# Golf Team Wins STATE

The Spearman High School Girls Golf Team won the state Class AA Girls Golf Championship last weekend at Austin. This is the third time in as many years the girls golf team have been to state. The first year they placed second, last year they placed third, and this year brought home the coveted state championship. Spearman totaled 946 to win the tournament while Olney was second with 948. Individual scores were Loretta Shelton, 102-112, 214; Becky Wheeler, 110-119, 228; Carla Harper, 100-97, 197; Khristi Gressett, 106-101, 207; Wil-

letta Shelton, 112-117, 229. Linda Hux of Olney was Medalist with 176. Coach Ralph Newton is extremely proud of the girls and their performance at the state tournament and said he felt the experience gained by his team in the state tournament last year was a great deal of help to them this spring. Carla is a sophomore, Willetta is a junior, and the other three, Loretta, Khristi and Becky are seniors this year.

## Teresa Dorth Is 4th At State

Teresa Dorth finished 4th out of 12 students in the final round of the State Meet in Extemp. Speaking. The first place winner was from Orangefield. All students in the finals were boys except Teresa. Teresa finished 1st in the preliminary meet, and was the only entrant from our district to qualify for the finals.

## Davis To Compete At State

Donnie Davis will leave Thursday, May 8th to compete in the State Track Meet which begins Friday, May 9th. He will be competing in the Long Jump. Last weekend at Lubbock in the Regional Meet for all classes, Donnie was the 4th State Qualifier.

## C of C Membership Drive Underway

The Membership Committee of the Spearman Chamber of Commerce kicked off its Membership Drive Tuesday morning with Don Bell, Chairman and C.D. Riggins, President cooking breakfast for the team captains and their members.

The team captains are Frances Lofrin and Luke Stewart. The membership drive will end at 10:00 a.m. Saturday, May 10. The team with the least amount of points will pull the winning team down Main Street, from the Chamber of Commerce Office around the Court House and back to the Chamber Office in a wagon.

The winning team will be determined by the number of points. Each worker will bring the new members cards by the Chamber office and the total points will be posted on the window for everyone to see how the contest is going.

Be sure and keep close watch to see who will win the contest... We invite you to come downtown Saturday and watch the losers pull the winners down Main Street... Also we invite you to join the Spearman Chamber of Commerce to help us work for a more prosperous Spearman and County... RE-MEMBER... IT TAKES TWO... YOUR CHAMBER AND YOU!!!!

## Youth Victim of Drowning

Word was received late Sunday of the death of 17 year old Frank Jones, son of Mr. and Mrs. Muri Guy Jones, formerly of Spearman, now of Radford, Virginia. Apparently young Jones, who had been a frequent area visitor, having lived with his grandmother, Mrs. Ed Mundy one summer and acquainted with many in the Spearman area particularly, was attending a Church picnic at Crater Lake near Rad-

ford when the swimming accident occurred. He was considered a strong swimmer but no details were available as to the probable cause of the tragic accident.

Services were held Tuesday in Radford for Frank, whose survivors include his mother, Lorene and father, a brother, Jesse, and two foster brothers, Steven and Ed, his grandmother, Mrs. Ed Mundy, formerly of Spearman now of Radford, a grandmother, Mrs. Beulah Jones, formerly of Gruver, now of Phoenix, Arizona, many aunts, uncles, and cousins and close friends.

Among those attending services from this area were his aunt, Mrs. Bob Crawford, Gruver, Frosty Hickey, Spearman, and his aunt Mrs. Pat Siefkin, Phillips.

The family has request that any memorials be given to the Youth Center at Radford in which young Jones was very interested.

## Kiddie World Inc. Board Meets

The board of Directors for Kiddie World Incorporated met Friday, May 2nd in the County Judges Office.

Members and Directors present were: Pastor Victor Andersen, Rev. Don Wirsdorfer, Allen A. Ford, Judge Johnny Lee, Ed Thompson, Coy Palmer, Clay Gibner, Mrs. Newell Allen, Mrs. Bernard Barnes and Mrs. Gene Jenkins. Discussion was held on what needs to be done to the building to prepare it for the opening.

A clean-up day is scheduled for Saturday, May 24th. Anyone who would like to volunteer should be at the old Pioneer Manor Building at 10:00 a.m. A special meeting of the Directors is scheduled for May 16th at 9:30 in the County Judges Office.

Anyone wishing to donate toys, outdoor play equipment, tables and

chairs, and children's books can contact Mrs. Jenkins at 669-2029.

A fund has been set up for donations to Kiddie World at the First State Bank. Donations should be made payable to Spearman Day Care Center and are tax deductible.

Any clubs or organizations wishing more information on the Day Care Center can contact Mrs. Jenkins to speak at their meeting.

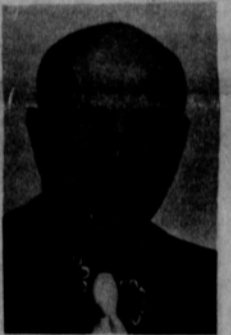

Tentative opening date for the center is July 1st. The next called meeting for the Board of Directors is May 16th at 9:30 in the County Judges Office.

## Athletic Banquet

### Set For May 13

The annual athletic banquet for Spearman High School will be held May 13th at 7:30 p.m. at the high school cafeteria. This banquet held annually, is sponsored by the cheerleaders of SHS.

The tickets for the banquet are on sale this week at Gordon's Drug, Chamber of Commerce, at the high school or you may contact any cheerleader. Cheerleaders this year are Gina Bulb, Teresa Booth, Cindy Hamilton, Jan V's-song, Kelli Simpson, and Kim Boone. Their sponsor is Rick Myler.

Athletic awards are given in every division of athletics the school participates in, football, basketball, tennis, golf and track.

The tickets are \$4.00 per person and the menu will include fried chicken, cole slaw, potato salad, rolls, and ice tea. Tickets will not be sold at the door.

Master of ceremonies for the banquet will be Bob Collier.

The speaker for the banquet is Dal Shealy, assistant head coach at Baylor University. Shealy has the same game plan in life as he does in his profession, live the Golden Rule, work hard and never be satisfied with yesterday's achievements.

Shealy and Baylor head coach Grant Teaff have much in common. Both are strict disciplinarians,

both are sound with fundamental football knowledge and both are nationally-known Baptist lay speakers.

