HOME EC AWARD WINNERS — Taking top honors at the annual Home Economics Club banquet this week were scholarship winners, left to right, Priscilla Baumgardner, Sandra Dudley and Nan Durham. Miss Baumgardner, president of the

Home Economics Club, and Miss Dudley received Ethel Foster awards. Miss Durham was given a Sears award. The scholarships range from \$75 to \$100 each and are presented to outstanding students each year at the banquet.

Debate Team To Compete For First Tech SWC Title

Texas Tech will begin active participation in at least one Southwest Conference event this spring.

The Debate Team will be the first active Tech group to participate in conference competition.

The basketball team and other spring sports will begin competing against other conference schools next year. The football team will begin competing for the championship in 1960.

Debate Coach James E. Brennan thinks his team has a good chance in winning the conference championship.

Tech debaters recently won a majority of their debates at a practice tournament in Abilene with Abilene-Christian College, Hardin-Simmons University, and McMurry College.

The contest will be held in April at Southern Methodist University. Debate teams try their skill next Dec. 7-8 in the Southwest Invitational Debate Tournament at Winfield, Kan.

On the same dates, three members of the team will participate in the Delta Sigma Rho Congress in Wichita, Kan.

Tech debaters will travel about five thousand miles in the intercollegiate debate program this year, says Brennan.

The intercollegiate program is (See **DEBATE**, Page 8)

Lucinda Birtciel Receives Home Economics Award

Lucinda Birtciel, from Levelland, won the \$300 Borden award for the senior with the highest average at the annual Home Economics Club Harvest Banquet Tuesday night in the Student Union Ballroom.

Several other awards were also presented, including Scholarships and those received by Melba Mae Maxey awards of \$350 each—Jacquelyn Brooks, Jane Gibson, Edwina Schovajsa.

Ethel Foster awards of \$75 to \$100 each — Priscilla Baumgardner, Sandra Sue Dudley, Dorothy Foltyn, Elizabeth Jane Heard, Myrna Marshall, Marilyn Parish, Letha Beth Wyatt.

For the Sears awards of \$100 each—Barbara Barkley, Barbara Durham, Jane Shawver, Ruth Anne Strain, Virginia Dell Willis.

For the Panhellenic award, Frances Allison receives a \$75 award.

For the Home Economics Club award, Betty Joyce Smith, sophomore from Slaton, gets \$25 as an award.

Sneed Turkey Run Seeks Speedsters

Ten have entered Sneed's Hall's Turkey Run, according to a report from Sneed Hall Switchboard which is handling entries.

Anyone wishing to enter can still do so by calling PO 5-9338, Sneed's switchboard, before Saturday. The race is to begin at 1 (See **TURKEY RUN** Page 3)

Aggie Students Receive Scholarships

More than \$8,000 in scholarships were given to 34 agricultural students at the annual Aggie Pig Roast held in the Aggie Pavilion Tuesday night. Members of Tech's dairy cattle, livestock, meats, dairy products, wool and meats judging teams were also recognized.

Dean of Agriculture W. L.

Schools Set Journalism Day

Tech's annual Journalism Day gets underway Saturday when 150 representatives of high schools from the South Plains and New Mexico gather to discuss and solve problems they are meeting on their newspapers and yearbooks.

All sessions will meet in the Journalism Building.

Principal speaker for Journalism Day will be Charles A. Guy, editor and publisher of the Lubbock Avalanche Journal. He will speak at 10 a.m. in Room 208, Journalism Building.

James G. Allen, dean of student life, will conduct a session entitled, "So You Are Going To College" at 11 a.m. This session is designed to give the high school students an insight into college life and what is expected of them as college students.

Tech's journalism department will display demonstrations on (Continued on Page 3)

Stangle and the heads of the departments in agriculture introduced the winners of scholarships.

Milton Peoples, club co-sponsor, introduced the coaches of the judging teams, who in turn introduced team members.

Scholarships varying from \$125 to all college expenses paid were awarded. Names of students, awards and amounts follows:

Sears, Roebucks Scholarships: Sophomore winner—Bobby Byrd, \$250. Freshmen winners—Allen Buck, Dale Burnett, Jerry Church, Charles Cobb, John Dial, Bob Helton, James Menzies, Phil Neilson, Morris Pillers, Hud Rhea and Jimmy Sterling, \$150 each.

West Texas—New Mexico Gingers Scholarships: Freshman—Eddie Wallace, Sophomore—Steve W. Noble Jr.; Junior—Delbert Hess; Senior—Irven Smith; \$304 each.

Horticulture Chain Award—Rayford Ginn, \$199, for outstanding work in the department of horticulture and park management.

Dist. I Garden Club Award—Melvin Shanks and Warren Hunt, \$125 each.

Goldthwaite Scholarship—Dave Bennett, junior horticulture major, \$375.

Fribourg Scholarships—L. Dean Rea and Richard Ridgway, \$500 each.

Robert B. Price Dairy Production Scholarship—Jerry Kotara, sophomore in animal husbandry, \$100.

Carl B. King Agricultural Scholarship—Don Pendleton, senior agronomy major, all expense.

Borden Foundation Scholarship—J. Larry Nelson, senior agricultural engineering major, \$300.

Western Compress and Storage Co. Scholarship—Dickey Dee Hardee, freshman agronomy major, \$750.

J. S. Bridwell Award—Jim G. Cloyd, senior animal husbandry major, \$400.

Clayton Fund Scholarships— (See **PIG ROAST**, Page 3)

Sixth Speech Day Set For Saturday

Actual participation, demonstrations, critiques and discussions will be the focal points of the sixth annual Speech Day activities to be held on campus Saturday. Approximately 150 students from 15 to 20 high schools are expected to attend, according to Dr. P. Mervile Larsen, speech department head.

Events in which students will participate are: junior declamation, senior declamation, extemporaneous speaking and poetry reading. Each school may have as many entries in each event as it wishes, as the meet is only a practice contest. However, Texas Interscholastic League time rules will apply.

Tech students will put on demonstration events in debate and creative dramatics.

Bruce Roach, director of speech activities of the TIL, will meet briefly with each interest group to answer questions concerning the TIL contest in that area. He also will speak at a luncheon to be held for all people attending the meet.

