# Cub Scout day camp held at Ft. Zulu

Opening Ceremony at the Adobe Walls District Day Camp, 1984, Hawkins Ranch.

## Local Methodists note national heritage

Circuit Riders

Hansford County Methodist, who will be observing the Bicentennial of Methodism in America with a 6:30 P.M. Camp Meeting, Sunday, July 1, have a heritage dating from December 1784.

It was in that year that John Wesley sent Dr. Thomas Coke to the United States to organize the Methodists in this country. Dr. Coke met with Francis Asbury on 14 November and they agreed to call a conference of the preachers to meet Christmas Eve in Baltimore. Sixty three of the eighty Methodist preachers in the United States gathered in Lovely Lane Chapel in Baltimore (then only ten years old) at ten o'clock in the morning 24 December.

The preachers who attended the conference were young--most of them in their twenties. Thomas Coke was thirty-seven and Francis Asbury was thirty-nine. They voted that day to establish the Methodist Episcopal Church.

When the Christmas Conference was over, the preachers returned to their appointments. They and their successors did their work well for within seventy-five years Methodism was the number one Protestant denomination in the country.

The Camp Meeting was used for three generations by these the Methodist ancestors. From 1790

to 1810 Camp Meetings were widely held in frontier areas. People came to a site in wagons with families bringing their own provisions and staying for days and sometimes weeks. Crude pulpits were erected and services were held several times a day. The Camp Meeting was a great factor in the spread of the Methodist Church.

The heroes of early United Methodism in this country were the circuit rider preachers. They did not stay long in one place and their home was their horse as they traveled from community to community. At the Christmas conference in 1784, the annual salary approved for the preachers was sixty-four dollars. No minister made more than any other. In 1800, the salary was raised to eighty dollars per year "and their traveling expenses." A horse usually cost a year's salary, but it was necessary for a circuit rider.

'Tis now time for present day Methodists to honor these first American Methodists and to realize the wonderful heritage which is now ours to enjoy. Be sure you are in attendance at the Hansford County Methodist Camp Meeting at 6:30 P.M. Sunday, 1st July at the site of Old Hansford to enjoy a review of the past and a preview of the future for Methodists everywhere.

Ever wondered what it would be like to attend Cub Scout Day Camp? This year Spearman hosted day camp at Ft. Zulu on the Hawkins Ranch. It lasted 4 days with some ninety boys and twenty five adult leaders in attendance. It came to a close on Saturday with a watermelon seed spitting contest, 80 ft. long banana split, airplane egg drop, a kite contest and a weiner roast followed by indian dances at dusk. The pictures speak for themselves at what a goodtime was enjoyed by all. Towns participating were; Borger, Stinnett, Fritch, Gruver and Spearman.

All Scout pictures were made by Ernest Newcomb, professional photographer, Spearman, Texas.

We, the Adobe District Day Camp Directors would like to thank the following individuals and businesses for contributing to our day camp and making it such a success: White House Lumber Co.-Tim Woodington, Butch Schaffer, Mr. and Mrs. Pete Vernon, Jeff and JoAnn Hawkins, Cuttrate Grocery- Pete Fisher, Pride Mart, Ideal Grocery, Alsup's, Dennis Brooks, Dairy Queen, Hansford Implement, R.L. McClellan Grain, First State Bank Spearman, Hansford County Parts-Gruver, Farm Bureau, Orin Burton, Roscoe Nelson, Harry Stumpf Agco, Dwight Sumner, Jim Beeson, Boy Scout Troop 551, Loyall Turner, Jim McMahan.

We would also like to thank our day camp staff: Marshp Pipkin, Kaye Loomis, Sharron Swan, Wanda McMahan, Letha Brooks, Sharon Knudson, Logan Hudson, Kevin Tindell, James Tindell, John Antelek, and Lance Swan.

I'm sure we've left someone out, not intentionally. We want everyone to know how much we appreciate your help and support of our Cub Scout Organization.

Thanks again!

**TOUCH OF CLASS TO HAVE**  
**RIBBON CUTTING**

Touch of class is having a Grand Opening Friday and Saturday, June 22nd and 23rd. Ribbon cutting will be at 10:00 a.m. Friday, June 22nd. Refreshments will be served Friday and Saturday. Please come by and help Stella Masengill celebrate this opening. They are located at 315 1/2 Main in Spearman. Many specials will be featured throughout the days.

