

## OWN YOUR OWN HOME," IS SLOGAN OF SPEARMAN FOLKS; BUILDING CONTINUES

### Residents of Spearman and vicinity evidently believe that a home of their own is the greatest heritage a man can give to his family. "Own Your Own Home" is the slogan here, and new homes are being completed, under construction and being planned every day. Not only is this true in Spearman, but over all of the Spearman country may be seen the building of new homes, barns, hog and chickens houses and other improvements.

#### Henry Keith Farm Is Interesting Place

Mr. and Mrs. Henry Keith, five miles south of Spearman, have one of the most interesting farm homes in this section of the country. The writer, with S. B. Hale and J. H. Buchanan, drove out to the Keith home Sunday afternoon and spent an hour or more quite interestingly. Mr. and Mrs. Keith have in a very short time developed a sideline to their farming interests that is a real money-maker. This sideline is raising all kinds of berries and garden truck. They have strawberries world without end, raspberries, gooseberries, blackberries, and all the vines and shrubs are loaded down with fruit. At this time the blackberries are ripe and the gooseberries and strawberries are coming on. Mr. and Mrs. Keith's yard is a beautiful sight. They have some of the most beautiful flowers we have ever seen anywhere. A visit to the Keith farm will convince anyone that most anything will grow in this country if given the proper care.

#### Old Fiddlers Contest Was Interesting Event

One of the most unique entertainments ever held in Spearman was the Old Fiddlers Contest at the school auditorium on Friday night of last week. This contest was put on by D. P. Tice, himself an old-time fiddler, assisted by C. B. Reeves and others. The fiddlers came to town from every direction, with their fiddles and their bows, and seemed to have a royal good time while in the city. And they furnished some mighty fine entertainment for the large crowd which assembled in the auditorium that evening. The fiddling began about 8:30 and continued until almost midnight. The contestants drew for position and each fiddled in his turn. W. A. Schubert of Spearman led off with "Flood Eared Mule." Schubert is a good fiddler and won a prize. Some of the old time tunes played by the musicians were: The Star of Texas, Dusty Miller, Gray Eagle, Soldier's Joy, Dumgo, Hopppid, The Waggoner, and many others. The prize winners were: Eck Robinson, Borger, first; \$50; Milt Trout, Dimmitt, second; \$25; J. T. Willis, Memphis, third, \$16; W. C. Reeves, Lela Lake, fourth, \$14; Mrs. T. M. Braden, Spearman, fifth, \$12; H. A. Creager, Dalhart, sixth, \$10; M. F. Gage, Arkansas, seventh, \$8; A. F. Cope-land, Memphis, eighth, \$6; W. H. Bales, Goodwell, Oklahoma, ninth, \$5; Milo Blodgett, Spearman, tenth, \$4.00.

#### Visitors To Steele Ranch Spend Day In Town

Dr. O. H. Simpson of Dodge City and A. B. MacDonald of Kansas City, were guests of Mr. and Mrs. J. I. Steele at their ranch home out north of town on the Palo Duro several days this week. Dr. Simpson is a dentist, but retired several years ago. He never told us why he retired but surely it was not on account of old age, as he is a mighty spry old gentleman yet. He is, however, an old time resident of Dodge, and in the real early days, had a habit of coming down in this country periodically for the practice of his profession. He remembers M. B. J. H. and Frank Wright, Judge J. H. Cator, Bert, Bob and Les Cator, A. E. Powers and other early day settlers, and they were his patients. The doctor's traveling companion, A. B. MacDonald, is a member of the editorial staff of the Kansas City Star, and is gathering data for a series of stories. The gentlemen called on Mrs. M. B. Wright while in the city Wednesday afternoon.

#### The Spearman Band Is Making Progress

The Spearman brass band is making good progress these days, under the efficient directing of E. K. Snider. The band boys met on Monday night for rehearsal, will meet again tonight, and on Saturday night at 8:30 will play a free concert on Main street. The Spearman chamber of commerce promises financial assistance to the band, and this will insure a good music-making organization. Several new musicians, among them being three crack clarinet players, have joined the band. You are invited to come down on Main Saturday evening and listen to the music. Sit in your car, enjoy the cool, fresh breeze and the band concert. It will do you good—we mean the breeze will do you good—and the music won't hurt anything.

#### Spearman High School Boy In Edison Contest

Monroe Buchanan, member of the 1929 senior class of Spearman high school, went to Austin last week to compete in the Thomas A. Edison scholarship elimination contest, for the right to represent Texas in the national competition at East Orange, New Jersey. Monroe, son of Mr. and Mrs. J. H. Buchanan, was not lucky enough to be selected as the Texas representative, however he was the only boy from this section of the state who was entered in the contest.

#### Man Fell From Car — Is Seriously Hurt

Young men from the vicinity of Dalhart and Hedley came to our county the first of the week to take a look at the new building of Spearman, on the D. C. D. V. Clebert McCray fell from the driving board of the Ford in which they were riding and was seriously hurt. He was taken to Spearman and given the attention he needs. Recovery is being made. Dr. P. Darnell, came from Dalhart to take him home, and he is recovering consciousness at the moment. It is thought that the trip without any trouble. The accident occurred near Quinby, on Herman Tipton, Archie, and Paris Tipton. They were with a group of bright boys, hardly out of their teens, and this is very likely the first attempt to "make the haul." Much sympathy was expressed by young men who was hurt, and their families, also.

#### Visitors From LaVerne

Mr. and Mrs. Leslie J. Ray and children, Gordon Lee and Bonnie Louise, came from their home at LaVerne, Oklahoma, and spent Sunday here, as guests in the Arthur Owen home, in east Spearman. Mr. Ray is editor of the LaVerne Leader.

#### Other fiddlers who were here and took a part in the contest were:

D. P. Tice, Spearman; Bert Briley, Spearman; J. D. Graham, Spearman; Allen Criswell, Texoma, Oklahoma; and W. A. Schubert, of Spearman.

#### Don't Ask Central "What Time Have You."

At the bottom of page three of your telephone directory you will find the following: "Notice: Gratuitous service, such as reporting trains, time of day, etc., are not within the service the company offers or contracts to give the public." These are busy times. The hello girl at central telephone offices is busy every minute of the time with important matters, for which the company receives pay. The management of the Home Telephone Company asks that people kindly refrain from calling central for the time of day. We believe our telephone people are exactly right about this. Everyone is too busy to go anywhere, so why worry about the time of day. It's a daylight to dark proposition these days, and then some.

#### Wayland Baptist College

By agreement of the pastors and laymen recently assembled in Wayland Chapel, the Pastors in every Baptist Church in the Panhandle and Plains territory are requested to discuss publicly on Sunday, July 7th, Wayland Baptist College, and to take a cash offering to aid in covering a \$4,000.00 deficit. If the pastor and church can not get to it on that day they are requested to do so as soon thereafter as possible.

#### New Marriage Law Injurious to Business

The new marriage law which went into effect on June 12 is hurting business in this line, reports County Clerk J. E. Womble, who has not issued a marriage license under the new system up to this good day. It is also playing havoc with the marrying business of local preachers. Under this new law the clerk is not permitted to issue a marriage license until notice of intention to wed has been filed with him for three days. It seems that folks who wish to get married just drive over to Guymon, or any point in Oklahoma, where matters of this nature move with more speed.

#### Psychology of Neatness

The admonition of a college dean, recently delivered to his students, to place no more waste paper in receptacles but to throw it on the floor, because "a cluttered floor gives the college a 'businesslike air,'" seems scarcely to be taken seriously; yet it was so delivered.

If followed out—and the students doubtless will find glees in so doing—this can have only the effect of a slogging of effort, or results of mental alertness on the part of the entire student body. We are shaped, more largely than we know or believe, by the things we see and feel and use about us. If our surroundings are littered, we are apt—no matter how strong our habits—to yield more or less to those surroundings and become unkempt in our behavior and mode of life. On the other hand, if the scene about us is clear and clean and ordered, we possess automatically the incentive to keep it in that condition and in so doing to keep our own habits orderly.

It is to be questioned that a person making such a statement as that credited to this pedagogue knows what constitutes a businesslike air. The offices of big corporations, with their deep and silent rugs, their clear desk tops, their spotless floors; the offices of large advertising agencies, with their cleanliness and order; the offices of large advertising agencies, with great textile mills—all these, through which is carried on much of the Nations greatest business, rise up to refute the doctrine of the dean.

