A Successful Man Meets Opportunity at the Door

He is a BIG man because his alertness has taken advantage of every opportunity that came his way. To make money, one must have money. The successful man of today got his start by saving.

He didn't get "big" at once, but started as you may start--by SAVING REGULARLY a part of your earnings.

When you have a bank account you can shake hands with opportunity.

Let us introduce you to our banking facilities.

First National Bank of SPEARMAN

HEAR MOBLEY SPEAK AT SPEARMAN SATURDAY

I wish to urge that all people interested in the development of the country in the Spearman trade territory attend the community meeting to be held by Mr. H. S. Mobley at the Arcade theater in Spearman Saturday afternoon at 2 o'clock. I understand that dairying will be the principal topic of the meeting, and, while I am not personally acquainted with Mr. Mobley, I am acquainted with the work of the organization that sends him to us. It is my candid opinion that he will have much information for us that if properly applied, can be converted into dollars and cents. It is a fact that a ton of butter moves only 70 cents' worth of pig food from the farm, while the sale of the feeds that produce it would carry away over \$400 in soil fertility. I am confident that this gentleman will with the aid of his charts, demonstration material and picture films, show you many other things as surprising. I would especially appreciate the presence of all who have been a member of either the advanced or elementary agriculture class in the Spearman school the past term. I assure you that this will be a rare opportunity.

W. A. CLARK JR.,
Superintendent Spearman Schools

The place to buy your harvest meat—
The Sanitary Market.

Born, to Mr. and Mrs. Willard Smith, on Tuesday morning, June 21, a fine boy.

Car Load of Texas Red cedar posts just received at the Spearman Equity Exchange.

J. D. North, prosperous stock-farmer of north Hutchinson county, was looking after business matters in Spearman Monday.

H. M. Crudginton of Amarillo, agent for the Chevrolet auto, spent Tuesday in the city, talking over business matters with the local agents Mizar and Bryan.

Mrs. Jos. W. Jones, Miss Beauman and Miss Greenfield Jones were in from their ranch home up the Palo Duro Tuesday. They report an abundance of rain at the ranch and range conditions first class.

Frank Garst and family came from Guymon Sunday to spend the day at the Virgil Wilbanks home in Spearman. With them were Leonard and Rebecca Lynch, who will remain in this vicinity until after harvest.

Born, to Mr. and Mrs. R. L. McClellan at the home of her parents in Amarillo on Friday, June 17, a fine boy. Mr. McClellan went over Saturday night to see his fine son and reports that he is a mighty fine young fellow, and that he has been named Roy Lee.

Robt. E. Meek came from his home at Wellington, Kansas, the first of the week and will assist with the harvesting of the fine crop of wheat out on his farm southwest of town. Mart Hart has charge of Mr. Meek's farm this year and has produced a splendid crop.

A. L. McClure was in the city the first of the week, making preparations to ship his household goods and other effects to Rolla, Kansas, where he is employed by the Surety Elevator Company of Hutchinson, Kansas. He says that he and Mrs. McClure are well pleased with their home in Rolla.

W. A. Johnson, the Rumley Oil Pull farm machinery man, spent several days in Spearman and vicinity this week. Mr. Johnson has sold six combine harvester rigs in the Spearman country this season and is expecting a splendid business when the breaking and planting seasons come again.

Rain began falling in the Spearman country Sunday afternoon and continued intermittently until Tuesday noon. Five and three-fourths inches of rain fell at Spearman during that time. Fortunately we have had no wind and very little hail. The wheat is getting dead ripe in many fields now, and a strong wind would do much damage. What we need most at this time is sunshine and harvest hands.

W. L. Russell, who came here recently and engaged in the mercantile business, suffered an attack of acute indigestion on Monday morning and has been in a serious condition all week. The attack came on suddenly, while Mr. Russell was looking after business matters at the postoffice, and several hours passed before he was able to be taken home. He is improving nicely at this writing and will soon be up and about his business again.

CLOSE OF SPEARMAN PUBLIC SCHOOL

"A Daughter of the Desert," the High School play given at the Arcade theater last Thursday evening, June 16, was certainly a success. It was a comedy drama that pleased the patrons in every respect. The cast of characters was composed entirely of high school pupils, with the exception of Superintendent Clark and Doc Wilson. This would indicate that the boys were in the minority at Spearman H. Much credit is due Miss Nannie Holland, who directed the play with untiring zeal.

