Lynx meet Childress Bobcats in bi-district game, Fri.

The Spearman Lynx will meet the Childress Bobcats at Bulldog stadium in Borger, Texas, Friday evening at 7:30 p.m. The Bobcats are undefeated for the year, but have been tied once, in their game against the Wellington Skyrockets, 13-13. Spearman boasts almost a perfect season losing only to the Stratford Elks in their opening game.

Childress will be big, and good; there is no doubt about that. Their defensive unit averages 173 lbs. per man, and they boast seven senior starters on this unit! The star of their team is

Ivan Johnson, 175 senior end. He plays both defense and offense for the Bobcats.

In a late talk with Coach Sherwood, he asked us to remind the local fans that the team would eat at K-BOBS after the game Friday night. There will be places reserved for the Lynx fans to eat, along with the team. The Borger Chamber of Commerce is going "all out" to be a good host to the bi-district football game. The Borger Chamber is furnishing programs, tickets, and is not charging the teams for the use of the field, or

any other expenses. This is quite a gesture on the part of the Borger Chamber, and a large delegation of their fans is expected to turn out to see the game.

A special invitation is extended to fans of District 1-AA, 1-A, and especially to the Perryton Ranger team, which won the 1-AAA district Championship. A very, very special invitation is extended Coach Cozelle Foster, his charming wife and all of the Blackhaws.

Spearman will be the home team, and wear the dark jerseys. The Childress

Bobcats will be dressed in white, trimmed in blue.

Vic Kyler and his band will put on a half-time show that will be exciting for everyone. His half-time show at the Boys Ranch game was un-equalled as both the jr. band and the vandy bands marched and played for the home team.

Sheriff's Report

John Nathaniel Napier was arrested by Hansford County Sheriff's Department on Nov. 13 and charged with being AWOL.

Ricky James Hall and Ricky Lavern Sheppard were arrested Nov. 13 and charged with possession of marijuana. Both are out on \$2500 bond.

The highway patrol picked up Guy D. Taylor, on Nov. 16 and he was charged with driving while intoxicated.

Terry Lee Ferguson was arrested Nov. 17 and charged with glue sniffing which is a misdemeanor according to the sheriff's department.

Vandalism At Schools

Vandalism was reported to the police department Sunday by Allen Alford, principal of the elementary school.

The vandalism evidently occurred Saturday night. Mr. Alford discovered the break-in Sunday, about 2 p.m.

Entry to the school buildings was made by breaking a window in the east junior high building, several doors were kicked through, and a small amount of money was taken. A coke machine was broken into in the girl's rest room.

There was evidence that some desks were ransacked but not much could be found missing.

G.W. Robinson, junior high principal, said that the damage was not too severe money wise and that

most of it could be repaired.

Mr. Alford reported that very little damage was done to the elementary building. A window was broken to allow entry and a file drawer and a desk drawer were pried open.

The vandalism is being investigated by the Spearman Police Department.

White's Auto Burglarized

A burglary occurred Saturday night at White's Auto in Spearman. Entry was obtained through the back door. Some change and watches were taken.

The city police department is investigating the burglary.

It was 4 a.m. Wednesday morning, and Spearman residents were awakened by a strong North wind and rain. The wind became cyclonic at times, and sheriff's officers report that the home of Dennis George, on Oklahoma street, was struck by a twister. A boat also was overturned near the George home. The twister damaged the brick home severely, destroying the garage, parts of the roof, and blowing out a large plate glass window in the front of the

home. Debris was scattered for several blocks as the apparent twister dipped down on the house, and headed Southeast of Spearman.

A total of .75 moisture had fallen in approximately 2 hours Wednesday morning, and the sheriff's department reports that Stratford had light rain and blowing snow in that area.

Reports of damage from the storm should be coming in to the news office all day Wednesday.

Kyle Nollner Wins 3rd

"Desirable Meat Type" steers were again shown and sold at the 1975 State Fair of Texas by Texas Future Farmers and 4H Club members, according to carcass data received from Dr. Frank Ors, Extension Meats Specialist, Texas A&M University.

Don, Clark, Managing Director of Livestock at the State Fair, announced that the winner of the Steer Carcass Contest was an Angus steer owned by Angela Browning, Route 1, Bellevue, Texas. Supervisor of the project was County Extension Agent John H. Holland, Henrietta, Texas.

Angela's entry won her a \$100.00 US F Bond with the carcass having a ribeye of 16.7 square inches, .3 inch fat, graded Choice minus, with a yield grade of 1.2. The estimated percent of boneless cuts of steak and roast was 54.2%.

