Gibner celebrates 55 years as Lion

Butch 'Chicken Baker' is Lion of the year

District 2T-1 Governor Ed Thames was present at Ladies Night of the Spearman Lions Club Monday in the First United Methodist Church.

Thames inducted new Lions Club member Al LaRoche, and installed new officers T. Ray Robertson, Boss Lion; Elbre Hickerson, first vice president; Butch Baker, second vice president; Rich Melton, third vice president; and Cecil Biggers treasurer.

Thames spoke about Lions Club activities, stating that District 2T-1 was up 70 members in the past year and there are 1400 new members in the State of Texas.

The organization has 1.4 million members in the world.

The main project for the Lions Club is the Crippled Children's Hospital in Kerrville and Girl's Town at White Face.

Through the eye bank that District 2T-1 began, 700 people have had their eyesight restored.

Over 5,000 received transplants through the Lions Club International in the last year.

Another project the Lions Club enjoys is taking the girls

of Girl's Town on a Christmas shopping spree.

The plant at Kerrville now exceeds \$4 million dollars.

The Lions had 500,000 projects and spent \$250 million dollars in their communities this past year.

Attendance Awards were presented to Alton Ellsworth for 33 years; Oscar Donnell, 34; and Billy Miller, 30 years.

Clay Gibner, a charter member of the Spearman Lions Club was honored for 55 years service.

Frosty Hickerson gave the program on his experiences in New York City when he went to jewelry school.

Bob Queener gave the Lion's Badge to Butch Baker.

Burl Buchanan, retiring president presented the "Lion of the Year" award to Butch Baker.

Patients in Hansford Hospital are Emma Collins, W.G. Lusk, Doll Birdwell, Hal Shufeldt, Teresa Carey, Ida Wilmeth and Susan Thompson.

Dismissed were Anna McGary, Griselda Cervantes and daughter, Nadine Atchley, Cricket Giles, Michael Wood, Kim Nelson and Allie Bentley.

Robertson is new Boss Lion

City sales tax rebate down again

The City of Spearman received a check for sales tax rebate for sales made in April in the amount of \$10,398.53. This is down from \$11,356.88 for the same period last year. Total payments to date are \$98,764.12 which is down 4.51% from 1982 payments for the same period which was \$103,424.80.

The City of Gruver received a check for \$983.54 which is up from the \$577.16 for the same period last year. 1983 payments to date for Gruver are

\$19,216.94 up 24.9% from the \$15,280.96 for the same period last year.

"The cities who lean most heavily on oil and gas for their local receipts are still suffering, but the rest of the state is beginning to make up for the drops in revenue we saw earlier this year," State Comptroller Bullock said. So far this year, local sales tax cities have received \$353.5 million, less than the percent behind the \$364 million total paid by this time last year.

ROTARY PRESIDENTS — Taking over as presidents of the Spearman, Canadian and Perryton Rotary clubs for 1983-84 are (from left) Larry Trosper, Spearman, Gary Storey, Canadian, and Ron Filkins, Perryton. The three clubs held a joint installation Friday night at The Perryton Club.

Rotary clubs hold joint installation

The Rotary clubs of Perryton, Canadian, and Spearman held a joint installation banquet Friday night at The Perryton Club. In all, about 100 Rotarians and guests attended.

The Canadian Rotary Club served as hosts to the 1983 ban-

quet, with the Perryton organization in charge of entertainment. The three clubs have met together here in Perryton for the installation the last two years.

Installation of officers and directors was the main item of business, with LaWayne Hogan, president of the Pampa Rotary Club and the district governor's special representative for the top of the Panhandle, conducting the installation.

In Canadian, Storey replaces Jay Godwin at the helm of the club while in Spearman Trosper

replaces Mike Schnell.

Entertainment for the evening banquet was provided by vocalist Donna Sheppard, with accompaniment by Renee Lee. Mrs. Sheppard performed about a half dozen songs and

was joined by the out-going president of the Perryton club on a duet to "The Rose."

Theme for the 1983-84 Rotary year is "Share Rotary — Share People." The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and in particular to encourage and foster:

1. The development of acquaintance as an opportunity for service;
2. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations and the dignifying by each Rotarian of his occupation as an opportunity to serve society;
3. The application of the ideal of service by every Rotarian to his personal, business, and community life;
4. The advancement of international understanding; good will and peace through a world fellowship of business and professional men united in the ideal of service.

"He had a significant influence on both of us I think," the Rev. Boyd commented.

Upon completing his studies at Duke, the Rev. Boyd was first appointed as an associate minister at Polk Street United Methodist (but served there before the Rev. Trotter became the church's pastor.)

Next came a stint at Wolf-orth United Methodist Church near Lubbock, then Boyd pastored Elmwood West United Methodist Church in Abilene for four years before being assigned here.

The Boyds moved here a little over a week ago—Lane, Tamra, and their son Chris, an eight year old who will be in the third grade when school opens this fall.

The Rev. Boyd said, "Family hobbies include eating out and attending sports events. I take a few pictures occasionally, and I have been known to play golf, handball, racketball and softball."

"Chris enjoys playing soccer, baseball and the piano." Sunday morning before last was Boyd's first to preach from the pulpit in Spearman. After the service, the congregation honored the Boyds with a covered dish luncheon and an old fashioned "pounding."

The Rev. Boyd said their welcome to the Spearman church was a warm one, and Mrs. Boyd added, "The people have been very kind, and generous and friendly."

The Spearman church is considerably bigger than the one he pastored in Abilene, the Rev. Boyd revealed, and he said he is "real excited

about the opportunity to serve as pastor of the church here."

He said the church's radio ministry is a new experience for him.

"We're on the radio every Sunday morning at 8 a.m. with our Word and Music program and the 11 a.m. worship service is also broadcast. It's a new wrinkle to me, but I'm really pleased about it. We need to use all the media at our disposal to get the word out."

As for possible changes he might anticipate as pastor of the church here, he said, "First, we need to get acquainted. Then we'll learn the needs as we go."

He added "Youth ministry is an area we might want to emphasize—there's a number of on-going youth programs already. Maybe we need to strengthen them even more. But this is something we'll have to see as we become better acquainted with the church and its needs."

Tamra said other than the active role she'll play as pastor's wife, she, too, will have to wait until she is better acquainted, before she knows what other areas of service she might perform within the church.

