

1-2 Cent Subsidy Fixed By Wallace On Cotton Exports

Program Goes Into Effect On Thursday

Agriculture Chief Is Hoping To Double Sales Abroad

WASHINGTON, July 22 (AP)—Secretary Wallace announced today the government would pay exporters a bounty of 1½ cents a pound on cotton sold abroad under a subsidy program designed to regain for the United States its "fair share" of world markets.

On Cotton Goods Also An equivalent payment will be made on exports of cotton goods processed in this country.

Wallace reserved the right to decrease or increase the rate if such a change is "regarded as essential to the success of the program."

The program will become effective at 12:01 a. m., Eastern Standard Time, Thursday, July 27, and payments will be made on cotton sold for export on or before June 30, 1940.

The purpose of this export program, Wallace said, "is to assure the United States its fair share of the world trade in cotton and to do so by restoring the normal competitive position of American cotton in world markets."

Exports for the season closing July 31 are expected to total about 2,400,000 bales, the smallest in 60 years. Wallace did not state what he thought this country's "fair share" should be but estimates said he hoped to sell between 6,000,000 and 7,000,000 bales abroad during the next 12 months.

The rates of payment on cotton goods exported will range from one cent to 2½ cents per pound, net weight, depending upon the character of the goods.

The cotton export program is the second of its kind inaugurated within the past 12 months by the agricultural department to increase sales of surplus American farm products abroad. Last August, the government started payment of bounties on wheat exports. Since that time, it has paid a bounty averaging 27.4 cents a bushel on 93,000,000 bushels sold to foreign buyers.

Officials attribute the sharp drop in cotton exports in recent years in part to the governmental policy of making loans to growers at rates above world prices. As a result, American cotton has tended to flow into loan stocks, now totaling 11,300,000 bales, instead of into export markets.

Wallace said the bounty payment should "offset existing price disparities" and maintain American cotton in a competitive position throughout the season.

"From the standpoint of the entire country," he said, "the importance of this program cannot be over emphasized. The retention of the export market for cotton is necessary if we are to avoid painful and costly adjustments in the South and elsewhere."

Wallace expressed hope that the need for making export payments will be a temporary one.

"In my opinion, one way to make such a program temporary would be the conclusion of an effective and equitable international cotton agreement," he said. "I am certain that the United States will do all in its power to bring about such an agreement. Meanwhile, other countries may be assured that this country has no intention of precipitating mutually injurious price competition in the world cotton market."

100-Degree Weather Prevails Over State

By the Associated Press
Hundred-degree weather and above continued over a broad area in Texas Saturday.

Texarkana had 110 degrees, Galveston 108, Hillsboro 107, Fort Worth 105, Dallas 104, Austin 100, San Angelo 100, Tyler 100, Houston 96.8, and Besumont 94.

Ike Sloan, Hillsboro negro, died of heat prostration. It was the second hottest day of the year both at Hillsboro and Fort Worth.

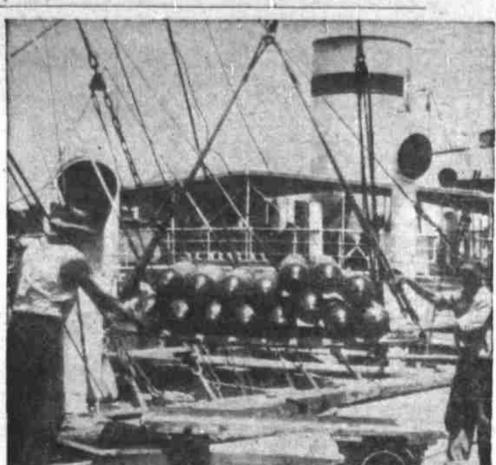

A cooling shower broke the heat at Palestine.

Joe Pickle Reviews The Big Spring Week

Our off hand observation is that parallel parking has done wonders for Third street. Although it has frightened some into parking elsewhere and has reduced the potential parking slots by about half, it has made a remarkable improvement in traffic conditions. It has been suggested that as more people become accustomed to that type of parking, that the time limit be reduced still further so that space may be available at all times.

As for us, the two hour limit ought to be lifted, for it takes us about that long to get into and out

TEXAS HELIUM SENT TO POLAND

The Norwegian steamer, Vigrid, is shown above taking aboard 300,000 cubic feet of helium at Houston, the first of 500,000 feet being sent to Poland from the United States plant at Amarillo. It will be used in stratosphere test flights.

Smallpox Vaccination To Be Required Of Students

Vaccination against smallpox will be a requirement for enrollment in the Big Spring schools this year, patrons were reminded Saturday.

W. C. Blankenship, superintendent of city schools, called attention to a board ruling passed near the conclusion of the last school term. An outbreak of smallpox, amounting to around six cases, prompted the board to take action against any possible epidemic in the schools.

Not only will students be required to show vaccination certificates, but also teachers, administrative officials and any employee of the school district.

The superintendent pointed to the new ruling since many who have not yet had their children vaccinated may wish to do it now so that effects of it will be over before the start of school, possibly the first week in September.

Those who have had vaccinations previously may go to their family physician and get their certificates. Those who possess natural immunity by virtue of having had the disease should obtain a certificate to that effect.

Man Kills Wife Then Suicides

ODESSA, July 22 (Sp)—M. C. Hughes, 37, fatally wounded his estranged wife and then fired two shots into his head at Goldsmith, Ector county oil town, tonight.

Mrs. Hughes died enroute to an Odessa hospital. He died instantly.

Justice of Peace Randolph Gillipie, who returned a verdict of murder and suicide, said that witnesses saw Hughes appear at a skating rink window and fired one shot that took effect in the head of his wife. He then pumped two bullets into his own head.

The couple was married eight months ago, and recently Mrs. Hughes, 37, filed suit for divorce against her unemployed husband.

No funeral arrangements had been made here tonight.

Appeal For Books For Library At State Hospital

In an effort to establish a library at the Big Spring State Hospital, an appeal is being broadcast for good books and good magazines to be donated by local people.

Mrs. Roy T. Earnest, who is backing the move, has volunteered to pick up the books, if those having books to donate will call 526-J. Other books or magazines can be brought to her home at 710 Gladiol.

Bill Johnson is aiding Mrs. Earnest assemble the library and the hospital authorities have asked that the books be of good quality and high type of literature.

EXONERATED DALLAS, July 22 (AP)—The Dallas county grand jury today exonerated Mrs. Joyce Honeycutt who had been charged with murder in connection with the fatal shooting of her husband, C. W. Honeycutt, at their home here June 19.

NEW OIL COMPANY ORGANIZED HERE

A new oil production company made its appearance here last week with the granting of a charter to the Western and Southern Oil Corp. of Big Spring.

The concern is capitalized at \$60,000 and has taken over a producing lease west of Lee's Store on the Howard-Glascock county line. In addition to producing, officials of the corporation plan further development.

E. E. Winger is president of the unit and R. M. Huff is secretary-treasurer and general manager. James A. Duckett, Vernon, is listed as vice-president.

Approval Seen At Early Date On Water Item

Work Progresses On Dams; Job 90 Pct. Complete

With the original half million dollar PWA waterworks project 90 per cent complete, possibility of early approval of an amendatory \$46,000 application was seen Saturday.

E. V. Spence, city manager, said on his return from Washington D. C. that he was encouraged by results of his attempt to expedite action on the application and that he believed that "in due time an allotment will be forthcoming."

He qualified his "due time" phrase by adding that it was possible that action would be taken in time to effect "pipe work under paving that is to be done on South Gregg street." Contract for this work is expected to be let when the state highway commission considers the No. 9 south road job in its August meeting.

An early allotment to cover the amendatory application would permit the starting of work on its various divisions in time to complete the work around September 15, the original scheduled completion date for the major project.

At Washington Spence cited the need for additional water storage, since the application includes a 1,000,000 gallon reservoir, necessity of the additional appropriation to give the project "complete usefulness," and urgency due to the potential Gregg street paving job. Among items in the application are the reservoir, moving mains to Gregg street, a caretaker's cottage at the Moss creek lake and three reservoir tanks.

Meanwhile, work went forward at a rapid pace on the city lake job. O. N. Key, PWA engineer inspector, said before leaving on his vacation Saturday that the entire project was 90 per cent complete and that the dam operations were 75 per cent complete.

All dirt work on the Powell creek job is finished and Key anticipated completion of dirt moving at Moss creek by August 1.

With a gravel blanket on place, rip-rapping is being started on the Powell creek structure. At Moss creek, emergency spillways are virtually complete. Service spillway shafts of both dams are yet to be completed. Height of the Moss creek dam is to be raised one foot to add to spillway capacity to protect against maximum flood flow.

A. W. George, traveling PWA engineer, inspected the project during the past week, expressed satisfaction with the rate of progress and was astonished at the rapidity of the dirt work.

During Key's absence, Bill Kay, resident PWA engineer inspector, will be in charge for the Public Works Administration.

Old Settlers O'Daniel Is At Halfway Mark

Pioneer experiences, some of them reaching back half a century, will be relived here Friday when the 15th annual Howard County Old Settlers-reunion is held at Cottonwood park, one mile east of the city.

Scores of old timers and their families are expected to gather for the one day event which features an abundance of visitation, a picnic lunch, and old fashioned dances.

All who were in Howard county prior to 1910 and their families are eligible to participate in the celebration. Pioneers of Dawson, Martin, Glascock and Borden counties also are being invited to join in the reunion since most of them did business in Big Spring at that early date.

There will be some extra food to supplement the banquet luncheon brought by the old settlers. Those who wish coffee were reminded once again to bring their cups.

In the evening, old time dancing to the tune of Bill Thompson's string band, will be held on a new 60-foot platform installed for the occasion.

Officials of the Old Settlers association are B. F. McKinney, president; T. J. McKinney, vice-president; Mrs. A. L. Nelson, secretary; and Mrs. Sallie Coats, assistant secretary.

AAA COMPLIANCE CHECK PROGRESSES

Checking for compliance under the 1939 AAA program moved up another notch during the past week as A. W. Heckler, county performance supervisor, announced the task was 77 per cent complete.

The completion figure was raised 10 per cent during the six-day period, although some field reporters were retained in their work. For the week 366 farms, two less than the previous week, were checked with an area of 16,628 acres.

This brought the total to 826 farms and 121,567 acres checked. Heckler has found the work accurate in 46 spot checks. The administrative cost now a tenth of a cent during the week to 17 cents per acre.

Britain Denies 'Appeasement' Discussions

Indications Exist, However, That Talks Are Going On

LONDON, July 22 (AP)—The British government disowned today any connection with widely reported appeasement discussions with Germany while some political quarters said they sensed dangerous implications in nazi predictions of a peaceful Danzig settlement.

"Fantastic" A foreign office spokesman called "fantastic" reports published here and abroad that preliminary negotiations already were in progress looking to a general European settlement, such as Prime Minister Chamberlain has talked about.

Yet there were strong indications that whether or not they had attained official status or reached the negotiating state, discussions were going on in important political quarters on possible terms of a long-range agreement to satisfy Germany.

Some members of the government, including Chamberlain, were understood to be aware of the discussions but held this was not a favorable time to put an official stamp on them.

Indignant official denials that any appeasement overtures had been made or were contemplated in the near future were based largely on the fear it was believed that Germany might interpret the reports as a sign of weakening in the British position.

Some observers saw indications of such a German interpretation in a Berlin foreign office spokesman's confident forecast yesterday that the Danzig dispute would not lead to war and that Britain would bring pressure on Poland eventually to let the Free City rejoin Germany.

Government quarters also stressed the possible harmful effects on British-French negotiations with Soviet Russia for a mutual assistance pact as the result of any indication Britain was trying secretly again to appease Germany.