Other winners in the carcass contest were Gary Glover, Mineral Wells FFA, Angus-Simmental Crossbred, 16.0 square inch rib-

eye, .3 inch fat, Choice minus, yield grade 1.3, estimated cuts of steaks and roast, 5.7%; third place carcass owned by Kyle Nollner, Spearman FFA, Crossbred, 15.2 square inch ribeye, .3 inch fat, Choice minus, 1.3 yield grade, 53.9% steaks and roasts; fourth place carcass owned by Wally Edmondson, Boys Ranch FFA, Shorthorn-Charolais Crossbred, 14.7 inch ribeye, .2 inch fat, graded Choice minus, yield grade of 1.4 with steaks and roasts estimated at 53.7%; fifth place carcass went to Teresa Story, Godley FFA, with a Hereford-Simmental Crossbred, 17.4 inch ribeye, Choice minus, 1.45 yield grade and estimated steaks and roasts were 53.55%.

Clark stated, "Due to the emphasis placed on yield and grade and because 65% of the steers are sold to Dallas area residents for home freezers, it is gratifying and necessary for youngsters to produce steers that yield carcasses as good or better than can be purchased in super markets."

Community Pep Rally Friday

A community pep rally has been scheduled for 4 p.m. Friday on the courthouse lawn before the big bi-district game between the Lynx and the Childress Bobcats which will be played at 7:30 p.m. at Borger Bulldog Stadium.

Everyone is encouraged to come out and give the Lynx football team a big send-off and let them know that we are all behind them 100% in this contest.

Cummings Enjoy Yugoslavian Trip

Mr. and Mrs. Gordon Cummings of Cummings Refrigeration were among the 195 dealers and distributors to get their first glimpse of Eastern Europe made possible by Climatrol recently. Hotel Inter-Continental Zagreb was their home for eight enjoyable days and seven nights, October 28-Nov. 5. No vaccinations or other inoculations were required for Yugoslavia. Yugoslavia has a mild climate about the same as northeastern U. S. in the fall, however the group was happy to see the sunshine on their return to the U. S.

Money in Yugoslavia is called the dinar and is in denominations of 5, 10, 50, 100 & 500 dinars. Coins are called peras. The rate of exchange varies daily. The approximate equivalent to one U. S. dollar is 17 dinars.

On arrival each guest was greeted by bands and presented drink and bread which was really delicious, an old national custom.

There were formal guided tours within Zagreb and the surrounding countryside. Zagreb is really three towns, Upper Town, Lower Town and New Zagreb which was built since the end of World War II on both sides of Yugoslavia's longest river, of modern architecture. Its capital is an important cultural center with a tradition in music, art and theatre.

The Cummings enjoyed a days air excursion to Venice. They sailed through the Grand Canal in deluxe motor launches to the square of St. Mark's and the Doge Palace, both bringing attention to the maritime power the Republic of Venice enjoyed in past history. The city is built on 177 islands and has 150 canals and 400 bridges. Lunch was served by St. Mark's Church.

They enjoyed a half day excursion to Makrice where they visited the town of Samobor and the "Old Castle". Samobor is an interesting medieval town. The mode of dress is old fashioned and very interesting. The visitors brightly colored clothes were interesting to the residents there. For the most part their colors were dark and drab. The visitors were divided into groups, each group having their bus and guide. The guides spoke broken English and they had to pay close attention to understand them. They were well received by the natives. There was a language barrier, however the younger ones were able to speak English. The schools, due to lack of facilities, hold school in shifts, some children go mornings from 7 to 12 and others from 1 to 6 p.m. Stores close from 12:30 p.m. to 4 p.m. at which time the streets are crowded with children and grownups.

The Cummings visited a cave on one tour that was interesting. They were shown what was called a human fish. It was 8" or 10" long of flesh color, no eyes and they were told it had never seen light and claimed it was the only one in the world. It was very odd looking. The cave had been used during World War I to house Russian prisoners. Yugoslavia at that time was under the rule of the Germans. The cave was smoked due to oil stored having been burned to get rid of it.

Card of Thanks

I want to express a big thank you to my friends and relatives for the acts of kindness and concern for me while I was in the hospital. I am very grateful for the flowers, cards, prayers, and visits. A special thanks goes to the Doctors, nurses and staff at Hansford Hospital for their fine care. Trudi Schneider.

They also visited a castle, supposedly, which had been converted into a hotel. It was beautiful and was surrounded by a mote for protection and a draw bridge. Factories were bypassed, however, while they were at Samobor on Makrice they visited glass and crystal shops that were very interesting and pretty. Many grape vineyards were seen in Yugoslavia and the group was told in some areas they had olives. Yugoslavia is a mountainous country and there were many lakes to see and many beautiful waterfalls.

The group was taken on an outing to a national park, a place of beauty. It was a unique natural phenomenon with 16 crystal clear, stair-like lakes flowing one into another and producing falls, cascades and cataracts. It was a symphony of color and sound, a truly breathtaking sight.

