Safety Rules Listed For Kite Flying

Potentially dangerous toys have been very much in the news in recent months, and parents will do well to add to the list kites containing metal, and kite strings with metal content or which have become wet.

This is a combination which can pose a threat of death or serious injury to persons who fly kites in the vicinity of electric power lines, according to C. D. Riggins, Spearman district manager for Community Public Service Company, who offered the following list of safety rules.

1. Always use dry string. No wire or metal in string or kite.
2. Don't fly your kite in the rain.
3. Avoid TV and radio aerials, as well as busy streets and highways.
4. Fly your kite away from power lines, but if your kite gets snagged in a power line, do not pull the string, or climb the pole. Call the power company.

Bulletin board posters listing kite-flying safety rules have been distributed to schools of this area.

DON'T BUY THOSE LIGHT BULBS NOW... Wait and buy them from the Fellowship of Christian Athletes... Big sale will be held the first week in April... See coach Greg Sherwood or one of his fine Christian Athletes for information...

Scouts Conducting March Of Dimes

Boy Scouts Troop 151 will be soliciting funds for the March of Dimes Tuesday evening through Sunday evening.

The drive was canceled two times due to bad weather and the county chairman Joe Dan Bryan has asked for the scouts to help out in the drive, and naturally the Scouts were glad to help out.

by Billy Miller

We were glad to print the Palo Duro Dam story in last Sunday's Plainsman because this shows some of the tremendous amount of work that has been done on the project by Craig Davidson and the board of directors. Craig was hired as manager less than two years ago and since that time the voters have approved a maintenance tax, New Mexico and Oklahoma gave their approval for the dam, the engineers completed a study and report on the project, the bill was passed by the House and Senate, a permit was granted, the Corps of Engineers are working on the project, state and federal agencies have been placed on a priority list by the state. Somehow some one has done an awful lot of work on this without the rest of us even being aware of the work done or how to go about it. This kind of a job seems to have a lot more politics than I want so just keep up the good work and I will be the first to thank you and the first to put a boat on the new lake.

Wasn't the calf-pig and lamb show great this year? While the show was going on Saturday morning we had one of the hardest snows I have ever seen in Hansford County. The new show barns are a great asset to our community, just like everything that we build to help the progress of our youth especially where it concerns agriculture or water for the future. That is why we must all drop by and tell Craig Davidson to stay in there and battle for the Palo Duro dam. It is just around the corner.

Judge Lee brought the program at the Lions Club Tuesday noon. It was terrific, and it was a film on a doctor who had once had cancer, but returned to his practice after a throat cancer operation. This is a terrific film and I wish that every club in Hansford County could see this film.

Bill Giles reports that he shot 108 pictures at the calf show Saturday, and we hope to have some more pictures for the Sunday paper; we will have a picture of Eldon Allen with his grand champion calf, and banker Kenneth Irwin, who purchased the calf for the Gruver State Bank. Also, will have some more outstanding pictures, other than ones we are running in this issue of the paper.

I was glad to see Bill Bratton down town Tuesday of this week. He is getting around better now, and is home from the Amarillo hospital. Stay in there, Bill!

Our girls golf team is going great guns; the A team won first at Panhandle and the B team girls won second at Panhandle.

I notice that the lights on the tennis courts have been on since early in the year, and now they are really using these courts. We are going to have to build more tennis courts for Spearman in the future; maybe we can put some out at the new lake!

Did you hear the joke about the two Aggie cops who stopped a car just outside Waxahatchie? One Aggie asked the other Aggie cop if he knew how to spell Waxahatchie and he said no, just let them go until they get to Waco and we will stop them again!

Miss Hart and her Lamb were both very pretty...

GREETINGS TO ALL CATTLE PRODUCERS

FRIDAY, March 14, was the regular day for the cattle auction "with action" in Texhoma. The selling began at 9 AM (Central Daylight Time). 8753 cattle and calves were sold through the arena.

For FRIDAY, March 21, and FRIDAY, March 28, we are expecting 7000 to 8000 cattle of various classes. The starting time for both sales will continue to be 9 AM.

Give consideration to "holding back" some of your lighter cattle until April or May—even June. We are rather "optimistic" and sure think we will see a slow gradual increase in our feeder market, "price-wise." (Lower Grain Prices=Higher Feeder Cattle Prices).