Shealy played high school football at Batesville, S.C. where he was all-state guard and captain of the football, basketball and baseball teams and the senior class president. He was a four-year starter at guard and linebacker at Carson-Newman, making Tri-State all-star honors twice and honorable mention All-American. He graduated in 1960 and went into the Marine Corps as a lieutenant, playing on the national champion service team at Quantico and in the Missile Bowl and Leatherneck Bowl. After discharge from the service he became head football and track coach at Laurens, S.C. High School where he won three conference track titles and in 1962 posted the first winning football season in eight years in the school.

In 1965 he went to Marris Hill College as assistant football coach and head track coach, and then returned to Carson-Newman the next year as offensive line coach and head track coach. In 1968 Shealy returned to Marris Hill as head coach, and in 1970 was called back to Carson-Newman as head coach. In 1972 his team compiled a 10-2 record and was No. 2 ranked in the nation. He was named "Citizen of the Year" by Jefferson City

Chamber of Commerce. His overall record at Carson-Newman was 31-13.

In 1971 and 1972 he was honored as the NISA "Football Coach of the Year" and NAIA "Track Coach of the Year" in 1968. He has had 10 football players to sign professional contracts and turned out four all-American performers.

Lee A. Keys, left, a Skelly Oil Company employee based in Spearman, Texas, accepts a service award from Skelly President James E. Hara at a banquet in Tulsa, Oklahoma.

**Lee Keys Honored For 40 Years Service**

A Spearman, Texas, man was among a group of Skelly Oil Company employees honored for their years of service at a special service recognition dinner held in Tulsa, Okla. Thursday, April 17.

Lee A. Keys, operator at Skelly's Spearman natural gasoline plant, was honored for his 40 years of service with Skelly. A member of the manufacturing department, he was introduced at the dinner by Manufacturing Vice President Howard H. Belew.

Keys joined Skelly on May 27, 1935, at the company's former Lyman,

Oklahoma, plant. He worked throughout Oklahoma in a number of positions and assumed his present job in 1962.

He lives at 1100 South Haney in Spearman.

Under Skelly's service recognition program, employees receive a service award for each five full years of credited service with the company. Beginning with the 25th year of service, employees are honored at a special recognition dinner held during their anniversary year.

The April dinner was the second of four such banquets to be held this year,

honoring a total of 220 employees. In all, Skelly and its wholly owned subsidiaries, representing over 21,000 years of service.

Featured speaker at the Tulsa dinner was James E. Hara, Skelly president, who said the company's service recognition program was designed to "reinforce the fact that at Skelly our employees are valued not only for their day-to-day accomplishments, not only for getting the job done, but also for the individual assets and talents they bring to the company."

"When you have worked for a company for 40, 30 or 25 years, you develop a kinship that far surpasses the traditional employee-employer relationship," Hara said. "When a company is successful, you share in the pride of that achievement, and in hard times, you participate in the disappointments and failures, too."

This new program recognizes that Skelly and its subsidiaries simply would not be what they are today without the hard work and dedication of its employees, Hara said.

Skelly's next service recognition dinner is set for September 18 in Tulsa.

Cindy was the only Spearman entrant who placed at the Stinnett Rodeo held this past week-end. She placed 3rd in Break-away Roping.

**Ideal Announces Price Reductions**

The lower wholesale price index is resulting in good news for consumers in the form of lower food prices.

Proof of this trend came today when Steve Phillips, vice president and general manager of Ideal Food Stores announced that more than 500 prices had been reduced in Ideal's grocery, dairy, drug and frozen food departments.

All price reductions will also be in effect at K-Mart Foods in Amarillo, Texas, and Alco Foods in Hays, Kansas, which are operated by the Ideal chain. The reductions take effect Thurs., May 8.

Said Phillips, "We are able to pass along to shoppers substantial price reductions because prices to us and to our suppliers have come down. It has been three or four years since prices on so many major commodities have declined."

"We take this decline in the price index as a hopeful sign that food prices in general are on their way down but it is difficult to predict whether or not prices will remain down."

"Added to this decline are two other positive

**GREETINGS TO ALL CATTLE PRODUCERS**

FRIDAY, May 2, was the regular day for the cattle auction with "Action" in Texhoma. The selling began at 9 a.m. (CDT) and was completed at 7:50 p.m. 4115 cattle and calves were sold through the arena for 117 various consignors. 4 months - Jan 1 thru April 30 - sold 102,154 cattle.

All of us in the cattle industry are very grateful for the much, much, better cattle market that we now have to operate with -- compared to a few weeks ago.

The difference means a reasonable profit instead of a tremendous loss to all segments of the industry.

April is now past history, and we are taking advanced consignments for every FRIDAY in May. Listen to one of our five various radio broadcasts commencing every Wednesday evening as to the numbers expected for next FRIDAY, May 9.

Dr. Mr. Miller:

Because of the critical importance of irrigation to our part of the state, I introduced S.C.R. 50 which has passed the House and Senate. I am sending you a copy to use in any way that you would like, because I do know that it is of interest to all farmers in our area.

If you have any questions, I will certainly be glad to share whatever information we have.

SENATE CONCURRENT RESOLUTION

WHEREAS, Natural gas has been used as a fuel for irrigation engines in the Panhandle and South Plains of Texas for a number of years and is the most economical and readily available fuel in this area of the state; and

WHEREAS, Natural gas

is transported to more than 50,000 irrigation wells in the Panhandle and South Plains of Texas by an extensive network of underground pipelines, many of which have been laid by the irrigation farmers themselves at an average cost of approximately \$1,000 per well; and

WHEREAS, The irrigation belt of the Panhandle and South Plains of Texas produces an extraordinary amount of food and fiber products, most of which could not be produced without irrigation and the use of natural gas as a fuel to power the irrigation engines; and

WHEREAS, Currently no other fuel is available in sufficient quantities to furnish power for irrigation engines, and it would not be economically feasible to modify existing equipment for the transportation, storage, and use of any alternative fuel made available at a later date; and

WHEREAS, The Federal Power Commission on De-

ember 19, 1974, rendered Opinion 697-A in Docket RP 72-6 changing the priority of natural gas for irrigation purposes from a No. 2 commercial priority to a No. 3 industrial priority, which for all practical purposes made natural gas unavailable for irrigation equipment; and

WHEREAS, This potentially disastrous ruling was made by the Federal Power Commission without providing notice to the farmers of the Panhandle and South Plains area and without providing an opportunity for them to present evidence or testimony to the commission on this very important matter; and

