Spearman basketball tourney starts Thursday

THE 1984 SPEARMAN BASKETBALL TOURNAMENT will start on Thursday, November 29 and run thru Saturday, December 1. Teams in the bottom bracket will be considered the Home team and will wear white.

The Girl's schedule is as follows: Thursday, November 29--Stinnett and Canadian at 9:30 A.M.; Fritch and Dalhart at 12:30 P.M.; Perryton and Gruver at 3:30 P.M.; with Clarendon and Spearman at 6:30 P.M.

On Friday, November 30--The match winner of the Stinnett and Canadian game will be paired off against the match winner of the Fritch-Dalhart game at 3:30 P.M. at both the Sr. and Jr. High School gyms. The match winner of the Perryton-Gruver game will be paired against the Clarendon-Spearman match winner at 6:30 P.M. at both Sr. and Jr. High School gyms.

The finals will be on Saturday at 12:00 P.M.; 3:00 P.M.; and 6:00 P.M.

The Boy's schedule is as follows: Thursday, November 29--Stinnett and Canadian at 11:00 A.M.; Fritch and Dalhart at 2:00 P.M.; Perryton and Gruver at 5:00 P.M.; and Clarendon and Spearman at 8:00 P.M.

On Friday, November 30 the games are scheduled as follows: Match winner of Stinnett-Canadian will meet match winner of the Fritch-Dalhart game at 5:00 P.M. at both the Sr. and Jr. High School gyms. The match winner of the Perryton-Gruver game will meet the match winner of the Clarendon-Spearman game at 8:00 P.M. at both gyms.

Finals are set up for Saturday, December 1 at 1:30 P.M.; 4:30 P.M.; and 7:30 P.M.

The Basketball cheerleaders for 1984-85 are Charlotte Brandt, Rhonda Matthews, Neta Burger, and Jana Pittman.

Carrie Guthrie goes for two against Dalhart. The Lynxettes lost the game 52-42.

NOTICE

Cates Men's and Boy's Wear was unfortunately left off the Retail Merchants ad. They are

participating in the Christmas Promotion. We are sorry for this inconvenience.

Operation Christmas Greeting-84

It's that time of year again!!! The Christmas Season!!! And the Hansford Hospital Auxiliary is asking you once more to send them the money you would spend sending Christmas cards so that they may fund their gifts to the Hospital and the Manor.

Since 1978 the Christmas Greeting Card drive is the only fund drive the Auxiliary does and you, the public, have been very

supportive in responding. Thanks to your generosity the Auxiliary has been able to furnish a labor room, lights for an operating room, freezer for serum, curtains

and shades, chairs, make-up shelves for the bathrooms, kitchen stoves and small appliances, a patio for the Manor, seasonal decorations for both and many, many other gifts and services.

We will greatly appreciate your support again this year. Please send your checks to Helen Etter, Box 1045, Spearman, TX. 79081. Each week the Spearman Reporter, the Gruver Statesman, and the Hansford Plainsman will print your name telling that you have donated to the Christmas Greeting Fund instead of sending cards.

Letter to the Editor

Dear Editor:

I'm writing to inform the citizens of Spearman of a slight deception and especially those people who signed petitions to have pornography removed from the stores in our town. The proven fact is, the pornography magazines were only transported to the rear of the businesses. One can still purchase this filth at the same places, so we were deceived. I remind the citizens and God fearing people, deception does not come from God.

If we are to see the corruption which is infiltrating the minds of our youth and the coming generation of young couples we must stand against the places who promote this trash! Please ban your trade with these places and let's bind together to see our town cleaned up. For more information you may call me at my home 659-3676. The Bible says, I take pleasure in persecution, for Christ's sake, for when I am weak, I'm made strong. Will you citizens rise up and be counted?

Carolyn Taylor

HOSPITAL

Patients in Hansford Hospital are Jolinda Vasquez, Debra Hindrix and daughter, Terri Burke and daughter, Ellen Babbs, Missy Sumner and Ray Prachar.

Dismissed were Yolanda Hinojos, Will Evans, Cindy Kenney, Howard Thompson, Bell Johnson, Barbara Cook and John Lackey.

Museum now open on Sunday

The Stationmasters' House Museum Board is happy to announce that the Museum is now open on Sunday afternoons from 2:00 to 5:00 P.M. Virgil Floyd will be glad to show you through the Museum at that time.

In Co-operation with the Farmer's Union and the Green Thumb program, Virgil Floyd has been accepted as a Hansford County representative for Oral History.

His duties will be to interview the people of Hansford Co., and record their story on tape. These tapes will remain at the Museum

and will be available for your listening pleasure.

This program is not just for Pioneers but for young and old alike. All of you have something to record and we are sure your children will be pleased to know they can come to the Museum and hear their parents' voice telling what has been accomplished.

Virgil will be calling on you and we trust you will give him a few minutes of your time to relate some of your past history.

Virgil attended a training session in Dallas on Nov. 21st and is anxious to work with you.

First Baptist Church to present

"The Hanging of the Green"

The music ministry of First Baptist Church will present "The Hanging of the Green" Sunday, Dec. 2, at 7:00 p.m. This musical celebration of the Christmas season will feature five choirs, two vocal ensembles, several soloists, the handbell choir, and a dramatic pantomime. The three children's choirs are under the direction of Cindy Hendrick,

Beckee Baker, and Linda Hiller. The youth choir is directed by Vicki Gibbs, and the sanctuary choir and handbells are under the direction of Cassa Pack. Accom-

panists for this music service are Anne Sanders and Ruth Ann Jones. The public is cordially invited to participate in this worship service.

EXPO '84

Manager Gene Legg and assistant manager Gary Bray announced this week that "EXPO-84" will be held at the Dumas Co-op, 600 Twichell Ave., Dumas, Friday and Saturday, Nov. 30 and Dec. 1.

Storewide discounts and special order discounts will be featured during the EXPO.

Some 24 to 25 booths will be set up at the 600 Twichell Ave. Co-op in Dumas including the following: Amarillo Hardware, Oster, VPG, representatives of Monsanto, Ciba-Geigy, Stauffer, Shell, Velsicol, Mobay, North American Supply Co. Livestock Show Equipment, Also Wiley Manufacturing Col, manufacturers of ag spray parts, King Manufacturing, Servi-Tech System, Adams Tillage Tools, Midwest Gloves, West Texas Wholesale, Farmland Industries, Center Plains Fertilizer Co., NC+ Seed, and Growers Ag Seed Co.

Gary Bray went ahead to say that there will be many storewide discounts on all items plus additional discounts thru catalog items.

Door prizes will be drawn every hour starting at noon Friday, Nov. 30 and continuing all day Dec. 1.

One of the highlights of the drawings will be strictly for FFA and 4-H organizations. Dumas Co-op will give a "SHOW-BOX" to whichever group wins the drawing. Each member of FFA or 4-H in Hansford County may register for the drawing and if his or her name is drawn the group will win the "SHOW BOX".

Another interesting feature of the "EXPO" will be the sharpening of clipper blades. Bray reminds farmers that they have a good supply of feed troughs and stock tanks on hand plus everything for the farm and ranch.

City folks are also urged to attend. They will find many items that will be needed for home use with winter coming on.

Gene Legg, Gary Bray, and the entire 21 employees at the Dumas Co-op invite you to attend the "EXPO 84" Friday and Saturday, Nov. 30 and Dec. 1.

Friday, November 30, between 1:00 p.m. and 6:00 p.m. there will be a free blood pressure clinic during the "EXPO 84" at the Dumas Co-op 600 Twichell.

The Prairie Chalet held its ribbon cutting Friday, November 23 at 10:00. Donita Lusby and Hazel Shieldknight are the owners. The Chamber of Com-

merce and the Ambassadors were on hand for the ribbon cutting they are left to right: Monty Blackman, Mike Cudd, Jimmy

Shieldknight, Hazel Shieldknight, Charles Shieldknight, Donita Lusby, Mike Schnell, Gene Cudd, and Dick Elbert.

Dear Santa

"Hi Kids! Once again the merry little elves at the Reporter-Plainsman have agreed to help me with collecting and publishing letters from all my friends in the Hansford County area.

This surely helps me out during the Christmas rush. It helps me cut down on overtime for my elves at the North Pole and lets me have time to get my reindeer and sleigh ready for my Christmas Eve visits (I've got an awful lot of places to go that night, you know).

So write down what you want me to bring you, take it by the

Reporter office, 213 Main, or mail it to me in care of the Spearman Reporter at Box 458, Spearman, 79081.

The Reporter-Plainsman elves will make sure your letters get to me in time for my deliveries and they'll even publish your letters in the newspaper.

So get your pencils and paper and get busy. Christmas will be here before you know it...and I surely want to know what to bring you this year.

Patti Regier and David Martin married in Channing November 18

Mrs. David Wayne Martin

employed by Telex Computer Products as a field engineer, and the bride is a CPA with Ernst and Whinney in Dallas.

The groom graduated from Texas State Technical Institute in Amarillo, and the bride is a 1983 graduate with honors from Texas Women's University in Denton. She is also director of public relations for the Dallas chapter of the National Association of Accountants.

Club plans Country Store Dec. 2

The Time is Here
The Heart to Hearth
Country Store will be Dec. 2, 1984
2:00 - 5:00 p.m. in the Hospitality
Room of the First State Bank. The
Gladiola Flower Club members will
have gift items, baked goods, tote
bags, cross stitch and any other
items for sale. Proceeds to go to
scholarship. Come by - Come Buy.

