

### International Sunday School Lesson

By DR. J. E. NUNN

DECEMBER 17, 1933

General Topic:—PAUL IN ROME.

Scripture Lesson:—Acts 28:11-22, 30-31.

1. After three months we set sail in a ship for Alexandria which had wintered in the island, whose name was the Twin Brothers.

2. And touching at Syracuse, we tarried there three days.

3. And from thence we made a circuit, and arrived at Rhegium, and after one day a south wind sprang up, and on the second day we came to Malta.

4. And the brethren, finding that Paul was called to tarry with them, they besought him to come in with them, and to abide with them.

5. And when he had entered into the island, he was received of the Jews of the island, who were called the Three Taverns; and when Paul saw, he thanked God and took courage.

6. And when we entered into the island, Paul was suffered to abide by himself with the soldier that guarded him.

7. And it came to pass after three days he called together those that were the chief of the Jews; and when they were come together, he said unto them, I, brethren, though I had done nothing against the people, or the customs of the fathers, yet was delivered prisoner from Jerusalem into the hands of the Romans:

8. Who, when they had examined me, desired to set me at liberty, because there was no cause of death in me.

9. But when the Jews spake against me, I was constrained to appeal unto Caesar, that I might have heard thereof to accuse my nation.

10. For this cause therefore did I entreat you to see and to speak with me; for because of the hope of Israel I am bound with this chain.

11. And they said unto him, whether we received letters from Judea concerning thee, nor did any of the brethren come hither and report or speak any harm of thee.

12. But we desire to hear of thee, thou thinkest: for as concerning this sect, it is known to us that everywhere it is spoken against.

13. And he abode two whole years in his own hired dwelling, and received all that went in unto him.

14. Preaching the kingdom of God, and teaching the things concerning the Lord Jesus Christ with all boldness, none forbidding him.

15. Golden Text:—I press on toward the goal unto the prize of the high calling of God in Christ Jesus.—Phil. 3:14.

16. Time:—Paul's Journey toward Rome, A. D. 59. Paul's first imprisonment in Rome, A. D. 60, 61. Paul's second imprisonment in Rome, A. D. 66. Paul's martyrdom, A. D. 67.

17. Place:—Mediterranean Sea, Malta, Rome.

18. INTRODUCTION The Roman empire was an emblem of power—"Rome was the whole world and all the world was Rome"—its eagle a symbol of human almightiness. Paul was a little weak, Jewish man, under arrest, an itinerant missionary of an insignificant despised sect, whose emblem was a shameful cross. But he was indwelt by the power of the Holy Spirit. Today the sovereignty of Rome is only a remembrance of history; that Eternal City only a museum of antiquities.

19. Paul's gospel on the other hand, has conquered the inhabited earth as Rome never did and everything beautiful and notable in that city is crowned with the same cross in which Paul gloried, which Rome held in such contempt. Looking down upon Rome you think all this. Gentle Rome received the gospel that Jewish Jerusalem rejected, welcomed Jesus' great ambassador whom the Judean city cast out.

20. "We Came To Rome" v. 16 If we think merely of Paul's being taken to Rome as a prisoner of the Empire, we miss the meaning of this part of his life, from his point of view. God is taking him there. It is the fulfillment of his destiny, of his ambition and the divine plan (23:11). He had preached the gospel in other great cities of the Roman world; the greatest of them all would come next (Acts 19:21; cp. Rom. 1:15).

21. The journey thither may not have been as he had expected; but Paul was never greatly concerned about the means, about external circumstances, so long as the end he ever had in view was attained: winning men to Christ. Preaching "Jesus and the resurrection" in Jewish synagogues, or rented hall, or public square, or by the shackles that loaded his wrists there at Rome (Rom. 1:12ff.). It was all one to him, if only the gospel got preached.

22. Paul In Rome, v. 16 "Paul was suffered to abide by himself with the soldier that guarded him." "On reaching Rome Julius marched his gang of prisoners to the Caelian Hill and handed them over to the commander. Paul however, doubtless on the ground of the report of Festus and the testimony which Julius would bear to his behavior during the terrible voyage, was accorded a welcome privilege. He was allowed to reside outside the barracks, apparently in the house of some hospitable Christian, in the enjoy-

ment of comparative freedom. He was not indeed suffered to stir abroad, and he was linked by the wrist day and night to a military guard; but his attendants Luke and Aristarchus, might go where they would, and visitors had unrestrained access to him."—Prof. David Smith. "As soon as the apostle knew where he was to be for a time, he sent for the representatives of the Jews at Rome. In accordance with his principle, 'to the Jew first,' he now sought to persuade his kinsmen that the Messiah had come."—Principle James Iverach.

23. Paul's Two Years in Rome v. 30, 31. "And he abode two whole years in his own hired dwelling." Luke must have known the apostle was released, since he knew the duration of his imprisonment, but he gives no further particulars, perhaps reserving them for a third volume, relating the remainder of Paul's life and his death. Perhaps the faithful historian did not write this third volume because he, like his comrade, died for the cause he loved so well. And received all that went in unto him. Besides casual visitors, Luke and Aristarchus were with Paul most if not all the time, and he enjoyed long visits from Tychicus, Timothy, Onesimus, Mark and Demas who seems to have gone back to ways of worldliness. "He was allowed to speak with utmost freedom, 'none forbidding him,' v. 31, and especially made use of his opportunities thus to win over the members of that picked troop, the Praetorian Guard, who were chained to him day and night in swift succession. So Paul's chains became no hindrance to the gospel but only served as a help, binding his audiences to him."

24. Paul's Last Missionary Work. "While Paul was in prison in Rome, he wrote that crown of all Epistles (unless we except the letter to the Romans), that to the Ephesians; he also wrote the Epistles to the Colossians and to the Philomian, and the Epistle of Love, that to the Philippians. All that we know regarding his subsequent history we gather from tradition and from three brief letters, a letter of pastoral instruction sent to Titus in Crete, and the two letters to Timothy, the second of which, written shortly before his death and urging Timothy to hasten to him from Ephesus, is the apostles last piece of writing that has been preserved."

25. Paul's Second Roman Imprisonment and Death. Soon after his release from prison occurred the burning of Rome, a fearful event probably due to the mad Emperor Nero, but which he chose to attribute to the Christians. At once arose a fearful persecution of the followers of Christ, and in the course of this persecution Paul was arrested, on what grounds we do not know, probably only because he was a Christian, and was sent to Rome. His second imprisonment was attended by circumstances of the utmost barbarity. He suffered from cold and many other miseries in his damp, dark cell. Luke alone was with him to help. At his first arraignment before the emperor he had no one to take his part. Finally the greatest man of the age was condemned to die by the most ignoble manners, was led outside the walls, where now is a commemorative church, and there, according to the Roman custom, was beheaded.

26. Paul's Triumph Over Death. "For I am now ready to be offered, and the time of my departure is at hand. I have fought a good fight, I have finished my course. I have kept the faith: Henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous judge, shall give me at that day; and not to me only, but unto all them also that love his appearing." 2 Tim. 4:6-8.

27. MICOU NEWS Mr. and Mrs. Medlin Patterson visited Thursday night with Mr. and Mrs. Johnnie Close.

28. Ed Howerton has been quite sick the past several days.

29. Mr. and Mrs. Bert Keith visited in the W. O. Swain home Saturday night.

30. Mr. and Mrs. Archa Morse, Mr. and Mrs. Cecil Crawford, Marshall Lambert and Johnnie Close were Sunday dinner guests at the R. C. Bennett home.

31. Bus Banister and Harry Shedek drove to Oklahoma City Friday on business. They returned Saturday.

32. Mr. and Mrs. Noah Couch, of Turkey, Texas are visiting Mr. Couch's brother, Lee.

33. Gary Obed Clark sustained a fractured arm from a fall Thursday. He is improving at this time.

34. Mrs. Ben Ward is visiting her mother, Mrs. Thomas, of Amarillo, who is quite ill.

35. Mrs. Bert Keith spent Tuesday in the R. C. Bennett home.

36. Mr. and Mrs. Cecil Crawford, Don Bennett and Gladys Williams attended the show at Perryton Sunday night.

37. "As a man thinketh in his heart, so he is." Right or wrong, thinking makes the right or wrong man.

### Credit Corporation Makes Changes

Houston, Dec. 14.—The organization of the office and field forces of the Production Credit Corporation of Houston has been completed according to A. C. Williams, General Agent of the Farm Credit Administration. Employees of this new credit agency of the Farm Credit Administration were selected largely from employees of other units on the basis of their qualifications for the duties to which they have been assigned. Tully C. Garner, vice-president and treasurer, Owen W. Sherrill, secretary, and John Rugel, assistant treasurer and assistant secretary of the Production Credit Corporation of Houston, are busily engaged in formulating plans for the organization of Production Credit Associations throughout the State.

