include loading horses into the trailer, backing trailers, catching the devious horse, etc.

Spearman Pumas Ganan

Las Spearman Pumas de futbol soccer, les juegaron a los Ondurenillos de Sur America y les ganaron. El dia estaba bien caliente, muy caliente. Las Pumas andavan jugando muy bien, y los Ondurenillos no podian a ser nada.

En la primer parte, Benito Vargas asistio a Jose Luis Moreno en hacer un gol. Ellos dos son estrellas. Otras estrellas son Isabel Vargas, Sergio Vargas, Pedro Vargas, Jose Vargas, Andres Vargas, Arturo Vargas, Juan Jose Vargas, Manuel Ortiz, Herminio Martinez, Ruben Gomez tambien jugo en el juego.

Los Ondurenillos todavia no podian a ser nada. Jose Vargas asistio a Sergio Vargas a ser un gol. Era un buen juego. Ya era 2 a 0, en favor de las Pumas de Spearman.

Coach Juan Avila todavia no a decido quien ya ser el otro "victime" de las Spearman Pumas. Todavia no a vido un equipo que les puede ganar.

Prizes To Be Awarded

Dr. Doug Steger, Chairman of the Clean-up Campaign in Spearman released the following to the Clubs and Organizations of Spearman. The name of the campaign is "Put a Shine On Spearman", given to the Chamber of Commerce by Adrian Blackburn.

The clean up campaign will be from May thru September. The Clubs that do the most work will be awarded prizes as follows:

- FIRST--\$400.00
- SECOND--200.00
- THIRD--100.00

The town will be divided into five districts. Each month the Clean Up Committee will choose a Most Improved Residence and a Most Improved Business for that month. When the campaign ends in September, they will choose one yard overall as the Most Improved and one business as the Most Improved and they will both be awarded \$150.00.

As the days continue to get warmer, we can expect more electrical clouds and storms. Do you remember the lightning count? Does it really tell you how far away the lightning bolt was?

When you see a bolt of lightning and do not hear thunder, begin a second count and note the number of seconds until you hear the thunder. Divide this number by five and you have the distance of the lightning.

This is an infallible rule and is based on the knowledge that sound travels only a fifth of a mile per second. Therefore it takes five seconds for the sound to travel a mile, even though you immediately see the flash, even at some distance.

Lightning seen in the west is most dangerous (it is in the northern temperature zone) for it is probably heading toward you.

New Drug Available For Arthritis

A new once-a-day drug treatment of osteoarthritis and rheumatoid arthritis is now available by prescription in the United States. According to research scientists, laboratory data indicate that this drug limits the joint destruction caused by induced arthritis in animals.

The drug, benoxaprofen, was developed by Eli Lilly and Company and is being sold under the brand name Oraflex.

In the United States, Oraflex has undergone clinical studies involving more than 2,200 arthritic patients and has been shown to be very effective in reducing symptoms of rheumatoid arthritis and osteoarthritis—two of the most severe forms of the disease, according to Ian Shedden, M.D., vice president of Lilly Research Laboratories.

Laboratory studies conducted with the drug indicate that benoxaprofen appears to have different activity from that of other drugs in its class. These

studies have indicated that benoxaprofen inhibits the migration of certain inflammatory white cells (monocytes-macrophages) in the bloodstream to the sites of inflammation.

Medical researchers have confirmed that these cells play a key role in chronic inflammation. Disordered Action of monocytes is believed to be among the major causes of bone and joint destruction involved in arthritis.

In animal studies, benoxaprofen has been shown to suppress bone damage and to arrest the development of arthritis. Preliminary evidence also suggests that the disease process may be retarded in human patients given Oraflex. To investigate these findings further, Lilly has recently undertaken one of the most extensive long-term studies of rheumatoid arthritis ever conducted by a pharmaceutical company. More than 70 centers will be involved in a three-year study of 1,600

rheumatoid arthritic patients.

Edward J. Goetzl, M.D., associate professor of medicine, department of rheumatology and immunology, at Harvard Medical School, asserts that the drug is different from other commonly prescribed arthritis drugs currently available.