## Attention Parents!

Do you recognize this gentleman? (It's Spearman's one and only Jeff Hawkins!) Did you have a little Cub Scout attend the Adobe District Day Camp this year? If so, next time you see this fellow, stop and thank him for working with your little guy at day camp and for letting him attend day camp at Ft. Zulu on his ranch.

**Thanks a million-Jeff!**  
**Adobe District Day Camp Staff**

## Rotary enjoys RYLA program

John R. Collard presented a very interesting program at Rotary using a video cassette tape showing the many activities of the youth leaders attending RYLA in the heart of the Sangre De Cristo Mountain Range about 13 miles Southeast of Taos, N.M.

Activities such as walking over a 300 ft. deep canyon on a wire rope--then dropping, with a safety rope attached, to the bottom of

the canyon certainly caught the attention of the Rotarians.

The 3 leaders from Spearman who will attend RYLA (Rotary Youth Leadership Activities) are: Edward Beck, son of Mr. and Mrs. Verlin Beck; Richard Espinosa, son of Jesus Espinosa; and Steve Burke, son of Mr. and Mrs. Kenneth Burke. They will attend the week of July 29-Aug. 3. Todd Brock was one of the first youth

leaders from Spearman to attend RYLA.

### Two-Bit Sermons

By James D. Jones, Pastor,  
Fellowship Baptist Church

--Little Books--

Many of the Bible's smaller books are passed by. The book of Philemon is one of these books. It is a very small book containing only 25 verses. There is much to learn from Philemon, and we will look at some of it.

Our writer is the apostle Paul. Paul is the writer of 14 books of The New Testament. He also being the greatest evangelist of His day bore more physical suffering and knew what he was speaking of in this letter. The letter was written to Philemon on behalf of Onesimus, a run away slave.

To Philemon, Paul was thankful for Him. Philemon's character had reached Paul. Paul mentioned his love and faith toward our Savior, Jesus Christ. He was gracious to all the saints that came his way. These traits are what all Christians should desire to be found in their lives today.

Now Paul comes to the body of his letter, the plea for Onesimus. As a run away slave, Onesimus

faced a bleak future, maybe death, Onesimus Paul states, "I have begotten in my bonds" had gotten saved. Verses 11-12 In times past Onesimus was a rebellious slave now would prove to be very profitable if allowed to return. Paul stated that Onesimus would be valuable unto his ministry also. Verses 13-16 Paul teaches that although Onesimus would be valuable to Him he knew that his rightful place was with his master and at Paul's request he returned willingly to Philemon. Verses 17-22 Several important thoughts are put forth here. If you are going to be a partner you must treat him as Paul did. We must be willing to forget and forgive the past of the new converts to Christ. We must be willing to help the new saved people get to their place of Service. We need to be able to have confidence in the obedience of our brothers in Christ.

There are many more principles and values that space will not allow to be told. Read Philemon and see how this small book speaks to you.

### A Centerpiece

Well, the rain came on Sunday and even if it wasn't a big rain and it was spotted we were thankful for that much.

My family and I went to the Remy family reunion over the week-end at Duncan, Okla. The weather did co-operate nicely, the days were pleasant and not only the trip and the get-together but also the rain we ran into as we got close to Spearman. It was the most rain we have had in some time.

The volunteer ladies came Monday afternoon and got the "Lone Star" in the frames for quilting. This same little group is so faithful and really do some fantastic quilting and they help so much to make money for helping to keep our center open.

A group came on Thursday for arts and crafts and a covered dish dinner at noon. We had a nice group and lots of food. If you've never been down to one of these work days it might be a surprise as well as a pleasure. We do have a fine day and accomplished a lot of work as well.

This week we will again have a 6:30 dinner. Bring a dish of your choice and join us and enjoy games of your choice after dinner. We think you'll enjoy it. Hope to see you there.

Alma

### Gladiola Flower Club

Gladiola Flower Club met at the home of Lila Hergert for the June 7 meeting.

Charlsie Baker gave the program on a quilt she was making and had several articles of candlewicking and showed how to do the knots for candlewicking and had several water colors on display.

Gwen Smith won first place with her flower specimen and Myra Berner won with the Home Grown arrangement.

