

Thye Nominated For US Senator From Minnesota

Washington, Utah Vote In Primaries To Fill 10 Seats

By Associated Press Gov. Edward J. Thye, who campaigned principally as an advocate of the United Nations, won the republican senatorial nomination in Minnesota's primary from the veteran Senator Henrik Shipstead.

The four-term senator, who voted against the United Nations charter and the proposed British loan, conceded defeat today when returns from nearly half the state gave Thye a margin of more than 50,000 votes in yesterday's election.

Thye had the support of Harold E. Stassen, who helped draw the United Nations charter. The victory encouraged backers of Stassen in his quest for the GOP presidential nomination in 1948.

Luther W. Youngdahl, also backed by Stassen, apparently had won an easy victory for the Republican nomination for governor over Hjalmar Peterson, former farmer-laborite governor.

In Minnesota's Democratic Farmer Labor primary Dr. Theodore Jorgenson, St. Olaf professor, led Frank Ryan, Minneapolis attorney, for the senatorial nomination. Harold Barker, weekly newspaper publisher, was high in a three-man race for the nomination for governor.

Two more Senate seats as well as eight in the House were involved in primaries today in Washington and Utah.

Senator Hugh D. Mitchell (D-Wash), who was appointed two years ago to fill a vacancy, was a favorite to win renomination over two opponents.

A livelier campaign developed in the first congressional district, where a son and daughter of the late President Franklin D. Roosevelt disagreed over whether Rep. Hugh De Lacy (D) should be renominated.

Three Washington members of the House were unopposed and the two others were expected to win their primaries.

In Utah, Senator Abe Murdock and Rep. J. Will Robinson had no opposition. A political newcomer, Edward J. McPolin of Park City, challenged the state's other House member, Rep. Walter K. Granger. All three incumbents are Democrats.

Aleman Lead Climbs In Mexico Results MEXICO CITY, July 9 (AP) - Miguel Aleman, candidate of the government-supported Institutional Revolutionary Party (PRI), built up a substantial lead today over Ezequiel Padilla on the basis of incomplete unofficial returns from Sunday's presidential election.

These figures showed Aleman leading by 24,022 to 10,898 in the state of Tamaulipas, and by 13,558 to 11,613 in the federal district, which includes Mexico City. Two other presidential candidates - General J. Agustin Castro and Enrique Calderon - were not considered in the running.

Senate Likely To Reject Any Control On Meat, OPA Backers Concede

WASHINGTON, July 9 (AP) - OPA's beleaguered supporters all but conceded today that the Senate will vote to keep meat free from any revived price controls.

WASHINGTON, July 9 (AP) - Senator Wiley (R-Wis.) proposed today that congress let OPA sleep a while longer to give "free enterprise a reasonable chance to further demonstrate its integrity without controls."

LOS ANGELES, July 9 (AP) - Howard Hughes' fabulous luck held good today.

Fighting the effects of critical injuries suffered in the crash and explosion of his experimental army plane Sunday night, the millionaire aircraft and movie maker was reported by physicians at Good Samaritan hospital today to be "holding his own."

The degree of shock and the extent of injury to Hughes' left lung, severely battered when his chest was crushed in the crash, were the physicians' main concern.

Close watch was kept during the night by attendants, and a guard, posted after Hughes held a business conference in his hospital room yesterday against doctors' orders, remained on duty.

The 41-year-old producer of "Hell's Angels" and "The Outlaw" crashed his XF-11 photo-reconnaissance plane, reportedly the fastest long-range craft yet built, into three houses and a garage in Beverly Hills.

Parolee Re-enacts Murder Of Veteran PHOENIXVILLE, Pa., July 9 (AP) - Handcuffed to a state trooper, Allen W. Black, 28, paroled automobile thief, was taken from the Norristown jail today to reenact the killing of Joseph Wicen, 32, carpenter and veteran of two years fighting in Europe.

Police Chief Fred K. Mac Innis said Black had signed a confession that he had waited at a traffic light for the first lone motorist, stepped into Wicen's car, and shot him on a lonely road while Wicen pleaded: "Don't shoot me! Don't shoot me!"

MEAT ALL GONE—SO ARE NYLONS

AURORA, Ill., July 9 (AP) - Mrs. Geraldine Johnson had finished washing three newly acquired pairs of nylons when she heard a rumor there was steak at her favorite butcher shop.

She hung the nylons out in the yard and went to the shop - but the butcher's counters were bare.

When she returned home she found her clothesline equally bare—a thief had stolen her nylons.

Americans Shut Out Nationals By 12-0 Score

FENWAY PARK, Boston, July 9 (AP) - Faced by the Boston Red Sox' mighty clouter, Ted Williams, with four hits, including two home runs, the American league made a runaway of the 13th All-Star baseball game today, burying its National league opposition under a score of 12 to 0.

The game was the most one-sided ever played in the classic and represented the Americans' ninth victory in 13 starts.

Charley Keller of the New York Yankees put the Americans out in front in the first inning when he hit a home run with Williams on base.

Rancher Admits Murdering Wife

Police theory became court fact at 1:45 p. m. here Monday when Earl Hamilton Williams affixed his name to a statement that he had murdered his wife, Mrs. Beulah Williams, at approximately 6 o'clock Saturday evening in a two-room shanty on the Roy C. Davis ranch in northeastern Glascock county.

In a dramatic scene at Sheriff Bob Wolf's office, the horse wrangler, as cool and collected as if he had been feeding the Palomino horses he had been hired to look after, told his story to Wolf, sheriff of Howard county, several witnesses and a stenographer.

The fight really started over a quart bottle of whiskey my wife had hidden from me," Williams said for the record.

After the struggle was over and the woman lay lifeless on the floor, the wrangler said he crawled upon the bed and went to sleep. The following morning, he awakened and found the fugitive bottle and drank the remainder of the contents.

He first started in the direction of a neighbor to report the tragedy but changed his mind when he had gone three-fourths of a mile in that direction and reversed his steps.

Prior to leaving the house, he had turned the body of Mrs. Williams over and made certain that she was dead, mentioning specifically that he was standing barefooted in her blood that "oozed between his toes."

