From education bill

Local students to get some surprises

Spearman school students may be in for some jolts when they go back to the classrooms in a few weeks--and they can blame the Texas Legislature for the whole thing.

For instance, a Spearman high school policy for many years--exemption from final exams at the end of each semester--may be a thing of the past.

And any student who want to participate in "extracurricular" activities-- "extracurricular" is not defined--must pass all subjects in the previous grading period to be eligible.

Further, a senior must pass a test in mathematics and English language arts competency in order to receive a high school diploma.

Additionally-- and this is not exactly new, although the rule has not been implemented since the State Board of Education acted last spring--any student who is absent from a class five days, unexcused, in any semester, may not pass the course.

The legislation, called "reform" by its proponents, includes

countless provisions that students and teachers will have to get used to.

But, some may take more getting used to than others.

The rule on final exams will introduce some students to testing, the likes of which they've never faced before.

Exemption from finals at SHS once was based entirely on the grade average posted by students.

In recent years, though, exemption has been tied to absences with the grade and number of absences dependent on each other.

No more, says the state law.

Specifically, the law states, "A student may not be exempted from taking a final examination in any class in which any other student is required to take a final examination."

That seems to be pretty cut and dried.

School administrators may not be able to interpret the rule on extracurricular participation.

As far as the rule on student participation is concerned, the

State Board of Education is directed to "limit" participation in and practice for extracurricular activities during the school day and the school week. In scheduling these activities and practices, a district must comply with the rules of the board."

School officials don't see that as saying that no practice or participation may be conducted during the school day, but they do believe that they will need interpretation.

Very clear, though, is the rule that students must pass all courses in a previous grading period to be eligible to take part in extracurricular, or UIL events.

Apparently, that rule becomes effective Jan. 1.

Since the state board last spring, in a curriculum overhaul, decreed that five days away from a class in any one semester would result in failure in that class, school officials have tried to examine the ramifications in extra curricular activities.

School officials have said for some months that the absence rule will "force students to make choices" and decide which ac-

tivities are priorities for them.

Besides athletics and music programs, concern also has been expressed by students and teachers involved in vocational programs.

Specifically, vocational agriculture students may be limited in their stock show and judging contest activities.

Another area, outside the school system but in the educational field, is 4-H, a youth activity that has had state law support.

Testing of students in math and English language arts prior to awarding a high school diploma is entirely new in Texas and, if it is not interpreted differently, becomes effective with the next school year.

Minimum competencies by the 12th grade will be required before a Texas high school may issue a diploma.

However, a student may take the basic skills competency test portions over and over, even during the last month of the 12th grade, or later, if needed, until scoring within the established levels.

Arnie Adkison named to Who's Who

Arnie Adkison

Arnold Damon "Arnie" Adkison grandson of Mrs. Eva Adkison and Mr. and Mrs. John Wilde, has been named to the "Who's Who in American High School Football, 1983". Arnie was born in Spearman but his family moved when his father, Charles, went to work for Skelly now known as Getty. He went to school his first 8 years in Skellytown where his football career got started, playing on the 7th and 8th grade teams. He attended one year at White Deer and played on the varsity team his freshman year. His father was then transferred to Velma, Oklahoma, where he was a starter on the Velma-Alma team as a sophomore. Then before his junior year, his father was transferred to Hobbs, New Mexico and he played his junior and senior years as a starter for the Hobbs Eagles. Before starting to High School at Hobbs, Arnie spent the summer of 1982 with his grandparents and worked at the golf course where he met many Spearman people and still remembers them as good friends.

Arnie, who stands 6 ft. 5 and weighs 230 lbs. was tight end/outside linebacker for Coach Ken Clearman's Eagles. He was selected to 1st team all District tight end and 2nd team UPI All-State as a junior. He was again selected this year (1983) to

1st team All-District tight end; also AP All-State Honorable mention and 2nd team UPI All-State. He was chosen for the North-South senior All-Star game to be played the first weekend in August, 1984, at Albuquerque, New Mexico. He averaged 39.3 yards per punt, 9 receptions, 117 yards, 13 per catch.

He has signed with UTEP on a full 5 year scholarship to report immediately following the All-Star game. His coach is Bill Yung formerly with West Texas State University.

Arnie has a younger brother who will be a sophomore at Hobbs and hopes to be a starter for the Eagles this fall. His mother is the former Vicki Wilde. Arnie not only is an outstanding football player but also is a very good student scholastically, and makes his whole family very proud of him.

CORRECTION

In our story about new home prices in Sunday's paper it was intended to read that Virginia White Realtor and Emmett R. Sanders Realtor are each independent. Representatives of Century 21 in Spearman are Allen Alford and Larry Trosper.

James Brown to instruct firemen at Texas A&M

As mid summer creeps along, many Americans have or are preparing to enjoy well earned vacations. Many have gone to relatives far away, scenic places of the nation or may have only gone to "the lake" for "a few days". Pleasurable stories of such nature are never ending during this time of year. But to over 3000 fire fighters July is a "hot time" at College Station Texas, as Texas A & M hosts the 55th annual Texas Fireman's Training School.

This year's school will be conducted on the campuses of Texas A & M University and on Brayton Firemen Training Field. Firefighters from the world will attend and will choose from over twenty-five courses being instructed by volunteer instructors numbering over 450 individuals. Spearman is very fortunate to have one of our community instructing at this week long conference. James Brown, of Baker and Taylor, instructs pump maintenance as he has for the past fourteen years. James enjoys his educational responsibilities yet he receives no compensation from Texas A & M for such duties. So if you see James let him know that you appreciate his contribution to our safety.

Along with James, there will be nine other firefighters from Spearman who will dedicate a week of hard work to learn firefighting. Enrolled in firefighting class II and will be Bill Porter, Frank Miller, Tom Madison, Willis Boyd, Kenny Bullard and Ross Bulls. These six firefighters will be instructed in effective fire streams, ladders and advancing hose, pump operations, the chemistry of fire, fire tactics, ventilation, and salvage operations. For one complete day they will engage in actual firefighting of "LPG", Tank spills, pit fires. After July 27th, if you see these men let them know that you appreciate their attendance, so that your fire "key rate" for insurance may be kept at a minimum.

Other attendees from Spearman include Robby Schaffer, Galen Coates and Ron Antalek, all of which will be attending classes in fire prevention. Robby will learn prevention measures regarding hazardous materials,

Local firemen in action.

FOTO BY E. NEWCOMB

fire protection systems, building codes, visual aids, community relations, arson laws, fire flow requirements and tank vehicle operation and inspection. Galen will be in fire prevention I and will learn duties and responsibilities of the Fire Marshal, open records law, fire prevention education, inspections, state laws and records. Ron will be taking fire prevention VI Phase III which relates to the legal aspects of arson investigation and prosecution.

Spearman has had men in attendance at the school for the past fourteen years but this year has been exceptional since we have nine men able and willing to sacrifice their time to attend. This year is exceptional in regards to

community support enabling the additional financial goals to be met. The Spearman firefighters thank the following businesses for their contributions to make the community safer:

Colbert's Cattle Company, Speartex Grain, Agco, First State Bank, Anthony Electric, Thriftway, Hansford Implement, H & H Water Well, First National Bank, Interstate Savings.

As a result of these merchants exceptional contributions your insurance key rate will benefit, but most of all your business and family will benefit by better trained and efficient firefighters thank you Spearman for your continuing support. Spearman Fire Department.

John Lycan

services held

Memorial services were held Wednesday, July 11 for John Lycan, 89, who died Monday. The Rev. Russ Gibbs, pastor, officiated. Burial was in Hansford Cemetery by Boxwell Brothers Funeral Directors.

Mr. Lycan came to Spearman in 1941. He was a farmer and a Baptist. Survivors include his wife, Bertha.

