

Pro-McCarthy Forces Show Up In Capitol

By JACK BELL
WASHINGTON (AP)—The Senate picked up its censure debate today in an atmosphere of tension heightened by the descent of hundreds of McCarthy admirers on the capitol.

By trains, buses and private cars, partisans of the Wisconsin Republican senator flocked into the city for a "National Rally for McCarthy" to be held in Constitution Hall tonight.

Many of them came to the capitol to buttonhole senators and urge against censure of McCarthy.

Sen. Saltonstall (R-Mass) told reporters 60 persons from Massachusetts had visited him and brought signatures from 4,000 other McCarthy supporters. He said he told them he would listen to the debate before making up his mind.

In advance for the session, Sen.

Capehart (R-Ind) said he would propose that the Senate put off a vote on the censure issue until January.

This idea seemed to find little favor. Republican Leader Knowland (Calif.) told newsmen the present session was called for the specific purpose of acting on the censure issue and "I think it should be disposed of during the present 83rd Congress."

Knowland said it would "not be in the interest of either party, the Senate or the country" to put off a vote until next January. He also said he doubted whether either side to the dispute would want to do so.

Saltonstall, the assistant Republican leader, expressed a similar view. So did Sen. Dirksen (R-Ill.), a leading supporter of McCarthy.

Dirksen said he felt the Senate was "almost compelled to take action of some kind" at the present session.

He added, however, that he was "distressed about the theatrical atmosphere." He said he was referring to the crowds and the "tension" in the air.

In response to questions, Dirksen said he did not know of any move among friends of McCarthy to filibuster against a vote at this session.

Knowland said he had found "no evidence of any desire to filibuster," and added:

"I don't think it will be tried."

Sen. Jackson (D-Wash) predicted Capehart would fail if he tried to get the Senate to postpone the issue until January.

The Senate opened formal debate yesterday on the recommendation of a special six-man committee that McCarthy be officially rebuked on grounds that he acted "contemptuously" toward a Senate elections subcommittee which investigated his finances in 1951-52 and that he "repeatedly abused" Brig. Gen. Ralph W. Zwicker, a witness before McCarthy's investigating committee earlier this year.

Capehart said in an interview before the scheduled resumption of debate that he believes "the great majority of senators" would agree with him in a two months' delay would mean "a far more judicial and deliberate consideration of this important matter."

McCarthy clashed yesterday with Sen. Watkins (R-Utah) and was lectured by Sen. Case (R-SD) for "personal abuse" of colleagues in an alternately spirited and dull session before filled galleries.

Asked how he thought he was progressing in his defense, McCarthy replied:

"I don't know. I can tell you more about that in three weeks."

McCarthy disclaimed any knowledge of delaying tactics or of proposed compromises which might fend off a direct vote on censure.

Senators Dirksen (R-Ill) and Bridges (R-NH) were reported trying to draft a substitute for the committee's resolution, but they would not discuss it.

Two Jima Statue Dedicated

A massive bronze reproduction of the historic flag-raising on Iwo Jima is dedicated in Washington in honor of the U. S. Marine Corps. President Eisenhower and other dignitaries are on the platform just below the 75-foot statue. (AP Wirephoto).

Nation Pays Tribute To Dead, Living Veterans Of Nine Wars

By The Associated Press
The nation pays tribute to the living and dead veterans of its nine wars today in a day of respect newly designated as Veterans Day.

As in previous years, when Nov. 11 was named Armistice Day, the national tribute centered at the Arlington National Cemetery, just across the Potomac River from Washington, D. C.

There, Secretary of the Air Force Harold E. Talbott, as the designated representative of President Eisenhower, arranged to lay our wreath at the Tomb of the Unknown Soldier. Veterans' organizations planned a mass tribute to the nameless fallen soldier of World War I and to all the nation's warriors.

The President himself planned to dedicate the Eisenhower Memorial Museum at Veterans Day ceremonies in his boyhood home, Abilene, Kan. The \$225,000 museum, built with voluntary contributions, will house the President's mementos of war and peace.

Talbott spoke in his Arlington cemetery speech of weapons powerful enough to "lay waste an entire continent" and of the need for the help of God to avert war that could result in such terrible destruction.

"I believe with all my heart," Talbott said in a prepared speech, "that we can keep the peace only if we seek his help, not to destroy our enemies, but to help us summon the patience, the courage, and if need be, the sternness that will be needed to prevent a war . . ."

Armistice day began as an annual observance of the time at which hostilities ended in World War I — 11 a. m. Nov. 11, 1918. With support of national veterans' groups, the name was officially changed this year.

Legion Sponsors Programs Here

"Let's talk about democracy to our friends," said local attorney Charles Butts at the Veterans' Day program at the VA Hospital this morning.

The Veterans' Day program was sponsored by the American Legion which was instrumental in the early development of the hospital program for veterans, W. O. Underwood, hospital manager, said.

The program began with a prayer by Chaplain C. O. Hitt, W. H. Bacus playing taps.

Underwood introduced Butts, who commended the change of November 11 from Armistice Day to Veterans' Day. Butts told the veterans that their buddies had not died in vain and observations such as Veterans' Day was proof of the thanks by Americans everywhere for a free America. He said that undemocratic countries have no such programs for their veterans.

A similar program was conducted at the high school assembly this morning with Butts and George H. O'Brien Jr., winner of the Congressional Medal of Honor, speaking. Ed Fisher, commander of the Howard County Legion post, presided.

Butts and O'Brien were to speak at 2 p. m. at the junior high school program, and Butts was to address members of the East and West Ward P-TAs later in the afternoon.

Army Secretary Is Fort Worth Speaker

FORT WORTH (AP)—Secretary of the Army Robert T. Stevens said today an American soldier captured in fighting the Reds must be as ready to repel Communist assaults on his mind and soul as he is to stand up to attacks on his body on the battlefield.

His homcoming meant a family reunion.

He was accompanied from Washington by Mrs. Eisenhower and his youngest brother, Dr. Milton S. Eisenhower, president of Pennsylvania State University.

On the way, the President's private plane, the Columbine, stopped briefly at Kansas City, Kan., to take aboard his grandchildren—David G., Barbara Anne, 5, and Susan, 2—and their parents, Maj. and Mrs. John Eisenhower. The major is stationed at Ft. Leavenworth, Kan.

Already on hand when the President arrived was another brother, Earl, who publishes a newspaper in La Grange, Ill., and his wife. Also present were Mrs. Roy Eisenhower, of Junction City, Kan., widow of still another brother, Roy, and Mr. and Mrs. Thomas Fagan, of Junction City. Mrs. Fagan is Mrs. Roy Eisenhower's daughter.

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy and cool with occasional showers. High 54, low 38.

Today's low will be 38 to 40.

Next 24 hours: Partly cloudy with occasional showers. High 54, low 38.

Next 48 hours: Partly cloudy with occasional showers. High 54, low 38.

Hagler Associate Signs Confession

Diplomats Draft Another Note In Plane's Downing

By JOHN M. HIGHTOWER
WASHINGTON (AP)—The State Department is drafting a new note to Russia on the shooting down of a U. S. Air Force plane, hoping to find out whether the Soviets would seriously like to avoid such incidents in the future.

There is an unusual absence of belligerence in the attitude of both the American and Soviet governments, despite their opposing versions of last Sunday's Far Eastern affair, which cost the life of one American airman.

Only last Sunday Soviet Premier Georgi Malenkov expressed to U. S. Ambassador Charles E. Bohlen at a Moscow dinner the desire to make greater use of diplomacy in ironing out East-West differences. Malenkov said this means should be taken to prevent relatively minor problems from becoming major issues, according to a report from Bohlen to the State Department.

The new U. S. note, it is understood, will reflect the conciliatory tone in which President Eisenhower discussed the plane incident at his news conference yesterday. And it will be responsive to two paragraphs of a Russian note of last Monday which seemed to create a slight hope of avoiding such aerial clashes in the future.

In that note, the Russian government expressed "regret" that what it called previous "violations" of Soviet frontiers by U. S. military planes had led "to absolutely unjustified losses."

It then said it would be in the interest of both the Soviet Union and the United States "to take measures for the prevention of further violations of the Soviet territory by American aircraft."

It also said it would be in the interest of both the Soviet Union and the United States "to take measures for the prevention of further violations of the Soviet territory by American aircraft."

Body Came From Morgue Is Claim

DALLAS (AP)—Oklahoma Crime Bureau Chief O. K. Bivins today announced that Frank St. Claire, 47, Irving, Texas, has signed a statement saying the Oklahoma torch slaying was a \$200,000 insurance plot.

"Anything Bivins releases is okay with me," St. Claire told a newspaper.

Bivins said St. Claire said in the statement that David Fred Hagler Jr. "was supposed to have got a corpse for \$500 from a morgue."

He did not know which morgue. Hagler, 36, a Fort Worth asphalt company salesman, is charged with murder in the death of a man—still unidentified—whose charred corpse was found in a burning station wagon near Davis, Okla., Oct. 30.

The corpse was at first thought to be that of Hagler.

Hagler turned up later at Waco, Tex. He now is out on bond.

It was not known immediately where he was.

Doctors who performed an autopsy on the unidentified body last month said they believed the man was alive when placed in the station wagon.

Reporters were not shown the statement Bivins had from St. Claire. Bivins said there were parts he did not wish to reveal.

St. Claire is not under arrest.

He told a Times Herald reporter that Capt. Will Fritz of the Dallas police "told me to refer any newspaper questions to him. But anything Fritz or Bivins releases is okay with me."

Bivins told the reporter that about \$200,000 was involved in the insurance plot.

He also said that Oklahoma officers deliberately misled reporters when they announced last month that a lie detector test taken by

St. Claire in Oklahoma was "negative" because "we wanted more time to investigate."

Bivins said also that St. Claire agreed to cooperate with officers after the lie detector test and was released.

Hagler was married Oct. 20 to Elizabeth Marie Bergmann, a native of Munich, Germany, who had been in Fort Worth but went back to Germany last summer. She returned Oct. 18 and told reporters she had come back to help Hagler.

Because dental plates and shoes found on the charred corpse in Oklahoma were believed to be of foreign make, officers worked on the theory that the victim was a scorned suitor of Miss Bergmann.

The theory was advanced just this week that the corpse could have been a merchant marine seaman who had dental work done in a foreign country.

The official autopsy report said the dead man was in a drunken stupor when fire started in the station wagon. Officers said they have established Hagler borrowed the station wagon from his former wife.

Of the days around the day of the slaying, Hagler has told a story of a drunken weekend of which he remembered but little.

UF Drive Gains Additional Funds

Contributions are continuing to come into the United Fund, and the total for the 1954 campaign period today stood at \$82,161.33, the auditing office reported.

This was comfortably over the \$82,151 which had been set as the goal, but Campaign Chairman Dick Simpson pointed out that a "safe" margin is to be desired.

"We have done a tremendously fine job," he said, "but we still hope that every citizen can and will have a part in this community enterprise. A little reserve for contingencies, to accommodate any slack in pledge payments, etc., is good business for the UF. Certainly we will welcome, and can use, any additional gifts."

The UF office on the mezzanine of the Settles will remain open the rest of this week, Simpson said. He asked workers still with prospect cards out to make a report right away.

Some 80 firms have reported their employees at 100 per cent giving to the fund this year. Latest to report is the Eberley-River Funeral Home.

Texas Farm Bureau Asks High Supports

GALVESTON (AP)—The Texas Farm Bureau, meeting in its 21st annual convention, has readied two recommendations to be presented the American Farm Bureau at its December meeting.

The Texas group passed a resolution at its closing session yesterday asking a national farm program permitting freedom of action by the farmer with a minimum cost to the government and price supports at 80 per cent of parity.

The other resolution seeks expansion of credit facilities through federal government agencies for drought-stricken counties in order to meet long-term needs of farmers.

Animals owned by Lloyd Robinson and Sue Robinson will be exhibited in the Ogden show tomorrow. Both will be shown by Lloyd.

Sue White and Lloyd Robinson are owners of the two steers entered in the Eastern National Steeplechase and her father, Floyd White, are in Baltimore for the stock show.

Seven Howard County 4-H steers have been entered in the International Livestock Exposition at Chicago later this month. The animals will be shipped from Big Spring to Chicago on Nov. 20 or 21.

Lyle Lewter and Lloyd Robinson each has two steers entered in the International. The other three are owned by Lora McDowell III, Joyce Robinson and Sue White. All of the calf owners are expected to attend the Chicago show.

Local Steers In Utah Show

Judging is set for Friday in the Ogden (Utah) Livestock Show and two Howard County steers will be shooting for top honors in the exposition.

