Muleshoe

Muleshoe Memorial Park Cemetery board will conduct a public meeting on Monday, September 11 at 7:30 p.m. in Ellis Funeral Home Chapel.

Pat Moore said the Cemetery Board is also presently taking bids for a caretaker for the cemetery, which will involve mowing, watering, and general maintenance.

You may take your bid by Ellis Funeral Home or mail it to Muleshoe Memorial Park Cemetery, Box 373, Muleshoe, TX 79347.

The Muleshoe office of South Plains Community Action says commodity distribution for Muleshoe will be September 13, 14 and 15, Wednesday, Thursday and Friday, 9 a.m.-3:30 p.m. at Trade Winds Plaza, 804 West American Blvd. For additional information, call Janie Mejia at 272-5130.

The Muleshoe Young Homemakers will resume meeting Tuesday, September 12, at 7 p.m. at the Muleshoe Church of Christ. The non-profit organization meets twice monthly.

On the second Tuesday of each month is the regular business meeting, which consists of various programs. The fourth Tuesday of each month is craft night, with many homemade craft items being featured.

Muleshoe Young Homemakers said they welcome each and every woman who is interested in attending the meetings for fun and fellowship, and to make new friends.

If you have any questions, please call Terry Marricle, president, at 272-4863, or Lavon Hunt, historian, 925-6498.

R. A. Bradley, president of the Muleshoe Heritage Foundation, announced the annual meeting of the organization for Monday, September 18, at 7 p.m. at the Old Depot.

An update will be given on the renovation of the Janes House, and he reminded that annual dues per family are only \$25.

Fine Arts Boosters will meet on Monday, September 11, at 7:30 p.m. in the 16th and Ave. D Church of Christ fellowship hall.

The regular meeting has been changed from the third Monday of each month to the second Monday.

Parents of junior high and high school students in art, speech and band are encouraged to attend the meetings.

Navy Seaman Recruit Corey E. Moore, a 1987 graduate of Springlake-Earth High School has completed recruit training at Recruit Training Command, San Diego.

During Moore's eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic fields.

