DON'T NAME IT

By HONEST BILL

I know this week is sports. I've convinced that I will never show in the Golfing season this year hand picked opponents. Check up all over the county for the best players I could find. I've picked W. R. Finley and a few others but correct me if I'm wrong. They claim a score of 58 for Finley and 64 for the other. However I found out a player is supposed to take ten strokes per hole. I took 15 strokes on one hole and 11 on another. If I had counted according to the rules I would have been 57 and the winner.

My second attempt was with my son Earl. He beat both of them on the first nine holes, but then I had a drink (Coco cola) on the last nine holes they took me beating.

The biggest event of the county will be the Benefit football game between the Seniors of the High School and Ex's and the Champions of this district. They have been training several weeks and are in good shape. The spectators a real game of the Seniors have made a winning play, and they are leaving the game with a winning victory. However we don't figure on any idea. They declare they will receive it... and do not intend to let it enter the door. It will be a game worth watching. The 1936 team will be selected from the game to stage a trip to the mountains. This is that anyone who can't attend this benefit game... of course that's the program can be within walking distance of the game.

A short report on the garden. Have eaten two dinners of greens, one of spinach and plenty of onions, radishes and selling rhubarb and peas.

The mad rush of events during the past few months failed to mention the fact that our cat brought in three new members of the family. There is a male, Malabough, and Ghetto and children doing nicely.

At Dalhart John McCarty of the Texas has started a "Man" club. Club members supposed to be the Last of the Dalhart section. After came to Spearman three years ago looking for prosperity. This writer would organize a First Man club to bring back prosperity. It's come, and here's a chance in on the ground floor, and let's extend a hearty welcome to Prosperity. It may be just around the corner, but we will all pull together and find the elusive one—PROSPERITY.

JOHN R. COLLARD TO MAKE WASHINGTON TRIP FOR COUNTY

John R. Collard was selected by Hansford County Wheat Producers to represent this county at the farmers lobby to assemble at Washington this month. Bill Deck of Ochiltree county will represent his county and will accompany Mr. Collard on the trip. The two delegates will leave Amarillo Monday evening. More than ten thousand farmers are expected to make the trip to our national capital so Congress will know that we appreciate the A A A farm program and expect it to be continued in the future.

Wheat Producers Of Drouth Area To Get First Allotment Checks

County Agent Boykin attended a meeting of farm representatives and county agents held at Amarillo last Friday. The meeting was held for the purpose of planning the method of filling out compliance papers for the 1935 wheat harvest. Instructions were given Boykin and the local office personnel are now completing the compliance papers. The Hansford County papers will be completed on or before June 25th, according to the estimate of Mr. Boykin. A government representative at the meeting stated that the drouth stricken counties of the wheat belt would receive their checks first.

Meeting Called To Organize Ball Club

Carl Owens is calling for a meeting of all baseball players and fans to be held at the baseball park beginning at 2:30 p. m. Sunday. At this time a team will be organized and officials will be elected to serve thru the coming season.

John I'm thanking you for them kind words of encouragement. Considering the fact that they come from the President of our Press Association, President of about half the civic offices of Dalhart, President of Six or 8 good road associations, winner of most every kind of contest ever staged in the newspaper game in Texas, to say nuthin of your national newspaper honors—I say John I feel kinda like high hattin the local boys for a week or so. And John, in case no body has informed you—you squeeze a wicked fountain pen yourself—I'm going to reprint your editorial "Another Insult To The Panhandle" in next weeks paper so the local folk can find out how good an editor they can have her in 30 years from now if they endure the present one that long.

"HER DAY"

by A. B. Chace

MOTHEE...
"Wonder-word that throbs and throbs
Through heart of man, and ever fills
The universe with endless song
Echoing from angelic throng"

THE "HIGHWAY PATROL" COMING TO SPEARMAN MAY 9th.

Don't fail to call on the McClellan Chev. Co. Goodrich Silver-Town Tire Dealer, and secure free tickets for your family so you can witness The Highway Patrol, a full seven reel drama, pathos, excitement and tremendous thrills a picture you will long remember. Proclaimed by the Press, Pulpit and the Public everywhere, this picture has received nation-wide acclaim and is playing to turn away crowds with clock-like regularity.

Governors, Mayors, Chiefs of Police and other leading civic officials strongly recommend this picture as portraying and depicting a moral lesson of the greatest magnitude. Bring your wife, mother or sweetheart. In conjunction with The Highway Patrol, will be Harry Langdon's latest, funniest, rib tickling, comedy, titled "Love Honor and Obey-the-Law". You will laugh as you have never laughed before in all your life.

Too, a REAL news reel that will give you the fads and fancies of 1935. Remember, you may see this mighty talk picture program at the High School on May 15th, by simply going to the McClellan Chev. Co. and receiving your courtesy ticket free. Shows at 7:30 o'clock p. m. and 9:30 p. m.

IMPORTANT INFORMATION ON WHEAT REFERENDUM

A meeting of committeemen of Hansford County held at the Court House completed plans for holding the County Wide Referendum on continuance of the AAA program.

Some vital information that the committee's want to get before the wheat producers is as follows. Hansford County must have a one hundred per cent vote on the referendum. The slogan is every man a vote. Contract signers both landowners and tenants are entitled to a vote—in fact every party to a contract even if four or five parties sign a contract are each entitled to a vote. Nonfide wheat growers who are not contract signers are entitled to a vote.

