VOLUME 66, NO. 32

THE SPEARMAN REPORTER, SPEARMAN, TEXAS 79081

THURSDAY, JUNE 23, 1977

143 Producers Register To Vote In Referendum

Voting in person or by mail begins July 5 and continues through July 15 in the Beef Research and Information Program Referendum and Elzey Vanderburg of the Hansford County Agricultural Stabilization and Conservation Service in Spearman where the balloting is being conducted has announced 143 beef producers in the County are registered to vote.

The ASCS has been assigned the responsibility of conducting a fair and impartial referendum of cattle producers.

Deadline for registering was June 17. Any individual, group of individuals, corporation, partnership or other entity who owned one or more cattle during the calendar year of 1976 could be registered to vote with the ASCS office in the County where the cattle operation is located. 4-H and FFA members, men and women, were eligible to register to vote.

Voting may be in person or by mail at the Hansford ASCS office with the ballot to be cast during the voting period from July 5 through July 15. A producer wishing to vote by mail must have requested by letter or telephone that a ballot be mailed to him.

Eligibility to vote may be challenged by anyone. The list of persons registering will be posted in the ASCS office. In case of challenge, proof of cattle ownership will have to be furnished by the challenged person.

If over 50 per cent of the registered beef producers vote and over two-thirds of those voting approve the order, the Secretary of Agriculture will appoint a beef board from names submitted

by producer organizations. The board would collect assessments on sales of cattle and calves and use the funds for beef research and information. The board is to consist of not more than 88 members.

Representation on the board would be proportional to cattle production in each state or geographic area.

The program would be monitored through the Agricultural Marketing Service of the USDA to assure that it stays within the legislative authority and accomplishes the goals of the program as voted on by producers in the referendum.

Should producers approve the program, the initial board meeting might be held in the late fall of 1977.

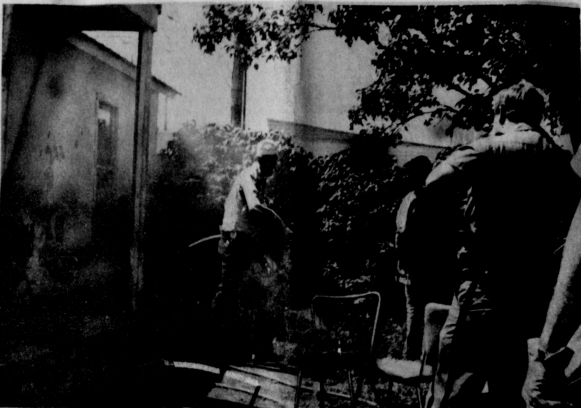

It would likely be 1978 before a research and information program for cattle and beef could be fully developed and first assessments begin on sales of cattle.

Sheriff's Number

Add another emergency number to the emergency numbers listed on the first page of the new telephone book, 659-2512, the emergency number for the Hansford County Sheriff's Department and provides an open line to the department 24 hours per day, seven days per week throughout the year.

Sheriff R.L. McFarlin also noted that his department also has a direct line in Gruver, 733-2901, for residents in that area. It, like that other number, is open 24 hours per day, seven days per week during the year.

Residence Damage Estimated After Fire

ONCE UPON A MATTRESS -- At 317 1/2 S. Archer June 20 a lighted cigarette left in an ashtray on a bed was the cause of it all. Spearman Volunteer Fire Department members responded to the 11:14 a.m. alarm and the fire was out by high noon but not before \$450-\$500 in smoke, fire and water damage had been done and the innerspring mattress heaved out a handy window and doused with water.

A fire in a small residence at 317 1/2 S. Archer, owned by Frances Sim and occupied by Mike Pierce, did total estimated damage between \$450 and \$500 Monday, it was reported by Fire Chief Chuck Rigdon.

The report from the fireman who responded shows the alarm received at 11:14 a.m. with firemen and equipment on the scene three minutes later and the fire, which started in the

bedroom of the structure, under control by 11:45 a.m. The fire had been extinguished by noon.

The fire started in the mattress in the bedroom, attributed to smoker carelessness. Fireman got the flaming mattress out through a window in the room and avoided further damage.

The estimated damage includes that resulting from smoke, fire and water.

Bad Check Offenses

During the first six months of 1977, the sheriff's department has returned \$4,363.61 to local merchants and businessmen as a result of bad check transactions, Hansford County Sheriff R.L. McFarlin has reported.

Court costs and fines amounting to \$1,233.82 as a result of judicial proceedings have been turned over to the

county. The sheriff mentioned that a new program initiated by the sheriff and the county attorney has decreased the amount of bad check activities in Hansford County.

Sheriff McFarlin noted that his department is not handling near the amount of checks this year

A.A.U. Track Meet

Twenty-six Spearman young people attended the AAU Track Meet in Hereford, Saturday, June 18. They were among 400 participants and made a fine showing.

The City Recreation Department sponsors the summer track program.

They placed in the following events:

Midget Division
100 yd. Dash
Bryon Sutterfield - 2nd
High Jump
Bryon Sutterfield-Greg Meek tie for 2nd
440 Relay
Billy Haden-Greg Meek

880 yd. Run
Jay Comegys - 3rd

Senior Division
120 yd. High Hurdles
Scott Sherwood - 1st
Long Jump
Jim Jones - 2nd
Pete Vank
Jim Jones - 2nd
440 yd. Relay
Billy Sellers-Gary McCalman
Jim Jones-Scott Sherwood
3rd

Those participating were the following: Rhonda Hall, Tik Jackson, Byron Sutterfield, Cindy Ivey, Michelle Gray, Kelli Crawford, Nita Baker, Chad Guthrie, Coby Gamblin, Greg Meek, Billy Haden, Jodi Zachiesche, Pat Tucker, Wayne Meek, Rory Shepherd, Jimmy Haden, Scott Alford, Chuck Rigdon, Jay Comegys, David Hall, Stan Sherwood, Scott Martin, Billy Sellers, Scott Sherwood, Gary McCalman, Jim Jones.

Parents furnishing transportation were: Mrs. Charles Hall, Mrs. George Jackson, Mrs. John Sutterfield, Mr. and Mrs. Bob Meek, Mr. and Mrs. Billy Haden, Mr. and Mrs. Allen Alford, Mr. Al Tucker, Mr. Ed Moore and Mr. and Mrs. Greg Sherwood.

Tax Cut Proposed

The Spearman Reporter has learned through reliable sources that the Hospital Board is considering a tax cut. A need for such action stems from various reasons.

The major reason is the fact that so far this year the hospital deficit is not as large as it has been in past years.

The losses for the current fiscal year are about half of what they were for the year before.

There is also feeling that there may be some public concern caused by reports from other area hospitals. Guyman has closed a hospital wing, laying off nearly 30% of their working staff in an effort to keep the hospital open. The hospital at Pampa borrowed money to get them out of the red, then turned around the next month to find that they had lost another considerable amount.