A registration fee of \$1 will be charged for each person attending the conference whether he be contestant, non-participating student, teacher, or visitor; Dr. Larsen (See **Annual Speech Day**, Page 3)

Hernan Pelayo Concert Highlights Tonight's Artist Course Program

Third in the series of Texas Tech Artist's Course programs will be presented tonight in the Lubbock Municipal Auditorium at 8:15 with the concert of one of South America's top baritones, Hernan Pelayo.

The Chilean-born singer, only 26, made his operatic debut at

the age of 18 at the Teatro Municipal in Santiago, Chile. This won him immediate national recognition. He had begun his operatic studies eight years before at the Conservatorio Nacional De Musica in Chile. When he received a long-term contract at the Teatro (See **ARTIST COURSE**, Page 3)

FLYING CLUB BEAUTY — Chosen as AFROTC Flying Club Sweetheart, Donnell Phillips will be recognized officially by the club in a regular meeting next week.

TECH TIDBITS

By Bob Guess
Toreador Columnist

Top Records

As a result of much deduction and intensive research we have compiled a list of the top five records on the Tech campus. The top five records this week as determined by sales are as follows.

1. Love Me Tender—Elvis Presley making with the means, 2. Don't Be Cruel—Ditto, 3. Honky Tonk—Bill Dogget and a mellow sax make this easy listening, 4. Green Door—Jim Lowe has a problem, 5. True Love—The Crosby-Kelly version barley edging out a solo attempt by Jane Powell.

My pick for the song title with the brightest future, "The Bull Fight Fans Yelled Ole When The Bull Tore Hernando's Hideaway."

Elvis

As the top five indicates Elvis Presley is just as popular on the Tech campus as he is nationally. To me it's ironic that a hillbilly with a "gimmick" is the national idol while singers such as Tommy Edwards, with nothing to sell but talent, remain unknown. That Presley can command such a following of college students who generally rate themselves as having out-grown high school fadisms, is puzzling. We only hope that singers of the Tommy Edwards type continue to create the great love songs that will be remembered long after the last Presley bump and grind has been thrown.

About Face

We wonder how many of the foul weather "friends" who booed coach Dewitt Weaver at the pep rally Friday night were among the hundreds who swarmed onto the field in rapacious tribute to players and coach alike after Tech's stunning triumph over TCU. It strikes me as rather amusing how quickly the knife in the back can become a pat in the same location.

Fan Mail

Of the thousands of cards, letters and comments about my first column that I didn't get, here's one that I did receive.

Dear Slob,

Drop Dead!

The Anomous Unanimous Sneed Hall

Thank you very much AU. It's only with such heartwarming support and enthusiasm as you have expressed that we have the courage to face the people who don't like us.

WHATSOEVER A MAN SOWETH...

A bent old man was about to enter a bakery shop in Budapest last week. He had harmed no one. Yet, as he reached out to open the door of the shop, he was blown to bits by Russian submachine gun fire.

A thin little girl, still too young to understand war's hellish consequences, was shot to death by a grinning Russian soldier as she rocked her doll on the doorstep of her Budapest home.

These are real honest-to-goodness people dying by the thousands in Hungary. Unfortunately, this is not some horror movie. It is not merely a figment of someone's imagination. It is not something from the pages of a fantastic outer-space comic book. And worst of all, it is happening in this supposedly enlightened year of 1956... our own generation.

The Russian scourge of Hungary is nothing less than brutal mass murder. It is a natural consequence of a world which has turned its back on the Prince of Peace. Perhaps the Soviets will be victorious in their fiendish attempt to stomp out all attempts to free Hungary from their yoke. That is, victorious for now.

Yes, Communist Russia is doubtless riding high in the saddle today. But history has proven again and again what St. Paul wrote to the Galatians some 1,900 years ago...

"Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap."

—Paul C. Foraker

LETTERS TO THE EDITOR

Dear Fellow Students:

While we students at Tech are concerned with mid-semester grades, dates and football games, the students of Hungary are faced with a much graver problem. These students are fighting and dying for an apparently hopeless cause. They are giving their lives in a valiant effort to throw off the shackles of an inhuman regime and regain their freedom—especially that freedom which is so basic and important to man—the freedom to worship God.

We, as Americans, realize the priceless freedom. It is particularly dear to us since we had to fight for it. Just as we fought, so are the Hungarians. It is against our freedom loving principles to bask in our good fortune while others are fighting and dying for those very principles.

It is evident that the position of the United States in this matter is very delicate. We are only too aware that a third and more terrible World War could result from imprudent action by our nation. Yet, there must be some way we can be of assistance to these Hungarian students. The Texas Tech Newman Club has set aside November 19th as a day of prayer for these people and their causes.

Perhaps we Techsians could make known our feelings by a letter from the student body to the Secretary General of the United Nations, or the President Or better yet, we could utilize the local press (one of our cherished freedoms) and indicate the spirit of our student body.

Undoubtedly, there are much better suggestions and more effective means of conveying our

convictions. But whatever conclusion is reached, now is the time to act! Let us show the world that the students of Tech are capable of serious thought! There are things more important to us than our personal problems. Regardless of the result, we will have at least attempted to aid these courageous people who are ready to suffer—to gain what we now enjoy—even unto a painful and brutal death.

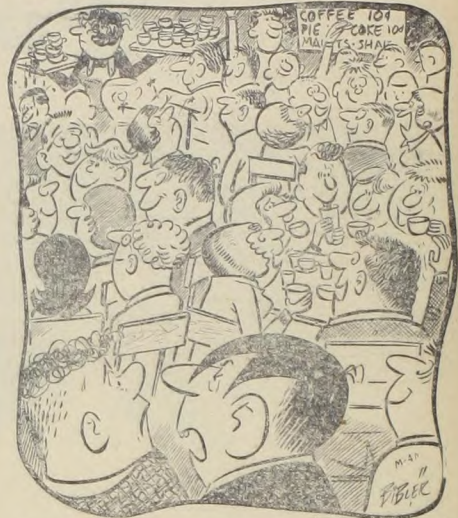

Sincerely,

Charles O'Dell

Texas Tech Newman Club

LITTLE MAN ON CAMPUS

by Dick Bibler

"GOOD GRIEF WE'LL NEVER GET A SEAT—I FORGOT ASSEMBLY THIS PERIOD"

THE ROAD... OR THE RUIN

(ACP) - There may be a change in construction plans at Arizona State College in Tempe because of an archaeological discovery. Evidence of an ancient Indian civilization has been discovered at the site of a modern dormitory to be built next month on the ASC campus. The first discovery was made when an amateur archaeologist noticed that the soil beneath an old building torn down by workman was a different color than that surrounding it. He warned the men to be careful in levelling the mound on which the building had been standing.