The technology of developing a
battery-run auto should be no great
problem. Haven't most of us been charging
everything else for years!

Smith's welcome new daughter

Mr. and Mrs. Archie Smith of
1005 Barkley, Spearman are
proud to announce the birth of
their daughter Kallie Leeann,
Friday, November 16th at 11:58
A.M. She weighed 7 lbs. 11 1/4 oz.
at birth.
Awaiting her arrival in the
home was her sister, Kacee Lynn.
Maternal grandparents are Mr.
and Mrs. Alton Ellsworth of
Spearman. Maternal great-
grandmother is Mrs. W.A. Ells-
worth of Spearman.
Paternal grandparents are Mr.
and Mrs. Preston Smith, and her
paternal great-grandfather is Mr.
Knox "Pa Pik" Pipkin, all of
Spearman.

Christmas Bazaar

The Women's Fellowship of the
Waka Church of the Brethren will be
holding their annual Christmas
Bazaar on Friday, Nov. 30 from 4-8:00
P.M. and Saturday, Dec. 1 from 9 AM
to 12 noon. It will be in the fellowship
hall and will feature baked-goods,
quilts, and arts & crafts.
Make it a point to come to the
corner of Rogers & Main in Waka,
Texas for beautiful gift items.

On November 18, 1984 at 2:30
p.m., Patti Beth Regier of Dallas
became the bride of David Wayne
Martin, also of Dallas, in the Chan-
ning United Methodist Church in
Channing.

Rev. Fay Brown, pastor of the
church, officiated at the double-
ring ceremony.

The bride is the daughter of Mr.
and Mrs. Cecil Wayne Martin,
the granddaughter of Mrs. David
Regier of Perryton, and the late
David Regier.

The groom's parents are William
P. Martin of Spearman, and the
late Mrs. Martin.

Attending the bride as matron of
honor was Theresa Foreman of
Duncanville, and serving the
groom as best man was David Ray
Regier, brother of the bride.

Ushers were Paul Osborne of
Dallas and Karl Kuker of Amarillo.
Organist for the ceremony was
Mrs. Johnnie Burgess of Dumas,
registering guests was Diane
Merett of Montrose, Colorado,

cousin of the bride.

Given in marriage by her father,
the bride selected a full length
gown which featured pearl-
encrusted re-embroidered Alencon
lace applied on the white satin
bodice. The bodice was overlaid
with a sheer illusion yoke and
finished with a lace stand-up collar.
The leg-o-mutton style sleeves
and fell to points over her hands.
Her full princess style skirt was
trimmed in lace.

She carried an heirloom mother-
of-pearl Bible atop a lace fan that
had been carried by her mother at
her wedding. Her lace and satin
covered derby hat featured a short
net veil. Her bridal gown and hat
were designed and made by her
mother.

Following the ceremony, a recep-
tion was held in the fellowship hall
of the church.

After a honeymoon trip to San
Antonio, the couple will make their
home in Dallas, where the groom is

"Thanks, I needed that!" Apostolos
Poulios, 52, of Avdira, Greece, was hav-
ing trouble sleeping. He took a sleeping
pill. It didn't work. So he took another.
He fell asleep and slept in a deathlike
slumber. After 20 hours, his wife called
the village undertaker. Apostolos awoke
as he was being shaved in preparation
for his funeral. He complained about the
coldness of the water. His wife fainted.
It was a close shave.

One of the most remarkable museums
in Italy displays only umbrellas. The Um-
brella Museum in the village of Gignese
recalls the days when virtually the en-
tire town made and repaired umbrellas
and parasols.

Uranium is generally found in low-
grade ores with about 0.2 percent
uranium content.

Antiques BY RANDY ORMSBY

Hall China Teapots

The current revival of interest in Art Deco and Art Moderne has had a predictable effect on the collectables market. As trendy decorators and designers scramble to climb aboard the bandwagon, prices for anything with the slightest Deco/Moderne appeal have skyrocketed.

The current popularity of Hall China teapots is a good case in point. Less than a decade ago, there was little interest in these brightly colored, eccentrically designed marvels. Examples in perfect condition routinely sold for \$2 to \$10. Today, even some common designs in popular colors sell for \$50 or more.

Such inflated prices, however, are not entirely due to the whims of decorators. Prices for Hall China teapots were on the upswing well before the current Deco/Moderne rage began. Quality and variety are the major reasons.

Valued for their strong, craze-proof finishes, Hall teapots were made in such a variety of shapes and colors that collectors can easily amass hundreds of examples while encountering few duplications.

Most prized are Hall's novelty teapots, some of which were made to order in small quantities by hospitals, restaurants and hotels. Even the more plentiful novelties, such as the hole-in-the-middle Doughnut design, bring as much as \$75 in some colors. More exotic rarities, such as the Automobile (with its shiny hood ornament spout), can bring as much as \$300.

Color and condition are the two major determinants of price after style and rarity. Cobalt and Chinese red pieces, though not rare colors, bring premiums

today because of decorator demand. Common pieces damaged in any way are not worth collecting, but a few minor flaws may be accepted in rare designs. A single chip or flake, however, can reduce the value of a rare teapot by almost half.

Common designs and colors still turn up regularly in shops and shows, but rarer pieces require more work to locate. *The Hall Collection*, P.O. Box 401, Pollock Pines, CA 95726, is a useful quarterly for collectors and dealers. Other periodicals that may be of help include *Depression Glass Daze*, P.O. Box 57, Otisville, MI 48463 and *The Glaze*, P.O. Box 4929, Springfield, MO 65808. The only work to treat the subject in depth is *Superior Quality*, by Harvey Duke. Published in 1977, it is now out of print and a collector's item in its own right.

Hair-raising tale: Sheila Dowling, 20, sued A&P heir Huntington Hartford and his ex-wife for \$65 million, alleging that Elaine Kay, Hartford's ex-wife, and a friend tied her to a bed, clipped her with scissors and shaved her with an electric razor in January, 1982, because she had spent the night out with Hartford. Kay and her friend pleaded guilty to charges of criminal harassment and were fined \$500 each. Dowling, who is Hartford's former secretary, has settled for \$117,500 before the suit could go to trial. Dowling's attorney, Harry Lipsig, said that his client "is gainfully employed and is living a beautiful life. Her hair has grown back more beautiful than ever." It's enough to make your hair curl.

The Welland Canal between the Lakes Ontario and Erie has eight locks to detour the 326 foot drop of Niagara Falls and the rapids of the Niagara River.

On the go with Joy

Although Thanksgiving is past, I thought I'd give you some ideas that Merle Lofgren came up with from the top of the hill. This is for those who are not familiar with the real origins of Thanksgiving. It is time to get the record straight about this holiday.

The white people keep wanting to give credit to the pilgrims for inventing Thanksgiving, but this is all nonsense. Thanksgiving, like so many other things, was stolen from the Indians.

November came along in the colonies and the colonists were getting a little gaunted up from chopping wood and chinking up the cabins for the winter. "Let's invite the Indians in for dinner", they said. "They can bring the venison and turkey and such for the dinner."

It being fall and the pilgrims had already raked up the leaves on their lawns so they lit a fire and set up some smoke signals telling the Indians to come for dinner and as long as they were coming they might as well bring along a couple of deer, some turkeys, and corn and such as they might not be using.

The tribesmen got the message. They sat down around the campfire and talked it over. "Looks like another con job to me" said the chief. "Still, we might be able to outfox them. Look at the nice beads they gave us for the worthless old swamp out on Long Island."

How. How," agreed the elders. "Momma has been itching a long time to get inside one of those wooden wigwams," said the eldest of the elders. So it was agreed. The deer and the turkeys presented no problem since the boys wanted to go hunting anyway--game was thick. Thomas Edison had not got around to inventing the refrigerator so they could not freeze the game, nor had Mason invented jars, so they couldn't can it. Mason at that time was busy working with an Englishman named Dixon trying to figure out where to put the Mason-Dixon line so they would have it ready for the Civil War and had no time to spend on trifles such as inventing jars.

Came the appointed day in November and the squaws slung the deer and turkeys over their shoulders and early in the morning with the men and papooses sauntered casually over to the colonies. Then the Indian and white men sat around smoking the tobacco the Indians provided and

lying to each other, while dinner was being prepared. Later on the guys invented a new game where they kicked a pigskin ball around and did a lot of running. I think they called it "Cowboys Vs. Redskins".

A couple of days after the feast, the tribal council again gathered. The first item on the agenda was old business of course, and the first topic of the day was the pilgrims. "Man, did you see the way those white squaws make their bucks jump around," said one of the younger council members, "When we were sitting around smoking, they were jumping up and down all the time hauling water and wood for the white squaws."

"How. How," said the elders, "White squaws like ants in buckskin trousers, keep braves jumping around."

"What's this tax thing white men keep talking about?" asked one of the delegates from a rural district, "Maybe we need 'um".

All the councilmen shook their heads in amazement until a wise old soothsayer said "White men give most wampum to Chief, then try to get some back". "They probably mean Chief takes" but with their horrible English accent it sounds like 'tax', said another. "We need tax like hole in head," said the councilman from Schnetady. They all agreed.

"Did you see the goofy wooden wigwams?" said another elder. "I saw one white man out pouring water on the grass around his wigwam to make it grow and another cutting the grass around his wigwam because it grew."

