rest from the battle for the year when they meet aggregation 3:30 p. m. Friday

Spearman Lynx boys are in the contest fighting for a victory, despite the hard luck jinx that has been with them since opening the season. Two weeks ago the team entertained Canadian holding the score to a tie in the first half. This was despite the fact that two of the best players were injured before the game and practically demoralized the play. Substitutes entering the game were not familiar with the signals or play in the game with Canadian, and those who know football state that Spearman's defense was out-

standing under the hard luck conditions. The situation will be a bit different this Friday. Coach Platt was compelled to drop one of the injured men from his team but has been drilling a competent substitute the past two weeks and states that he will have a team on the field that will work together. Spearman citizens interested in football are making plans to offer assistance to the local school. While it looks rather difficult to produce the winning team of the region this year, it is believed that a wide-spread support of the team will bring some upsets in the hardest schedule that a Spearman team has ever faced. Panhandle, Perryton, White Deer and Phillips have been

building up their so called region winners for the past four years. The pace will be terrific. Four teams that represent perhaps the best organization that competing schools have ever produced are scheduled to run rough shod over the Spearman Lynx organization this year—but as we remember the situation there has been such talk in the past and visitors woke up to find the old fighting spirit that left the Lynx team in an honorable position at the end of the season. History will repeat itself. In the meantime talk among football fans in Spearman call for a plan starting practice in the grade schools. Perhaps a 6 man team can be organized and begin training players early for replace-

ing the teams as they graduate. This is the system used in many towns as small as Spearman. White Deer and Panhandle have B teams that start in the grade school. The schedules are light and the practice supervised by school officials not necessarily regular coaches prepare the boys for real football training when they enter high school. The competition becomes more emphatic under such conditions and the turn-out for football is encouraging. Over at Panhandle we learned that 32 men turned out this year for the regular team and nearly as many reported for duty in the grade school organization. At Follett where they work a similar organization all but two boys in the high school turned

out for football this year. The Follett team is a light team, but they are making a real record so far this season. Forty-two high school boys are suited out each day at Follett. Spearman football fans are determined to encourage the boys for future teams, and are working hand in hand with the school officials to encourage the present team for the remainder of their tough schedule. It is quite discouraging to a coach to have only 14 boys turn

out for football, and more than half that number for play the first year they have ever tried. However, Coach Platt declares he has some real talent in the Spearman organization, he is impressed with the spirit of the players who have come out for a try in the face of discouraging odds. Platt and Supt. Finley hope to see as many as 35 boys in suits before the present season closes.

Fewer Merchants In Lynx Guess Contest For Friday Game

Due perhaps to the fact that the drought conditions of this month has placed the big majority of the citizenship on the blue list, local merchants sponsoring the second guess contest for the Lynx game Friday are fewer than usual. Despite the small support in the way of finances, the Reporter will give the usual \$5.00 prize to the Spearman fan who guesses the nearest to the score between the Spearman and Stinnett football game Friday afternoon.

Two weeks ago the contest was between Spearman and Canadian. Very few fans made guesses close to the score or outcome of the game. Most Spearman fans gave the local team the advantage in their guessing. This week it is likely that the average fan visiting the team the advantage. The Spearman Canadian game was the first game of the season, and two very important members of the Lynx players were injured before the game. The contest was not a fair game to judge the local team. Stinnett has the best team in their history, according to advance notice, but in the opinion of the writer, they will not be able to defeat the Spearman players.

As usual the first count in the guessing contest will be the score. If the score fails to decide the outcome, then the fan who guesses nearest the Lynx yardage gained during the contest will receive the \$5.00 prize. Ballots are available at the following places of business.

Spearman Golfers Win At Perryton Tournament

Four Spearman golfers won prizes at the invitation golf tournament held at Perryton Sunday Sept. 23rd. Elma Gunn won the top flight A receiving a dandy golf bag as a prize. J. B. Cooke won flight C at the tournament receiving a fly rod as a prize. Roy Russell was runner up in flight C, while William E. McClellan took the consolation flight honors at the tournament, receiving an electric drink mixer as a prize.

Schnell On Business Trip

A. H. Schnell, returned home Monday after a series of business trips to Fort Worth, Dallas and Borger, Texas. Mr Schnell purchased supplies for his Xmas business on the trip and attended some special showings of electrical appliance merchandise at Fort Worth. He witnessed one of the Texas league baseball games between Fort Worth and San Antonio during his trip.