Farmers are allowed 10 acres of land, over that becomes a corporation. Their farms looked about the size of our gardens. There were few livestock to be seen. Yugoslavia is not as far advanced as the U. S. To visit Zagreb is a step backward with a history rich with vivid examples

of baroque. There are modern structures of business and commerce, museums, theatres and gambling casinos. It is a city surrounded by remains of palaces and villas, rugged mountains and lush forests. In 1974 the dealers and distributors of Climatrol were given a trip to Rio de Janeiro, Brazil.

Thompson Infant Killed

James Webster Thompson, 18 month old son of Mr. and Mrs. Willie Thompson of Spearman, died Saturday after being accidentally run over in the driveway of his grandparent's home near Pringle.

Services were held at 3 p.m. Tuesday at the United Pentecostal Church of Mangum, Okla. with the Rev. Alex Bentley, pastor officiating. Burial was in the Reed, Okla. Cemetery by Greer Funeral Home of Mangum.

The infant was born May 31, 1974 in Guymon, Okla. Survivors besides his parents are three brothers, Billy Joe, Robert and Jimmy, all of the home; and his grandparents, Mr. and Mrs. J. E. Thompson of Reed, Okla. and Mr. and Mrs. Harold Melton of Pringle. A fund has been established at First State Bank to aid the family with expenses.

November Wedding Planned

Mr. and Mrs. Jim Tiner of Gruver are proud to announce the engagement and approaching marriage of their daughter Danna Kay to Billy Close, son of Mr. and Mrs. Bill Close of 213 South Bemice, Spearman. A November 29th wedding is planned at the Gruver United Methodist Church at 7 p.m. The bride-to-be is a student at Gruver High School, and the groom-elect is a 1975 graduate of Spearman High School and is presently in the U. S. Navy stationed in Chicago.

Our Heritage of Faith...

notes from Faith Lutheran Church

This month continues to be a very active month at Faith. Coming up of course are the Thanksgiving Services. November 24 is the City Thanksgiving Service at the Church of the Brethren in Waka. The time is 8:00 and we hope everyone will be able to come together to raise one voice in praise and thanksgiving to the one God who is Lord of us all. This really is a great chance to express to others and ourselves the unity found in Christ. There really is only one church and that is the universal church found in the brotherhood of Christ, which we as Christians are members of. So come November 24 to Waka at 8:00 to give thanks and praise.

November 25 is our own Thanksgiving Service at Faith. Again we hope everyone will attend. We all have so much to be thankful for especially at Faith that we would take the time out for thanking Him who all gifts are from. At this service we will receive the special thanks offering which goes to the building debt. As soon as this debt is gone we will be free to do more of the Lord's work in other areas. The date again is Tuesday, November 25 at 7:30.

Luther League has a couple of things coming up that should be noticed. November 30 the League will go with the Oslo League to Guymon to bowl and stop for pizza. We will meet at church at 5:30 so we can be in Guymon at 6:30. If there are any questions call Bruce. December 13 the Oslo League has invited the Faith League and the League from Amarillo to an over-night Christmas party. More information will be coming.

If you have no home of worship we invite you to come to Faith. Everyone is always welcome to come and gather in fellowship and love with us. Worship is at 9:30 and Sunday School is 10:30.

BITS OF THIS AND THAT

Well, once again I'm out of the hospital, thanks to the Lord and the wondrous of Doctor Thomas, and the great nurses and Lab workers at Hansford Hospital. I praise all of you as you are all just great. I'm taking it easy for awhile. I'd like to say a big Thank to my husband for finishing my column for me while I was sick - and what a pleasant surprise to see the letter to the Editor from our Foster daughter Teena. I'm so happy for her. She almost got married on my anniversary which was Oct. 3. Both Dave and I wish her the very best and hope to meet her new hubby one of these days before too long. One of the joys about being ex-foster parents, you hear such nice things from your kids - and we are lucky enough to hear from most of ours, sometimes good news and other times bad news.

A special thanks to Mrs. Teri Bynum who, although her own husband was in the hospital at the same time I was, she was sweet enough to cook dinner and take it to Dave so he didn't have to fix it his self when he got home at night - and Teri, thank you for bringing dinner by for us my first night home. It was very good and very thoughtful of you. Thanks again.

Manual Valdez Sr is one happy man. His wife Maria Louisa has joined him in Spearman. Bet son Manual Jr. is happy to have his family here. I met Maria and what a beautiful Spanish lady she is. Welcome to Spearman.

Happy to report Ralph Bynum who underwent emergency surgery at 2 P.M. Thursday at HI Plains Baptist Hospital is doing fine according to

his wife. Get well soon Ralph, we miss you.

Remember to buy your tickets here at my station. I have a few for the dance left and some for the stage show. This is for a worthy cause. We are helping ourselves by helping our firemen get a fire truck, so let's support the Bill Mack show and dance. Hurry though, times getting close and tickets are going fast.

Rick and Cathy Harrison left last Friday for Clovis, New Mexico where Rick's mother is very ill. Our prayers are with the Harris-sons. I hope your mother is much better.

Have a "Happy Day" Harold Thornton. No one deserves one better than you.