She said at the Abilene church she taught a "parenting class" designed to make good parents better, and she and her pastor-husband co-led a marriage communications class. This was one way she could "use some of my training as a counselor in church work."

New Pastor is ex-Demon

Rev. Lane Boyd, Tamra and son Chris.

The new pastor of Spearman First United Methodist Church and his wife have a sense of humor—they both "admit" they used to be "Demons."

The question was, "I know you're good Methodists now, but what's this I hear—that you used to be Demons?"

"That's right," the Rev. C. Lane Boyd said, laughing.

With a grin, his wife Tamra added, "Yes, but we were also Methodists at the same time."

This light hearted moment during the interview with the new pastor was prompted by information he had put in his first issue of the church's news letter. The newsletter had stated both he and Tamra "grew up in Dumas," and that their parents still reside there.

They both attended and were graduated from Dumas High school, where the athletic nickname is "Demons."

Although he said they were "childhood sweethearts," they both attended McMurray College in Abilene and Tamra had already been graduated from McMurray when they were married in 1969.

"She was already out teaching, but I lacked one semester," the Rev. Boyd said, then added straight faced, "I married an older woman, you see."

At this, Tamra Boyd shook her head, then grinned again and winked.

Upon his graduation from McMurray, the Boyds moved to North Carolina where he could continue his studies at Duke Divinity School of Duke

University in Durham, N.C. Tamra, who had been graduated from McMurray with a degree in elementary education, taught second graders while they were in North Carolina, and also earned her Master's degree from the University of North Carolina.

As for his calling to the ministry, the Rev. Boyd said both he and his wife "grew up Methodists." Their parents were Methodist and they attended church regularly as children and youths.

He said both he and Tamra were "impressed by (the Rev.) Clifford Trotter, who as Methodist pastor in Dumas during our junior high and senior high years, and is now pastor of Polk Street United Methodist Church in Amarillo."

Farm leader travels to Washington

Perryton's Robert Graves, who serves as vice president of the Texas Wheat Producers Association, has just returned from Washington D.C. where he and 15 presidents of the major wheat producing states assembled to head off an action by the administration to freeze the target price of wheat at \$4.30 per bushel for the next two years.

"The farm bill calls for the target price to rise to \$4.45 in 1984 and to \$4.65 in 1985," said Graves. "This means the farmer is being asked to lose \$5 per harvested acre in 1984 and \$14 per acre in 1985."

The Wheat Producers Association's delegation and the majority of wheat states took a position that farmers had obtained the present plan by a hard fight and that the present farm bill should be continued. Secretary of Agriculture John Block met with the national wheat producer presidents and presented the administration's position by saying that the PIK program was drawing a lot of fire from all over the country.

"The Secretary stated that the PIK program could not have been sold to the administration until it was shown that it would be used to reduce the growing surpluses in storage and to cut down on the growing costs

of storage. He is very disappointed that such a large expenditure of money will not result in a larger lowering of the carry over stocks," said Graves. The Perryton farmer represented the state of Texas at the meeting as the Texas president of the association could not attend.

"He was asking that our organization support him and the administration by backing the price free action," Graves continued.

The farm group also met with leading farm committee members of Congress. Some of those present were Chairman De La Garza, Glen English, Charles Stenholm, and Ross Wilson, legislative aide to Jack Hightower. Graves also contacted Senator Dole's office. Dole serves as a member of the sub-committee on agriculture production, marketing, and stabilization of prices. John Gordley, aide and spokesman for the Kansas senator, told Graves that the present PIK program is bringing adverse criticism to the administration. "The figures they are kicking around are \$12 billion in grain that was in the reserve with possible outlay of \$30 billion to \$40 billion for agriculture in 1983. Their eye is on the coming election and writing a new farm bill in 1985."

Graves met with Congressman Hightower and also contacted the office of Kent Hance.

"The National Association of Wheat Growers take the position that a target price reduction is a foot in the door for less money to the wheat producer," said Graves. "We take a long term objective of reducing carry-over stocks to the 600 to 800 million bushel level which would result in a price increase at our local grain elevators." Graves said that he urges others to speak out and try to beat down the administration's action.

County takes 4-H top honor

Wednesday and Thursday, June 15 and 16 at the Bill Cody Arena in Amarillo, sixteen Hansford County 4-H'ers took top honors at the District 4-H Horse Show.

Jon Garnett was named All-Around in Judged events which included Showmanship, Halter, Western Pleasure, Western Pleasure, Western Horsemanship, and Western Riding. Andrea Archer took All-Around in the Timed events which included Poles, Barrels and Stake Race.

This was a first for Hansford County 4-H'ers in the annual event which qualifies 4-H'ers to participate in the State 4-H Horse Show.

Other placings were as follows: Showmanship--Jon Garnett--6th; Deana Turner--9th.

Halter--Registered Mares over 5--Shelly Dunnahoo--3rd; Bonnie Jarvis--7th; Amy Smith--10th.

Registered Mares under 5--Tammy Savage--1st.

Registered Geldings 5 and over--Will Jarvis--2nd; and RESERVE GRAND CHAMPION; D'Lynn Orr--10th place.

Hunter under Saddle--J Garnett--1st, Jon Garnett--2nd; Will Jarvis--

3rd; Mark Garnett--5th; Deana Turner--7th.

Hunter Horsemanship--Deana Turner--1st; Jon Garnett--4th; Will Jarvis--5th; Mark Garnett--7th.

Reining--Anne Marie Jarvis--3rd; Deana Turner--7th.

Western Pleasure--Mark Garnett--1st; Jon Garnett--2nd; Deana Turner--3rd; Will Jarvis--4th; Anne Marie Jarvis--10th.

Western Riding--Anne Marie Jarvis--2nd.

Western Horsemanship--Jon Garnett--2nd; Anne Marie Jarvis--6th; Mark Garnett--7th.

