

Lynx will play at Panhandle Friday night!

●●● GAME TIME 7:30 AT PANHANDLE ●●●

A highly improved Spearman Lynx team will journey to Panhandle Friday night to play the pass-minded Panhandle Panthers. This could be the upset of the year if the Lynx take this game lightly! However, in all probability the Lynx will play very cautiously against the Panthers, and our coaching staff knows very well that they pass the ball very successfully! And, we want to remind fans that we "CAN" lose this district championship despite the fact that we are undefeated in conference play! In fact, if we aren't careful, we are in the right position to get "passed" out of the district race at Panhandle Friday night. Most fans must remember that the Panthers defeated the Stinnett Rattlers at Panhandle in their opening game this year, and most observers believe that the Panthers will be tougher than Dalhart was, and the Lynx barely squeaked

by that one.

We must, HOWEVER, face the facts! The Sherwood boys have really molded into a fine ball club; and it took Greg and his tremendous coaching staff the usual four or five weeks to shape the group up. And, while we are discussing the coaching staff, we want to remind fans that Coaches Friemel, Drummond, and Hamilton all are tri-coaches with the JV team which has been undefeated in regular season play.

We failed to mention some of the terrific breaks that we received in the Phillips game last week. Beedy and Jones intercepted passes early in the game and set up TDs; Zane Newton kicked a ball some 40 yards through the air, and the Lynx covered the ball on the 1 yard line. Also, the Lynx covered a fumble on the 4 yard line, that set up a TD.

Other than these three breaks, the Lynx just played flawless football!

Thursday afternoon the 7th and 8th grade teams will meet the Panhandle Panther Kittens at Panhandle. The games will begin at 5 p. m. and the two teams have been very exciting to watch! The JV will play the Panther JV at Lynx Stadium Thursday evening at 7 p. m. If the JV wins this Thursday evening they will play the Pampa Sophs at Lynx Stadium next Thursday evening; and a new team, the River Road School in Amarillo will end the season for the JV. The JV will travel to Amarillo for this special game!

Remember, if you want to see a big aerial circus, travel to Panhandle Friday night, and watch the Lynx in this thriller! Game time is 7:30 p. m. at Panther Stadium!

THURSDAY, OCTOBER 30, 1975

Hugh Ford Services Held

Services were held at 3 p. m. Saturday, Oct. 25 for Hugh Wilson Ford, 70, of 4323 Emil, Amarillo, in Robison Chapel of the Plains in First Christian Church of Amarillo. Dr. John Bridwell, pastor, officiated, assisted by the Rev. Smiley Johnson, pastor of the Presbyterian Church of Canadian. Burial was in Llano Cemetery by Boxwell Brothers Funeral Directors.

Ford was a Panhandle livestock commission buyer across the Southwest and was a former manager of Texoma Livestock Commission Co., of Texoma, Okla., and was part owner of McKinley-Winter Livestock Commission Co., of La Junta, Colorado.

He was a native of Kansas City, Mo., and had been a resident of Amarillo 16 years. He was a veteran of the U. S. Navy and a longtime supporter of the Amarillo Symphony.

Survivors include his widow, Helen; one daughter, Ben McIntyre of Spearman; one brother, Charlie of Amarillo; and four grandchildren.

Crawford Addition Residents To Vote On Annexation

The members of the Crawford addition, West of Spearman will probably vote within the next 10 days or so, on whether to become a part of the City of Spearman or not. This group (some 20 families live there) is concerned over the fact that the city may have to terminate services to their area if a serious shortage of gas or water hits the Spearman area in the near future.

A special meeting was held at the City Hall Tuesday night, with Alderman Troy Sloan conducting the meeting, and although nothing definite was solved, steps to annex the group to the city seemed to have been taken.

Commissioners Meet Held

Hansford County Commissioners met in regular session Monday and conducted routine business and paid bills.

They discussed getting more election personnel for Precinct 6 at junior high for the Nov. 4 election.

Craig Davidson, manager of Palo Duro River Authority, met with the commissioners and brought them up to date on the project.

The commissioners did not pass a resolution opposing the constitution.

Absentee Voting Light

Absentee voting ends Friday for the Nov. 4 election on the constitution revision.

As of noon Tuesday, five voters in Hansford County had voted absentee.

but Judge Lee stated that he and all the commissioners were opposed to the revision of the constitution as it gives too much power to the state legislators. He also said that the revision states 126 times "as provided by law" which he says the legislature can change at any time.

The annual Bike-A-Thon sponsored by the Spearman Jaycees has been set for November 9, beginning at 1 p. m. This year bike riders will go from Spearman to the other side of Waka at the Phillips tank.

Riders are to leave Spearman from the County Barn.