"Of all of the drugs called nonsteroidal anti-inflammatory agents that we studied, the only one that has any effect on the monocyte cell, at nontoxic dosage levels, is Oraflex."

Medical experts are quick to point out that one yet knows what causes arthritis and there still is no cure for this disease. Over 31 million Americans are afflicted with some type of arthritis, the most serious forms of which cause deformity and crippling.

Introduction of the drug in this country follows 15 years of research in the field of arthritis by Lilly. Oraflex has been tested in clinical trials in a number of countries and is currently avail-

able by prescription in the United Kingdom, Denmark, West Germany, Spain and South Africa.

It has been shown to be effective and generally is well tolerated. Clinical trials indicate that Oraflex produces fewer serious gastrointestinal side effects in most patients than does aspirin.

All of the drugs used for the treatment of arthritis have side effects in some patients and Oraflex is no exception. Some patients treated with Oraflex have experienced sun-related side effects involving the skin or nails exposed to sunlight. Such reactions are avoidable and reversible and, with good management, seldom interfere with treatment.

The usual recommended dosage of Oraflex is one 600-mg tablet daily. In elderly, debilitated patients, in whom renal function is often decreased, therapy should be initiated using one-half to two-thirds of the usual dose.

Comments Needed For Wheat Program

Secretary of Agriculture John R. Block has asked the public to comment on provisions of the 1983 wheat program, details of which must be announced by August 15.

Block also said he wanted comments on what method the U.S. Department of Agriculture should use to determine crop acreage bases not only for wheat but also for feed grains, cotton and rice.

"Whatever methodology we settle on for the wheat program likely will be used for other program crops," Block said. "For this reason, it is important that we hear from all segments of U.S. agriculture on this subject."

The deadline for comment is June 24.

A crop acreage base is the number of acres of a crop from which a farmer must reduce plantings if an acreage reduction program is in effect. For example, a farmer with a 100-acre wheat base could plant no more than 85 acres of wheat if a 15 percent acreage reduction program is in effect.

Farmers who grew several program crops—such as corn, wheat and cotton—would have an acreage base established for each crop.

Block said he plans to announce the 1983 wheat program well in advance of the August 15 statutory deadline. He said he will study the public's recommendations and the most current data on U.S. and world crop conditions production and consumption before he makes final decisions.

Specifically, comments are requested on:

- the loan and purchase prices, the target price and national program
- whether USDA should est-

ablish an acreage reduction or a set-aside program and, if so, the percentage of acreage adjustment.

- whether USDA should establish a voluntary acreage reduction and, if so, the level of such a reduction.
- provisions governing allowance of haying, grazing and conservation usage of set-aside acreage.
- a land diversion program and payment for land diversion.
- offsetting compliance requirements for an acreage reduction program.
- methods for determining 1983 crop acreage bases.

Block also asked for comments on provisions for a farmer-owned reserve, commodity eligibility, premium and discounts, the establishment of county loan rates and all other provisions necessary to carry out a loan and purchase program for wheat.

Comments should be sent to: director, analysis division, USDA-ASCS, room 3741-S, P.O. box 2415, Washington, D.C. 20013.

Comments will be available for public inspection in that room during regular business hours.

Men's Softball Games Set

The Men's Softball games set for Thursday, June 10 are as follows:

The 7:00 p.m. games—one being at the Jaycee Field and the other at the east of the Y field. The game at the Jaycee Field—the big field—will be between the new and improving team of Hergert up against Agco—the improving and experienced team. The game to be played at the east of the Y field will be between Crawford Ford and Hi Plains—two good teams also.

The 8:30 p.m. game at the Jaycee Field will be between the Super Service, "Green Machine" and the Union Church team. Tico will then take on North Plains at the east of the Y field at 8:30 p.m.—both these teams are good also.

So the team to have the night off will be Baker & Taylor, they are undefeated up to June 3. Each team has been improving as they go along in the season.

Pumas Win, 2 - 0

Well, the Spearman Pumas did it again!! They seem to get psyched up for a game, especially when they know the "other" team is really good. The game was played at Sparks Field, here in Spearman, with lots of local people supporting their local Soccer team. The team is known as "Ondurenlos de Sur America". They are a very tough team, but after the Spearman Pumas finished with them, they felt "un-experienced"!!