Two other Howard County steers have been entered in the Eastern National Livestock Show, Baltimore, Md. Judging there will be held Monday.

Animals owned by Lloyd Robinson and Sue Robinson will be exhibited in the Ogden show tomorrow. Both will be shown by Lloyd.

Sue White and Lloyd Robinson are owners of the two steers entered in the Eastern National Steeplechase and her father, Floyd White, are in Baltimore for the stock show.

SCHOOL PLAY IS POSTPONED

The all-school play, scheduled to open at the Big Spring High School auditorium tonight, has been postponed until Monday evening.

Conflict between the play, "Gramercy Ghost," and other school activities caused the postponement, said Roy Worley, high school principal. The comedy had been scheduled for Thursday and Friday evenings, but will be staged instead on Monday and Tuesday, starting at 7:40 p. m.

Tickets purchased in advance will be honored next week.

Brownell Announces Plans To Ease Rules For Aliens

NEW YORK (AP)—A. J. Gen. Brownell announced today plans for greatly reducing the detention time of immigrants or aliens who have to be sent back to their native lands.

In an address prepared to welcome more than 48,000 foreign-born taking the oath of allegiance to the United States in mass naturalization ceremonies in 108 cities across the country and in the territories and possessions, the attorney general announced these new policy steps:

1. A major broadening of pre-inspection procedures for aliens seeking U. S. residence, to avoid entry.
2. A much wider use of parole for aliens whose admissibility or possible deportation is under study.
3. Elimination, in this connection, of the special airport detention facilities at Seattle and Honolulu, as well as New York where the immigration service is now folding its operations on Ellis Island under a plan announced several weeks ago, and at Boston, San Francisco and San Pedro, already closed.

Dulles Says Red China Is Menace

By WARREN ROGERS JR.
WASHINGTON (AP)—Secretary of State Dulles declared today that Communist China is showing an aggressive intent in Asia which belies its protestations of peace.

It was against this menace that the United States and seven other nations signed the Manila Pact two months ago, he told the Senate Foreign Relations Committee in calling for approval of the agreement.

Dulles addressed the committee for a half-hour, then submitted to questioning by members. While no effective opposition is expected, some senators — like Mansfield (D-Mont), who has traveled the Orient extensively — said they had some questions to ask.

Sen. Wiley (R-Wis) forecast quick committee approval of the treaty. At the same time Wiley, chairman of the group, hoisted a caution signal on a German sovereignty and rearmament agreements.

President Eisenhower yesterday asked the committee to complete its study of the Southeast Asia defense Pact during the current special session. This would save the way for speedy action after the new Congress meets Jan. 5. Senate leaders hope to confine the present session to the move to censure Sen. McCarthy (R-Wis).

The secretary said the Manila Pact marks a "major further step" in the Free World's efforts to sustain peace in the Pacific as elsewhere. Significant also, he said, is a companion document—the Pacific Charter which emphasizes the right of people to choose their own governments.

Dulles ticked off places and situations which he said showed Red China's "aggressive intent."

Among these he listed:

1. Existence of a "Free Thai" movement inside China, just across the border from Thailand.
2. Doubling since the Geneva conferences of Vietnam forces in the portion of Indochina claimed by the Communists.
3. Domination by the Communists of two provinces in northern Laos.
4. Vigorous efforts to communize Chinese in Singapore.
5. Maintenance in China's Yunnan Province, "where there certainly is no risk of attack," of a large armed force of Red Chinese.

There are other examples, he said, and all of them add up to "an aggressive intent which belies their protestations of a desire for peace."

Dulles said the United States would have welcomed more members—presumably a reference to such Asian countries as India, Burma, and Indonesia. But he noted these and others could come in upon agreement of the signatory countries.

Even so, he said, the eight-power agreement is "important and adequate to build a very substantial defense against the menace to which I referred."

In general, he said, the treaty follows the lines laid down by U. S. agreements after World War II with Australia, New Zealand, the Philippines and Japan. But he said the Manila Pact has three key differences:

1. The treaty area is clearly defined not only in the pact itself but also in a separate protocol which promises that the Philippine states, although not members, will be brought "within the mantle of its protection."
2. For the first time, Subversion is stated out as a danger to the area. Dulles called for an early meeting of pact nations to work for "peace and security" of ending the threat of subversion.

TRUETT LATIMER

Lafimer To Run For Senate Post

State Rep. Truett Latimer, Abilene, announced Thursday that he will be a candidate in the special election to fill the 24th District Senate vacancy. The election will be held Dec. 11.

The post became vacant by the death of the late Harley Sadler of Abilene.

The 26-year-old Abilene insurance salesman succeeded Sadler as representative when Sadler moved into the Senate place in 1952. Latimer won over a field of four candidates in 1952 and was unopposed for re-election last summer.

Four other men, Pat Bullock, Colorado City; Dan Sorrells, Abilene; Justin Morrow, Rotan; and State Rep. David Ratliff, Stamford; have announced intentions of seeking the job. Deadline for filing is Friday.

In disclosing his plans to enter the race, Latimer said: "Many people from the district have urged me to run for state senator. After carefully considering it more than three weeks, I have decided to make the race. I believe my background and experience qualify me for the job. It is my desire to represent all of the people in the 24th Senatorial district."

He said that he planned to return to Big Spring as soon as possible to get acquainted with as many people as possible and present his candidacy.

Latimer recently was appointed to the Texas commission on higher education. He serves on five committees in the House, namely insurance, common carriers, public health, public lands and buildings, and penitentiaries. Latimer has a record of having attended every day of both the regular and special sessions.

Born in Albany, reared in Leuders where he attended high school, he made Abilene his home after graduating from Harding-Simmons University in 1931. He is a member of the Abilene First Baptist Church, Rotary Club, Junior Chamber of Commerce, the Abilene YMCA board of directors, is a master sergeant in the Texas National Guard, and owner of a general insurance agency. The only other man to enter the State Senate at that age was Allan Shivers in 1934.

French And British Socialists Approve Paris Agreements

PARIS (AP)—By a margin of more than 6-1, the French Socialist party today voted to support the Paris agreements to rearm West Germany. This was believed to assure ratification in the National Assembly, where the Socialists held the biggest single bloc of votes.

Fairlane Added To '55 Ford Line

Ford's longer, lower body style and wrap-around windshield, available on all models, is shown above in the Fairlane four-door sedan, one of the new lines added to Ford's imposing array for 1955. The '55 Fords are available with Y-Block V-8 or I-Block Six power, and Fairlane models which have dual exhaust as standard equipment. The new Fords go on display Friday, and will be shown here by Big Spring Motor Company, 500 West 4th.

ON DISPLAY HERE FRIDAY

Ford Adds New Fairlane Line As Pace-Setter In '55 Models

Ford for '55 goes on display Friday. An impressive array of new models, incorporating many improvements in power, styling, and luxury features, will be shown locally by Big Spring Motor Co., 500 W. 4th.

The 1955 Ford line is featured by an entirely new series — the high-styled Fairlane — as the leader of four lines of passenger cars. Modern styling inspired by Ford's new Thunderbird personal car distinguishes the new Fords. Retaining definite characteristics which have won Ford style leadership, the 1955 Fords also have a wrap-around windshield and a new, lower silhouette. The Crown Victoria — a new model — is the first Ford sedan under five feet in overall height.

Ford, which offered the first V-8 engine in the low price field in 1932 and has built 14 million V-8s

since, introduces for the first time three new engines:

A high compression Y-block V-8 engine of 272 cubic inch displacement and an 8.5 to 1 compression ratio.

A powerful Y-block V-8 engine of 272 cubic inch displacement and a 7.6 to 1 compression ratio.

An improved 6 cylinder I-block engine of 223 cubic inch displacement and a 7.5 to 1 compression ratio.

Dual exhausts, which provide extra power, are standard on all Fairlane V-8 and station wagon models.

Ford's new high compression engine available only with Fordomatic transmission in the Fairlane series, has a four-barrel carburetor with automatic choke and special intake manifold; special vacuum controlled distributor; high compression cylinder heads and high capacity radiator. Ford's

popular V-8 and 6 cylinder engines are available with any of the 16 Ford models for 1955.

The new Ford Fairlane series, named after the home of the late Henry Ford, includes a completely new styling idea — the Crown Victoria model. This car has an arch of chrome over the top like a tiara. It also is available with a transparent plastic roof over the driver's compartment.

Like all 1955 Fords, the Fairlane models have a new concave grill composed of a sturdy chrome-plated grid. Fairlane cars are immediately recognized by a chrome trimline which starts on top of each front fender at the headlamp and follows the curvature of the fender downward — then sweeps along the side to the tail lights. Hooded headlamps give the high front fenders a forward thrust look while rear fenders form a reverse angle above larger tail lamps. All the new Fords have a flatter hood and a longer rear deck.

New upholstery fabrics, many developed especially for the 1955 Fords, are available in a broad selection of colors and patterns. Thirty-five textile mills were contacted in the development of special woven plastics, decorator fabrics and vinyls created exclusively for the new Fords. They are matched with 13 exterior colors in single tones and also in a variety of new and unusual two-toned treatments on the Fairlane series.

This year Ford's Customline series includes Fordor and Tudor sedans. The chrome molding along the sides of the Customline models provides clean, classic lines and serves as a "bumper" to protect the finish when a car door opens in the next parking space.

Ford's lowest priced series includes three models: the new Tudor Business Sedan, the Tudor Sedan and the Fordor Sedan.

Among the new Ford features is an improved Fordomatic transmission which gives the driver a choice of much faster get-away from stoplights, when desired, without manual shifting. By pressing the accelerator to the floor the driver gets an automatic low-gear start which puts him 40 feet ahead of last year's model when he reaches 35 mph. Overdrive and regular transmissions also are optional on the new Fords.

Police Arrest 355, Issue 1,264 Tickets In October

Big Spring police arrested 355 individuals on misdemeanor and felony charges during October, and they issued 1,264 traffic tickets.

The monthly tabulation by Chief E. W. York also shows that \$3,841 was received in court fines. Actually the county fines totaled \$5,709, but quite a few individuals elected to stay in jail rather than pay.

Of the 355 individuals arrested, 229 were charged and found guilty of drunkenness. Total assessment for this offense was \$3,776.

Fines against the 17 people assessed for disturbance totaled \$213. Another seven arrested for the offense were dismissed, as were 19

arrested on drunkenness charges. There were 18 arrested for vagrancy, and 13 of them were fined \$108.

Six charged with gaming drew fines totaling \$55, and three arrested for indecent exposure were fined a total of \$60. Four found guilty of affray charges paid \$85, and two arrested for petty theft drew fines totaling \$40.

Three charged with consuming beer in a public place after hours were fined \$43, and two found guilty of selling beer during illegal hours on Sunday were assessed \$100. Lack of health card brought an individual a \$25 fine. Other fines included one for \$10 on a charge of simple assault and one for \$6 on a charge of destroying private property.

A number of individuals were transferred to county authorities after having been arrested by police, according to York's report. These included people charged with aggravated assault, liquor violations, carrying deadly weapons, possession of marijuana, theft, driving while intoxicated, and driving with license suspended.

Fines totaling \$398 were assessed against 22 individuals who had no drivers license, and the 67 people charged with moving traffic violations were assessed a total of \$691. Parking violations brought assessments of \$73, and three mechanical violations led to fines of \$16. Some \$600 was collected for parking tickets.

Police vehicles traveled a total of 29,301 miles, and some 1,800 calls were made to and from the police radio station.

300 Big Springers To Attend Shrine Session In Midland

Upwards of 300 people from Big Spring are expected to attend some of the annual ceremonial of the Suez Shrine Temple set for Friday and Saturday in Midland.

Cecil D. McDonald, assistant rabban, will head up a delegation of around 150 Shriners and their wives. Similarly, M. L. Leddy, San Angelo, potentials of the temple who will preside over the convalescence will head around 300 persons from San Angelo. He predicted 1,000 would attend.

Among activities for Friday are meetings of the Camel Herders at 10 a.m. and 3 p.m.; the dinner for Shriners and wives at 6:30 p.m. in the Scharbauer.

The big ceremonial parade is set for 11 a.m. Saturday, followed by the barbecue for Shriners and novices. At 1:30 p.m. initiation of novices will begin. Open house in Midland's new million dollar Masonic temple from 6 p.m. to 8 p.m. will be followed by the dance.

Fort Hood Exercises

AUSTIN (U)—The first of a series of annual command post exercises "Clover Leaf I" will bring active, reserve and National Guard units from four states to Fort Hood Dec. 4-5.

People have all the fun

'specially those who choose Premium Quality FALSTAFF Beer

We don't mean to say you'll lead a dog's life without Falstaff. But taste Falstaff, and see if you don't happily agree: Falstaff has just what it takes to make any good time a really fine time. And that's smooth 'n golden mellow flavor, genuine Premium quality!