Menacing features also were found in the German statement by some political and diplomatic observers who attached the most importance to the reference to "the possibility of a non-peaceful solution" of the Danzig problem.

Against the background of the lagging efforts for a British-French-Soviet mutual help agreement Moscow diplomats also weighed the possible significance of a resumption of trade negotiations between Russia and Germany. One possibility was that the resumption was Russia's gentle warning to London and Paris to conclude the three-power pact on her own terms.

Man Kills Wife Then Suicides

ODESSA, July 22 (Sp)—M. C. Hughes, 37, fatally wounded his estranged wife and then fired two shots into his head at Goldsmith, Ector county oil town, tonight.

Mrs. Hughes died enroute to an Odessa hospital. He died instantly.

Justice of Peace Randolph Gillipie, who returned a verdict of murder and suicide, said that witnesses saw Hughes appear at a skating rink window and fired one shot that took effect in the head of his wife. He then pumped two bullets into his own head.

School Apportionment To Be Decided Monday

AUSTIN, July 22 (AP)—The state board of education tackles one of its biggest tasks Monday, that of determining the 1939-40 state per capita school aid apportionment.

Indications are the figure will be established at \$22 or \$22.50 and, if so, important developments will follow.

The automatic tax board probably will meet several days later and fix the state ad valorem tax rate, currently 49 cents, for all purposes.

Should the education board choose the maximum or even a \$22 apportionment the current ad valorem tax rate for school purposes, 7 cents on the \$100 valuation, would have to be raised, possibly to its constitutional maximum of 35 cents.

The tax board has no choice other than to maintain the maximum 35 cent tax for general fund purposes and 7 cents for the Confederate Veterans' pension fund because both accounts show big deficits.

Estimates are there will be \$3 or \$4 unpaid on the current \$22 apportionment when the fiscal year ends Aug. 31. The amount of the tax for schools will depend largely on whether the tax board determines to do all it can to eliminate the deficit.

The education board's duty is limited to establishing an apportionment sufficient to operate schools for a six-month period.

CAA To Aid On Airport Plans

The Civil Aeronautics Authority has accepted an invitation to confer with city of Big Spring officials on a master plan for the municipal airport.

Charles I. Stanton, director of the bureau of airways, CAA, said that his agency would join in the drafting of a long-range plan for the port. He plans to send a Captain Smith here soon to make a study of the port, according to E. V. Spence, city manager, who returned Friday night from a week in Washington.

Spence also conferred with A. D. McMillan, chief of the airport section, concerning the plan. Following a parley with D. M. Little, aeronautical division of the weather bureau, the manager expressed the belief that the weather bureau plan for Big Spring would be retained despite an appropriation slash.

While in Washington, Spence talked with W. A. Mendenthal, director of the U. S. department of interior geological survey, concerning topographical maps of this section. Although the work is now in the pencil stage, Mendenthal assured Spence that photostatic copies of the work would be available for the projected flood control survey of this particular area. The manager also talked with O. E. Meinzer, geologist in charge of the division of ground waters, who made a study of the local situation here last year.

PRES. ROOSEVELT GOES ON CLAMBAKE

HYDE PARK, N. Y., July 22 (AP)—Shoving aside a batch of communications from Washington and the responsibilities of his office, President Roosevelt motored tonight to the estate of Secretary Morgenthau near Fishkill for a carefree evening at an old-fashioned Dutchess county clam bake.

The secretary had invited in some friends and neighbors, members of the presidential party from Washington, and the weekend guests of the Roosevelts-Archibald Mac Leish, librarian of congress in Washington, Mrs. Mac Leish and Alexander Woolcott, the writer.

The president had spent a quiet day at his home.

HEREFORD EXHIBIT DATES ARE CHANGED

DALLAS, July 22 (AP)—Jack Frost, oil man and rancher, announced today the annual fall exhibit of the American Hereford Association had been changed from Kansas City to the State Fair of Texas at Dallas Oct. 7 and 22.

Frost expressed belief that the swing of the Hereford breeders to the State Fair will help bring exhibitors of other breeds into the show.

Gives Officers Statement On Gambling Row

Leland King Claims Spur Resident Had Threatened Him

PORTALES, N. M., July 22 (AP)—Assistant District Attorney C. M. Compton, Jr., announced today that Leland King, 22, of Blackwell, Texas, had signed a long statement admitting having fought last Saturday night with Walton Dickson, elderly resident of Spur, Texas, found fatally beaten near Holbrook, Ariz. Tuesday.

Father Hears Statement Dickson, 64, died in a Holbrook hospital a short time after he was found near Highway 66, a few miles from the Arizona city.

King's statement was made in the presence of Compton, Sheriff R. L. Hollis and I. A. King of Blackwell, the youth's father.

Compton said the youth told of engaging in a dice game with the elderly Texan at a point on the road near Holbrook. The game led to an argument in which Dickson demanded the return of his money losses, the statement said.

When he refused, the youth continued, Dickson "drew his gun on me and was going to make me give up the money or kill me, and I hit him over the head with it and knocked him out of the car."

"Then I left and went to Holbrook and caught the bus back to Albuquerque Sunday morning and bought a ticket in Albuquerque and went to Clovis."

From Clovis, he told the officers, he went on to Elida, N. M., where he was arrested Wednesday after residents notified officers they had seen him last Saturday with a man resembling Dickson's description.

The youth's 10-page statement was taken down by officers after his father had pleaded with him for a factual account of what happened.

The suspect's statement said he and Dickson picked up no one on their travels which began when they met at Lubbock, continued through New Mexico cities and ended near Holbrook.

Asked by Compton how many times he thought he had struck Dickson, the youth answered, "not over three."

"Did you strike him with anything except the butt of the pistol?"

"No, sir, nothing except my fist. I was mad, and I don't know just how many times."

He said he threw the pistol over a fence to the right of the highway and left Dickson who, he said, was on the ground, on his knees, with his hands on the car running board.

"Fling to get up."

"Fling to get up," he walked into Holbrook, where he arrived shortly before daylight and that he had "close to \$60" of Dickson's money left after buying his bus ticket.

Sheriff Dan Divilbess of Navajo county, Ariz., is expected to reach Portales Sunday, Compton said, and the youth's statement will be turned over to him before Divilbess returns him to Arizona.

Flames Threaten Ward Building Of Austin Hospital

AUSTIN, July 22 (AP)—Fire of undetermined origin leaked dangerously for a few minutes today at the roof and beams on the old North hospital for the insane.

The flames were quickly extinguished by seven fire companies as 283 patients fled calmly from the three-story structure, one of the oldest in the hospital group.

There were no bed-ridden inmates in the dormitory and damage was confined to the top floor and cupolas.

Supt. C. W. Standifer said repairs would not interfere with continued use of the building. He expressed an opinion the fire might have originated from electric wiring.

Sen. Byrd The Critic Spending Plan Rapped

WASHINGTON, July 22 (AP)—Senator Byrd (D-Va.) frequent critic of administration fiscal policy, said tonight that President Roosevelt's lending program "is a spending scheme masquerading as a lending scheme."

Byrd attacked the program in a statement after the senate banking committee had approved \$1,400,000,000 of lending for such projects as roads, railroad equipment, public works and elimination of farm tenancy. Mr. Roosevelt originally suggested a \$2,800,000,000 lending plan. The committee reduced the total by \$400,000,000 and then added \$400,000,000 for reclamation projects in the West.

Republicans had asserted they would attempt to make additional reductions, but the committee approved the legislation in an unusual Saturday session without further reducing the total.

Maids, Mirth And Melody In Jack Benny's New Picture

'Man About Town' Headlines Ritz Program

The one and only Jack Benny is at his gagging best, Dorothy Lamour sings and provides romantic interest, Edward Arnold is a business tycoon who menaces Jack's romantic plans, charming Binnie Barnes provides romantic by-play as his neglected wife, twenty gorgeous Petty Girls parade through a fabulously beautiful harem sequence, three new hit songs are sung by various members of the cast—in fact, it would take an adding machine to tabulate the attractions of the "Man About Town," the new comedy with music, which Paramount will present today and Monday at the Ritz theatre.

As if that weren't enough, "Rochester," making his screen debut with his radio chief, comes through with two eccentric dances which are being rated as nothing short of sensational. And the world-renowned Merle Abbott Dancers are being hailed as nothing short of amazing in the big harem sequence of his previous pictures in that it gives

The new Benny film differs from Jack a better chance to play his natural, gagging self. The story written by Morris Ryskind, author of "Man About Town" and "Stage Door," of such screen successes as "My Sister Sam" and "The Sign of the Cross" is laying plans for presenting his show in London.

The amorous nonsense, the farcical situations start to pile up when Jack finds that the singing star of the show, Dorothy Lamour, is cleaving to his orchestra leader, Phil Harris. Lacking the amoral aplomb of a Casanova, Jack turns to his valet, Eddie "Rochester" Anderson for advice. "Rochester" suggests that Jack rouse a little jealousy in Dorothy.

Jack, gagging along in his best style, manages to meet Binnie Barnes, charming lady of the English nobility, whose husband, Edward Arnold, neglects her. Eventually she invites Jack down to her country home. When Edward Arnold starts to suspect that Jack is interested in his wife, the picture hits an even faster farcical pace.

Three new songs, already in the hit class, are offered in the picture. Dorothy Lamour sings "Strange Enchantment" and "That Sentimental Sandwich," by Frederick Hollander and Frank Loesser. The other number is a novelty tune, "Fidgety Joe," by Matty Malneck and Loesser.

The supporting cast also includes Betty Grable, E. E. Clive and Matty Malneck and His Orchestra. Mark Sandrich directed.

MR. BENNY GETS ATTENTION

Jack Benny, the suave gentleman of radio who usually gets some sort of attention from the ladies, here attracts beautiful Betty Grable, one of the many beautiful maids who appear with Benny in his latest picture, "Man About Town." The picture is at the Ritz theatre today and Monday, and promises entertainment in the way of gags, girls and music. Others in the cast are Dorothy Lamour, Edward Arnold, Binnie Barnes, Phil Harris, and Benny's radio stooge, Rochester.

Beautiful Scenes Characterize Show At Casa Manana

FORT WORTH, July 22—Memories of the days when the minstrel show was at the height of its glory is revived by one of the lavish scenes in the 1939 Casa Manana Revue which opened Friday night for the summer's run.

The scene shows the arrival of the A. G. Fields minstrel troupe in Fort Worth in 1891 for an engagement at the famous old Greenwall Opera house. Ray (Rubberlegs) Boger, America's funniest dancer, plays the part of George Primrose, one of the immortals of minstrel days. Songs and costumes of many years ago feature this nostalgic number.

Even more impressive is the finale, the Sun Valley Winter carnival. Frances Langford, No. 1 singer of the air, is a star of the revue and the Russ Morgan and his orchestra ("Music in the Morgan manner") are heard. Featured also are Bob Williams and Red Dust, Adele Inge and Maurice's Music Masters. There will be six hours nightly of music, dancing and entertainment in the outdoor cafe-theatre which seats 3,500 and has the world's largest revolving stage and the most elaborate lighting equipment of any theatre on earth.

Approximately 100 trustees, patrons and administrators from 11 school districts or the county turned out for the first meeting of the Howard County Trustees association at Richard Friday evening.

Dr. Harris M. Cook, dean of men at WTSO in Canyon, made the featured address, outlining the duties of trustees to the schools, to the teachers and to the community. He also listed a similar group of responsibilities for teachers.

