Spearman Chamber of Commerce

Existing Business Committee Presents:

BROCK INSURANCE AGENCY

Front view of their new building. J. L and his staff invite you to drop by for all your insurance needs.

The Spearman Community welcomed J. L. Brock Agency to the business world in 1952. J. L. and Mary felt that Spearman held many opportunities and was a wonderful place for a home and family. The Brocks were married in 1949 and after returning to Spearman from college their first business address was 212 Main Street. J. L. built an Abstract Plant from sovereignty and started the Insurance business here while Mary worked for Gene Richardson in his bookkeeping and tax firm and later for Fred Hoskins, County Clerk. They were also driving a school bus and J. I. was measuring land for the ASC office. Needless to say there were many long night hours for this young family catching up on the Insurance paper

work and also the abstract business as this was about the time that the Oil and Gas Production came alive in Hansford County. The Abstract Plant was sold to Abstractor's Inc. after about three years as Insurance proved to be the priority profession for J. L. In 1960, as the business grew, the Brocks started a new building at 206 Main Street and in 1972 remodeled again and added on to the building by purchasing the vacant lot next to them from Roy Russell. This addition filled in Main Street next to the buildings owned by L. S. and Ada McLain (Mary's dad and mom). In 1976 Kim

Brock graduated from Texas Tech University and decided, much to the joy of his parents, to join the firm and thus J. L. Brock Agency became Brock

Insurance Agency. In 1983, Todd Brock graduated from Texas Tech University and the joy was complete as he came home also to work with his family. This was a busy time as remodeling the old TG&Y building proved to be quite an undertaking but a happy one as the new site was completed and became home to the Brock Insurance Agency. This Agency offers their insureds a complete line of Insurance needs: casualty, property, bonds, life and health insurance.

THE ROYALHEIRS

Royalheirs

Audiences across the nation both young and old, express a feeling of spiritual, renewal through the musical ministry of THE ROYALHEIRS. Although having mastered a professional sound, and receiving favorable recognition from highly-regarded music critics, the depth of sound is not totally music. One experiences a feeling of warmth, love vitality and spiritual impact. Theirs is a smooth

blend of favorite hymns as well as the contemporary gospel songs of our day. Hear the outstanding singing with an inspirational sound, uniquely submitmited to the Lordship of Jesus Christ. THE ROYALHEIRS will be at Gruver Methodist Church Sunday March 15th, 1987 at 7:00 p.m.

Every individual would be blessed to go hear these Singers. They are Soul Seekers thru Gospel Music.

Among The Neighbors

The Young People of the Church of Christ returned Friday night from three days of skiing at Angels Fire. They left Tuesday after School and found the snow according to order, the weather ideal, good for plentiful, and a safe return home. The only sour note was the Robbie McFarlin experienced slight injury but is recovering. The sponsors were Mr. and Mrs. Rick Howard, Mr. and Mrs. Jimmy Greene, and Minister John Scott. Members on the trip were Robbie McFarlin, Kellye McFarlin, Liz Summer, Carla Greene, Sunshine Smith, Ginger Pearson, Jan Crawford, Anne Sheets, Shanna DeArmond, Melissa Bullard, Sally Dunnihoo, Mindi Patterson, Cristi Simms, Nancy Ivey, Billy Club, Scott Wilkerson, Chris Porter, Blake Dudley and Joe Vasha-

Mr. and Mrs. Garland Head spent Friday night in Pampa in the home of her sister, Kather ine and Zane Hall. Elida Jackson, with Landon and Clint also drove over to help observe the birthday of her mother, Katherine,

Sympathy is extended to the family of Merrell Johnson on his death. Merrell has been a good citizen for many years. After his retirement he worked with the Hansford Cemetery Association helping to maintain the grounds and was very conscientious and dedicated. He will be much

Clint Schnell, 101/2 year old son of Mr. and Mrs. James Schnell, has the record for the most interesting spring break vacation. Clint, whose uncle is an air line pilot, flew with his aunt to Seattle. They joined his uncle and toured the San Juan Islands in Puget Sound in ferries and hydroplane. They also enjoyed Vancouver, British Columbia. He flew back to Amarillo on Sunday. Clint has traveled with his uncle extensively.