After digging down about 18 inches, the first Indian artifacts were discovered. A number have been found since that time and they've been identified as coming from the classic period of the Hohokam Indians, about 1300 A. D.

**New Harmony trio
... headliners all!**

Style-wise collegians everywhere are applauding Arrow this year. For close harmony in color, its smart button-down Glen can't be matched. And, the Squire sport model has style to spare, with its trim, short-point collar and imported cotton flannel. Appearing with them: an eternal campus favorite, the University crew neck sweater.

Glen, \$3.95 and \$5.00; Squire, \$5.95; University sweater, \$11.95; woven twill ties, \$1.50.

Varsity Show Positions Open

Applications are now being accepted for the position of producer of the 1957 Varsity Show. Anyone wishing to enter an application may turn these into David Thompson, Student Council Business manager, or anyone at the Program office of the Tech Union. Deadline for entries is noon, Nov. 24.

This is the first year in Varsity Show history that the position of producer has been established. In recent times the show has had only a Director.

All applicants will be interviewed by the Varsity Show Board of Advisors. After the interview the selection of producer will be announced. The producer will be a co-ordinating person to help the director present the show.

The producer and the director will be paid on a percentage basis rather than a straight salary. The producer will receive 15 per cent of the profits while the director will receive 10 per cent.

The Board of Advisors and the producer will interview persons interested in being publicity director, business manager, stage manager and house manager.

Don Stevens, member of the Business Administration faculty has been chosen as a sponsor. His duties will be to serve on the Board of Advisors and help supervise the 1957 Show.

TURKEY RUN

(Continued From Page 1)
p.m. Saturday in front of Sneed and will follow along a marked course for a mile ending in front of Sneed.

Prizes for first, second and third place will be given to the first three fortunate enough to finish the race. These prizes are: a turkey for first place, a duck for second place and an egg (chicken) for third place.

The ten "poultry seekers" who have entered so far are: Bill Early, Richard Flatt, Bobby Brown, Richard Riojas, Phil Harrison, W. W. Masters, Charles O'Dell, Edwin McPherson, Finis Cavender, and Wayne Smart.

Artist Course Set Tonight

(Continued From Page 1)

Colon in Buenos Aires, Argentina, he worked with such name stars as Ezio Pinza and Lily Pons.

Well known in all parts of Latin America, Pelayo has also made appearances in the United States at New York's famous Town Hall and in radio and television programs. He is now making recordings for the Spanish Music Center in New York City.

The announced program is: Amarilli, Madrigal, by Caccini; Gia Il Sole Dal Gange, Canzonetta, by Scarlatti; In Questa Tomba Oscura (Arietta), by Beethoven; Fin Chan Dal Vino (Aria) from Don Giovanni, by Mozart.

The second part includes: Cradle Song of the Poor, by Moussorgsky; Nur Wer Die Shensucht Kennt, by Tschaiakowsky; Song of the Flea, by Moussorgsky; and Dance Macabre, by Saint-Saens.

Following the intermission will be: Una Rosa Blanca, by Ernesto Lecuono; Vidalito, by Williams; Miedo, by Ministrál-Sepulveda; Alma Mia, by De Maria Grever; and La Partida, by De F. M. Alverez.

Students will be admitted to tonight's concert upon presentation of activity tickets or for

\$1.00. Other tickets sell for \$2.50, \$2.00 and \$1.00 and will be available at the Municipal Auditorium box office prior to the performance.

Annual Speech Day Set Here Saturday

(Continued From Page 1)

sen says. The fee includes all speech events and the luncheon.

Schedule of events, with chairmen and place held, follows:

8-9 a.m. Registration, Speech auditorium.

9-10:30 a.m. Demonstration debate followed by critique, discussion of the question, and open forum, James E. Brennan, Aggie auditorium.

10:40-11:30 a.m. Junior declamation, critique and discussion, Helen A. Lindell, Aggie Auditorium.

1:30-2 p.m. Program, social hour, Bruce Roach, speaker.

2 p.m. Demonstration of creative dramatics and play rehearsal, followed by discussion, Ronald E. Schulz, Aggie auditorium.

All chairmen are members of speech, faculty except Stalcup, who is a graduate student.

PIG ROAST

(Continued From Page 1)

Archie Dwyer, freshman agronomy major, and Don W. Smith, junior agronomy major, \$500 each.

Texas Cottonseed Crushers Graduate Fellowship—Grady Carl Williams, graduate student majoring in animal husbandry.

Ellwood Scholarship — Robert Paul Bentz, graduate agriculture student.

Alpha Zeta Award—Arthur R. Berg, sophomore agriculture major, recognized for outstanding grades.

Dairy Products Institute of Texas Award—James Roodenpyle, freshman, \$250.

James Takes Over Thursday Toreador

Wayne James was named Toreador Issue Editor today by Editor Ross Short. He replaces Floyd Wood, who resigned last week.

James, senior education major from New Deal, will be in charge of the Thursday edition of the paper. He is a member of the Masonic Lodge and is vice president of the Saddle Tramps. He is past president of Sneed Hall and was a member of the Student Council last year.

Wood, Avalanche-Journal sports writer, resigned in order to give more time to his job and to his classes. In resigning he expressed his appreciation to the staff of the Thursday edition "for their fine work."

JOURNALISM DAY

(Continued from Page 1)
photography and mimeographing for students' benefit during the noon hour.

Problems of high school publications will be discussed by panels of high school journalists, divided into sections of yearbooks, mimeographed newspapers, printed newspapers, and yearbook and newspaper business management. These panel discussions will begin at 2 p.m. and end at 3:30 p.m.

Presentation of awards and comment on publications will end the day for journalism events. Awards will be made for the best mimeographed and printed newspaper, best written features, editorials, columns, news stories, sports stories and best in advertising and photography layout.

B. J. Reynolds Tob. Co., Winston-Salem, N. C.

Big Social Weekend Scheduled

(Editor's Note): Fraternities, sororities, and other campus organizations have scheduled a big weekend. The following is a resume of their activities.

WESTERN DANCE SET

The Texas Sons, a western band composed of campus students, will play for a western dance Friday at 8:30 p.m. in the rec hall.