The Pumas' coach, Juan Avila and his assistant, Mr. Gomez, both felt that the Pumas played "terifico"—just terrific. There were a few tempers that "flared", but Coach Avila would run out on the field and take some nice cold water to stop the tempers from flaring.

Both teams were strong, with the hot, dry, parching sunbeams just "knawing" away at the guys' bodies, the game was going by very fast. Both teams were very quick under the hot rays for the sun.

In the first half of the game, the Pumas were driving, Benito Vargas—one of the stars for the Pumas, assisted Jose Luis Moreno, another star of the Pumas, into making a goal. The score was 1-0, Pumas ahead. The first half ended the same way.

Others that have made the Pumas as "stainless" with no losses are Manuel Ortiz, Sergio Vargas, Jose "Pedrito" Vargas, Juan Jose Vargas, Herminio Martinez, Isabel Vargas, Pedro Vargas, Adres Vargas, Arturo Vargas, Mark Avila, new comers, Rusty and Ronald-Mark's classmates from an Amarillo College he is attending. Ruben Gomez also entered in the game and did O.K.

The second half, everyone expected for the Ondurenlos de Sur America to come back with vigor and readiness to win. But they could not get into their control game, and still couldn't score. The Goalie in the first half was Sergio Vargas and the goalie in the second half was Pedro Vargas.

One good combination in the first half was Benito and Luis, in the second half, there was another good combination—Jose Vargas and Sergio Vargas, Jose assisting and Sergio scoring the goal. The score was now 2-0, and the Pumas had to be on the Defense, not being too cautious or that could be the end of the Pumas' Reign. Well, the Spearman Pumas kept their pace up, they blocked when they had to, kept their tempers—at least 96% of the Pumas did. Their game plan worked all the way and the fast and quick, short and stout opponents, wore away.

So far there isn't any news as to what other team the Spearman Pumas will meet, but they are ready, I guarantee it.

THRIFT INSTITUTION

Short-term financial aid for the nation's struggling thrift institutions must be coupled with expanded operating authority if it is to do anything more than delay the industry's ultimate liquidation, federal regulators warned recently.

SENATE ON HOUSING

The Senate almost certainly will approve a housing-subsidy program designed to start construction of 400,000 new homes this year despite President Reagan's opposition, Senate Majority Leader Howard Baker said recently.

Dolores Vela and Jose Luis Moreno were united in marriage, at the Sacred Heart Catholic Church of Spearman, May 28, 1982. Father Raymond Crosier officiated at the Double Ring Ceremony. Parents of the bride are Mr.

and Mrs. Guillermo Vela of Spearman. Parents of the groom are Mr. and Mrs. Jesus Moreno of Guadalajara, Mexico. The bride was given in marriage by her father, Guillermo Vela.

The bride wore a formal gown of white organza over bridal taffeta. Chantilly lace and seed pearls trimmed the waisted bodice. The gown was fashioned with a Queen Ann neckline with laced full bishop sleeves and a full silhouette skirt of

three tiered ruffles which fell into a chapel length train trimmed with matching lace. A matching hat featured a chiffon veil with a bow at the back. Her bouquet was made of crystal flowers-making it beautiful. The bride also wore the traditional, "something old, something new, something borrowed and something blue." For the "something old", the bride had on her diamond necklace, given to her by Jose Luis Moreno, as an engagement present, "something borrowed" was a Garter she borrowed from her eldest sister, Barbara (Vela) Reza, "something new" was the new Wedding Dress and "something blue" was the baby blue ribbon on the garter.

Evelyn Thiele of Gruver played the organ-playing the traditional, "Wedding March" and the "Our Father", during communion.

The Maid of Honor was Leticia Vela, sister of the bride. The Bridesmaids were Ciria Vela, sister of the bride, Rocio Rosales, niece of the groom, Lily Reyes and Bertha Espinosa. The Bridesmaids wore a baby blue floor length dress with a shawl. The Maid of Honor wore a baby blue sun dress. Each carried a blue carnation with baby's breath and each wore a tiaras of blue and white in their hair.