WHEREAS, The Plains Irrigation Gas Users Association, on behalf of affected member farmers, has filed a motion for leave to intervene in the aforementioned docket number and a motion to restore natural gas for irrigation purposes to a No. 2 commercial priority; both motions are still pending before the Federal Power Commission; now, therefore, be it

RESOLVED, By the Senate of the State of Texas, the House of Representa-

tives concurring, that the 64th Legislature hereby respectfully memorialize the Congress of the United States to instruct the Federal Power Commission to restore natural gas for irrigation purposes to a No. 2 commercial priority before there is extensive and lasting damage to the economy of the Panhandle and South Plains of Texas and serious disruption of the national economy; and, be it further

RESOLVED, That official copies of this resolution be prepared and forwarded to the President of the United States, to the President of the Senate and the Speaker of the House of Representatives of the United States Congress, and to all members of the Texas Delegation of the Congress with the request that this resolution be officially entered in the Congressional Record as a memorial to the Congress of the United States of America; and, be it further

RESOLVED, That official copies of this resolution also be prepared and forwarded to the Federal Power Commission as an expression of the views of the 64th Le-

gisature of the State of Texas. W.P. Hobby, President of the Senate Bill Clayton, Speaker of the House.

# Thoughts

From The Living Bible

A man named Simon had formerly been a sorcerer there for many years; he was a very influential, proud man because of the amazing things he could do — in fact, the Samaritan people often spoke of him as the Messiah. But now they believed Philip's message that Jesus was the Messiah, and his words concerning the Kingdom of God; and many men and women were baptized. Then Simon himself believed and began following Philip wherever he went, and was amazed by the miracles he did.

# Miss Hansford County Pageant Set

The annual Miss Hansford County Beauty Pageant has been scheduled for Friday evening, May 30 at the high school auditorium. The event is sponsored annually by the Lions Club of Spearman. The Women's Division of the Chamber of Commerce will be assisting the Lions this year in preparation for the pageant.

Entertainment and music will be by Rick Kirk. Contestants must be 16 years or over and presently be attending school or have attended schools in Hansford County and be unmarried. Entry blanks may be picked up at Spearman and Gruver High Schools. There will be two phases of competition, street wear and evening gowns.

Trophies will be award-

ed to first, second, and third place winners and to Miss Congeniality. Each contestant will be presented with a gift certificate. Advance tickets will be \$1.00 for adults and 50¢ for children. Tickets at the door May 30 will be \$1.50 and 75¢.

The reigning Miss Hansford County, Diane Frazier of Gruver, will crown the new Miss Hansford County. The new Miss Hansford County will be featured in the Hansford Roundup parade in June. A lot of work is being put forth on the part of members of the Lions Club and the Women's Division of the Chamber of Commerce for the pageant, and it is hoped that many county girls will be interested and will take an active part in this annual event to make it a success.

# Hansford Roundup Date Set

The 1975 Hansford Roundup will be June 5-6-7. Something new has been added and should be of interest to everyone and that is a Flea Market! Booths will be \$5.00 each and you furnish your table and signs. Gather up your treasures and junk and bring them to the Flea Market.

A rodeo will be held each night at 8:00 p.m. in the Oscar Archer Arena. On Thursday night a Wild Cow Milking Contest with county businessmen participating. Friday night will be the preachers night and they will be ribbon roping. Saturday night will be Ladies Night trying to get the ribbon off the calves tail.

On Saturday at 10:00 a.m. the Old Timers will register at Joe Traylor's Ford. This is sponsored by the Hansford Historical Commission.

The parade will leave the Jr. High at 1:00 p.m. So far 4 floats are entered. There is NO entry fee for floats. We encourage commercial (business) and organizations to enter. Trophies will be given to the commercial floats. 1st, 2nd, & 3rd place. Cash prizes will be given to organizations. \$100.00, \$75.00, and \$50.00. The winners will have a sign of their float when they leave the Jr. High. The decorated bicycles will

be presented trophies this year. The parade will disburse at the rodeo grounds.

The Old Time Fiddlers Contest will be immediately following the parade at the Show Barn with Wes Nivens in charge. Cash prizes will be given for 1st, 2nd, 3rd, & 4th place this year. They will be \$75.00, \$50.00, \$25.00, & \$10.00. Trophies will also be presented. At 2:30 or 3:00 the sack races will begin at the rodeo arena. Gregg Sherwood is in charge of this event. Ribbons will be given too. No entry fee will be requested this year for the sack races.

The cow chip throwing contest will follow at the arena.

A horse flag race will also be held Saturday afternoon. This is a new event and help will provide something for everyone.

The Bar-B-Que will be at 5:00 p.m. and will be held by the show barn. The final performance of the rodeo will be at

**Former Residents Visit Here**

Mr. A. C. (Arthur) Green, a long time resident of Spearman who now resides with his children, and his daughter, Mrs. David (Helen) Mitchell of Redding, California, who is also a former Spearmanite, were house guests of Altha Groves the past ten days. While here, they visited Mrs. R. C. Green and Mr. and Mrs. Welton Green and family in Gruver. They drove to Gainesville where they visited Mr. Green's two sisters, Mrs. Ola Lamb and Mrs. B. L. Lewter and other relatives. They returned to Spearman via Lubbock, where they called on other relatives. Mr. Green and daughter, Mrs. Mitchell left Friday for their home in Redding, California, going through Santa Fe, New Mexico, where they will spend a few days with his son and her brother, Austin (Slim) Green and family, who works for Bishop's Lodge there.

**Texas Legislative Report**

By Bob Close

We are now into the last month of the regular session of the 64th Legislature. The session will end in accordance with the State Constitution after the expiration of 140 days which this year, will be June 2, 1975. The daily sessions have been running longer and the committee hearings later. We have reached the point where it is becoming critical as to whether or not bills still in committee or waiting assignment to the calendar by the Calendar Committee will have a chance to complete the legislative process.

Soon we will begin deliberations on the Appropriations bill. Public School Financing has been finally reported out by the subcommittee and was con-

sidered by the full House committee on Public Education on the evening of May 1st.

A subcommittee in the State Affairs Committee has proposed a utility commission bill.

