

R. B. Whitaker To Fill Martin Treasurer Post

STANTON (SC) — R. B. Whitaker, theatre owner and former school teacher, was appointed county treasurer this morning to serve the balance of the unexpired term of Mrs. Pauline McDonald, who resigned effective June 1.

The appointment was made by the Martin County Commissioners Court and announced by County Judge James McMorris.

The appointee's wife had previously made application for the appointment, but withdrew her application in favor of that of her husband.

There was but one other applicant for the post. He was Lloyd M. Heintz, a teacher in the Stanton school, and a man described by the commissioners as being in every way fitted for the post.

The commissioners said, however, that since he was already on the state payroll, as a teacher, and they were informed he was already under contract to teach for another year in the schools here, that there was some question as to the legality of his appointment, particularly in view of the fact that his contract for this school year has not yet expired.

They had an assurance from Whitaker, the court said, that he will serve out the balance of the year, and they said that with his appointment they have avoided the probable necessity of making another appointment between now and Jan. 1 which would also put the county to the additional expense of another audit of the records in the office.

Scout Troop 15 Reorganization Set

Parents are especially urged to attend a reorganization meeting for Boy Scout troop No. 15 at the Eagles Lodge hall at 7 p.m. Wednesday.

There will be a troop court of Honor. The F.O.E. sponsors of the troop, have a new scoutmaster who will be introduced and who will conduct an investiture.

Afterwards, there will be a meeting of the troop committee, together with the institutional representative and all fathers interested in the program for their boys. Sam McComb, district campaign chairman, will talk about the council camp at the Scout Ranch in the Davis Mountains. D. M. McKinney, leader of organization and extension, termed the meeting as a most important one for the unit.

Eden Gets Secret Orders For Meet

By SEYMOUR TOPPING
LONDON (AP)—Foreign Secretary Anthony Eden flew back to the Geneva conference on Indochina today with secret new instructions. Eden got his orders in a 50-minute Cabinet meeting this morning at No. 10 Downing St., Prime Minister Churchill's official residence.

The foreign secretary told airport reporters:

"I shall continue to do my best to reach an acceptable and peaceful settlement in the Far East. I think it likely that our discussions during the next week or two will be decisive."

Eden flew to London Saturday as the feeling grew that the Geneva talks might be near a breakdown and a new British policy would have to be worked out to meet that contingency.

Western diplomats expect the British to carry on with their policy of trying by every means to get a satisfactory negotiated settlement of the Indochina War. These British tactics have produced a rift between Washington and London because they have delayed action on pro-

French Claim Win In Small-Scale Siege

By JOHN RODERICK
SAIGON, Indochina (AP)—The French High Command claimed victory today in a midsize battle of the Dien Bien Phu type at Nam Tha, in northern Laos. The French-Laoan garrison vanquished an attacking force of about 400 of the Communist-led Vietminh after being harassed for six days by continual mortar, machine gun and light arms fire, a spokesman said. The rebels, outnumbering the defenders 3-2, were reported to have lost 55 men, while the garrison's casualties were "very light."

Nam Tha lies on an eastern tributary of the Mekong River 100 miles west of Dien Bien Phu, the French Union fortress which was overwhelmed May 7. It is 18 miles south of the frontier of Red China's Yunnan Province and barely 50 east of Burma's border.

Five more men of the Dien Bien Phu garrison, all Thais, were disclosed to have escaped and reached the safety of a French defense post in Laos yesterday after a long, dangerous trek through jungle and swampland. Five other Thais, natives of mountainous northwest Indochina, had stumbled into friendly camps May 19.

General Electric Sets Wage Offer

NEW YORK (AP)—General Electric Co. today offered its employees a general wage increase of four to five cents an hour, plus holiday and vacation improvements.

The offer was made to negotiators of the CIO International Union of Electrical Workers and its rival, the United Electrical, Radio and Machine Workers of America (Independent).

The company said the same offer applied to other unions and to employees not represented by unions.

LONDON (AP)—Foreign Secretary Anthony Eden flew back to the Geneva conference on Indochina today with secret new instructions. Eden got his orders in a 50-minute Cabinet meeting this morning at No. 10 Downing St., Prime Minister Churchill's official residence.

The foreign secretary told airport reporters:

"I shall continue to do my best to reach an acceptable and peaceful settlement in the Far East. I think it likely that our discussions during the next week or two will be decisive."

Eden flew to London Saturday as the feeling grew that the Geneva talks might be near a breakdown and a new British policy would have to be worked out to meet that contingency.

Western diplomats expect the British to carry on with their policy of trying by every means to get a satisfactory negotiated settlement of the Indochina War. These British tactics have produced a rift between Washington and London because they have delayed action on pro-

where Brig. Gen. Christian de Castries had his command post. All the others were from Isabelle, a supporting strong point to the south where most of De Castries' artillery was concentrated.

On the political front in Indochina, the various religious groups, including the Cao Dai, the Hoa Hao and the Binh Xuyen, announced they will hold a national Congress beginning Wednesday. The Congress is expected to protest any partition of Viet Nam, an idea which it ascribes to "the

colonialists and imperialists" at Geneva.

American diplomats here say Viet Nam's political situation has deteriorated rapidly since the fall of Dien Bien Phu. They contend only bold steps can save the government.

This became known today as a French study of steps necessary to bolster Indochina's defenses reached near-completion. Washington reports have said this study is expected to open a new phase in French-American talks on possible U.S. intervention in the Indochinese war.

American diplomats are worried, however, lest the French-sponsored Vietnamese government of former Emperor Bao Dai collapse before outside help can be brought to keep it on its feet.

As a first measure to bolster it, the United States will recommend soon that Bao Dai hurry home from Europe to take over active leadership again. The Viet Nam chief has been on the French Riviera for more than a month awaiting the outcome of the Geneva conference on Asia and negotiations for complete independence which his officials are carrying on with the French at Paris.

Although the period is extremely critical, most of his Cabinet ministers also are at Geneva, Paris or elsewhere outside the country. Several important decisions have not been carried out.

Before Bao Dai left for France, he signed decrees creating a war cabinet with wide powers and assigned Premier Prince Bao Loc to draw up plans for a provisional national assembly. The cabinet, at its first meeting, ordered total mobilization of all men between 21 and 25 for military service.

Due largely to sharp differences between government officials, no steps have been taken yet to put these measures into effect.

The French military study is being made by Gen. Paul Ely, chief of staff of the French Army. He is to return to Paris soon to report to a French-American conference, scheduled to open early in June.

Officials in Washington said his recommendations, which may call for a shakeup in the French command in Indochina, will provide a basis for an expected French proposal for American action.

At the HCJC exercises the Rev. Clyde Nichols, First Christian pastor, gave the invocation. The Rev. Jordan Grooms, First Methodist minister read the Scriptures, and the Rev. Leslie Kelley, Prairie View Baptist pastor, pronounced the benediction. Mrs. Champ Rainwater played the processional and recessional.

Jim Farmer and Martha Lou Winans played the processional and recessional for the high school ceremonies. Invocation was by Rev. Grooms, the benediction by the Rev. Maple Avery, East Fourth Baptist pastor. The Master Singers sang two numbers. One of the briefest baccalaureates on record, the entire service required only 34 minutes.

Bodies Of Two Found In C46 Plane Wreckage

SAN ANTONIO (AP)—At least two men died in a crash of an Air Force C46 whose wreckage was found at mid-morning today between Center Point and Comfort.

Searchers phoned Kelly AFB that two bodies have been recovered and that the three other crew members were injured.

Kelly immediately dispatched helicopters and ambulances to the scene.

The site is about 50 miles north of San Antonio and some 15 miles east of Kerrville. It's in rugged, hilly country.

The plane was from the Indiana Air National Guard at Columbus, Ind.

Kelly had no details. The site of the crash was between Comfort and Center Point.

The plane, a C46 flying from El Paso to San Antonio, disappeared last night.

A resident at Medina, 23 miles south of Kerrville, reported he heard the plane over Medina with its engine cutting out. Residents of Kerrville reported they heard a low-flying plane about 11 p.m.

Low clouds early today delayed the start of the search.

The pilot of the missing plane had reported last night he was flying through rainy weather and a low ceiling.

The Civil Air Patrol set up headquarters at the Kerrville Airport to direct the search.

Col. George A. Brewer Jr., commanding officer of the Texas Wing of the CAP, said 20 planes were expected to participate. Only two had arrived here early today, but the others were expected as soon as the clouds cleared.

The plane left Biggs Air Force Base at 6 p.m., CST, last night and was due at San Antonio's Kelly Air Force Base at 9:30 p.m. An hour after it was due, the pilot radioed for an instrument flight plan. The pilot, a lieutenant colonel whose name was not disclosed, reported he was flying through rainy weather and a low ceiling.

At 10:52 p.m., the plane called Kelly again, reporting the clouds breaking up and estimated it would be at Kelly in another minute. The pilot said he believed he was northwest of San Antonio.