The Production Credit Corporation of Houston, capitalized at \$7,500,000 will provide the initial capital of Production Credit Associations and supervise the organization and operation of such associations. These associations provide the means by which farmers and ranchmen of Texas may, through cooperative action, obtain production credit at low rates of interest. Officers of the Production Credit Corporation, with the aid of cooperative agencies, are making a study of production credit needs of various areas and districts in Texas before taking final steps in organizing Production Credit Associations. It is desired to have a large number of farmers sign the articles of incorporation so that the entire territory in which the association expects to operate may be represented. Farmers who desire to organize an association should first apply to the Production Credit Corporation of Houston for full information.

Officers and directors of Production Credit Associations must be approved by officers of the Production Credit Corporation. Officials of the Corporation will insist upon the election of capable and efficient secretaries, treasurers and directors and associations who will give close attention to the affairs of the associations.

Production Credit Associations will make loans for general agricultural and livestock production purposes, such as producing and harvesting crops; the breeding, raising and fattening of livestock, and the production of livestock and poultry products. The loans must be on a sound basis as it is

expected that the paper will be rediscounted with the Federal Intermediate Credit Bank of Houston, which obtains funds primarily from the sale of debentures. The interest rate to borrowers will be 3 per cent above the discount rate of the Federal Intermediate Credit Bank of Houston at the time the loan is made. The Federal Intermediate Credit Bank of Houston's discount rate at this time is three per cent per annum. The local association will be the connecting link between the farmer and the Federal Intermediate Credit Bank, and the association will be required to indorse the paper. Each borrower will be required to own stock in the association to the extent of \$5 for every \$100 or part thereof borrowed.

Meetings will be held by officials and representatives of the corporation at key points to explain to interested farmers, ranchmen and business leaders the function of Production Credit Associations. Officers of National Farm Loan Associations, district agents of the extension service, and county agents will co-operate in arranging for meetings.

Curiosity leads to knowledge.

The hardest work is dodging work.

Only one person can defeat you yourself.

Love grows only as wills bend and minds reflect.

No great achievement without great enthusiasm.

A light heart makes light work; a heavy heart, heavy work.

Worrying is so bad that some folks let their creditors do all of it.

First banquet feature, turkey stuffed with sage; last feature sages stuffed with turkey.

### CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 473 feet of Horse and Palo Duro Creek Bridges and small drainage structures located between Spearman and Gruver on Highway No. 88, covered by NRS 694, in Hansford County, will be received at the State Highway Department, Austin, Texas, until 9 A. M., December 18th, 1933, and then publicly opened and read. The attention of bidders is directed to the Standard Special Provisions, approved September 27th, 1933, covering subletting or assignment of the contract, the use of signing the contract, the selection of Domestic Materials, the selection of labor, hours and conditions of employment, and hand labor methods.

Except as otherwise specified, the minimum wage paid to all skilled labor employed on this contract shall be forty-five (45) cents per hour. The minimum wage paid to unskilled labor employed on this contract shall be thirty-five (35) cents per hour.

Attention is directed to the Special Provisions, included in the proposal, to insure compliance with the requirements of House Bill No. 54 of the 43rd Legislature of the State of Texas.

Prevailing Minimum Per Diem Wage (Based on Five (5) Hour Working Day)

Title	Hourly Minimum
Carpenters and Structural Iron Workers	\$3.75 .75
Painters	3.50 .70
Power Machine Operators	2.25 .45
Truck Drivers (Trucks over 1 1/2 tons)	2.25 .45
Mechanics and Blacksmiths	2.25 .45
Unskilled Laborers	1.75 .35

The above prevailing minimum wage rates shall govern on this contract. Overtime and legal holiday work shall be paid for at the regular governing rates.

A local employment agency from which the contractor shall obtain employment lists will be designated prior to the award of contract. Plans and specifications available at the office of W. J. Van London, Division Engineer, Amarillo, Texas, and Highway Department, Austin, Texas. Usual rights reserved.

Dr. Powell, Eye, Ear, Nose and throat specialist will be at Dr. Gover's Office Wednesday, December 20th.—Dr. J. P. Powell.

Moses was the meekest man-yes, he was married.

The modern youth seeks of diploma rather than knowledge.

In practically all sickness the blood contains an excess of acids, caused chiefly by bread, meat, eggs and condiments.

### Will Print Reporter Early Next Week

In an effort to co-operate with the merchants of Spearman, the weekly issue of the paper will be published Tuesday, in order that merchants can get their last minute shopping messages to the public.

This issue will be the Christmas issue and will carry county-wide circulation. Every citizen at Spearman, Gruver, Morse and Spearman will receive a copy of the paper.

Marriage between age and youth is disastrous to both parties.

Tell me when he tells me and I'll tell you how he'll tell me.

## WARNING to EXPECTANT MOTHERS

If you have ever been a patient in any hospital, you are probably familiar with the advantages of a liquid laxative.

All doctors know the value of the laxative whose dose can be measured, and whose action can be controlled.

The public, too, is fast returning to the use of liquid laxatives. People have now learned that a properly prepared liquid laxative brings a perfect movement without discomfort at the time, or after. Dr. Caldwell's long experience with mothers and babies, and his remarkable record of nearly three thousand births without the loss of one mother or child, should give anybody complete confidence in any prescription which he writes.

But most important of all, gentle liquid laxative does not bow strain to the most delicate system, and this is of the utmost importance to expectant mothers to every child.

Expectant mothers are urged to try gentle regulation of bowels with Dr. Caldwell's Syrup Pepsin. It is a delightful tasting laxative, a delightful action, made of herbs, pure pepsin and active salts. Not a single mineral drug to be absorbed by the system, or irritate the kidneys.

Dr. Caldwell's Syrup Pepsin is an approved preparation and kept ready for use by all druggists.

# Letters To Santa Claus

Spearman, Texas.  
December 5, 1933

Dear Santa—  
Please send me a sleepy doll that can cry, and a doll buggy and a big blue ball and a tricycle, and also some candy and nuts, oranges and apples. To me I am a good little girl.

From Your Friend,  
Lou Maire Smith.

Spearman, Texas.  
December 4, 1933.

Dear Santa—  
Please bring me an all rubber doll that goes to sleep and cries. I want a washing machine with a game of some kind, and a game of candy, nuts and fruit. I have been a good little girl.

Nadine Hardin.

Spearman, Texas.

Dear Santa Clause:  
Please bring me a rubber doll, the doll is all rubber except the head and I want a little doll trunk. That is all I am asking for this Christmas.

Your Little Friend,  
Jewel Brandt.

Dear Santa—  
I want some nuts and candy and I want six little dolls and I want a four piece bedroom set.

Billie Jean Dortch.

Dear Santa Clause:  
I want some nuts and candy, I want a water gun and a ringing top.

Jack Dortch

Dear Santa Clause:  
I want some nuts and candy and a pop-eye.

John Dortch.

Dear Santa—  
I want some nuts and candy and six little China dolls.

Makino Dortch.

Dear Santa—  
I want some nuts and candy and a tractor.

Doyle Dortch.

Dear Santa—  
I want a black doll.

Tom Dortch.

Spearman, Texas.  
November 28, 1933.

Dear Santa—  
Christmas will soon be here. I am a little girl seven years old. I want a Mickey Mouse Jewelry Set, and a Mickey Mouse wrist watch that will run and a Bobsley Twin Book, and some candy, fruit and nuts.

Love,  
Elinor Fay Womble.

Dear Santa—  
Will you please bring me a big rubber ball. And some candy and some nuts.

Your Little Friend,  
Wayne Ellsworth.

Dear Santa Clause:  
Will you please bring me a doll and a set of dishes. And also some candy and some nuts.

Your Little Friend,  
Betty Lou Ellsworth.

Dear Santa—  
Will you bring me a set of dishes.

From Mrs. Ellsworth.

Dear Santa Clause:  
Will you bring me a new shooting game and some candy and nuts.

Your Little Friend,  
Alton Ellsworth.

Dear Santa—  
I want a rubber doll with a cap, a pair of shoes and a dress, and a pair of rubber pants. I don't want much this year because you have many other kids to get around to this year. But I would like for you to bring me a nice house shoe and a good story book with at least a thousand pages in it, and pretty pictures in it. And please bring me lots of fruits and nuts.

Yours truly,  
Margie Rhoeo Gerber.

FIRST CLASS WORK  
PROMPT DELIVERY.  
TELEPHONE NO. 144

Dear Santa Clause:

I have tried very hard to be real good the past year, and wish you would bring me a rubber doll ten inches tall, a doll bed and a rocking chair, and lots of oranges, apples and candy and nuts.

Your Little Friend,  
Idella Close.

Dear Santa Clause:

I am a little red headed boy almost four years old and have tried to be a good boy too. I wish you would bring me a little wrecker, a double barrel shot gun and a rubber ball. I have a little brother 16 months old, he can't talk so I don't know what he wants, but whatever you think is suitable for him bring it, he will be proud of it. Bring lots of fruit nuts and candy.

