## Lynxettes play Canadian at Perryton

### Bi-District Clash will begin at 7 Friday

Coach Roller and His Lynxettes will play the Canadian Wildcats at Perryton Friday night at 7:00 p.m. The Lynxettes have lost to Canadian twice this year. In the Canadian Tournament the Lynxettes had a twelve point lead but lost to the Wildcat girls by three points. However, the Lynxettes have improved. Their shooting ability from the floor is much better than it was at mid-season. The only problem the Lynxettes seem to have is from the free throw line. Although the Lynxettes defeated Dimmitt at Highland Park Monday night in a practice game, their free throw shooting wasn't good.

A large crowd from Spearman and Canadian is expected at Perryton Friday night. Many Perryton fans are expected to attend this exciting game also. All fans are urged to come out and back the Lynxettes.

Thursday, February 26th at Perryton

### Spearman Follies

Tired of the same old routine? Getting in a rut doing the same things day in, day out? Take this opportunity to do something that is good for you as well as your community! Come out and join the fun in the all new and improved Spearman Follies which will be heading your way on Friday, March 27, and Saturday, March 28, 1987.

A "Meet the Director" party for all interested participants will be held on Monday, March 2, 1987, in the Hospitality Room at the First State Bank. You will have the opportunity to meet with our director, Mr. Johnny Miller, and hear what he has planned to entertain our community and help raise money for our Chamber of Commerce. We need you to make the Follies a success! Come to the "Meet the Director" party and bring a friend!

Mike Cudd

Mike Cudd announced this week that he will be a candidate for the city commission this year. Mike is 34 years old, and married to Pat; they have three children; Erick 8, Evan 5, and Chris 1. Mike has been a resident of Spearman for 6 years, and is part owner, and manager of Hansford Implement Co., John Deere dealers in Spearman. He has held this position for 10 years.

Mike graduated from Perryton High School, and attended the University of

Texas, where he received a degree in business management.

Mike is an incumbent, having served one, two year term on the council. Mike's reasons for seeking re-election are; he would like to continue the projects that have been started the last two years. He states that he feels the city is in excellent shape financially, and maintains excellent services to the community. He states that Spearman has the best fire department, police department and ambulance service in the area. The

city has received extremely high safety ratings the past year. Mike says he is "constantly seeking to upgrade the services the city provides."

Mike also states he has enjoyed this past year serving on the council, and feels the knowledge he has acquired in city government and management, in his first term, has been extremely beneficial to him and to the citizens of Spearman.

He said "I take a lot of pride in serving on the council and representing the city of Spearman."

## Health

In Texas, more than 3000 babies born alive die during infancy. One reason is that appropriate maternity care has not been readily available to many pregnant women who cannot afford medical care and who have special medical problems.

Now, the Texas Department of Health (TDH) has extended maternity services to many such women through contracts with 37 clinics and other health care providers across the state.

For the Texas Panhandle area, Panhandle Health Care Coalition has been named to serve these women.

Steve Walters at Panhandle Health Care Coalition said, "Our contract with the state is to provide prenatal care, delivery, and follow-up services to certain women whose infants are at risk of being born unhealthy because the mothers can't afford care and have medical problems that affect the health of the baby. We especially need to serve women whose pregnancies are medically 'high risk' by finding and treating their problems early to avoid long-term health problems, or even death, of their babies."

As part of the Indigent Health Care package of laws passed by the Texas Legislature in 1985, the Maternal and Infant Health Improvement Act expands public health services to include some poor pregnant women who are not eligible for welfare but are found to be medically "high risk".

Eligibility requirements for MIIHA services are based on the family's level of income and the presence of a high-risk medical condition. "Although not every pregnant woman can qualify for special services under this program," Steve Walters said, "We urge all pregnant women to begin prenatal care as soon as they know they are pregnant."

For more information, Contact Donella Bates, Education Coordinator, at the Panhandle Health Care Coalition, 1-806-318-4692.)

The first official American flag, the Continental or Grand Union flag was displayed on Prospect Hill, January 1, 1776.

## Health

In Texas, more than 3000 babies  
born alive die during infancy. One  
reason is that appropriate maternity  
care has not been readily available to  
many pregnant women who cannot  
afford medical care and who have  
special medical problems.