That was the last word from the plane.

However, the CAP said residents of Kerrville, 66 miles northwest of San Antonio, said they heard a low-flying plane about 11 p.m.

Search headquarters were set up at Kerrville, with Lt. Col. Ross Jennings as CAP mission commander. Plans taking part in the search were from San Antonio, Waco, Austin and Temple.

WASHINGTON (AP)—Secretary Stevens assumed full responsibility today for the Army's charges against Sen. McCarthy and, in a sharp exchange with the senator, denied this was a "cover up" for higher officials in the Eisenhower administration.

The Army secretary was back in the witness chair of the resumed McCarthy-Army hearings and tussled with the senator repeatedly.

McCarthy hammered hard to develop his contention the charges were really "instigated" by White House aides, and the two men repeatedly swapped sharp words.

Sarcastically, McCarthy suggested at one point that Stevens had had a long rest and should now be able "to tell the truth."

Stevens, his voice rising, leaned forward in the witness chair and said: "I resent that remark. I tell the truth. I don't think the chairman ought to allow that kind of statement to be made."

McCarthy asserted that Stevens had given "completely contradictory" testimony about the inception of the charges against the senator and his aides.

He asked that the official reporter type up this morning's testimony so he could point out differences from statements Stevens had made earlier in the hearings.

McCarthy was still pounding away at Stevens when the hearing was recessed for lunch.

The secretary acknowledged he had consulted with high administration figures about the Army's difficulties with McCarthy's investigations subcommittee but insisted the Army alone was responsible for bringing the charges.

"You can't cover up for anyone by accepting the responsibility," McCarthy stormed.

"I'm not trying to cover up," Stevens retorted. "There isn't anybody to cover up."

Stevens objected each time McCarthy referred to the Army charges as "smear charges." The secretary said he didn't make

The Army secretary was back in the witness chair of the resumed McCarthy-Army hearings and tussled with the senator repeatedly.

McCarthy hammered hard to develop his contention the charges were really "instigated" by White House aides, and the two men repeatedly swapped sharp words.

Sarcastically, McCarthy suggested at one point that Stevens had had a long rest and should now be able "to tell the truth."

Stevens, his voice rising, leaned forward in the witness chair and said: "I resent that remark. I tell the truth. I don't think the chairman ought to allow that kind of statement to be made."

McCarthy asserted that Stevens had given "completely contradictory" testimony about the inception of the charges against the senator and his aides.

He asked that the official reporter type up this morning's testimony so he could point out differences from statements Stevens had made earlier in the hearings.

McCarthy was still pounding away at Stevens when the hearing was recessed for lunch.

The secretary acknowledged he had consulted with high administration figures about the Army's difficulties with McCarthy's investigations subcommittee but insisted the Army alone was responsible for bringing the charges.

"You can't cover up for anyone by accepting the responsibility," McCarthy stormed.

"I'm not trying to cover up," Stevens retorted. "There isn't anybody to cover up."

Stevens objected each time McCarthy referred to the Army charges as "smear charges." The secretary said he didn't make

WASHINGTON (AP)—Secretary Stevens assumed full responsibility today for the Army's charges against Sen. McCarthy and, in a sharp exchange with the senator, denied this was a "cover up" for higher officials in the Eisenhower administration.

Stassen Blasts McCarthy Again

WASHINGTON (AP)—For the third time in less than a week, foreign aid chief Harold E. Stassen has used sharp words to criticize a foreign policy speech of Sen. McCarthy (R-Wis.).

Stassen, in a radio-TV interview yesterday, said policies advocated by McCarthy in a Senate speech last week would "have America stand all alone . . . and a third world war would become more and more inevitable."

Asked if his statement indicated an administration decision to get tough with McCarthy, Stassen said he spoke only for the Foreign Operations Administration, which he directs.

He and President Eisenhower have conferred twice since McCarthy told the Senate that with the possibility of American intervention in Indochina, "it is criminal folly to give money to allies who . . . are shipping the sinews of military and economic strength to our enemies."

McCarthy called on Congress to "bring honor out of dishonor" by halting Allied trade with Red China.

Yesterday Stassen said Western trade with Iron Curtain countries has resulted in a net gain to the free world in what he called "peaceful" goods. He repeated his earlier statement that America's allies are living up to their agreement not to ship strategic goods behind the Iron Curtain.

St. Louis Man To Attend Own Funeral

ST. LOUIS (AP)—Thursday will be a day for Elmer T. Walter to remember — he plans to attend memorial services for St. Louis attorney who died last year. His name was erroneously listed among the deceased.

Everett Hullverson, president of the Lawyers Assn. of St. Louis, which sponsors the services, said the list had been checked and double-checked before invitations were printed. But through some error Walter's name was included on the invitations, which also carried the names of 42 dead lawyers.

Walter remarked: "I don't know how it happened, but I'm glad to report it is erroneous."

Scoutmaster Given Troop's Good Turn

LOS ANGELES (AP)—The Boy Scouts of Troop 666 did their good turn yesterday — for their scoutmaster.

First they had to get him out of town. They contacted Jim Stevens' sister in Fresno and arranged for her to invite him up there for a visit.

Then they set to work, with parental supervision, and painted his house — a job they knew he had been planning but had postponed to work with them. It helped that a painting contractor was chairman of the parents' committee for the troop.

"We figured that since he'd given so much of his time to us, we owed him a little in return," said 15-year-old Scout Warren Smith.

Farm Price Peg Deadlock Seen

WASHINGTON (AP)—Sen. Knowland (R-Calif.) said today there is a "possibility" that Congress will deadlock over farm legislation and thus let flexible prices support go into effect under existing law.

Knowland, the Senate's Republican leader, said in an interview he doesn't know what is going to happen in the controversy which has found many Democrats and some Republicans lined up behind proposals to continue price props on major field crops at 90 per cent of parity.

But he said "It certainly is a possibility" that the two houses of Congress will fail to agree on a farm bill.

President Eisenhower has urged abandonment of the present system of mandatory price supports on basic field crops at 90 per cent of parity and its replacement by a system of flexible prices ranging from 75 to 90 per cent of parity. Parity is a standard for measuring farm prices said by law to give farmers a fair return in relation to prices they pay for things they buy.

Congress in 1948 and 1949 put on the books a flexible support system, although not in the form the Eisenhower administration has recommended. But it has postponed its effective date from year to year, continuing the rigid 90 per cent props first provided in wartime to stimulate production.

Eisenhower recommended that, to ease the impact of a change to flexible supports, up to 2½ billion dollars worth of crops the government now holds be "frozen" and ignored in figuring support levels. This provision is not included in the 1948-49 legislation.

The 90 per cent supports now are slated to expire at the end of the 1954 crop year, and failure of Congress to pass new legislation would permit the flexible plan now on the books to go into effect.

Man Will Try Solo Sail Around World

LOS ANGELES (AP)—As a boy and later as a quartermaster in the Navy during World War II, Rolph Thorvaldson dreamed of sailing solo around the world.

Today he's on his way in a 28-foot ketch and figures it will take a year to make the 12,000-mile voyage.

Thorvaldson, 30, of nearby West Covina, left yesterday. His craft, the Tahoa, carries 210 feet of canvas and a 14-horsepower auxiliary engine. It cruises at about four knots.

Rail Fight Foes Debate On TV

NEW YORK (AP)—William White and Robert H. Young met face to face last night for the first time since they joined battle last February for control of the New York Central Railroad.

With a showdown stockholders vote on the dispute scheduled for this Wednesday, the meeting in a television studio was hardly cordial.

Both men smiled tightly when they shook hands before start of the program, Meet the Press, on NBC. Asked to repeat the handshake for benefit of photographers, White, who is now president of the railroad, refused.

"This is serious. I'm not going to make a pink tea of this," he said.

For the remainder of the half-hour program, in which the two railroad titans answered newsmen's questions, they avoided any further direct contact.

Both White and Young claimed they were sure of victory, although when asked for figures on proxy strength, White replied:

"In a battle such as this, I don't think contending sides disclose

Specialists Veto Godfrey Surgery

BOSTON (AP)—After studying Arthur Godfrey's year-old operation on his right hip, specialists have decided against further surgery for at least three months.

The TV-radio star flew here yesterday in his own plane for a detailed examination by Dr. Otto Aufranc, his surgeon, and Dr. Joseph Barr, chief of the orthopedic service at Massachusetts General Hospital.

Dr. Aufranc reported afterward there is "an almost normal range of motion in the operated hip." He advised more time should be given for corrective exercises and training in walking with crutches.