Your Little Friend,  
Billy Close.

Gruver, Texas  
December 9, 1933.

Dear Santa Clause:

I am a little boy three years old, and I have tried to be very good all year, so please bring me a wheel barrow, a red racer car with lights, a telephone, a pop gun, a big ball and a school bus. I have a little sister almost a year old, and she wants a rocker, a little set of dishes and a big rubber doll, and be sure and bring us lots of candy.

With Love,  
R. S. Thomas.

Dear Santa—

I can hardly wait for Christmas. I want a tool set, a toy gun and some tinkler toys. Please don't forget the other little girls and boys.

P. S.—I'd like a doll set like sister's. Lots of love.

Your Little Friend,  
James Arlan Womble.

Dear Santa—

I am a little girl six years old. I would like for you to bring me a little doll set and some little cooking utensils. If you can't bring these I will be proud of anything

you can bring. Merry Christmas to you Santa.

Your Little Friend,  
Arlys Womble.

Spearman, Texas.

Dear Santa—

I want a tractor and a car, a truck, a watch, a BB Gun, candy, and some fruit and nuts. That is all.

Good Bye.  
Gene Sparks.

Dear Santa Clause:  
Will you bring me a tricycle and a knife, storybook and some nuts and candy.

Wilbur Fullbright.

Spearman, Texas  
December 12, 1933.

Dear Santa Clause:  
Bring me a great big doll for Christmas, and bring my doll a pretty pink dress and a pink cap. And bring me all of the nuts and candy I can eat for Christmas. Come back next year.

Yours truly,  
Edna Fullbright.

Dear Santa Clause:  
Bring me a doll and a doll buggy for Christmas. And bring me a pretty little stove. Santa I want a story book. Bring me lots of nuts and candy and all the good things to eat for Christmas.

Your Little Friend,  
Ethel Fullbright.

## Large Crowd Attends "Howling Success"

One of the largest audiences ever gathered in the school auditorium greeted the performers in the benefit play put on by the P. T. A. of this city last Thursday night. The entertainment consisted of two well defined sections, the first being a series of numbers rendered by the students of the school. This part of the program was well presented in every respect.

Following the concert came the rich comedy, "A Howling Success" played by twenty of our local business men. The stage was set for a clinic and in the background was displayed an array of fearful looking instruments, used in various severe operations.

Frank Wendt, Master of Ceremonies, introduced the great specialists from abroad, together with their nurses who were very flowery in their speeches, and a nun was on. The doctors appeared very grave and dignified, but the nurses in their crisp white uniforms gave plenty of spice and variety from the minute they made their bows. First came in Mrs. Doodad bringing her twins for treatment. The costume of poor Sally was beyond description but not so her mothers for no more lovely lady walks the streets of Spearman than the au-

dience saw in that striking brunette, Elmer Gunn. Mr. Peck and his son were well represented and the audience were well treated to some rare fun in the efforts of the doctors to get the surprised Mr. Peck on the operating table.

Then came a concrete example of WHY the name of play, "A Howling Success." Screams of laughter greeted Aunt Easter's Arnold Wilbanks startling appearance, bringing her twins down the aisle in a huge wheel barrow. The twins ran true to reputation and howled incessantly from their en-

trance until they were finally hushed to sleep by the patient ministrations of Mammy (Mr. Wilbanks) than whom no more typical colored Mammy ever wringed over squalling babies since time began. These three actors were through some bad times before the end of the play, but each was thoroughly equal to the occasion and were most thoroughly enjoyed by the spectators. Poor old Knead Sally brought waves of merriment all through her operation and final trouble at her mother (Mr. Finley) Mr. Fi-

ley, another fine Spearman we did not know we had truly feminine and faintly very gracefully in the middle operation.

There was a good crowd at the services. Next Sunday Rev. E. Tyson, Methodist pastor, will preach at the same hours.

At the Boy Scout meeting Wednesday several games were played. Roy Stevenson, a visitor, and Bruce Womble can still feel the effects of some not very serious accidents.

Two groups of CWA workers are busy in this community, as several others are at work preparing for the holidays.

A road meeting was held Monday night at the home of Mrs. Morse in Gruver and using the Dalhart-McLain road to Spearman for CWA projects.

Bruce Womble spent the day night with Bill Green and Robin Giblin was visiting friends in Morse Sunday.

FOR SALE OR TRADE—Old year old Roan Durham Bull, sale or trade. Subject to registration. Call early.

Open Evenings to 10 P. M. until Christmas

# THE LYNX NEWS

Published Weekly News Of The Students By The Students.

DECEMBER 17, 1933

**General Topic: PAUL IN ROME.**  
 After three months we set sail in a ship for Alexandria which wintered in the island, whose name was the Twin Brothers. And touching at Syracuse, we carried there three days. And from thence we made circuit, and arrived at Rhegium; and after one day a south wind came up, and on the second day we found brethren. And we were glad to see them; and we came thence the brethren heard of us, came to meet us at the Market; and when Paul saw, he thanked and took courage.

And when we entered into Rome, Paul was suffered to abide by himself with the soldier that guarded him.

### GWENDOLYN GUNN ELECTED CARNIVAL QUEEN

Gwendolyn Gunn, former classmate of the juniors and also the niece of Mr. J. E. Gunn, was elected Queen recently at Hedley, Texas, where she is going to school this year.

All the Juniors are very proud of Gwendolyn, and we are happy that she received this honor.

### FRESHMAN REPORT

As you know, the Freshman English class has to memorize one hundred lines of poetry this year. Miss Maize probably has the hardest job of any teacher in school, trying to make orators out of us. You may have noted the distracted look on Miss Maize's face Friday, but it's no wonder after the numerous mistakes that were made. We are attempting to say "Opportunity," by John James Ingalls.

Donnie insisted on getting the author's name backwards. Joe stuttered quite awhile before beginning, and Henry, on consulting his watch, declared that the exact time was three and one-half minutes. The room was quite surprised when James White, starting in a low voice, went through the poem without a mistake, and ended on a false high note, which Marie Parker declares is higher than she ever expected to see. Catherine Lyon and Helen Richardson, who are always talking, found no difficulty in winning the only "A's." About one-third of the class was asleep when the "Opportunity" knocked for them to say their poem. They will be obliged to stay in until they learn it. We sincerely hope that we do better next time.

The Freshmen who were on the honor roll were Henry Bruce and Helen Richardson.

On the B honor roll were Ruby Flint, Cleo Leverton, Marcella DeWomb, Marie Parker, Roberta Gwe, Julia Wilbanks and Bill Russell.

### GIRLS LOSE TO GRUVER

Again the Lynxettes were defeated by Gruver. The game was played by the two division rules and was faster and more interesting than by the three division. At the half the score was 8 to 14 in favor of Gruver. The second team played about half of the last quarter, and in that time Gruver gained a considerable lead. When the game ended the score was 45 to 21.

Both teams played a fast and clean game. There was not as much fouling on either side as before when the two teams met on the Lynx court.

If the girls improve as much in the next week as they did last week, they will come out as winners yet.

The Lynxettes will go to the tournament at Perryton next week end.

### LYNX BASKETEERS WIN

Friday evening, December 8th, the Lynx basketeers won over Gruver 27 to 26.

The game was very exciting from start to finish. One team would lead for awhile, and then the other one would lead. The score at the half was 12 to 19 in favor of Gruver. The court was exceptionally small, and this was in favor of Gruver.

The last half was more exciting than the first. The Gruver five lead almost all of the last half. The score in the third period was 25 to 11 in favor of Gruver. Then in this period Gruver substituted two men at one time. Then the Lynx began to pile up the baskets. The score changed in the fourth period. Gruver led by one point until four seconds before the game ended, and Leroy Sheets made a goal which made the score 27 to 26 in favor of the Lynx.

The Lynx basketeers will play in the Perryton tournament December 15 and 16.

### NIGHT FLIGHT

showing at the Ellis Theatre in Perryton on Tuesday and Wednesday December 19 and 20, is the first all-star Grand Hotel. You will like the show and talent in this show.

### LYNX GIRLS DEFEAT THE TOWN TEAM

Last Wednesday afternoon, a game was matched with the girls town team. The town team was not in training and lost by a big score. The Lynxettes plan to play the town team next Wednesday afternoon also.

Spearman, Texas. Dec. 11, 1933.

**Dear Santa:**  
 I am a girl 10 years old. I have a sister 2. We want a wagon and two small dolls. We want a small dog. I want a pair of house shoes and some gloves. Kids like to have some candy and nuts.

Your Friends,  
 Greta and Betty Hilgenberg.

### SIXTH GRADE

We all had a very nice Thanksgiving. We are very sorry to have a few absentees this afternoon, but we are sure they will come back soon.

Most of our class improved in their grades this month.