When Williams first approached the sheriff's office here, his forehead was noticeably bruised. He insisted he had been struck by a board falling in one of the ranch's outhouses.

The stage was set for the murder, Williams mentioned, about an hour after a son, Billy Ray, of Big Spring, had left their company bound for the city.

Williams at the present time is confined to the Howard county jail but may be returned to Garden City.

Mrs. Williams Rites Slated Wednesday Funeral services for Mrs. Beulah Williams will be held at 4 o'clock Wednesday afternoon at the Nalley chapel, with Herbert Newman, Church of Christ minister, officiating.

City Commission Will Meet Today Regular meeting of the Big Spring city commission is set for 5:30 this afternoon.

Commissioners may devote some time to study of the tentative budget, and up for action is an ordinance repealing the recent paving ordinance which was adopted to provide for contract letting on 50 blocks of work. No bids were taken on this project, hence the repealer.

Policy matters affecting the police department are expected to be brought up at the meeting.

Merger Approved PITTSBURGH, July 9 (AP) - A plan for merger which would create the 16th largest bank in the nation, with combined resources of \$1,173,602,806 and combined deposits of \$980,865,535, was approved yesterday by directors of the Union Trust Co., and the Mellon National bank.

New UN Controversy Threatened By Application Of Five Nations NEW YORK, July 9 (AP) - A potential source of conflict in the United Nations Security Council appeared to be taking shape today as pending applications for membership in the United Nations were swelled to five by receipt of a petition from the kingdom of Transjordan.

Truman Suggests Paying Furlough Time In Bonds

WASHINGTON, July 9 (AP) - The White House said today President Truman has proposed a plan to use government bonds, as well as cash, in paying approximately 14,000,000 war veterans for accumulated furlough time.

The plan, Press Secretary Eben Ayers told a news conference, is the president's own idea. Under it, veterans who served in the ranks would get cash for all terminal leave payments less than \$50 and five year bonds in \$25 denominations for larger amounts.

Estimates of the cost ranged from \$2,750,000,000 to \$3,000,000,000; the latter figure was mentioned by Senator Edwin C. Johnson (D-Colo) who first disclosed the plan to reporters.

The plan is intended to avoid inflationary effects of making a huge cash payment at once," Johnson said. "I think congress will approve it before it quits."

Johnson said the new plan for paying all enlisted personnel the same terminal leave payments received by commissioned officers would be presented at a session of the senate military affairs committee today.

Americans Missing In Russian Zone BERLIN, July 9 (AP) - The US Army provost Marshal's office announced today that it had thus far been unable to obtain from the Russians any information concerning the whereabouts of four Americans who disappeared into the Soviet occupation zone last week.

American officials earlier had expressed a belief they were "getting the run-around" from the Russians, who were thought to have arrested the four for illegal entry into the Soviet Zone.

The missing quartet was identified by US Army headquarters this morning as: Warrant officer Samuel L. Harrison, San Antonio, Tex., and his wife, Helen; Capt. Harold Cobin, connected with the office of the American military government in Berlin; 2nd Lt. George E. George E. Wyatt of the 252nd Engineer Combat Battalion.

The Harrisones were last heard from on July 1 when, together with a German woman, they departed in an American jeep, supposedly to visit a pet shop in the Russian zone to buy a dog.

Wyatt and Cobin were reported to have boarded a train July 4 for a destination somewhere north of Berlin.

Homicide Wave Hits English Countryside LONDON, July 9 (AP) - Scotland Yard appealed today for recruits to combat one of Great Britain's heaviest homicide waves as the number of unsolved deaths in recent months was boosted to 21 by the finding of two more bodies.

One of the newly discovered bodies was that of a woman—believed to be Miss Dorcas Margaret Marshall, 21, a former Wren, of Middlesex. The death was listed tentatively as a homicide, thus boosting the number of feminine victims to seven in the last four weeks.

The seven have been either unusually attractive women or young girls.

Renegotiators Rejected Huge Expense Bills

WASHINGTON, July 9 (AP)—Army contract renegotiators testified today they trimmed the war profits of an Illinois munitions maker in 1943 from 26.4 to 9.3 per cent partly by refusing to okay big Washington entertainment bills, boosted rent fees and claims for "abandoned" machinery.

George H. Knutson, member of the War Department price adjustment board, told the Senate investigating committee, that the adjusted profits, before taxes, for the Erie Basin Metal Products Company were cut from \$1,776,000 on that year's renegotiable business.

The Erie Basin company is one of a group of war corporations built up during war years by Murray and Henry Garisman, Y. J. Weiss and A. B. Gellman, who have been accused by Chairman Mead (D-NY) of "war profiteering." The investigation has disclosed their efforts had powerful Washington support.

The Army renegotiators were called as witnesses as the committee delayed until this afternoon an appearance by Secretary of War Patterson.

The members plan to seek an explanation from Patterson on how and why the Illinois combine won more than \$76,000,000 in war contracts. They also want to know why one of its plans got the Army-Navy "E" award over objections of the Chicago ordnance office.

Knutson said that renegotiators found, in examining the contracts of five of the corporations alone, among them Erie Basin, a total of \$3,520,000 in "excessive profits" on renegotiable business amounting to approximately \$24,000,000.

Congress Expected To Pass Water Bill

WASHINGTON, July 9 (AP) - Congress probably will send to President Truman this week legislation authorizing water projects to cost two billion dollars.

Congress agreed yesterday on billion dollar navigation bill and similar action is scheduled today on a floor control bill proposing a like expenditure.

Thus, the Army engineers plan to put their water development program back on a peacetime scale moved toward achievement.

While the bills provide no money, they approve the plans of the engineers for long-range construction of flood control, navigation, irrigation, hydroelectric power and related projects.

It's a program favored by the administration to encourage orderly use of the country's water resources and to create a shelf of public works for employment in slack times.

Neveda Would Have Sunk If Atom Bomb Had Hit Target ABOARD USS MT. MCKINLEY, July 9 (AP) - Vice Adm. W. H. P. Blandy, boss of the atomic test operation, said today he believed the target ship Nevada would have been sunk or totally disabled if the bomb had exploded at the point intended.

He reiterated that the missile dropped July 1 burst at the height desired and described the bomb as "tremendously powerful," in the damage it wrought.