With the first annual commencement exercises of Spearman High school and Spearman Grammar school at the Arcade theater last Friday evening, the term of 1921-'22 passed into history. Beatrice Gibner of the High School senior class, gave the salutatory address, while Stone-walk McMurry of the same class, gave the valedictory address, bidding all farewell. Pope Gibner of the grammar school senior class gave an interesting class prophecy. In presenting the diplomas to the eighteen graduates of the grammar school and the two graduates of the high school, Superintendent Clark, in a plain, unpretentious address, directed their attention to some of the most common mistakes of young men and women, and insisted that the parents help the pupils make proper use of their spare time that they might become useful men and women. Several interesting miscellaneous numbers were given by representatives of various classes from the primary department to high school.

Subscribe for the Reporter.

Building header barges and hunting harvest hands is the popular outdoor sport of the Spearman country at the present time.

Mrs. A. L. Knight came from Booker the first of the week to spend a few days at the home of her parents, Mr. and Mrs. C. C. Maulsby, near Spearman.

E. E. Felible arrived in Spearman the first of the week and has taken charge of the Horne elevator here. He will buy grain in Spearman during the coming season and has begun shaping up for the big rush.

Misses Gertrude Doyle and Hazel Donnelly came from Amarillo Thursday to solicit subscriptions to numerous magazines, by which they hope to win a scholarship at Texas University. The young ladies report a fine business while in Spearman.

Don't wait for your neighbor to cut your wheat with one header, what would be a job for two. You can't afford it. Get your own header. We can supply you, as we still have two on hand.

B. V. ANDREWS HARDWARE CO.

Mr. and Mrs. Fred Hodge and Miss Laura Jacobs are Texhoma visitors at the Board ranch in north Hutchinson county. Sidney Board, who has been employed at the Mallet Mercantile Company in Texhoma the past year, has resigned his position there and came out with the visitors to the ranch to spend the summer.

Col. Harvey, the hard-boiled snob who represents the United States at the court of St. James, seems to have peculiar ideas about the cause which led this country to war with Germany. And Admiral Sims, overly anxious to make himself popular in London, has insulted every friend to Irish freedom in America. Great diplomats, these.

All parties who have had us hold repairs, please come and get them in the next few days. Harvest is here; if you don't want these parts there is some one else who does. Some repairs are hard to get so let's use what we have. All repairs not taken by the middle of next week will be turned to some one who needs them.

B. V. ANDREWS HARDWARE CO.

L. T. Wilson was taken from his home at 509 Folk street, Amarillo, the first of the week to Temple, Texas, to undergo an operation by specialists. Mr. Wilson's health has not been the best for several months and his doctors have decided that an operation will be necessary. His many friends in the Spearman country will wish his speedy recovery.

Frank L. Carson and C. Q. Chandler and sons Charles and William were in Spearman Wednesday, coming out from Wichita to look after their banking interests in this section. They were highly pleased with the prospects of a big grain crop in the Spearman country and spoke encouragingly and enthusiastically of the town's progress along commercial and other lines.

Opportunity Knocks

at your door when you have accumulated a bank account, even tho it be small.

A small beginning often leads to a big ending.

The man who banks his money and takes care of it, is the man who is in position to take advantage of opportunities which lead to success.

Guaranty State Bank SPEARMAN, TEX.

S. H. Halle and family visited Amarillo the past week.

For prompt service place your order with the Sanitary Market.

J. L. Redus of the Black community was looking after business matters in the city Thursday.

C. C. Beck was in from the north flats Tuesday and makes the usual report about the rain--too much, and needing sunshine.

Earl Reynolds of the City Bakery returned Sunday from Texhoma, where he spent the past week with relatives and old friends.

Misses Joyce, Nanie and Marguerite Holland left Sunday for their home at Italy, Texas. They were teachers in Spearman school during the past season.

Denzil Bradford and wife returned Tuesday from a several months' visit at the home of his parents in Tulsa, Oklahoma, and will make Spearman their home.

