DON'T NAME IT

By HONEST BILL

TO "OLD HONEST" TACK
Amarillo News - Globe.
Dear Mr. Howe:
Several of the readers of the Spearman Reporter, who very recently accepted my title of "HONEST BILL" are now objecting to your assumption of the title of "OLD HONEST TACK." I do not object in the least and I do not think that most newspaper men can tack "HONEST" to the end of their nick-name. I do not ask that you use the "OLD HONEST" in connection with a commercial signature. —BILL

P. S.—Better known as the one and original "HONEST BILL".

What has become of the Hansford County LIARS? Did Sid and the rest of the boys and girls scare you. Better send in an entry in the contest before everybody gets so honest that they can't tell a lie. —Just think of it, the World's greatest weather prophet has turned "HONEST".

Boy oh BOY, was I glad when the gold decision came out the other day. I figure it is going to take me at least 13 years to pay all of my own under the devaluated schedule—and I would have the old and tottering before I could have paid up under the old standard.

Did you notice the price of butter going sky-high? Butter is now 45c per pound and eggs at 40c per dozen. At that the fellow in this section of the county are not making any money. It is plenty to feed and clothe a cow and old hen these days. Alfalfa nearly \$35.00 per ton and feed dealers in Spearman are trying to rent the bank vaults to store their feed in.

Any of you boys that have anything to cut that you want to trade for 15 months of good reading, come up to see me. Bill Macle is going to cut off a few hot cuts of steak this week and bring them in to renew his paper for 15 months. Bill said he shore did need them razor blades.

—Here's extending my apology to the 150 readers who brought in copies of the Reporter with the (4) marked with the intention of collecting \$1.00 each. I admit that I sure did not word my paragraph right in the paper last week. I paid out \$1.00 for the first individual who brought in the advertisement. Edwin Reed, better known as "Paper Wagon" of the Spearman Press collected the dollar. I just didn't have the money to pay any other reader. It was an honest mistake. I never intended paying out more than one dollar. To make up for the bone head, the writer is giving \$3.00 to each of the classified section in this issue of the paper. There can be no mistake this week. In the 1200 papers printed for distribution 3 papers will be printed with the 4 character in some of the classified ads. One paper will be mailed out at Morse, 1 at Spearman and one at Gruver. THIS TIME sure nuf if you find the 4 character bring it in and collect your dollar.

In view of the fact that a certain famous weather prophet has

QUADRUPLETS AT THE SHEDECK FARM

A recent news item in the Amarillo Daily stated that quadruplet goats, born in Randall county, convinced the residents of that section that prosperity had returned. If this is the case, prosperity should immediately return to Hansford county also, as quadruplet goats were born a week ago at the H. M. Shedeck farm. All lived and are very healthy. This is considered a rare happening.

GOLF DRIVE NETS 22 NEW MEMBERS TUES.

At their regular Tuesday luncheon meeting, the golf committee of the Lions Club reported that in the drive staged that morning, 26 members of the golf club had paid their dues and signed up. At least that many more are expected by the time actual work on reconditioning the course will take place. It is expected, that definite authority will be received from state officials, by the end of this week, to obtain relief funds for this purpose.

Chief Lion Hoskins introduced a letter to the club from a party in Houston, who is constructing a table for the Centennial display, the top of which is an inlaid map of Texas and each county made of wood from that particular county. It was decided to turn this over to the Boy Scouts to obtain wood from Hansford County, preferably from some old wooden structure with historical background.

After a round table discussion of the Dionne Quadruplets, Arnold Wilbank's marriage, and the gold standard, the club was dismissed.

GET BIG RABBIT HAUL IN SUNDAY DRIVE NEAR HERE

About 2,000 rabbits "went west" in Sunday's rabbit drive held on the Jones farm, 13 miles south of Guymond and a few miles west.

Eager shotguns, in the hands of eager hunters, didn't wait for the rabbits to run into the trap built for them but blasted away at the sight of Mr. Hare and his family at every turn.