Lions Will Entertain Teachers With Picnic Thursday Oct. 5th

Following the custom of many years standing, Spearman's Lions club will stage the annual Teachers entertainment Thursday evening Oct. 5th. Plans call for a steak barbecue and picnic to be held on Palo Duro Creek. Due to the cool nights, the picnic will start at 5 p. m. Lions Lloyd Campbell, Bruce Sheets, Roy Jones, Gene Richardson and William M. Glover are the committee in charge of the annual event. Lions and visitors will leave the Hansford court house at 5 p. m.

Part Of Fair Exhibit At Equity Exchange

County agent Joe Hatton has moved a portion of the Hansford county fair exhibit to the Spearman Equity Exchange building. Mr Hatton spent two days last month with the General Mills company of Amarillo, determining the best variety of wheat raised in Hansford county for milling purposes. Four varieties were milled into flour and baked into bread. Tests showed the following results: Tenmarque proved to be one of the best available major varieties in Hansford county. After the wheat had been milled and baked into bread it retained its fluffy light condition under a long fermentation process. The official figures show that a loaf of 780 cc in size was secured both from a short and long fermentation period of dough.

Turkey Red was also rated as one of the best milling varieties produced in this county. Records show a loaf size of 800 cc on short fermentation time and a loaf of 780 cc on long fermentation period.

Blackhull rated as having good milling qualities only when dough is used quickly, as it deteriorates rapidly on long fermentations. On short fermentations the loaf was 830 cc in size, but was only 610 cc when dough was held for a long time.

Cheifkin, beardless variety proved practically worthless for milling into baking flour. The low record established by this variety was 530 cc in size of loaf on a short fermentation, with a loss of 30 cc after a longer period. The bread never rises to a fluffy light condition, but comes out of the bake oven a hard soggy loaf.

All persons interested are invited to view the exhibit covering this exhibit which is housed at the present time at the Spearman Equity Exchange building. Milling companies over the Panhandle are anxious for producers to learn of the cooperation they can give in producing favorable varieties of wheat. So much dissatisfaction is found with the chiefkin variety that it is already carrying a penalty in price in some areas. Should producers of this district continue to increase the planting of this variety the place that Hansford county enjoys as a producer of high quality wheat will be seriously impaired.

Red Cross Executive Is Lion Club Speaker

Ralph O. Von Thurn, Liaison representative of the National Red Cross organization was the guest speaker at Lions Club held Tuesday noon. Mr Von Thurn complimented Spearman not only on the record made in their Red Cross work, but on the excellent community spirit evidenced while he visited in the city. New members of the club included Paul Loftin, Tom Eiter and O. V. Walker. Plans are being discussed for initiation of several new members. It is expected that the club will be carried to Perryton where they can "get the works" more efficiently than in Spearman.

Singing Convention

The Sherman County unit of the Plateau Singing Convention will meet at the Spurlock school, 20 miles southeast of Stratford, on Sunday, B. H. Donaldson, unit president, advisers, Dr. J. P. Powell, president of the Dallam County unit. The singing opens at 10 a. m. and continues all day with dinner on the ground.

.15 INCH RAINFALL

Rain measuring .15 inch fell in the Spearman area Tuesday night.

Todate Weather Record Driest In History

According to the weather chart of Hansford county covering rainfall and moisture for the past 58 years, the present drought period for Sept. will make a record for all time if no moisture falls before Oct. 1st. The nearest to the present record was back in 1890 when only .05 in. of moisture was recorded. To date F. W. Brandt weather observer has recorded .04 inches moisture. The average Sept. moisture since F. W. Brandt has recorded the weather for the U. S. Government amounts to 1.82 inches.

Cold Wave Strikes

While California is sweltering under the hottest weather for many years, Spearmanites dug out jackets and coats Tuesday morning when the official temperature dropped to 42 degrees. This year is a direct contrast to last years weather. Up to Sept. 8th last year the average rainfall for the county counting the 8 in. of moisture in the Morse area was better than 5 in. Spearman recorded 3.78 inches rainfall for September, and U. S. Weather Observer F. W. Brandt stated that the county reached an all time record for moisture for the month of Sept. The weather was warm and pleasant and during the entire month the lowest temperature last year was 53 degrees. Last year the first cold weather to match the present cold spell came October 19th when the temperature dropped to 31 degrees, below freezing.

