NEW FARM PROGRAM LAUNCHED IN TEXAS

Base figures used in the 1935 AAA program in Texas will be used in the 1936 farm program being set up under the new Soil Conservation and Domestic Allotment Act, according to a statement issued here by Jack Shelton, Vice director and State Agent of the Extension Service.

In preparation for putting the program into effect the Extension Service Staff spent two days studying the plan for the Southern Region as explained by R. H. Rogers, senior agricultural economist from the planning division of the AAA who flew here in company with A. L. Smith, former chairman of the Texas Cotton Allotment Board. Smith has been in Washington for the past two weeks helping to work out details of the new program as they affect Texas and the other southern States.

Following the conference at College Station, Extension agents in the counties will be called together in group meetings at convenient points in their districts and district agents will have the plans of the general organization and soil conservation before them to take back to the farmers in their section.

At meetings in the counties the county agricultural agents will explain the terms of the Act and the proposed organization to be set up under it. Election of committees of farmers to administer the work will be the next step.

The organization will begin with a community committee of three members who will represent approximately 500 farmers. Committees from all communities will constitute a county board from which a county committee will be elected to have special responsibility for administering the Act in the county.

Every farmer in Texas will have an opportunity to hear the Act explained and to cooperate in making the new farm program a success. It is their program it was passed by Congress at their urgent demand, we believe that they will carry out the full plans of the organization.

Shelton further emphasized the fact that the old program and the organization that went with it are completely out; that this is an entirely new set-up; that it is a soil conservation and soil building program.

The blowing sand in the air right now and the floods which have made thousands of people homeless in cities and towns as well as on farms give a rather dreadful emphasis to the fact that America is fifty years late with a soil conservation program, but better late than never. I think we will all agree.

Vic Ogle Announces For Re-Election As Commissioner Prec. 2

The Spearman Reporter is authorized to carry the name of Vic Ogle in the announcement column of the paper, as a candidate for re-election to the office of Commissioner Precinct No. 2 in Hansford county.

Mr. Ogle stated to a Reporter representative that he has served the past term, and feels that he is in a better position to serve the citizens of Precinct No. 2 for the coming term. He states that he has always tried to be fair and impartial in the duties of the office and will continue to represent his precinct and the county to the very best of his ability.

He solicits the vote and influence of citizens of Precinct No. 2 at the coming Democratic primary election.

CITY ELECTION HERE TUESDAY APRIL 7TH

An election to elect two commissioners and a mayor will be held in Spearman next Tuesday, April 7. Considerable interest is being created in this event, due to the fact that beside the present incumbents, Commissioners Chas. Chambers and J. D. Heister and Mayor W. D. Cooke, J. H. Buchanan is in the race for mayor and Mr. and Mrs. Simeon Caldwell are out for commissioner.

It is not known yet whether all of these names have been properly filed in time to get on the official ballot, however blank lines will be provided in order that voters may write in other names if they desire.

Jinks Berry, Waka, was a visitor in Spearman, Sunday.

Spearman To Be Host Of Singers August 30th

Tax Survey Finds Land Not On Tax Roll In Hansford County

State Tax Commissioner, R. B. Anderson, recently made the statement that the State Tax Survey on which an enthusiastic group is working here in Hansford County will add over the entire State, assessed valuations to State and County rolls of \$120,000,000. On this basis the Tax Survey has paid for itself 100 times over and will when completed increase the Tax Revenues about \$900,000.00 a year to the State and about \$700,500 to the counties. Ultimately this new revenue would wipe out the State's present deficit of around 8 million dollars.

There is almost 3-4 of a billion dollars of unknown property on the Tax Rolls of the State and there is a shortage of about 15 million acres of land that is absolutely off the tax rolls. This survey is identifying this unknown property and the 15 million acres shortage is being accounted for and if taxed on the average reduction that other acreage is now assessed and taxed we can reduce taxes 25 per cent and still collect as much money as is now being collected.