UNCLE RAY'S CORNER

Rudder and one of three propellers of an ocean liner. Note size of man.

ON THE ATLANTIC — While steaming westward, I shall enjoy 25-hour days! Tonight the official clock on this vessel will be set back one hour. It is expected that passengers will do the same to their watches.

Something different happened when I was traveling eastward across the Atlantic. Then the time was set forward each night, leaving only about 23 hours to a day.

The reason for clock changes on the ocean may be told in a few words: when a vessel travels with the sun, the days are longer; when it moves against the sun, the days are shorter.

The sun seems to move from east to west. Ancient people (the Egyptians, for example) supposed that it made a complete circle around the earth in 24 hours.

Thanks to modern science, we now know that the seeming motion of the sun is caused by something else. The earth spins around, or rotates, once each day, and that makes the sun APPEAR to move across the sky.

The gigantic propellers of a modern ocean liner give it a good speed, but they never could make it keep up with the sun during an Atlantic crossing. That might be done in the Arctic Ocean. The Arctic Ocean covers what some persons describe as the top of the

world. Up there a vessel might, in a sense, circle the globe during a 600-mile voyage. By steaming westward at 25 miles an hour, the captain would be able to keep up with the sun.

At the equator, a person would have to travel westward 1,038 miles an hour to see the sun at the same point in the sky during the entire trip.

Such a speed might have seemed out of the question 50 years ago. Rocket planes have made speeds above 1,400 miles an hour. Those records were for short trips, but long journeys at the same rate should be made within a few years.

Tomorrow: Atlantic Traffic.

Col. Tyler Reads Korean Citations

SEOUL, Korea — Pilots and flight engineers who carried Republic of Korea President Syngman Rhee on numerous hops in and around Korea from the front lines to remote areas for morale-lifting visits with ROK and United Nations units have received decorations.

In ceremonies at his executive office and official residence, Kyung Mu Dae, the President personally pinned the following awards on these men:

Order of Military Merit Choongmoo with Gold Star, Maj. Tullius C. Rownd of Columbia, S.C.

Order of Military Merit Choongmoo, Lt. Joseph A. Loscalzo of Milton, N.Y.

Order of Military Merit Wharang with Silver Star, 2nd Lt. Richard E. Doucette of Broughton, Mass.

Order of Military Merit Wharang, Staff Sgt. Lowell E. Webb of Carrollton, Tex.

Order of Military Merit Wharang, Tech. Sgt. Donald B. Love of Portland, Ore.

Order of Military Merit Wharang, Airman 2nd Class James K. Baker of Louisville, Ky.

Col. Henry S. Tyler of Big Spring, Tex., 5th Air Force liaison officer with 8th Army Headquarters, read the citations at the ceremonies, which were attended by the ROK Prime Minister, several other cabinet members and high ROK Air Force officers.

Col. Tyler, who formerly was executive officer at Webb AFB and whose wife, Dottie, and children still reside here, is due back in the United States within little more than a month. He was among the first officers to be assigned here when Webb AFB was reactivated.

Air Force Grounds Its F100 Fighters

WASHINGTON (U)—The Air Force ordered all its F100 supersonic jet fighters grounded yesterday pending thorough investigations of three recent crashes.

The F100 is the most advanced jet fighter now in U. S. operational units. Its speed has been estimated at about 800 miles an hour at sea level.

British Air Commodore Geoffrey D. Stephenson, commander of the Royal Air Force's Central Fighter Establishment, was killed Monday at Eglin Air Base, Fla. when the Supersabre jet he was flying crashed.

Two other crashes involving F100s, one of them fatal, occurred Tuesday at Edwards Air Base in California and on Oct. 13 near Lancaster, Calif.

Heir Pleads Innocent

LOS ANGELES (U)—George Harold II, meat-packing heir, pleaded innocent yesterday to a charge of possessing marijuana. Superior Judge Harold W. Schweitzer scheduled his trial for Jan. 4.

Father Denies Son, A Senator, Doing Poorly In Recovery

HYANNISPORT, Mass. (U)—Joseph P. Kennedy, former ambassador to Britain, says that contrary to "disturbing rumors" his son, Sen. John F. Kennedy (D-Mass.), is doing well after a recent operation.

He said "unfounded" rumors imply that his son's condition is such that he will be unable to resume his seat in the Senate. Such reports are not in accordance with the facts.

The Hospital for Special Surgery, New York, where Kennedy underwent surgery for a spinal condition, described his condition as "very satisfactory."

Odessa Postal Post

WASHINGTON (U)—The Civil Service Commission has announced it will receive applications for the postmasterhip at Odessa, Tex. The salary is \$6,570 a year. Applications for filing applications is due 7. Names of the applicants won't be made public by the commission until Dec. 10 at the earliest.

A Bible Thought For Today—

Yet we have seen one of the vilest towns completely re-born and transformed into a delightful beautiful and moral city by the influence of one man and his organization. "Woe to me that I sojourn in Meschek, that I dwell in the tents of Kedar!" — Psalm 120:5.

Water For Domestic Use Needs Parity With Power, Irrigation

Before departing for Washington to confer with other Democratic leaders and to attend the bipartisan conference at the White House to which he was invited by President Eisenhower, Senator Lyndon B. Johnson told fellow-Texasans that "we (Democrats) think the people want the government to help conserve the water of the nation."

Too big for the state and its political subdivisions cooperating fully together, West Texas in particular has a back-breaking and eye-popping burden in this respect, and its eventual solution must of necessity depend on cooperation among the local, state and federal authorities.

Nobody Should Take Pride In The Low Voting Rate Of The Nation

On the basis of incomplete and unofficial returns from the election of November 8, an AP statistician has figured that the Democrats received only 371,000 more votes, nationwide, than the Republicans if you exclude the South yet, they won control of both houses of Congress.

heading of idle speculation. The results were quite clear-cut and decisive, because the Democrats that year got the votes that counted.

These Days—George Sokolsky

There Should Be No Union Of Political And Economic Power

The details of the Dixon-Yates contract are for congressional committees and lawyers or possibly even the courts to quarrel over; the explanations given the public are for all of us to consider.

For a people who criticize socialism generally and in other countries, we have permitted ourselves an extraordinary amount of socialistic practices in the form of government subsidies, government ownership combined with private operations, outright government ownership and operations of enterprises which obviously can produce no profit or, at times, not even pay for themselves.

WASHINGTON — Worst fate that could befall a new senator: Be certified to the Senate just in time to vote on the dreaded Joe McCarthy issue — and then be turned out on a recount.

Why did the Bureau of the Budget intervene when this is a matter that either concerned TVA or AEC?

"How Long Do You Think It'll Stay Radioactive?"

The World Today—James Marlow

Many Voters May Decide Differences Between Parties Far From Profound

WASHINGTON (AP) — The Democrats and Republicans may try to get along like brothers in the next two years — there's been mention of harmony — but it would be too tough on the voters if they acted like twins.

And since the party which has a majority controls the committee, it is in the best position for haying, particularly in the field of investigations, by deciding what needs looking into and how.

The Democrats will probably use their committee to dig around in other Eisenhower administration performances for the past two years.

Notebook—Hal Boyle

Every 7th Belgian Child Is Godchild Of The King

BRUSSELS (AP)—The poor man's Baedeker to Belgium: There is no law about it, but by custom the seventh child in every Belgian family is the godchild of the King.

These family bonuses increase the birth rate in rural more than in industrial areas, however, the clear bracing air in rural zones is regarded by some authorities as even more important to the birth rate than government bounties.

Belgium's 8,725,000 people have three different national tongues — Flemish, French and German.

GRIN AND BEAR IT

"That does it, doesn't it... YOU'RE FISHED... It's had enough to eat for a while without asking for a 'second'..."

Around The Rim—The Herald Staff

Eisenhower Not Too Old To Run Again But Could Be Too Smart

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald. — Editor's Note.

Some Democrats have suggested that Eisenhower may feel he's "too old" to run for a second term as president.

of the habit of running for office back in the depression days, and maybe the voters figure that a good Democrat who could help pull the country out of that situation is worth keeping around — just in case.

Austin Recollections—Raymond Brooks

Henry A. Wallace, while vice president of the United States came to Austin on a little hide-away vacation trip. The then Austin mayor, Tom Miller, who was finance chairman for Texas of the Democratic National Committee, was his host.

The denial was in the face of the fact that more than 1,000 students had heard it, understood its implications and knew it was deliberately worked out. The thing that makes it inexplicable was the utter uselessness of the denial.

Today And Tomorrow—Walter Lippman

Mendes-France Faces Problems, But He Has Made Good Progress

PARIS — The government of Mendes-France thinks of itself, and is thought of by its supporters and its enemies, as engaged in inaugurating a new order of things. But it is still in the preparatory phase, still clearing the ground, organizing its position, selecting its men, and preparing to act.

long way towards restoring the solvency of France in her foreign relations. He has done this by liquidating the Indo-Chinese war and in Europe by persuading Britain to enter the continent in order to maintain and regulate a balance of power in Western Europe.

 Lovable gently moulds you to fashion's latest curves — does it with 4-section cups, stitched for lasting uplift, plus stretchy elastic where you need it most. Such nice figuring . . . at this low price you'll want several. In broadcloth, rayon satin or nylon. A, 35-36; B, 34-35; C, 34-35.

LOVABLE

Riding THE GRUB LINE With Franklin Reynolds

The Glasscock County 4-H Club will observe its annual Achievement Day with appropriate ceremonies, and a barbecue supper for the members, their parents and other guests, in the High School Gym at Garden City at 6:30 p.m., Nov. 16th.

Joe Glover, district agricultural agent, and Mrs. Vida Holt, district home demonstration agent, both of Fort Stockton, have been invited to attend.

About 125 are expected to be present. The boys are furnishing the barbecue and the girls are furnishing all the trimmings such as beans and potato salad and onions and pickles and bread and drink, and of course the girls will do the serving.

County Agent Oliver West has about 30 boys enrolled in club work, and Mrs. Mildred Eiland of Stanton, home demonstration agent for both Martin and Glasscock counties, has 47 girls enrolled.

The year's achievement awards will be presented on this occasion.

Across the nation 4-H Club members will take time out on Nov. 13 to observe National 4-H Achievement Day. The Glasscock Club was not able to make arrangements for its observance Saturday and so selected next Tuesday instead.

The 4-H Clubs started as "Corn Clubs" more than 50 years ago. Since then the 4-H Clubs, as they are known today, have officially become a part of the Land-Grant College System and the Agricultural Extension Service with the passage of the Smith-Lever Act by Congress in 1914.

The first "Corn Club" in Texas was organized by Tom Marks in Jack County in 1908. Marks, at that time, was in charge of adult demonstration work in four counties. He was disappointed with his annual adult corn show. He thought he could do better by teaching the youngsters how to grow better corn than their elders. It worked.

Today there are more than two million boys and girls enrolled in 4-H Club work. Of these, 120,225 are Texans belonging to 4,476 local clubs. The project has spread to 42 foreign countries.

High School Vocational Agriculture Instructors Truett Vines of Big Spring, Bob Post of Colorado City and Marion Barber of Garden City were in Stamford Wednesday where they judged the Future Farmers of America district leadership contests in senior and junior farm skills, senior and junior chapter conducting, senior radio broadcasting and Greenhand quiz.

The top teams they selected yesterday will now go to the area contests.

Glasscock 4-H and FFA members will have the biggest bunch of capons ready for their spring show that they have ever handled.

County Agent West says he favors a greater volume of poultry production on ranches to supplement family income and is satisfied there is a ready market for poultry as well as eggs in this area.

An untold number of West Texas ranchers, over a wide area, have put in hens-in-cages production and are pleased with the financial returns.

One Reagan County rancher who has never handled anything but cattle and sheep now has 600 hens-in-cages in production. He estimates his feed bill runs about \$300 a month and that he is getting about \$600 monthly from egg sales.

Howard County and other area hens-in-cages producers will be interested in knowing that the year 1955, according to the economists, looks very favorable for egg producers who sell on the graded or "preferred" market and certainly the hens-in-cages eggs are preferred by those who have once used them.

In Big Spring there hasn't been any shortage of buyers for these eggs, with many housewives flatly refusing to carry any others home.

The economists feel that the outlook is such that many "backyard hens-on-the-ground" producers are going out of the commercial egg

Bride, Husband Die In Murder, Suicide

SAVANNAH, Tenn. (AP) — Pretty Betty Ann Brannon, 15-year-old bride of a year, yesterday filed suit for a divorce from her 19-year-old husband R. C. Brannon.