There will be admission to the dance planned by the Union Dance Committee, according to Alice Wells, Union public relations manager.

SAE PLANS RETREAT

Sigma Alpha Epsilon will have a retreat at the Cedar Glen, Methodist Church Camp near Happy during this weekend.

All members and pledges going on the retreat will leave Lubbock Saturday noon and will return on Sunday afternoon.

PIKA PLANS MEAL

Pi Kappa Alpha, will have a supper Sunday night at McKenzie Terrace. There will also be dancing to records.

APO TO EAT STEAKS

Alpha Phi Omega, men's service fraternity, will have a steak fry Saturday at 6:30 p.m. at Johnson's Ranch at Buffalo Lake.

D.G.'S COKE PARTY

A coke party for members of Delta Gamma, social sorority, is scheduled for Saturday afternoon from 2:30 to 5 at Rebecca Wilson's home, 3301 24th Street.

This social is primarily for getting better acquainted with other members in the sorority and for singing, according to Marguerite Winder, president of Delta Gams.

Stensland Heads Adult Education

Dr. Per Stensland, Texas Tech Adult Education Program head, will have an important role in the annual meeting of the Adult Education Assn. of the U. S. Saturday through Monday at Atlantic City, N. J.

Dr. Stensland is chairman of the AEA's field development committee that is exploring possible new areas for adult education services. Dr. Stensland said the conference this year will emphasize ways in which adult education can help society attain more maturity.

The emphasis is the third in a planned three-year series. International understanding through adult education was stressed in 1954 and community development in 1955.

A principal speaker at the conference will be Dr. Kenneth D. Benne of Boston University, AEA president and a resource person at Texas Tech's 1955-56 Mid Winter Forum on Adult Education.

Dr. Stensland also will remain at Atlantic City Tuesday, Nov. 13, until Sunday, Nov. 18, for AEA executive committee sessions.

Mixer Is Held

The Dunbar Combo furnished music Tuesday night for a mixer between Horn and Sneed Halls in the Horn Hall dining room.

The mixer, sponsored by the Women's Interdorm Association, was held from 7 to 8:30 p.m. and is the first in a series of mixers scheduled for the women in Horn this year.

SN COSTUME PARTY

Sigma Nu's "Gambler's Ball" will be in the Union Ballroom Saturday from 9 to 12 p.m.

The ball will be a costume party, and the ballroom will be decorated as an early frontier gambler's hall. It is an open dance to rushes of all sororities and fraternities, stated Sigma Nu President, Jim Strawn.

Chairman of the dance committee is Cary McAdams. The committee consists of Teddy Dotts, Bill Seth, and Joe Westbrook.

PHI DELTA HAS DANCE

Phi Delta Theta, social fraternity, will have its "Manhattan After Six," a formal dance, in the Union Ballroom Friday night from 8:30 to midnight.

Kay Carter will furnish the music for the dance which will be on a night club theme. According to Dane Grant, Phi Delta President, the dance is open to everyone on the campus.

MOON GLOW DANCE

The "Moon Glow" night club is being sponsored by the Union Record-Dance Committee in the Union ballroom Tuesday from 7 till 9 p.m.

There will be a floor show which will include singing by Kay Atkins and Ann Humphrey, Johnny Gilbert playing a piano, Al Malcara and his Trio, a progressive jazz trio, and the Hep Cats, a campus band. There will also be waitresses in costumes, refreshments, and tables, according to Alice Wells, director of Union publicity. No admission will be charged.

ACO PINS PLEDGES

Alpha Chi Omega sorority will meet at 2:30 p.m. Saturday in Haversham Party House for the first in a series of feminine interest workshops. Mrs. Herbert Leaverton of Lubbock will demonstrate the correct way to walk, sit, stand, get into a car and climb stairs. Mrs. Ralph Keeton will speak on trends in make-up and feminine etiquette.

PGN NAME OFFICERS

Shirley Cartwright, sophomore from Lubbock, has been selected president of the fall pledge class of Phi Gamma Nu, women's honorary business fraternity. Other pledge officers are Flo Patterson, vice pres.; Susan Weatherford, sec.; Mary Jo Cappleman, treas.; and Jean Hennings, publicity chairman.

Other members of the pledge class are Carolyn Blankenship, Betty Sue Howard, Ida Lou

Price, Pat Stooksberry and Sharline Strickland.

PHI GAMS TO DANCE

The Fraternity of Phi Gamma Delta and guests will gather at Hillcrest Country Club Friday night, to stage the first Purple Garter Dance.

Though a long-standing tradition with the older chapters of the fraternity, this will be the first such event for the local chapter. Highlighting the dance will be the presentation by members and pledges of specially made purple garters to their dates.

Decorations of royal purple and white will emphasize the theme of the occasion. Music for dancing will be provided by the Kingsmen.

MSC PRESENTS PLAY

The Methodist Student Center will present the play, "Why Should I?" Sunday night after church.

Martha Benn and Phil Szenasi are directors of the cast which consist of Carol Cummings, Mike Lewis, Martha Kenley, Carl Mathis, Eula Belle Stacy, Jim Wall, and Glenn Woody.

No admission will be charged for the performance. Group singing will be featured before the play.

APO PINS PLEDGES

Formal pin pledging for girls who pledged Alpha Phi Omega during open rush will be held at 5 p.m. Thursday in Tech Union. Those to receive pins are Mary Jane Connally, El Paso; Mary Jane Winder, Monahans; and Donna Talley, Garland.

MYERS AT CK LUNCH

Capt. Charles B. Myers, government instructor at Tech, will be featured speaker at a Friday noon luncheon of Circle K, the campus Kiwanis club.

Plans are being set for the annual "toys for tots" campaign, a Christmas project for the Kiwanis members. The Circle K luncheon will be in the Tech Union.

West Sets Rally

West Hall will sponsor a pep rally for the Tusa game on the Ad Buiding green tonight at 7 o'clock with the theme of "Loud and Strong."

A plaque will be presented to the dormitory with the greatest yelling power. The presentation will not depend on the number in the group, but its loudness.

The rally's master of ceremonies will be Wayne Gibbens, sophomore staff member of special speaker and other performances between yells.

Ivy League Styling Tops For College Campus Set

By CAROLYN MIMMS
Toreador Society Editor

Ivy League styling receives top rating for on campus garb.