LOOKING 'EM OVER

With TOMMY HART
If Our Town's Eddie Stevens gets in the World Series with the Brooklyn Dodgers—and all indications point to the Bums gaining the nod over the rest of the National League—he will earn more in a single day than he grossed in an entire season while here. And that would be the case whether the Brooks win, lose or draw against their American League opponent.

Eddie was paid something like \$75 a month while wearing Big Spring toggy back in 1941. That ante was never made public by local club officials but the youngster has since mentioned it in a trade journal article. He labored in the WT-NM circuit a little more than four months, grossed something like \$500—starvation wages, which a ball player is willing to work for in the hope of climbing into the upper brackets of the pay scale.

His income from the World Series alone would run anywhere from \$4000 to \$6000, depending on what size park the champion of the opposing league calls home.

Stevens' success story is amazing considering the fact that he was rated no better than ordinary when he played here. And that sage is enough to inspire the hundreds of youngsters who struggle along on starvation pay in the Class C and D circuits in these times. Baseball can prove a cruel professional at times but every once in a while a lad like Stevens finds the pot at the end of the rainbow.

Porker Football Hopes Buoyed By New Setup

DALLAS, July 9 (AP)—What appears in store for Southwest conference football fans next fall is enough to get a guy all excited.

The bulging rosters of experienced griders indicate the greatest football conference ever knew.

The University of Arkansas isn't getting much consideration in the 1946 race. But they have a new deal over at Fayetteville and the Barnhill plan appears capable of making Arkansas a power in conference football as of now.

First thing John Barnhill, new coach of the Razorbacks, did was round up the top 20 high school seniors in the state, plus a number of less heralded prepsters.

Not too many of those fellows will make the varsity this year because of the abundance of experienced material brought on by the congregation of former stars as the result of the war's end. But they'll give Arkansas a big squad, with plenty of replacements and prospects just as rosy next year and the following year as this.

Among the newcomers at Arkansas is Aubrey Fowler, who not only is a great punter, a fine passer and top field general but can run 100 yards in 9.7 or less. They are also halling a youngster named Bill Shaddock as the nearest thing the conference could have to another John Kimbrough.

Purse Withheld By Ohio Commish

CLEVELAND, July 9 (AP)—A lump on the head—a big one—was all that old Mose Brown of Pittsburgh had to show today for 10 rounds of fisticuffing last night with Tommy Yarosz of Monaca, Pa.

The lump came from a head-bumping episode in the second frame, providing the top action of the event. After it was all over, except for the booing of departing fans, the boxing commission held up 30-year-old Mose's end of the purse for what it called an "unsatisfactory performance."

The commission scheduled a hearing today to determine whether Brown, winner of his previous seven scraps by knockouts, should be paid. Indications were that he might get his money, as referee Jackie Davis reported he "thought Mose was doing his best."

If these things continue to happen to him, Mose will think Cleveland is his jinx town. The batter, now studying for the ministry while earning his living with his mitts, was suspended for a year by the local commission some time back for failure to appear here for a fight. And now he has that lump—as big as a polo ball—on his forehead, and no dough.

The engagement, top event of five 10-rounders, was slow and uninteresting all the way. Brown failed to land an effective punch, while Yarosz, brother of former middleweight champion Ted Yarosz, spent most of the evening flicking his left in Brown's face.

Greenville, Paris Stage Thriller

Greenville and Paris furnished the thrills in the East Texas league last night with Paris finally winning out 5-4 in a 12-inning battle.

Not far behind were two other games in the circuit.

Tyler won 8-7 over Jacksonville in a 30-hit scrap.

Sherman won 7-6 from Texarkana with Monty Stratton doing the mound duty.

Loop-leading Henderson took an 8-3 decision from cellar club Lufkin.

Bredemeyer Handcuffs Veterans—Fordmen, Spartans, Coahoma, ABC Chalk Up Muny League Triumphs

Leon Glenn Bredemeyer fashioned a three-hitter at the expense of the Veterans of Foreign Wars as Big Spring Motor rolled up a 10-3 triumph here in the feature of four Muny softball league bouts played Monday night.

Jimmy Felts paced a nine-hit Ford assault off Tommy Elliott with a home run.

The Motorists had their big inning in the fourth when they tallied four times.

ABC won the evening's first feature, 4-3, from Dub's Garage by sending home John Malaise after one man had been retired in the final inning.

Malaise gained a life with an Annie Oakley, purloined the middle hassock and then ankleed home on a single by Kelly Lawrence.

The Garagemen had nipped what appeared to be a rally earlier in the inning when they tossed out J. D. Jones after Jones had climbed aboard on a safety.

Lee Flowers, who pitched three innings for the winners, hit a home run in the third.

At Forsan, Big Spring Hardware and Coahoma's Standind Oilers chalked up triumphs.

Still very much in the scrap for the second half title, the Spartans outslugged United Body Works, 7-2, but had to apply the pressure in the late innings to do it. The score was tied at one-all through the third.

Johnny Daylong and J. C. Mittle engaged in a hurler's duel until Little tired in the waning moments.

Melvin Newton, Robert Coffee and Clyde Wynans took care of the offensive end of the margin for Doyle Turner's crew.

Coahoma bowled over the Forsan Cosden Pipelers, 9-6, taking full advantage of young Bobby Cowley's wildness.

Cowley walked four runners across the plate.

Bengals Defeat Odessans, 7-6

Elias Gamboa's Big Spring baseball Tigers, who seem to specialize in extra inning games, won another extended contest Sunday afternoon when they nosed out the Odessa Eagles, 7-6, in ten exciting innings of play in a game on the North Ward diamond.

Popeye Cruz, here on furlough from the US Army, went the distance for the Big Springers and scattered seven hits. He had trouble controlling his high, hard one, however.

Lalo Subia, one of Gamboa's replacements for his crippled team, filled in the second base slot. He fielded so creditably, Gamboa indicated he might use him regularly.

Gus Fierro tallied the winning run when he crossed the plate on a bunt executed by "Cha" Mendoza. Fierro had climbed aboard with a safety.

Allaire Assumes Post At Lamesa

LAMESA, July 9. — Bob Allaire, 32, an infielder with experience in AA circles, has been named to succeed George Sturdiant as playing manager of the Lamesa WT-NM baseball league club.

