Have a safe kite flight...

Fly it Right!

Flying a kite is fun for your children, but please remember that there are strings attached. Teach these basic rules to your children. They will help make kite flying safer and as much fun as it is supposed to be.

1. Always use dry string... never wire or metal.
2. Use only wood and paper in your kite... never wire or metal.
3. Fly your kite on days when there is no rain or thunderstorms.
4. Fly your kite out in the open, safely away from power lines, radio and tv antennas.
5. Avoid busy streets and highways when flying your kite.
6. If your kite gets snagged in a power line or in a tree too near a power line, do not pull the string or climb the power poles. Call your power company for advice.
7. Keep away from fallen wires.

Kite flying is child's play. Just be sure they play it safe!

1776 American & West Texas Events

MARCH 2, 1776 - Congress appoints Silas Deane as commercial agent to France, who is sent to Europe to purchase war material. His immediate request is for clothing and arms for 25,000 men, with a suitable quantity of ammunition and one hundred cannon. Sixty years later, on March 2, 1836, - Texas declares its independence from Mexico. Fifty-five Texans, whose average age was only thirty-eight, meet in convention at Washington-on-the-Brazos, and declare the state's independence, choosing David Burnett as their president and Sam Houston as their military leader. **MARCH 11, 1776** - In Congress, General Charles Lee desires to know how and when he may receive his orders from Congress, a committee of three including Richard Henry Lee and Edward Rutledge are appointed to inquire of General Lee the best methods of defending New York, and the Secret Committee of Correspondence (Benjamin Franklin, Benjamin Franklin, and John Dickinson) are asked what they know of the disposition of France and other foreign powers and say they have not yet had time to receive returns to their dispatches. Ninety-nine years later, on **MARCH 11, 1875** - The Fleming San Saba Irrigation Company is chartered, a system of first class canals, beginning opposite the mouth of Brady's Creek on the south side of the San Saba River and extending east to the town of San Saba, opening up an era of farm irrigation in San Saba County. **MARCH 14, 1776** - Congress advises the disarming of American Loyalists. Seventy-six years later, on **MARCH 14, 1852** - Camp San Saba established in Menard County by the United States War Department as a protection for frontier settlers. The reservation, covering about 2,373 acres, was later renamed Fort Mc Kavert. One hundred and twelve years later, on the same day, **MARCH 14, 1888** - The last spikes are driven to connect the rails coming from north and south on the Fort Worth and Denver City Railroad at Texline in the Panhandle and this rich agricultural and oil producing area of West Texas was opened up to the nation. **MARCH 15, 1776** - Congress votes 8,000 men for the defense of New York, although many of them are not armed, and orders five tons of gunpowder for the use of these troops forwarded to New York. John Hancock, President of the Continental Congress to New York Convention: "... exert your most strenuous endeavor to expedite the raising and arming the battalions ordered to be raised in your colony, for its defense." A hundred and five years later, on **MARCH 15, 1881** - Abilene, Texas is established by the Texas and Pacific Railroad and by cattlemen of West Texas. For a few years, shipments of cattle are almost equaled by those of wool and buffalo bones. And six years later, on **MARCH 15, 1887** - Jeff Davis County is created by the state of Texas, whereupon one legislator is said to have exclaimed, "Thank God, we at last have a county named in honor of the President of the Confederacy," an unreconstructed rebel, no doubt. **MARCH 17, 1776** - General Washington occupies Dorchester Heights and under threat of bombardment forces British General William Howe to evacuate Boston. General Howe agrees not to destroy the city if allowed to withdraw without being attacked. It is done. The British take refuge on board their ships with 1,000 Loyalists. Eighty-six years later, on **MARCH 17, 1862** - Camp Belknap, in Young County, is established by James M. Norris as a Ranger station for the Frontier Regiment. This began the pacification of West Texas for pioneer West Texas families. **MARCH 23, 1776** - Congress authorizes privateering in the name of the United Colonies and sends out blank commissions for it in such numbers that a thousand reach Massachusetts alone. Naval agents for the new country in France and the West Indies issue commissions to anyone who will take them. Eighty-three years later, on **MARCH 23, 1859** - Fort Stockton opens at the crossing of the Old San Antonio Road

with Comanche Trail near Comanche Springs in present Pecos County as a protection to the San Antonio-San Diego Mail Route. The doom of the best horse cavalry in the world, the Comanche Warriors, was begun. **MARCH 24, 1776** - The Rev. Ebenezer Bridge of Chelmsford, Massachusetts, preaches a "most animating discourse" from 11 Kings 7:7 "Wherefore they arose and fled in the twilight, and left their tents and their horses, and their asses, even the camp as it was and fled for their lives." This passage of scripture is a good description of the late flight of our ministerial enemies (the British)

from Boston, for they left their tents and their horses, and a number of Tories for asses!" And one hundred and seven years later, on **MARCH 24, 1883** - The cowboy strike of 1883 begins with 325 cowboys from seven ranches in the Texas Panhandle striking for better wages. Wages were increased from \$1.18 to \$1.68 per day and the strikers were paid for time lost during the strike.