"They call them lawns," said the wise old man. "White man can't move wigwam. Indian want to live in grass, he move teepee. No put teepee in tall grass. Grass trampled, move teepee."

"How. How" said the elders. Right then and there it was moved by the elder from Pwatoomie, seconded and passed unanimously to give thanks to the Great Spirit they were not white men. The resolution was renewed every year by the new council. The white men took notice. They did not know what it was all about but since it provided an opportunity for another holiday also adopted the resolution and set aside a special day in its recognition. Eventually it became known to one and all as "Thanksgiving."

Karen's Kozy Korner

Holiday gifts take a large part of the family income during November, December and January.

Save time, money and frustration by planning ahead. After deciding how much money you can spend, stay within your limit. Buy or make gifts early to avoid holiday shopping crowds and higher prices.

Use these money-saving tips to reduce gift expenses:

Take advantage of sales and specials. By planning ahead, you may purchase most gifts at bargain prices.

Use your imagination in choosing gifts. Try new types of stores and items. Instead of one large present, consider several small, related gift items or combine purchased gifts with homemade items.

Make your own gifts if you sew, bake, paint or are skilled in other ways. These gifts may mean more to the receiver than purchased ones.

Buy holiday cards, supplies and decorations for the following year during after-season markdowns.

When the family group is large, consider drawing names for Christmas. You can even draw names for a secret friend or relative that lasts for the entire year.

Set aside a place at home for storing gift items and wrapping supplies.

Be realistic in the amount of money you budget for special occasions. Spend only what you can afford. Substitute money with time, effort and skills.

Tee Vee Laffs

"IF WE WERE WATCHING AT HOME, I'D TONE THE RED DOWN."

Girls' basketball season begins

The Spearman varsity girls played an outstanding game at Dalhart November 19. Although they lost 52-42. Jill McLain made three free shots and four field goals for a total of 11 points; Julie Jones and Kayla Eaton did not score as Carrie Guthrie made one free throw; Tiki Jackson made four field goals and 1 free throw for nine points; Teresa Tindell did not score; Ciria Vela made one free throw and one field goal for three points; Carrie Holt made seven free throws for seven points; Shannon Jenkins made

five field goals and one free throw for eleven points; final score, Dalhart 52, Spearman 42.

The classy Lynxettes are playing without their outstanding player Rhonda Gibson who underwent knee surgery Wednesday of this week.

Tuesday night, November 20, the Spearman girls lost to the Perryton Rangerettes, 42-31. The Lynxettes were paced by Shannon Jenkins, number 55, who hit 8 points, Jill McLain scored 6; Julie Jones 3; Kayla Eaton 6; Carrie Guthrie 2; Tiki Jackson 1; Carrie

Holt 5; rounding out the roster was Teresa Tindell and Ciria Vela.

In the JV girls game at Dalhart November 19, Tammy Nollner led all scoring with 9 points; Michelle Savage 4 points; Sherry Vernon 3 points; Donda Pool 4 points; Amy Runyan 8 points; Cindy Womble 1 point; Jennifer Yarbrough 4; Mary Lou Baker 4. Rounding out the roster for the Dalhart game was Crista Urban, Kim Jenkins, Lynette Dial and Lisa Cazarez. The JV girls lost the game to Dalhart 37-51.

On Tuesday, Nov. 20, the Spearman JV girls blasted Perryton 41-27. Tammy Nollner scored 2 points; Michelle Savage 4 points; Sherry Vernon 2 points; Donda Pool 8 points; Crista Urban 2 points; Amy Runyan 1 point; Lynette Dial 2; Mary Lou Baker hit seven field goals and five free throws for 19 points; Lisa Cazarez 1 point. Rounding out the roster was Kim Jenkins and Cindy Womble. Final score was Spearman 41 and Perryton 27.

Senior Update

BY VIVIANNE BODEAU

We attended a Gerontological Society Conference recently in Colorado and listened to some interesting speakers. We were impressed with the number of older women who have started late or second careers after the age of sixty.

You will perhaps remember that Governor Lamm, Colorado, put his foot in his mouth a few months ago when he said, "It is the duty of the older people to die." He said he was quoting, but quoting or not, it was not an auspicious remark. Anyway, Jean Yancey, an entrepreneurial counselor, said in her

speech, "When you are 70 years old, you are old, when you are 85 years old, you are very old. Since I just turned 70 I'm glad that Governor Lamm doesn't know that I'm still running around."

Yancey was in retail most of her adult life but then after retiring, started her own consulting business for small businesses. She advises others to do the same.

Humor was the keynote of her speech, and change was the focus of her speech. Said Yancey, "I've been married for 44 years and the reason for this success is that he traveled the first 22 years and I've been traveling the last 22 years."

She went on to say, "Change is the name of the game. Life expectancy is 75 now, there are less babies born, more immigration, and people are moving to the Sun Belt. Those in their thirties and forties are marching in and to wellness."

Yancey believes that there is a spirit of self reliance and independence that

is like the old courage and spirit that began this country. There are a million persons a month who are giving up their jobs because they want challenge and fulfillment, truly the old entrepreneur feeling.

Jo Brown, in her sixties, owner and manager of Jo Brown Associates, is in her second career also. She helps people further their careers and aids them in choosing what they will do.

Brown emphasized the three parts of our lives: personal, professional and optional and said we must balance our lives by deciding how we spend our time. This means listing our responsibilities of both personal and professional life, then deciding what people we want to be around, what options there are in what you want to be involved in. Make a list of people you see, what they mean to you. Assess your priorities.

"Oh, Bowser's really not that smart. All he reads are the comics."

Shop locally for Christmas.

You are cordially invited to a Christmas open house at Blackburn Flowers Sunday, Dec. 2 from 2 to 5 p.m.

There will be refreshments and door prizes. We have all sorts of Christmas arrangements, fresh or permanent or will custom design arrangements for your design. We also have fresh roping, fresh wreaths, as well as other Christmas decor items.

Scenes from recent Union Church Thanksgiving Dinner.

Letter to the Editor

Dear Editor,
 Being a student of political and theological intrigue here are the documented facts. We will not be destroyed by nuclear bombs, but as a result of this cost of manufacture. Our national debt in 1983 was one trillion 383 billion dollar. In 1983 it took 128.6 billion to pay the interest to the Bolsheviks. Our national debt is like a snowball rolling down a mountain, getting bigger and going faster until it crashes at the bottom. Lenin a former Bolshevik of Russia said, "the United States will fall into our hands like a ripe fruit from a tree".
 In 1917 President Wilson was responsible for a secret alliance of mutual cooperation with the Bolsheviks of Russia, and it is still effective. The United States Bolsheviks in 1917 were the leading financial supporters of the Russian Revolution, supplying mercenaries with military expertise that defeated the Csars. These Bolsheviks are U.S. citizens and remain bosom friends of those in Russia. The Bolsheviks control the military armaments manufacturing industry in the U.S. and Russia. They are responsible for

organizing and controlling the satanic United Nations and placing in the U.S. The Holy Bible verifies the fact that the UN building is the eprophetic temple of Babylon.
 The Bolsheviks are representatives of Mystery Babylon the Great, The Mother of Harlots and Abominations of the Earth; Revelation 17:5. They do not believe that the worship of money is the root of all evil; I Timothy 6:10.
 The citizen of common sense can now see that "pardners in crime" will not destroy themselves with nuclear bombs. The crash of the U.S. monetary system is inevitable and imminent and it will bring in the World Government that the Bolsheviks want. This will be the end of Freedom and enslavement will be the result. But there is only one means of escape, "Jesus Christ" who controls the inevitable for us, because the white Caucasians of America is the true nation of Israel. Jesus Christ is jealous of us, and He will not allow our destruction if we will stop our disobedience and obey His commands.

Paul T. Buchanan

Spearman Elementary celebrates Children's Book Week

Spearman Elementary School celebrated Children's Book Week during the week of November 12th thru November 16. This was

to celebrate reading, children's books and children's book writers. On Friday, the children came dressed as their favorite

storybook characters. This week went over very well according to the school librarian. "More children dressed up for this than dressed up for Halloween."

More class members pictured are: Jason Babitze, Jason Varnon, Cristina Fain, Barbara Ringe,

Tommi Latta, Telie O'Quinn and Todd Marshall.

Members of Mrs. Orr's Third Grade class pictured are: kneeling Gary Scroggs and Chad Gardiner. Standing are: Eddy Herrington,

Jason Swink, Wandy Phillips, Adam Queener, Christy Taylor, Erin Davis, and Dee Mayfield.

Caring For Children BY ANDREA PAUL

Dear Andrea:
 My husband and I have decided to get a divorce. How should we tell the children about our decision. What is the best way to handle children during a divorce?

Sincerely, Peggy

Dear Peggy:
 Tell your children that you are going to divorce just as soon as you and your husband have positively made this decision. Do not tell them if you are not sure. It is best if you and your husband are

together when you tell all the children at once. Each child may want to discuss the divorce with you alone later, but it is best to tell them all at once. That makes sure that one child will not hear the news from a sibling.

It is best if you and your husband can discuss the divorce with your children at least a week before one of you actually moves out. That will give each child time to ask each of you questions. Having you both give the news helps keep one parent from being the "bad guy." It also helps keep them from being afraid that they may come home one day and be surprised to find that the other parent has moved out, too.