Hospital

Patients in Hansford Hospital are Coy Palmer, Peter Jesch, Aubie Sparks, Johnny Laughlin, Barbara Cook, Laura Johnson, Ramona Garcia, Robert Masengill, Jim Beeson, Dorothy Welch, C.W. Kirk, and Rosa Rojas.

Dismissed were Mary Hanson, Yolanda Hinojos, Ella Hull, Dale Johnson and Lino Segura.

RESIDENTS WARNED ABOUT RATTLESNAKES AGAIN

Be sure and look out for rattlesnakes when you are outdoors, gardening or whatever. A Morse resident reported finding a rattlesnake in his garden Monday of this week.

The exceptionally dry weather is thought to be partly responsible for the heavy influx of rattlesnakes this year.

Reed, Tucker receive State Farmer Degrees

Hadley Reed

Several members of the Spearman FFA chapter recently attended the State FFA convention in Lubbock which was held July 10th thru 13th. Attending the state convention from Spearman were Hadley Reed, Pat Tucker, Anne Marie Jarvis and Kris York.

Hadley and Pat each received their State Farmer Degrees. This degree is the highest degree that a student can earn on the state level in the FFA. Hadley also was recognized as a recipient of the

coveted San Antonio scholarship award. This award is based on a student's FFA participation in high school, his scholastic achievements in high school and his college entrance examination score.

Also attending the state convention from Spearman were Mrs. A.D. Reed, Carrie and Britany Scott, Connie and Jay York and FFA advisors David Scott and Gary York.

Pat Tucker

Reward doubled

Mrs. Hazel Lasater of Stinnett has raised the reward to \$2,000 for information leading to the arrest and conviction of the person or persons responsible for the destruction of the house on the Butch Lasater ranch, known as the old Deaner Place.

In doubling the reward Mrs. Lasater said she had gone to the house over the weekend and the damage done by the vandals was unbelievable.

Anne Marie Jarvis receives award

Anne Marie Jarvis

Anne Marie Jarvis, of Spearman, Texas was recently awarded a Youth AQHA Versatility Award from the American Quarter Horse Association of Amarillo, Texas. Jarvis earned 137 performance

points atop IRISH GOLD BAR, a 1971 sorrel gelding, to earn the title.

She is the daughter of Mr. and Mrs. Britt Jarvis of Spearman.

Only youths earning 65 points with one horse at AQHA-approved shows may earn the coveted title. These points must be won in eight different youth events, with a minimum of 10 points earned in each of five separate events and five points won in another three events.

The Youth AQHA Versatility Award is one of the AQHA's more recently established honors, with no points earned before January 1, 1982 applied toward such an award. It is but one of numerous awards provided by the Association to both youth, amateur and professional exhibitors.

The American Quarter Horse Association is the world's largest and fastest growing equine registry in the world, with over two million registered Quarter Horses in its files—more than all other breeds combined.

Polka Band is Sought

The European Club, a Panhandle area cultural-educational organization, plans to hold Oktober Fest this fall in Amarillo.

Eck Spahich, of Borger, club president, says the club has encountered a difficulty in finding a polka band for the planned event.

Spahich is making an appeal for help in finding a polka band.

Persons knowing whereabouts of a polka band should contact him at Century 21 Gold Key Realty, 814 South Hedgecote, Borger, Texas 79007.

Glue manufacturers looking for a way to bond parts together more securely should investigate the adhesive qualities of toasted cheese.

"TEXAS" has big story to tell

It's a good thing that the stage at "Texas" is a big one. Not only is there a 600 foot cliff as a backdrop, but eighty actors, singers and dancers squabble for space during the overtures. There is no question that the show that plays nightly, except Sunday, in Palo Duro Canyon is big enough for the outdoors. After all, the show comes complete with its own thunder storm and prairie, fire. Yet the show is still a very personal one, too. It has eight leading characters that drive and lead the other performers each evening.

The hero of the play is Calvin Armstrong, this summer played by Kyle Croley of Sherman. Calvin is persistent, head-strong, arrogant, hard-working, loveable young man who sets his heart on farming the arid Texas Panhandle.

His major opponent is Uncle Henry, played by Gene Murray of Canyon. Uncle Henry is a rancher and cattleman who, in spite of his protests, owns a poet's love for the wide, empty land.

The female lead of Elsie McLean is played this summer by Pamela Thrash of Amarillo. Miss McLean is a cultured, refined eastern lady who shocks herself by developing a love for Calvin and Texas.

Uncle Henry's wife, Aunt Anna is the role performed by Lois Hull of Canyon. Aunt Anna is her husband's chief admirer, but also fills the capacity of his arge-mate.

Jerry Williams of Canyon returns this summer to play the role

of Tucker Yeldell, a gold-prospecter of all things. He stays in Texas and finds his fortune dealing in "other" commodities.

Kate Lucas, Cloyce Beard, is the love of Tuck's life. Kate is an example of the persevering folk that settled Texas. She can perform many jobs well. Miss Beard is from Amarillo.

Dave Newberry, Uncle Henry's ranch foreman, is played this summer by Larry Bass of Canyon. Dave is the son of southern share-croppers. He has aspirations of being as rich and powerful as Uncle Henry.

Parmalee Flynn, played by Sylvia Lopez from El Paso, is the show's resident flirt. She keeps the settlers in turmoil as she attempts to undermine numerous romances.

"Texas" has a big story to tell, but its people are just ordinary human folks with loves, prejudices, faults and virtues. Fortunately, these people tamed this land, at least a little... for us.

For information or reservations call or write "Texas", Box 268, Canyon, Texas 79015/ 806-655-2181.

Double ring ceremony unites couple

MRS. KELLY WAYNE FULLER

The First Baptist Church of Spearman was the setting for the exchange of wedding vows Saturday afternoon July 7 between Miss Johnnie LeAnne Eaton and Kelly Wayne Fuller. Officiating at the double-ring ceremony was the Rev. Bobby Fuller of Big Springs, Texas, father of the groom.

Parents of the couple are Mr. and Mrs. Charles Eaton, Spearman, and Rev. and Mrs. Bobby Fuller of Big Springs.

Jerry Don Davis, soloist, sang "Whither Thou Goest", "Wedding Prayer", and "Till the End of Time." He was accompanied by Mrs. Carol Pack, organist.

These selections were also sung at the wedding of the bride's parents.

Maid of honor was Lisa McAndrews, of Arlington. Bridesmaids were Kelly Eaton, sister-in-law of the bride, of Fort Worth, Cayla Eaton, sister of the bride, Shelly Friemel, of Spearman, and Karen Kenney, of Spearman. Flower girl was Amanda Burruss, cousin of the bride.

Maid of honor, bridesmaids, and flower girl all wore identical dresses of mauve pink, floor length, moire taffeta. The dresses were designed with a fitted bodice and puffed sleeves that reached to the elbow.

The maid of honor carried three long stemmed pink roses. The bridesmaids carried a single long stemmed pink rose.

Bobby Deaton, of Clovis was best man. Groomsmen were Chuck Eaton, Fort Worth, brother of the bride, Tim Blackshear of Big Springs, Mark Goklke, brother-in-law of the groom of Victoria, and Bart Shapley of Gruver. They were attired in identical silver gray tuxedos with white ruffled shirts trimmed in pink stitching.

Ushers were Chad Guthrie, and Jeff Burruss, uncle of the bride.

Escorted and given in marriage by her father, the bride was adorned in a gown of chantilly lace over taffeta, fashioned with victorian design sleeves, and chapel length train. She wore a finger-tip veil of imported illusion cascading from a lace headpiece. Her only jewelry was a pearl necklace, borrowed from the maid

of honor to complete the something borrowed tradition. She wore a penny in her shoe with the year of her birthdate printed on it. Her bridal bouquet was a cascade of white and pink roses. Something blue was her garter.

