What's ahead for the jewelry industry in 1987?

Frosty and Liz Hickerson, of Hickerson Jewelers, Spearman, had an opportunity to find out, at the recent 1987 Spring Pacific Jewelry Show at Moscone Center in San Francisco. 600 manufacturers and distributors, and more than 7,000 representatives of retail jewelry stores from throughout the nation attended the three-day show.

Frosty said that one of the highlights of the show was the opportunity to see jewelry created by some of the most outstanding jewelry designers in the nation. "There are some unusual designs this year, and we're going to have some of them at Hickerson Jewelers," Frosty added. "It was an incredible array of jewelry."

The show is sponsored annually for the jewelry industry by the California Jewelers Association.

A wonderful time was had by all.

## Rotary News

Jack Terhune will bring the program to the Rotary Club April 6th. This famous pilot from Perryton will show actual films of mid airplane crash.

Plan to attend this special Rotary Club meeting April 6th!!!!

Spearman Rotary Club met Monday March 30, 1987. Dennis Robertson, Administrator at Hansford Manor, was our guest speaker today.

Kevin Rook, Spearman Auto Supply, gave the program last week. He spoke on the importance of home security systems. Kevin told us about the Keepsafer security system available at Spearman Auto. There are several different models available to fit the different needs of each home.

The absentees were: Eschol Blankenship, Kim Brock, Bobby Brown, and Don Hawkins.

Kim Brock will be program arranger for the Month of April.

### Rotarians Loan

When you were recommended for membership, Rotary loaned you the classification by which you are identified. Like other loans, this one carries an interest charge. Unlike other computations of interest, however, the higher the rate, the greater the benefits.

Interest is payable by regularly attending all of your club's meetings, and through service to fellow Rotarians, your community, and all other communities throughout the world. Interest is compounded annually and paid in tokens of friendship, in thought and deed, in your business and social life, and in the development of respect of others, for the ideal which we know as Rotary International.

The penalty for default is severe; it is the loss of benefits, and the recall of the loan by Rotary.

Paul Harris

## Hansford County Library

The Hansford County Library is now checking out books on computer. Teresa Kirk was the library's first patron to check out books electronically on Wednesday, March 11.

Karen Ruddy, Head of Technical Services at Amarillo Public Library was in Spearman for two days training Hansford County Librarians Rita Curtis and Frances Kilgore in circulation and patron services. So far all is running very smoothly.

The librarians are continuing to issue new library cards to patrons who come to the library and fill out applications. The cards are free; however, a \$1.00 replacement fee will be charged for lost cards.

Children who are of school age may apply for their own cards. A parent's signature is required on all applications of children who are under sixteen years old.

All boys and girls who intend to participate in the library's Summer Reading Program this June are urged to apply for their new cards now. They must have new cards in order to check

out books this summer.

Storytime at Hansford County Library has been an on-again-off-again event this Spring. Library meetings and snowstorms have played havoc with Storytime scheduling.

Hopefully we're on now through the month of April. Storytime for 4 year olds will be held each Wednesday morning at the library from 10:30 - 11:00. The dates are as follows: April 1, 8, 15, 22, and 29th. See you for books and films at Storytime!

### Commodities

Good News! Cheese commodities will continue thru the rest of the 87 year. Because of the petitions that were signed, we will be able to continue. We would like to thank the people who signed this petition. Our next cheese commodities will be April 8th from 1:00-5:00

## School Board Candidate

Ronnie Lusby

I am a candidate for the Spearman School Board in the upcoming election on Saturday April 4, 1987.

My wife Donita and I both attended all twelve grades in the Spearman School Systems and we now have three children, Jill 12, Mandi 9, and Michael 6 all who attend Spearman Schools.

I feel we have excellent teachers and administrators whom all work hard to encourage our kids to excel in preparing for their future. I am eager to serve this community in such a way that I can be actively involved with our young people.

I am part owner and manager of Junior Lusby "Cats" in Spearman. As a tax payer I have a concern for our tax dollars and I'll strive to see that your taxes are spent wisely toward an excellent education system for our children.

I would appreciate your vote April 4th.

Thank You,

*Ronnie Lusby*

**NOTICE OF ESTATE SALE**

Gale S. Rogers and First National Bank, Perryton, Texas, Executors of the Estate of A.S. Brillhart, Deceased, are offering for sale:

- (1) 332 acres of farm land in Ochiltree County, Texas, with improvements, and
- (2) Various mineral and royalty interests owned by the Decedent in Ochiltree County, and perhaps elsewhere.

The land is described as the W/2 of Section 1010, Block 43, H&TC Ry. Co. Survey, Ochiltree County, Texas. It is located approximately 3 miles SE of Perryton, and is improved with a house in good repair, two barns, and a domestic water well. The landlord's 1/3 interest in the growing wheat crop will pass to the buyer of the land, along with the landlord's share of the 1987 ASCS payments.