How many escaped serious injury is a puzzle. Some men returned with shot in their seats, their coats and other apparel, and even the camera man from Universal News-Reel Co. was shot twice. As a consequence only a dozen or so rabbits reached the trap. The club welders felt out of place pitted against firearms, which made them timid. Several hunters even ventured into the circle, and risked the fire from scores of guns, and with no amount of coaxing would get out of the line of fire. Whenever a rabbit got into the circle, everyone wheeled to fire, finger on trigger, missing each other by inches. But 2,000 rabbits was a good haul, even though some didn't think it was worth the chances they took.—Guymond Herald

Look For 5% In Classified Advertisements In Paper

Due to a rather hazy way of stating the contest, readers of the Reporter last week brought in a good many copies of the paper to collect the classified adv. premium of \$1. This week there is no fooling. If you bring in the paper with the proper character marked, you will receive a dollar. There are three papers of the 1200 copies that are printed and mailed that have the character. Look for them.

COUNTLESS FRIENDS PAY LAST RESPECTS TO I. F. DOUGLAS

Members of a football squad which he had cheered both in victory and defeat, yesterday served as pall bearers at services for Isaac F. Douglas, Shamrock's "grand old man," beloved by high school students and others of the town alike.

Douglas died of a sudden heart attack at his home on North Wall street late Saturday afternoon. Although he had been in ill health for a number of years, his death came as a distinct shock to his countless friends of Shamrock and nearby towns.

Perhaps the largest crowd ever to attend a funeral here gathered at the Douglas home yesterday to pay last respects to one of their best known residents. School officials and youths from nearby towns, as well as hardware men of this entire district who had been associated with Douglas in his many years in business helped form the crowd of approximately one thousand persons at the rites.

The Rev. C. E. Jameson of the First Methodist church who conducted the services, used as his subject, "A Good Name." E. K. Caperton, Alfred Jameson, Mrs. George Heinsen and Mrs. C. L. Clement sang a quartet during the services, and members of the girls pep squad acted as flower girls. At the cemetery, local Masons took charge of the rites.

Douglas was born Oct. 27, 1867. He married Miss Annie B. Hardy in 1887, and to this union were born three children: Kate, who died in 1910, Mrs. Jess Womble of Spearman, and R. F. Douglas of this city. Mrs. Douglas died June 7, 1897. Mr. Douglas married Miss Bessie Hardy in 1898 and to this union were born three children, who are, Mrs. S. P. Beasley, Mrs. Deb Wood and Johnnie Douglas, all of this city. All of the children were present for the services. His wife also survives him.

Douglas had made his home in Shamrock for more than 20 years. He farmed for a short time after the family moved here, then was associated with F. L. Beasley in the grocery business and later formed the hardware company which now bears the name of Douglas and Son. He retired from active business service several years ago, but was often up town and had missed few athletic events here. His hobby was attending the high school football games, and for many years he had had a favored place at the edge of the field where his presence was a source of inspiration to the players. Carnes Funeral home was in charge of services.—Shamrock Texan.

Those attending the funeral services from Spearman were: Mr. and Mrs. Jess Womble and children, Mr. and Mrs. John Douglas and Louise, Mr. and Mrs. Chas. Chambers, Mrs. H. A. Nichols and Miss Mary Sparks.

Announcing The R. E. Lee Oil Co. of Hansford County

This will inform the public that R. E. Lee, Agent for the Magnolia Petroleum Company products at Spearman, has leased the equipment of the Magnolia Company at Spearman, and will in the future conduct an Independent Oil company, handling ALL MAGNOLIA PRODUCTS as in the past.

IN MAKING THIS CHANGE Mr. Lee places himself in a position to purchase the nationally known Magnolia Products direct from the nearest refinery, and in open tank car prices.

Increases Payroll at Spearman

By making the change from Agent to Independent dealer, buying products direct from the refinery, the home organization diverts all the marketing cost to Spearman that formerly was distributed among divisional offices and headquarters. It not only means a possible saving in price to the local consumers, but will increase the number of people in Hansford county who receive money for distribution of Magnolia Products.