The P. T. A. is sponsoring a Christmas Play Tuesday evening at 7:30. We hope everyone will come out and enjoy it.

We are having a very interesting microscopic study in health this week, and we are enjoying it. We are looking forward to Christmas with great anticipation.

### JUNIOR NEWS

The Juniors have again safely passed their six weeks examinations, and received their report cards. We are very proud of the ones on the honor roll this six weeks. The following Juniors are on the honor roll: Robert Douglas, Martha Reimer, Sylvia Harmon, Lady Maurine Archer and Elsie Reed. There was also quite a list of Juniors on the B honor roll which is as follows: Eddie Vaughn, Sam Patterson, Willard Davis, Elmon Jacobs, Charles Newcomb, Gertrude Barkley, Velira Hollingshead, Alvino Caldwell, Omar Cotter, Oran Ross Kelly, Carrie B. Nesbitt and John Cox.

### FOURTH A

We are looking forward to the Christmas Holidays and are hoping Old Santa will remember where we live.

Most of us made better grades this last six weeks than we did the first. Of course we are very glad of that. Only one pupil has an A card, but there are several with the average of A. They are: Francis Sheets, Phyllis Towe, J. E. Gerber, Delbert Mizar, Philip Snider, Chalmers Porter and Fulton Walker.

We are proud of our attendance record. The following pupils have not been absent nor tardy: Garland Caldwell, Elvora Close, Joan Dixon, Marilyn Snider, Anita Cleo Reed, Margaret Vaughn, Eugene Smith, and J. E. Gerber.

### SEVENTH GRADE

We are looking forward to the Christmas holidays, we hope all of us will get to go visiting then. Those on the honor roll this month are Dixie Ruth, Buchner, Francis Hoskins, Hazel Jenkins, Ruby Ruth Kelly, Martha Delon Kirk, Elsie Ruth Porter, Paul Cox, Chester Jones and Garnett Harmon.

We made good grades on our report cards this six weeks, and we are proud of it.

We are very sorry to lose one of our good pupils, and baseball players. This is Jewel Dodson. She has gone back to Texhoma to go to school.

The boys and girls are progressing very fast in baseball playing. Mr. Batton is becoming noted for his pop-quizes in Geography. Mr. Morris came to school one morning with his jaw swelled up as if he had been in a fight. When he was questioned about it, he said it was his favorite pet, an aching boil.

We are working hard on a theme in history. The titles of these are varied.

### SENIOR NEWS

The Seniors got their pictures Friday, December 8th. Everyone certainly knew all about it too. All one could hear was "The Seniors pictures have come" or "Have you got your pictures yet?" "Oh, let me see them. Those are good." Anyway they were all glad to get them, and as a whole the pictures were very good.

The long looked for party of the seniors is just about planned. It will be Monday night December 18th. Their room mother, Mrs. Gower, and their sponsor, Miss Deakin, are giving it to them. It will be a Christmas party. The Seniors are looking forward to this party with great interest and they really plan to do all they can to make it a great success.

The Seniors on the honor roll this six weeks are: Wren Loftin, Flodell Batton, Fern Gower and Vernie Black.

Those on the B honor roll are Allen Gill, Billie Jenkins, Jean Lyon, Evelyn Mathews, Vera Betts, McCellan, Noveline Parker, W. Loughby Douglas and Harold Wombles.

### SOPHOMORES

Most of the sophomores were pleased with their report cards, which were given them last week. Those who had an average of A were Helen Browder, Gladiola Caldwell, Marjorie Davis, Helen Jenkins and Alma Johnson.

Those who had an average of B were Geraldine Boland, Ruth Buchanan, Rose Eiles, Doris Kirk, Nina Mackie, Cara Lee Pratt, A. J. Curtis, Ralph Blodgett, Carl Gower, Rodney Harmon, Wright Hutchinson and Oliver Leverton.

There are four girls in our room who have perfect attendance records for the first three months of school. They are Geraldine Boland, Violet Hanners, Helen Jenkins and Cara Lee Pratt.

### FIFTH GRADE B

We have a new picture brought by Idros Maize. We have a new flower in our room.

We want all of our parents to come to the P. T. A. program on Tuesday evening at 7:30 o'clock.

We have two new reporters, J. T. Hitt and June Read.

### GRUVER NEWS

Mrs. Paul Higgs and daughter Miss Rose, Miss Margaret Gross and Mrs. Laurence Gruver and Mrs. Wilbur Pierson transacted business in Guymon last Saturday.

Mr. and Mrs. C. A. Davis visited with friends and attended the show in Perryton Friday night.

Mrs. Wilbur Pierson of Lubbock is visiting in the home of her parents, Mr. and Mrs. Laurence Gruver.

Mrs. Raymond Smith and daughter spent Friday with Mrs. Charley Davis.

Mr. and Mrs. Randolph McClellan and Mr. and Mrs. Guy Gruver attended the show in Borger last Monday.

Mr. and Mrs. Sherman Holt and family have moved into the Joe Burns residence from the Coy Holt farm.

Mr. and Mrs. Dwight Browder former residents of Gruver, made a visit with his parents. Mr. and Mrs. R. Browder, here last week, while enroute to Chicago, where Mr. Browder is enrolled in the Coyne Electrical School, radio division. He has been employed in the Electrical Department of Phillips "66" of Borger. Mrs. Browder has been Borger's leading musical instructor for the past few years.

Mrs. E. C. Barnes was pleasantly surprised last Wednesday evening when a number of relatives, who wished to remind her of her birthday, arrived at her home. The evening was spent in playing progressive "42." Delicious refreshments were served to Mr. and Mrs. George Dietrich and daughter Elaine. Mr. and Mrs. Guy Gruver, Gunder Stavalo and Mr. and Mrs. Guy Cooper and daughters Fern and Fairie.

Mr. and Mrs. R. D. McClellan had as their dinner guests Sunday Mr. and Mrs. Guy Gruver.

The Epworth League enjoyed a very delightful party in the church basement Tuesday night. We enjoyed very much having Rev. and Mrs. Tyson with us. Refreshments consisting of chicken salad sandwiches and coffee to thirty-four young people. We wish to thank the mothers for helping with the refreshments for the party.

The Baptist and Community Sunday Schools will have a joint Christmas tree and program at the high school auditorium Christmas Eve. Everyone is cordially invited to attend.

Frank Gruver and J. L. Tindell of Amarillo are here getting the factory ready to produce Gruver Roller Bearing units. Mr. Gruver states they hope to get started by the first of the year.

H. C. Barlow and son Alex of Perryton visited in the homes of their daughters and sisters, Mrs. George Dietrich and Mrs. Guy Cooper, Monday and Tuesday. Mrs. Dietrich and daughter Elaine returned home with them for a few weeks visit.

Mr. and Mrs. Vic McRee and daughter Joan were dinner guests in the P. H. Westerfield home on Sunday.

Mr. and Mrs. M. F. Barkley transacted business in Spearman last Friday.

Mrs. J. H. Cooper and sons Guy and Fred transacted business in Liberal, Kansas last Saturday.

Mr. Everett Watson who has been employed at the Gruver ranch the past year left Saturday for his home at Duncan, Okla.

Mrs. Robert Alexander who has been very ill was taken to the Loretta hospital at Dalhart for treatment. Last reports received here is that she is getting along nicely.

Mr. and Mrs. J. C. Richey and son Billy of Pampa and Mrs. Richey's mother of Pittsburg, Pa., visited with friends here Sunday.

Mr. and Mrs. Ralph Bort entertained the following at supper on Sunday evening: Mr. and Mrs. J. C. Richey and son Billy of Pampa, Mr. and Mrs. Clarence Winder and daughter Anna Beth, Mr. and Mrs. Arthur Evans and son and Mrs. W. B. Hart.

Mr. and Mrs. C. B. Volles and son Ted of Hooker were dinner guests in the Gay Fletcher home Sunday. Mr. and Mrs. W. N. Fletcher returned home with them for a visit.

### CHAPEL PROGRAM

The regular chapel program was held Wednesday afternoon at 3:15. The Glee Club accompanied by Mrs. Tyson sang several songs. The high school elected two pep leaders who were Rose Higgs and Eddy Stavalo. Let's all back the pep squad and the two basket ball teams and attend the games.

Supt. F. P. Wilson will go to Pampa to meet with the other superintendents of the district to work out a plan to decide the basket ball championship for this district.

Supt. Wilson states that after the holidays we hope to be able to announce whereby every child in school will be given the opportunity of a hot lunch at noon at a nominal cost. The project will be put on by the school in connection with the county R. F. C. Experience has shown that a hot dish for school children enables them to do better work in their books.

Announcement concerning this feature will be made later.

Mr. and Mrs. Homer Ormand and family of Panhandle and Rex McRee of Pampa visited Sunday in the home of Mrs. Ormand's parents Mr. and Mrs. Fred McRee.