There has been a tremendous amount of interest in school finance and the various issues involved. The subcommittee of the Public Education Committee on School finance has made the following proposals:

- 1) That the salary of teachers and professionals be increased by \$140 per month across the board bringing the base teacher salary to \$8,000 per year with an increase to salaries for para-professionals by \$250 across the board.
- 2) It increases current operating costs by \$340 per classroom teacher unit, from \$660 per CTU to \$1,000 per CTU.
- 3) It would increase funding for transportation by 75% under the current method of allocation.
- 4) It continues the 80% state financing and 20% local financing of the cost

- 5) It makes certain changes in the current Economic Index for determining a county's local fund assignments.
- 6) It defines the county tax assessor-collector's duty to report the assessed value and the full taxable value of the property in each school district.
- 7) It allows a district the option for local enrichment in an amount not exceeding \$50 per average daily attendance.
- 8) It gives credit to the state's share of the Minimum Foundation Program for one-fourth of all money raised by a district above its local fund assignment and above the allowed local enrichment figure.
- 9) It outlines an accountability program.
- 10) It allocates an additional \$1 per average daily attendance for regional education services from \$2 to \$3.
- 11) It funds a bilingual program for kindergarten through third grade.
- 12) It designates only citizens or legally admit-

- 13) It creates the Legislative Tax Board which is to conduct comprehensive continuing audits of property subject to ad valorem taxation by school districts and appropriates 8.5 million dollars to carry out the audits.
  - 14) It repeals the transportation allowance for children in special education programs which is covered by the 75% increase under the current method of allocation.
  - 15) It mandates in effect House Bill 1083 (the Governor's Plan) to take effect on September 1, 1977.
  - 16) It funds a two-year pilot program for the weighted-pupil approach using 12 school districts as pilots.
  - 17) And finally, it creates a 15-member interim review committee to review the weighted-pupil funding formulas and appropriate \$250,000 for the committee.
- It is estimated that this

**Farm Bill Veto Disappoints Hightower**

Congressman Jack Hightower in a statement issued from his Washington office today, stated that he was sadly disappointed by President Ford's veto of the Emergency Farm Bill. "We had been hearing rumors of this action for weeks," Hightower said, "but I just could not help but think that the support the bill received in Congress would convince Mr. Ford of the desperate situation the farmers of America are facing."

"The bill is directed at an emergency situation just as its title suggests," Hightower said, "faced with double digit inflation eating away at any return on his investment and effort, the farmer has got to be able to count on a fair price for his product." Hightower said, "It is impossible for me to believe that the President is aware of the swift and unpredictable changes in today's agricultural markets, if he states that this veto shows that this Administration is determined to act in support of the American farmer and his best interests. The best interest of the farmer as well as the consumer is in greatly expanded agricultural production. Without the assurance of a realistic return the farmer must cut back his production, creating shortages and still higher retail food prices, hurting himself as well as the consumer. It is impossible for me to understand how this veto works in the best interest of anyone."

Happy and Carla Russell along with the Ron Duna-wry family went to Lake Fryer fishing over the weekend. Carla said "she sure had fun and Happy got sunburned."

**BITS OF THIS AND THAT YOU NAME IT!**

First off, I want to apologize to those whom we seemed to have offended with our story in last week's paper, concerning the historical markers, and the clean-up campaign in Spearman. We meant to say that pictures were made of the three historical markers in Spearman, and we are quite proud of the owners of the buildings, and WANT THEM TO REMAIN AS THEY ARE!! In our story, we seemed to leave the impression with some that we wanted to tear down these beautiful old historical buildings, and we sure didn't mean for it to sound that way. And, the artists drawing on the front page was made by an artist in Illinois, and was just a "stock cut." Once again we apologize to the owners of these land marks. We are very, very sorry!

Lon Vic Kyler, who is in charge of the Lions Club Beauty Contest, reports that everything is moving along smoothly. And, speaking of Lion Kyler, he and his great-grandson reponed an enjoyable time in Colorado Springs, over the weekend. The band-marched at the festival in Canon City, and then visited the sites in Colorado, Springs.

I received a call Saturday night, concerning the ring that the woman had swallowed recently. They performed an operation on the woman, and removed both diamond rings, and other than the silver being tarnished and black, both diamond rings were saved. I don't know whether the patient survived or not, but assume that she did. She was the woman who had a dream and thought someone was trying to steal her diamonds and actually swallowed them.

The Lions Club had a lot of excitement Tuesday, with three new members; Bob Kiser, Captain Little-

John, and James Madison. The Rotarians are continuing to prosper also, as they added \$8000.00 to their treasury with the recent auction. I am still amazed at Peyton and his crew including Chet Wise who no doubt set a world record with this auction. Keep up the good work boys, and we may need a loan at the Lions Club!

I have had the pleasure of attending some athletic banquets this year already, and actually I feel that your editor and your town, is probably the envy of the entire Panhandle area because of our school kids. We can never have a sports banquet until late in May, because we always have someone at Austin. Sure enough, Ralph Newton and his "Newtonettes" won the state championship in golf! Wouldn't you just know they would!

And, while we are on sports, I want to apologize to all of you who were in the volleyball tournament last week. I lost a couple of my buddies, and it seemed to affect me more than usual. Mr. Greever and Drew Giddens passed away, and this kind of left me on a stand-by situation to see if I could help either family; actually, H.S. Loveless who was visiting at the Greevers at the time of Mr. Greever's death, would have enjoyed going and participating in the volleyball tournament. Drew Giddens and I were custom farmers in the county at one time; Drew planned and plowed some 2,000 acres for me, and he was the best farmer that ever I worked around. The town will miss both of these men!

**8th Grade Plans Trip**

The Spearman Junior High eighth grade will take its annual trip to Palo Duro Canyon State Park, May 8th. The students and their sponsors plan such activities as horseback riding, hiking, and just plain fun. The class will leave at 7:00 a.m. from the junior high and arrive back in Spearman at approximately 6:00 p.m. Funds for the trip were raised through the concessions from the junior high basketball tournament. The eighth grade mothers really made the trip possible through their hard work in the concession stand.

One way of adding nitrogen to the soil is by planting legumes, according to research agronomists for the Texas Agricultural Experiment Station. A late summer nitrogen application along with removing grass topgrowth will boost legume growth. Success with legumes depends heavily on proper inoculation. Legumes must be nodulated by effective bacteria to fix nitrogen. A high quality inoculant must be prepared for a specific legume.

**Ed Greever Services Held**

Memorial Services were held May 4, 1975, at 3 p.m. in the Apostolic Faith Church for E.A. "ED" Greever. Officiating were Rev. Jacob Regier and Rev. E. K. Cornell.

Casket bearers were O. A. Scroggs, Irvin Delk, James Riley, Bernard Byers, Benny Byers, and J.M. Pool.