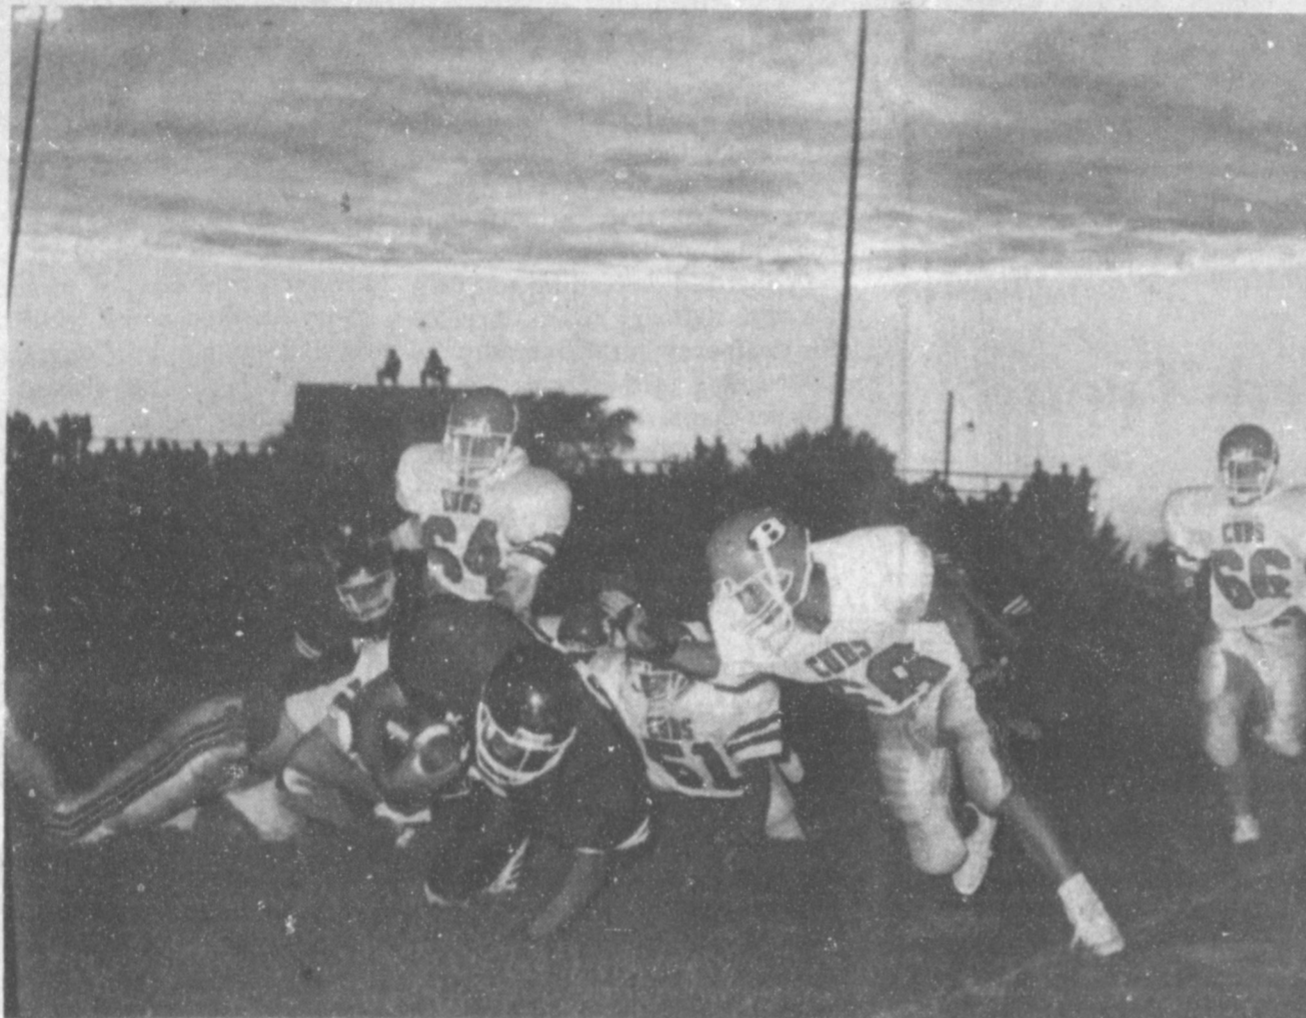

He joined the Navy in April 1989.

At Watson Junior High School the principal's awards for the first week of school went to Barak Harlan, sixth grade; Kourtnee Magby, seventh grade; and Lori Hodges, eighth grade.

Educator of the Week was Neva Gray.

Marine Pfc. Johnny Garcia, son of Manuel R. and Alice Garcia of Muleshoe, has completed the Personnel Clerk Course.

OROZCO SMOTHERED BY CUBS--Although John Orozco, forefront, was the main 'workhorse' for the Mules Friday night, he couldn't escape the onslaught on the Brownfield Cubs, as the Mules dropped the season opener to the Cubs by a 28-0 score. The Cubs zeroed in on Orozco and held him to somewhere around 50 yards for his night's efforts. (Journal Photo)

Brownfield Blanks Out Mules, 28-0, For Season Opener Here

Friday night was the season opener for the Muleshoe Mules, and the first half proved to be superb as it was almost all defensive action. But, after the Brownfield Cubs added 22 more points in the third quarter, to the six points from the second quarter, the Cubs waltzed home with a 28-0 victory over the Mules.

It was a most interesting first quarter for the Muleshoe Mules and Brownfield Cubs. And, quite a different ballgame from the first game of the season for the Mules in 1988.

In 1988, when the Mules met the Cubs at Brownfield for their first meeting ever, the Cubs roamed all over the Mules, and clawed their way to a 35-0 victory.