The feeders will be looking for "Feeder Cattle With Weight" in April, May and June. Don't price your cattle in the country, unless you really keep posted on the market. Ship your cattle to a "Dependable Auction Market", where you will have 10 to 15 buyers bidding on your cattle, instead of one!

The Herdsman Awards, given annually by Hansford County Farm Bureau, went to David Arnes of the Gruver FFA, David Dear of Spearman FFA, and Scott Henderson of Hansford 4-H. Judges for the show included lamb and swine, Scotty Windom of Lazbudie and cattle, Jerry Harlan of Texhoma.

Farm & Ranch News by Joe VanZandt

I have missed writing a news column for the last few weeks due to a busy Stock Show schedule with Hansford County 4-H members. Anyone planning on raising corn this year will want to call or come by the office for a copy of the Corn Production Symposium proceeding held March 11 at Bushland. This booklet has a lot of useful and interesting information on corn research conducted in the Panhandle area the last few years. We still continue to have a lot of requests for soil testing boxes. If you haven't submitted samples of your soil for a soil analysis from the Extension Soil Testing Lab, you may

be missing an opportunity to save several thousand dollars on your fertilizer bill. The time for using poison cats on controlling prairie dogs, you better hurry and get those cats put out before the grass grows up. As I drive around, I see a lot of wheat fields that contain mustard weeds. Now is the time to spray wheat for mustard. Remember 1 mustard plant per square foot can reduce yields 10 percent. Most wheat fields have this much mustard present and I think this year most wheat fields I have seen need to be sprayed for mustard real soon. Check your wheat for the presence of mustard before any more time elapses. I will be attending a Quarter Horse Judging contest in Vega this Sat. starting at 9:00 a.m. The contest is open to adults and youth. I will be taking our County 4-H Horse Judging Team to help them get more practice. A conference on Greenhouse vegetables and flower production will be held in Lubbock March 27. If anyone is interested in more details, call or come by the County Extension office. According to USDA there were 5,465,000 cattle and calves on feed March 1 in 7 States--Texas, Arizona, California, Colorado, Iowa, Nebraska and Kansas. This is a 10 percent decrease from the 6,050,000 head on feed a month ago and 41 percent less than the 9,245,100 head on feed last year at this time. Feb. placements for these 7 States were 758,000 head, which is 312,000 head less than a year ago. Marketing for these 7 States were 1,286,000 head for Feb. compared with 1,354,000 head marketed the preceding month and 1,340,000 head marketed a year ago. Other disappearance from feedlots was estimated at 59,000 head, 48 percent below Feb. last year. There were 1,076,000 head of cattle and calves on feed for slaughter market in Texas on March 1, according to the Texas Crop and Livestock Reporting Service. The current estimate is 54 percent below a year ago and 13 percent below last month. Texas Cattle feeders placed 134,000 head into their lots during Feb. Placements are 47 percent below February 1974 and 37 percent below the previous month. There were 287,000 head of fat cattle marketed during Feb., 10 percent above February 1974 and 2 percent above Jan. 1975 marketing. Other disappearance from feedlots was estimated at 8,000 head, 33 percent below a year earlier.

SPECIAL FOR PALM SUNDAY

On the Sunday before his Crucifixion, Jesus rode triumphantly into Jerusalem. From the Book of Matthew: "Most of the crowd spread their garments on the road, and others cut branches from the trees and spread them on the road. And the crowds that went before him and that followed him shouted 'Hosanna to the Son of David! Blessed is he who comes in the name of the Lord! Hosanna in the Highest!'" (Matthew 21:8-9.)

The earliest observance of the day began with the Christian Passover, which celebrated both Christ's death on the cross and his Resurrection. The first known reference to the Palm Sunday procession (alho not called by that name) is in the travel journal of Etheria, the nun from northwestern part of Spain, who made a pilgrimage to Jerusalem toward the end of the fourth century. She writes:

the neighborhood, even those who are too young to walk, are carried by their parents on the shoulders, all of them bearing branches, some of palms and some of olives, and thus the bishop is escorted in the same manner as the Lord was of old..."