Proceeds raised from the Bike-A-Thon go to the Cancer drive each year.

Beauty 'n Beast...

The Spearman Lions Club was entertained by the new FFA Sweetheart Rajan Martin at the noon Club meeting. Rajan discussed the upcoming Halloween Carnival and the student council at the high school. Lion Miller brought the program.

Elba Thomas Rites Held

Funeral services were held at 2 p. m. Tuesday in the Church of Christ here for Elba Floyd Thomas, 69, who died Sunday, with Bill Osborne, minister, and Rev. Russell Pogue, pastor of the First Baptist Church, officiating. Burial was in Hansford Cemetery by Boxwell Brothers Funeral Directors.

Mr. Thomas was born in Harmon County, Okla. and moved to Ochiltree County from there in 1921. He was a farmer and rancher in the Gruver area. He was a member of the Church of Christ here.

Surviving are the widow, Jewell; one son, F. W. of Spearman; two sisters, Mrs. Minnie Chesser of Gruver and Mrs. Opal Archer of Perryton; a brother, Roy of Gruver; four grandchildren and two great-grandchildren.

Baptist Schedule Autumn Revival

Haston Brewer

First Baptist Church, Spearman is conducting the annual Autumn Revival. This year the church is happy to have two leaders whose work has been recognized by Texas Baptist as the most outstanding in their particular fields of service.

Rev. Haston Brewer, Pastor, First Baptist Church, Eastland, Texas has been recognized for his service at his church for 14 years. His church has led Cisco association in winning and baptizing people for the last ten years. He has also received recognition for his leadership as a trustee at Howard Payne Baptist College. His church has excelled in Mission Stewardship gifts. He will be preaching in each of the services.

Mr. R. D. Jones, Minister of Music, Perryton, Texas has led the churches at Perryton and Dalhart in outstanding music programs. In addition to the regular music programs, Jones is an accomplished guitarist. He also is an after dinner entertainer in the comic-Homer and jethro style.

The evening services will be at 7:30 P. M. preceded by Revival choir practice at 7:00 P. M.

On Monday morning, November 3, at 6:45 A. M. the Baptist youth group will serve a churchwide breakfast and devotional time. On Tuesday morning the breakfast will be served by the Baptist Men. These breakfasts are for the entire membership, and visitors are welcome.

Day services at 10:00 A. M. will be held on Wednesday, Thursday and Friday. The church nursery will be open at each of our services.

The Pastor joins the membership in issuing a warm and cordial invitation to the people of Spearman to attend these Revival Services.

Weight Watchers Open House Nov 3

Weight Watchers, Inc. is having an open house Nov. 3 at 7 p. m. at the HD Clubroom here.

This is an effort to get the program started locally. It is an excellent weight reducing program and anyone interested is invited to attend.

Halloween Carnival Nov. 1

The student council of Spearman High School are sponsoring the Halloween Carnival which will be held November 1 in the Community Building. The carnival will open at 6:30 p. m.

As of the present time there are 15 booths. Any organization wishing to have a booth must sign up by Monday, Oct. 27. You may contact high school principal Eddy Clemmons or student council secretary, Rajan Martin.

There will be a football throw and a spook house, sponsored by the student council; cake walk by Gladiola Flower Club;

bingo and dunking board by the junior class; Arnold's Drive in (concession stand)-Town and Country Home Demonstration Club; pie throw by the high school choir; basketball throw by the Rodeo Club; sucker game by Kiddie World, Inc.; fish pond by Fire-Ettes; fortune teller by the speech department; ice cream parlor by the Lynx-ettes; a marriage booth by the sophomores; a ladder climb by the freshmen and a dart throw by the Jaycees. Be sure and go out Nov. 1 to the carnival and join in the fun.

City Approves Telephone Rate Increase

The City Council in their regular meeting Monday night approved a meeting with the Spearman School Board for Nov. 10 when they will discuss with appraisal firms the reappraisal of city property. The meeting will be open to the public. The last time the city reappraised property was in 1960.

A lengthy discussion was held concerning utility service outside the city limits which includes the Crawford Addition and property north of the airport, etc. A committee was formed consisting of Alderman Troy Sloan, City Manager Ed Thompson, City Attorney, J. E. Blackburn and Assistant City Manager Mark Neff to meet Tuesday night at 7 p. m. at the City Hall with these people to come to some kind of a workable arrangement on the situation. The crux of the matter is that the city can no longer cover these customers by their liability insurance. The city is agreeable to selling utilities

at the city property lines thru a master meter to these customers. General Telephone representatives were at the meeting concerning their rate increase they are asking for the city. A lengthy discussion was held on service, rate of

return to the company, etc. The city voted to give the rate increase which amounts to about 22% overall operations. Pay telephone rates will continue at 10¢ per call. A business one party line will be \$17.00 with an extension at \$1.75.