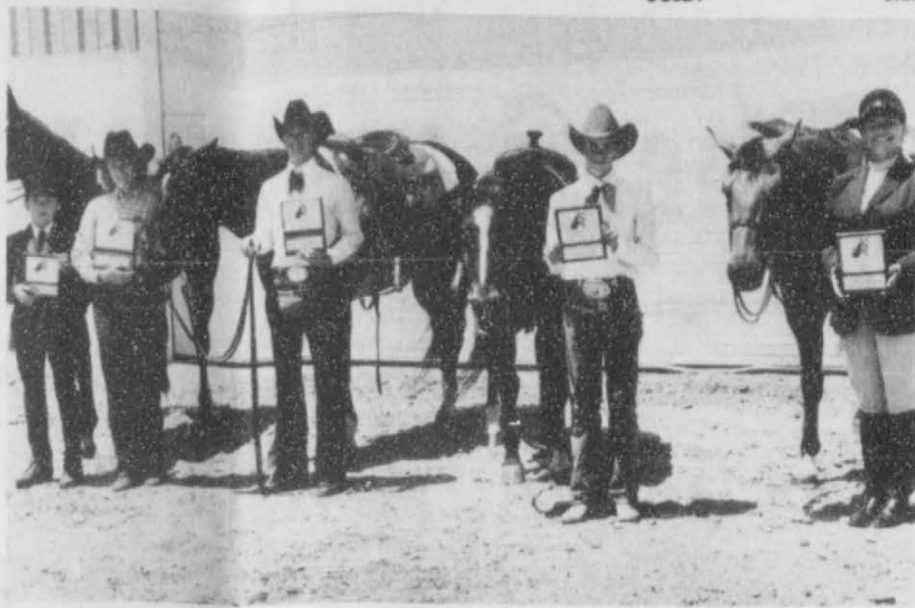

Poles--Andrea Archer--1st; Mark Eakin--5th.

Stake Race--Mark Eakin--6th.

Barrels--Andrea Archer--1st; Mark Eakin--4th.

Hansford County qualified seven out of the twenty eligible to go to the State 4-H Horse Show. Those qualifying were Jon Garnett, Andrea Archer, Will Jarvis, Anne Marie Jarvis, Deana Turner, Mark Garnett, and Mark Eakin.

Others who will attend the State 4-H Horse Show in Open Events are J Garnett and Tammy Savage.

Shown above are Hansford County 4-H'ers at the District 4-H Horse Show, June 15-16, 1983 at the Bill Cody Arena in Amarillo. J. Garnett, 1st in Hunter under Saddle; Andrea Archer, All Around Timed Events; Jon Garnett, All Around Judged Events; Mark Garnett, Western Pleasure; and Deana Turner, Hunter Horsemanship.

Buchanan sees resolution of cattle problem

Dumas State Rep. J.W. "Buck" will be headed back to Austin this week to take part in state legislative action on a brucellosis control bill and a bill to continue the Texas Employment Commission.

After hinting that he would call a special session Thursday, Gov. Mark White did call one Friday.

Officially, White has said that a bill to increase teacher salaries might come up in a second special session but Buchanan doubts if any action can be taken in time to act before the start of the upcoming school year.

"They're setting up a committee to look at the whole education system," Buchanan explained. "They'll have hearings. It should take more than a month. I don't see anything changing now before September."

Buchanan feels the brucellosis control bill should pass. "It only failed by one vote in the senate last time," he said. "I think they can pick up one vote."

Moore county and northern Panhandle ranchers are particularly interested in the state passing a brucellosis control bill that will be acceptable to the U.S. Department of Agriculture.

Sale of breeder cattle has continued despite threats of a federal quarantine but some herds have been sold before fully fattened and border livestock commissions report some concern over accepting Texas breeder cattle.

One herd had to be tested for brucellosis before being shipped to Nebraska. A quarantine was imposed but halted by court action when the legislature failed to pass a brucellosis control bill in the regular session.

Buchanan predicts the special session will take a week to 10 days to complete

Steer valuation June 28

All steers that will be shown by 4-H and FFA members for the coming year must be validated on June 28. The steers will be validated at Val Winger's, Gruver on June 28 from 7:30 a.m. til 10:00 a.m. There will be a charge of \$2.00 for each steer.

For more information contact the County Extension office at 659-2136 or 733-2901.

**CARD OF
THANKS**

Just a note to say thanks to
all the many people who
helped us look for our dad and
granddad, Mr. Garrett on
Sunday, May 29. We appreciate
your concern so much. Thanks
also to the doctors and nurses
at Hansford Hospital who were
so good to him and to all of the
family during his stay there.
The Family of Elvin Garrett

We would like to express our
sincere appreciation for the
many acts of kindness shown to
our loved one, Elva Lee Barkley,
during her illness and to us
during this time and at her death.
Your visits, prayers, cards,
flowers, memorials help to
sustain us in our time of sorrow.
Freeman Barkley
Lowell Sheets
Durland Sheets

Indecision is costly but
hasty action sometimes
costs more.

Summer, 1983

The summer solstice
arrives midway between
spring and fall equinoxes.

The first day of sum-
mer, 1983, is June 21.
Summer lasts until Sep-
tember 23, the first day of
autumn.

The hottest days will
come-if weather follows
the traditional pattern--
after the longest day of
the year (June 21).

This is because the
earth stores heat in the
days when the sun shines
longest. By July and
August, the earth has
stored great quantities.

Summer means vaca-
tions for students and
most adults.

To make 1983 different,
drive safely and reduce
the death rate; it might
include you.

Engagement Announced

Mr. and Mrs. Bobby Lesly of 720 Cotter Dr., Spearman announce the engagement and approaching marriage of their daughter Angela Denise to Michael Henry Grotegut, son of Mr. and Mrs. Henry Grotegut, Gruver.

The couple are planning an August 20, 1983 wedding at the Sacred Heart Catholic Church in Spearman.

The bride-elect is a 1981 graduate of Spearman High School, and for the past two years attended Amarillo College and was employed in Amarillo. She is a member of Paramount First Christian Church.

The prospective bridegroom is a 1980 graduate of Spearman High School and has attended Texas Tech University of Lubbock, majoring in Agriculture Economics, for three years. The couple will make their home in Lubbock.

Arts & Crafts Guild Meets

The Arts and Crafts Guild met Friday, June 17th in the home of Blanche Fuller. Present was Mrs. Deta Blodgett, Sada Hoskins, Athalie Traylor,

Jewel Turner and the hostess, Blanche Fuller. Margaret Gibner will be club hostess June 24th at the Cattleman's Restaurant.