Now, the Texas Department of  
Health (TDH) has extended maternity  
services to many such women through  
contracts with 37 clinics and other  
health care providers across the state.

For the Texas Panhandle area,  
Panhandle Health Care Coalition has  
been named to serve these women.

Steve Walters at Panhandle Health  
Care Coalition said, "Our contract  
with the state is to provide prenatal  
care, delivery, and follow-up services  
to certain women whose infants are at  
risk of being born unhealthy because  
the mothers can't afford care and have  
medical problems that affect the  
health of the baby. We especially need  
to serve women whose pregnancies  
are medically 'high risk' by finding  
and treating their problems early to  
avoid long-term health problems, or  
even death, of their babies."

As part of the Indigent Health Care  
package of laws passed by the Texas  
Legislature in 1985, the Maternal and  
Infant Health Improvement Act  
expands public health services to  
include some poor pregnant women  
who are not eligible for welfare but are  
found to be medically "high risk".

Eligibility requirements for MIHA  
services are based on the family's  
level of income and the presence of a  
high-risk medical condition.  
"Although not every pregnant woman  
can qualify for special services under  
this program," Steve Walters said,  
"We urge all pregnant women to  
begin prenatal care as soon as they  
know they are pregnant."

### To God A Note of Thanks

by Mrs. E.A. Greever

Friends we are going to study this week about "Gods Grace". Question what is it? Answer-- That so freely given by him for all the needs and benefits of we weak mortal beings. 11 Peter 1:3 According as his divine power hath given unto us all things that pertain unto life and godliness. Through the knowledge of him that hath called us to glory and virtue. The following scripture found in Titus 2:11 - 12 is food for thought at the beginning of our study. For the grace of God that bringeth salvation hath appeared to all men teaching us that denying ungodliness and world by lusts we should live soberly righteously and godly in this present world. A saving of the life lost because of Adam's transgression Gods grace has been made manifest for all people of the world. A universal call to all to repentance and forgiveness so freely given by obedience to the call and now to us who have repented by Jesus we are able to live soberly righteously and godly in this present world. By the blood he shed at Calvary. Rom-5:1-2 Therefore being justified by faith we have peace with God through our Lord Jesus Christ by whom also we have access by faith into this grace wherein we stand and rejoice in hope of the glory of God (Immortality) Grace to stand--Sanctified made pure and holy. A born again experience. Now may we reason as to birth both in the natural and spiritual. In the natural there is conception the beginning of life, but that child can never grow to be a man or woman until after birth, and it is as to a spiritual birth. When we repent and are forgiven of all sins we have been quality of, this has nothing to do about the nature with which we were born. The Bible says in sin did my mother conceive me. So on our part it is to surrender completely for the Lord to take care of that and Jesus freely gave his life for this, and this cleansing brings us into the grace wherein we stand and rejoice in the hope of the glory of God. Friends at any stage we may be in Christian living we can willfully go back in sin if we so desire but Jesus blood can kick us clean if we earnestly desire to be. Now let us remember we do not grow into this grace, until we get into it. A second definite work of grace then it is we can grow to maturity. A perfect spiritual life O such marvelous grace. Eph. 2:8 For by grace are ye saved through faith and that not of yourselves it is the gift of God.

So faith is what we must have. And what is faith? Answer--Believing (not head knowledge) but from the heart that God is faithful who hath promised so by us saying I don't have the faith full fills the word in the Bible that says ears to hear but don't hear. The Bible declares where sin abounds the Grace of God duth much more abound. In Eph. 3:20 we read, Now unto him that is able to do exceeding abundantly above all that we ask or think according to the power that worketh in us, so this must be the problem. We don't have the power within that is needed. Certainly we do not need to

worry as to what God can do for we are told in his word He has all power in heaven and earth. We are of the earth earthy, back to dust return. One of the old poets has said, Life is real life is earnest but the grave is not its goal. Dust to dust you will return was not spoken of the soul. Gods marvelous grace gives us life Praise his wonderful name. Will close with the words of a song given me by inspiration in years past. Wonderful Grace-- Wonderful news Jesus died on the tree wonderful joy he loved you and me Wonderful words I'll never leave thee. O such Wonderful wonderful grace. Chorus--Come let us in humble devotion Mercy and love God shows in each place We love thy will in humble submission. O such wonderful wonderful grace.