Mrs. J. A. Hurd came from her home at Kingman, Kansas, Tuesday and will visit indefinitely at the home of her daughter, Mrs. Fred Twyman, in Spearman.

Measels are making life miserable for the younger generation about town. It is tough luck for a boy to go to school nine months and then take down with the measels during first week of vacation.

Miss Hazel Hartshorne and Merle D. Jackson were married at the court house in Hansford on Thursday June 16, at 6 p. m. Judge Storrs officiating. The Reporter wishes the happy young couple much happiness and prosperity.

O. G. Barkley arrived Monday to spend the remainder of the summer with his sons A. F. and Will. Mr. Barkley spent the winter in Nanticoke, Maryland, and reports quite a difference in that country and the great southwest.

Walter Thompson and F. M. Bean each recently invested in an Allis-Chalmers tractor and will farm according to the most improved methods hereafter. This splendid little tractor is sold in the Spearman country by C. B. Reeves and he is attracting quite a little attention among the farmers with its wonderful performances.

AT THE UNION CHURCH

Last Sunday morning the Spearman Union Sunday School was re-organized with the following officers who were elected for one year: Superintendent, G. W. Fulbright; assistant Superintendent, A. E. Townsend; secretary, Zola Cross; treasurer, Mrs. Grace Haines; pianist, Mrs. A. E. Greever and assistant pianist, Nellie Fulbright. A committee was appointed to meet on Tuesday night to arrange classes and talk over the matters of vital importance to the Sunday school. Next Sunday the teachers will be chosen and we hope to have the school in splendid condition by the first of July. But in order to do this we need the help of all who will come. The Baptist Sunday school has joined forces with the Union Sunday school and others who do not attend elsewhere are invited.

The New International Speed Truck

WITH the addition of the new Model S speed truck the great International line includes a size and a style for every hauling purpose. Sizes now range from the 1,500-pound truck, with a speed of 35 miles, to the 10,000-pound truck for heavy-duty service.

The new model is a successful combination of strength and speed. In every detail, it is designed and built to measure up to the quality standard so firmly established by International Motor Trucks. The same combination of skill and experience gained through 90 successful years of high-grade manufacture stands back of every International Motor Truck.

The four-cylinder engine has the neces-

sary margin of power, sturdiness, and durability to cope with all road, weather, and traffic conditions. The internal gear drive rear axle and all other units measure up to the standard of quality set by International engineers. The Model S is regularly equipped with 34 x 5 pneumatic cord truck tires, electric lighting and starting equipment, and power tire pump.

Back of this dependable line of trucks stands the International free inspection service, which fully assures low-cost operation for all Internationals.

It will pay you to know more about International trucks and service. Come in at your convenience and let us explain just what low-cost haulage really means.

GAY OLD MEN

"SAM JAGWAY was trying to be funny, this morning," related the horse doctor. "He saw some boys turning handsprings, and undertook to show them how the trick used to be done in the halcyon days, and the doctor says he wrenched his back so he'll be in bed for several days."

"Disasters of that sort usually happen to the graybeard who tries to demonstrate that he isn't any older than he was forty years ago," commented the village patriarch. "I'm always being tempted to do some idiotic thing, and have to suppress such impulses with a mailed fist. It's all the outcome of vanity. A man hates to admit that he's a buck number. He wants to assure the plain people that, notwithstanding his gray whiskers and stringhalted legs, he's a four-horse team

with a dog under the wagon, when it comes to athletic skill.

"I was in the livery barn the other evening, when young Fretsinger began explaining that he had been taking boxing lessons from one of the old masters. He had learned all the tricks of the game, and was just suffering agonies because there was nobody present who would stand up and exchange scientific swats with him.

"In my younger days, if I do say it myself, I was a star performer in the ordinary knock-down-and-drag-out form of combat, but I never was worth shucks at boxing. Nobody knows that better than I do. Why, then, did I inform Fretsinger that I would be glad to spar a few rounds with him? It surely was vanity and nothing else. I had an idea that, while he might have plenty of the fancy stuff on hand, I might land one of my old-time haymakers; in which case I felt sure the town would soon be ringing with the story of an old man's prowess.