Honorary pallbearers were Guy Fuller, A.F. Cook, John Bishop, Slim Cates, E.J. Copeland, Edwin Simmons, Jimmy Gilliam, Bill Gandy, F.B. Schubert, J.R. Stump and Deacon Clement.

Burial was in Hansford Cemetery under the direction of Boxwell Brothers Funeral Home.

Edwin Adams (E.A.) Greever, was one of a family of eight children and the last one to depart this life. He was born in Lead Hill Ark. on July 20, 1879 and departed this life May 2, 1975 at the Edward Abraham Memorial Home at Canadian, Texas where he had been for 15 months.

When a young man his

parents moved from Lead Hill to Carthage, Mo. and in the near future a farm was bought about six miles northwest of Carthage and in 1906 the parents, Ed and his sister, Auta came to the Panhandle to make their home. In 1911 Ed returned to Missouri for his bride.

His parents only lived a few years after his marriage so he and Elma have lived in what was the parent's home now for 63 years.

Throughout the years before his marriage at different times he went to Colorado to work. He was one of the engineers for the Moffatt RR, also worked in Washington state in the big timber, but being a son of a farmer, rancher this he has followed after the move to Texas.

He is the father of two children William Robert (W.R.) and Kathleen (Greever) Surton.

Since W.R. was grown he has been a partner of his father and now for several years the manager.

Ed had quite an interest in the building of the new Panhandle country, and

this continued as long as years and health permitted, so we can say he was a good citizen, neighbor and friend but he always said, "Man needs no praise for the people where he lives knows his life."

Very few of his old neighbors and friends of the old Black Community and Hansford and Ochiltree counties are alive today so to many he is not known.

Enjoying the growth and progress of our earthy environment he also appreciated God's great handiwork and when younger he with his family went to the Rocky Mountains on a vacation trip of a week or ten days to behold the grandeur and beauty of a Divine Master builder. He respected Christian people and helped in different ways the work of the Lord. The Apostolic Faith teachings (In other words that taught by Jesus, the Apostles and Prophets) he accepted. The first of these messengers in our vicinity were the three Morton sisters when Spearman as the old saying goes, "was just a wide place in the road."

Other of these messengers were Bros. Dito and Waterbury, Sister Dillviorth and Bro. Chas. F. Parha, the founder of the Apostolic Faith movement.

Ed in many ways has been a helper to many who were giving their lives in helping to spread the glorious gospel since the town of Spearman was very young, but not until he was 75 years old did he accept Jesus Christ as his personal Saviour and in this meeting conducted by G. K. Kerr held in the garage at his home, he at the close of the meeting with others was baptised by Bro. Kerr and his wife in the reservoir near his dwelling, and since converted, changed from darkness to light, has since walked in the light, and kept a hope of eternal life, so today his loved ones sorrow not as others who have no hope for he with our Beloved Bro. Paul could say, "I have kept the faith".

He heaves his wife with whom he had a happy life of 64 years, two children, W.R. and Kathleen, as has already been mentioned, seven grandchildren and four great-grandchildren.

Their loss is his gain because of a weakened body and mind and the family gladly say "The mercy of the Lord endureth forever". "Thy will be done O Lord". NOTE: Obituary written by Mrs. E.A. Greever.

**Hansford 4-H Livestock Judging Team Wins 2nd**

The 4-H Livestock Judging team of Danny Dear, Scott Henderson, Chris Cooper, Charles Zachiesche placed second in the junior division at the District 14-H Eliminations Contests on May 3 in Canyon.

About 263 4-H boys and girls competed in the one-day event which included 29 contests. Winners received their awards in ceremonies at West Texas State University's Activity Center.

82 High Plains 4-H'ers from 21 of the 22 counties in Extension District 1 qualified to compete in the State 4-H Roundup at College Station next month by taking top honors in district competition. To qualify for the state contest, a team or individual must have a first or second place win in the senior division which is for 14-year-olds and older. Juniors do not compete beyond the district level.

**Our Heritage of Faith**

**notes from Faith Lutheran Church**

Plans for our joint Vacation Bible School with the Presbyterian Church have been pretty well worked out. We are going to move the date of the school this year. It will be held from June 16-20 in the forenoons. The pre-school will meet in the Presbyterian Church from 9 to 11 a.m. The grades through the 6th will meet at Faith Lutheran from 9 to 11:30 a.m. Mrs. Spoonmore and Mrs. Biggers are co-directors of the school. Concordia Material will be used in the school primarily.

Bible Camp this year will be held at Ceta Canyon from June 8 - 14. (The date was wrong in the May 4 bulletin. Those who have completed the fourth grade thru high school are eligible to attend. The cost of the camp will be \$35 with the church paying part of that cost. If you plan to go, you need to pick up your registration form from Pastor as they must be sent in to get your health form back. Those forms must be filled out and taken to camp with you on Sunday, June 8.

There is to be a dinner at 1 p.m., on Sunday, May 18 for our graduates and confirmands. Those who are graduating this year include: Donna Montgomery, Teresa Brillhart, Bunch Schaefer, Howard "Tex" Kopke, & Mark Nelson. Our confirmands are Tammy Bynum, Barbara Orlman, Laura Nelson, Shellye Barnes, and John Reneau. This is a congregational Pot-Luck dinner and we urge you to be present.

The event to be held in honor of Dr. Bill Barnum's and Tim Meyer's, who will be moving from our area to Southeastern Oklahoma has been tentatively set for Sunday, May 25. Details on this have not been worked out and will be announced on Sunday.

If you have no church home, we invite you to visit us at Faith Lutheran. Our Morning Worship is at 9:30 with Holy Communion the first Sunday of each month. Sunday School hour with classes for all ages is at 10:30.

### Hansford County Museum Director Named

The Director for the newly-formed Hansford County Historical Museum has been named this past week according to members of the Hansford County Historical Committee headed by Olin Sheets, Spearman, president; Gordon Stedje, Gruver, vice president; secretary, Mrs. Harold Shaver; treasurer, Mrs. Gus Renner.

Miss Linda Crawford, Hansford County native, an extraordinarily well-qualified person, has accepted the Directorship of the Museum and has already been hard at work promoting interest for the entire Hansford County population as well as for others in the State. The Committee has procured the old Santa

Fe Agent's house at 30 S. Townsend in Spearman for the location of the Museum and are now awaiting approval and certification of the tax exemption procedure before further developing the various aspects of the organization.

