

# Mammoth Parade A Colorful Starter For Three-Day Rodeo

Sixth annual Cowboy Rodeo and Reunion, preceded by a record and colorful parade which thousands jam-packed the downtown area to witness, got off to a great start here this afternoon. While spectators lined the streets to get a good view of the mile and a half parade under the direction of Burke Summers, no less than 96 cowboys from Texas, New Mexico and Arizona were paying entry fees to participate in the three day wild west show. By early morning crowds were milling about the downtown area, contributing to the holiday atmosphere. Sensing an unusual opportunity, a flock of beggars moved about the streets, making concession stands sprang up, and one drug store advertised "son-of-a-gun" stew.

Perfect weather prevailed for the first of six afternoon and evening rodeo shows and the stands and bleachers at the rodeo grounds were well filled for the initial performance. Rodeo grounds were in good shape, having been sprinkled Thursday evening and Friday morning. One hundred and eighty head of salty Brahms calves, steers, wild mules, and broncs milled nervously, apparently in a nasty frame of mind just as show time neared.

Winners in the parade, as selected by an out-of-town commit-

tee, were: Sporting and non-commercial—Eddie Wooten's "Ideal Big Spring Home," first (\$25); Mrs. Nat Shick's one horse shay, second (\$15), and Rodeo Widows chuckwagon, third (\$10). Commercial—Howard County Implement Co. (John Deere) with Center Point Serenaders, first (\$25), Neel Feed and Seed Co. menagerie, second (\$15), and Black Cat Cafe Mexican senoritas, third (\$10). The Rodeo Widows were the only repeaters, having won a third place last year.

Charles Adkins, city traffic officer, opened the way for the 25-minute parade which began moving at scheduled time at 1 p. m. Behind him came a pair of state motorcycle police, Jess Staughter, Sony Edwards, Ruben Creighton and M. M. Edwards furnished the color guard. Behind four more horsemen came the Big Spring high school band. Then followed the pretty array of cowgirl sponsors, 23 in all, here for the first such contest of the local rodeo. A long host of horsemen (kiddies, rodeo contestants and local sportsmen)—250 in all, came by on mounts ranging from ponies, to horses to burros. One woman rode a side saddle.

The rodeo widows came in for a chuck wagon array behind four spanking mules. Then came a color guard and the American

Legion 40 and 8 float. The City of Big Spring officials led a city fire truck and a fleet of six trucks and other equipment of the city.

Cross behind was the Colorado band, then a car advertising the Colorado Round Up. Next was a sporting float by the A. C. Drugs, then polo players, a race horse, two mounted postmasters, Mrs. Nat Shick, and her one horse shay, two more postmasters, the Sub Debs car, the Big Spring Barons Baseball club, a hunting float by Lee Hanson, another sporting float with football, bathing, golf, tennis characters on it, the Bowling Alley float with ten pins on it. Behind this was the Coahoma band in brilliant red, white-trimmed uniforms. The Garden Club float, with a garden party depicted came next. The Big Spring Ideal Home followed. Then came the Lions club float with Uncle Sam and four other characters. Next was the Big Spring Boating Club, and an automobile float, the Lone Star Motorcycle Club, the Bicycle Brigade, a Hill Top car, Redders Insurance Agency, O. H. McAllister Trucking.

The Riding Academy, the Drifters, cars from the Big Spring Motor Co., a pioneer hitching post from the Army Store, a car

from the Marvin Hull Motor Co., Texas Tavern, Darby's Bakery, Coffey Radio Sales and Service, John Deere Implements with the Nix string band, Western Drug, Vaughn Sweet Shop, Western Mattress, Charlie Shultz, the rodeo clown, a Studebaker car, Good year Tires, W. G. Page Trucking Co., Lone Star Chevrolet, Chesterfield, Stallings Laundry, the B. & B. Food Stores, Elliott's Drug Stores, The Black Cat Cafe, Collins Bros. Drugs, showing a corral, a car from the West Texas Motor Co., trucks from the Banner Creamery, J. S. Nabors, contractor, Ross Nursey, Palstaff Beer, Hill Sanding Plans, trucks from Caden Oil Corp., Thomas Type-writer Exchange, another car from the Big Spring Motor Co., Empire Southern Service, carrying a gas well derrick, Phillips Tire Co., Ray Hummel's Orchestra, Daniels Candy Co., Dairyland Creamery Co., Miller-Oldham farm implements, Reed's Grocery and Market, Fitzgerald's Hot Tamales, 77 Taxi, Dr. Pepper Bottling Co. truck, Kist Beverages, R. and R. theatres, Neel's Feed Store, Burnett-Uhr trucks, Plawellen Service, 33-Taxi Co., an ice cream wagon, Eberley Funeral Home, Nalley Funeral Home, Top Hat car, Hobbs Trailer Manufacturing Co. and a transient from Ohio who got into the parade by mistake.

### Jap Actions 'Intolerable' Britain Says

LONDON, June 23 (AP)—Great Britain gave Japan a blunt warning today she would be forced to take action if the Japanese continued what Prime Minister Chamberlain described as "intolerable insults" to British residents of blockaded Tientsin.

By The Associated Press  
Prime Minister Chamberlain told the house of commons today that Japanese treatment of British nationals at Tientsin was "intolerable" and disclosed the Japanese ambassador had been called to the foreign office for consultation today on the matter.

His statement followed charges by the British consulate-general in Tientsin that eight Britons had been forced to submit to indignities, including stripping, at barricades to the blockade of foreign concessions.

Meanwhile at Tientsin Japanese officials, disregarding British official complaints, continued the thorough examination of Britons at the concession barricades, which few tried to pass. United States Consul Frederick W. Hinke made representations, short of a formal protest, against inconveniences suffered by Americans at the barricades.

At Swatow, South China port newly-captured by the Japanese, eight American and eight British sailors patrolled entrances to American Baptist and English Presbyterian missions. The blue-jackets landed just one day after a Japanese warning to foreigners to evacuate the Swatow area. Both British and American officials declined to heed the warning.

In Tokyo Japanese foreign office leaders were reported conferring with the North China military chiefs on exactly what demands to make of Great Britain in connection with the Tientsin affair. Both British and Japanese agreed there was as yet no basis for negotiations.

Tokyo reported a new Manchukuo border incident involving Soviet Russian-dominated Outer Mongolia, a heavy air clash between Japanese and Mongolian forces in the Lake Bor area.

France signed a Near Eastern mutual assistance agreement with Turkey similar to that already made between Turkey and Great Britain. In Ankara, Turkish capital, a complimentary document was signed turning over to Turkey the republic of Hatay, the former Alexandretta Sanjak, northern Syrian province.

## Conventioners Hear 'Tips' From Inspectors; Address By Purdum To Feature Banquet This Evening

Postmasters from far-flung Texas points and from more distant places—there were some 200 registered—took time off from convention activities Friday afternoon to be special guests at the opening performance of Big Spring's annual rodeo.

It was another in a series of festive events planned for the visitors, who have interspersed their business sessions with a full quota of entertainment. Thursday evening, they were feted at a barbecue at the city park; this evening they will be honored at a banquet and dance at the Settles hotel, and will hear from Smith W. Purdum, fourth assistant postmaster general.

The convention rolled along in high, with another program of addresses Friday morning. It will close Saturday, as new officers are chosen and a 1940 meeting place selected. By custom, E. C. McElroy of Marshall is due to be elevated from the first vice-presidency, while the 1940 convention honor seemed to rest between Temple and Galveston.

Talks from various high officials held the attention of the postal men Thursday afternoon and Friday morning. Popular and genial K. P. Aldrich, inspector in charge at Washington, was featured on the morning program, along with C. J. Taylor, superintendent of railway mail service at Fort Worth; and Bert Smoot of Salt Lake City, Utah, past president of the national association.

The men who led the postmasters know when anything goes wrong—the inspectors—had a place on the program Thursday, these including W. R. Briggs, inspector in charge of the Cincinnati division; F. L. Clappitt, inspector in charge at Fort Worth, with Texas and Louisiana in his division; and Alvin S. Page, an inspector at Fort Worth. Another speaker was Owen A. Keen, chief clerk at Washington.

The postmasters themselves were represented in brief talks by Henry D. Young, Fort Worth; Bruce Luna, retired postmaster of Dallas, and Dan J. Quill of San Antonio.

Aldrich, in reporting that Texas as postmasters on the whole were making better inspection averages this year than last, said the state nevertheless has some "poor" postoffices which hold down the state showing, and said it is up to Texas "to bring these into line."

He urged postmasters to keep a See POSTMASTERS, Page 9, Col. 8

## SWEETWATER MAN'S CONDITION IS UNCHANGED

Joe Bowen, Sweetwater druggist, who was stricken with a heart attack Thursday morning while alighting from his car in front of a local hotel, remained about the same at the Big Spring hospital, where he was taken for treatment. He had come to Big Spring with his wife, who is postmaster at Sweetwater, to attend the State Postmasters' association convention.

## NO MORE FLOOD DAMAGE FORESEEN

By The Associated Press  
Rehabilitation of Texas storm and flood victims continued today as the Colorado and Red rivers carried their swollen loads toward the gulf with no additional major damage foreseen.