And most forcefully of all is the value of neatness exemplified in man himself. The successful man is the neat man. He surrounds himself with clean things, orderly ways. For the orderly mind is the successful mind. Chaos cannot achieve. —Hollands Magazine.

#### Palace Cafe Changes Hands

A business transaction was made the latter part of last week whereby Frank Day sold the Palace Cafe to T. B. Meador of McLean. Mr. Meador has opened the Cafe for business and will give it his personal supervision.

#### Fifty-Fifth Anniversary of Adobe Walls Battle Being Observed Today June 27

This Thursday morning, fifty-five years ago, occurred the last fight in this section between the pioneer white settlers and the Indians. The fight took place at Old Doby Walls, twenty-five miles south of Spearman, near the Turkey Track ranch headquarters. Five years ago this event was observed by a big celebration, which was attended by old-timers from every section of the country. Today it is being observed in an entirely different way and manner. The body of Billy Dixon is being removed from Texline to Doby Walls, where it will be reburied. Billy, early day government guide and scout and one of the little band of frontiersmen who participated in the three-day battle of Adobe Walls, made his home in a little log hut near the Walls for a number of years. Years later the family moved out in Cimarron county where Billy died on a government claim, on which he made his home until his death, in 1918. He was buried at Texline, but now the body is being brought back to the old haunts, and the grave will be marked with a suitable monument. The most notable part played by Mr. Dixon in the battle of Adobe Walls, was a remarkable shot made on the third day, and after the actual fighting had almost ceased. The Indians were still hanging around and the settlers would not venture far from the walls. Billy stepped out of one of the huts to take a look. He spied an Indian on a hill almost a mile away. Billy pulled down with his big buffalo gun, aiming a little high, and accidentally or otherwise, killed the Indian. The Indians could not hear the report of the gun, so their medicine man told them that there was no use to fight the white men longer; that they would shoot one day and the bullet would kill an Indian the next. The Indians immediately ceased hostilities. So it is claimed, this shot of Billy Dixon's put an end to Indian warfare in this section.

#### Fined Twenty-Five Dollars On Charge of Vagrancy

Members of the sheriff's force paid a visit to a local rooming house the first of the week and found things not exactly according to their notion of what they should be. Two women were advised to move back to Borger, or elsewhere in great haste or go to jail. They moved. A quantity of what was supposed to be home brew was poured in the gutter, and a stock of "California wine" was dealt with as the law directs. Also W. M. Riley was taken before Justice of the Peace W. L. Davis, who assessed a fine of \$25 and costs on a charge of vagrancy. According to the interpretation of Justice Davis, a vagrancy charge covers a multitude of sins. Riley paid the fine and was released.

#### First National Bank Installs New Machine

The First National Bank has installed a new Burroughs electric posting machine. This machine, the latest in posting machines, has an electric return carriage which adds to its efficiency and is noted for its time saving. Besides being a time and labor saving device it will enable the bank force to better serve its customers in the most up-to-date manner and with the newest equipment.

#### Bought The City Bakery

Mr. and Mrs. Lee Gore last week purchased the City Bakery of J. O. Marle, who has conducted this business for the past several months. Mr. Gore reports quite a rush of business at the bakery and has employed an extra helper, Miles Smith, who is assisting the head baker, Geo. Burris, with the baking. Mr. Marle is making arrangements to move to a farm out north of town.

#### Member of Commerce Interested In Milk Cows and Chickens

Livestock and poultry committees of the Spearman chamber of commerce are planning a campaign, to be launched about July 20th of July. The great rush will be over by that time and farmers will have time to get busy with this work. It is planned at least 400 high grade and milk cows in Hansford county, with a committee of twenty-five. Walter Wilbanks, chairman of this committee, is better known as a expert in beef cattle, and if he is the milk cow proposition as he does his other business, the success of the movement is already assured. Harry is chairman of the poultry committee of the chamber of commerce. Mr. Dumas will organize the campaign and help in every way possible in the county. One thing is sure to the farm is the slogan, "Own Your Own Home," which has not been ironed out completely at this time, but it is thought three big banks of the county materially in the movements. It is to be taken by both stock and poultry committees of the chamber of commerce is a visit to each school house during the week, at which time meetings will be held and the propositions discussed.

#### Banks and Postoffice Will Close July 4

The Fidelity Bank of Commerce, The First National Bank and postoffice will remain closed all day on next Thursday, July 4, in observance of Independence Day. Patrons and customers of these concerns should arrange their business in accordance with this announcement.

Big band concert on Main street, Saturday evening, beginning at 8:30.

O. D. Riggs Jr., small son of Mr. and Mrs. O. D. Riggs had his tonsils removed Wednesday of this week by Dr. Powell during his regular visit here.

Miss Opal Compton came from Dalhart Tuesday and spent the night in the Edd Wilbanks home here. She returned to Dalhart Wednesday morning accompanied by Carl Edd Wilbanks who will visit there a few days.

Mrs. Curtis Lowe and baby daughter left last week for a visit with her sister at Fort Worth. Her father and mother, Mr. and Mrs. Combs, of Canyon, who had been visiting in the city, and had been visiting in the Lowe home accompanied her to Fort Worth.

#### Service Cleaners Opening Monday

The Service Cleaners will be open on and after Monday, July 1, announces A. S. Richardson. This new business is located in the Morton building, south of Main. D. M. Dowle will arrive today from Silverton to take charge of the tailoring department. Mr. Dowle is an experienced tailor. The Service Cleaners are installing modern machinery and fixing up an attractive place of business.

#### Dairy Output Reduced By Short Pasture

Dairymen often fail to realize that pastures grow short and that the little grass that their cows do find is parched and has lost most of its food value, according to feeding experts. So it is claimed, this shot of Billy Dixon's put an end to Indian warfare in this section.

Members of the Officers Reserve Corps, American Legion, of Borger and Spearman, and Borger Boy Scouts will take an active part in today's obsequies.

#### Good Rains Fell First of The Week

Nice rains have fallen throughout the north plains country during the week. The rain fell slow and steady, and will do a world of good, putting the wheat land in shape for summer fallowing, and insuring a splendid crop. No high wind or hail is reported, except in very small areas. The Spearman country has been very fortunate this season in the matter of hail losses. A prominent hail insurance writer reports that he has not reported a single loss this season, but his company's losses last season were tremendous.

protein feed should be included in the grain mixture.

A good ration which is used by many farmers to supplement pasture feeding is ground corn, barley or hominy 200 pounds, ground oats 200 pounds, wheat bran 100 pounds and linseed meal 100 pounds. For cows producing one pound or more of fat daily, feed one pound of grain per day for each 4 or 5 pounds of milk.

#### Local Post American Legion Buys Site For Memorial Home

Sullivan R. Spivey Post American Legion is to have a fine new home in Spearman. A deal was completed this week by which the Post becomes owner of the lots located just south of the Floyd Wilbanks residence, purchasing the same from Harry L. Dumas. On these lots the Legion boys will erect a fine home. The building committee is working hard on plans and specifications and a general building program. It is thought that work will begin within the next few weeks on actual construction of the building. The Post is receiving the hearty support of the chamber of commerce, the Lions club and other civic organizations of the town in this good work and when the home is completed it will be used as a general community gathering place. Spearman needs just such a meeting place, and the entire town and community will join in heartily with the local post of the American Legion in furthering plans of the building committee.