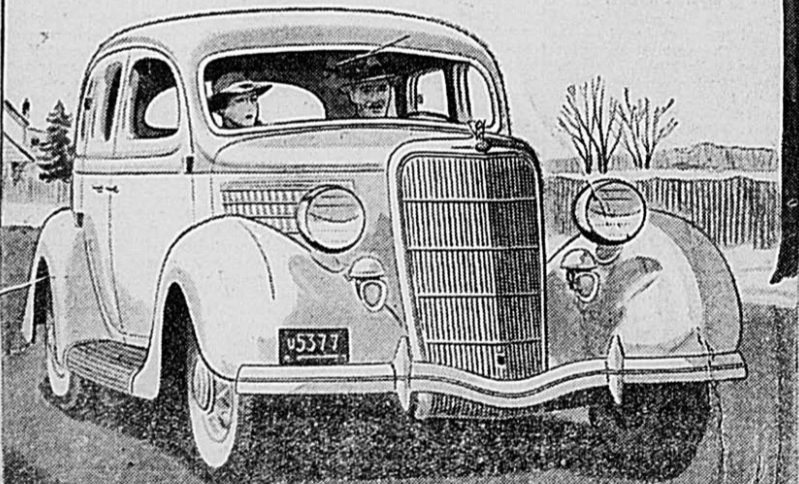

Asks Chance to Figure on Oil and Gasoline Business

The R. E. Lee Oil Company asks that the consumers give the Spearman office an opportunity to figure with them before making a purchase. We feel that we are in a better position to lower the cost of distribution than ever before. All we ask is that you give us a chance to figure on your purchases, whether it is one gallon or a thousand gallons.

Several Retail Outlets for Magnolia Products

Homer Harbour, W. L. Karr and Magnolia Service Station are retail outlets for Magnolia Products. These stations handle the Nationally known line of Goodyear Tires and Tubes.

MONEY TO LOAN
One of the most important duties of a bank is planning the use of the bank's funds available for loans. If money is not loaned the bank cannot stay in business. On the other hand, the bank must look to the future and make loans based on the borrower's ability to pay—otherwise it will not be in business long.

Borrowers should remember that a bank wants proof of ability to repay the money borrowed. Sufficient collateral alone does not always prompt a banker to say "yes" regarding a loan, because the basis of loans is not how much collateral one can pledge, but whether one can show a definite, reliable source of repayment with which to liquidate the debt. We would rather be able to say "Yes" than "No."

We haven't heard very much lately about the charges which were first voiced by Senator Borah of widespread waste and extravagance, if not actual misappropriation in the administration and disbursement of relief funds. As we understand it these charges were taken with some seriousness and Relief Administrator Harry Hopkins promised a thorough investigation. There is little use crying over spilled milk; or to use another homely old-fashioned expression, in locking the stable door after the horse has been stolen.

We do not profess to have any special information of particular instances of waste of public funds or of malfeasance on the part of those charged with distributing them; but we think we have a broad understanding of human nature to recognize the probability that a great deal of the Federal relief money, disbursed as it has been through state and county and local political bodies, did not get to its ultimate destination, the people who were really in need of help.

That is not to be taken as a criticism either of the Relief Administration or of any political party or organization or of anything but the human race as a whole. We do not believe it is possible in the present imperfect state of human nature, to suddenly entrust the distribution of enormous sums of money to individuals and groups who have had no experience in handling money and who have not been trained to a sense of trusteeship, without a great deal of that money sticking to the fingers of a good many of the people who handle it.

For that reason we think that it is a very wise decision on the President's part that Federal relief will from now on take the form of employing men on real work at real wages and putting it squarely up to the states to take care of those who cannot or will not work in any way.

Whether or not this will put an end to persons on relief driving up for their grocery orders in their Packards we cannot predict. At least, it will cease to be a national scandal and become a situation for each state and community to control for itself.