The former University of Southern California athlete broke into the lineup last night as the Lamesans lost a 10-3 decision to the Lubbock Hubbers in Lubbock. The home folks will get their first look at him Thursday night when the Loboos return home with Abilene.

Allaire formerly played with Toledo in the American Association and Tulsa of the Texas league. He was at Tulsa in 1936, when the Oilers won the Dixie series.

His batting average at Toledo—he played with the Mudhens in 1934 and '35—was .292 the first year and .269 the next. With Tulsa, he hit .285. He bats and throws right handed.

Allaire has been out of the service only a short while. He attained the rank of captain in the AAF. He also served as manager of the Drew Field, Fla., team one season.

He's been out of organized baseball since 1938 when he retired to take a job in the Los Angeles city schools.

Chandler Loses To Hank Oana

By The Associated Press
Third-place Dallas hung a 6-3 defeat on loop-leading Fort Worth last night as the rival teams staged the last battle of their six-game Texas league series.

The win gave the Rebels an even break in the series and for the season. Both teams now boast eight games won in their intercity contests.

Around the loop, Oklahoma City hit Tulsa 13-2, San Antonio won 4-2 over Beaumont, and Shreveport edged out a 1-0 win from Houston.

Hank Oana was the winner over Eddie Chandler in the Dallas-Fort Worth battle, giving him 15-6 for the season. The loss was Chandler's second of the year, both to Dallas, against 13 victories.

The Oklahoma City Indians jumped two Tulsa pitchers for 17 hits in a game marred by seven errors, six of them charged against the Oilers. The Indians ran Walter Lentz from the mound in the third inning and then fell on his relief for 12 hits in the remainder of the show.

The San Antonio Missions counted two runs on Beaumont errors. Two earned markers in the ninth gave them the victory.

The Shreveport Sport's Doyle Lade bested Les Studener of the Buffs in the 1-0 shutout for the Louisianans. Lade allowed only five hits as the Buffs runless string reached 24 consecutive innings. Studener permitted six hits and no passes. Lone run of the contest came in the fourth when Joe Smaza tripled and scored as Dan Reynolds grounded out.

Today's schedule:
Oklahoma City at Dallas.
Tulsa at Fort Worth.
San Antonio at Beaumont.
Shreveport at Houston.
(All night games).

Wealthy Abilene Philanthropist, Rancher Dies

ABILENE, July 9 (AP)—Thomas Gould Hendrick, 84, wealthy West Texas oil man, rancher and philanthropist who began his career as a 16-year-old stage coach driver, will be buried here today on the grounds of the Hendrick Home-for Children, which he and his wife built and endowed.

THOMAS G. HENDRICK

Hendrick died here last night at his home. He suffered a heart attack nine days ago.

One of a family of 10 children, Hendrick left home when he was 16 years old to become a driver on a stage coach between San Antonio and Eagle Pass. After herding sheep in the Big Bend country for several years he was able to buy his own ranch in New Mexico before he was 21.

He sold his first ranch and operated a livery stable in El Paso. Later he bought another ranch in the San Andres mountains of New Mexico. In 1897 he bought a 22,000-acre ranch near Odessa.

In 1917 he bought a 36,000-acre ranch in Winkler county, upon which the first major oil production in the Permian Basin was developed. In December, 1928, the ranch was sold in fee with about 100 producing wells to the American Maracabo Oil company at a price reported as \$2,500,000 or more.

The Hendricks moved to Abilene in 1933. At his death he owned the 45,000-acre River ranch north of here and a 30,000-acre ranch near Marfa.

In addition to the \$350,000 home for homeless and dependent children, Mr. and Mrs. Hendrick made numerous contributions to church and school groups. In 1935 the couple gave \$100,000 for an addition to the West Texas Baptist Sanitarium, later named Hendrick Memorial Hospital in their honor.

In the past few years the couple gave \$100,000 to Hardin-Simmons university at Abilene, and built the Salvation Army citadel in Abilene.

Chinese Peace Meet Stymied

NANKING, July 9 (AP)—Peace Negotiations are in a complete deadlock, a Chinese communist spokesman said today. He declared Gen. Chou En-lai, the chief communist negotiator, had abandoned all efforts at settlement after three inconclusive conferences with Generalissimo Chiang Kai-shek and his cabinet.

Fighting is breaking out within China "like a series of small fires," the spokesman said, "and unless something is done quickly to stamp them out, they will develop into a grave conflagration."

His pessimistic outlook was shared by government officials and his comments came amidst reports of fresh clashes in Manchuria, the seacoast provinces of Shantung and Kiangsu, and the central province of Hupeh.

The spokesman said Gen. Chou, his peace provisions turned down flatly, conferred for two hours today with General Marshall, the special United States envoy, explaining the communist position.

A government report from Mukden charged the communists attacked Kuomintang troops dug in along the Sungari river, about 85 miles southwest of Harbin, and struck at government positions at Yachentzu and Hsiao-chengtzu, both in the same general area.

An American-inspired meeting between Gen. Tu Li-ming, government commander in Manchuria, and Gen. Lin Piao, communist military leader in the north, is scheduled for Thursday at Changchun, but both sides expressed frank pessimism the two would even get together, let alone reach a truce accord.

Desmond said that Farrell, in an interview in a jail cell, described intimacies with the former Westover army air field tylist on the night of March 16.

Farrell is charged with writing his initials on Miss Stavrou's breasts, buttocks and inner thighs with cigarettes.

The officer also said he had found a three-quarter-inch scar on the former bombardier's right index finger. Desmond said Farrell claimed the injury was accidentally inflicted when he was shaving.

Dr. Alan R. Moritz, Harvard professor of legal medicine and a state pathologist, said the girl's body scars, "will be visible as long as she lives."

His wife told officers in a written statement that her husband once told her of a fight with two brothers on a New Mexico ranch after an argument over a dog.

Police said the wounded man gave no details other than to say that he killed the men.

Autos Confiscated At Mexican Border

MEXICO CITY, July 9 (AP)—The customs office here said today approximately 300 automobiles, many of them 1946 models, had been confiscated by authorities at Laredo, for violations of export and import laws.