The larger hospitals around us are getting from \$80 - \$90 per day room fee. The Hansford Hospital gets per day. We wondered if going up on the room rate wouldn't put our hospital closer to running on an even keel. When queried about this, the Hospital Administrator informed us that this would be a pretty drastic course of action for those persons who didn't have insurance and would increase the part of the room fee that insured persons would have to pay. He felt that such action may not be necessary. Losses are already down, and with the hospital board, the feeling is that improvements recently made on the hospital, recent purchases of modern medical equipment, and an intensified physician recruitment program, will attract some of those persons

who have been going out of town for their hospital care. We have recently had a new addition to the Doctor's staff with Dr. Im and Dr. Phillips will soon open practice in the Hackley Building. Also, the Hospital Board is presently undergoing negotiations with a general surgeon. The possibility of acquiring him is favorable.

The Hospital Administrator, Jerry Taylor, told us that he will endeavor to put the hospital on an even keel within the next three years. When this is done the Hospital Tax collections will be brought down to an indigent figure, which is an amount that has to be collected according to state legislation.

The exact amount of the proposed tax cut has not been voted on yet, but it will possibly fall around the 30% mark. It may not be quite that sizable of a cut after everything is considered, but the Hospital officials feel that a tax cut would be a good step to take. In this day of inflated prices, and heavy taxes, any break at all would be a welcome one to our county and city residents.

The Hospital tax rate could be figured on either of two sets of evaluations; that set by the county, or that set by the School District. The Hansford Hospital chooses to use the lesser evaluation, which is that one set by the County. The current tax rate is 50 cents assessed for every \$100 of property value. A 30% tax cut would lower this figure to 35 cents for every \$100 of property value. The average city resident this would not appear to be a great deal of difference, but to the larger farmers and business this would make a stable cut.

Wheat Harvest Outlook

At approximately the mid-way point in the 1977 wheat harvest in Hansford County and vicinity, early estimates indicate a crop yield comparable to or slightly below last year's yield. Elzey Vanderburg, Hansford County Agricultural Stabilization and Conservation Service Executive Director, reported this week.

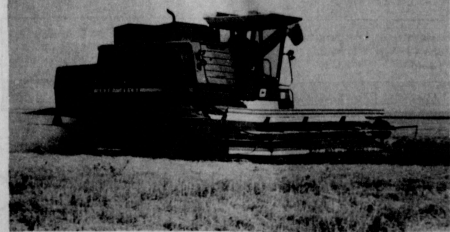

At this time, irrigated wheat yield is estimated at 40 bushels per acre with some producers reporting more and some less per acre.

Optimistic over this year's crop, Vanderburg also announced the Hansford County wheat from the current crop can go into the federal Commodity Credit Corporation loans and storage at a \$2.22 per bushel rate, the county loan rate which has been established.

The rate is higher than the elevator price even though there is encouraging market news for grain growers.

Vanderburg noted producers must prepare storage for the elevator for 11 months from the date the warehouse receipt is issued.

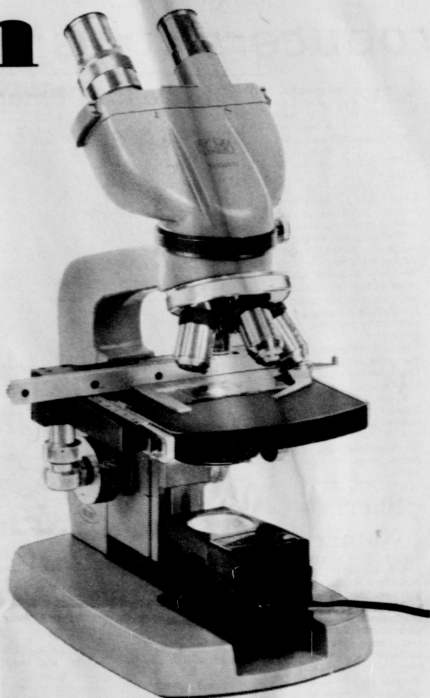

As an example, if a storage figure is .006 per bushel per day, the monthly charge is .18 cents per bushel per month making a net of approximately \$2.04 per bushel under the CCC rate. The ASCS office will charge \$6 for issuing the warehouse receipt and a half cent per bushel for handling charges. If a producer has more than one warehouse receipt, there will be \$1 charge for each additional one added to the \$6 charge.

The Wheat Harvest in Hansford County is in full swing. The first photo shows one of R. B. Masters four combines at work on some of the Frank Davis Farms acreage. Terry Curtis, operator of the farms said that he will probably end up with about fifty bushels to the acre. In the second photo, R. B. Masters, who has done custom work in this area for thirty years, is busy with some "in the field" maintenance.

Fighting Children's Lung Diseases

Scriptures selected
by the American
Bible Society

"Heather here in Scotland is so common it grows everywhere. Why do you wish to study it?" I asked a botanist.

He then suggested taking a single flower from the cluster and looking at it through his microscope.

I was amazed at the delicate shading and breath-taking design of an individual bloom. I almost wished he hadn't shown it to me. I trample on thousands of them every day.

The beauty and blessings of life are enhanced by observing God's creation through the lens of Truth.

Consider the Church as a spiritual microscope. It helps you see the worth of single souls. It encourages you to call no man common or trample his capacities under the foot of indifference. It helps you discover and appreciate all the wonders of God's marvelous creation.

Wilson-Schiffner wedding performed at Waka Church

Betrothal Revealed

Mr. and Mrs. D. Morton of Kress announce the engagement of their daughter, Rebecca Ann, and Jerry Loyd Boatwright, and their wedding date of Aug. 6. Boatwright is the son of Mr. and Mrs. Billy L. Boatwright of Spearman.

The bride-elect received the BA degree in Business from Wayland Baptist College in May and is a secretary in the Registrar's office at Wayland. She graduated from Kress High School.

Boatwright is a graduate of Spearman High School, a senior at Wayland College and pastor of the Finney Baptist Church. The couple will pledge nuptial vows in First Baptist Church of Kress.

United Presbyterian Church News

General Assembly of the United Presbyterian Church U.S.A. is now in session at Philadelphia, Pennsylvania. There is a Sunday Church School for every age group every Sunday at 9:45 a.m.

The Rev. Carter McKemy will be preaching Sunday, June 26 at the service for the public worship of God at 11:00 a.m. There will be backpack trail camp for youth entering 9th thru 12th grades up Sierra Blanca Mountain near Ruidoso, New Mexico, June 26 - July 2.

There will be a family camp for families of any size and age, an unstructured week at Camp Chimney Spring for couples and/or families with children to do their own thing! June 26 - July 2.

Warm, friendly, Christian fellowship awaits all who attend the services and activities of the First Presbyterian Church.

It is colder at the antarctic than at the arctic.

The marriage of Gwenna Wilson and Lyndel Gene Schiffner was solemnized at the Waka Church of the Brethren on Saturday, May 22, at 4 o'clock.

The bride is a daughter of Mr. and Mrs. David L. Wilson of Waka and the groom is a son of Mr. and Mrs. Paul Schiffner of Beeler, Kansas.

The pastor, Rev. Robert Sifrit, performed the double-ring wedding ceremony.

Mrs. Dean Leighner played selected organ pre-nuptial music and also played Lehighin, the Bridal Chorus by Wagner, as the processional and Mendelssohn's Wedding March as the recessional.

She also played the accompaniments for Mrs. Allen Goodman of Ulysses, Kansas, sister of the groom, who sang "I Won't Last a Day Without You" and for Earl Eckles of Fort Worth, uncle of the groom, who sang "Time in a Bottle."