We do not wish to cast a slur upon any particular state, but we have noticed lately the report of one community in which in the past year some 80 babies and 102 hound dogs have been added to the relief rolls. We understand the Relief Administration has accepted the babies but has begun to draw the line at the dogs.

It is a pretty risky thing to expose most people to temptation.

International Sunday School Lesson

By DR. J. E. NUNN

Sunday School Lesson, Feb. 24.

General Topic: Peter Heals a Lame Man. Scripture Lesson: Acts 3:1-10; 4:8-12.

Acts 3:1. Now Peter and John were going up into the temple at the hour of prayer, being the ninth hour.

2. And a certain man that was lame from his mother's womb was carried, whom they laid daily at the door of the temple which is called Beautiful, to ask alms of them that entered into the temple.

3. Who seeing Peter and John about to go into the temple, asked to receive an alms.

4. And Peter, fastening his eyes upon him, with John, said Look on us.

5. And he gave heed unto them expecting to receive something from them.

6. But Peter said, Silver and gold have I none; but what I have, that give I thee. In the name of Jesus Christ of Nazareth, walk.

7. And he took him by the right hand, and raised him up; and immediately his feet and his ankle bones received strength.

8. And leaping up, he stood, and began to walk; and he entered with them into the temple, walking, and leaping and praising God.

9. And all the people saw him walking and praising God;

10. And they took knowledge of him, that it was he that sat for alms at the Beautiful Gate of the temple, and they were filled with wonder and amazement at that which had happened unto

him. Acts 4:8. Then Peter, filled with the Holy Spirit, said unto them, Ye rulers of the people, and elders,

9. If we this day are examined concerning a good deed done to an important man, by what means this man is made whole;

10. Be it known unto you all, and to all the people of Israel, that in the name of Jesus Christ of Nazareth, whom ye crucified, whom God raised from the dead even in him doth this man stand here before you whole.

11. He is the stone which was set at nought of you the builders, which was made the head of the corner.

12. And in none other is there salvation: for neither is there any other name under heaven, that is given among men wherein we must be saved.

Golden Text: Then Peter said, Silver and gold have I none, but such as I have give I thee. Acts

INTRODUCTION

"We see here what is the attitude of men who have received the Holy Spirit toward physical need and disability. They are concerned with it. They do not say that they are not called or endowed to deal with this thing, or that their concerns with men are exclusively spiritual. No man who truly follows Christ can say that. As surely as he sets out to bless men spiritually he will be up against their physical needs and distress, and if he will have nothing to do with their latter he will probably have no opportunity to do the former. We must take in the whole man, condition, circum-

stances and all, if we would help him spiritually." Charles Brown. "Preaching and charitable effort go hand in hand, like John and Peter on their way to the temple. The Christian church began with the outpouring of the Holy Spirit, stately observed the forms of worship, fearlessly preached the gospel, and exercised a ministry of help and charity by taking notice of the lame and needy in body." Philip Schaff.

A MIRACLE OF HEALING

We have had an illustration of the power of the Spirit in Peter's preaching. Here we see how that power enables the apostle to perform a miracle of healing. The power enables the apostle to perform. Does it mean that the inspiration of the Spirit is not to exhaust itself in dazzling light and noisy wind, in religious ecstasy, or even in religious forms but also goes on in the relief of human suffering and of sorrow. Jesus was a Healer, though healing was but a "side issue" of his ministry. Miracles seem to have been important, or even necessary in the early development of the church. Our Lord wants men to believe on him with out them, but if they will not, then "believe for the works' sake."

Peter Gave What He Had v. 6.

"But Peter said, Silver and gold have I none, but what I have that give I thee." The penniless man need not be destitute. He may not have silver and gold. He may not have houses and lands. But he may have what is worth infinitely more. He may claim possessions that is priceless. "All things are yours." The philanthropic man is willing to give what he has whether much or little and whether in one form or another. And the spirit of giving often counts for more than the size of the gift. Money is not the only measure of philanthropy. Perhaps the greater gifts are those which the moneyless can make.