The customs office advised Mexican purchasers to make sure they had complied with both United States and Mexican import, export laws before attempting to bring automobiles into Mexico.

Air Traffic Up At Local Port

More than 1200 planes landed at Big Spring airports during the month of June, according to CAA records and estimates, and a definite indication of increase in air traffic at the municipal port has been reported.

The CAA control tower recorded 1,134 landings at the municipal port during the month, but there was a slight drop in commercial landings due to better weather conditions throughout the southwest. Other landings were made at the U.S. Flying Service port.

American Airlines landings dropped from 347 for May to 276 for June. However, many unscheduled stops were made during May, when weather conditions were unfavorable at other ports in the area. American is operating four regularly scheduled passenger flights and six crew changes a day through the Big Spring port.

Continental showed an increase from 62 for May to 118 for June. Two regular passenger flights passed over without landing during June because of weather conditions. Continental is operating four regularly scheduled passenger flights a day on the route serving Big Spring.

Police Investigate Murder Confession

HOUSTON, July 9 (AP)—Houston police are investigating a 36-year-old man who said he had once killed a man in Los Angeles and at another time killed a man on a ranch in New Mexico.

The man was found yesterday, his left arm badly slashed, in his room. Houston hospital attendants said he was in a serious condition from loss of blood.

His wife told officers in a written statement that her husband once told her of a fight with two brothers on a New Mexico ranch after an argument over a dog.

Police said the wounded man gave no details other than to say that he killed the men.

Brothers Surrender To FBI After Hiding From Draft 4 Years

CHICAGO, July 9 (AP)—A four year hunt by the FBI for four brothers ranging in age from 23 to 40 ended yesterday when they voluntarily surrendered to the FBI and, agents said, related how they had hid in a small attic room in their farm home since 1942 to evade the draft.

FBI Agent Edward W. Halloran said the brothers—Albert, Frank, Henry, and Ernest Gabriel—escaped detection by barricading themselves in the attic of the Gabriel two-story frame house on the outskirts of Ontarioville, near Elgin, Ill.

The FBI said that although a close watch was kept on the Gabriel home, agents failed to see

the brothers because they would leave the room only on moonless nights to exercise by running up and down a cow path. The agents said that on each visit to the farm the parents always told them they did not know the whereabouts of their sons.

Little Man Can't Do Without

There is popular agitation for a buyers strike in opposition to rising costs since death of OPA.

Despite the threat of this general boycott, the truth is that it can become effective only if inflation reaches such proportions that prices are beyond the reach of a vast majority. When that time comes, reserves will be depleted and price collapse will follow as a natural consequence or else matters will degenerate to a barter state.

Reason for this is that the only prices of immediate consequence are on necessities. Many people have said aptly that the "little fellow" is apt to be the one hardest hit in event of any general rise in prices. The reason is obvious. Practically all that the little man makes goes for necessities. He must have food and clothing. He must have housing. If the prices rise beyond his ability to pay, he is hurt indeed. He has only one recourse, and that is to demand more pay. Each increase in pay will in short order be passed on to him again and he must renew his demands. Thus the spiral will be in operation.

There are two answers. One is to restore controls on a workable basis, and include adjustments so far as possible to iron out some of the gross inequities which were apparent in parts of the late OPA. The other course is for producers, processors, retailers to do everything possible to hold down prices until such a time as natural laws or volunteer control can take effect.

Failure to apply this volunteer control inevitably will mean a restoration of government controls, the thing which many have deplored.

First Of A Caravan Of Probes

The case of Rep. May, accused of having exerted undue influence in behalf of a war contracting combine, is one which should cause concern among the people of the nation.

The congressman's contention is that he did nothing wrong in working toward the placement of contracts which he felt were in the national interest.

On the other hand, if he did exert undue influence, it is not right — whether it was through his fault or those of friends and constituents. It is an all too common practice for constituents of representatives of the people to urge upon the representatives

their assistance in matters which do not have to do with their obligations as office holders.

Of course, we are not familiar with the real details of the case and we do not propose to conceive this as an excuse for Rep. May. If he is at fault, the facts should be brought out.

The same applies for any of the hundreds of other cases which are bound to arise from our haste during war and from the natural consequence of people trying to take advantages of the emergency. This case is probably but a starter for a parade that will continue for a long time.

The Nation Today—James Marlow

Labor Practically Unscathed In Battle

EDITOR'S NOTE:— This is the first of six stories explaining the history of organized labor and how, after a year of strikes, it emerges almost untouched by restrictive legislation.

WASHINGTON, (AP)— Labor unions have come through a memorable year of tremendous strikes and struggle. They have come through untouched, except for the Hobbs Act, whose announced purpose is to squelch "racketeering" by labor or anyone else.

This seems all that Congress is expected to do this season by way of labor law.

Yet, it should not seem strange

for organized labor to emerge with a whole skin this year. Unions in this country date back before 1800, but there have been very few federal laws restricting them, even when they were weak.

Now, with a political power which cannot be ignored, labor is able to fight for its interests better than ever.

Here is the story of what happened:

1. Mr. Truman calmly asked Congress months ago for a law to delay strikes and settle disputes through government peacemakers. Mediation, he called it. Congress threw this request into the ice box and chilled it to death.
2. Reacting to the rail strike, Mr. Truman asked for a temporary law permitting the government — once it had seized an essential industry — to draft strikers into the Army and force them to work.
- With no more big strikes in immediate prospect, all talk of this request has died down.
3. But Congress — House and

Senate — produced a bill of its own — the Case bill.

This bill — if Mr. Truman had signed it into law — would have placed more restrictions on organized labor than any law ever passed in this country. Mr. Truman killed it with a veto.

4. Trying to salvage something out of its year's work, Congress passed the Hobbs bill. This was introduced several years ago by Rep. Hobbs, Alabama Democrat, but had been gathering dust in Congress since.

Hobbs said the purpose of his bill was to plug a loophole in an old anti-racketeering law that had been on the books since the early 1930's.

Under the old law a number of AFL union members several years ago were convicted of forcing out-of-state truck drivers to give them a day's pay before being allowed to drive into New York.

The Supreme Court got the case and said there was a loophole in the law, that it did not apply to union men. The court freed the convicted AFL union members.