Others who made brief addresses were Dorsey B. Hardeman, representative of the 91st legislative dis-

Alcatraz Film Featured At The Queen

'They All Came Out' Another Story Of The Underworld

Showing Alcatraz penitentiary for the first time in history, "They All Came Out," dynamite-packed drama of life in the federal penitentiaries, plays today and Monday at the Queen theatre with Rita Johnson and Tom Neal heading a strong cast.

Produced with the cooperation of the United States government, the new picture tells a gripping story of the underworld from a fresh angle. It shows the treatment of the country's most desperate criminals at Alcatraz, a rocky island on San Francisco bay which accommodates the famous escape-proof penitentiary. It traces the life of a gangster, a young man and first offender, through the industrial reform institution operated by the government at Chillicothe, Ohio. It shows the inner workings at the federal penitentiary at Atlanta, Ga., the medical and insane treatments at Springfield, Ohio, and many other places.

How the classification board, which passes on every federal prisoner to decide his fate while serving his sentence, operates is a highlight of the drama. The electrical "gun detectors," the double control doors that make a prison break impossible, and other details are disclosed for the first time in history.

Jacques Tourneur directed the picture as the first screen director ever admitted on "The Rock." Miss Johnson, last seen in "Stronger Than Desire" and remembered for her work in such prison dramas as "6000 Enemies" and "Within the Law," has the feminine lead as the gangster's moll, Kitty. Tom Neal, who also scored in "Within the Law," is this time seen as Joe E. Cameron, a convict who goes through the reform process at Chillicothe. Others featured are Bernard Nedell as an intractable gangster, who finds his last "round up" at Alcatraz, Edward Gargan, Frank Gallaudet, Addison Richards, Frank M. Thomas, George Tobias, Ann Shoemaker and Charles Lane.

School Group Hears Talk By Dr. Cook

Approximately 100 trustees, patrons and administrators from 11 school districts or the county turned out for the first meeting of the Howard County Trustees association at Richard Friday evening.

Dr. Harris M. Cook, dean of men at WTSO in Canyon, made the featured address, outlining the duties of trustees to the schools, to the teachers and to the community. He also listed a similar group of responsibilities for teachers.

Others who made brief addresses were Dorsey B. Hardeman, representative of the 91st legislative dis-

IN PRISON DRAMA AT QUEEN

Another film story purportedly showing what goes on inside famed Alcatraz prison is "They All Came Out," which plays today and Monday at the Queen. Included in the cast are these players: Tom Neal, Bernard Nedell, Edward Gargan and John Gallaudet.

'Chance Of A Lifetime' Comes To Composer, Soloist On Broadcast; Other KBST Features Listed

An unusual departure from his established program custom will be made by Josef Cherniavsky on the next "Summertime Concert" broadcast, to be heard over station KBST, local TSN affiliate, at 4 p. m., Sunday.

In addition to the "Chance of a Lifetime" soloist, the program will present a "Chance of a Lifetime" composer. The soloist is Richard Carpenter, young pianist and the composer is Mrs. Eleanor W. Lion, who until two years ago never had written or played a note of music. The broadcast will mark the first radio performance of her "Variations for Orchestra on an Original Theme."

Richard Carpenter has chosen for his network appearance the familiar "My Joy" by Chopin-Liszt, and Dohnanyi's "Rhapsody in C Major."

KBST is presenting the Bob Jones series of sermonettes on Sunday mornings. Second in the series will be heard today, its title being "Ye Are the Light of the World." Bob Jones is an internationally known evangelist and founder of the Bob Jones college at Cleveland, Tenn. His inspirational messages will be broadcast at 9:30 a. m. Sundays.

Attention, sports fans: The actual sports commentator, Stan Lomax, is back on the air over KBST every Sunday afternoon from 5:45 until 6 o'clock. The Lomax sportscast is newsy, authentic, delivered in interesting fashion.

A salute to the wool and mohair industry and a program of plains country will be featured on the "Texas Hall of Fame" program Sunday.

In presenting "Texas Hall of Fame," the electrical industry of Texas is giving weekly salutes to major industries in the state. The program, originating in TSN studios at 1:30 p. m., is carried locally by station KBST.

The wool and mohair salute will relate how sheep and goats in early Texas were "anathema to the boot-ed and spurred cowboy who drove his herds of longhorns up the Chisholm trail to the rail-heads in Kansas," and how today they constitute one of the major sources of revenue for Texas.

A review of the present European situation will be given by Dr. S. D. Myres, Jr., of Southern Methodist

university, on the seventh "Current Affairs Forum" to be heard over station KBST and the Texas State Network at 3 p. m. Sunday.

Dr. Myres is director of the Institute of Public Affairs, Dallas, under whose auspices the "Current Affairs Forum" broadcasts are presented.

A special concert arrangement of Cole Porter's "In the Still of the Night" with an interpolation of Chopin's "Nocturne," played by Zelman Brounoff, eminent TSN violinist, will highlight the "Sunday Revue" at 7 p. m. Sunday on station KBST. A second artist to be featured on the Porter number is Russ Lamb, the "Voice of Romance."

The "Sunday Revue," a one-hour show brings together every Sunday night most of the top musical and dramatic talent of the TSN staff. A regular feature is a short play in a "Truth Is Stranger Than Fiction" series, presented by the TSN players. This week's play will be titled "The Cleansing Fire" and will tell the story of an avenger who follows his prey through many years and many lands finally to end his search in modern, sophisticated New York.

Two more names of note will be signed to the "Author! Author!" guest book Monday when Konrad Bercovici and Thyra Samter Winslow gather around the MBS mike with S. S. Perelman and Ellery Queen for another session of story telling.

"Author! Author!" one of the brighter programs on the air today, is a weekly presentation of station KBST through MBS-TSN and is heard at 7:30 p. m.

Lone Star Chevrolet Announcing MID - SUMMER USED CAR SALE

One of the cleanest, most complete stocks of used cars in Big Spring is offered at prices you can afford to pay with terms to suit your desires.

All Makes - Models OK 75 Well Conditioned Cars and Trucks To Choose From.

THINGS YOU SHOULD KNOW ABOUT US—

Lone Star Chevrolet has been in Big Spring over two years and expects to be here for a great many more years serving the good people of this vicinity both fairly and efficiently. This is our first sale since our establishment in Big Spring.

Our slogan "WHEN YOU'RE PLEASED, WE'RE HAPPY" is entirely sincere and has come to be recognized as indicative of our honest desire at all times to serve our friends on a "Golden Rule" basis.

Lone Star Chevrolet has sold more than 2,100 cars and trucks in this area and counts every owner as a valued friend as well as a satisfied customer. Surely this is the kind of an organization you will want to do business with.

In the operation of our complete service and sales organization Lone Star Chevrolet constantly employs an average of 30 persons, all of whom are carefully selected, substantial citizens, reliable and thoroughly experienced in their respective work. Our standards are high and exacting because we insist on serving the public in a high grade manner at all times.

When you buy a used car it is only natural that you would want to know something about the dealership from whom you make such a purchase, whether they are permanent, reliable, trustworthy, etc., etc. That is why we list the above facts and policies.

1937 Plymouth Town Sedan

With large built-in trunk—original rich Gun-Metal finish. If you have a Plymouth in mind you'll surely pick this one. Floating power, safety steel body construction, "K" type frame. A highly desirable and popular model. This one is far above the average. It is far won't be here long at \$365

1935 Plymouth Sedan

With built-in trunk, safety construction throughout, hydraulic brakes, floating power, original black finish. A lot of good automobile at a real \$195

CASA MANANA TO PRESENT SPECIAL 'ROTARY DAY'

An invitation has just been received by the officers of the Big Spring club inviting local Rotarians, their families and friends to attend the luncheon of the Fort Worth Rotary Club at the Texas Hotel, Friday, July 28th. Feature acts from the Casa Manana of 1939 will be presented.

A golf game has been arranged for visitors for the afternoon.

For the evening performance of Casa Manana, the Fort Worth club has reserved a block of 250 of the most desirable seats for its members and visitors.

To Attend Market

Mrs. Harvey Williamson left Friday evening by airplane for Fort Worth where she will attend market before returning home in about a week.

McDonald Automotive Service Stages Formal Opening

\$25,000 Plant Is Modern In Every Detail

An extensive building and equipping program complete, the McDonald Automotive Service, newest business institution of Big Spring will observe its formal opening today.

Constructed and furnished at a cost of \$25,000, the downtown plant is one of the finest such units in all of West Texas, as is unlimited in its scope of service as it is striking in appearance.

The concern, boasting modernistic architecture, latest service equipment and several departments, is a monument to a vision of the late Shorty McDonald, pioneer gas rageman who purchased the site nearly two decades ago with the idea of some day building an outstanding automotive service plant.

His son, Cecil D. McDonald, and widow, Mrs. Ida Mae McDonald have completed the dream in creating one of the most imposing service units between Fort Worth and El Paso.

Complete Service
Besides gas and oil service, the concern offers battery, repair, parts, washing and road service at the hands of experienced, trained employes.

The building, fixtures and lights were designed by Cecil McDonald, manager of the business, after making a five-year study of service stations with view of entering business here.

All equipment is the latest, provided.

NEW CONCERN IS 'LAST WORD' IN MODERN AUTOMOTIVE SERVICE

Modern in architecture, finishing and equipment, the new McDonald Automotive Service, pictured above, represents one of the finest plants of its kind in West Texas. The plant, erected and equipped at an outlay of \$25,000, is located at Third and Johnson streets and is being opened formally to the public today. Company

personnel in the picture includes (left to right) Charles Spikes, C. F. Cooper, Frank Turner, Leon Webb, Leonard Hilton, Don Baugh and Cecil McDonald. The last named is proprietor-manager and Hilton is assistant manager. (Photo by Perry).

en material on the market. Gasoline pumps are electric, computing types. Only oils in sealed containers are used. Air and water hose connections retreat to underground compartments when not in use. A new system of high-pressure washing is employed on cleaning jobs and expert men have charge of greasing and repair work.

The building features an oper arrangement with much plate glass fronting. The women's lounge room is well appointed and the parts and show room is amply large for unlimited display.

Assisting McDonald in operation of the concern are: Leonard Hilton, assistant manager, Braden King, service man, Leon Webb, schooled grease man, Don Baugh, shop foreman, Frank Turner, mechanic, Lee Sipes, battery man with 15 years experience in Big Spring. Mrs. C. D. McDonald and Mrs. Leonard Hilton, bookkeepers, and Charles Spikes and C. R. Cooper porters.

The plant is centrally located at the corner of E. Third and Johnson streets and has 7,000 feet floor space. The building is streamlined finished in white and is trimmed with brilliant neon lighting.

SENT TO ST. LOUIS

Leon Humphreys Lowry, who was discovered in a wash room of a local cafe with his throat slashed, has been released from a hospital here and sent on his way to St. Louis. Lowry had possession of a bus ticket from Los Angeles to St. Louis.

MANAGERS

In charge of operation of the new McDonald Automotive Service, which holds its formal opening today are Cecil McDonald (top), who, with his mother, Mrs. Ida Mae McDonald, constructed the plant, and is its manager; and Leonard Hilton (below), assistant manager.

RULING DELAYED ON TEACHER DISPUTE

AUSTIN, July 22 (AP)—A new school term might begin before the state board of education can rule on the Goose Creek school board's decision not to reemploy 20 teachers who claimed they had a valid tenure agreement.

State Superintendent of Education L. A. Woods said today he would be unable to rule on an appeal from the local board's action in time for review by the state board which meets Monday.

The next meeting of the state board will be in September.

Firm Handles Sinclair's Products

McDonald Automotive Service, newest of the city's automobile servicing units, will handle Sinclair products.

Two factors influenced C. D. McDonald, manager, to offer Sinclair products—quality and universality of marketing.

Thus good gasolines and high grade oils are offered to the public, and tourists may find the same quality products here as they can get at any Sinclair station in the nation.

