A WORD ABOUT OUR SCHOOL

As the time for the opening of school draws nearer, some are likely to become concerned as to just what provisions are being made for caring for our High School until our new building is completed. Let me say that everything has been and is being done to make the 1923-24 session the best we have ever had. True we are handicapped in the way of buildings, but at that we have far better buildings than our fathers and mothers ever dreamed of having. We will be in good buildings and well fitted to carry on High School work just as we have always done.

Now is the time for us to unite and help put over the best school we have ever had. This is our school. We are a part of it. You would think very little of one of your employees who was continually reminding you that you were going to fail just because everything was not ideal, yet some of us are ready to do that very thing—hollow failure just because the situation is not ideal.

We are going to have one of the

best schools this year we have ever had, for we have a faculty of the best teachers in this part of the State and they are all enthusiastic and want to serve you; so let's join hands and help them.

Come on and help us help you. The fellow who begins a task and does not think it can be done is whipped before he begins. We do not belong to that group. We believe in the school and we are going to do our best to make it a success. Don't you want to help.

SUPERINTENDENT.

Electric Lights in 60 Days Water in Mains by Dec. 1

City Council Has Signed Contract With Gantt-Baker Company and Work on Municipal Light and Water Plants Will Begin Within Fifteen Days.

What's the matter with Spearman—she's all right. A \$75,000 school building under construction, one brick business building under construction and others to follow soon—but listen; that "aint" half of it. The City Council have finally disposed of the city bonds and signed a contract for the construction of the municipal light plant and water system. E. W. Baker of the firm of Gantt-Baker Company, Oklahoma City, was here the first of the week and closed the deal. The Gantt-Baker Company are to take the bonds at par plus accrued interest, and are to build the light and water plant according to plans and specifications already drawn, for the sum of \$54,000. The council will collect \$1100 put up as a forfeit by the Houston firm which contracted for the bonds in the first place and failed to pay for the same. The interest on the bonds now amounts to something like \$1400, and there will

be \$1000 of the \$5500 bond issue remaining, which will give the council a start of something like \$3600 in the treasury for incidentals. Mr. Baker states that he will have electric lights burning in Spearman within 60 days and that he will have water in the mains by December 1. He cannot say just when the water tower and tank will be ready for use on account of not knowing just when he can get delivery on the material. The entire town and community is rejoicing today because of the prospects of this work being begun at an early date. And it is a time for rejoicing. The council have labored long and patiently on this proposition, and have did their utmost to guard well the city's interests in all things. No one is more pleased than the councilmen that the matter is finally settled. Water, light, new school building, new business houses, new residences, new people—the old home town is coming along.

CONTRACT IS LET FOR SCHOOL BUILDING

Bone Construction Company, of Amarillo, Will Build the \$75000 School for Spearman Independent District

Monday, August 20, was a busy day around the offices of A. F. Barkley, president of the Board of Trustees of the Spearman Independent School District. This was the day set for opening of the bids on the construction of Spearman's new \$75,000 school building, and bidders were here from everywhere to figure on the job. After a thorough investigation of all bids, the contract was let to the Bone Construction Company of Amarillo. This is one of the leading construction companies of the southwest, and they will put up a school building in Spearman of which the entire community will be proud for many years to come. Bids from seven firms and individuals were submitted for the consideration of the board and they were busy until late Monday night with the work of figuring out to whom the contract should be let. While any one of the bidders would doubtless do a splendid job, and strictly according to contract, yet the Reporter feels that no mistake has been made in the selection of this excellent firm. They are builders with an enviable reputation behind them, and will do the job for Spearman as it should be done. Their representative who was here Monday states that they expect to have the building ready for occupancy by January 1, unless some unforeseen difficulty arises, and he does not expect anything of the kind. Spearman's school will begin on time—September 17; don't forget that—and the 1923-24 term will be one of the most successful we have ever had.

The following letter from the Bone Construction Company of Amarillo, was received yesterday and is self-explanatory:

Mr. A. F. Barkley, President, and Members of Spearman School Board, Spearman, Texas. Gentlemen:—

We wish to thank all of you gentlemen very much for awarding us contract for your new school building and it is our intention to give you a strictly first class building in every way; one that will be a credit to your community. And knowing the condition your district is in, we will do everything in our power to complete this building by January 1, so that you can have the same to commence your school-term in the new year.

We have today signed contracts prepared by Mr. Rittenberry, and have executed our bond and are turning the same over to Mr. Rittenberry so that he can mail these together. We wish that you would return us one of the copies of the signed contract, with our certified check by return mail. You will note that space is prepared for the President and Secretary to sign contract, and place seal on same.

I am already purchasing material for this job and am making arrangements to commence work on Monday, September 3rd, and hope that you will have the lot cleared off and decide on location so that we can establish grades and levels and lose no time in commencing operations.

With very best wishes, we beg to remain,

Yours very truly,
FRED BONE CONST. CO.
Amarillo, Texas

Bob Archer, Hicks Wilbanks, Curt Lowe and Sid Powers loaded cattle at the Spearman yards this Friday morning for the Kansas City market.

Miss Thelma Thompson, sister of Walter Thompson, who has been visiting the latter for the past two weeks, will return to her home at Kress, Texas, today.

WILL DISCUSS FREIGHT RATES IN PANHANDLE

Important Mass Meeting to be Held at Spearman on August 30—Farmers and Merchants Should Attend

A mass meeting of more than ordinary importance will be held at the Lyric Theatre in Spearman on Thursday, August 30, at 2:00 o'clock. The object of this meeting is to formulate some sort of a protest against the raise in freight rates from the Texas Panhandle to Texas points. Judge L. Gough of Amarillo will be here to address the meeting, and the Southwest Wheat Growers Association will likely be represented. It is important that this meeting be well attended, as much data must be gathered and a strong fight put up to prevent, his increase in rates. It is claimed by those in position to know whereof they speak, that should the roads be allowed to put into effect these proposed rates that the producer in the Panhandle of Texas will be penalized from 9 cents to 15 cents per bushel more than the present prices and rates will be raised from 28 cents to approximately 50 cents per hundred. This is very drastic move from the railroads standpoint and simply means the life of the producer's business in the Panhandle. In order to forestall the proposed increase the Texas Wheat Growers Association filed an application with the Railway Commission of Texas for a ten per cent reduction in the present rate, and it can only be won by the producer assisting in getting up the data that will have a bearing on the decision of these rates. Therefore, it is important that every farmer and business man in the Spearman country attend the meeting to be held here on Thursday, August 30. Come and learn how you may help along this important work.