Coleman and husband, John Coleman, Minnie N. Caldwell, a feme sole, Martha H. Norton, a feme sole, individually and as executrix of the last will and testament of George W. Norton, Jr., (also known as George W. Norton, II), George W. Norton, Jr., son of George W. Norton, Jr., (also known as George W. Norton, II) individually and as executrix of the last will and testament of George W. Norton, Jr., (also known as George W. Norton, II), Martha H. Norton, Minnie N. Marvin, John Coleman, Jr., Robert H. Coleman, Margaret M. Norton, George N. Norton, Jr., Martha H. Marvin, Juliette N. Marvin, Joseph Benson Marvin, Susan N. Coleman, John Coleman, Minnie L. Caldwell, Lucy W. Norton, Mattie A. Norton, Margaret Coleman, Gene Norton Coleman, William G. Coleman, Margaret M. Norton, Joseph Benson Marvin, Jr., Lucie U. Norton, Mattie A. Norton, Caldwell Norton, Margaret M. Norton, Margaret MacD. Norton, George W. Norton, Jr., Dorothy L. Norton, John Coleman, William C. Coleman, George Norton Coleman, Walter S. Clark, Blakemore Wheeler, Margaret C. Clark, Gladys C. Marvin, George W. Norton, Jr., Minnie M. Wheeler, Fidelity & Columbia Trust Company, a corporation, formerly Fidelity Trust Company, trustee under the will of Juliette N. Marvin, and as to such of said parties as are deceased, their heirs, unknown heirs, creditors and unknown creditors, and all persons interested in the estate or estates of any of such as are deceased, their executors and administrators

and unknown executors and administrators, their assigns, assignees and unknown assigns and assignees, are defendants and the nature of plaintiffs cause of action being as follows: Suit in trespass to try title and for possession of Section Number Two Hundred Fifty three (253), in Block Number Two (2), Certificate Number 34-514, G H & H Ry. Co., survey of land in Hansford County, Texas, containing 640 acres of land, more or less, said suit being by plaintiff against the defendants and being brought as well to try the title as for damages, alleging trespass and forcible entry on said premises by the defendants and that the plaintiff was ejected from said premises by said defendants on the first day of May, 1929, and that plaintiff was at said time lawfully seized and possessed of said premises, holding and claiming the same in fee simple, alleging the value of said premises as Twenty Five Thousand Six Hundred Dollars (\$25,600.00), for damages for said trespass and alleging the reasonable annual rental value of said land and premises as Three Thousand Two Hundred Dollars (\$3,200.00) per year and the plaintiff pleads the three, five and ten year statute of limitation and title to said lands in plaintiff by legal and equitable title to said premises and also by limitation. Herein fail not, but have before this court at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Issued and given under my hand and the Seal of said Court, at office in Spearman, Texas, this 6th day of June A. D. 1929. (Seal) J. E. Womble, Clerk of 84th District Court, Hansford County, Texas.

NATURE LOVERS

They were a typical group of nature lovers. When Sunday morning arrived, they packed a fine lunch and went for a day in the out-of-doors. Before the day was well advanced they found a beautiful little grove overlooking an attractive lake. Here they established their picnic headquarters. They hacked and cut the trees for no understandable reason. One of the boys shot several attractive song birds with his new little rifle. They built a fire close to the majestic old tree. After they had gone their beautiful little camp ground looked like a small city dump. Rubbish was scattered everywhere. Dead birds and a dead squirrel were lying near the picnic grounds. So long as people take this attitude when they get out in the country, just that long may they expect to see land posted with "No Trespass" signs.

LIVE AND DEAD TOWNS

What is the difference between a live town and a dead town? How does one community earn the reputation of being alert and enterprising while another is called stagnant? Both may look the same. Both may have the same natural advantages. Obviously the difference lies in the attitude toward the community shown by its citizens. A live town is one in

which there are plenty of men and women ready to take hold and push over any worthy community enterprise. A dead burg is one in which every man is too selfishly engrossed in his own affairs to spend any time on community matters. Great minds have purposes, others have wishes. Little minds are easily and subdued by misfortune, but great minds rise above them.—Living

Complete Funeral Service For a Moderate Charge

When bereavement comes, cost need not enter into consideration of an impressive burial service. Wilson Funeral Homes offer complete distinctive funerals efficiently executed at most reasonable rates. Automobile ambulance service; Lady attendant. Telephone 44.

Puts Extra Money in Your Pocket

THE CASE E-B Great Plains Disk Plow has long ago proved its money and time-saving ability and its cutting costs and increasing profits for thousands of enthusiastic users. It prepares the seed bed at one-third to one-half the former cost and often increases the yield.

Its 20-inch electrically heat-treated disks, mounted on a horizontal shaft, penetrate to a depth of 6 inches if desired and thoroughly pulverize the soil, leaving some surface trash to stop blowing and hold snow. Hard ground is no obstacle—three heavy, flanged wheels hold the disks down to their work and assure uniform penetration.

This great plow is available in a variety of sizes. Depth is positively regulated by convenient, easy-working hand levers. The smaller sizes are equipped with power lift devices that save time and labor. Main frame is strongly braced. Pressure lubrication on all bearings.

You'll want to see this Case Great Plains Disk Plow. Come in and let us show you how it will put extra money in your pocket. Good, fast service—always.

R. L. McClellan Grain Co.

THE IDEAL PLOW for summer fallowing ROCK ISLAND

SANDERS CYLINDER DISC PLOW

Land may lie fallow for eighteen months, it may be grown solid with quack grass, sunflowers and weeds, and yet a Rock Island "Sanders" Cylinder Disc Plow will put it in shape for seed.

These "Sanders" Cylinder Disc Plows are changing tillage methods, reducing plants cost and raising profits in the wheat belt.

The special curvature of the disc blades—the Sanders cup shape—and the vertical set of the disc, which revolve together, reduce friction and move the soil in the same direction but about one-third as far as the regular disc plow. The disc cut off the vegetation the complete width of the ground. Sizes to cut from 6 to 12 feet wide, 2 to 6 inches deep, creating the seed bed that holds moisture. You'll notice the difference between the work of a Sanders and others.

The construction of Rock Island "Sanders" Cylinder Disc Plows is rugged. They not only do hard work, but stand up under it. Notice the frame—it looks like a railway rail—its strong, but simple.

Come in and look over this plow that is working 25 to 40 acres per day for your Neighbors.

 Spearman Reporter, Spearman, Texas, Thursday, June 27, 1929  
 Number 29

**VICTIMS OF MAD DOG BITES MORE NUMEROUS**

Dogs continue to run loose. People continue to be bit. More cases of rabies will develop. It seems that some people will never realize the terrible danger.

In the last few days several more people have been bit in the city. Mrs. Stella Swartz began the pasteur treatment today. She was bit by a stray dog yesterday. A baby was bit yesterday by a pet cat and is also taking the treatment. Mr. Sanderson who lives here is also taking the treatment as the result of a dog bite.

Officials are doing all in their power to rid the community of the curse but they cannot do it all. Cooperation on the part of every citizen is necessary.

Dr. Knisely, County Health officer, tells us that sacrifice on the part of everybody is necessary. Only yesterday a man living near Hugoton was in the city and told of killing two valuable blood dogs, each of which cost him \$75.00. He was going home that afternoon to kill two others, for which he paid more than for the other two.

It is indeed hard to part with a childhood pet, or to shoot an animal for which you have paid out much hard earned money, but this is nothing compared with a human life.—Liberal News.

**THIRD CALLED SESSION LOOMS**

With the starting of the Robison investigation Thursday in the House of Representatives, there is all possibility of a third called session of the Texas Legislature. This is not cheerful news to the members who have been sweltering through June and anticipate much hotter weather during July. It is also bad news for those who sought a place in the Legislature thinking to be away from their business for about four months, to see the time stretch over a seven month's period.

It is likely that the Robison investigation, should it result in impeachment, will cost the State of Texas not less than a half million dollars. That is bad news when considered in the light of the state's finances.

The Utility Commission bill is dead for this session. Charges have been made that the newspapers have not told the people the facts about this bill.

It was developed during the numerous hearings on the bill that the creating of the commission would cost the people of Texas at least a half million dollars. It was not shown during the public hearings that the creation of a Utility Commission had reduced rates in any State, but had in many instances increased rates.

Governor Moody, in appealing for this Commission, called attention to the power trust and its insidious grip on the public. He failed to call attention to the situation of the small West Texas towns, which have so greatly

been helped by the coming of the big corporations.

Take Canyon as an example. Only a few years ago Canyon was served by a small power plant which operated at intermittent periods under strenuous conditions. The News force will recall that on many occasions it was impossible for this plant to furnish enough "juice" for the News plant to run at night.

With the coming of the Texas Utilities Company came the establishment of the big power plant with its high lines extending in three directions and connecting Canyon with forty two tons and five big plants. At the same time rates have been materially reduced. Why should the people of Canyon be so highly wrought up over a Public Utilities Commission which can only result in increasing rates? The Governor is mistaken about the crying need of this Commission just as he was about the Civil Service bill.

Attention is again called to the two constitutional amendments which are to be voted on July 16th. This will be a very busy time for the farmers, but they should take off time and go to the polls. Both of these amendments are good and should be adopted.—Canyon News.