The first schedule of voting takes place as follows: Oslo School House, 2 p. m. May 17th. Gruver, both Districts 3 and 4, 1:30 p. m., May 18th. Kimball, May 20, 2 p. m.

Other community voting places and dates will be announced in next week's paper.

IMPORTANT NOTICE: Where evidence is submitted to the County allotment committee substantiating the fact that a landlord displaces his tenants for the purpose of collecting the total benefit payments, the wheat section will cancel the contract.

PLANS PROGRESSING FOR SINGING MEET AT HOLT SCHOOL

Everything is shaping up nicely and with favorable weather a day of real singing and entertainment will be enjoyed at Holt, Sunday May 19. A splendid program is being assembled as entries are made from day to day. There is still room for more specials however, and you are invited to list whatever special you may want to present with Charlie Rosson or Ceril Batton. Let one of them know your wishes as soon as possible so your number may be placed in the program to the best of advantage. If you have a quartet, duo, trio or solo, notify one of the above men and then go to Holt May 17.

In order not to put too much work on the good women of the Holt community, President Chas. Rosson urges that you bring along a few sandwiches for the noon-day feast. There will be plenty of coffee furnished by Holt.

Singing will begin at 10 o'clock in the morning and continue all day with an hour out for lunch.

The Holt class is meeting regularly and preparing many special numbers for the occasion, and invite everyone to come out and enjoy the day.

Mrs. Earl Church and Mrs. John Kenney were callers in the Blodgett home Thursday.

Kathleen Kenney spent Monday night with her grandmother Mrs. J. M. Blodgett.

W. E. Prustman visited in the Kenney home last week.

E. S. Uptergrove is at the bedside of his father at Sayre Okla. Miss Ruth Patric has been spending a few days in the L. W. Austin home.

Mr. and Mrs. Earl Church, Mrs. J. M. Blodgett and Mrs. Ralph Blodgett went to Borger Friday. Mrs. Ralph Blodgett, and Miss Ruth Patric went to Perryton Wednesday.

BENEFIT FOOTBALL GAME TO BE HELD FRIDAY MAY 17TH.

Coach Elmer Gunn announces the first benefit game ever to be staged in Hansford County, when Seniors of the present graduating class, augmented by a few Ex-players will play the 1935 Spearman Lynx team at the Lynx field Friday afternoon, May 17.

Coach Gunn says he believes he can stage a very interesting game that will be well worth the price of admission. He plans to play Sam Patterson, W. C. Robertson, Richard Holton, George Nies, Wiley Yates, Paul Buchanan, Oran Ross Kelly, Ruben Deering, Omar Cotter and H. L. Wilbanks as the senior team. The 1935 line-up will be announced at a later date.

All funds from the sale of tickets to the game will go toward sending the football team to the mountains for the Fall training per Saturday May 4th, where this year.

An active campaign of ticket selling will be staged during the coming week, and loyal fans are asked to give the game as much publicity as possible.

WHEAT VOTE TO BE HELD MAY 25th. IN HANSFORD COUNTY

A series of regional meetings are now in progress throughout the wheat belt for the purpose of discussing 1935 wheat compliance matters and the new wheat program for 1936-39. John R. Edmonds, state chairman, is in charge of the meetings in Texas. Following these meetings there will be a series of meetings held in various counties to acquaint the people with the details of the new program.

It is the hope of the Administration to have every wheat producer fully acquainted with the factors bearing on the present economic situation, the future outlook, and the progress made under the initial adjustment program before the date of the referendum, which will be May 25.

The Administration is very anxious to have every wheat producer express himself through the referendum ballot on May 25. If the wheat program is not wanted they wish a full vote on the matter so they can be guided by the wishes of the majority.

If, on the other hand, sentiment is in favor of a continuation of the program they want every one to vote, not only to show their interest but to express a vote of confidence in the entire Agricultural Adjustment Program.

Wheat benefits alone amount to over \$300,000 a year in Hansford county. With practically no wheat harvest to look forward to this year the amount will be a life saver to many wheat producer when it is paid this summer and fall. This crop insurance feature alone makes the continuation of the wheat program entirely worth while.

If the wheat program fails it will mean the failure, eventually of the entire Adjustment program. The total benefits received in Hansford County during the past year from all programs amounts to nearly \$800,000.

Regardless of how you plan to vote the main thing is to encourage every eligible man to register his sentiment regarding the continuation of the adjustment program on May 25.

SENIOR'S ADVICE TO UNDER-CLASSMEN

Like all the other great intellectuals you have known the senior class of 1935 is made up of modest, unassuming boys and girls. In humility and hard work we have learned our lesson and made our enviable place in the sun. So we feel capable of giving you, our under-classmen, some worthy advice.

1. A Fish must learn to cooperate and manage. Seating arrangements may play an important part in this. Any kindhearted Junior will elucidate this fundamental principle for you.
2. You must eat a peck of salt with a teacher before credits take care of themselves. 3. If you want to be original hand in your work book at least a week before they are due. Original students are never popular with the other students.
4. Never borrow paper, pen, ink or clips. Always have a supply to lend to others. In that way you keep your allowance spent and fail to see the wicked shows; thus deserving the sympathy of the borrowers. 5. Never be caught playing hooky. Always keep a supply of undated excuses about your person.
6. Keep your locker neat. It is not a place for everything from the past due mystery thriller of the Readers Lending Library to the pound of limberger cheese for the family dinner. 7. Never fail to pass on a pop quiz. Manage and co-operate. 8. Never take more than four subjects at a time; additional work may interfere with the all-important corridor course. 9. Senior privileges are myths and hopes to be cherished but never realized. Don't try to copy any of Mr. Shakespeare's verse as your original contribution to literature. Those teachers know all of his stuff. Perhaps the wise proverb is this "The poor fish knows not, and knows that he knows not. He is

TEACHERS ATTEND COUNTY COUNCIL OF PARENT TEACHERS

Mrs. J. C. Tuttle and Miss Ethel Deakin were absent from school Tuesday afternoon to attend the County Council at Morse. They report a very interesting meeting. Eight splendid musical numbers were enjoyed and helped to emphasize the fact that Hansford County parents and teachers are boosting for a stronger musical program in our schools. One of the speakers said that music and art were the most practical subjects that could be taught to the home makers of the next generation. Mrs. Tuttle was installed president for the coming year.