Steals Star's Purse

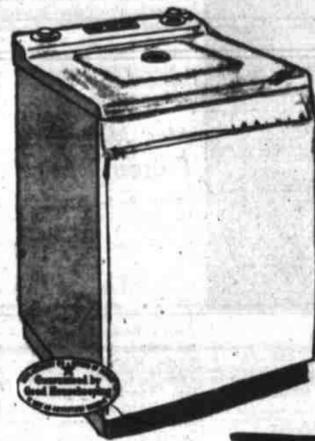

HOLLYWOOD (AP)—A thief shoved a curtain rod through an unlocked window to lift a purse and contents valued at \$250 yesterday from the apartment of actress Leslie Caron. He wasn't caught.

their real strength. I don't propose to."

Young said he was sure of winning, even if 800,000 shares bought by two Texas friends of his are not voted. White has challenged the transfer of this stock from the Chesapeake & Ohio Railroad, which Young formerly headed, to Texas millionaire Clint W. Murchison and Sid W. Richardson.

R. L. Bowmans To Attend Conference

FORSAN — The Rev. and Mrs. R. L. Bowman will leave Tuesday for Amarillo to attend the annual Methodist conference which convenes Wednesday morning.

Rev. Bowman is pastor of the Forsan Methodist Church. He and Mrs. Bowman will be accompanied by Mr. and Mrs. Glenn Whittenberg, lay leaders.

The conference will close Sunday with the reading of the appointments of the pastors for the ensuing year.

R. L. Bowman Jr., his wife and son, Steven Kent, of Big Lake spent the weekend with his parents.

THIS IS GOOD EATING

PUFFY ASPARAGUS OMELET

Ingredients: 1 cup fresh asparagus (cut into 1-inch pieces), 1/2 cup boiling water, 1/2 teaspoon salt, 5 eggs (separated), 5 tablespoons milk, 1/2 teaspoon salt, 1/4 teaspoon pepper, 1 teaspoon finely chopped onion, 1 1/2 tablespoons bacon fat. Method: Cook asparagus only until just tender in the 1/2 cup boiling water and 1/2 teaspoon salt in a covered saucepan; drain. Beat together well the egg yolks, milk, 1/2 teaspoon salt, pepper and onion. With clean beater, beat egg whites until they stand in soft peaks and carefully fold in the beaten egg yolks and drained asparagus. Heat bacon fat in a 9 or 10-inch skillet with a heat-resistant handle, tipping skillet to grease entire bottom and sides. When fat is hot enough to sizzle a drop of water, lower heat and pour in omelet mixture. Cook over very low heat until well puffed over the top and golden brown underneath—about 10 minutes. (Test by gently raising omelet with spatula.) Place in preheated slow (325°) oven until top springs back when pressed, with finger—8 to 10 minutes. With a spatula make a crease across the center of the omelet and fold over and away from the handle. Slip on to a hot tilted platter. Makes 4 servings. Serve with the menu below.

New Pin-Up Beauty

Mamie Van Doren, Hollywood's latest blond bombshell, passes on some of her glamour tricks to Lydia Lane. You'll be seeing Mamie soon with Donald O'Connor in "Francis Joins the WAC."

HOLLYWOOD BEAUTY

New Glamor Girl Tells How To Get That Way

By LYDIA LANE

HOLLYWOOD — Mamie Van Doren has so impressed her bosses at Universal-International that they predict she'll become one of this town's brightest stars.

"It is so thrilling to feel you are going places," Mamie told me as we chatted in her dressing room the other day. "And I'll never get over being grateful to Jimmy McHugh."

When Mamie came to audition for a night club act McHugh was assembling the famous song writer was so impressed with her resemblance to Marilyn Monroe that he became her personal manager and sent her to study dramatics.

"Have you always had the boys whistling at you?" I asked. "No, I started out as a tom boy," Mamie confessed. "I never enjoyed playing with girls. "But as I began to grow up I started to pay more attention to the way I looked. At that time I had a crush on Lana Turner and I copied her hair styles and a friend of mine helped me copy her dresses. "Everytime I received a new dress I used to have a snap shot taken of it from the front and back. It was very helpful to analyze clothing this way. I discovered I looked awful in square necks and that full skirts were not becoming. A camera will point out things that you are liable to miss in the mirror. "I didn't like the way I was standing so I used to walk around with a book on my head. I walked, pretending this was a crown and that I was a queen. To become more graceful I would practice curtsying in front of a mirror. "I wanted to know Mamie's top glamour trick. "I think men find it very sexy when you put a shiny gloss over your lipstick. You can use vaseline or a salve especially made for this. "I asked about her Monroe-blond hair. "Even though my hair is on the light side it takes five hours and \$20 every week to keep it this shade. But now," Mamie explained, "it's much easier for me because my mother has learned to bleach it so I can have it done at home. I wouldn't advise anyone to make their hair this shade unless they were in show business."

ANOTHER BLOND'S SECRET
Marilyn Monroe, another of Hollywood's famous blonds, has some vital beauty secrets available in leaflet M-33. "Marilyn Monroe's Own Exercise Routine." With this leaflet you'll be able to use the Monroe formula for streamlining your legs and ankles, prevent or correct flabby upper arms and keep your breasts firm and uplifted. To get this leaflet send 5 cents AND a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, in care of The Big Spring Herald. Remember to ask for M-33.

UNCLE RAY'S CORNER

Arabs using their "up-to-date" spraying outfit near the edge of desert.

In reply to a request from a young reader, I shall tell more about harmful insects, today and tomorrow. In particular I shall speak of the struggle to wipe them out.

Insects may be divided into three classes—the helpful, the harmful and the neutral. Those which neither help nor hurt people include thousands of kinds, and we may speak of them as "neutrals."

Among the "good" insects are honeybees, silk moths, dragonflies, ladybugs and many others. The insects which spread pollen from blossom to blossom are of high importance.

Outside those groups, we have vast armies of harmful insects. The enemies of people — and of things which people use — include mosquitoes, ticks, jiggers, potato

beetles, weevils, scale insects, fleas, chinch bugs and most moths. Some insects hurt people by stinging or biting. In addition, they may spread the germs of disease. Certain kinds of mosquitoes carry yellow fever or malaria. In Africa the tsetse flies are the villains which infect natives and white travelers with the dreaded sleeping sickness.

A war is being waged against harmful insects. One weapon used during the past 15 years is the powerful chemical called DDT. This has helped to rid homes of houseflies, and it has checked mosquitoes in various places. In some farming areas, it has helped to destroy pests which attack crops.

Although DDT has done fine work, let us remember that it is only one of several chemicals which are employed in this war. Many methods of attack are being used. Tank trucks and airplanes are employed to spray or dust parts of some cities as well as farming land.

Even at the edges of deserts, the fight goes on. Some Arabs place chemical tanks on camels, and spray the chemicals on sandy soil. Among the pests which they attack are locusts.

The airplanes which are used for spraying or dusting are much slower than usual planes. One biplane designed for the purpose travels only 30 miles an hour.

Tomorrow: More About DDT.

Army-McCarthy Probe Brings Much Sentiment

This is the day that Americans once again cluster around TV screens to watch the Army-McCarthy hearings.

"The most dramatic thing ever lensed," said one fan in a letter to the ABC network. "One thing seems certain: the hearings have stirred up a tremendous reaction among newspaper readers, TV viewers and radio listeners."

"As many as 4,000 protests have descended on a TV station that dropped live telecasts."

"Thousands of letters have piled into newspaper offices to commend or condemn Sen. Joseph R. McCarthy (R-Wis.)."

"If McCarthy, Cohn and Schine are protecting us from Communists, who will protect us from

McCarthy, Cohn and Schine?" a reader wrote the New York Post.

"Sen. Joe McCarthy... carries the cross, not that he has to carry it, but because his country comes first with him, regardless of party lines or beliefs," said a letter in the St. Paul Dispatch-Pioneer Press.

The Associated Press checked 81 representative newspapers from coast to coast and North to South to see how sentiment was running in letters to the editors.

Twenty-five of the newspapers said the majority of the letters they received on the topic favored McCarthy; 19 said the majority was anti-McCarthy; and 17 said there was about an even split.

Here is the breakdown regarding McCarthy by sections:

S Pro	Ant	Even
East	8	6
South	0	3
Midwest	9	7
West, Southwest	8	3

Nineteen editors said the letters showed an increasing anti-McCarthy trend since the hearings began and four said there was an upswing for the senator. Little or no change in sentiment was quoted by 39.

Callers to the TV stations seldom express opinions on the hearings or personalities as such, but usually are vehement in declaring the proceedings should be telecast.

ABC and Du Mont are the only networks carrying the hearings "live."

Weekend Death Toll Is 14 Lives

Violent death came to at least 14 persons in Texas during the weekend with the traffic toll, as usual, the major cause.

At least nine persons were killed in traffic. Three persons drowned, one was shot to death and another was stabbed.

Some of the latest reported deaths: Three persons were killed Sunday outside Mason when their automobile hit a creek bridge.

Dead were Mrs. and Mrs. Vernon Hertz and R. M. Cullins, all of El Paso. The driver, Paul Beard of Coleman, was not seriously injured.