Remove carpet grease spots caused by holiday traffic by pouring a generous amount of baking soda or corn meal on the spot. Work it into the pile with your fingers. Leave it overnight and vacuum off the next day, suggests Lynn Bourland, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Bentsen & Tower Respond To Letters

Editors Note: The following letters were received by Mrs. Jim Evans in response to her letter concerning the Child and Family Services Act.

Dear Mrs. Evans: Thank you for your recent letter concerning S. 626, the Child and Family Services Act. I have had an opportunity to study the bill and I can assure you as it is currently written, I will vote against it. The bill will cost approximately \$1 billion in 1978, and I cannot condone this kind of expenditure in a time

calling for fiscal restraint. Moreover, I will not support any legislation that might in any way weaken the family structure in this country. Sincerely, Lloyd Bentsen

Dear Mrs. Evans: Much concern has been expressed regarding provisions found in the Child and Family Services Act of 1975, S. 626. This concern has been generated largely due to a newsletter circulated throughout Texas which exaggerates and takes out of context remarks made during debate on 1971 legislation containing child care provisions. Nevertheless, I am strongly opposed to the Child and Family Services Act and have serious reservations about its implications.

While we should all be concerned with the goal of providing every child with a fair opportunity to reach his full potential this purpose is overshadowed in the Child and Family Services Act by the bill's fiscal irresponsibility, its administrative unworkability, and the dangerous latitude it affords for abuse and for undue federal intrusion into state and local government affairs.

I have grave misgivings about the wisdom of making all child and family services subject to the review and discretion of one federal agency, and I seriously question the provision in S. 626 which allows the Secretary of Health, Education and Welfare to allocate funds for "any such services or activities which he deems appropriate in furtherance of the policies of the Act".

I believe that child and family services are more properly the responsibility of the states and localities which are far more knowledgeable about and equipped to deal with their particular child development problems than is the federal bureaucracy. I shall, then, make every effort to ensure that this legislation is not enacted by the Congress. Sincerely yours, John Tower

Nominations Sought For Outstanding Women

The West Texas State University Women's Program Committee is planning a Bicentennial Luncheon on the campus on April 24, 1976 from 11 to 1. The focus of the luncheon will be to acknowledge the part that women have played in the development of the Texas Panhandle.

As part of this celebration of women's contributions, the committee will honor a number of women who, besides fulfilling the time-honored roles of mother and homemaker, have distinguished themselves by outstanding business, professional, or volunteer service.

In order that they may know of women who are currently making such significant contributions, they are requesting nominations from citizens and organizations throughout the Panhandle. Your help is asked in nominating any deserving woman, 18 years of age or above, and a resident of one of the top 32 counties of Texas. The nominee does not have to be a graduate of WTSU.

Nomination forms may be obtained by writing West Texas State University, Box 455, Canyon, Texas 79016. The deadline for receiving nominations is midnight, April 5.

Football Players Help With Easter Seal Campaign

The annual Texas Football Boys' Lily Day for Crippled Children in Spearman will be held April 1, 2 and 3, 1976, Greg Sherwood, Spearman High School Athletic Director announced today. Members of Spearman Lynx High School Football Team, led by Terrell Evans, 2 time All State Center, will be on downtown streets and in shopping centers pinning small plastic white lilies on the lapels of shoppers. Do-

nations for the lilies go to provide treatment and service for physically handicapped children and adults in Texas. Football players conducting the sale will be identified by the Easter Seal coin canisters they will be carrying. Bob Lilly, defensive tackle of the Dallas Cowboys football team, is serving as State Chairman for the Football Boys' Lily Day for Crippled Children in Texas.

Lilly has contacted over 500 high school football teams in Texas asking that they participate in Lily Day to raise funds for the services the Easter Seal Society provides. Last year, the Texas

Easter Seal Society provided treatment and services to 152 physically disabled Texans through a statewide network of affiliates and representatives, including 11 treatment centers.

Mrs. Mathews To Head Mental Health Drive

Mrs. Virgil Mathews of Spearman was named Mental Health Chairperson for the May '76 campaign, announced Carroll B. Bryant, President of the Texas Association for Mental Health. As Chairperson, Mrs. Mathews will recruit volunteers to go house-to-house during May, Mental Health Month. The Texas Association for Mental Health is strictly a volunteer association, with members dedicated to informing the public about mental illness and mental health, while helping the mentally ill and their families. As citizen advocates, the association works to see that government funds are spent effectively. Members would like to see a greater emphasis in state mental health dollars go to children and community mental health services. The Mental Health Association believes that education is a key factor in preventing mental health problems. As part of its educational program, the association cooperates with the Texas

Department of Community Affairs, Early Childhood Development Division, in delivering the "Pierre the Pelican" newsletter series to all first-time parents in Texas. "Pierre" deals with the mental and emotional development of children from birth to six years. With one in ten persons needing some kind of mental health care, the association offers free literature to the public on alcoholism, children's mental health, sexuality, depression and other mental health topics. For information write to the Texas Association for Mental Health, 103 Lantern Lane, Austin, Texas 78731.