Crop Deadline Close-by

With 2,528 applications for 1940 wheat crop insurance received from 69 Texas counties, the State Agricultural Conservation Committee here has issued a final warning on application deadlines for insurance. For the 38 counties in the Panhandle area, everything North and West of King county final date to apply for crop insurance is Sept. 30; for the rest of the state the deadline is Oct. 15.

W. L. MEEK SAYS GAS RATES HERE MAY BE CUT

W. L. Meek, manager of the Spearman Gas Co. of this city believes the ruling of the 53rd. district court in sustaining a state railroad commission order reducing the rate for natural gas for Perryton, Higgins, Canadian, Farnsworth, Booker, and Waka will automatically apply to Spearman. If Mr Meek is right in his surmise, the rates of Spearman will be lowered at least 3 cents per 100 cubic feet. The present rate in Spearman is 30c per 1000 cubic feet, and lowering of the rate to 27c, would give Spearman customers a 3c reduction.

The Public Service Corporation of Texas furnishes the Spearman Gas Co. with natural gas. If the Corporation abides with the railroad commission's ruling they will likely lower rates over the system to conform with the adjoining cities.

RED CROSS DRIVE ORGANIZED

Bruce Sheets will head the American Red Cross drive to open Armistice Day, it was decided at a meeting of the Red Cross executive board held in Spearman Monday afternoon. Liaison representative Ralph O. Von Thurn, instructed the local organization in plans for the 1939 drive.

Von Thurn complimented the Hansford chapter of the Red Cross for the excellent record made for many years. He revealed that Hansford county jumped from 82nd place in

1937 to 28th place in 1939. It was just a coincidence that the chapter turned the figures around in the rating. Considering the fact that there are 252 counties in the State of Texas, and that this state ranks high in the national standing, this advance is rather outstanding. The increase in membership will call for a larger quota for this year and make it more outstanding for this county to hold its record. Chairman Bruce Sheets declares he will "keep what we got or get a better rating."

GRADE SCHOOL NEWS

On Friday afternoon, Sept. 22, the grade school held its first chapel of the year. The program consisted of the following: Two songs by the assembly led by Mrs. Gunn, and a violin duet by Betty Jean Hill and Barbara Jean Daily. After the program all went to the playground where the sixth and seventh grade boys staged a soft ball game. The teams were evenly matched, and the final score was a tie—each team having 11 scores. Both teams are anxious to play the tie off, and another game will be played in the near future.

Quite a number of visitors were present last week for chapel, and a number have been visiting in the classrooms during the week. We are always glad to have visitors, and hope that more parents will come to see us whenever they can.

New workbooks are in evidence in almost every classroom. Last week a representative of the E. L. Steck Company visited school, and a number of the teachers placed orders for workbooks in English, arithmetic, and other subjects.

SOUR NOTES FROM THE SPEARMAN HIGH SCHOOL BAND

By J. E. GERBER, Jr.

Previews For the past week we have been working on a new march called SEMPER FIDELIS. This is a very difficult march which features the drums and cornets. We are also working on 10th Regiment March. There is a reed and brass quintet in our band that has been working up a few numbers for your approval. We will try to present them in the near future.

Mr Rattan has appointed temporary first chair players. These are: Virginia Buchanan, first chair clarinet, H. L. Meers, cornet, Frank Novak, bass horn, Freddie Mizar, trombone, Dean Church, French horn, J. E. Gerber, Jr., saxophone and A. L. Jackson, assistant director. Estelita Garnett is the band pianist.

The reason I say temporary is that Mr Rattan has a new system called challenging. Any lower player can challenge the player above him. For instance, Freddie Mizar is playing first chair trombone. Peter Vernon is playing second chair third trombone. Peter can challenge the first chair third, either of the second chair players or even the first chair first player, which is Freddie. If he does, Freddie picks out the music they are to play. Concealed, they play before the band, a vote is taken and the winner takes the highest chair.

Here and There

WANTED: One solo clarinet folio. In the old days the clarinets used to keep their music by having "Buck" sit on it, but lately that seems to be out. Speaking of music, what was a certain Fish cornet player doing with trombone music. It seems that these Fish will never learn.

We marched Tuesday morning. The weather and the students were fairly cold to start with, but after that hot drill we warmed up considerably. We all accused Mr Rattan of chizzeling, since he wore his coat.