Here are some rules that may serve as guidelines for you:

1. Make sure the children know that though the parents are getting a divorce, they are not divorcing their children.
2. Each parent will love each child just as much after the divorce.

3. Let your children know firmly that you are getting a divorce and there is nothing they can do that would get you back together. It is purely a parental decision.

4. Emphasize to your children that they are in no way responsible for the divorce.

5. Never say anything ugly about the other spouse to any child.

6. Be as honest and firm as possible in answering each child's questions.

7. Carve out some extra time to give each child during this naturally emotional time.

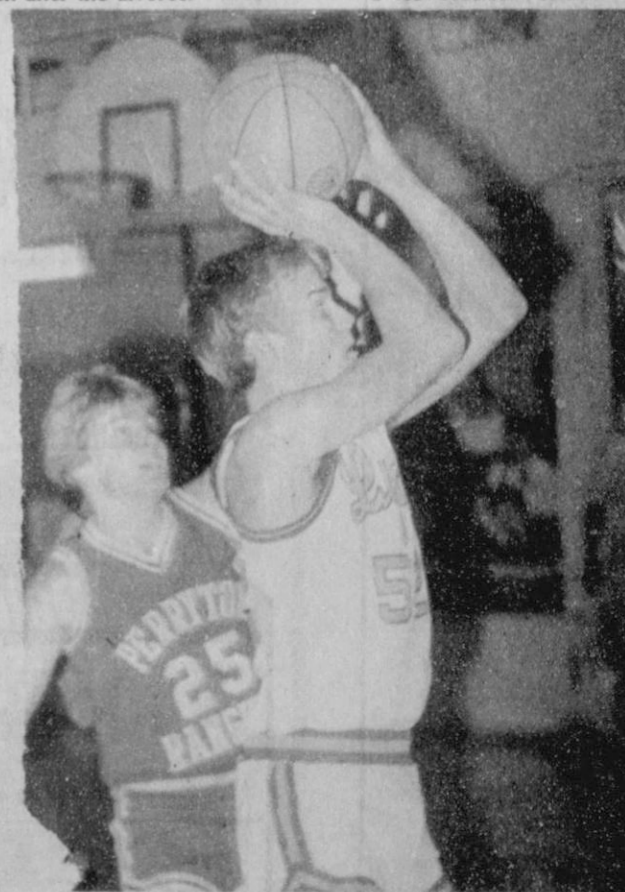

Divorce is never easy. It will be hard on you. It will be hard on your children. Keep your life as simple as possible during this time so that stress will be kept to a minimum. Try to keep family life as normal as possible, while providing more attention than usual for all your children.

Farm production County highway work planned

costs to rise

Farmers will once again have to deal with rising production costs in 1985.

"Production cost rises will generally exceed the inflation rate next year," says Dr. Forrest Stegelin, economist with the Texas Agricultural Extension Service, The Texas A&M University System. "These increases in input costs will virtually offset any increase in market receipts."

Stegelin expects manufactured fertilizer prices for all forms of nitrogen, phosphates and potash to be up 6 percent by spring. However, there may be regional declines in prices due to a decline in the outlook for farm crop prices and a decline in the demand for farm goods.

The economist foresees a continued moderation in prices of ag chemicals for 1985. "While the demand remains strong for ag chemicals, prices have declined due to the demise of patents as companies try to protect their market share from free market infringement," notes Stegelin.

Petroleum prices for fuels will be up about 4 percent by this time next year, notes the economist. Seasonal variations will depend on heating needs. A 3-4 percent growth in farm demand is expected, but farm usage is so minimal relative to total usage of fuels that farm prices will parallel wholesale or rack prices, Stegelin adds.

"Farmers and ranchers can expect rebates and sales incentive programs from the farm machinery industry which is bulging with large inventories of all items," Stegelin points out. "It's too bad the farmer is burdened with high real interest rates for operating loans."

The economist advises farmers to expect heavy price discounting for large four-wheel drive tractors and hefty price increases on some models of front-wheel drive assist tractors touting fuel efficiency and improved manageability in field conditions. Prices also are expected to be up nearly 10 percent on small horsepower tractors, many of which will be imports.

Overall, prices for farm machinery will rise faster than for any other production input, says Stegelin.

The State Highway and Public Transportation Commission Tuesday approved the 1985 State Highway Safety and Betterment Program that includes work in Hansford County.

The program, backed by new monies made available by the recently increased fuel tax and registration fees, includes \$180,378 to seal coat State Highway 207, from SH 15 north 19 miles to the Oklahoma state line.

Also, the program provides \$203,481 to seal coat SH 136, from SH

15 north, west and north 18 miles to the Oklahoma state line; and \$129,094 to seal coat SH 15, from Spearman northeast 7.1 miles to the Ochiltree County line.

Amarillo District Engineer A.L. McKee said a seal coat protects and extends the service of roadways--often those with cracking and slick surfaces. The seal coat work will be performed next summer.

The annual program was not undertaken last year due to limited funds.

Short Takes

If the love of money is the root of all evil, ours is a nation of gardening.

When you were 20, you couldn't wait to go on a yule-time buying spree. After 40, it's more likely you're still paying for it.

At this time of year, the most-gifted persons are apt to be purchasing agents, says our resident cynic.

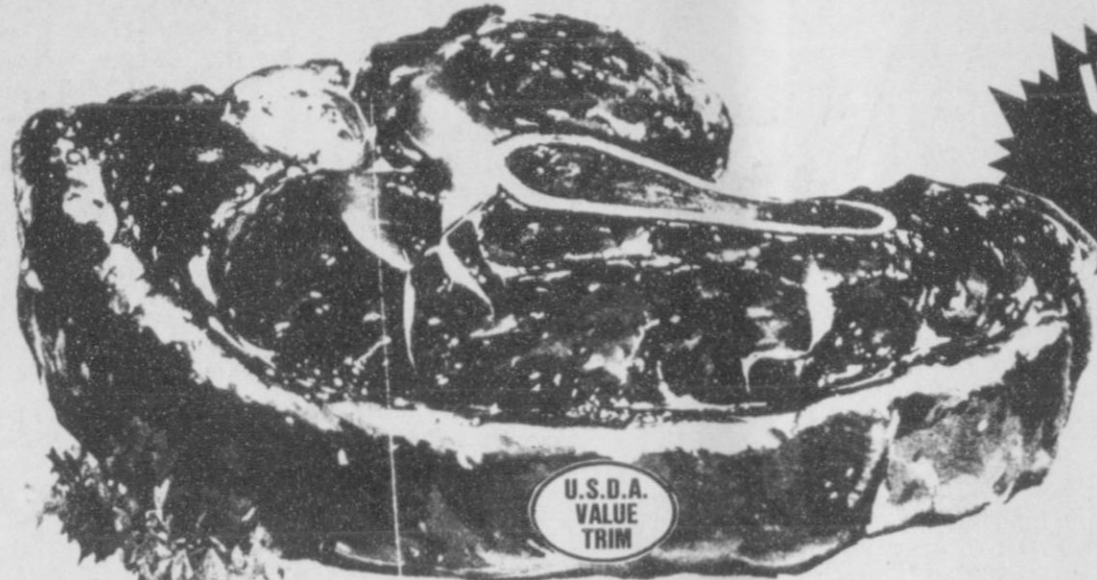

Our Heritage of Faith...

Baptism: Man's Natural Condition. Human reason (or sentimentality) does not see man's condition the way sin is presented in God's Word. This is the basic problem concerning Baptism in general, and infant Baptism in particular. To understand the seriousness of sin as presented in Scripture. Personal

feelings and opinions are not a reliable basis for determining spiritual truth concerning sin and salvation. NEXT TOPIC: Baptism: The Bible and Sin.

Extension Club News

Town and Country and Happy Homes Extension Homemakers met Tuesday, November 6th, in the home of Cindy Holton. "Someone's in the Kitchen" in Perryton, gave a program on garnishing techniques. She brought many gadgets for making garnishing quick and easy. Teresa also demonstrated how each gadget worked and gave several ideas to try to turn regular dishes special. Following the program, refreshments were

served to both clubs. Denise Harbour, President, then called the business meeting to order. Rollcall was answered to "Program Suggestions". Paula Foster gave the treasurer's report. Debi Rogers made the motion we do a service project on the "Save a Baby Program". We decided November 27, at the Extension Homemakers Building would be a good time

and place. Peggy Winegarner moved we donate \$25.00 to the American Heart Association. Members attending were Julie Adams, Joan Brown, Pat Cudd, Paula Foster, Denise Harbour, Cindy Holton, Delinda McLaughlin, Emily McCullough, Jeanie Laughlin, Lynna Renner, Debi Rogers, Dixie Smith, Connie Steger, Peggy Winegarner, Beverly Antalek and Pam Cobb. Following the meeting Thanksgiving baskets were delivered. The

next meeting will be in the home of Jeanie Laughlin, November 20th, with Karen Harruff giving a program on Bartering.

NOTICE

Bad weather will soon be here and along with it will come severe road conditions. In case of extreme weather conditions when it is not safe for children to travel back and forth to school, school may be called off. To find out if school will be closed, you may listen to KGYN-Guymon, KRDF-Spearman, K VII-Amarillo, or Channel 6-Gruver.

Phillips donates historical site to state

AUSTIN -- Phillips Petroleum Company recently announced the donation of a portion of the historic San Jacinto Battleground to the State of Texas in a presentation to Governor Mark White.