Following approval of the Museum as a non-profit community endeavor, donations of monies and treasures can be made with tax deductions assured. Checks, by the way, must be made out to the Survey Committee in order to fall in the tax-exemption category. Sponsorship by any group in Gruver, Oslo, Spearman, Hitchland, or Morse, or any of the rural areas would be more than

welcome in this County-wide enterprise.

Miss Crawford, who was a 1971 Gruver High School graduate, attended Fort Lewis University in Durango, Colorado, before completing and receiving her Bachelor of Science degree cum laude from the University of Texas this past December. Her field of study has been Archeology and she has had extensive experience in the Museum Science field have satisfied 16 hours in this study and having worked in the Texas State Memorial Museum in Austin.

Linda is the daughter of Mr. and Mrs. Bob Crawford of Gruver and the granddaughter of Mrs. Beulah

### Hackley Receives Farm & Ranch News by Credit Hours At Seminar

Donald E. Hackley, D.O., Spearman, received 21 credit hours for continuing Medical Education following participation in scientific seminars at the 76th Annual Convention of the Texas Osteopathic Medical Association meeting in Dallas, May 1-3.

A total of 50 hours per year are required by the American Osteopathic Medical Association. Topics covered are of paramount importance to the doctor in his delivery of health care.

The Texas Osteopathic Medical Association elected Michael Calahrese, D.O., of El Paso, President succeeding Eugene Brown, D.O., of Lubbock.

One quimillion is written 1,000,000,000,000,000,000.

According to a USDA report stocks of the four feed grains (corn, oats, barley, and sorghum) totals 69.1 million metric tons, 26 percent below the 93.4 million metric tons on April 1, 1974. Decreases from a year earlier for individual feed grains ranged from 23 percent for corn to 46 percent for sorghum.

April 1 stocks of all wheat at 17.4 million metric tons were 17 percent above a year earlier. Soybeans stocks at 17.9 million metric tons were 11 percent below April 1, 1974.

All wheat in storage on April 1, 1975 totaled 638 million bushels. Except for last year, this is the smallest April 1 holdings since 1952. Stocks are 17 percent above a year earlier but 31 percent less than 2 years ago. Farm stocks totaled 250 million bushels, 38 percent above a year ago while off-farm stocks are up 6 percent. Disappearance from all storage positions from January through March 1975 is indicated at 463 million bushels, compared with 380 million a year earlier.

Corn stored in all positions on April 1, 1975 totaled 2,209 million bushels, down 23 percent from the 2,861 million bushels a year earlier and 34 percent below April 1, 1973. This is the lowest April 1 stocks in all positions since 1955. Disappearance from all storage positions during January-March is indicated at 1,405 million bushels, 13 percent below the 1,612 million bushels used in the same quarter a year ago.

Sorghum grain stocks in all positions on April 1, 1975 totaled 209 million bushels, down sharply from the April 1, 1974 level of 381 million bushels and 42 percent below the same date in 1973. Farm stocks at 64 million bushels are down 44 percent from a year ago and off-farm holdings at 145 million bushels are 46 percent below last April. Disappearance from all storage positions during January-March of 173 million bushels compares with 264 million during the same quarter last year.

Another USDA report on Livestock Slaughter showed that commercial products of red meat in the United States totaled 3.0 billion pounds in March, 5 percent below a year ago and one percent below March 1973. Commercial meat production includes slaughter in federally inspected and other slaughter plants, but excludes animals slaughtered on farms.

Beef production totaled 1.9 billion pounds, 2 percent more than March 1974 and 7 percent more than March 1973. Cattle kill totaled 3,131,500 head, 9 percent above both March 1974 and 1973. Live weight per head averaged 1,024 pounds, 41 pounds less than last year and 19 pounds less than March 1973.

There were 56 million pounds of veal produced in March, almost twice the 29 million pounds in March last year. Calf slaughter at 380,900 head was up 69 percent from last year and 61 percent above March 1973. Live weight per head averaged 278 pounds compared with 224 for March 1974 and 242 pounds for March 1973.

Pork production totaled 978 million pounds in March, 16 percent below a year ago and 14 percent below March 1973. Live weight per head averaged 236 pounds, 9 pounds less than last year and 2 pounds less than March 1973. Lard rendered per 100 pounds live weight was 6.6 pounds compared with 6.4 pounds in March 1974.

I stated in last week's news column that I had not seen any wheat streak mosaic in Hansford County. Well, I should have said I didn't think I had seen it, because I got a report back over last weekend from a sample I had sent in earlier. The report showed the sample which came from a field belonging to Louann Dahl had the Wheat Streak Mosaic virus. What kind of three me off on saying for sure the field had mosaic was the irregular pattern of it in the field. The pattern of the infected wheat did not follow the usual wind blown pattern we usually see on mosaic.

# Girl Staters Named

**Cora Blount**

Members of the Hansford County American Legion Auxiliary have announced the names of three girls who have been selected as the 1975 representatives from Hansford County to attend the Bluebonnet Girls' State at Texas Lutheran College in Seguin from June 10 to June 20.

Cora Ann Blount from Gruver, Janyth Lackey, and Kathy Dowdy, both from Spearman, are the girls who were the successful candidates who were selected to attend the Legion Auxiliary workshop for the purpose of becoming acquainted with the organization and operation of local and state governments.

The purpose of a American Bluebonnet Girls' State is to educate our young women in the duties, privileges, rights, and responsibilities of American citizenship. Its purpose is to awaken within the youth of our nation a sincere conviction that a well-informed, intelligent participating citizenry is most vitally needed to protect and preserve our American institutions and our American democracy. At Girls' State the young citizens "learn by doing".

A visit to the State Capitol at Austin will be included in the program which offers the girls an opportunity to assemble in the halls of our legislative bodies and to meet state officials.

The entire program is non partisan and free from propaganda. Each girl chosen is an average American girl with the one qualification that she is interested in attending Bluebonnet Girls' State. Included in the important qualifications are scholarship, loyalty to our Country, character, ambition, leadership ability, and the ability to get along with fellow students.

Mrs. O. V. (Nova Lee) Walker, Jr. of Gruver is the Bluebonnet Girl's State Chairman for the Hansford County American Legion Auxiliary Post Number 154. It is with the help of many co-sponsors who contribute both time and monies and the loyal members of the American Legion Auxiliary that the opportunity for girls to attend Bluebonnet Girls' State is made possible for girls of Hansford County.

Janyth Lee Lackey is the 17 year old daughter of Mr. and Mrs. Joel Lackey. She is a talented Drum Major, a member of the National Honor Society, and to round out her abilities, she served as the Team Captain for the Lynettes 1974-75 Basketball Team.