Had a nice visit with Edna Hays last Friday. Her hair looked so pretty. Betty Hill does a nice job on your hair, Edna.

Let's not forget to say a prayer for those in the Hospital.

Carman Laird dropped by to show us the pictures she had gotten back of the kids and their dogs taken at the Kid Dog Show. Carman said "Any parent can come by her house and see the pictures," or if you want to order some, she'll see to it, of course she'd have to charge for this service. The pictures are all good, of course. I like the one of Rosa and her dog Pig. Thanks for stopping in, Carman.

Thanks for dropping by, Scott Janzen and Mike Slater, while I was in the hospital. Scott moved to Woodward, Oklahoma, where he is living with

his aunt and uncle and going to carpenter school two nights a week learning a trade and working at the same time.

Good Luck Scott, in your new job and schooling. Nice seeing you both.

Our grandson, Karl, spent last Saturday visiting with us at the station while his folks, Joe and Nita Bynum, went to Amarillo where Joe's brother is in the hospital. Nice having you visit, Karl.

Our son, Bill Swickard of Millington, Tennessee, called last Sunday morning to let us know that he was on his way to the Naval Hospital where he will undergo surgery on his arm Monday the 17th. Looks like my family really keeps the doctors and hospitals busy.

Really was surprised Sunday when Pat Morris was in, to hear his brother Terry Morris and Cindy Sims are going to be married in December. I knew they were going together but didn't know they were getting married. Cindy is

going to Frank Phillips in Borger where she's taking up nursing. Terry is working for Ideal store in Borger. Congratulations to you both. We're happy for you.

Mac Garter of Borger and Gordon (Woody) Taylor of Phillips and Donnie Wirsdorfer of Spearman came by. Gordon and Donnie go to college together in Amarillo. Gordon works for Phillips 66 in Borger. Come back, boys, whenever you are in town.

Mr. and Mrs. Delbert Hunt and family of Borger stopped in on Sunday on their way back to Borger from a visit to Kansas. Mrs. Hunt wished the Lynx luck for next Friday's game in Borger. They hope to be able to go see the game. Nice seeing you folks again.

Received a real nice letter last Monday from Karen Pierce who is in Germany with the army. Karen said she looks forward to our paper over there, but it takes a long time to get it, but she says there's nothing like hometown news. Dave

and I both miss Karen, she's really a joy to know. Karen reported she'd made P.F.C. She said Germany was really beautiful but there's no place like home. Thanks for writing, Karen, and the best of luck to you. Keep the letters coming. We will try to answer all of them. Karen is the daughter of the J. L. Pierces.

Happy Birthday to Ralph Bynum Nov. 19th. Ralph should be home from the hospital by the time this column comes out.

God Be With You All.

Boss Lion Fogue and his den of Lions enjoyed ladies night, held for the Spearman Lions Club Tuesday night at the County Barn. The Lions enjoyed the installation ceremony, when Lion Dr. Jock Lee was installed into the Club. Lion Lee was sponsored by Lion Billy Miller. Lee was taken outside and blindfolded, led back into the banquet hall and given the toughest initiation in the club's history. Lion Lee ate the "eyeball" from a dead Lion, and some actual raw "lion meat" plus giving a big roar as he was inducted into the club. Lioness Fogue gave the program which was chalk drawing! The club enjoyed this very, very much. Acting talltwister Lion Cunningham fined several of the club members for being late, etc. Sweetheart Denise Desimone was awarded a special bouquet of "candy lions" for being such an outstanding sweetheart and inspiration for the entire club. Not only is Denise as pretty as a bouquet of "dandy lions" but she is also Miss Hansford County. Lion Proctor acted as official installation officer, and did his usual great job! All of the wives of the Lions members were introduced at the ladies night program.

NEW EXTENSION HORSE SPECIALIST--Douglas Householder, who has been an assistant in horse production for the Texas Agricultural Extension Service for the past four years, has been appointed to the position of horse specialist. He will be working with horse specialist B. F. Yeates in providing leadership for educational programs in horse production in Texas. Householder, a native of Ohio, has been especially active in the 4-H horse program since he joined the Extension Service in 1971.

Now remember (No Sale Thanksgiving Day) but we will have our regular cattle auction Friday, November 28th. Several consignments presently arranged for that date, also. Give Raymond Choate or myself a call, here at Texhoma, as soon as possible, as to your plans.

Hobby Grows Into Business

Dorothymae Groves is planning open house at her new location at 14 South Haney on November 21 and 22 from 10:00 a.m. to 6 p.m.

This new downtown location for Dorothymae is a culmination of several years of work.

She began with the publishing of a book "Heirloom Treasures from Antique Trunks" after a hobby of restoring trunks inspired her to write the book.

Since that time approximately 100,000 copies of the books have been printed and a new printing is scheduled sometime after Christmas with 4 more pages added to it.