TYPEWRITING

Out of the very large class of typists only four, so far, have made a whole credit. Certificates of award will be given to the students of this class who make forty-five words or above per minute. If over 45 are made, the exact number of words will be written in a space provided.

SPEECH

This week, in the speech class, has been devoted to an orgy of extemporaneous speeches. The speeches are outlined, and several are given each day. Each individual has a chance to recite, and some good speeches are being prepared and delivered, though this is the first attempt for most of the students.

Charles Steinmetz, the great electrical engineer, was so badly crippled that the United States at first refused him admission as an immigrant.

ignorant. Teach him.

The bold Soph. knows not, yet knows that he knows. He is overconfident. Subdue him. The flighty Junior knows, yet knows not that he knows. He is self-conscious. Encourage him. The mighty Senior knows and knows that he knows. He is wise. Follow him."

If you follow this advice diligently, at the end of your Freshman year you will be half way to graduation, and at the end of 4 years, that teaches rwill say with relief, "that student doesn't live here any more."

LOOK WHO'S HERE

GEORGE NIES

Nasty nice, as he is affectionately (?) called by his friends, is a 1934 transfer from Perryton High. He thinks going to school is a swell substitute for work. Geo. likes to play a cinch so he sat in the Junior room until he ordered his diploma. He was "Chaperon" to the football squad on their training camp trip to the mountains last fall. His major is Science. English IV is his favorite subject. He yearns to be a foreign missionary. His favorite fruit is the Beechnut. He is popular with the female species.

MARY BRANDT

Mary's biography is repeated because the other one was scrambled, saying that she must type to eat when really, she could starve you know.—Ed. note.)
Mary is a talented painter. She is a veteran of S. H. S. having volunteered in 1924. She didn't make the honor roll, they already had one, but her name is a permanent fixture on it. Mary starred in Home Ec. two years, playing a chef and dress maker. She helped hold down the bench in basketball two years. She works in her father's store during the vacations. She collects pen pals for a hobby. Mary types because she loves the work and intends to make an expert typist of herself. She will attend college this fall.

W. C. ROBERTSON

Dub is a native product of S. H. S. He is an all around athlete; having played football four years and was co-captain in 1934, basketball 2 years, and track events. He is a 2 year letter man and wears the royal purple. His major is science. He likes football best. He is well liked by the students. W. C. is also a lucky student winning a bank night! He is ambitious to be an athletic coach.

LADY MAURINE ARCHER

So anxious was Lady Maurine to graduate with the class of '35 she entered our class as a second grader at the age of six years. She attended Canadian school throughout the grammar grades and returned to S. H. S. as a Freshman. Her major is mathematics-science-public speaking.

SENIORS WILL HAVE FINALS NEXT WEEK

Announcements were made in assembly Tuesday morning to the effect that the seniors would have their final examinations on Thursday and Friday of next week. The examinations for the other classes will be held on Tuesday and Wednesday of the following week.

The regular schedule will be followed with two periods for each examination. During periods that students do not have exams they are not required to attend school, but if they are in the building, they must report to the study hall.

In classes here only a very few of the students are not seniors they will take the exams with the seniors.

COMMERCIAL ARITHMETIC

In closing this semester's work, the arithmetic class is working on problems pertaining to simple and compound interest. The half year work has proved very interesting and should be practical. Commercial arithmetic is a subject that every person has occasion to use almost every day, so it is a good subject to study.

There are several seniors in this class who will have their examination next week.

as her favorite subject. She aspires to teach public speaking. Her exposure to Home Ec. did not take. She has belonged to the Home Ec. club and pep squad. She warmed the bench in basketball two years thus gaining free admittance to all the games. She has had roles in various plays including three this year. Her hobbies are collecting stamps and pen pals. She is class reporter and says that this epjmeral scribbling on the Look Who's Here column has given her brain fag.

H. L. WILBANKS

H. L. was drafted in 1924 and has been answering to roll call in S. H. S. yearly since. He played guard in football 2 years. A purple sweater being the reward. H. L. was 1935 co-capt. and a star man on the basketball team. He loves English IV. His major is Math. He is a favorite with the ladies. He has chosen the profession of English Professor for his life's vocation.

HOME ECONOMICS II GIRLS HAVE CONTEST

Sometime ago the members of the Home Ec. II class received small complimentary cans of Rumford's baking powder for the purpose of holding a cake making contest. This contest was held in the Home Ec. room Tuesday morning of this week with the following results: Loaf cake—Dorothy Main, first; Florence Holton, second; Dorothy Jo Benton, third. Layer cake—Juanita Hall, first; Joyce Hester, second; Georgia Maize, third. We also asked the judges to judge the children's clothing which we have just finished. Lola Andrews was awarded first place for the small boy's suit. In girls' dresses Elizabeth White won first place; Lena Mae Sheets, second and Marcella Newcomb, third. We wish to thank Mrs. Hoskins, Mrs. Tuttle, and Mrs. McClellan for judging these things for us.