The National Red Cross' midwest headquarters at St. Louis added a \$750 cash grant to local disaster relief funds to assist 135 families in Mitchell and Scurry counties, and assigned John Wilson and Mrs. Louise Warner to help coordinate relief work.

The relief agency said 60 families in Mitchell county and 75 in Scurry county were being assisted after the Colorado river and two of its tributary creeks flooded a damaged area at Colorado City and Snyder Tuesday.

OUT OF JOBS  
SAN ANTONIO, June 23 (AP)—Approximately 1400 N.Y.A. workers in the San Antonio district were without jobs today as funds for their employment had been exhausted. Eugene Roth, district administrator, said.

## Lamesa Store Manager Dies In Accident

Ernest Conley Brother Of Montgomery Ward Chief Here

LAMESA, June 23 (Sp)—Ernest Conley, 42, manager of the J. C. Penney Co. store here, was killed in a highway mishap 14 miles south of here early this morning.

Tire Blowout  
Apparently he had died instantly when his car overturned, hurling him some 25 feet from the wreckage. It was theorized by officers that a tire blowout may have caused him to lose control of his car. The body was discovered about 1 a. m. by an unidentified truck driver.

Conley was returning home alone following a visit with his brother, E. M. Conley, manager of the Montgomery Ward & Co. store in Big Spring.

Mrs. Conley was visiting in Lubbock at the time and two of his four sons were in New Mexico in a camp.

Coming to Lamesa four years ago, Conley had since served as manager of the J. C. Penney Co. store. He was an ex-serviceman, was active in civic affairs and was a member of the Lamesa Lions club.

Survivors include his widow; four sons, Ernest, Jr., Jack, Robert and Bill; his mother, Mrs. A. B. Conley of Lubbock; two brothers, Elmer Conley, Big Spring, and A. B. Conley, Jr., Lubbock; three sisters, Mrs. Robert Jennings, New York City, Mrs. L. Laaky, California, and Frances Conley, Lubbock.

Funeral services will be held at 3:30 Sunday afternoon in Lubbock.

## Water Application Is In Washington

Amendatory application of the City of Big Spring for a PWA 45 per cent grant on a \$46,000 water-works project has been received in Washington where Texas congressmen are seeking to expediate a decision on it.

The project, which went to Washington with regional approval, calls for a 1,000,000 gallon water reservoir in the south part of town, the lowering and moving of a score of blocks of 12 inch main on Gregg street, erection of a caretakers cottage at the Moss Creek lake, a master meter on the line from city wells, and other lesser items.

Representative George Mahon, Senators Morris Sheppard and Tom Connally all wired E. V. Spence, city manager, Friday that they were pushing for quick approval of the project.

## SHOWERS SPOTTED OVER THE COUNTY

Drought-stricken Big Spring and surrounding area missed another good chance for badly needed showers Thursday night.

Only spotted precipitation was reported over the county, the heaviest apparently having been in the airport area. The U. S. department of commerce weather bureau reported rain totaling .22 of an inch at the airport. However, the shower extended only a short distance toward Big Spring.

Otherwise, all the county received was sprinkles, strong wind and an electrical display.

### HEAD NEW FEDERAL AGENCIES

John H. Carmody (left) of New York, and Jesse Jones, prominent Texan, were named today by President Roosevelt to head two new federal agencies. Carmody, head of the Rural Electrification Administration, will direct the Federal Works Agency, and Jones heads the consolidated federal loan agencies. He is chairman of the RFC.

## School Vote Next Friday

A week from today voters in the Knott Independent County Line school district will vote on whether to annex a portion of the Soash common school district and to assume indebtedness commensurate with the territory assumed.

Under terms of the election, the vote would be on assuming 40 per cent of the indebtedness outstanding against the Soash district, which is being dismembered, part going to Ackery and part to Knott.

Should the move be approved by voters, it would give the Knott district 104 sections and entitle the school to draw two dollars per pupil per month under present state department regulations instead of the one dollar now received. Thus, the matter is of vital importance to the district, officials declare.

According to H. F. Hallsback, superintendent who is attending summer school at Texas Tech, additional credits have been received by the Garner (Knott) school in English and journalism, bringing the total number of affiliated units to 23 in three years. Plans are afoot to add vocational agriculture and vocational home making to the curriculum.

The Garner P-T. A. is sponsoring a project to improve the stage of the school auditorium at a cost of approximately \$150, it was reported.

## BUCHANAN LAKE IS LOWERED FURTHER

AUSTIN, June 23 (AP)—Lower Colorado River Authority engineers today stepped up the release of waters from Buchanan lake to 50,000 gallons per second in anticipation of approaching flood waters from the upper Colorado river watershed.

## All Ranch Girls, Many Previous Prize Winners, Cowgirl Sponsors Feel 'At Home' In Rodeo Events

In the contest Sunday, The petite daughter of U. D. Sawyer has been in rodeos in Midland, Stamford, Fort Worth, and in the parade at Madison Square Garden rodeo, taking prizes in all the contests she entered.

BILLY LOU THOMPSON recently won the second prize in the cowgirl contest at the Snyder rodeo. She is the 15-year-old blue-eyed daughter of C. V. Thompson of Snyder. She will wear a brown and orange shirt in the contest Sunday.

## Measure, Up To President For Signature, Eliminates Undivided Profits Tax, Fixes A Flat Levy

WASHINGTON, June 23 (AP)—The house concurred today in minor senate amendments to the business tax revision bill and sent the measure to President Roosevelt for his signature.

The legislation, rushed through both houses of congress in less than a week, wipes out the undivided profits tax, which many business men denounced, and fixes a flat 18 per cent levy for large corporations.

Haste in pushing the bill through congress was motivated by expiration a week from today, of excise levies, which the measure repeals.

Congressional leaders meanwhile called for a post-adjournment study looking toward a top-to-bottom overhaul of the revenue structure next year.

The tax bill, carrying levies designed to put \$1,600,000,000 in the federal till for 1940, swept to senate passage late yesterday without audible dissent.

Besides revamping the corporation tax structure, the bill continues for two years \$544,000,000 of excise taxes on such articles as automobiles, firearms, cosmetics and gasoline.

For corporations, the measure replaces the present undivided profits tax with a flat 18 per cent income levy on companies earning more than \$25,000 a year, and make other changes asked by business.

Senator Barkley (D-Ky.), majority leader, told reporters "there are still a lot of rough edges" in the tax structure. He said it was probable that a joint senate-house committee would be set up to study the revenue system during the congressional recess and draft a bill for presentation to the 1940 session.

Barkley said among other things the committee might study the advisability of broadening the income tax base and removing present exemptions on income from federal and state securities.

The perennial proposal of Senator La Follette (Prog-Wis) to lower personal income tax exemptions was shouted down yesterday after the senate had rejected on a 38 to 38 tie his amendment to increase income taxes on middle-bracket incomes. (Under parliamentary procedure, amendments fall on a tie).

While that tax bill was in the way, the senate turned once more today to debate-provoking legislation to extending the administration's emergency monetary powers for two years.

Silver state senators, while denying they were filibustering, have been holding up a vote on the monetary bill with prolonged speech-making. The measure was sidetracked yesterday to permit speedy passage of the tax bill, but Senator McCarran (D-Nev.), a leader of the silver bloc, said he would oppose any further interruption.

Designing to stimulate business and employment without costing the treasury any money, the president's program would authorize loans for various purposes, among them:

- To states, cities and counties for sewers, bridges, hospitals, etc.; to a new federal toll authority for toll bridges and express highways; to another federal corporation for purchase of railroad equipment; to farm tenants for purchase of land; to the Rural Electrification Administration, and to the Export-Import bank to finance foreign purchases in this country.

Besides the \$3,000,000,000 in loans, the program would allow the United States Housing Authority to borrow an extra \$800,000,000 to finance housing projects.

## ERNEST THOMPSON IS VISITOR IN CITY

"Surprise" visitor in Big Spring Friday was Col. Ernest O. Thompson, member of the state railroad commission who stopped briefly en route from Lubbock to Alpine. He was on his way to deliver a talk tonight before a student-teachers group at Sul Ross college, on state policies of oil and gas conservation and production.

It will be his 15th talk on that subject before schools in the past few weeks. He made a similar address before a Tech crowd at Lubbock Thursday night. State teachers colleges and others are holding conservation seminars, and Thompson is talking on the oil-gas phase of conservation. He expressed belief before the postmasters' convention while here.

What's Your Wish?

Only One, Remember—Think Carefully What Would Be Your Greatest Desire

Probably more sentences are started with the words, "I wish" than any others in the dictionary and according to tastes and temperaments many and varied are the wishes.

Some wish to be healthy, some wealthy and some wise and below are some who framed in words the things that they would like to have or to be.

The question was, "If you could have one wish, and that wish would come true, what would you wish?"

F. W. BETTLE, retired civil engineer—"I'd wish to keep on having good health."

STORMY THOMPSON, plant manager of an oil company—"I'd wish to suddenly have unlimited knowledge in two or three technical subjects in my field."

CHARLES KEISEY, photographer—"That's easy, I'd wish for a thousand more wishes that would come true."

MRS. S. J. ATKINS, housewife—"There's only one thing that a mother would wish and that is success for her children. Not financial success particularly but in the worthwhile things of life."

WANDA McQUAIN, student—"I'd wish that I would always be happy or that there would be no more war."