The latest style in men's apparel, ivy league pants, coats, and shirts, have received the highest campus rating in Texas, according to leading department store sales. Western clothes for the agriculture boys are taking a close second at Tech.

Although ivy league is dominating men's campus wear, still in popular demand is the Italian styling. Also, along with the ivy fashion small checks are overshadowing the popular plaids of last fall. Plaids are still good if

they are ivy league styled, however.

In dress wear, the sports coats should have two pleats instead of the old one pleat styling.

Round or button-down collars are preferred for dress shirts this year. Also Oxford cloth is reigning in materials for dress shirts. Small horizontal stripes, which are indistinguishable from three feet away, are the newest thing on the tuck or pleat-front shirts. Also, on the dress shirt, French cuffs are better for small neat cuffs preferred this year.

Repp ties are leading around the neckline. They are usually dark background with slanted stripes of lighter or darker hue.

Brown is considered the richest color for this fall with dark green or black following close behind.

In materials tweeds are being replaced in Texas by small vertical stripes on solid cloth. Wool is still the leading fabric, and all dark colors are preferred.

From top to bottom, the fashionable man stays away from tassels on shoes since they went out last year, and places on his head a hat with a narrower brim than last year.

Club Scarlet Set Saturday Night

Tech's Most Handsome Man will be chosen Saturday night at "Club Scarlet." The voting will take place between 10 and 10:30 p.m. He will be chosen from seven finalists which were selected by the AWS Council from 20 entries.

The mock night club is sponsored by Theta Sigma Phi, women's journalism fraternity.

"Club Scarlet" opens at 8 p.m. in the Rec Hall and lasts until 11 p.m. It will feature nickelodeon dancing and will be highlighted with skits by eight campus organizations, which will be presented from 9 to 10 p.m.

The finalists will be introduced and the Handsome Man Winner will be elected by popular ballot.

Members of Theta Sigma Phi will be selling tickets for \$1 at a booth in the Student Union Lobby tomorrow and tickets may be purchased in the Rec Hall Saturday afternoon.

Kappa Sigma Fraternity Wins Prize

Texas Tech's chapter of Kappa Sigma, men's social fraternity, has been presented with first prize in their national brochure contest.

Last year's brochure, the first

to be prepared by the Tech chapter, was designed by Russell Pearson, a 1956 advertising graduate.

Fraternity brochures entered in the contest featured highlights of campus activities in Kappa Sigma chapters of the nation's colleges. First prize plaque was presented to Gene Steele, fraternity president.

He spent over three years in Minneapolis as assistant director and later acting director of the University Gallery, University of Minnesota. He now lives in Redwood City, Calif. and devotes full time to painting, drawing, design and metal work.

EXHIBIT OF JEWELRY DISPLAYED AT UNION

An exhibit of jewelry by Ivar Majdrakoff will be shown in the Tech Union Lobby this week through Nov. 19.

Primarily a painter, Majdrakoff studied painting, design and metal work at the High School of Music and Art in New York City and at Cranbrook Academy of Art in Bloomfield Hills, Mich.

Montavani Sets Concert Friday

Montavani and his "new" music will be heard in the Lubbock Municipal Auditorium Friday at 8 p.m. while he is on his first American tour.

Montavani, an Englishman who records exclusively for London records will present some of his recordings and music which he has recently composed, according to David Blackburn, manager of the Municipal Auditorium. Among his selections will be "Always," "Donkey Serenade," "Some Enchanted Evening," "Greensleeves," and "Begin the Beguine." Montavani will also play "The Song From Moulin Rouge," a recording which made him popular in the United States and was on the hit parade about two and one-half years ago. He has been recording in England for about 10 years.

Tickets for the performance may be purchased at the box-office of the auditorium between 9 a.m. and 5 p.m. each day. Prices for the tickets are \$4.20, \$3.60, \$3.00, \$2.40, and \$1.80.

SOPHOMORES PLAN DANCE

The sophomore class Hodge-podge planning committee was appointed in the class meeting held last Thursday. Members of the committee are: Richard Estes, Dan Howard, Kay Alexander, Marilyn Adrian and Wayne Gibbens. This committee will select the date and plan the type of dance to be held.

President David Steinman expressed disappointment at the attendance for the meeting and urged all sophomores to support class activities.

Lockhart To Speak At Teachers Meet

Dr. Bill C. Lockhart, associate professor of Applied Arts conducted an in-service training program for Whiteface elementary teachers Monday.

The program, given to all elementary teachers, consisted primarily of two parts—first, an introduction to are education, acquainting the teachers of what to look for in art education and second, a short work session for the teachers.

Approximately 50 drawings of students from four to twelve years of age will be used during the in-service training program.

Question: What's funny, honey? Answer:

Sticklers!

IF YOU'RE A SMOKER who's never tried a smoke ring, get in there and start puffing. While you're at it, remember: Lucky smoke rings come from fine tobacco. This makes no difference to the smoke ring, but it does to you. You see, fine tobacco means good taste, and Luckies' fine, naturally good-tasting tobacco is TOASTED to taste even better. So make your next cigarette a Lucky, and call your first smoke ring a Proud Cloud.

STUCK FOR DOUGH? START STICKLING! MAKE \$25

We'll pay \$25 for every Stickler we print—and for hundreds more that never get used! So start Stickling—they're so easy you can think of dozens in seconds! Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send 'em all with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

"IT'S TOASTED" to taste better!

Losses To Force Change In Cager Attack

Texas Tech basketball fans can expect a different type of offensive attack from the Raiders this year.

Loss of last year's three leading scorers will probably force Head Coach Polk Robison to substitute more and vary his starting lineup from game to game. "We will use several offensive and defensive patterns, and more fast break than we have used in the past few years," Robison related.

Last year the Raiders were Border Conference champs and lost to the Southwest Conference champion, SMU, in a 68-67 thriller in the NCAA playoffs. They played that final game without the services of two starters and two reserves sidelined by transfer rules. The team also set a major college record by scoring over 100 points in four successive games.

But lost from that team were Jim Reed, who lead in scoring with 460 points and a game aver-

age of 20.9; Du-Wayne Blackshear, second with 398 points and a 16.6 average and Carpenter, third with 362 points and a 14.5 average.