The groom wore a white tuxedo with tails and a white rose boutonniere.

For her daughter's wedding, Mrs. Eaton, chose a gray street length dress of gray chiffon accented with pearls. The mother of the Groom, Mrs. Fuller, chose a three piece pink suit. Both mothers wore pink rose corsages.

Presiding at the guest book was Mrs. Stacey Lesly of Spearman.

After the wedding, a reception was held in Fellowship Hall of the church. The table was draped with a white eyelet cloth with the traditional mauve pink colors carried out. The wedding cake was designed and decorated by Mrs. Evelyn Hiller. It consisted of three tiers with mauve pink roses. Serving at the reception were Tracy Taylor and Denise Brewer.

Honored guests were the bride's grandparents, Mr. and Mrs. Roscoe Nelson, Spearman, and Mrs. John Eaton, Shawnee, Oklahoma.

For her traveling dress for a trip to Dallas the Bride chose a white piquet sundress trimmed with kelly green sash. Her corsage was fashioned of white roses. It was a gift from Blackburn's Flowers.

Other out of town guests were Mr. and Mrs. Jack Eaton, Stillwater, Oklahoma, Mr. and Mrs. Lee Eliot, Edmund, Oklahoma, Jason, Darron, Colin and Brynn, Mr. and Mrs. Dana, Garvin Tryon, Oklahoma, Mr. and Mrs.

Lucien Garvin, Matt and Misty, Pampa, Mr. and Mrs. John Dana Garvin, Derek and Marc, LaPorte Texas. Mr. and Mrs. Tim Blackshear, Big Springs, Mr. and Mrs. Carl Johanson, Big Springs, Mr. and Mrs. Ronnie Galbraith, Carlbad, New Mexico, Mr. and Mrs. Mark Gohlke, Victoria, Mrs. Gaye Barton and Marc Spearman of Broomfield, New Mexico, Mr. and Mrs. Jack Vanderburg, Tim

and Nan of Dalhart, Mrs. Pam Close, Amarillo, Mrs. Angie Graves, Perryton Mrs. Kayla Pletcher, Farnsworth, Mr. and Mrs. Rex Shapley and Tara of Gruver, and Mrs. and Mrs. Joe Potts of Gruver.

The couple are at home in McAllen where the groom is a jeweler.

Attention: Joggers and Runners

The Wheatheart 10,000 Meter Run

Enter the Wheatheart Country 10,000 Meter Run, set for Saturday, August 18, in Perryton. There'll be a 10,000 Meter Run (6 1/4 miles) or a One Mile Fun Run. The 10K starts at 8:30 a.m., and the Fun Run starts at 8:40. It happens at City Park.

Complete this registration and return it tomorrow. Pre-registration fee is \$6.00. Registration on the day of the race is \$8.00, if you wait til then. All registered entrants receive a special screened T-shirt.

Make it a fun experience, whether you're a serious runner or weekend jogger. Run with a friend. Bring your entire family. Enjoy the free breakfast, free barbeque at noon, the parade, and all-day Wheatheart events.

Certified by Road Runners Club of America, Amarillo YMCA Running Club.

A Matter of Facts

Nearly everyone has opinions about public welfare in Texas. Whenever the subject comes up, you'll hear somebody say that welfare is just throwing away tax dollars, rewarding people for being shiftless and lazy, and suffering from fraud and waste.

Rarely, if ever, are such ideas challenged with the question: "Wait a minute. *How do you know?*"

The Texas Department of Human Resources wants Texans to have informed opinions about public welfare. This booklet has the facts to help you make up your own mind about the job DHR is doing for Texas.

Indeed, with the information in the booklet, your ideas about public welfare in Texas can be more than a matter of opinion—they'll be a matter of facts.

Most of the information and statistics cited in this publication are based on DHR's fiscal year.

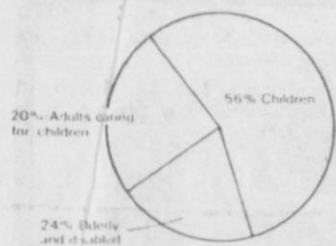

Food Stamps and AFDC

These income assistance programs are the most controversial of DHR services, so let's begin with them.

Food Stamps

- **Myth:** Lazy, able-bodied people get food stamps.
- **Fact:** Roughly four of every five Texas food stamp recipients are children, the elderly, or disabled persons.

Who gets food stamps in Texas?

- **Myth:** Texas is supporting huge families with food stamps.
- **Fact:** The average food stamp household in Texas has three people.

- **Myth:** Food stamp recipients eat like kings.
- **Fact:** The average monthly food stamp allotment is \$124 per household. That's \$31 a week to help feed three people. In a typical month, 367,334 Texas households received food stamps valued at \$45.5 million.

- **Myth:** People use food stamps to buy cigarettes and beer.
- **Fact:** Grocers are breaking the law if they accept food stamps as payment for beer, cosmetics, paper goods, or cigarettes. Food stamps may be used only for food or seeds to grow food. Cases of food stamp fraud involving \$200 or more are felony offenses. In 1982, DHR investigators found 5,149 cases of food stamp fraud.

- **Myth:** Texans tax themselves heavily to pay for food stamps.
- **Fact:** State taxes *don't* pay for food stamps. Food stamps are paid for with federal money apportioned by the U.S. Department of Agriculture. State taxes are used to share administrative costs 50-50 with Washington. DHR's job is deciding which families are eligible under federal guidelines, handling the records, and investigating misuse of food stamps.

Aid to Families with Dependent Children

- **Myth:** Perfectly healthy and employable parents let welfare support their kids.
- **Fact:** Families with two able-bodied parents do not qualify for cash assistance. No able-bodied adult in Texas gets AFDC payments unless he or she is the only parent of needy children, or has a disabled spouse and needy children.
- **Fact:** 95 percent of AFDC households are headed by women.

- **Myth:** Poor people have huge families because welfare rewards them for having babies.

- **Fact:** On the average, AFDC families have 2 children. Average welfare family size has dropped steadily in the last 10 years.

- **Myth:** People are getting rich off welfare.

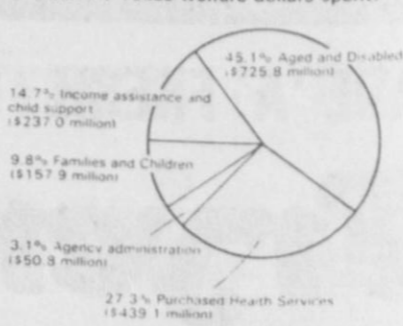

- **Fact:** In the U.S., Texas ranks 49th in financial help to needy children. The average AFDC payment is about \$35 a month for each child (\$104 a month per family, average). Twice a year, children receive an additional \$55 each for school supplies. Only Mississippi pays less.

- **Myth:** The money keeps going out, and nothing comes back in.

- **Fact:** DHR defrays AFDC expenses by locating missing parents and collecting child support payments from them. DHR is handling 112,414 active child support cases. Many of these cases represent searches continued after families no longer are eligible for AFDC. In 1982, DHR records show 45,157 court cases filed and \$11.2 million in child support collected.

- **Myth:** Welfare just hands out money.
- **Fact:** DHR's combined income assistance programs (including food stamp administration, AFDC, and child support enforcement) account for only 14.7 percent of DHR's yearly expenditures.

How are Texas welfare dollars spent?

Medical Care

By far the biggest portion (64 percent) of DHR's total budget goes for medical care. Most of that goes for care of eligible nursing home residents, although AFDC families and certain elderly or disabled Texans in their own homes also qualify. What follows is a collection of facts about DHR's medical care services in general.

One service—nursing home care—is specifically concerned with aged and disabled Texans and is mentioned again in a later section.

- **Myth:** Medical care means money down the drain. This money doesn't return to the Texas economy.