Kathy Dowdy, the 17 year old daughter of Mr. and Mrs. Murrell Dowdy of Spearman, is a member of the Spearman Student Council and DECA.

Cora Ann Blount is the 16 year old daughter of Mr. and Mrs. O. R. Blount of Gruver. She is a Junior this year at GHS, having spent her first two years at Whitney High School prior

**Janyth Lackey**

to registering once again in the Gruver Schools. She is an active member

**Kathy Dowdy**

of GHS and has been a member of the Pep Club, FHA and has played basket-

ball this year. Her hobbies include swimming, tennis, basketball, sewing, and cooking. She is an ambitious girl and claims summer employment of lawn "manicuring" as one of her hobbies.

These three girls from Spearman and Gruver will well represent the Hansford County American Legion Post #154 this year at Bluebonnet Girls State.

## TOMA Honors Dr. Hackley

Donald E. Hackley, D.O. of Spearman, was honored by the Texas Osteopathic Medical Association during the organization's 76th annual convention in Dallas May 1-3. Dr. Hackley received recognition for 11 years of service to the House of Delegates of TOMA.

## Tractor School Dates Set

A tractor school will be held in Spearman, Saturday's May 17 and May 24 in the County Agricultural Building on the Rodeo Grounds. This school is for the purpose of training 14 and 15 year olds in the safe operation of a tractor.

Under current U. S. Department of Labor provisions farmers must not hire youth under 16 years of age for hazardous occupations around farms which includes among many jobs driving a tractor, except under certain conditions. Some of these conditions that allow farmers to work youth under 16 years of age is as follows: the youth be at least 14 years of age, be familiar with the normal working hazards in agriculture, complete 10 hours training on the 4-H tractor program, pass a written examination on tractor safety and demonstrate the ability to oper-

ate a tractor with a two-wheeled trailed implement to include backing.

Any youth age 14 or 15 who plans to or wants a job driving a tractor must complete this course and receive a certificate of successful completion. The only exception is where a youth under 16 is employed by his parent on a farm owned or operated by such parent or person.

If any farmers or youth have any questions call the County Extension office, 659-2136 or 733-2901. Youth wanting to take this course must be present at 10:00 a.m. Saturday, May 17 at the Spearman County Agricultural Building. The hours of the course will be from 10:00 a.m. to 4:00 p.m., May 17; and from 9:00 a.m. until approximately 2:00 p.m., May 24. There will be a lunch break for 1 hour each day.

Youth must attend all sessions to be certified as having completed the course. The course will be under the supervision of the Hansford County Extension Agent, Joe VanZandt. Local implement dealers will assist in some phases of the program.

## Sacred Heart Women's Guild Met

The Sacred Heart Women's Guild met Monday, May 5th in the Parish Hall for a salad supper.

Following the salad supper, President, Jeanette Bort, presided over the business meeting. Minutes of the April 7th meeting were read and approved.

Anita Sumner reported on the Deanery Meeting in White Deer. The Nominating Com-

mittee presented their slate of officers for 1975-1976. Officers are: President - Helen Blain, Vice President - Petra Lazano, Secretary - Mary Allen, Treasurer - Marie Pacheco, and Year Book Committee Chairman - Clemmentine Renner.

Anita Sumner gave the program on "Human Kind, Liberty and Justice For All".

Members present were Mrs. C. A. Kleeberger, Mary Allen, Mary Lou A. Nardo, Helen Blain, Jeanette Bort, Francis Ortega, Maria Pacheco, Clemmentine Renner, Fay Schmehr, Mary Sullins, Elva Sullivan, Anita Sumner, Fanny Veneman, Emma Lopez, Manuela Nunez and Olivia Casaraz.

The Guild will dismise for the summer months and resume meetings in September.

### A&M Professor To Present Atomic Program

Atomic energy and its uses will be demonstrated May 12 at Spearman High School.

A program titled "This Atomic World" will acquaint Spearman students with principles and sources of nuclear energy. Its role in agriculture, industry, medicine and research will be shown.

Orlan L. Ihms will conduct the 40-minute program sponsored by Texas A & M University's College of Engineering.

Using student terms, Ihms will explain structure of atoms, nuclear reactor operation and concepts

such as radiation, fission and fusion.

He will employ special electronic equipment to show how nuclear energy is harnessed to generate electricity, plus other applications. Use of radioisotopes in life process studies and disease diagnosis and treatment also will be depicted.

In a chalkboard talk to Spearman High science classes, Ihms will go into deeper detail on atomic structure, radioactivity, radiation biology and nuclear science careers, among other topics.

Specially trained in nu-

clear science, Ihms, (rhymes with seems) has bachelor and master's degrees from Texas A & M. He has taken "This Atomic World" into Texas schools for four years.

### New Guidelines For Free Meals, Etc. In Schools

Income poverty guidelines for determining children's eligibility for free or reduced-price lunches and breakfasts and free milk in schools during the 1975-76 academic year have been announced by the U. S. Department of Agriculture. USDA's Food and Nutrition Service (FNS) is issuing the guidelines now to aid school boards and administrators in advance planning and budgeting.

The USDA guidelines are the minimum eligibility standards which must be used by all schools participating in the National School Lunch, School Breakfast or Special Milk Programs or receiving federally donated foods. Free meals and free milk must be served to all children from families at or below the income levels set by the guidelines.

Using USDA's national guidelines, each state educational agency sets income poverty guidelines to determine which children are eligible for free or reduced-price meals and free milk in that state's schools. State guidelines cannot be lower than the national levels but can be up to 25 percent higher for reduced-price meals. These are maximums allowed under present law scheduled to take effect July 1.

The new guidelines are about 11 percent higher than those for the 1974-75 school year. For example, the income eligibility level

for a family of four rises from \$4,510 to \$5,010.

The year-to-year change in the Consumer Price Index is the basis for USDA's guideline adjustment procedure, consistent with the Bureau of Census method for updating its statistics on poverty levels. USDA's income poverty guidelines are higher for Alaska, Hawaii and Guam because of higher living costs in those areas.

Income poverty guidelines take into account both family size and income before deductions for income taxes, insurance premiums, bonds, etc. In using the guidelines, school food authorities can consider the family's income during the past 12 months and the current rate of income to determine the better indicator of need for free or reduced-price meals or free milk. When judging a family's income level, local administrators can also allow for specified hardship situations such as unusually high medical expenses, housing costs which exceed 30 percent of income, special education expenses due to a child's physical or mental condition, and disaster or casualty losses.