The Best Man was Juan Jose Vargas, cousin of the groom. Groomsmen were Martin Vela, cousin of the bride, Herminio Martinez, Hugo Villa and Roy Vela, cousin of the bride. They--the Groomsmen--all wore nice suits. The Best Man wore a Blue Tuxedo with a white carnation boutonniere. The groom wore a White Tuxedo with a white carnation boutonniere.

The Ushers were Teddy Vela, brother of the bride, and Ruben Gomez.

The Reception was held at the

Parish Hall of the Catholic Church. The food was catered by the women of the Altar Society.

The photographers for the ceremony were Stacey Thomas and her mom, Mrs. Jim Thomas.

The wedding cake was a 3-layer cake with a fountain.

After the reception, everyone traveled to Gruver for the "Traditional Mexican Dance After a Wedding." The band was "Los Aces Del Norte" of Dalhart. The Dance was held at the Golden Age Center in Gruver. The dance began at 8 p.m. and lasted until 12.

Out-of-town guests were Mr. and Mrs. Dean Paul, Mr. and Mrs. Ramon Vela, Jr. and Family--all of Perryton, Mrs. Margaret Thompson, Mr. and Mrs. Hector Hermosillo and son, Jose and Aidina Garcia--all of Farnsworth and Mr. and Mrs. Ray Garza and family of Waka.

The couple will reside in Spearman.

flowers.

Attendants wore dresses of a semi-fitted camisole bodice, long flared skirts with hem line ruffles of blue with demi white dots and short jackets with ruffles outlining the bodice of the material. The flower girl wore a short full ruffled dress accented with white lace on the bodice and puffed sleeves of the same material as the attendants. The attendants carried bouquets styled similar to the brides of white daisies, roses and blue cornflowers, with yellow accents.

The brides dress was an empire waist formal gown of sheer dotted English net over batiste, with a high lace neck and sheer full sleeves that gathered at the wrist with a lace ruffle. The over skirt fell into a chapel train from the back waist and was edged in re-embroidered lace. The veil was free flowing of bridal illusion trimmed in lace with floral design. Her bouquet was a colonial style of white daisies, roses and stephanotis entwined with English ivy and satin streamers of yellow and white.

The brides mother wore a formal length gown of blue chiffon with a corsage of white daisies and cornflower.

The groom's mother also in formal length aqua chiffon and a corsage of daisies and cornflowers.

Something old was a blue topaz necklace; something new was her dress; something borrowed was the veil from Mrs. Teresa Creswell; something blue was the garter made for her by her aunt, Mrs. Dick Fincham of Meade, Kansas. The sixpence was put in her shoe by her father.

The groom was dressed in a silver gray tuxedo and bow tie. His boutonniere was from the brides bouquet.

The guest register was attended by Mrs. Greg Wilson (sister-in-law of the bride).

Wedding programs were given by Melissa Friesen (cousin of the bride) Perryton. Melissa also carried the basket of wheat given to guests as the couple left the church.

The bride's table was laid with a white linen cloth and appointments of a cut glass punch bowl and serving pieces of "depression glass" from the brides mothers collection. A three tiered white cake with frosting flowers of the brides colors and

topped with two porcelain angels. White daisy shaped mints were made by the mother of the bride. Serving were Miss Kamala Ford and Miss Margaret Reed of Spearman.

The groom's table was covered with a candlelight linen cloth with lace inserts over blue and a bouquet of baby carnations and petite flowers in off white and light cinnamon. The chocolate cake with chocolate frosting was decorated in gold to form a double wedding ring with the couple's names and wedding date. Miss Carla Tucker of Perryton served.

Benjamin Fiskus and Boston Ferns set the background for the brides table in the reception hall of floral bouquets sitting at random.

Hostesses for the reception were Mdmes. Charles Cudd, O.E. Drake, B.J. Turner and Bob Schooling.

Since the return from their wedding trip the couple is residing north of Perryton. He is employed by C&R Hot Oil Service.