P. T. Brewer of Fort Worth drowned Sunday while wading in Lake Whitney in Central Texas. He apparently stepped into a deep hole. A woman wading with Brewer was rescued.

Dominic Scaramozzi was killed Sunday in San Antonio when his light truck overturned.

Yvonne Medlock, 3, suffered fatal injuries in Dallas Sunday when struck by a car.

St. Louis Crash Fatal To Airman

ST. LOUIS (AP)—An automobile went out of control, plunged down an embankment and smashed into a tree in southwest St. Louis County yesterday, killing Air Force Sgt. R. J. Cook.

Military authorities said papers of the body of the 27-year-old Cook indicated he lived in Wichita Falls, Tex.

He was on furlough after returning from overseas duty and was scheduled to report to Eglin AFB in Florida.

Dallas Incendiary Has 40-Foot Fall

DALLAS (AP)—Tom Barrow, Dallas' most noted incendiary whose little fires to keep him warm often burn down whatever warehouse he's spent the night in, dropped back in the news today.

This time he fell 40 feet from a railroad trestle.

Tom broke a hip, an arm and a leg in the fall. Hospital attendants said he mainly was concerned about the broken wine bottle.

Mexico Thinks U. S. Boats Get Signals

MEXICO CITY (AP)—Jose A. Ramon, Tampico, port director, has asked aid in capturing someone who, he believes, has been signaling U. S. shrimp boats off Mexico.

Ramon said he thinks a truck occasionally parked on the beach has been signalling movements of Mexican gun boats, whose duty it is to catch U. S. shrimp boats fishing in Mexican waters.

Shivers And Party Reach South Korea

SEOUL (AP)—Three American governors arrived today to study the U. S. rehabilitation program in South Korea and to "create an interchange of ideas between the two countries."

The delegation, headed by Gov. Dan Thornton, Colorado, included Gov. John S. Fine, Pennsylvania, and Gov. Allan Shivers, Texas.

The governors will spend four days visiting such projects as power plants, manufacturing firms and mines which are getting U. S. government financial aid.

Thornton said he would look into the administration functions of the South Korean government; Fine will concentrate on heavy industry, power and mining; and Shivers will study food and range problems.

Italian Ship Sinks; Seven Are Rescued

GENOA, Italy, May 24 (AP)—A small Italian coastal freighter broke up and sank in heavy seas today a few miles off the Italian Riviera. At least seven of the 12 men aboard were rescued after a pre-dawn hunt by ships of many nations, including the U. S. liner Constitution.

Search for the other five was continuing following reports they were seen in a small boat riding out the high waves.

A Bible Thought For Today—

One Good Piece Of Advice While On The Road For Vacation Joy

The vacation season is in full swing, and whether you travel far or near, or simply stay at home and make it easy on your muscles and your pocketbook, you'll want to give some forethought to this annual event in your life.

Two things can spoil any vacation: running around like a chicken with its head chopped off, and spending more money than you can afford. But rest and recreation are important, so don't stint yourself too much, and don't stay at home and get yourself all stove up building fences, mowing lawns and otherwise making like a busy beaver.

Gaucheries Of Chinese Reds Not Amusing; Survival Made Of It

Americans used to tell tall tales about great wealth that descended upon them when oil was struck on tribal lands. For instance, the chief who bought a hearse instead of a sedan, because he liked its fancy silver trimmings, and the tribal greybeard who built and furnished a \$100,000 mansion, but continued to sleep on the lawn.

ing, of course. China had a lot of well-educated, cultured and refined people, but most of them have been liquidated by the Reds. Most of today's ruling class exists in a vacuum, and came up from the dregs. They have little knowledge or experience of the manners and creature comforts most Westerners take for granted.

These Days—George Sokolsky

Economic Side Of Our Foreign Policy Merits Careful Study

Robert E. Asher, until recently of the State Department, stated the broad objectives of the economic side of the American Foreign Policy as follows:

share-the-wealth concept on an international scale. He said: "We have a special interest in the economic strength of our partners in the North Atlantic Treaty Organization, and of the countries on the periphery of Soviet power. In the North Atlantic Treaty area we want economic conditions which will enable the NATO countries to devote a substantial part of their resources to the common military effort for as long as is necessary without preventing improvements in their standards of living. In countries on the periphery of Soviet power we want to eliminate economic weaknesses that threaten political stability and invite Communist subversion."

Gifts are one phase of the problem. Another is the increasing emphasis on tariff reduction and upon changes in customs procedures. This can be in practice even a greater gift than a credit under a program of aids. For instance, those funny little automobiles that are beginning to appear on our roads, made in Great Britain and now being sold freely in the United States, can provide Great Britain with a better trade balance. It is trade not aid.

The predicament of the problem is "do we have true allies?" At the Geneva Conference it does not appear that the principal countries are true allies in the sense that there is any common program to which they all subscribe. It might even be said that they are our allies concerning Europe but not concerning Asia. But the two cannot be separated because they are one. This we and the European allies should have learned when Russia incorporated China in the Soviet Universal State while we were fussing over the Berlin Airlift, which was a diversion. The danger then is that we expend our wealth to no advantage.

Senators Not Always So Courteous With Each Other, Once In Committee

WASHINGTON (AP)—If Sen. McCarthy should change his mind and walk out, the senators investigating his fight with Army officials would have the choice of trying to make him testify or of doing nothing about it.

Long Distance Please

RICHMOND, Va. (AP)—Stuart Sanders 11 is pretty proud of the way his television set brings in those outlying stations. But he hardly believed it was that good. He was trying to pull in a Washington or Baltimore channel when the call letters "CBQ" popped up on the screen accompanied by a narrative in Spanish. A quick check by television people showed he was receiving St. Thomas, Puerto Rico—about 1,800 miles from Richmond. It was one of those atmospheric freaks.

Bengals Shelled In Double Bill

Sunday proved a black day for Ynez Yanes and his Big Spring Tigers.

The Bengals, who won their first four games of the season, first took a 19-4 drubbing from the Tri-Service Drillers of Midland in a Lone Star League game, then were surprised by the Big Spring Braves in the second contest of a twin bill, 10-1.

Tugerson Hurts Two-Hit Game

The Longhorn League, once known as a place in which pitchers dwelt only through custom, features sharp hurling this season.

Sunday night was a good example as two of the New Mexico members clouted Texas teams. Sam Fowlkes pitched a 3-hitter when the league-leading Roswell Rockets whipped Odessa, 11-3.

The third member from New Mexico, Carlsbad, also won and moved within two games of third place Midland. Carlsbad clipped San Angelo, 11-8.

Roswell pounded 10 hits, got seven walks and cashed in on six Oler errors in beating Odessa. Fowlkes shot down the first 13 Olers to face him before Tony DiPrimo singled in the fifth.

Tugerson had gone through 44 innings without giving up a run before Midland got to him for an unearned tally in the fourth. But he never was in danger.

San Angelo committed nine errors in its contest with Carlsbad. The Colts pounded 15 hits while Carlsbad got 14. San Angelo was leading 6-4 going into the last of the sixth when Carlsbad slammed six runs across to sew it up.

Sweetwater and Big Spring split a doubleheader. Big Spring took the first, 4-3, with Al Mendoza giving up only four hits. Sweetwater won the nightcap, 10-2, with J. Y. Mattson not only pitching a 6-hitter but scoring two runs and driving in two more.

Maxwell Shoots 70 At Colonial

FORT WORTH (AP)—The field will be completed today for the \$25,000 Colonial national invitation golf tournament with the arrival of hotshots from the Eastern Open.

Coming in this afternoon will be a group that includes Bob Toski, winner of the Eastern Open and top money earner of the year. He won over Julius Boros, also in the Colonial.

As the field of 48, including five amateurs, assembles it will find Ben Hogan the favorite, as usual, and par-wrecking due from top to bottom over the 7,635-yard Colonial Country Club course.

Billy Maxwell, the Texan who won the National Amateur in 1951, yesterday shot a 70. Byron Nelson had a 73 but Harvie Ward, the amateur star, ran into all sorts of trouble and wound up with a 75.

The first round is Thursday.

JACK BURKE FINISHES SECOND TO BOB TOSKI

By LOU PANOS
BALTIMORE (AP)—Bob Toski headed for his next golf tournament today as the sport's leading money winner and a confident candidate to succeed Ben Hogan as the little giant of the fairways.

The 127-pound belter from Livingston, N.J., shot to the top of the heap yesterday with a smashing seven-stroke victory over the rest of the field in the \$20,000 Eastern Open.

Besides pocketing the \$4,000 first-place check, which raised his earnings this year to \$10,988.74, Toski also became the first champion of the tournament trail to rack up his third major triumph of 1954.

All three—he had won the Baton Rouge and Asales open earlier—came within nine weeks, recalling the days when Hogan was a regular on the circuit and top paydays were few and far between for fellow members of the fairways fraternity.