Members present were Charlsie Baker, Myra Berner, Rose Cummings, Betty Jean Davis, Margaret Evans, Lorene Kunselman, Jo Larson, Kathleen Sutton, Gwen Smith and Hostess Mrs. Mike Hergert.

### Sick Plant Clinic

Bring any of your plants (indoor or outdoor) and find out what is wrong with them. Or you may want to find out what variety of plant you have. Come join us for a sick plant clinic to be held Tuesday, June 26. There will be one in Spearman at the Extension Homemakers Club Room at 309 N. Bernice from 1:30 to 3:00 p.m. The second will be in Gruver at the LaCasita Room of the Gruver State Bank at 3 Main Plaza from 3:30-5:00 p.m.

Dr. Robert Berry, Extension Plant Pathologist and Dr. Dale Pennington, Extension Agronomist will present a program and will be glad to answer any questions.

### Four students named to honor roll

WTSU -- Four West Texas State University students from Spearman have been named to the honor rolls for the spring semester.

The President's List, which features students who have earned grade point averages of 3.85 or higher on a 4.0 scale, includes Denice Blackburn, a sophomore music performance major and daughter of J.E. Blackburn of 510 S. Endicott, and James Pierce, senior music therapy major of 702 Cotter Drive.

More than 100 of the 737 students listed on the honor rolls

have been named to the President's List.

Named to the Dean's List, which includes students whose grade point averages are 3.25 or higher, are Bill Cope, senior marketing major and son of Wayne and Waurayne Cope of 1010 Blodgett Drive, and Lisa Jones, who has earned a Bachelor of Business Administration degree in accounting, daughter of Claude Sheets, Jr., of 610 E. Kenneth.

To be eligible for the honor roll, a student must have completed a minimum 12 credit hours for the semester.

The ivory horn of the narwhal, or "sea-unicorn," is actually an elongated tooth that sometimes includes a rudimentary second tooth at its base. A 20-foot whale may have a tusk up to 9 feet long.

Gypsies have supplied the background music for much of Hungarian history since the 15th century. Gypsy melodies helped recruit the army, and, for centuries, violinists led troops into battle.

### Letter To The Editor

Dear Editor:

It is with a great deal of pride that I write to you, and through your newspaper, offer our sincere appreciation to the citizens of your community for supporting a very successful Bike-A-Thon for St. Jude Children's Research Hospital.

St. Jude, the largest childhood cancer research hospital in the country, is dedicated to one cause; to eliminate childhood cancer and other catastrophic diseases from the face of the earth. Please be assured that the funds raised in your community will be used to support those research programs which show promise of finding cures for those horrible diseases

that threaten the lives of children.

There are many people to thank namely; the chairman, helpers, the riders, donors, merchants, the media and other volunteers.

We want you to know that progress is being made and that someday, hopefully soon, we will be able to close the doors to St. Jude Children's Research Hospital because the goal of eliminating cancer will have been reached.

Thank all of you for bringing life and hope to children everywhere.

Sincerely,  
Clifford Damstrom  
Southwest Regional Director

The average lightbulb doesn't hold a candle to the firefly. A good bulb converts only about 10 percent of its energy into light, wasting the rest as heat. A firefly operates its lamp without heat at better than 95 percent efficiency.

The "big dish" antennas of NASA's Deep Space Network are so sensitive they can pickup a spacecraft's radio signal as weak as one-quintillionth of a watt of power. If this energy were collected for 19 million years, it would light a 7.5-watt Christmas tree bulb for only one-thousandth of a second.

© 1984 Suburban Features

La Scala, short for "Teatro alla Scalla," the great opera house of Milan, Italy, is so called because it was erected, in 1778, at the site of the church of Santa Maria alla Scala -- St. Mary's by the Stairs.

# Steer Validation Day June 25

Hansford County 4-H and FFA Steer Validation will be held Monday, June 25, 1984. Validation will be held at Val Winger's pens located approximately 1 mile west of Gruver from 7 to 10:00 a.m. All steers that will be shown at major shows in Texas must be validated. Steers will be nose printed, tagged, photographed, and weighed at this

time. The cost of the tag and photograph will be \$2.00.