Through the publication of this book, public appearances all over the country, Dorothymae received approximately 100,000 pieces of mail during 1974.

Three months ago she added "Peace and Joy Books" to her stock and sells them locally as well as by mail order.

Dorothymae now has 3 full time employees plus the members of her family that help her with the business, her husband Harold, and children Leslie Ann, Dean, Mylinda and Kelly.

We congratulate the Groves family on their business success that has resulted in the opening of

the office and warehouse at 14 S. Haney in Spearman. Everyone is invited to come to the open house and view the new facilities. Refreshments will be served and free calendars and book

markers will be given away, as well as complimentary copies of her book "Heirloom Treasures from Antique Trunks" as well as other publications.

OPENS BUSINESS LAWN LUMEN—Dorothymae Groves is shown here in her new office at 14 S. Haney, Spearman. She is holding her book on restoring trunks that was the beginning of her venture into the business world.

The Missionary Ladies of the Union Church have set their annual Thanksgiving dinner for November 20 at the church annex.

Tickets will be \$3.00 for adults, children 6 to 12 will be \$1.50 and children under six may eat free.

The ladies will begin serving the traditional meal, turkey, dressing, and all the trimmings at 11:30 a.m.

Post Office Has Christmas Gifts

Christmas shoppers should keep the Post Office in mind as a source of gifts. Postmaster Ray Robertson said today.

Several varieties of inexpensive philatelic items suitable for Christmas gifts are on sale at the Spearman Post Office as well as by mail order from the Philatelic Sales Division in Washington.

The products are key items in Postal Service efforts to create new interest in the world's largest hobby, stamp collecting. They include Stamp Collecting Kits, the 1975 edition of STAMPS & STORIES, Souvenir Mint Sets, panels in the American Commemorative Series and Bicentennial Philatelic Passports.

The topical Stamp Collecting Kits, priced at \$2.00 each, have subjects ranging from space to sports, and each kit contains enough stamps to start a collection. Also included in the kit is a small album, mounting hinges, insert sheets for additional stamps, and a 32-page booklet entitled "The ABC's of Stamp Collecting."

STAMPS & STORIES is the popular pocket-size book which tells the stories of more than 2,000 stamps with illustrations and other information such as current catalog values. It also sells for \$2.00.

Souvenir Mint Sets are offered for sale annually by the Postal Service and contain all the special, memorial, and commemorative stamps issued during the year. Space is provided for mounting the stamps, and a brief description of each issue is included.

The 1974 Mint Set is available and sells for \$3.00 each. The 1975 Mint Set should be available for purchase in late November or early December.

Panel in the American Commemorative Series are on sale now for \$2.00 each. The Series began with the Wildlife Conservation issue of 1972. The 8 1/2 by 11 1/2 panels have a mint block of 4 stamps (except for issues of more than 4 stamps) mounted adjacent to background information about the stamp or stamps. Each panel, featuring three engraved stamper-theme illustrations from the archives of the American Bank Note Company, is suitable for framing.

Earlier panels in the series, as well as all the other philatelic products on sale

at the Spearman Post Office, are available by mail order at the quoted prices plus a 50-cent handling charge per order.

The Sales Division also stocks an extensive line of other philatelic items, including many earlier issues of stamps and postal stationery.

FARM AND RANCH NEWS

A Wheat Symposium is being held in Amarillo Thursday, November 20 at the Hilton Inn. The program covers methods for keeping production costs to a minimum through cultural practices, fertilization, marketing, insect control, disease prevention, weed control and varieties. Wheat pasture management will also be discussed. The program starts at 10:00 a.m. and will adjourn about 3:15 p.m. This educational

activity is sponsored by the Texas Wheat Producers Board and the Texas Agricultural Extension Service.

The latest Cattle on Feed report for the U. S., issued by USDA as of November 1, estimated numbers on feed up 12 percent from a year ago at 7,585,000 head for the 7 major cattle feeding states.

October placements of cattle and calves on feed in the 7 states totaled 2,305,000 head, 25 percent more than October last year.

Fed cattle marketings during October totaled 1,307,000 head, down 14 percent from last year. Other disappearance during October totaled 63,000 compared with 101,000 in the same month last year.

In Texas, feeders placed 562,000 head on feed in October; 82 percent above last year and 32 percent above the previous month of September. Texas marketed 271,000 head of fat cattle in October, a decrease

of 17 from last year, but 1 percent above September 1975 marketings.

TREAT CATTLE NOW FOR LICE - Lice are starting to infest some cattle in the area and now is the time to start a control program that will prevent lousy animals when winter rolls around.

Proper treatment of lice infested animals now will kill all lice and will keep them free of tiny insect pests this winter unless they contact other untreated animals.

Don't wait until your cattle are rubbing down fences before you treat for lice. Begin control measures before the winter turns bad and their hair gets long.

