School Board, City Jointly Hire Lawyer Two Bodies Have \$57,000 In Old

Taxes Due Now Any property owners in the city f Spearman and in the Spearman Independent School District with delinguent taxes had just as well

get ready to make a settlement without delay. Both of these taxing bodies have signed contracts with Earl Wyatt, Amarillo attorney, to take charge of the collection of delin-

quent taxes. The school district has already turned over a list of delinquent taxes to Wyatt and the city has been working on its list it was

said this veek. The city of Spearman has \$32,-000 in delinquent taxes and the school district \$25,000. It is expected that emphasis at first will be put upon those with property sufficient to pay off, should it be necessary to file suits, take judg. ment and have tax sales.

A few weeks ago Gov. Coke Stevenson made an emphatic statement asking all tax bodies in the State of Texas to make every effort to clean up delinquent taxes. Governor Stevenson's statement was primarily in regard to county-state taxes, but he felt that it was time to get all taxes in Texas Tensil operations have reduced on a good basis because of the rocal ability at the court house war prosperity that has been

Although tax payments this fall es paid had been negligible.

Pampa Wins 7-0 Over Amarillo Thanksgiving Day Pampa Harvesters upset the

dope bucket and defeated the Amarillo Golden Sandstorm 7 to 0 at Pampa Thanksgiving afternoon. The defeat threw Amarillo and Pampa in a tie for district 1-A leadership, but Pampa automatically was entitled to go to the play-offs because of the defeat of the Sandies.

The Harvesters won in the mid. dle of the first quarter when Charles Boyles, 200-pound fullback threw a pass from the middle of the field to the 7-yard line and the receiver ran over the goal. Pampa will play at Vernon Fri-

day afternoon in a bi-district game. Vernon was defeated 21 to 14 earlier in the season by Ama-

This was the third defeat of Amarillo by Pampa in 14 years. Two years ago Pampa won in an upset 16 to 12.

Cake And Meal To Be Alloted By AAA Board

Soybean, cottonseed and peanut meal and cake cannot be purchased without a permit from the county AAA committee, information received here Tuesday from B. F. Vance of College Station, state war board chairman said. Distribution of these products

will be handled by the AAA committee of which F. R. Wallin is chairman. An application must give the number of cattle, amount of feed on hand and the needs.

Granting of the permit by the county board does not guarantee that the products can be purchased. The permit holder must find

for sale. Some believe that this is a forerunner of a plan whereby the cake and meal will be shipped to the committee and distributed directly to permit holders.

About a year ago some cake and meal were distributed that why in the Panhandle of Texas.

DOESN'T AGREE WITH REPORTER

Editor Van W. Stewart of the Ochiltree County Herald, best, and will exercise their right Perryton, takes exception to The Reporter's editorial about to cast a ballot next November visiting and shopping in Amarillo and Mrs. A. L. Thoreson, of Hitchhis recent editorial as follows:

"David M. Warren in his Spearman Reporter takes ex- future and the future of their ception to our definition of an essential man . . . 'pick-up, ccuntry boots, pool hall, etc.' Now we can't understand why Dave got so riled over this unless it is because his town happens to be made up of a preponderance of town farmers, many of whom are getting rich on account of the war. It may be that this little shot of our's hit some of them. If it did, well and good and we don't give a tinker's damn about the rest assured that there will be hard feelings.

Every week The Reporter is requested to print the ad- at home by the farmers for an Mrs. Ella Belcher of Amarillo Colo., is visiting in the home of about noon every Tuesday. Please dresses of boys overseas in military service. These requests equitable price for their produce spent the past week with her parare made so that boys can write to each other. It is strictly against the censorship regulations to print the names of units overseas and the names of vessels on which boys are and the prices are being held down to repent the past week visiting stationed. The Reporter would be glad to print detailed ad- by a determined group. At the relatives in Lubbeck and Leveldresses and will do so when requested for those in service same time the things the farmer land. in the United States.

In refusing your requests, our readers must understand that we are not arbitrary, but are only following regulations. Any papers that give any details of overseas addresses are subject to censure and The Reporter will not print by so bad as to be asked to raise addresses until authorized to do so by governmental head- more hogs, more cattle and more

Seven Ways to Eliminate Waste in Home Lighting

- Turn off lights in unoccupied rooms. Wasting light not only wastes electricity but critical materials used in manufacturing lamp bulbs as well.
- · Watch lights in closets, attic, porches, basement and garage. It's easy to forget and leave them burning.
- Rearrange furniture so one reading lamp can serve two or more people at the same time. But be sure lamp is not too far away from either
- Eliminate use of wall brackets and other strictly ornamental lighting.
- Switch three-light lamps to lowest level when not being used for reading, sewing or other close visual
- Use low-wattage bulbs in closets, halls and other places where bright light is not needed.
- · Keep bulbs, shades and diffusing bowls clean. Dust and dirt waste

Uncle Sam Says:

Waste of anything in wartime is a crime. Don't waste electricity just because it isn't rationed. Wasting electricity involves a waste of fuel, transportation facilities, manpower and critical materials needed elsewhere in the war effort. Use all the electricity you need-but need what you use.

Let's Talk About...

YOU YOUR CAR

AS your local Chevrolet Dealer for more than 17 years we have always appreciated your business and have tried to show our appreciation by serving you to the best of our ability. Since Pearl Harbor it has been increasingly difficult for us to take care of your needs as promptly as we would like because of the shortage of manpower and materials. By now everyone is familiar with the manpower shortage and its cause. Parts shortages are due to the fact that only such materials as can be spared from the war effort are allotted for civilian use.

WHATEVER your occupation, you are in all probability contributing directly or indirectly toward the war effort. Your car is a vital part of the war program. It deserves the best treatment possible as it must serve you for the duration.

WE make this promise: That there shall never come a time when your business, or offer of business, will not be appreciated; that every effort will be made to serve you as promptly and efficiently as possible; and that we shall continue our interest in you, your car and our mutual problems.

WITH this understanding and appreciation of each other, we can give consideration to the hardships under which we are operating; appreciate the fact that things cannot be done now as they were before the war; and working together we shall each accomplish more, feel better and continue the friendship that has been built up through years of friendly business dealings.