Particularly proud of its oils is Sinclair. Only the oldest crude coming from mid-continent areas tapping on nature's 80,000,000 year reserve, are used in the meticulous and scientific refining process for fine lubricants.

Among other products handled by the concern are Exide batteries, Dayton tires, United Motors parts, Sun-Tune Up equipment, Curtis high-pressure wash rack, and other recognized and nationally advertised lines.

McDonald Automotive Service features 24-hour service and has two pick-up trucks to expedite operations and for fast road service.

Used Cars Put On Sale By Lone Star

The Lone Star Chevrolet, Inc., started its Mid-Summer Used Car Sale Saturday, July 22, and will continue this event through Saturday, July 29th. Cliff Wiley, president, said Saturday, "We are offering one of the cleanest, most complete stock of used cars in Big Spring at prices you can afford to pay, with terms and trades to suit your desires," said Wiley. "Lone Star Chevrolet has been in Big Spring over two years and this is the first used car sale we have attempted since our existence here. We expect to be here a great many more years serving the good people of this vicinity both fairly and efficiently. Our slogan "When You're Pleased We're Happy," is entirely sincere

and has come to be recognized as indicative of our honest desire at all times to serve our friends on a "golden rule" basis." In today's Herald will be found an advertisement listing the many used car bargains offered by the Lone Star Chevrolet, Inc.

BOOKKEEPERS

In charge of office detail and bookkeeping at the McDonald Automotive Service are Mrs. Cecil McDonald (top) and Mrs. Leonard Hilton (below).

Postal Groups End Sessions

AUSTIN, July 22 (AP)—Texas postal workers ended a joint convention here today by picking Waco for the 1940 gathering.

The delegates attended a reception at the governor's mansion and toured the city.

C. C. Ward of Tyler was elected president of the Texas State Association of Letter Carriers. Other officers chosen were L. V. Taylor of Waco, secretary; Fred Thompson of Houston, vice-president; L. W. McCulley of Wichita Falls, treasurer, and W. J. Massey of Dallas, national delegate-at-large.

The State of Texas branch of postal supervisors named H. B. Goodnight of Dallas, president; A. H. S. Springer of San Antonio, vice president; C. H. Carr of Tyler, second vice-president, and R. R. Royall of Houston, secretary-treasurer.

Mrs. Lois Southern of Houston was elected president of the ladies auxiliary to the letter carrier's association and Mrs. Harry Hofer of Austin was selected to head the auxiliary of the supervisors' group.

The Texas Federation of Post Office Clerks elected Homer E. Shamburger of Fort Worth president. Vice-presidents chosen by the federation were P. W. Maddox of Tyler, E. W. Slaughter of Plainview, W. M. Lowrance of Wichita Falls, H. W. Chalberg of Austin; F. W. Baker of Houston, V. G. Streiger of Houston, A. W. Haedeg of San Antonio and W. M. Rankin of Corpus Christi. C. W. Strype of Houston was named secretary, and William Cole of El Paso treasurer.

Albert Hornsby of Austin was chosen president of the Texas Federation of Rural Carriers. Other officers of the federation were Clarence Coffin of Pampa, J. M. Cafferky of Port Arthur and Ernest Pyle of Houston, vice-presidents; and Albert Durrenburger of Houston, secretary-treasurer.

FINGERPRINTS TRAP SUSPECT AFTER THREE YEARS

Fingerprints tripped up J. P. Norman, alias Dee Decker, after dodging the arms of the law for three years.

Saturday he was safely tucked away in the Howard county jail after Deputy Sheriff A. J. Merrick had gone to Kerrville to gain custody of him. Norman was fingerprinted there when taken on a minor count, and the prints were forwarded to Washington.

Local officers were notified that the man they sought on an indictment returned in 1936 and charging burglary and theft of a car was being held in Kerrville.

Automotive Service Personnel Largely 'Home Town Talent'

"Home town" talent largely operates the McDonald Automotive Service, which observes formal opening today at E. 3rd and Johnson streets.

Cecil McDonald, manager, is the son of Mrs. Ida Mae McDonald, and is a native of the city although he spent several years in California. His assistant manager, Leonard Hilton, is a former Big Spring resident who also migrated to California. Lee Sipes, battery man, has had 15 years of experience in his business in Big Spring. Leon Webb, grease man, Braden King, service attendant, Don Baugh and Frank Turner of the mechanical department, are well known here. Mrs. Cecil McDonald and Mrs. Hilton, who keep books for the business are former Tulsa, Okla., girls who moved to California where they were married.

REVIVAL IN PROGRESS

A revival meeting is in progress at 20th and Main streets, with services being conducted each evening at 8:15 by Rev. T. W. Burk of Odessa. The Williams orchestra

is playing for the services, and special music is a nightly feature. The public is extended an invitation to attend all services.

Welcome Neighbor!

We are happy to extend a glad hand to . . .

AT THE CHURCHES

CHRISTIAN SCIENCE SERVICES
Room 1, Settles Hotel
"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 23.

The Golden Text is: "Holy Father, keep through Thine own name those Whom Thou has given me, that they may be one, as we are... Sanctify them through Thy truth: Thy word is truth" (John 17: 11, 17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I heard as it were the voice of a great multitude, and as the voice of many waters, and as the voice of mighty thunderings, saying, 'Alleluia: for the Lord God omnipotent reigneth'" (Revelation 19: 6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God will overturn, until He comes whose right it is... Truth is always the victor" (pages 223 and 380).

ST. THOMAS CATHOLIC
506 North Main.
Holy Mass at 7 o'clock with Father Dwan in charge and at 10 o'clock with Father Hall in charge. Sacred Heart (Mexican) services are at 8 o'clock with Father Hally in charge.

MAIN STREET CHURCH OF GOD
Corner 10th and Main Streets
Robert E. Bowden, Pastor
All services at the usual hour Sunday, Sunday school 10 o'clock; morning worship 11 o'clock, sermon by the pastor; young people's hour 7:15, and the evening sermon at 8 o'clock. Our mid-week prayer meetings each Wednesday night are interesting and helpful to all who attend. Let us remind you that our summer revival begins August 6.

The Rev. Loyd Taylor of California is to be our evangelist. Rev. Taylor was born here in our community and while a small child his parents moved to California. Many of the older citizens no doubt remember his parents. He is not only a good preacher, but also a man of God, one who is capable of breaking the bread of life to you. Pray and plan now to attend these services. God's church extends a real Christian welcome to all.

FIRST CHRISTIAN
Fifth and Scurry Streets
G. C. Schurman, Pastor
9:45—Bible school. The attendance was up last Sunday over previous weeks, particularly in the Men's class. It is hoped that the increased interest will continue.

Snyder Pool Is Extended Northwest

Extending of the Snyder pool in southeastern Howard county half a mile northwestward and rigging of an outpost test three miles north of East Howard production featured oil developments here during the past week.

Pushing of production limits of the Snyder area to the northwest and toward the East Howard pool was indicated in the showing of the F. H. E. No. 1 D. H. Snyder. Shot with 700 quarts of liquid nitrogen from 2,674 to 2,856 feet in lime, the test blew a half hard gravel tump, headed and then made a second flow an hour following the shot. Pay top was on a level with Snyder production and the pay horizon was slightly thicker than

in tests to the south. Porosity was good and the well carried 1,500 feet of oil in the hole prior to the shot. Location is 1,650 feet from the west and 330 feet from the south lines of section 21-30-1a, T&P.

M. E. Ooley, et al No. 1 C. D. Read, three miles north of nearest production in the East Howard pool, was rigging up for an important test. It is staked 330 feet from the north and 2,310 feet from the west lines of section 36-30-1a, T&P.

Eastland Oil Co. No. 2 Snyder, 1,550 feet from the west and 330 feet from the south lines of section 27-30-1a, T&P, spudded and drilled to 400 feet in redrock. It is a north

offset to the Magnolia No. 15 A. E. O'Daniel, one of 18 producers in the northwest quarter of section 34-30-1a, T&P.

Sun No. 6 Snyder, 2,310 feet from the south and 1,650 feet from the east lines of section 29-30-1a, T&P, prepared to drill in at 2,740 feet in brown lime.

In the East Howard area, Shasta Oil Co. No. 5 Texas Land and Mortgage company drilled below 1,400

feet in anyhrite. It is a direct west offset to the Shasta No. 7 Texas Land and Mortgage, completed for 1,400 barrels following a 500-quart shot from 1,690-2,841 feet in lime.

Nearly half the accidents in Texas during a five-month survey were on Saturday and Sunday, more than 84 per cent of the traffic involved on those days.

DOUBLE HEART RANCH ROUNDUP SLATED FOR AUG. 4-5-6

Ninth annual Double Heart ranch roundup will be staged at the Double Heart headquarters 10 miles south of Sweetwater on the San Angelo highway on August 4-5-6, according to Ollie Cox, operator of the ranch.

The affair, boasting card awards of \$1,280 in day events and an additional \$420 in special prizes, is open to bona fide cowboys, those who actually earn their living working on the range.

Events include bronc riding, calf roping, steer wrestling, wild cow milking, and steer riding. In addition there will be specialties such as wild mare racing and buffalo riding.
Clown acts, feature performances and a sponsors contest and open air dancing will round out the three day rodeo celebration.

Helium ranks after hydrogen as the lightest gas, but outranks hydrogen for ballooning because hydrogen is inflammable. Helium is not.

Fall Frocks Combine Ideas Of Last Century With The Present

Designs Adapted To Needs Of The Woman Of 1940

By ADELAIDE KERR AP Fashion Editor This is a preview of new fall frocks, which have made an early debut in the smartest designs we have seen in years.

The dresses shown in the New York fashion mart before the Paris displays, effect a distinct change in silhouette, in designs based on compromise. They combine ideas borrowed from the last century with demands of the swifter tempo of this.

The frocks have a suave and dignified air, but they have sacrificed nothing in chic. Their fabrics include semi-stiff silks such as faille and pout de soie, crepes and sheer wool.

Necklines of many are fairly high—molded snugly around the base of the throat as backgrounds for a gold brooch or an "important" necklace of gem-studded gold or deep green silk globes.

It's the waistlines that catch the eye. Every trick of design has been used to make them look as small as possible. In the first place, they are smuggled smoothly to the figure, but in addition to that many skirts, cut on the bias, have an all-around fullness which gives a gently rounded line to the hip and makes the waistline look even smaller than it is.

slant belts, suede ones embroidered with jeweled flowers and fabric belts which tie in the back over skirt fullness all help to rivet attention on the midriff. Their skirts are still short. Though back-fullness is the newest note, there are a number designed with fullness all around or concentrated in front. Jackets top a number of frocks designed for afternoon wear. Some are of smooth rust-brown and gray velveteen (a note-worthy fabric for fall) top black velveteer skirts with back fullness to make smart early fall costumes.

Costumes Assembled By Arnold Constable

ABOVE—The bustle frock appears in black faille. It has the new small waistline, back skirt fullness and a coin necklace attached to the neckline. The wing-tipped felt hat is black. LEFT—A new fur fad, ruby foxes (silvers, dyed a warm ginger tone), a crepe frock whose gingery-brown hue harmonizes with them and a brown beret makes a fall costume. The necklace is gold-spoked silk globes.

Mrs. W. M. Wells Honored At A Farewell Party

Daughter Given Affair Here At City Park

To honor Mrs. W. M. Wells, who with Mr. Wells and family will leave Monday for Monahans to make their home, Mrs. O. B. Hull entertained with a surprise handkerchief shower in the O. P. Griffin home Thursday evening.

