SUCCESSOR TO HANSFORD HEADLIGHT

## HAVE YOU GOOD LUCK

The "Good Luck" that goes hand-in-hand with success does not merely happen, but is the result of sensible plans and well-directed effort.

Thrift brings what the unthinking man calls "good luck." The thrifty man lives within his income always, saves constantly and invests prudently. He puts his surplus to work to earn interest for him. This thrift habit inevitably brings money and wealth.

If you have a savings account now, make it grow. If you have not started an account, do so now. It will be the beginning of better things for you.

### PERRYTON'S BIG CELEBRATION

Our nearest neighbor, Perryton, celebrates her second birthday next Monday, Tuesday and Wednesday, August 22, 23, and 24. Perryton is a promising two-year-old and promises to give the visitors to her birthday party the time of their lives. They will have shows galore, cowboy and cow-girl stunts, airplanes, balloons, merry-go-rounds, etc. We are not absolutely sure about the "etc." but if it is not there they will likely have something just as good. Many Spearman folks will attend the big doings.

Mrs. Chas. Glover and son, Chas. Jr. are up from Canadian, visiting with her parents, Mr. and Mrs. J. M. Glover.

Mrs. J. M. Glover has one of the finest gardens in the country; her cabbage being particularly good. She recently cut a cabbage head weighing 10 pounds.

Mr. and Mrs. Earl Calloway and children will leave Saturday for childress where they will spend a couple of weeks visiting with his parents, after which they will go to Oklahoma and visit with other relatives.

### TRIO COMING AUGUST 29

Miss Ruth Pirtle, reader, Miss Bernice Storey, violonist, and Miss Louise Clark, harpist, will put on their splendid concert at the Arcade theater in Spearman on Monday night, August 29. Miss Pirtle is known to almost everyone in the Spearman country, and Misses Storey and Clark to a large number of our people, all of whom look forward to their coming with great pleasure. They are real entertainers and should be greeted by a large audience when they make their appearance here. Remember the date, August 29, at the Arcade theater, Spearman.

Miss Catherine Harris of Guymon is visiting at the Reporter home this week.

Mr. and Mrs. D. M. Jones from Leedy, Oklahoma, are guests of her parents, Mr. and Mrs. T. P. Tackitt, in Spearman.

E. E. and H. H. Burrow, prosperous farmers of the Grand Plains community, were marketing wheat in Spearman last week and purchased a Wallis tractor Saturday.

## Opportunity Knocks

at your door when you have accumulated a bank account, even tho it be small.

A small beginning often leads to a big ending.

The man who banks his money and takes care of it, is the man who is in position to take advantage of opportunities which lead to success.

### AMARILLO BOOSTERS COMING

The North Plains Booster Trip, under the auspices of the Trade Extension Committee of the Board of City Development, Amarillo, will take place August 22, 23 and 24. On the first day out the boosters will visit the towns along the Santa Fe between Amarillo and Canadian. They will spend their first night out—we mean the first night out on the trip—at Canadian. On the second day they will visit Glazier, Higgins and Shattuck and then make a fast run to the big celebration at Perryton, arriving there at noon of the second day and remaining there until the morning of the third day. They will arrive at Spearman at 6:50 a. m., on Wednesday, August 24, breakfast here and leave at 9:30 a. m. Spearman should begin at once making preparations to entertain these splendid boosters and jolly good fellows. They are business men and are making an effort to extend their trade territory; to bring about a closer acquaintance-ship between themselves and the business men of the towns they visit. Let's make them feel at home in Spearman; make them know that we are proud of the fact that we reside in Amarillo territory and are regarded by them as neighbors and friends.

A vote for the increase in school tax rate DOES NOT mean that the levy will be one dollar on the hundred dollars valuation. The trustees will only levy enough to economically maintain our schools. It DOES MEAN that some of these, and other children, who, last year, were seated two on one single desk will be provided with a comfortable desk that will not deform their bodies. Our boys and girls are our greatest asset. According to accident insurance tables each is worth about \$13,000 but none of us would part with ours for that sum. They need good schools to train them for life's work.