**THE ABYSS**

Drab and ugly, without one relieving flash of lightness, is the Chicago murder story in which Mrs. Catherine Cassler has the central part.

A year ago Mrs. Cassler was in jail sentenced to hang for murder of a boarder, whom she was accused of having killed for his insurance.

Some twist of the legal machinery cancelled the sentence and she was freed. She went home to her husband, and found a young and pretty girl boarding at his home.

Mrs. Cassler is in middle age and is stout. Perhaps she saw, in this charming boarder, an obstacle to the resumption of the happiness she once had known. At any rate, the girl's lifeless body was found beside the roadway a few days later, and Mrs. Cassler was re-arrested on a new charge of murder.

There is a queer, dull blackness to this story, somehow. Mrs. Cassler is not getting a great deal of public sympathy. That, usually, is reserved for defendants who are young and pretty. She is neither; just squat, stolid and hopelessly middle-aged, a woman to whom life had denied many things.

Yet her story—a sordid tale of passion, hatred, discouragement and grasping desire—is one of those things you can not ignore.

It has no "redeeming" features," writer might say. It is all black and ugly. It is a slice of life, worth studying because it reveals the depths to which human misery and human passions can descend.

This world is a queer place, not to be understood by any of us. It has shining heights and squalid depths,

horrible in their darkness. Neither can be explained. All we can do is recognize the fact that they are there.

There are strangely beautiful and heart-warming things in life, sometimes. Every man, at one time or another, meets some experience, sees some act of heroism or kindness or nobility that persuades him that the race is, after all, but little lower than the angels.

Then, on the other hand, there are moments when the dreadful abysses that life holds stand fully revealed; moments when we realize that if this earth can be very like heaven, at time, it can also be very like hell.

This miserable story from Chicago brings that kind of realization.

What can we do about it? Nothing at all. We can not harmonize it. We can not explain it. And, if we are sensitive, we can not ignore it.

All we can do is recognize the fact that horrible, black things do happen; that side by side with exaltation and achievement there exists dark despair and hopeless, violent passion.

This, perhaps, will not give us optimism, but may give us something better—tolerance and sympathy. At the very least it will keep us from being deluded about life. And that is something.—Lubbock Daily Journal.

**TIRED OF LEISURE AND HIGH SOCIETY, WOMEN GO TO WORK**

By PRINCESS ALI FAZIL  
 United Press Staff Correspondent  
 PARIS.—Tired of leisure, idleness, and high society, many American women in France have found an antidote in work.

In almost every downtown busi-

ness street there is a business owned or financed by one of the prominent figures of American society here, frequently by a woman who was married into a titled family.

Countess Vallambrosa, Florence Walton, Yvonne Davidson, Granna Walska, Helena Rubinstein, and Lina Cavalieri are among the better known.

With a practical sense of business they employ French women already experienced in the trade they choose, but all the society-business women are actually engaged in the business themselves.

Countess Vallambrose, widow of the painter, Goldbeck, is one of the Paris favorites in society, but she also is a dress maker of proved worth. When she looked for an outlet for her energies, her personal taste in art and in dressing naturally led her into the dressmaking business.

Her place, a few yards from the Champs Elysees, bears the name of Irene Diana, who is in real life a Russian baroness.

The Queen of Denmark, Princess Martha, and many other of the European nobilities have elected her to make their dresses.

**INSIDE INFORMATION**

Tommy: "Mama, have gooseberries got legs?"  
 Mom: "Of course not, Tommy."  
 Tommy: "Then I've swallowed a caterpillar."

A friend observes that there would be no buy-at-home problems if every one who believes in it would practice it.

**Take on that other 80 this Year**

If you have a young fellow who is rapidly growing into manpower, put a new McCormick-Deering 15-30 Tractor under him and watch him step out. He won't be limited for long with the old quarter-section—or what have you? Youthful vision and the husky 15-30 will soon expand the boundaries of your farm factory—and expand the income tool. That's where this modern power counts big. It enables you to farm more acres in less time and with less labor. It earns the luxuries of life, and saves you the time in which to enjoy them. It makes a hit with the whole family by putting all of your farming operations on the modern, fast basis. Ask us to demonstrate one of these powerful tractors on your own farm and your own work.

Far-reaching improvements have recently been built into the McCormick-Deering 15-30 Tractor. There is now an even greater reserve of power. The new manifold design makes for exceptional fuel efficiency. The new oil filter joins forces with the air cleaner and fuel filter to protect engine from dirt and dust—and of course the McCormick-Deering is powered by a 4-cylinder, upright engine with ball-bearing crankshaft.

Two other sizes: the McCormick-Deering 10-20 and the all-purpose Farmall.

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

Among all the delightful performance characteristics of the Outstanding Chevrolet—none is creating more widespread enthusiasm than its thrilling speed and flashing acceleration!

The great new six-cylinder valve-in-head engine responds to the accelerator with an eagerness that is literally amazing. Touring speeds are negotiated with such smooth, silent, effortless ease that you almost forget there's a motor under the hood. And when the throttle is opened wide—the pace is faster than the most experienced driver would care to maintain!

Back of this exceptional performance is a brilliant array of engineering advancements—typified by a high-compression, non-detonating cylinder head... automatic acceleration pump... hot-spot manifold... semi-automatic spark control... and a heavier crankshaft, statically and dynamically balanced.

Come in and drive this car. Learn for yourself, at the wheel, that no other car can approach it in the price range of the four!

-a Six in the price range of the four!

Successor to the Hansford Headlight Nunn-Warren Publishing Co., Inc. PUBLISHED EVERY THURSDAY ORAN KELLY Editor and Manager Telephone No. 10

\$2.00 PER YEAR IN ADVANCE In Texas and Panhandle Strip of Oklahoma; \$2.50 per year elsewhere.

Entered as second class matter November 21, 1919, at the post office at Spearman, Texas, under the act of March 3, 1879.

Over at Liberal several people are taking Pasteur treatment for rabies, as a result of being bitten by a dog or a cat. John Fields, prominent citizen of that place, developed rabies but probably will recover owing to the fact that he began taking the treatments soon after being bitten by the dog. Watch your dogs and cats closely these hot days. Nothing is more demoralizing to a community than a real mad dog scare, and rabies cause the greatest suffering known. A "shot" of the anti-rabies serum costs from \$75 to \$100. Is your dog or cat worth from six to a dozen of these "shots," indescribable suffering and possible death of a human being? Watch your dog and cat closely.

It's clear as mud now: "The purpose of the new federal farm act," said Senator Henry J. Allen, on his return Saturday to Wichita from Washington, D. C., "is to establish a federal farm board to promote the effective merchandising of agricultural commodities in interstate and foreign commerce and to place agriculture on a basis of economic equality with other industries.—Wichita Beacon.

Speaking of rigid economy, has anyone ever found a use for the shavings taken from the pencil sharpening machine.

# State Engineer Makes an Estimate on New Road Work

The cost of constructing the paved highway from Stimmett to the Hansford county line, a distance of 18.4 miles, has been estimated at \$361,453.78, according to information received by the commissioners court from state highway engineer Gilchrist. This estimate makes the total \$19,644 per mile, not including the cost of the right-of-way or grading.

The county has estimated the cost of the right-of-way or grading to be not more than \$4,000, bringing the total cost just over \$365,000.

Calling attention to the fact that the highway department's policy of paying 50 per cent of the cost of construction, when and if the county arranged for financing their share of the cost, engineer Gilchrist's letter created more or less dissatisfaction in the court, as it was the understanding of the commissioners that the state department would stand two-thirds of the cost of this construction.

County Judge Hood insisted that the calling attention to this policy was a stenographic error, as it was a matter of record that the department had agreed to assume two-thirds of the cost, and that no notice of a rescinding of the department agreement had been received by the county commissioners.

It is understood the state department has been requested to correct the error, so that no misunderstanding may eventually develop between the court and the department concerning the share of the cost to be assumed by the state and county—Hutchinson County Herald.

Getting a living by hook and by crook doesn't apply to fishermen only.

## USE BRAINS, AND NOT SHOOLEATHER

Approximately 850,000 young men and 400,000 young girls will be seeking their first jobs during the course of the present year, and if they will use brains and not shooleather they will fare better than the average annual crop, declares The American Magazine in a recent issue.