A resident one party line that has been \$6.00 will be increased to \$7.50, a resident two party line which has been \$5.00 will increase to \$7.00, with resident extensions remaining at \$1.25. Semi-public business phone will increase from \$14.45 to

\$17.00. TABX service will increase from \$15.55 to \$29.75. These new rates will go into effect December 1, 1975.

The council instructed the city manager to study the airport subdivision sewer system, the needs and costs of the project and report back to the council his findings.

The council approved the planning principals, goals and objectives as presented by the Planning & Zoning Commission.

Manager Ed Thompson was instructed to call for bids for a chassis, cab and solid waste side loading unit for the sanitation department.

The council also approved the purchasing of turkey for city fulltime employees and firemen for Thanksgiving.

The recent Railroad Commission ruling on the gas rate increase was discussed.

Meeting dates were set for November. The meeting on November 10 will be at 7 p. m. and the meeting on Nov. 24 will be at 7:30 p. m.

Fire Department Receives Check

The Spearman Volunteer Fire Department received a check for \$75.00 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of C. H. Clawson, Gruver, Texas 79070. The money will be used for their loss prevention program. The Texas Farm Bureau Insurance Companies pay

volunteer fire departments this amount when the department works at a fire in rural areas, involving property insured by them. The Insurance Company believes volunteer fire departments have contributed to reduce the amount of loss involved by fire and more important, to prevent fires. It is their hope this money will help the Spearman Volunteer Fire Department in their program.

HOSPITAL NEWS

Patients in Hansford Hospital are Clarence Pettitt, Horton Prater, Mammie Stewart, Nancy Upchurch and son, Leonard Jameson, B. W. Renner, Will Douglas, Rhonda Goodson, Vera Harris, Dinah Helkner, and Mari Gale Shelton.

Dismissed were Etta Beck, Joy Stewart, Tex Pearson, Boyd Hall, Jessie Bratton, Cynthia Browder, Eleanor Reed, Leon Seay, Glen Ray Mackie and Johnny Gregor.

Kids Dog Show

Hansford County's first unbenched and unprofessional Dog Show for Kids from 4 through 14 will be Nov. 1 at the County Barn on Ave. D in Spearman.

The show is being sponsored jointly as a public service by the National Recreation and Parks Association, Kennel-Ration, Camron's Canine Clip-Joint and Happy Homes Home Demonstration Club.

There will be seven judging classifications with first, second and third place ribbons in each. Categories to be judged are: Best trick dog, smallest dog, largest dog, best looking, best costumed, funniest (without a costume) and

best behaved. The "Best of Show" trophy will be chosen from among the first place category winners.

All dogs may participate in the show, regardless of pedigree, breed or special training. Dogs entered in the smallest dog category must be over 6 months old. All dogs must be leashed and should have had their distemper and rabies shots.

All contestants will receive a ribbon, a booklet entitled "How To Care For, Train and Feed Your Dog." Plus Tom Latta of Panhandle Veterinary Clinic said he thought he would have something for each

child also. Judges for the show are: Helen Whitaker, Mary Lou Wytong, Jock Lee, Don Windsor and James Allen Schnell.

Entry forms will be filled out at the County Barn from 12-1:30 (the day of the show) Nov. 1. The show is limited to one hundred contestants so be sure to get registered early. Contestants may enter their dog in more than one category.

A concession stand will be available at the show and the proceeds from this will go to Happy Homes Home Demonstration Club.

This is free of charge and should be a lot of fun for both the contestants and the spectators, so come on parents, let this be your kids day to show off their dog, and when you are getting their halloween costume ready don't forget your dog's.

Our Heritage of Faith

notes from Faith Lutheran Church

Sunday at 2:00 the League is meeting for a final rehearsal for the Talent Show and Congregational Supper which is going to be held on November 9th. Believe it or not we do have some real talent. So everyone plan to come and enjoy yourself.

Monday, November 3rd, Faith plays dartball against Guymon. At these games there is fun and sharing and some real competition. Faith is hoping to continue their winning ways for last year they won the tournament at the end of the season. Churches in this league are from Oslo, Guymon, Boise City, Hooker and Faith.

November 4th, the Ministerial Alliance is meeting at Faith at 9:30. The Alliance is having the City Thanksgiving Service at Waka, November 24th at 7:30. Pastor Andersen is giving the Sermon and others in the Alliance are assisting in the Service. Everyone is invited. Also November 4th Faith Council Meeting is to be held. There are a couple of important items to be discussed so please come if you can.