"So I took off my long jimsoner coat, and my vest, and stood up for battle. If anybody tells you, my friends, that Fretsinger doesn't know how to wield his hands, you may regard the story as a roorback. I never saw fists so numerous as on that occasion. I couldn't see anything else for a while, and they landed on me in many unexpected places, and I don't remember a time when I was so embarrassed.

"Fretsinger explained afterward that he merely tapped me gently because I was a venerable man, old enough to be his grandfather. In that case I never want to become involved in an argument with him when he is in earnest. I had a black eye for a week after this recital, and my nose has never satisfied me since. Every time I came downtown, I had to explain to a thousand people that I blackened my eye while splitting kindling, or that I dropped a sad-iron on it. There is nothing more humiliating than a black eye, and I made up my mind that I'd try to realize my advanced age thereafter, and behave myself like a grave and reverend man.

"But no sooner had my eye recovered than I was in trouble again. I saw some young men wrestling, and paused to point out that they didn't know the rudiments of the game. I assured them that in my younger days I was a holy terror, and I didn't think that my hand had lost its cunning. It would afford me genuine happiness, I said, to show them how wrestling was done in the palmy days of Muldoon and Whistler.

"So I removed my coat and vest and went into executive session with a husky young man who had no respect for gray hairs. I am not sure about what followed, but I think he must have thrown me over his head. Anyhow, I made a great dent in the earth with my person, and I was so sore for two weeks that I had to take myself around in a wheelbarrow. Of course, I am determined to make no more bad breaks of the kind, but I haven't much confidence in myself, and tomorrow you may see me climbing a tree half a mile high, to show some boys how to rob birds' nests."

FARMERS

I have just received a nice line of John Deere machinery, disc and mould board plows, listers and cultivators.

I also have a good line of John Deere repairs, shelf hardware and furniture.

Give me a trial. My prices are right.

Spearman, Texas

Save-All-the-Grain Ideal

The Rumely Ideal Separator is built around the proved principle that a threshing machine, to deliver all the grain, must keep the straw on the move every minute in a steady, even flow.

That's the only way to guard against the bunching and choking up that cause incomplete separation and waste grain—that cause frequent delays and limited capacity.

Take a look at your neighbor's Rumely Ideal Separator and study its design. Notice, first, the way the grates are placed to prevent all possibility for bunching and winding. The straw is delivered in a free, even flow from the cylinder to the patented traveling rake that carries the straw up and delivers it to the straw rack in a constant, even stream.

Then look at the straw rack. Notice that instead of depending on shakers only, the Ideal rack has a series of lifting fingers that tear the straw open, rake it and beat it from beneath. This releases every kernel and takes it where you want it—into the sack, not the stack.

We wouldn't be backing the Ideal with our reputation if we could not prove that it is the most efficient grain saving machine on the market.

We can supply the Ideal in any of five sizes—22x36 to 36x60—all fast, clean threshers.

THIS MAN DREADED TO SEE NIGHT COME

Was So Restless He Couldn't Sleep and Daylight was Always Welcome.

"With the exception of a little milk toast, which comprised my diet for more than eight weeks, I could not eat anything," said Capt. Geo. W. Womble, residing at 105 Jennings St., Knoxville, Tenn., a highly respected citizen of that city.

"I am now able," continued Captain Womble, "after taking two bottles of Tanlac, to eat practically anything. I had a bad form of stomach and intestinal trouble for a long time and for months my condition had been such that I suffered agony. I got so I could not eat the simplest food. I tried doctor after doctor and all kinds of medicine but nothing that was prescribed for me seemed to do me any good. I had a terrible pain in my breast just over my heart and for weeks and weeks I got no relief.

"I finally got so nervous that I actually dreaded to see night come as I could not sleep and was always restless that I would rejoice to see daylight come. I was also constipated all of the time. In fact, life seemed a burden and I was so miserable that I was almost on the verge of despair. Several of my neighbors told me about Tanlac and advised me to try it.

"I am personally acquainted with Mr. Dan M. Chambliss, of the firm of Kuhlman & Chambliss, and when I told him of my condition and how I suffered he advised me to begin taking Tanlac without delay and that it had relieved hundreds of the best people in Knoxville. I have now taken two bottles of Tanlac and am giving you this testimonial in the hope that it may induce others to take it. Since taking this medicine I actually feel like I had been made all over again with the youth, energy and ambition of a sixteen year old boy."