As Betty and her mother sat talking last night, Brannon walked into their room. He was carrying a .22 rifle.

He tossed some papers into Betty's lap, papers saying she had filed for divorce charging cruel treatment.

"This is a mess of lies you told on me," he said. "You don't scare me," Betty replied.

He fired one shot into Betty's head and fled.

Policemen found him about 200 yards from the house — a single shot through his head.

Sheriff Edgar Duran ruled it murder and suicide.

District Attorney Explodes Tear Gas

GOLDEN, Colo. (AP) — A tear gas bomb in the pocket of Dist. Atty. George G. Priest exploded in District Court. Priest had carried the bomb during an investigation and accidentally touched the discharging mechanism.

Priest was the only one to get enough of the gas to have to leave the room.

this field for either home consumption or commercially.

Copies of either or both may be obtained without cost by writing: Agricultural Information Office, College Station, Texas, or by calling at the office of a county agricultural agent.

One of these new bulletins is "Planning for the Business of Poultry Raising" and the other is "Poultry Houses for Texas."

The first has been written for persons who are considering going into commercial egg or broiler production and explains in detail many facts concerning production of poultry for the market. It furnishes equipment, land and buildings needed for a 1,000-bird laying flock or a 3,000-bird broiler house. It points out the advantages and disadvantages of cage and floor methods of egg production and touches upon hatching and broiler production.

Adequate housing, say the specialists, is one of the basic essentials of any poultry operation. Types of buildings, locations, foundations and materials to use in construction, are covered in the other bulletin, which also explains the importance of proper ventilation and artificial lighting.

For the second consecutive year Casey Tibbs of South Dakota has won the all-around championship of the International Rodeo Association.

Points during the year, for the IRA placings, were made in 78 rodeos where 212 professional contestants competed for more than \$700,000 in prize money.

Other winners included Deal Oliver of Nampa, Idaho, calf roping; Ross Dollarhide of Lakeview, Ore., bulldogging; Jim Shoulsess of Henryetta, Okla., bull riding, and Jim Snively of Pawhuska, Okla., steer roping.

The livestock population of Glasscock County, because of the drought, is estimated to be down to approximately one-fifth of normal.

This means there are about 20,000 ewes in the county, where, in normal years, there are usually around 100,000.

The drought has also cut cattle numbers to about one-fifth of what would be found on those ranges in a normal year.

Sheppard Trial Jury Looks At Photos, Takes Day Off

By RALEIGH ALLSBROOK

CLEVELAND (AP)—The Sheppard murder jury took a Veterans Day holiday today after getting its first look at grisly pictures of the victim's bloody corpse.

The black and white photographs showing once-attractive Marilyn Sheppard lying in a circle of blood on her bed, brought no visible emotions from the jurors when they were passed around yesterday.

Most of the jurors took a cursory look and passed the pictures on. Last week they had looked at seven colored slides of the dead woman's head, smashed by what the state describes as 27 or more savage blows.

Dr. Samuel H. Sheppard, 31-year-old osteopath, is charged with first-degree murder in the July 4 slaying. He claims a bushy-haired intruder killed his wife.

Mrs. Esther Houk, wife of Mayor J. Spencer Houk of suburban Bay Village, where the slaying occurred, testified yesterday that

Dr. Sheppard knew a head injury "was the hardest to evaluate."

Dr. Sheppard claims he suffered neck and head injuries while struggling with his wife's mysterious killer. The state, however, says whatever injuries he received that night were trivial.

Actress Simone Silva Is Hollywood Hospital

HOLLYWOOD (AP)—British actress Simone Silva, who posed bare to the waist for photographers on the French Riviera, is hospitalized by what her doctor calls epidemic vomiting.

She told reporters yesterday she has lost 14 pounds in six days and hasn't eaten in a week.

The word "ballot" derives from the Latin "ballotta," meaning "little ball," referring to the black and white balls used in Roman elections.

Big Spring (Texas) Herald, Thurs., Nov. 11, 1954

Baptists Schedule Worker Conference

A workers' conference for Baptists of the Big Spring Association has been scheduled for Monday evening in the Coahoma Baptist Church.

The program is to start at 8:30 p.m. with board meetings. Supper will be served at 8:30 p.m. and the remainder of the program will get under way at 7:30 p.m. Darrell Mock, Big Spring, will be in charge of song services. Speakers will include Rev. E. R. Hammock, Mock and Rev. W. A. James, and the sermon, to start at 8:35 p.m., will be given by Rev. George M. Rickles, pastor of the Hillcrest Baptist Church in Big Spring.

Rev. Hammock will have charge of a discussion on the "stewardship of service." Mock will lead discussion of the "stewardship of talents," and Rev. James is to be in charge of the discussions on "stewardship of worship."

Martin in Hospital

The world's greatest builder of V-8's presents

THE TOTALLY NEW '55 FORD!

with styling inspired by the Ford THUNDERBIRD

ON DISPLAY
TOMORROW!

New FAIRLANE Series . . . The new Club Sedan, like all six models in Ford's new Fairlane Series, features the new wrap-around windshield, new luxurious interiors and wide choice of stunningly new, single and two-tone exterior colors.

Longest, Lowest, Roomiest...most Powerful ever built!

We invite you to come in and see for yourself. And we tell you in advance you'll be amazed. For this new Ford is totally new—outside, inside, and in thrillingly different performance.

The distinctive, long, low lines of the Thunderbird were its styling inspiration. Inside, you'll be greeted by rich, roomy luxury . . . by fabrics never before offered in a motorcar at any price.

Mighty engines, mightier than in any Ford before—supply its exciting power. You now have three engines from which to choose. And each gives you the safe, split-second response of Trigger-Torque Power.

Your ride will be up to 15% smoother—even on smooth roads. You'll find automatic driving at its most versatile, most obedient, with new Speed-Trigger Fordomatic. Best of all, you'll find your kind of car, for there are 16 body styles to choose from in four fresh new lines.

When you come in, don't be surprised if you tell yourself: why look farther—why delay—you just can't buy better than when you buy Ford.

New CUSTOMLINE Series . . . The Tudor Sedan (above) and Fordor offer a wide selection of exciting new color and upholstery combinations. Like all 1955 Fords, they have a new wider grille, new visored headlights and sturdier, extra-narrow pillar-posts for better visibility.

New STATION WAGON Series . . . The new 6-passenger, 4-door Country Sedan (above) is one of five new do-it-all beauties. There's also an 8-passenger Country Sedan, an 8-passenger Country Squire and a 2-door, 6-passenger Ranch Wagon and Custom Ranch Wagon.

New MAINLINE Series . . . Each of the three Mainline beauties offers the same engineering advancements, the same graceful contours and clean lines that distinguish all '55 Fords. Fordor Sedan is illustrated above.

EXCLUSIVE TRIGGER-TORQUE POWER IN 3 MIGHTY ENGINES

1. 162-h.p. Y-block V-8
2. 182-h.p. Y-block Special V-8
3. 120-h.p. I-block Six

(1) The new 162-h.p. high-torque Y-block V-8 has a higher (7.6 to 1) compression ratio, greater displacement. And, like all '55 Ford engines, it has Ford's famous deep-block build for extra smoothness . . . short-stroke design for greater savings.

(2) The new 182-h.p. high-torque Y-block Special V-8 is offered in combination with new Speed-Trigger Fordomatic Drive on all Fairlane and Station Wagon models. It features 4-barrel carburetion, dual exhausts and an extra-high (8.5 to 1) compression ratio.

(3) The new 120-h.p. high-torque I-block Six has a new higher (7.5 to 1) compression ratio, turbo-wedge combustion chambers, deep-block build and low-friction design. It's the most advanced six-cylinder power plant in the industry.

ALL WITH TRADITIONAL FORD ECONOMY

Plus all these other brand-new Worth-More Features

- ★ New Speed-Trigger Fordomatic Drive has an automatic low gear for quicker starts and better passing ability. ★ New Turbo-Action Spark Plugs resist "fouling" up to three times as long.
- ★ New 10% Larger Brakes mean smoother stopping and up to 20% longer brake lining life. ★ New Tubeless Tires are quieter and easier-riding, offer extra puncture and blowout protection, longer tire life.
- ★ New Angle-Polished Ball-Joint Suspension reduces "road-joint jar."

Lakeview Loses Two Decisions

Basketball teams representing Lakeview School will go to Sweetwater Monday for return games with that city's teams.

In action at the Junior High Gym here last night, Sweetwater clubs took decisions in two of three games over the local teams.

The Lakeview junior boys won, 23-18. Robert Bird, had six points for the locals, Robert Allen, J. E. Kennard and B. F. Newton each had four and Billy Weatherall and Richard Evans each had four.

For the losers, Frank Williams and Tommy Jones collected six each while Lefty Johnson scored four and Jesse Butler two.

Sweetwater won the senior boys game, 54-46. Willie Miles scored 14 points and Alvin King 12 for Big Spring. For the losers, Jesse Toombs registered 15 and Charles Toombs and Leonard Thomas 12 each.

Sweetwater also won the girls' game, 20-17. For Big Spring, Mary Gilbert counted 11, Kay Frances Henry four and Zyneather Wood one. Cora Mae Henderson tossed in 18 points and Mattie Anderson two for the winners.

Negro Champions Clash Nov. 27

Prairie View and Southern of Baton Rouge lead the Southern Colored Conference football race with the championship likely to be decided Nov. 27 when these two teams clash at Prairie View.

Southern smashed Bishop 77-0 while Prairie View was downing Texas College 19-6 last week to remain undefeated in four conference games apiece.

In season play Southern is undefeated in seven games. Prairie View has a 6-1 record.

Banquet At 7:30 Honors Gridders

Members of the Big Spring Quarterback Club have invited the public to attend tonight's banquet honoring the local high school football team, which now is enjoying one of the most successful seasons in the school's history.

Tickets for the party, which will

IBC's Rule Is Challenged

WASHINGTON (AP)—The future of boxing's "exclusive contract" rested today with the Supreme Court, weighing a government challenge of the International Boxing Club.

The government urged the court to declare the fight game to be a business engaged in interstate commerce. Such a ruling would threaten the tight control the IBC has exercised over championship fights for the past five years.

There was no way to determine when the court might rule on the Justice Department's appeal from a ruling by the U. S. District Court for Southern New York.

That court denied the government's monopoly charge. It held that boxing is analogous to baseball and the Supreme Court already has ruled baseball to be exempt from the nation's antitrust laws.

In legal arguments before the high court Wednesday, the IBC attorneys contended on the baseball precedent, claiming that when baseball was exempted from the antitrust laws, as were boxing and all other professional sports.

MEET SNYDER AT 7:30

Yearling Gridders Wind Up Season Play Here Tonight

The Ninth Grade Yearlings wind up their season's play here this evening, tangling with the power-lined Snyder team at 7:30 o'clock. Marion Crump's charges will carry a 4-2 won-lost record into the contest.

The Yearlings have beaten Lamesa and Colorado City twice each while losing to Bowie of Odessa and Snyder. Snyder felled the locals, 25-0, in a game played at Snyder.

The three Yearling clubs here (Grades) have now won exactly (Seventh, Eighth and Ninth) half of 18 games.

Half Of 80 Football Titles May Be Decided This Week

all along the line in Classes AA and A. Class AA already has three champions — Littlefield, Dist. 6; Sulphur Springs, Dist. 14, and Waxahachie, Dist. 19. Class A has five — Jefferson, Dist. 14; Grapeland, Dist. 18; Groesbeck, Dist. 21; Sealy, Dist. 25, and Deer Park, Dist. 26.

Most SW Clubs Make Changes In Lineups

Thursday was a day of new faces in the starting lineups of Southwest Conference football teams, as next year's players were moved up to gain experience and fill the gaps left by early-season action.

Every school in the conference except Baylor and Arkansas reported either definite or possible changes in the starting lineups for their next games at the close of long, hard workouts Wednesday. University of Texas Coach Ed Price kept up the switches in Longhorn manpower that started two weeks ago, putting defensive end Paul Parkinson in on offense to share duties with Menan Schriever and keeping Glen Dyer dividing time with Charley Brewer — the early-season regular — at quarterback.

Junior Stanley Bull was moved into the starting fullback's post at Texas Christian as the Horned Frogs went through a drill emphasizing defensive assignments against Texas.

Horned Frog Coach Abe Martin said more changes might be forthcoming for the Saturday clash here, including the moving of Bill Alexander to the first string right guard spot in place of Bill Jung. Texas A&M may pick up a new starting fullback for its game with Rice, Coach Bear Bryant said after watching a scrimmage between the second and third teams. Bryant praised the work of Bob Easley — a third-stringer until now — and said Easley's play showed he "wanted to play ball."