According to J. Gordon Davies, who translated Etheria's account, various ceremonies of Holy Week, including the Palm Sunday ritual, were instituted by Cyril, Bishop of Jerusalem between the years A. D. 382 and 386.

In the Western Church, the procession is reported first adopted in Spain, possibly in the fifth century. Gaul observed the occasion before the seventh century and from there it spread to the other countries of Western Europe. The procession was not held in Rome, however, before the twelfth century. In the olden times, the

services were not uniform but most of them had some form of blessing and distribution of palms. Many superstitions arose from the services regarding palm leaves including their use as a protection against evil and as charms to ward off storms and lightning. Because of the lack of palms in some countries other leaves were substituted such as olives in England and blossoms in Germany.

In Salisbury Cathedral in England during the procession through and around the Church, seven boys were stationed on a high platform singing, "All Glory, laud and honour to thee, Redeemer King" and after each verse they showered cakes and flowers on the parishioners. Palm Sunday with its attendant festivities became such a popular day in England that even King Henry VIII despite his sweeping church reforms, allowed the people to con-

tinue their palm processions. In the present age, Rome is crowded with pilgrims from throughout the world with the blessing of the palms being conducted in the Sixtine Chapel. Impressive Holy Week observances also occur on Palm Sunday in Jerusalem where many of the rites and places observed by the nun Etheria can still be seen.

In Philadelphia, the Messiah Lutheran Church revived an old Palm Sunday custom and an ass is led down the center aisle accompanied by the pastor and two customary members of the congregation while the entire church congregation sings "A Hail the Power of Jesus' Name". Other Lutheran churches observe the ancient rite of Tenebrae which is the gradual extinguishing of candles during the antiphons and responds. In Episcopal churches, parishioners are given palm leaves at the end of the service.

City Completes Hearing

The City of Spearman and its representatives testified Monday and Tuesday before the Railroad Commission in Austin in their dispute with High Plains Gas Company, the city gas supplier.

First on the agenda, the Commission denied High Plains Gas Company's request for a 4 week extension on the grounds that the company would only refine what testimony they had previously presented.

The president of High Plains Gas Company, Sam Ballan was on the stand until a little past noon on Monday.

Bill McMories, the consulting engineer for the city, then presented a study of rate studies and CPA Brown followed with accounting procedures, on Monday.

City manager Ed Thompson testified on Tuesday as to what had been done here to repair regulators etc. in the local gas system and was asked what he thought would be a fair price for gas to the city of Spearman. He stated 50¢ would be and was asked if the city could live with 54¢ to which he replied it would be hard to do. He also testified as the High Plains system which he stated was in poor condition resulting in a tremendous loss of gas.

McMories was on the stand for 4 to 5 hours and gave a sophisticated technical explanation of his studies and the cost breakdown. Brown testified as to his study of High Plains payroll.

The examiner of the RR Commission asked Ballan for an explanation of his salary list and to the tremendous amount of entertainment expenses listed.

The hearing was closed about 5 p.m. Tuesday with the examiner making no comment except to say that it would probably be about four months before a decision is forthcoming. He did say that no rate would be retroactive.

To sum up how the hearing went, a substantial portion of High Plains Gas Company's case was discounted and the city received a good reception of its case.

Representative Bob Close met the city representatives and attended the hearing both days before the legislature went into session. A legislative representative of Senator Max Sherman was also present.

Attending from Spearman were Bob Kiser, Mayor Coy Palmer, manager Ed Thompson, along with engineer McMories and CPA Brown. City engineer of Perryton, Ben Street was also present along with representatives

1975 Savings Bond Goal Set

According to Mr. C.A. Gibner, Chairman of the Hansford County Savings Bonds Committee, the 1975 Savings Bond goal for the County is \$90,000. January sales of E. and H. United States Savings Bonds totaled \$3910.00 for 4 per cent of the sales goal.

The 1975 sales goal for Texas is \$234.3 million. During the month sales were \$23,290,606 compared to January 1974 sales of \$21,189,711.

STATE CAPITAL
Highlights AND Sidelights
by Lyndell Williams

AUSTIN—House members have sent the Senate a bill limiting penalties for speeding up to 70 miles per hour to a maximum \$25 fine with no insurance rate penalties.