Mr. Truman signed the Hobbs bill into law July 3.

Little Things In News

Double-takes; or minor item in the week's news you may have missed but shouldn't.

The end of the OPA, the atomic bomb, Fourth of July, politics, cloudbursts — all these page one items may have caused you to overlook the announcement that a "handbook on lizards" has been written and published by Dr. Hobbart Muir Smith, of A and M college. . . Or that Texas ice cream production for May was 46 percent greater than in May, 1945. . .

A seven foot alligator gar weighing 127 pounds was caught in Bois D'Arc creek by Bob Marchant and Coy Falls of Lannius.

An investigation by federal officers was promised into the sale of whiskey in dry territories in the Dallas area. . . But a Lubbock man shows that ingenuity can make such investigations difficult: When officers went to his house to investigate, he was taking a bath, he said, but urged them to go ahead and look around. They did, could find nothing, until the smell of his bath, and his, invited a closer look. He was "bathing" in a tubful of beer. . . 400 Pfingers and descendants of Pfingers, ranging in age from eight months to 93 years, celebrated the 93rd anniversary of Pflugerville. There were so many they had to wear identification tags. . .

Twelve veterans at Abilene pooled their skills and priorities and plan to build twelve homes. One is an architect, another a carpenter, another a plumber, etc. The unskilled Vets will do as they are told. . . The annual tournament for left-handed golfers will be held at Seguin July 10-14. . . A couple of red-heads from Waco left in a Model-T Ford for a six-week drive to Fairbanks, Alaska, via the Alcan Highway. . . A Dallas man tried to telephone President Truman to talk him out of dropping that atomic bomb on Bikini, saying foreigners would retaliate and bomb Texas. He couldn't make connections. . . State Auditor C. H. Caviness said in Austin that only 16 pensioned Confederate veterans are left in Texas. . .

Fort Worth will get a million dollar soap factory. . . A Lubbock cafe owner has paid so many parking fines he tried to talk the city into letting him become a patron on a sustaining basis. . . The state issued its first highway maps of Texas in years and travel-hungry motorists grabbed all of them up in four days. . . Whitewing hunting in the Valley has been cut to three alternate days, Sept. 13-15-17, and then from 4 p. m. to sunset only. . . The Texas Bureau of Business Research says charge accounts and credit business is zooming again.

There is a new water-mix oil enamel which dries to a hard, lustrous, glossy finish, washes like a china plate and is suitable for use in any room in the house.

Hal Boyle's Notebook

Jewish Girl Likes Reds

(This is another in a series of columns written by representative Germans for Hal Boyle. Today a German Jewish girl gives her impressions of Germany under Allied rule.)

BERLIN, (AP) — I must admit, that I belong to the very few Germans who still feel liberated and who are grateful for it.

My countrymen consider themselves still at war. They see no difference between their life now and the way they have lived for 12 years.

What strikes me most of all is that they have forgotten they lost the war, or what it means to lose a war. They only know how to make demands, and their general attitude toward the Allies is that they are "Nazis under a different pretext."

It is sickening to observe that nobody feels guilty or depressed over atrocities committed during the war in their name. They feel free of any guilt once they have offered a piece of dry bread to a Jew.

The Allies are making difficult an inner change and progress in their political attitudes. Russia alone is demonstrating a clear political line by pursuing a firm and permanent course.

I leave out all criticism of the Russian policy — but the British and particularly the Americans have no clear political line for the Germans to learn.

The American furthermore shows too clearly he regards his stay in Germany as a tiring occupation job which he hates and will give up the day his service is over. The result is that he isn't taken seriously and loses the confidence of the population.

There is a persistent rumor throughout Germany that there soon will be a war with Russia. Some of the blame for this rumor belongs to the Allies, and their attitude to each other.

Why is it so extraordinary to see you Americans, for instance, together with your Russian ally in

Barkley Nicked In Erie Case, Too

WASHINGTON — "I ought to be kicked in the pants," is the way hard-working, dignified Senator Barkley of Kentucky describes his part in the famous Erie Basin metals war profiteering case.

Most of Barkley's colleagues didn't know that in addition to Congressman May of Kentucky who is in the war profiteering case up to his neck, the senior senator from Kentucky also was accidentally involved.

Barkley's son was hired by the Erie company. And what the senator may not know is that the husband of one of his secretaries, Charles Chance, was a constant hanger-on around the Erie offices in Washington.

Barkley explains that when his son got out of the Army, he received various business offers, one of them a tempting salary from the Elgin Watch Case company. When the boy asked the senator's advice, Barkley advised him to take the job with the best salary, which was Elgin, a part of the Erie Basin munitions empire.

"The word 'Elgin' was what threw me off," Barkley explained to Senate colleagues. "I thought it was the Elgin Watch company. I had no idea it was the Erie Basin company."

Charles Chance, husband of one of Barkley's secretaries, was a frequent caller at the Erie Basin offices in Washington. He made constant suggestions about where the company could get priorities and materials. Whether he was paid is not known.

NOTE — When the Erie company first came up for investigation by the Mead committee, Barkley tried to sidetrack the probe. His efforts were not as persistent as those of Representative May, however.

Pat Hurley for Senate

When Gov. Jack Dempsey of New Mexico called on the President last week, Truman took occasion to put him on the spot in a friendly way about whether he would support GOP Pat Hurley, ex-Secretary of War, for the Senate.

Dempsey, a Democrat, came near defeating Democratic Senator Dennis Chavez in the primaries, and it is generally conceded that if Dempsey should back Republican Hurley, the latter could win. So Truman tactfully inquired:

"How do things look in New Mexico, Jack?"

"What do you think?" asked the former Brooklyn subway conductor, half belligerently.

The President replied that he had heard rumors Dempsey might throw his weight to the Republicans.

"The answer is," replied Governor Dempsey, "Chavez is going to be elected. I'm a Democrat first, last, and always."

Senatorial Discomfort

Senator George of Georgia, Senator Barkley of Kentucky, and friends were chucking over the embarrassment of their colleague, Tydings of Maryland, the other day.

"I never knew any man to make so many mistakes," remarked George, referring to the way Tydings had backed the wrong candidates in nearby Maryland. "It just goes to show what you get when you desert a colleague and try to take over control of a state."