Guymon to host "B" only tennis tournament

June 25 has been selected as the date for a new type of tennis tournament in Guymon. This tournament will be unique, as it will be limited to "B" level men players only. Tournament directors Kevin Cunningham and Warner McKinnon explained the need for such a tournament stating that most tournaments tend to give preferential treatment to the "A" players. Consequently, "B" players are typically given the worst courts, the worst times to play, etc.

Cunningham continued, saying that probably more players fall in the "B" category than any other classification, and that it seemed time for someone to offer a tournament which was geared specifically toward this group. McKinnon added that in this tournament, the "B" players would be the top group, and thus they would not be shuffled around to accommodate a small group of "A" players. This tournament is designed for the weekend athlete and

recreational tennis player who may not be able to play as often as he might like. This tournament will also offer a good opportunity for improving beginners to try their hand at tournament tennis, without the large number of people which bigger tournaments usually produce.

Both men's singles and doubles will be held, with trophies being awarded to first and second place finishers in each event. Entry fees will be \$6.50 per person per event. All matches will be the best 2 of 3 sets, with the 9 point tie-breaker being used at 6 games all in any set.

To enter or obtain more information, call either Kevin Cunningham at 338-3426 or Warner McKinnon at 338-2035. Entry deadline will be midnight, June 23.

If this tournament goes well, it is anticipated that there will also be an "A" only men's tournament, as well as similar events for women later this summer.

Reading Rodeo program underway

Reading Rodeo, the summer reading program at Hansford County Library is now well underway. A lot of reading has been going on at the library and in the homes.

There will be two more Tuesday morning film shows for school age children. They will be held from 10:30-11:30 on June 21 and June 28. Reading Rodeo will end with a swimming party which will be held at the pool sometime during the week of July 4.

Children who are planning to design "Lasso a Good Book!" bookmarks need to get them in. They'll be judged around June 30 and the winners announced at the pool party.

All families participating in the reading program should report their home reading to Librarian, Rita Curtis. She will decide which family is most deserving of the free pizza for the most "family-reading-togetherness."

Keep rounding up those good books!

Don't worry too much about your boy or girl - just be sure their parents set them an example worth following.

Equality does not always produce peace; when everyone is equal, someone is sure to make a bid for power.

Five local students on Tech honor roll

LUBBOCK - More than 2,200 students at Texas Tech University qualified for the dean's honor rolls in the university's six colleges during the 1983 spring semester.

Students making the honor roll included the following from Spearman: Dawn D. Baker, 30 South Brandt; Eadie A. Clemmons, 712 Steele Drive; Mary A. Martin, 716 Gibner; Paige L. Mitchell, Box 663; Shelley A. Mitchell, Box

663. To qualify for a dean's honor roll, a student must have a grade point average of 3.5 or more on a 4.0 scale and must have taken 12 hours or more of classes.

Texas Tech has an enrollment of almost 23,000 students in six colleges: Agricultural Sciences, Arts and Sciences, Business Administration, Education, Engineering and Home Economics.

Lake Meredith July 4th festivities

Lake Meredith schedule of events for the July 4 weekend include a professional ski exhibition, model airplane air show, hot air balloons and Amateur Bluegrass & Western Music concert on July 3.

July 4th activities include a boat parade, forming at 12 noon at the Marina, professional ski exhibition, model airplane air show, hot air

balloons in the afternoon and at 8:30 the Magic Plains Art Council Dramatic Presentation (Sanford Yake Picnic Area), a community patriotic musical and the climax at 9:30 the largest ever Fireworks over Lake Meredith.

For further information you may contact the Lake Meredith Museum, Box 758, Fritch, Tx. 79036, 857-2458.

Wedding Planned

Mr. and Mrs. Howard Hinton of Dumas, formerly of Gruver, recently announced the engagement of their daughter, Shelley, to Kyle Beedy.

The prospective groom is the son of Mr. and Mrs. Bradford M. Beedy of Spearman.

The wedding is planned for

August 13 at First Baptist Church of Gruver.

Miss Hinton will graduate from Texas Tech University, Lubbock, in December with a major in fashion merchandising. She is a member of Delta Gamma sorority. Beedy is a petroleum engineering major at Tech and a member of Phi Delta Theta fraternity.

Tristate Twosomes meeting held

Mother of triplets Mrs. Leona Headlee of Perryton, Texas was guest speaker at the June 9 meeting of the Tri-State Twosomes, Area Mother of Twins Club. Mrs. Headlee's girl triplets her third, fourth, and fifth children are now 36 years old. Mrs. Headlee spoke of experiences she had with her triplets. Then there was an interesting discussion following.

There were nine members and one guest present at this meeting. The meeting was held at the Reddy Room in Guymon, Okla.

Our next activity will be a luncheon at the Cattleman's Cafe in Spearman, Texas June 18 at 12:30 p.m. Tri-State Twosomes will meet with members from the Canadian Panhandle Pairs Club, Amarillo Area Mothers of Mu' tiples Club plus some special guests from the Perryton area. For more information; please call 806-339-7109.

Police Chief D. J. Alberts congratulates Sgt. Joe Raper on promotion.

**Meet your Police Dept.
Raper promoted**

Joe Raper has been promoted to Police Sergeant according to an announcement by Spearman Chief of Police D.J. Alberts.

Raper, who had been serving in Spearman Police Department as a patrolman since coming here from Dimmitt Police Department last November, was promoted effective June 13 Alberts said.

A long time resident of Dimmitt and a graduate of Dimmitt High School, Raper was graduated from Police Academy in Amarillo. In addition to his law enforcement experience gained working in Dimmitt and Spearman, Raper has completed some 496 hours of specialized training for law enforcement officers.

He is Spearman Police Department's radiological defense officer and an instructor for emergency management, having attended federal emergency management association classes in Amarillo.

A few of the other courses of study he has completed include arson investigation school, advanced criminal investigation, survival school and radar school.

Patrolman Dale Johnson is one of the newer members of Spearman Police Department, coming here on March 21 from Dimmitt Police Department, but he is an experienced officer with more than seven years of law enforcement experience.

Johnson was a long time resident of Odessa and was graduated from high school there. He attended Wayland Baptist College in Plainview where he was graduated with a degree in law enforcement in 1976.