The land and the Estate's interest in the minerals under it will be sold separately from the other mineral and royalty interests owned by the Estate. Sealed bids will be accepted separately on (1) the surface estate of the land, including improvements, (2) the Estate's mineral interest in the land, and (3) all other mineral and royalty interests owned by the Estate, wherever located.

The sealed bids will be opened on April 8, 1987, at 10:00 A.M., in the Offices of the Trust Department of First National Bank, at 201 S. Main, Perryton, Texas. At that time, all eligible bidders will have an opportunity to raise their bids. A person named in Mr. Brillhart's Will has the right of first and last refusal as to the land and the minerals under it.

The buyer of the land will enter into a Contract of Sale, and deposit 5% of the purchase price as earnest money. The Estate will provide a current abstract as to the W/2 of Section 1010, and the minerals under it (if the minerals are sold with the surface), and a general warranty deed upon closing. As to all other mineral and royalty interests owned by Mr. Brillhart, the Estate will execute a deed conveying all of its right, title and interest. No other assurances of title will be given.

For written instructions, bid forms and further information, contact Bruce Julian, P.O. Box 929, Perryton, Texas 79070, Telephone No. (806) 435-3676.

Announcements on the sale date will supersede any prior advertisements.

## Dahlia Flower Club

The home of Jewel Turner was the meeting place of the Dahlia Flower Club March 30, 1987.

The meeting was called to order by Marjorie Curtis. Karen Babitzke led the Pledge of Alligiance. Ruth Mary Whitson led the Collect.

The minutes were read and approved. The Treasurers' report was given.

Members were asked to consider an entry in the Hansford Round-up Parade.

Everyone enjoyed Roll Call, which was an "Easy Meal."

The program given by Ruth Mary

Whitson was on the bi-centennial of The Constitution, Benjamin Franklin and Medicare.

Delicious refreshments were served to Karen Babitzke, Deta Blodgett, Marjorie Curtis, Mabel Edwards, Sada Hoskins, Ora Sanders, Jewel Turner, Ruth Mary Whitson, and Wanda Smith.

We are so pleased to welcome Wanda Smith as a new member.

## Among The Neighbors

Information at this writing concerning Bruce Sheets is that he is in intensive care unit at St. Anthonys Hospital and surgery is tentatively set for Wednesday for bone damage. Bruce was injured in an automobile accident on Friday as he and John Bishop were returning from a visit with Bill Hutton at Hansford. It occurred at the intersection of highway 207 near the John Deere business. An oncoming car struck them and both cars sustained heavy damage. The occupants of the other vehicle, from Sunray, suffered some injuries and one was taken to the Berger hospital.

John has bruises and abrasions and says that he is questioning his long time motto: "To drive wrecklessly, don't drive recklessly."

Lovely flowers from friends and relatives decorated the home of Mrs. Deta Blodgett on Sunday as she greeted the many well-wishers who came to wish her a happy 90th birthday. Due to the inclement weather, many could not attend, but the gracious honoree felt compliment-

ed indeed that so many braved the cold. She was especially pleased that her grandson and family, Dr. and Mrs. Glenn Blodgett and daughters, from Guthrie were here.

An earlier observance on Wednesday morning surprised her as several neighbors came to her home for a coffee-brunch. Those wishing her 90 more happy birthdays were Francis Cudd, Joe Copeland, Mary Brock, Helen Eter, Jewell Turner, Lois Shieldknight, Rosalie Butt, Jennie Massad, and Bobbie Novak.

As this issue goes to press, Hollie Riley will be undergoing hip joint replacement surgery. It's scheduled for 4:00 o'clock Tuesday at St. Anthony's hospital. She suffered a fall at her home more than a week ago, and being alone, drove herself in to the doctor, feeling that it was not serious. Their grandson, Tab Smith, of Dallas is here with them and spent the night before surgery with Earl in Spearman.

She will be in room 543 at St. Anthonys for an indefinite time.

An enjoyable week-end for Tom and Helen Eter was due to the presence of nephew, Tommy Richardson and wife Marty of Dallas. Earlier her brother, Arnold and Betty Richardson, visited here. The Richardsons are in the process of moving to Lubbock where they will make their permanent home.

Week-end guests of Mrs. Selma Reneau were her daughter, Lynda Short, with James and Sena. They now live in White Deer.

To the many friends of Ada and Lester McLain who have been waiting and watching for their return—they drove in Saturday evening in time to realize that winter is not over in the Panhandle. They had stopped in Austin for several days and visited their daughters. They also spent some time in Midland with his sister, Reva Draper. They had a good winter in Mission in the Valley and are in good health. She has completely recovered from major surgery last November in Mission.

Elswhere in this issue is the obituary of Mrs. Ruth Kirkland, former resident of Spearman. At this writing, Nedra and Larry Hays and children of Eufala, Oklahoma are in the home of his grandmother, Mrs. Beuna Hays. Jim and Phyllis Patterson Kirkland and family are with her sister, Mrs. Andy Watley, and Malcolm and Mary Ellen Kirkland and children are staying with her father, Freeman Barkley.