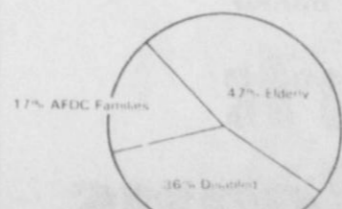

- **Fact:** More than four-fifths (84.4 percent) of DHR's 1982 medical care budget (excluding nursing home care) will pay for medical services from Texas doctors, hospitals, laboratories, and rural health clinics. One-seventh (14.8 percent) will

pay for prescriptions from Texas pharmacists.

- **Myth:** Welfare children use up most medical care money.

- **Fact:** Most DHR medical care money (83 percent) buys medical services for elderly and disabled Texans.

Who benefits from DHR medical care dollars?

Services to Families and Children

DHR programs serve two main groups of Texans—families and children, and aged and disabled. Services to families and children fall into two categories—protection of children and family self-support.

Protective Services for Abused and Neglected Children

- **Myth:** Social services to families and children don't accomplish anything.
- **Fact:** Nearly 45 percent of DHR's 1982

6

Families and Children expenditures paid for protecting Texas children from abuse or neglect.

- **Myth:** DHR has no business interfering with family life.

- **Fact:** DHR is required by Texas law to investigate reports of abuse and neglect. DHR investigated 47,081 reports of child abuse in 1981. This figure jumped to 52,912 in 1982. At least 118 Texas children died from abuse or neglect in 1981.

- **Fact:** DHR is required by Texas law to try to prevent child abuse. In 1982, 8,318 children were in DHR protective foster care. In August 1982, DHR had legal responsibility for 7,672 children. In 1982, 1,815 needed permanent adoption. In 1982, DHR child welfare workers found permanent homes for 975 children.

Family Self-support Services

- **Myth:** All DHR does is hand out money.

- **Fact:** DHR helped 18,207 AFDC recipients train for and seek jobs in 1982.

- **Fact:** An estimated 12,610 victims of family violence used DHR-sponsored family violence shelters and counseling services in 1982.

- **Fact:** More than 52,000 Texas children were screened for early detection of illness under the DHR program called Early and Periodic Screening, Diagnosis and Treatment.

- **Fact:** More than 236,000 clients received family planning services in 1982.

- **Fact:** In 1982, DHR paid for day care for an average of 13,960 children each day.

7

Licensing

- **Myth:** DHR has no business sticking its nose into child care facilities.

- **Fact:** DHR is required by Texas law to regulate out-of-home care for Texas children. DHR develops minimum standards for child care and enforces those standards in more than 26,000 child care facilities capable of caring for a total of more than 472,000 children.

- **Myth:** DHR spends huge amounts on licensing.

- **Fact:** DHR's licensing function accounted for less than 12 of one percent of DHR's 1982 expenditures.

Services to the Aged and Disabled

- **Myth:** Most welfare money is spent on people who could help themselves.

- **Fact:** DHR's programs for needy aged and disabled Texans (including medical services) account for 59 percent of DHR's annual budget.

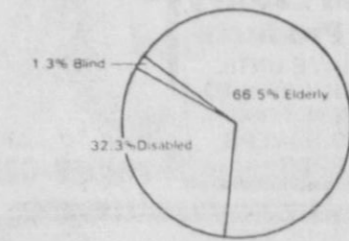

- **Fact:** DHR provided medical or social services to 426,832 elderly or disabled Texans. The majority (66.3 percent) were elderly.

- **Fact:** One-sixth of recipients of DHR's aged and disabled services (including purchased health services) are Texans in nursing homes or state institutions. In a typical month, DHR records show 63,296 eligible residents in 1,076 Texas

8

nursing homes, and 8,888 mentally retarded residents in state schools.

Who benefits from DHR's services to aged and disabled Texans?

- **Fact:** An additional 40,182 elderly and disabled Texans would have to be institutionalized at a much higher cost to taxpayers were it not for DHR's Community Care program, which provides alternate care at home or in neighborhood centers.

Fraud Investigation and Quality Control

- **Myth:** Fraud is rampant.

- **Fact:** Fraud detected in DHR's programs represents three-tenths of one percent of DHR's budget. Compare to small business—seven percent of business failures are attributable to employee dishonesty. Compare to restaurants—70 percent of losses are attributable to employee theft.

- **Fact:** DHR maintains a full-time fraud investigation staff of 164 employees.

9

most of whom have law enforcement backgrounds. In 1982, DHR investigators found 6,980 cases of fraud, representing \$5.3 million.

• **Fact:** Of the 6,980 cases of fraud, 6,007 were disposed of favorably. Court prosecution was necessary in only 720 cases. More than \$1 million was returned to Texas.

- **Myth:** Inefficiency goes unchecked.

- **Fact:** Twice a year, DHR rates its programs for accuracy and conformity to policy, counting as errors even the smallest over- or under-payments. DHR error rates compared to national rates:

Program	U.S. error rate	Texas error rate
AFDC (FY 1981)	7.7%	7.5%
Food Stamps (FY 1982)	13.05%	11.1%

Staffing and Administration

The Austin state headquarters staff develops and monitors programs under policy direction of the Board of Human Resources, and provides support functions including budget and planning, legal counsel, fiscal audit, personnel administration and training, data processing, and investigation services.

Most DHR employees (83 percent) provide direct delivery services to recipients through more than 449 offices and 10 administrative regions serving all 254 counties. DHR's staff numbered 11,468 in August 1982, down from 13,334 in August 1979.

10

- **Myth:** There are too many welfare employees; they don't have enough to do.

- **Fact:** A child protective services worker handles an average of 31 cases at a time.

- **Fact:** A Community Care caseworker has an average of 90 clients at a time.

- **Fact:** A medical eligibility caseworker has an average caseload of 250 clients.

- **Fact:** An AFDC worker handles an average of 119 cases at a time, and that means 119 families.

- **Fact:** A food stamp worker has an average of 245 cases at a time.

- **Myth:** Most DHR employees are paper-pushing administrative bureaucrats sitting behind desks.

- **Fact:** Most DHR employees work in DHR's individual services.

- **Fact:** Administration accounts for 3.1 percent of DHR's annual budget.

The Mid-Ocean Ridge is a continuous underwater mountain chain that winds through all the world's ocean basins. A major portion of the Mid-Ocean Ridge is the 12,000-mile-long Mid-Atlantic Ridge, lying almost halfway between North America and Europe.

Tri-State Fair Prize Money

The 1984 Amarillo Tri State Fair is gearing up for a lot of healthy competition at this years event, scheduled for September 1-8. Divisions to be judged include livestock, art, needlework, culinary, textiles, agricultural and homemaking exhibits. This year, a total of \$55,564.00 will be offered in prize money to prospective exhibitors by the fair. In addition, local sponsors of the horse events to be held during the fair will offer several thousands of dollars in prizes. The Tri State Fair invites anyone interested to find out more about these competitive events. Those wishing to exhibit livestock or personal skills may obtain more specific rules by calling the fair office- 806/376-7767 or by writing P.O. Box 31087, Amarillo, Texas 79120.

It's a Fact

Nationally, 13 percent of Americans live in poverty. Fifteen percent of all Texans live in poverty. But if we look closer we see that 23 percent of our Texas children live in poverty, as do 27 percent of our elderly. Almost one in ten Texans uses one or more services of the Texas Department of Human Resources. Two client populations are served—families and children, and the aged and disabled. To accomplish its mission, DHR has set the following priorities:

- prevention and early intervention.
- self-support and self-sufficiency.
- protection of children and adults, and
- family-oriented and community-based services.

12

Kristein Dunnihoo of Spearman.