Only five years ago Toski, then a 23-year-old upstart from Northampton, Mass., was a rookie trying to make expenses on the tour. He didn't quite do it at the Eastern

Open that year, finishing far down the list of prize winners.

"But I have confidence now, and that makes all the difference in the world," he said before leaving Baltimore for the Colonial National Invitation at Fort Worth, Tex. Toski's par 72 in the final round gave him 277 for the tournament and was his first failure to break regulation figures over the tough Mt. Pleasant course. He set them on their ear with a 66 in a wretched rain on opening day, then added a 69 and 70 to coast to his victory over runner-up Jack Burke Jr. of Klamath Lake, N.J.

Burke needed a 70 in the windup to slip ahead of Jim Turnesa, Briarcliff, N.Y., by one stroke for the \$2,500 second-place money with a total 554.

LOOKING 'EM OVER

With Tommy Hart

Witty Quintana, the former Big Spring pitcher, had himself quite a night for San Antonio against Beaumont in a Texas League double header recently. He drove out two hits in the first game and three in three trips in the afterpiece. In the second go, he banged a home run in addition to two singles, stole a base, powered home two runs and started a double play.

The Veterans of Foreign Wars are reported to have taken a \$2,000 beating on the recent Abilene Open Golf Tournament.

The tournament probably won't be staged next year unless the VFW can find some way to double the prize money and thereby attract more "name" golfers.

The cities of Boling, Crosby, El Campo, Gaston, Granger, Nocona, Perryton and Wellington each supplied only one player in the annual Texas Coaches' Association All-Star football game but what men!

Virgil Eikenberg, later a star quarterback at Rice, represented Boling. Leo Rucka, a stickout lineman at Rice, went for Crosby. Glenn Lippman, destined for greatness at Texas A&M, came from El Campo.

Gilbert Bartosh went from Granger to TCU, after playing in the big game. Jack Crain, Texas' greatest scab back, represented Nocona in the star-spangled go. Clyde Flowers, who was to become an All-American at TCU, was chosen while at Perryton. Willington contributed I. D. Russell, later a splendid blocking back at SMU.

Jose Cendan, the ace of the 1947 Big Spring Bronco mound staff, is now hurling for Tyler in the Big State League.

Billy Capps, the former Big Spring pitcher, has made Corpus Christi baseball conscious again.

Last year, the city's team, then in the Gulf Coast League, lost thousands of dollars but Billy was called in, to assemble a team.

Corpus is now plying the Big State League in attendance.

What an odd ending an Oklahoma baseball game between Sand Springs and Tahlequah had. Sand Springs had a runner on third and the Tahlequah battery mates met on the pitching rubber to decide what strategy to employ. The runner scooted home to end the game. Seems no one had thought to call time.

Clyde Perry, the former Dallas shortstop, and before that a regular with the Midland Indians, is now with Oklahoma City.

Carlsbad has peddled Outfielder Goldy Ghoslon to Colorado Springs of the Western League.

King Ranch of Texas, which gave to the racing world such outstanding horses as Assault and Bettleson, has nominated Firestone for the 1955 Kentucky Derby winter book. He's being labeled as a real comer.

FORT WORTH REPLACES DALLAS IN 4th SPOT

Fort Worth replaced Dallas in the first division of the Texas League Sunday as San Antonio and Oklahoma City held on to their one-two positions at the head of the circuit. Meanwhile, Tulsa dipped from fifth to sixth place.

Fort Worth defeated Dallas, 6-1, to move ahead of the Eagles. League leading San Antonio beat Shreveport, 9-3, and Oklahoma City Tulsa, 7-1. Beaumont and Houston split a doubleheader, Beaumont capturing the nightcap, 7-4, after Houston won the opener by an identical score.

San Antonio's conquest of Shreveport was its second straight over the Sports. Charley Oertel batted in seven runs with two homers and a double. The outfielder hit a grand slam homer in the fifth inning and counted a two-run homer in the ninth. Yachel Perkins pitched all the way for San Antonio although shelled for a dozen hits, 10 of them in the first five innings.

Oklahoma City and Tulsa completed their game in the regulation nine innings—the first time they've not gone overtime this season against each other. A 10-hit attack gave the Indians the victory with a five-hit pitching chore by the Indians' Ernie Groth auburn.

An eighth-inning outburst for six runs by the Fort Worth Cats beat Dallas. Joe Kotrany of the Eagles had a one-hit shutout going until the eighth. After he walked two in the eighth, reliever Wayne McLeland made a wild throw that started the Cats on the road to victory. Mike Lemish picked up his fourth hurling victory for Fort Worth.

The split doubleheader left Beaumont seventh and Houston eighth in league standings. Beaumont blew a four-run lead in the opener to take the 7-4 loss despite sending six hurlers to duty in an attempt to stop the late Buff rally. The exporters took the second game on home runs by Buzz Clarkson, Everett Hall and Jim Fanning.

Monday night, Oklahoma City led at Tulsa. Houston at Beaumont and San Antonio at Shreveport. Fort Worth and Dallas are idle.

Hose Reportedly Pay 100 Grand For George Kell

By TOM BRANAGAN
CHICAGO (AP)—In a lavish, uncharacteristic gamble, the Chicago White Sox paid a reported \$100,000 for hard-hitting George Kell and now are ready to acquire another famed slugger, Phil Cavarretta.

Frank Lane, the Sox general manager, got third baseman Kell from the Boston Red Sox for reserve infielder Grady Hatton and cash — so much that Red Sox General Manager Joe Cronin "couldn't turn it down."

Lane didn't announce the amount involved but Manager Paul Richards, when asked if it was \$100,000, said: "I think that's pretty close."

In a further effort to shore up the Sox for a determined pennant drive, Lane appeared on the verge of taking on Cavarretta, the deposed Chicago Cubs manager, as a pinch hitter and coach.

Kell has hit over 300 the last seven seasons and Cavarretta has a lifetime .292 batting mark in 19 seasons at first base for the Cubs. With the Sox pitching staff manned by experts — Richards says it's the best in the American League — the weak-hitting Comiskey club needed a player of Kell's batting ability. Richards said only Saturday that the club had to find a dependable slugger to step in the race. Sox pitchers were hurried five and six-hit games and losing.

Seven Teams Await Schoolboy Playoff

By The Associated Press
The eighth and final place in the Texas schoolboy baseball tournament will be decided Monday when Paris and Longview clash at Longview.

Each team has won one game in the bi-district series. Longview taking the first, 1-0, and Paris the second, 2-1.

Seven other teams are ready for the big tournament at Austin opening June 2. They are Austin (El Paso), Odessa, Adamson (Dallas), Highland Park (Dallas), Texas City, Travis (Austin) and Ray (Corpus Christi).

Only one team that played in the state tournament last year returns. That is Ray, which lost in the first round. Amarillo, Austin, Wichita Falls, Bryan, Poly (Fort Worth), Tyler and Temple were the other teams in the 1953 tournament. Poly won the title by beating Amarillo in the finals.

McGann Is Winner In Sunday Meet

The Whitehawk Motorcycle Club held its first field meet of 1954 Sunday afternoon.

George McGann won first place in the show while Calvin Jones and Cecil Thixton tied for the runner-up spot.

One minor accident marred the meet. An unidentified rider fell and went through the windshield of his mount but suffered only small cuts around the eye.

The crowd watching the meet was estimated at 300.

Cayuses Halve Double Header With Spudders

SWEETWATER (AP)—The Sweetwater Spudders and Big Spring Broncos split a Sunday double header, Sweetwater taking the nightcap, 10-2, after the Broncos wrapped up the opener, 4-3.

Al Mendoza went all the way for Big Spring in the opener to chalk up his third victory. Duane Peters, who was relieved by Frank Lopez in the second inning, suffered the loss.

In the second encounter the Spudders jumped off early, scoring six runs, three each in the first two frames. The early innings barrage drove losing pitcher Tom McKenna to the showers. Orlando Perdomo finished out the route for Big Spring.

Jay Mattson, former Big Spring, went all the way for Sweetwater in the nightcap, gaining the victory. He also scored two runs and drove in two more on a double and a triple and a single in four trips to the plate.

Other than Mattson, third sacker Kid Gavilan, shortstop Rocio and Manager Al McCarty collected three hits for the Spudders in the nightcap.

Roe not only went the route for the first time this year but starred on offense as the Brooklyn Dodgers captured a doubleheader from Pittsburgh, 5-4, and 6-2, to climb into a tie with Milwaukee for first place in the National League. The grizzled southpaw, a notoriously poor hitter, smacked a single and double and scored what proved to be the winning run in the opener. Duke Snider walloped two homers for the Brooks in the nightcap.

Pafko, playing in his 12th big league season, was the big gun in Milwaukee's double triumph over the Chicago Cubs. After driving in the tie-breaking run with a 10th-inning double in the Braves' 4-2 opening victory, he blasted two homers and a triple and drove in five runs in the 9-3 nightcap. Rookie Ray Crone and sophomore Chet Nichols were Milwaukee's route-going winners.