George and Tydings once were most sympathetic to each other when Roosevelt invaded their states in the "purge." In that campaign, Tydings had the vigorous support of his Senate colleague, George Radcliffe. Despite the fact that Radcliffe and Roosevelt had been life-long friends and banking partners, Radcliffe

Doris Tompkins Feted At Gift Party Monday

Doris Neil Tompkins, who will marry Terry Lowrey Friday evening, was complimented at a bridal gift tea Monday evening in the home of Mrs. C. L. Rowe with Mrs. J. B. Wheat Jr., Mrs. Travis Carlton and Mrs. Charles Tompkins as hostesses.

Guests were received by the hostesses, the honoree, and Mrs. J. H. Tompkins, mother of the honoree. Miss Tompkins was attired in a street-length frock of brown shantung with white button trim, with which she wore a corsage of yellow gladiol. The mother of the honoree wore a frock of chateaux with white dots. She and other members of the houseparty were presented with corsages.

Some 75 guests were registered in the white leather bride's book by Patsy Ann Tompkins, sister of the honoree. Gifts were displayed by Mrs. B. J. McDaniel and Mrs. Rowe.

Piano selections were given by Beverly Stulting during the reception hours.

The tea table was laid with a cloth of white Irish linen, and the centerpiece comprised a bowl filled with Shasta daisies. Punch was served from a crystal service. At the table were Mrs. Juanita Adams, Wanda Rose Bobb and Sarah Kelley.

Arrangements of summer flowers and ivy were set at various points in the entertaining and gift rooms.

Thorp Entertain With Lawn Supper

Mr. and Mrs. M. N. Thorp entertained a small group of friends recently with an informal lawn party at their home.

Thorp barbecued chicken on an outdoor grill.

Guests present were Rev. and Mrs. Clyde Smith, Emma Gall and Clyde, Jr., Rev. James Swafford, George Oldham and the host and hostess and Murph, Jr.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

Mrs. J. A. Coffey Directs Program On Christian Education At WMS

For the Royal Service program at the First Baptist church WMS, Mrs. J. A. Coffey led a program on "Missionary Education, a Christian Imperative."

The meeting was opened with a prayer by Mrs. Coffey, after which the group sang "We've a Story to Tell to the Nations." Mrs. J. E. Hardesty gave a prayer urging adults to realize the importance of Christian education for youth.

In introducing the program topic Mrs. Coffey told the church women that teacher was the title by which Jesus was known more than any other, and that his teaching is emphasized throughout the Gospel. The work of Christ includes three activities, Mrs. Coffey continued, which are teaching, preaching and healing. Teaching was named first and was first, since teaching is the pre-condition for preaching, she added. Mrs. Milton Meyer declared "it is not compulsory military training we need, but missionary training." She concluded by repeating Grace Noll Crowell's

poem, "Youth Prays for Peace." After a prayer by Mrs. G. L. Brooks, Mrs. R. D. Ulrey spoke on Baptist training schools. Mrs. Marie Haines read a letter from Miss Blanche Groves, Baptist missionary to Soochow, China.

A visitor, Mrs. Frances Wilkinson, told of the Southern Baptist convention in Miami, Fla.

A gift box was completed and sent to Mrs. Christine Coffee Chambers.

Attending were Mrs. Dick O'Brien, Mrs. Marie Haines, Mrs. R. V. Jones, Mrs. R. V. Hart, Mrs. Lina Lewellen, Mrs. C. G. Varnell, Mrs. W. J. Alexander, Mrs. A. L. Hobbs, Mrs. Milton Meyer, Mrs. J. P. Dodge, Mrs. Roy Odom, Mrs. C. T. McDonald, Mrs. W. B. Younger, Mrs. Roy Cornelison.

Mrs. J. E. Hardesty, Mrs. J. W. Wooten, Mrs. Bennett Story, Mrs. W. B. Buchanan, Mrs. Frank Gary, Miss Minnie Moore, Mrs. J. E. Monteith, Mrs. G. H. Hayward, Mrs. J. A. Coffey, Glenna Coffey, Mrs. R. D. Ulrey, Mrs. G. L. Brooks, Mrs. Frances Wilkinson and Mrs. Della K. Agnell.

Woman's Council Studies Joshua

A lesson from Joshua 20 was directed by Mrs. J. D. Benson at the meeting of the First Christian Woman's Council Monday afternoon at the church.

During a brief business session the women were urged to do work at the Red Cross.

Attending were Mrs. J. D. Benson, Mrs. Hary Lees, Mrs. H. Clay Read, Mrs. Preach Martin, Mrs.

Hirohito Knew Of Jap Plans In Manchuria

TOKYO, July 9 (AP)—Emperor Hirohito was in silent attendance at a 1931 privy council meeting during which it was decided to "pacify and occupy" Manchuria, the international military tribunal heard today.

The prosecution in the trial of former Premier Hideki Tojo and 26 other accused war plotters disclosed this in reading prison interrogations of ex-General Sadao Araki, one-time war minister and now one of the defendants.

Emperor Hirohito knew about the occupation plan, Araki answered when asked if the monarch had approved the scheme. Araki said he himself decided soon after becoming war minister that the four north China provinces (Manchuria) should be occupied by Japanese troops.

Earlier the prosecution introduced three telegrams sent the morning after the "Mukden incident" by the Japanese consul at Mukden to the then foreign minister, Baron Kijuro Shidehara, at Tokyo, blaming the Kwantung army for the affair and asking the government to halt the aggression.

The consul "presumed" the Kwantung army was "planning to start positive operations" in Manchuria. Former Maj. Gen. Ryukichi Tanaka, who was a Kwantung army officer, concluded his testimony by saying anti-communism was adopted as the slogan for advances of the Japanese armies into Manchuria.

He said the Japanese-Manchukuoan treaty for "inseparable relationship" was actually only "window dressing" for Japanese control of that puppet state.

Bowel Cleaning Power of Inner-Aid Medicine

One man recently took INNER-AID three days and said afterward that he never would have believed his body contained so much filthy substance. He says his stomach, intestines, bowels and whole system were so thoroughly cleaned that his constant headaches came to an end, several pimply skin eruptions on his face dried up overnight, and even the rheumatic pains in his knee disappeared. At present he is an altogether different man, feeling fine in every way.