In many counties of the Panhandle the work on the State Wide Tax Survey has progressed to a point where the fact is definitely established that thousands of acres are escaping taxation every year and some that have never been on the tax rolls of the different counties. Especially is this true along the county boundary lines, where these lines have been shifted by surreys. In a number of these counties it is found that the total number of acres being taxed varies each year, as much in some cases as 50,000 acres. This proves the fact that no attempt is being made to account for all the land in those counties. After this survey is completed it will be possible to tax every acre of land and all city property.

It is also being found that in thousands of cases, land owners are paying taxes on land used and occupied by highways which they could avoid by giving a deed to the County or state for that land which they will never be able to use.

The survey which has been in progress for three months finds that most untaxed land is in East and South Texas.

Enough has been dug up already in the way of un-assessed property to cause Mr. Anderson to make the recent statement that "if the entire State paid on the same basis as West Texas, whose counties are paying on the basis of 75 to 80 per cent of the value of all property in the Panhandle, that the State rate could be reduced from its present 62 cents to 10 cents.

Mr. and Mrs. Frank Hardin took her mother, Mrs. E. L. Williams to her home in Taloga, Okla., Wed., Mrs. Williams has been visiting in the Hardin home for several months.

"RED LAMP" PLAY TO BE PRESENTED AT GRUVER THURSDAY, APRIL 2nd.

A cast of Amarillo Junior College players will present the noted play "Red Lamp" at Gruver Thursday evening, April 2, at 8:30 p. m. These players, students of the speech and arts department of the College, have made quite a reputation for themselves as fine entertainers, and this play promises to be no exception.

This play is being brought to Gruver by sponsors of the Hansford County Interscholastic League, the proceeds to be applied on the expenses of this organization. You are urged to attend and help with this worthy cause.

The curtain will be drawn promptly at 8:30. The admission price is, 10, 15, and 25c.

"Fuller's Fortune" Is Senior Play For April 10.

"Fuller's Fortune" a comedy in three acts by E. C. Wilcox, has been selected by the Seniors for their class play to be presented Friday night, April 10.

Judge Fuller a wealthy old ranchman has no relatives to whom he can leave his fortune except some very distant ones who he has never seen. Not wishing to leave his wealth to strangers he thinks up the novel plan of wiring them that he has died and that they are to come to claim their share of the fortune. How the Judge gets acquainted with his would be relatives, furnishes a full evenings entertainment.

The cast selected for this play is as follows:
Judge Fuller — Ralph Blodgett
Broncho Bright — Oscar Archer
Betty Bright — Junita Hall
Mary White — Dorris Kirk
Mr. Scotty — Dwight Hutchinson
Mrs. Scotty — Alma Johnson
Mrs. Brittlepop — Ruth Buchanan
Walter Davidson — Wylie Yates

"Power On Parade" Shows To Packed House

A spectacular drama of the modern tractor industry was portrayed Wednesday, at the Lyric Theatre when Minneapolis-Moline put on their show, Power on Parade. We can safely say that we have never seen a sound picture handled like this before.

"Power" was the theme of the story and throughout the action packed first reel the onlooker has a front seat, on an exciting trip through a maze of fire, gears, machinery and gigantic factories, with all this exciting action set to specially written music and played by a thirty piece Symphony orchestra.

White hot metal carries out the power theme in many interesting shots and power is the prevailing note as testing, forging, drilling and assembling reveals the romance of industry and gives the uninitiated an inside slant on how and why M-M has such a fine line of tractors and farm tools.

After the first reel the power idea is carried right out on the farm showing how Twin City tractors save money and cut farming costs in many sections of the country and in variety crops. A M-M salesman takes Charley, his dealer prospect, around in a modern "Electra" airplane and sells him on the entire M-M line as the absorbing story progresses.