Quoting a famous employment expert, the article declares that the time is rapidly passing when the employment seeker can walk hat in hand into an office of an executive and receive a profitable job. A job is a matter to be studied, declares the expert. First, the seeker must know why he wants to join a firm and have reasons for doing so. He must not forget that he is the only factor in making the connection and look at the matter from both sides. He must not think that he is being shelved by being placed on a waiting list. "The best thing is to get on a number of good waiting lists," says the employer. The importance of stating full personal matters other than qualifications for a job are recommended as important. It is advised that no job be sought in a far-away place unless the applicant is able to remove there and break all home ties.

"The shoe leather plan does not get results," says the article. "The jobless person should make a careful analysis of what he can do best and then of the employers who are most likely to need his services. A fair number of those who will seek employment this year will have jobs handed to them, but the rest will have to suit their training and abilities to the needs of employers."

## AN ECONOMIC BATTLE

Considerable amusement has been raised by newspaper columnists and reporters over the bare legged fad of the women these hot summer days.

Aside from this phase of the affair, there is a certain economic side to the discarding of hose by the women. It is cutting into the pockets of both merchants and manufacturers. A Borger man who is familiar with the situation, outlines the status as follows:

"Silk hose manufacturers make a heavy silk hose that is run proof. They say it is all a matter of tying the silk thread that makes a stocking immune to runs.

"Now, why cannot that tie be used on the sheer hose as well as the heavier.

"The girls who work for a living often have to buy two pairs of hose a week. At a couple of dollars each that hits their pocketbook pretty hard.

"Men's hose do not run. I wonder why the manufacturers cannot make a hose for the women along the same lines."

The same man predicted that if the hose makers were hit hard enough, within six months they would be advertising sheer hose that would not run.

You take from three to five dollars a week out of the wages of the average girl in Borger offices and stores and she does not have a whole lot left for clothing, in addition to her food. As one girl said, "I spend more on stockings than I do on other clothing."

Women prefer sheer hose to the other kind for—well many reasons. It makes their ankles look slimmer than the other kind.

As the hat manufacturers came down when the bareheaded craze started so hose makers may change their attitude.—Borger News.

## NEWSPAPERS AND THE COMMUNITY

The editor chanced to discuss matters with a publisher from another state who has met with outstanding success. In the course of the conversation this man observed: "Five years ago, when we first went to that town, we thought we were doing a big piece

of selling when we put over an eight page paper. Today we think there is something wrong when we get down to that point."

"Why is this change," the writer asked. "The town hasn't grown in the least in those years, and to the outsider looks as it always did. Have you better advertising salesmen today than you had then?"

"No," was his answer. "but the paper has grown. It has reached out farther into the surrounding territory, it has brought more business to our town, and most merchants, as you know, place their advertising on a definite percentage basis."

In other words an enterprising paper has made the town more prosperous, has increased business for others, and thereby increase business for itself.

And still there are those who question the dollar and cents value of a newspaper to a community.

## MERIT IN SELFISHNESS

Much as we may condemn selfishness, it must be recognized that an enlightened self-interest is the motive power back of most worthwhile achievements. If one can prove that men will profit, even indirectly, then they can be induced to support an enterprise.

In all of our talks on community building, it is, therefore, our intention to emphasize the benefit that each citizen of Spearman will reap through efforts to upbuild the community. We want to convince every citizen in Spearman and in the surrounding territory that they will profit in some manner through the efforts of a few to make the city more prosperous.

The worker will find a better job and greater opportunities for his children through every new industry that is brought to the city. The farmer will gain through the benefit that always comes from living near a live town—better schools for his children, more pleasing entertainment, better markets, and a little higher valuation on his farm.

So be as selfish as you will, only remember that the selfishness must be enlightened.

Have you renewed your subscription to the Reporter.

## THE DIFFERENCE

"The old-fashioned boy used to respect every word his father said."

"Yes," replied the rather cynical youth, "but you must remember that the old-fashioned boy had one of those old-fashioned fathers."

## NATURALLY INFERRED

Suitor: "What makes you think sir, that I will not be able to support your daughter?"

Her Father: "The difficulty had in doing it myself."

## the place to go for IMPLEMENTS

### Angell "One Way" Disc Plow

### Revolutionized Wheat Farming

The need for a faster, cheaper, better method of preparing wheat land was answered when Charlie Angell developed the "One Way" Disc Plow on his own farm at Plains, Kansas.

His neighbors saw how it cut the cost of fitting wheat land by one-third; how it killed volunteer wheat; left the soil level for the combine and did away with all the other tillage tools the wheat farmer used. Demand spread and grew until it can truthfully be said that this Genuine Angell One Way Disc Plow has revolutionized wheat farming in the west.

We believe it is well to bear in mind this fact—the Angell "One Way" Disc is the plow that has revolutionized wheat farming, that is why we recommend it to you.

# FAIRBURY

THE ONE REAL SELF OILING

The older they grow the better they go!

Four Timken Roller Bearings in every mill.

## WINDMILL!

The super-oiled Fairbury represents a great advancement in windmill construction. The new perfected oiling system requires oil only once a year. The four Timken Roller Bearings running in oil last indefinitely. Noiseless, long-wearing Helical cut steel gears and pinions eliminate friction and internal resistance. The Fairbury will fit any tower using a 2-inch mast pipe. The vane and fan are so constructed to catch the slightest wind.

Come in and let us explain these and numerous other superior features

6, 8, 10 and 12 ft. sizes

Panhandle Lumber Company  
SPEARMAN, TEXAS

# You Can Buy Graham-Paige Quality

at \$855 at factory

MANY people are surprised to learn that Graham-Paige quality can be purchased for as little as \$855, at factory.

The 612, with prices beginning at this figure, is a large, powerful automobile.

When you lift the hood, you see a big engine—delivering 62 horsepower, with smooth operation assured by good balance. A seven-bearing crankshaft (2½ inches in diameter) is supported by a rigid motor block. Water jackets extend clear to the bottom of every

cylinder, giving complete and uniform cooling for dependable performance and long life.

The internal expanding hydraulic brakes, protected from dirt and water, are larger than usual in a car at this price. Brake drums are machined absolutely true, insuring contact for the full surface of the brake shoes on all four wheels. This means less need for adjustments and relining, and greater security through more efficient braking.

The emergency brake is entirely separate, giving the protection—

which we believe essential—of two independent braking systems. All through the 612, you will find extra size, weight and strength. Every one of its 3,125 pounds contributes directly to better performance and increased comfort and safety of its passengers. The bodies are roomy and beautifully finished. Upholstery is genuine mohair, with a guarantee of long wear attached to every cushion. Study the 612 and get a demonstration before you select your next car.

# International Sunday School Lesson

BY DR. J. E. NUNN

FOR JUNE 30, 1929

General Topic:—Quarterly Review.  
General Lesson Title:—Prophecies and Kings of Judah's Decline.

### Introduction

The Scripture Lesson is composed of the twelve Golden Texts that have been used this quarter. Much additional interest and pleasure may be obtained by turning back to the lesson represented by each verse and refreshing the memory in regard to the settling of each lesson.

### Scripture Lesson

1. Then I said, Here am I; send me.—Isaiah 6:8.
2. Jehovah your God is gracious and merciful.—2 Chron. 30:9.
3. As one whom his mother comforteth, so will I comfort you.—Isaiah 66:13.
4. With his stripes we are healed.—Isaiah 53:5.
5. Thy word is a lamp unto my feet, and light unto my path.—Psalm 119:105.
6. We must obey God rather than men.—Acts 5:29.
7. Hearken unto my voice, and I will be your God, and ye shall be my people.—Jeremiah 7:23.
8. Thy words have I laid up in my heart, that I might not sin against thee.—Psalm 119:11.
9. Blessed are ye when men shall reproach you, and persecute you, and say all manner of evil against you falsely, for my sake.—Matthew 5:11.
10. We will drink no wine.—Jeremiah 35:6.
11. Righteousness exalteth a nation. But sin is a reproach to any people.—Proverbs 14:34.

12. Bless Jehovah, O my soul.—Psalm 103:1.

Golden Text:—I have loved thee with an everlasting love; therefore with loving kindness have I drawn thee.—Jer. 31:3.