Wonderful love of my Saviour was shown Wonderful thought he calls me his own Wonderful day I'll know as I'm known. O such wonderful wonderful grace.

Wonderful care my dear friend given your wonderful mercy surrender be true wonderful change your life can be new O such wonderful wonderful grace.

Wonderful scene he is coming again, Wonderful music I'll sing the glad strain, wonderful you may join the refrain, O such wonderful wonderful grace.

### Retired Teachers meet

by Dorothy Roden

Tuesday night, February 10th the retired school employees met in the high school library for their regular monthly meeting.

James Cunningham discussed proposed legislation. It was very disturbing to hear that our governor and some legislators are wanting to tamper with the teacher retirement funds.

Dorothy Roden introduced Monty Blackmon, CPA with Brown, Graham & Co. Monty discussed and answered questions concerning changes in the tax laws and how many of these changes will affect retirees.

The next meeting will be March 10th at 6 p.m. in the HS Library. The program subject will be: Wills and Estate Planning, visitors are welcome.

To thicken a cream sauce, add a tablespoon of crushed dry cereal just before serving.

You are cordially invited to attend a Bridal Shower for

## J.V. Varsity Lynxettes beat Stinnett

Tuesday, February 10, 1987, the Spearman Junior Varsity Lynxettes were hosted by the Stinnett Lady Rattlers.

The first quarter, the Lynxettes scored seven points to Stinnett's two points.

The second quarter, the Lynxettes scored seven field goals and two of six free throws to Stinnett's one field goal and two of six free throws. Half-time score was Spearman 23, Stinnett 6.

The third quarter, the Lynxettes scored seven field goals and two of three free throws to Stinnett's two field goals. Third quarter score was Spearman 39, Stinnett 10.

The final quarter, the Lynxettes

scored two field goals and one of three free throws, while Stinnett scored five field goals. Final score was Spearman 50, Stinnett 20.

Individual scoring for the Lynxettes included (Field Goals, Free throws, Total Points): Michelle Cook (7-2-16); Lisa Cazarez (3-1-7); Mitzi Pearson (2-2-6); Londee Bradley (3-0-6); Jennifer Turner (2-1-5); Vonda Benson (2-0-4); Carol Poole (1-0-2); Laci Lasater (1-0-2); Jan Crawford (0-1-1); Cacy McGill (0-1-1); Carly Shield knight (0-0-0); Mechelle Graham (0-0-0); Nora Garcia (0-0-0); Crista Sims (0-0-0); Melissa Schumann (0-0-0); and April Graham (0-0-0).

## Kwahadi Indian Dancers

Jr. Girl Scout Troop 127 went to see the Kwahadi Indian Dancers last Saturday, February 7, at the Kwahadi Kiva Theatre (Plains at Bellair).

The dances are comprised of 60 young men in Explorer Post 80 of the Boy Scouts of America, Golden Spread council. The show features over 20 dances that are an important part of prayers for a long, successful, and healthy life for the Pueblo Indian people.

The costumes are so beautiful. The Eagle Dance was especially beautiful because they turned down the lights and the feathers glowed.

They had entertainment for the little ones, just have to be there to find out what fun and beauty there is.

They will have summer shows in June and August; try to take your family if you can. I highly recommend it.

The girls and Leaders who attended are: Kathy Biggs and Judy Tindell; Leaders: Girls are Vanessa Biggs, Sonya Tindell, Regina Biggers, Telie O'Quin, and Barbara Ring.

## Chili Cookoff

The Third Annual Perryton Jaycees American Heart Association Chili Cookoff will be held February 21, 1987 at the Ochiltree County Expo Center. All chili must be cooked from scratch on site the day of the cookoff. Each head cook is responsible for cooking one pot of chili and turning in one judging cup from that pot. C.A.S.I. Tolbert rules will be applied for the contest.

Cooks will meet at the Expo at 10:00 a.m. with the chili going to the judges at 2:00 p.m. A \$15 entry fee is required. For more information contact: David Maxwell at 435-2705, or Bill Dudley at 435-4288.