A SMALL BLAZE

Again the fire alarm was sounded in the wee small hours of the night. On Monday night fire of unknown origin made a wreck of the cellar at the rear of the Hillhouse Drug Company. This cellar was boxed inside with lumber, most of which was burned before the fire was discovered. The little chemical fire-fighting equipment was rushed to the scene and the fire was soon extinguished. Mr. Hillhouse has a Delco lighting plant in this cellar, but it was not seriously hurt, and was popping away at a lively rate the following afternoon.

PULLED A POKER GAME

Sheriff Richardson rode right into a poker game which was grinding in a vacant house on the Micou old place, out southeast of town on Sunday night. The boys appeared in Judge Townsend's court Monday morning and paid fines of \$20 each, with additional cost which ran the sum total to about \$32.50. It is a fairly safe bet that nobody won anything in that little game.

Miss Faye Kirk was in from her home in Hutchinson county Thursday, visiting with friends.

W. S. McNabb and son Warren, of Mineral Wells, were visitors to Spearman several days this week.

Moderal Leeman, Dennis Beck, Cotton Daily and Faye Stamper passed through Spearman Thursday afternoon enroute to their homes at Guymon, from Lawton, where they attended a big meeting of the American Legion.

The revival services conducted in a tent near the Union church are attracting considerable attention and the attendance is growing larger with each service. Our former fellow-townsmen, Gene Daughete, is assisting with the preaching.

As Time Passes

We grow older in experience as well as in years. Experience is teaching the Farmer and Stockman of the Southwest that diversification pays.

Chickens, Hogs and a few milk cows will make any industrious farmer a living and the money crop, when it comes in, is clear of any lien for living expenses.

Let us profit by Experience.

DEATH OF J. R. GARNER

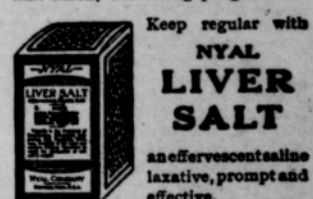

News reached Spearman Tuesday afternoon of the tragic death of J. R. Garner, of Harper, Kansas, which occurred near Shattuck that day. Mr. and Mrs. Garner were enroute from their home at Harper to Spearman to visit with their son, Alva Garner, when the fatal accident occurred. They were out of Shattuck a short distance, when they discovered that they were on the wrong road. Mr. Garner attempted to back the machine to get it in position to turn round, and in doing so backed off a small bridge. Mrs. Garner was not seriously hurt. We understand that a little grandchild of Mr. and Mrs. Garner was in the car also, but was not hurt. Alva Garner received the news late Tuesday evening and left immediately for the scene of the accident. Mrs. Garner left early Wednesday morning for Shattuck. We understand that the remains were taken back to the home at Harper for burial.

I. F. Douglas and daughters Misses Alma and Mabel, were here from Shamrock, Thursday to attend the funeral of B. V. Andrews. Mrs. J. E. Womble and the children, who have been visiting there, returned with them.

THE SPEARMAN REPORTER BY ORANK KELLY.

Entered as second class matter November 21, 1919, at the post office at Spearman, Texas, under the act of March 9, 1879.

\$1.50 PER YEAR IN ADVANCE

THE FAIR

September 20-21, the dates for the Hansford County Fair, are drawing close to hand. Everyone should begin boosting at once and never let up for a moment. Reports from different sections of the county indicate that the farmer folk will be here with the exhibits of farm products in great abundance and the live stock interests will be represented with some of the best stock in the southwest. The committees have arranged for two-days of splendid entertainment, outside the regular fair work. There will be ball games, foot races, girls' races, broncho riding, goat roping, fat men's races, tournament races, bull dogging, horse races, and other forms of amusement. The Hansford County Fair will be a record breaker this year. The Reporter has printed a large number of page bills which are being distributed throughout the county and the catalogue will be ready for distribution early next week. Everything seems to be moving along satisfactorily. Let's keep up the good work.

Lee Satterwhite, in his good paper, the Panhandle Herald, insinuates that the Reporter stretched the blanket a little about the size of a fish caught out of the Canadian. The Reporter is not responsible for the story. We simply printed it as it was given to us. That's all.

A MUNICIPAL ICE PLANT

Along with the new \$75,000 school building, the water and light plant, and other improvements now under construction and being planned, why cannot Spearman have a municipal ice plant. The manufacture of ice in sufficient quantity to supply Spearman and the Spearman country, would require very little additional labor for the workmen in charge of the light and water plant, and the plant could be operated on practically the same amount of power. The machinery could be installed without voting bonds, and the plant would soon pay for itself. While it is a little late in the season to begin talking an ice plant for this season, yet another summer will come, and if Spearman does not manufacture her own ice, she will have to pay the cost of having it shipped here. McLean, Texas, is paying 60 cents per hundred for ice. Spearman is paying \$1.25 per hundred for ice. McLean has a municipal ice plant. Spearman's ice is shipped in.

SPEARMAN

A GOOD CITIZEN GONE TO HIS REWARD

B. V. Andrews, Prominent Rancher and Business Man, Passes Away at Rochester, Minn.

The entire Spearman country was shocked on last Sunday morning, when the news flashed over the wires from Rochester, Minn., that Ben Andrews was dead. He died at 4:45 a. m., Sunday, August 19, at the Mayo Brothers hospital in Rochester, whence he was taken from Spearman last week for examination and a possible operation. Mr. Andrews has been in failing health for over a year, and his death was not wholly unexpected, although it came as a severe blow to his family and intimate friends. Mrs. Andrews accompanied her husband to Rochester in a last effort to prolong his life, and, faithful unto the end, returned with the body to Spearman on Wednesday, for burial in the Hansford cemetery, which took place Thursday afternoon at 4:00, following services at the residence conducted by Rev. G. H. Brown. The specialists at the Mayo's hospital attributed his death to a tumor on the spine.