### Brought In Jersey Milk Cows

M. Major arrived Thursday with 38 head of fine Jersey milk cows which he recently purchased down in the Fort Worth country. Mr. Major will keep these animals several weeks, until they are entirely recovered from the long trip on the train, and will later begin selling them out to the farmers of the Spearman country. No more profitable investment could be made than buying a few milk cows. Every farmer should have a bunch of real milk cows, should take proper care of them, and sell cream regularly. The cream check pays the expenses of the farm, and when the harvest season comes there are no old bills to settle. Doc Major knows a milk cow just like he knows a mule and if you make a purchase of him it will be as he represents it to you. The Reporter is glad to see high grade milk stock coming into this section.

BIRD-SELL WAGONS—Come and get yours. ANDREW'S HARDWARE CO.

Mr. and Mrs. Floyd Hays were in from the Joe Welsh farm, 12 miles west, Wednesday, looking after business matters.

## A. F. BARKLEY'S Insurance Agency

We insure grain CUT or UN-CUT, THRESHED or UN-THRESHED, in the SHOCKS, STACKS or ricks, on your premises, against fire and lightning.

A match or cigarette carelessly dropped in your field may mean the loss of your entire grain crop.

A stroke of lightning may mean the loss of several stacks of grain. Rates are reasonable for this class of insurance. Phone us and we will come to see you.

### A Recipe for Home Brew

A Missouri friend sends us this recipe for making home brew: Chase a wild bull frog 3 miles and gather up the hops, to them add 10 gallons of tan bark, half pint of shellac, bar home made soap, boil 30 hours, then strain them through an I. W. W. sock to keep them from working, then bottle and add one grass-hopper to each pint to give it the kick—Author Still at large.

Miss Irene Collard of Ogleby, Texas, is a guest at the home of her brother, J. R. Collard, in Spearman.

A vote for the school tax is a vote for progress.

Perryton's big celebration, August 22, 23, 24 and 25. Give our boys and girls a square deal, vote for the school tax Saturday.

Mrs. Pirtle's new fall and winter hats will be in by Saturday the 20th, the latest styles at reasonable prices.

Mrs. J. H. Buchanan, efficient county treasurer of Hansford county, was over from her home at Hansford Thursday, shopping and visiting friends.

There is a plow made to fit the soil of the north plains around Spearman. The farmer's verdict is that the Sanders is the one for all kinds of fallow land, sod and stubble.

Tom Windom and Litch Sparks are here from Colorado. Litch says he is coming back to Hansford county early in the spring, to make his home. Tom will be hot on his trail and may beat him a few months.

Jesse E. Hays has sold the T-Bone Cafe to Miss Ruth White, who has taken charge of the business. Henry Crawford, who was in charge of the T-Bone, is now devoting his entire time and attention to the Crawford Hotel, formerly the Lone Star.

C. D. Grubbs this week sold his residence property in Southwest Spearman to Chas. Endiescott and has purchased a lot on Haney street, next to the Reporter residence, on which he will erect another residence. "Toad" is a builder and a trader from who laid the chunk, and by adding another residence is helping the town and community, especially the school. Spearman needs more residences.

The Methodist church is being treated to a coat of paint this week, a very commendable action on the part of Pastor Pirtle and the laymen.

Miss Faye Wilbanks spent several days at the country home of Miss Berta Hooper last week, and the latter spent the week end at the Wilbanks home in Spearman.

W. T. Civer, land commissioner for the Santa Fe, with headquarters at Topeka, was in the city the latter part of last week looking after business matters.

Spearman needs renthouses. Good citizens want to come here to send their children to our splendid schools but they can find no place to live. Rent houses in Spearman are a paying proposition.

The new residence of Mr. and Mrs. R. L. McClellan is nearing completion and it is a beauty. The residences of W. H. Hester and Floyd Wilbanks are also well under way. These are splendid structures, a credit to this or any other town.

Mrs. R. E. Townsend and her two fine sons, Russell and Albert, came from their home at Vernon last week for a visit with Mr. and Mrs. A. E. Townsend at Spearman. Accompanied by the latter they went on out to Colorado Springs the last of the week, where they will spend two or three weeks.