MRS. L. E. WILSON, cashier—"I'd wish for a whole month's vacation with full pay so that I could really enjoy myself."

HUSBAND HELD IN ATTACK ON WIFE

LOS ANGELES, June 23 (AP)—Helen Higgins, 37, remained near death in a hospital today from stab wounds as police held her husband, Melvin, 38, who they asserted attempted to end his life by driving his car into a creek.

The woman was found in bed at her home, the hilt of a carving knife protruding from her abdomen. Officers F. V. Gosselin and S. A. Rosenwald declared Higgins confessed he hit her with a flatiron and stabbed her because "she was interested in another man."

He was rescued from the creek by patrolmen who said he screamed: "Let me die—I've just killed my wife."

ADOPTS OWN NAME

WASHINGTON, June 23 (AP)—James A. Noe, Louisiana state senator and now candidate for governor, will have his full name in the call letters of his New Orleans radio station.

Elmer Pratt, a Washington attorney, said today the federal communications commission had agreed to allow Station WNOE to change its call letters to WNOE.

PREMATURE BOMBARDMENT CHICAGO, June 23 (AP)—Residents of western suburbs were awakened early today by an unannounced premature Fourth of July bombardment. An estimated 250,000 stock of fireworks blew up in a retail sales depot in Leyden township.

# MAREK AND CAPPS STAR IN BARONS' 6-5 WIN OVER LUBBOCK

## Roden Tests Bob Coffey In WT

By FELIX R. MCKNIGHT  
**FORT WORTH, June 23 (AP)**—The mild little fellow with the tremendous golf game was three jumps ahead of the West Texas Golf association field today.

Three strokes better than par for a 70 over his home course to easily snatch medalist honors, Billy Bob Coffey, soft-spoken Fort Worth youngster, entered match play the top favorite.

Small of stature but a mighty swinger, Coffey proved his position over his better foes by winning the long driving contest with three lustrous smacks that left his field just about as far in the rear as his qualifying round.

Five players equaled par 73 in the qualifying round, but only two actually threatened Coffey's pace-making place, James Taylor Hammett, the Rising Star sensation, carelessly hoisted away chances to at least tie Coffey in the medal round.

Three under par through the 11th hole, Hammett immediately began unraveling when he lofted his tee shot out of bounds on the 12th. He had carried a six, two over par on the hole, before he was finished and then registered bogies on the 13th and 16th to go one over par. He scrambled in a good put for the 17th to get back even with par and coasted home for a par round.

Donahue "Hot"

The veteran Pete Donahue, who once was the Cincinnati Reds' crack curve baller, stripped par by two shots on the back nine, to get his par 73 while Paul Gore, Amarillo city champion, shot the course in regulation 36-37-73.

Two others, M. B. Tripp and Alfred Holton of Lubbock, racked up par rounds.

Jodie Eibl, of Lubbock, the defending champion who did not qualify, faced a seasoned foe in the first round in Chilton Jennings of Fort Worth, a 78 shooter.

Coffey had Bill Roden of Glen Rose, a 77 qualifier, while the stand but scrap remained to be between Hammett and Rufus King of Wichita Falls. King, former Grand National trapshooting champion, who has been having troubles with his golf game, reported better luck in the medal round.

Morris Norton of Wichita Falls, twice a West Texas champion, teed off against L. S. Walker, Quanah veteran, in another feature match.

## Softball Play To Be Resumed Next Week

Softball managers of teams of the Muniy league met with H. F. Malone, city recreation director, Thursday evening at the city hall and made plans toward a schedule with play to begin next week.

All the teams who competed in first half play are assured of participation in second half play except Collins Brothers.

A schedule for the last half will probably appear in the Sunday edition of The Daily Herald.

**LONDON, June 23 (AP)**—Baron Gottfried von Cramm, former German Davis Cup ace, upset America's Bobby Riggs in the semi-finals of the Queens club tennis tournament today. The baron gave the 21-year-old Chicago one game as he won, 6-0, 6-1.

## KAMRATH IS OUSTED IN CLAY COURT MEETING IN CHICAGO

**CHICAGO, June 23 (AP)**—Frankie Parker of Pasadena, Calif., seeded No. 1 in the national clay courts tennis tournament, continued his little pursuit today against Warren Christner of Austin, Texas, as competition entered the singles semi-finals.

Rain the last two days has out heavily into the program.

However, the downpour yesterday did not arrive soon enough to save fifth seeded Bob Kamrath of Austin, Texas. He won his first set from youthful Seymour Greenberg of Chicago, then fell 6-2, 6-1.

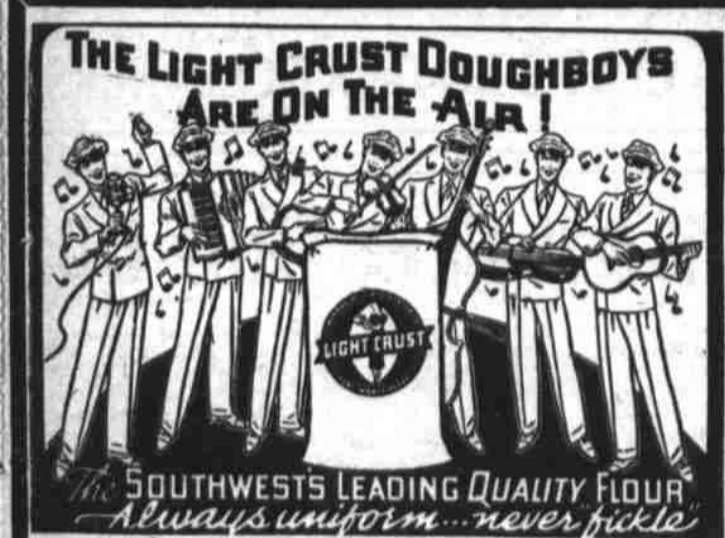

Kamrath was the fourth seeded player to fade from the original list of 16.

The No. 2 seeded Wayne Sabin of Portland, Ore., who disposed of New Yorker Charles Mattman in straight sets yesterday, took on Big Ten Champion Chet Murphy of Chicago today. The third seeded Gene Mako of Los Angeles and 11th seeded Wilbur Coen of Kansas City were the principals in another quarter final.

## Lewis Refuses To Surrender Boxing Title

**PITTSBURGH, June 23 (AP)**—John Henry Lewis today proclaimed himself still champion of the light heavyweights despite lifting of his title by the National Boxing association.

Challenging the NBA's authority to dethrone him, the 25-year-old negro declared he would keep on fighting until he lost his crown in the ring or became convinced he wasn't capable of beating most of the 175 pounders and heavyweights of the game. He previously announced he would retire and enter business.

## Jodie Chalks Up Victory No. Eleven

**Capps Has 'Four For Four'; Move To Lamasa Tonight**

By HANK HART  
 The elements, acting up a bit on the back stretch, played no favorites as Jodie Marek tamed the Lubbock Hubbers, 6-5, here Thursday evening, enabling the Big Spring Barons to sweep the three game series with the WT-NM league champions.

The victory elevated the Regemen into undisputed third place in league standings, three games off the pace, cut the Hubbers' advantage to a bare game over second place Lamasa, who lost a glorious chance to share the lead by splitting a doubleheader with Pampa, gave Marek his 11th victory of the season, his third straight over the Hubbers.

**Sixth In Row**  
 The decision was the sixth in a row for the high flying Barons, their best winning streak in two years. It was also the eighth victory in 10 starts for the Big Spring over a team from which they won but five games in 1938.

Marek had plenty of trouble after a dust storm blew in about the seventh frame but the long range hitting of his mates enabled him to pull the verdict from the fire.

Billy Capps, the Barons' brilliant third sacker, and reliable Pat Stacey collaborated in the eighth to produce the difference that won the game for the locals. After scoring twice in the second to take the lead but seeing the advantage crumble by fourth and seventh inning outbreaks on the part of the Barons, the Hubbers again took control in the eighth when Mel Kramer and Nat Zorko put together hits with a sacrifice fly by Malcolm Stevens to create a run and a margin to work on.

That advantage was short lived. Kramer, who had pitched steady ball through the first seven rounds, crowned Bobby Decker as the lead-off man in the eighth and the heat was definitely on. Curdele Loyd, who had clouted out a home run for the Barons first rally in the fourth, sacrificed Robin to second. Kramer pitched steadily to Tex Walton and forced him to ground out along the third base line but both runners were safe when the pitcher grabbed up the ball and whirled to catch Decker at third. The only reason he didn't effect a putout with Johnny Taylor was because Bobby had already had time to eat lunch there.

Right Time

Pat Stacey followed and picked the right time to get his only base blow of the evening, a terrific single into left center field that scored both runners. Capps stepped up and rapped out his second of two triples to score Stacey, then came home when Van Marshall filed long for Boyd Watkins at second.

The Hubbers came back with a rush, cramming the hassocks before a man could be retired as Marek momentarily lost his control, gave free passes to Salty Parker and Watkins. Hack Miller had sandwiched a hit in between the donations and Clovis Bridwell, pinch hitting for Kramer, bowled across the first runner with a drive to Decker who took it and faced Watkins at second. With runners on first and third Nat Zorko dispatched a double play ball to Decker who tossed to Herby Morey in plenty of time but the second sacker, wheeling after making the catch, tossed the lemon into the Lubbock dug-out and the tying run went to second. Mal Stevens appeared and lofted to Pat Stacey in right to end the proceedings.