Steer exhibitors for Hansford County only have until September 29, 1984 to purchase steers. These steers will be validated on this date. It is suggested that all county steers already on feed be validated on June 25 in case the exhibitor decides to enter a major show later on in the year.

## Breastfeeding

If you have considered breastfeeding your baby, but have questions about this womanly art, contact the Spearman La Leche League. This month's meeting will be held on Tuesday, June 26, at 7:00 p.m., at the office of Dr. David McClellan at 702 S. Roland. The discussion for the evening will include encouragement and information on how to establish a happy nursing relationship. For more information call 659-2794.

## Hospital

Patients in Hansford Hospital are Toby Thompson, Rebecca Bennett, De'Anda Widener and son, Terry Womble, Jack Giblin, June Day, Penny Pool and daughter, Myrtle Henderson, James Haskin.

Dismissed were Connie Steger, Joanne Gaither, Gary Runner, Mildred Mahaffey, Verna Jarvis, Don Hendricks, Sonny Noller, Wayne West, Ramona Garcia.

FRIDAY

The zero milestone, from which public highways of the United States are supposed to radiate, is a granite pier 24 inches by 24 inches in section, mounted on a concrete base and projecting 4 feet above the ground. It stands on the north edge of the Ellipse, 900 feet south of the White House, Washington, D.C.

The English shipped the first blacks from Africa to Virginia in 1619, 12 years after the founding of the Jamestown settlement. In the first 40 years there were no more than 300 black slaves. But by the 1680s, with the need for many more workers in the tobacco fields, blacks were brought in to the colonies at the rate of 60,000 a decade.

Anyone with any information regarding the personage of; or heirs of, George T. Riley, Isaac F. Carlock, or E.J. Richard, please call collect a/c 214/363-0981 or 214/824-6273.

Just wundrin': Has anyone checked with the Moral Majority for their position on the use of automotive synfuel.

Lemons keep in the refrigerator in a plastic bag for as long as six weeks, or at room temperature for about a week. However, with a few tricks, you can stretch the life and use of lemons.

Fresh grated lemon peel adds aromatic pleasure to all kinds of baked goods, fruit compotes, desserts and savory sauces. Be sure to grate the peel of a lemon before cutting in half and juicing. Grated peel can be kept in a small plastic bag in the freezer.

Fresh lemon juice is a favorite for adding "zip" to salad dressings, vegetables and seafoods. Lemon juice freezes well. Keep handy by freezing measured amounts in individual ice cubes. Store frozen cubes in plastic bags, thaw and use as needed.

Ice cubes frozen with a twitch of lemon peel add flavor to diet

beverages and sparkling mineral water.

When the recipe calls for the juice of half a lemon, store the remaining half, wrapped in plastic, in the refrigerator to keep fresh for later use.

Hollowed lemon shells make attractive serving containers for sherbert, ice cream, tartar sauce, relishes or salad dressings.

For one last stretch, keep your garbage disposal smelling fresh by grinding up the lemon shells when you've finished squeezing the juice.

EDUCATIONAL PROGRAMS CONDUCTED BY THE TEXAS AGRICULTURAL EXTENSION SERVICE SERVE PEOPLE OF ALL AGE REGARDLESS OF SOCIO-ECONOMIC LEVEL, RACE, COLOR, SEX, RELIGION, HANDICAP OR NATIONAL ORIGIN.

ENGLISH

**ROBERT SHAWN ENGLISH**, son of Carolyn English, clerk in the Spearman District Office, graduated this spring from Spearman High School. As a sophomore, Robert placed third in the area Pre-Employment Lab contest and as a senior, he placed second in the area Distributive Education Clubs of America contest. He plans to attend Paris (Texas) Junior College and study jewelry repair.

Some of the finest carvings of antiquity survive today because the Persian capital of Persepolis was sacked in 331 B.C. A thousand years later, when Moslems occupied the ruins, they destroyed all sculpture they found because their faith forbade images. But they missed the ones buried in the rubble, which were not found until dug up by archeologists in the 20th century.

A killer whale, also called "orca" from its Latin name, is similar to man in that it is one of the few animals that seemingly kills for sport.

Australia numbers more than 120 varieties of marsupials among some 20 species of mammals.

(P.S. Ace is Coming ...)

**"I was surprised how quick the variety was ready to graze."**

"In fact, some of my neighbors tried to rent my pasture when they saw how much better established it was than others all around us."