Representatives also approved extension of the 55 mph speed limit, but did not provide the necessary 100 votes to place it into immediate effect. The present limit, passed more than a year ago in conformity with federal energy-saving mandates, expires at the end of this month.

At issue is whether Texas again goes along with the federally-imposed limit and retains eligibility for allocation of \$303 million in federal highway funds this year.

Gov. Dolph Briscoe said he fears "there is a very definite possibility" the fine ceiling for speeds over-55 and up-to-70 (the old limit) may endanger federal funds for the highways.

Briscoe said he would prefer a simple extension of the 55 mph speed bill as an energy saver, as well as a life saver and a highway aid saver.

However, the Governor stopped short of saying he would veto the fine bill, which provides for maximum penalties, including court costs, of \$25 without charge to a driver's violation record.

Representatives hope to force the Senate to go along with the fine limitation by withholding 100 votes from the 55 mph bill until both measures are cleared by the upper chamber.

REGISTRATION PLAN PASSED

All Texas voters will have to re-register between October 1 and January 31 under a bill passed by the Senate last week.

The relatively non-controversial bill sets up a new computer-policed permanent voter registration system for the state.

Once all voters are signed up again, local registrars every two years would send out new certificates automatically. To help weed out ineligible, the certificates will be mailed in non-forwardable envelopes so they will be returned if the voter has moved.

Up to 30 per cent on current voter rolls are believed to be ineligible, mainly by reason of having moved, according to Secretary of State Mark White Jr.

A computerized file will be maintained in the secretary of state's office to help prevent this situation from occurring again under the new law and local registrars will be compensated for removal of ineligible names as well as for addition of valid new voters to rolls.

READABILITY DESIRED

Governor Briscoe and Insurance Board Chairman Joe Christie are backing legislation to make health and accident insurance policies "perfectly clear" to the insured.

The bill would require presentation to each policy holder of a simplified explanation of its terms.

The bill, introduced by Rep. Ronald Coleman of El Paso, also seeks to establish minimum standards for health insurance coverage, including a basic level of compensation and uniform application from one policyholder to another.

COURTS SPEAK

Texas Supreme Court held Texas Railroad Commission is without authority to set aside natural gas contracts between Lo-Vaca Gathering Company and Texas Utilities Fuel Company and others.

The Court's 8-0 opinion reversed lower courts which had held the regulatory agency does have authority to allocate gas in times of shortage.

The Third Court of Civil Appeals set an April 1 hearing on a Southwestern Bell Telephone Company appeal from an Austin district judge's ruling which stopped a scheduled \$45 million boost in long distance rates inside the state.

AG OPINIONS

Counties are required to pay reasonable expenses of courts of inquiry for which fees are provided, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

- Texas Board of Pharmacy may post a sign informing the public that a prescription department of a retail outlet has been closed on Board orders.
- Probationary and continuing contract provisions of employment in the education code are not applicable to public junior college teachers.
- Deposit of mental hospital patients' money in institutional trust funds is constitutional; but the provision may be voidable by inmate action attacking validity of the deposit contract.

NEW APPOINTMENTS

Mary Ann Hefner of Austin has been selected Texas Water Rights Commission secretary, succeeding Mrs. Audrey Strandman who served 47 years with the agency, second longest tenure in state government.

Governor Briscoe appointed Renal E. Rosson of Snyder his staff legislative analyst, succeeding James Cotten of Weatherford who resigned.

The Governor also appointed Abelardo Villarreal of Alice to his Committee on Aging, and reappointed James T. Hunt of Sonora to Texas Industrial Commission.

Lt. Gov. Bill Hobby picked Sen. Peyton McKnight of Tyler as chairman of the new Senate Natural Resources Committee standing energy sub-committee.

Governor Briscoe designated 10 members of the Teachers' Professional Practices Commission.

SHORT SNORTS

A major new Texas Republican party group, "Associated Republicans of Texas," has been formed to promote election of local GOP candidates and legislators.

The Democratic Party's state rules committee met to talk about a program to increase voter participation, but most of the witnesses wanted to discuss party preference primary legislation.

Governor Briscoe asked designation of Johnson, Cottle, King, Jeff Davis and Childress counties as disaster areas due to weather problems.