ENGLISH IV

This week the English IV students are finishing up the work in their notebooks, and are finishing their book reports which must total twenty points. The notebook work will be graded in class and the rest of this week will be devoted to a general review.

May Thompson had as their Monday night guests Miss Joy Zelle Scott.

THE CHRISTIAN CHURCH

Scripture Lesson:—

Acts 2:41-45 Ephes. 4:1-7, 11-16

Acts 2:41. They then that received his words were baptized; and there were added unto them in that day about three thousand souls.

42. And they continued steadfastly in the apostles teaching and fellowship, in the breaking of bread and the prayer.

43. And fear came upon every soul; and many wonders and signs were done through the apostles.

44. And all that believed were together, and had all things common.

45. And they sold their possessions and goods and parted them to all, according as any man had need.

Ephes. 4:1. I therefore, the prisoner in the Lord, beseech you to walk worthily of the calling wherewith ye were called.

2. With all lowliness and meekness, with longsuffering, forbearing one another in love;

3. Giving diligence to keep the unity of the Spirit in the bond of peace.

4. There is one body, and one Spirit, even as also ye were called in one hope of your calling.

5. One Lord, one faith, one baptism,

6. One God and Father of all, who is over all, and through all, and in all.

7. But unto each one of us was the grace given according to the measure of the gift of Christ.

11. And he gave some to be apostles; and some, prophets; and some, evangelists; and some pastors and teachers.

12. For the perfecting of the saints, unto the work of ministering, unto the building up of the body of Christ.

INTRODUCTION

The word Church if found in the New Testament one hundred and twelve times, but in no Gospel except that of Matthew, and here only twice.

The first time the Church is actually referred to as in existence is after the account of Ananias and Sapphira. Our English word Church is a translation of a Greek word, *ekklesia*, which derives from two words, *eklesis*, meaning a call, summons or invitation, and the prep. *ek*, meaning out of particularly, out of a group of people, and thus the entire word means this word *ekklesia*, and forever made it the title of the body of his people. Consequently, the Church is a body or the body of all those of all ages who have been called out of the world, out of sin, out of death by the Holy Spirit unto Jesus Christ, the head of the Church, and through him, to liberty to holiness, to service, to eternal life and to glory. The Church is thus distinct from the world, hated by the world, and ever persecuted by it.

UPON THIS ROCK I WILL BUILD MY CHURCH.

Christ's first reference to the Church follows immediately upon the acknowledgement of his deity by the Apostle Peter. The Lord asserts that in building his Church upon such an indisputable and eternal fact, he has thus built it upon a rock. Notice that Christ speaks of the church as my church and that it is he alone who will build it. If you read the Gospels carefully, you will see with what strictness of application our Lord used the word *MY*. He never said *My lands, My house etc.* He said *My Father My friends, My disciples.* When we think of it we shall see that His true possessions were His Father and his Church, the gates of Hades should not prevail against the Church is a promise that no antagonistic power, especially no Santanic power, no power of the underworld, would be able to overcome this divine institution, though there would be a persecution of the Church, and a hatred of the Church, and schism within the Church, and apostasy from the Church, yet none of these things

Life of a Triple A Agent

By Mr. Goode, County Agent, Harrison County

Wasn't it pleasant, O friend of mine in those days, in the even' time When every meeting started at eight And nary a farmer came in late.

When you hustled about with chart and chalk And then began that monotonous talk With facts and figures to point the way To farm prosperity with Triple A.

To your farmer friend it sure did seem The realization of a perfect dream With hogs unborn and corn unsown To bring back comforts to the old farm home.

With contracts yellow and white and pink It wrecked his brain to try to think Of acres of corn in years gone by in the past And the old sow's litter time fore last

With committees and contracts and quotas too They stirred your fever the whole day through Till even' came and you saw your wife Your body was there but where was your life?

When signatures, dates and witnesses too, Nobody knows better than me and you, The joy bound up in that feeling of gain When the contracts left on the morning train.

The door was open, the farmer knew So he stopped to see if his check was due. Tax paying around the corner you know And crops have failed at the point of a hoe.

And then in that encouraging way, You said, "It will be here any day, This is an awful big program you know, That's the reason they've been so slow."

With the notices out they came with a burst, Dozens and hundreds, each one first: While a meek one said as he hurried past Could it be true the checks at last!

Then the self same farmer who before had said He needed the money to buy his bread, As he passes you by with a softened smile Said, "It's only been a little while.

With poultry and dairy and club work too Its been a big job to see this through But the farmer has glimpsed the rising sun, Cheer up my friend, its only begun.

CHARACTERISTICS OF THE EARLY JERUSALEM CHURCH. ACTS 2:41-47.

Then they that received his word were baptised and there were added unto them that day about three thousand souls. Those thus added were of course, those who accepted Christ as their Saviour, and as far as the Church was able to determine, had been born again of the Spirit of God. They were added to the one hundred ready formed the nucleus of the Church, Acts 2:15).

CHRISTIAN LIBERALITY

And they sold their possessions and goods, and parted them to all, according as any man had need. This is certainly not what has come to be called communism where all possessions are equally distributed, for it does not state here that all the Christians made only as need arose, apparently from a common fund. That even this unselfish idealism did not solve the problem of the poor of the Jerusalem Church is indicated some years later, in Paul's taking a collection for these very people among Christians outside of Palestine.