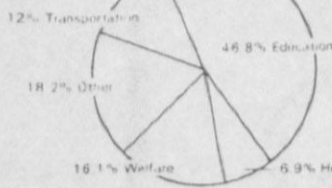

New Arrival

Scott, Becky and Kristin Beedy of Borger, Texas, are proud to announce the arrival of Kevin Scott. He was born July 12 and weighed 6 lbs. 9 oz. Maternal grandparents are Ed and Twyla Wheeler of Dumas. Paternal grandparents are Brad and Dodie Beedy of Spearman.

DHR's Place in Texas Government

- Myth: The expanding welfare bureaucracy is eating up Texas state revenues.
- Fact: Welfare-related programs use 16.1 percent of total Texas state funds.

State budget, 1982-83

11

- Fact: Welfare's portion of state funds has dropped from 21.1 percent in the 1972-73 biennium to 16.1 percent in the 1982-83 biennium.

Sources of funds for Texas welfare (1982)

FRIDAY

PANHANDLE IRRIGATION EQUIPMENT

Box 1127, 410 Main
GRUVER, TEXAS 79040
(806) 733-2415

P&R is proud to work with you to manage your surge flow irrigation. We are working hard and fast to respond to your comments and requests and to keep improving on our best efforts.

Our commitment is to quality plain and simple. We would like to pass on to you a few important improvements we have made in your units at no cost to you.

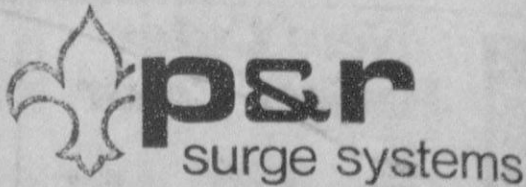

We now have a custom 2:1 gear reduced 8" valve and controller for irrigators who need to surge larger water volumes under higher line pressures. This custom gearing is also available as a retrofit to existing 8" valves and controllers for a nominal conversion cost.

Check with us for more details and prices before your next watering.

We have discounts available.

John O'Loughlin Estate gives to Amarillo Area Foundation

During the early days of the Amarillo Area Foundation, one of the major projects undertaken was the expansion of St. Anthony's Hospital. A generous contribution to this fund drive effort came from the John O'Loughlin Estate that was in Spearman, Hansford County, Texas. The Executors of the estate, Kate O'Loughlin, Susan O'Loughlin, and Charles C. O'Loughlin gave St. Anthony's Hospital the east half of a section of land in Hansford County. Most people would feel that

this gift was outstanding on its own. However, their generosity did not end there, because this property has two producing gas wells. The royalty interests in these wells were given to the Amarillo Area Foundation and to the School Sisters of the Third Order of St. Francis which operates a home for orphan children in Panhandle, Texas. This gift continues to provide revenue for the children as well as the Foundation. Since 1958, this gift has continued to give and in 1983 the Amarillo Area Foundation received another \$2,183.33.

A new type of milk product geared to today's lifestyles is being introduced in some Texas markets, says a Texas A&M University Agricultural Extension Service nutritionist.

"Ultra high temperature (UHT) milk is real, fresh, fluid Grade A milk that is heated to 280 degrees F, quickly cooled to room temperature and then packaged in a five-layer, aseptic package," explains Dr. Dymple Cooksey.

UHT milk can now be found in the juice section of some grocery stores. "The combination of ultra high temperature processing and aseptic packaging gives the milk an unrefrigerated shelf life of months," she adds.

The UHT process does not involve adding preservatives, and neither the flavor nor the nutritional value of the milk is changed, says the nutritionist.

What has changed is the convenience. For example, the lowfat white milk could be ideal for one or two-person households or for consumers who use small quantities of milk. Once opened, it will stay fresh twice as long as refrigerated milk, Cooksey notes.

People with busy lifestyles and those who have little time to shop may also find UHT milk a convenience, since it can be stored on a shelf or kept upended in the refrigerator for months.

UHT milk is also handy to have on hand in case you run out of milk, or for cooking and baking needs, but it's not designed to replace refrigerated milk entirely, she says.

Chocolate, strawberry or orange cream flavored lowfat UHT milks are available in half

pint containers. These flavored milks could be good alternatives to other beverages for children, since they offer essential vitamins minerals and calcium, advises the nutritionist.

Cooksey believes the availability of UHT milk may mean that more people will use milk for sack lunches, picnics, traveling and other situations where refrigeration is a problem.

It can be carried along just like other non-refrigerated beverages and quick-chilled or served over ice. Or it can be frozen the night before packing it into a lunch box. By noon it will have thawed, and the cold milk will be ready for drinking.

Arts & Crafts Guild

Regular meeting of the Art and Crafts Guild was held in the home of Ms. Ailene White on Friday July 13th; with Ailene as hostess.

Members attending the meeting were Ms. Deta Blodgett, Mildred Daily, Blanche Fuller, Sada Hoskins, Freda Sheets,

Athalie Traylor, Jewell Turner and the hostess.

Next regular meeting of the club will be on July 20th, Blanche Fuller, hostess in her home.

Childbirth preparation

Childbirth preparation classes will begin July 19 at 7 p.m. For more information contact Carol Stavio, RN., 882-4476, or Carol Fletcher 659-3761 and 733-2126.

SCHOOL DISTRICT: SPEARMAN I.S.D.

NOTICE OF CALCULATION OF EFFECTIVE TAX RATE AND PUBLICATION OF ESTIMATED UNENCUMBERED FUND BALANCES

I, Alice Peddy, Registered Tax Assessor for Spearman I.S.D., in accordance with the provisions of Sec. 28.04, Property Tax Code, have calculated the tax rate which may not be exceeded by more than three percent by the governing body of the Spearman I.S.D., without holding a public hearing as required by the code. That rate is as follows: \$.6944 per \$100 of value.

The estimated unencumbered fund balance for Maintenance & Operation fund: \$ 3,676. The estimated unencumbered fund balance for Interest & Sinking fund: \$ 0.00.

Alice Peddy, RTA
July 10, 1984

CALCULATIONS USED TO DETERMINE EFFECTIVE TAX RATE

I. DATA		
1. 1983 Total tax levy from the 1983 tax roll	\$	1,805,032
2. 1983 Tax rate (\$.78, M&O and \$.00, I&S)	\$	78,150
3. 1983 Debt service (I&S) levy	\$	0-
4. 1983 Maintenance and operation (M&O) levy	\$	1,805,032
5. 1983 M&O taxes on property in territory that has ceased to be a part of unit in 1984	\$	0-
6. 1983 M&O taxes on property becoming exempt in 1984	\$	2,363
7. 1983 M&O taxes on taxable value lost because property is appraised at less than market value in 1984	\$	0-
8. 1984 Total taxable value of all property	\$	279,348,665
9. 1984 Taxable value of new improvements added since Jan. 1, 1983	\$	10,844,603
10. 1984 Taxable value of property annexed since Jan. 1, 1983	\$	0-
11. 1984 Tax levy needed to satisfy debt service (I&S)	\$	0-
12. Rate to raise 1983 tax levy due to appraisal roll errors (lost dollars divided by the difference of 1984 taxable values minus over-65 homesteads taxable values) (\$ _____ + \$ _____ - \$ _____) x 100	\$	0-15100
13. Rate to regain taxes lost in 1983 due to appraisal roll errors (lost dollars divided by the difference of 1984 taxable values minus 1984 over-65 homesteads taxable value) (\$ _____ + \$ _____ - \$ _____) x 100	\$	0-15100
14. 1983 M&O Taxes used to regain lost 1982 levy	\$	0-
15. 1984 Taxable value of over-65 homesteads with frozen taxes	\$	1,722,360
16. Frozen M&O levy of over-65 homesteads with frozen taxes	\$	5,748
17. Frozen I&S levy of over-65 homesteads with frozen taxes	\$	0-