This year, playing in Benny Douglass Stadium in Muleshoe, at the end of the first half, the score was 6-0 for the Cubs.

At the end of the first quarter, it was still a scoreless game, as

School Board

Will Consider

School Repairs

On Monday, September 11, the members of the Board of Trustees of the Muleshoe Independent School District will meet in regular session in the school administration building at 7:30 p.m. to consider the following items:

Under business will be to discuss modifications to Dillman windows and take appropriate action; approve substitute teacher list; and under career ladder considerations will be approve list of appraisors; approve appraisal calendar and approve advance notice for scheduled appraisals.

Financial reports will be given on bank balances; fund balances; payment of current bills and hear the tax collection report.

Informational reports will be given by the board president; superintendent; assistant superintendent for business and assistant superintendent for instruction.

Under personnel considerations following an executive session will be resignations and employment contracts, with the board to take appropriate action following the executive session.

tough defense kept both teams at bay, and only the Mules had penetrated the 20-yard line.

Although Brownfield had the first possession, Ruben Mata recovered a Cub fumble and the Mules took advantage of this to make a first down with two yards rushing by John Orozco, followed by an 18 yard pass from Mule QB Larry Gonzales to Michael Hardwick.

The Mules moved to the Cubs' 11 yard line, but a field goal

3-Way Eagles

Down Higgins

By 56-54

A very proud football coach, Greg Jeffcoat of the Three Way Eagles, claimed his 'bragging rights' Friday when he reported on the Eagle-Higgins game played at Silverton Thursday night.

Down 20-0, the Eagles came back against the powerful Higgins team and were 32-20 leaders at halftime in the game.

Higgins has won their district for the past several consecutive years, and Coach Jeffcoat said his Eagles just 'dug in' and fought back hard when they fell 20-0 behind early in the game.

Mario Guillen really added the 'spark' to the game when he had five touchdowns rushing and three touchdowns passing.

Mario carried the ball 25 times for 297 yards and completed 9-19 passes for 237 yards, with one interception. Count it up, that's a mind-boggling 534 yards for one player.

He broke a Three Way School record with a 79 yard TD run. He also returned a kickoff 80 yards and had a 75 yard TD run.

Eagle Jesse Haros had one, one-yard TD run and caught a 60 yard TD pass.

Efrain Guillen carried six times for 142 yards and caught two touchdown passes.

Chris Locke had two carries for 19 yards and recovered two Higgins fumbles.

On defense, Efrain Guillen had 24 tackles and one interception and Mario Guillen had 19 tackles.

Next Friday night, the Eagles will play Midland Christian on their home field at the Three Way School. Gametime is 7:30 p.m. Try to go out to watch some 'outstanding' six-man football.

attempt by Larry Gonzales was blocked and the Cubs took over on their own 18 yard line.

This was followed by the Cubs moving the ball to their own 44 yard line before the Mules took possession for the second time.

The end of the first quarter saw a 0-0 score.

Going into the second quarter, the Mules fumbled the ball away. Taking quick advantage, the Cubs Clarence Brown rambled 47 yards in their first play from scrimmage to put the Cubs on the board with 11:37 showing until halftime. Fumbling the ball, the Cubs missed out on the PAT and the team remained scoreless for the rest of the quarter.

Clarence Brown again proved his worth after the Mules failed to move the ball and gained an additional 26 yards on two carries for Brownfield, before the team started playing backward.

Commissioners

Face Hefty

Meet Agenda

Monday morning, when Bailey County Commissioners Court convenes at 10 a.m., it will be to face a very lengthy agenda.

First item on the agenda is to approve the minutes of the previous meeting.

This will be followed by review of the county treasurer report for August; review departmental reports; and payment of routine county bills.

Commissioners will then consider a budget amendment to the FY1989 budget; consider providing ambulance to Muleshoe Area Hospital District; discussion about sheriff deputies, constables, jailers; consider sheriff and constable fees and discussion on ambulance service by Starla Ellis.