"The world is not much interested in what men do not have or in what they do not believe or in what they cannot do. What have you? What can you do? What do you believe? These are the significant elements in any life. And what is still more to the purpose what do you mean to do with those gifts? If you are ready to give such as you have in the way that Peter did, then lame lives of all sorts can be set upon their feet and made to advance under their own steam." Charles R. Brown.

A Spirit-Filled Preacher, Acts 3:11

This was an excellent opportunity for Peter to preach Christ. Then as now it did not take long to gather a crowd, especially when something unusual happens. Seizing his opportunity Peter hastened to correct the wrong impression that existed in the minds of any who thought he had cured the lame man in his own power. God's glorified "Servant Jesus" whom they had put to death by faith in him had this lame man been made strong. It was, therefore, time for them to repent, to change their personal attitudes and way of living, so that their sins might be obliterated. That was the burden of the prophets from Samuel on. All that they had said was now a living and vital reality in the risen, triumphant Christ. But the Sadducees could not stand to hear preaching that had anything to say about the resurrection, especially the resurrection of Jesus whom they had condemned to death. Nevertheless many of the people believed, and the Christian community came to number about five thousand men.

The Second Sermon Of The Apostle Peter, Acts 3:12-26.

The Lord Jesus never performed a miracle but that, from the fact, he drew some spiritual lesson and placed upon those about him some tremendous truth. So likewise with the healing of this one man's physical infirmities. Now that a great multitude are about him, he is driven by the divine commission resting upon him, and the profound convictions abiding within him, to preach concerning the Lord Jesus Christ. "The speech is spiritual, it demands repentance. The hope held out is not that the hearer may depart and be with Christ; it is that Christ may return and be with him." —J. M. Stiffer. Notice the seven different titles by which Apostle Peter speaks of Christ in this chapter—the Holy One, the Just the Prince of Life, Christ, Jesus Christ, a Prophet, his Son Jesus.

Regular Church Attendance

"Now Peter and John were going up into the temple at the hour of prayer." v. 1. To us there is something strangely beautiful in these two spiritual giants making their quiet way to the place of public prayer at the appointed time. Evidently they felt that they could not afford to be without the strength that comes from public worship. Accordingly, we would observe that when everything has been said that can be said about worshipping God in private, in the out-of-doors, anywhere, the fact remains that public worship brings a satisfaction that cannot be found in any or all of these substitutes. For confirmation of this statement we would call to the witness stand any Christian who has neglected or is neglecting to attend regularly the services of God's house. Peter and John were on their way to public worship at

The Lesson in Life and Literature

Once, when Thomas Aquinas visited medieval Rome, he was shown through all the sumptuously furnished rooms of the Papal Palace. He became almost as much fatigued and dazed as the Queen of Sheba when she was dazzled with the riches of Solomon's kingdom. Then the Pope remarked to him by way of pleasure, "The Church cannot say in our times, 'Silver and gold have I none.'" Aquinas at once replied, "No, indeed; neither can the Church say now, 'In the name of Jesus Christ of Nazareth, rise up and walk!'"

A CHILD'S LAXATIVE SHOULD BE LIQUID

(Ask any doctor)

For your own comfort, and for your children's safety and future welfare, you should read this:

The bowels cannot be helped to regularly by any laxative that can't be regulated as to dose. That is why doctors use liquid laxatives.

A liquid laxative can always be taken in the right amount. You can gradually reduce the dose. Reduced dosage is the secret of real and safe relief from constipation.

The right liquid laxative dose gives the right amount of help. When repeated, instead of more each time, you take less. Until bowels are moving regularly and thoroughly without any help at all.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara, natural laxatives that form no habit—even in children. Its action is gentle, but sure. It will clear up a condition of biliousness or sluggishness without upset. Every druggist has it.

Many times people actually do better than they think they possibly can. We were proud of our attendance last Sunday, but we can do much better yet. We are not looking for nor do we want a very rapid growth, but we do want a slow, building growth. That kind of growth will go far toward making us a much greater power in the community.