A rehearsal dinner was given by the grooms parents Mr. &

Mrs. Roger Bocox and assisted by Mr. & Mrs. Allie Wood, Mr. & Mrs. Bud Hammonds all of Perryton. It was held at the Waka School cafeteria following the rehearsal. The food was served buffet style to the bridal couple, their parents, members of the wedding party and special guests. The tables were decorated by Mrs. Dick Fincham with hurricane lamps in the chosen colors of the bride.

Special guests were; grand-parents of the bride: Mr. & Mrs. John Allen of Spearman and Mr. & Mrs. Floyd Harmon of Cheyenne, Okla.

Out of town guests were; Mrs. Donald Reynolds, Mrs. Ethel Lucas, Crawford, Okla., Mr. & Mrs. Dick Fincham, Meade, Ks., Mr. & Mrs. Don Rapp, Randy, Kathleen and Anita of Guyton, Okla., Mr. & Mrs. Floyd Harmon, Cheyenne, Okla., Mr. & Mrs. Greg Wilson, Wichita Falls, Tx., Mr. & Mrs. Lyndel Schiffner, Bridget and Sammy, Liberal, Ks., Mr. Terry Wilson, Springfield, Ore., Mr. & Mrs. Todd Kohart, Miss Micah Moss, Miss Amanda Moss all of Meade, Ks.

Bruno Gaskamp, Pastor

Nancy Justin Wilson of Waka, Texas, and Harold Duane Ridgeway of Perryton, Texas were united in marriage May 22 at 2 p.m. at the Waka Church of the Brethren by the Bro. Herb Thomas in a Double Ring Ceremony.

Parents of the couple are Mr. and Mrs. David L. Wilson of Waka and Mr. and Mrs. Roger Bocox of Perryton.

The church was decorated with the archway entwined with greenery, baskets of flowers and potted plants of natural

greenery. The aisle markers of white macrame love knots on a background of greenery with blue bows and satin bells were made for the occasion by Mrs. O.E. Drake.

The prelude music was presented by Mrs. Audrey Leighnor as was the processional and recessional. Miss Micah Moss (cousin of bride) of Meade, Kansas was accompanied by her sister Mrs. Misti Kohart also of Meade, sang "Endless Love" before the ceremony. During the ceremony "Through

the Eyes of Love" also "God", "A Woman and A Man" were performed by Mr. & Mrs. Roy Wiebe of Perryton.

Matron of Honor was Mrs. Gwenna Schiffner (sister of bride) of Liberal, Kansas. Bridesmaids were Melanie Kenney of Spearman and Mrs. Teresa Creswell of Perryton. Flower girl was Bridget Schiffner (niece of the bride).

Best man was James Ridgeway (brother of the groom). Groomsman were Roger Bocox (brother of the groom) and Brent Crewell. Ushers were Ricky Stiles and Brent Creswell all of Perryton. They wore silver gray tuxedos and bow ties, the boutonniere were blue corn-

For broadleaf weeds in corn, reach for Banvel Herbicide.

Banvel® Herbicide is ready to work when you are against pigweed, smartweed, cocklebur and dozens of other broadleaf weeds.

If you prefer a tank mix, Banvel® Herbicide provides excellent control along with other popular herbicides for corn: Atrazine, Lasso, Roundup, Bladex, Dual, Prowl and 2,4-D.

For maximum control, choose the Banvel Herbicide overlay treatment. Lay down your grass herbicide as usual. Then, any time from pre-emergence until corn is 5-inches high, lay down up to a pint of Banvel Herbicide to catch broadleaf weeds at their weakest — as seedlings.

You'll get better control, the earlier you spray, but you can still depend on Banvel Herbicide if the weather keeps you out of the fields early on. Use ½ pint for broadleaf weed control in corn up to 24" — when it's too late for many other herbicides. Plus, Banvel Herbicide catches a

broader spectrum of broadleaf weeds than either 2,4-D or Atrazine without worries about carryover.

For dependable, flexible broadleaf weed control in your corn, ask your ag chem dealer about the Banvel Herbicide program that's best for your operation.

In Memoriam

WHERE IS HE NOW?

Shad Layne Sager was born in Beaver, Oklahoma, June 20, 1971 to Larry and Mary Ellen Sager. He departed this life on June 3, 1982 near the family ranch at Balko, Oklahoma.