The setting for the wedding party was composed of potted palms on the sides of the steps leading to the altar and a background of Ficus Benjamin trees with candelabra entwined with greenery accented with baby's breath, holding the lighted candles.

The bride was attended by her sister, Nancy Wilson, as maid of honor, and her cousin, Misti Moss of Plains, Kansas, as bridesmaid.

Cousins of the bride, Anita Rapp of Guymon, Oklahoma, and Mandi Moss of Plains, Kansas, were flower girls. Allen Goodman of Ulysses, Kansas, brother-in-law of the groom, served as best man. Danny Schiffner, brother of the groom, was groomsmen. Ushers were Greg Wilson, the bride's brother, and Tommy Haner of Spearman. Ringbearers were Laci Freisen of Perryton and Rusty Wilson of Eric, Oklahoma, also cousins of the bride.

Given in marriage by her father, the bride wore a wedding gown of white silk organza over bridal satin with a V-shaped standing lace neckline, a fitted bodice with a high lace adorned waistline and full length sleeves.

The softly flared skirt fell into a chapel-length train with re-embroidered lace on the edge of the organza overskirt.

The free-flowing veil of bridal illusion was trimmed with re-embroidered lace that matched the lace on the gown. The bride carried a cascade bouquet of sweetheart roses and baby's breath.

The feminine attendants wore formal-length eggshell eye dresses with slightly-gathered skirts, fitted bodices and scoop necklines with a wide ruffle. They wore garden straw hats of a matching color trimmed in eggshell lace and rose red ribbon. They each carried nosegays of sweetheart roses.

The bride's mother wore a soft beige formal-length gown with gold accessories and the groom's mother, a formal length gown of shades of blue and beige print on white with white

was covered with a white lace cloth and was graced with a silver epergne holding lighted candles and sweetheart roses.

The three-tiered white wedding cake was cut and served with punch from a crystal punch bowl or coffee from the silver server. Bridesmaid mints were made by the bride's mother.

Serving were Mrs. Bobby Parker and Micah Most of Plains, Kansas, cousin of the bride. Hostesses were Mrs. O.E. Drake, Mrs. B.J. Turner, Mrs. Bud Heath and Mrs. David Burger.

For traveling, the bride wore a three-piece white linen suit with yellow accessories and rosebud corsage.

The bride, a 1977 honor graduate of Spearman High School, was a member of the National Honor Society, the Student Council and was chosen as Miss Personality of 1976-77.

The groom who is engaged in farming at Beeler, Kansas, with his father, graduated from Ness City High School, Kansas, in 1973.

Out-of-town guests for the wedding and reception were Mr. and Mrs. John Allen, Mrs. Helen Fisher, Mrs. F.L. Allen, Mrs. T.M. Allen, J.B. Buchanan, Alan Uptergrove and Mr. and Mrs. Jim Kinselman, Mrs. J.D. Bassel of Brethran; Mr. and Mrs. Paul Buchanan of White Deer, Mr. and Mrs. Willis Freisen of Perryton, Mr. and Mrs. Don Rapp of Guymon, Oklahoma; Mr. and Mrs. Jerry Wilson of Erick, Oklahoma.

Others were Mrs. Lois Correll, Kings Beach, California; Mr. and Mrs. Donald Reynolds and Larry of Crawford, Oklahoma; Patricia Brown of Sisseton; Mrs. James May and Michelle and Mr. and Mrs. Earl Eckles of Fort Worth, and Mr. and Mrs. Dean McVicker and Mr. and Mrs. Charles Goodman of Beeler, Kansas; Mrs. Linda Moss, Plains, Kansas.

A reception held by the bride's parents was held in Fellowship Hall of the church following the wedding ceremony. The table

Rehearsal dinner
Parents of the groom, Mr. and Mrs. Paul Schiffner of Beeler, Kansas, were hosts for the rehearsal dinner, which was held at K-Bob's Steak House on the evening before the wedding.

Present were the bridal couple and their parents, members of the wedding party and guests.

A pre-nuptial shower was given in Waka at the Church of the Brethren.

The table was covered with a red cloth with an arrangement of red flowers.

Punch was served from crystal punch bowl with party cookies, nuts and mints by Miss Teresa Cudd of Waka.

The guests were registered by Miss Nancy Wilson, sister of the bride.

Corsages of kitchen 'gadgets' tied with red and white check bows were given to the honorees and special guests.

Out-of-town guests were Mrs. J. B. Buchanan, Mrs. Helen Fisher, Mrs. F. L. Allen, Mrs. Olive Allen, Mrs. Pat Cates, Mr. and Mrs. John Allen from Spearman; Mrs. Paul Buchanan from White Deer; Mr. and Mrs. George Grayson, Pampa; Mr. and Mrs. Paul Schiffner, Beeler, Kansas; Mr. and Mrs. Don Rapp, Guymon, Okla.; Mr. and Mrs. Willis Freisen, Perryton.

Hostesses were Mmes.: Bud Heath, B. J. Turner, Bobby Parker, Charles Cason, Bob Sifrit, Dean Leighner, David Burger, O. E. Drake, Albert Mackie and Richard Burger.

Fireworks Stand Open June 27

Lee-Wilmeth Engagement Announced

Mr. and Mrs. Giles M. Lee, Lovington, New Mexico, announce the engagement and approaching marriage of their daughter, Mary Ann, to Mr. Frank Wilmeth, son of Mr. and Mrs. Roy Wilmeth, 508 South Roland, Spearman.

Miss Lee is a 1972 graduate of Lovington High School and attended Stephen F. Austin State University, Nacogdoches, and West Texas State University, Canyon, completing her Bachelors Degree in May. She was a Sun Duchess to the Sun Bowl in El Paso in 1974, and was a member of Zeta Tau Alpha social fraternity at WTSU, where she served as pledge class vice-president and ritual chairman.

Mr. Wilmeth is a 1970 graduate of Spearman High School and a 1975 graduate of West Texas State University with a B.S. degree in Agricultural Business and Economics. While at WTSU, he was a member of the rodeo team and Phi Delta Theta social fraternity. He is presently ranching outside Capitan, New Mexico.

The engagement was announced June 6, 1977, at a morning coffee at the ranch home of the prospective bride's parents, Mr. and Mrs. Giles Lee. Serving as hostesses were the prospective bride's mother, Mrs. Giles Lee, and her sisters, Mrs. Danny Berry, Eunice, New Mexico, and Mrs. Brad Christmas, Wagon Mound, New Mexico.

The couple plan a September 10 wedding.

Baby Shower Held For Mrs. Cook

Mrs. Timmy Cook was honored Thursday, June 16 with a baby shower held in the B & B Friendship Room. Hostesses Mmes.: Donnie Mach, Bill Gordon, Mike Brown, Ned Byrd, Tom Reed and Roy Russell.

The serving table was laid with a green and yellow tablecloth with accents of storks. Individual artificial storks on each napkin served as the centerpiece. Mrs. Roy Russell served cake and punch to the guests.

Mrs. Donnie Mach registered the guests.

The honoree was present-

ed a corsage fashioned of baby socks. Special guests included the honoree's mother, Mrs. Weldon Goodson of Amarillo; grandmother, Mrs. James Cook and great-grandmother, Mrs. Ira Tindell, both of Spearman.