A dance will follow the Chili Cookoff with music provided by Frankie McWhorter and the Over-the-Hill Gang.

## Among The Neighbors

Richard Gaines, Allen Vardons, Owen Pendergraft and the Gregg Purcells of Stinnett.

Mr. and Mrs. Joe Close were pleased to have their sons visit over the week-end. Both sons live in Amarillo. Danny was accompanied by his friend, Tanya Kimbrough and Roger brought his fiancée, Diane Maribal. Roger and Diane are planning a February 28 wedding in Amarillo.

Mr. and Mrs. Walter Spoonmore returned the first of the week from a trip to Las Vegas. They were with four other couples, brothers and sisters and spouses of Patti. They were from Guymon, Dalhart and Coldwater. Mr. and Mrs. Spoonmore returned by way of Sun City, Arizona, near Phoenix for a short visit with her cousins.

Charles Russell Townsend of Oklahoma City visited his mother, Altha Townsend, for a couple of days last week.

Mr. and Mrs. Elvin Martin and Mr. and Mrs. Kenneth Burch are back in Spearman after a month's stay in Truth or Consequence, New Mexico. Tho it was too cold for the "waters" they did enjoy all the activities and also visiting former Spearman residents, Mr. and Mrs. Wes Nivens and daughter, Carol. Also Slim Windom, who now lives in T or C entertained them.

On their return trip, they enjoyed El Paso and White Sands as well as the Carlsbad Caverns. It was the Martins first tour of the Caverns.

Dr. Earl Novak, observing Valentines Day and proving to Bobbie that romance still flourishes, took her to Dallas and feted her with dinner and a performance by Rosemary Clooney, one of their favorite singers of their youthful years. Mr. and Mrs. Hunter Novak, who live in Dallas, accompanied them and hosted them in their home for a few days.

Tom Etter is recovering at home now, following a short stay in St. Anthony's hospital. He was rushed there last Friday and after transfusions, his condition stabilized and he was released.

Ina Mae and Elden Ferrell had several guests during the week-end. Her daughter, Vickie Hughes Oleson, Amarillo, came over on Friday. His brother, Bruce, of Higgins and sister, Mr. and Mrs. George Detrixhe of Pampa came on Saturday.

The Methodist Youth Fellowship sponsored a ski trip to Taos over the week-end. The group left Friday night after the ball game and returned late Sunday night. It was a active, fun-filled week-end and the evidence of it was probably obvious at school on Monday.

Sponsors sharing in the fun and sleeplessness were Mr. and Mrs. Steve Poole, Butch Schaefer, and Verlin Winegarner. The skiers were Connie Woolley, Heather Murrell, Monte Beck, Carrie Schneider, Kevin Nelson, Carl Urban, Alan Gardiner, Carson Womble, Laci Lasiter, Lane Loomis, Sunshine Smith, Danna Barber, and Kristine Poole.

In a contest to determine who has the dearest granddaughter, Lois Gibner claims she would win. The Proof-her ten year old granddaughter, Lynsey Gibner of Portland, Oregon composed this valentine for her:

Let Cupid's arrow hit your heart  
And kiss you with its love  
That we can be together  
Like one big white dove.

Faries of Miss Valentine,  
You help me wish my dreams  
Dreams that only Valentines  
Can wish upon, it seems.

A very special wish  
For friends of yours and mine  
But this wish can only come true  
For a valentine.

To a Special Valentine,  
I love you very dear.  
You help the hearts  
of tender tarts and  
shisper in my ear.

A valentine is special,  
Special in all the ways  
You can be a friend,  
and Understand and listen all the days.

### A Checklist For MICROWAVE OVEN Safety

The benefits of microwave ovens are almost endless. Microwave ovens are the most energy efficient ovens ever invented. They cook food quickly, they enhance the nutritional value of food, and they're safe when used properly. To make sure you're using your microwave oven safely, follow these simple rules.

1. Use only microwave-safe utensils. Don't use metal in the microwave. TNP has a free brochure that contains a test for determining if a utensil is microwave safe.
2. Use adequate electrical current. Your microwave does not require additional wiring. However, your unit should be on a separate circuit and have nothing else operating on that line. Avoid using an extension cord with a microwave.
3. Don't use a microwave to can fresh foods. However, it is great for blanching fresh vegetables for freezing and for making jellies and jams. It also is good for drying herbs.