We have been playing our required music this week. Some of them surprised even me. We have one boy who started on a tenor sax about the second week in June. He now has off all his requirements and is in the Band to stay. Take off your hats to ROBERT NOVAK, sophomore. Be ready to see a "truly good show" at the football game Friday. We have a "snazzy" drill that can't be beat. It is one where part of the band goes—well, you just come out and see for yourself.

GRADE SCHOOL NEWS

The grade school department had a total of 281 pupils at the opening of school, and a number of new pupils have enrolled since then. We hope to be able to publish a complete list of pupils next week.

The teachers and pupils in each room this year are doing exceptionally well in keeping their rooms clean. Mr Haralson says this is especially pleasing to him as it makes his work much easier when all co-operate in keeping a building clean.

The chapel program next week Sept. 29, will be at 11:15. The program will consist of two selections by the grade school band, a solo by W. C. Davis, and a duet by Bobby Heard and Pearl Maize. Also the fourth grade pupils will sing two songs. We shall be glad to have all visitors at our chapel programs.

Siler Faulkner Accident Victim Near Spearman

PAMPA—Siler Faulkner, Sr., long-time Gray County chairman of the Democratic Party and a prominent citizen of Pampa, was killed and his son-in-law, Gene Green, was severely injured in a head on automobile collision 18 miles northwest of Spearman Friday.

The car Faulkner was driving crashed into one driven by H. A. Hassaway of Liberal, Kansas, on an unpaved county road. The three men were found lying unconscious beside their flaming cars by Tom and Frank Allen, who quickly drove them into Spearman for treatment.

Later an ambulance took Faulkner to a Borger Hospital where Faulkner died about 6:30 o'clock. He suffered a fractured skull, a broken leg, and internal injuries. Green who is suffering from a broken collarbone, three deep cuts, and severe shock, remains in the Borger hospital.

Hassaway was less injured, receiving cuts, and bruises, on the face, legs, and body, he was removed by ambulance to Liberal. Faulkner who was 69 years old came to Gray county in 1889, settling near Lefors. He was the first county clerk of Gray county, having been elected to office in 1902 when the county was organized. He held that position till 1910. From 1912 to 1916 he served as Gray County judge. He moved to Pampa in 1926.

For more than 30 years he was chairman of the Democratic party in Gray County, and was a member of the school board for over 25 years. He was in the abstract business.

Surviving are his wife; a son, Siler Faulkner, Jr. and a daughter, Mrs Gene Green all of Pampa.

Gamma Theta Chapter of Delta Kappa Gamma will meet at the home of Miss Jennie Sandry Phillips, Texas for a luncheon and the first meeting of the year. Mrs C. E. Campbell, Miss Deakin and Mrs Caldwell will attend.

NOTICE FARMERS

September 30th is the closing date for Federal Crop Insurance in this area. After that date no applications for crop insurance will be taken.

With the present prospects for next years wheat crop it appears advisable to give crop insurance some very careful consideration. Even if you have a complete failure and your wheat crop is insured, you are assured of a wheat income. The premium may be advanced on your conservation payment, thereby saving you any cash payment at this time.

R. V. Converse, Says.

The writer has heard God accused of lots of things but here is a new one, they are now saying in some of the papers that, "War is an act of God." It is the opinion of the writer that God, being Indefinite Love, would hardly have anything to do with wars which are the result of covetiveness, intolerance and greed, enthroned with power by ruthless leaders, who have so far forgotten God, that murder misery and want sink into insignificance compared to the desire to satisfy their lust for power over their fellow men. No God does not create wars, it is created by the errors of the human race in its struggle for existence and in its search for happiness. The human race in a large measure is on the wrong road, God told us plainly that, There is a way that seemeth right unto man but the end thereof is death. What better description of war does one need.

There is lots of talk now about Governor O'Daniels and his donation scheme and to the writers surprise there are lots of people who think the loans will be forthcoming to take care of the old age assistance funds.

It is significant of the trend of thought these days when sixty thousand farmers gathered at the annual picnic of the National Grange held at Rockford, Ill. Cheered lustily as M. C. Brooks explained the Townsend recovery plan in a forty five minute talk. Mr Brooks is one of the Townsend speakers who is working for the adoption of the plan as a recovery measure to benefit the farmer by placing funds in the hands of the people who are under fed and underclothed and in this way opening the long closed markets for agricultural products necessary to bring normal consumption here at home.