The Aggies meet Rice Saturday at College Station. The Oklahoma Southern Methodist was readying anywhere from one to four new starters for the conference feature this weekend — the Mustang-Arkansas clash at Fayetteville. With halfback Don McHenry out for two weeks and fullback Hal O'Brien and ends Ray Berry and Doyle Nix on the sidelines with sprained ankles that may slow them against Arkansas, Coach Chalmers Woodard had a player juggling operation in prospect.

The Mustang starters worked on defense Wednesday against an Arkansas-style single wing offense. Rice Coach Jess Neely said his second team might become the first squad if the present starters didn't show more promise working against an A&M-type Split T attack. Sophomores Phil Harris and Homer Borgstede led the Owl reserves with considerable success while running A&M plays.

A long defensive drill occupied Arkansas as the Razorbacks prepared to meet SMU. Coach Bowden Wyatt worked the Porkers hard against both passing and running plays. While the players toiled on the practice field, workmen moved more than 5,000 extra seats into Razorback Stadium for the game in which Arkansas will try for a clear-cut championship with a victory but would probably settle for a tie and a trip to the Cotton Bowl.

Baylor had a long scrimmage scheduled Thursday, following a hard and tough one Wednesday in which L. G. Dupre, Allen Jones and Reuben Sage all rolled up long gains against freshmen using an SMU-style defense. The Bears meet the Mustangs Nov. 20 at Dallas in their next game.

Howard Glock, 200-pound Army star from Pittsburgh, made six solo tackles, recovered a fumble on his team's 15-yard line and tossed a key block as Michigan bowed Army 26-7.

Oklahoma Scribe Insists Porkers Really Potent

By GAYLE TALBOT

NEW YORK (AP)—Football fans of the nation over are wondering how good the Arkansas Razorbacks really are as the surprise team of the Southwest Conference prepares to go after its eighth straight victory against SMU Saturday.

We pass along the following evaluation of the Razorbacks by John Cronley, sports editor of the Daily Oklahoman at Oklahoma City, who watched them come from behind to humble Rice 28-15 in their most recent game.

"On Saturday in Little Rock," Cronley hauls off, "ragged-riches Arkansas and its flinty defense plus a surprisingly versatile and beefed-up ground-air attack would have been the equal if not the master of the four other members of the nation's present big five."

"On this particular afternoon Bowden Wyatt had his 'pore little Porkers' so intent on victory over Rice that it was impossible for them to settle for anything else. They would have given UCLA, Ohio State, Oklahoma and Notre

Dame, all that these other giants of the U. S. gridiron could cope with.

"Now just a darn minute. How would the Razorbacks stack up with the Oklahoma Sooners if the teams were to meet tomorrow? Well sir, I've seen the Sooners against California, Texas, Texas Christian and Colorado, to name the toughest foes so far in 1934. In their 13-point hammering of favored rice the Arkansasers were superior to any of those aforementioned foes of O.U.

"They had class in their running and passing game and well mapped 6-2-3 defensive alignment which supplied the secondary with quick recovery facilities whenever All America candidate Dick Mogle slipped through, thus keeping the speedster from making a single long touchdown dash.

"This sophomore gang had the poise of an all-senior team playing in some bowl, and above all it had both the courage and the tools to win it like a champion, by charging from behind in the last quarter and beating off the best the Owls had to offer during their desperation bids.

"Who can say which would prevail (each at its best), Oklahoma and its smooth split-T and two-line punch, or Arkansas with a powerful defense of its own and the finest functioning single-wing attack in America with the exception of UCLA. With both the Pork and Big Red right it would be a whale of a spin-the-coin contest, one which would be worth hitchhiking several hundred miles to see."

The Porkers, as they are known around home, didn't get a mention in any preseason poll—selecting teams most likely to succeed. They were picked to finish sixth in their own seven-club circuit. They now have whipped five conference foes and need only to beat the Methodists to clinch the conference title and become host team in the

Bucks, Porkers Picked To Win

By HAROLD CLAASSEN

NEW YORK (AP)—Some semblance of sanity is returning to the college football scene. Probably by the end of the season it will seep down low enough to engulf the forecasters.

This week's selections: Ohio State over Purdue: The Ohioans know that if they win this one they become a lead-pipe clinch to represent the Big Ten in the Rose Bowl. That will give them the needed incentive.

Oklahoma over Missouri: The Oklahoma fans continue on their merry Big Seven way—not a conference defeat in eight years. Missouri is crippled for the game that means so much for the Tigers' Orange Bowl chances.

Arkansas over Southern Methodist: Arkansas simply is too stubborn to lose.

Notre Dame over North Carolina: Notre Dame has won its last two games from North Carolina by 34-14 scores. This one should be decided by about the same margin.

Army over Penn: Navy took the Quakers 52-6 and Army will try to do it as well.

Southern California over Washington State: Southern California's backfield trio of Arnett, Dandoy and Crow getting almost as famous as Tinkers, Evers and Chance.

The others without comment: SOUTHWEST: Rice over Texas A&M, Texas Christian over Texas, Texas Tech over Tulsa.

FAR WEST: Oregon over Washington State, College of Pacific over Marquette, Stanford over San Jose State, Colorado over Utah, Colorado A&M over New Mexico, Montana over Montana State, California over Oregon Young, Arizona over North Texas State.

Cotton Bowl on New Year's Day. In this week's Associated Press poll of 300 experts in every section of the country, Arkansas was named the nation's fourth most powerful team, behind UCLA, Ohio State and Oklahoma in that order, and one notch higher than Notre Dame.

That represents a might strong vote of confidence in Coach Bowden Wyatt's single-wing outfit, and yet we have detected a reluctance in some quarters to accept the Porkers at face value. It might be described as a sort of let's-wait-and-see attitude, based partly on the fact that the Arkansas eleven has been consistently outgained by its opponents.

Aggie Fish Play Owlets Tonight

COLLEGE STATION (AP)—The Texas A&M freshmen team finishes up its 1934 schedule in the same manner as the Aggie varsity — against Rice and Texas.

The A&M Fish will play their fourth game of the year here Thursday night against the Rice frosh. Kick-off will be at 7:30. Final frosh game of the year will be Nov. 20 against the Texas Shortbushes. This annual Shortbushes crippled children benefit will be held at 3 p.m. on Kyle Field the Saturday before the Turkey Day battle at Austin between the two varsities.

*** THE ASSOCIATED PRESS NEWS IN PICTURES ***

SKYSCRAPER ON STILTS—Upper floors of the U. S. Rubber building in New York's Rockefeller Center rest on steel girders bared by the demolition of the Center Theater. The latter, ripped out of a lower corner of the building, will be replaced by office floors. The RCA building is at left. View is from Avenue of the Americas.

ON TARGET IN THE MARSH—Warren Barr, right, hunting with B. E. Sievert, trains his shotgun on a mallard drake at opening of the duck season on Sullivan Lake, Volo, Ill., in this photo taken by Elliott Robinson of the Chicago Daily News.

SUN ON A PEDESTAL?—This weird light is the huge beacon atop the 49-story Republic National Bank building in Dallas, Texas, visible from 120 miles away. The old bank building's tower is caught in the beam. John Mazzotta of the Dallas News set telephoto lens at F-16 for 30 seconds and got the bank to stop revolving beacon momentarily to achieve effect.

A STACK OF FUN—Amish youngsters use blower pipe of big wind stacker to dive into a pile of straw at Kinzers, Pa. They came with their elders for reunion of the Rough and Tumble Engineers, an organization of steam power enthusiasts.

U. N. HAS A BIRTHDAY—This is a view of the General Assembly Hall at United Nations headquarters in New York during the program celebrating U. N.'s ninth birthday.

LATEST FEATURE IN HANOI—Portraits of Russia's Malenkov, left, Red China's Mao Tse-tung, center, and Vietnam boss Ho Chi Minh were posted in front of Hanoi movie house when Vietnam took over city from the French.

DANCER—Sadik Efeh has a wrestler's build but he's really one of Turkey's most popular dancers. He's shown in native dress for a dancing contest in Istanbul.

NEW COMMANDER—Major Gen. Thomas W. Horvath, a University of Alabama graduate, has been named to command the First Army at Governors Island, New York.

INDOOR 'POLO'—Pat Smythe, left, and Lady Mary Williams make up in determination what mounts lack in grace during indoor "polo" match at Lords Taverners ball in London.

NOSY BUSINESS—A Weimaraner entry in the annual Paris dog show gives a nosy greeting to a little French miss who closes her eyes but bravely holds her ground.

SPELLBOUND—The witch from Grimm's "Hansel and Gretel" seems to have cast a spell over six-year-old Marilyn Welby of Beckenham, England, at a London puppet exhibition.

ARMOR ON PARADE—Thailand's national police force parades some of its new armored vehicles recently arrived from the United States in Bangkok's Royal Plaza during annual Police Day. The building in rear is Throne Hall, seat of National Assembly.

PLASTIC CAR FOR THREE—Egon Brunstich of Sindelfingen, Germany, and his daughter sit in his new three-wheel car for which he designed a plastic body. He says it weighs half as much as a normal metal body.

IT'S NOT SNOW—These banks of "snow" are suds foaming up from aerating basin at sewage disposal plant in Knoxville, Va. Plant's manager said large amounts of detergents in sewage being treated combined with oxygen in churning water to create the suds.

Phone or write NOW for RESERVATION or further information

BAKER HOTEL — MINERAL WELLS

Ex-Resident Heads Nebraska College

A soft-spoken man, who gained his high school education in Big Spring, will become officially the 12th chancellor of Nebraska Wesleyan University in Lincoln on Friday.

Dr. Forrest is the son of Mrs. J. A. Forrest, 1310 State. He frequently visits his mother here.

Friday he will take the vows of a Methodist college president from Bishop H. Bascom Watts at inaugural ceremonies in the Nebraska Wesleyan physical education building.

Forty-one years of age at the time of his election to the Wesleyan chancellorship, Dr. Forrest becomes the third youngest chief administrator in Wesleyan history. Those younger were his immediate predecessors.

Born in Eastland on Aug. 17, 1912, Dr. Forrest was reared on a 450-acre cotton farm north of here. One of the greatest thrills of his youth was driving a team of mules—six abreast—to cultivate cotton on his father's place. He attended Big Spring High School, engaged in extra-curricular affairs editing a small newspaper, and was graduated in 1932.

In 1933 he was graduated Magna Cum Laude from Abilene Christian College with his Bachelor of Arts degree. He earned the Master of Arts degree at Michigan State College at Lansing in 1940. The Ph. D. degree was conferred upon him by the University of Southern California in 1948.

Happily situated in teaching, Dr. Forrest was drafted into his first administrative job as director of student personnel services at Taylor College in Upland, Ind. Subsequently he was made dean of the college, the position to which he was called with Nebraska Wesleyan.

The new chancellor sees the function of the liberal arts college as two-fold. He sees it as an institution where great teachers are encouraged to give their lives to a teaching mission to young people, and where the college is a service institution that reaches out and shares in the growth of a community it serves.

"A unified liberal arts college is a fellowship of teaching and learning," he said. "Education includes the encouragement of social participation for man lives not in solitude but in society. It includes proper emphasis upon inter-collegiate athletics, upon scholarship, upon religious life and spiritual values based on a conviction that there is meaning, purpose and plan behind this universe. It includes an insistence that young people learn to appreciate and understand our American institutions and become effective citizens."

Besides his studies in colleges where he earned degrees, he also took part in the Ball State-Indiana cooperative program and did work at the University of Chicago. Dr. Forrest also served as instructor in English Bible at Anderson College in Anderson, Ind. He served a year as chaplain and counselor for Los Angeles County (Calif.) juvenile authorities. He has written extensively for various educational publications, is author of a number of Sunday School quarterlies for youth, has specialized in youth work of the church.

Dr. Forrest was married to the former Frances June Seth of Pawhuska, Okla. in 1933. They have three children, Aubrey Lester, 20, James Franklin, 18, and Mary Frances, 11.

His associates at Nebraska Wesleyan account him as a man with boundless enthusiasm, extraordinary

DR. LELAND FORREST

IT HAPPENED

Off On Right Foot

BINGHAMTON, N. Y. (AP)—Harry Truman, 27, is off on the right foot towards following the footsteps of his namesake, former President Harry Truman.

Binghamton's Truman is in the Far East—with the 99th Armored Field Artillery Battalion.

Former President Truman served in the field artillery in France during World War I.

Eager Republicans

RODMAN, N. Y. (AP)—Some ballots were cast for nobody, running for nothing, a re-cantass of the Nov. 2 vote here shows.

Harry LeGrosse, custodian of the voting machine in this northern New York community, explained that the machine did not have enough locking bars to block off all the blank spaces election day.