Mrs. Holton Named C/F Chairman

"Little more than a decade ago the Cystic Fibrosis Foundation was working to keep C/F youngsters alive long enough to start school. Now we are trying to help some of these same patients, who have grown to young adulthood, enter college or find jobs."

These encouraging words came from our newly recruited chairman, Mrs. Jerry Holton of Spearman, Tex. as she accepted the chairmanship of the 1977 Breath of Life Campaign.

Longevity has increased every year because of earlier diagnosis and progress on research and cure," said our chairman. "It is efforts such as these that we support by volunteering for and contributing to the Breath of Life Campaign."

This year's campaign begins with a Door-to-Door march in September. When a C/F marcher knocks on your door, give as generously as you are able," she said. "Remember that even today, with improvements research and care have brought, there is no cure for this inherited, genetic disease.

Among the programs of the Cystic Fibrosis Foundation are support for over 100 Cystic Fibrosis Centers across the nation. "These Centers provide diagnosis, treatment and referral to children who have these lung-damaging diseases as well as those who suffer from gastrointestinal disorders related to cystic fibrosis," the campaign chairman said.

"In Texas there are clinics at San Antonio, Houston and Dallas."

The Foundation also funds research to find a cure and control for cystic fibrosis, the most serious of these lung-damaging diseases, and to develop better treatments for children suffering from all lung disorders.

"The treatments that prolong the lives of children with cystic fibrosis also alleviate, and often cure, children with other lung-damaging diseases," she added.

Cystic Fibrosis, the number one genetic killer of children affects one out of every 1,500 babies born each year and occurs when a child inherits two genes for the disease, one from each parent.

"The parents don't have cystic fibrosis, but they are among the 10 million carriers of the gene in the United States," she added "that one goal of Foundation-sponsored research is a test to detect these carriers."

"We don't need more reasons than these to actively support the Breath of Life Campaign."

Bridge Club

Mrs. Sonya Godfrey won high and Mrs. Mary Ann Lasater, second high. Refreshments were served to members, Mesdames: Jack Lasater, Wayne Garrett, Joe Venneman, Roy Flowers, Monty Blackman, Ted Godfrey, S. B. Sheets, and guest Mrs. Barkley from Gruver.

The next meeting will be July 21 at the home of Mrs. Joy McCormack.

Arts & Craft

Guild Met

Arts and Crafts Guild met Friday, June 17 in the home of Mrs. Nolan Holt.

Delicious refreshments were served to members. Mesdames: Joe Trayler, Guy Fuller, Clay Gibner, Ned Turner, P. A. Lyon, Sr., Bill Russell and Pope Gibner. The next meeting will be June 24 at the home of Mrs. Sada Hoskins.

Mrs. Carter Expresses Thanks For Cookbook

Mrs. Bernice Brown and Mrs. S. B. Sheets are shown here visiting with Congressman Jack Hightower during Roundup Days in Spearman June 5. The ladies were among the delegation recently going to Washington on behalf of current farming and ranching problems in the Panhandle.

Mrs. Bernice Brown presented one of the aides in the Old Executive Office Building in Washington, D.C. a Beef Cookbook for Rosalynn Carter, while on the trip there with W.L.F.E., on behalf of the Calico Cowbellies. The Calico Cowbellies on the trip were Bernice Brown, Georgia Holt, Bobbie Novak and Donna Sheets.

Mrs. Brown received a letter of thanks from Mrs. Carter's secretary early in June.

It reads: Mrs. Carter has asked me to thank you for the copy of The All Beef Cookbook which you presented on behalf of the Calico Cowbellies of Hansford, Ochiltree and Lipscomb Counties. She is pleased to have this compilation of appealing recipes. Mrs. Carter's best wishes.

Sincerely, Rita R. Merthan

Personal Secretary to Mrs. Carter. The Cowbellies group visited with Deputy Secretary John White, Secretary Carol Foreman, Congressman Jack Hightower and his aide, Caburn Crane. Senator John Tower, aide Joe Winklemann, Congressman George Mahan, President Carter's aide Lynn Daft, plus other Senators, Representatives and dignitaries.

The group of ladies from WIFE organization and also the Cowbellies well represented the State of Texas. Their interest in the cattle business ranching, and farming stirred up a lot of recognition. Lack of communication can present a lot of problems and this seems to be one of the main issues in these people knowing of our situation.

Chickadees and nuthatches are fond of peanut butter.

Mr. and Mrs. Charles (Chuck) Fletcher

Beedy's Summer Clearance And Stock Liquidation

This is the time of year when we normally have our summer clearance. This year we are not only having our clearance but are REDUCING our inventory as much as possible in anticipation of moving into our new store in about six weeks. We have never had a SALE to equal this one. Most of these items are extremely good buys as we do not want to move any more than possible out of this building. Our loss is your gain. We will be closed Thursday June 23rd to prepare for this gigantic liquidation sale. We invite you to take with you any purchases you make as we cannot promise immediate delivery. ALL SALES FINAL, no approvals please.

BEEDY FURNITURE COMPANY

Phone 806-659-3044 Plains Shopping Center Spearman, Texas

Joyce Jennings
W.I.F.E.
Box 452
Spearman, Texas 79081

Dear Mrs. Jennings:
If I ever was tempted to scoop wheat for a living, you have convinced me there must be an easier way!

I recall our conversation on this subject while you were here and feel in retrospect that I should have taken more time to explain my comment that the wheat and feed grain storage provisions of the farm bill will benefit producers.

Your points regarding the difficulties of moving wheat on the farm are well-taken and particularly your explanation of how the grain may become contaminated in a storage facility on the farm.

I am sure that wheat producers are familiar with these problems and may not choose to take advantage of the provisions of current law and the proposed farm bill to establish on-farm storage. However, the storage provisions of the farm bill are not mandatory, and offer only a program to those producers who choose to use it. By expanding the range of options to open to farmers, I do think that section of the bill is good. Since it does not require farmers to do anything they would not want to do, I really believe it does no real harm.

However, that leaves open the possibility that it can be improved, and as you know, no law is so good that it cannot be improved upon. Accordingly, I am going to take you up on your offer to suggest changes which would make the program better. I just wish we could have talked earlier in the year so that these suggestions could have been incorporated in the bill which was passed by the Senate, but I promise to work on getting them incorporated in the farm program after I have received them.

Since I have about a ton of dirt to move in my back yard which was left when my house was built, I'll have plenty of an opportunity to try out the technique you suggested, but please, would be all right to whittle "Dixie" instead--it's my favorite.

Now, having been properly chastised for my lack of understanding of the points you tried to make, let me say that I truly enjoyed our visit and want you to know that I'm looking forward to our next opportunity to meet. You and the members of WIFE are so energetic and so right about what you are saying that it is a pleasure to work with you. I hope we have many, many opportunities to do so in the future.

Best wishes to you and your continued success with WIFE.

Sincerely,
Joe Winkelman
Agricultural Assistant to
Senator John Tower

June 2, 1977
Mr. Joe Winkelman
% Senator John Tower
Room 142
Old Senate Building
Washington, D.C. 20510

Dear Joe:
The group of W.I.F.E. from Spearman, Texas, greatly appreciated the time that you spent with us on May 23, 1977. The Senator may be complained upon his choice of personnel.