When we think of the war we are apt to think it can not happen here, but let us consider the situation as it really is and we can see that it will be a miracle if we are able to stay out of it, we can not afford to give up our control of the Pacific Ocean and we can not afford to see the Philippines taken over by another nation, or can we stand by and see New Zealand or Australia attacked by some force bent on oppression of a free people and there are so many things that can entangle us that we better get busy and clean this thing up while it is a long way off rather than to fight it out alone when those who might help are exhausted.

Right now taxes cost the average family six dollars a week. Using the logic that was attributed to President Roosevelt when some one asked where he would get the money to pay the vast expenditures... it was said he stated he would get it where there was money. This being true the burden of increased cost will rest more on the wealth of the country than upon the small incomes. This being true the very people who should be concerned are apparently not interested in the future.

To illustrate, this writer knows positively that about 10 of the largest income groups in the Spearman community have never evidenced any interest in local civic organization, commercial, organizations, and other meetings that have as a part of their programs the economy of this area.

Right now the tax payers of this nation are paying one billion dollars alone a year in interest. A sum that paid all the running expenses of the government not so many years ago. Since 1932 the total tax collections from among our American people has increased 79.6 per cent. Back in 1932 when we thought the taxes were burdensome we collected eight billion two hundred and forty six million dollars annually from the citizenship... and now we collect the stupendous sum of fourteen billion eight hundred and eleven million dollars annually to carry on... and the way we carry on is to run up the indebtedness each year more than a billion dollars. The way tax col-

lections are going at the present time we dig \$21.80 out of every \$100.00 of income received by the American people. This means the income from all sources, crops, mines, oil, manufactures, live stock, and minerals.

Just to give you readers an idea of how we run our government let us suppose this writer was in need of \$150.00 to send his daughter to college (which he does). Let us assume that the writer has asked Clay Gibner for the loan of \$150.00. We can assume that Mr Gibner would like to make such a loan since it would be for a worthy cause, and he makes money for stockholders of the bank by making loans. He would want an account of this writer's financial condition. Suppose the writer stated that he owed nearly three times as much money as he owed in 1932. Suppose he stated to Clay that out of every \$100.00 earned he was paying \$21.80 on this back indebtedness getting smaller each year it was growing larger. Would Mr Gibner be interested in the loan?

An active participation in a world war would mean financial ruin to this country. Forty more

 ards, defendant, said petition
 that plaintiff resides in
 Hansford County, Texas, and has
 in said county for more
 than six months and in the State
 of Texas for at least twelve
 months prior to filing said peti-
 tion and that plaintiff was married
 to said defendant on March 11, 1928
 and with him as his wife
 on July 16, 1938, when by

reason of the continued harsh
 treatment of defendant toward
 plaintiff she was forced to
 abandon him, since which time
 they have not lived together as
 husband and wife. That plaintiff
 and defendant, during the time
 of their cohabitation, had one
 child, to-wit, a boy now seven
 years of age by name of Carol
 J. Richards. That defendant's
 actions and conduct toward
 plaintiff are of such a nature as to
 render their further living to-
 gether as husband and wife in-

GRUVER NEWS

Gruver News was missing last
 week, he was in Amarillo at the
 fair, when he should have been
 at home attending to business.
 There were two very important
 happenings in Gruver last week
 we'll tell you about them now.
 Just a very short time ago,
 Peggy Garrett of Gruver and Carl
 Archer of Spearman decided to
 make a twosome of it. Last week
 their many friends in Gruver
 gave them a bride shower. Mrs
 Gay Fletcher and Miss Phyllis
 Fletcher assisted by a number of
 co-hostesses made the occasion a
 very delightful one. Mrs Sam
 Cluck sang "Mine only to have
 and to hold." A group of High
 School girls sang "Reuben and
 Rachel," followed by "Those Wed-
 ding Bells are breaking up that
 old Gang of Mine." There were
 seventy seven ladies present.
 Every one must have been happy
 seeing as how the young bride
 was bale to shed a few tears.
 Gruver News wishes the young
 people many years of happiness.

MEDLIN HD CLUB

The Medlin HD Club met at
 the home of Mrs M. C. Scott on
 Friday, Sept. 22nd. Mrs Frank
 Davis reported on Mrs Neeley's
 lecture. Miss Locke gave an in-
 teresting talk on canning. She
 illustrated her lecture by show-
 ing beans which had been prop-
 erly canned and improperly can-
 ned. She also explained how to can
 such a way that all the vitamins
 would be retained. She can-
 serve tomatoes as an example.
 The club decided to join in the
 Ball fruit jar contest. Each mem-
 ber will bring one jar each of a
 vegetable and acid fruit to the
 next meeting which will be at
 Mrs Van Cleaves on Friday, Oct.
 6th at 3 pm.
 The hostess served delicious
 refreshments to the following:
 Miss Locke, Mesdames Thorne,
 Frank Davis, Hull, McJunkin,
 Allen Van Cleave, Dossert,
 Lackey Williams, and Holt. A
 pleasant social time was had by
 all.