Returning lettermen include Logan Cummings (6-3), guard; Royce Elam (5-11), forward; Sterling Gibson (6-3), forward; Earl Redwine (6-5), center; Harry Scaling (6-1), guard; Ned Underwood (6-4), forward and Bobby Wilson (6-4), forward. Out of this group only Underwood and Scaling were starters last year.

Robison, in his 14th year as Red Raider coach, can expect some help from last year's freshmen who compiled a 13-1 record. Don Apple (6-2), forward; Leon Hill (6-6), center; Chuck Key (6-3), forward; Charlie Lynch (6-2), guard; Gerald Myers (5-10), guard; Sidney Seligman (5-11), guard and Wade Wolfe (6-5), forward are freshman numeral winners who will be trying to gain a

berth on the team.

Myers led the freshmen in scoring last year with an average of 19.2 per game. He was followed by Wolfe, 14.1; Hill, 13.4; Key, 12.9 and Lynch, 12.1.

A traveling squad of 12 will be chosen from these 15 players before the season opener Dec. 3.

This year the Raiders, playing as an independent until 1957-58 when they compete in Southwest Conference play, face their toughest schedule in history.

The lineup includes Kansas State, Texas Christian, Tulsa, Iowa State, SMU, Nebraska, Phillips 66, Baylor, and all Border conference teams. The Raiders will also enter the All-College Tournament at Oklahoma City Dec. 27-29.

Robison is assisted by Coach Gene Gibson, who also coaches the freshmen.

Texas Western To Meet West Texas In Bid For Border Loop Clean Sweep

Texas Western, who defeated Tech 18-13, can make it a clean sweep of 6-0 over Border Conference opponents by defeating West Texas in a clash at Canyon this weekend.

Mike Brumbelow's Miners clinched their first Border Conference championship in the school's history by turning back previously unbeaten Arizona State 28-0 last week. They are the only member of the conference that has played all the other members.

West Texas' lone defeat was at the hands of Arizona. The Buffaloes also defeated the Tech eleven 34-14.

Western will be without the services of two starters against the Buffaloes. Halfback Rusty Rutledge has suffered an injured leg and co-captain and guard C. L. Chappell is nursing an injured knee. Fullback Hugh Harmon,

with an injured neck, may also be sidelined.

'Mural Titles Go On Line

Intramural football leagues will enter the last and crucial week of the season next week with the possibility of as many as three teams in each league deadlocked for first place.

In the Fraternity League Kappa Sigma and SAE are tied for first spot with identical records of six wins and one loss. Kappa Sig will meet ATO and SAE will battle Phi Delta Theta Sunday. Should both teams win it will be necessary to hold a play-off. However, if both teams lose there is a possibility of a three-way tie with Pi Kappa Alpha, who has finished its season with a 6-2 record, moving up.

Other action Sunday for the Fraternities will find Phi Gamma Delta battling Sigma Chi and Sigma Nu taking on Phi Kappa Psi.

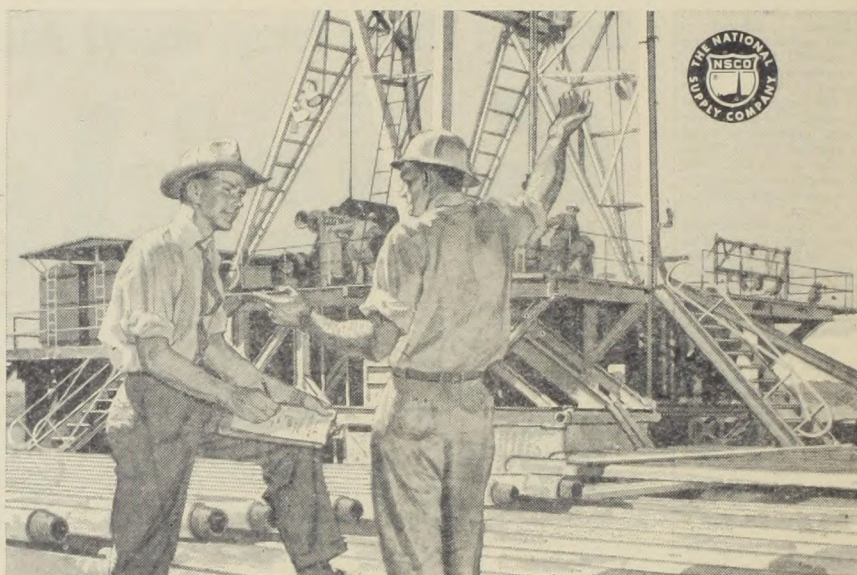

The Subs (4-0) of the Independent League can clinch a league title Monday with a victory over second place Burnetts (3-1), while a win for Burnetts would force another tie and play-off. Should Burnetts win and Baptist Student Union defeat Wesley in the other game Monday the Baptists could join another three-way tie.

The Dormitory League is no exception to the rule. Sneed (3-0) needs a win over Gordon (2-1) Tuesday to take the title. If Gordon wins a two way tie is in order. However, a Bledsoe (2-1) win over West Tuesday combined with

a Gordon victory over Sneed would produce a three-way tie for first again.

In one of today's most fascinating businesses . . .

HE TROUBLE-SHOOTS ENGINEERING PROBLEMS

He had the honor of helping to design the big machine. So part of the job of field trouble-shooting falls to him, too. The drilling rigs that National Supply manufactures are the size of a building, great machines made up of many components. When special field problems occur, it's much more practical to send the engineer to the machine than the other way around!

Nobody's Nose to the Grindstone
—This is a company in which promising young men are decidedly not chained to desk jobs. Some manage oil field stores—no routine matter when these stores stock thousands of items and have gross sales ranging from a hundred thousand to ten million dollars annually. Others drive as much as 3000 miles a month seeing customers. Others represent National Supply overseas—we have offices or agents in 24 countries on six continents. Still others handle important jobs in plant and store administration, finance, accounting, engineering and many other fields. National Supply is a fast moving outfit and our people must move fast with it.

What Size is Opportunity?—National Supply products are being used in every oil field this side of the iron curtain. We are also a major producer of pipe and electrical conduit for the construction industry. A new Industrial Products Division has just been created. Among other things it is introducing a line of heavy-duty industrial torque converters. With a quarter-billion in sales and almost 10,000 employees, National Supply is big enough to offer many chances for promotion and small enough for a good man to stand out.