W.L. Russell enjoyed a rare experience-that of greeting a fifth generation descendant-his great-great grandson paid him a visit this week. 2 year old Mathew Monford of Texas City accompanied his mother, Dana Mon-ford and his grandmother, Jan Vaglini here. Other grandchildren of Bill's were here also Nancy Mcghee of Plane and Ernest Wilmeth of Albu-

About 25 Baptist family members spent several days, from Tuesday until Saturday, at Crested Butte Colorado. They were surprised to find such warm weather, but the skiing was excellent. The families making the trip were the Gibbs, Packs, Rollers, Kidders, Buford Bakers, Bill Hands, Dale Regers and the Wirt Davis.

The home of Aileen White could be called "Hospitality House" the past week. Her daughter, Elizabeth Carr, of Miami was here a couple of days. Her cousin Inez and Alvin Coffee of Hollis, Oklahoma spent Friday and Saturday. Tommie and Sue White were here over the week-end. They are living in Greenville. On Sunday others visiting her were the Kiffie Whites, Garland Heads, Troy Sloans, Zane Halls of Pampa, Robert Diffies of Dumas, Lawrence Maytums of Guymon, Lori Boyett and Children, Gary Woolleys, Lee Shavers, Delinda Mc-Laughlin and boys-about 48 al-

Experiencing 90 degree weather and coming home to snow was Mrs. Trudy Schneider, daughter Kari and Carl Urban. They had flown out on Wednesday and returned late Sunday. They visited Mrs. Schneider's mother who lives in Phoenix.

Four year old Michael Burke stayed with his grandparents, the Robert Burkes, for 4 days the past week. His baby brother, Mathew, the son of Mr. and Mrs. Terry Burke, was hospitalized in Pampa. He is recovering now at home so Robert and Wanda took Michael home on Sunday. Wanda says now he has all the questions-in a few years, he will have all the answers!

Andy and Sheila Watley had an action-Packed several days last week. They went to Austin to the High School Girls Basketball tournament Championship, Sheila's sister, Phyllis and Jimmy Kirkland, both formerly of Spearman, met them there as Jimmy is the Coach for Sudan. Sudan won the Championship in the Class A. They rushed to Levelland where the Boy's Regional tournament was being held. Jimmy is also the Sudan boys coach and they were in the finals. This time they were not so elated as the boys didn't quite make it.

The youth of the First Christian Church are making a run on the Sun Burn Lotion since their return on Friday from Wolf Creek, Colorado. They left March 3 and report a most enjoyable ski trip-in spite of the sun burns. The snow was deep and ideal and the weather was warm. The sponsors accompanying them in the church van were Reverend and Mrs. Martin Foster and family, Dave and Jeanie Laughlin. Youth making the trip were Crista Urban, Shannon Groves, Sandy Hill, Kim Jenkins, Stacy Nitschke, Tim Woolley, Edward Mayfield, Keith Benson, Justin Ooley, and Jeff Gustin.

Many from Spearman attended the livestock show in Houston and many more were skiing in the mountains over the week-end, but none had a more enjoyable time than those who attended the Tri-State High School Rodeo in Spearman on Saturday and Sunday afternoons. The weather was good; the contestants enthusiastic and the action exciting.

Attendants at some social events may marvel at the hundreds of thousands of dollars worth of jewels on display, but those attending this rodeo marveled at the hundreds of thousands of dollars represented by the horses, trained to perfection and ridden the

One wonders the reason why more than 200 young people would invest so much financially as well as their time, and days of training, then each week-end load the horses or gear, drive many, many miles, pay the entry fees, saddle up, fight the butterflies in the chute-ride out-a swing and a miss. or a mouthful of dirt, load up and drive all the miles back home and be at school the next morning-sometimes the elation of winning shortens the miles back. There has to be a fascination or satisfaction that justifies

One of the reasons this rodeo was such a pleasure was due to the able announcer-Mary Pierce, who teaches in Carlsbad, New Mexico. All involved feel it fortunate indeed that he is available. He entertains as well as leads the smooth flow of the events. He is knowledgeable about the intricacies of the events and has just the right blend of humor and understanding. The warmth of his teasing makes each contestant realize that he or she is not just one of 200, but an individual, and a special individual at

Mr. and Mrs. Ted Harbour had a very busy but enjoyable week with many family members in and out at various times. The drawing card was Ted and Debra Harbour with little Vada and Austin. They live at Rockwall, Texas where Ted is an attorney. They returned on Friday.