Stray Steer

A red, whiteface yearling steer, unbranded, marked underside in both ears, is at my farm, three miles southwest of Spearman. The owner will call, pay charges and take this steer away or the same will be dealt with according to law.

About Texas and the Five Constitutional Amendments

ELECTION ON FOURTH SATURDAY IN JULY, 1921

TEXAS: Area, 267,072-square miles, each mile 640 acres. GROWTH SINCE 1866: Population, 1866, 711,339; in 1920, 4,663,228, increased 6 1/2 times. Schoolchildren, 1866, about 210,000; in 1920, 1,271,157, increased 6 times. Foundation laid for public free school fund in 1866. Value in 1920, \$71,592,959.93. State gave for free education of each child in 1866, nothing; in 1920, \$14.50. Taxable values, 1866, \$170,004,545; in 1920, \$3,320,838,714, increased 19 1/2 times.

LEGISLATURE: 31 Senators, presided over by the Lieutenant Governor; he is called the president of the Senate; 142 Representatives; they elect one of their members presiding officer; he is called the Speaker; all get equal pay.

An informed citizenship is the guardian of a just and liberal government.

Below, under "Form of Ballot," will be found the words by which the five amendments will be represented and the order in which they will appear below will not appear on the "Official Ballot" July 23-d.

FORM OF BALLOT.

FOR the amendment of Article 17, Section 55 of the Constitution, abolishing the Board of Prison Commissioners.

AGAINST the amendment of Article 17, Section 55 of the Constitution, abolishing the Board of Prison Commissioners.

EXPLANATION OF THE AMENDMENT.

This amendment proposes to abolish the offices of the three Penitentiary Commissioners. It is believed a management can be provided that will be more efficient and less expensive than is the present system. A change may save taxes.

FOR the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas providing for Compensation of Executive Officers.

AGAINST the amendment to Section 5 and 21 and 22 and 23 of Article 4 of the constitution of the State of Texas providing for Compensation of Executive officers.

Salaries now paid the "Executive Officers" are: Governor, \$4000; Attorney General, \$4000; Treasurer, Comptroller and Land Commissioner, each \$2500; Secretary of State \$2000. They were fixed under the constitution of 1866-66 years ago—when living expenses, duties and responsibilities of the officers were much less than now. About every salaried person but these has had a raise in pay since then. Under this proposed amendment the Legislature could pay these Executive officers not to exceed: Governor, \$8,000; Attorney General \$7,500; Treasurer, comptroller Land Commissioner and Secretary of State, each \$5,000 and no more, but the legislature could pay them less. That proposed raise in those salaries is too small to increase in

the tax rate because when compared with the local taxable values of the State, printed above, it will be seen that the pro rata part of one who pays tax on \$1,000 worth of property would only be one-half of a cent, or five cents on \$10,000 worth.

FOR the amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate Soldiers, sailors and their widows who have been residents of this State since January 1, 1910.

AGAINST the amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows.

If this proposed amendment to increase the amount of pensions for Confederate soldiers and their widows should be adopted, the tax rate would be increased from 5 cents to 7 cents on the \$100 worth of property. Soon these worthy people will pass away. Then this tax will not be collected. The question now is, are we willing to increase their comforts a little while they are among us?

FOR the amendment to Section 24 of Article 3 of the Constitution relating to the mileage and per diem of members of the Legislature of the State of Texas.

AGAINST the amendment to Section 24 of Article 3 of the Constitution relating to the mileage and per diem of members of the Legislature of the State of Texas.

This amendment proposes to reduce the mileage or traveling expense of legislators to one-half of what it is now; also proposes to pay them not to exceed \$10 a day for a session of 120 days and \$5 a day thereafter. The legislature could pay them less. They now get \$5 a day for 60 days and \$2 a day thereafter. They can neither complete necessary legislation

Is One of These Rigs on the Way to You?

Durable Simple Economical Powerful

VERY SEPARATORS really save your grain and save that big threshing bill. Add a few dollars to your threshing bill for one season and buy an Avery Rig that will do your threshing in a satisfactory manner, when you want it, for many seasons.