PAUL GUMFORT

It's hard to say "No" to Y.E.S.

Would you like to do everything you can for your children's future financial security? The answer is "yes" and United Fidelity's Youth Estate Starter Plan is the best way to achieve it. For instance, the Y.E.S. program guarantees to increase the estate five times by the time the insured child reaches 21. Then, he has the option to further increase the estate you've built for him by \$60,000 at a nominal cost. It's one of the best inflation hedges in existence.

Three Schools Earn Trophies At Band Contest

Vic Kyler directs the Purple Lynx Band Members in a warm-up session at the Thursday Contest in Gruver.

Three Bands earned Division I ratings in both Concert and Sight-Reading to earn trophies at the Region Band Contest held last Thursday at Gruver.

Earning top honors at the Contest were Guymon 7th, Vega, and host the Gruver Greyhounds Band with Sanford-Fritch also attaining Division I honors but not entered in the Band competition for the day.

Other Bands who were entered and their ratings include Miami, II in Concert and I in Sight-Reading; Groom III, Concert, II, Sight; White Deer, II, Concert, III, Sight-Reading.

Clareson earned Division II ratings in both Concert and Sight; as did Spearman who earned Division II in both Concert and Sight-Reading. Sunray who attended but did not enter the competition earned a Division III in Concert and a I in Sight-Reading.

Judges for the Contest included Charles Faullner,

Friona High School; Bill Woods, Seagraves High School; Tim Hutchinson, Elk City, Oklahoma High School; and Jerry Toler, Guymon, Oklahoma High School.

At WTSU

On Saturday, March 6th on the campus of West Texas State University, students from the Spearman High School Band competed in the annual University Interscholastic League Solo and Ensemble Instrumental Music Contest. The judges for this event were selected from various areas throughout the state of Texas, as well as from Oklahoma.

Bandsmen from the Lynx Band included: Pam Larson, Robin Denham, Laura Nelson, and Tina Cochran playing a Clarinet Quartet; Chris McClellan, Gary Bridges, and David Stafford in a Cornet Trio; and a Saxophone Quartet composed of Lonita Greene, Rhoda Bingham, David Evans, and Karen Tope.

The Clarinet Quartet and the Cornet Trio were both given the rating of Division III (good) for their performances. The Saxophone Quartet were given the rating of Division I (superior) for their performance. This Division I rating by this group qualifies them for the State Solo and Ensemble Contest which will be held in Austin on the 29th-31st of May.

CB'ers Hold Skunk Hunt!

The meeting of the Spearhead Breakers CB Club was called to order at 8 PM on March 5th by the president, James Tarwater. The minutes of the last meeting and treasurer's report was given by the secretary, Paity Tarwater.

The date for the planned coffee break has been changed, due to other area clubs who have had their's planned before we did. We are planning one for early fall.

The entertainment committee has planned a family game night for the end of the month.

The by-laws for the skunk hunt were discussed and agreed upon by the members.

Also brought up was the by-law that states that "channel 11 will be the club call channel." Very few of the members are using it. If we are going to advertise the club and the channel that we monitor, then someone needs to be on the air.

The board of directors voted that any member who misses 3 meetings in a row will be put in the inactive file and any member who resigns will not be refunded his dues.

Jr. and Bill Kidwell from the Top of Texas CB Club in Pampa visited our meeting. They were impressed with the way our meeting was conducted and the number of members we have. We are proud to say that we have 27 family members. A secret committee

will be appointed before the April meeting to select members to receive the awards of bucket mouth, etc.

The skunk hunt's were again a big success. Everyone had a great time. The skunk was Earl and Hollie Riley. They were found in about an hour by Kenneth Friemel, who had a 15 minute

limit to hide and was found in about an hour by Camon and Richard Laird. The Lairds will be our next skunk. Kenneth Friemel was given an antenna by Roy and Brenda Russell and the Lairds were given a CBER's map by Dorothy and Harold Groves. Refreshments were en-

joyed by all at the boy scout room after the hunt. There will be a board of directors meeting March 18th at 8 PM in the boy scout room. Bill Watts and Earl Riley were appointed to be the auditing committee. The next business meeting will be April 1st at 8 PM in the Boy Scout Room.

Next meeting will be March 9th for Week of Prayer in the homes of Mrs. Buford Baker and Mrs. Luke Stewart.

Allen Beck To Be FGBMF Speaker