Mrs. Elvin Garrett visited Sunday in the Fred McRee home.

### County Agent Wendt Has Information On Cutter Cattle Sale

County Agent Frank Wendt received word early today (Thursday) that the 26 head of FERA cows as this county's allotment must be delivered to the Pinkney Packing Company, of Amarillo as the cattle buyer. Tim Flores will be there at that time.

Mr. Wendt asked that those interested in selling cattle under the county allotment see him before Saturday of this week. The cattle purchased must have sufficient flesh that they will be accepted by the buyer, and not a lower grade than good cutters. The cattle will be used for processing purposes by the Relief Commission.

### "DANCING LADY" HAS DAZZLING BEAUTY CHORUS

Through cameracraft and mechanical ingenuity the motion picture screen becomes a gigantic kaleidoscope in the presenting of "Dancing Lady," the new Metro-Goldwyn-Mayer production which opens December 17 and 18 at the Ellis Theatre, Perryton, Texas, with Joan Crawford and Clark Gable co-starred.

In one of the scenes each of the chorus beauties, revolving through a maze of mirrors, can be seen thirty times at once, the effect created being an endless parade of pulchritude. In other scenes complete changes of costume and setting are witnessed, as though by magic, right before the eyes of the spectator. Still other scenes whirl upon the screen in a dozen different angles simultaneously.

A Striking Scene  
 The most thrilling scene of all, perhaps, is in the finale in which Miss Crawford dances through an impressionistic number of modern tempo. In this some eight thousand dancing figures—if you could possibly count them—appear upon the screen.

Although cameracraft secrets are carefully guarded, it is declared that while these scenes are actually photographed by the camera as they appear on the screen, the trickery lies in optical illusion scientifically computed by a corps of engineers. Six hundred mirror units and nineteen tons of fabricated steel were used in the shooting of one of the gorgeous dance ensembles, it is said.

Robert Z. Leonard directed the spectacular film from the James Warner Bellah novel of Broadway backstage life. The dance numbers were staged by Sammy Lee and Eddie Prinz.

In several numbers Miss Crawford becomes the dancing partner of Fred Astaire, noted New York revue star who, for a number of years, danced with his sister, Adele. Nelson Eddy and Art Jar-

### SEWING CIRCLE

Members of the Sewing Circle are very happy to announce they are to begin their regular meetings again after having discontinued them for the past month. The Circle was organized in 1931 and was active throughout 1931, 1932, 1933 and will continue into 1934. The members take much interest in its meetings and the work. Officers are as follows: Phyllis Ione Towe, President; Merrillyn Snider, Secretary; and Elvengene Dixon, Reporter. The names of the two divisions of the girls circle are "Sun Bonnet Sue" and "Overall Boy." The name of the boys' club is "Carpenter Club." Members of the club extend a cordial invitation to other boys and girls to join the club, at present there are about ten members besides the officers named above. The newest member joining was Joan Dickson, and the last meeting was held at the home of Elvengene Dixon.

A GOOD IDEA—A KODAK—would make a good present for sister, brother, uncle, aunt, mother, father, boy friend, girl friend, or even mother-in-law) the number 116 Rainbow Hawkeye Kodak is the very best size, and the Smith Variety Store has it in several different colors for only \$1.50. Put it in your Christmas list right now before you forget it.

Mr. and Mrs. C. L. Schell of Spearman are rejoicing over the arrival of Claudia Colene, their six pound daughter, born on December 6th.

Mrs. Laura Spivey spent the week end with Mrs. W. G. Spivey.

retting the new songs which include "Let's Go Bavarian," "Heigh Ho," "Everything I Have Is Yours," "That's the Rhythm of the Day," and "Dancing Lady." Franchot Tone, last seen with Miss Crawford in "Today We Live," heads the impressive supporting cast of her new picture. Prominent roles are also played by May Robson, Winnie Lightner, Robert Benchley, Ted Healy and his stooges.

### Unusual Accident Near Booker

Verna Lee Pitts, 7, child of Mr. and Mrs. R. living near Booker, Texas, instantly killed Saturday of week, when the child was caught between its father's truck and the house. The accident occurred when the father after unloading a truck of coal in the basement of his home, started to crank his truck which he had forgotten in reverse gear. The car by up to the house, crushing the child's head.

### USED CARS

1931 Buick 8 Co... Motor reconitione... Excellent condition. 2 new tires. Good upholstery

1930 Ford Tude... Has rebuilt motor assembly, good heavy duty tires, new paint.

1930 Chevrolet Coach... Excellent condition. 2 new tires. Good upholstery

1930 Chevrolet Sedan... Paint like new, good tires. Ready to go.

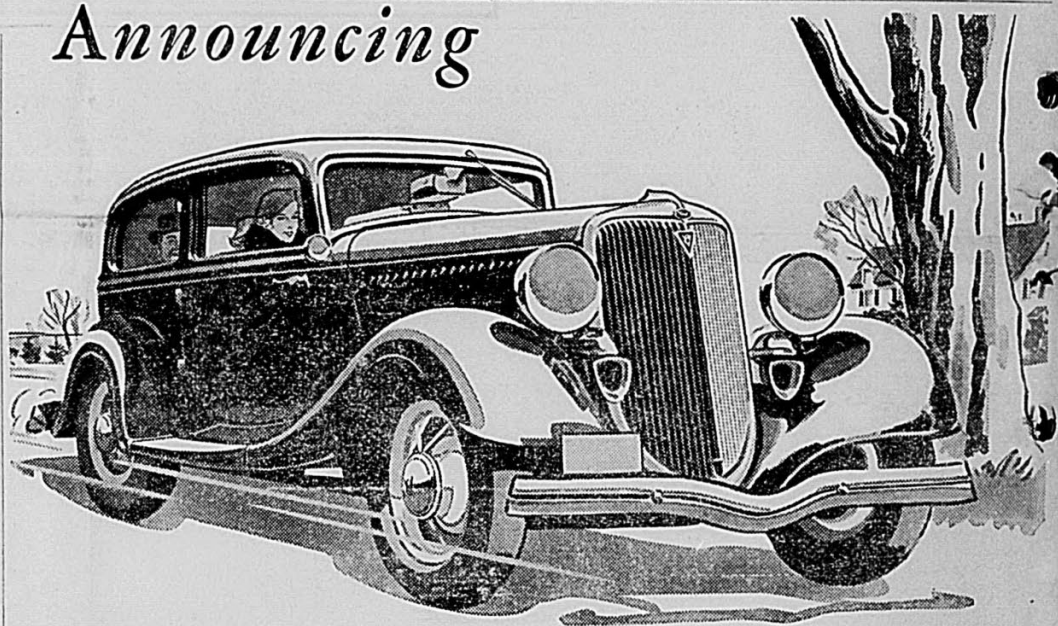

1930 Plymouth Coach... Motor just completely overhauled.

1928 Hupmobile Sedan... Motor good, paint like new. 4 practically new 6-ply tires. Will make a good roomy family car.

1930 Chevrolet Truck, Grain Bed... If you are in need of a good truck you can't afford to miss this buy.

List your used car with us for trade—and let us know your used car needs, we might have it or might trade for it tomorrow.

MCLELLAN CHEVROLET CO. (Incorporated) Spearman, Texas GRUVER MOTOR COMPANY Gruver, Texas

## NEW FORD V-8 for 1934

THE UNIVERSAL CAR

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Surpassing even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of this modern age—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features—Dual Carburetion and perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

### OUTSTANDING IMPROVEMENTS IN THE NEW FORD V.8

**BETTER PERFORMANCE.** Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon—especially at higher speeds, and quicker starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New water-line thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

**NEW VENTILATION SYSTEM** permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a new slot. Through

this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm-weather driving.

**DISTINCTIVE NEW APPEARANCE** enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvers, new hub caps. Interiors are attractive, with new tufted upholstery, new moldings, new cove-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

**FENDERS IN COLOR.** On De Luxe cars fenders are in color to harmonize with body colors—wheel colors optional. New enamel finish on

all bodies and fenders has greater wearing quality and more enduring luster.

**GREATER RIDING COMFORT** results from increased spring flexibility. The spring leaves are newly designed for quieter and easier action. Shock absorbers are improved. Seat cushions are deeper, with new, softer springs. New type, individual bucket seats provide increased comfort for front-seat passengers in the Tudor Sedan. Adding to comfort is the new driving ease of the 15-to-1 steering gear ratio.

**PRICES REMAIN LOW**—Tudor Sedan, \$515. Coupe, \$515. Fordor Sedan, \$585. De Luxe Tudor, \$575. De Luxe Fordor, \$625. De Luxe Coupe (5 windows), \$555. De Luxe Coupe (windows), \$555. De Luxe Roadster, \$525. De Luxe Phaeton, \$550. Cabriolet, \$590. Victoria, \$610. (All prices f.o.b. Detroit.)