Under separate cover we are sending you an instrument titled, "wheat scoop". This instrument is used to move wheat from truck to loader, to move wheat within the storage bin and usually a minimum of three times to get the wheat properly placed. Often, depending on circumstances, the scoop is used more than three times on the same wheat to get it stored and, of course, the same procedure in reverse to remove wheat.

The scoop is powered by man--the laborer. It holds about one-half of a bushel if properly filled meaning thirty pounds, and is used to pitch wheat up and over one's head. This type of work does not appeal to the common laborer and the wheat owner, be man or woman, usually must man the instrument himself or herself.

Since there is no wheat in Washington, D.C., you may try testing the scoop in moving sand or loose dirt. Try pitching it up and forward to a height above one's

head to the rhythm of "Yankee Doodle Dandy"; and if you can endure 12 to 14 hours consecutively, you will have an idea of one phase of farm storage.

If you will note the price tag, you can easily compute that it took more than 8 bushels of wheat for purchase price of \$15.95 plus 5% tax, and then another bushel and a half to get it delivered.

In our humble, grass-roots way, we are saying the farm storage is not a feasible plan for the wheat farmer. Also keep in mind that number one wheat entering the storage bin on the farm usually comes out number three or four. From what grade of material do you wish to have your breakfast sweet roll made?

If it be convenient, please advise the Senator that the instrument you have received is a wheat scoop and not a shovel.

If you wish any help in deleting or revising the farm storage bill, I, as an individual, will be happy to assist in any way possible, free of charge.

On behalf of W.I.F.E. of Spearman, Texas, we present you the Texas Wheat Scoop with our dearest compliments for a successful and improved farm bill.

Your truly,
Joyce Jennings
W.I.F.E.
Spearman, Texas

June 10, 1977
Mrs. Donna Sheets
601 S. Haney
Spearman, Texas 79081

Dear Mrs. Sheets:

This is just a note thanking you for coming to Washington to work for a better farm bill and a better agriculture. I was proud of the manner in which you presented yourselves and your cause. Our WIFE group has been by far the most effective of the farm wives groups that have come to Washington.

If all citizens had the interest in the farm bill that you and your neighbors have shown, our country would have fewer problems. It is when a citizen fails to take a direct

County Agent News

The recent rainy period has brought about a mosquito problem in many communities of the Texas Panhandle. Hordes of mosquitoes have been reported biting and causing a general nuisance to residents of communities especially in the eastern part of the Panhandle.

"Mosquitoes can develop wherever standing water is available," says Jim Kuykendall, County Extension Agent. "Old tires, tin cans, bird baths, or roadside ditches can all hold enough water to provide breeding sites for mosquitoes."

If mosquitoes are a problem where you live, the first thing to do is eliminate their breeding sites. Empty out old tires and place them where they cannot collect additional water. Flatten or discard tin cans in such a manner that they will no longer hold water. Change water in bird baths on a weekly basis. Drain any standing water.

"If there is standing water that is serving as a breeding site but cannot be eliminated, then treatment with a larvicide will be necessary," points out Kuykendall.

"One of the most effective larvicides is No. 2 diesel oil with a biodegradable spreader applied at a rate of 20 gallons per surface acre of water." "Abate R, malathion, or Duraban R applied to standing water at labeled rates are also effective larvicides, but labels should be read carefully to determine the hazards of using these insecticides to applicators, fish, and other animals that

had in the government that other interests fill that void.

Please keep in touch and always let me know what I can do to help you.

Sincerely,
Jack Hightower

may be using the water", adds Kuykendall.

Control of adult mosquitoes offers the most immediate relief. Inside the home, aerosol bombs containing pyrethroids offer quick knock-down of adult mosquitoes. The killing effect of pyrethroids is very short-lived so frequent application will be necessary to keep adult mosquitoes inside the house under control. The "pest strip" offers effective control for long periods of time. "one" pest strip" per average size room is necessary to control mosquitoes," Kuykendall adds.

"Persons who are active where and when mosquitoes are a problem should use repellents. These repellents will protect one from biting mosquitoes for 1-3 hours depending on the type of activity of the person," explains Jim Kuykendall.

Adult mosquitoes around the home can best be controlled by space or residual treatments. These repellents such as malathion, Dibrom R, methoxychlor, or Duraban R. Space treatments, generally fog, have very little residual activity and it will be necessary to retreat at frequent intervals. Space treatments are effective during the cool hours of the night or early morning and when the wind velocity is less than 5 miles per hour.

Residual treatments applied as mist or sprays to the resting site of adult mosquitoes give longer-lasting control than space treatments. Residual sprays should be applied to vegetation, eaves of roofs, under porches, and similar shaded areas where adult mosquitoes rest by day.

"The hot, dry summer weather that is normal for the Texas Panhandle should dry out these temporary pools of water and give people some eventual relief from these biting mosquitoes," points out Kuykendall.

"A mountain and a river are good neighbors."
George Herbert

Now we can invite you to be in "good hands."

Zack B. Fisher Agency proudly announces the addition of Allstate, famous for "good hands" insurance and financial services, to the other fine companies we represent.

You know us, here in town. You know that we've always tried to provide you with the fullest available selection of top-quality insurance and the best possible service, through the companies we represent.

The folks at Allstate are our kind of people. Allstate and its parent company, Sears, have a national reputation for reliability and value.

So it just made sense, in your behalf and ours, to add Allstate to the list of companies we represent. Now we can offer you Allstate's full line of quality coverages for your life, your health, your home, your car--business, too.

Allstate's famous, coast-to-coast claim service, and Allstate Enterprises, Motor Club and Auto Finance Plan are only a few of the services now available.

So we invite you to call or come in, and compare. Now you, too, can be "in good hands."

Allstate 20% deviation on Homeowners and 10% deviation on Autos could quite possibly save you hard cold cash this next year on your insurance premiums. If interested call Burl Buchanan in Spearman, 659-3914 or 659-3367 or call Zack B. Fisher in Memphis at (806) 259-3430.

SQUARE CIRCLE WINNERS -- Another laurel was added to the winning strings being accumulated by these representatives of Spearman K.I.D.S., Inc., wrestling prowess. From left, Mark Johnson, Cole Ivey and Carl Urban display their first place designation. Johnson was the winner in the 65-pound division, Ivey collected all the honors in the 70-pound division and Urban led the pack in the 50-pound division. Coach Jim Ivey, as pleased as a coach could be, noted that Bob Cook made the trip to the Holly, Colorado, tournament but had to withdraw because of illness. "But I'm sure he would have won had he been able to wrestle," Ivey stated.

YMCA For Spearman? Is Possible

Spearman Rotarians Monday listened attentively to two Perryton residents, Donald (Shorty) Dear and Ray Ezzell, as they outlined procedures followed in establishing a Young Men's Christian Association (YMCA) facility for Perryton and vicinity.

Their appearance during the meeting at Martin's Steak Garden an exploratory venture by the club about the possibility of establishing a YMCA for Spearman and vicinity should there prove to be enough local interest.

After all the discussion, it was emphasized that an organizational meeting be held in Spearman for those people interested in a YMCA in Spearman.