From 1976 to 1979, Johnson served with Plainview Police

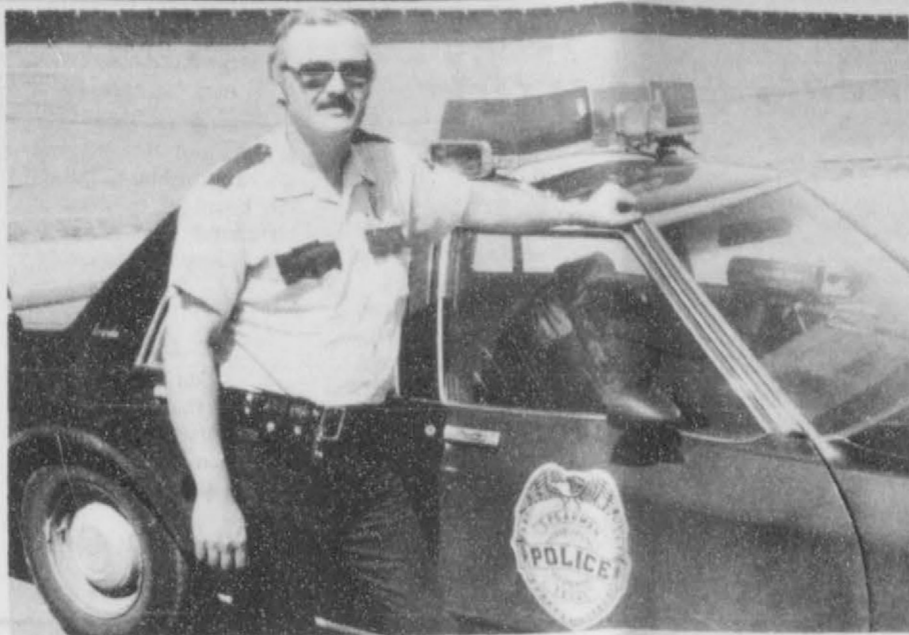

Department, then moved to Olton to serve with the police there. When the Olton police chief moved to Dimmitt and took over as chief there, Johnson went with him and served there as patrolman until moving to Spearman.

Besides his college courses and the experience he has gained working as a law enforcement officer, Johnson has also completed some 600 hours of formal law enforcement schooling.

Shirley Mize is one of the newest members of Spearman Police Department. Shirley came to Spearman from Farmville, La. where she had worked as a secretary. She was part owner of Ball Park Franks here.

Shirley works various shifts as dispatcher. She said she loves her work, which includes handling all calls at the police switchboard and dispatching units of the police, fire and ambulance departments.

"It's an exciting job," she said.

County produces 519,409 barrels crude oil

DALLAS—Texas Mid-Continent Oil & Gas Association reports that an 11th consecutive year of production at the maximum effective recovery rate in nearly all of Texas' oil fields kept 1982 petroleum production in the state above the 900-million barrel figure.

Avery Rush, Jr., chairman of the Dallas-based Association, says that figures compiled by its staff show the total petroleum output of 901,910,343 barrels included 871,780,379 barrels of crude oil and 30,129,964 barrels of condensate from wells in 214 of Texas' counties.

Crude oil and condensate production last year was 26.8-million barrels below the 1981 figure, a drop of 2.9-percent. This compares with a 3.3-percent drop in 1981 production from the year previous, Rush said.

Rush, of Amarillo, noted that this percentage drop of less than three percent was the smallest in the last half-dozen years. He said he was encouraged by the continuing trend of a slowing in the rate of decline.

"The fact that 1982 production stayed above the 900-million barrel mark is attributable directly to the spectacular drilling boom in Texas during the last five years. We have drilled almost 99,000 wells since 1977, with nearly 50,000 of them drilled in 1981 and 1982," Rush said.

"An economic and regulatory climate that will encourage a continuation of this high level of drilling activity is vital to the best interests of our state and nation. As the free world's economy continues to improve, the demand for petroleum energy will increase. This need for more oil and gas is one that must be filled in significant measure by production from Texas wells," Rush added.

Also in a positive vein, 1982 production pushed the state's cumulative production total since 1866 to more than 47.5-billion barrels. However, for the 10th consecutive year, crude oil and condensate production

in the nation's No. 1 energy-producing state was down after peaking at nearly 1.3-billion barrels in 1972.

Hansford County, which has had recorded production since 1937, last year produced 519,409 barrels of crude oil and condensate at the rate of 1,423 barrels per day. Production in 1982 boosted Hansford County's production total through the end of the year to 30,857,578 barrels.

PARENT GUIDE

By Nancy Moore Thurmond (Mrs. J. Strom Thurmond, author, *Mother's Medicine*)

Fears may begin the first year of life and continue through puberty. When a person experiences fear, his body is flooded with adrenalin, making the heart beat faster.

Energy is released in an effort to burn up the anxiety. Fear and dread may originate with a frightening, disconcerting experience, such as a bad dream, a scary story, a blood-curdling, hair-raising television program.

It is best not to frighten kids with cruel fairy tales, or with threats of the bogeyman or the devil. Unfortunately, some kids believe what they hear just as some adults believe all that they read in the newspapers.

Often a child throws a fit when one or both parents get ready to leave, clinging to them like a leech for all he is worth. This fear of separation and dread that the parent will not return is normal.

BIBLE VERSE

"This is the confidence that we have in him: that, if we ask anything according to his will, he heareth us."

1. Of whom is the writer speaking?
2. Who is the author of the above statement?
3. By what term was he known?
4. Where may this statement be found?

Answers to Bible Verse

1. Of Jesus Christ.
2. John the Apostle.
3. The "disciple whom Jesus loved."
4. I John 5:14.

A marine catfish can taste with any part of its body.

PUBLIC NOTICE OF INTENT TO CHANGE RATES

Notice is hereby given that NORTH PLAINS ELECTRIC COOPERATIVE, INC. (the "Utility") intends to change rates for electric utility service effective July 22, 1983, or as soon thereafter as permitted by law. The changes are applicable to all areas to which the Utility provides electric utility service. All classes of customers are affected by the proposed changes. The Utility expects that the proposed schedule of rates will furnish an additional 15.9% in revenues as compared to the amount of revenue furnished by the existing schedule of rates.

The Utility intends to change its service rules and regulations including rules relating to obtaining service, line extension and line extension charges, the provision of electric service, service fees, and discontinuance of service.

Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change, the effect the proposed change is expected to have on the revenues of the Utility and the classes and numbers of Utility consumers affected is on file with the Public Utility Commission of Texas, and the municipalities of Canadian, Spearman, and Perryton.