"I want to thank Phillips Petroleum for this impressive donation valued at over \$2.5 million. I can think of no better way to celebrate the Texas Sesquicentennial than to expand our state's parkland," Governor White said.

C.J. Silas, president and chief operating officer of Phillips Petroleum made the presentation. "It is our hope that this property will enhance the historical appeal of the battleground area and will help to commence the celebration of the anniversary of Texas. We trust that the people of Texas will regard this gift as an expression of Phillips' appreciation for Texas spirit -- a spirit that has fostered a business climate that is the envy of the nation and the oil industry."

Governor White also thanked the Texas Conservation Foundation for arranging the Phillips donation. The Foundation is a state agency which promotes voluntary support for parks and wildlife programs.

Foundation Chairman George L. Bristol of Austin said the 155-acre tract located near Houston is the most valuable property ever given to the state through the Foundation, but is only the first of many gifts anticipated in observance of the 150th anniversary of Texas.

The Phillips tract will be added to the existing 327-acre San Jacinto State Historical Park.

The site commemorates the Battle of San Jacinto, the concluding battle of the War of Independence which separated Texas from Mexico. During the fight on April 21, 1836, the Mexican army was driven from positions in the current state park and retreated into the portion of the field now being acquired. There, many men became mired in the marshy ground and were caught by the pursuing Texas forces.

The site lies at the confluence into the river. Since the opening of the Houston Ship Channel, the area around the battleground has become a major oil and chemical refining and manufacturing district. Phillips Petroleum acquired the property originally for industrial development but, because of the land's historical significance, is donating it to the state as a Sesquicentennial gift.

Texas Parks and Wildlife Chairman Ed Cox, Jr. said, "The San Jacinto park is already the most visited park in the state system. With the attention of the state focused on San Jacinto during the Sesquicentennial, there will be thousands more visitors, making the additional land even more welcome."

Both Bristol and Cox emphasized the state's need for more parkland. The Texas Conservation Foundation was established by the Legislature to help businesses and individuals with details and tax consequences of donations for parks, wildlife and historic preservation purposes.

Musings

The name "Jew" derives from the name "Judah." It was first applied to a member of the Southern Kingdom in contrast to a member of the Northern Kingdom. After the Babylonian Captivity all Hebrews were called Jews. "And Jesus stood before the governor: and the governor asked him, saying, Art thou the King of the Jews? And Jesus said unto him, Thou sayest." -- Matt. 27:11

CIVIL ACTION
NO. W-4613

NOTICE OF PROPOSED SETTLEMENT OF HELIUM
CLASS ACTIONS AND OF HEARING THEREON

TO: Landowners, Royalty Owners, Mineral Owners,
Oil & Gas Lessees And Producers Having An Interest
In Helium Bearing Natural Gas Delivered By Panhandle
Eastern Pipe Line Company To National Helium
Corporation For Extraction And Sale, More Particularly
Described Below.

TO: The Following Described Classes Of Landowners
In The Above Cases:

(As described in Civil Action No. KC-1980)

"... persons, firms and corporations owning a mineral
interest in land from which helium has been, or is being,
or will be severed from the ground in connection with
or because of production under oil and gas leases, which
helium has been, or is being, or will be taken into
possession by the United States of America in Seward
County, Kansas at the delivery point described in
interpleader National Helium Corporation dated October 13, 1961."

and

(As described in Civil Action No. W-4613)

"All persons and concerns who own or have owned a mineral
interest in land as to which helium has been, is being,
or will be severed from the ground in connection with
or because of production under oil and gas leases, which
helium has been, is being, or will be removed from
gaseous streams, with such helium flowing from wells
productive under such leases, with such helium
removal being done in . . . [a plant] in Seward . . .
County, Kansas, . . . owned by National Helium
Corporation, or who have been, are entitled to or will be
entitled as lessors, to royalty payments by reason of the
production or marketing of natural gas pursuant to such
leases since the beginning of such removal of such helium
from such streams in such . . . plant and the heirs,
executors, administrators, trustees and assigns of such
persons; the officers, successors, trustees and assigns
of such persons as are existing, dissolved or dormant
corporations; the executors, administrators, trustees,
successors and assigns of such persons or concerns as
are or were partners or in partnership; the unknown
guardians, conservators and trustees of such persons
as are minors or are in anywise under legal disability."

and

TO: The following described classes of Lessee-Producers
in the above cases:

(As described in Civil Action No. KC-1980)

"... the persons, firms and corporations denominated Lessee-
producers, who are the owners of leasehold interests in
the oil and gas leases [from which gas is produced for
delivery to Panhandle Eastern Pipe Line Company] and who
deliver, have delivered or will deliver helium contained
in gaseous streams directly or indirectly to Panhandle
Eastern Pipe Line Company for extraction and sale, more
particularly as described in interpleader National
Helium Corporation dated October 13, 1961."

and

(As described in Civil Action No. W-4613)

"All persons, firms, corporations, or concerns who are or
have been the owners of leasehold interest under the oil
and gas leases covering the mineral interests in land owned
by the members of the Landowner-Lessor Class above
described [in the Landowner-Class definition in Civil
Action No. W-4613] or who are or have been making, or
required to make royalty payments to lessors by reason of
natural gas production under such leases since the
beginning of such removal of helium from such streams,
or who are or have been the owners of unleased mineral
interests in land from which and while helium has been
severed and removed, and the heirs, executors,
administrators, trustees and assigns of such persons;
the officers, successors, trustees and assigns of such
persons as are existing, dissolved or dormant
corporations; the executors, administrators, trustees,
successors and assigns of such persons or concerns as
are or were partners or in partnership; the unknown
guardians, conservators and trustees of such persons
as are minors or are in anywise under legal disability."

NOTICE IS HEREBY GIVEN that a hearing will be
held before the United States District Court for the
District of Kansas beginning on the 5 day of March,
1985, at 10:00 o'clock a.m., in the United States Court
House, 401 North Market, Wichita, Kansas and continuing
from time to time without further notice as the
Court may direct.

The purpose of this hearing is to determine whether
a proposed compromise and settlement in the above
captioned actions should be approved by the Court. The
proposed compromise and settlement involves two separate
lawsuits, namely: (1) *National Helium Corporation vs.
Panhandle Eastern Pipe Line Company, et al.*, being
Civil Action No. KC-1980, (which action is an
interpleader action consolidated with five (5) related
interpleader cases, all pending on appeal in the United
States Circuit Court for the Tenth Circuit; and as so
consolidated are commonly referred to as "The Consolidated
Helium Cases"); and (2) *Oliver S. Brown, et al., vs.
Mobil Oil Corporation, et al.*, Civil Action No. W-4613,
pending in the United States District Court for the
District of Kansas. These cases involve conflicting
claims respecting certain helium or rights relating
thereto.

The helium involved in the proposed settlement is the
helium commingled in helium bearing natural gas streams
that came into the possession of Panhandle Eastern
Pipe Line Company (Panhandle Eastern) which streams
were in turn delivered by Panhandle Eastern to a plant
owned and operated by National Helium Corporation
(National Helium), where the helium was removed
from the gas streams during the period from 1963 to
1973, inclusive. Most of such removed helium was
delivered to the United States of America during such
period and was paid for pursuant to the contract
between National Helium Corporation and the United
States dated October 13, 1961. Lesser quantities of the
removed helium was sold to private purchasers during
the period from 1966 through 1981, inclusive.

Case No. KC-1980 Involving Helium Sold
By National Helium To The United States

A trial of the liability phase of Case No. KC-1980
was held during the latter part of 1968. On appeal the
United States Court of Appeals for the Tenth Circuit

found that Panhandle Eastern and National Helium were
liable to the Lessee-Producer and Landowner Classes for
the reasonable value at the time of sale and point of
delivery by the producer of helium ultimately sold to
the United States. As a result of subsequent appeal,
and further proceedings before the U.S. District Court
for the District of Kansas, it has been determined that
members of the Landowner Class are entitled to a
fractional royalty (typically 1/8th under the terms of
their leases) of such reasonable value. Following a trial
held in November and December, 1982, the Court found
that the value of helium for which Panhandle and
National must account is \$3.82 per Mcf for helium
extracted and sold. This decision has been appealed by
various parties to the United States Circuit Court of
Appeals for the Tenth Circuit. Case No. KC-1980 has
been remanded to the United States District Court to
consider the approval of the settlement.

Case No. W-4613 Involving Helium
Sold by National Helium to
Purchasers Other Than the United States

Case No. W-4613 is an action initiated on behalf
of a landowner class against a lessee-producer class
and against members of the Helix Group, which group
includes Panhandle Eastern and National Helium. All of
the persons and concerns who are parties to the
Consolidated Helium Cases, except the United States
of America, are also parties to Case No. W-4613 which
case was originally filed as Case No. 4989 in the
District Court of Stevens County, Kansas on the 29th day
of April, 1971 and was removed to this Court on
petitions by Panhandle Eastern, other members of the
Helix group and the Lessee-Producer defendants. On
June 3, 1971, the Plaintiffs moved the Court for an
order remanding the case to the state court on the
grounds that the federal court had no jurisdiction of
the subject matter of the case which motion was
overruled. Plaintiffs filed a motion to amend the order
denying remand in order to certify controlling questions
of law so as to permit interlocutory appeal therefrom
which motion was also overruled. The Landowners seek
recovery for the value of helium sold to purchasers
other than the United States and also urge in *personam*
claims for cancellation of the leases based upon abandonment
and breach of a covenant to market the helium
for value and seek, alternatively, recovery for a
reasonable royalty with respect to helium delivered and
sold. (The payments received by National Helium from
the government which are the subject matter of Case
No. KC-1980 are payments for some such helium.) The
Landowners also seek recovery for the value of helium
sold to purchasers other than the United States and
against Lessee-Producers as to helium which is not
involved in the proposed compromise and settlement
agreement.