LETTER TO THE EDITOR

I do not believe the people who think the Seat Belt Law is a good idea have taken the time to think it through. Wearing a seat belt is a good idea, just like having regular medical check-ups, daily walks, smoke detectors in your home, dead bolt locks on your doors, not smoking and on and on. But is it the government's responsibility to place a fine on us if we do not? I say it is not.

There is no question the cost of medical care is on the backs of all of us either through insurance premiums or taxes. So if you support the Seat Belt Law for these reasons, then the rationale follows that you want laws requiring medical check-ups, daily walks, no smoking and all other known practices that might lengthen our years amd make us healthier. The cost of us not adopting these practices are also passed on to us through increased insurance premiums or taxes. But who should make us adopt such practices? The government?

A law requiring the wearing of seat belts is not different in principle from a law requiring annual medical checkups. If we can pass the one law - on the grounds that a particular practice is good for us - on what grounds could we spurn the other law? It is presumed by our government that we have too little sense to consider our own self interest and buckle up. So the government says let us accordingly, force them to do what we know is best for them. Let us do their thinking for them.

Let me tell you how the Seat Belt Law came about. By no means was it an outcry from our citizens to protect them from hurting themselves, but instead an outcry from the automobile manufacturers' lobby. The reason the auto lobby was concerned is because the federal government a few years ago said unless two thirds of the 50 states passed laws mandating seat belt use by 1989, it would order Detroit to equip all cars with expensive air bags. Not a single person in my district or the state of Texas asked me to pass a bill requiring them to wear a seat belt

Many people are wearing seat belts not just because of the laws, but because of the national publicity pointing out the facts in case of an

having medical check-ups, more people are having medical check-ups more people are installing dead bolts on their doors, more are exercising and fewer people are smoking. They are doing it for their own health and safety and not because the government is saying do it or we will impose a fine. For every good cause, there is not necessarily a good law waiting to be passed.

Knowing all this makes you wonder why it will be difficult to repeal the Seat Belt Law. There are many people who feel the government should tell them what to do to keep them heaithy and then make them do it. And then there are others who do not really care whether the law is on the books or not. since they are not going to abide by it anyway. They probably will never be ticketed for not complying unless they are stopped for other reason. But there are many who are adamantly

opposed to the law. I have heard from over eight thousand. They fall into two categories. One, those opposing for the reasons discussed above, and two, those who have a fear of being strapped in should a wreck occur and feel their chances of survival are better without it. Such is the case of the parents of a 31 year old son in West Texas. They were traveling in the car in front of their son's car and the last thing they saw him do was buckle up. They witnessed the accident and his last words were "get me out - get me out". His car was on fire and they could not get him out.

Our chances for repeal would be better if the law were strictly enforced or if automobiles were manufactured so they would not start until the seat belt was buckled. Then you would hear an outcry from the people all the way to the State Capitol that would overcome the special interest groups that passed the law.

So in the meantime, obey the law and wear your seat belt. But do not be surprised if this new session of the legislature comes up with more good ideas and passes more laws to take away some more of our human liberties. As Pogo said long ago: "We have discovered the enemy, and it is

Sailor of the Month

Scott's parents, Ronnie and Vicky Bullard of Spearman recently received a letter from his Commanding Officer telling them of their son's being selected as Fighter Squadron Forty-One's Sailor of the Month.

The selection board, which consists of senior squadron members, chose him over many other deserving nominees. Scott earned this award for outstanding performance while working in the AME shop.

The letter from the Commanding Officer went on to say that he appreciated the hard work and superior professional performance that Scott has given to the Squadron. He has been truly outstanding and has distinguished himself above many other excellent sailors. His energetic attitude toward his work, his squadron

and the U.S. Navy has contributed significantly to his squadron's ability to fulfill its primary mission: providing the first line defense for our Nation.