Pioneer® variety 2157 gets off to a fast start, quickly establishing the kind of healthy, vigorous growing stand so necessary for good pasture. Its upright growth habit helps provide maximum available grazing.

And because 2157 has proven to be such a good yielder, you can count on it to deliver top-quality wheat at season's end.

If pasture is part of your wheat program, new 2157 should be, too.

**New Wheat Variety  
2157**

Superior Yield • Excellent Standability • Outstanding Grazing

**"When I pulled my combine into the field, I knew for sure this wasn't an ordinary wheat crop."**

"That 2157 was standing out there good and straight. And when I moved down the rows, I could hear the cylinders running full."

Farmers who've seen this impressive new high yielding variety like its standability and tolerance to dry growing periods and severe weather. It has excellent resistance to leaf rust, stem rust, fungal leaf blights, soil borne mosaic virus and the Hessian fly.

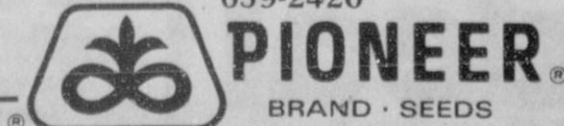

In side-by-side comparisons, Pioneer® brand 2157 wheat has consistently out-yielded other popular varieties. And it has shown consistently high test weights.

Host families being sought for 25 boys

Host Families are being sought for 25 high school boys from Sweden, Norway, Denmark, Finland, Germany, Spain and Italy for the school year 1984-85, in a program sponsored by the American Intercultural Student Exchange (AISE).

The students, age 15 through 17, will arrive in the United States in August 1984, attend the local high school, and return to their home country in late June 1985. The students, all fluent in English have been screened by their school representatives in their home countries and have spending money and medical insurance.

Host Families with or without children are welcome to participate in this program. Host Families may deduct \$50 per month for Income Tax purposes.

Any family interested in this program should telephone Mrs. Cooley immediately. Letters to Mrs. Cooley should contain the prospective Host Family's telephone number.

Property ownership has been recognized and honored since Biblical days.

"Thou shalt not remove thy neighbor's landmark, which they of old times have set in thine inheritance..." - Deut. 19:14

# Protection against declining crop prices?

Soon-to-be traded options on agricultural commodity futures contracts will offer a solution to a dilemma as old as farming itself—the dilemma of how to obtain protection against declining crop prices without giving up the opportunity to profit from rising crop prices. Options can do exactly that.

Or if you happen to be a livestock feeder and are concerned that feed costs may rise in the months ahead, you can purchase options for protections and still benefit from a decrease in the market price of feed.

Used in either of these ways, options provide what amounts to price "insurance" against adverse price changes.

The successful use of options begins with an understanding of how to use them. And those farmers who understand them first and best will clearly enjoy a competitive advantage.

Options trading isn't new. As long ago as the latter part of the nineteenth century there was trading in a form of agricultural options known as "privileges." At that time, however, there were no competitive, regulated markets for the options and no modern clearing organizations to protect the buyers and sellers. This led Congress in 1936 to impose a ban on further trading in options on domestic agricultural commodities—a ban which remained in effect until 1982. Removal of the ban was strongly urged by the Commodity Futures Trading Commission (CFTC), farm organizations and others. "Today's Farmer," the CFTC told Congress, "faces unprecedented economic uncertainties and needs every risk management tool that ingenuity can devise."

I predict that AG Options trading will outpace futures trading many times over. It's really going to be a tremendous market, a boon to those who shied away from the futures because of limit moves and margin calls. Options will essentially eliminate these inherent risks associated with futures trading.

An option—whether it's an option to buy or sell property or an option to buy or sell futures contract—is exactly what the term suggests: It's a choice. It's an agreement between two parties which gives one party the right, but not the obligation, to buy whatever it is that the option allows to be bought, or sell whatever it is that the option allows to be sold.

It should be noted that calls and puts are two separate contracts. Each has a buyer and a seller. They are not opposite sides of the same transaction.

While there are a number of different reasons why you might wish to purchase an option, one major reason is the possibility

that during the life of the option, there will be a substantial change in the value of the underlying commodity—or the value of the underlying futures contract.