Just Twenty-Five—Every year National Supply conducts a search for twenty-five exceptional college graduates. Accountants, industrial management majors, salesmen and engineers—men who want responsibility,

who prefer to move up rather than vegetate. For those interested in a general business career there is a broad nine months training program which includes indoctrination lectures, field assignments and plant visits. For the engineer who seeks the challenge of product design there is a longer range development program embracing indoctrination, plant and field experience. In either case, they will be men who are attracted by National Supply's unusual and unlimited growth possibilities.

The National Supply men coming to your campus can tell you more. Meantime, write to the Supervisor of Personnel Training, The National Supply Company, Two Gateway Center, Pittsburgh 30, Pennsylvania, for further information.

Tech Preps For Tulsa

Texas Tech's bruised and battered Red Raiders continue preparation today for Saturday's clash with the Tulsa Hurricanes at Tulsa.

Definitely out for the game is guard Ray Howard, who suffered a severe ankle injury last Saturday against TCU.

Fullback Gene Bently, ailing with a charley horse, and end Dan Law, nursing an injured kneecap, are expected to be ready by Saturday. Law's case could be doubtful, but trainer Delmar Brown expects him to see action against Tulsa.

The Raiders held light workouts early this week with several players not suiting up at all. However, harder work began yesterday and is expected to continue today. Tulsa's wide open attack is expected to provide plenty of trouble for the Raiders.

Fullback Doug Duncan picked up 63 yards on seven tries Saturday against TCU and took over first place in rushing with a total of 210 yards on 45 carries for an average of 4.7. He replaced Bently, who is just 16 yards behind with 194 yards in 47 tries and a 4.2 mark.

Another fullback, Charles Dixon gained 93 on 12 carries Saturday to jump from six to third place with 183 yards on 29 rushes.

Quarterback Don Williams has increased his scoring lead to 19 points, including two touchdowns and seven conversions. Right behind is halfback Hugh Fewin with three tallies and 18 points. Williams, thanks to a brilliant 49-yard return against the Frogs, has also increased his punt return lead to an average of 16.0.

The injured Buddy Hill still leads in passing (20 of 41 for 270 yards), punting (15 for 38.3 yards) and total offense (64 plays for 230 yards).

Halfback Ronnie Herr, out with a shoulder separation, leads in kickoff returns with a 24.5 average and end Ken Vakey failed to catch one pass Saturday, but continues to lead with eight receptions. Howard leads in pass interceptions with 3 for 71 yards.

Intramurals

Bowling

Very few entries have been received for the Intramural Bowling Tournament slated to begin Dec. 8 at the Lubbock Bowling Club.

In order to insure a better tournament all entries should be turned in as soon as possible to Edsel Buchanan, intramural director, at the Tech Gym. Deadline for entries is Nov. 28.

Handball

The all-campus singles championship in intramural handball will be played between Yates Brown and Lynn Wallace. The match must be played by Dec. 17.

Tennis

The quarter-final round of the intramural tennis championships must be finished before Dec. 17. Lewis Dorough has already reached the semi-final round and will play the winner of a quarter-final match between Phil Harrison and Tom Thornton.

Other quarter-final round matches pit Tommy Bass against Lynn Wallace and Woody Kelley against the winner of a first round match between Bill Crenshaw and Hobbie Howell.

RAIDER RAMBLER—Charles Dixon's 93 yards on 12 carries against TCU has moved the big fullback from sixth to third in the Tech rushing department.

John Nettleton wants to know:

How would a graduate degree affect my chances for advancement at Du Pont?

John C. Nettleton expects to receive his B.S. in chemical engineering from Villanova University in June 1957. He has served as president of the student chapter of A.I.Ch.E., and as secretary of Phi Kappa Phi fraternity. John is now wondering about the pros and cons of advanced study in his field.

Bob Buch answers:

Robert J. Buch, M.S., Ch.E., came to the Engineering Development Section of Du Pont's Grasselli Research Division from the University of Louisville four years ago. Since then, he has engaged in many kinds of chemical engineering work, from pilot-plant operation to evaluation of the potential of proposed research programs. Within the last year, Bob has taken the responsibility of procuring B.S., M.S., and Ph.D. technical graduates in all phases of chemistry and chemical engineering for the Grasselli Research Division.

An advanced degree would undoubtedly have a favorable effect in technical work, John, but let me enlarge on that just a little. In your own field (and mine, too) a higher degree is considered to be evidence of ability in carrying out original research. It is therefore helpful in obtaining work in research and development, where that skill is definitely important. You might say that it gives a man a head start in proving his ability in those areas.

It's less important in some other areas, though. For example, in production or sales work ability for handling human relationships is just as important for advancement as technical competence. If an engineer is sold on production work or sales, a graduate degree in marketing or business administration might be more helpful to him than advanced technical training in getting started.

But I've noticed this at Du Pont. Once a man lands a job in his chosen field and actually begins to work, his subsequent advancement depends more on demonstrated ability than on college degrees. That's true throughout the entire company—in scientific work, administration, or what not.

So an advanced degree is not a royal road to anything at Du Pont, John. But when coupled with proven abilities, it is unquestionably helpful to a man in research and development work. It often gets him off to a faster start.

Are you interested in research work?

About 2,000 Du Pont scientists are currently engaged in research, aided by some 3,500 other employees. Laboratory facilities of the highest quality are available at the Du Pont Experimental Station near Wilmington, and elsewhere throughout the country. Information about research at Du Pont is given in "Du Pont Research." Write for your copy of this free 23-page booklet to the Du Pont Company, 2521 Nemours Building, Wilmington, Delaware.

Toastmasters Teach Speakers

By MARY ANNE CLIFTON
Toreador Staff Writer

Texas Tech's Toastmasters club is one group of speakers that have the unusual motto, "If you are a good speaker, you wouldn't be interested in Toastmaster's Collegiate."

Oddly enough, the club is interested primarily in persons without a well-cultivated talent for public speaking.

Toastmasters Collegiate, sponsored by the Lecture and Debates Committees of the Student Union, is composed of men and women on campus who wish to improve their ability to speak effectively before audiences, according to Gayland Pool, president.

In addition, the club gives students an opportunity to gain badly needed experience in chairmanship and parliamentary procedure. This is done through the method of choosing a different toastmaster to preside at each Wednesday noon meeting.