The Statement of Intent is available for public inspection at the general office of the Utility located at Perryton, Texas.

It's time to top off your tanks!

Are you ready for a busy harvest season? Fill up now!

Once the harvest starts you're going to be mighty busy. And you are going to be using diesel fuel and gasoline in huge quantities, depleting your supplies fast. We do the best we can to give you extra fast service when you need it during harvest, but sometimes we have to face the fact that we can't be everywhere at once.

That's why we urge you to check your diesel fuel and gasoline storage now. Let us top them off if there is the slightest chance you could run low during harvest. It's better to be safe than to sweat it out during the most important time of the year.

So, check those tanks and give us a call today if you need us. Top 'em off now and you'll be ready for harvest when your crops are ready.

You don't have to be a member
Everyone welcome.

Standing together.
Standing strong.

Visa & Master Charge Welcome.

This Land Is Your Land

Garry Mauro
Texas Land Commissioner

The General Land Office, even though it is a state agency, must be run like a business because of the various activities and responsibilities of the office.

After my first six months in office, I have found that most of the gas produced from state-owned lands comes under the jurisdiction and supervision of this office. The state has been permitting leases of state-owned land to sell gas at wholesale prices and pay royalties to the state based on these prices. In turn, the same gas is then being sold to various state entities at retail prices.

I intend, through an innovative program, to make gas available to state agencies at a much lower price than they are paying today and also increase the amount of money received by the Permanent School Fund of the State of Texas. I feel that I can save the state some \$20,000,000 a year and still make an additional \$50,000,000 in revenue for the Permanent School Fund.

For example, the state offices in Austin are paying an average \$4.27 per MCF for natural gas. Our public universities and colleges in Texas during 1982 paid an average of \$3.98 per MCF. Some are currently paying as high as \$5.00 per MCF for gas. The current average price paid to the state for gas produced from state-owned lands is approximately \$3.00 per MCF. If we can save state agencies and institutions money paid for utility bills through direct sale of natural gas produced from state-owned lands, this will benefit every taxpayer in the State of Texas. It will also increase the amount of money going into

the Permanent School Fund which helps the public schools of Texas.

Municipalities in Texas will also have the opportunity to enter into a contract with the state for the purchase of natural gas. By providing the lower priced gas to cities, utility customers in those areas will be able to directly benefit from the state-supplied natural gas through lower utility bills.

By undercutting the price currently paid by institutions and agencies for their natural gas, the state will be able to increase its profits above what is currently being earned. Eliminating the middleman and selling large volumes of gas will provide additional money for the benefit of the school children of Texas. It will also lower utility rates for those cities contracting for the cheaper gas.

The General Land Office earned more than \$406 million in 1982 from the oil and gas royalties on state lands. Rentals and bonuses paid on state-owned mineral leases added another \$90 million. By direct sale of natural gas, we hope to increase these figures by an additional 10 percent.

As your Land Commissioner, I intend for this agency to be run in an efficient, businesslike manner. Every penny we raise from our public lands is money which does not have to be raised through tax dollars. An aggressive program by the state in the natural gas market is one way we will better serve the taxpayers while providing additional money for the future of the school children of Texas.

Donations needed

The Spearman Chamber of Commerce will sponsor the community fireworks display on the 4th of July. Jars will be placed in several businesses in town to help pay for the fireworks. All donations will be greatly appreciated.

Ethel Campfield rites held

Ethel Campfield, 85, of Canyon, died Sunday. Mrs. Campfield was a former resident of Spearman and the sister of Mrs. W.R. Greever of Spearman.

Services were at 2 p.m. Tuesday at First Methodist Church in Canyon. Burial was in Dreamland Cemetery by Schooler-Gordon Funeral Directors in Canyon.

Mrs. Campfield was born in Indian Territory, Okla., and had been a Canyon resident

for the past 45 years, moving there from Spearman. She was a member of the Easter Star and the Loue Lester Past Matrons.

She also was a member of the Palo Duro Mother-in-Law Club, the American Legion Auxiliary, the Woman's Book Club and the Women's Society of Christian Service. Mrs. Campfield was a member of the First United Methodist Church. She married Harry Campfield in 1925 at Canyon.

He died in 1978.

The Campfields lived in Spearman during the years of 1920-1930. Mrs. Campfield taught in the Spearman school and Mr. Campfield was the depot agent.

Survivors include two daughters, Mrs. Leroy Krause of Cupertino, Calif., and Mrs. Eugene Bonds of Canyon, a son, Harry Campfield of Canyon; three brothers, V. Lee Matney of Amarillo, John Matney of Woodward, Okla., and Roy Matney of Amarillo; three sisters, Billie Voorhees

of Riverside, Calif., Ruth Stotts of Cottonwood, Ariz., and Mrs. W.R. Greever of Spearman; eight grandchildren and four great-grandchildren.

The human body will stand so much and no more; young people should learn not to abuse their strength if they want to live a long time.

Mobile/Manufactured Homes Now Eligible For FHA Long-Term Mortgage Financing

By Lisa Drake
Consumer Affairs Advisor
Manufactured Housing Institute

In a landmark move that will broaden home-ownership opportunities for American families, the Department of Housing and Urban Development (HUD) announced recently that mobile/manufactured homes are now eligible for long-term mortgage financing under the Title II program of the National Housing Act.

FHA Title II financing provides mobile/manufactured home buyers with higher loan limits, lower interest rates (usually two percentage points lower) and longer payback periods. The new rules apply to mobile/manufactured homes placed on approved permanent foundations and sold as real property.

"This major financing breakthrough will greatly improve the attainability and availability of affordable housing for a growing number of our citizens," according to Wallace J. Conner, Chairman of the Board of the Manufactured Housing Institute (MHI).

In making its announcement HUD stressed:

- Developments in design have made mobile/manufactured homes more durable and acceptable in residential neighborhoods.
- Revision of local zoning policies in many states permit wider use of this type of housing.
- Permanently sited mobile/manufactured homes now appreciate in value.

MHI Chairman Conner urged prospective mobile/manufactured home buyers to check with local banks, savings and loan associations and HUD offices for details on this new financing option.

"Tying Up Fashion" is this year's theme for the annual Clothing Workshop. Four counties, Hansford, Hemphill, Lipscomb, and Ochiltree have planned a unique workshop for area 4-H'ers and interested youth. Everyone is invited to participate and bring a friend.