Benjamin VanCleve Andrews was born at Pueblo, Colorado, November 7, 1874, and in early childhood the family moved to Topeka, Kansas, and later to Kansas City, Kansas, where his parents have resided for the past 40 years. While Ben was yet a boy, his father came to the southwest and engaged in the ranching business near old Camp Supply. This was in the early days, when Dodge City was the nearest railroad point. Ben, with his brother Frank, would come out to the ranch in the summer and work as a cow hand, returning to the city in the winter to attend school. In 1902 the brothers came to Hansford county and each engaged in the ranching business for himself. Ben sold his ranch about five years ago and engaged in the banking business at old Hansford. Just before Spearman was established he sold the bank and purchased the hardware and implement business, which he moved to Spearman and conducted until his death. He also owned and operated a farm on the north flats in this county. He was a good business man and made a success of every business enterprise in which he was engaged. But his greatest success in life was making a friend of everyone he met or with whom he came in contact. He had been a resident of the southwest practically all his life, and for the past 21 years has resided in Hansford county, and was universally loved and respected by a wide circle of friends. The old-time cowmen of the southwest will learn of this death with genuine regret. One by one the early day cowmen are passing on; going to their last resting place, to await the last great roundup, and those who knew him best; were familiar with his splendid traits of character believe that Ben Andrews will be among those to inherit a home in that beautiful city. Deceased was married to Mrs. Edna Ford at Tucumcari, New Mexico, on August 10, 1911. To this union three children were born, two boys and a sweet little girl, all of whom are left with the devoted mother and wife to mourn his loss. The ages of the children are: Edna, 10; John Ben, 6, and Joe V., 4. J. V. Andrews, father of the deceased, died in 1919, at his home in Kansas City, Kansas. The mother, a brother and four sisters survive.

Visiting relatives here to attend the funeral were: Mrs. J. V. Andrews, the aged mother of the deceased, and Mrs. J. W. Hayward, a sister, of Kansas City; Mrs. C. L. Racey, a sister, of Phoenix, Arizona, and J. F. Andrews, the brother, who resides on his ranch nine miles north of Spearman. Miss M. E. Andrews of Kansas City and Mrs. W. C. Mooney, of Galesburg, Illinois, sisters of the deceased, could not attend the funeral on account of illness.

Mrs. M. J. Canton, mother of Mrs. Andrews; Mr. and Mrs. C. W. McKinney and Mrs. Josie Curtis, were here from their home at Englewood, Kansas. Mrs. McKinney and Mrs. Curtis are sisters of Mrs. Andrews. To the sorrowing relatives the Reporter extends sincere sympathy in this dark hour.

THE POLAND CHINAS ARE BETTER IN EVERY WAY

There are one hundred years of constructive breeding back of every purebred Poland China.

Poland China Prolificacy—A survey of 3500 litters from 1916 to 1921, show an average of 8.44 piglets to the litter.

The Poland China won the ton-litter contest with 550 other litters of all breeds, grades and cross-breeds competing. At six months old the litter of eleven pigs weighed 3040 pounds—276 pounds each at a cost of 4.7 cents per pound.

Official weights at the National Swine Show of 1922 at Peoria, Ill., the Poland China out weighed all breeds in every class with one exception—of four pounds in the junior bear pig.

For the fifth consecutive time the Poland Chinas carried off the Grand Champion on pen of three barrows, in competition with all breeds, at International Stock Show at Chicago, and in International Shows have captured this prize nine times out of ten.

Poland Chinas lead all breeds in dressing percentage at the 1921 International Show. The two highest percentages were won by Poland Chinas.

First, 86.1 per cent; Second, 85.6 per cent; Third, Chester White, 84 per cent; Fourth, Spotted Poland Chinas, 78.8 per cent; Fifth, Duroc Jersey, 75.7 per cent. The highest per cent ever made was by Poland Chinas in 1913, being 92 per cent.

The highest average price of bred sows ever made in the sale ring by

CITATION BY PUBLICATION

The State of Texas, To the Sheriff or any Constable of Hutchinson county, greeting:— You are hereby commanded to summon Alfred Davis, and the unknown heirs and legal representatives of such named person, and W. H. Johnson and Rachel E. Johnson, by making publication of this citation once in each week, for four consecutive weeks, previous to the return date hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Hutchinson County, Texas, to be held at the Court-house thereof in the town of Plemons, on the 2nd Monday in October, A. D. 1923, the same being the 8th day of October, A. D. 1923, then and there to answer a petition filed in said court on the 21st day of July, A. D. 1923, in a suit numbered on the docket of said Court Number 521, wherein E. B. Johnson, Neil R. Johnson, Graham B. Johnson and Montford T. Johnson are plaintiffs and Alfred Davis, and his unknown heirs and legal representatives, and W. H. Johnson, and wife, Rachel E. Johnson are defendants; said petition alleging that on July 1st, 1923, they were lawfully seized and possessed of Survey or Section Number three (3) in Block Number 1, Certificate 268, Brooks & Burleson Original Grantee, situated in Hutchinson county, Texas; that on said date defendants, and each of them entered upon said lands and ejected plaintiffs therefrom, and now withhold the possession thereof. Plaintiffs further allege a chain of title from the State of Texas, to themselves, through various deeds and instruments, and that they are the owners and entitled to the possession of said land.

Plaintiffs further plead specifically, that they have had and held possession of said tract of land, under color of title from the State of Texas, with peaceable, continuous, and adverse possession for a period of more than three years, and that they have likewise held such possession for a period of more than five years, paying taxes thereon and that they have likewise had such peaceable and adverse possession for more than ten years, enjoying and using the same so as to mature the title under the three years, five years and ten years statutes of limitation.

Plaintiffs pray for title and possession of said land that their title be quieted and that any and all claims, interest or estate in said lands, had or claimed by defendants, be divested out of them and invested in plaintiffs. Herein fail not, but have you then and there before said court, this writ with your return thereon, showing how you have executed the same. Witness M. E. McCormick, Clerk of the District Court of Hutchinson County, Texas. Given under my hand and seal of said court, in the town of Plemons, this 21st day of July, A. D. 1923. (Seal.) M. E. McCORMICK, Clerk of the District court of Hutchinson county, Texas.