Cigarette tax revenues increased \$204,711 last month over February 1974—to \$143 million.

BITS OF THIS AND THAT

By Nita Spawart:

Long time Spearman resident Rube Faus was honored on his seventy first birthday March 14th by a visit from his daughter Phyllis Mann of Gage, Ok. and daughter Jaunita Pierce of Spearman, who baked her Dad a beautiful birthday cake which Rube really enjoyed. He was also thrilled to receive a picture of his great grandchild which was sent by his daughter Ruby from Oregon. Rube has been owner, operator of Rube's Boot shop for many years. Congratulations Rube. May you celebrate many many more birthdays. Too bad Ruby, Rosa and Bertha couldn't have been there too, also Rube's son.

Gilbert Salgado left Friday for Stanton Texas to bring his wife back to Spearman. Mrs. Salgado has been visiting her sister who is expecting a baby.

What a great job George Young and Tommy Cooper did bringing us folks who couldn't attend the stock show via KBMF-FM radio. They sounded like they were really enjoying themselves and a big congratulations to all the winners. All the young folks do such a fine job of raising all the animals, of course every one can't be a winner which is a shame because these young folks all deserve to win.

Nice to see Roy Franklin Russell again. He's home for the weekend Roy said "he sure is sick of the snow in Kansas" where he is working right now. Noticed Roy brought his cycle home with him to ride this weekend. Nice seeing you Roy.

Welcome to Spearman. Rev. Henry White Jr. and your charming wife Jean. Rev. White Jr. comes to Spearman from the Dallas area, he is presently the Minister of the Presbyterian Church in Spearman. It was nice meeting you both and remember if we can be of help in anyway call on us. God Bless you both.

Mr. and Mrs. David Oacho have as their house guest, their brother in law and family Mr. and Mrs. Gil-

bert Salazar and family from Colorado. Hope you have a pleasant stay in Spearman.

Pray that Pioneer Manor will open once again in the near future. Spearman needs it.

Visiting in the home of her parents Mr. and Mrs. Jesse Davis last weekend was Mrs. Gary Graig and children from Broken Arrow, Oklahoma. Jesse and Dorothy always enjoy the visits with their daughter and grandchildren.

If you are around 7-11 late at night and suddenly hear organ music don't be surprised its coming from Myrtle Burgess house across the street from the store. Her husband Warren bought her the organ for her birthday and she's really been playing the church music on it. Where's the Crook Pot Warren? Happy playing Myrtle.

Had a pleasant visit as usual with Edna Hays Sat. Edna even worked as cashier for a few minutes while I was busy with customers and Dave was gone home for a while. Edna left to go to the stock show to see how her grandson Brad Gathrie made out with his lamb. Come back again real soon Edna, when you want to work or visit with us.

Mary Nava and her mother, sister and nephew spent Sunday visiting friends in Stratford. Mary's sister Ester is now working at Chicken Express.

If anyone has a 750cc or larger cycle they want someone to take over payments on, Contact Warren Burgess at 3544. He's looking for one.

Starting Sunday March 23, we will be opening at 2 p.m. on every Sunday. That way we will be able to attend church which Dave and I both miss by coming down early on Sunday's. So if any of our customers need gas we will be open at 2 p.m. and will be here until 10 p.m. Remember we are also

here at Nita's Fina until 9 p.m. Friday and Sat. nights. Tuesday, Wed. and Thursday until 7 p.m. Closed Mondays.

Beulah Burger and Georgia Chevalier spent Sunday afternoon visiting in Borger.

Kenneth Smith spend Sun. visiting in Stratford Texas.

Dwayne McBride dropped by Sunday asking if we knew anybody who wanted to buy his 90cc Suzuki motorcycle. If anyone is interested in it, they can call Dwayne at 3345, after 4 p.m.

Spearman Scrambles were finally held last Sun. at the Groves farm where they have a fine scrambles track which Joe Bynum has really put in a lot of time and energy to bring a good sport to Spearman. Joe has had several people helping and the Jaycees wives have done a fine job with the concession stand. As usual there were several out of town riders. There will be more racing in the near future. The weather couldn't have been nicer. Lets all support the Spearman scrambles. Its alot of fun for the young and old folks alike.