Mathews and Crawford M-M Twin city dealers, were enthused over the big crowd and were glad to have an opportunity to show the film here. The door prize went to 1st. Mrs. R. V. Converse one case of Germ Processed motor oil. 2nd Homer Harbour, \$250 credit on any purchase, 3rd Tom Allen \$1.00 cash, 4th, L. F. Meers one dollar cash.

Miss Lois Stephen and Raymond Kirk attended the singing at Holt Sunday evening.

Mrs. Bruce Sheets returned home Sunday evening after spending a few days visiting in the home of her parents, Mr. and Mrs. H. R. Newcomb and family of Fargo, Oklahoma.

Mr. and Mrs. Walter Wilmeth returned Sunday evening from Colorado Springs, where they took Mr. Wilmeth's mother, Mrs. Wilmeth after several weeks visit here.

SCHOOL ELECTION IS SATURDAY, APRIL 4th

For some unexplained reason the Reporter announced that the school board election would be Saturday, April 14. If you will look on your calendar you will see that the 14th does not come on Saturday.

The school election always falls on the first Saturday in April.

LION CLUB MINSTREL PLAYS TO CAPACITY AUDIENCE HERE

With every available seat occupied and a half hundred spectators lining the aisles of the High school auditorium, the third annual Lion club minstrel opened with a catchy song Friday evening of last week. For nearly two hours the entertainers kept their audience in laughter, as the four end men, Morris, Gunn, Caradine and Rev. Hill spun their jokes with the able assistance of Master of ceremonies, Judge J. H. Broadhurst.

Outstanding singing was part of the program, as the well trained members of the club, aided by a dozen high school girls gave voice to minstrel songs. Four members of the Perryton Lion club gave two quartette numbers which were followed by a tap dance from a Perryton youngster and a buck in wing dance by a rather large and weighty member of the visiting Perryton club.

Following the minstrel, members of the cast and directors of the Lion club were entertained with an impromptu program and dinner in the home Ec. rooms of the high school. Lion club directors of Spearman were responsible for the entertainment.

From a financial standpoint the minstrel proved successful. Approximately \$85 was netted for the fund to purchase band for the high school band members.

JESS MILLER OF GRUVER DRAWS 60 DAYS SENTENCE

Jess Miller, Hansford citizen living near Gruver, Texas was tried in County Court at Spearman Wednesday of this week, and found guilty of charges of carrying a pistol. He was sentenced to 60 days in jail, and was delivered to Stinnett to serve his sentence, Wednesday afternoon of this week.

Lee Lytle Held In Jail On Charges Of Forging Of Checks

Lee Lytle, who stated he was a resident of Quanah, Texas, at an examining trial held at Justice Maupin court Wednesday of this week, was bound over for action of the district grand jury on charges of forging checks. Lytle, it is alleged, forged two checks in the sum of \$4.50 each using the signature of J. T. Smith, who lives near Gruver. Justice Maupin set bond at \$225.00 in the case, and in default of bond Mr. Lytle is a guest of the county stopping at the Stinnett clink.

Rubinoff, Will Continue To Star (For Chevrolet)

Dave Rubinoff, who under Chevrolet sponsorship has made good in a big way as a radio headliner in his own right, takes another long upward stride this spring, to become, probably, the most widely heard artist on the air.

He has been engaged by Chevrolet dealers to appear on a series of 39 programs for the dealers' Musical Moments, program which holds the all time record for radio coverage. His music will be heard at the rate of three programs a week one 387 stations. His supporting artists, Jan Pearce tenor, and Virginia Rea soprano, will each appear in 13 programs, and other leading radio artists will be engaged as guest stars for 13 additional programs.

All 39 of the new programs will be announced by Graham McNamee, and the 33-piece supporting orchestra featured on the present Chevrolet Saturday evening hour will be heard throughout the series.

Using a station list as large as that now scheduled for Musical Moments, as a basis for computation, Rubinoff will be heard in 15,093 separate broadcasts. His programs will add up to 3,773 solid hours of entertainment, or more than a year and a half figured at eight hours a day six a week.