CITATION BY PUBLICATION

The State of Texas, To the Sheriff or any Constable of Hutchinson county, greeting:— You are hereby commanded to summon N. C. Young, Marie Jeanne Young, H. P. Moncla, Lucile Marie Moncla, the unknown heirs and legal representatives, of each of such named persons and unknown stock holders of the Hugo & Schmeltzer Company, the names of such heirs and legal representatives, and stock holders, being unknown, by making publication of this citation, once in each week for four consecutive weeks, previous to the return date hereof, in some newspaper published in your county, if there be a newspaper published therein but if not then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Hutchinson County, Texas, to be held at the Court-house thereof in the town of Plemons, on the 2nd Monday in October, A. D. 1923, the same being the 8th day of October, A. D. 1923, then and there to answer a petition filed in said court on the 21st day of July, A. D. 1923, in a suit numbered on the docket of said Court, Number 522, wherein E. B. Johnson, Neil R. Johnson, Graham B. Johnson, and Montford T. Johnson are plaintiffs, and N. C. Young, Marie Jeanne Young, and H. P. Moncla, Lucile Marie Moncla, the unknown heirs and legal representatives, of said named persons and the unknown stock holders of the Hugo & Schmeltzer Company, a defunct corporation, are defendants; said petition alleging that on July 1, 1923 they were lawfully seized and possessed of Survey or Section Number 5, Block 1, Certificate 129, Brooks & Burleson, original grantee, situated in Hutchinson county, Texas; that on said date defendants and each of them entered upon said lands and ejected plaintiffs therefrom, and now withhold the possession thereof. Plaintiffs further allege a chain of title, from the State of Texas, to themselves, through various deeds, and a judgment of the District court of said county and that they are the owners and entitled to the possession of said land.

Plaintiffs further plead specifically, that they have had and held possession of said tract of land, under color of title from the State of Texas, with peaceable, continuous, and adverse possession for a period of more than three years, and that they have likewise held such possession for a period of more than five years, paying taxes thereon and that they have likewise had such peaceable and adverse possession for more than ten years, enjoying and using the same

so as to mature the title under the three years, five years and ten years statutes of limitation.

Plaintiffs pray for title and possession of said land that their title be quieted and that any and all claims interest or estate in said lands, had or claimed by defendants, be divested out of them and invested in plaintiffs.

Herein fail not, but have you then and there before said court, this writ with your return thereon, showing how you have executed the same.

Witness M. E. McCormick, Clerk of the District Court of Hutchinson County, Texas.

Given under my hand and seal of said court in the town of Plemons, this 21st day of July, A. D. 1923. (Seal.) M. E. McCORMICK, Clerk of the District court of Hutchinson county, Texas.

CITATION BY PUBLICATION

The State of Texas, To the Sheriff or any Constable of Hutchinson county, greeting:— You are hereby commanded to summon E. C. McGinley, T. B. Cox, T. B. Weathersby, J. H. Powell, J. S. McElroy, J. N. Olds, Mrs. Mary Finkelston, administratrix of the estate of D. J. Finkelston, and the unknown heirs and legal representatives of each and all of said named defendants, and also the heirs and legal representatives of D. J. Finkelston, the names of those defendants referred to, as heirs or legal representatives being unknown, by making publication of this citation, once in each week for four consecutive weeks, previous to the return date hereof in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Hutchinson County, Texas, to be held at the Court-house thereof in the town of Plemons on the 2nd Monday in October, A. D. 1923, the same being the 8th day of October, A. D. 1923, then and there to answer a petition filed in said court on the 21st day of July, A. D. 1923, in a suit numbered on the docket of said court number 523, wherein E. B. Johnson, Neil R. Johnson, Graham B. Johnson, and Montford T. Johnson are plaintiffs, and E. C. McGinley, T. B. Cox, T. B. Weathersby, J. H. Powell, J. S. McElroy, J. N. Olds, Mrs. Mary Finkelston, and the unknown heirs and legal representatives of each and all of said named defendants, as well as the heirs, and legal representatives of J. D. Finkelston, are defendants. Said petition alleging that on July 1st, 1923, they were lawfully seized and possessed of survey or section number twenty-eight (28), Block Y, certificate number 51, Abstract number 586, Arnold & Barrett Original Grantee situated in Hutchinson County, Texas; that on said date, defendants and each of them entered upon said lands and ejected plaintiffs therefrom and now withhold the possession thereof. Plaintiffs further allege a chain of title from the State of Texas, to themselves, through various deeds and instruments and that they are the owners and entitled to the possession of said land.

Plaintiffs further plead specifically, that they have had and held possession of said tract of land, under color of title from the State of Texas, with peaceable, continuous, and adverse possession for a period of more than three years, and that they have likewise held such possession for a period of more than five years, paying taxes thereon and that they have likewise had such peaceable and adverse possession for more than ten years, enjoying and using the same so as to mature the title under the three years, five years and ten years statutes of limitation. Plaintiffs pray for title and possession of said land that their title be quieted and that any and all claims interest or estate in said lands, had or claimed by defendants, be divested out of them and invested in plaintiffs. Herein fail not, but have you then and there before said court, this writ with your return thereon, showing how you have executed the same. Witness M. E. McCormick, Clerk of the District Court of Hutchinson County, Texas. Given under my hand and seal of said court, in the town of Plemons, this 21st day of July, A. D. 1923. (Seal.) M. E. McCORMICK, Clerk of the District court of Hutchinson county, Texas.

CITATION BY PUBLICATION

The State of Texas, To the Sheriff or any Constable of Hutchinson county, greeting:— You are hereby commanded to summon W. D. Morris, and the unknown heirs and legal representatives, of such named person, by making publication of this citation once in each week for four consecutive weeks, previous to the return date hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Hutchinson County, Texas, to be held at the Court-house thereof in the town of Plemons, on the 2nd Monday in October, A. D. 1923, the same being the 8th day of October, A. D. 1923, then and there to answer a petition filed in said court on the 21st day of July, A. D. 1923, in a suit numbered on the docket of said Court, Number 525, wherein E. B. Johnson, Neil R. Johnson, Graham B. Johnson, and Montford T. Johnson are plaintiffs, and W. D. Morris, and his unknown heirs and legal representatives, and James B. Wilks, and Laura A. Wilks, are defendants; said petition alleging that on July 1, 1923, they were lawfully seized and possessed of Survey or Section Number 46, Block Y, Certificate 57, Arnold & Barrett Original Grantee; Section Number 4, Certificate Number 268, Block Number One (1) Brooks & Burleson Original Grantee; Section Number Six (6) Certificate Number 129, Block Number 1, Brooks & Burleson original grantee, Situated in Hutchinson County, Texas. That on said date, defendants and each of them entered upon said lands and ejected plaintiffs therefrom, and now withhold the possession thereof. Plaintiffs further allege a chain of title from the State of Texas, to themselves, through various deeds and instruments, and that they are the owners and entitled to the possession of said land.