It will be held at the First Methodist Church in the Fellowship Hall on June 24. Registration will begin at 9:45. Drinks will be provided, so bring a sack lunch. It will conclude around 2:30 p.m.

We think we have planned a good and interesting time for everyone. Listed below is the schedule. Be sure to place the date on your calendar and bring a friend.

9:45 - Registration
10:00 - Introduction - Icebreaker
10:15 - Walking in Style
10:45 - Tying Accessories into Your Wardrobe
11:15 - Lunch - Sack Time
11:45 - Super Snacks to be Fashion Fit
12:15 - Tying It Up With Belts

12:30 - Tying Workshop
1:00 - Underneath It All
1:15 - The Finishing Touch
2:00 - Hair - All Tied Up
2:30 - Conclusion

For more information contact the local County Extension office - 659-2030 or 733-2901.

One of the great defects of human life appears to be that as soon as man is old enough to know anything much, his life ends.

MONKEY BUSINESS
 MIAMI -- About 3,000 rhesus monkeys who lead a free-swinging lifestyle on two islands in the Florida Keys are an environmental menace, polluting the water of their subtropical paradise and denuding the mangroves, a study says.

HANDS OFF
 NEW YORK -- A broad group of religious leaders, including Roman Catholic bishops and conservative Protestants, urged Congress recently to ban attempts at human genetic engineering, which one minister called "the ultimate presumption."

CHILD SUPPORT
 Seventy-nine percent of divorced fathers nationwide do not support their children, according to a report released by the House Select Committee on Children, Youth and Families.

BIRD OR SNAKE?
 AUSTIN, TEXAS -- A bird building a nest or a snake crossing the wires may have caused the blackout that affected half a million people in Austin and the surrounding area, officials said recently.

In Fashion

All cotton, cotton blends and linen are the most popular fabrics found in men's shirts for cool comfort. Shirts in these fabrics are shown in solid as well as striped seacoast colors. Another summer classic is the short-sleeved knit shirt in the ever-expanding choice of colors.

ACID RAIN
 Reagan administration researchers acknowledged for the first time recently that pollution is the most likely cause of acid rain, and that it threatens much more of the nation than just New England.

LESS LEAD
 BOSTON -- The amount of poisonous lead in people's blood fell dramatically during the late 1970s, probably because of declining use of leaded gasoline, a federal study concludes.

Senator Bill Sarpalius Reports

Reports

THE REALITY OF DWI

AUSTIN — The Governor has signed into law a bill which all Texans can be proud of. The signing of Senate Bill One, a bill we authored and sponsored, represents a significant step toward increasing the safety of motorists who travel the roads and highways of Texas.

The new DWI law will go into effect January 1, 1983. The new measure calls for tougher penalties for repeat DWI offenders and it encourages alcohol rehabilitation. The new law also eliminates deferred adjudication, which in the past, allowed offenders to keep their record clean by serving probation without committing another offense.

We believe the tougher penalties, which will be assessed against DWI offenders beginning next year, will discourage intoxicated persons from getting behind the wheel of an automobile. Under the new law, the courts will be allowed to suspend a motorist's license for up to one year on the first DWI conviction if the offender refuses to participate in a DWI education course. A second offense can result in a suspension of six months to two years.

A first time DWI offender will face a possible maximum fine of \$2000 and a jail term up to two years. A first time offender can receive probation without going to jail by participating in an alcohol or drug dependency evaluation and by completing other necessary conditions of probation.

Jail time will be mandatory for repeat offenders. Second time offenders will face jail time of from fifteen days to two years and a fine of from \$300 - \$2000. On a second DWI conviction, a person will have to serve at least three days in jail as a condition of probation.

A third time offender will face from thirty days to two years in the county jail or from sixty days to five years in the Texas Department of Corrections and a fine of from \$500 - \$2000. On a third conviction, a person will have to serve at least ten days in jail as one condition of probation.

Penalties will be further enhanced in DWI cases involving death or serious injury.

Juveniles who are arrested for drunken driving will lose their license after their offense unless they take a DWI education course. After a second DWI conviction, a juvenile will lose his or her license for a year or until he or she reaches the legal drinking age, whichever is longer.

The new law also includes a new definition of intoxication. A person will be

considered legally drunk if a test for alcohol in the blood shows a concentration of 0.10 percent or more. Studies indicate that anyone with a 0.10 percent blood alcohol level is too drunk to be driving.

The new law makes refusal to be tested for alcohol in the blood admissible as evidence in court. The new measures are designed to keep drunken drivers off of our streets and highways and encourage them to seek help in alcohol treatment programs.

We believe the new law will help save the lives of innocent victims across the state. Statistics show that from 1976 to 1981, fatal accidents in Texas increased by 48%, and 79% of the fatalities were caused by drunken drivers.

If you have any questions about the new law, please write Senator Bill Sarpalius.

P.O. Box 12068, Austin, Texas 78711.

RECIPE

By Sarah Anne Sheridan

Hot Dogs & Sauerkraut

- 1 lb. hot dogs
- 2 T margarine, melted
- 2 T minced onion
- 2 c drained, canned sauerkraut, packed
- ½ c sour cream
- ½ t paprika
- 1 T chopped parsley

Cut each hot dog into 5 diagonal slices. In skillet over medium heat, cook onion and hot dog slices in butter 5 minutes or until onion is tender and hot dog slices are slightly brown.

Rinse sauerkraut; drain well; add to hot dogs. Simmer, covered, 5 minutes, stirring occasionally. Stir in sour cream, paprika. Serve garnished with parsley.