II. CALCULATION

MAINTENANCE AND OPERATION (M&O) TAX RATE		
1. (A) 1983 Total tax levy (Data 1)	\$	1,805,032
(B) Subtract 1983 Debt service levy (Data 3)	\$	0-
(C) Subtract 1983 Taxes on property no longer in unit (Data 5)	\$	0-
(D) Subtract 1983 Taxes on exemptions (Data 6)	\$	2,363
(E) Subtract 1983 Taxes on productivity valuation (Data 7)	\$	0-
(F) Subtract frozen M&O levy of over-65 homesteads (Data 16)	\$	5,748
(G) Subtract 1983 M&O taxes used to regain lost 1982 levy (Data 14)	\$	0-
(H) Adjusted 1983 M&O levy	\$	1,796,921
2. (A) 1984 Total taxable value of all property (Data 8)	\$	279,348,665
(B) Subtract 1984 Value of new improvements (Data 9)	\$	10,844,603
(C) Subtract 1984 Value of annexed property (Data 10)	\$	0-
(D) Subtract 1984 Value of over-65 homesteads (Data 15)	\$	1,722,360
(E) Adjusted 1984 Taxable value for M&O	\$	258,781,702
3. (A) Divide the Adjusted 1983 M&O levy (1-H above) by the Adjusted 1984 Taxable value for M&O (2-E above) (\$ 1,796,921 ÷ \$ 258,781,702)	\$.006944
(B) Multiply by \$100 valuation	x \$100	
(C) Effective M&O rate for 1984	\$.6944/100

INTEREST AND SINKING (I&S) TAX RATE		
4. (A) 1984 I&S levy needed to satisfy debt (Data 11)	\$	0-
(B) Subtract frozen I&S levy of over-65 homesteads (Data 17)	\$	0-
(C) Adjusted 1984 I&S levy	\$	0-
(D) 1984 Total taxable value of all property (Data 8)	\$	279,348,665
(E) Subtract 1984 Value of over-65 homesteads (Data 15)	\$	1,722,360
(F) Adjusted 1984 Taxable value for I&S	\$	258,781,702
(G) Divide the Adjusted 1984 I&S levy (4-C above) by the Adjusted 1984 taxable value for I&S (4-F above) (\$ 0- ÷ \$ 258,781,702)	\$	0-
(H) Multiply by \$100 valuation	x \$100	
(I) Effective I&S rate for 1984	\$	0-/100

APPRAISAL ROLL ERROR RATE		
5. (A) Rate to raise 1983 levy due to appraisal errors (Data 12)	\$	15100
(B) Add Rate to regain taxes lost due to errors (Data 13)	\$	15100
(C) Total Rate to adjust for appraisal roll errors	\$	30200

TOTAL EFFECTIVE TAX RATE FOR 1984

6. (A) Effective M&O rate (3-C above)	\$.6944/100
(B) Add Effective I&S rate (4-I above)	\$	0-/100
(C) Add Rate to adjust for appraisal roll errors (5-C above)	\$	30200
(D) 1984 Effective Tax Rate	\$.6944/100

1984 Effective Tax Rate is the tax rate published as required by Sec. 28.04, Property Tax Code.

"A Centerpiece"

We were listening to the tube last week and heard that this time of summer is what we call "Dog Days". Now we've heard of "Dog Days" all our lives, but have never known what exactly is meant by the expression. Anyway, it must be when the weather gets very hot, dry and with plenty of humidity thrown in, for it always seems to be that way during "Dog Days". It must be just a lazy time when it's so hot we really want to do nothing, except maybe go fishing if a good old shade tree could be found.

Speaking of fishing reminds us it has been many a year since we used to fish in the Neosho River in Kansas and caught those good fresh water catfish. The river ran close to the Skelly Plant and our home was on the lease so we fished many a morning when we were not working.

We here at the Center are keeping busy with Arts and Crafts. The volunteer ladies came Monday afternoon, a good number in fact, and accomplished

much on the "Lone Star Quilt". They always seem to be having fun just talking as they work. They do however take a break for coffee, iced tea and cookies. It really turns out to be a good day of fellowship and fun--so come on down to the Center on Mondays and join us. It's always cool inside.

Tuesday evening we enjoyed a covered dish dinner at 6:30. A good crowd turned out and enjoyed games later.

Oh yes, and don't forget the 31st is the time for our "Bring a Friend" Ice Cream Social. We will be serving home-made ice cream so if you'd like to make a freezer, call the center and talk with Pearl. She can tell you what has been volunteered, etc. We are asking that others bring cake or cookies. Just call 3866 if you need more information. Let's all prepare for a good turnout. Do bring a friend. It should be another fun evening. Hope to see you.

Alma

New Arrivals

Mr. and Mrs. Randy Fewell of Dalhart are proud to announce the arrival of Stephen Randall Fewell. He was born July 13, 1984 at 6:44 a.m. at North West Texas Hospital Amarillo. He weighed 8 lbs. 14 oz. and was 20 in. long.

Stephen has a little sister Cassie Dacon age 2 awaiting his arrival at home.

Paternal Grandparents are Clay and Sheila Fewell of Spearman. Maternal Grandparents are Lloyd and Marion Gooch of Pampa.

Great Grandparents are Mr. and Mrs. Ray Bryant of Centralia, Illinois.

Great Grandmother is Lillian Whitten of Pampa.

The United States seems to be moving toward a white-collar economy, says the Conference Board. Since the end of World War II, employment in professional, technical, administrative and similar occupations has grown twice as fast as blue-collar employment.

Georgeann and Perry Washington and daughter Angela are proud to announce the arrival of Mariah Evangeline on July 19 in Shattuck. She weighed 6 lbs., 12 1/2 ozs.

Paternal grandparents are Odell Washington (who was coach her in 1940's) of Lakeland, Florida Merle Washington. Great grandmother Marie Baggerly.

Maternal grandfather George Foster of Alpine, Texas.

Adults-learn to swim

ADULT LEARN TO SWIM

If you're an adult who never got "thrown into the ol' pond" and learned to swim or sink--this program is for you! The Hansford County YMCA will be offering swim classes for adults this summer. The class will emphasize basic strokes and survival techniques. Don't be embarrassed because everyone will be a beginner!

Dates: July 30 - August 9 (Mon., Tues., and Thurs. each week)

Time: 6:30 P.M. - 7:30 P.M.
Fee: YMCA members \$10.00, Non-YMCA members \$20.00.

Instruction will be given by Nationally certified YMCA and Red Cross instructors.

Did you ever think, looking at a member of the younger generation, that you haven't so much weathered the years as that they've eroded you?

PTA

PTA Organizational Meeting July 31, 1984 7:30 p.m. Jr. High Cafeteria membership enrollment and officer elections. For further information, call 2143 or 3460.

Mansel Bryan receives award

Mansel Bryan received "service above self" award at the Rotary Club meeting in Spearman.

Mansel used his tractor and front end loader and scraper to clear driveways of elderly citizens in Spearman during the several heavy snows we had this past winter.

Hansford Hospital District holds Board meeting

The regular meeting of the Board of Directors of Hansford County Hospital District was held on July 12, 1984 at 7:00 a.m. in the Hospital Board Room. Those present were Jack Oakes, President; Alton Ellsworth, Vice President; Leslie Barkley, Sec-Treas.; Dwight Hutchinson; John Trindle; Albert LaRochelle, Hospital Administrator; Ray Wasil, Manor Administrator; Gary McGee, Y.D.P. Jerry Hunt was absent.

The meeting was called to order by Jack Oakes.

The minutes of the last meeting were read and approved in a motion made by Dwight Hutchinson and seconded by Alton Ellsworth. Passed by all present.

The monthly financial statement was presented for the Board's consideration. Leslie Barkley moved to approve the bills for payment. Dwight Hutchinson seconded and the motion was passed by all present.

Next the Hansford County Hospital District's Budget Com-

parison was presented to the Board for their consideration and review.