What do Lutherans believe? October 31, 1517, Martin Luther nailed his 95 Theses on the door of Castle Church in Wittenberg. This was for all purposes the start of the Protestant Reformation. What Luther was declaring is Paul's statement, "that by faith alone are we declared righteous, by faith alone are we saved." Luther believed outward signs of piety could not be judged good or bad in God's eyes for compared to God's righteousness we are terrible sinners in everything we do. Only by the grace of God, only by his love and mercy are we made righteous, not by anything we do. In other words denying yourself certain pleasures does not make you any better in God's eyes. It is our thoughts and faith that judge us. The cross is the saving act not anything we do. What Martin Luther rediscovered from the Bible is Grace and that is what we declare today. So if you have no home of worship come to Faith to hear God's Word.

Cornelius Completes Marine Course

Navy Hospital Corpsman Third Class Edwin J. Cornelius, son of Mr. and Mrs. H. Y. Cornelius of 703 S. Haney, Spearman, Tex., was graduated from Field Medical Service School at the Marine Corps Base, Camp Pendleton, Calif. The five-week course includes instruction in first aid, preventive medicine and field sanitation. It culminates in a three-day training exercise for the practical application of all subjects taught.

A 1970 graduate of Spearman High School, he joined the Navy in March 1975.

Church Youth Enjoy Halloween Party

The Junior High and High School Youth of the First Presbyterian Church hosted a hay ride-Halloween Party Saturday, October 25th with the Junior High and High School Youth of the Faith Lutheran Church as guests.

After a country hay ride, the group returned to the church, where they had a wiener roast, played games, bobbed for apples, and had an eerie ghost visitor.

Approximately 25 youth attended the hay ride-party with Mr. and Mrs. Chester Martin and Mr. and Mrs. David Bumett as sponsors for the Presbyterian youth and Mr. and Mrs. Cecil Biggers and Rev. and Mrs. Bruce Loewenhausen as sponsors for the Lutheran Church youth.

Mrs. Tarbox gave the devotional on Meekness, taken from "The Wings Of Gold."

Discussion was held on the club Christmas party. Miss Groves gave the program on the T. H. D. A. State Convention Meeting she attended in Abilene September 16-18. Some of the meetings at the convention were, a demonstration on flower arrangement, with real flowers, artificial flowers and dried flowers; a style show; and a program on retarded children.

Refreshments were served by Mrs. Tarbox to members, Mesdames: Virgil Hull, B. J. Gamett, Bertie Lewis, Richard Shedeck and Altha Groves.

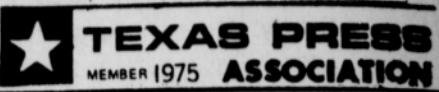

Next meeting will be November 14th. Mr. and Mrs. Jake Clifton of Clayton, New Mexico were recent guests in the home of Mrs. I. R. Tompkins.

Texans:

If you are tired of bigger government and higher taxes, vote NO on the proposed new constitution November 4.

Don't give future Legislatures a blank check.

The Houston Chronicle calls the new constitution "a dangerous document." Governor Dolph Briscoe warns it will "lead us down the road to a state income tax."

Governor Briscoe says: "It is my personal view that the current Constitution under which Texas has grown and prospered for a century is preferable to the proposed new constitution. Accordingly, I believe it is in the best interest of Texas that all eight propositions on the ballot be rejected."

Play it safe. Keep our present Constitution by voting NO on Tuesday, November 4.

Representatives of Farland Industries, Inc., and the 1975-76 recipients of Farland Industries Scholarships at Texas Tech University admire the scholarship plaque which hangs in the College of Agricultural Sciences. This year's recipients join six others who have been presented scholarships since 1972 when Farland Industries began at the university. Pictured are, left to right, Vernon Lewis, Farland Division General Manager, Amarillo; Doyle Patton, senior animal science major, Rex McCloy, junior agricultural economics major; and Bob Ensminger, member services specialist, Farland Industries, Kansas City, Mo. McCloy is the son of Mr. and Mrs. Thane McCloy, Morse.

Rex McCloy Receives Scholarship

LUBBOCK-- Doyle Patton of Hale Center and Rex McCloy of Morse have been named 1975-76 recipients of Farland Industries Scholarships at Texas Tech University.
Patton, a senior majoring in animal science, is the son of Mr. and Mrs. Wayne Patton of Hale Center. He is the president of Texas Tech's Block and Bridge Club, secretary of the Student Agricultural Council and a senator in the university's student government. A member of the University Disciplinary Committee, He is also a member of the Livestock Judging Team, of Alpha Zeta and of the Curriculum Development Committee of the College of Agricultural Sciences.
McCloy, a junior majoring in agricultural economics, is the son of Mr. and Mrs. Thane McCloy of Morse. He holds a 3.7 grade average on a four point scale. He is a member of the Student Agricultural Economics Association and the Faculty-Student Liaison Committee of the Department of Agricultural Economics.
The scholarship recipients were honored with their parents earlier this month at a luncheon sponsored by Farland Industries. Farland representatives at the luncheon were Vernon Lewis, division manager, Amarillo, and Bob Ensminger, member services specialist from the company's main offices in Kansas City, Mo. Farland Industries has provided two scholarships at Texas Tech each year since 1972. Texas Tech is the only non-land grant institution with which the company works, according to Ensminger.