Two students of the same piano professor at The University of Texas have won national prizes of \$1,000 each this spring.

Dean F. Kramer of Cherry Hill, N.J., won first prize in the Frederic Chopin National Piano Competition. He will go on next fall to an international Chopin contest in Warsaw.

Jeff Campbell of Dallas won the top prize in the national collegiate piano competition of the Music Teachers National Association.

Both study with Prof. John Perry of the Music Department.

Clean house plants are more attractive and perform better, points out a landscape horticulturist for the Texas Agricultural Extension Service. Dust on leaf surfaces reduces the amount of light available to a plant. Also, dusty plants look drab and uninteresting. Use a soft camel hair brush or damp sponge to remove dust from leaves. Wash heavily soiled leaves with a mild soap and warm water solution. Use a syringe on hairy leaves. Polish leaves with a soft cheese cloth. If you plan to use a commercial leaf polish, water plants several hours before treating.

### Two Area Seniors Receives Phillips Scholarships

Two area seniors have been selected among the 66 winners of scholarships worth \$2,400 from the Educational Fund for Children of Phillips Petroleum Company Employees.

Local winners of scholarships to any accredited college or university of their choice are Jacquelyn Denise Hesselthaler, daughter of Mr. and Mrs. Alfred D. Hesselthaler of Gruver, Texas, and Debbie McKay, daughter of Mr. and Mrs. Billy R. McKay of Guymon, Oklahoma.

Both are quite active in school activities and are outstanding students with high scholastic records.

Mr. R. E. Stephenson, Area Production Superintendent with Phillips Petroleum Company, made the presentations of the \$2400 scholarships to Miss Hessel-

thaler and Miss McKay. The presentation to Miss Hesselthaler was made at Gruver, Texas, in the library of the High School. Those present, besides Miss Hesselthaler and Mr. Stephenson, were Miss Hesselthaler's parents, Mr. and Mrs. A. D. Hesselthaler, Mr. Weldon, Superintendent of Schools, Mr. Clyde Barber, High School Principal, Mr. Bill Chapman, Phillips Plant Supervisor, and F. H. Ramstad, Phillips Plant Superintendent.

The presentation to Miss McKay was made at Guymon, Oklahoma, in the library of the Guymon High School. Those present besides Miss McKay and Mr. Stephenson were the parents, Mr. and Mrs. Bill McKay, Mr. Eugene Keith, Superintendent of Schools, Mr. Larry White, High School

Principal, Mr. C. W. Brown, Phillips Mechanical Maintenance Supervisor, and F. H. Ramstad.

In both presentations Mr. Stephenson stressed the fact that these two awards were made possible through the work and cooperation of the young ladies, their parents, the two school systems, and Phillips. He expressed appreciation to the two school officials present at each ceremony for their efforts and work with young people. He also expressed appreciation of Phillips to the schools for helping and taking part in the presentation ceremonies.

Scholarships are awarded to eligible students by Phillips Petroleum Company, in accordance with the rules and regulations of the Scholarship Plan. Award recipients are selected by an Independent Selection Com-

mittee composed of educators and businessmen who have no connection with the Company. Awards are determined by the committee for those students who, in the committee's judgement, are most worthy of a scholarship on the basis of scholastic record, future promise and financial need.

Each of the 66 scholarship awards provides \$600 annually during four years of college attendance, subject to the maintenance of a satisfactory record by the awardee.

The scholarship fund was established in 1939 for the purpose of aiding children of employees of Phillips Petroleum Company and its subsidiaries in obtaining a college or university education. Approximately 1,325 young people have received such education as Phillips scholarship holders,

under awards totaling approximately \$2.7 million.

Qualifying students who did not receive scholarships may apply for loans for higher education from a separate educational loan fund.

With summer and outdoor eating we think of table-covers. These ideas are great for indoor tables as well.

Instead of a traditional round cloth for a round table, why not make it in a hexagonal or octagonal shape? Here's how.

First, measure off a pie-shaped section of the table.

can be fashioned from leftover material. It's a nice finishing touch, especially when the only upkeep is machine wash, tumble dry.

If you don't want to make these for yourself it is an excellent idea for a wedding present.

### Volleyball Tourney Winners Named

Winners in the Volleyball Tournament held here May 1, 2, and 3 are Ladies division, 1st place, Buster's Dusters; 2nd place, Double "D" of Gruver; 3rd place, G & G Foodlines of Gruver. In the men's division, 1st place went to Speartex; 2nd, D & M Texaco; Gruver; 3rd, Gruver Teachers. Consolation winners were Stimmert ladies, and Flushers of Spearman.

There were 8 women's teams and 8 men's teams entered in the tournament which was sponsored by the Youth Committee of the Chamber of Commerce.

Prizes were 1st place, \$25.00; 2nd place, \$15.00; 3rd place, \$10.00; and consolation \$5.00.

All proceeds from the volleyball tourney will go into a fund for a YMCA for Spearman.

### Crop Reports From Farmers Needed

During the last half of May, a random sample of some 24,000 Texas farmers will receive a crop acreage questionnaire from Charles E. Caudill, Agricultural Statistician in Charge of the Texas Crop and Livestock Reporting Service, Austin, Texas.

This information will be the basis for determining the planted acreage for the state of Texas and for each county. Texas covers such a wide area that state totals alone do not provide adequate information on Texas' most basic industry—agriculture.

The Texas Legislature has provided a program of estimates for each county. This is a cooperative effort of the USDA's Statistical Reporting Service and The Texas Department of Agriculture.

Accurate estimates are of great importance to farmers in planning production and marketings and in providing an unbiased picture of Texas agriculture. Farmers who receive questionnaires are urged to complete and return them by mail. All individual reports are con-

fidential and are used only for state and county totals.

### STRAWBERRY ICE CREAM

In 2 quart saucepan combine 3/4 c. sugar, 2 T. flour and 1/4 t. salt. Gradually add 2 c. cream. Cook over medium heat, stirring constantly, until thickened. Cook 2 more minutes. Add small amount of hot mixture to 2 slightly beaten eggs; return all to pan. Cook, stirring constantly, 1 more minute. Remove from heat. Add 2 more cups cream and 1 T. vanilla. Chill thoroughly. Add 1/4 c. sugar to 2 c. mashed fresh strawberries. Freeze custard according to freezer directions. When half frozen stir in berries and continue stirring. 1 1/2 qt.