Spraying or dipping is usually the best treatment but properly placed and maintained dust bags offer very effective control and save both time and labor. Depending on cattle size, the bags should be placed so that they hang 3 to 4 feet above the ground. Forced use where

bags are placed such that cattle must pass them to get to feed or water begin controlling lice sooner than free choice, but allowing for a two to three week adjustment period, the free choice bags seem to be as effective as forced use bags.

In a spraying or dipping program, an animal must receive a thorough soaking in each of two applications 14-18 days apart for the best control of lice. The second spray will kill any lice hatching from eggs that are

laid prior to the first spraying. A number of insecticides are available for controlling lice. Information on these materials and their application rates is found in the TEXAS GUIDE FOR CONTROLLING EXTERNAL PARASITES AND POULTRY, MP-691. This guide is available at your local county Extension agent's office.

Check the label on the insecticide container before making a purchase. Pay particular attention to warn-

ings and restrictions placed on the label and check on the waiting periods, especially if some of the treated cattle may go on to slaughter.

Tax conscious farmers and others who need to shift their income and deductions to take the bite out of their taxes should be making their decisions now.

However, today with more concern for fluctuating commodity prices, a farmer may want to sell on the current market to eliminate the risk of price change but not receive the income for tax accounting until the following year. This can be accomplished by using a deferred-sale contract.

To accomplish the shift of income for tax reporting with deferred-sale contracts, certain specific conditions must be met. The contract should be a written one which definitely precludes the taxpayer from receiving payment until a

specified date. These contracts must also explicitly indicate that they are not assignable. Thus, if the contract is a bonafide arm's length transaction, provides a small down payment, fixes the dates of subsequent payments and declares that it is non-assignable, the right to the income does not arise until the contract date of payment.

With commercial livestock feeding programs increasing, questions have been raised about the deductibility of the prepayment for large quantities of feed. Currently, legislation is being considered that could limit the deductions from agricultural business for those persons who have non-farm incomes. The final outcome of this bill and when it will become effective are unknown at this time.

Besides advance purchases of inputs, farmers can shift their expenses by delaying items already used. In

years of below normal income, it is sometimes possible to delay payment until after the end of the year to shift the expense into the following period. If interest is paid on the withheld payment, the interest is also deductible.

Other items to refresh taxpayers' memories:

-Interest can be paid in advance and deducted as a current expense. The Internal Revenue Service will ordinarily allow a current deduction for the prepayment of interest for a period not to exceed 12 months.

-Lease payments are ordinarily current expenses. In the area of leasing farm machinery, some agreements actually amount to conditional sales contracts. If the lease is in fact a sales contract, the annual lease payments are not current deductions. The asset must be depreciated just as a similar implement purchased with cash.

-Investment credit is all-

owed on qualified equipment purchases. Generally, any depreciable asset used in the business for the production on income will qualify except for real estate. If any purchases of potentially qualifying equipment have been made in 1975, bring them to the attention of your tax practitioner.

Professional counsel is usually a profitable investment for most farmers. However, income tax consultants can help only if they are contacted early before the end of the tax year.

the recipes. Food allergies can have several warning signals--and causes. Reactions such as headache, nausea, swelling, itching or burning indicate a possible food allergy. These 'sensitivities' may occur because the food substance (called an allergen) contains some protein. But some researchers believe that starches, fats and other chemicals may produce the reaction. Although any food may produce reactions in some individuals, the most common offenders are eggs, milk, wheat, corn, chocolate, potatoes, fish, shellfish, tomatoes, and citrus fruit such as oranges, grapefruits or lemons. One cause of a food sensitivity may be eating too much of that particular item. This is why it's unwise to follow fad diets calling for an excess of any one food. And frequently people who 'just don't like' certain foods really may be allergic

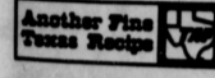

to them. Nature's protective effort may be misinterpreted as just a whim or fancy--such as the preschooler who refuses to drink his milk. Or a teenager may be fully aware that when he eats chocolate he has a reaction such as a stomach ache, headache or bad skin condition. Any food giving mild symptoms should be placed on the suspect list. If family members seem sensitive to certain foods, the family physician or a specialist in allergic disease, can identify the exact allergies and prescribe the proper treatment. Because nutritional needs of an allergic person are the same as anyone else's, physicians usually recommend a diet based on the Four Food Groups--but individually modified to the person's allergies. Remember to read prepared food labels carefully to see that the offending substance isn't contained. Foods causing an allergic

reaction should be omitted. For diets excluding wheat and milk these peanut butter cookies are good for snacking. **PEANUT BUTTER COOKIES** 1/2 c shortening, 1 egg, 1/2 c. peanut butter, 3/4 c. soy flour, 1 c brown sugar, packed, 1/2 c potato flour, 1/2 teaspoon vanilla, 1/2 tsp. baking soda, 1/2 tsp. salt. Preheat oven to 350 F degrees. Grease baking sheets. Beat fat, peanut butter, sugar, vanilla and egg until creamy. Mix flour, baking soda, and salt thoroughly. Add to creamy mixture and beat well. Roll dough into balls, about 1 inch in diameter. Place about 2 inches apart on baking sheet. Press balls down with fork to make crisscross design. Bake 15 minutes or until cookies are set, but not hard. Remove cookies from pan to rack. Cool. Makes 5 dozen. And for people who to exclude wheat and eggs, this **BROWN BREAD** - 1 1/2 c soy