Mary Ellen presented Larry with a very special gift on Father's Day 1971—his first son. They named the infant Shad. As the boy grew and developed his personality he was sometimes affectionately called by his nickname "Shradrach".

"Shradrach" was a beautiful toddler with a manner of speech that drew smiles and laughter from strangers and friends.

Shad experienced the joys of childhood with many happy hours of fishing, hunting, camping, playing sports, celebrating holidays, working on 4-H projects, helping his mother and father with routine chores and boyish play. He received much love and gave much love.

Shad had accepted the Lord as his Savior and was a member of the Balko Baptist Church. He was active in Royal Ambassadors, Bible Drill, and other church activities.

Shad left some beautiful memories with his parents, Larry and Mary Ellen Sager; his sister Annette and brother Nathan; his paternal grandparents Mr. and Mrs. Delbert Sager, Balko; Maternal grandparents Mr. and Mrs. Robert Novak, Spearman, Texas; Maternal-great-grandparents Mr. and Mrs. W.V. Hull, Spearman, Texas; Aunts and Uncles John and Retha Regnier, Balko; David and Paula Sager, Balko; Perry and Sharan Sheets, San Antonio, Texas; Monty and Patricia Gabriel, Windsor, Colorado; Bob and Verna Novak, Stephenville, Texas; and a host of other relatives and friends.

Where is he now? I think I know.
He's playing where soft breezes blow.
Eternal Sonlight upon his face,
Forever secure in the Father's grace.

Where is he now? This child of earth.
He's living in the land of new birth.
Eternal youth, everlasting peace,
All his fears forever ceased.

Where is he now? We'll miss him so.
But it is needful we let him go.
Remember his voice, his laugh, his smile;
And rejoice we had him this little while.

Where is he now? He is with God.
His body we'll place beneath earth's sod.
He'll claim it when he needs it again,
Gloriously cleansed from every stain.

Where is he now? I'm sure I know.
He's playing where soft breezes blow.
I hear him singing from heavenly pages
Along with children of all the ages:

I'm home now; I'm free now;
I'm where I want to be now.

Do not mourn me any lost years;
I would not come back to that vale of tears.
For I have seen the other side
Of the door called death which opened wide,
And as I passed through He took my hand
To lead me safely into His land.
The Light grew bright; shadows faded away.
There was no night, only endless day.
Things which seemed, in flesh so real,
Now in spirit, lost their appeal.
Perfect fulfillment, His Presence I share,
Love is mine now, and peace beyond compare.
Of all the joys I've ever known,
The greatest is this: Jesus has called me home.

I'm home now; I'm free now;
I'm where I was meant to be now.

WELCOME TO FIRST PLACE

First Place is the expansion and remodeling project for First National Bank. Architects for the project are Lee and Associates of Denver. General Contractor is Cornerstone Builders of Greeley, Colorado. Interior Designers are Claus Heppner and Associates of Denver. When completed in September, it will be the finest banking house in the northeast Texas Panhandle area. As you can see, the design, craftsmanship and quality of materials going into the building are exceptionally high. The Architects have given openness and height to the bank starting with the spacious, angular entry plaza, and going up into the high skylights and open staircase. The Designers have used Red Oak, Chestnut Brown brick, tinted glass and leather-textured wall coverings to present warmth and richness.

IT'S OUR 75TH ANNIVERSARY

The Preview of First Place is a fitting and proud way to celebrate the 75th Anniversary of First National Bank. Over these dozens of years, FNB has developed a heritage of strength and a tradition of caring for its customers and friends. Some important events in bank history were:

- 1907- On June 7, the bank was chartered as the First National Bank of Ochiltree, Texas
- 1909- The Ochiltree National Bank (another bank in the town) was consolidated into FNB
- 1919- The "new" city of Perryton was created, and First National Bank moved its building to Perryton, onto the present site of Corner Drug
- 1924- First National acquired the assets of Farmers' and Stockmans' State Bank of Perryton. FNB moved across the street to its former location at 200 Main.
- 1931- Carl Ellis became bank President and guided the bank through difficult years for the economy. It was the position he served until 1970.
- 1957- FNB celebrated its Golden Anniversary with a barbecue dinner for 3800 persons on June 4.