The Lessee-Producers have filed cross-claims against
Panhandle Eastern and National Helium for the value
of helium sold to purchasers other than the United States.
Panhandle Eastern and National Helium have denied
any liability for all claims by the Landowners and
Lessee-Producers. On January 5, 1984, the Court ruled
that the liability principles established in Case No. KC-
1980 should apply in Case No. W-4613. Case No.
W-4613 has not yet reached the trial stage.

The Settlement Agreement

The terms of the proposed compromise and settlement
are contained in an agreement denominated Helium
Settlement Agreement, dated July 17, 1984, and executed
by Panhandle Eastern and National Helium, on the one
part, and individuals acting on their own behalf and
on behalf of members of the Landowner Classes, on the
second part, and by Lessee-Producers acting on their
own behalf and on behalf of the Lessee-Producer Classes,
on the third part.

The Helium Settlement Agreement and all other
papers filed in these cases may be examined and copied
during regular office hours at the office of the Clerk of
the District Court, 401 North Market, Wichita, Kansas.
While the entire Settlement Agreement must be examined
for an understanding of the complete transaction,
basically the agreement provides that Panhandle Eastern
and National Helium will have deposited or will deposit
with the Court Clerk a settlement fund based on a value
of \$3.60 per Mcf. of helium actually extracted and sold
by National Helium, plus interest. The settlement fund,
after deduction of administrative and litigation expenses
and attorney fees, is to be distributed among the
members of the classes as their interest is determined
in the manner hereinafter provided. The most significant
portions of the Settlement Agreement are the following
excerpts from paragraph (7):

"(7) For all purposes of the Helium Class Actions
the value of helium at the wellhead which helium was
delivered by Lessee-Producers to Panhandle is agreed to be
\$3.50 per Mcf. The principal amounts ultimately due individual
Lessee-Producers and Landowners shall bear interest
according to the interest formula prescribed by the Court in
the judgment of November 8, 1983, in the Consolidated Helium
Cases deposited with the court clerk the Court Settlement
Fund as ordered by the Court. For the period subsequent to
November 18, 1983, the individual Landowners and Lessee-
Producers will be entitled to a share of the interest which the
Court Settlement Fund has earned while in the hands of
the court clerk in the proportion which the individual's share
of the Court Settlement Fund bears to the total Court
Settlement Fund. It is the intent of the parties that interest
included in the portion of the Court Settlement Fund relating
to the case of *Oliver Brown, et al. v. Mobil, et al.*,
shall be calculated as if judgment had been entered in such
case as of November 8, 1983 on the same basis as was
entered in the Consolidated Helium Cases and as if the
principal and interest required by such judgment had been
deposited with the court clerk on November 18, 1983."

The interest formula prescribed by the Court in the
judgment of November 8, 1983 is as follows:

"The rate of interest shall be 6% per annum on each
year's production of helium from the end of each year until

November 12, 1974, with the total of such principal and
accrued interest to bear interest at the rate of 8% per
annum from that date until July 1, 1980; and at 12% per
annum from July 1, 1980 to July 1, 1982; and at 15% per
annum from July 1, 1982, until the date of judgment. From
the date of judgment, all principal and interest then
accrued shall bear interest at the rate prescribed by the
federal statute on judgments, as amended, 28 U.S.C. §1961."

Panhandle Eastern and National Helium contend
in the litigation that interest should be calculated on a
basis less favorable to the Landowners and Lessee-
Producers than set out above. However, for the
purposes of the settlement, they have agreed to pay interest
on the basis of such formula. As a result, interest
calculated through November 17, 1983, adds approximately
\$5.61 to the \$3.60 payment for contained helium
at the wellhead, for a total payment of approximately
\$9.21 per Mcf.

If the compromise and settlement as presently
proposed is approved by the Court, the Court will determine
the amount of helium extracted by National Helium
and sold which shall be allocated to each input point
on the Panhandle Eastern Pipe Line system and, based
on such allocation, will further determine the amount of
the total settlement which shall be attributable to each
individual and concern having claims against Panhandle
Eastern and National Helium.

It is also a condition of the Settlement Agreement
that the Landowner Classes, through named representa-
tives and their attorneys, relinquish all claims in Cases
KC-1980 and W-4613 pertaining to or affecting the
helium extracted by National Helium as helium applies
to the oil and gas leases from which it was produced.
By such consent and agreement, Landowners relinquish
and release all claims arising prior to the date of the
execution of the agreement and asserted in such cases
against Lessee-Producers other than for the payment
of royalties as provided therein.

If the proposed compromise and settlement agree-
ment is approved by the Court, Case No. W-4613 will
continue only as to claims in the cases against pipe
line companies and helium extractors other than Pan-
handle Eastern and National Helium.

Further the Settlement Agreement provides that
the Lessee-Producer and the Landowner Classes release
Panhandle Eastern and National Helium from any claims
to the funds recovered by National Helium for breach
of contract from the United States in Action No. 158-75
in the United States Court of Claims.

Approval Proceedings

At the hearing to be held beginning on the 5th day
of March, 1985, counsel for Landowners and Lessee-
Producers will be awarded attorney fees and the Court
will allow litigation expenses incurred by representa-
tives of the classes. All such amounts will be paid
from the settlement fund prior to distribution. The
Court may also permit Court administrative expenses to
be paid from the Settlement Fund.

Each member of the Landowner Classes and Lessee-
Producer Classes described above is hereby notified that
if any member of such classes wishes to show cause why
his or her interests have not been adequately represented
by the named representatives of the Classes or to object
to the proposed settlement, such cause or objection must
be made by the filing of an appropriate pleading on or
before the 19th day of Feb., 1985, with the Clerk of
this Court. All class members will be bound by all
actions taken in these matters by the United States
District Court for the District of Kansas. At the hearing
on March 5th, 1985, any member of the classes
represented in these cases may appear and present
proper argument and evidence, but no person not a named
party will be heard and no papers will be received
unless notice of intention to appear and copies of such
papers are filed with the Clerk of this Court on or

The form of this NOTICE is approved by the Court
and ORDERED to be sent to each member of the classes
above described who has not heretofore appeared in these
actions and whose name and address can be determined
reasonably.

Counsel for the representatives of Landowner and
Lessee-Producer Classes have recommended to their
clients that the Settlement Agreement be accepted and
such counsel will indicate to the Court at the settle-
ment hearing that in their opinion the settlement is in
the best interest of the members of their respective
classes.

At The Time Of The Hearing, Neither The Parties
Nor Counsel Will Have Sufficient Information To Advise
Which Persons Are Entitled To Recover Under The
Terms Of The Settlement Agreement Or Of The Amounts
Of Money That Any Person Entitled To Payment Can
Expect To Receive Under The Terms Of The Settlement
Agreement. Because Calculations Will Need To Be
Made To Effectuate The Settlement, Some Time Will
Elapse Before Those Persons Entitled To Recover Payments
Will Receive Them.

DATED AND ENTERED at Wichita, Kansas, this
16 day of Oct., 1984.

Mr. Fix

INSTALL NEW WEBBING
IN FURNITURE

Jute webbing is used to span the open
frames of seats and backs. It is installed
by being stretched taut across the opening
and securely tacked in place. Then
the springs are sewn to the webbing.

TOOLS AND MATERIALS
Webbing, webbing stretcher, No. 12
tack, magnetic tack hammer.

APPROXIMATE TIME: 45 MINUTES

1. Turn the chair frame upside down.
2. Buy webbing in a roll. Do not cut strips to length from the roll, but apply the webbing from the roll.
3. Webbing is applied in strips, from the front to the back, and across the seat. Strips should be 1/2 to 1 in. apart.
4. Begin by applying the center strip running from front to back. (When reupholstering, use the old webbing marks as a guide in placement of the new webbing.)
5. Place the loose end of the webbing on the front rail of the chair, with 1 in. projecting beyond the rail.
6. Tack the webbing to the underside of the rail. Use either the 5-tack pattern shown, or 4 tacks in a line.
7. Fold the end of the webbing back across these tacks and drive 4 tacks as shown (or 3 tacks if you have used the 4-in-line method). Both systems are good. The 4 + 3-tack system is less likely to split the wood.
8. Never drive a tack near the edge of the rail. It may split the wood.

If you tell me everything you
know, what will we speak about for
the rest of the evening?

People who don't believe in hell have
never tried to bring a fold-up bicycle
home on the bus.

When Ishmael was seen mocking
Isaac, Sara demanded that Abraham
send him away with his mother, Hagar.
He grew up in the wilderness and
married an Egyptian woman. He had 12
sons and one daughter. His sons
supposedly formed the chief element of
the Arab nation. Most are Moslems and
consider Ishmael their spiritual father.

God promised Abraham to make a
nation of him.
"And God said unto Abraham . . .
in Isaac shall thy seed be called. And
also of the son of the bondwoman
will I make a nation, because he is
thy seed."

Christmas drawings begin Dec. 3

SPEARMAN'S "CASH FOR CHRISTMAS" PROMOTION

The Spearman Retail Merchants will be giving away \$1,500 in Spearman Bucks this Christmas season.