Mrs W. Y. Williams spent
 Saturday night and Sunday with
 her daughter Mrs W. M. Deck.
 Mr and Mrs Olin Williams and
 family, Mrs Verna Kenny and
 children and Nadine Deck were
 visiting in the Don Bennett home
 Sunday.

Mrs W. M. Deck, Thadine
 Deck and Marie were callers in
 the W. Y. Williams home Sunday.
 Mr A. D. Reed and family
 visited in Spearman Sunday.
 Mrs Merle Beck was a visitor
 of Mrs A. D. Reed Tuesday.

LADIES COUNCIL

The Ladies missionary Society
 held their regular meeting Wed-
 nesday. Mrs Homer Allen gave
 the devotional. Mrs Bart Briley
 gave the lesson, next week the
 lesson will be from 23rd chapter
 of Luke. After the lesson, all
 the ladies quilted. Those present
 were:
 Mrs Bert Briley, Floyd Mitts,
 Sarah Graves, Clint Bennett, Hix
 Wilbanks, Rube Birdwell, Homer
 Allen, Lawrence Wilbanks, and
 A. N. Meadows.

BETTER HOMES HD CLUB

The Better Homes DC met
 Sept. 26 with Mrs L. Wilbanks.
 We enjoyed singing God Bless
 America. After the business
 meeting Miss Locke's demonstra-
 tion on the hot water bath
 method of canning tomatoes and
 retaining all of vitamins was
 very interesting. Miss Locke said
 "can tomatoes and fruits by the
 hot water bath method and non
 acid vegetables by the pressure
 cooker method. Mrs Harry She-
 deck gave a very interesting re-
 port on her trip to Lubbock. Mrs
 Shedeck received a blue ribbon
 on her wool dress at the county
 fair, by some mistake this was
 left out of the award report.
 The Singer Sewing Machine
 demonstration will be at the
 court house Friday at 2 p. m.

Refreshments were served to
 mesdames Deta Blodgett, J. M.
 Blodgett, Carl Hutchison, Beck,
 Converse, Hix Wilbanks, E. S.
 Uptergrove, Joe Novak, Clint F.
 Bennett, Shedeck, John Kenney
 Miss Locke and our hostess. The
 club will meet next Tuesday Oct.

Mrs I. W. Ayres Jr. was the
 honoree at a stork shower last
 week, held at the home of Mrs
 Earnest Johnson. The home was
 tastefully decorated and each
 guest presented with a small
 souvenir of the event. Refresh-
 ments were served with the fol-
 lowing ladies presiding, Mrs Her-
 bert Hughes, Mrs Gay Fletcher,
 Mrs Roy Murrain, and Mrs Ernest
 Johnson. During the shower Mrs
 Gay Fletcher entertained with
 several piano selections. Forty-
 one ladies were present each one
 bringing their present to the
 future head of the house of Ayres.
 Mr and Mrs Kelly Garret were
 called to Pittsburg, Texas last
 Saturday, due to the tragic death
 of Mrs Garret's little niece. The
 fourteen month old child choked
 to death. Our sympathy is extend-
 ed to all of those bereaved by
 this tragedy.

Kelly Bennett is at home again.
 He recently returned from the
 Veterans Hospital at Abuequerque.
 While in the hospital Kelly
 underwent a serious operation.
 He is looking fine now.
 Mrs Dick Lee is still very seri-
 ously ill in the St. Anthony Hos-
 pital in Amarillo. Her many friends
 are hoping for a speedy re-
 covery.

The Gruver Grayhounds suffered
 defeat in the first football
 game of the season. The boys
 of Lipscomb were just too many
 for them. But we predict that
 we shall hear from the Gray-
 hounds before the season is over.
 They need a little more experience.

We wonder why "Preach"
 Loftin and Fred Ratton were at
 the game. Were they trying to
 learn something, or were they
 scouting for some good football
 material. Another suspicious
 visitor was Mr Moser from Morse.
 Come again boys.