Capps enjoyed a perfect night with the willow, smashing out a double and a single besides his two triples.

Only one of the Hubbers' nine base blows off Marek went for extra bases, a double by Johnny Taylor in the fourth and Kramer's two bagger in the eighth.

Experienced pennant fever, the Barons storm into Lamasa tonight where they open a three-game series. Edson Bahr is slated to get the mound assignment for the locals.

The Barons will be on the road the remainder of the initial half.

## LESNEVICH IS NEW L'WEIGHT TITLE THREAT

**NUTLEY, N. J., June 23 (AP)**—The dynamite laden left hook of Gus Lesnevich seems to hold the answer to the question of who's going to succeed John Henry Lewis as ruler of boxing's 175-pounders.

The 34-year-old Gus, throwing his hook with unerring accuracy, last night belted out Dave Clark, highly touted Detroit negro, in 1:28 of the opening heat of a scheduled 10. Lesnevich sent his opponent to the canvas four times before Referee Gene Roman called a halt.

It was Lesnevich's 61st victory in 65 battles in a four year professional career and was easily his most impressive.

Lesnevich weighed 174 pounds, with Clark coming in at 172.

## In Fine Condition, Galento May Pull 'Upset Of Century' June 28

## The Sports Parade

By HANK HART

As an impetus to the boys, a group of local citizens are staging a "pennant fund drive", money-for which will go to Tony Rego and his Barons in case they do the seemingly impossible and slip into first place before the termination of first half play.

Collections are being taken at the Club Cafe, Crawford Hotel, Matson Shine Parlor, Busy Bee cafe, Herald office or with Leigh Morris, the club's business manager.

Certainly in the fight for the title, the Barons can be expected to scrap all the harder if they know the fans are scrapping for them in that way. Well they know that all the extra change they can pick up other than their salaries will help a lot.

Second half play will begin on July 2nd instead of first half play ending on that day, we've been corrected. That makes the fight more difficult. The Regemen now have but nine games on their schedule, are three games off the pace. Too, they play all their first half games on the road. But it can be done.

Johnny Soden is back and is ready. He may go to the hill as early as Saturday against the Lamemans, to be able to take his regular turn thereafter. He'll help a lot.

It's going to be interesting.

We hear Malcolm Stevens and Herby Faulkner are terminating their agreement at Lubbock some time soon. That's too bad. Mal, who is but 17 years of age, was one of the league's best players last season but he's faltered badly. His '38 batting mark of .306 has dipped and his fielding is terrible.

The White Sox may continue to gamble on him but at any rate he's apt to move.

Salty Parker had him in the outfield last night, played Nat Zorko at second base.

Faulkner thought for a while of making a catcher out of the Galvoston youth but apparently abandoned that idea. Mal was having a hard enough time fielding at the keystone.

Bobby Hillis gained his release from Abilene but his efforts to sign with Grover Selts at Pampa went for naught. Selts, who must have been living right lately, signed Eddie Guyenes, the Lamasa ex who figured in that Midland trade for Sam Malvica and who later slipped out on the Cowboys to return to his home in Dallas.

## Cubs Threaten If Diz Keeps Up Work

**Ace Throttles Bees, 6-1; Yanks Rout Pale Hose**

By JUDSON BAILEY  
 Associated Press Sports Writer

That \$185,000 lemon Philip K. Wrigley purchased last year for his sweet-toothed Chicago Cubs is beginning to ripen into a mighty juicy fruit.

At a time when the rest of Chicago's vaunted pitching staff has splattered all over the National League, Jerome Herman Dean has confounded his critics by winning four games without a setback.

He held the Boston Bees to six hits yesterday as the Bruins won, 7-1. They haven't been defeated in six games, although tied Monday.

It is the Cubs' longest undefeated stretch of the season.

Dean started it Sunday and gave it some moral (or oral) support during the week by way of showing he is rounding into his old form as a pop-off, too.

Plenty of Help

The Cubs gave old Diz plenty of help at the plate yesterday, presenting him a five-run start in the second inning during which Augie Galan hit a home run with the bases loaded. He nursed this lead well, losing a shutout when the Bees bunched half of their hits in the fifth frame.

The champions closed the gap between them and the third-place New York Giants to half a game.

Don't get me wrong. Louis is still a 1-to-9 favorite, and those odds probably are about right. The negro is a great champion by any measure and is the only sane choice in this scrap. But I'm beginning to suspect the crowd is likely to get its money's worth.

Jim Braddock, the ex-champion had the same hunch after watching Tony work out yesterday. Jim really was impressed, and not for publicity purposes. He seemed reluctant to express such an unpopular opinion.

"Tony's got a hell of a chance in this scrap," said Jim, who had the negro on the floor before.

## BRADDOCK SAYS TONY GOING TO BE TOUGH

By GAYLE TALBOT  
 NEW YORK, June 23 (AP)

—I'm going to stay away from Tony Galento's training camp before I catch myself picking the big palooka to knock out Joe Louis for the heavyweight championship next Wednesday night.

There's something about the pit that gets a man, and it isn't necessarily Madame Bey's home cooking. Maybe it's the heady air of New Jersey hills. But I'll awe that the Galento of today, five do before the fight, looks like a me proposition to face in a small ring.

Frankly, he has worked himself into finer condition than any of local critics thought possible. If beer stomach has almost disappeared. Yesterday he fought tough rounds without blowing, and he was throwing punches ever second of the time.

# Remodeled, Improved Wacker Store To Open Saturday

## Main Street Building Is Enlarged

### Fixtures Revamped, New Departments Have Been Added

An extensive remodeling and expansion program completed, the G. F. Wacker store at 210 Main street will hold its formal reopening Saturday.

Given 2,000 additional square feet of floor space by an addition to the rear of the store building, the department store has been enlarged, new and more complete stocks have been provided, fixtures have been rearranged to give more customer space, and new departments have been added, including the striking fountainette service.

Although the store previously carried a large stock of goods, it now carries one of the most complete lines in all of West Texas.

**More Employees**  
Enlargement of the concern will call for addition of some 10 to 15 new employees, said L. B. Edwards, manager. To care for the crowds on the opening day, around 75 to 80 employees will be used. No little part of the increase in

the staff is due to the addition of the fountainette service which demands about 16 girls to handle the 60 foot-33 stool counter, the store-room and kitchen.

This marks the third major expansion program of the store since it opened here about ten years ago at the time the depression was setting in. It first was enlarged to include an adjoining store space, and when this proved inadequate, a 40 foot extension was built to the rear, giving a total of 7,000 square feet of space for the store.

A similar amount of space is given over to the stockroom in the basement of the building. Here material, containing perhaps the widest variety in this area, are carefully stored for use.

**Exterior Improved**  
Improvement of the Wacker store does not stop with the interior. Included in the program has been the renovation of the front, construction of new and spacious windows and addition of new decorative features. The show windows are not only built for display, but they are cut much higher to let in a great abundance of sunlight for shopper convenience.

Out in front, Wacker has installed two banners and sets of convenient steps down the steep incline from sidewalk to street. Already this one thing is proving immensely popular with people who declare it to be the best help to shoppers in the downtown area in 10 years.

## Candy Sales A Specialty

Wackers store has built up a big volume of candy business over a 10-year period here, and for a very good reason, too.

Not only have customers found that prices are right at Wackers, but they also have learned that candy is always deliciously fresh. Reason for this is the Wacker policy of only ordering in comparatively small lots, just enough to meet an anticipated week's demands. Experience in ordering has just about eliminated any guesswork from this and as a consequence new candy stocks are constantly pouring into the store.

All candy comes in "seal fresh" packages, a method of packing in waxed paper to preserve the freshness of the sweetmeats. Should any candy be left on hand after a short time, Wacker removes it and disposes of it instead of permitting customers to purchase inferior quality sweets in the store.

## ADMITS HAVING A 'FEW DRINKS' AT JEFFERS PARTY

LOS ANGELES, June 23 (AP)—An admission that she "had a few drinks" was recorded today in cross-examination of Marguerite Morgan, beauty operator and state's witness in the trial of the Rev. Joseph Jeffers and his wife, Zella, on morals charges.

Miss Morgan on the stand yesterday described champagne parties at the Jeffers apartment, during which the evangelist and his wife appeared in the nude. She told of acts between them in a bedroom. Several spectators left the courtroom during her testimony.

The Jeffers were arrested by district attorney's detectives who entered the apartment at a signal from Investigator Vincent Higgins. Higgins, posing as a wealthy film writer, had gained friendship of the evangelist and admittance to the party.

Deputy District Attorney S. Ernest Roll said he would ask Judge Charles W. Fricke to view pictures taken in the apartment after Higgins concludes his testimony. The investigator may take the stand today.

## DEPARTMENTS ARE EASILY IDENTIFIED

Shoppers who visit the G. F. Wacker store Saturday on the occasion of its reopening after an extensive remodeling and expansion program will notice the many modern chromium fixtures in and over the various departments.

Many of the new fixtures are used to display merchandise, but others are used to identify departments.

Departments not only are identified by name, but also by number. Should a shopper inquire for an article at the wrong counter, the attendant can expedite matters by replying that "it's in department No. 18, at the rear."