D. B. Stump, old timer and one of the best farmers of the Waka country was in Spearman Wednesday, and returned home with one of those handy little Wallis tractors and a Case plow. This level country is the ideal tractor country of the world and farmers are beginning to realize the great advantages they possess over the old way of farming.

### CHICKEN DINNER

Big Chicken Dinner next Sunday, August 21, at the T-BONE CAFE.

### Meeting at Holt

Rev. Hand, Baptist minister, will begin a series of meetings at the Holt church on Saturday, August 20. Everyone is accorded a cordial invitation to attend these meetings and assist with the good work.

Heaven itself can not help us if we have no desire to help ourselves. Vote for the school tax tomorrow.

**WHAT TO EAT.**

Try grated young carrots stirred in to mayonnaise until they give it a decided color. Serve on head lettuce.

**Green Onion Salad.**—Take the young green onions, slice thin and pour over a thick sour cream or sweet cream with a dash of vinegar, salt and paprika. This is an especially appetizing salad to serve with bread and butter for a Sunday night lunch.

**Snow Balls.**—Take one-third of a cupful of butter, add one-half cupful of sugar, one-half cupful of flour, sifted with one-half cupful of cornstarch and three teaspoonfuls of baking powder; add two-thirds of a cupful of milk, and the beaten whites of three eggs. Mix carefully and pour into well-buttered cups, steam in the oven in a pan of hot water for half an hour. Remove from the cups, dust with powdered sugar and serve with strawberry sauce.

Danger is doubly dangerous when we do not know it exists. A concealed enemy has a deadly advantage. Let the blessed sunshine into all the dark, damp corners and rout disease germs.

**TIMELY FOODS.**

Don't forget to serve carrots frequently, especially while they are fresh and still small. The carrot is rich in iron and other elements which are needed to keep the blood in good condition.

**Buttered Carrots.**—Cut the small carrots in quarters, lengthwise, and cook in a very little boiling water until tender. Use the broth seasoned with butter, a teaspoonful of sugar, a grating of nutmeg to serve with them.

**Grapejuice and Mint Ice.**—Steep a large bunch of fresh mint in sufficient water to extract the flavor; strain and cool. Boll together two cupfuls of water and two cupfuls of sugar until a thick sirup is formed; add one cupful of grape juice and the mint flavoring. Stir in the beaten whites of two eggs, freeze to the consistency of mush and serve in sherbet glasses.

**Ginger Creams.**—Mix a cupful of molasses with one cupful of sugar, one cupful of sour cream, two egg yolks and one-half cupful of melted lard. Mix four cupfuls of pastry flour, two teaspoonfuls of soda, a teaspoonful each of cinnamon, cloves, one and one-half teaspoonfuls of ginger, and one-half teaspoonful of salt. Let stand after mixing for an hour then drop by spoonfuls two inches apart on a buttered sheet. Bake in a moderate oven; place a nut or raisin on top if desired. Frost with confectioner's sugar and orange juice with some of the rind for flavoring.

**Combination Salad.**—Take any kind of leftover meat, or different kinds will do. Put through the meat grinder, add one large mellow apple, chopped fine; one-half cupful of chopped celery, three hard-cooked eggs, minced fine; one chopped onion, one-half teaspoonful of salt, a few dashes of red pepper. Mix all together and add any salad dressing.

**Pineapple Fluff.**—Line glass cups with thin slices of sponge cake moistened with pineapple juice. Beat a cupful of cream, add one well-beaten egg and a cupful of powdered sugar with one cupful of shredded pineapple to which a tablespoonful of lemon juice has been added. Garnish with a spoonful of bright berries.

### Final Account

The State of Texas, to the Sheriff or any Constable of Hansford County—

Greeting:

George Anderson, executor of the estate of Bent E. Teland, deceased, having filed in our county court his final account of the condition of the estate of said Bent E. Teland, deceased together with an application to be discharged from said administration, you are hereby commanded, that by publication of this writ for twenty days in a newspaper regularly published in the county of Hansford, you give due notice to all persons interested in the account for final settlement of said estate, to file their objections thereto, if any they have, on or before the September Term 1921, of said county court, commencing and to be holden at the courthouse of said county in Hansford, Texas, on the 12th day of September A. D. 1921, when said account and application will be considered by said court.