If the things these early Christians possessed—a knowledge they were eternally saved, peace with God, growth in divine truth, precious fellowship one with another sharing one's means with those in need. Seeing others being saved, if these things produce anything in the human heart it is surely that very element sought after but so elusive for worldly people—abounding joy. These believers had it.

ONE BODY AND ONE SPIRIT.

The life that thrills through nerve and artery, the spirit that animates with one will and being the whole framework and governs its ten thousand delicate springs and interlacing cords—it is this that makes the one body of an otherwise inert and decaying heap of matter. Let the spirit depart. It is a body no more, but a corpse. So with the body of Christ, and its members in particular. Am I a living, integral part of the Church, quickened by its spirit? or do I belong only to the raiment and the furniture that are about it? G. G. Findlay. Even as also ye were called in one hope of your calling. The eternal future, with its enness is to bear upon the trials and duties of the present, and to draw the believing Church together in view of it. H. C. G. Moule.

ONE LORD

But let us mark that it is the one Lord in whom we find our unity. To think of Him as Savior only is to treat Him as a means to an end. It is to make ourselves the center, not Christ. This is the secret of much of the isolation and sectarianism of modern Churches. The name of the one Lord silences party clamors and rebukes the voices that cry, I am of Apollus, I of Cephas. It recalls literature and stragglers to the ranks. It bids each of us, in his own station of life and his own place in the Church, serve the common cause without stult and without ambition.

LUCK AND SUCCESS

Have you ever had hard luck? Real, honest to goodness jolts that took the heart out of you? Have you ever felt like throwing up the sponge because things were not breaking right? The next time you feel that way glance over this list of unfortunates who made good in spite of everything. Perhaps you will stop feeling sorry for yourself.

Herbert, one of the greatest naturalists who ever lived, was blind

Beethoven, the famous composer was deaf. He could not hear his own melodies.

Alexander Pope, the most eminent poet of his time, was a frail hunchback.

Demosthenes, the famous orator of Ancient Greece, was a stutterer for years.

Julius Caesar, the Roman conquerer, was an epileptic.

Edgar Allen Poe, was a drunkard and a dope head.

here is to the gifts given to the leaders in the church work. Elsewhere Paul speaks of the gifts among the membership. His point here is that the Lord Jesus has given the office and the gift to the leaders in the churches. But the gift is not for selfish enjoyment. Its clear purpose is the edifying (building up) of the body of Christ (the church). Here we touch a most important phase of church life, but one largely overlooked, the development of our members in the Christian life. Quite often we speak and work as though our only task were to make converts. But this is a mistake. We are equally under obligation to develop these members so that the church of Jesus Christ may be strong, well developed, aggressive body, able to stand firm in the midst of all the winds of false teachings, and to carry on the task the Lord has committed to it.

YEP! DRAW THAT LINE FROM FT. WORTH TO SAN ANTONIO.

Quoting from a paragraph from News release of the Texas Relief Commission of L. E. Haywood.

"Principally, our construction efforts have been in Northeast Texas, said Mr. Kidd. The area may be defined definitely by a thin line drawn North and South through Ft. Worth and San Antonio, thence directly east to the coast."

Just what are the Commish boys talking about. You guessed it they have been experimenting in Rural rehabilitation, and the gravy went to that section of the state where most of the people are in more prosperous condition than in the drouth stricken West, Texas.

We find according to the story that 8,200 houses for rural rehabilitation families have been either constructed or repaired. Just what the total expenditure amounts to is not revealed in the news story. However the writer learns that some down state office has estimated that it would take \$2,500.00 to rehabilitate a client completely. This means providing home farming machinery, livestock, and sustenance until said client becomes self supporting and starts paying back the money.

The story reveals the further interesting information. "Leasing of land and sustenance plots ceased several weeks ago, because rural rehabilitation officials felt that they had all the clients they could properly supervise."

Now isn't that too bad. The boys down state get their quota filled and cease firing. It wasn't practical, we suppose to train men in West Texas for rehabilitation officials. Guess that we didn't have any material to begin with, and so the Northeast Texas population gets the cream again.

In all seriousness Mr. Adam Johnson, State Relief Director..... we fail to see why you could not have trained men in this section, constructed houses, repaired homes and placed a few experiments North of the TEXAS Mason and Dixon line. Perhaps you argue that climatic conditions do not justify experimenting in the Panhandle of Texas. But this writer argues that over a five year period, the government income per acre in the Panhandle of Texas will average above any section of the state, with the exception of the valleys. Your program is based on logic. It is the intention of the government to regain the principle and interest from clients who are set up for rehabilitation. Then Adam R. if the Agricultural records of the state of Texas show that the Panhandle of Texas cannot liquidate itself, cannot only pay for sustenance of the producers who operate in this section, but also liquidate the initial cost of machinery and land, then we of this section of the state should abandon the Panhandle and move to Northeast Texas.

However, Adam R., I lived in Northeast Texas for the first 25 years of my life. It was compulsory. I've seen the years come and go, and I KNOW that you or any other statistician can prove that the Northeast Texas country is more self-sustaining than the Panhandle of Texas.

Get hep to conditions. If you draw that line from San Antonio to Ft. Worth you will find more paved roads paved for by the tax payers of the State of Texas as a whole than any other section of the state. You will find more parks, fish hatcheries, race tracks, red cross headquarters and most every kind of patronage that is issued out from headquarters than any section of the state. Give us a break—experiment in the Panhandle.