Dr. and Mrs. E. B. G. Cowper have as their guest, Eloise Odam, sister to Mrs. Cowper. **Futti! Futti! Futti! 2004 Scurry—adv.**

They call it a fountainette, out in this country it's imposing enough to be almost a curiosity, and in a few words—it's got anything between Fort Worth and El Paso beat a mile.

The fountainette, if it must be given a name, happens to be the newest and outstanding department of the remodeled, renovated and enlarged G. F. Wacker store which has its reopening Saturday.

Counter for the department covers a 60-foot span and makes room for 33 comfortable stools. Sixteen girls, under the supervision of O. F. Lindelof, department manager, will be required to handle the services of the unit.

Everything is built around the latest in sanitary equipment, designed for beauty and utility. As

SHERMAN, June 23 (AP)—E. H. Hoff of Lubbock was shot in the right shoulder and robbed of \$172 today when he resisted two men and a woman who had asked him for assistance on Highway 82 east of Sherman.

At Denton, police were scouring the city for a suspect in the shooting who answered a description broadcast by police radio.

Hoff was being treated in the Wilson N. Jones hospital at Sherman. He told police he scuffled with two men, while the woman stayed in the car (Plymouth sedan). Hoff then drove his own truck into Sherman and notified police. He had been to east Texas to buy a load of oats.

## May Attempt Non-Stop Glider Flight

MAGDALE, A. N. M., June 23 (AP)—The whims of air up-currents in this central New Mexico desert country today were to determine whether Capt. Peter Riedel, cross-country German glider pilot, would attempt a non-stop hop to Wichita Falls, Tex.

The pilot said he would dismantle his twin-seater glider and go by automobile, if weather conditions were unfavorable. He dropped out of the chill evening desert air to land at the ranch of A. L. Myrland, 13 miles west of here, Wednesday after a seven-hour, 80-minute hop over wastelands, forests and mountains from Winslow, Ariz.

Captain Riedel, 33, is a German embassy attache at Washington.

## CONDEMNS PRACTICE

SAN FRANCISCO, June 23 (AP)—A resolution condemning the practice of luring customers to overstrain their credit by offering them easy terms, with no down payments, was among those prepared for presentation today to the closing session of the National Association of Retail Credit Men.

Also to be decided was the 1940 convention city. Robert A. Ross of Dallas was elected president of the association.

## DATES ARE SET

"Christian Science" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 25.

The Golden Text is: "Sing, O heavens; and be joyful, O earth; and break forth into singing, O mountains; for the Lord hath comforted his people, and will have mercy upon his afflicted" (Isaiah 49:13).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Verily, verily, I say unto you, He that believeth on me, the works that I do shall be done also; and greater works than these shall he do; because I live, yet my Father" (John 14:12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Principle of divine metaphysics is God; the practice of divine metaphysics is the utilization of the power of Truth over error; its rules demonstrate its Science" (page 111).

All services at the usual hour Sunday, Sunday school 10 o'clock. Morning worship, 11 o'clock. Sermon by the pastor; Young People's hour at 7:15 and the evening sermon at 8:15. You will enjoy our mid-week prayer meetings each Wednesday evening at 8 o'clock.

The Church of God is here for service. Jesus came not to be served, but to serve. We are here to help; to do constructive service for the Kingdom of God. Our service is not confined merely to the group that is now known as the Church of God people, but rather to any and all who need our service. All Christians by virtue of the New Birth experience, is a member of the Church of God, and therefore we are all brethren, and our purpose is to all work together for the great common cause of winning the lost. You will always find a warm Christian welcome at God's church.

## DETROIT OIL MAN REPORTED SLAIN

LANSING, Mich., June 23 (AP)—State police searched along roadways in nearby Clinton county today for the body of George G. Hall, 50, Detroit oil promoter reported slain and thrown from his automobile by a hitchhiker.

All the information police had was volunteered by Miss Ruby Cobby, 22, of Pinconning, Mich., who said she was present when the shooting took place and was held by the gunman for eight hours, finally being released at 1 a. m. today in Grand Rapids.

She said the gunman took money, a wrist watch and ring from Hall's body.

The shooting took place, she said, while she was driving with Hall beside her and the hitchhiker in the back seat. No quarrel or argument preceded the shooting, police quoted her as saying.

## SAVED FROM DEATH

LOS ANGELES, June 23 (AP)—A superior court jury's recommendation of life imprisonment today saved Duane Martin, 21, confessed gunman, from death in the state's lethal gas chamber.

Martin, former Dallas, Texas, resident, admitted shooting to death Abraham Fox, liquor store proprietor, during a holdup. The jury acquitted Walter Morgan, defendant with Martin, in the Fox case but found him guilty of another robbery.

## MAYOR SEEKING ANOTHER JOB

CENTERVILLE, Ia., June 23 (AP)

Mayor T. L. McIntire wants more money and more work. He inserted the following ad in the local paper: "Mayor wants work, available after 10 o'clock in the morning. Seeks means of livelihood."

Recently the city council cut the mayor's salary from \$1,200 a year to \$360. The mayor retaliated by cutting his hours. Office hours now are 9 a. m. to 10 a. m.

## ENDURANCE FLIGHT PAST 41 HOURS

SPRINGFIELD, Ill., June 23 (AP)

Two Decatur, Ill., aviators, trying for a new world sustained flight record for light planes, passed the 41-hour mark today. Their second night in the air was without incident. The record is 218 hours.

The fliers are Hunter Moody, 26, and Wilbur Parrish, 36.

## Wolf Hunt Movie Fails To Pan Out

By BOB McEWEEN

Several days ago Larry Corcoran, connected with the public relations department of General Motors, came to Big Spring to make preparations for the filming of a wolf hunt. A Morletone photographer was brought down from New York City to make the picture. Jim Lillis, the cameraman, was stranded in Colorado City by the flood but was ferried safely across. In other words, everything seemed to be running perfect. Then the actual hunting of the wolves was started in the country north of Big Spring.

Here the trouble started; in the first place the color of the wolves was identical to that of the wolves if there had been any. The presence of the wolves was elsewhere or there just were no wolves.

The trip was not a complete failure because there New Yorkers received a taste of the peculiar West Texas weather. Larry Corcoran marveled at the cool nights after such hot days. Mr. Lillis was met by a flood and left with dust in his eyes. We know that when these gentlemen get back to New York they will still carry the memory of West Texas. It is not easily forgotten.

King George Liked CCC During Mrs. Roosevelt's garden tea for the king and queen of Great Britain, the king is said to have talked at such length as the occasion would permit on the subject of the Civilian Conservation Corps, getting from President Roosevelt as much information as could be briefly given, after which he asked that whatever printed information was available, such as reports of the organization and its work, should be sent him.

The king had seen the CCC camp at Fort Hunt, Virginia, where the youths to whom he talked said they liked the work and their physical appearance bore out the fact that they were well fed and housed and were getting something worth while. The king indicated he thought the CCC plan might be of value in military training, but the commander at the camp made it clear to his majesty that the CCC and the army in United States had nothing in common, other than the best interests of people of the nation.

The Civilian Conservation Corps is the outstanding accomplishment of the Roosevelt administration. It has been subject to less criticism than any of the agencies established to relieve the tension of unemployment and want. It has done that to a considerable degree, and the young men who have enrolled in the service and who have passed through its training, are in much better situation to get and keep employment than those who have not been members.

They have had lessons of work and discipline and of accomplishment that no school or college nor university would have given them, and they have had some book instruction besides. They have been grounded in the principles of working to a definite goal and if they carry this with them into adult life they need have no fear for their future.

George Tucker Man About Manhattan NEW YORK—The New York stylists are pretty funny at times, though if they didn't take themselves so seriously they wouldn't be funny at all. Everytime a woman wears anything that meets with their disapproval they denounce her as ignorant of prevailing modes.