Nelle's News by Nelle Evans

Let's explore some history and legends of Halloween. In the ancient legends surrounding Halloween, November first was the New Year and also the time of the great autumn festival to the sun. During the celebrations on October 31st, the Druid priests offered Thanksgiving for the harvest. They also appeased Samhain, The Lord of Death, in the belief that he would be less severe on the souls of those who died during the preceding 12 months. A very important part of the ancient festival was the lighting of bonfires on hilltops. This served as a welcome to good spirits, a warding off of evil ones

and as an encouragement to the waning summer sun. At about this time of year the ancient Romans celebrated the feast of Pomona, goddess of fruits and nuts. When they conquered the British Isles, some of their customs were added to those of the Druids. Throughout the year, customs from ancient lore were kept in addition to the church services. In Wales, each family made its own fire into which each member threw a marked stone. Prayers were said and they retired for the night. In the morning, the stone

that was missing indicated that the owner would die within the year. In Ireland a girl wishing to see who would be her future husband would walk backward down the stairs holding a mirror. On reaching the foot of the stairs, it was believed that his face would appear in the mirror. Young people in Scotland would pull cabbage stalks and depending on the size and the amount of earth that clung to them, would be able to tell whether their future mates would be thin or fat, rich or poor. In the United States, Halloween was scarcely celebrated before the last half of the 19th century when Irish immigrants brought many of today's customs with them. The Jack-O-Lantern that is so much a part of the celebration here came by way of the Irish. Legend has it that an Irishman named Jack was not allowed to enter Heaven

and later was expelled from Hell because he played tricks on the Devil. He was then condemned to walk the earth forever with a lantern. Trick or treat, too, owes its origin partly to the Irish. In Ireland, groups of peasants would go from door to door begging food for the festivities. Prosperity was promised to the persons who gave willingly and cheerfully but those who did not were threatened with dire consequences in the New Year. One aspect of trick or treat may be attributed to the English. Boys would wear girls' clothes and vice versa. Then, wearing masks, they would go from door to door begging for cakes.

FARM AND RANCH NEWS

By Joe Van Zandt
The latest USDA Cattle-on-Feed Report estimated that in the 23 cattle states there were 9,301,000 head, 2% above last year. In the 7 major cattle feeding states, the total on feed is 6,856,000 head, up 1% from last year. In Texas, the number on feed is 1,488,000 head, down 7% from a year ago. Feedlot placements in the 23 States for the third quarter of 1975 were 6,029,000 head, 22% above last year. In the 7 States, placements during September were 2,059,000 head, 85% above last year. In Texas, September placements were 426,000 head, 165% above a year ago. Marketings of fed cattle

Lee McClellan Honored On 87th Birthday

One of the nicest parts of having birthdays is sharing it with friends and Lee McClellan of Spearman had a wonderful 87th birthday this week as several of his family and friends gathered at the El Vaquero in Gruver for a birthday dinner before going to the Dave McClellans for fellowship, fun, and more birthday goodies during the afternoon.

Those helping Lee celebrate this important occasion were Johnny Spivey of Guymon, Lawrence Gruver, and brother, Dave McClellan. Also included for the afternoon occasion were the Herb McClellans, Mrs. James Stedje, Mrs. Walter Wilmeth and Mrs. Ott Crawford, both of Spearman, and Mrs. Dave (Davona) McClellan.

Many happy returns of the day, from all of us to Lee on his 87th birthday!

In the 23 States for the third quarter of 1975 were 5,018,000 head 9% below last year. In the 7 States, marketings for September were 1,302,000 head, 3% below last year. In Texas, September marketings were 269,000 head, 13% below a year ago.

As you can see, a lot of cattle are being placed on feed and feedlots are beginning to fill-up again. This may cause a large bunch in marketings next February and March from these cattle going on feed this Fall. This may in turn have an influence on the price feeder cattle will be bringing next Spring when cattle come off our irrigated wheat pasture. But, on the other hand feeder cattle on wheat pasture are going to be in short supply so this may help keep the feeder cattle price at a profitable level.