Witness, Keesee C. Nesbitt, Clerk of the County Court of Hansford County.

Given under my hand and seal of said court, at my office in Hansford, Texas, this 18th day of August, A. D. 1921.

## Why Is the OilPull Oil Cooled?

You may ask—"Why is not the OilPull cooled with water as are all other tractors?" or "Why do the makers of the OilPull go to the extra trouble and expense of equipping it for oil cooling when they could more easily equip it for water cooling and thereby sell it for a lower price?"

Twenty thousand OilPull owners can answer these questions from the depth of years of experience, for they have witnessed the troubles experienced by neighbors who own water cooled tractors and they KNOW the satisfaction that comes from owning an OilPull with its "trouble-free" oil cooling system.

Water boils easily—evaporates quickly—requires frequent replacement—freezes—must be drained—produces sediment and rust which clogs and deteriorates the circulating system.

The oil in the OilPull cooling system will not boil on the hottest day nor freeze in the coldest weather—no evaporating—no constant refilling—no draining—no sediment—no rust—no power-consuming fan. The harder the OilPull works, the cooler it runs.

Oil cooling is but one of many OilPull proved features. And there are four sizes—12-20, 16-30, 20-40 and 30-60 H. P. Ask for literature.

### Notice of Election

Be it ordered by the Board of Trustees of the Spearman Independent School District of Hansford county, Texas, that an election be held at the office of the Spearman Reporter, in the town of Spearman, Texas, in said Spearman Independent school district, on the 20th day of August, a. d., 1921, to determine whether the board of trustees of said district shall have power to annually levy and collect a tax upon all taxable property in said district, of and at the rate of not exceeding one dollar on the \$100 valuation of all the taxable property in the district, instead of not exceeding fifty cents on the \$100 valuation of all taxable property, as now authorized, for the support and maintenance of the Public Free Schools of said district, and for the further purpose of creating a sinking fund sufficient to pay the interest and retire the indebtedness, as the same matures, outstanding against the Hansford Common school district prior to the organization of the said Spearman Independent school district, which is represented by twenty Common school district bonds of \$100 each; such tax, if voted, to be levied and collected for the year 1921, and annually thereafter unless it be discontinued as provided by law.

O. C. Raney is hereby appointed manager of said election and he shall select two judges and two clerks to assist him in holding the same.

None but property taxpayers, who are qualified voters in said Spearman Independent school district, shall vote at said election.

A copy of this order signed by the President and attested by the secretary of this board, shall serve as proper notice of said election, and the president shall cause notice of said election to be given in accordance with law.

The ballots for said election shall have written or printed thereon the following:

For the increase of tax.

Against the increase of tax.

Witness our hands and the seal of said Spearman Independent School District, this the 29th day of July, a. d. 1921.

A. F. BARKLEY,

President.

Attest: H. E. JAMES, Secretary.

## CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. . . I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too.

Sandy was fishing, and Donald, who was passing, asked: "How are the fish today, Sandy?"

"I dinna ken," answered Sandy. "I dropped them a line, but so far I've nae reply."—The Bits.

### An Imagist.

First Author—My mother always thought I would be a remarkable man.

Second Author—No wonder you have so much imagination. You inherited it!—Judge.

### Organized to Do It.

Balfour—What is the nearest attempt a woman has ever made to keeping a secret?

Benjamin—Oh, I heard once they formed a secret society somewhere for the swapping of secrets.

### Too Difficult for Him.

"Suppose Job had had some of our modern afflictions."

"Yes, and suppose Solomon had to give judgment as umpire in a baseball game."

### A Safe Bet.

"I guess they'll marry all right. She is his first love."

"That doesn't make it sure."

"Well, he is her last chance."

### Enterprising.

"What hit me?"

"A motorcycle."

"Impossible. I counted four wheels."

"It ran over you twice."

### Learn to Tell Children Stories.

Stories interest children to such an extent that they absorb the entire attention for the time being. Mothers should learn to tell their children stories of kindness, unselfishness, truth and dishonesty, so as to help them distinguish the good and evil of their actions. Story-telling will also go a great way in developing the imagination, which is an essential in womanhood and manhood. A good imagination helps one to remember and think distinctively. The public library will help many a mother in procuring books dealing with children's stories games and dances that will delight any child.—Thrift Magazine.