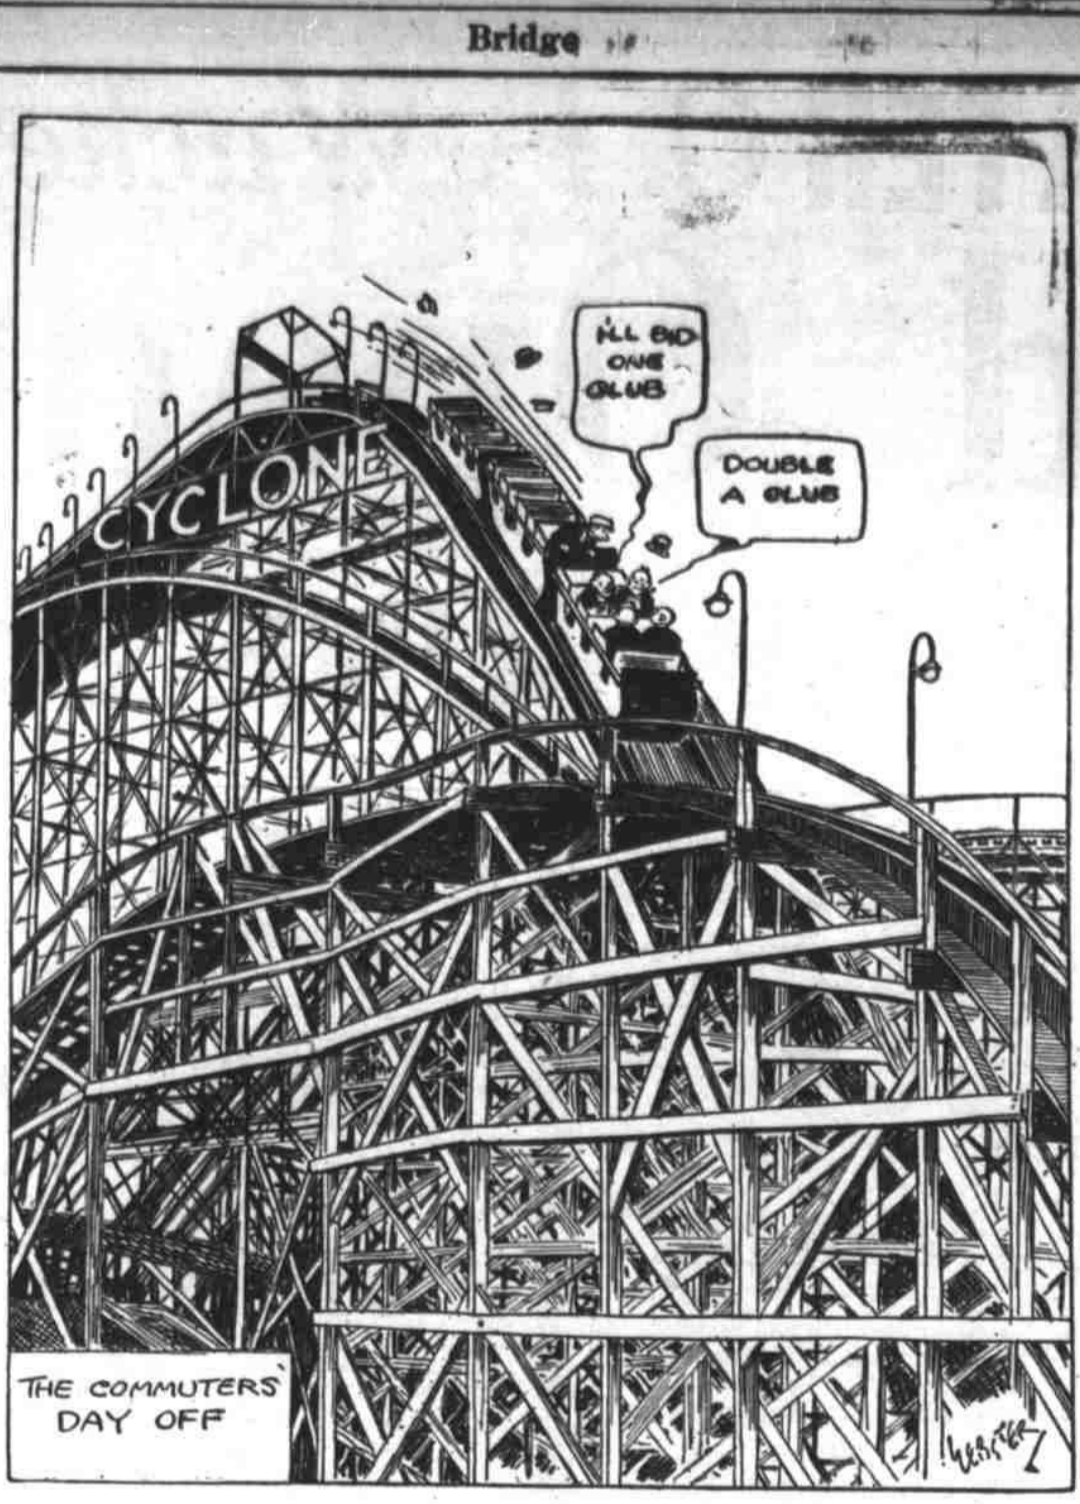

When Garbo came back to America in over-long dresses, wool stockings, and shaggy locks the stylists flew into a rage and branded her as "Unfair to American Women," which, if you ask me, is very funny indeed when you consider that Garbo isn't an American, never has been one and has no intentions, ever, of taking out citizenship papers.

And now it is the queen whose frocks and parasols are being anonymously damned by the self-styled authorities who refuse to let themselves be quoted. Her clothes, they say, are "sweet," but altogether lacking in "umph," whatever that means. She had barely crossed the Canadian border when the Fifth Avenue style trust were quietly ripping to shreds the ensembles worn at Washington and at New York by the queen.

One of them, according to published releases, described her majesty's clothes as "matronly." Another suggested that most American women "would prefer to copy the Duchesses of Kent and Windsor. Trimmer, you know." A third thinks the queen's clothes are "elegant, pretty, dignified and all that—but definitely not smart."

What a pity! The queen's clothes aren't smart! I was stunned to see how gray Jo Davidson's beard has turned. The last time I saw him was five or six years ago at a dinner at the Brevoort, and his wiry, tough whiskers were coal black. Since that time he has spent most of his time in Paris, carrying on his sculpture there.

Davidson's latest work, and a wonderful thing it is, is that statue of Will Rogers which was unveiled at Washington a couple of weeks ago. It shows the cracker-barrel philosopher in his most typical pose, the loose, eyes squinting, hands in pocket, double-breasted coat buttoned at the bottom button, standing in shy wonder at something or other. At Washington he is standing between statues of George Washington and Alexander Hamilton, the second Oklahoman in the state's history to grace Statuary Hall. The other was a Cherokee chief whose name I can not remember. Come to think of it, Rogers himself was part Cherokee. It was one of the few things he ever bragged about.

BRIDGE THE COMMUTERS DAY OFF

FOUR BLIND DATES

By Edwin Rutt

Chapter 16 DIFFENDERFER HIMSELF A sudden grating noise behind Bill caused him to turn his head. And, in a blinding triumph of perception, William gathered the reason for the rout of his cohorts.

The reason was a huge individual in that distinctive genus of salt-and-pepper suit favored by hangers-on at Belmont Park and Pimlico. A brown felt hat, in a high state of disreputability, had slipped back from his massive shining forehead until it looked like a needy relation of one of the hanging gardens of Babylon. Tilted at an arrogant angle in a corner of his mouth was a half-smoked cigar. Beyond this the presence was noteworthy for naught save supreme paunchiness and a protruding lower lip. William mistook the individual on sight. It became apparent presently that the individual mistook William.

Preston Grover Washington Daybook

WASHINGTON—The forest fire season has started in the Rocky mountains and on the Pacific slope, a statement which does not stir easterners but which means to westerners four months of losses as bitter and twice as dramatic as those in the Dust Bowl.

We have been in forest fire zones and know how desperately western men will fight fires in the timber. To them the forests are a personal thing, furnishing grazing for their cattle and sheep in summer, jobs for men in the cutting months, fuel and building material for remote families, and recreational spots for hundreds of thousands. A well timbered mountain area will store water for irrigation until late in the summer but snow on a burned-over area comes cascading down in wasting spring floods.

As an AP correspondent at Boise, Idaho, we used to cover forest fires, sometimes by automobile but mostly by telephone. Forest fires don't burn in convenient places, but in remote sections where only a rancher and his horse or a forest service outpost and a gold prospector are available to fight them.

Task to Telephone Telephoning 200 miles into central Idaho forest country, two-thirds of the way over single-wire forest service lines looped from tree to tree, is an experience in endurance and refined bearing.

We would put in a telephone call for an outlying forest lookout post and then wait 15 minutes with ear glued to the receiver for the remote voice answering "hello." That was all we ever heard at first, as a dozen ranch telephone lines would cut in promptly. Some of the people along the line were right up in the fire area themselves and could get official information only on the press calls.

Of course a dozen listeners cutting in on one of those hand-grinding telephone systems so weakened the circuit that we could not hear the forest operative. It took half a day one summer to solve that. We finally agreed that if the ranchers would stay off the line while we got the news we would call back promptly and report all we learned. They were agreeable and that went on for weeks while a huge fire burned.

It meant two telephone calls, one to get the news and one to relay it to the ranchers. This is the first time we ever explained why the telephone bills mounted up so. We doubt if it doubled the bills completely however. The telephone company seemed to understand the situation.

We have seen men come out of the burning timber with skin blistered off their arms and cheeks, grab a ham sandwich and a mug of coffee which they could scarcely get down because of fried lips, and dash back into the woods without an hour of rest in 20.

Forest fires burn hardest from early afternoon to about eight at night. But night means no rest for forest crews. While the fire is reasonably quiet they must dig trenches, cut brush and timber slashways and suppress outlying spot-fires started by flying bark or branches.

Until you have seen one you can't imagine the incredible fury of a forest fire. They will burn over the space of a big city in an afternoon. A man on a horse can't outrun one in rough country.

They arrest people out West for throwing cigar butts or match stubs out of automobiles windows. Many experienced timber men methodically tuck their spent cigars back into a can, to be disposed of in a creek or spring.