Premiums are determined by supply and demand—by competi-

tion between buyers and sellers on the trading floor of the exchange in the same way futures prices are determined.

The premium for any given option at any given time is the total of its time value plus its

intrinsic value. If an option does not presently have intrinsic value—if it is out-of-the-money—its premium will consist entirely of time value. It should be noted that an options holder may want to sell his option to someone else rather

than exercise it for a futures position. In that way, he can profit from any time value (as well as intrinsic value, if any) included in the option's price.

The Panhandle of Texas and the Tri-State area are so heavily

involved in agriculture that it is almost a must for farmers, ranchers, feedlot operators and elevator managers to become knowledgeable about the futures and options. The rebirth of commodity options will broaden the range

# District I 4-H Horse Show

Hidden-employee department: The unseen person who puts our books out of balance just before the auditors arrive.  
© 1984 Suburban Features

The District I 4-H Horse Show was held June 12-13 at the Bill Cody Arena in Amarillo, Texas.

Ten Hansford County 4-H members and parents participated in the two day show winning seven 1st place awards and many other placing ribbons. Members participating in the show were as follows: Deana Turner, Andrea Archer, Misty Savage, Mark Eakin, Kristin Dunnihoo, Will Jarvis, Anne Marie Jarvis, Mark Garnett, J. Garnett and Michelle Garnett.

Five Hansford County members qualified to represent District I at the State 4-H Horse Show at Waco, Texas on July 23-28. Members qualifying are Deana Turner, Andrea Archer, Mark Eakin, Will Jarvis and Anne Marie Jarvis.

Only the top 20 horses are selected to represent District I at the state show. District I is the top twenty counties of the Texas Panhandle.

Will Jarvis 2nd Registered Geldings 5 and over; 3rd Western Horsemanship; 4th Showmanship.

Pioneering, '80's style: Having to raise the garage door by hand because the remote-control gizmo has a dead battery.

An optimist is a fellow who expects his wife to laugh once again after hearing his favorite yuk for the 35th time.

Is it possible to get medical help for a drug problem without getting into trouble with the law?

Yes. Federal law requires doctors, psychologists, all other health professionals, and drug treatment staff to keep confidential any information obtained from patients. There are, however, certain rare exceptions when the law does allow disclosure. One exception is when a doctor needs the information from another health professional to provide emergency treatment to the patient.

Get All The Benefit From Your Air Conditioning ... With Home Energy Management

Keeping your home comfortable is a lot easier when you use Home Energy Management. Having your cooling equipment regularly serviced by a qualified professional is a first step in keeping it operating at peak efficiency. Changing or cleaning your unit's filter regularly will also help you get more cool air and reduce the wear and tear on your cooling system. Also close your drapes to prevent the sunlight from heating the inside air and making your air conditioner work overtime. There are a lot of ways you can use Home Energy Management to help make your house comfortable all year 'round. Call our office today and ask for your free copy of our Home Energy Management booklet.

THE CHEMICAL PEOPLE- "We Care Enough to help"

How does marijuana compare with tobacco?

Recent studies show that smoking 5 marijuana joints a week has the same effect on the respiratory system as smoking 112 cigarettes. Partly, this is because the marijuana smoker draws the smoke deep into his or her lungs and retains it. And marijuana tar contains more carcinogens than tobacco tar. Doctors report that "Chronic cannabis (marijuana) smoking can produce sinusitis, pharyngitis, bronchitis, emphysema, and other respiratory difficulties."

For more information concerning drug abuse, please call 659-2285 or 733-2118.

Sure sign that you've become a success is when they begin to call you "tempermental" instead of just plain lazy.

### Shower honors Lee Ann Fry

Miss Lee Ann Fry, bride-elect of Ladd Sheets of Spearman, was honored with a bridal shower on Saturday afternoon June 16 in the Fred Davidson home. Corsages of white roses trimmed with pink leaves and ribbon were presented to the honoree, her mother, Mrs.