Mr. Roy Townsend, Mrs. Roberts Mrs. C. M. Adams, Mrs. Mary Loper Mrs. J. W. Pike, Mrs. Vera Harris and daughter, Myra Nell, Mrs. Edna Peterson and sons, Don and Bobby Mrs. Idella Alexander, Mrs. Margaret Maddala, Mrs. C. F. Parker Mr. Smith and Eddie Crabtree.

Freshman Class Has A Tennis Party, Picnic

The First Methodist Freshman class entertained with a picnic at the park Friday evening and played tennis for diversion.

Watermelon was served and attending were Ruth Thomas, Emma Ruth Stripling, Doris Bankson, Sara Lamun, Frances Tingle, Retta Mae Bigony, Mrs. Bernard Lamun, Mrs. Clyde Thomas, and Mrs. J. V. Birdwell, teacher.

Wehunts Entertain For Grant Edwards Saturday

Mr. and Mrs. Grant Edwards and children, Grant, Jr., Keith, and Patricia Ann, who left Saturday for Alamosa, Colo., where they will make their home, were entertained with a dinner Saturday noon by Mr. and Mrs. Seth Wehunt in their home. Others attending were Mary Lavern Wehunt, J. P. Bewley, and Freda May Bewley.

Setso Club Is Renamed 'Pioneer' Club At Recent Meeting

STANTON, July 23 (Sp)—Featuring a luncheon and bridge party, Mrs. H. A. Houston was hostess to the Pioneer club Thursday morning. The name of the club, recently changed to Pioneer, was formerly the Setso club.

At the close of the games, prizes were awarded to Mrs. Ernest Epley, who won high score, Mrs. B. A. Pursler, for bingo, and Miss Merle Houston for low score.

Luncheon was served to Mrs. S. M. Wilkinson, Mrs. Fillmore Epley, Mrs. J. C. Mott, Mrs. A. R. Houston, Mrs. B. A. Pursler, Mrs. George Bond, Jr., Mrs. Ernest Epley and Miss Merle Houston.

Baptist W. M. S. To Meet On Tuesday

For prayer and visitation, members of First Baptist W.M.S. will meet Tuesday at 9:30 o'clock at the church. A 12 o'clock luncheon will be served and Mrs. Chester O'Brien will lead the Bible study at 1:30 o'clock.

Miss Rogers To Wed At High Noon Today

Double Ring Ceremony To Be Read In Home Of Bride's Mother; Couple To Spend Honeymoon In Old Mexico

High noon today will mark the wedding ceremony of Miss Frances Rogers, daughter of Mrs. J. T. Rogers, and Dr. Harold B. Mills of San Antonio, son of Mr. and Mrs. George W. Mims.

Dr. J. O. Haymes, pastor of the First Methodist Church will read the double ring ceremony in the home of the bride's mother. Flowers and ferns will form an improvised altar before the fireplace and the couple will enter the room through an archway.

MISS FRANCES ROGERS (Photo by Perry)

DR. HAROLD B. MILLS

Flowers and ferns will form an improvised altar before the fireplace and the couple will enter the room through an archway. Mrs. R. E. Blount will sing "Oh, Promise Me" accompanied by Betty Pat Barker at the piano. Mendelssohn's "Wedding March" will be played and during the ceremony Miss Barker will play "Liebestraum." A selection by Brahms will be played for the recessional at the conclusion of the ceremony.

Miss Rogers will wear a wedding dress of white chiffon over taffeta. The bodice is tight fitting and the circular skirt is full. Her finger tip length veil is gathered at the crown and caught with a cluster of orange blossoms.

For something old, Miss Rogers will carry the white ivory prayer book that has been carried by brides in the family for four generations. It is to be covered with a shower of talisman rosebuds and baby's breath.

Mrs. Leo Turner of Stanton, sister of the bride, is to be matron of honor and will wear a dress of orchid organdie with full skirt and tight fitting bodice. Her corsage is to be of pink rosebuds.

Perry Elizabeth Lewis of El Paso, cousin of the bride, is to be maid of honor and will wear a blue organdie frock and her corsage is to be of pink rosebuds.

Dr. John McCamish of San Antonio, who was graduated with Dr. Mills at Texas A. and M. college, is to be best man.

Following the ceremony, a reception is to be held in the Rogers home. The bride will wear a British tan and white redingote dress for her going-away outfit and her accessories will match. Her corsage is to be of tallman rosebuds.

The couple will spend their honeymoon in Mexico and on their return will make their home in San Antonio.

Miss Rogers, who was graduated from Big Spring high school in 1934, attended N.T.S.T.C. at Denton and Sul Ross Teachers college in Alpine. She has been employed in the office of Dr. R. E. G. Cowper for the past eight months.

Dr. Mills was graduated from Big Spring high school in 1934 and received his degree in veterinary medicine from Texas A. and M. in June. He is now employed by the city of San Antonio.

Since the announcement of her approaching marriage, Miss Rogers has been entertained with a waffle breakfast given by Mrs. F. K. Owens and a shower given by Mrs. R. C. Anderson, Miss Barker, Dorothy Le Fevre, Jimmie Lou Goldman, and Cleo Lane.

Those who will attend the wedding and reception are Mrs. Mabel Quinn, Mr. and Mrs. Bob Flowers, Sam Flowers, Mr. and Mrs. Sam Barbee and family, Mr. and Mrs. F. K. Owens and family, Dr. and Mrs. R. B. G. Cowper, Mr. and Mrs. W. W. Barker, Mr. and Mrs. E. Maddox, Mr. and Mrs. R. C. Anderson, Mrs. Sam Goldman, Miss Goldman, Good Graves, Paul Coburn, Mr. and Mrs. Charles Koberg and family.

Mr. and Mrs. Roy Smith, Jack Worthy, Douglas Albertson, John Arnold, Miss LeFevre, Mr. and Mrs. E. D. Lloyd, Mr. and Mrs. Walter Bird, Mr. and Mrs. T. G. Adams, Mr. and Mrs. Roy Bruce, Mrs. Dick Biddison, Mr. and Mrs. E. R. Watts, Mrs. Lamar Smith, Mr. and Mrs. Dave Berry, Jean Berry, and Mrs. Max Weissen.

Out-of-town guests include Miss Ruth Widner, Mrs. O. C. Turner, Mr. and Mrs. Andy Widner, Miss Emma Jean Haaset, Leo Turner, Mr. and Mrs. Grady Cross, Mr. and Mrs. Blaine Cross, Mr. and Mrs. George Lewis, Mr. and Mrs. D. Rogers, all of Stanton.

Mr. and Mrs. John B. Lewis, Robert K. Rogers, Bill Rogers, all of El Paso; Mr. and Mrs. M. G. McDonald of Odessa; Miss Gwyneth Liles of Breckenridge; John Wayne Brown of Corpus Christi; Mr. and Mrs. Jimmie Lott of Midland; Mr. and Mrs. Bill Turpin of Pecos; A. R. Boyd of Odessa; and Mr. and Mrs. Robert Kay Rogers of Fort Worth.

Ruth Class Has Luncheon And Business Session

For a covered-dish luncheon and inspirational talk given by Mrs. Chester O'Brien, members of the First Baptist Ruth class met Thursday at the church.

A short business meeting was held and attending were Mrs. Faye Harding and her sister, Mrs. Ellis of Fort Worth, Miss Flora Lee Warren of Childress, Mrs. Joe Carpenter, Mrs. Carl Hayes, Mrs. George Mclear, Mrs. M. E. Anderson, Mrs. W. H. McCannless, Mrs. J. A. Coffey, Mrs. Tom Cantrell, Mrs. H. B. Pearson.

Mrs. Ruth Olson, Mrs. B. Reagan, teacher, Mrs. Bill Everett, Mrs. H. B. Reagan, Mrs. J. E. Brighman, Mrs. G. G. Weaver, Mrs. Carl Merrick, Mrs. E. F. Petty, Mrs. K. C. Burnett, Mrs. R. E. Lee, Mrs. C. A. Amos, Mrs. Wayne Matthews, and a Mrs. Nichols.

Junior B. T. U. Names Officers At Friday Meeting And Supper

Officers were elected and a watermelon supper was served when the First Baptist Junior B. T. U. met Friday in the home of the Rev. and Mrs. Fred Stumpp.

Bonita Stevenson is to be president and Ruth Cornelison will be vice-president. Joyce Blankenship was elected secretary-treasurer and group captains will be Dora Ann Blankenship and Nita Taylor. Betty Leysath was named as social chairman.

Others attending were Rev. and Mrs. Stumpp, Dave Cornelison, Billy Jo Underhill, and Mrs. Janet Stumpp.

Three Out-of-Town Guests Honored At Informal Club Party

Mrs. Harold Sames of San Angelo, Mrs. C. R. Presley of Fort Worth and Mrs. J. T. Bynum, formerly of Fort Worth, were honor guests when Mrs. Shine Phillips entertained the Informal Club with a breakfast-bridge.

Zinnias decorated the house and mixed summer flowers centered the breakfast table.

Mrs. Bynum won guest high score and Mrs. C. W. Cunningham received club high score. The out-of-town guests were also presented with gifts.

Others attending were Mrs. J. D. Elles, Mrs. J. R. Young, Mrs. V. Van Gieson, Mrs. E. V. Spence, Mrs. M. K. Malone, Mrs. Jack Frost, Mrs. Lee Hanson, and Mrs. Carl Blomshild.

Sam McCombs Resented With Gift By Bridge Club Friday Night

Mr. and Mrs. Sam McCombs were hosts to the Centennial Club when it met Friday at the Settles hotel for dinner and bridge.

Mr. and Mrs. George Tillinghast won high scores and Mrs. Joe Clark and Emory Duff binged.

Guests were Miss Olive Chumley and Mrs. Lonnie Coker, Mr. and Mrs. McCombs, who are leaving the first of August to make their home in Snyder, were presented with a coffee table from the club.

Others attending were Mrs. R. E. Lee and Mrs. Cecil Collins.

Travelers Return And Others Leave For Summer Vacations

Some Local Folks Begin Trips As More Return

Come each weekend the urge to "get out and get going" seems to strike Big Spring and local people and they climb in cars or take a train for someplace else.

This weekend seems like Fort Worth took first place for visiting spots and small towns within 100 miles radius of the town were next in preference.

Mr. and Mrs. H. E. Hall left Friday for a vacation in Eastland and South Texas points.

Dr. R. Allan Fildill of Lubbock spent the weekend here.

Mr. and Mrs. J. P. Meador are to arrive home tonight from a two-months stay in Ocean Park, Calif. Mr. Meador, who has been ill, is reported to be much improved.

Bobby Glenn Gilbert is to return home today from Merkel where he has been visiting his grandmother, Mrs. I. F. Gilbert.

Mr. and Mrs. J. H. Brown have as guests his mother, Mrs. J. C. Brown and sister, Idabelle Brown, of Houston.

Mr. and Mrs. Roy T. Earnest have as guests this week Mr. and Mrs. D. P. Betts of Ranger. They are the parents of Mrs. Earnest.

Mr. and Mrs. Willard Taylor have returned from Clovis, N. M. where they have been visiting his people.

Mrs. Leslie Jenkins and children, Mary Beth, Jimmy, and Paul, have returned from a two-months stay in Kentwood, New Orleans, and Baton Rouge, La.

Mrs. J. M. Morgan and Mrs. K. Williams are spending the weekend in San Angelo.

A two-months tour of the nation which will include trips to both World's Fairs, is in store for Mrs. J. Frank Kennedy and Mrs. I. J. Compton of Dallas, former resident here. Mrs. Kennedy left Saturday night to join Mrs. Compton at Dallas, and they were to go to St. Louis, Washington, Philadelphia and New York, then across the continent to San Francisco and Long Beach, returning home by way of Salt Lake City and El Paso.