Plaintiffs further plead specifically, that they have had and held possession of said tract of land, under color of title from the State of Texas, with peaceable, continuous, and adverse possession for a period of more than three years, and that they have likewise held such possession for a period of more than five years, paying taxes thereon and that they have likewise had such peaceable and adverse possession for more than ten years, enjoying and using the same so as to mature the title under the three years, five years and ten years statutes of limitation. CITATION BY PUBLICATION

The State of Texas, To the Sheriff or any Constable of Hutchinson County—Greeting:— You are hereby commanded to summon the heirs at law of M. E. Cannon, Deceased, whose names and residences are unknown, to appear at the next regular term of the District Court of Hutchinson County, Texas, to be held at the court house thereof, in the town of Plemons, on the second Monday in October, A. D. 1923, being the 8th day of October, A. D. 1923, then and there to answer a petition filed in the said court on the 20th day of July, A. D. 1923, in a suit numbered 519 on the docket thereof, wherein C. C. Freeman and W. H. Black are plaintiffs and the heirs of M. E. Cannon, Deceased, are the defendants; the cause of action being alleged as follows: That on the first day of January, A. D. 1923, the plaintiffs were and now are lawfully seized and possessed of the tracts of land hereinafter described, situated in the said county of Hutchinson and State of Texas, holding the same in fee simple; that on the day and year last aforesaid, defendants entered upon said premises and ejected the plaintiffs therefrom and unlawfully with-holds from plaintiffs the possession thereof to their damage \$10000.00; that the premises so entered upon and unlawfully with-held by defendants from plaintiffs are known and described as follows:

First tract: All of Section No. 78, Block "R", Certificate No. 73, G B & C N G Ry. Co. original grantee, containing 640 acres of land, more or less; and

Second tract: The West 3/4 Section No. 76, Block "R" Certificate No. 72, G B & C N G Ry. Co., original grantee, containing 480 acres of land, more or less;

Plaintiffs claim title to the above described tracts of land under a regular chain of title by deeds of conveyance executed to Clarence Gatlin, dated on the 29th day of July, 1916, by Luther E. Cannon, William A. Cannon, Louisa Sullivan, a widow, Sarah Curry, C. N. Curry, Nancy Pierson, Irwin Pierson, Sarah Garrett, a widow, Ella Spaw, John Spaw, Fanny Smith and Charlie Smith, said deed being executed by said grantors as the heirs at law and the only heirs at law of the said M. E. Cannon Deceased, and the plaintiffs allege that they claimed title to said tracts of land by regular chain of transfers from said deed of conveyance, and that prior to the death of the said M. E. Cannon, he, the said M. E. Cannon held the legal title to said tracts of land, that he died intestate before the execution of said deed of conveyance and that the said grantors in said deed of conveyance, were his heirs and his only heirs at law and that said deed of conveyance passed good title to said tracts of land to the said Clarence Gatlin, his

heirs and assigns against all persons claiming under the said M. E. Cannon as his heirs at law or otherwise, which title the plaintiffs herein now hold.

Plaintiffs further show that the defendants herein claim title to said land, if at all, as the heirs at law of the said M. E. Cannon, Deceased.

Plaintiffs say that this suit is brought not only to establish the legal heirs at law of the said M. E. Cannon, Deceased, but also to establish the fact that the grantors in said deed of conveyance to the said Clarence Gatlin, at the time they executed said deed, were the heirs at law and the only heirs at law of the said M. E. Cannon, Deceased; that upon the death of the said M. E. Cannon, title to said real estate became legally vested in the said grantors in said deed of conveyance to the said Clarence Gatlin, and that the title so held by the grantors, by reason of said deed of conveyance, become vested in the said Clarence Gatlin, and is now vested in these plaintiffs as against all the heirs at law of the said M. E. Cannon, Deceased, if any other than the grantors in said deed of conveyance.

WHEREFORE, plaintiffs pray that the defendants be cited as the law directs to answer this petition, and that plaintiffs have judgment for the restitution of the above described premises; that the cloud upon their title, if any, be removed; that the court find and establish herein that the grantors in said deed of conveyance to the said Clarence Gatlin, at the date of the execution of the same, were the heirs at law and the only heirs at law of the said M. E. Cannon, Deceased; that he died intestate and that good and sufficient legal title pass by reason of said deed of conveyance, and that plaintiffs are now the owner of such title. Plaintiffs further pray that they be granted such other and further relief as they may show themselves entitled to in either law or equity.

Said petition is also endorsed: "this action is brought as well to try title as for damages."

You are further commanded to so summon the defendants and to serve this citation by publishing the same once in each week for four successive weeks previous to the return date hereof, in a newspaper published in your county; but if no newspaper is published in said county, then in the nearest county where a newspaper is published.

Herein fail not but have you before said court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness M. E. McCormick, Clerk of the District Court of Hutchinson County, Texas.

Given under my hand and the seal of said court, in the town of Plemons, this 20th. day of July, A. D. 1923. (Seal.) M. E. McCORMICK, Clerk of District Court of Hutchinson County, Texas.

AUTO ASSOCIATION AT TRI-STATE EXPOSITION

The Amarillo-Panhandle Automotive Association at its regular meeting Monday night, August 6, voted to go ahead in a vigorous manner with its show in connection with the Amarillo Tri-State Exposition to be held September 25 to 29 around the municipal auditorium block.

President J. N. Riggs was given authority to appoint entertainment, general, decoration and finance committees. Announcement of these committees will be made within a few days.

The motion of complete co-operation was qualified to the extent that weather-proof quarters are to be provided and that the prices for exhibit spaces must be reasonable. This matter is held just a formality for putting to the finance committee of the fair association, as John B. Gilvin secretary-manager, explained that he would recommend the proposal as suggested by the automotive association.