Remember in your prayers Janie Hand who is in North-west Texas Hospital where she underwent surgery last week. Hurry and get well. Janie.

What a nice day off we had last Monday, we left Spearman at 11 a.m. and took a drive to Pampa. On the way we passed Dugout creek and Chicken Creek which were both dry. Canadian River had water running in it, not much but some. The little red school house was just adorable and well preserved. All the way to Pampa I could taste that good food at Furr's. When we got to Pampa we went straight to Mrs. Hattie Bynums where we caught her off guard and baby sitting with two adorable little ones. We had a real nice visit with Hattie who asked how her son's Joe and Ralph

were. We wanted to take her to dinner but she had to take care of the children. After we left her place, we checked over some places we had lived and then went out to Triangle Well Service where Dave used to work and had a nice visit with Chuck and Lee Hoover and Darrel Mash. Hadn't seen them in fourteen years Darrell's remarried and his three children are all married now. How nice it was seeing all of them again. We left and toured some more of Pampa looking for old friends but most of them have moved away or passed on to another world. We never did get to Furr's as I had hoped but instead had a lota burger. We arrived back home in the early evening where we had supper which had been cooking in my crock pot. We wanted so to take Edna Hays with us but knew we wouldn't be back in time for her to baby sit. We sure did enjoy ourselves.

Visiting us Tuesday morning was Tom Rauscher who is really up in arms over girls playing on little league baseball. He said "his son told him he didn't want to play with girls." And Tom doesn't blame him. I know this is now a state law and now all you mothers who have daughters signing up don't go jumping on me for how Mr. Rauscher feels, he has a right of his opinion.

God be with you all. Have a good day.

Had a nice visit at Hergert Pontiac Buick and GMC. visited with Bonita Riemers for a while she's in charge of the office of course was nice seeing Donnie Hergert back from Vacation and his dad, Don. Also talked to Bill Phelps who was busy a signing a pickup on a visualiner which is the latest in equipment also Billy Phelps and Ernie Vanderburg now do safety stickers they are now a official motor vehicle inspection Station. Also Saw Darl Hergert busy and Victor Rios and Castulo Rozas. Donnie Wersedorfer and Dub Payner. Remember for any of your needs see

the gang at Hergert Pontiac Buick and GMC. They'll treat you right Dub Payner is in charge of the parts dept. Billy Phelps is service manager. I really enjoyed my tour of Hergert Motors, given to me by Donnie Hergert.

Judge Lee Announces Historical Committee

The official appointment of members to the Hansford County Historical Survey Committee has been announced by County Judge Johnnie C. Lee. The county survey committee, which implements the state marking and preservation program in this area, will cooperate directly with the state office of the Texas Historical Commission in Austin. Mr. Olin Sheets of Box 1106, Spearman, Texas will be chairman of the group. Other members are Mrs. Clementine Renner, Mrs. R.B. Archer, Sr., Mrs. Gwenfred Lackey,

Mrs. Harold Shaver, Mrs. Verna Gail Keim, Mrs. Nelle Evans, Mrs. P.A. Lyon Sr., Mr. Tom Jones, Mr. Gordon Stedje, Miss Elizabeth Holt, Mr. John Huchison, Mrs. Mary Lou Wysong, Mrs. A. W. Evans. "Goals for the Seventies", a comprehensive historical preservation plan drawn up by the Texas Historical Commission, will provide the focus for county committee activities. It encompasses a wide range of objectives and programs. County Judge Johnnie C. Lee pointed out that the overall purpose of the committee's work is the development of local history as a scholarly resource and a tourist attraction.

Three reasons why I am in Club today. The ladies reported they had made their sandwiches and sloppy joes for the stock show. The District Meeting to be held in Dumas April 10th was announced. Judge Johnnie Lee spoke to members on the closing of the Pioneer Manor and on the proposed Day Care Center. Refreshments were served by Mrs. Garnett to guest, Judge Johnnie Lee and to members, Mesdames: Virgil Hull, Richard Scheideck, W.H. Tarbox, Bertie Lewis, A.D. Reed, and Claude Jackson. Next meeting will be March 28th in the home of Mrs. A.D. Reed.