Grissom, third pitcher used by Manager Leo Durocher, held the Philadelphia Phillies scoreless in the final three innings, protecting New York's 6-4 lead. The Giants swept past the Phils into fourth place. Willie Mays batted in three runs with a triple and single off loser Curt Simmons.

Vernon, who joined Washington in 1946, clouted a home run and three doubles to lead the Nats to a 9-4 victory over Philadelphia's Athletics. Elmer Vajta, 33-year-old outfielder, hit a three-run homer for the Athletics.

Eight-inning home runs by Minnie Minoso, Cass Michaels and Sherman Lollar gave the White Sox all their runs as they came from behind to defeat Detroit, 4-3. Relief pitcher Saefi Cosme, 33-year-old right-hander, replaced 35-year-old Virgil Trucks in the seventh and received credit for his third victory without a defeat. Detroit's Steve Gromek, 34, had a shutout until he ran into the eighth-inning avalanche.

Outfielder Wally Pate drove in five runs with a home run and double to lead the Cincinnati Redlegs to a 13-6 victory over the St. Louis Cardinals. The result boosted the Reds only two percentage points out of the first division and dropped the Cards from first to third place.

"JIM BO"

INTRODUCING "JIM BO" — the most successful invention in the history of fishing — the artificial minnow that catches the most fish in the lake. This is the new sensation for the 50's century.

IT SWIMS — on springs, sink or float. It swims as long as you leave it in the water. Swims by means of a series of rubber fins. It has a special hook — no barb, stream, pull, bar, bar, bar that will strike a mouse and strike 100 fish. It is a real pet. Look and swim like a live minnow.

This is the best of all lures — beautiful, never rusts, never breaks, never gets tangled. It's a real pet. Look and swim like a live minnow. Check us out. We pay postage.

week of the Asian peace talks, will be the first to get down to basic issues on Indochina. Western observers said the next few days should show whether the Communists actually are willing to negotiate a settlement or merely are stalling to gain military advantages in the Indochina fighting. Georges Bidault, who returned from Paris this morning, was reported to have talked over the general Indo-China situation with French officials.

Western delegates were agreed the chances for a settlement on either Indochina or Korea seemed slim. It now appears the Western Powers are approaching the time when they must decide on some sort of deadline.

The United States was understood to feel a decision on a cutoff date is vital in view of Britain's public declarations that it will make no military commitments for intervention in Indochina while the Geneva talks are continuing. This policy has become a serious barrier between British and American leaders. In the opinion of the United States, it has weakened the bargaining power of the West at Geneva and has stalled U.S. efforts to line up military backing for France in Indochina.

The expectation that the Indochina peace talks would finally get down to concrete proposals was based on last Friday's agreement that military problems should be given priority over political issues. The agreement ended a long procedural wrangle and some delegates hailed it as a step forward. But the United States and some others saw no reason for optimism.

A spokesman for this group said the Communists and the West were standing firm on all major issues. Outside the conference chambers, Krishna Menon, India's delegate to the United Nations, was busy in a series of conversations with big power diplomats in what appeared to be an effort at mediation.

Menon came to Geneva as Indian Prime Minister Jawaharlal Nehru's special envoy.

Assembly Of God Group Seeks Italian Juridical Permit

ROME (AP)—A long fight by The Assembly of God religious congregation for juridical recognition in Italy reaches the State Council, the nation's highest magistracy, tomorrow.

A petition for recognition was submitted two years ago after months of efforts had failed to obtain such recognition from the Italian Interior Ministry, which controls religious cults in Italy. Premier Mario Scelba was interior minister two years ago and today still holds that portfolio, but now is premier as well.

The outcome is being carefully watched by evangelical and other Protestant sects in Italy, especially The Church of Christ. Like The Assembly of God, The Church of Christ has been unable to obtain juridical recognition in Italy.

Such recognition enables a religious congregation to function freely. Otherwise, it may be subjected to police regulation, including the necessity of obtaining police permission to hold services.

Three Draw Fines In County Court

Three persons were fined a total of \$204 in County Court this morning when they pleaded guilty to charges that they pleaded guilty to charges that they had been lodged against them during the weekend. Joe Earl Snow pleaded guilty to a charge of driving while his license was suspended. He was fined \$75.

James Albert Jones, who was charged with driving while intoxicated, pleaded guilty and was fined \$65.

George A. Loveless also was charged with driving while intoxicated, pleaded guilty and was assessed a \$65 fine.

Costs of court—\$23.85—were added to each fine.

Highway Patrolmen To Attend Session

Highway Patrolmen Jimmy Parks and Amos Jones of Big Spring will attend a meeting of the Caprock Peace Officers Association at the Wood Ranch southeast of Post Tuesday. The annual meeting will feature shooting matches, talks and motion pictures on law enforcement. A barbecue luncheon will be served.

The meeting attracts about 200 officers each year from an area extending from Lubbock to Abilene.

Fireworks Ordered For Celebration

The Big Spring Chamber of Commerce has ordered the fireworks for the annual Fourth of July celebration here. Manager J. H. Greene said that the purchase totaled \$353.25.

In addition to an aerial assortment, items ordered included "Bug of Mystery," "Eclipse of the Sun," salutes, break and artillery shells, and seven-shot shells.

Ex-British Air Chief Believes Saucer Tale

HERNE BAY, England (AP)—Air Chief Marshal Lord Dowding, who commanded the home fighter plane forces in the World War II battle of Britain, said yesterday he believes in flying saucers.

The 72-year-old retired airman told a meeting of the Kent Federation of Spiritualists: "I believe there are people on other planets who are operating through flying saucers—to help our world in its present crisis."

Four Collisions Listed By Police

Four automobile accidents were reported to police Saturday evening and Sunday. All apparently were minor, and officers said they knew of no injuries.

Accidents were reported about 6 p.m. Saturday in the 1500 block of Gregg and in City Park. Ira M. Fagle, Colorado City, and Gary W. Robbins, Webb Air Force Base, were drivers of cars in the Gregg Street collision. Mildred Houston, 1513 Wood, and Ronald Kenneth Geary, Webb, were operators of the cars in the other collision.

At 5:30 a.m. Sunday morning an accident was reported in the 300 block of East 3rd. Drivers involved were William T. Balingor of Tennessee and Billy Stephens, Odessa. The other collision was in the 2200 block of Gregg Street about 8:30 p.m. Sunday. One car was driven by Jerry Don Graves, Golden West Motel. The other car was driven from the scene of the accident before operator was identified.

Four Men Hurt In Oilfield Mishaps

Four men were treated at Big Spring Hospital last night for injuries received while working on area oil rigs. Another man received emergency treatment for a piece of steel in his eye.

Chester Ballow, 1211 West 3rd, was hospitalized with a broken foot, and his companion, L. H. Donica, 710 Goliad, is being kept under observation as a result of a bruised chest and cut chin. Both men work for the Tri-Service Drilling Company.

Brought to the hospital last night with them was Fred Woods, 604 Lancaster. Woods received treatment for an ear injury and was released.

George Pitts of Kermit was injured Sunday afternoon when a piece of an oil rig near Vincent fell. The attending physician said this morning that two of Pitts' fingers were broken and that he also has a head injury. Pitts is employed by the C. L. Holder Trucking Company.

Ray Thomas, 805 Rosemont and an employe of Cosden Refinery, was the man receiving emergency treatment for the eye injury.

Service Held For Montgomery Infant

Graveside rites were conducted at City Cemetery Sunday afternoon for the infant daughter of Mr. and Mrs. Frank Montgomery.

The Rev. Leslie Kelly officiated, and arrangements were in charge of Eberley-River Funeral Home. Survivors include the parents, two brothers, Tom Montgomery, a student at Texas A&M, and David Montgomery; two sisters, Mrs. Sue Balzer of Columbus, Ga., and Sarah Montgomery; the paternal grandmother, Mrs. Pauline Montgomery of Colorado City.

Car, Jeep Collide At Coahoma Sunday

A car driven by Kenneth Ray Cline, of Dallas, was in collision with a jeep in an Army convoy near Coahoma Sunday morning. Highway Patrol officers reported today.

Driver of the jeep was Forest E. Kritzmancher, of Fort Bliss. Damage to the car was estimated at \$500 and to the Army vehicle, \$300.

It was the second wreck to involve an Army convoy during the weekend. The other mishap occurred Saturday near the east city limits of Big Spring.

Grain Storage Problem Studied

Several Howard County agricultural leaders were in Lubbock this afternoon for a conference on problems which are expected to arise this fall in the storage of grain sorghums.

The district meeting was sponsored by the Agricultural Extension Service in cooperation with the Agricultural Stabilization and Conservation committee. A team of experts, including W. S. Allen, agricultural engineer; Neal Randolph, entomologist; and J. W. Sorenson, agricultural research specialist; was to lead the discussions.