Wheat Insects - I have received calls about spider mites in two wheat fields belonging to Ray Phelps and Keith Lamb. These mites

were coming into the wheat from adjoining sorghum fields. These mites were severely damaging the wheat in the areas they were moving into. You may want to check your wheat fields where they are close to sorghum fields and check for the presence of these mites. They make a webbing close to the ground on the wheat leaves and the mites themselves are real hard to see with a naked eye. If you have problems give me a call because these mites are hard to kill with chemicals.

Keep Halloween Enjoyable This Year

Take A Second Look At Finance Article

AUSTIN--Comptroller Bob Bullock said Monday that Texans are entitled to know the possible effects of taxing real property at true market value as required by the finance article of the proposed constitution.

"The backers of the constitution keep telling us that taxing on a basis of true market value is a good thing--and it is--but property owners have a right to know what this means in plain English," Bullock said.

"What would this re-evaluation mean to the average property owner? It means that on a state-wide average their houses and lots could increase more than 60 percent on the tax rolls," he said. "It would then be up to local taxing authorities, such as our cities, coun-

ties and school districts, to reduce their tax rates and/or assessment ratios or property taxes would go skyhigh."

Bullock pointed out that "in the 10 years between 1963 and 1973 local government spending and local property tax bites both more than doubled." He cited Texas Research League statistics showing that local property taxes were increased more than \$1 billion during that period.

"The required re-evaluation could add \$75 billion to the \$125 billion in property values now 'claimed' on the tax rolls. That's a 60 per cent increase any way you cut it, and at today's tax rates that would be approximately \$750 million in new property taxes each year," he said.

"I think most homeowners believe that all real property should be taxed in an equal and uniform manner. However, it's been my experience that they are

referring to the other fella's property because they believe theirs is already over valued and over taxed," Bullock said.

To the extent that it puts them into more-costly tax brackets, it is bad. Some local families, whose earnings had previously been below \$8,000 have graduated to the \$10,000 and over level. Their former spots have been taken over, in the progression, by those who had been receiving less than \$8,000.

Just where they stand, currently, is brought out in a copyrighted report issued by Sales Management. It details, for every section of the country, the percentage of families that fall within each income bracket.

In Hansford County, it shows, 58.6 percent of the local households had disposable incomes in the past year, after payment of their personal taxes, of \$8,000 or more. This was a greater proportion than was found in many parts of the country. The purpose of the survey was to gain a better understanding of each

community's purchasing power than was revealed solely through its average income figure.

It shows whether there are a small number of high-income families making up for a large number with small incomes or whether earnings are more equally distributed.

The breakdown figures for Hansford County show that 22.8 percent of the families had after-tax incomes of \$5,000 to \$8,000 in the past year, that 12.7 percent were in the \$8,000 to \$10,000 bracket, 23.2 percent at the \$10,000 to \$15,000 level and that 22.7 percent had incomes above \$15,000. The remaining families had \$5,000 or less after taxes.

Because the survey takes into account only cash income, it does not do full justice to farm communities, where income-in-kind and lower living costs are important factors, it is noted.

Although incomes have been on the rise for most Americans, so have living expenses. Nationally, there was a net loss of nearly five percent in buying power last year.

More Local Families In Upper Brackets

Because most Hansford County residents are earning more than they did in other years, and because more women are working and bringing home paychecks these days, many

local families have moved into higher income brackets. To the extent that the added cash helps them to cope with the never-ending rise in the cost of living, it is a good thing.

local families have moved into higher income brackets.

GSPA OFFICIAL POINTS OUT ADVANTAGES TO SOVIETS OF GRAIN EMBARGO

LUBBOCK--The Soviet Union is reaping great financial and psychological benefits from the current U. S. embargo on grain sales against them, an official of Grain Sorghum Producers Association has told President Ford.

"The embargo has cost the American farmer and the U. S. economy dearly," according to GSPA executive director, Elbert Harp. "The net result is that we have been out-traded by the Soviets."

The embargo was enacted by President Ford in August in spite of angry protest by American farmers. The Administration assured farmers it would be lifted following subsequent crop reports. When the October 10 crop report was released, an embargo extension to Eastern Europe was immediately removed, but the Soviet embargo remained.

According to Harp, world grain markets are established by speculators and traders on the Chicago Board of Trade. "It is here that an embargo depresses the grain market, which tend to react and over-react to the announcement."

The embargo on grain sales to the Soviet Union has driven down grain prices in the United States and throughout the world, and the Russians have continued to make large grain purchases from traders in other countries at prices which are greatly reduced because of the U. S. embargo against them, Harp explained.

"It has been reported that many of the sales made from other countries carry a 'seller's origin optional' clause which means this grain can be shipped from the U. S. when the embargo is lifted," Harp said. "This will have very little effect toward improving prices even if the grain is shipped from the United States because there will be no new sales. Much of the psychological benefit (resulting from the embargo being lifted) will be gone."