This is the 2nd time that Scott has been selected as Sailor of the month. The first time was in April of 1985. He is currently in the mediteranean aboard the carrier Nimitz, which houses 6,000 men.

Scott is a 1982 graduate of Spearman High School. He is engaged to Marla Harmond, also a 1982 graduate of Spearman High School. Marla is presently working for McClure Paint and Supply. Scott and Marla are planning a July wedding when he comes home on leave, then they will be returning to Virginia Beach, Virginia while Scott finishes his tour with

To God A Note of Thanks

Friends our topic this week we find in the book of Daniel chapter 12 verse 4. But thou O Daniel shut up the words even to the time of the end many shall run to and fro and knowledge shall be increased. This prophet of God 605 years before the birth of Christ seeing things of a time of trouble as had never been or ever would be again was troubled. But in our day 1987 after Christs birth a great part of it is revealed to the Saints of God fulfilling this scripture. First we will study of the increased knowledge. As one of you who is now nearing the 100 mile stone in life I will write of the advancement in knowledge of only a few things I have seen, know and know about. Being a farmers daughter and a farmers wife, I will tell of the way of the tilling of the soil upon which we tread. My father walking all day behind a plow drawn by two horse that only made a 15 or 18 inch furrow and today what do we see in our field here in the Panhandle of Texas. A large machinery tractor that makes a furrow of several feet. It has cab that gives comfort to man winter or summer, yes and with a radio gets

the news as he rides along. Now for the things that furnish us light when darkness covers the earth. I know we have went from the coal oil lamp to the Aladdin wind charger and electricity at our country homes. Of late our study has been about the healing of our sick body and oh what a great advancement in the medical

I know of the Doctors who rode a horse when called to a home and took with them what was known as a pill bag with its remedies enclosed and now what do we see and know about in

As for me I marvel at what is done on any live work that we might mention and no doubt mans know-

ledge will continue to increase until Jesus comes. Now we will study about the first part of our topic. "Man running to and fro" (going and coming back). Our ways of travel as for me I have went with my parents in Missouri in a lumber wagon until 1911, when coming to Texas, then traveled in a buggy until 1913 and now we travel in an automobile.

Many I know about have been flying in the air from one nation to another in a very short length of time, yes and to me a great wonder I have know about some going to the moon and now I'm glad for the study and information we get from the book of all books. "The Bible"; which reveals unto us the One who placed the moon in the heavens whose work is so much higher than mans as the heaven is high above earth. He that we seek with our whole heart who reveals to us the secrets hidden from past generations, yes, the mystery of Christ we read in Col. 1:26; and Eph. 3:1-5.

This study reveals unto us of we mortal people born of woman and a birth of the Spirit. Which makes us a new creature though in a flesh body of dust to that which is spiritual who are then strangers and pilgrims here on earth seeking a city which is to come whose builder and maker is God. Heb. 11:10. The knowledge or what we know about God begins with repentance of all sins we have committed and being forgiven and Jesus said if ye believe in God believe ye also in me. The word says the foundation of God standeth sure having this seal the Lord knoweth them that are His and let everyone that nameth the name of

by Mrs. E.A. Greever

Christ depart from iniquity (sin). This meaning we must be free from all sin for there will be no sin in that city above mentioned and this knowledge we will have when surrendering our spirit and soul and body. When the Lord knows this is done we are sanctified. The word says If ye continue in my word then are ye my desciples indeed so the experience of sanctification is a much greater knowledge that in us has been increased.

O praise God knowing we have an experience that will keep us from falling and present us faultless before the presence of His glory with exceeding joy. Jude 24; and now with a pure holy life with perfect praise we are promised a most marvelous gift. The Holy Ghost sealing our life unto the day of redemption.

A changed life from that made of dust to that of immortality eternal.