To attend from Howard County were Agricultural Agent D. W. Lewter, Assistant Jimmy Wrenn, Gabe Hammack, county ASC manager; Wayne White, Coahoma vocational agriculture instructor; and John Taylor, local farm implement dealer.

The meeting was to be held in the Agriculture Engineering auditorium at Texas Tech.

Heidt Show To Feature Sigwald Here Wednesday

From janitor to singing star—that's the simplified story of Ralph Sigwald, member of the Horace Heidt troupe, coming to the city auditorium on Wednesday evening. He will be among those featured on the 2 1/2-hour musical review presented by the famous band leader who "discovered" him. Sigwald was janitor of the high school in Charleston, S. C. when Horace Heidt, who has made almost a career out of uncovering young talent, heard him sing. He immediately spotted Sigwald as a natural. Heidt was right; today Sigwald's rich baritone has made him a hit from ballads to the classics.

Fred Stitzell, general chairman of the committee on arrangements for the sponsoring Lions, said ticket sales were increasing steadily at Lynn's Jewellers where the presales are being handled. Other arrangements for the show are well in hand.

With Heidt here will be his Musical Knights, Johnny (in the Book) Standley, Lya Lynch, Dick Kerr, Rieta Green, the Heidt Steppers and others wrapped into his 30th anniversary "American Way" show.

Street Opening Is Requested

Ward Hall, who plans development of a tract of about 16 blocks in the area north of Hillcrest Terrace and Stanford Park Additions, asked county commissioners this morning for assistance in opening East Sixth Street to his property.

No decision was reached. Commissioners spent most of the morning discussing the project and inspecting Hall's property.

A cut several feet deep would be required to open the street for a distance of about one block between the Hall tract and the present end of East Sixth.

Opening of the street is necessary to provide access to the area from the downtown section. Hall's plat of the tract shows a north extension of Circle Drive to Fourth Street, but traffic would have to go eastward on Fourth because only one-way (eastbound) traffic will be allowed when the street becomes a part of the Highway 80 system through Big Spring.

Only other access to the tract would be from Birdwell Lane on the east or from Hillcrest Terrace on the south.

The property is outside the city limits, but Hall has talked to city commissioners about annexation of the tract.

Name Of Company Is 'Southwestern'

In a story about the annual meeting of the Southwestern Royalty Company in Sunday's issue, the concern's name was incorrectly used as "southwest."

Officers of the company which paid its regular 20 per cent dividend are B. F. Robbins, president; Fred Keating, vice president; and Tom Rossion, who succeeded S. M. (Sam) Winham as secretary. Winham, still a director, retired due to ill health. The company has royalty in five counties from 800 to 2,400 feet.

Borden

Phillips No. 1-B Clayton, C NW SE, 17-32-4n, T&P survey, kicked off after swabbing Sunday to flow 60 barrels of oil and no water four hours. Operator then swabbed five hours to make 39 barrels of oil. Swabbing operations are still under way.

Trans-Ex No. 1 McKee, C NE NW, 22-33-3n, T&P survey, reached 5,287 feet in shale.

Republics Natural No. 1 McDowlingham, 1110 E. 15th.

Riley Named Official Of Hospital Group

Schley Riley, business manager for Malone & Hogan Clinic Hospital, has returned from the Texas Hospital Association meeting where he was named vice president of the state organization.

The annual session was held in the Shamrock at Houston and covered three days. It will be held there again in 1955.

HEARING

(Continued From Page 1)

Stevens repeated from the witness chair of the McCarthy-Army hearings a statement he gave to the press last week while the hearing had been halted temporarily.

The statement declared the Army's decisions were completely the Army's responsibility and were not on "orders from anyone."

The purpose of the statement was to lay at rest the question of whether "higher ups" in the Eisenhower administration had been directing the Army's move.

Sen. McCarthy had raised that question.

The week's recess resulted from an executive order banning witnesses from testifying about a high-level administration conference last Jan. 21.

Involving the historic doctrine of separation of powers, President Eisenhower directed there be no discussion as to what went on at the conference in Atty. Gen. Brownell's office, attended by White House aides.

In the opening preliminaries: 1. Chairman Mundt (R-SD), announced McCarthy and his associates had advised him they were "ready and willing" to testify at any time. Mundt told reporters he was hopeful the Army's case would be completed and testimony from the McCarthy camp begun "early this week."

2. Mundt ruled senators could ask any questions they liked about a high level administration conference last Jan. 21 on the Army's problems with the McCarthy subcommittee. He said it would be up to witnesses to decide which questions they could not answer in the light of President Eisenhower's order forbidding testimony about confidential administration actions.

3. Sen. Symington (D-Mo) called for the public record to include all monitored telephone conversations deemed by the subcommittee to be pertinent. There has been no decision yet as to the handling of stenographic transcripts the Army has of some telephone conversations between Army officials, on the one hand, and Sen. McCarthy and his staff.

Last week's recess in the hearings was taken because of the Eisenhower order banning exploration of what was said at the Jan. 21 conference, held in Atty. Gen. Brownell's office and attended by White House aides and Army Counselor John G. Adams.

McCarthy had argued the charges against him apparently grew from this meeting.

Stevens, in testifying the Army alone was responsible for the charges, was under the oath he took the day the hearings opened April 22.

After Stevens' read the same statement he had released last week, Committee Counselor Ray Jenkins asked Stevens if his statement was a "true and correct statement of facts."

"It is," Stevens replied.

Jenkins recalled testimony of John G. Adams that at the Jan. 21 conference Sherman Adams, top presidential assistant, had asked whether all the incidents with reference to Pvt. G. David Schine had been put in writing. John G. Adams said Sherman Adams suggested that should be done.

Stevens said he regarded what Sherman Adams said as merely a suggestion, and that the charges against the McCarthy camp did not result from this.

The Army charges that McCarthy and two aides—Ray M. Cohn, chief counsel to the McCarthy subcommittee, and Francis P. Carr, staff director—sought by improper means to gain special Army treatment for Schine.

A wealthy New Yorker, Schine was an unpaid consultant to the McCarthy subcommittee before he was drafted last November.

McCarthy and his staff counter-

charge that the Army tried to use Schine as a "hostage" in seeking to halt the subcommittee's inquiry into Communists in the Army.

Stevens related that he was out of the country, on a trip to the Far East, when the Jan. 21 meeting was held. He said Army Counselor John G. Adams told him about it on his return Feb. 3.

Stevens said he assumed full responsibility for the Army's actions. The Army charges against McCarthy were made in mid-March.

Stevens said in response to questions by Sen. Symington (D-Mo) that neither President Eisenhower nor Secretary of Defense Wilson had ever given him "orders" to prepare the charges against McCarthy and his aides.

Symington established that the line of command reached down from the President through Wilson, Stevens and to Adams. The Missouri senator asked the witness if it wasn't true that White House staff members could not give "orders" to John Adams.

"Yes, I'd say that was correct," Stevens replied.

"Nobody could give orders to Adams but you!" Symington asked.

"That's right."

"Did the President ever tell you he was delegating authority to members of his staff who attended this (Jan. 21) meeting in relation to this case?"

"He did not."

Sen. Jackson (D-Wash) told Stevens he didn't understand why Henry Cabot Lodge, U.S. ambassador to the United Nations, was present at the Jan. 21 conference.

"I don't know the answer to that question," Stevens replied.

During the U.N. recess last winter Lodge served for a time as a presidential adviser.

Stevens, answering another question by Jackson, said he regarded it as quite natural for the general counsel of the Defense Department to put the papers in the dispute into shape.

Earlier testimony had brought out that H. Struve Hensel, assistant secretary of defense and former general counsel, prepared and signed a "chronology of events" in the Schine case.

Sen. Potter (R-Mich) wanted to know if the chronology of events regarding Schine, would have been forwarded to senators even if there had been no Jan. 21 meeting.

"I'm quite sure it would have," Stevens replied.

Sen. McClellan (D-Ark), noting Stevens had assumed full responsibility for making the charges against McCarthy, asked the Army secretary if he was the man fully to blame if McCarthy's counter charges were proved.

"Yes," Stevens replied emphatically.

Sen. McCarthy asked Stevens whether he knew the charges against McCarthy and his two top aides, were prepared as a result of the Jan. 21 conference.

Stevens replied that he didn't know that. He said he had ordered the charges prepared.

Stevens added that there were "consultations and advice," but the responsibility for the charges was his alone.

McCarthy asked whether he consulted anyone in the executive department, other than the Defense Department's legal staff.

"I very likely did," Stevens replied. Stevens said he talked with Assistant Secretary of Defense Fred Steaton and "there may have been others."

422 Injured Now Evacuated From Fallen Dien Bien Phu

By LARRY ALLEN HANOI, Indochina (U) - French army headquarters announced today 422 French wounded have been evacuated thus far from the fallen fortress of Dien Bien Phu. One hundred and thirty casualties - a record number for one day - arrived in Hanoi last night. They had been airlifted by helicopters and light planes to Luang Prabang, the royal Laotian capital, and flown the rest of the way in transport planes.