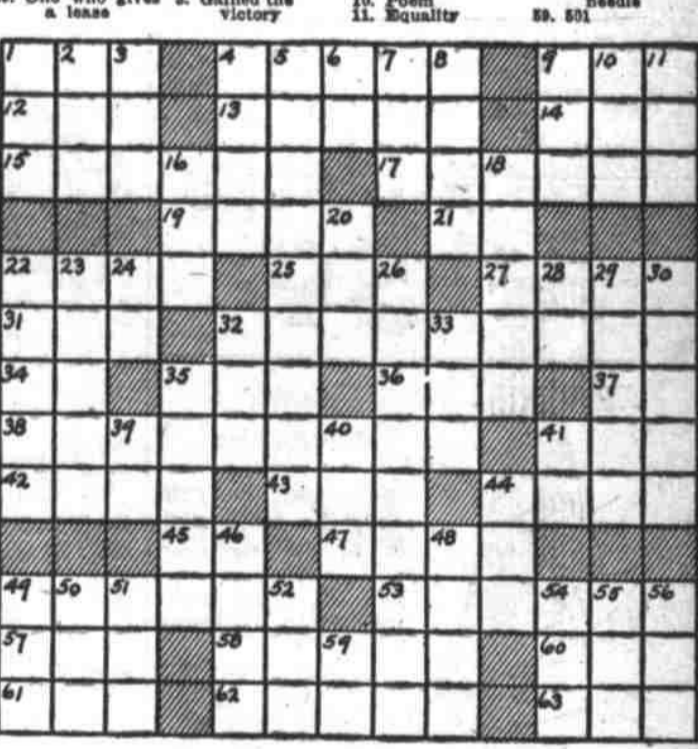

"Break your match before you throw it away," is a sign found hundreds of places in the forests. If you break it the chances are you will make certain it is out.

In spite of all such precautions, more than half of all forest fires are man-caused. But if all man-causes were eliminated there would still be forest fires, although not nearly so many. Lightning starts them. Sometimes they seem to start by themselves almost, so hard are they to explain.

You safer get panicky and avoid the forests. They are safer than the public highways. But when you leave camp, work over your camp fire until you can put your hand in the ashes.

Robbin Coons Hollywood Sights And Sounds

"Man About Town." Screenplay by Morris Ryskind. Directed by Mark Sandrich. Cast: Jack Benny, Dorothy Lamour, Edward Arnold, Blinnie Barnes, Monty Woolley, Isabel Jeans, Phil Harris, Betty Grable, E. E. Clive, Eddie Anderson. HOLLYWOOD—This is the best Jack Benny picture ever. It is also a very good picture, smartly staged, well paced, tuneful, funny and eye-filling.

The story is a farce about an unassuming show producer (Benny) who is so dull romantically that even his own ambitious chorines won't date him. To impress the object of his affections (Lamour) with his charms, Benny goes out after romance. It's in London (where the show introduces smart musical numbers with some of the prettiest girls on the screen) and the gal Benny courts is a titled lady (Barnes) who is neglected by her husband (Arnold). Pursuing his "romance," Benny falls under suspicion not only of Arnold but of Arnold's business associate (Woolley) who has a French wife (Jeans). It's the usual farce complication, played to the hilt and cleverly directed for speed.

Benny seems deliberately to throw the major comedy honors to his dusky sidekick, Rochester (Eddie Anderson) and the "butler" of the air lines rollicks gratefully off with them. He's a hit in dialogue exchanges and in dancing. Lamour, unsurpassed, is unimpressive, Barnes stealing the feminine show. Matty Jאלneck's orchestra supplies rhythms, and Phil Harris (badly miscast as a juvenile) sings a little. The Pina troupe (acrobatic) plays for laughs.

"The Mikado" Adapted, conducted and produced by Geoffrey Toye from the original Gilbert and Sullivan operas. Directed by Victor Schertzinger. Cast: Kenny Baker, John Barclay, Martyn Green, Sydney Granville, Gregory Stroud, Jean Collin, Elisabeth Faynter, Kathleen Naylor, Constance Willis, the chorus of the D'Oyly Carte Opera company.

"The Mikado" here is staged—and the word is used advisedly—as it doubtless has never been staged before. From the point of view of accepted film technique, this will be its major handicap with the average audience. The film, beautiful as it is, exquiste as are its settings and its color photography, is practically in its entirety a photograph of a stage production.

Overlooking this, and it can be overlooked, you should see "The Mikado" as a tune-hit that has lasted 55 years, year in and year out. If you like Gilbert and Sullivan you'll revel in it—because the picture is Gilbert and Sullivan, literally translated, with "The Mikado" music recorded by the London Symphony, and all the charm and comedy and fantastic whimsy undiluted.

Kenny Baker is Nanki-Poo, the Mikado's son who falls for Yum-Yum, the Lord High Executioner's ward, and risks his neck for promise of a month's bliss with her.

**ENEMY'S IN SIGHT**—Charging at full gallop past the reviewing stand at Indiantown Gap, Pa., these New Jersey national guardsmen might be pursuing Indians—If the calendar didn't read 1939, military men from Massachusetts, Connecticut, Pennsylvania, and New Jersey, and Gov. A. Harry Moore of New Jersey, were honored guests at the cavalry review.

**QUEEN**—Age was an asset to Mrs. Elizabeth Bush Fowler, 53, who was crowned first grandmother queen of the laurel at Westfield, Mass. She wears royal regalia for ceremony, which marked the seventh annual laurel week in western Massachusetts' pioneer valley.

Good him for the 11 remaining months of his term. Meanwhile, federal authorities went quietly about an investigation of Works Progress Administration activities in Louisiana. The probe was called by J. H. Crutcher, state WPA administrator, who yesterday praised Governor Leche for his "deep interest and cooperation" with WPA during his term of office. "He has never at any time," said Crutcher, "so much as asked me to put a single man on the payroll although he has at times been deluged with letters. In every case he has referred these letters to me without comment." Long for many years now has openly expressed his determination to be elected governor of the state and none believed that his ambition would be satisfied by the 11-month unexpired term of Leche. Nevertheless to be reasonably sure of strong support throughout the state in next January's primary he would need the approval of the organization's caucus. Mayor Robert S. Maestri of New Orleans, city political ruler and one of the strongest machine men in the state, would not say outright he had given his support to Long for a full term. He visited Leche yesterday with Long, afterwards said it "looks like the caucus will be for Long" but then fended in his remarks with the phrase that he would be behind the man the caucus chose. But already one voice had been raised against Long before he moved into the governor's chair. State Senator James A. Nee, friend of Huey and foe of Earl, and himself a candidate for the state's highest office, said Long's ascendancy would bring "no relief to the people of Louisiana x x x The fact that he becomes governor merely means continuation of these policies which have aroused the free people of the state to demand elimination of graft and corruption in their government."

Stagecoach, Saga Of West, At The Ritz

With Claire Trevor and John Wayne playing the top roles, Walter Wanger's frontier drama, "Stagecoach," which will play at the Ritz theatre Friday and Saturday as a special feature for rodeo time, unfolds a gripping story of pioneer courage—the brilliant heritage that has descended to young Americans from men who fought and heaved a nation out of wilderness. It is a saga of brave women who went with them to bring comfort and love to lonely outposts. It was filmed before a backdrop that took sun, wind and rain thousands of year to build and color—Monument Valley, 180 miles from the nearest Arizona railroad. Louis Platt George Bancroft, John Carradine, Andy Devine, Thomas Mitchell, Tim Holt, Donald Meek, and Bertone Churchill, featured in support of the stars, portray the strange group of passengers, thrown together with the coach as it proceeds from Tonto, Arizona, to Lordsburg, New Mexico. John Wayne portrays the role of Kid Ringo, who has been driven to outlawry by perjurers and is determined to kill them. Claire Trevor impersonates Dallas, a woman of easy virtue who has been forced out of town by the self-righteous citizenry. Among the others a Virginia-born expectant mother, a mysterious gambler, a dipsomaniac-doctor, a blustering bank abductor, a timid whiskey drummer. While the pounding hoofs carry them closer and closer to shrieking war cries and blood-hungry tomahawks, these incongruous individuals are absorbed with the purposes and hates that have propelled them into the hazardous journey. Each knew that Geronimo was on the war path. Each knew this meant torture or death if the coach was attacked—yet they went. They travel across a vast panorama of primitive splendor in a solitary stagecoach which careens and rocks behind six galloping horses, with each mile bringing them closer to a waiting band of murderous Apaches. "Stagecoach" was directed by John Ford for United Artists release. FIRES CONTROLLED J. C. "Jake" Douglas said on his return from Ruidoso, N. M., Thursday that forest fires raging in that area apparently had been controlled by 1,500 CCC employees. Big Spring people vacationing there and cabins locally owned had not been damaged by the blaze. LEAVES HOSPITAL Mrs. Lawrence Robinson, 602 East 17th street, has returned to her home, following a major operation performed at the Malone & Hagan Clinic-Hospital 10 days ago.

Conservation Meeting Set Friday Night

STANTON, June 23 — George Bond, Martin county agent, announced today that a meeting had been called for Friday evening for the purpose of considering the formation of a soil conservation district. Objects of soil conservation district, which would consist chiefly of Martin and Howard counties, will be outlined at the session which is to be held at Lenora at 8 p. m. About 50 land owners have been advised of the meeting. Bond said that it was hoped that necessary signatures for a petition would be secured at the meeting. One has been circulated in Howard county and has many more signatures than necessary. When petitions are signed, they will be presented to the state conservation board with the request that the board consider the area as a soil conservation district. Letter to the board may hold a public hearing to determine the boundaries of such a district before extending board services to the area.