The Homer Kellems Evangelistic party began a meeting at the Perryton Christian Church last Sunday. Everyone is invited.

Our regular services:
Sundays: Bible School 10 o'clock; communion and preaching, 11 o'clock; junior Christian Endeavor, 6:30; senior Endeavor 6:45; evening worship, 7:30.

LYNX Score a Thrilling Victory Over Ancient Rivals

SENIOR NOTES

We have had a very busy week. A number of tests were had. Typing students have been busy with speed tests preparatory to selection of the typists for county meet. Five seniors are in the one act play. In the corridor course conference reports are being made. The seniors were so perturbed today that it required two meetings to decide on the play for the party. Probably we will have the example of the Supreme Court's delay in giving us a decision. The second order of class rings are being made. We are paying our first installment on our diplomas. The Health nurse, Miss Bonson is examining the Seniors this week. We are rather a healthy bunch. There were several interesting games played this week. We did not ride to school in a boat as we did our last week's. The sandstorm absorbed the like a blotter. We are being you at the party today night. That is the spot this week.

PLANE GEOMETRY CLASS

Due to the illness of Mr. Word the 10:45 geometry class is slightly ahead of the 1:00 geometry class. We are now studying tangents to circles in geometry and we find it to be very interesting. Sometimes we disagree on some of the theorems in geometry, but we usually compromise on one method of proving the theorem. The 10:45 class has decided to have a test each Monday on the past week's work to find out how much we really do know about geometry.

JUNIOR NOTES

We Juniors are planning to have a class meeting Thursday at 3:15 and discuss our plans for our banquet and other affairs. We are glad to have Violet Hanners back with us after a week's absence. Next week is six weeks exams again and everyone is surely studying so that they will be on the honor roll. We wonder what would happen if Violet Hanners couldn't go to

HOW TO LIVE WELL BY GEO. WASHINGTON

Be courteous to all, but intimate with few, and let those few be well tried before you give them your confidence. True friendship is a plant of slow growth, and must undergo and withstand the shocks of adversity before it is entitled to the appellation. Let your heart feel for the afflictions and distresses of everyone, and let your hand give in proportion to your purse; remembering always the estimation of the widow's mite, that it is not everyone that asketh that deserveth charity; all, however, are worthy of the inquiry, or the deserving may suffer. Do not conceive that fine clothes make fine men, any more than fine feathers make fine birds. A plain, genteel dress is more admired, and obtains more credit than lace and embroidery, in the eyes of the judicious and sensible.—Taken from a letter by George Washington to his Nephew.

BOYS AND GIRLS WIN FROM GRUVER FRIDAY

Friday, February 15, the Gruver Greyhounds and Spearman Lynx met on the home court for the second conference game with them. Some brilliant basketball was displayed by both teams, and the score was close throughout the game. The Lynx won by a score. Some boxing matches were held between games, which were enjoyed by the spectators. The girls game as equally interesting with both teams playing good basketball. The Lynxettes held the lead throughout the game except in the last quarter at one time the score was tied. Spearman scored a free shot and a field goal, which made the score at the end of the game 14-11 in favor of Spearman.

BOYS WILL PLAY TWO GAMES WITH GRUVER

On Wednesday, February 20 the boys will play a basketball game with Gruver on the Gruver court and on Friday, Feb. 22, they will play here. The teams are now tied for the county championship, both having won one game each. These games will determine the winner.

GENERAL SCIENCE

Our class is now studying the science of Asmosis and Dialysis, or the way liquids and solids pass into the blood stream. This study is very interesting and we enjoy it very much. We have been studying foods and have just finished pickling a hog's heart. We are enjoying our science class and laboratory. That's all 'til further notice.