Other items are to consider employment of ambulance paramedic director; consider appointment of Rev. Michael J. Doyle to Child Welfare Board; consider adoption of investment policy; consider county budget for FY 1990; consider General Fund and Farm to Market/Flood Control tax rates for 1989; Consider granting right-of-way easements to Five Area Telephone Cooperative and Miscellaneous items.

As the annual Bailey County West Plains Fair officially began at 2 p.m. Friday, several people were already in the Bailey County Coliseum looking at the exhibits.

Tables were lined with all types of 'goodies' and many commercial booths lined the walls.

The Fair was to continue through Saturday afternoon, with several activities planned.

Friday morning, exhibits were judged, and 14 exhibitors were very happy with the results.

This year, 346 adults, 48 youth and 38 4-H members entered exhibits, other than pets, in the annual show.

This year, a special table was set up for 'Division Winners' and the 'Best of Show' in various events not only won blue ribbons and rosettes, but were judged to be good enough for cash prizes to be entered.

In the Field Crop Division, Doris Wedel won the adult division and Cody Radford, for the youth.

Betty Wuerflein was adult winner in the Horticulture Division, with Courtney Tanksley winning the youth division.

In Culinary, Patsy Lindley was adult winner and Tandy Townsend, youth winner.

Terry Radford was Division winner in Canned Fruits and Vegetables and Kourtnee Magby was youth winner.

For the Division Winner in the Textile Division, Evelene Harris was adult winner and Holly Huckaby the youth winner.

Victoria Hendricks was winner in the Fine Arts adult division and Tisha Young won the youth division.

For Crafts and Hobbies, JoAnne Davenport was adult

winner and Holly Huckaby was youth winner.

Rosette winners were as follows:

AGRICULTURE

Doris Wedel, adult and Jamie Wedel, youth in cotton. Doris Wedel was adult winner and Cody Radford, youth winner for Head & Ears.

For vegetables, Betty Wuerflein was adult winner and Courtney Tanksley won both the youth and 4-H divisions.

Under Miscellaneous, Naomi Black was adult winner, with Judd Glover as youth winner.

CANNED GOODS

Rose Sain won the rosettes for both fruits and vegetables. Terry Radford won for pickles.

In jellies, Anna B. Lane won the adult division, while Melinda Schuster took the 4-H division winner.

Cotton Prices Take Upward Trend

With U.S. stocks dropping, foreign supplies tight and weather threatening the cotton crop at home and abroad, domestic cotton prices are rising. Skillful marketing while prices are high can mean premium payoff for American producers, says a cotton marketing specialist with the Texas Agricultural Extension Service.

"The market has a mind of its own, and it's hard to anticipate how high it will go, when it will top out and how much it might drop," said Dr. Carl Anderson, Extension Service agricultural economist. "The estimated supply and demand numbers may change as the crop season progresses."

As the market moves up, skillful marketing becomes more critical for the producer, the Extension Service specialist said. Put options and forward contracts provide price insurance, he said.

"The put options are particularly useful as they allow you to sell for a possible higher price. There are no margin calls on options you purchase. You pay a premium and commission charges."

"Forward contracts, if available, establish a price; but the price is fixed. Put options can be purchased out-of-the-money (below the futures price) for a lower premium. The insured price is lower."

"The higher futures go, the higher the price you can insure for your money. Then, should the market continue up, you can still forward contract or sell, depending upon your situation."

The Commodity Credit Corporation cotton loan at 50 cents a pound doesn't appear to be a good alternative for the 1989 crop, Anderson said. "The market price will likely exceed the loan rate enough to make that a poor choice," he said.

"Speculating in the cash market by doing nothing is taking a big chance that the market will stay up until you can sell. With the flexibility of options, you have many marketing alternatives to work with," Anderson said.

The July crop report from the U.S. Department of Agriculture shows fewer acres planted than expected.