Any interested in such a program which could only prove beneficial in the future for Spearman and vicinity can contact any Rotarian and express such an interest.

In their presentation Monday, Dear and Ezzell both emphasized that the YMCA in Perryton began in an office, from which it will continue to operate until the new YMCA building there is completed and occupied, with professional help from the YMCA, and international organization, and all the Perryton residents who make up the board of directors and the large volunteer force.

Such a volunteer force is a necessity if an ongoing YMCA program proves successful, it was brought out.

Ezzell related the requirements for a board of director member, including creativeness, possession of managerial possibilities, the aptitude of listening, an interest in the betterment of the community and a willingness to become involved.

In addition to the board of directors, a whole lot of unselfish people who will volunteer their time, energy and financial backing is required.

Dear outlined the opportunity provided youth through a YMCA program which provides outlet for participation by all youth.

He emphasized how the YMCA is a community program, working with outgoing programs and not against them. He mentioned how the YMCA in Perryton conducted swimming program for the Red Cross.

And he brought out how

sustaining volunteer efforts keep a YMCA program on a continuing basis by providing personnel for all established programs.

Interest was shown by Rotarians with consideration of the idea to be undertaken before any firm decision is reached as far as the Rotary Club is concerned.

Activities for the wives accompanying their husbands included a tour of the American Air Lines Academy

Attend TALU Meeting

L.E. Thomas of Spearman, newly elected president of the Top O Texas Life Underwriters Association, attended the meeting of the Texas Association of Life Underwriters in Arlington last week during which he was one of the judges of year-books submitted by association members.

Also in attendance were Mrs. Thomas and Mr. and Mrs. John R. Collard Jr. of Spearman and Mr. and Mrs. Bright Newhouse of Clarendon.

The session was headquartered in the Inn of the Six Flags.

Speakers at the various activities included: National Association of Life Underwriters President R. W. Forker (CLU). Justin Wilson of Denham Springs, La., humorist and member of the Society of Safety Engineers who uses a Cajan dialect. American General Life Insurance President John Murtha (CLU).

Bill Glass, All-American football player and All-Pro Team Member while with the Cleveland Browns.

In the election of TALU officers Friday, June 17, Zeph W. Pease (CLU) was named president.

Boatwright To Be Ordained

Jerry Boatwright, son of Mr. and Mrs. Bill Boatwright, will be ordained to the Gospel Ministry on Friday evening, June 24 at 7:30 p.m.

The young Reverend Boatwright is a 1974 graduate of Spearman High School and is a senior ministerial student at Wayland Baptist College. He has been called to the Pastorate of the Finney Baptist Church, Plainview, Texas.

Swim Team Competes At Ulysses

The Spearman Swim Team traveled to Ulysses, Kansas on Saturday, June 18th for a meet with eight teams from the West Kansas Swim League. The team overall did well, and showed improvement. They scored a total of 11 1/2 points in the meet. Individual results are as follows:

Gary Thomas - Boys 11 & 12 66 yd. Freestyle - tie 6th
Tuwana Bryd - Girls 13 & 14 200 yd. Freestyle - 6th
Julie Farr, Marietta Davis, Stacey Thomas, Tuwana Bryd - 6th

This is a fine showing since most of this team are first and second year swimmers. This coming weekend 9 members of the team will travel to a Junior Olympic meet at Colby, Kansas, on Friday and Saturday.

Youth Gain Office At Girls & Boys State

Three Hansford County Youths gain offices at Girls State and Boys State this year.

Crystal Carson, Randy Reid and Jim Jones were the delegates to the Annual Girl and Boys State this year. Crystal Carson, is presently attending the Bluebonnet Girls State at Seguin, Texas. She ran for the office of Municipal Judge and was elected to serve in this office. Randy Reid attended the Boys State at Austin and ran for County Judge and was elected to serve in this office. Jim Jones ran for an office in the House of Representatives and was elected to

serve in this office. All three youths are outstanding students at Spearman High School.

Hospital News

Patients in Hansford Hospital are Gerry Harnish, Jerry Smith, Lester Howell, Dale Pinkston and daughter, Ella Hull, Birdie Thomas, Fannie Hand, Marc Conley, Pate Grigby, Santiago Terero, Claude Sheets, III, Ella Parks and Phyllis Hillock.

Dismissed were Troy Queen, Nancy Queen, Danny Willford, Pam Archer, Donna Janzen and daughter and R.E. Lee.

Hansford Youth Qualify For District 4-H Horse Show

These lovely young ladies are just a few of the participants in the 4-H Horse Show held last week end. They are (from left to right) Charlotte Elliott, Halee Reed, Jennifer McLain, Suzanne Hart, Melanie Kenney, Jennifer Umphress.

Golf Scramble!

The Hansford Golf Club has begun a scramble open for all golfers every Tuesday evening, beginning at 6:00. There was a new pot started Tuesday allowing participants a chance for offered prizes. These prizes are presented in the form of gift certificates to be redeemed at the golf pro shop. They vary in sizes which are

computed on the number of participants in the scramble. Teams are formed with three to four members on a team, also depending on the turnout. Each member of the first place team is awarded a gift certificate. A slight fee of \$1.00 is charged to club members for entry into the scramble. Non-members also partici-

competition. They will be competing against 246 other youth from throughout the Panhandle with the same goal in mind.

The Halter, Showmanship and Roping Classes will be judged on June 28 and the Performance classes will be judged June 19.

Juvenile Arrested After Sunday Spree

Hansford County Sheriff R.L. McFarlin announced this week that a 14-year-old juvenile from Spearman has been turned over to juvenile authorities after being arrested for theft of purse and billfold combinations totaling a total of \$350, personal identification papers and other valuable items.

The six purse and billfold combinations were taken from unlocked cars last Sunday in Spearman.

McFarlin said the recovered billfold and other combination occurred, the sheriff advised everyone to lock their car when leaving it unattended for any length of time.

Airman H. W. Melton

Airman H.W. Melton, whose wife, Norma, is the daughter of Mr. and Mrs. Berry Powers of Spearman, Texas, has been assigned to Havre Air Force Station, Mont., after completing Air Force basic training.

During the six weeks at Lackland AFB, Tex., the airman studied the Air Force mission, organization and customs and received special instruction in human relations. Completion of this training earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

Airman Melton will serve as a food service specialist. The airman is a 1974 graduate of Gruver (Texas) high school.

Study Lists Local Spending

The Hansford County Economy gained in strength during the past year according to a survey of activity locally and in other communities across the country.

Figures for the area, just released, show that consumer spending for goods and services was relatively strong, referring to the fact that most families had higher incomes than before and were spending more.

The larger sales volume in local retail stores reflected the higher price tags on most merchandise.

The findings are brought out in a comprehensive study made by the Stand Rate and Data Service. It lists each locality, the amount of money spent in the past for clothing, cars, household equipment and other production.

In Hansford County the figures show, food was in the number on spot. More money went in that direction than any other.

Expenditures in local grocery stores, delicatessen markets, bakeries, butcher shops and other places selling food for home consumption added up to \$4,977,000.

In addition to this output, a considerable amount was spent in local restaurants and in other eating and drinking places.

In effect, about 33 cents out of every dollar spent at local retail stores went for take-home food.