## INFLATION

The discussion over the money question as far as we understand it—and that isn't very far—has come down to this. There are a great many sincere persons who believe that the only economic salvation of the nation lies in increasing the volume of money in circulation. That broadly is called "inflation." And there is another group of persons most of them doubtless equally sincere, who think that "inflation" can end only when the entire nation has been plunged into bankruptcy, once it is begun.

These two groups probably are both wrong. It does not seem to us that what is needed is more actual currency, but a more rapid circulation of the currency already available. If we read the reports of the treasury correctly, there is enough gold reserve in the hands of the Government and the Federal Reserve Banks, to warrant the issuing of practically twice as much currency as is now in circulation and still remain well within the limits of what has always been regarded as the most conservative finance. Against our four and a half billion gold reserve there is little more than five billion of currency outstanding, yet a forty per cent gold reserve is considered extremely high.

We do not think that either the Administration or the Federal Reserve Board is so unpatriotic, so deaf to the distress of the people of the United States as to withhold its hand if there were any way untried of getting more currency into the hands of the public short of outright gifts. We think they are working towards getting money into the hands of the public in a dozen different directions, and that they are making progress. Farmers and many other industries are getting more money for what they have to sell, more men are earning wages and immense sums are being spent for public works and other enterpris-

es which put money into circulation. But we do not regard those normal processes as "inflation," at least not in any derogatory sense of the word.

As for the rabbit anti-inflationists, who see in every move to make the dollar cheaper in terms of commodities and services, a threat to the investments of the creditor class, we think they have very shaky ground to stand on. We hope to see it possible soon for debtors to pay their debts in dollars that are no dearer than were the dollars they borrowed.

Big shipment of a beautiful new pattern in dishes is expected to arrive at Smith's Variety Store just before Christmas. When you see them you will want to yell "Goody" every time you break one of the old ones.

LOST OR STRAYED—Two heifer white faced calves between Gruver and McKibben. Weight about 375 to 400 pounds. Finder notify Randolph McClellan, Gruver; or Spearman Reporter.

GOLDEN HARVEST showing at the Ellis Theatre in Perryton, Thursday and Friday December 21 and 22, is a picture that will appeal to citizens of this section of the state. It is based on the manipulation of wheat in the Chicago Wheat Pit.

## THIS WEEK IN WASHINGTON

There is a strong belief in Administration circles that the latest set of initial-CWA—is going to do more to bring about immediate relief than anything else that has been tried so far. It is only three or four weeks old, but already money is flowing into the pockets of hundreds of thousands in many parts of the country, in payment for real work actually under way. CWA is the Civil Works Administration. It has nothing to do with the huge program of public

works administered by the PWA under Secretary Ickes, nor has it any relation to CCC, the Civil Conservation Camps. It is the administration's quick way of putting four million men and women at work in a hurry, at real wages, on real work.

To do this a lot of red tape had to be cut, so the champion red-tape cutter, Harry Hopkins, was called in to boss the job. It takes a long time to get men to work on public works, because after the money has been allotted the plans have to be drawn, the bids for contracts have to be advertised for, and it may, and usually does, take many months, perhaps a year or more, before there is much to do before wages can be paid. The administration has not lost faith in its public works program as a means to getting money into wide circulation, but it turns out to be too slow. Millions of unemployed are facing a winter of distress, with welfare and relief funds harder and harder to get. Moreover, as Harry Hopkins and others pointed out, keeping people on the dole for any length of time gets them out of the habit of work.

So the CWA plans to take 2,000,000 men and women off the dole and put them on wages for which they will have to work, and to add another 2,000,000 who have not yet been forced to apply for relief, but probably would have to before spring.

## A Quick Start

And they are already starting to work! Take one state, Massachusetts, for example. The governors and the mayors of several cities left Washington on a Thursday night, where they came to get their instructions how to start the ball rolling in the old Bay State.

Exactly one week later the first of the new work projects had been approved, and in less than a week payroll checks were rolling from Washington to Boston for the first payoff. In the meantime the governor and the State Emergency Finance Board had called a meeting of city and town officials at the state house to tell them how to go about getting their people off the relief rolls and on the new CWA payroll.

All that any city or town had to do was to offer some sort of program of public improvement, get the approval of the Board, and go ahead. The programs have only to be approved once, not referred and re-referred until they get back to Washington. They must provide regular work at regular wages for unemployed people able and willing to work. All projects are to be done by day labor, not by contract. The working week is to be thirty hours, and the pay at the rate of 35 cents an hour for unskilled labor, and 75c an hour for skilled labor. Workers to be

selected by the heads of welfare departments in each community, who are appointed Civil Works Administrators in each case.

**White Collar Jobs**  
The work undertaken under CWA includes such employment for the "white collar" class of unemployed as statistical surveys, work in state laboratories and municipal hospitals, employment on the staff of museums, art galleries and other public centers, canvassing communities in behalf of clean-up and paint-up movements sponsored by business associations, and in the direction and supervision of projects mainly employing manual labor.

Such work includes pest control, rural sanitation projects, reclamation and repair of parks and playgrounds, repair of sewer and sanitation equipment, road work that does not conflict with major state and federal roadbuilding programs, clean-up and preparing of land for rears and watershed.

Those are examples of the sort of work for which the Federal Government is prepared to pay wages beginning at once. It ought not to be difficult for any town to find plenty of such things to be done, and so relieve the calls upon its people for unemployment relief, besides getting the unemployed back into the habit of work.

## Toward Actual Recovery

By the time the funds available for the CWA are exhausted, it is firmly believed here that the public works program on the grand scale will have got into full swing, providing employment for millions. It is also the firm conviction that by next spring business and industry in general will have gained such momentum that most of the unemployment slack will be taken up by the end of next summer. And there is a belief which amounts to a certainty in the minds of those closest to the agricultural problem, that anything in the nature of distress and suffering among the farmers will have vanished before another harvest season has rolled around.

Meantime the Civilian Conservation Camps are to be extended, more of them to be established, and several hundred thousand more young men put at forestry work. This is more than a temporary expedient, for it is the part of a vision of America's agricultural future which Secretary Wallace has dreamed, that every acre of inferior and "marginal" land on which the returns from cultivation do not warrant the cost, is to be returned to forest.

## Blodgett News

The Blodgett Home Demonstration Club met Friday in the home of Mrs. E. S. Uptergrove. Miss Dyora Crowder gave a very interesting demonstration on candy making. Plans were discussed for our community booth Saturday at Perryton. Also Christmas ideas for gifts were exchanged.

A covered dish luncheon was enjoyed by those present. Those attending were: Mrs. Ralph Blodgett, Mrs. Austin, Mrs. Monroe, Mrs. Virgil Wilbanks, Mrs. Lawrence Wilbanks, Mrs. Jake Haun, Mrs. Earl Church, Mrs. Kenney, Mrs. Brainard, Mrs. Harbour, Mrs. Henry Keith, came in as a new member, and Miss Crowder. Afternoon guests were Mrs. Eldred Kenney, Mrs. Olen Williams and Mrs. Edward Beck. Visitors are always welcome.

**Nut Cream Cake**  
2 cups nuts (1 may be used).  
2 cups brown sugar.  
1 tablespoon vinegar.  
2 tablespoons sweet cream.  
Mix all together, cook six to eight minutes after it begins to boil. (cook slowly) add nuts and beat and drop by teaspoon on oil paper.

**Creamy Fudge**  
2 cups sugar.  
1 tablespoon butter.  
2 to 3 tablespoons cocoa.  
1-2 cup rich milk.  
1-3 cup corn syrup.  
Boil to soft ball stage and set away ten minutes to cool, then add teaspoon of vanilla and nuts or raisins if desired. Beat until creamy and drop on oil paper by teaspoon.

**Butter Milk Fudge**  
3 cups sugar.  
3-4 cup milk.  
1 tablespoon butter.  
Boil to soft ball stage and drop on oil paper or pour in platter and cut into squares.

**Nut Cream Drops**  
1 1-2 cups sugar.  
1 cup thin cream.  
1-2 cup nuts.  
1 teaspoon of vanilla.  
Pinch of salt.  
2 tablespoons white corn syrup.  
Mix sugar, milk and syrup, boil slowly until soft ball stage. Remove from fire and cool ten minutes (slowly add vanilla and salt). Beat until thick and creamy, add nuts and drop by teaspoon on oil paper.

**Divinity**  
2 or 3 cups sugar.  
1-2 cup hot water.  
1-2 cup corn syrup.  
2 eggs, beaten stiffly.  
1 teaspoon flavoring.  
Cook all ingredients, but egg whites until syrup spins a long thread. Pour into egg whites, stirring constantly. Add nuts or coconut and drop by teaspoon on oil paper.

whites until syrup spins a long thread. Pour into egg whites, stirring constantly. Add nuts or coconut and drop by teaspoon on oil paper.