- 1963- The bank built a major new building on its present site, opened a modern drive-up facility, and established the first Trust Department north of the Canadian River, among national banks.
- 1970- Drew Ellis came to FNB and served as its President.
- 1975- Board Chairman Ellis and Board of Directors selected John T. Cluck to be the President and Chief Executive Officer.
- 1980- A six-lane MotorBank and full-service Mini-Bank convenience center were opened.
- 1981- The Perryton Office Supply building was purchased in order to expand FNB and construction began on First Place.

TAKE PART IN OUR SUMMER PLANS

The 75th Birthday and Preview are the opening for a summer-long series of FNB-sponsored events. The international tour group, UP WITH PEOPLE, appears during Wheatheart Celebration with First National Bank as special sponsor. The paid performance will be Saturday night, August 21, at Perryton High School Auditorium.

The Grand Opening for First Place, when the entire project is completed, is planned for early September. It will be a week-long happening with special evening parties.

PROUD THINGS HAPPEN IN A PROUD COMMUNITY

First Place is being constructed for a simple, important reason — to deliver banking services in a quality manner, in a first-class business environment, with a highly competent staff. The growth and profitability of First National Bank are a direct result of the confidence that customers place here. First National pledges to provide strong, aggressive banking to this community and to all other people in the area. That way we'll keep proud things happening for everybody.

The Spearman Reporter, The Hansford Plainsman, and The Gruver Statesman join in congratulating the first place, First National Bank, Perryton, Texas, serving the entire panhandle area.

A Day In June

One of the most significant events in the history of the western world is observed on the 15th, Magna Carta Day. On the 15th in 1215, the knights and barons of England forced the King to sign a document containing forty-eight demands.

This event is important to all who believe in democracy for it was the foundation stone on which most of the liberties of people have been built in the centuries since-in the western countries. Actually, King Henry had agreed to many of the provisions of Magna Carta in 1100 but subsequent kings disregarded his policy. Only when King John, a hundred and fifteen years later, was forced to sign Magna Carta did these freedoms become firmly established.

It's true, of course, that Magna Carta demands were primarily demands concerning the rights of the upper class. But also included in the concessions were far-reaching guarantees of liberty and rights for all.

After this, it was more than five hundred years before the American Declaration of Independence more firmly established individual rights. All free people, in whatever country, owe much to those who won their demands in 1215.

A 4-H Tractor Operator Program will be held at the County Barn Friday, June 11th, starting at 9:30 and lasting ALL day.

FOOTBALL *****

By Pete Fritchie

WASHINGTON, D. C. Will a new football league, playing in spring, attract fans in the necessary numbers? That's what the new league being formed-to begin play next year-believes.

Backers of the idea say football can be played as conveniently in spring as in fall and winter--after the National Football League winds up its schedule with playoff and Super Bowl games.

There's a lull-for some-in sports in February and March. But basketball, hockey and other indoor sports take up the slack. Baseball, of course, begins in April (exhibitions in March). So where can more pro football fit into the picture?

It may push in if there are good teams and a

well-balanced league. But in some households, when January's Super Bowl is over, there's a collective sigh of relief. Dad becomes available to members of the family again on Sunday.

Another two or three months of televised football may be stretching the season. Football exhibitions begin at the end of summer, and that means NFL play extends from August to mid-January. Yet--football is the most exciting of televised sports and today, TV is where the money is.

Another league might go--with play in April, May and June. If it doesn't, new-team owners will have a nice tax loss; it wouldn't be the first pro football league that failed in recent years.

In Fashion

Men's shirts and ties boast variety of colors and fabrics. There's a revival of the double-breasted suit and vests continue their appeal.

Flattery is one way some people pave the walkway of life, but it often costs more than it's worth.