flour, 2 tsp. baking soda, 1 1/2 c rye flour, 1/2 tsp salt, 1 c cornmeal, 2 c butter-milk, 1/2 c sugar, 1 c mild molasses, 1 c raisins. Preheat oven to 375 degrees F., grease five 16-ounce fruit or vegetable cans. Mix flour, cornmeal, and sugar. Stir soda and salt into butter-milk. Add to flour mixture. Mix in molasses. Stir in raisins. Pour about 1 c batter into each can. Bake 30 minutes or until cake tester inserted in center comes out clean. Remove from oven. Let stand 5 minutes. Remove bread from can. Cool on wire rack. Wrap tightly. Store overnight in refrigerator before serving. Even if no one in your family has food allergies you may want to make these foods as gifts for someone who does.

HAVE A HAPPY THANKSGIVING!

Welcome to Sacks 3rd Ave.

Welcome to Sacks, Third Avenue, U. S. A.

A mecca for those who crave the exotic, the new, the old, the way out or the way in--is all encompassed in an 8 ft. by 25 ft. shop on Main Street, Spearman, Texas, U. S. A. Taking its name from the original (and we do mean original) brown paper sack wrappings (with quaint gingham bows), the signet of the purchases from this establishment, "Sacks, Third Street" is fast gaining a reputation of having what you want or if not, supplanting that for even more "yen" items.

Merchandise pique the interests of the most discerning shopper as well as the teen-ager and the between-ager is casually displayed on elegant, make-shift pieces including corrugated (hand-sprayed) card board screens; on and in memorabilia from the old Tice Hotel (such as an old timey wardrobe); cardboard grocery boxes (paper-matched, glued, and sprayed) displaying Old World treasures in copper and brass; wall hangings, silk-screened in Finland as well as a charming Peruvian roadrunner done in heavy neutral yam to go with any decor (including, we hope, ours) and an array of newly arrived unbelievable leather hearth rugs!

You name it or dream it, and no doubt you will find it within the four walls of the newly opened Sacks, Third Avenue. The charm-

ing entrepreneurs--a quintet of clever, accommodating, and lovely women--Linda Sanders, Charlene Bulls, Toni Archer, Elizabeth Holton and Charlotte Pearson.

The exterior is an invitation to enter with a beautiful many-limbed, bare-branched tree bearing the specials for the day including the special "Have a Happy" to birthdays and unbirthdays alike.

You'll love to do your holiday shopping at this "whole" (for everything and anything) in the wall--Sacks, Third Avenue, Spearman, U. S. A.

Attend First Aid Jamboree

Saturday, November 15, Troop 151, Spearman, Boy Scouts of America, attended a First Aid Jamboree in Pampa at the National Guard Armory.

The meet was conducted by Adobe Walls Council and eleven troops participated in the competition.

The program consisted of six problems in Emergency First Aid presented individually and each problem being judged with a 10 minute time limit for each problem.

The Spearman Scouts finished third in the competition and brought home a ribbon for their efforts.

The boys competing in the contest were: Lynn Vemon, Scott Vemon, David Hall, Kurt Spoonmore, Cole Umphress, Jamie Bulls and Gary Thomas.

Local Gov't. Spending Per Capita

The financial predicament in which New York finds itself and the repercussions that it is having in many directions has led to second looks being taken at the spending patterns in Hansford County and elsewhere.

Are local residents paying a high or a low price for the conduct of their government? How much does it

cost them per capita in state and local taxes compared with what the cost is in other communities of its size?

Size appears to be an important factor in the cost of governmental operations, both for counties and for municipalities, according to recent reports by the Department of Commerce and others.

"Surprisingly," states Robert Brown, director of the Tax Foundation, "the figures covering 1973 show that the smaller cities are the most economical with the taxpayers' funds."

"Cities under 50,000 population spend an average of \$158 per year per capita for services. But in cities over a million the average is \$682 per capita."

Among counties, also, local expenditures vary widely, ranging from \$421 per capita for those under 25,000 to \$680 for those over 250,000.

In Hansford County, based upon the latest figures, general expenditures for local services amount to approximately \$503 per capita.

By way of comparison, the average in other counties of its size in the United States, under 10,000 population, is \$437 per capita. The overall national average for all counties, irrespective of size, is \$575 and, in the State of Texas, \$444.

In most counties, the services covered by these expenditures include education, highways, public welfare, health, fire and police protection, sanitation and urban renewal among others.

The high rates in certain communities are attributed to special local conditions, such as unusually large welfare costs, housing problems and the like.