A new revolver shoots through bullet-proof vests, and cops can buy it just as soon as the bandit trade is supplied.

The Panhandler

So many persons have commented about the California travelog, that The Panhandler is encouraged to write another installment. Possibly some comment about traffic and highways would be of interest.

The Panhandler traveled over 2,000 miles of California highways. California has a big highway program. Mountains are being cut down to save a mile or two between cities on important routes. Main highways are being widened to three and four lanes. In a three lane road. The middle lane is reserved for passing only.

California has a state highway limit of 45 miles an hour. The California highway patrol is able to patrol about 700 miles regularly. A quotation from the patrol stated that 45 miles an hour was fast enough for the safety of the driver, regardless of hazards to other traffic. And one had better not be driving over 48 or 50 miles an hour with any speed cop around.

City zones are marked plainly and traffic courts are extremely hard on residents. They usually get fined or sentenced to several nights in traffic school. Traffic school is really educational and most persons attending it, appreciate it. Children may not drive cars until they are 16 years old. Schools give traffic instruction and help children reaching 16 get their licenses to drive cars.

California has strict laws regarding liability in accidents, so it pays to have insurance. A California judgment means something and can bound one the balance of his life. If he remains in California. Because of the traffic liability, parents do not have much difficulty in keeping their children away from the steering wheel until they are 16.

Another thing that surprised The Panhandler was the poor regard that the wise traveler has for Highways 60 and 66 going to California. I was told several times that the smart traveler went to San Diego, took Highway 80 east to El Paso, Abilene and other points or he went to San Francisco and across to Reno and Salt Lake City. In other words in New Mexico the roads were poor.

But it is not necessary any more to apologize for roads in the Panhandle. You can put it down that a dirt road in the Panhandle beats a New Mexico or Arizona all weather, but unpaved road any time. It was a relief to hit the dirt road on Highway 66 at the State line after driving a couple of days on some of the roads in New Mexico. And the pitiful thing is that this condition probably will exist for years. The Panhandler will be paved entirely in a short time, but it is doubtful if New Mexico and Arizona will

have good roads in ten years unless the Federal government pours out many millions to those states.

During my stay in Los Angeles, a traffic count was made from 1 a. m. to 2 a. m. at the corner of Wilshire and Western boulevards, about ten miles from downtown. There were 2,833 cars and 122 failed to stop, thus receiving tags for police court.

The Auga Caliente hotel has one of the most expensive dining room services in the world. This gold service for 30 persons cost \$30,000 and is patterned after dishes used by the king of Spain. The service is kept in a special vault with a guard near by. The vault is open so that the public can gaze at it—also, if you have the money you can rent it for a party.

As our racing enthusiasm is getting worked up because of the meet to be held here May 20 to 24, it may be well to mention about attendance two days at the races at Auga Caliente and a day at Bay Meadows south of San Francisco. Was at Bay Meadows the day the \$10,000 California derby was held. An instant totalized at Bay Meadows lets one see the money bet on every horse. As the derby race had an entry that was almost a cinch, betting was not so heavy. Also, drove by the new Santa Anita track, but couldn't get inside for an inspection. Santa Anita is a new track and has more good parking space than any grounds I ever saw—dozens of acres of asphalt.

MAY RELIEF FUNDS SHOW BIG DECREASE

Austin, May 8—Checks totaling \$1,709,813, a portion of the funds with which relief programs will be carried on in Texas in May were mailed to the various county relief administrations throughout the state last week.

The budget of funds for May adds up to \$5,612,306, which has been earmarked to be expended on programs as follows:

General relief, \$3,707,178.95; school lunches, \$124,981.; hospitalization, \$9,993; rural rehabilitation, \$1,770 178.

This was more than \$1,000,000 less than counties had available for expenditure during April, when the budget totaled \$6,673,786.

Adam R. Johnson, state relief director, said the decrease is due to a lower caseload resulting from reasonable conditions, to the transfer of all farm families from the general relief to the rural rehabilitation program, to a reduction in the amount of capital goods required by rural rehabilitation clients, and to less money made available by the federal emergency relief administration.

We expect our caseload to drop at least 40,000 cases this month. The director said, in spite of the fact that continued drouth and dust storms have caused an actual increase in the western part of the state.

The transfer of all farm families from the general relief rolls program where all aid is extended

to the rural rehabilitation program in the form of loans will materially reduce our caseload this month, Mr. Johnson said.

In addition, we are going to make every effort in all counties to remove all other employable from the rolls by finding employment for them.

Reports from Central, East and South Texas indicate climatic conditions are excellent and that prospects are bright for a good crop year. On the basis of these reports, we expect reasonable employment to be stimulated and the relief rolls reduced.

Our expenditures for capital goods this month will fall off because nearly all of our clients already have been supplied with the necessary equipment for undertaking their rehabilitation.

Because of reduced allotments of both federal and state funds, our percase relief grants will be reduced this month, Mr. Johnson continued.

State funds, allocated by the legislature for the remainder of the year, will be available to the extent of \$400,000. Last month the state participated to the extent of \$750,000.

The Southwest is very much interested in the question of soil erosion. No other question is more vital to our section of the country.

The President, on last Saturday, signed a bill which provides for a soil erosion service in the Dept. of Agriculture. He used two pens in signing this measure presenting one to Congressman Dempsey of New Mexico and the other to me.

This soil erosion will have charge of both emergency and the regular soil erosion programs. The President has given assurance that adequate funds will be made available to do the work properly, both on an emergency and on a permanent basis.