Miss Helen Buchanan was Amarillo visitor Friday.

Mr. and Mrs. W. L. Meek and Mr. and Mrs. Bill Mathis drove to Gruver Sunday and enjoyed the singing.

Mrs. Tom Johnson spent Sunday in the home of her parents in Perryton.

Freeman Barkley of Sunray spent the week end visiting in Spearman.

Miss Lois Stephen of Reed, Oklahoma, is visiting in the home of her brother and family Mr. and Mrs. H. H. Stephens.

Mr. and Mrs. Auburn Curtis, who are living at Sunray were in Spearman, Sunday, visiting with relatives and friends.

Who's Who in the Senior Class

Dick Vernon

Dick Vernon has been with the class since his third year in school. He moved to Spearman from Roy, N. M. He was born there Jan. 8, 1918.

For the past three years Dick has played foot-ball and basketball. It has been said that he was the best ladies man on the team.

During the season 35-36 he was captain of the Lynx basketball team. Dick's good sportsmanship led the team to many great victories. Basketball is his favorite sport.

Dick's hobby is pestering Keggy Leverton, and his ambition is to get married.

His favorite food is spinach, and his favorite subject is English four. He plans to enter college and major in business administration.

Leota Harbour

Leota Harbour has been in and out of Spearman for a long time. She has only attended school here for two years.

She was born Feb. 6, 1919, and she attended school at Lackey until she finished the grade school. When she was a freshman she went to school in Spearman and then moved to Morse and attended school there until last year.

She is a member of the band and volley ball team. This year she has been a popular student of the Senior Class.

Leota's hobby is reading and her favorite subjects are typing and shorthand. Her ambition is to be a stenographer. She plans to enter college in Denton. Her favorite sports are basketball and tennis.

SOPHOMORE REPORT

The Sophomores are sorry to lose Elizabeth Ann Miller. She has gone to Pilot Point, Texas, where she plans to finish this school term.

Several of the sophomores have been absent this week. They are Homer Sanders, Harry Reimer, Loree Jackson, Mary Fern Terry, Alice Hazelwood, Alta Haun, and Perren Lyon.

CHEMISTRY NOTES

For several weeks the Chemistry class has been studying the carbon and hydro-carbon series. The past week classes have been taken up with laboratory board work.

The members of the class feel quite sure that if they get through the course they will be at least half educated.

Plans are being made in the class to study radio-active salts after they finish the carbons.

SENIORS TO PRESENT PLAY

EDITORIAL

This week we have an event that students and teachers look forward to from the very beginning of school. The Interscholastic League. About this time last year a successful meet was held in Spearman, and a good example of sportsmanship was held up through the entire meet.

Some of the students this year are coming out for sports; others for literary works. This week end they go to Gruver to enter in the meet. Let us hope that all contestants will show a spirit of true sportsmanship so that their school may be justly proud of them.

—The Editor—

FIRST GRADE

We have been so busy with our different projects during this month that it hardly seems possible that March is gone.

We are very busy now working on our May Day Operetta which we have planned for May First. Some of the little folk have been absent for a few days on account of illness.

We are very proud that one of our members, Donald Cooke, son of Mr. and Mrs. J. B. Cooke got to go to Amarillo and broadcast over the radio.

SECOND GRADE

The second graders have been studying about the Dutch boys and girls this month. They have made posters of Dutch children and Dutch windmills.

Several of the boys and girls have been working on story telling and declamation for the county meet to be held Thursday and Friday of this week.

Some of the pupils have been absent due to illness but we hope everyone can soon be back in the school.

SEVENTH GRADE

We are very sorry that Mary Haun has been absent because of illness. We are glad to have Joe Carrol Van Zant back with us.