Micah and Mason Edwards are making room for a new brother who arrived on March 27, 1987 at Northwest Texas hospital in Amarillo. Mendall Brady weighed 6 lbs. 7 oz. and is the son of Mr. and Mrs. Monnie Edwards. Mr. and Mrs. Wayne Edwards are his grandparents and his great-grandmother, Mrs. Edwards, all live at Wheeler. His other grandmother, Mrs. Earline McDonald of Levelland has been here since Friday

looking after the family until he and his mother return.

## What is a Jail?

A jail is a county or city owned facility for holding persons accused of a crime until trial, for punishing persons accused of misdemeanor crimes and for holding persons convicted of a felony until they can be transferred to a state penitentiary. A state penitentiary or prison is owned by the state and is solely for the purpose of incarcerating convicted felons.

Peter the Great of Russia, in an attempt to encourage his subjects to adopt a Western look, levied a high tax on beards.

"If we make any error in the preparation of your tax return that costs you any interest or penalty on additional taxes due, while we do not assume the liability for the additional taxes, WE WILL PAY THAT INTEREST AND PENALTY. Furthermore, if your return is audited, we will accompany you, at NO EXTRA COST, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative."

## HOMESTEAD EXEMPTIONS

### CAN LOWER THE PROPERTY TAXES ON YOUR HOME

A homestead exemption lowers the property taxes on your home by lowering its taxable value. For example, if your home is valued at \$50,000 and you receive a \$5,000 homestead exemption, your home will be taxed as if it were worth only \$45,000.

You qualify for a homestead exemption if you owned your home on January 1 and used it as your primary residence on January 1. It doesn't matter whether your home is a house, a condominium or a mobile home.

Exemptions are available to all homeowners to lower their school taxes. Additional exemptions are available to homeowners who are disabled or age 65 and over. Other exemptions may be offered to homeowners by school districts, counties, cities, and special districts. All taxing units offer exemptions to disabled veterans.

Apply to your local appraisal district office at the address shown below for all exemptions you may qualify for. Application forms are available there.

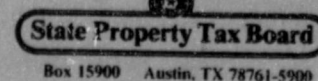

If you received a homestead exemption on your present home in 1986, you won't need to apply again for 1987 unless your chief appraiser requires you to reapply.

However, if you passed your 65th birthday or became disabled before January 1, file a new application to receive the additional exemptions.

If you haven't received an exemption on your present home, or if you've moved to a new home, make a new application for 1987.

The deadline for applications is April 30, 1987. Contact your appraisal district before then if you need more time.

For more information, get a free copy of the pamphlet, *Taxpayers' Rights, Remedies, Responsibilities*, at your appraisal district office or from the State Property Tax Board in Austin.

## Severe Weather

Severe weather conditions in western Oklahoma and the Texas Panhandle has had only minor effects on communications services according to Bob Meyers, Operations Manager for General Telephone.

"Power outages caused by the storm presented our greatest challenge, however, we have imported several auxiliary generators from distant locations to maintain service in our rural communities", he said. Over load circuits have caused dial tone delays due to the heavy calling."

Heavy snows have broken tree limbs which have downed some lines in town but as quickly as technicians can get on site, repairs are made", said Meyers. Rural customers experienced some delays because of road conditions."

Distribution facilities are much more reliable than in the past due to underground cable placement and modern installation techniques", he concluded.

## Don't Let an Electrical Fire Be Your First Clue That YOUR HOME HAS FAULTY WIRING

You can prevent faulty wiring - before an electrical fire occurs - by following these recommendations from Texas-New Mexico Power Company.

1. Make sure the wiring inside and outside your home is installed and checked by a qualified electrician and meets the National Electric Code, the National Electric Safety Code and state and local ordinances.
2. Install ground fault indicators - safety breakers - in your bathroom and in outdoor receptacles that might come into contact with water.
3. Have a qualified electrician check your home's wiring if lights dim when an appliance is turned on, if fuses blow or circuit breakers trip frequently, or if toasters and irons fail to heat properly. Each of these is a sign that your home is inadequately wired.

For more information about safety in your home, contact Texas-New Mexico Power Company. Free brochures are available.

## School Board Candidate

Phillip Renner

I am a candidate for the Spearman School Board this year. I have served one 3 year term on the Board. My wife, Lynna, and I have 3 children - Randie, 12, Ronda, 9, and Reagan, 5. I attended Texas Tech for 2 years majoring in Animal Science.

I want to continue to promote an excellent education system for all of our children. I feel we have an excellent group of administrators, teachers and school board members that do an outstanding job of working together for the education of our children.

Being a landowner and farmer and rancher, I am concerned about keeping taxes as low as possible but not to the extent that our children suffer an educational decline. I also want to promote a good extra curricular program as I feel it is a catalyst for a good education.

With my business experience and the 3 years of experience I have had on the board, I feel this gives me the ability to make sound decisions for the school. I have taken pride in serving on the Board for the past 3 years and would appreciate your vote April 4th.