It will be expected that the farmers will cooperate in doing the work and in such other ways as they may be in a position to assist. But provisions will be made to do the task in a proper

MOTHERS' DAY Sunday May 12th.

Let Every Member
of the Family
Properly Observe this
Day of Days

Gift of flowers will tell your appreciation more eloquently than any words on Mother's Day. Send a dozen roses, a pot of tulips in full bloom, carnations or whatever her favorite flower may be. They're all very moderately priced.

Mother's Day

...and every other day of the year, the most sacred thing in the heart of the American Mother, next to her own family is her HOME.

...however humble it may be, your home is mother's pride. You owe it to MOTHER and the entire family to protect the home.

...her sacrifices and pride of a lifetime of building the home may be destroyed in a few minutes by the fury of FIRE.

...tell us today about the proper protection of MOTHER'S home. It is a duty, and should be a pleasure.

LUMBER

Lumber plays an important part in the life of all Mothers. Mother lives in her home, and depends on the comforts and pleasure of the home more than any other member of the family. Why not make some needed repair as a surprise and gift for mother this year.

Even Though We Cater to Fathers Mostly In Our Line of Business, We Love and Respect the Mother's of Hansford County

We have a few items that might be of a deal of benefit to Mother, not necessarily on this Mother's day, but for the year round use. The DeLaval Cream Separator would be an appropriate gift at any time of the year—and would pay for itself in savings—and make life more comfortable for mother. If Mother is feeding chicks we have the proper feed to make this work more successful.

R. L. McCLELLAN GRAIN CO.

WE WELCOME MOTHER AND EVERY MEMBER OF THE FAMILY TO OUR STORE

We hope to be in a position to make Mother's duty of preparing and serving food, not only more pleasant and satisfactory on Mother's day, but every day of this and other years.

Come in and secure your meat, food, vegetables and fruit from the

WE ARE FOR MOTHER

whether it is Mother's Day or the coldest day in January.

We feel that mother should have the most careful consideration—and with the large assortment of appropriate and useful gifts we have we believe we can help you select a fitting token of love and appreciation of Mother on this Mother's day.

WOMBLE HARDWARE COMPANY

THE FIRST STATE BANK of SPEARMAN

Takes this opportunity of joining the business firms of Spearman and Hansford county on the occasion of the Annual Mother's Day, May 12, 1935.

While we believe that any token of love and appreciation that is given Mother on this day should be a personal gift, we feel that children of the county can keep Mother in their minds day in and day out. And if you ask mother for advice she will tell you to SAVE and establish your credit with some good bank of the county. Let us be of whatever service it is possible to the children of this section.

BERRY SAYS "BOO!"

The Texan who made probably the most lasting, however disagreeable impression on Wallace Berry during filming of location scenes for WEST POINT OF THE AIR, was a dauntless soul who telephoned the actors hotel room about 2 A. M. one morning. When the star managed to wake up enough to walk to the phone a feminine voice said with an enraptured gurgle:

Hello Wally, I just wanted to hear your voice.

All right, said Berry with a sleep-dimmed voice, BOO! Then he hung up.

The sequel occurred about a half-hour later when Berry was asleep. The phone started ringing again. When he answered it, a woman's voice said BOO! and hung up.

After that the star cancelled all incoming calls during his stay in the San Antonio, where the M-G-M location company was quartered for the picture.

CHRISTIAN SCIENCE NOTES

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday May 12, 1935.

The Golden Text is: "As Moses lifted up the serpent in the wilderness, even so must the Son of man be lifted up; that whosoever believeth in him should not perish, but have eternal life" (John 3: 14, 15).

Among the citations which comprise the Lesson-Sermon is the following from the Bible. As Adam all die, even so in Christ shall all be made alive" (1 Cor. 15, 22).

The Lesson-Sermon includes also the following passages from the Christian Science Textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Though discernment of the spiritual opposite of materiality, even the way through Christ Truth, man will reopen with the key of divine Science the gates of Paradise which human beliefs have closed, and will find himself unfallen, upright, pure and free.

PANHANDLE MAN HAS DONE MUCH FOR RACING IN SOUTHWEST

Deahl Family Has Kept Alive Great Traditions of Track for Years.

When the story of horse racing is written in the Panhandle of Texas, proper recognition must be given to the Deahl family.

More than half century ago the late G. W. Deahl was a resident of Collin county. He went to the Saturday afternoon races in Oak Grove and Hilltown, now known as Frisco and entered his horses. Mr. Deahl had to make these trips rather secretly as Mrs. Deahl was opposed to racing.

The Deahl family then moved to Dodsonville in Collinworth county, but interest in racing never stopped. The elder Deahl, raced at Childress, Quanah, Elk City and other cities in the lower country.

The racing spirit is carried on in even a much larger way by three sons of Mr. Deahl. They are C. E. Deahl, president of the First State Bank Panhandle, and president of the Southwest Race Meet which will hold its eighth semi-annual meet at Panhandle May 20 to 24 inclusive. He owns five horses and all will be here at the spring meet.

Henry Deahl lives on a ranch near Panhandle and he has been interested in racing for 15 or 20 years. He owns Chester B. which won most of his races in recent years. Blondie Boy and Motoring Miss.

Tobe Deahl of Dodsonville owns Indian Boy, Argus Lady, Clock and Sycee. The three brothers will have all their horses at the spring meet.