The safe use of a microwave oven is one more way that electricity makes your life a little easier. For more information about microwave ovens contact our office today.

The Spearman Rotary Club met Monday February 16, 1987. Keith Martin, director of the Hansford County ASCS office was the guest speaker. His topic was about farm programs that affect area farmers.

Our thanks to Ms. Bates for being our speaker last week. Absentees were: Pete Fisher; our guests were Niley Church - Wichita Falls. Tips from the Spearman Rotary Club: When you have nothing to say, say nothing.

It's useless to put your best foot forward and then drag the other.

Words to live by. Here are some practical tips that may give you some food for thought:

The expedient thing and the right thing are seldom the same thing.

The best way to get credit is to try to give it away.

If you get a kick out of your job, others will likely get a kick out of working with you.

You can't sink someone else's end of the boat and still keep your own end afloat.

It's not important that you come in early and work late. The important thing is why.

Many people know how to make a good living. Few know what to do with it when they have it made.

Improve your work efficiency by maintaining a proper diet. Participants in an eight-week nutrition program increased their fiber consumption, decreased their fat intake, and increased their intake of vitamin A, iron, and zinc. The results showed that an amazing 81 percent of the participants not only felt better but were also more productive on the job because of their better eating habits.

portation Commission on the entire 115-mile seal coat project.

FM 1262 will be seal coated from State Highway 15 north 15.9 miles to the Oklahoma State line. A seal coat also will be placed on FM 2387, from SH 15 north and west 9.6 miles to FM 1261, and on FM760, from SH 15 north 5 miles.

DHT Amarillo District Engineer A.L. McKee said the seal coat work is planned to be started and completed this summer. McKee said a seal coat—a placement of asphalt and rock—preserves and protects the riding surface of a highway and extends its useful life.

Henry L. "Lou" Gallegly of Dalhart will be the department's resident engineer directly supervising the seal coat work.

The Federal Highway Administration estimates that each million dollars of highway construction directly generates an equivalent of 23.7 jobs.

## HOOP-LA

by Coach Jones

Confidence was high among the players before the Stinnett contest. The players felt good in the fact that they controlled their own destiny concerning post season play.

After a shaky start against the Rattlers the team settled down and played an impressive half of basketball taking a three point lead into the locker room. The team had a lay-up and two shots under eight feet to begin the second half, unfortunately we did not convert while Stinnett did. Rather than building or maintaining our lead the team found itself down by three. Frustration, poor shooting and turnovers by the Lynx helped the Rattlers to lead by eleven at the end of the third quarter. During the fourth quarter the Rattlers spread the floor and although the team never gave up we never actually came close enough to threaten.

A couple of players had good defensive efforts. Brett Davis, although his man was in double figures, after a skaky first three minutes shut his man down and had a hand in his face when he did score. Benson was exceptional in shutting out their big man and kept Thompson from being a

factor on the offensive end. Carl Urban led the team in scoring on the offensive end and I feel our inside people would have scored better under other circumstances. As a team we shot thirty five percent from the field.

A loss in a game such as this is particularly disappointing. The team played hard and for a time played without flaw. I was disappointed for the fans and players alike but at the same time proud of both parties for the effort displayed.

Even though play-off hopes were gone spirits were high for the contest against Panhandle. I told the team in the pre-game talk that they should be proud of their season and especially proud of the way they had played in the second half of district. The team was aware that the contest would be a tough one because of where we were playing and also because of Panhandle's improved play. As a team we discussed our future and decided to begin next years drive to the play-offs a little early.

After viewing the tape several outstanding defensive efforts were evident.

Brett Davis had an exceptional effort defensively. Keith Benson and Kevin Nelson also played well on defense. Tim Woolley although having a tough night defensively pulled down several rebounds in key situations.

Even though Carl Urban let his man slip free a couple of times the Panhandle contest was probably Carl's best defensive effort of the year as far as being in the correct position. Monty Beck and Carson Womble also contributed defensively.

Offensively the scoring was well balanced with Urban leading all scorers with 19 points while Davis had 14.