Jack Armit reported for a special committee, named at the last meeting regard to plans for the fair. He said that the fair association had offered quarters 300 feet in length and 48 feet in width on the west side of the municipal auditorium.

Mr. Armit said that vaudeville sketches, airplane stunts, fire works, band concerts and other entertainments had been planned generally for the show.

Under the final proposition as made by the automotive association, that body will arrange its own entertainments for the show building and will be in charge of its own decorations.

Members believe this plan would be better, as the automotive men have staged several shows here and are expert in making plans for holding their exhibits. About 60 exhibit spaces have been arranged in the automotive building and it is believed that they will be disposed of without any trouble.

Space Is in Demand.

Automotive dealers will display several cars in many instances. In addition, the oilmen, accessory dealers and tire agencies have requested space in the automotive hall.

Secretary-manager Gilvin explained a number of details about the fair, especially housing and entertainment.

Joseph Long, Jr., of the Amarillo Buick-Cadillac Co., was introduced as a new member.

F. W. Mozart, secretary manager of the Houston Auto Trades Association and better known in Amarillo as the sponsor of "Bill" Dollar and fighter of the bad check evil, told of the problems in Houston. He said that the automobile men always stood together when the show-down came.

Mr. Mozart touched upon legislative problems and said that automobile men must always keep their eyes on Austin to avoid unjust taxation. He called attention to the fact that the automotive business represented about five per cent of the wealth of Texas and that it has been paying 25 per cent of the state taxes.

The association adjourned to meet again Monday, August 13, when further plans for the show will be discussed. President Griggs announced that he would appoint the show committees in a few days. When the motion was made giving the president authority to appoint the committees, one provision stated that he could assign members as he pleased and that they would be expected to accept the work cheerfully and without complaint.

THIS MONTH'S BEST STORY

This month's best story is about an aged negro over in Georgia who seems to have gotten about all the good things out of life there is. In talking to a newspaper reporter, he said:

"Yas, suh, Boss, I got six fiddles, sixteen child'un, my wife is deaf en dumb. I preaches in the summer time and shoots craps in the winter, anybody's shoe will fit me and my neighbors raise chickens. I hain't never hed no sikness and I is so handy with a razor thet there hain't no nigger in Geo'gy that would kink my possum dog or smile at one of my gals. Yas, Suh, de good Lord has shore treated me good. Yas, Suh, thank you, most white gentleman like you allus pitches de ole man a quarter."—Youth Companion.

Ford would be the appropriate candidate for the middle-of-the-road party.—Arkansas Gazette.

REPUBLICAN CANDIDATES FOR PRESIDENT

The greatest free-for-all contest for the presidential nomination in the history of the republican party is ready to begin.

Here is the list of those who are being talked of in Washington as probable contenders for the 1924 nomination:

President Calvin Coolidge.

Senator Hiram Johnson of California.

Ex-Governor Frank O. Lowden of Illinois.

Governor Gifford Pinchot of Pennsylvania.

Secretary of State Charles E. Hughes.

Secretary of Commerce Herbert Hoover.

Senator George Wharton Pepper of Pennsylvania.

General Leonard Wood, Governor-General of the Philippine Islands.

Senator James E. Watson of Indiana.

Senator Frank B. Willis of Ohio.

Judge Williams E. Kenyon of the United States Circuit Court.

Senator William E. Borah of Idaho.

Senator Robert M. LaFollette of Wisconsin.

CHICKENS OUT OF DATE COSTLY TO THIS MAN

Dallas parties last week invaded Wheeler county on a prairie chicken hunting expedition and as a result paid \$105.65 in fine and costs for the privilege of killing three birds out of season.

B. D. Garmon, special deputy state game warden made the arrest near Wheeler and states that the minimum fine was assessed, though each chicken killed constitutes a separate offense. The penalty for shooting chickens out of season is from \$25.00 to \$200.00 and costs.

By a special act of the Legislature, provision has been made to open the prairie chickens shooting season each year for ten days beginning September 1st, in Wheeler, Hemphill, Lipscomb and Gray Counties, due to an abundance of birds in these counties, there being no provision in other counties of the state.

The bag limit during the first ten days of September in the above mentioned counties is five birds per day with a limit of fifteen birds for the ten days open season. A resident license costing \$2.00 is required to hunt outside the limit of the hunters home county, which may be obtained from the game warden or county clerks. Non-residents are required to pay \$15.00 for the season to hunt game of any kind in Texas.

Many prosecutions have resulted from violation of game laws this summer through the effort of Warden Garmond and his assistant J. D. Breedlove at Canadian as well as a number of deputies throughout the Panhandle. The quail season is open during December and January with a bag limit of fifteen birds per day. Dove season opens September 1, duck and geese October 1.

STRAYED, from my place in Hutchinson county, one black mare mule. This mule has been gone about four weeks. If seen or heard of please notify me or leave word at the Reporter office, and receive a liberal reward. W. P. WETHERLY.

Weak Back

Mrs. Mildred Pipkin, of R. F. D. 8, Columbia, Texas, says: "My experience with Cardui has covered a number of years. Nineteen years ago... I got down with weak back. I was run-down and so weak and nervous I had to stay in bed. I read of

CARDUI

The Woman's Tonic

and sent for it. I took only one bottle at that time, and it helped me; seemed to strengthen and build me right up. So that is how I first knew of Cardui. After that, ... when I began to get weak and 'no account', I sent right for Cardui, and it never failed to help me."

If you are weak and suffering from womanly ailments, Cardui may be just what you need. Take Cardui. It has helped thousands, and ought to help you.

At all druggists and dealers.

AUCTION SALE

WE WILL SELL FOR

Cookston, W. R. Parks and H. I. Gay,

the A. Cookston farm, 30 miles southwest of Spearman; 5 miles south of Lieb school house, on

Tuesday, Sept. 4, 1923

Beginning at 10:00 o'clock a. m., the following property:

FOR MR. COOKSTON:—

WORK STOCK

One bay horse six years old, weight 1500 pounds; one bay horse nine years old, weight 1200 pounds; one gray team nine years old, weight 1200 pounds each; one team of gray mules ten years old, weight 1200 pounds each; one bay two-year-old filley, weight 1200 pounds; one yearling mule; one bay brood mare 12 years old, mule colt by side, one good kid pony seven years old.