"That means the new U.S. crop may fall some three million bales short of expected usage," Anderson said. If that happens, the 7.5-million-bale supply a year from now

Planted acreage for U.S. upland cotton is estimated at 10.2 million acres, 500,000 acres less than March estimates. If 9.2 million acres--or 90 percent--is harvested and yields about 580 pounds an acre, the upland crop would provide 11.1 million bales. Last year the yield was 15.1 million bales.

The total domestic and export demand for cotton this year is estimated at 15.5 million bales, the largest use in 10 years, Anderson said.

"The Sept. 12 (USDA) crop production report will be a better look at the 1989 crop potential," Anderson said. "Whichever way the crop size goes, the market will try to run ahead of the USDA report."

The U.S. export market is bright, the Extension Service economist said. "Foreign cotton stocks have declined from 38 million bales at the end of 1984 to only 22 million bales for this season. Meanwhile, consumption has steadily increased to 77 million bales, 13 million more than five years ago."

A foreign crop of 69 million bales is predicted this year. This is eight million less than the estimated foreign demand.

"Under these conditions, the market usually outruns supply and demand," Anderson said. "In short crop years, the market tends to peak early."

A high price discourages use, makes prices of synthetics more

competitive and encourages cotton production, he said.

"The Southern Hemisphere countries will plant more cotton this fall. And next year, everybody will plant more cotton," he predicted.

Astronaut Says Martian Parents May Be Alive

The parents of the first Martian may be alive today according to Jack Schmidt, the last astronaut to walk on the moon.

Schmidt's prediction that humans will inhabit the planet Mars within a generation may prove true if the Bush administration's plans to place a space station in orbit during the 1990s and establish colonies on the moon and on Mars in the 21st Century become reality.

"There is probably a young

couple now that is going to be one of the future astronaut families to live on Mars and, perhaps, even have children there," said Ken Morgan, a Texas Christian University geology professor and director of its Center for Remote Sensing and Energy Research.

Without a cooperative effort by NASA, the Soviet space agency and the European Space Agency, however, landing colonies on Mars could take 50 years or more, Morgan said. While

organizing such a venture would be difficult, a cooperative effort by the world's leading space agencies could land colonies on Mars sooner since it would allow the nations involved to pool their economic and human resources and share the costs of the project, he said.

These nations also would share in the benefits, Morgan added.

The development of new energy sources and more effective propulsion systems for the long-range rockets necessary to reach Mars could lead to cheaper electricity and more fuel-efficient cars back on Earth, he said. Also, stronger construction materials could be discovered while building colonies on Mars, and having a base there could lead to "further exploration beyond our universe," Morgan explained.

The benefits of returning to space could be numerous, but Morgan cautioned that "it may be a very expensive proposition with no immediate returns."

The public is wonderfully tolerant. It forgives everything except genius.

New Disaster Program Will Hurt Farmers

Texas Senator Phil Gramm is trying to obtain an administrative change in the new disaster relief program so that farmers who replanted on disaster acres won't be penalized, according to Steve Pringle, national affairs director for the Texas Farm Bureau.

Gramm told Texas Farm Bureau that farmers who replanted on their disaster acres must deduct the value of the second crop from their disaster payment.

While USDA had intended to apply the gross value of the crop, Gramm said the deduction should be made on the net value. Allowing farmers to keep their crop expenses.

Conservative estimates indicate the net value formula will put at least \$15 million more into the pockets of Texas farmers. The Texas Senator said.

"I think it is absolutely imperative that we write regulations of the disaster relief bill so that in calculating how much someone gets, we look at the net value of the crop, not the gross value," Gramm said.

Sen. Richard Lugar of Indiana, sponsor of the amendment, reportedly has agreed to the net

value deduction, and USDA is likely to accept that proposal, Gramm said.

Gramm said the disaster relief bill would, in effect, hurt those farmers who elected to replant their disaster acres while they awaited action by Congress on the bill.

Plantings of grain sorghum and soybeans increased about a million acres this year. Most of that is estimated to be replanting on disaster acres.