"The net result is that farmers are now selling their grain for \$20 per ton less than parity--and the Russians are the winners because of the lower market prices."

The GSPA official reminded the President that the American farmer was asked last spring to produce to his maximum ability and was promised free access to foreign markets.

"But confidence in the Administration, which had been shared by our farmers and also our customer around the world, has been shattered by the embargo."

"Is there anything we can count on in 1976 as we make plans for planting next year's crop? Will it be a repeat of political manipulations to cut farm prices?" Harp asked. "U. S. producers deserve full parity for their production and we aren't getting it," Harp pointed out. "We believe it should be the policy of the Administration to help agriculture receive parity."

Calico Cowbelle Capers

This month has been a busy month for the Calico Cowbelle in which a number of activities and projects have been made and scheduled.

Our last meeting, October 8th, was held at Martin's Steak Gardens with guest speaker Dr. Tom Latta. He presented a documentary film on veterinary care and research. The film was most interesting and showed the problems and research of animals and control over sanitation and health for better environment. Mayor Coy Palmer attended the meeting and gave an exhortation to the Cowbelle.

The Cowbelle are planning an area wide holiday style show on December 6th at 11:00 A. M. at the Perryton Club. All area stores will be represented at this very special showing of lovely fashions and gift items. Door prizes will be awarded throughout the show and tickets will be available after Nov. 1st from any Cowbelle member.

The Texas Cowbelle convention was held in Fort Worth in a joint meeting with the Texas Cattle Feeders Association. The Texas and National Cowbelle were given much praise and gratitude for their work and dedication to the work being done on promoting beef. Also for their many letters to Congressmen and Senators in important legislative bills. The convention was the best one yet with Ms. Don Ater, President of the American National Cowbelle giving the opening address. She spoke of how each Cowbelle can do so very much in promoting interesting ideas and productive projects and how each Cowbelle appointed to an office or chairman of a committee can accomplish many great rewards by putting her whole heart to that goal. She said the nation will hear, we just need to present the truth. Special guest speaker was Jerry Clower of Yazoo, Mississippi presenting a talk on "The Greatest Decision of All." He gave humorous episodes of dealing with people uninformed of the cattle situation and a broad picture of the importance of promoting beef. Ellen Zawel, President of the National Consumers Congress gave a prepared speech on "It's Time Cattlemen Listen to Consumers". She stated supported facts that were not accurate with the U. S. D. A. Other speakers were George Schott, Manager of Public Relations, Merck Chemical Division, and Draper Daniels, Chairman of Draper Daniels Advertising.

Outstanding Cowbelle of the year went to Randy Haggood of Henrietta, Texas for her outstanding achievements and the timeless hours spent in

above and beyond duty of an officer.

Outstanding Club went to Happy for the many projects and fine work that had been done by each officer and Cowbelle.

Ms. Wayne Owens, State President, of the Caprock Cowbelle, presided over the business meeting. She assured each Cowbelle with welcome response that the tireless hours spent to each one's office was so deeply appreciated and the time spent was not in vain but richly rewarded by so many.

Those attending from Spearman were Ms. Bemice Brown and Ms. S. B. Sheets. Mrs. Roy Johnson and Ms. Don Townsend of Perryton, and Ms. Hugh Barton and Mrs. C. T. Duke of Booker also attended.

The next meeting will be held November 12th in Perryton with public announcement of place. The program will be on marketing futures. CALICO COWBELLE RECIPE OF THE MONTH

- 1 teaspoon cloves
- 2 teaspoons salt

Pare, core and chop the apples. Combine with remaining ingredients and simmer for 1 to 1 1/2 hours or until of the right consistency, stirring now and then to prevent sticking. Pack into sterilized jars and seal.

Beef certificates are now available at The First State Bank of Spearman and make excellent Christmas gifts by merchants to employees, by farmers and ranchers, or by anyone who desire to give a gift of beef. Beef certificates start at \$5.00 and may be purchased up to any amount. Another project of the Cowbelle is donations of beef certificates to Girlstown. Beef certificates make excellent gifts anytime to anyone.

THE OUTHOUSE

Much has been written and even more has been said on the subject of the outhouse. Sometimes called a privy, toilet, or outdoor toilet, and of course other names we can't mention here, it has been the brunt of many jokes, pranks, and acts of downright meanness. But forget all that if you can and let's take a sober look at it in this brief narrative.

The outhouse for a standard household was usually a "two holer" measuring about 4' X 5' in floor space. The simple structure was usually of rough lumber, unpainted. There were four walls, a wood floor and a roof. There was only one door and no windows. Across the back wall was a bench with closed-in front, standing about 18" high. In the top of the bench were cut two round holes about 10" to 12" in diameter. Directly below the bench was the pit into which wastes were deposited.