We shall be glad when Friday and Saturday come so that we can go to Gruver to the league meet there. The choral singers are doing nicely, they know all of their songs. The girls are doing well in base ball. We all enjoyed the Negro Minstrel for the school band.

SENIOR NOTES

More work! The seniors have now started working on the play. It is a good custom to have about this time every year. The exact date for its presentation has not yet been determined, but don't worry any because we will let you know in plenty of time.

There are four of our seniors debating this year, we wonder what they are going to do without us here next year. We have some declaimers in our class too—we're good we are! and that isn't all we have in our senior class, but I won't go into all of that. You can read something about us every week in the Who's Who section of this paper.

CHRISTIAN SCIENCE

"Unreality" is the subject of the Lesson-Sermon which will be read in all churches of Christ, Scientist on Sunday, April 5.

The Golden Text is: "Charge them that are rich in this world that they be not highminded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy."

Among the citations which comprise the Lesson-Sermon is the following taken from the Bible: "The spirit itself beareth witness with our spirit, that we are the children of God: And if children then heirs, heirs of God, and joint heirs with Christ; if so be that we suffer with him, that we may also be glorified together." The Lesson-Sermon includes also the following passages taken from the Christian Science textbook, Science and Health with a Key to the Scriptures by Mary Baker Eddy. Mortals will some day assert their freedom in the name of Almighty God. Then they will control their own bodies through the understanding of divine Science. Dropping their present beliefs, they will recognize harmony as the spiritual reality and discord as the material unreality.

Mr. and Mrs. W. R. Walker, Berger, and Miss Ruth Hitchcock Stratford, were here Sunday visiting in the home of their parents Rev. and Mrs. W. A. Hitchcock and family. Bowen Cox of Stratford was also a visitor.

BAND NEWS

Last Friday night the Lions Club gave a Negro Minstrel for the benefit of the band to get their band suits. The band played at the beginning of the program and at intermission.

The band members are learning to march. They have practiced several times and have done fairly well for the few times they have practiced.

FOURTH GRADE

Several members of the fourth grade class have been absent on account of illness, but we are happy to have most of them back again.

They have been having great fun learning long division and really feel that they are accomplishing something.

This being the month of March they have been studying Netherlands in Geography and making booklets of stories pictures of scenes in Holland.

FIFTH A

Last week we had the tryouts in spelling and picture memory. Viola Jones won first in spelling; Cecil Bradford won second; Margie Gerber won third. In picture memory, Zola Sheets, Jo Nell Riggs, Cecil Bradford, Mary Lee Dacus Orville Harbison, Jerry Jacobs Betty McKay, Freddy Mizar and Jewell Brandt won. They are the ones who will go to the county meet.

SIXTH A

Monday morning there was a bout half of the class absent. Some of them had been ill for quite a while. Others could not come because of the dirt.

Everyone is looking forward to the county meet which will be held in Gruver this year. We are all sorry that Billy Miller left us for South Texas.

STUDENTS HEAR DEBATES

Monday afternoon in chapel the High School and Intermediate Grade students heard an interesting debate on the question of "That the Federal Government should control cotton production" Ralph Blodgett and Dwight Hutchinson took the affirmative and Doris Kirk and Martha Delon Kirk the negative. The negative side won the debate.

These are the debating teams for the county meet.

GLEE CLUB NOTES

Sunday, March 29, about twenty members of the high school glee club went to Gruver to sing. They sang two numbers, Whispering Hope, and I hear the Bees a Humming.

A definite schedule has been set for the next few weeks. On Monday and Wednesday morning the senior boys and girls meet with Mrs. Loftin to practice songs for Commencement.

The other three mornings are open for the two club groups. The club is now practicing on new music which will be used for the Commencement programs.

LIBRARY NOTES

Last week two sets of Agriculture books were donated to the high school library by Doris Kirk. Which date from 1900 to the present time. The books have been recently sent from Washington.

A number of Magazines will be bound soon. This will keep them from wearing out so badly.