### Time and Principal Characters

The period of time covered by the twelve lessons of the last quarter is about 170 years. The first lesson told of the call of the great Old Testament prophet, Isaiah, in the year that King Uzziah died 755, B. C. The last lesson is the tragedy of the destruction of Jerusalem, 586 B. C., after its capture by the army of Nebuchadnezzar, king of Babylon.

The two principal characters of this period are the two great prophets, Isaiah and Jeremiah. The first prophesied during the first forty years of the period, and the second during the last forty years, leaving an interval of about sixty or seventy years between the death of Isaiah and the beginning of Jeremiah's ministry. The two best kings during this time were Hezekiah and Josiah. Probably the two worst kings were Manasseh and Amon, the son and the grandson of Hezekiah, and also the father and grandfather of Josiah.

Isaiah received his call to the prophet the year King Uzziah died, 755 B. C. (2 Kings 15:2 and Isaiah 6:1-8). He was contemporary with the prophet Micah in Judah, but unlike his contemporary, spent most of his life in the city of Jerusalem. His ministry of about forty years extending through the reigns of Jotham and Ahaz and going on for more than twenty-five years into the reign of

### Hezekiah

The reign of Hezekiah was one of the most important in the history of the Chosen people. It was while he was king of Judah, that Samaria, the capital of the northern kingdom of Israel, fell into the hands of the Assyrians under Sargon and the kingdom of Israel became defunct. Ten years later, Sargon invaded Judah, exacting heavy tribute from Hezekiah. After he had reigned for fourteen years he was taken seriously sick, but his life was miraculously extended fifteen years longer.

### Jeremiah

After the death of Isaiah during latter half of Hezekiah's reign, there was no prophet in Judah until the coming of Jeremiah more than fifty years later at the close of the reign of Hanasseh, Hezekiah's unworthy son.

Jehovah called this quiet, timid, shrinking son of the priest of Anathoth to be a prophet for him in one of the worst periods of the nation's history. Jehovah assured him in the beginning that he would give to the lad his strength to uphold him and his message to preach. During those dark days of the decline and fall of the kingdom he kept that promise. When the end came in 586 B. C., Jeremiah was still preaching the word of God even though opposed by king and priest and people. It is a remarkable career. Jeremiah kept alive the little spark of real religion in the hearts of the people through these years.

### King Josiah

After the evil kings, Manasseh and Amon it is refreshing to have a boy king come to the throne and begin his reign by "seeking after God." We are certain at once that better days are in store. He spends some time seeking God and his will. He becomes convinced that the evil and idolatry in the land does not please God and so he begins one of the biggest reform movements of Israel's history. He is an iconoclast of the real type and continues his devastating work until idols and high places and images are all cleared away.

During the reign of Josiah, the prophet Jeremiah began his active ministry, with the prophets Zephaniah and Nahum as his contemporaries. It was in the days of Josiah that the book of the law (Deuteronomy) was found in the Temple, and many subsequent reforms followed.

The Last Four Kings of Judah After Josiah, came King Jehoahaz, his son, who, after three months on the throne, was captured by Pharaoh and deported to Egypt. Following Jehoahaz, Jehoiakim succeeded to the throne of Judah and reigned for eleven years. In the second year of his reign, Judah was made tributary to Babylon when Nebuchadnezzar subjugated the land for his father, Nabopolassar.

At this time appeared the prophet Habakkuk, both Nahum and Zephaniah having died, so that Habakkuk and Jeremiah were for the time contemporary prophets in Judah, though it seems Habakkuk began his ministry late in life and prophesied for only a few years. After the great battle of Carhemish, the power of Egypt in Western Asia was overthrown by the Chaldeans.

Following the reign of Jehoiakim, Jehoiachin came to the throne in Judah, but after three months was sent into exile in Babylon, and Zedekiah was enthroned by the Chaldeans.

The Captivity Jeremiah continues his ministry in Judah and Ezekiel begins his work in Babylon, he having gone with the captivity with Jehoiakim. But Zedekiah revolts against Babylon, and Jerusalem is besieged and after eighteen months was captured, the prophet Jeremiah all the time pleading with the king and people to make the best terms possible with the enemy lest the entire city and people should be destroyed. Besides a continued ministry of Jeremiah up to and after the exile until he was carried away to Egypt, the prophet Obadiah wrote his book after national disaster had befallen the Jews.

Special Lessons  
1. God's messengers to the people are their true leaders, though they are not always in positions of influence or leadership. It is the voice of warning instead of flattery that renders a genuine public service.  
2. Preachers can serve their day and generation better in unofficial positions than in official ones, because their power consists in persuasion instead of force.  
3. The morals of a people are no higher than the degree to which their spiritual life is developed.  
4. In preaching a spiritual religion, ministers never build up a self-seeking religious system but institute a leadership of the spirit by whom the people are to be governed and taught.

### AMERICANA

One of the most entertaining sections in the American Mercury, edited by H. L. Mencken, is entitled "Americana." In it the editor puts all the amusing bits of information—the foolish raving of bigots, the rhapsodies of the ignorant, and the outpouring of cranks.

We have no objection to this department but we wonder if the title is quite right. Does this characterize America? Are we an uncultured, unlettered race of reformers and bigots who thank the Lord daily that we are not as other men are? Are we still a barbarous, unthinking lot, whose only concern is dollar chasing?

From the editor's observation of the character and attitude of most aliens we feel convinced that these undesirable human traits are certainly not exclusively American. A spirit of self criticism may be fine for nations as well as individuals, but sometimes we feel that this fad of apologizing for American has gone almost far enough.

A friend of ours observes that an attractive wife can get everything her husband has except his viewpoint.

## Rodeo To Feature Big Celebration At Amarillo, July 3-5

Miller and King's Master Rodeo, to be staged at the Texan Ball Park under the auspices of the Tri-State Fair, at Amarillo, July 3, 4 and 5, is offering some of the greatest exhibitions of wild-west performances ever staged in the Southwest.

Due to the fact that the Panhandle Plains wheat harvest will be on, President Wilber C. Hawk has arranged for night as well as afternoon programs, thus enabling all farmers and business men to avail themselves of the entertainment.

Texan Ball Park has been equipped with 26 flood light and other lighting effects will make the big arena in front of the grandstand as light as day.

Included among some of the world's star performers will be Vaughan Craig Johnson, known as the "Sweetheart of American Rodeo," Tommy Kirnan, champion trick rider and roper; his wife Bea Kirnan, known as the favorite horse lady of America; William King, Colorado's best known performer, and many others.

The price range for the Rodeo is announced at \$1, and box seats, \$1.50.

Among the many features to be offered will be wild cow milking contest, bronc riding, calf roping, bulldogging, maverick race, brahma steer riding, trick riding and roping, high jumping horses and high schooled horses.

On the night of the Fourth of July a magnificent fireworks display has been arranged. This feature alone will be spectacular.

Officials of the Tri-State Fair expect the largest gathering in Amarillo on July 3, 4 and 5 and the Rodeo management is emphatic in their promise to give a real entertainment. There will be a good many people going from here to attend both day and night performances.

### THE REASON

"Do you get plenty of sleep?" said the visitor to small Edward.

"Yes, ma'am" he answered. "Mama puts me to bed every night at eight o'clock."

"To keep you healthy?" he asked. "No, ma'am," was the reply. "It's so she can mend my clothes."

# FAMOUS Ohio Pulverizer

### Makes Seed Grow

If you like to see your seedling get off to a good start, put the ground in shape with this pulverizer.

It makes a perfect seed bed—crushes hard lumps, packs the furrow slice and leaves a loose mulch on top that holds the moisture. Seed starts quickly and the roots get established in firm, moist soil.

We recommend this Famous Ohio Pulverizer because it will help you to grow bigger crops and make more money.

Free Book The Foundation of Farming Shows how to make a perfect seed bed and why the Pulverizer is the most economical implement you can use for it.

HUDSON-ESSEX PRODUCTION EXCEEDS ALL PAST RECORDS

The Hudson Motor Car Co. shipped 42,086 Hudson and Essex cars in May, completing the largest May Hudson ever has known. This total compared with 32,450 cars a year ago, an increase of nearly 30 per cent. For the five months to June 1 Hudson has shipped 194,570 cars as compared to 151,887 a year ago, which was the largest year up to that time.

Hudson officials describe the sales situation as strong. Orders from the field already have been received to more than cover June production, which will be carried forward to meet the second quarter's schedule of around 120 cars which was announced early in the year. This will make the largest quarter's shipping Hudson ever has known.