The report indicates that the home food bill, if distributed equally among the people in the area, would figure out to \$2,348 per family.

Elsewhere in the United States, it was \$1,890 and, in the State of Texas, \$2,029.

Also detailed in the study are the expenditures on various other commodities.

Sales of cars, motorcycles, boats and related expenditures amounted to \$2,241,000 in the year.

In general merchandise and variety shops a total expenditure of \$1,931,000 was recorded.

Those selling shoes, clothing, hats and other wearing apparel grossed \$1,635,000. Local furniture and home furnishings stores accounted for \$838,000.

Thus far this year, the national reports indicate that the economy continues on the upswing, with consumers spending more freely.

YOU NAME IT FROM THE DEN OF POISON PEN

by Billy Miller

After a long time of no column, I have decided that I better get back to work and sure enough in order to have a good column, I have paid the supreme price, by going to Oklahoma the past two weekends-on business, to gather some information for said column.

This last week, I accompanied my brother and sister-in-law to his boyhood town of Cheyenne, Oklahoma.

Being an old Indian scout myself, I thoroughly enjoyed the trip. One of the highlights of the trip was visiting the Indian Cemetery at Cheyenne. Some of these wonderful Americans had peculiar names and I thought I might relay some of the names of them to my readers. On the tomb stones in the cemetery were such names as: Chunky Finger Nail, Indian Scout, Oklahoma

ma. This tomb stone with "Setting With" had a picture of a beautiful Indian Squaw woman and I am sure she received her name from being a baby sitter or, also, setting with the sick. Also, I was impressed with "Harts" and Charles Bison, plus Frank R. Black Bear son of Sage Woman and Joe White Buffalo. And, last but not least, was Crooked Nose Blackhawk 1883-1900. I relay this information to my readers because of historical significance and to salute these great Indians who settled this country as Scouts and citizens. This cemetery is at Hammon, Oklahoma and it is a Menominee Cemetery.

We also toured the Lake Altus area and the lake is so full that three flood gates are now open so the fishing should be great. It was so hot I didn't take time to check any of the catches.

I enjoyed reading News-Week with the story about Hansford County being the 44th highest per capita income county in the U.S. I think Loving County, a county in Alaska, and Sherman County were the only three counties that were ahead of Hansford County. That makes us No. 46. I can't hardly wait to kid Harold Hudson about Ochiltree County not making one of the top richest counties in the U.S. But, I don't want to press him too hard as he might want me to pay him some of the money I owe him! This was taken in 1975 and I am kind of proud of the "short grass" country for having more cattle, oil and gas, and money than almost every county in Texas (per capita). Even if I don't qualify as one of the really big - rich fellows, I can say that I know them all and am from Hansford County! I sure hope that they don't take one of those census deals this year with cheat the price that it is!

Was just reading one of the great authorities on journalistic education. He was Bill Nye, who ran the Laramie Broomranger in Wyoming in the 1880's. He laid down the following rules for successful journalism—two years of meditation and prayer, to resist the temptation towards profanity. Five years of studying the peculiarities of the English language. Three years of handling weapons of self-defense, such as six-shooters, shotguns, and tomahawks. Ten years of typography to answer silly questions of delinquent subscribers. Five years of proof-reading, during which the student will learn to make marks completely baffling. Fifteen years of studying politics. American politics should be studied in London and English politics in Dallas. A course in medicine and surgery to enable him to heal the wounds of irate advertisers. Ten years of law to learn the difference between Latin legal terms and Latin profanity. Ten years of theology to enable a journalist to place Biblical quotations into their proper chapters. The last ten years of a newspaperman's education should be devoted to subjects which will enable him to make a living, such as "cutting wood," "baking beans," "making shirts," "turning double hand springs," "coupling cars," and "playing poker". The young student, in Nye's own words, would emerge from the college of journalism at the age of 95 or 96 ready to take off his coat and write an article on almost any subject.

We are really having some fun here at the newspaper office, speaking of journalism, with the past month setting a record for problems. Our electric motors have a bad habit of going out just at press time. We are using a new quick print set-up for our pictures and are making our own half-tones from the pictures. Sure enough, the quick print motor went out the couple of weeks ago; we fixed it and developed two leaks in the tanks. We have never received our proper computers

for shooting time on our and have had to learn the hard way to make our half-tones. Sometimes I feel like a motherless child, when all of the motors quit, and sure enough the air conditioner quit last week. My girls informed me that when they get sick from heat they start vomiting. So, I called up Anthony Electric and Lawrence is fixing our air conditioner! On top of this some other motors went out, but I think they are for the heating system—so hope to have them done in the near future. However, we learn a new lesson from each of these disasters and we will be tough to "fool-up" in the future.

I want to thank the people at Community Public Service

for restoring our electricity so quick the other night. I don't see how these men fine out to the scene and get the "juice" back on so quick. Anyway, a big thanks to the boys at Community Public for a job well done.

Also, an apology to the 4-H kids who posed for me on their ponies this week-end. I rushed back and tried to

scoop everyone with some fine pics, but they just didn't come out at all! We have our machines fixed this week though and the pics should be better!

LION TRACT BRINGS OUTSTANDING PROGRAM TUESDAY

Lion Everett Tracy brought the program at the regular noon Lions club meeting. The program was outstanding, and revealing to the local members.

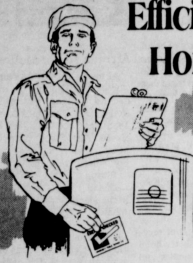

It was learned that the president and his board members were going to tax old oil, which is at 5.95 per barrel, to bring it up to the 11.50 per barrel price of new oil. This will cost 6.17 more per barrel, and the consumers will have to make up the difference. The 6.17 difference will be given to the government, and will amount to over six billion dollars in Texas alone. This is more than the entire ag, crop will be in the state this year. And, the money will be distributed to welfare recipients. It is almost unbelievable what it will cost the consumer, probably about 7¢ per gallon in gas increase.

In other Lions business, it was learned that the regular ladies night will be held next Tuesday night, 9 p. m., at the First Baptist Church in Spearman. Each Lion signed up for his wife to bring food for the ladies night!

Millionaire Cornelius Vanderbilt couldn't sleep unless the four legs of his bed were planted in dishes filled with salt to keep malevolent spirits from attacking him.

The Energy Checked

Efficiency Home...

here's one way it can save you money.

HOT WATER SYSTEM: A well planned hot water system can really help hold down operating costs in a home. For example, the hot water lines in an Energy Checked Efficiency Home are checked for insulation to help cut down the amount of water required to get the hot water to points of use. Distances from water heaters to points of use such as laundry rooms, kitchens and bathrooms are also taken into consideration when a home is being checked by one of our representatives. The use of a second water heater in a home to help cut down the number of feet of hot water lines required to get the job done can be another plus in an Energy Checked Efficiency Home. When you see the Energy Checked sticker on the water heater in a new home, you can be assured it will do the job as economically as possible. An Energy Checked Efficiency Home has been built to save on operating costs... look for the sign before you buy.