The Parable Of The Great
Supper.
V.16. "But he said unto him, A
certain man made a great supper;
and he bade many." The word here
translated supper means the prin-
cipal meal of the day, not neces-
sarily the evening meal. It was
the chief hour for appeasing the
hunger; it was the chosen time
for fellowship and rest. And all
these features of the supper table
idealized long since in psalm and
prophecy, made it very expressive
for our Lord of the rich and varied
blessings of his kingdom v.18.

"And they all with one consent
began to make excuses. There is
no positive sin ascribed to the re-
fusing guests; their fault is that
of preoccupation and indifference.
Their private affairs cannot wait,
they think; so that the host must
wait for them in vain. The simple
excuses are suggestive. There is
property, which speaks of land
and pride and ambition; there is
the new team of oxen telling of
business and industry; there is the
bride warning us how home and
comfort may effect to lower lev-
els the life of the soul. Generally
they suggest that things in them-
selves innocent may make a man
lose the best when the issue is the
direct call of God to the individ-
ual. "The real truth was they
had no heart for that invitation.

v.21. And bring in hither the
poor and the maimed and the
blind and lame. The great Giver
of heavenly feast bids to his table
the spiritually sick, the spiritually
needy. The people who knew not
the law, the despised and the out-
cast, these should enter into the
kingdom of God before the wise
and the prudent.

Constrain Them To Come In
Constrain them to come in, that
my house may be filled. In the
idea expressed by the word con-
strain there is no thought of com-
pulsion, but rather of persuasion.
The giver of the feast expects
that these homeless dwellers in
the highways and by ways will
hold themselves so unworthy not
to accept the invitation as hardly
to be persuaded that it was intend-
ed for them, will not be induced
to enter the rich man's dwelling
and share in his magnificent en-
tertainment. Jesus came offering
to men these supremely valuable
boons; a divine rather, a kingdom
of grace, a Christ who was the
sinners friend, and righteousness
possible even for the most deprav-
ed; and he found no appetite for
these benefits, no eagerness to
come to the feast which he had
spread. The parable rings with
the limitless goodness of God. His
kingdom is for the hunger who
appreciate it, not for the satisfied
and selfishly occupied who prefer
other things. It has nothing in it
of merit or desert, only of need.
The kingdom of heaven is for
those who have need; all missions
and missionary work are in this
story. God wishes to see men hap-
py, to have no vacant places at
the table of his love.

Yet There Is Room
The remark of the servant, and
yet there is room, and the masters
continued insistence that my
house may be filled, are signifi-
cant data of the gospel and a
challenge from the real Master.
And when we turn from those
who will not accept him, while
we go everywhere, streets and
lanes highways and hedges, we are
to give special attention to the
especially needy, the poor, maimed
halt, blind figuratively speaking
It is a call to the apostolic church
to leave Jerusalem and preach to
the Gentiles; for us a call to the
evangelization of the heathen, un-
privileged, so far as the gospel is
concerned.

PAY . . . by the 10th

Credit in the business world is based on the prompt payment of bills. "Pay by the 10 of the month following purchase", is the rule wholesalers & jobbers expect retailers to live up to.

And in turn your Spearman merchant must ask you to pay for the goods or service which you purchase of him "by the 10th" so it will be possible for him to keep his credit good.

Credit is an endless chain of good faith. Don't be the "weak link".

Pay by the 10th, whenever possible.

We are prompted to sponsor this message to the people of Spearman and vicinity through our interest in community welfare.