- Draft Horse double opposed motor. Direct drive transmission.
- Removable cylinder walls. Adjustable crankshaft bearings.
- Many other exclusive features make this Tractor the talk of the United States and 58 foreign countries.
- The Hyatt bearing equipped separator really saves your grain. It is a separator of which the owner is justly proud.

For the HOME

—the barn, the implement shed, the garage, for any and every place where lumber and timber is needed that has greatest building strength, and will give greatest resistance to the assaults of the weather, you cannot beat the lines we carry at our yards in Spearman.

Better build that new granary before harvest. You have the time now and are certain to need a place to store your grain.

The White House Lumber Co.

EARL CALLAWAY, Mgr.

SPEARMAN

Protecting Your Investments

YOU wouldn't put your money in an unsafe bank, nor would you be without fire insurance.

But how about insurance against the weather?

There's something your fire insurance policy doesn't cover, and its just as important an agent of destruction as fire.

Your home represents a considerable investment. You would use the greatest care in buying stocks with the money your home cost, or in selecting a bank in which to deposit it. You would want maximum protection.

Consider the weather. Sun, rain, snow, heat, cold, frost—all these destroy property. And property which begins to decay loses in value. You need the best protection against weather you can buy.

SHERWIN-WILLIAMS PAINTS AND VARNISHES

are manufactured to protect your property against decay. That's the biggest reason why you should use them. They add to the life of your buildings and increase their value. Then too, they beautify your property as well.

Stop at our store. We have some interesting things to tell you about Sherwin-Williams high quality paints and your property.

We Sell It

within 60 days nor pay their expenses with \$2 a day. The records of the Comptroller's office show that the Legislature could under this amendment, have a regular session of 120 days at \$8 per day (their pay in 1866) less expense to the taxpayers than the one regular and four special sessions cost during the past two years. So much time is lost in organizing and adjourning these short sessions that it is believed more bad bills could be killed and the good bills made better in one regular session of 120 days than is now done in so many short expensive sessions. It is clear the tax rate would not be increased. This would mean a better condition for legislation without any increase in the tax rate, and everybody agrees Texas needs it.

FOR the amendment to Section 2 of Article 6 of the Constitution of the State of Texas providing that only native born or naturalized citizens of the United States shall be qualified electors in this State and providing that either the husband or wife may pay the poll tax of the other and receive the receipt thereof and permitting the Legislature to authorize absentee voting.

AGAINST the amendment to Section 2 of Article 6 of the Constitution of the State of Texas providing that only native born or naturalized citizens of the United States shall be qualified electors in this State and providing that either the husband or wife may pay the poll tax of the other and receive the receipt thereof and permitting the Legislature to authorize absentee voting.

Under the present Constitution foreigners are authorized to vote as soon as they declare their intention to become citizens. If this proposed amendment should be adopted they must be fully naturalized before they can be authorized to vote.

Also, at present, all voters in towns of more than ten thousand people must get their poll tax receipt in person. If this proposed amendment should be adopted either the husband or wife could pay the poll tax and get the receipt for the other regardless of residence.

Also, if this proposed amendment should be adopted, the Legislature could authorize a person to vote in a general election without being present just as is permitted, under the absentee voting law, in primary elections.

Floyd Hays, Mgr.

Father says—
"No slippers tonight!"

"I've worn these Wurkshus since morning, and I have had a hard day, too. But my feet are as comfortable as I'd want them to be. Even if the Smiths dropped in I wouldn't change. I got the Wurkshu habit from son, and he got it at that camp he liked so well last summer."

The Wurkshu habit is also a saving habit. More people find it so every year. Hood Wurkshus are famous for their durability and comfort. Heavy mail-bag duckuppers, grey-tire-tread soles. Hood patented pneumatic heels—you walk on air.

Ask any dealer or write us.

Hood Rubber Products Co., Inc.
 Watertown, Massachusetts.

The best "sneaker" for boys. Baysides are the ordinary low price foot covering for boys, next to going bare foot. You can't beat them for price. Don't ask for "sneakers," ask for Hood Baysides.

Casco Oxfords are light, easy and cool, stylish in appearance and give excellent wear. Every member of the family should "give their feet a treat" these hot afternoons and evenings. And save money in the bargain.