Also presented was the Hansford County Hospital District Operating Budget for the Fiscal Year Ending September 30, 1985.

Both the Budget Comparison and Budget were presented for the board examination and information; with no action being taken at this time.

In a motion made by Dwight Hutchinson and seconded by John Trindle, the Budget hearing date was set for August 9, 1984 at 7:00 a.m. in the Hospital Board Room. All Board members present voted in favor of this motion.

Next a 30-day review was presented for the Board's review and evaluation on the Blue Cross Communications System, the final 60-day review will be presented at the next meeting August 9, 1984.

Mr. Ray Wasil next gave a progress update on the current affairs of Hansford Manor.

There being no further business, the meeting adjourned.

No specifics on highways yet

While the state legislature has approved an estimated \$1.5 billion in additional funds over the next three years for the state's highway department to improve road conditions throughout the state, it's too early to say what the money will mean to roads in Hansford county and the rest of the Panhandle. The best guess is that it will mean something to us; but just what is hard to tell.

Like school authorities, with their much talked about school reform bill, highway department insiders are a bit in the dark as to just what the new bill means. Richard Crandall, assistant district engineer for the Amarillo district, finds himself in that position and most of the people he talks to are in the same position, too.

What is known is that some of the revenue sources, namely the five-cent hike in motor fuels tax, will be going into effect on August 1. While we're going to start paying for the improvement almost immediately, it will be some time before we know much about what is to be done with the funds.

"It is the first major change in the motor fuels tax since 1955," said Crandall. Some 29 years ago, the legislature bumped the fuels tax from 3 cents to 5 cents. In 1977, he pointed out, the state moved on a proposal which would guarantee the highway department some \$750 million a year and also included an inflation index allotment. Last year, the state's highway department had disbursements totaling \$1.69 billion.

Make no mistake about it, that's with a "B" and not an "M."

"As far as we know, we're pleased with the legislature's package," Crandall continued. "While we may have no specifics about the Panhandle area in terms of programs of work, we are sure that we will realize some increase in our main funds and that those funds will be put to use in a most advantageous way."

Crandall said that in recent years, the top of Texas district has been constrained in its maintenance efforts. This is one area that he hopes will be broadened.

"Some of our main roads have started to show signs of wear and we're hoping to be able to do some heavy rehabilitation. Some of our secondary roads also need some real attention."

Money, they say, has been a problem. As just about everyone is aware, costs of construction work have escalated sharply in recent years. Crandall said that today it costs about \$100,000 to build a mile of a new farm to market road. Not too long ago, that cost was \$10,000.

"Construction costs have at least tripled in the past 20 years. The decline in dedicated revenue, teamed with inflation, has had a severe impact on the roads in Texas."

Crandall said that roads and highways in the Panhandle may be in better shape than many of the roads in other parts of the state. Among notable exceptions he mentioned were Hwy. 287 and U.S. Hwy 54.

"We're faced with an aging highway system. Some of the roads were built with a life expectancy of from 15 to 20 years. You eventually reach a point where you're looking at a major restoration and where seal coating cannot provide any answers."

The Amarillo district is one of 25 such districts in the state and comprises much of the Panhandle area. This district is second in the number of total miles, with an estimated 3,700 center line mile of highways and farm to market roads. Highway funds are divided in Austin and the pro-rate share is comprised of many variables. The Panhandle, the engineer said, comes out alright in the distribution of funds as the system is geared to being equitable.

In the months and years to come, pay some close attention to the roads. You are apt to see some changes and improvements to the hard surfaces.

Ceramic and gift shop open

Marv's Gifts and Ceramics, Spearman Shopping Center Highway 207 South, will open Monday July 16, 1984. They will be open

Monday-Saturday 9 a.m. till 6 p.m. Ceramic classes will be offered. Check ad inside for more information.

Butch and Marv Hendrickson, owners of Marv's Gifts & Ceramics are proud to announce the opening of their new business located in the Plains Shopping Center in Spearman.

After many months of planning and working toward setting up a ceramic shop to serve the public with a full line of greenware and all supplies for a much in demand hobby, they are now ready to open.

There are now hundreds of items, to select from and they will be continuing to add hundreds more between now and Christmas.

Marv has a qualified instructor Peggy Frick, who will teach lessons 3 times a week, 3 times a day for beginners as well as advanced students.

A full line of paints, brushes and all extras will be available.

Two large kilns have been installed for firing to meet the demand for customers finished products.

The large area will also accommodate a gift shop which will open in September. A grand opening in being planned the latter part of September for both the Ceramic Shop and the Gift Shop. Please excuse the inconvenience of the gift shop not yet completed.

Buster and Marv want to thank the public for the interest that has already been shown toward this business and will appreciate all who participate in the future.

Lessons begin Tuesday, July 17. Call 659-5180 or come by and sign up for morning, afternoon or evening lessons.

Ceramic fever is catching—we hope you catch it!

State workers speak to Rotarians

Nathan Martin, regional administrator, Texas Dept. of Human Resources, and Mary Jackson, Community Relations Co-ordinator were the guest speakers at the Rotary Club meeting Monday at noon.

They state that only two counties in Texas have as few families receiving assistance than Hansford County. In this county five families receive a total of \$9,000. Food stamps are received by 125 people totaling \$50,000. Twelve people are in nursing homes and receive prescribed drugs and physician services for a total of \$121,000 annually. These plus a

few other programs total about \$225,000 annual expenditure.