CHURCH RECEIVES GIFTS--Tuesday afternoon, Marie Bass picked up a baker oven and two six quart stainless steel dutch ovens for the Muleshoe Primitive Baptist Church. A total of 4,928 books of stamps were redeemed in order for the church to receive these gifts. (Journal Photo)

Mom's Not In Kitchen But Microwave Is

Mom used to be home to serve lunch and after school snacks, but today Mom often isn't home. More than half of mothers work. Almost three-fourths of those with kids ages six and over are employed. Some things don't change--kids still come home hungry.

These on-their-own children are learning cooking independence first-hand by mastering the microwave, whose speed, simplicity and relative safety are attractive to junior chefs. In less time than it takes to turn on the television, a tasty and often creative snack debuts.

Adults, too, appreciate the safety of a microwave oven. The microwave oven turns itself off automatically, so less supervision is needed, and fewer burners are left on by mistake.

The problem of scorching, resulting in messy pots and pans, is eliminated so the dreaded task of clean-up is minimized.

The following American Dairy Association kitchen tested recipes are simple enough to encourage the most reluctant of youngsters because they use products kids generally like and most families keep on hand.

Before your child assumes the helm, here are a few tips to make microwave cooking safe and easy. We suggest reviewing them with junior chefs to ensure successful results.

- Read each recipe carefully.
- Gather all ingredients before you begin.
- The microwave oven cooks food fast so be sure to set the timer for the shortest amount of time and add extra seconds as needed.
- Never operate the oven when it is empty.
- Use glass or plastic dishes, not metal or foil.
- Keep hot pads nearby to use when removing a dish from the microwave oven. The heat of the food may make the dish hot.
- Ask Mom or an older brother or sister to help you with things you haven't done before like chopping and measuring.
- Be sure to clean your dishes and counter-top when you are finished.

MEXI OR ITALIANO POTATO

1 medium-sized Idaho potato scrubbed
 1 tablespoon butter
 3 tablespoons mild salsa.
 ¼ cup (1 ounce) shredded Cheddar cheese
 Sliced pitted ripe olives
 Tortilla chips, if desired
 Pierce potato all over with tines of a fork. Place potato on paper towel in microwave. Microwave on High (100%) for 2 minutes. Turn potato over. Microwave for 2 to 3 minutes more, or until potato is tender when pierced with a fork. Carefully remove from microwave. Place on plate. Slit top of

potato. Top potato with butter, salsa and cheese. Microwave on High (100%) 20 seconds, or until cheese is melted. Sprinkle with olives; garnish with tortilla chips.

CHEESY DOG
 ¼ cup (1 ounce) shredded Cheddar cheese
 1 teaspoon chili sauce
 1 teaspoon pickle relish
 1 hot dog bun
 1 hot dog, turkey or traditional
 Combine cheese, chili sauce and pickle relish; mix well. Open hot dog bun. Spread mixture over inside of bun. Place hot dog on top of cheese. Wrap filled bun in a paper towel. Microwave on High (100%) 1 minute, or until cheese is melted and hot dog is warm. Serve immediately. Serves 1.

Variation: Use 2 teaspoons prepared Sloppy Joe Sauce instead of the chili sauce and pickle relish. Follow directions above.

GOOEY CEREAL CRUNCH BALLS
 1 package (8 ounces) cream cheese
 2 tablespoons butter
 ¼ cup honey
 ½ teaspoon cinnamon
 1 cup miniature marshmallows
 ½ cup EACH: raisins, mini semi-sweet chocolate pieces
 Place unwrapped cream cheese and butter in 4-quart microwaveable mixing bowl. Microwave on High (100%), uncovered 2 to 2½ minutes, or until butter is melted and cream cheese is soft. Stir with a whisk until well combined. Whisk in honey and cinnamon. Stir in cereal, marshmallows, raisins and chocolate pieces. Form mixture into 1½-inch balls. Place on paper plates. Let stand at room temperature to firm up, about 1 hour. Store in airtight container at room temperature. Yield 36.