Mrs. T. S. Carter Honored At Shower Given Recently

Mrs. Tempt S. Carter was honored with a bridal shower recently in the ranch home of Mrs. J. G. Carter by Mrs. John Schafer and Mrs. R. L. Gilliam.

The house was decorated with vases of mixed flowers and the box holding the presents was decorated with pink and green crepe paper and small pink roses.

Mrs. N. P. Taylor of Garden City played piano selections and guests registered in the bride's book. Mrs. Ladd Caudle of Big Spring also played piano selections.

Guests wrote recipes in a book which was given to the bride. Ten-year-old Celia Jolly Westerman of Big Spring played several selections.

Mrs. Schafer and Mrs. Gilliam served punch and cake to the guests. Favors were small pink cups filled with green and white mints.

Attending were Mrs. Joe G. Carter, Mrs. Will Hanson, Mrs. Bill Bigby, Mrs. Blamark Schafer, Mrs. Bud Hanson, Mrs. Norman Taylor, Mrs. Frank Gray, Mrs. R. L. Westerman, Mrs. I. S. Dolan, Mrs. M. V. Little, Mrs. J. L. Patterson, Mrs. E. W. Holcombe.

Mrs. Jay Laccource, Mrs. N. J. Allen, Mrs. W. W. McDaniel, Mrs. A. M. Whetzel, Mrs. Chris Schafer, Mrs. J. L. Parker, Mrs. G. W. Overton, Mrs. Jim Caudle, Mrs. Claudia Cole, Mrs. Cauble, Mrs. Jesse Overton, Mrs. Mark Kincaid, Mrs. George M. Bogard, Mrs. B. J. Petty, Mrs. H. F. Sour, Mrs. Nora Gregory, Mrs. Cecil Butts.

Mrs. Frank Covert, Mrs. Edward Low, Mrs. J. G. Carter, Mrs. W. L. Frizzell, Billie Higby, Virginia Gregory, Bobby Bogard, Bobbie Haynes Olive Holcombe, Molly O. Dolon Theilma Kincaid, Anna Lee Cole Cecelia Jolly Westerman, Little Covert, Vera Frizzell, Madelon Kincaid, Wanda Butts, Rosie Schafer Janie Sue Bogard, Joyce Schafer Maxine Frizzell, Ruthie Lee Sou and Maria Petty.

Sending gifts were Mrs. Victor Phillips, Mrs. T. R. Long, Mrs. Doll Long, Mrs. Fred Ratliff, Mrs. Sam Ratliff, Mrs. Dan Daugherty, Mrs. L. J. Medlin, Mrs. Stroud, Mrs. Edward Leslie, Mrs. Ben Schafer, Mrs. Bill McLaren, Mrs. A. J. Cunningham, Mrs. Pete Underwood, Mrs. John Overton, Mrs. J. B. Calverly Mrs. W. L. Lemons.

Mrs. P. Kneer, John Reeder, Doyle Whetzel, Roscoe Gilliam Douglas Whetzel, Ida Reeder, Ruby Nell Ratliff, Vivian Westerman, Ethel Calverly, Mary Lou Medlin, and Mary Gregory.

Mrs. C. M. Adams Is Hostess To Her Club

FORSAN, July 23 (Sp)—Zinnias and fern decorated the rooms when Mrs. C. M. Adams entertained the Happy Nine Bridge club in her home Thursday.

Mrs. S. B. Loper won high score and Mrs. Cleo Wilson received second high score. Mrs. W. K. Scudday received bingo prize.

Refreshments were served to Mrs. Bill Conger, Jr., Mrs. Woodrow Scudday, Mrs. W. K. Scudday, Mrs. Jeff Green, Mrs. S. B. Loper, Mrs. Guy Rainier, and Miss Jane Rust.

Joe Wrights Are Given Party By B. A. U. Group

Couple To Make Future Home In Colorado City

Mr. and Mrs. Joe Wright, who are leaving soon to make their home in Colorado City, were honored with a surprise gift shower by members of the Lane Simpson B. A. U. of the East Fourth Street Baptist church, when the group met for a business meeting and social at the home of Mr. and Mrs. Ivenver Yates.

After a brief business session, games and contests were played. Refreshments were served to Mr. and Mrs. Hollis Shirley, Mr. and Mrs. Bill Sandridge, Mr. and Mrs. Emory Rainey, Hollis Lloyd, Mr. and Mrs. Leonard Telford, Mrs. George Golden, Mr. and Mrs. A. W. Fager, and Mrs. L. A. Coffey, Mr. and Mrs. Denver Yates, Mr. and Mrs. H. W. Yates, Mrs. Joe Wright, Kenneth Wainwright, George Rainey, Barbara Lynn Telford, Margie Beth Telford, Royce Rainey, Evanel Yates and Hollis Yates.

Phil Berrys Are Hosts At Night Bridge Club

STANTON, July 22 (Sp)—Entertaining for members and guests of the Thursday Night club, Mr. and Mrs. Phil Berry were hosts this week at a party. Bridge was the diversion of the evening.

Following the close of the games, refreshments were served to Mr. and Mrs. Morgan Hall, Mr. and Mrs. James Jones, Mr. and Mrs. O. B. Bryan, Mr. and Mrs. Ernest Epley, Mr. and Mrs. Bud Jones, Mrs. Noren Anderson, Mrs. Arlo Forrest, Mrs. H. A. Poole, Mrs. Poe Woodard, Miss Lorraine Lamar, and Mr. Petrick of Big Spring.

STANTON, July 23 (Sp)—Zinnias and fern decorated the rooms when Mrs. C. M. Adams entertained the Happy Nine Bridge club in her home Thursday.

Mrs. S. B. Loper won high score and Mrs. Cleo Wilson received second high score. Mrs. W. K. Scudday received bingo prize.

Refreshments were served to Mrs. Bill Conger, Jr., Mrs. Woodrow Scudday, Mrs. W. K. Scudday, Mrs. Jeff Green, Mrs. S. B. Loper, Mrs. Guy Rainier, and Miss Jane Rust.

STANTON, July 23 (Sp)—Featuring a luncheon and bridge party, Mrs. H. A. Houston was hostess to the Pioneer club Thursday morning. The name of the club, recently changed to Pioneer, was formerly the Setso club.

At the close of the games, prizes were awarded to Mrs. Ernest Epley, who won high score, Mrs. B. A. Pursler, for bingo, and Miss Merle Houston for low score.

Luncheon was served to Mrs. S. M. Wilkinson, Mrs. Fillmore Epley, Mrs. J. C. Mott, Mrs. A. R. Houston, Mrs. B. A. Pursler, Mrs. George Bond, Jr., Mrs. Ernest Epley and Miss Merle Houston.

For prayer and visitation, members of First Baptist W.M.S. will meet Tuesday at 9:30 o'clock at the church. A 12 o'clock luncheon will be served and Mrs. Chester O'Brien will lead the Bible study at 1:30 o'clock.

Advertisement for Sentimental Trio by Peggy Sage. It features three new nail polish shades for spring and summer: Goldrush (golden-toned), Heartbreak (provocative violet-toned), and Nosegay (soft and sentimental). The ad includes illustrations of the nail polish bottles and a small illustration of a woman's face. The price is listed as \$1.00 per set.

Advertisement for Perry Photos. It features a silhouette of a person holding a camera. The text reads: 'PHOTOGRAPHS of the children become increasingly precious with the passing years. They, too, in later years, will appreciate the record of their childhood. Phone 720 for Appointment. PERRY PHOTOS. 108 West Third Street. Just East of Crawford.'

Mrs. Calvin Council and Mrs. John French of Wellington stopped here Friday en route to their home to visit with Mrs. Council's brother, S. R. Whaley, and Mrs. Whaley.

Women At Work 20 Years In The Same Job

Twenty years at the same job as the only woman regularly employed by the firm, is the accomplishment of Mrs. H. E. Dunning, bookkeeper and cashier at the Southern Ice company.

MRS. H. E. DUNNING

She is now working under her fourth manager and has been with the business so long that she "feels a part of it."

The first plant was a small building located now behind the new one and the office was small and cramped and Mrs. Dunning was the only assistant.

At that time, there was a smaller volume of business and less work to do. There were no refrigerators then; just "ice boxes" and the company's business has changed with the trend of the times.

Mrs. Dunning, who is affectionally known as "Brownie" to all the drivers, the boss, and anyone connected with the plant, has a variety of duties to perform.

Two telephones on her desk keep her pretty busy and she checks in each driver at the end of the day for ice sold and money received. In addition she has all the book work to do, that's a job in itself.

She says she has "no hours" as she just works until the job is done. In the summer, she explained, she works pretty hard while in the winter, she can have a breathing spell once in a while.

About her job, Mrs. Dunning says that "everyone has always been grand to me and I guess I'm so spoiled by now I couldn't work anyplace else."

As to hobbies, Mrs. Dunning feels that her work must be her hobby as she has no other outside interest that takes a good deal of her time.

Questioned about working with men and being the only woman on the place, Mrs. Dunning replied that she did have to take a lot of "kidding" from the drivers and other men around the plant but "I enjoy it and I enjoy them and I don't think I would want to trade jobs with anyone."

HD Club Meets With Mrs. J. H. Fuller

The Home Demonstration Club held its regular meeting Tuesday in the home of Mrs. J. H. Fuller with Mrs. Charlie Key and Mrs. Fuller as co-hostesses.

The afternoon's program included plans for entertaining the Vincent club at the home of Mrs. J. W. Wooten who lives one mile east of Fairview school house next.

A refreshment plate of punch and cake was served to members—Mrs. Ray Smith, Mrs. W. A. Langley, Mrs. J. W. Wooten, Mrs. Jess Henderson, Mrs. Gabe Hamrick, Mrs. Cletus Langley, Mrs. W. H. Ward, Mrs. Charlie Key, and Mrs. J. H. Fuller.

Problems On Housing

Due careful consideration before any definite commitment is made on the part of local interests is the proposal for proceeding with a \$300,000 project for setting up new homes in the place of those now existing in some of the less desirable parts of our city.

Ten per cent of this sum, or \$30,000 would have to be raised locally, this to be retired in 15 years and carrying an interest rate of approximately three and a quarter per cent.

In theory, the low-cost housing program is appealing. From the social standpoint, it sounds attractive, and few will deny that living conditions among certain classes of our people ought to be improved.

Lynn Landrum, able columnist in the Dallas News who has discussed the low-cost housing plan as it affects Dallas, points out that the rental business is first of all a matter of income, and asserts that Negroes and Mexicans (these, it appears, would probably be able to house themselves decently if they are provided the proper income.

They—and the lower-income classes of white people as well—rent as good houses as they can afford. Whether the erection of some fancy, government-type duplexes and apartment houses will solve their general living problem is open to question.

There is another angle to the inclusion of property in a government housing deal, and that is the exemption of the property from taxation over a 60-year period in which the property remains in the hands of the Housing authority.

Slum conditions that threaten health or constitute fire menaces and undermine decent living standards ought to be cured, of course, and this is not to say that the low-cost housing project won't do this curing. But there may be other and better methods, and every method ought to be examined before an untried and expensive course is charted.

Robbin Coons Hollywood Sights And Sounds

HOLLYWOOD—The slim ash-blond girl with the exquisite profile is posing for a close-up. While Nelson Eddy's voice moans and booms a Russian folk song from an off-stage record, Director Reinhold Schunzel points the camera at one of its loveliest subjects, recording the emotions evoked by that song.

Today's letter bore the message that she was getting ready to open Dorelia, her estate at Vickersport, a small seacoast village in Maine.