As each meeting begins, relates Pool, slips are handed out assigning important speeches on various subjects to six members. At the same time, six other members are assigned to criticize each speech. In the past, these subjects have ranged from "Would it be worse for a giraffe to have a sore throat or a centipede to have corns?" to "The Needs of the Returning Veteran, and Is Tech Meeting Those Needs." Each time an ex-

temporaneous speaker pauses to think and says "uh" a bell is rung. At the end of the meeting the number of "uhs" are counted and the member with the largest score is in charge of keeping the club's mascot for a week—a toy skunk named "Uh".

In addition to the student speakers, the Toastmasters invite a guest speaker each week. Topics included the Middle East Crisis, the Midland Man, and the Republican case vs the case for the Democrats. At the close of the meeting, a general critic makes suggestions for improving the

meetings in the future.

Toastmasters Collegiate, which has been organized almost two years, is the only such organization on a campus in the United States, states Pool. Letters of inquiry from SMU and Texas University expressed interest in organizing clubs have been received by the Union, he said.

Toastmasters meets every Wednesday in Room B of the Union. There is no set membership, stressed Pool, and men and women interested in attending the next meeting should sign up at the Union magazine stand before next Wednesday.

Art Dept. Hosts Teachers

Applied arts department's second annual Art Education Conference will be held Saturday from 9 to 12 a.m. in the Home Economics Building. Approximately 250 elementary teachers and administrators are expected from the South Plains.

Students in elementary art education classes will display their work and demonstrate "Fun with Paint," the theme of the conference, from 9:30 to 10:45. Tempera, crayons, silk screen and block printing will be part of the demonstrations. Several commercial

companies will have exhibits of art supplies.

Coffee will be served from 9:45 to 10:45 in the dining room of the Home Economics Building. The general meeting will be held from 11 to 11:45 in Rooms 105-106. "What Should I Take Back from the Conference?" will be the topic of discussion led by Dr. Bill Lockhart, associate professor of applied arts. He will also give the welcome at the meeting.

A luncheon in the Union Ballroom Lounge will end the half-day conference. A. W. Randall, head professor of applied arts, and Lockhart will speak at the luncheon on motivation, in using paints for creative activities of children.

Museum To Feature Free Italian Film

"Touring Italy by Film" is the title given to several selected movies to be shown in The Museum Auditorium Sunday from 3 to 6 p.m.

Moving pictures have been selected from the Italian State Tourist Office at New Orleans, Trans World Airlines and West Texas Audio-Visual Cooperative.

No admission is charged, and Miss Dorothy Rylander, The Museum secretary, invites all interested to attend in a "come and go" manner if they prefer.

GRADE REPORTS OUT BY DEC. 1

Warren G. Harding, Assistant Registrar announced yesterday that mid-semester reports should be ready by early December, if not sooner. It will probably take until then because the cards of 8,000 students must be processed and each student has at least five cards.

West Texas Latin Instructors Meet

West Texas Latin teachers will meet for a Latin Round Table on Saturday at Texas Tech, according to Dr. Elfrieda Frank, tech assistant professor of Latin and Greek.

The meeting is thought to be the first of its type held in this area, according to Dr. Frank.

Dr. John C. Dowling, head of the foreign languages department, has urged West Texas Latin teachers to take advantage of the meeting. "The reports we have received this fall of the number of West Texas schools offering Latin and of enrollments in Latin classes have been very encouraging," Dr. Dowling said.

"However, if we teachers wish to continue to build up the enrollment in Latin in our schools and colleges, we must work both vigorously and jointly for that end," he added.

Army ROTC Rifle Workouts Begin

Workouts and tryouts have begun for the Army ROTC Rifle Team in preparation for this semester's rifle matches and also to compete in the Hearst National ROTC Rifle Competition.

A tentative match with West Texas State College is planned for the latter part of next week, according to the Rifle team's sponsor, Capt. Bruce F. Archer, Army ROTC instructor.

The William Randolph Hearst National ROTC Rifle Competition match will be held at the rifle range (in the basement of M2) Dec. 6 with five score cards being sent to 4th Army Headquarters for final judging.

Mike McClure has been elected Rifle team president for this year. Other possible members of the five man team are Tommy Starnes, G. L. Hill, Charles Halcomb and Neil Dickinson.

Scores for the team are based on four positions, prone, sitting, kneeling and standing. Firing is done on a 50 foot range with small bore weapons.

Other matches set for this term are; University of Chattanooga, December 8 and New Mexico Military Institution, December 15.

DAIRY EXPERTS TO VISIT CAMPUS

Dairy industry experts from five states and the District of Columbia are reporting new developments in their fields at a short course that lasts through Friday (Nov. 14-16).

In addition to such mouth watering subjects as new ice cream flavors and colors, the specialists are expected to report on new frozen desserts for diabetics and on other nutritional advances. Other discussions will be held on production technology and business.

The Texas and New Mexico Dairy Technology Society will hold a meeting Thursday in conjunction with the Tech short course.

The Aggie Memorial Auditorium will be headquarters for the course.

The Aggie Memorial Auditorium will be headquarters for the course, sponsored by the Tech dairy industry department. In addition to speakers, more than 100 participants are expected from Arizona, New Mexico, Louisiana, Oklahoma, and all parts of Texas.

Boll Coursages Are Delivered

More than 2,000 cotton boll coursages were delivered to Lubbock business houses over the weekend by members of Forum, senior women's honor society, and Theta Sigma Phi, women's professional fraternity to promote Maid of Cotton Week, Nov. 12-17.

Mary Randal, president of Forum, and Nancy Kaisner, vice-president of Theta Sigma Phi appeared on a television show recently to help boost sale of the coursages.

Tech service organizations will have an opportunity to purchase coursages when representatives of the two clubs visit their meetings this week.

The two organizations are working in cooperation with a committee from the Lubbock Chamber of

DEBATE TEAM

(Continued From Page 1) only one of three phases planned for this year's speech activities. Tech debaters will give discussion and debate programs for local social and civic function as well as participating in an intramural program.

Members of the debate teams are: Patsy Mullens and Betsy Donovan, Jack Gibson and Willis Taylor, Johnny McIver and George Nelson, Barbara Van Horn and Virginia Bray.

Commerce, sponsors of the Maid of Cotton contest.

Money raised from the sale of coursages will be used to help send a member of Theta Sigma Phi to the National Convention. Forum will use its money to install Tech's chapter of Mortar Board, national women's honor society.

Finals for the Maid of Cotton contest will be held Nov. 20.