### Naughty Women Most Popular.

That observant Florence Woolston, in Harper's Magazine, insists that the naughty women in history, not the good ones, are those whom people generally love best. She hunted over the card catalogue in a library somewhere and dug out the fact that in the last ten years four times as many books had been written about Lucretia Borgia as about "splendid Susan B. Anthony." Cleopatra has had ten times as much space given to her as "admirable Clara Barton."

ROCKY MOUNTAIN SHEEP.

"If creatures are fussy about the weather they are very foolish, I think," said Mr. Rocky Mountain Sheep, and young Master Rocky Mountain sheep said: "I agree with you."

"I really don't understand how it is that creatures can be so fussy," said Mr. Rocky Mountain Sheep. "We like all sorts of weather and have extremely good health. We're not always fussing about ourselves. We're not always wondering whether it will be cold or hot the following day, or whether it is going to rain."

"We don't care what it does. We like all sorts of weather. All sorts of weather agrees with us. Of course we love our mountain homes best of all. We love crags and high rocks. We are very sure-footed. Even the older members of our family are sure footed. We can rush and we can hurry. We can run and we can dash this way and that, and to others it seems very dangerous."

"But we're sure of ourselves. And we're sure of our feet. We go up dangerous places among the rocks, but these places are not dangerous to us, because we know how to climb."

"And anyway we have lots of bravery and courage. A Rocky Mountain Sheep would be ashamed to be cowardly."

"It is true that we are not foolhardy, although some might think so. If we couldn't do these dangerous things, if we weren't wonderful and marvelous climbers, then it would be extremely dangerous to take any such chances."

"But we're not really taking

changes. We're just doing quite sensible climbing. It is no more danger-

"Dangerous Places."

ous for us to dash up the side of a dangerous looking rocky slope than it would be for some creatures to walk along a smooth path.

"How we love good plants. We don't admire their beauty, but we love their taste. We like to eat plants. They make us strong and well, too. We have great horns, and we are big and strong looking, too. No one would think us delicate and no one would bother to ask after our health because one look at us would be enough to tell anyone how well we were."

"The Mother Rocky Mountain Sheep like to welcome a young Rocky Mountain sheep every spring, or perhaps two Rocky Mountain sheep, and then watch them grow into fine strong sheep."

"But weather, goodness, gracious, we don't have to bother about it!"

"I've heard from travelers that people in towns and cities and villages, along through country places—oh, in many, many places, carry umbrellas when it rains. And often, when it doesn't rain they carry umbrellas for fear that it might rain."

"They are afraid they might spoil their hats. But we haven't hats to think of! Imagine a Rocky Mountain

sheep wearing a hat or carrying an umbrella.

"Our horns are enough for us! And we don't need umbrellas to protect our horns. We never complain of the weather, either. So sunny do. So many wish it weren't so hot or so cold, or so rainy, or so sunshiny. Some say that they hate showers and that they wish they always knew what the weather was going to do. But they don't. For Old Man Weather is a smart old creature who has things his own way."

"He won't let anyone boss him. If he wants it to rain he has it rain, and if he wants the sun to shine, he has the sunshine. And why not let him do it his own way without always complaining?"

"Gracious, he's been doing as he likes for so long it seems rather a waste of time trying to wish he would do differently. Then, too, he has been on his job for so long a time, I've a pretty good idea, he knows all about it, and doesn't need any suggestions from any one!"