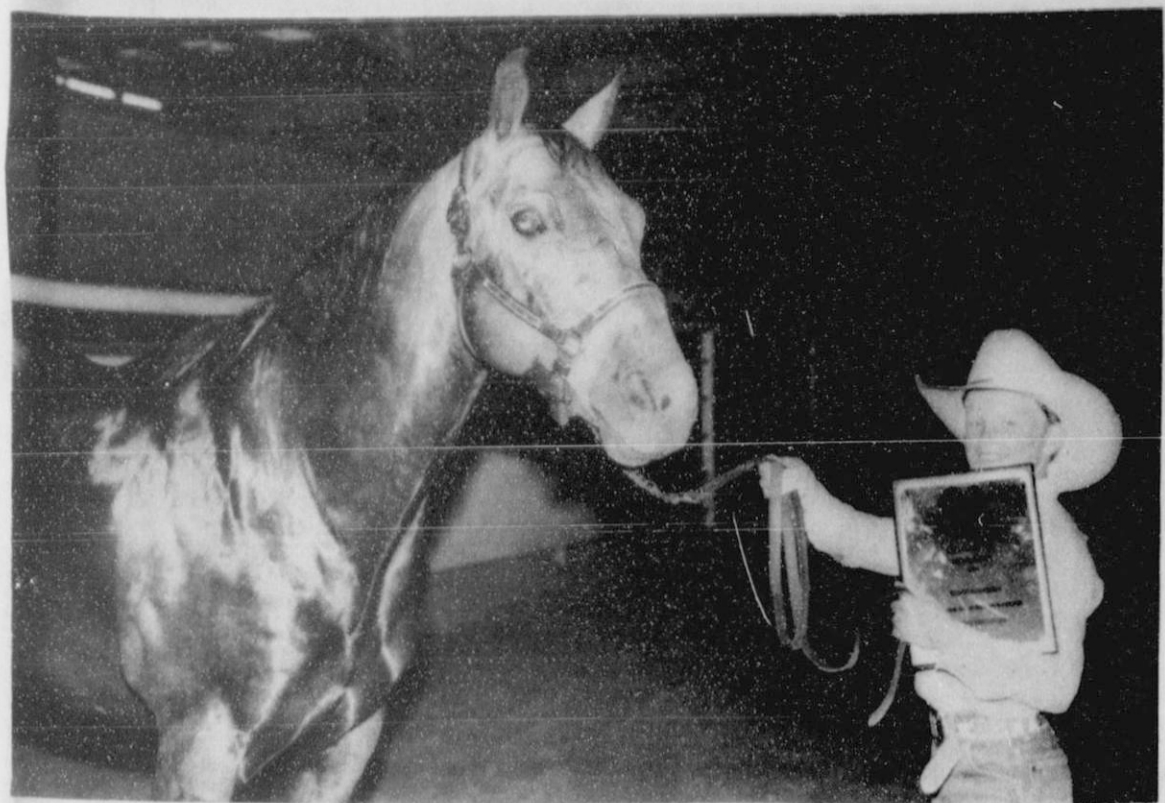

Ed Fry, the groom's mother Mrs. Claude Sheets, Jr. of Spearman, and Lee Ann's grandmother, Mrs. Mary Virden.

The bride's chosen colors of pink and white were carried out on the serving table. The table was covered with a lace cloth

underlaid with pink. Crystal and brass appointments plus gold flatware adorned the table. Refreshments were served by Stephanie TeBeest, Donna Wood, Mary Branch and Betty Timmons of Houston. The refreshments included strawberry punch and cake decorated with dainty rose colored roses, pink heart-shaped mints and nuts. The focal point of the serving table was the centerpiece of Shasta daisies and dark pink roses arranged in a crystal bowl on a brass stand which held four white candles.

Hostess included Mary Ayres, Sharon Barkely, Audrea Bayless, Patsy Bevell, Marie Bostick, Edith Breland, Pat Burnam, Betty Cotter, Diedra Deakin, Ann Dorman, Josephine Fletcher, Lou Garrett, Faye Gillespie, Sandra Gumfory, Devonna Harris, Sue Hartfanft, Darlene Hoel, Opal Johnson, Frankie Leatherman, Rubye Lea Mitchell, Rosalyn McClenagan, Rosemary McKee, Betty McWilliams, Judy Park, Cathy Potts, Melba Razor, Glenda Renner, Betty Roberts, Sharon Seagler, Lucille Schad, Floydan Shook, Charlene Spivey, Mary TeBeest, Sandy TeBeest, Winnie Vernon, Judy Virden and Mary Weldon.

The monetary unit of the African nation of Liberia is the U.S. dollar.