"I do think, Cecily," she wrote, "that you might plan to spend a little of your summer with us. I know that you are happy where you are, but you are getting on now and it is time that you meet more young people your own age."

Once, in Budapest where she was born, she worked from 7 to 8 as a seamstress's apprentice. Once, as a child there, she went hungry and lonely. Her father came back from the war broken in body and spirit; her mother worked all day to support the family.

She had to work. At 14, she became apprentice in the dress establishment. With tips for delivering gowns, she earned as much as \$2 a week. Already she was consumed by the desire to sing, to be an actress.

The Thrill That Comes Once In A Lifetime

THE COUNCILOR BRINGS IMPORTANT NEWS TO THAT INTREPID OLD SCOUT AND BUFFALO HUNTER, PAWNEE BILL, WHO HAS BEEN HOMESICK

Meet Mr. Lochinvar

By Marie Blizard

Chapter Two Orphans Of The Storm Cecily's eyes came to rest on the headline she had been seeking: LATHROP DUNCAN, NEW YORK LAWYER BELIEVED SUICIDE

IN CLUB Lathrop Duncan, prominent member of the New York Bar, whose body was found early this morning in his suite at the Mayhew Club is believed to be a suicide.

Mr. Duncan, who recently returned from Switzerland and a cure for a malady from which where he had gone in search of he had long suffered.

"That explains it!" Cecily said aloud and finished reading the brief piece.

The paper was dated two days before. Somehow Duncan's death had something to do with Doug's arrival. It had something to do with the phrase "believe every thing okay."

Cecily that everything wouldn't be all right. Lathrop Duncan had been her father's lawyer for ten years before his death and he had entrusted the money for his children to him.

Today's letter bore the message that she was getting ready to open Dorelia, her estate at Vickersport, a small seacoast village in Maine.

"I do think, Cecily," she wrote, "that you might plan to spend a little of your summer with us. I know that you are happy where you are, but you are getting on now and it is time that you meet more young people your own age."

Once, in Budapest where she was born, she worked from 7 to 8 as a seamstress's apprentice. Once, as a child there, she went hungry and lonely.

She had to work. At 14, she became apprentice in the dress establishment. With tips for delivering gowns, she earned as much as \$2 a week. Already she was consumed by the desire to sing, to be an actress.

Washington Daybook

Director, Federal Bureau of Investigation (Finch-hitting for Preston Grover, on vacation.)

WASHINGTON—The tempo of our times is rather accurately reflected by the activities of the Federal Bureau of Investigation and the demands made upon it—particularly so during the past decade.

Lawlessness, a national menace, was nurtured by the recklessness of the post-war period. Modern means of rapid transportation made crime suppression a perilous and deceptive task.

Organized crime, aided and abetted by public indifference, grew into a big business. Following the passage of federal laws to bulwark local law enforcement authorizing the FBI to act

A CRIME EVERY 22 SECONDS Although it is true that progress has been made in meeting the forces of crime, it is alarming that a crime is committed every 22 seconds.

But of greater import are the implications. It is bad enough to have a gunshot wound—even in a vital point. But a gunshot wound is to be desired over a cancerous growth.

Lawlessness is as fatal to a nation as a cancer to a human being. The maladies which lawlessness inoculates into the social order will rot the foundations of our nation.

If I correctly judge the thoughts of the great majority of law-abiding citizens, there is a growing spirit of Americanism, akin to that of the patriotic founding-fathers.

SPIES JOIN CRIMINALS A few years ago we were plagued by the body-snatcher, extortionist, bank robber, and racketeer. Their forces are now augmented by a constantly growing new threat to our country—the gulf-stream spy.

While at peace with the world, America, nevertheless, is at war today—a war to preserve our traditions and institutions from forces which must be met. The records substantiate this.

In the first six months of 1939 over 1,100 espionage cases were reported. This called for investigative activity in all parts of the nation.

The patriotic family will assist law enforcement by inculcating in the conscience of the children a respect for law and order.

Man About Manhattan NEW YORK—In a city where six or seven million people live you are apt to encounter some weird events. They don't make sense at all of the time, but they reflect human emotion, and they permit you to look behind a man's face and see what he is thinking.

ASSOCIATED PRESS PICTURE NEWS

FOR HIS KING AND EMPIRE—No combination of muscles was too involved or difficult for this spartan Britisher who used a sling to steady his rifle during recent imperial matches at Bisley, England. Once in gear with his sling, arm and leg locks, the marksman, a Major McGowan, drew a careful bead on a target. British Empire sharpshooters were competing.

SUN . . . FUN—Whimsical Francis Day, London stage star, wore flower-rimmed sun glasses at Soho fair in London.

FISHERMAN'S FANCY—While the hero of this story, their 15-year-old son, Jack, stays in bed to avoid a cold, Mr. and Mrs. William Donaldson gloat over a record 31-inch steelhead trout caught by Jack in the Santa Ynez river near Santa Barbara, Cal. The lad was so excited over hooking this beauty that he tumbled from a tree, 10 feet into stream.

THE LITTLE LASSIES—A most exclusive group at the Santa Barbara, Cal., state college is the "Five Foot Club" whose members are would-be teachers under five feet in height. And to make sure that no co-ed squeezes into the club, there's this measuring frame being demonstrated by president, Beryl Davidson, 4' 11 1/4", and Walter Gilliam, 6' 6" sophomore.

BASEBALL CASUALTIES

PITCHED-HITTING—Joe Medwick, slugging left fielder with the St. Louis Cardinals, doubles up on the ground after being hit on the thigh by a Manuel Salvo fast pitch in the Cardinals-Giants game won by Cards, 4-3. This was in the fifth. Medwick left the game and in the ninth, disaster again struck the diamond: the Giants' Lou Chiozza's leg was broken.

MORE GRIEF FOR GIANTS—Worried teammates carry Lou Chiozza, utility infielder, off the diamond after Lou's collision with Frank Blazins of the Detroit Tigers in a game won by the Tigers, 12-6. Cronin later resumed play but he left the game at the seventh inning. Around manager are, left to right: Eddie Sawyer, Catcher Pesock, Umpire Quinn, Sox Infielder Doerr.

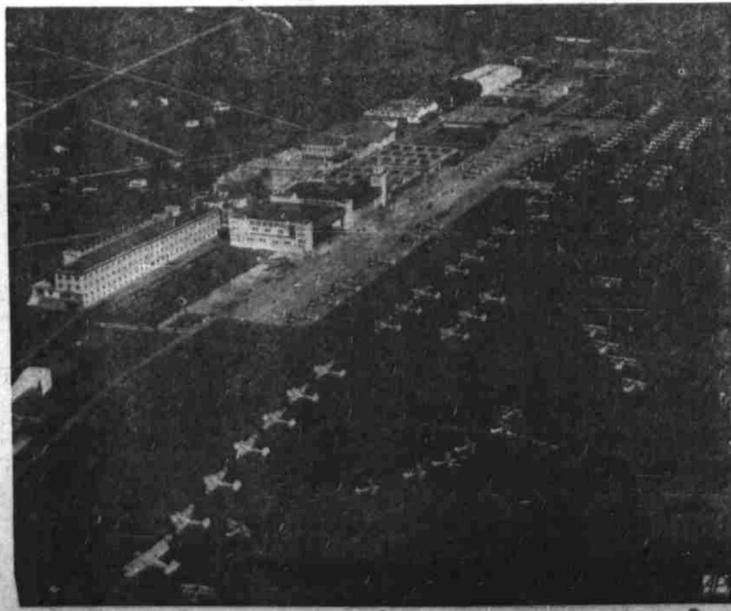

SOCK FOR THE SOX—On the ground lies Joe Cronin, Boston Red Sox manager who was knocked unconscious in a collision with Frank Blazins of the Detroit Tigers in a game won by the Tigers, 12-6. Cronin later resumed play but he left the game at the seventh inning. Around manager are, left to right: Eddie Sawyer, Catcher Pesock, Umpire Quinn, Sox Infielder Doerr.

SPIES MUST HALT HERE—"Out with spies and agents" optimistically reads banner at Danzig-Polish border.

A GOOD SOLDIER—Still smiling, Georgia Coleman renews her battle for health, entraining at Los Angeles for a resort in Dansville, N. Y. The former Olympic diving champion has been invalidated by a form of spinal inflammation.

ARGENTINA'S BIRDS SETTLE TO EARTH—Evidence of the air strength of Argentina, South American country which vies with Brazil in progressiveness, is presented in this view of El Palomar, main base of the Argentine air force, outside Buenos Aires. There's was made last before 176 planes took off to help celebrate 152nd anniversary of nation's independence.

TROUBLE - SHOOTER—Lengthy reports on conditions in the Free City of Danzig are given his government by Sir Howard Wm. Kennard, British ambassador to Poland.

CIO RALLY—Clergymen were among the crowd at a meeting of CIO union members in Chicago where the Packinghouse Workers Organizing Committee has been active, seeking contracts in the packing industry. John L. Lewis addressed rally, and the Rev. Bernard Shell, auxiliary bishop of the Roman Catholic archdiocese in Chicago, said invocation and urged labor peace.

WINGS—How do American aviation schools train women fliers? That's the question for which Madie Toron, 22, Turkish air ace, plans to find answer when she comes to United States for an inspection of nation's air-plane facilities.

SEAWORTHY—For that beach "goddess" when the wind's blowing, Marion Martin of New York recommends this hand-crocheted flannel bathing suit with a matching cape.

MATTER OF MODES—Proving that she doesn't belong to that group of humans that dilute all members of the reptile family, Shirley McCullagh wore a living salamander to match her frock, at the Banff Springs hotel in Canada.

Simon Terrazas

Rotary Club Committees Announced

Lists giving the complete personnel of the local Rotary club for the new club year have been distributed to members. The organization started a new year the first of the month, when Albert Darby assumed the presidency, succeeding Jas. T. Brooks. With these two

ALBERT DARBY

on the board of directors are D. D. Douglass, vice president; Edmund Notestine, secretary; Ira Driver, treasurer; Phil Kinyon, F. H. Bottomly, Fritz Wehner and William Dawes. - Property—S. T. Eason, M. N. Thorp.
- Communications—E. Notestine.

BULLFIGHTERS FROM MEXICO MAY SOON BE RECEIVED IN SPAIN

MADRID, June 22 (AP)—A three-year ban on Mexican bullfighters in Spain probably will be lifted soon. Mexicans were ruled out of Spanish arenas by the nationalists because Mexico sympathized with the republican cause in the civil war. Negotiations are progressing satisfactorily now for admitting a limited number of Mexicans on condition an equal number of Spaniards be permitted to fight in Mexico.

TO SPEAK HERE TONIGHT

Mrs. Dale Morrison (above) of McMurry college, Abilene, will speak at the First Methodist Church tonight on the subject, "Close Thinking." Known throughout West Texas as a lecturer and book reviewer, Mrs. Morrison will intersperse bits of humor picked up in her travels in several European countries in her talk. She will also have some conjectures to make concerning conditions in America as compared with those abroad. Mrs. Morrison received a B.A. degree from Arkansas State Teachers College, a M.A. degree from the University of Oklahoma, and has done graduate study at the University of Texas and Oxford. She has been at McMurry college since 1934.

Erratic Field Work Sinks Giants, 8-7

NEW YORK, July 22 (AP)—The Chicago Cubs nosed out the New York Giants, 8-7 in the opening game of their series here today to run the Giant losing streak to eight straight games. Both clubs used three pitchers. Six Giant errors marred the game. Chicago 200 021 306-8 7 2 New York 001 001 220-7 15 0 Passau, French, Page and Harnett; Salvo, Schumacher, Hubbell and O'Dea.