VOLEY BALL

The Home Economics IIB classes are enjoying a new electric sewing machine, which was added to their department last week. We want to thank the school board for this addition to the school department and assure them that we will use to try to make real seamstresses of ourselves. They will play volley-ball at Gruver, Wednesday night when the boys play basketball. Their aim is first to win the county and

SPEARMAN TEACHERS ATTEND STUDY COURSE IN PERRYTON WED. NITE

Sixteen Spearman teachers journeyed to Perryton every other Wednesday night to attend the extension course being given there by Dr. Doyle Jackson of Lubbock. They report that they are making an intensive study of curriculums past and present with idea in view of improving curriculums of the future.

FIFTH GRADE B

Last week in history we voted for governor. Tommy Howell, J. E. Gerber, Marilyn Snider and Delbert Mizar ran for the office. Delbert was elected. J. E. and Tommy turned all of their votes over to Delbert in order for him to win, but it was a close race. Delbert bet Marilyn 9 votes that 36 to 27 was the vote in favor of him. Phyllis Towse got the office of secretary. Next week we have our six weeks exams and we hope everyone will pass. We all think the year has passed swiftly, but we hope it passes more swiftly from now on.

AND ATHLETIC CLUB

you have not heard or informed, the Spearman School boys are starting a basketball and wrestling club and like to have more members. They are now studying tangents to circles in geometry and we find it to be very interesting. Sometimes we disagree on some of the theorems in geometry, but we usually compromise on one method of proving the theorem. The 10:45 class has decided to have a test each Monday on the past week's work to find out how much we really do know about geometry.

WORD BACK IN SCHOOL AFTER ILLNESS

NOTED DESIGNER STYLES CUBAN FILM COSTUMES

Although Travis Banton, famous Hollywood stylist, designed only the gowns worn by Carol Lombard, George Raft's co-star in "Rumba," coming to the Lyric Theater Sunday and Monday, the balance of the cast did not want for expert aid on their costumes. Senorita Lily Del Barrio, one of Cuba's leading artists, was engaged by Paramount to create the Cuban costumes worn by the other members of the cast.

Daughter of Manuel Del Barrio, Cuban artist and attorney, the Seniorita was born and reared in Havana, but learned the art of costuming in New York where she was educated. More than fifty original designs by Senorita Del Barrio are used to costume the players in "Rumba." Margo, the petite Mexican dancer, Lynne Overman, Monroe Owsley and Iris Adrian head the cast of supporting players. Marion Gering directed.

DON'T NAME IT—

assumed my title of "Honesty" I have decided to go into the weather profiteering in a big way. As a starter I sold R. L. Porter \$10.00 worth of advertising and if it rains or snows to the extent of 3-4 of an inch moisture during the next fifteen days I collect. If it don't, I figure I couldn't collect anyway—and I agreed to give him the advertising.

There is a whole lot more than you think in a name or title. This week the show "Lives of a Bengal Lancer" was carried at the local theatre. I thought a Bengal Lancer was a sort of a head hunter in dark africa, and sure did not care about seeing the show. It was one of the best shows I have ever witnessed. I feel sure more people of Spearman would have attended if they had realized what a fine picture was showing.

P. S. If you don't know what a Bengal Lancer is, ask Wright at the Theatre.

Marion Glover and Slim Windom got so much razzing about the famous '66 basketball team that was defeated 77 to 14 by the Spearman Eagles, that they are afraid folk will compare Phillips gas and oil with the basketball team. Fact is several of the cash customers at the basketball team ask the local boys if the gasoline didn't have any more pep than the '66 basketball team. The boys have explained the matter in a paid advertisement in this issue of the Reporter. Look it up—and do not forget that one of the Eagles is a Phillip 66 man—Slim. He helped quite a bit in defeating the famous Amarillo team.

Somebody that understands windmills come up and give me a bit of advice. Just when I was figuring on irrigating about 75 feet of my big farm something goes wrong with my water supply. The dam burned old wind mill had been screaming so much that we had to close it off at night so the neighbors could sleep. This left only day time production for my water supply—then Mrs. Lester McLain sent word over by Billie that if I didn't oil the windmill she would have to turn out school. I cut er off and climbed up to oil out the wrinkles—and I had hardly got my balance up in the air when the wheel started and scared me out of a year's growth. Delon Kirk came down to the house and oiled up the mill until it glided thru the air with the greatest of ease—and not a single sound—but now it works like a charm but doesn't pump a drop of water. What's wrong, I gotto get this corrected before Mayor Cooke gets a head start in our garden contest.