Hudson, the industry's paradox, more or less, because its price range does not place it under wing of the great god Volume, is producing an automobile every 16 seconds, or at the rate of 190 a day.

Hudson, Courtney Johnson, general sales manager, points out, makes no provision for warehousing its fabricated products, so every day 1900 Hudson and Essex cars roll on their way to dealers under orders.

In spite of this huge production, the greatest in the history of the factory, each car is "made to order." It may seem impossible, and yet that is exactly what is done.

"There are no less than 276 color combinations in the Hudson and Essex color options," explained Johnson, "and cars are put through only on the dealers' specific orders. You would imagine that would cause traffic snarls along the production line, but it doesn't, in spite of the seemingly complicated method that must be followed."

"Now, the production department

isn't the only phase of this business which has been shifting its gear. In April, for instance, we shipped 47,000 odd cars. On May 1, our dealers had 29,000 cars on hand considerably less than a 30-day supply and 300 cars less than they had in stock on May 1, 1928.

"Not only is the dealer selling these cars faster than he ever did, but he is making a bigger profit. There is no question that it will be better, in every way, than the first quarter of 1929."

The enviable position of the Hudson-Essex did not "just happen." It was carefully planned, according to Johnson.

"We decided that 1929 would be the crucial year in this industry," said Johnson, "so we organized accordingly. We figured that the automobile buyer would select his car on the basis of exceptional value."

"We designed cars that would combine outstanding performance, riding luxury and beauty to sell at very low prices. We achieved this by giving such a wide option of color combinations that the curse of 'mass production' would be eliminated."

"The response of the public tells the story. Last year we were the world's biggest builders of six-cylinder automobiles. Our production for 1929 will far exceed that of 1928."

Hudson has long been noted for its production efficiency. Among other things, it is generally credited with having the largest turnover of materials in the industry and the largest production per foot of assembly line and per foot of floor space. It is also the largest automobile manufacturing plant operating at one unit.

"Our capital structure is also a vital factor, along with highly seasoned and skillful administration," Johnson explained. "We have neither bonded indebtedness nor preferred stock."

"Another vital factor in Hudson's

success is our dealer organization. Just as every major executive of the company has been associated with its growth from the beginning, so has our dealer organization largely been the result of steady growth. Hudson is proud of its record of such a high per centage of veteran dealers.

RODEO STAR

Here is Vaughn Craig Johnson, 'sweetheart' of American rodeo audiences, who will appear in Amarillo at the Tri-State Fair rodeo July 3, 4 and 5. Miss Johnson is shown in her most dangerous trick, bulldozing a steer from a moving automobile, a feat which no other woman performer has ever completed successfully.

Other world famous stars who will be at the Amarillo rodeo include Tommy Kirnan, champion trick rider and roper, his wife, Bea Kirnan, herself a champion lady rider, and William King, Colorado's best known performer.

Officials of the Tri-State Fair association are making plans for a crowd of at least 25,000 in Amarillo during the three-day rodeo meet.

HE'S A PROFESSIONAL

It is rumored that the little daughter of a local real estate dealer and an out of town chum were arguing. Here's the way the dialogue proceeded:

"A fib is the same as a story, and a story is the same as a lie."

"No, that isn't so."

"Yes, it is because my father is a professor at the University and that's what he says."

"Well, my father is a real estate dealer and he know a lot more about lying than your father."

AN EYE TO BUSINESS

Judge: "You let the burglar go to arrest an automobilist?"

Policeman: "Yes. The autoist pays a fine and adds to the resources of the state; the burglar goes to prison, and the State has to pay for his keep."

MIGHT END IT

"Do you think that women ought to govern?"

"Oh, yes," replied Miss Cayenne.

"But I don't know whether it would always be wise to call public attention to the fact that they are doing so."

EDITORIAL CONFESSION

"Better interview this Lady Eglantine," suggested the managing editor of the New York Daily Squash.

"Why, she's a hen. A hen can't do anything but cackle."

"Well, we've printed worse interviews. Go ahead."

Have you renewed your subscription to the Reporter.

"THE TRAIL OF '98" IS REAL EPIC OF NORTH

What "The Covered Wagon" was to the west, "The Birth of a Nation" was to the south, "Way Down East" was to New England, is just what "The Trail of '98" is to the far north.

It is only once in a great while that film producers succeed in turning out a real epic. Not that they don't try; it's because there isn't enough material of the right kind to make many epics.

But Metro-Goldwyn-Mayer has certainly hit on a story of epic quality in "The Trail of '98," which was directed by Clarence Brown and is now being shown. It will be at the Lyric Theatre, Friday and Saturday, July 5 and 6.

When you see this picture you not only see the days of the mad gold rush to the Klondike—you live them.

The writer of this review had expected to witness a great spectacle when we went to see this picture. What he did see was a mighty love story set in a magnificent and spectacular frame.

Take the love story out of "The Trail of '98" and you still have a marvelous spectacle—put it back and you have an epic.

Clarence Brown has succeeded in doing something which is seldom done. He has filmed mighty, spectacular scenes but he shows them only to let you realize the effect they have on the individuals in his picture.

You see thousands of people in a single scene but that scene isn't crowded. It has square miles of background—background that takes away the spectacular and gives balance. The picture has real grandeur and magnificence, but it also has heart interest. The principals get their reactions from these great scenes, these great numbers of people. What you see is individual reaction to what otherwise would be the spectacular.

COMFORT HERE

It was a hot, sizzling day. From morning to night the sun beat down on the pavements, and kept the air dancing and shimmering along brick walls. It was in the great city and everywhere one encountered evidence of more than discomfort, of actual suffering.

When evening came the balconies and stairways of apartments were crowded. Children from right and left, from above and below, were fretting and crying.

Anywhere extreme heat is a source of discomfort. In the city, however, it brings suffering, for the sun will convert paved streets, and brick walls to scorching furnaces.

When the heat settles down this summer, and you fret and complain, pause a moment and consider how fortunate we really are here in Spearman. To those who are suffering in the great city, our town is a veritable summer resort.

Light Talk

"Hudson" President

not believe that it is within the power of man to say that demand for automobiles is limited, said W. E. Hudson, president of the Hudson Motor Car Company, in his first address since becoming Hudson's president.

ness is not soulless capital. The personal element and owner responsibility, confines his interest to dividends and stock values. There is cooperation between the best elements of employer and employee. We have a structure based upon the recognition of human values which has created a new industrial order wherein undeserved poverty, misery and suspicion should have no place.

MISSING

"Children," said the Sunday school superintendent, "this picture illustrates today's lesson: Lot was warned to take his wife and daughters and flee out of Sodom. Here are Lot and his daughters, with his wife just behind them; and there is Sodom in the background. Now, has any girl or boy a question before we take up the study of the lesson? Well, Susie?"

True happiness consists not in the multitude of friends, but in the worth and choice.—Jonson.

SPECIAL ELECTION PROCLAMATION

Under and by virtue of an ordinance adopted by the City Council of the City of Spearman, Texas, authorizing the calling of an election for the purpose hereinafter set forth, duly passed and approved by the Mayor and City Council of said City on the 21st day of June, A. D. 1929, I, the undersigned, Mayor of the City of Spearman, Texas, do hereby call a special election to be held in said City on July 30, 1929, for the purpose of submitting to the qualified voters of said city, for their approval or disapproval, the following proposition:

Proposition Shall the Mayor and City Council of the City of Spearman, Texas, be authorized to sell, transfer, convey and deliver to Texas-Louisiana Power Company, a corporation, its successors and assigns, the entire municipally owned water works plant and distribution system with all property whether real, personal or mixed, used in connection therewith, as a going concern, and free and clear of all liens and encumbrances, and in accordance with all the terms and conditions of a written contract entered into by and between the City of Spearman and Texas-Louisiana Power Company, bearing date of the 21st day of June, 1929, and now on file in the office of the City Secretary of Spearman, Texas, for the total sum of Sixty-seven Thousand Five Hundred (\$67,500.00) dollars.

The voters who desire to vote in favor of such proposition shall run a pen or pencil through the word "YES." The voters who desire to vote against said proposition shall run a pen or pencil through the word "NO."

The polls shall be open at 8 o'clock a. m., and shall remain open continuously and close at 7 o'clock p. m.