CHALLEDON UPSETS J'TOWN

Repeats Victory Scored in Pimlico Classic

By CHARLES DUNKLEY
CHICAGO, July 22 (AP)—When the Maryland horse, Challedon, conquered Johnstown in the muddy Preakness stakes, the explanation was made that "Big John" winner of the Kentucky derby, didn't like mud. Today, before 40,000 sweltering and stunned spectators Challedon repeated his victory over Johnstown on a track that was dry and lightning fast, in winning the \$50,000 Arlington classic.

Johnstown didn't even finish second. He was a tired third, struggling six lengths back of Sun Lovel, which landed a head behind Challedon. It was the most startling upset of the 1939 racing season. Going to the post a 1 to 5 favorite, Johnstown, victorious in seven of his eight races this year, before today's defeat, to be proclaimed three-year-old champion of the American turf. Now that honor is very much in dispute, with Challedon conquering him twice. Challedon also finished second to "Big John" in the Kentucky derby. Challedon, the three-year-old son of Challenger II—Laura Girl, owned by W. L. Brann, Baltimore, Md., was ridden by jockey Harry Richards. Challedon ran the mile and a quarter in 2:02, just four-fifths of a second slower than the track record set by Discovery.

SCOUT CUB PACK FORMED AT COAHOMA

COAHOMA, July 22—A Cub pack was organized here Friday evening when Cubs and Boy Scouts held a joint meeting at the high school. Ten boys of pre-scout age were listed as Cubs, and Dink Cramer was selected as Cubmaster with J. A. Flache, Jr., as assistant. Twenty-one scouts were present for their regular meeting. Jack Penrose, Big Spring, field executive, attended the organization session.

Third base—Billy Capps, Big Spring (.374).
Short stop—Salty Parker, Lubbock (.320).
Left field — Pat Stacey, Big Spring (.345).
Center — Emmett Fullenwider, Lamesa (.351).
Right—Al Carr, Lubbock (.235).
Utility—Happy Spangler, Lamesa (.299).
North
Catchers—Dick Ratliff, Clovis (.351), and Ernie Potocar (.285).
First base—Tom Wagner, Clovis (.298).
Second—Barney Barnhill, Clovis (.229).
Third—Hack Harrison, Clovis (.388).
Short stop—Eddie Guynes, Pampa (.340).
Left field—Smitty Smith, Clovis (.369).
Center — Grover Seitz, Pampa (.336).
Right — Gordon Nell, Pampa (.416).
Utility — Dick Adkins, Clovis (.292).
Manager—Ratliff, Clovis.
League President Milton E. Price announced that the following officials would work the game: Buster Capps, Steve Smith, Don Fritz and Earl Cartwright.

One thing in particular that has caused a great deal of trouble in the local swimming pool is the use of tire tubes for swimming purposes. Frequently anyone who employs a tube regardless of how good he or she can swim, is the object of a feeling of concern by the other swimmers. If you cannot swim or are a weak swimmer, if you must employ a tube while in the water, keep in the shallow end of the pool. It is pleasing to see so many parents bringing their children to the pool. Some of the youngsters are capable of doing dangerous things because they know no better. They should be watched. The other day a small lad of four years stepped off one of the ladders into six feet of water. He was ignorant of the fact that the water was too deep. Fortunately he was pulled to safety and thereby learned a lesson. Children of that age should be near an older person at all times.

GLASSCOCK FARMS ARE BEING CHECKED

GARDEN CITY, July 22—Compliance checking on little more than 70 Glasscock county farms has been started the past week, V. G. Young county agent, announced Saturday. He anticipated that the task would require about three weeks. As soon as it is finished, field reporters will be put to work on rechecks he added.

WATER SAFETY HINTS BY Bob Primm

One thing in particular that has caused a great deal of trouble in the local swimming pool is the use of tire tubes for swimming purposes. Frequently anyone who employs a tube regardless of how good he or she can swim, is the object of a feeling of concern by the other swimmers. If you cannot swim or are a weak swimmer, if you must employ a tube while in the water, keep in the shallow end of the pool. It is pleasing to see so many parents bringing their children to the pool. Some of the youngsters are capable of doing dangerous things because they know no better. They should be watched. The other day a small lad of four years stepped off one of the ladders into six feet of water. He was ignorant of the fact that the water was too deep. Fortunately he was pulled to safety and thereby learned a lesson. Children of that age should be near an older person at all times.

Phillips Will File Protest Against Dam

OKLAHOMA CITY, July 22 (AP)—Governor Leon C. Phillips announced today he would file a vigorous protest against construction of the Denison Reservoir dam with Secretary of War Woodring. The announcement followed a conference between the governor and his staff with Col. E. Keybold, Little Rock, Ark., district engineer, and Capt. Lucius D. Clay, district engineer in charge of the dam's construction. Phillips declared the conference "took a lot of sham out of the controversy, showed that utilities actually wanted the dam constructed instead of opposing it and that the engineers didn't have the information on damage to the state and the amount property owners and the state should be paid." He asserted further that there was no provision for remuneration for the state for using the land, water and building a plant on the Texas side to supply power and electricity to Texas cities. Phillips said he intended to forward his protest to Secretary Woodring on damage to the state and the amount property owners and the state should be paid. The governor said filing of a suit to test validity of the act of congress authorizing the construction would depend upon whether the secretary of war heeds the protest.

NORTHEASTERN AREA MENACED BY DROUGHT

NEW YORK, July 22 (AP)—Drought, borne on cool, dry winds from Canada, brought increasing menace to crops and dairy farmers in northeastern states today, and the threat of fire to tinder-dry forests in mountain areas. One agricultural county agent reported crop losses in Nassau county—adjacent to New York—already had reached \$1,000,000, and would double if no rain fell during the next 10 days. Similar reports of scared and shriveled crops were received from other agents in New Jersey, Connecticut, Pennsylvania and New York, and it was feared total losses would run into millions.

DATE IS FIXED FOR MARGARET SPEAKS ENGAGEMENT HERE

Scheduling of a concert by Margaret Speaks, popular radio and operatic soprano, on the evening of December 4, completes the three-number series to be presented here next season by the local Civic Music association. Civic Music officials were advised this past week of the date for Miss Speaks. Earlier, October 10 had been set for the two hours and 15 minutes performance by Douglas Beattie, baritone, and February 22 for Hortense Monath, pianist. All are widely known, able artists, booked through NBC Artists service. The concerts here will be open only to Civic Music members.

The Week

(Continued from Page 1)

and possibly half of the number executed when owners did not appear with 72 hours. The wise thing to do, if you have a dog in town is to have it vaccinated against rabies and secure a city dog tag. This protects both dog and public.

It's remarkable what rain can do for this country. Within the space of a week the stretches of red sand on the slopes north of town have been replaced with a carpet of green. We don't like to be pessimistic, but some farmers tell us that rain is needed in about two weeks to keep another and less desirable transformation from taking place.

Incidentally, as spotted and ragged as cotton prospects apparently are, a few areas in the county now promise to make close to a bale to the acre, barring further drought and insects.

Growing popularity of tractor power on farms got credit last week for a decline in the census total, all of it occurring in areas outside Big Spring. The total for the county dropped 132, a apportionment loss of about \$3,000. The theory is that tractor farmers can operate larger tracts with less help, forcing farm laborers and tenants to come to town. If this can be definitely established, study should be given to a revision of school set-ups to meet the trend.

If there is someone hereabouts who wants to take on some happiness in the form of a healthy boy, a few days old, this column has been told where such an opportunity exists.

Decision of the county commissioners court to effect a lateral road program in the southwest part of the county is welcome news. Since no route for the new paved lateral section has been approved, we would venture that the following of the Garden City route staked by highway department engineers would not only accomplish the purpose of any other routing, but would be working toward a very important objective.

WHEN IN ROME, DO AS ROMANS.—That old rule of safe conduct seems to apply well to these Ethiopian nobles who visited Rome, Italy, recently and gave above Fascist salute in subtle tribute to the nation that annexed their country in May, 1936. They were given a warm welcome by Italians whose empire they joined May 9, 1936, when King Emanuel was proclaimed emperor of Ethiopia. By virtue of this conquest, Italy acquired assorted Ethiopians and some 350,000 square miles of mountainous volcanic African territory.

IT'S NO SET-UP.—When Friscilla Lane of the film colony decides to huff one down the alley, her opponents in the bowling league have to watch their laurels. Formerly named Mulligan, she and sisters once lived at Indianola, Ia.

HOUSTON STILL AT TOP IN BUILDING

By the Associated Press

Houston continued to pace other Texas cities in building permits issued for the week ending July 22, figures disclosed Saturday.

The bayou city's \$433,075 brought the year's total to \$15,492,090. With \$58,000 more in West University Place, Houston suburb, the week's total was \$491,075, and the year's grand total \$17,255,930.

Other figures for the week were:

Table with columns: City, Week, Total. Lists cities like Dallas, Austin, Lubbock, Fort Worth, etc.

'Stamp Plan' To Continue

WASHINGTON, July 22 (AP)—Administration farm officials, pleased with results of the new stamp method of distributing surplus food among needy families disclosed today that they intend to extend it to upwards of 100 cities within the current fiscal year.

Advanced as a scheme for "bridging the gap" between farm surpluses on the one hand and undernourished urban families on the other, the plan has been tried experimentally in Rochester, N. Y., Dayton, Ohio, and Seattle, Wash. Those in charge of its operation said preliminary checks showed that the plan was "worked perfectly mechanically" and has increased the consumption of surplus food to an extent "far beyond our expectations."

Designed to replace the present system of distributing surplus food through relief agencies, the new plan distributes purchasing power to relief families. Here is the way it works:

Those on relief can elect to take part of their relief wages, or direct relief payments, in orange stamps good at any co-operating grocery store for purchase of any kind of food. With each purchase of an orange stamp, which is worth one dollar, they are given a 50 cent blue stamp good only for purchase of foods designated as surplus commodities.

The government redeems the stamps from the groceryman at face value.

PARKER IS NAMED NEW MANAGER OF LONGVIEW PAPERS

LONGVIEW, July 22 (AP)—Col. Carl L. Estes, publisher and general manager of the Longview News and Journal, today announced the appointment of Stryll A. Parker as business manager of his Longview publications.

Parker, vice president of the company, succeeds Carl F. Worthen, who was killed last Thursday in an automobile accident. Parker has been in newspaper work 14 years, serving as managing editor and advertising director and columnist on Marshall and Longview newspapers.

STANDARD TO TAKE OIL FROM ILLINOIS

NEW YORK, July 22 (AP)—Standard Oil Co. (New Jersey) next week will begin bringing 2,000 barrels of Illinois crude oil daily into its Bayway, N. J., refinery by pipe line, it was learned today.

The oil is being brought east, officials said, to lessen pressure of a surplus production in Illinois. It was explained the move was a "temporary arrangement to be continued until officials can find other outlets for the oil in the mid-west."

FINAL TRIBUTE PAID LOUIS COMISKEY

CHICAGO, July 22 (AP)—J. Louis Comiskey, owner and president of the Chicago White Sox, was laid to rest today in the presence of thousands of his friends.

Men from every walk of life filled the Church of St. Thomas the Apostle. A street was blocked off to permit hundreds of others to gather outside.

The Rev. Father James Laddy of St. Kilian's parish delivered the funeral oration, as he did at the funeral of Comiskey's father eight years ago.

PENNEY STAFF FETED

The staff of the J. C. Penney company store here was feted to a chicken barbecue Thursday evening by Mrs. O. C. Raney and son, Billy Frank.

KILLED BY GAS

LONGVIEW, July 22 (AP)—Carl Miller, about 35, an oil field worker, was overcome by wet gas field while cleaning out a water well at his home near East Mountain today and died before he could be brought to the surface.