J. W. WHITAKER, OWNER RES. PHONE 733-2129

These little dolls are headed for state competition. They are (left to right) Katina Brock, daughter of Mr. & Mrs. Wayland Brock of Perryton, Jill McLain, daughter of Mr. & Mrs. Don McLain of Spearman, Suzanne Hart, daughter of Mr. & Mrs. Jon Hart of Gruver, DeAnna Raye Smith, daughter of Mr. & Mrs. Ray Smith of Perryton, and Christa Sims, daughter of Mr. & Mrs. Rodney Sims of Spearman.

Area Girls Head For State Pageant

The Spearman and Perryton area will be well represented at the State Cinderella Pageant in Houston on June 27 through July 2. These girls became eligible for the State Pageant by winning or placing in two area pageants. The 1st place winners at the Wheatheart Cinderella Pageant held Saturday, April 23 in Perryton were: Cinderella Tot (Ages 3-6) - Christa Sims; Cinderella Miniature (Ages 7-9) - Jill McLain; and Cinderella Miss (Ages 10-12) - Suzanne

Hart. At the District I Pageant held at Borger on June 3 and 4, the 1st place winner of the Cinderella Miniature Miss (Ages 7-9) was DeAnna Raye Smith. Third alternate in the Cinderella Tot Division was Katina Brock. These girls will be competing in 3 age categories. They are: Cinderella Tot (Ages 3-6), Cinderella Miniature Miss (Ages 7-9), and Cinderella Miss (Ages 10-12). There will be approximate-

ly a total of 270 girls competing in Houston. Each category will compete in street length party dress, sportswear and a close-up appraisal, with the 7-9 and 10-12 age categories competing in an additional 3-minute talent portion. Winners in the state competition at Houston are eligible to enter the international contest at Dallas. These girls are all students of Hansford County charging the couple with felony theft over \$200, Sheriff R.L. Mc

Farlin has reported. The pair posted bond of \$3,000 each. McFarlin said that the case is to be presented to the Hansford County Grand Jury.

Couple Arrested

A man and wife, Levon and Juanita Turner, have been released under bond after their arrest in Elkhart, Kan., on warrants out of Hansford County charging the couple with felony theft over \$200, Sheriff R.L. Mc

Our Heritage of Faith

notes from Faith Lutheran Church

Intern Harvey Falitsek attended the Southern District Convention of The American Lutheran Church at Texas Lutheran College in Secuin, Texas, June 10-12. The Convention was interesting, enjoyable, and educational. The District budget for 1978 totaling almost \$4000.000 was adopted, various District officers were elected, and decisions concerning Lutheran General Hospital and the District camping organization were made. Next year's convention was set for April, 1978, in Odessa, Texas.

The Vacation Bible School for this year was held June 13-17 and concluded with a final program at the First Presbyterian Church on June 19. Overall the Vacation Bible School went very well and accomplished the goals that were intended for it. The success of the program was due to the hard work and efforts of all those people who helped in any way. We thank all of you!

The FLCW will not have its regular meetings during July or August but will instead have two special workdays scheduled for these two months. The first workday is July 27th when the ladies will gather to lay the quilt for the new intern couple and will do some lawn work. The second workday is set for August 17th to clean the parsonage in preparation for the arrival of the new intern couple.

Holy Communion will be celebrated the first Sunday of July instead of the usual second Sunday of the month. This is because Pastor Andersen will be out of town on the second and third Sundays of July. He will be on vacation for one week and will be involved in a Continuing Education Class in Denver, Colorado for the second week.

If you have no home church or would like to visit with us at Faith we welcome you to our worship and our community. Sunday morning worship begins at 9:30 a.m. and Sunday School begins at 10:30 a.m.

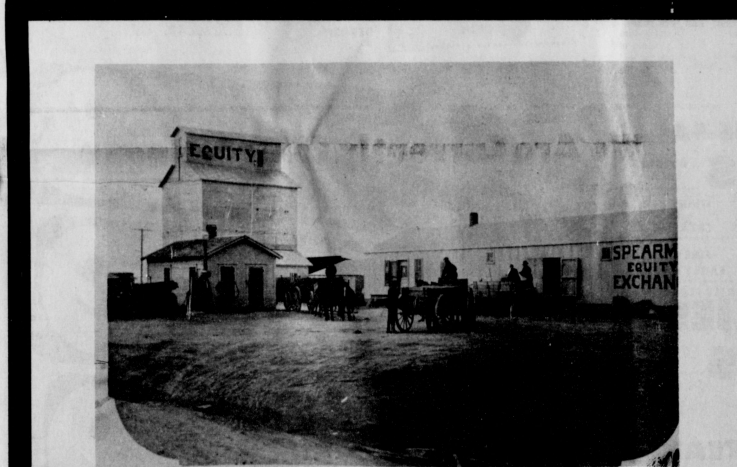

Fight to the Finish

by Bob Fight

Our youngsters are still at it. Coach Sherwood took several Spearman tracksters to an A.A.U. meet in Hereford over the week end, and made a good showing. Names started popping up again, like Scott Sherwood, Scott Martin, Jim Jones, Jay Comegys, Gary McCalman, Billy Sellers, Jimmy Haden, Scott Alford, Chuck Rigdon, Jodi Zehiesche, Cindi Ivey, Nita Baker, Kelli Crawford, Greg Meek, Pat Tucker, and Byron Sutterfield. These youngsters were the stand outs, but many others participated at the meet and they all have my admiration.

Personally, I took up a new sport - Golf. I do believe I'm hooked. I'm surely not doing very well but I like trying a lot. For those of you who have never tried playing golf, but have always had a yen to learn, like I did, I can only say, "Try it, you'll like it." It is quite different. I'd be happy if I could just make that little ball go in the same direction every time. It wouldn't matter if it hooked, or sliced, or went straight down the middle, if it would just do the same all the time. My wife told me that all you had to do was hit the ball and aim for that little hole out there. Well, I tried that, and I've come to the conclusion that there's something wrong with my "aimer". All in all I am kind of enjoying the whole thing. If you've never tried golf, you should consider it. I believe you'd

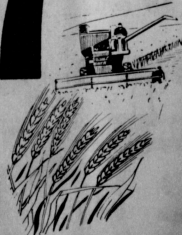

enjoy it. I might add that I met quite a young character Sunday afternoon. I made young Jeff Gressett a promise that I would mention him in my column. Young Jeff is about ten years old, and plays a pretty good golf game for his age. I was a little amused by the big long heavy man's name's number one driving wood for the purpose he does. He informed me that the big long heavy man's wood was kept in his golf bag at all times on the course, solely for his own protection, just in case he might happen upon a snake. I played three or four holes with him, and part of our conversation was also humorous. Young Jeff asked me what kind of work I did. When I told him I worked for the newspaper, he took on a surprised look of remembrance and exclaimed, "Oh, I remember you. You're the one that always gets the names wrong. I remember Coach Sherwood saying that." Well, he's right. Coach Sherwood did say that, among other things, and Coach Sherwood was also right. I just wasn't quite expecting to hear that from a young ten year old fellow, who probably never even took a look at the newspaper, much less reads it. But it just goes to show you, that these young people have a memory, too. I was quite taken with young Jeffrey, and if his attitude and personality are any indication of his up bringing, then Tiny and Carolyn have thus far done a tremendous job. He's a delightful little guy, and as pleasant and kind as you would want anyone to be. I'm certainly proud to list him among my friends.

We are ready to serve you this wheat harvest as in the past....