## MORSE ITEMS

Mrs. Jake Miller and Mr. and Mrs. Chris Sangster were shopping in Berger Monday.

Mack Dortch was confined to his home several days last week with a very sore throat. "Silas Smidge from Turnip Ridge," the play to be presented Friday night by the local Parent-Teacher Association, promises to be filled with plenty of laughs. Mrs. Bert Cator has been coaching the members of the cast for the past few weeks. Everybody is invited. You will be well repaid for the small admission fee charged.

Joyce Womble spent the week end with Mary Sue Roberts.

Mr. and Mrs. G. F. Huffaker moved into the telephone office building early last week.

Rev. and Mrs. Forbes Speak To Young People

At last Sunday's meeting of the Young People's Association Rev. and Mrs. Forbes made an interesting talk to the members. Bub Durham told a short story illustrating the iniquity of carelessly using the Lord's name. Elizabeth Noe read a selection from the Bible. Another interesting program will be given next Sunday. All young people in the community are invited to attend.

Hattie Pearl Carr of Spearman community was visiting friends in Morse Sunday.

There was 67 at Sunday School last Sunday. This is a considerable increase over the previous Sunday's attendance. Frederick Forester, the superintendent, wants to begin the Sunday School promptly at ten o'clock each Sunday morning. Everybody come and help keep the attendance at

the present mark or above. Desmond Kelly and Clyde Ler were in Spearman Monday.

Rev. Forbes, Baptist Pastor, preached Sunday morning at and Sunday afternoon at Morse. There was a good crowd at both services. Next Sunday Rev. G. E. Tyson, Methodist pastor, will preach at the same hours.

At the Boy Scout meeting Wednesday several games were played. Roy Stevenson, a visitor, and Bruce Womble can still feel the effects of some not very serious accidents.

Two groups of CWA workers are busy in this community, and several others are at work on Pringle.

A road meeting Monday night. A Morse Cruiser and using the Dalhart-Morse road to Spearman CWA projects.

Bruce Womble spent day night with Bill Green. Robin Giblin was visiting friends in Morse Sunday.

FOR SALE OR TRADE—A year old Roan Durham Bull, sale or trade. Subject to register. See W. C. Harbour.

"Wilbur" bars of candy are new in Spearman, they sure are good, full half pound of Vanilla Sweet Chocolate or half pound bars of Chocolate filled with roasted peanuts. When you buy a store selling Wilbur bars you can bet that store is giving you your money's worth in candy. Price 10c for full half pound.

## NOTICE

Spearman Independent School warrants are payable to 1499. Present same at office in high school building and check will be issued. Order of Trustees.

## The New 1934 Ford V-8 Model Announced

Refinements in the design of the radiator and hood and more luxurious interiors feature the appearance of the new Ford V-8 for 1934. The de luxe Tudor is shown above. Dual down draft carburetion and dual intake manifold give the engine greater power, the car increased pickup and speed. A clear-vision body ventilation system also is introduced in the new Fords.

Detroit, December 14.—The new Ford V-8 for 1934 has been put on display in more than 7,000 Ford dealerships throughout the United States. Edsel B. Ford, President of the Ford Motor Company announced today. As revealed here by Henry Ford and his son to several score newspaper correspondents, special writers and photographers, the new Ford has greater power, more speed, quicker acceleration, smoother performance, more miles per gallon, especially at higher speeds, and quicker starting in cold weather, plus refined body lines and a new built-in system of clear vision body ventilation.

The improvements in engine performance are the result of the use of a new dual down-draft carburetor and dual intake manifold which increases the engine's power approximately 12 per cent and provides a remarkable improvement in pick-up. "The new car is the best car the Ford Motor Company ever built," the Ford president said. "Basically, it is the same car as the hundreds of thousands of other Ford V-8's now on the road. It simply incorporates numerous improvements in engine and chassis design, the new body ventilation system and refinements in body styling and appointments which have been brought to a proper stage of development during the past year in our engineering department."

The new Ford ventilation system, which is built into the body, permits clear vision, prevents

drafts and provides the desired amount of fresh air in any weather. Individual control is provided for both front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half turn. This slides the glass back horizontally to form a narrow slot between the glass and the frame. Through this slot air is drawn out by the forward motion of the car.

This simple ventilation system maintains a draft-free circulation of air and prevents fogging windshield and windows in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air for warm weather driving.

The distinctive line of the Ford V-8 have been refined in the 1934 car by a newly designed radiator shell, grille and other features. Interiors reveal new tufted upholstery and garnish moldings, cove-type head lining, new instrument panel, arm rests, door pulls and hardware. Sun visors are provided in all closed cars, those in the de luxe cars being the swivel type to prevent glare both from the front and sides.

Fenders on de luxe cars now are in color to harmonize with the body colors. Wheel colors are optional. A new enamel finish is used on all bodies. This has greater wearing qualities, a more enduring lustre and requires only washing to restore its brilliance. Bodies are of steel, electrically welded one-piece construction.

Eleven body types are available. Included are both standard and de luxe types of the Tudor, Fordor, 5 window coupe; the de luxe roadster, phaeton and 3-window coupe, as well as the cabriolet and victoria. The victoria body has been newly designed, to afford additional passenger room. A large luggage department is provided in the rear.

All body types are equipped with safety glass windshields while the de luxe body types are fitted with safety glass throughout.

Because of increase in engine power over the whole speed range, speed is attained. The flexibility of the car—its ability to pick up speed quickly in traffic or to cruise in crowded streets without shifting out of high gear—also has been materially improved. The increase in top speed, without sacrifice of safety, permits driving at relatively high speeds with increased safety and without engine strain.

The engine is fitted with aluminum cylinder heads, heat resisting high chrome tungsten steel exhaust valve inserts and an entirely new cast alloy steel crankshaft which engineers rate as a marked improvement over the forged steel member formerly used. The aluminum cylinder heads permit the use of premium fuels of high anti-knock quality. The valve inserts, together with the special heat resisting chrome nickel alloy valves, maintain the engine's original high efficiency over long

periods. The new carburetion system and other engine refinements not only give better gasoline mileage and oil economy but also insure smoother operation at all speeds and particularly at normal driving speeds. With the new carburetor is used a dual intake manifold which distributes the vaporized gasoline equally to each cylinder, very materially improving engine performance and providing quicker starting in cold weather. Gasoline economy is increased two or three miles per gallon. Test runs show that the new engine will give 20 miles per gallon at forty-five miles per hour.

Another important engine improvement is the use of water line thermostats. These are automatic mechanical valves which prevent the warm water in the engine from passing out into the cooling radiator until the proper temperature is reached for maximum operating efficiency. In cold weather, the thermostats enable the engine to warm up quickly and maintain an efficient running temperature.

Ford spring design takes advantage of the principle of the transverse spring. It provides most stability and safety, the practical minimum of unsprung weight with the least possible frame distortion. The Ford spring design tends to prevent the body from tilting on uneven roads. Corners can be taken safely at relatively high speeds.

Both front and rear springs are placed crosswise. This transverse design permits free and easy action of all four wheels because the springs are attached to the axle at their outer flexible tips. This type of construction retains the important advantages of the solid axle and yet minimizes road shock transmitted to the frame and body because the shocks are absorbed first by the most sensitive part of the spring.

The rear spring on the 1934 car has been redesigned to provide smoother riding. Improved double-acting hydraulic shock absorbers which act independently of weather or road surface conditions are used. Seat cushions have deeper, softer springs. New type individual bucket seats are used in the Tudor.

Driving ease also has been increased by the use of a new 15 to 1 steering gear ratio. The frame is of the double X-type, with the X member running to the rear of the frame to give greater strength. Brakes are of the mechanical type with 180 square inches of braking surface. Other features of the chassis are a silent synchronizing transmission, torque tube drive, three-quarter floating axle one-piece, welded steel spoke wheels and 17x5.50 tires.

# CHURCHES

## Assembly of God

The Assembly of God announces the regular features of worship for this coming Sunday.

Beginning at 9:45 A. M., with Sunday School, followed by morning worship at 11 o'clock. Children's Church at 3:00 P. M., Christian Ambassadors at 6:30 P. M., Evangelistic Service 7:30.

The sermon theme for the evening is "Is the Baptism of the Holy Spirit for us today, or was it for the Days of the Apostles Only?"

Prayer and Praise 7:30 P. M. Bible Study 8:00 P. M.

## BAPTIST CHURCH

A Beautiful Diamond Free Prov. 10:22, "NO SORROW" Someone has described a diamond as a sunbeam set in carbon.

A proverb is a jewel of truth set in the vernacular of the common people. It has been said that proverbs are a nation's great book out of which it is easy to read its character.

Sunday School was good to see you in Sunday school last Sunday. Some of you were not on time. Please refer to be there promptly at the clock—The Morning

Prayer Meeting was well attended last night (Wednesday). It was a joy to have so many visitors—people who are not members of our church.