Officials said some voters apparently were so anxious to vote the straight Republican ticket that they did not stop

Kisses Not Profitable

PHILADELPHIA (AP)—Philadelphia's aviation director, Louis R. Inwood, proposed that a "kissing room" be included in the budget for International Airport after hearing reports from Mexico that such a facility had been a success.

In budget hearings yesterday, Councilman Victor H. Blanc said a room set aside for couples who "expect to need privacy" for their farewells was a fine thing, but can the budget take it?

After Inwood admitted he couldn't see any hope of obtaining revenue from the room, the idea was turned down.

One Thing To Another

AUSTIN, Tex. (AP)—A 21-year-old driver, stopped for speeding, wound up in city jail.

The arresting patrolman found: Army dog tags issued to one name.

An Army liberty pass issued to a second name.

A Texas driver's license issued to a third name.

Insurance papers showing the car registered to a fourth name.

The car had Indiana license plates.

Senate Committee Okays FCC Nominee

WASHINGTON (AP)—The Senate Interstate Commerce Committee today approved, on what amounted to a party line vote, President Eisenhower's nomination of George C. McConaughy to be a member and chairman of the Federal Communications Commission.

Sen. Monroney (D-Okla.) immediately predicted that the nomination will not be confirmed by the Senate this session. He said the nomination definitely falls within the "controversial" category.

Just A Decimal Point

HOUSTON, Tex. (AP)—William D. Burns said he was sleepy when a neighbor telephoned an offer to purchase his automobile.

"Will you take seventeen-fifty for your new car?" he said the neighbor asked.

Burns said he agreed to such a sale, that the neighbor appeared a few minutes later and gave him a check in exchange for the title and keys to the car.

"I later looked at the check and it was made out for \$17.50, not \$1,750," Burns said yesterday.

A charge of felony swindle was filed against Ralph Wardlaw before Justice of the Peace Tom Maes.

Legionnaires Meet Here This Weekend

E. L. JACKSON

HILTON LAMBERT

Legionnaires from throughout the 19th Congressional District will gather in Big Spring Saturday for the opening of the district's annual fall convention.

Talks by Rep. George Mahon, congressman for the 19th District, and E. L. (Stonewall) Jackson, state commander of the American Legion, will highlight the convention. Hilton Lambert of Snyder, district commander will preside at all of the sessions.

Lambert will arrive here early Saturday for a pre-convention breakfast with leaders of the host Howard County Legion post. Registration for the convention is to start at noon Saturday.

Rep. Mahon and Jackson will speak during the Sunday morning session at the city auditorium. The guests, expected to number more than 100, will be welcomed to Big Spring by Mayor G. W. Dabney, Brig. Gen. Fred Dean, Webb Air Force Base commander, will introduce Rep. Mahon and Lambert will present the state Legion commander.

Following the addresses, a memorial service will be conducted for deceased soldiers. This will be under the direction of Lt. Robert Hall of the Salvation Army.

Separate business sessions are scheduled to start at 1:30 p.m. Sunday for members of both the Legion and auxiliary.

A parade at 4 p.m. Saturday is to open the fall convention.

An informal mixer is scheduled for 6 p.m. at the Settles Hotel and a dance in the Settles ballroom is to start at 9 p.m. The Sunday program gets under way at 9 a.m. at a breakfast for post commanders and "Forty-and-Eight" members. The morning session at the municipal auditorium starts at 10 o'clock.

Mitchell County Oil Helps Students At Georgia Tech

ATLANTA, Ga., (AP)—The income from Texas grazing and oil land is helping educate students at the Georgia Institute of Technology.

Julius L. Brown, brother of Georgia's Civil War governor, Joseph M. Brown, left 3,500 acres of Texas land to Georgia Tech in a will made in 1907. Income from the bequest was set aside for scholarships, paying salaries of professors, purchasing supplies, for prizes, experimenting and making tests on various products.

The land is scattered over Taylor, Nolan and Mitchell counties. Three oil wells brought in on one section between Colorado City and Big Spring in Mitchell County have added to the sum the school has received in farming and grazing income from the land.

(These wells are on a 240-acre lease in section 43, block 22, township 1-north, T&P survey. They are located about four miles west of Westbrook).

The school's Texas property includes acreage in Taylor and Nolan counties, located about 20 miles southwest of Merkel and another section 20 miles southwest of Sweetwater. Oil was found only on the acreage located between Colorado City and Big Spring.

Two of the wells were drilled about 12 years ago and have been producing 5 to 10 barrels a day. A third well, drilled last September, can produce 112 barrels daily but production quotas hold it to 30 or 40 barrels. Georgia Tech gets the revenue from one eighth of oil well income.

The school has been receiving between \$3,000 and \$20,000 a year, from cotton and the grazing rights. There was no income in 1952 because of drought and in 1953 the school netted only \$3,500. Last October the Deep Rock Oil Company of Tulsa drilled a 7,800-foot well on the land near Sweetwater but it produced nothing but sulphur water. The well cost around \$140,000.

Tech officials hope other wells will be drilled on its property in the area where the third well is producing abundantly. Oil rights were leased to drilling companies some time ago.

Stanton Opening Of Yule Season Set For Dec. 3

STANTON (SC) — The Christmas season will be officially opened here when the decorative lights on the streets and Courthouse are turned on the evening of Dec. 3. It has been announced by Mrs. Hila Weathers, manager of the Martin County Chamber of Commerce.

The date was set by the Chamber of Commerce directors through the organization's Merchants Committee.

Business house lights are to be turned on not later than Dec. 6, and each merchant is to be responsible for the decorating and lighting of his own business place, according to the announced plans.

The Santa Claus Circus, which Mr. and Mrs. Santa Claus and two dwarf clowns will bring to Stanton, will be presented in the courthouse yard Dec. 7, after Mr. and Mrs. Santa Claus have held two receptions, one for the pre-school children and one later for the older kids.

The annual treasure hunt is scheduled for Dec. 11, and the post parade for Dec. 18. The lights decorating Stanton homes will also be turned on the evening of Dec. 18. It has been announced, and Mrs. Weathers said efforts will be made to have every home in Stanton decorated with Christmas lights by this date.

The Christmas carolers will assemble for their singing at 7 p.m., Dec. 21, and after singing for hospital patients and other shut-ins will appear at the corner of the First National Bank where the entire community will be asked to join them in the singing of carols.

On the occasion of the visit of Mr. and Mrs. Santa Claus with their circus all schools in the county will be dismissed and the students will be brought to Stanton in school buses. On this occasion, too, Santa Claus will be assisted by members of local clubs in distributing candy, fruit and nuts to all the children.

Committees having charge of the Christmas program features are being formed. Mrs. Weathers said, and will be announced soon.

Statue Honoring Iwo Jima Marine Heroes Dedicated

WASHINGTON (AP)—Gen. Lemuel Shepherd Jr. dedicated yesterday a massive statue honoring the U. S. Marine Corps, and called it not "just a monument to the departed past" but a "graphic message to the future."

Shepherd, the Marine commandant, dedicated the 75-foot reproduction of the historic flag raising on Iwo Jima on this 17th anniversary of creation of the Marines as a fighting force.

"May it stand for ages yet to come as a symbol of American courage and determination, of indestructible faith, and of unity of purpose," Shepherd said in prepared remarks.

"For with that spirit, however severe may be the trials which lie ahead, our nation will endure and the cause of human freedom will triumph."

Missouri Couple Tests Old Maxim

ST. LOUIS (AP)—Mr. and Mrs. Joseph C. Pauley have a 14-room house but are still short four bedrooms. Their 12th child was born Sunday.

"We're anxious to learn if it's true that children are cheaper by the dozen," said the 46-year-old Pauley, a suburban Ferguson municipal judge.

Pauley, who said he and his wife "just went along having children and we'll keep on going," said they may expand the house in the spring.

A 75,000-watt light bulb has been built — 171,400 times brighter than Edison's first commercially practical lamp.

Tank Car Superintendent Feeds His Rare Birds

W. A. Laswell, superintendent of Cosden's tank car department, takes time out from his official duties to see that his birds get fed. Some of his rare specimens are shown above. The bird eating out of his hand and the one in the foreground are Canadian geese. The white birds in the background are close relatives, African geese. Turkeys are gathered in the center of the right group, but the birds surrounding them are peacocks. The peacocks are vari-colored, but they have shed their tail feathers for the fall season. Laswell raises the birds in the Cosden "jungle," located just outside his office door at the tank car station. He has pursued his hobby ever since he has been associated with the company, for 15 years. The little bird under Laswell's arm is a bantam hen, peculiar in that it has white crown feathers.

Bird Raiser Blends Hobby With Work At Cosden's 'Jungle Zoo'

By CLIFTON LAWHORNE

W. A. Laswell, who was recently honored for 15 years' service with Cosden Petroleum Corporation, is one of the few people in Big Spring who has succeeded in blending his hobby with a totally unrelated business. His hobby is raising rare birds, and his business is supervising operations in Cosden's tank car department. He does both at the tank car station near the refinery. Laswell has approximately 50 birds of varied species which he houses in the Cosden "jungle zoo," right outside his office door. During off moments from business, Laswell takes care of his birds. Peacocks, African and Canadian geese, turkeys, peculiar bantam hens, wild ducks and a number of chickens are kept by Laswell. And he at one time had some pheasants and chuckles (birds resembling quail). A number of wire pens have been constructed on the tank car station grounds for the birds, but all are left open so that the fowl can go where they wish. Shelters are available, and there is even a pool for the geese and ducks. Cosden officials are well aware of Laswell's hobby, and they encourage it. Employees in the tank car department help out by feeding the birds. Actually the birds have full run

of the tank car grounds, but they seldom go near the Texas and Pacific siding where tank cars are loaded. Most confine themselves to the "jungle," which is surrounded by bamboo cane. Laswell has one healthy looking hen which he found on a tank car practically starved. He believes it had been on the car from the time shipment was made in an eastern city. Some of his geese came from Canada, and the peacocks were obtained in Colorado City. These beautiful birds do a lot of strutting in the summer months but are rather shy in the winter after their tail feathers are shed, Laswell explained. Most birds were donated to Laswell right here in Big Spring, though the wild ducks alighted in the "jungle" some five years ago and have failed to pull up stakes. Douglass Orme, Cosden vice president, gave Laswell the African geese. The tank car superintendent has been raising birds for about 20 years, having started at the Waggoner Refining Company before coming to Cosden. He worked with a man at Waggoner who raised birds, and the hobby was sorta "willed" to him. One of the first birds he raised here was "Musso," a duck who was said to resemble Italy's Mus-

solini. Cosden officials from far and wide knew of the bird, which accounts in part for the popularity of the zoo.

Laswell joined Cosden on Aug. 7, 1939, as tank car foreman, the position he still holds. He had

Mrs. Green Gives WMU Bible Study

FORSAN — Mrs. O. M. Green brought the Bible study at the meeting of the WMU Monday. Mrs. Tillman Shoultz led the group in song and Mrs. R. D. Garrett gave the closing prayer. Twelve members were present.

Mr. and Mrs. Henry Park and sons are in Hobbs, N. M., to attend funeral services of his sister, Mrs. Cubelle Stonecipher, who died Monday in Hobbs. The funeral was to be held at First Baptist Church in Hobbs.

worked with several railroad companies and oil concerns prior to that time. He was born in Winslow, Indiana.

In Topeka, Kansas, Laswell married Miss Harriet Pauline Jenkins. They have four children, one of them being Dick Laswell, a TCU football player. Others include Robert Laswell of San Antonio, Mrs. G. C. Graves of Plainview, and Mrs. Tommy Gage of Big Spring.

Laswell also likes to hunt, and he is a member of the Masonic Lodge. He and Mrs. Laswell live at 111 E. 16th Street and are members of the Methodist Church. The tank car station at Cosden

is used by a number of church and club groups for picnics, and the birds always flock around. Flood lights burn at night to keep the "jungle" well lit.

GET BETTER CHILI 100% BEEF ROUND STEAK IN EVERY CAN OF IRELAND'S

Ireland's Chili tastes better... because Ireland's is made from an old family recipe... with more care... with more costly spices... from carefully selected cuts of fine beef round steak.

PREFERRED QUALITY IRELAND'S CHILI
Is quick and easy to serve! Empty solid packed chili into a saucepan or skillet. This with water to desired thickness. Add beans if desired... heat and serve.

Inner Tubes, Like Clincher Rims, Head For Junk Pile

By GLENN COOTES

In two years, three out of every four automobile tires in Big Spring will be of the tubeless variety.

This is the way one Big Spring tire dealer sees the future in tires. Already, says another dealer here, tubeless tires represent one-third of his sales.