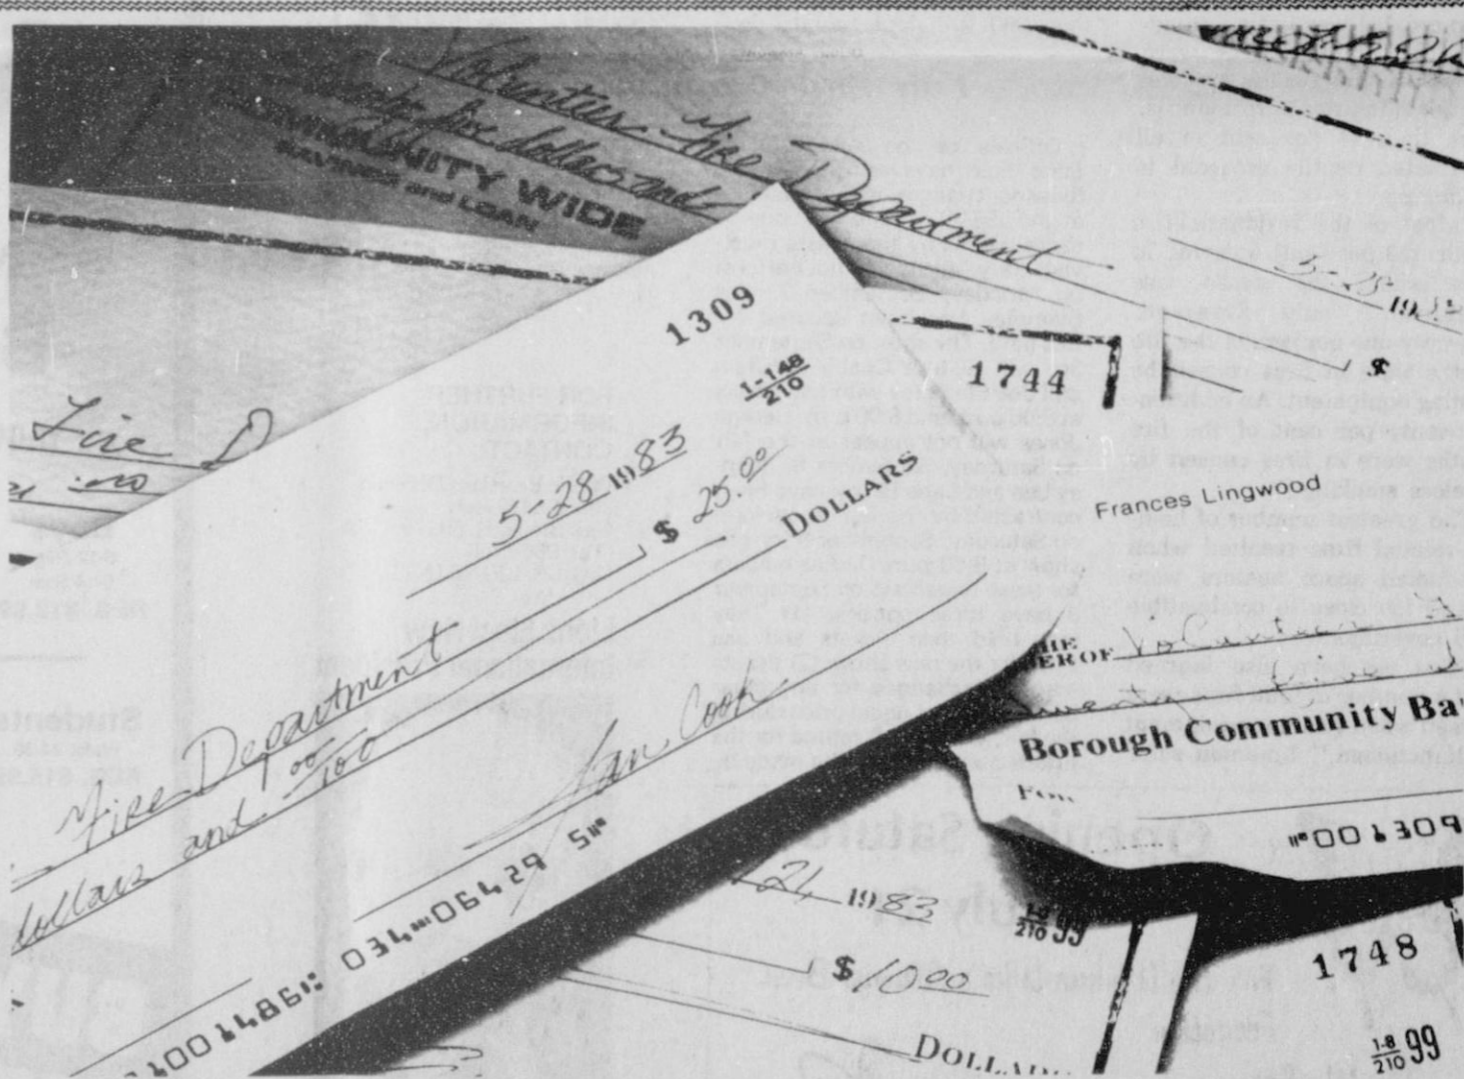

Other facts they listed were that the average monthly food stamp allotment is \$124 per household to help feed three people. In answer to the question are people getting rich off of welfare they stated that Texas ranks 49th in financial help to needy children. The average payment is \$35 a month. Only Mississippi pays less.

Martin received his masters in social work from Oklahoma University and Mrs. Jackson received her masters degree in social work from Worden University in San Antonio.

\$2,000 REWARD OFFERED

for the arrest and conviction of person or persons who vandalized the Butch Lasater Ranch home known as the "Old Deaner" place.

Contact Sheriff McFarlin at 659-2512 or Butch Lasater 659-2698.

We'd like to thank everyone who came to the rescue of our volunteer fire department.

When we asked for your financial help, you came to the rescue.

Thanks for the equipment your money will buy. Thanks for helping to make our jobs a little safer. Thanks for helping us put out fires a bit more efficiently. And thanks for letting us know you're behind us.

Fighting fires isn't something we can do by ourselves. We will always need your help.

Give what you can. Whenever you can. We do every time the fire alarm rings.

Your local fire department.

The members of the Gruber Body Shop team are back row: Andres Ortiz, Sergio Varga, Rod-

olfo Alvarado, Ricky Lopez, Miguel Lujan, Daniel Saldavar. Front Row: Chavelo Vargas, Joe

Martinez, Jose Luis Moreno and Benito Vargas.

Destructive fire killed 165 Texans

Destructive fire killed more than 165 Texans, injured at least 1,540 and damaged well over \$189 million in property last year, according to State Fire Marshal Ernest Emerson.

"Most of the fire-related deaths, injuries and dollar losses occurred in residences," said Emerson. "Negligence was the major contributing factor in the cause of these fires."

There were 17,274 structure fires reported last year. Nearly 75 per cent of those fires occurred in residences. The greatest percentage of residential fires (19 per cent) occurred when cooking was left unattended. Cooking-related fires were also responsible for the greatest number of injuries in residences. More than 74 per cent of all fire-related deaths occurred in residences.

"Most of the residential-fire deaths (23 per cent) occurred in fires where the cause was unknown," said Emerson. "Twenty-one per cent of the fire deaths were in fires caused by heating equipment. An additional twenty per cent of the fire deaths were in fires caused by careless smoking."

The greatest number of heating-related fires resulted when gas-fueled space heaters were placed too close to combustible wall coverings.

"But we have also learned that a number of fatal fires were caused when heating equipment malfunctioned," Emerson said.

"For instance, water heaters were the second leading type of equipment involved in fatal residential fires. Forty-nine per cent of the water heater-related fires occurred when combustible materials were placed too close to the water heater. But 35 per cent of the fires occurred when the water heater malfunctioned, according to fire fighters at the scene of these fires," Emerson said.

Fire statistics are compiled by the State Board of Insurance, State Fire Marshal's Office on the Texas Fire Incident Reporting System (TEXFIRS). More than 260 fire departments pro-

tecting 45 per cent of the state population are currently reporting fires to the TEXFIRS.

"Fire departments are doing a brilliant job of supplying fire data to this system. For the first time in history, we are able to identify and analyze fire problems in Texas. Our understanding of these fire problems improves as more fire departments contribute to the system," Emerson concluded.

For further information about TEXFIRS or for a copy of the TEXFIRS 1983 Annual Report, contact Dennis Gissell, State Board of Insurance, State Fire Marshal's Office (512) 475-4203.

Fair Entertainment Changed

Officials of the Amarillo Tri State Fair have announced the following changes in entertainers at the 1984 Tri State Fair due to cancellations by the artists involved. Gary Morris will not perform on Monday, September 3. Joe Stampley has been secured for this date. The show on September 3rd will feature Charly McClain and Joe Stampley with two shows at 5:00 p.m. and 8:00 p.m. George Jones will not appear at the fair on Saturday, September 8. Johnny Lee and Lane Brody have been contracted by the fair to perform on Saturday, September 8 for one show at 8:00 p.m. Ticket holders for these two shows on September 8 have three options: (1) They may hold their tickets and use them for the new show, (2) tickets may be exchanged for any other performance of equal price during the fair, or (3) a full refund for the tickets purchased will be made by

the fair after August 15. The fair ticket office will be open each Monday, Wednesday and Saturday at the coliseum on the Tri State Fairgrounds. Telephone number is 373-2215.

Lions Elect New International President

Bert Mason of Donaghadee, Northern Ireland was elected President of The International Association of Lions Clubs at the organization's 67th Annual Convention held July 4-7, 1984 in San Francisco, California, USA.

As President of the world's largest service club organization, Mason—the first Irishman to head the Lions—will travel the world representing the Association, observing local service activities sponsored by many of the more than 35,000 Lions Clubs in 157 countries and geographical areas, and meeting with heads of state and communities to promote Lionism and the theme for his year in office: ANSWER THE CALL TO SERVE.

A Lion for 26 years, Mason is the chief executive officer of a major printing and packaging company. He will lead the Lions in their long-term programs of drug awareness and diabetes education and research.