HE DOESN'T WANT TO BE PRESIDENT

TULSA, Okla., June 23 (AP)—At least one delegate to the U. S. Junior of commerce convention here doesn't want to be president of the "Jaycees"—in fact, he's campaigning against it. He's R. E. McGinnis, Port Arthur, Tex., who admits several "tactical" errors but still believes he'll lose. His "campaign manager," Don Hendrix, also of Port Arthur, distributed a stack of literature setting forth McGinnis' "disabilities and unqualifications." College officials predicted more than 2,000 students, teachers and visitors would attend the conference. The afternoon program includes talks by R. R. King, superintendent of a plant which manufactures shortening at Sherman; and P. F. Lawson, manager of the Beaumont chamber of commerce. W. E. Webb, state director of the prairie states forestry project, U. S. department of agriculture, Wichita Falls, will be the principal speaker tonight. EARTHQUAKE IN AFRICA LONDON, June 23 (AP)—An earthquake killed 11 natives and injured 25 in Gold Coast, British West African colony, last night, the colonial office was informed today in a telegram from Accra.

NEW LEGISLATION ON MONEY POWERS IS FDR'S PLAN

WASHINGTON, June 23 (AP)—President Roosevelt said today he would ask for new legislation to continue his monetary powers if the two-year extension bill pending in the senate was killed by filibuster. Asked at a press conference whether he would seek new legislation in event the senate filibuster continued beyond June 30, when existing powers to devalue the dollar and operate the stabilization fund expire, the president replied in the affirmative and added it would be done this session.

Three Mesquiteers Starred In Drama At The Lyric

John Wayne, Ray Corrigan and Max Terhune as valiant trio as ever performed for film audiences—presented in another stirring, exciting western in Republic's "The Night Riders," which comes as a rodeo feature to the Lyric theatre Friday and Saturday. A forged land grant, which gives its owners seemingly legal claim to millions of acres of land, motivates the adventures in this newest "Three Mesquiteers" western. The Mesquiteers take the law in their own hands to bring justice to the ranch-owners. The three are outstanding, Wayne and Corrigan are virile and handsome enough to appease every hero-loving kid and romance-seeking girl. Terhune's comely leaves nothing to be desired. A top supporting cast includes George Douglas, Ruth Rogers, Doreen McKay, Tom Tyler, Kermit Maynard and Sammy McKim. This production is especially interesting since it follows "Stagecoach," which brought John Wayne to cinema audiences who might have missed his Stony Brooks portrayals in the Mesquiteer series. The Mesquiteer series has become so firmly entrenched with western fans, that Republic is keeping Wayne in the Stony role for the duration of the year's series. TWO KILLED DETROIT, June 23 (AP)—A city policeman and a gunman were killed in a gun fight at East Grand Boulevard and Vernor highway today a few minutes after the bandit had held up a nearby finance office and taken \$200.

Legion Meets This Weekend At Odessa Although some 12 or 15 had made plans to attend the regional American Legion convention at Odessa Friday and Saturday, Post Commander R. R. McEwen Friday urged other members of the post to join the delegation. Several hundred legionnaires are expected to attend the Odessa convention. "When Big Spring entertained this regional convention last year," McEwen said, "Odessa sent over a strong delegation and helped make our meeting a success. We want the local post to return the courtesy this year. "There will be a fine program, with much of interest and benefit to ex-service men, and a lot of good entertainment in addition. The 40 and 5 will stage a "wreck" which means a lot of fun. We are hoping that a large number of Big Spring and Howard county legionnaires will go to the Odessa meeting.

POLE TO FINALS LONDON, June 23 (AP)—Defending champion Jadwiga Jedzejewska, of Poland defeated Mrs. Sarah Palfrey Fabyan of Brookline, Mass., to enter the finals of the Queen's Club tennis tournament today. Van Winkle of Ralls have returned from a fishing trip on the Rio Grande.

FOUR BLIND DATES By Edwin Rutt (Continued From Page 6) with terrible hisses, doubtless denoting reptilian mirth. William, the butt of it all, was stung to the quick. Mr. Diffenderfer, wiping his eyes, spoke to William as one speaks to the leading moron in the kindergarten. "Come on," he said, placing a fishy hand on William's arm. "You ain't got a leg to stand on. Outside, young fella. They's lots of subways back to Brooklyn. An' you might tell Bernie Feldman that Herman J. Diffenderfer sends his kindest regards." Having delivered himself of this, Mr. Diffenderfer rested his other hand on William's shoulder and attempted to push. Furious, William shook his off. He had been worsted in debate, but for all that he refused to be hustled. There was some suggestion of intelligence in the way in which he flung himself out of the Diffenderfer grasp. Mr. Diffenderfer, an observant man, noted the intelligence and remarked upon it. "Ho!" quoth Mr. Diffenderfer. "Gettin' tough, eh? Well, we'll see who's tough around here." And, very naively, he regained possession of William's arm and began to mass him along around the entrance of the arcade. It seems to be a law of life that the chin which gets socked is the chin which sticks itself out. Mr. Herman J. Diffenderfer, however, seemed blithely unaware of this fact. He likewise seemed blithely unaware that the mere act of attempting to hustle such a William Steele was tantamount to a sticking out of his own three-tiered chin. It was only a matter of seconds until Mr. Herman J. Diffenderfer found this out. Wrenching himself free for the second time William faced him, glaring. And suddenly, through the red mist that enveloped his eyes, it was borne in upon him that Mr. Diffenderfer possessed a chin. Indeed, as his rage-dimmed vision progressed further, William gathered that Mr. Diffenderfer had a number of chins, a complete family of chins as it were. Papa Chin, Mama Chin and Little Chin. And to a man in William's condition these chins were as so many crimson flags waved in the countenance of a badgered bull. Wherefore William paused not. He swung a right that had Bellevue Hospital written all over it. (Copyright, 1939)

Rebels Regain Texas League Top Spot By the Associated Press John Stoneham's triple in the tenth inning with Buster Chatham aboard gave the Fort Worth Cats a 5-4 decision over the San Antonio Missions last night and knocked the Padres off their recently-gained perch at the top of the Texas League. The Missions rallied in the eighth and ninth with three runs for the deadlock. Ed Greer was credited with his tenth win of the season. The Dallas Rebels took the lead from the Missions when Clayland Touchstone registered his ninth victory of the season and shut out the Beaumont Exporters, 3 to 0. Touchstone allowed only 6 hits. His mound opponent, Floyd Giebell, limited the Rebels to 9 safeties and only one earned run. Novikoff homered in the ninth but the run failed to outweigh Tulsa bobbles afield and batting weakness and Shreveport's Sports took the game, 3 to 2. Eaves of Shreveport limited the Tulsans to five hits. Hallett permitted the Sports only six safeties but they scored enough unearned runs to win. The decision left the Sports in fourth position, and Houston's Buffs remained in third place when they scored a 10 to 4 victory with 16 hits and five Oklahoma City errors. Today's schedule: San Antonio at Fort Worth, Beaumont at Dallas. Houston at Oklahoma City, Shreveport at Tulsa. (Night games.)

Recreation News Twenty-one children enjoyed the party given at South Side Wednesday evening. Social group games featured the entertainment. Refreshments of lemonade and cookies were served. In the Junior Boy's Recreation Softball League play Wednesday afternoon, A.B.C. defeated Moore 7 to 1, and the Mexican Tigers overwhelmed East Side 7 to 7. A peanut rolling contest conducted at the City Park Thursday afternoon proved to be a very popular event. Awards were given first, second, and third place winners in both boys and girls divisions. Other group games and contests were played under the guidance of the city park recreation leader. Two new tennis nets are now available for use at the city park. Anyone may secure the nets for play upon payment of a deposit of 25c at the golf shop. Second half play in the Major City Softball League will begin Monday, June 26. The schedule will appear in the Sunday issue of the Herald. Places on the Tennis association's "ladder" will likely be determined this week, and challenge matches will probably begin next week.

Roy Carter Co. Is New Dealer For Pontiac Announcement of a new Pontiac dealership for Big Spring and Howard county—the Roy Carter Motor company—is made today by the manufacturers of that popular automobile. Several of the new 1939 Pontiacs—including the Quality Six, De Luxe Six and De Luxe Eight—are on display at the company's showrooms, 403 Runnels street, and Carter is inviting the public to call for inspections and demonstrations. The Carter company was formed recently by Carter and Cecil Watson and assumed a Packard agency. Packards also will be sold, along with Pontiacs. Carter announced Friday that a complete service department would be maintained, to give Pontiac owners full satisfaction on any adjustments or service work they may need.

BARTER AGREEMENT LONDON, June 23 (AP)—Oliver Stanley, president of the board of trade, told the house of commons today he and United States Ambassador Joseph P. Kennedy would sign today a barter agreement by which United States cotton would come to Great Britain for use in wartime, with rubber going to the United States. Details, Stanley said, would be announced later.

HOP DELAYED LISBON, June 23 (AP)—The Atlantic clipper, en route back to New York after a press preview flight to Europe, delayed its departure from Lisbon today for 24 hours because of bad weather and a rough sea at Horta, the Azores, the next stop.

BIRTH RATE RISING WASHINGTON, June 23 (AP)—The American birth rate, contrary to popular belief, is rising, the census bureau announced today. Final computation s for 1938 showed the rate was 17.6 live births for every 1,000 population, which was the highest in several years.