While we journey here on earth He the Holy Ghost will teach us all things and this means we can grow in grace and the knowledge of our Lord Jesus Christ. We are told in 1 Cor. first chapter because of mans wisdom He knows not God and in verse 26 we read not many wise men after the flesh not many mighty not many noble are called for God hath chosen the foolish things of the world to confound the wise and God hath chosen the weak things of the world to confound the things which are mighty and false things of the world and things which are despised hath God chosen yea and things which are not to bring to naught things that are that no flesh should glory in His presence but of Him are ye in Christ Jesus who of God is made unto us wisdom and righteousness and sanctification and redemption that according as it is written He that glorieth let him glory in the Lord. I thank God I had rather be one of them

National Hire the Older Worker Week March 8-14

Recognizing the importance of meaningful employment for older Americans, March 8-14, has been established as National Hire the Older Worker Week. An anuula event, Older Worker Week, is designed to spotlight the valuable qualities of the mature worker. Texas Farmers Union Green Thumb encourages both public and private employers to join them in honoring older employees during this

Green Thumb, A Senior Community Service Employment Program and sponsored by Texas Farmers Union, currently operates in 126 counties allowing over 1,000 senior workers to earn wages while assisting non-profit organizations. The program enrollees. age 55 and older, provide needed services which contribute to the maintenance and growth of rural communities. Program participants work in such areas as senior services, employment assistance, weatherization, environmental quality, public works, and education.

According to Green Thumb Director, Diane Parrish, "the abundance of talent, resource, and willingness that make up older workers must be recognized and utilized by employers not just during Older Worker Week but every week of the year. Hiring the experienced is good business and our program helps locate jobs for older workers in the private sector," she added, "and when looking for openings we find that chronological age is the least important measure of a person's true value to an employer."

During National Hire the Older Worker Week, employers who want experience, dependability, reliability, and dedication should consider hiring an older Texan.

Green Thumb Workers in Hansford County are; Ernest Newcomb at the Stationmaster's House Museum, and Floydean Gatlin & Dimple Jetton at the Golden Spread Center Senior Citizens. If you need to know the value of these workers you need only ask people at these establishments.

Methodist to have 16th Annual Missions Conference

Mr. and Mrs. Mark Abbott

Church, announces that March 14 and

15 the congregation will conduct its

Linda Muterspaugh Dennis Nelson, Missions Chairman at Spearman's First United Methodist

16thAnnual Missions Conference. The purpose of the event is to promote and to explain the missions ministry of the church, which is a global endeavor of outreach, disaster relief, and especially, evangelization. An important element of the day is the Faith-Promise campaign--an opportunity financially to underwrite missions through the Church of Jesus Christ.

The faith-promise is made to God. The congregation will be urged to ask God what they should trust Him for, the amount He will enable them to give for missions during the next 12 months. The basis of the promise is a relation between the individual and God. Faith-promises are made not on the basis of what persons now have to give, but on the basis of what they believe God will enable them to give. Faith-Promise donations are above and beyond giving to the general budget of the church.

Guest speakers will be Rev. Mark Abbott, Rev. Bill Fitzgerald, and Mrs. Linda Muterspaugh.

Born in Lubbock, Tx, Mark was raised in a Methodist parsonage in the Northwest Texas Conference. His parents Rev. Merriel and Mrs. Darene Abbott, are currently serving the First UMC of Lovington, New Mexico.

Mark attended Oral Roberts University in Tulsa, OK where he graduated summa cum laude with a Bachelor of Arts in Spanish. He participated in a three week trip to Spain in 1975 and spent his junior year (1976-77) in Granada, Spain, receiving a "Diploma of Hispanic Studies."

Mark attended Asbury Theological Seminary in Wilmore, Kentucky for

three years. Although he met his wife, Diane, while in ORU, he married in seminary on August 18, 1979. In May of that same year he was ordained Deacon of the Northwest Texas Conference at Polk Street UMC in Amarillo. Mark received his Master of Divinity (M.Div.) in May of 1981. Upon graduation he was appointed to serve the Plains UMC in Plains, TX where he served for two years. He was ordained elder in June of 1983.

Following the Lord's calling, Mark entered Drew University in Madison, New Jersey in the Fall of 1983 to pursue a Ph.D. in New Testament. He is currently in the dissertation phase of the degree and hopes to finish by the Fall of 1987.