Mrs. Bradford Seriously Ill

Recently a group of ladies from the junior high cafeteria, Doris Wilde, Ruby Riley, Sara Dossett, June Kelp, Minnie Bogle and Cleo Denman went to Plainview to visit Alma Bradford, who is seriously ill. The Bradfords lived in Spearman for years before moving to Plainview and Alma worked in the cafeteria. She would love to hear from her many friends here. Her address is 1612 W. 13th, Plainview, Tex. 79072.

Dossett's Congratulated On Son's Academic Record

Mr. and Mrs. L.T. Dossett received a letter from the Texas Tech Dads Association this week congratulating them on the academic performance of their son, Buddy, at Texas Tech during the past year. The letter states in part "A student who achieves a 4.00 scholastic average during two consecutive semesters in a university with the academic standards of Texas Tech truly deserves your commendation. In fulfilling the highest possible level of academic performance he has added significantly to the academic impact of Texas Tech campus. This motivation of both faculty and of his fellow students is an important by-product of such an

achievement. In keeping with our keen interest in Texas Tech's fulfilling of its purpose as a higher educational institution of the first rank, the Texas Tech Dads Association shares your justifiable pleasure in your son's academic achievement during the spring and fall semesters of 1974. Buddy Dossett will graduate from Texas Tech with honors this May. He will go to law school at Tech in the fall.

Nan, Tim and Troy Vanderburg of Beaver, Oklahoma are visiting this week in the homes of their grandparents, Mr. and Mrs. Roscoe Nelson and Mr. and Mrs. Everett Vanderburg.

IMPORTANT-IMMEDIATE ACTION NEEDED

This is to advise all farmers and interested people of a bill that has been introduced to the state for legislative action. SUBJECT: Licensing and Titling of farm tractors

This would likely make them subject to a 4% sales tax applicable on the transfer or sale of motor vehicles.

We urge all farmers to call or send telegrams to their congressman, G.R. (Bob) Close and senator Max Sherman. The address is Texas Legislature, State Capitol, Austin, Tx. 78767.

Lions Club To Sponsor Sale

Members of the Gruver Lions Club are taking consignments now for a farm and ranch machinery sale to be held somewhere in Gruver the later part of March or the first of April with all proceeds to go toward helping the members of the Gruver Greyhound Band with expenses on their trip to Cannon City, Colo-

rado, this spring and also to help out with the expenses of the Gruver Little League.

Anyone in the area interested may contact Bob Ewing at the Gruver State Bank or other Gruver Lions Club members.

Nigerian Pastor To Speak Here

PASTOR DAVID WINDIBIZIRI

Pastor David Windibiziri, a native of Nigeria, will present a program at the Faith Lutheran Church in Spearman on Tuesday, March 25 at 8 p.m., and at the Oslo Lutheran Church, Wednesday, March 26 at 8 p.m. He is the only surviving

son of a pagan farm and hunting family. Through the concern of his evangelist uncle and the intercession of his mother to overcome his father's idea that since they do not work on Sunday Christians are lazy, David became part of a Lutheran

catechism class in 1947 and was baptized in 1949.

Although he received specialized training and served an agricultural assistant for several years, an early desire to become a pastor persisted; and in Feb. 1967 he was finally able to enter the Theological College of Northern Nigeria. His college years, the first he had known as part of a Christian community, were rich in the ecumenical spirit and growth in grace. Upon ordination in 1972 he became the pastor of the Messiah Church, a congregation of about 200 souls in Jos-town, where he is called upon to meet the many problems that young Christian families face in an environment where they are surrounded by Muslims.

Pastor Windibiziri's wife, who is also from a non-Christian family, was baptized on January 1, 1955, a few months prior to their wedding. They are the parents of five children who range in age from seventeen years down to five. One other child died in 1965.

In addition to his pastoral responsibilities, Pastor Windibiziri serves on the Executive Council of the Lutheran Church of Christ in the Sudan. His wife is a member of the Committee of the Christian Council of Nigeria, Jos Branch.

Everyone is cordially invited to attend one of these services.

Visiting in the home of Mr. and Mrs. Luke Stewart and family last weekend were his parents, Mr. and Mrs. H. S. Stewart of Electra, Texas.