Interest On Land Bank Loans Increase

Interest rates on all Land Bank variable rate loans will be increased to 11-1/2 percent on farm loans and 12 percent on rural residence and farm-related business loans, said Robert R. Williams, Jr., president of the High Plains Federal Land Bank Association of Pampa. Those rates become effective June 1, 1982. According to Land Bank President Thomas H. Benson, "Marketing conditions have

prompted the Bank, with full cognizance of the problems facing agriculture, to recommend the increase." "Refunding maturing bonds having a face rate ranging from 6.65 percent to 8.70 percent, with new ones in the 14 percent range continuing to cause obvious pressure on the Bank's earnings," Benson said. The High Plains Federal Land Bank Association of Pampa makes long-term real estate

loans on farm and rural residence property in the counties of: Ochiltree, Lipscomb, Hemphill, Hutchinson, Hansford, Roberts and Gray. ***** Not what you read but how you read it is the key knowledge. ***** A thief rarely pays any attention to the moral principles of his victim.

Cinderella Pageant Canceled Museum Hours

The Cinderella Pageant scheduled to be held in Perryton has been canceled due to lack of entries. However there will be auditions June 11 from 4 to 8 at the North Plains Electric Coop in Perryton. Call Toni Pond at 435-3491 to set up an appointment. This is for girls ages 3 to 17. Ages 7 to 17 will perform talent and have close-up appraisal in the form of an interview. There will be no modeling in

party dress or sportswear. Contestants 3-6 years will have a close-up appraisal in the form of an interview. Contestants must bring their own music equipment, cassette, record or 8 track. There is no entry fee. Winners will be crowned and their sponsorship to state competition June 23 will be paid.

The Stationmaster's Museum will be open five days a week Tuesday thru Saturday from 11:00 a.m. to 5 p.m. through the sponsorship of the Green Thumb, Inc. of the National Farmers Union. This will give vacationing children and visitors a better chance to view the artifacts at the local museum. Ernest Newcomb is the Green Thumb worker at the local museum.

POLITICAL AD

J. W. is a good ole boy, but he hasn't had to raise the money he has spent as manager of the Water District. [It was tax dollars].

As a farmer-businessman, I know what it is to meet a payroll -- regularly -- with my own money. And I know what it is to pay operating expenses -- regularly -- with my own money.

You will decide, in November whether that is better background for your State Representative than a quarter century's experience spending somebody else's money.

R. C. PORTER

* Republican Candidate for State Representative, 88th District.

Participating in this years touring company from our local United Methodist Church are Greg Meek and Phyllis Lindley. Everyone is most cordially invited to attend.

Display Of The Month

Mary Bruce's handmade dolls of porcelain and ceramic are on display at the Hansford County Library through June.

Mrs. Bruce began making dolls 25 years ago. She has the molds with which to make the dolls, then she paints and dresses them. She says she considers them her babies, claiming, "When you spend that much time on them, they're like your family."

Most of the dolls are porcelain, though there are two ceramic bride dolls she made in 1962 as 50th wedding anniversary gifts for her mother, Mrs. W.L. Lawson and Mrs. Bessie Gum.

Mrs. Bruce is the wife of Tommy Bruce. They are long-time residents of the northern Panhandle.

Some Break

The owner of the country newspaper went home to dinner smiling radiantly.

"You must have had some good fortune this morning," greeted his wife.

"Indeed I did," announced the owner. "Jim Smith, who hasn't paid his subscription for ten years, came in and stopped his paper."

YOUR TELEPHONE SERVICE - A REAL BARGAIN

All things considered, talking is a real bargain. The chart below shows how your telephone costs compare against other goods and services you use daily.

(Figures based on data gathered from U.S. Bureau of Labor Statistics from October 1976 to October 1981.)

* Away from home
** Basic local service in GTSW's Texas exchanges

Frequently, the convenience of the telephone is taken for granted.

For instance, a few things you use your phone for:

1. Shop ahead, save gas.
2. Make appointments (doctor, sales calls, lawyer, preacher)
3. Emergencies (police, fire, ambulance)
4. Talking with loved ones in other towns
5. Conducting business via long-distance, save on travel cost
6. Calling scout troop, civic club, little league team, etc.
7. Visit with a friend across town.

Talk is cheap and also a real bargain. For a true picture, divide your basic local service rate by the days in the month. For just pennies a day, excluding long distance and special services, you have your town at your fingertips.