To accurately portray right-handed Gary Cooper as southpaw Lou Gehrig in the movie, "Pride of the Yankees," the director reversed the numbers on the uniform, shot him at third base instead of first, ran him from home to third. Then these scenes were simply spliced in backward.

## Spearman 56 Panhandle 54

The Varsity Lynx traveled to Panhandle Friday, February 13 for their last game of the season.

The first quarter, the Lynx scored seven field goals and three of six free throws to Panhandle's six field goals and two free throws. The Lynx led 17 to 14.

The second quarter, the Lynx scored four field goals and three of five free throws, while the Panthers scored seven field goals and none of two free throws to tie the score at half-time 28-28.

The third quarter, the Panthers took the lead 45 to 42 with the Lynx scoring seven field goals to Panhandle's eight field goals and one of two free throws.

The final quarter, the Lynx scored five field goals and four of seven free throws to Panhandle's three field goals and three of eleven free throws. Final score was Spearman 56, Panhandle 54.

Individual scoring for the Lynx

included (F.G., F.T., F., T.); Carl Urban (7-5-1-19); Brett Davis 6-2-2-14); Tim Woolley (4-1-5-9); Kevin Nelson (3-2-1-8); Keith Benson (3-0-5-6); Monte Beck (0-0-0-0); Carson Womble (0-0-0-0); Jeff Gustin (0-0-0-0); Charles Roper (0-0-0-0); Stan Brandt (0-0-0-0); and Matt Tucker (0-0-1-0).

Mark Garnett was out for the rest of the season after getting his jaw fractured during the Spearman - Gruver game.

**Festival Piano**

Approximately 150 young pianists from grades 7 through 12 are expected to participate in the 1987 Piano Festival this Saturday, Feb. 21, on the West Texas State University campus. Organizers expect students from the Texas Panhandle and surrounding states to participate. They stress, this is a festival, not a contest. Medals and certificates of merit will be awarded, but primarily the festival is an opportunity for piano students to receive constructive comments from the judges.

Cheryl Pachak-Brooks and Pat Wiles will adjudicate the festival. Pachak-Brooks is an instructor in piano and director of the preparatory department at Eastern New Mexico University in Portales. Pat Wiles is a

**Hypertension**

According to the American Heart Association, one in four people will have high blood pressure, and only one in every three who have high blood pressure will be aware of it.

Hypertension has been cited by the Texas Health Department as a major problem in Texas. The Texas cardiovascular death rate was 3.83. The Panhandle had the second highest cardiovascular death rate in the state.

Hypertension is one of the controllable risk factors for cardiovascular disease. It contributes significantly to death from heart disease, strokes, and renal disease.

The Texas Department of Health (TDH) has extended high blood pressure treatment services to low income persons through contracts with 37 clinics and other health care providers across the state.

For the Texas Panhandle area, the Panhandle Health Care Coalition has been named to provide service for this population of the 26 Panhandle counties.

Steve Walters at Panhandle Health Care Coalition said, "Our contract with the state is to screen, provide treatments, and to educate people with high blood pressure who cannot afford the cost of medical care."

As part of the Indigent Health Care package of laws passed by the Texas Legislature in 1985, the Primary Health Care Services Act expands public health services to include some persons who are not eligible for welfare but are in need of treatment.

Eligibility requirements for PHC are based on the family's level of income and on diagnosis of hypertension.

"Although not every person can qualify for special services under this program," Mr. Walters said "we urge everyone to have their blood pressure taken and stay on a treatment plan as prescribed by a physician."

MOBIL BREAST IMAGING CENTER (MBIC) to visit Hansford Hospital on Tuesday, March 17th.

Area women will have an opportunity to have screening mammograms performed at a reduced fee of \$60.00 (regular cost is \$127.70.), which is more than one-half savings from the regular charge.

The \$60.00 charge reflects the cost of leasing the Mobil Breast Imaging Center, Radiologist fees and supplies. This fee is due in full at the hospital business office prior to the test being done.

It is recommended individuals wishing to have this test performed, contact their physician if they have questions or concerns about the need for the test.

The project is aimed at educating the public about breast cancer, its detection and treatment, and encouraging women to take advantage of available breast cancer screening methods.