As for the revenue to finance these outlays, close to \$457 per capita was collected in Hansford County in local taxes and charges, the rest coming from Federal and state payments.

Be sure and attend the Firemen's Dance, Sat., Nov. 22, and dance up a storm with your friends and neighbors!

Today's Food Market

COLLEGE STATION-- Beef buys reflect "quite a price spread between light-weight and grain-fed beef," while overall beef prices show only a small decrease on a few cuts, Mrs. Gwendolyn Clyatt said of the grocery situation across Texas this week.

Of the lower-priced light-weight beef, she said proper cooking techniques (moist-heat and slower cooking) make it an economical meat value.

"In general, check for beef specials on chuck roasts, ground beef, liver, round, sirloin and T-bone steaks."

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

On the poultry scene, fryer chicken prices have dropped slightly--and egg prices are reasonable.

Demand for eggs will force prices up in a week or so, however, as holiday baking begins, Mrs. Clyatt predicted.

Of other meat buys, "a few more hogs going to slaughter--and abundant beef supplies--are helping put a brake on pork prices. Since pork supplies have increased slightly, consumers can look for occasional specials--most likely on Boston butt roasts, ham portions, picnics and liver," the specialist said.

At fruit counters, apples are still the best buy in most stores. Oranges, tangelos, tangerines and grapefruit are more plentiful--with prices the same to slightly lower, while bananas and Emperor grapes have reasonable prices, Mrs. Clyatt said.

"In vegetable buying, look for excellent values on the larger winter squash, such as Hubbard and Delicious--usually cut into pieces and sold by the pound. Fresh pumpkin is also plentiful."

Those vegetables with the most economical prices are cooking greens, white and sweet potatoes, yellow onions, rutabagas, cabbage and carrots, the specialist added.

HOLIDAY CHECKLIST --New-crop peacans are making their appearance at first-of-the-season prices, with a good crop predicted.

COLLEGE STATION-- Wise consumers can take advantage of turkey bargains by canning about half of a large bird bought on sale and freezing the other half for Thanksgiving dinner, Frances Reasonover, a foods and nutrition specialist, says.

Canning the turkey is also a way to extend use of the pressure canner when vegetable canning is done.

Miss Reasonover is with the Texas Agricultural Extension Service, The Texas A&M University System.

"To prepare turkey for canning, rinse the bird thoroughly in cold water and wipe dry. Use a sharp knife to disjoint the bird; then sort into meaty and bony pieces. Set aside giblets to can separately.

"Pour enough hot water or broth over raw, meaty pieces in a pan to cover the meat. Put lid on and cook until pieces show al-

most no pink in the center when cut."

Cut turkey parts small enough to fit loosely into the jar. Leave one inch headspace at the top of the jar. Add one-half teaspoon salt per pint if desired, or it may be left out for people on low-salt diets.

Cover the turkey with boiling broth, again leaving one inch headspace at the top of the jar. Avoid overfilling the jar to prevent loss of liquid during processing, the specialist reminded.

"Wipe the jar rim clean. Fat left there will interfere with sealing. Place the lid with the sealing compound next to the glass. Screw the metal band tightly.

"Have two to three inches of boiling water in the pressure canner to prevent it from boiling dry during processing. Place jar in canner on rack and fasten lid securely."

Let steam escape from open petcock or weighted gauge opening for 10 minutes. Shut the petcock or put on the weighted gauge. When pressure rises to 10 pounds, start counting time. Adjust heat to keep pressure steady.

Process pint jars of turkey with bone for one hour and five minutes and quarts for one hour and 15 minutes. Process turkey without bone in pint jars for one hour and 15 minutes and quarts for one and one-half hours.

"Slide canner off the heat when time is up. Let pressure fall to zero. This takes about 30 minutes. Wait a minute or two and open petcock slowly. Unfasten cover, tilting far side up to keep steam away from the face."

Cool jars overnight, wipe clean and label.

"Canned turkey may be used in casseroles, soups and stews. For dishes requiring cold turkey, heat the turkey for 20 minutes to insure safety against botulism. Then chill and use in salads and sandwiches," the specialist suggested.

Gifts Needed For Mental Patients

Dorothy Quinn, who each year gathers gifts for the state mental hospital at Wichita Falls, notified this newspaper that she will be going down the week of Thanksgiving and if anyone has any gifts they would like to send to the patients of the locked ward she will be glad to take them.

Her friend, who is employed at the hospital in this ward, said they especially need nightclothes, underwear, house shoes, etc. These may be new or used, but must be clean.

Other items that the patients enjoy are all kinds of cosmetics, face creams, hand creams, body lotions, shampoo, bath powder, cologne, nail polish, rollers. These items may also be new or used, or samples.

Look through your cabinets and anything that you no longer use will be appreciated.

You may contact Ms. Quinn at 3268 or go by 312 S. Hazelwood.