McClellan, Mr. and Mrs. Ben Harris and sons, Mrs. R. D. McClellan and children, Mrs. A. P. Wallin, Mrs. Clinton Wilson, Mrs. R. H. Browder, Mrs. E. M. McClellan, Mrs. Buster Cator and baby, Mrs. F. R. Wallin and son, Mrs. Ken Wilmeth.

Those coming in the afternoon were: Mrs. L. S. McClellan and Mrs. Walter Wilmeth of Spearman, Mrs. J. H. Gruver, Mrs. L. H. Gruver, Mrs. P. B. Higgs, Mrs. G. E. Tyson, Mrs. Guy Reed and son Mrs. W. L. Broadhurst and daughter, Mrs. O. V. Walker, Mrs. Paul Reynolds, Mrs. Daisy Celsor, Mrs. W. N. Fletcher, Mrs. Gay Fletcher and sons, Mrs. E. G. HEADLINERS

Arnold Wilbanks Marries Just when everyone began to look on him as a "has been", Wm. A. Wilbanks, alias the Cat's Eye, upset all dope and threw the town in an uproar by announcing the fact that he was actually married. Folk have long sung the praises of this dashing young 'knight of the sofa' and he has served as an example and inspiration to many a younger lad, but of late, people have erred by taking the attitude that he was merely a great man in his day. Champions in all lines of sport have repeatedly proven that they can come back, but wise dopsters will always remain dubious.

unting strains of the "Flower Song". Interment will be in a home at 507 N. Hedgecocke, Berger, Texas. Arnold leaves to mourn his loss Bill Burran, Butch Hale, Happy McMurray, Herb Campbell, and Thug Jenkins, the last of the "home guards" besides a host of feminine friends and admirers.

I CAN'T TELL A LIE

Inspired by the example set by the pater of our country, Geo. Washington, and overcome by the spirit of this the anniversary of his birthday may I take this opportunity to elucidate just how I stand in reference to certain happenings and individuals.

When I complimented Carl Meek and Hap McMurry on their skill like a true gentleman, after they had won 2 steak dinners from me on the 7th green of the Perryton Golf course: I didn't really mean it.

That joke of Variety Smith's I laughed at so boisterously the other day: Bob Baley told me that one in 1926, but I had already heard it before.

I really didn't go to Gruver to see the basketball game last Tuesday night.

If Happy and Thug should get in the Marines, as planned, I think it's a good place for them. The French Legion would be better, though.

For fear somebody believed me when I said that terrible commotion was a customer trying to get out of Sid Clark's barber chair; it was really that dry cleaning extractor shaking down the back of the tailor shop.

To the business men who so kindly listened to me while I told of a certain merchant who more than doubled his sales by simply inserting a 3-inch ad in the Reporter; that was my own idea. I can't tell a lie.

The happy groom snapped down at Smokey Joe's place, just prior to the ceremony.

The bride, barring this one flighy moment, seems to be a very sweet and sensible girl. She was very strikingly attired in a dress shoes, and hose. The groom was immaculately clad, as usual, in his thread bare black suit of three years come next grass. They lightly tripped (you know Arnold) down the aisle to the soft and ha-

PHILLIPS 66 GASOLINE HAS MORE PEP THAN 66 BASKETBALL TEAM ...

Don't judge Phillips 66 Products by the score made when the basketball team played the Spearman Eagles. We admit that the basketball team looked sick. But remember, the Spearman Eagles are like Phillips 66 Products—Leaders in their respective fields.

You will likely find as much difference between Phillips 66 Products and ordinary Gasoline and Oil as you do between the Eagles & Phillips team—in other words a ratio of 77 to 14—the score of the basketball game.