### OBITUARY

Lydia Francis Smith was born in Campbell county Georgia, on June 1, 1840; died at Spearman, Texas, on Friday, August 12, 1921, at 8 a. m., aged 81 years, 2 months and 11 days. At the age of 20 Lydia Francis Smith was married to W. A. Burran, to whom she was a faithful wife and companion for exactly 61 years. They came to Texas in 1876, locating in Johnson county, where they resided for 21 years. From Johnson county they went to Oklahoma, resided there a few years and came back to Texas about 12 years ago, locating at old Ochiltree. They came to Spearman in the spring of 1920. Mr. and Mrs. Burran have been residents of Texas for over 30 years. Mrs. Burran joined the Baptist church in 1856 and for 65 years was a consistent member of that organization. Her bible was her daily companion. Mr. and Mrs. Burran were the parents of nine children, seven of whom are living: Jefferson and Willie Burran are dead; Robert E. Burran, Spearman, A. S. Burran, Darrouzette, Texas; Mrs. Katie Ferguson, Albuquerque, New Mexico; Mrs. Eva Wilbanks, Spearman; Mrs. Willie Eggers, Elk City, Oklahoma; Mrs. Georgia Griffiths, Bishop, Oklahoma; and Mrs. Betty Barbour at Spearman. Funeral services were conducted by Rev. Hand, pastor of the Baptist church at Channing, and interment was held in Hansford cemetery on Saturday afternoon, August 13, 1921. Many old time friends came from Perryton and Ochiltree to attend the funeral. The pall bearers were: Fred Wilbanks, Edward Burran, Berlin Barbour, Gilbert Wilbanks, Herman Barbour and Robert Wilbanks, all grandsons of the deceased.

### The Courtesy of the Road?

First let us define motorist—a person who travels around in a long low high powered roadster with a supercilious stare, usually a cigar in one corner of his mouth and a total disregard for the rights of others.

Flivverists—persons who drive the well known uncle Henry's tin bugs. I was stuck in that tenacious mud hole 2 1/2 miles east of town. I'm a flivverer. I was there quite some time. I was alone and exasperated. You know it and then some.

Two motorists (see above) drove up and settled back in their cushions with evident enjoyment—and watched and listened too, I'm afraid—my struggles to get out of that pesky mud hole. Did these birds jump out and run gladly forward saying well, well, partner let us help you? I should say not. Did the slightest conception of the meaning of courtesy of the road penetrate their ivory domes—it did not. Well finally I shoved the little old tin can out and as I drove up to them and stopped I thought I'd save them an experience like mine so said, gentlemen you don't have to go through there, there is a gate 20 yards behind you which will permit you to drive around. The long, lank, effete easterner who had the helm turned a fishy and forbidden eye on me and after a time remarked out of the corner of his mouth, "what's the matter with it?" I think he meant the mud hole but he was looking right at the poor little fliv. Oh nothing, I said, just a little muddy, that's all.

With another glance of derision at Henry Ford's product he turned on the starter and roared on his way—that is as far as the mud hole. They stopped there, and when I stopped a half mile up the road they were still stopping there and both of the high brow motorists were out in the mud and I guess they are there yet, and I ought to say so, but I hope they are. Good night.

Panhandle Slim.

A good show tonight and Saturday night at the Arcade.

### THE GIRL ON THE JOB

How to Succeed—How to Get Ahead—How to Make Good

By JESSIE ROBERTS

### THE TRAINED NURSE.

NURSING is going to be a greater opportunity for the right woman than ever before in the history of medicine.

There is going to be better regulation of working hours and an advance in salary. For the demand is exceeding the supply and inducements to take up the profession must necessarily grow more attractive.

If you want to be a nurse it is your duty to take the training, for you are wanted, and your work waits for you.

In some of our states there are no laws making the registration of nurses compulsory. Because of this, untrained or partly trained women compete with the trained nurse for private work. Laws must be passed that will alter these things for the better. The Red Cross is hoping to demonstrate the need of the properly trained nurse so strongly that every community will be led to demand a proper registration law and a certain degree of training for its nurses.

In choosing your training school, be sure that you select a first-class hospital. You will get infinitely better treatment and your diploma will count for far more.

Nursing is hard work, but for the woman with a vocation it is work that she loves. A graduate nurse is a valuable member of the community. Her standing is secure, and she can be sure of a good income. In her professional life she is thrown with men and women of high caliber. If you have any leaning that way, it is worth much effort to get started.

"Somebody in the audience laughed during my death scene," complained the eminent tragedian.

"Don't you worry about that," said his manager, soothingly. "I had the fellow put out."

"But why did he laugh?"

"I don't know. If he were the manager of this show he wouldn't laugh."