Ed Deahl brought his first race horse in 1897 and entered him in meets in the east part of the Panhandle. On September 2, 1898, Deahl moved to his ranch north-west of Panhandle and he has lived in Carson county since that time.

Although Panhandle was just a village in those days, there was much local interest in racing. Ponies were brought here from the Turkey Track ranch in Hutchinson county. Races were run on the street just west of the court house yard. The court house yard was the grand stand and the races ended just south of the court house.

In pioneer days Mr. Deahl said there was much more interest in the horses themselves than there is today. It was before automobiles and nearly every home owned a horse; also it was before tractor farming. A man just couldn't keep from being interested in a good horse.

PANHANDLE RACES TO BE STAGED AT PANHANDLE MAY 20

With inquires received daily from Oklahoma, Nebraska, Texas and other states, little difficulty is expected in filling the stalls to capacity for the spring race meet scheduled for May 20 to 24 inclusive at Panhandle.

In the mail Thursday morning was a letter from Frank B. Hoffman, Taos N. M. stating that he wanted six stalls reserved. Mr. Hoffman is a world famous New Mexican artist, but he knows that Panhandle is a good race city.

Entries are coming, and in a few days, it is expected a group of horses will be arriving to start training. With ample facilities here, horse owners farther north have started out the season at Panhandle.

BOY SCOUT NEWS

The boy scouts played there singles in tennis this week. There will be two boys go to Pampa. Craig Davidson will go to represent troop 51, Joe Womble will go to represent troop 52. They will play off their doubles sometime in the near future.

The boy scouts are planning a hike for Friday afternoon and Saturday the 10 and 11th. The boys plan to go to Steels ranch 12 miles north of town. They will go if the weather permits.

The boy scouts now are patrolling the streets on Saturday. They are backed by the Sheriff and Mayor and will do their best to enforce the law.

RELIEF CLIENTS TO BE TRANSFERRED TO A NEW GROUP SOON

Austin, May, 8—Effective immediately, county relief administrators no longer will be permitted to extend any form of relief from general relief funds to any employable family, it was announced by Adam R. Johnson, state director of the Texas Relief Co.

A farm family, Mr. Johnson explained, is one residing outside the limits of incorporated or unincorporated towns, villages and cities who depend upon farming operations for the major portion of their income. It is not intended to include in this group families who live on small plots of land which are sufficient only to produce a part of their sustenance requirements and upon which they cannot produce a commercial crop.

Farm families, henceforth, may receive aid only in the form of advances through the rural rehabilitation corporation. County administrators were instructed to recall any work cards issued to rural families for work relief in May and to make advances, secured by notes and mortgages, instead.

All families affected by this change immediately will become rural rehabilitation families, Mr. Johnson said, and will receive aid in the future from rural subsistence funds in accordance with their needs as established by case workers.

At the same time, administrators will contact all landlords at the earliest possible date to obtain waivers on the landlords interest in the tenant's share of the crop. This procedure was adopted in order to secure advances which the rural corporation will make to the tenant.

If a client transferred under these regulations receives subsistence advances executing notes for them, and later it develops that a waiver form cannot be obtained from the landlord or other creditors, then the case will be dropped completely from our records, Mr. Johnson declared. In such instances, the notes taken will be written off as a loss, but the client will receive no further advances after the date on which creditors refuse to execute waivers. Creditors will be notified when cases are dropped from the records.

Explaining the new regulation Mr. Johnson said it is in line with the long established method of furnishing sharecroppers. This is what bankers and other creditors always have done. Our former practice of furnishing the tenant with subsistence needs as an out-

right grant just encouraged creditors to allow the relief administration to finance the making of their crops. This new regulation will help to correct that situation and dignify the aid extended farmers by eliminating the outright relief grant.

THREE SPEARMAN BOYS ENLIST IN REGULAR ARMY

Harry and Arthur Haines and a Haralson boy are in the army now. They were accompanied to Amarillo Sunday by Mr. and Mrs. Bert Briley where they were enlisted for service for three years. A letter was received from the boys Thursday. They were at Fort Logan, Colorado. They expect to be transferred to Wyoming in a short while.

The Diesel-40 Wheel Tractor's Here

FIRST IN TEXAS—THE FUEL SAVER

Farmers, the new WD 40 Diesel Tractor is proving a ton. This tractor has had practical experience in the Panhandle for five years.

With McCormick-Deering guarantee behind the tractor, know that you will have a product that will do the work. Fuel operation is less than one half that of other products. The starting system is unique and exclusive. Starting is as easy as with a gasoline tractor.

Do not confuse this tractor with the crawler type. McCormick-Deering has had an efficient crawler Diesel on the market several years. This Diesel tractor looks much like the regular 15-30 tractor. The Diesel uses no carburetor and no electric ignition equipment. Fuel is ignited by the heat created in pressing the air for combustion.

JUST A TRUNKFUL!

THREE smiling young stowaways demonstrate the ample space available for luggage, golf clubs or trophies of a shopping expedition, found in the trunk compartment of the new Ford V-8 Touring Sedans, two of the new de luxe types recently announced by the Ford Motor Company. The trunk compartment with 12 cubic feet of space—is an inherent part of the design of the Tudor and Fordor Touring Sedan body types. All the space is used for

luggage, the spare tire being carried conventionally at the rear, while an inner compartment under the floor provides space for tools. The trunk compartments may be locked with the same key that fits the tire lock. The new touring sedans were designed to provide ample luggage carrying facilities for families doing extensive traveling who wish to utilize the car interior for passengers. They have proved thus far to be among the most popular Ford body types.