HOUSEHOLD GOODS

One New Perfection four-burner oil stove; one dining table; one safe; a number of good chairs; two bedsteads; two sets bed springs; one heater, in good shape; kitchen utensils too numerous to mention.

FARM IMPLEMENTS

One McCormick Row Binder; one double disc Sanders plow; one John Deere cultivator; one P. and O. lister, in good shape, one drag harrow; one 3 1/2 inch King wagon, in good shape; one three-inch Studebaker wagon, in good shape; one good feed wagon; other articles too numerous to mention.

HOGS

Four nice Poland China shoats, weight about 200 pounds each.

TURKEYS and CHICKENS

100 young, full blood Bronz turkeys; one full blood Bronz Tom; six full blood Bronz hens, 100 chickens.

TERMS:—On amounts of \$10 and under, cash; on amounts of more than \$10 a credit of 12 months time will be given, purchaser to give note with approved security bearing 10 per cent interest from date; 5 per cent discount for cash. All property must be settled for before being removed from the premises.

Jamison & Saulsbury,

AUCTIONEERS

Free Lunch at Noon

Guaranty State Bank, Spearman, Clerk

FOR MR. PARKS:—

MARES and MULES

Six yearling mules; two yearling fillies; one five year old black mare, weight 1200 pounds; one smooth mouth mare with mule colt by side. This is good stuff and just the kind you want on your farm. Be sure to come to our sale.

FOR MR. GAY:—

GOOD FARM STOCK

Two mares seven years old, mule colts by side, weight about 1200 pounds each; one stable horse 10 years old, weight about 1500 pounds; one bay filley, coming two-year-old; one span of mules five and six years old; one sorrel mare; one span gray horses nine years old, weight 1400 pounds each. Other good stock; in fact anything you need in the way of good farm animals.

There will be some fine stock in this sale which can not be listed at this time. Come prepared to buy as you will be certain to find what you want.

No sales will be made for outsiders on this sale date, as the entire time of the auctioneers will be occupied.

GIGANTIC ENTERPRISE ON THE CANADIAN

Ranchmen Organize a Strong Company and Propose to Engage in Apparently Lucrative Business.

Messrs. Archie King and Ace Powers, farmer-ranchmen of the Canadian Valley, south of Spearman, have recently decided to enter into a business which promises to grow to immense proportions within a very short time, and which will not only make these gentlemen immensely rich, but but will be a great thing for the country at large. Through recent painstaking tests and analysis they have discovered that the lard taken from a fat coon may be transformed, with very little trouble and expense into a regular curcull for a great number of very common complaints. They see no reason why they should not manufacture this cure-all and sell the same as coons may be found in unlimited numbers on their Canadian river ranches. Hence they have organized a company known as the King Powerful Cool Cream Company, in which they are selling stock. Bob Archer is a heavy stockholder. Ace Powers is president of the company and Archie King is sales manager. The other offices will be distributed among the heavier stockholders of the organization and it is thought now that they will incorporate with a capital stock of one million dollars. Of course the manner in which this coon lard is transformed into a universal medicine—a remedy for all diseases—and especially beneficial in cases heretofore considered absolutely hopeless, remains a dark secret and doubtless always will. It is understood that to Mr. Powers, who has spent a half century on the frontier, belongs the credit, or a greater part of it, for this discovery which promises so much. Mr. King, sales manager, was in Spearman the latter part of last week, interviewing several prospective stockholders, and gave a reporter editor a slight insight into the wonderful possibilities of this magic medicine. Mr. King says that one of the preparations which he will put on the market just as quickly as possible, will be sold principally to ladies. It is in the form and looks very much like lard, and will be sold in half-gallon fruit jars. This preparation, Mr. King says, will remove freckles, black heads and sun-burn; will beautify the skin and curl the hair. Purchasers of this preparation, who use it according to directions, are guaranteed a proposal of marriage within thirty days, after the first application. The second preparation, and the one which Mr. King says, promises to be one of the greatest sellers on the American market, will be more popular among the men folks, though its sale will not be confined entirely to the masculine sex. It is a restorer; a builder, and through its use the ravages of time will have no direful effect on the human body. It is understood that Ed Brainard, a wealthy cattleman and land owner of the Canadian country, is negotiating for the purchase of the entire output of the factory. While this wonderful concoction is intended primarily as a body-builder; a cure-all for the complaints common to old age, it will also cause hair to grow on bald heads in a remarkably short time, and the wonderful thing about it is that by a certain manner of application known only to Mr. King and S. B. Hale, Spearman druggist, any color hair desired may be grown. Mr. Hale has made application for a big block of the stock of the concern, and will be presented with two handsome souvenirs.

There will be many other preparations, all of them promising to be great sellers, and it is intended that no part of the carcass of a coon will be wasted. Even the hide will be used, and other portions of the coon will be used as ornaments or given to stockholders in the company as souvenirs.

At present Mr. King is perfecting plans by which he hopes to keep enough coons on hand at all times to keep the factory running to capacity. He is in the market for 100 coon dogs. These dogs must pass a rigid examination before they will be purchased. Mr. Powers passes on the dogs and if they do not come up to standard they will not be allowed on the river, as they may spoil the real coon dogs. It is thought that Chas. Riley will be placed in charge of the dogs.

The company also wants 100 truck drivers to haul in the coons and do other hauling about the factory. No traveling salesmen will be placed on the road at present, as the fame of this wonderful discovery is spreading far and near and Sales Manager King has already contracted his entire output for many months.

H. L. Wilbanks, H. E. James and several other local citizens are deeply interested in this newest venture, but have not yet put any money into it.

DON'T QUIT

When things go wrong as they sometimes will,
When the road you are trudging seems all up hill,
When the funds are low and the debts are high
And you want to smile but you have to sigh,
When care is pressing you down a bit,
Rest, if you must, but don't you quit.
Life is queer with its twists and turns,
As everyone of us sometimes learns,
And many a failure turns about
When we might have won had we stuck it out;
Don't give up, though the pace seems slow—
You may succeed with another blow.
Often the goal is nearer than
It seems to a faint and faltering man
Often the struggler has given up
When he might have captured the victors cup,
And he learned too late, when the night slipped down,
How close he was to the golden crown.
Success is failure turned inside out—
The silver tint of the clouds of doubt,
It may be near when it seems afar;
And you can never tell how close you are,
So stick to the fight when you are hardest hit—
It's when things seem worst that you mustn't quit.