Registration began Friday, November 23 in the many businesses who are participating. \$100 a day will be given away beginning December 3. The Chamber of Commerce calls each business and they draw a name from their store and then a name is drawn at the C of C office for the winner. Persons must be 18 to register in the drawings.

On Saturday, December 15 and 22 the Moose Lodge will sponsor a FREE movie at 2:30 p.m. at the Lyric Theatre for the children while parents shop for Christmas. The movie "The Wilderness Family" will be shown Dec. 15 and "The Wilderness Family II" will be shown Dec. 22.

Businesses participating include the First State Bank, Gordon's, Wardrobe Cleaners, Interstate Savings, The Desk Set, Prairie Chalet, Consumers Sales, John R. Collard, Jr., Thriftway, The Gift Box, Sacks Third Avenue, Sears, Spearman Super Service, Boyd's Family Shoes, Beedy Furniture, Spearman Reporter, Spearman Rexall Drug, Spearman Auto Supply, Trudy's, Earl's TV, Knack Shop, A&L Printing, Kids' Stuff, Jenny Lynn's, Lady Fair, Pizza Hut, Taylor Petroleum, J.G.'s, Anthony Electric, The Buknhouse, Cochran's Fabrics, ChaLor's, TG&Y, Sound Trax, Hickerson Jewelers, Browns' Furniture Showroom and Cate's Men and Boys Wear.

These local merchants have beautiful gifts for Christmas giving and would appreciate you shopping at home.

Our neighbor says he's going to muck his lawn with paper currency and save the effort of carrying all that high-priced lawn food home with him.

Camping Family Style

BY ANGELA AND FORD BOTHWELL

Q. The twin propane bottles on my new travel trailer each have the coding "TW 28" stamped in the collar around the valve assembly. A friend says this indicates how much I should fill the bottles when they're empty. Is this true?

A. It is indeed. All refillable propane gas bottles have a TW number stamped into the metal collar. TW refers to "tare weight," which is the weight of the gas bottle when completely empty. Add the TW to the size of your gas bottle, and it will give you the total weight when filled.

For example: You obviously have two 30-pound bottles on your Rv. Add the 30 to the TW of 28, and it means each of your bottles should weight 58 pounds when filled (30 pounds of propane plus 28 pounds of empty container).

However, propane bottles should only be filled to 80 percent of their capacity. The reason for this is that when propane enters the bottle, it begins to expand, turning from liquid to gas. If the bottle is filled to capacity, the expanding gas is forced out of the safety valve that is built into every valve assembly. The escaping gas is not only a safety hazard, it is money down the drain.

The 30 pounds of propane it takes to fill one of your bottles equals about 7 gallons of fuel. But to fill one bottle to only 80 percent of capacity, you need only 25 pounds of propane, or 5.6 gallons of fuel. Thus, instead of filling your bottles to their capacity weight of 58 pounds, you want them to weight only 53 pounds when filled (25 pounds of propane plus the tare weight of 28).

Propane bottles are best filled by plac-

ing them on a scale and adding the fuel until the desired weight is reached.

You should also know that propane bottles, by law, must be painted a light color, such as white, cream or silver. A refilling station should refuse to fill any dark-colored bottles.

And if your bottle doesn't have a gauge to tell you how much propane is left inside after you've used it a while, there is an easy way to tell. Heat a pan of hot water, then pour it on top of the bottle so the hot water runs down the side. Slide the palm of your hand slowly up and down the side of the bottle.

The bottle will remain warm where it is empty inside, but it will feel cool when you reach the level where the liquid propane inside is cooling the bottle. That is the level of propane you have left.

November wedding unites couple

MRS. DARIN WINGER

On Friday, November 16, at seven in the evening, Miss Tanya Dee Holiman and Darin Guy Winger exchanged wedding vows in the Chapel of Tyler Street United Methodist church in Dallas. Parents of the bride are Mr. and Mrs. Lewis Holiman of Dallas. Grandparents are Mr. and Mrs. Buster Hughes of Wellington and Mr. and Mrs. Odis Holiman of Midkiff, Texas. The bridegroom is the son of Mr. and Mrs. Val Winger and grandson of Mrs. Alma Gruver and Mrs. Pauline Winger, all of Gruver, Texas.

The double ring ceremony was conducted by Rev. E.B. Brooks, Jr. of Duncanville. The couple pledged their vows before an altar decorated with two spiral candelabras. On each side, a crescent-shaped candelabra was placed in front of the lighted cross with the Unity Candle at the center with white family candles

on either side.

Greenery flanked the candelabras and altar and the pews were marked with candles lighting the pathway of the bride.

The candles were lighted by Matt Hughes of DeSoto and Chad Feemster of Wellington, cousins of the bride.

Registering the guests was Stacy Lea Holiman, sister of the bride. Ushers were Chris Dorman of Gruver and Paul Hudspeth of Pilot Point. Christy Lynn Feemster of Wellington served as the flower girl, and Marcus Leaton Hughes of De Soto acted as the ring bearer. Both are cousins of the bride.

Attending the bride was Carrie Layne Bryant, Maid of Honor, and Janice Lynn Carroll, serving as bridesmaid.

The honor attendants were identically attired in formal length gowns of bright apricot taffeta. They carried bouquets of various

peach and apricot flowers. Serving the groom as Best Man was his brother, Davin Winger. His groomsman was Kelly Mills. Both men are from Gruver.

Men of the wedding party were attired in charcoal grey tuxedos with pin-striped pants and ascot ties. They each wore peach rosebud boutonnieres.

Charles Harris, the organist, played various selections of traditional music preceding the wedding and while the guests were being seated.

The groom's mother and the bride's mother were escorted in and each lit the family candle on either side of the unity candle.

The marriage vows were exchanged before the couple lit the Unity Candle.

Uncle of the bride, Earl Lynn Feemster of Wellington, sang "The Wedding Song". Charles Harris accompanied Carrie Bryant as she sang the theme from "Ice Castles" and "Looking Through the Eyes of Love".

The radiant bride was escorted to the altar on the arm of her father and given in marriage by her parents. For her wedding she chose a formal length bridal gown of white taffeta designed by Alfred Angelo of New York. The fitted-bodice and sleeves were intricately designed with Venice Lace and baby satin roses. The lovely gown featured a sweetheart neckline and semi-cathedral train.

The bride's hat was uniquely decorated with crocheted leaves and tiny beaded pearls. A waist length net veil and blusher stemmed from the crown. Her wrist gloves were crocheted with dainty roses and designs.

The bride carried a cascade bouquet of white lily-of-the-valley, apricot sweetheart roses, baby breath, white gardenias, and peach stephanotis with white satin and lace ribbons, draped with pearls.

In carrying out the bridal tradition for something old, she carried a lace-linen handkerchief that belonged to her great-grandmother from Austria. She also wore a gold bracelet that belonged to her mother's grandmother. Her mother and aunt also wore it. She wore a new dress, hat and veil. Her something borrowed was a pair of shoes belonging to the groom's sister-in-law, Mrs. Davin Winger. For something blue she wore her mother's blue garter. She also wore a sixpence with her birthdate in her shoe, a gift from the groom's

grandmother, Mrs. Alma Gruver.

The reception hosted by the bride's parents was held immediately following the ceremony in the ballroom of the Oak Cliff Country Club. The bride's table was draped with a floor-length white chantilly lace cloth. A four-tiered cake topped with a miniature bride and groom was centered with five-branch candelabra and silk flower arrangements on each side. The groom's table was draped with a floor-length apricot polyester table cloth. Coffee was served from silver compliments. Centered was a votive candelabra entwined with greenery. The german chocolate cake was in the unique form of a Bible with the phrase, "God's Love Is Everlasting."

During the reception Julie Czuzala played various selections on the piano.

Serving at the bride's table was Manda Winger, sister of the groom, and Mindy Maranto. Beth Wylie also served at the groom's table.

The betrothed couple were driven from the reception in a chauffeur-driven limousine.

For the wedding trip to Cancun, Mexico, Mrs. Winger traveled in a white suit and hat with a burgandy blouse accented by a burgandy rosebud corsage and

matching accessories. For her daughter's wedding, Mrs. Holiman chose a mauve crepe dress with burgandy accessories. The groom's mother chose a blue two-piece dress with matching accessories. Each mother wore a white rosebud corsage.

Other out of town relatives were Mr. & Mrs. Earl Lynn Feemster and family of Wellington; Mr. & Mrs. Miko Hughs and family of DeSoto, and Mr. & Mrs. Bill Hunter of Okla. City. Mrs. Davin Winger of Gruver, sister-in-law of the groom. Mr. & Mrs. Lonnie Burnam of Goodwell, OK, sister and brother-in-law of the groom, and Mr. & Mrs. Monty Harbour of Stinnett, aunt and uncle of the groom.

The bride was graduated in 1981 from the Tyler Street Christian Academy in Dallas. She has been attending Texas Tech University for the past three and a half years, where she was a little sister to Sigma Nu Fraternity and majored in Elementary Education. She will continue her studies at North Texas State University in Denton.

The bridegroom was graduated in 1980 from the Gruver High School and received his degree in Electrical Engineering from Texas Tech last May. He was a member of Sigma Nu Fraternity and several honor organizations. At present, he is employed with Motorola and is studying toward his Master's Degree from the

University of Texas at Arlington. Following the honeymoon trip to Cancun, the couple will make their home in Ft. Worth. A rehearsal dinner honoring Tanya and Darin, was hosted by the groom's parents, Mr. & Mrs. Val Winger, in the Antares Restaurant at Reunion Tower in Dallas.