The basic theory and construction were simple but most people added improvements as they could. For example, fold-down lids were sometimes attached to cover the holes when they were not being used. When the lids were open they

served as back rests. Some of the structures were made of brick or stone and some came complete with fancy door knobs and hinges, some even had their own kerosene lanterns. Nails were sometimes driven into the walls to serve as coat hangers. Wire hangers were fastened to the wall over which the catalog was hung (real roll type toilet paper was not a readily available commodity but the mail order catalog was a tolerable substitute). I am told that some folks cut the crescent moon shape above or in the doors but I honestly never saw an outhouse with it.

Ash cans or lye containers were standard fixtures in many outhouses. The lye was used to chemically treat the wastes and cut down on the odor somewhat, a process much like that of chemical toilets found at construction sites today.

When "inside" toilets or bathrooms in houses were becoming popular there were many skeptics who thought the idea would never catch on. Many did not even like the thought of indoor facilities. As one old rancher was heard to say one time, "I'll be darned if anybody is gonna do that in my house!"

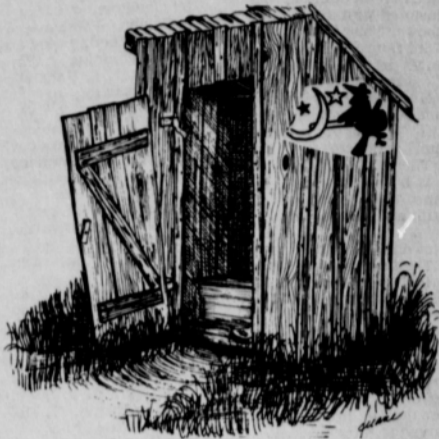

AUS TIN--Halloween is just around the corner, and the Texas Safety Association reminds you that it won't be long 'til the little ghosts and goblins celebrate their big night October 31. But too many children--and adults--have found the fun to be short lived because of carelessness or lack of aware-

ness. TSA offers this bit of advice for a happier Halloween.

- The Great Pumpkin can prove a greater disaster if you're not careful. If you use nature's product, the pumpkin, always instruct children to carve away from--not toward--themselves as they create Jack-O-Lanterns. As far as lighting the will-o-the-

OUTHOUSE

wisp is concerned, never use a candle in a plastic or cardboard pumpkin. In fact, a flashlight or other battery-operated light is even best for the natural pumpkin--it glows just as well, and is much less a fire hazard.

- Don't costume your little trick or treaters in flammable outfits. The use of crepe paper is an invitation to trouble, and probably won't survive a walk around the block even if it doesn't catch fire from a candle-powered Jack-O-Lantern. Choose costumes that do not restrict movement, and eliminate masks that obstruct the child's vision.

- Accompany the small fry when they go a-haunting. Even if you must stay near the street or hide behind a tree, they'll be safer from traffic and the possible sadist who would trick instead of treat the youngsters.

- Beware of any suspicious treats. Instruct your youngsters to refrain from eating anything until they have arrived home where careful inspection under the light can expose razor blades, glass, or other booby traps not so easily detected in the dark. Watch for unwrapped or tainted candy, fruit, etc. The sick minded can be most proficient at sabotaging a child's happiness.

- Be a responsible parent. Some children, especially older ones, may think fun consists of pranks alone. Know where they are going and what they plan to do. Be strict in your instructions to respect other's property rather than relating inflated tales of how much fun tricking was when you were young.

- Protect your own property. Leaving your car unlocked, in the street or driveway, is a temptation to the soap-wielder. Lock your car in the garage, and anything that could be carried away--garbage cans, lawn furniture and ornaments--should be put away, too. Prevention of vandalism is far better than trying to cure it after it happens.

- If you're in your auto, slow down and watch for the wee Halloweener. They may be having too much fun to watch for you --so don't spoil it for them or yourself!

Texas Safety Association doesn't want Texans to be "scared" of Halloween. The celebration should be fun for everyone--and it can be, if everyone does his part to keep this happy night from turning into a nightmare!

It's that time of the year! Halloween is here and it is still one of the finest (fonder) times of the year for most of the old timers. All of us can remember when on Halloween we turned over our first outhouse!

Your editor can remember when we ran an ad in the local newspaper for a real good pair of outdoor toilets for our golf course. Yours truly and E. J. Copeland were on the committee to inspect the best ones, and pick two for the golf course. I remember one of the best ones that we picked was from the Johnny Lackey Ranch at Old Hansford. This was an excellent outhouse and served the "lady" golfers at the golf course for years! It was a beauty.

Many of our younger children do not know what an outhouse was, and what it was like to turn one of them over on Halloween. So this story is dedicated to all of the gang who has been in on a "turning over an outhouse on Halloween!"