Missionary Conference

March 21-23

First United Methodist Church has scheduled their fourth annual missionary conference for March 21, 22, and 23. Two outstanding missionaries will be at the church to share with members during this conference. Rev. Fred Yazzie is a full blooded Navajo who was born on the reservation at Shiprock, N.M. in 1939. Fred graduated from high school at the Navajo Methodist Mission in Farmington,

N.M. At the age of 16 he was converted and called to the ministry while a sophomore at Methodist High. He graduated from Taylor University, Upland, Indiana in 1962. In 1966 he received his B.D. degree from Asbury Seminary in Wilmore, Kentucky. Out of 133,000 Navajos he is the first Navajo to be ordained a United Methodist Minister. Since 1971 he has served as pastor of First United Methodist Church

and director of the Community Center of the First United Methodist Mission. Rev. William Mayo serves with the World Gospel Mission. He has served on the field in Burundi, Africa. He is a graduate of Asbury Theological Seminary in Kentucky. The theme of the missionary conference is "Exercise Your Faith and Watch It Grow." The church has set a goal of \$37,500.00 this year in their continuing support of missionaries, both in the field and in training.

Matthew, Chapters 3 and 4. Workday for the group is scheduled for March 26 at which time members will clean the Church instead of sewing as previously planned. Refreshments were served to Dorothy Tackitt, Nancy Meyer, Selma Re-neau, Rhonda Ward, Myrna Biggers, Betsey Ward, Delma Barnum, Delphine Kopke, Linda Sanders, Janice Ward, Evi Meyer, and Coda Zschiesche by the hostess Elma Ward.

Leon Bowling. Mr. Dennis Selby went to the Abraham Memorial Hospital in Canadian along with Mrs. Christine Harbour, Mrs. Nancy "Nan" Prutman, Mrs. Gladys Burchinal, and Mr. and Mrs. Horton "Edith" Prater. Mrs. Ora Varner is now at the Guymon Nursing Home (along with former Guverterite Mrs. Maude Ayres) and Mrs. Ethel Ives. Mrs. Bessie Vaughn is now at the Dumas Nursing Home along with Mrs. Mae Elmore, and Mrs. Mary Pettitt, Mrs. Edith Johnson is now at home with her sons in Texhoma. It is the earnest prayer and wish of the Friends of the Pioneer Manor along with many other area residents that these lovely people will find happiness in their new homes. Visit them whenever you happen to be in one of these towns where our good neighbors have moved.

Bake & Take Days Scheduled

Bake and Take Days, March 21 and 22 are the days for caring and sharing; a friendship day-a day that says to someone, "You're not forgotten", according to Mary Ellen Dambold, Nutritionist, Texas Wheat Producers Board.

Bake and Take is an annual community service project sponsored by the Board, the Wheat Foods Council and the Texas Agricultural Extension Service of the Texas A&M University System.

It's a day when individuals or organizations bake their favorite bread, cake or cookie recipe and take it to a shut-in, an elderly person, residents of convalescent or nursing homes, or to friends. The aroma of fresh baked wheat products brings the deep down feeling that somebody really cares and memories of home and family that are

priceless. Individuals, groups and organizations are invited to join in this community project. Bake and Take Days offer a wonderful opportunity for you to show concern and interest in friends and other members of the community. If you don't have a favorite recipe which you would like to share during Bake and Take week you may want to try this all-time favorite.

SCOTCH SHORTBREAD
1 cup (1 lb. butter)
3/4 c. brown sugar
2 1/4 c. sifted flour
1/4 t. salt
Cream butter and brown sugar; add flour and salt. Mix well. Shape into rolls about 1 1/2 inches in diameter and roll in wax paper. Refrigerate at least four hours before slicing to bake. Slice 1/8 inch thick; place on greased cookie sheet and

bake 8-10 minutes at 375°. Bake and Take is annually sponsored in Texas by the Texas Wheat Producers Board as a part of its continuing program of expanded domestic and foreign markets for U. S. wheat in an effort to strengthen producer income from production and marketing.

FLCW Meeting Noted

The FLCW of the Faith Lutheran Church met Wednesday night, March 12 with Coda Zschiesche opening the meeting with a devotion and also presenting the offering meditation. Rhonda Ward was study leader for the lesson entitled "Who Do You Say That I Am?", based on