The French command also announced the Communist-led Vietnam had agreed to release a grand total of 858 wounded, including all nationalities represented in Dien Bien Phu's defense contingent. The rebels previously had said they would release 753. A message from the Vietnam high command, received at French headquarters last night, promised to repair the main airstrip at Dien Bien Phu to make it usable for transport planes. The message asked the French to send army engineers and mine detectors to help remove mines from the field. The message apparently replied to a French offer May 17 of aid in repairing the strip to speed the evacuation. French officers said the command had agreed to the rebel request.

The Vietnam message turned down an offer of French planes to help evacuate rebel wounded. It also hotly protested the French bombing of the main road leading from Dien Bien Phu to the Red River delta. The French have charged the Vietnam guns using the highway to rush guns and war materiel from the Dien Bien Phu area to the delta, another key target for rebel attackers. The message asked for cessation of bombings around the fallen fortress but rejected a French proposal that a mixed control commission be established to govern traffic on the road while the Vietnam were evacuating their wounded. The rebels said the suggestion was "unrealistic" since the road was wholly under Vietnam control.

French fighter and bomber planes smashed at Vietnam convoys on the road again yesterday, cutting the highway in two places. Ex-Hill Great Death Victim

PHILADELPHIA (U) - Charles Albert (Chief) Bender, all-time pitching great with the Philadelphia Athletics and one of the most beloved baseball figures of the century, died Saturday night at the age of 71. The old chief, wasted by heart disease and cancer, had been confined to the hospital for some months. His devoted wife of 40 years was at the bedside. Always a favorite with both fans and players, Bender spent virtually his entire career with the Athletics. He was discovered by Connie Mack shortly after the turn of the century while playing at the Carlisle (Pa.) Indian School. In his major league competition, which stretched from 1903 to 1917, Bender had an overall record of 212 wins and 128 losses. He won six and lost four in World Series contests.

More recently he had been in the A's pitching coach staff where he developed several youngsters including lefty Bobby Shantz. He was discovered by Connie Mack shortly after the turn of the century while playing at the Carlisle (Pa.) Indian School. In his major league competition, which stretched from 1903 to 1917, Bender had an overall record of 212 wins and 128 losses. He won six and lost four in World Series contests.

Flyweight Champ Defends Crown

TOKYO (U) - World flyweight boxing champion Yoshio Shirai tonight hammered out a narrow, 15-round decision over little Leo Espinosa of the Philippines in a title bout. A crowd of about 35,000 paid some \$7,000 to see the slim Shirai gain a split verdict over the rugged Filipino challenger in an action-packed battle. It was Shirai's fourth successful defense of the title he won in May, 1952, from Dado Marino of Honolulu.

Momentary Shock Felt In California

LOS ANGELES (U) - A momentary rolling earth shock sent residents to their telephones and rattled a few dishes yesterday, but no damage was reported. At Berkeley, The University of California seismograph station said the quake appeared to be centered in the Tehachapi Mountains.

Art Corbin Wins

WAXAHACHIE, Tex. (U) - Art Corbin, Dallas, won the Waxahachie Country Club invitation golf tournament yesterday with a one-up victory on the 18th hole over Hal McCommas, Dallas. The King and Queen will be feted at a later date here with a royal day during which the pair will be treated to various prizes from Lamesa merchants.

Two Brides-Elect Honored In Lamesa

LAMESA - Two future brides were honored here recently with a soft drink party in the home of Mrs. Les Wheeler, 407 North 19th. They are Zella Kelly and Donna Caldwell. Co-hostesses with Mrs. Wheeler were Mrs. Donald Nelson, Kay Collins. Pink lemonade and green napkins followed chosen colors of the honorees. The hostesses presented each honoree with a serving piece in her pottery. Miss Kelly, daughter of Mr. and Mrs. R. W. Kelly, 802 N. 2nd, is the bride-elect of Rodney Williams of Austin. A May 30th wedding is planned for 4 p.m. in the First Baptist Church. Miss Caldwell, daughter of Mrs. Viola Caldwell, 801 N. 4th, is the bride-elect of Hal Barton. Their wedding is planned for June 6 in the First Methodist Church.

Lamesa P-TA Holds Final Meeting

LAMESA - The Lamesa Parent Teachers City Council held their final meeting of the school year Thursday at 9:30 a.m. in the Board Room of the Tax Office. Mrs. Horace Burger, newly installed president, presided for the final business meeting. Mrs. Buster Reed, outgoing president, presented Mrs. Burger with a new black walnut gavel. Civil defense was selected as the council project for next year. A civil defense chairman from each P-TA unit was named. Johnny Agee will serve from the High School; Gaylon Roberts, North Elementary; R. H. Ranson, Junior High School. Central Elementary chairman will be named later.

Further Study Due In Ax-Arson Deaths

By RICHARD K. O'MALLEY
FRANKFURT, Germany (AP)—Legal roadblocks stalled action today in the 1946 ax-arson slayings of three American Army officers in Germany.

U.S. Chief Prosecutor Thomas L. Leland announced the present evidence was not legally sufficient to ask the extradition of James M. Leech of Lima, Ohio, a former Army captain.

Leech was accused last Friday by Leland's deputy of the savage murder of the three officers, Jan. 7, 1946, at Passau, Germany.

Leech has denied the killings. Informed in Lima of Leland's announcement, the Ohioan told a newsmen:

JAMES LEECH

"All I know about this is what has been supplied me by the newspapers. I have nothing official on this latest move. When the final decision is reached, I'll still be here."

Leech faces three charges of murder, three of intentional manslaughter and one of arson in the deaths of Maj. Everett S. Confran of Washington, D.C.; Capt. Adrian L. Wessler, of New Rochelle, N.Y.; and 1st Lt. Stanley M. Rosewater of Omaha, Neb. The charges were filed by Deputy U.S. Prosecutor William Canfield, of Hampden, Mass., after the Army had turned over the files of the case to U.S. High Commission legal authorities a few weeks ago.

Canfield had indicated he intended to go ahead with a request for extradition of Leech but Leland stepped into the case and stopped him.

In a statement last night, Leland declared the evidence "is not in its present form legally sufficient" for such a request. The chief prosecutor said his office apparently would not be able to forward the case to the U.S. high commissioner for at least three weeks.

He said gathering evidence re-

quired for extradition, its evaluation and preparations to meet legal requisites will take that long.

An Army spokesman said files on the case had been turned over to Leland's office in order to get legal advice "on a case that was never closed and had been under constant review by Army agents."

Cuba May Inspect Alleged Arms Ship

HAVANA, Cuba (AP)—President Fulgencio Batista says his government plans an immediate crackdown "to prevent the resurgence of Communist maneuvers" in Cuba.

Speaking to newsmen at his farm outside Havana last night, the chief executive also said Cuba may take "precautions" when the Swedish ship *Alfhelm* arrives. The U.S. State Department announced May 17 the *Alfhelm* had carried an important shipment of arms from Communist-controlled Poland to leftist Guatemala. It is due here today or tomorrow to pick up a sugar cargo.

Centenarian's Party Not Spoiled By Rain

FORT COLLINS, Colo. (AP)—Sunday's rain didn't spoil a birthday party here for 100-year-old former State Rep. Millard Vance.

A celebration in city park—sponsored by his eight children and 35 grandchildren and great grandchildren—was called off because of rain. So Mrs. Letha Cody, owner of the convalescent home where Vance lives, held open house instead.

Woman, 104, Credits Daily Schnapps Glass

KOENIGSLUTTER, Germany (AP)—A glass of schnapps a day keeps the doctor away. That's the advice of Mrs. Karoline Matkowski, Germany's oldest resident, who celebrated her 104th birthday anniversary today.

Mrs. Matkowski settled in this small village near Brunswick after she fled from her native Romania 10 years ago.

Arsonist Sets Fires At Chicago Hospital

CHICAGO (AP)—Firemen and policemen were assigned to stand guard at the Provident Hospital on the city's south side today after fire officials said an arsonist started four fires last night.

Smoke seeped through the seven-story building and disturbed many of the 200 patients, including 20 babies. However, hospital employees reassured the patients the fire was a minor one in the basement and was being extinguished.

The first three fires occurred simultaneously in the basement while the fourth blaze was discovered in a laundry chute off the second floor.

Oil Workers Union Studies Wage Goal

DENVER (AP)—Three dollars an hour wouldn't be "too much" for oil workers, the president of the CIO Oil Workers International Union declared yesterday.

O. A. (Jack) Knight confirmed he plans to recommend a wage program at a special June 1 convention in Cleveland. It was called to ratify entry of the OIU into the new Oil and Chemical Workers Union, but Knight said there

also will be a national policy committee meeting. Oil workers now receive an average hourly wage in excess of \$2.25.