These tie in with a major manufacturer's prediction that tubeless tires soon will make conventional tires and tubes obsolete. Another manufacturer said he believes conventional tires and tubes will be practically non-existent by 1960.

Tubeless tires were developed after long experimentation by the major tire companies. One company was 10 years in developing its tire. Although some companies have manufactured tubeless tires for over two years, many companies have only recently begun manufacturing them.

Automobile manufacturers are laying their money on the new trend, because almost all of them are using tubeless tires as standard equipment on their new models. General Motors, Ford, Chrysler, Packard-Studebaker, all report they are beginning exclusive use of tubeless tires in the future.

Tire salesmen believe acceptance by automobile manufacturers will boost sales and demand for the tubeless tires.

One owner who has tried these tubeless tires says that they ride much better than the conventional tire and tube.

Moreover, the cost factor weighs in favor of the tubeless tire. In most instances there is a slight saving. Those used as standard equipment on new cars are approximately \$1 less than the con-

ventional tire and tube.

The tubeless tires which receive the most sales from the different manufacturers are similar in construction to the conventional tire. The major differences lie in the "head" of the tire and the inner lining.

Tubeless tires have a serrated ridge around the "head" of the tire to hold it firmly against the wheel rim. This series of ridges prevents air from escaping from the tire.

The inner layer of the tire has an extra layer of rubber about the same thickness of a conventional tube. When the tire is repaired, it is this inner layer which holds the patching material.

Tubeless tires are easy to repair in the event of nail holes or other punctures. They can either be removed and patched in the same manner as a conventional tube or by use of a special instrument, a rubber compound can be inserted into the puncture to seal it. This last method can be used without removing the tire from the wheel.

One salesman reports that small punctures, if properly handled, do not necessarily have to be repaired immediately. In one case, an owner removed a nail and didn't lose a pound of air. But this is not recommended as a usual practice.

One manufacturer has a slightly different kind of tubeless tire which has a few extra features. This tire has an inside "diaphragm" which will keep most of the air from rushing out of the tire in case of a blowout. This is a safety feature because the car will not swerve if a blowout occurs at high

speeds. An owner said that his car did not swerve at 90 mph when a blowout occurred. The tire held enough air for him to stop safely after the blowout.

This particular tire also seals its own punctures. The owner need only remove the nail and the puncture seals itself.

Only passenger car tires are available at the present time but the manufacturers are developing these tubeless tires for trucks and other vehicles. One truck company has announced that it will begin using tubeless tires on its new trucks as standard equipment in the near future.

Sales will probably increase as the supply of tires increase because most salesmen are complaining that the demand is already greater than the supply.

FEM JURORS NOT DUE HERE BEFORE 1955

It probably will be late January or February, 1955, before a woman is called for jury service in Howard County.

All jury panels for the October term of 118th District Court were selected prior to passage of the constitutional amendment which provides that women shall serve on juries after Nov. 15. The October term of court extends until the fourth Monday in January, 1955.

However, a special venire is to be drawn from the six jury panels for the trial of Ray Davis on murder charges Nov. 23. If the venire should be exhausted before a jury is completed, some women might be selected as "extra" jurors.

The Howard County jury commission probably will meet early in January to select jury panels for the January term of court. The commission can be expected to call some feminine jurors at that time.

Farm Loan Meet Set For Saturday

The annual stockholders meeting of the Big Spring National Farm Loan Association will be held in the Howard County Courthouse at 2 p.m., Saturday. It has been announced by Max Fitzhugh, secretary-treasurer.

The principal items of business, Fitzhugh said, will be the reading of the annual financial report and the election of a director to succeed D. F. Bigony, whose term is expiring.

The business meeting will be held in the county courtroom after which it will adjourn to the office of the home demonstration agent where coffee and doughnuts will be served.

Entertainment features will include guitar picking and singing by Dee Phillips, a student at Howard County Junior College, and the showing of color pictures made by Nolan Van Rosder on a hunting trip to Alaska.

Fitzhugh said he hoped as many of the stockholders as possible will arrange to attend the meeting.

TB Association To Aid Patient In Job Training

A 23-year-old Latin-American, making a "new start" following hospitalization for treatment of tuberculosis, has received the financial backing of the Howard County Tuberculosis Association.

The TB group voted Tuesday to provide funds for food and lodging while the patient continues his training as a shoe repairman and receives additional medical treatment.

The man has secured part-time in-training employment with a Big Spring concern. However, since he will be unable to work except for short periods while treatment is continued, he will be unable to earn enough for subsistence.

The executive committee of the Howard County Tuberculosis Association agreed to assist in cooperation with the State Vocational Rehabilitation Department. Mrs. Christine Fagen, Odessa, vocational rehabilitation counselor for this area, met with the group.

She said the Vocational Rehabilitation Department will pay medical expenses for the patient. The TB group had been paying this, and agreed to apply its assistance to room and board while treatment continues for the next three months. The patient had started his stud-

ies in the shoe repair field while in McKnight Sanatorium. He will continue the training in Big Spring and report to the hospital periodically for the additional treatment.

The tuberculosis association also purchases medicines for local TB victims while they await admittance to the sanatorium and after their period of hospitalization ends.

Professor Of Woo To Resign In Japan

NARA, Japan (U)—A 45-year-old professor accused by coeds of mixing whisky and wooing in the Nara College curriculum has announced he will resign.

Fifty of his girl students asserted Prof. Magashiro Abe had offered to improve their grades if they cooperated with his style of education.

Some said he taught them behind locked classroom doors—to drink whisky and make love.

Only Negroes can become citizens of Liberia and only citizens can own land.

SPANISH ROUND STEAK

Here Is Dish Similar To Swiss Steak

One of the most popular beef cuts on the market is round steak, usually prepared as Swiss steak. Spanish round steak is a type of Swiss steak in which the meat is cooked in a savory mixture of tomato soup, green pepper, sliced olives and onions.

- SPANISH ROUND STEAK**
- 1 round steak, cut one inch thick
 - 1/4 cup flour
 - 2 tablespoons fat
 - 1 teaspoon seasoning salt
 - 1/4 cup chopped green pepper
 - 2 onions
 - 2 tablespoons sliced stuffed olives
 - 2 tablespoons olive juice
 - 1 can tomato soup
 - 2 teaspoons sugar
- Pound flour into steak on both sides with meat pounder or edge of heavy saucer. Brown in hot fat; sprinkle with seasoning salt. Place in oven-proof skillet, Dutch oven, large casserole or baking dish. Top with green pepper, sliced onions and olives. Combine olive

Stew Can Be A Company-Time Dish

- COMPANY MEAT STEW**
- 1 pound beef stew meat
 - 3 tablespoons flour
 - 1/4 teaspoon salt, dash of pepper
 - 8 medium onions, sliced
 - 8 tablespoons fat
 - 1/4 cup tomato juice
 - 1/4 cups bouillon
 - 1 teaspoon sugar
 - 1/4 cup sour cream
 - 1 small can mushrooms (optional)
- Cut beef into one-half inch cubes and roll in flour mixed with salt and pepper. Brown meat and onions in hot fat. Add tomato juice, bouillon and sugar. Cover and simmer 1 1/2 hours or until tender. Add sour cream, mushrooms, and salt and pepper to suit taste. Serve on cooked rice or buttered noodles.

Broiled Club Steaks Ideal Fare For Guests

Everybody loves a steak — and these are the days when we can indulge in some of our pet meat loves. All cuts of beef are plentiful and you can expect to find some nice "specials" these days on the various kinds of broiling steaks (club, T-bone, porterhouse and sirloin).

To give your family a special treat one of these days, serve them a steak dinner — or make a hit with your next set of dinner guests by serving individual broiled club steaks. Club steaks can be broiled to order for each guest (rare for some, well-done for others) and they're easier to serve for company than larger steaks which must be carved. Here are the easy broiling directions: Buy one club steak for each guest; have them cut about one inch thick. Preheat broiler unit (unless range directions specify otherwise), but do not preheat

broiler pan. Place steaks on pan and broil as follows (approximately): Rare — 5 minutes per side; Medium — 6 minutes per side; Well-done — 7 to 8 minutes per side.

Do not season steaks before broiling. When one side has browned sufficiently, season with salt and pepper or seasoning salt; turn and broil other side. Always turn

with tongs (or with a fork stuck in fat) in order not to pierce the meat.

1. Test for doneness. Sometimes it's hard to tell if a steak is sufficiently broiled. A good test for doneness is to cut a slit in the steak near the bone and to note the color. (Do not use a roast meat thermometer for broiling steaks.)

2. Frozen steaks. Broil frozen steaks in the frozen state or only partially thawed. Broil farther from the heat than unfrozen steaks.

Many guests consider that there is no finer accompaniment for broiled steaks than French fried onion rings. They're easy to pre-

pare, too.

FRENCH FRIED ONION RINGS

- 3 large onions
- 1-3 cup milk
- 1-3 cup flour
- 1/2 teaspoon salt
- Lard

Heat 1 1/2 inches of lard in a deep saucpan to 375 degrees on a deep fat frying thermometer. Slice onions 1/4 inch thick and separate into rings. Dip into milk, then into flour seasoned with salt and pepper. Fry in fat, a few at a time, until lightly browned. Drain on unglazed paper; sprinkle with salt. Three to 4 servings.

GLORIFIED CLUB STEAKS

It's not really necessary to "dress up" a steak, but once in a

while it's fun to give it a new seasoning twist. For instance, have you ever marinated a steak in French dressing for a few hours or overnight before broiling?

An even more elaborate seasoning trick is to spread a broiled steak with a blue cheese mixture. Gourmets swear by this one! Mash some blue cheese with a little cream and add a few drops of Worcestershire sauce. When the meat is almost done, spread steak with the mixture and finish broiling.

Here are some additional "treatments":

1. Lemon butter. Combine some melted butter (slightly browned) with lemon

jules and finely chopped parsley or chives. Spread over hot broiled steak.

2. Mushroom topping. Brown fresh mushrooms or canned drained mushrooms in butter or margarine; salt lightly and spread over hot broiled steak.

'company's here!'

Have plenty of 7-UP on hand when the doorbell rings!

Eat More Texas BEEF

November 8 Through 15 Is BEEF WEEK IN TEXAS

YOU Can Eat More Beef, Improve Nutrition And Still Pay Less

The idea of Beef Week is to give everyone in the cattle industry a chance to work together to call their neighbor's attention to the good bet they're overlooking if they don't eat beef every day, and if they don't learn more ways to fix the economy cuts of beef. 75% of the beef carcass is delicious, high-protein food at reasonable prices. Only 25% of the beef supplies the fancy steaks and choice roasts and are in highest demand, thereby commanding the highest prices.

Variety is important in meat selection. You would get tired of even sirloin steak at every meal at any price! Every man likes variety in his meals. But very few wives know that there are 37 retail cuts of beef! And with at least 3 ways to prepare each cut, that's 111 different beef meals that can be served, and 78 of them from the economy side of the beef!

Texas housewives should learn more about the economy cuts of beef, learn to cook them more temptingly, serve them oftener and give their families the same food value, and at the same time, hold down the price of beef.

Beef is big business in Texas, many, many firms and individuals depend upon it for their living. That is why we are taking this means of telling our story about lower priced beef cuts. You can keep beef on your table, spend less money, eat better and make Texas the number one beef eating state as well as the number one beef producing state. Do your share, starting this week.

Ask Your Butcher For Texas Beef From **CITY PACKING CO.**

West Side Of Banner Ice Co.

MRS. JOHN HODGES

No Beef Week Needed For The John Hodgeses

It doesn't take a special "Beef Week" in Texas to find that hearty meat on the John Hodgeses' dinner table. They are both confirmed beef eaters and Mrs. Hodges is well-known around town for her delicious beef Stroganoff. Mr. Hodges likes to get in the beef act, too, and does all the barbecuing around the house.

Mrs. Hodges is active in the 1948 Hyperion, at her church, St. Mary's Episcopal, and has been a Gray Lady since the opening of the VA Hospital. She is interested in old glassware and owns a small collection. She also is proud of her dent's taste and plate collections.

All you need serve with the beef Stroganoff, Mrs. Hodges says, is rice and a good tossed green salad.

Her recipe for it is an easy one and a proven one. It is one that is used at El Tovar Hotel at the Grand Canyon.

BEEF TENDERLOIN-STROGANOFF
Ingredients:
 2 pounds tenderloin tips
 1 medium sized onion, chopped
 1/2 pound mushrooms
 1/2 clove garlic
 1 cup sour cream
 Salt, pepper and cayenne
Method:
 Cut tenderloin tips in 2-inch slices about 1/2 of an inch thick; saute with chopped onion over a high heat. Sauté mushrooms separately, adding garlic at the last minute. Mix all ingredients together. Simmer 5 minutes, season and serve. Serves six.