THE "FRONT" AND MARRIAGE

An economic survey of the American home conducted by a great furniture manufacturer has resulted in a summary that is being published in many newspapers as representing the final answer to the situation. What is the matter with matrimony? The survey reveals that of every 10 couples beginning married life only one has enough money saved to furnish a home, another will rent furnished quarters or board, and that eight will furnish a home wholly or partly on credit, to a large extent on the partial payment plan. Trade figures are quoted to show that it requires 40 per cent of the average income of a young man to furnish a home comfortably in the average American city.

This is termed the first "peak load" of family life, and the belief is expressed that it is this burden that causes an early breakdown of a large percentage of marriages, the inference is obscurely drawn that marriage should be deferred until the financial strength is gained to "carry on" past this storm period.

This is one kind of reasoning, but there is another. It might be worth the while of economists to turn their attention to reducing the "peak load." However true the adage that, "When poverty comes in the door, love flies out the window," social history does not point to the desirability of long delay of marriage. Much of the quality that is lasting and noble in family life is founded in the mutual struggle of the home against the forces of adversity. Is it only desirable that the struggle be not too hopeless.

In this view the thoughtful must question whether it is necessary for the young married couple to apportion 40 per cent of the total income to furnishing a home in the first two years of their married life. It is desirable for the newly married pair to have their own home, and for it to be comfortably furnished, to be sure. But in the high percentage of income devoted to this important purpose, is there not discoverable the real menace to matrimonial happiness—the Twen-

tieth century American sin of living beyond means?— Ft. Worth Star-Telegram.

TIPS TO THE RADIOIST

The danger of stringing radio wires over light or power wires was demonstrated in New Jersey recently when a well-known citizen was shocked to death.

Radio distance lends enchantment. A writer says, "A great many amateurs prefer to hear a few discordant notes from 1,000 miles away than a wonderfully executed program from their own town."

Radio accomplishes some great and new thing every day. Now it has been found that old razor blades can be used in making condensers and another way to get rid of old blades is given to a grateful public.

Radio has gone to the dogs. A Hood River, Ore., paper describes a toy dog with his tail caught in a trap. Upon calling, "Here, Tige," the voice vibrations release the trap and the pup springs at you.

One of the latest inventions in the radio field is a filter that separates the telephone and telegraph waves. We shall look forward to the day when a filter will separate the good music from the bad and automatically send the latter to Uranus.

In boring or sawing wood, fiber, etc., soap is far better than oil. Also if screws are soaped with ordinary kitchen soap they will enter the wood easily without danger of ruining the head slots, and, moreover, they may be readily removed at any time.

Dr. Marconi lives a life of clock-work regularity upon his yacht. He breakfasts at 8 and tolerates no tardiness on the part of those dining with him. He is an indefatigable worker and holds himself in readiness to give personal attention to any radio matters that may come up, night or day.

Dean Dexter S. Kimbal of Cornell university in a recent radio talk to engineers, made two important points: One, that a man can now say "I'll tell the world" without using slang; and the other, that the study of ether vibrations, upon which radio is based, is in its infancy, and the future promises even more than the development from manual signs to radio.

TIPS TO THE RADIOIST

Isank Newlin, an Eskimo in his early twenties, is a radio operator of marked ability in Alaska.

Dealers are getting business by testing out each set sold, using it to receive over their own antenna.

Lakeview, Ore., has begun to worry about the time lost by its people because of the lure of radio programs.

A song writer composed a song en route to Europe and sent it by radio from mid-ocean for publication. Each note was indicated by name, as "ml, re, do, la-sharp sol-sharp, etc."

Each fire alarm box in the Presidio, San Francisco, is to be equipped with a radio vibrator, which will turn in an alarm at headquarters when any one yells "Fire!" into it.

At a Chautauqua concert at Camden, N. Y., a large audience was so terrified by a thunderstorm received by radio from a great distance and amplified by the apparatus, that they rushed from the tent, only to find the moon shining and no signs of a storm.

Some of the fire insurance companies are demanding that radio plants be inspected and certificates of approved wiring be obtained. Possessors of radio home outfits would do well to see that their policies are not affected by the installation of their equipment.

One of the great uses of radio in the future will be the sending of day and night letters abroad. The low rates that will be possible will make such communications feasible and economical and reduce the time necessary for transacting trans-oceanic business to that of land lines.

Government officials have vetoed broadcasting by private outfits in the Canal Zone and Panama, the latter having granted all rights of wireless communication to the United States. Thousands of progressive citizens of both places have protested and offered to pay all expenses involved, but without results.

The Big Question on the Farm?

What do you have the most invested in on your farm?—Your Machinery. You probably have from two to five thousand dollars worth of farm machinery that will last from two to five years without shelter, while you can use this same machinery for a lifetime if it is kept under cover when not in use. Why give all your profit to the implement manufacturer? An inexpensive implement shed will make you money every year. See what we have to offer. We are always glad to help plan your building and help you select the material.

Panhandle Lumber Company

Phone No. 2

R. T. WESTERFIELD, Manager.

ASK 'EM

When any one dishes up scandal or whispers a tale in my ear, I listen perforce as a matter of course—

It's stuff which one doubtless must hear:

But when my informant has finished

The gossip he came to dispose,

I quietly say in a casual way,

"Who told you about it?"

And where did HE learn it?

And how do you know that he knows?"

It's seldom the gossips can answer

A question as simple as that.

They mutter a word about "some thing I heard,"

Or "well it's just general chat."

They hem and they haw and stammer,

They "guess" and they "think and suppose,"

But oh, they are wary indeed when you query,

"Who told you about it?"

And where did SHE learn it?

And how do you know that she knows?

A scandal that's false and malicious

Can stir up all manner of strife

And rumor unfounded has oftentimes

hounded

A man or a woman for life;

Don't hurry to spread any gossip

Regarding the high or low;

"They say!" Who are "They"?

By what right do they say?

Who told them about it?

And where did THEY learn it?

And how do you know that they know?

—Berton Braley.