The location of the polling place shall be as follows: In the Spearman City Hall.

The names of the persons who shall conduct said election and who shall certify the result shall be as follows:

O. C. Raney, Presiding Judge. Robt. E. Meek, Associate Judge. J. H. Buchanan, Associate Judge. L. W. Mathews, Associate Judge.

Witness my hand as Mayor of the City of Spearman, Texas, and at

tested by the City Secretary, this 21 day of June, A. D. 1929.

FRED. J. HOSKINS, Mayor of the City of Spearman, Texas. Attest: S. E. HARBISON, City Secretary.

AN ORDINANCE

An ordinance calling an election to determine whether the Mayor and City shall be authorized to sell, transfer and convey to Texas-Louisiana Power Company the entire municipally owned water works plant and distribution system, with all property whether real, personal or mixed used in connection therewith, as a going concern and free and clear of all liens and encumbrances, in accordance with the terms and conditions set out in a written contract entered into by and between said City of Spearman and the Texas-Louisiana Power Company, a corporation, bearing date of the 21 day of June, 1929, and now on file in the office of the City Secretary of the City of Spearman, Texas, for the total sum of Sixty-seven Thousand Five Hundred (\$67,500.00) Dollars, and declaring an emergency. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SPEARMAN, TEXAS:

That an election is hereby called to be held on the 30th day of July, 1929, at which election there shall be submitted to the qualified voters of the City of Spearman, Texas, the following proposition:

Shall the Mayor and City Council of the City of Spearman, Texas, be authorized to sell, transfer, convey and deliver to the Texas-Louisiana Power Company, a corporation, its successors and assigns, the entire municipally owned water works plant and distribution system, together with all property whether real, personal or mixed, used in connection therewith, as a going concern, and free of all liens and encumbrances, in accordance with all the terms and conditions of a written contract entered into by and between the City of Spearman and Texas-Louisiana Power Company, bearing date of the 21 day of June, 1929, and now on file in the office of the City Secretary in the City of Spearman, Texas, for the total sum of Sixty-seven Thousand Five Hundred (\$67,500.00) Dollars, to be paid in accordance with the terms and conditions of said contract, upon the final delivery and acceptance of said property.

That said election shall be held at the following place in the City of Spearman, Texas:

In the Spearman City Hall. and the following officers are hereby appointed to hold such election:

O. C. Raney, Presiding Judge. Robt. E. Meek, Associate Judge. J. H. Buchanan, Associate Judge. L. W. Mathews, Associate Judge.

That said election shall be held in accordance with the general laws of the State of Texas, and shall be governed as nearly as may be by the laws governing and regulating general elections.

That there shall be prepared an official ballot for use in said election, at the top of which shall be printed in large letters the words: "OFFICIAL BALLOT." It shall contain the following:

Proposition "Shall the Mayor and City Council of the City of Spearman, Texas, be authorized to sell, transfer, convey and deliver to Texas-Louisiana Power Company, a corporation, its successors and assigns, the entire municipally owned water works plant and distribution system with all property whether real, personal or mixed, used in connection therewith, as a going concern, and free, and clear of all liens and encumbrances, and in accordance with all the terms and conditions of a written contract entered into by and between the City of Spearman and Texas-Louisiana Power Company, bearing date of the 21 day of June, 1929, and now on file in the office of the City Secretary of Spearman, Texas, for the total sum of Sixty-seven Thousand and Five Hundred (\$67,500.00) Dollars. YES

NO "The voters who desire to vote in favor of such proposition shall run a pen or pencil through the word 'NO'. The voters who desire to vote against said proposition shall run a pen or pencil through the word 'YES'."

The Mayor is authorized and directed to cause notice of said election to be posted at the office of the City Secretary and at two other public places in the City of Spearman, Texas, for at least thirty days next preceding the date of said election, and the Mayor is further authorized and directed to have the notice of election published in a newspaper of general circulation, published in the City of Spearman, Texas, each week for four consecutive weeks prior to said election.

The fact that the Texas-Louisiana Power Company has made the City of

an advantageous and attractive offer for its water works plant and distribution system, subject to immediate acceptance, creates an emergency requiring the suspension of the rules and final passage of this ordinance on the day of its introduction, and it is so ordered.

It was moved, seconded and unanimously adopted that any rules requiring that an ordinance be read at three separate meetings be and they hereby are suspended, and that said ordinance be finally passed on the day of its introduction.

It was then moved, seconded, and unanimously adopted that the ordinance do finally pass and be adopted.

Passed and approved this 21 day of June, A. D. 1929.

Approved: FRED. J. HOSKINS, Mayor.

Attest: S. E. HARBISON, City Secretary.

### Epworth League

Harvest is upon the community and all the Leaguers are busy; but they remember that there is a harvest

of Leaguers to be gathered and are working hard in a summer campaign A membership campaign is to be planned soon after the return of the president. During our president's

absence we have not done much but under our capable vice-president, Aln Reed, we have held our regular meetings and had some very good meetings. The program for next Sunday is a very interesting one, and much benefit may be derived from it. The subject is "What is success?" Of course we all intend to be successful in any line of work we take up; but when asked directly "What is success?" can we answer? Is it happiness? Is it fame? Is it service for others? Is it wealth? What is success? Hear this interesting subject discussed at Epworth League next Sunday.

The following is the order of the program:  
Leader—Chloe Oldham  
Song—"The Fight is On"  
Prayer—Helen Buchanan  
Piano Solo—Alda Tompkins  
Address on What is Success—Rev. O. M. Addison.  
Short talk on Jesus as a Successful Man—Aln Reed.  
Short Talk on How is Success Measured—Emma Jean Reaves.  
Comments by Leader and League.  
League Benediction.

### Missionary Society Holds Zone Meeting at Spearman

The Ladies Missionary Society of the Methodist church of this city held a zone meeting of the Spearman and Perryton societies here last Wednesday afternoon. A good number of Perryton ladies were here to represent their organization. The meeting was had at the Methodists church. An interesting program was given and refreshments were served.

### American Legion Auxiliary Will Meet Friday

The Ladies of the American Legion Auxiliary will meet at the home of Mrs. C. A. Hitt Friday afternoon at 2:00 o'clock to do Red Cross sewing. All ladies are cordially invited to assist with this work whether or not they belong to the Auxiliary.

### Campfire Girls

The Campfire Girls met at the home of Helen and Louise Buchanan Tuesday night. It was decided that their camping trip would be put off until after harvest because most of them are working now. An enjoyable time was had at the meeting. The next meeting will be at the home of Chloe Oldham Tuesday night. This is an important meeting and all members are urged to attend. SCRIBE.

### Twentieth Century Club Entertained With Social

The members of the Twentieth Century Club and a number of friends were royally entertained with a forty-two party at the home of Mrs. W. L. Russell on Thursday afternoon, June 21. After spending several very pleasant social hours the evening was concluded with the serving of a delightful two-course lunch. Those present were: Mrs. Fred Hoskins, Mrs. E. C. Womble, Mrs. Paul Roach, Mrs. R. V. Converse, Mrs. C. E. Campbell, Mrs. C. A. Hitt, Mrs. S. B. Hale, Mrs. R. W. Morton, Mrs. R. W. Maples, Mrs. Robert Clogston, Mrs. P. A. Lyon, Mrs. J. D. Hester, Mrs. John L. Hays, Mrs. M. D. Jackson, Mrs. W. L. Russell and Mrs. Delon Kirk.

### Buckley-Branham

Coming as quite a surprise to their many friends in Spearman was the announcement of the marriage of Miss Elma Buckley to Fred Branham on Thursday, June 21 at six o'clock in the afternoon. The license was secured and the ceremony performed at Arnett, Oklahoma, by Judge Leslie of that city. Following the ceremony the young couple motored to Enid, Oklahoma, where they visited until Sunday. Mrs. Branham is the daughter of Mr. and Mrs. Ira Buckley and is one of the towns most popular young ladies. She attended the Spearman schools and graduated with the class of 1927. Since that time she has been employed by the telephone exchange as an operator. Mr. Branham is from our neighboring city of Perryton. He is the son of Mrs. Mattie Branham of that town. During the past several months he has been employed by the Campbells' Men's Store of Spearman, assisting in the cleaning and pressing department. He has resigned this position to accept the management of the Wardrobe Cleaners at Perryton, where he and Mrs. Branham are now at home to their friends.