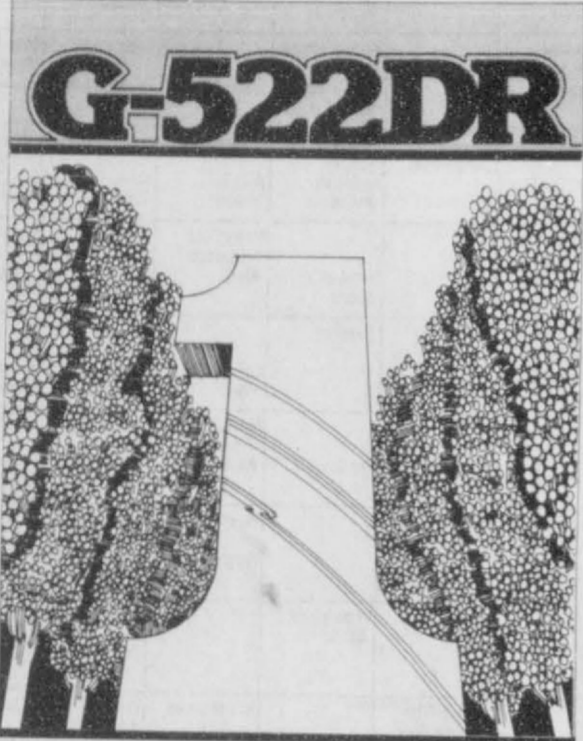

Makes 4 servings.

Dessert Tip: Combine in saucepan, 1 teaspoon cornstarch with 3 tablespoons granulated sugar, 1/8 teaspoon each of salt and cinnamon, 2 tablespoons lemon juice, ¼ cup orange juice and 2 cups fresh blueberries. Stir and simmer until sauce is thickened and deep purple; cool. Makes enough for 6 servings.

Don't settle for less than number one.

Funk's G-522DR is the number one selling grain sorghum hybrid in the country...for a lot of good reasons. It's a very reliable high yielder, with the ability to come through with good production even under tough conditions. It's tropically adapted and resistant to sorghum downy mildew, anthracnose, and head smut. Plus, it's tolerant to Maize Dwarf Mosaic Virus (MDMV). Be sure to plant plenty of G-522DR...and plant Funk companion hybrids, too. All are available as HERBISHIELD® or regular seed.

G-611. Here's a high-yielding hybrid with all-around performance. It's tropically adapted with resistance to sorghum downy mildew, head smut and anthracnose.

Performance you can bank on.

GOVERNOR DECLARES GREEN THUMB/S.T.E.P. DAY

Governor Mark White has made June 1 memorable for almost 2000 hard-working older Texans by designating it as Texas Farmers Union Green Thumb/Senior Texans Employment Program Day in the state.

Citing the "meaningful employment opportunities" offered by the two senior employment programs since the early 1970's, the Governor signed a special proclamation during ceremonies at the Capitol.

Texas Farmers Union has sponsored the Green Thumb program in Texas since 1970. The largest and oldest federally-funded senior employment program, Green Thumb has more than 17,000 enrollees nationwide, including 1,059 in 108 Texas counties.

In 1973, the Texas Legislature adopted a TFU proposal to establish the Senior Texans Employment Program (STEP), which now receives both state and federal support through the Texas Department on Aging. STEP employs 930 workers in 122 counties.

Governor White said that through the two programs, STEP and Green Thumb workers "have found a new lease on life and have made major contributions to their communities."

"Citizens of Texas are grateful for the rejuvenation of their rural areas and the reclamation of lost manpower these programs provide," the Governor said.

The programs place workers aged 55 and over with senior centers, schools, libraries, and municipalities to furnish services that would not otherwise be available.

TFU President Mike Moeller, who attended the signing ceremony along with officials from both programs and the Texas Department on Aging, said Governor White's proclamation "is clear evidence that the new leaders of this state value our strong rural heritage, and the past and future contributions of older Texans."

Moeller emphasized that STEP and Green Thumb are "true self-help programs designed to serve those who have the most faith in the work ethic and in the nation itself... older workers."

"Most of these people were raised on farms and they know what it means to work. For them work isn't a necessary evil, a means to an end, for them it's a worthy end in itself," he said.

The two programs not only provide rural elderly persons with work and rural communities with much needed services, he added, but also actually save the taxpayers money.

"A study by the American Association of Retired Persons estimates that for every dollar going into senior employment, the government saves \$1.15 in benefits the workers could be receiving if they were unemployed," he said.

"So this recognition is not just for the idealistic purposes of these programs, it's also for the very real and practical advantages that accrue to all of us—rural and urban—as citizens and taxpayers," he concluded.

Green Thumb worker Cleo Holder, 82, of Dripping Springs, who was honored at the ceremony and received a pen from the Governor, knows first hand how important employment can be for an older person.

A cook at the Dripping Springs senior center since 1977, Holder has found that it's "almost impossible to get by on Social Security because things have gotten so high that you don't have anything left (out of Social Security) to buy clothing or much else."

Even more important to Holder, however, is the sense of purpose she derives from her work. "I think Green Thumb has meant my life," she said. "If I hadn't been working for Green Thumb, I would have died a long time ago. It's kept a lot of people going because it keeps them busy."

Something Proud is Happening in Perryton

The Whirlybird Skate Center

The Whirlybird Skate Center is a family roller skating facility owned and operated by Paul and Terry Bixler. The Bixlers are father and son from Alva, Oklahoma. When it opens in late July, the Center will offer 14,000 square feet of recreation fun and exercise to families and young people in this area. It is located on the south loop road in Perryton.

The Center will feature a computerized music and lighting system, snack bar, free skating lessons, and a pro shop to buy skates and

supplies. The Bixlers and their manager, Larry Johnson, will make special reservations for school groups, parties and church groups.

First National Bank arranged the long-term loan for the Skate Center. Working with the Bixlers and their realtor, we came up with a location. Then we came up with a way to finance their plans. Our community needs quality, family recreation, and we're proud to make it happen.

Call Roy Lynn Stollings for ways to finance your proud idea.

When Something Proud Is Happening in Perryton, We're the First Place You Call.

NEWS NOTES

IRISH DESCENT
WASHINGTON -- Twelve times as many Americans claim Irish descent as there are people in Ireland, the Census Bureau reported recently in an examination of the ancestries Americans claim.

WARNING
BOSTON -- Burning wood indoors that has been treated with a common preservative can cause a variety of unpleasant side effects ranging from lung trouble to hair loss, doctors from the University of Wisconsin warned.

NATO & MISSILES
PARIS -- Secretary of State George P. Shultz declared recently that Western unity in support of NATO plans to deploy medium-range missiles is needed to place maximum pressure on the Soviet Union at the Geneva arms control talks.

VOLCANO ERUPTS
ANCHORAGE, ALASKA -- Remote Veniaminof Volcano puffed steam and coughed molten showers into the air recently in a natural fireworks show marking its first eruption in nearly four decades.