INNER-AID contains 12 Great Herbs: they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring. (adv.)

Wallace Speaks At Rotary Lunch

New frequency modulation radios have been stymied for the time being by receiving set manufacturers and broadcasting companies, Jack Wallace, manager of station KBST, told the Big Spring Rotary club at its luncheon Tuesday.

It costs from \$30,000 to \$100,000 to install an FM station and receivers cost from \$625 to \$1,000 each, Wallace pointed out, and shakeups in frequencies recently by the FCC, making all existing sets obsolete, has halted progress. The broadcasting companies do not want to install stations until sets are available to receive their programs, and the receiver manufacturers want the stations on the air before they put sets on the market.

The FCC frequency changes resulted in a tremendous loss to receiver manufacturers since they had to change old sets at their own expense, and for a time there was not a single set in operation in the entire country, Wallace said.

Radio has jumped to second place as an advertising medium, he said. Each program usually is prepared for a specific segment of the audience, which is the reason the local station carries "soap operas" during the day, children's programs in the late afternoon and family programs at night.

Pullmans Put On Through Schedule

New pullman service to eastern points gives passengers boarding trains in Big Spring through service to New York City as well as Washington and Baltimore, G. W. Dabney, ticket agent here, said today.

Passengers can board pullmans of the Sunshine Special here, leaving at 7 a. m., and ride the same car through to New York. A car change, but no change in trains, in Fort Worth on the same local schedule, gives service to Washington and Baltimore. The New York schedule lists arrival there at 7:20 a. m. on the second day after departure from Big Spring, making the total run 48 hours and 20 minutes.

Negro Voting Fans Interest in Georgia

ATLANTA, Ga., July 9. (AP) — The prospect of mass suffrage including a large negro vote, for the first time in the deep South — has whipped up unprecedented interest in Georgia's gubernatorial primary next week.

Registration has just closed and about 1,000,000 Georgians have written their names in the books to vote July 17 in the Democratic primary, the actual election in the solid South.

This is well more than double the customary registration. Only about 120,000 negroes are registered, but they are voting in a Georgia "white" primary for the first time.

Scouts And Leaders Depart For Camp

Seventeen Big Spring boy scouts, accompanied by two adult leaders and Scout Executive H. D. Norris departed this morning for Camp Fawcett, near Barksdale, for a week's encampment.

The annual encampment for Buffalo Trail council scouts is being conducted for three weeks, with the Big Spring area scouts attending with Midland and Colorado City during the first week. Adult leaders making the trip were Arnold Seydlitz and Darrell Webb.

March Advocates Natural Gas Tax, Indulges In Name-Calling Here

Oil and gas interests are in control of the state government and keeping millions of dollars in revenue from the people which could be derived from taxes on natural gas, Caso March of Fort Worth, candidate for governor, charged Monday night in an address on the courthouse lawn.

Declaring that the state could collect at least \$80,000,000 a year by taxing natural gas and crude oil exports, March said if elected governor he intended to use the money to raise teachers' salaries, to form a state loan fund for students who wish to attend college and to pay old age pensions.

All candidates in this race are advocating benefits to these groups, March said, but "not a single one has told how he intends to raise the money." March also said he favored a plan for the state to bear the burden of teachers' salaries and even to assume the bonded indebtedness of the school districts.

the big oil and gas interests of the state, is Coke Stevenson himself," March charged. "Coke is not running for governor himself, but he has two stooges, Jester and Sellers, in the race."

March began his address by blowing fox horns into the public address microphone, a practice he has made in the campaign, he said. "I am the only man in the governor's race this year who can blow a fox horn, and I can blow not only one, but two at the same time," he said.

The "crowd" which numbered less than 25 at the outset, grew considerably before the end, and several in the audience stepped up to the platform after the address to drop contributions into a Jap food container, which March said he was using to finance his campaign.

Three Sugar Stamps Good For Canning

Consumers are not required to make application through the ration board for canning sugar allotments, local board employees reminded today.

Certain spare ration stamps have been designated for canning sugar, and consumers need only to present the proper stamp to their grocer. Stamps currently valid are spares nine, 10 and 49, with each good for five pounds of canning sugar.

Legion Contingent To Meet Odessa

Big Spring's American Legion girls' softball team, unceremoniously flattened by an underdog Brownfield brigade last week, will try to get back on the victory track Saturday night when the lasses come to grips with the strong V-8 contingent of Odessa at the city park.

The Legionnaire management has nominated Lefty Todd to pitch against the Odessans, who have fought the Big Springers to deadlocks twice in two starts.

Jackie Jameson Rites Set For Wednesday

Jackie Lee Jameson, 18-day-old son of Mr. and Mrs. Jack Jameson, died in a local hospital Monday at 9 p. m. following an illness of one day.

Services will be held Wednesday at 10 a. m. in the Nalley chapel with Rev. James Swafford in charge.

The father, serving in the navy on the Bikini atom tests, flew in for the services. Other survivors were the maternal grandfather, T. B. Jones, and the paternal grandparents, Mr. and Mrs. H. W. Jameson of Beville.

Hoover Infant Rites Held In Chapel

Funeral services for Douglas A. Hoover, infant son of Mr. and Mrs. A. J. Hoover, were held Monday at 10 a. m. in the Nalley chapel, with Rev. James Swafford in charge.

Survivors included the parents, paternal grandparents, Mr. and Mrs. Ed Hoover of Dublin, Pa., maternal grandparents, Mr. and Mrs. John W. Sparks of Big Spring, and a sister, Carolyn.

Interment was in the local cemetery.

Troops Restore Order In Trieste Riots

TRIESTE, July 9. (AP) — Order returned to Trieste today after a violent counter demonstration staged yesterday by approximately 1,000 British troops in protest against indignities suffered at the hands of Italian rioters last Saturday.

The disturbance, which was finally broken up by British military police, lasted more than an hour, during which a band of British troops accompanied by a few American soldiers marched through the Piazza Goldoni, swinging their belts and shouting insults at Italian bystanders. At one point they charged up a hill, striking out at fleeing civilians and smashing windows.