The Latest and Best

We offer the Case 15-27 Kerosene Tractor as the king of them all. It is creating a sensation all over the country. It is the result of 77 years of experience of the famous J. I. Case Threshing Machine Company.

It pulls three plows in hard plowing—four plows under favorable conditions. It has abundant reserve power. It burns kerosene successfully and economically.

This sturdy tractor is adaptable for all kinds of drawbar and belt work. It drives a 26x46 Case Thresher with Feeder and Wind Stacker. Its pulley is properly placed for convenient "lining up."

It is small and compact and built for accessibility. No tractor is finer. You should become acquainted with its many superiorities, which we will be glad to explain. Don't buy before you see this better tractor.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Theford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which griped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."

Get a package from your druggist today—ask for and insist upon Theford's—the only genuine.

Get it today.

Farm For Sale

300-acre farm 15 miles west of Spearman, at Lucerne; 7-room house, well, sheds, corrals, all fenced; 160 acres of small grain. Also, 20 head of cows and calves. One-third of the crop and one-third of the calves go with the place.

WONDER WHAT SHE MEANT
 You look perfectly charming in that hat and veil.

POSSIBLE.

Our dairyman's cows look very dejected. Maybe that is why our milk is so blue.

The Fordson Tractor

Do More in Day---Do It Much Better

One man with a Fordson Tractor can do more work easier and with less expense than two men can do with horses. This means that you with a Fordson tractor can actually raise more crops with less work and less expense. And this means that your profits will be greater, with fewer hours of work.

Besides the Fordson will take care of every power job on the farm. It is light, alert, flexible in control and operation, yet it has power and endurance to spare.

You should see the Fordson at work to appreciate its wonderful capabilities. We will gladly give you the proofs if you will ask for them, either by a personal call phone or post card.

The Business of Farming

In the business of farming, buying is just as important as raising and selling, and there are three powerful reasons for buying lumber TO DAY;

Buy lumber because the price is right. Lumber is back to normal and it is our belief that, everything considered, there is nothing to be gained by waiting longer.

Buy lumber to protect your investment. Repairs which have been postponed from previous years can now be made at normal costs. Repairs made when needed often saves many times the amount expended.

Buy lumber to bring great returns from your farm. Lumber is the big item in many improvements which will cut the cost of hired help, reduce waste, give greater storage, or add to the comfort and convenience of the home—and lumber prices are down where they ought to be.

Bring your building problems to us. We believe that our business can serve your business to your best interests, and friendly help and council are at your disposal, without obligation.

GENERAL MERCHANDISE

I have bought the entire stock and building from my father, J. A. Russell, formerly of Ochiltree, and will be open for business in Spearman on Saturday, June 18.

I earnestly solicit a part of your business and will endeavor at all times to merit the same.

Harvest time is here. Come in and let me figure with you on your harvest supplies.

My terms will be cash, and for this reason I can sell you merchandise as cheap as the markets will permit.

Yours for better service,

W. L. RUSSELL.

ALL READY FOR MEETING

Final arrangements have been completed for the big community meeting for the discussion of dairy farming and every indication points to a large attendance.

The meeting will be held at the Arcade Theater in Spearman on June 25th, 1921, and every man, woman and child is invited. Visiting delegates will be heartily welcome.

Mr. S. H. Mobley, who will assist the local people in conducting the meeting, will do all he can to build up this community as a dairy center. He is a very able speaker and is widely known in agricultural circles throughout the United States.

More important to this community is the fact that Mr. Mobley has for many years successfully conducted a dairy farm right here in the South. He is not theoretical. He is practical. The information he imparts he has learned by experience.

He is connected with the Agricultural Extension Department of the International Harvest Company,

which concern is sending him here for the sole purpose of helping this community get in line with the other southern states in the great movement which promises to make the South the greatest and most prosperous dairy section of the country.

Rex Westerfield arrived the latter part of last week and has taken over the management of the Panhandle Lumber Company's yard at this place while the regular manager, R. J. McCaslin, takes a vacation. He left this morning for Wichita where he will spend several days with his parents.

For Sale or Trade

One Willys Knight, 7 passenger touring car; fine condition, nearly new.

One Model 485 Overland Roadster; a dandy.

One two ton Nash truck; a good one and just what you need to haul your grain to town.