Perryton CCC Camp Has Fine Report

As March 31st marks the third anniversary of the CCC, a statement of the accomplishments of the corps in the various localities is timely. While Camp SCS-12-T, Perryton, Texas, was established less than one year ago for the purpose of doing cooperative soil erosion control work, agreements have been signed with land owners covering 103,000 acres. These agreements include 52,500 acres of cultivated land to be terraced and contoured and 36,000 acres of pasture land to be contoured and furrowed. The agreements provide for a number of permanent dams for flood control and grazing distribution, for the removal of cactus on a large per cent of the pasture land and for the planting of trees along county roads as well as a number of plantings on private property. The buildings of Camp SCS-12T were started in July 1935 and enrollment completed in August of the same year. The 200 enrollees were vaccinated and seasoned for work during September. The Technical Staff also reported during September and the field work began in earnest about October 1st. The actual working time for the camp to date is therefore about six months, although during the months of August and September the Supt. and Technical Staff held meetings in the various communities in the Camp area to inform the public of the services offered, and to invite them to enter into cooperative agreements covering the work outlined. Since the camp was established the Technical Staff with the use of enrollee labor has surveyed and mapped drainage areas of 32,600 acres to be controlled by terraces, contour furrows and earth dams. In these areas nine permanent earth dams with rock spillways have been constructed, controlling 7,500 acres. In the construction of these dams 14,500 cubic yards of earth was moved rock was quarried and used to construct 5,000 square yards of paving and riprap. The camp engineers have run 460 miles of contour lines on which the cooperative farmers have built or are building permanent terraces. Cactus has been removed from 25,000 acres of pasture land. The camp has also collected 350

The grounds at the camp have been improved and beautified with caliche walks and driveways, with rock gardens and monuments, and with trees. The camp has just received a shipment of 124,000 trees and shrubs and all available camp labor is being used at the present time in an effort to get these trees set this spring. 50,000 holes have been dug for trees. Over 626,000 square feet of woven wire has been cut and prepared to protect the young trees. Miss Helen Lich will leave this week for Borger where she will work in a beauty shop. Mr. and Mrs. A. L. Thorson and family of Hitchland were in Spearman Monday, attending to business matters. Mr. and Mrs. J. A. Balentine and Mrs. Mike Balentine were transacting business at the court house last Friday. H. I. Gay of Morse, spent the night with his daughter and family, Mr. and Mrs. Clyde Hazelwood. Mr. and Mrs. Wm. A. Wilbanks of Borger, visited friends and relatives in Spearman Sunday. Mrs. Robert Wilbanks and son Bobby, were here from Sunray over the week end. Rev. Eulis Hill drove to Carnegie, Okla. Monday for Mrs. Hill and daughter, who have been visiting with her mother, Mrs. H. L. Stergis, for the past few weeks. They will return the latter part of the week. Oran Ross Kelly and Jim Ed Wallace returned Thursday from Rotan, where they spent several weeks.

Texas Beauty Presents "Blue Bonnet Blue"

A new high note in fashion was struck last week when the Texas Centennial Celebrations presented beautiful "Blue Bonnet Blue" to the fashion world in a style show at the Waldorf Astoria Hotel in New York City. Scores of leading stylists, designers and fashion editors applauded when lovely Janice Jarratt, San Antonio girl known to the nation as America's most photographed girl, appeared in this striking Blue Bonnet gown designed especially for the occasion by Vogue. Decorating the luxurious lounge were 150 flowering Blue Bonnet plants gathered near San Antonio and Corpus Christi and air-expressed to New York.

Official adoption of "Blue Bonnet Blue" by fashion authorities has caused the lustrous State flower of Texas to be introduced into spring and summer fashions throughout the nation. This enthusiasm for the Texas Centennial Celebrations, already evident in many fields, manifests progress in the fashion world.

Utility companies cooperate from one end of the land to another in fighting to maintain their rates. But I believe if I was an executive in one of the large Utility organizations, I would spend lots of money all down the line to maintain the higher rate structure because when one location begins to receive lower rates, it is almost inevitable that the entire rate structure must tumble.

It's a long road to lower gas rates in the opinion of the writer and if I were in a position to make any recommendation so it would be to get with the Utility companies and try some horse trading . . . and get voluntarily reductions rather than tell em where to head in.