Young Ladies Quartet lighted the audience Sunday by singing "Standing in the Prayer." They have been singing "Swing Low

to be baptized please take sign your card and hand in place for the baptiz-

Mr. O. E. Woody of Hitchland, L. B. Woody of Borger, and Mr. and Mrs. F. M. Hemphill of Hitchland left last week for Corpus Christi, Texas, for an indefinite visit.

Mr. and Mrs. Jess Womble returned early this week from a trip to Central Texas where they took the mother of Mrs. Womble to Glenrose, Texas for her health.

**"The Little White Horse"** Is being occupied Sunday-morning by the young people and the Men's Bible Class. Sunday evening by the Jr. and Sr. B. Y. P. U. The Junior B. Y. P. U. will give a "Playlett" Sunday night. Worship with us in all our services.

## METHODIST CHURCH

Services as usual. All departments are functioning splendidly. The leagues are doing some fine constructive work. The Intermediate league directed by Miss Faye Files, is almost growing to the size of the Senior League—at least it is pointing that way. We are proud of all departments and the splendid leaders.

Sunday is Orphanage Day throughout Texas, New Mexico, Oklahoma and Colorado. This is the time we make our Christmas offering—whether it is great or small, we want each person to do what he feels he is able to do. We have more than four hundred children in the Orphanage at Waco and had to turn away 150 this year because there was no "room in the inn" for them.

We were delighted to have three unite with the church Sunday. Many others should line up and help put over the program of the church this year. The more we serve the greater capacity to serve. If you don't use your talent you will lose it. This is a reasonable and inevitable law.

A hearty welcome is extended to all to come within our gates to worship—member—visitor and stranger, and friend.

H. A. Nichols, Pastor.

## McBRYDE NEWS

Frank and Arthur Wallin were in Spearman Saturday.

Allene Bernstein was absent from school Monday.

Floyd Cline called at the Frank Wallin home Sunday.

Mr. and Mrs. Frank Wallin and Raymond, Mr. and Mrs. J. H. Shapley spent Thursday with Mr. and Mrs. A. P. Wallin.

W. F. C. Etling, William and Glendon, purchased 100 calves from Henry Ralston this week end and brought them to the Etling pasture.

A. P. Wallin and children were callers at the Etling home Sunday.

Mr. and Mrs. Frank Wallin visited with Mr. and Mrs. F. A. Shapley Friday.

Miss Helen Harvey spent Tuesday night in the Frank Wallin home.

Walter Wallin spent Tuesday night with Glendon Etling.

Mr. O. E. Woody of Hitchland, L. B. Woody of Borger, and Mr. and Mrs. F. M. Hemphill of Hitchland left last week for Corpus Christi, Texas, for an indefinite visit.

Mr. and Mrs. Jess Womble returned early this week from a trip to Central Texas where they took the mother of Mrs. Womble to Glenrose, Texas for her health.

Mrs. Foster Hughes and children spent Thursday with Mrs. Paul Reynolds.

## NEW CHEVROLET WILL SHOW MANY IMPROVEMENTS

Bill McClellan, local Chevrolet dealer attended a zone meeting of dealers held at Amarillo last Thursday night. In an interview Mr. McClellan stated:

"I was very much surprised at the great and far reaching changes which are to be introduced in the announcement of the New 1934 Chevrolet which will be in a very short time. I do not believe I ever saw the Chevrolet zone officials more enthusiastic and optimistic over the possibilities of this new Chevrolet.

We were very emphatically told that never before had an auto manufacturer done near as much in improving and adding new and amazing features in body styles, engine design, and riding comfort to capture the public confidence than has Chevrolet in presenting the new 1934 Chevrolet and tell our friends and neighbors any fabulous stories we might invent about the coming Chevrolet and still their expectations would come under that which they will see when the new Chevrolet is displayed.

I think I can truthfully say that "No person who is intending to buy a new car can afford to buy until they have seen and ridden in the New 1934 Chevrolet which will soon be displayed in Spearman and Gruver. The cushion ride with knee action front wheels will in itself be a revelation to any car owner."

## DINNER AT HULL HOME IN MCKIBBEN NEIGHBORHOOD

Mr. and Mrs. Virgil Hull were host to a number of friends from Spearman and McKibben neighborhood Monday night of this week when they furnished their hospitable home for an aluminum ware demonstration, including a splendid dinner.

A. H. Powell of Borger was the demonstrator, and he served the guests with roast beef, mashed potatoes, cooked apples and hot biscuit dinner. The food was well prepared and appetizing.

The following guests attended: Mr. and Mrs. Tom Allen, Mr. and Mrs. O. L. Williams, Mr. and Mrs. McJunkin and family, Mr. and Mrs. Kenneth Williams, Mr. and Mrs. Bill Miller and family, Mr. and Mrs. H. A. Nichols, Mrs. G. P. Gibner and Mr. and Mrs. Virgil Hull and family.

Mr. and Mrs. Robert Wilbanks and son Bobby visited in Borger Sunday.

Some more of that good floor varnish in quart cans will arrive at Smith's Variety Store within a few days. The price will be a pleasant surprise.

Times like this everyone wants to save, your dollar goes a long way in buying really fine merchandise when you get three pair of men's silk hose for one dollar at Smith's Variety Store. Put this item on your Christmas Shopping list.

The world is now a safe place for loose talk.

## PRINGLE ITEMS

Mr. C. W. Batchelder of the Public Speaking Department of the W. T. S. T. C. of Canyon, with Herschel Coffey, violin teacher in the college and a party of college students presented a lyceum number of unusual worth to a large and appreciative audience Friday evening, December 8. The program was presented under the auspices of the Pringle P. T. A.

Mr. Batchelder as master of ceremonies, introduced Mr. Herschel Coffey of the violin department, who opened the program with a group of beautifully rendered violin solos, accompanied at the piano by his wife. Mrs. Coffey is a former member of the Pringle P. T. A. department of the college.

Charles Donnell, a senior, read most effectively a humorous sketch called, "A Man and His Symptoms." His last number was a "Pantomime."

Mr. Batchelder, noted throughout the program for his portrayals of humorous characters. They told us we could see some of the numbers especially for the children and was uproariously applauded.

The final number was a one-act play, "The Home Beautiful," with J. C. Lyons and Miss Gainswell, both students of the college in the cast.

The program was one of unusual merit and was received enthusiastically by the audience. Members of the audience from other communities expressed their appreciation to the Pringle P. T. A. for bringing such a program into the community.

The Fathers Study Club of Pringle P. T. A. will meet Wednesday evening December 13 at the Pringle School. L. D. Hunter, Hutchinson County Agent will address the members and all men are urged to attend.

C. L. Sone, Superintendent of Stinnett Schools will speak to the members of the Pringle P. T. A. at the regular meeting on Friday night, December 15th. His topic is "The Practical Application of Mental Hygiene." Special entertainment by the Intermediate grades.

WANTED: Medium size baby bed. Must be in good condition and priced right. Phone 12-722.

Mr. and Mrs. C. A. Hitch of Hitchland and daughter Mrs. C. B. Rainey and family of Dalhart, spent Wednesday in the Gay Fletcher home.

The less one sees of church the more he knocks it. Describing a filthy book or show only popularizes it.

## ELLIS THEATRE, Perryto

# PROGRAM

The Ellis Theatre management believes we have four pictures that can truly be classified as First run Productions, ready for your holiday amusement during the coming week.

SATURDAY DECEMBER 16  
Edward G. Robinson and Kay Francis In

## "I LOVED A WOMAN"

Sunday and Monday, December 17 and 18th  
Joan Crawford—Clark Gable In

## "DANCING LADY"

Joan Crawford and Clark Gable are paired again as lovers in "Dancing Lady," Metro-Goldwyn Mayer's new musical production. In the new photoplay which is based on the new sensational Broadway romance by James Warner Bellah, Miss Crawford has the part of a chorus girl who is determined to win stage fame at any cost. Gable enacts a hard-boiled musical comedy director who tries to browbeat her. In prominent supporting roles are Franchot Tone, May Robson, Winnie Lightner, Fred Sataire, Robert Benchley and Ted Healy and his stooges.

Tuesday and Wednesday, December 19th and 20th  
John Barrymore, Helen Hayes, Clark Gable, Lionel Barrymore, Robert Montgomery and Myrna Loy In

## "NIGHT FIGHT"

Night Flight is the First All-Star Film made since the famous "Grand Hotel." If you like action, with plenty of romance and vivid realism, you will like this picture.

THURSDAY AND FRIDAY, DECEMBER 21 AND 22  
Richard Arlen, Chester Morris, Genevieve Tobin, Roscoe Ates, Julian Hayden

## "GOLDEN HARVEST"

A story pictured for the West, with a setting that is familiar to Wheat Producers, yet gaining much of its characteristics from the operation of the Chicago Wheat Pit. If you like Romance you will like this picture.