Mark and Diane had two momentous events happen in the Summer/ Fall of 1986. Andrew Nelson was born on July 12, and eternally changed their lives! Secondly, Mark and Diane were commissioned as missionaries of the United Methodist Church in New York City on October 23. They are currently assigned to Madrid, Spain.

Mark and Diane were commissioned as regular missionaries of the General Board of Global Ministries on October 23, 1986 in New York City. They are assigned to serve in Madrid Spain.

Mark will be a professor of biblical studies in the seminary of the Spanish Evangelical Church. This is a small seminary of 15-20 students. The Spanish Evangelical Church is composed of three major traditions; Reformed, Lutheran and British Methodist. It is listed in the World Methodist Handbook and in the World Council of Churches Handbook.

Unlike American seminaries which have up to 100 applicants for each available teaching position, the Spanish Evangelical Church has great

difficulty in replacing its faculty. The Church is not able to provide a salary for their faculty, so theymust resort to other means for their living. Mark and Diane have been accepted as Fraternal Workers with the denomination, so in a sense it is a denomination-to-denomination loan.

Diane's job description is less specific at this time. However, taking care of a toddler is a handful in itself,. Diane has talents in the area of music (singing, harp, piano, organ) as well as her professional secretarial skills. We also hope to have a ministry of hospitality with our students and

Linda Muterspaugh and her husband Lloyd have been home missionaries since 1966. Members of the South Central Jurisdiction of Deaconesses and Home Missionaries, they now serve at McCurdy School in Espanola, New Mexico.

Linda is a former English and Spanish teacher and now principal of McCurdy High.

She was born in West Virginia and spent her teenage years in Indiana. Educated at the University of Indianapolis and the University of New Mexico, she has a strong commitment to helping young people become whole persons in Jesus Christ.

Rev. Bill Fitzgerald is a native of Munday, Texas, and graduated from Texas Tech and Asbury Seminary. He and his family have served in Nigeria, where Bill was an agricultural missionary, with the UM Board of Global Ministries.

He and his wife Barbara have five children and are now living in Abilene, Texas, as Bill has become a missions interpreter for the South Central Jurisdiction.

A Saturday afternoon and evening Prayer Vigil will invoke God's blessing on the conference. Members of the congregation have been asked to volunteer for this 12-hour vigil.

TEAM WORK Successful teamwork requires 100 percent cooperation from everyone. Any job can be accomplished much more quickly and smoothly if everyone involved works together. Here's how:

Team members should follow instructions exactly in order to do the job correctly.

Team members can protect on another by obeying all safety rules and procedures.

Team members can get more done by coming in to work on time, ready to do the job.

Team members can maximize their performance by following company policies and precedures.

POLIOPLUS MONTH:

MARCH

The R.I. Board and the Trustees of the Rotary Foundation have agreed that the month of March will be set aside for Rotarians to give special emphasis to Polio Plus activities.

It is essential that Rotarians be informed and motivated about the objectives of the PolioPlus Program before public fun-raising begins in earnest. The target: U.S. \$120 million to help immunize all the world's children against polio. So make March 1987 a time for PolioPlus awareness.

Girl Scouts Celebrate 75th Anniversary

In 1987, Girl Scouts wili celebrate their 75th anniversary with the theme "Tradition with a Future." Throughout the year, nearly three million Girl Scouts nationwide and those residing overseas will participate in special projects emphasizing the rich tradition of Girl Scouting as well as the exciting future that awaits today's girls.

The anniversary projects include time travel activities. Girls from Yucca Council will explore the history of Girl Scouting with former Girl Scouts who have been invited to serve as travel guides. Together, alumni and presentday Girl Scouts will share recollections of earlier times, such as how women won the right to vote during the suffrage movement or how Girl Scouts took an active part on the domestic front during times of national crisis.

Service to others is a tradition in Girl Scouting and the 75th year will also be celebrated by giving gifts of

service to the community. Troops from Yucca Council will initiate projects such as escorting the elderly to medical appointments, creating activities for the disabled or cleaning up city parks during the summer. Several of the projects will take a team approach, allowing many Girl Scouts to partici-