Dumplings Make Good Beef Stew Even Better

By CECILY BROWNSTONE
 Associated Press Food Editor

Do you know the new method of making dumplings? Unfortunately many recipes still direct you to cover the dumplings as soon as they are dropped into the stew. Cast aside this old idea! Leave the dumplings uncovered for the first half of the cooking, cover for the last half. Then those diddle diddle dumplings — straight out of the old nursery rhyme — will have their best chance of coming out of the kettle fluffy and light.

Another rule: be lavish with the baking powder. Two teaspoons of baking powder per cup of flour are none too much. We know you will find many recipes that suggest using less, but if you want your dumplings airy as this-side-down, heed us.

One old-time precaution, however, still holds good. Drop the batter carefully by spoonfuls on top of pieces of meat and vegetables rather than into the gravy, so the dumplings will get no more than their feet wet. This will help to keep the dumplings from being soggy.

These days there is a lot of lean meat around from grass-fed beef — the kind that comes straight from range to market without a period of grain fattening — to use in stew. Because all meat has complete high-quality protein, B vitamins and essential minerals, this grass-fed beef will give your family the same nutritive values as more expensive cuts.

We've used onions and carrots in our Dumpling Beef Stew. But if you belong to the school of thought that believes turnips, parsnips or tomatoes are indispensable, go ahead and add them. This stew has plenty of gravy, so the turnips or parsnips can easily be added to the kettle. Tomato juice, or pureed tomatoes, may be substituted for part of the water called for.

Try this stew with our Herb Dumplings and use them instead of the herb version; they add an interesting texture — and flavor change.

DUMPLING BEEF STEW
Ingredients:
 1 1/2 pounds lean beef stew meat (cut into 1 1/2-inch pieces)
 2 tablespoons flour
 1 1/2 teaspoons salt
 1/2 teaspoon pepper
 2 tablespoons fat

1 quart water
 1/2 teaspoon tobacco sauce
 Gravy coloring sauce
 12 small white onions (peeled)
 6 medium sized carrots (peeled and quartered)
 Herb or Corn Meal Dumplings
Method:
 If there is any excess fat and sinew around outside pieces of stew, cut it away and discard. Mix flour, 1/2 teaspoon of the salt and the pepper together on a piece of paper; roll pieces of meat in the flour mixture. Put fat in heavy kettle; add beef and brown well on all sides over moderately high heat. Add water, 1/2 teaspoon of the salt and the tobacco. Cover; simmer 2 to 2 1/2 hours or until meat is almost tender. Stir in gravy coloring if desired. Add remaining 1/2 teaspoon salt, onions and carrots; cover and cook until vegetables are tender. Drop 12 Herb or 12 Corn Meal Dumplings by spoonfuls on top of pieces of meat or vegetable in gently boiling stew. (Dumplings will be large.) Cook uncovered 10 minutes; cover tightly and cook 10 minutes longer. Serve at once. Makes 4 to 6 servings.

HERB DUMPLINGS
Ingredients:
 2 cups sifted flour
 4 teaspoons baking powder
 1 teaspoon salt
 1/4 teaspoon powdered thyme
 2 tablespoons minced parsley
 1 cup milk
Method:
 Sift together flour, baking powder, salt and thyme. Stir in parsley. Add milk; stir only enough to moisten dry ingredients. Cook as directed in Dumpling Beef Stew recipe.

CORN MEAL DUMPLINGS
Ingredients:
 1-3 cups sifted flour
 1-3 cup corn meal
 1 teaspoon salt
 1 cup less 2 tablespoons milk
Method:
 Sift together flour, corn meal, baking powder and salt. Add milk; stir only enough to moisten dry ingredients. Cook as directed in Dumpling Beef Stew recipe.

A mixed green salad may include all types of lettuce, curly endive, French endive, escarole, water cress, scallions and chives. Choose among these!

Texas Beef Week Reminds Housewife Not To Overlook Possibilities Of Economy Beef Cuts

By CLIFTON LAWHORNE
 Local butchers are stressing beef this week to aid in an all-out battle for Texas' oldest industry — cattle.

Large signs are being displayed in most markets about the city which proclaim that "Texans eat beef every day." And to insure that more beef is eaten, a number of marketmen are running special prices on beef cuts.

The occasion is "Beef Week in Texas," and market managers all over the state are celebrating. The week was proclaimed by Governor Allan Shivers and emphasized here by a joint proclamation from Mayor G. W. Dabney and County Judge R. H. Weaver.

The entire program of publicizing beef and bringing it to the attention of the public is a project of the Texas Beef Council, with headquarters in Fort Worth.

The public relations campaign here is being headed up by Marion Edwards, Howard Counter rancher, and Marvin Sewell, packing house operator. Cattle men, wholesale meat dealers and marketmen are all cooperating.

Some packing houses and markets here have menu folders and recipes for distribution to housewives.

The recipes are designed to inform women of the easy methods which can be used to prepare the

economy cuts of beef. Seven different preparations of the lesser known beef cuts are outlined in the recipe booklets.

Chuck steak, beef brisket, beef soul, chopped beef liver, beef ribs, veal shoulder and ground beef can all be used to advantage if these recipes are followed.

What the butchers and cattlemen are trying to get across to the public, especially the housewife buyers, is that beef doesn't necessarily mean steak. The project of Beef Week is to "sell" the entire cow carcass.

"Everybody knows about sirloins and T-bones, but there are other good parts of a beef critter that our Texas housewives are overlooking," said Sewell. "Delicious dishes can be made from the cheaper selections, and variety will be effected on the dinner table."

All butchers here point out that the economy cuts of beef have just as much nutritional value as steak. But all of them do not handle economy cuts because their buying public does not demand them.

"Most women come in and ask for round steak, sirloin, T-bone, or Porterhouse," one market manager stated. "I sometimes wonder if they know there are such things as hind and fore shank, rump knuckle, pot roast, plate ribs veal or brisket."

Most marketmen here welcomed Beef Week as an opportunity to educate their patrons on the bets that are being passed up when they pass up beef. The consensus is that beef offers more varieties in taste than any other meats, and that it fits the budget of every family if the right cuts are purchased.

Edwards claims that the current Beef Week campaign is only the first in a series of events to make Texas the "beef-eatingest" state in the United States. He points out

Economy Recipes For Beef Are Also Tasty

These four different beef dishes will nourish your family and protect your budget.

BEEF & CHEESE LOAF
 2 pounds ground beef
 1 1/2 cups diced cheese
 2 eggs beaten
 1 large onion, chopped
 1 large green pepper, chopped
 2 teaspoons salt
 1 teaspoon pepper
 1 teaspoon celery salt
 1/2 teaspoon paprika
 3 cups milk
 1 cup dry bread crumbs
 Combine ingredients in order given; mix well. Press into 2 greased loaf pans and bake at 350 degrees F. about 1 1/2 hours. Serves 10.

CURRIED VEAL
 2 tablespoons fat
 2 tablespoons minced onion
 1/2 cup flour
 1 tablespoon curry powder
 2 cups stock
 1 teaspoon salt
 Dash cayenne
 1 1/2 pounds veal shoulder
 Melt fat, add onion and cook 3 minutes over low burner. Combine flour and curry powder, add to melted fat and blend until smooth. Add stock, salt and cayenne and cook until thickened. Cut veal into

small pieces, add to sauce, cover and simmer over low burner 1 1/2 hours or until meat is tender. If sauce becomes too thick add water. Serves 6.

BEEF BRISKET—SAUERKRAUT
 4 pounds beef brisket
 Hot water
 1 tablespoon salt
 1 tablespoon pepper
 1 cup vinegar
 1 quart sauerkraut
 2 tablespoons brown sugar
 1 uncooked potato, grated
 Cover brisket with water, season and simmer 1 to 1 1/2 hours. Add sauerkraut, vinegar and brown sugar. Cook about 1 hour longer or until meat is tender. Add potato and cook 10 minutes longer. Serves 8.

BRAISED CHUCK STEAK WITH MUSHROOMS
 2 pounds chuck steak
 1 egg, slightly beaten
 2 cups crushed cereal flakes
 2 tablespoons milk
 4 tablespoons fat
 1 small can mushrooms
 Have chuck steak cut in 1 inch thick pieces. Dip into egg-milk mixture. Roll in finely crushed flakes. Brown in hot fat and cover with mushrooms and mushroom liquid. Cover tightly and cook very slowly until tender, about 45 minutes. Thicken liquid for gravy and serve with steaks. Serves 4.

Pot Luck Supper Can Feature This Beef Casserole

POT LUCK CASSEROLE
 1 pound ground beef
 1 1/4 cups uncooked elbow macaroni
 3 medium onions
 2 8-oz. cans tomato sauce
 1 No. 303 can kidney beans (1 2/3 cups undrained)
 1/2 teaspoon salt
 1/4 teaspoon pepper
 1/2 teaspoon chili powder
 1 cup grated cheese
 Cook macaroni in boiling salted water; drain and rinse. Brown ground beef and chopped onions in a little hot fat. Add tomato sauce and cook gently for 15 minutes. Add rest of ingredients. Pour into a greased 2-quart casserole and sprinkle the cheese on top. Bake at 375 F. for 30 minutes. 6 servings.

Many Residents In News From Luther Community

LUTHER — Mr. and Mrs. Webb Nix are the grandparents of a little girl born to Mr. and Mrs. Granville Cobb of Houston. Mrs. Nix is visiting the Cobbs.

Mr. and Mrs. Harold Blair and Stevie of Kermit visited her parents, Mr. and Mrs. Bonnie Puckett.

Dinner guests in the home of Mr. and Mrs. Carl Lockhart, were Mr. and Mrs. A. W. McPherson and Stan of Burk Burnett; Mrs. Cody

Cousins Have Party On Same Birthday

Two cousins celebrated their birthdays together when Mrs. M. L. Kirby and Mrs. Terrell Thompson entertained for their children in the Kirby home.

Cathy Kirby was four and her cousin, Terrell Thompson, was two. Favours for the guests were books and balloons. Games were played and prizes were awarded. Movies were taken of the activities.

Grandmothers of the two who assisted with the serving, were Mrs. D. P. Thompson and Mrs. C. H. Arrick. Mrs. Thompson is the grandmother of both children.

The tablecloth on the refreshment table was in a birthday theme, with clovers and balloons on it. A round cake was marked at each end with the name of one of the honorees. About 25 attended.

Huestis Family To Move To Lovington

FORSAN — Mr. and Mrs. H. G. Huestis, Gaye and Bobby, will move this weekend to Lovington. N. M. Huestis is an employe of the Phillips Oil Co. and has resided here about 14 years.

Jerry Fowler was at home for a few days with his parents Mr. and Mrs. C. D. Fowler.

Mrs. Sammy Porter and children and Mrs. Sam Porter of San Angelo have returned from a visit of several days in Midland with Mr. and Mrs. Cliff McDonald.

O. W. Scudday has been in monahans on business.

Visiting with Mr. and Mrs. Cecil Suttles were her brother and his family, Mr. and Mrs. Audrey Newsum and children of Odessa.

Mrs. Harold Sanders plans to be in Rockport for a week with her son and his family. Her mother, Mrs. Laura Petty, will visit her sister in Eden during the week.

Teen Canteen Set For Sunday Opening

STANTON (Spl) — Open house will be observed Sunday afternoon, from 2 to 6 p.m. for the new Stanton "Teen Canteen." Everyone is invited to attend the opening.

Officers of the canteen will be students in Stanton High School who have been elected by the members of the student body who have paid dues to the canteen. A group of adult directors will serve as an advisory council to the officers.

Mr. and Mrs. June Graham have been appointed directors to chaperone the activities taking place at the canteen following its opening. Sunday afternoon is a definite date that the canteen will be open. It will be opened one and possibly two nights during the week. This night or nights have not been set to date.

The canteen will be located in the building formerly occupied by the Rite-Way Restaurant, at 105 N. Benedict St.

Averetts Spend Week End Fishing

FORSAN — Fishing over the weekend at Devil's River were W. O. Averett, his brother, Bob Averett and his sons of Terminal.

Refreshing Understatement

Coca-Cola is simply . . . delicious and refreshing. Coke has a distinctive good taste, all its own. And when you feel the need for a bit of quick energy, it's wonderful how Coca-Cola brings you back . . . so refreshed . . . so quickly, with as few calories as half an average, juicy grapefruit. Enjoy Coca-Cola. It's delicious and refreshing.

Four generations have made Coca-Cola by far the most asked-for soft drink in the world.