FONDUES MELT CHOCOHOLICS' HEARTS

Chocolate has gone gourmet. Everyone from Godiva to Gloria Vanderbilt is creating designer chocolates, gourmet chocolate shops are popping up everywhere and entire magazines and cookbooks have been dedicated to this sinfully delicious sweet.

There are a variety of fondue pots available but there is one that can do more than just fondue. The Dazey Chef's Pot Plus, for example, comes with a crockery liner and its own set of fondue forks for fondues and slow cooking. But those who love chocolate can also use the Chef's Pot Plus without the liner to deep fry chocolate donuts, steam chocolate pudding, bake chocolate cake and make delicious hot cocoa and fudge.

The Chef's Pot Plus and accompanying fondue forks can also be used to make this delicious fondue:

MOCHA FONDUE
 1/2 cup (1 stick) butter or margarine
 2 bags (12 ounces each) semi-sweet chocolate pieces
 1/2 cup orange juice or water
 1/4 cup Tia Maria Coffee Liqueur
 coffee granules

Place Crockery Liner in Chef's Pot Plus. Cut butter into eight pieces. Add butter, chocolate pieces, orange juice, Tia Maria and instant coffee to liner. Cover and set control at 250°. Cook for 30 minutes. Stir to blend well. Cover and heat another 10 minutes. Makes about 3 1/4 cups.

Cut up pieces of pineapple, orange, banana, strawberries or squares of pound or angel food cake or marshmallows to dip into the chocolate fondue. Avid chocoholics may also want to consider chocolate cake or fudge brownies for dipping. This fondue mixture also makes a wonderful sauce.

Jolly Green Thumb

BY MARY FUREY CRYMES

Deck the halls . . . and houseplants, and terrariums, and even the sagging ficus in the corner, and do it fa-la-laing all the while. 'Tis the season, so while you're cleaning and decorating, don't neglect the greenery. Give that sturdy philodendron that's stood by you all year a big red festive bow. Cut gift wrap for plant pots; poke few shining ornaments amid the leaves and stems. While there is absolutely no scientific date to back this up, 'tis also possible your plants want to know you care during the busy holiday time. Maybe they'll repay your kindness by blossoming forth. Can you say nay?

And, of course, you have to think of gifts for your favorite gardener. Green thumbs just love presents that reflect their avocation. Gifts for gardeners abound — you scarcely need to leave the neighborhood. Tie yourself down to the friendly local hardware, for instance. Browse among their year round supply of tools, gloves, wheelbarrows and such pre-digging season delights as disc harrows, cultivators — and — oh lavish, best loved gift — tractors. For some of the bulkier items, wrap a picture and promise delivery come Spring. You'll be kissed. A lot.

Jog over to a bookstore, and you're into a garden treasure trove. Books on everything from A, for aspidistra, the growing of healthy; to Z, for Zebra plant, the problems of, are all over the shelves. Or, find out what publications your digger doesn't receive; subscribe and give him a sample copy with the promise of many more. And, if you want to do something different, huddle with the folks at your neighborhood nursery. Often these helpful types know what your gardener yearns for — for instance, the wherewithal to grow prize dahlias, or orchids, or champion rutabaga. Arrange for the necessary, or get him a gift certificate so he can pick and choose at his leisure. These suggestions will bring a mile-wide Christmas grin to a digger's face — and isn't that what it's all about?

"The Zen Of Seeing" Part I

In a recent reading of Frederic Frank's "The Zen of Seeing", one line took on particular significance. That line says that being "able to see means looking into the nature of things, inside and outside myself." Often it is easy for us to forget that what we see as precious to us when we are older was overlooked when we were young.

The tragedy of heart attacks or strokes occurs in this way. Cardiovascular diseases when we are young seem to occur to older people, and when we

become older we wish in our youth we had realized that the possibility of such diseases could have been almost avoided with little effort.

The truth is that more than one quarter million persons below the age of 65 in the United States die each year from cardiovascular disease.

Studies show that some so-called "risk factors" contribute to heart attacks more than others, and that these can be controlled. Control doesn't mean great expense of time or money but instead control by lifestyle changes or the maintenance of a lifestyle which already healthy. The most important risk factors

are blood cholesterol, blood pressure and smoking.

If you were able to see inside your future life at an early age you would perhaps advise yourself of the following:

- 1 — Set up a regime of regular physical exercise.
- 2 — Enjoy food, but make an attempt to reduce foods high in saturated fats.
- 3 — Don't smoke.
- 4 — Try to keep your adult weight within a few pounds of the recommended weight for your age and height.
- 5 — Get a physical examination at least once a year. At the very least you should have your blood pressure checked during every six month period.

Inspect your Christmas lights for a safe Holiday Season.

Now that the Holiday Season is fast approaching, make sure you have done everything possible to have a safe Holiday Season by inspecting all of your Christmas tree and Holiday lighting. It is quite common to save Holiday lighting from one year to the next, so rather than assume that everything is always alright, make it a standard practice to inspect all Holiday lighting each year.

TNP Employee Carol Guerrero knows a careful inspection of her Christmas tree lights is one of the best ways to have a safe holiday season.

TNP Employee Carol Guerrero of Barstow, Texas carefully inspects all of her Holiday lighting for worn or decayed insulation, cracked or broken bulbs and receptacles. She even inspects the electrical connections. When it comes to Holiday lighting, if in doubt — throw it out. It is much better to replace old or worn out Holiday lighting than to take a chance of spoiling the Holiday Season with an accident.

For more information on Holiday lighting safety, be sure to call our office. Helping you have a safe Holiday Season is just one more way we are . . .

years, as had sometimes been the case in the past.

The new entrants, who will range from 12 to 18 years old and mostly be residents of the Panhandle, will in many cases remain there only six months to a year, Myers said.

"It will be more short term. We expect them to stay about six months to a year. It won't be a situation where they come and grow up here," Myers said.

He explained that whereas the present Girlstown staff consists of five members (a counselor, an administra-

tor and three dorm mothers), the new staff will number about 23 and will consist of psychologists, psychiatrists, psychiatric social workers and other specially-trained personnel.

The staff members will work with girls to solve their problems so they can assume a normal, useful role in society, he said.

The center will have a 30-girl capacity and already has three times that many referrals, Myers said.

"We're also going to increase our budget from \$100,000 to \$500,000, so we feel we're going to contribute

Girlstown USA's Berger campus needs help-at least \$168,000 worth-by Nov. 30.

The rejuvenating facility four miles east of Berger hopes to build a \$1,016,000 residential treatment center as part of its revamped program, but there's a catch.

The Mabee Foundation of Tulsa, Okla., has offered Girlstown a \$399,000 challenge grant, but the Berger center first must come up with a total of \$667,078, by Nov. 30, Director Don Myers said Friday.

Myers said a Pampa woman has donated a \$288,000 section of land to Girlstown, but the center needs to sell that and apply the cash toward its \$677,000 goal.

"We need to sell that land. It would be a tremendous jump for us if we could do that," Myers said. "My work's cut out for me."

"But from what I've seen, there's enough interest in Girlstown and what's going on here that I feel we'll accomplish it," Myers said.

He said the residential treatment center for which the money is needed is a major part of the restructuring of

Girlstown's operation.

For the past 17 years, he said, the Berger campus has operated as a basic child care institution with a licensed capacity of 25 girls.

Girls who suffered from abuse or neglect, whose parents were unable to care for them or who were simply unwanted were taken to the Girlstown campus.

But only nine to 15 girls, ages 5-17, were usually in residence at the campus, and the Girlstown Board of directors concluded that the facility wasn't reaching its full use potential, Myers said.

So last year, he said, the decision was reached to convert Girlstown to a residential treatment center.

The "new" Girlstown will help teenaged girls who are runaways, who have suffered family abuse or have become victims to alcoholism or drug dependence, Myers said.

"You wouldn't believe how many teenager alcoholics there are," he said.

Girls who enter the Berger campus will not be there for a number of

Fun & Fitness

"The Zen of Seeing" Part II

It is a common misconception that the only way to stay healthy is through extensive amounts of exercise. That is because we are looking from the outside at others who seem to have benefited this way. Many people are able to live long productive lives because they have learned to live a normally healthy lifestyle which works for them, not because some book or other individual ascribes to it. Usually these naturally healthy lifestyles are low in combination of the risk factors mentioned.

Other individuals feel that they must atone for past "sins" by embarking on a strenuous physical program. If this program becomes a long-lasting lifestyle change, that's good; but all too often it's nothing more than the result of good resolution which may not last more than a few months, and often when not under the proper medical supervision or screening it may actually be dangerous. It's hard to do something that just isn't

you even if you want to very badly.

No one should be deprived of a full active life. The chances of heart attack are 10 times greater for the person with high cholesterol, high blood pressure and a smoker of one pack of cigarettes per day than they are for a person who does not smoke and has a low cholesterol level and a blood pressure which is also low.

No one could ever guarantee you that you will live past 80, but some simple preventive medicine practices can allow you a statistically better chance than

those who avoid such advice.

The Zen aphorism puts it best: "Those who flow as life flows know they need no other force; they feel no wear, they feel no tear, they need no mending, no repair."