Bratcher Family Reunion Held At Lazbuddie

The first annual Bratcher reunion was held over Labor Day weekend in the home of Junior and Corine Mallouf of Lazbuddie. This was the first meeting and getting to know many relatives by some.

It was reported that those attending had a good time of visiting, eating, looking at pictures and getting to know all of the family.

The family who traveled the farthest were Mr. and Mrs. Frank Brandenburg of Stockton, Calif. The oldest person was Mrs. Nadine Edge of Lazbuddie. Youngest was Felicia Glover, daughter of Mr. and Mrs. Noble Glover of Muleshoe, also Will Miller, son of Wilma Miller of Farwell.

Dorothy Reynolds of Spring Hill, Tenn was unable to attend, but did some visiting with family by telephone.

Plans are being started to have a reunion again next year.

Those attending were: Charles and Irene Bratcher of Jonesboro,

Ark.; Juddie Farrow of Jonesboro, Ark.; Jason and Evelyn Bratcher of Colorado Springs, Colo.; Nadine Edge of Lazbuddie; Helen and Chris Johanson of Fresno, Calif.; Jr. and Corine Mallouf and grandsons of Lazbuddie; Odell and Allene Edge of Texico, N.M.; Rick and Betty Godphry and boys of Big Springs; Lynda Glover and girls of Muleshoe; Wilma Miller and boys of Farwell; Frank and Jeannie Brandenburg of Stockton, Calif.; and Richard and Vicky Bratcher of Austin.

Food Festival Planned By Heart Association

"Cut the fats and cholesterol for life." That's the message from the American Heart Association in presenting "Food Festival," a statewide nutrition education event scheduled from September 10 to 16.

"Fats and cholesterol are culprits to a healthy heart," according to Annie Floyd chairman of the local Food Festival activities. "Our goal is to improve public awareness of the relationship between high-cholesterol, high-saturated fat diets and cardiovascular disease."

The American Heart Association has Food Festival activities in schools, businesses and grocery stores, including:

1. Schools will serve heart healthy meals in the cafeterias.
2. Weight Watchers lecture will include Food Festival information that week.

3. 4-H'ers will be putting shelf tags in Thriftway grocery store. The tags will help shoppers in making healthy food purchases.

4. From the 10th to 16th some volunteers will be in the Thriftway Store to pass out literature.

"Come, take part in these activities, learn how to eat for a healthy heart" said Mrs. Floyd.

"Foods low in cholesterol, saturated fat and sodium are all part of an American Heart Association recommended diet," said Mrs. Floyd. "Eat at least three servings of fruit or real fruit juice every day. And, eat at least three servings of vegetables every day. Vegetables are high in vitamins, minerals, potassium and fiber, but low in fat, calories and sodium. And they contain NO cholesterol. The only fruits and vegetables to avoid are coconut and palm oil; avocados and olives should be eaten only occasionally."

"The milk you drink should only contain from zero to one percent fat. Look for milk products labeled "Fortified with vitamins A and D" and have two servings daily if you are an adult or young child, three to four servings if older child, teenager or pregnant or breastfeeding women. Avoid cream, nondairy cream substitutes (unless made from polyunsaturated fat), and cheese with more than two grams of fat per ounce."

I felt an earnest and humble desire, and shall do till I die, to increase the stock of harmless cheerfulness.

-Charles Dickens.

Welcome To Muleshoe

Fred, Brenda, Maria & Alison Ivy

This week, we want to welcome Dr. Fred Ivy and family to Muleshoe. They come to Muleshoe from Calvert, Texas, where Dr. Ivy was superintendent of schools. He is presently serving as principal of Mary DeShazo Elementary in Muleshoe. Dr. Ivy and his wife, Brenda, have two daughters, Maria, age 11 and Alison, age 8. As hobbies, Dr. Ivy enjoys woodworking and antique toys. Brenda enjoys needlepoint and other crafts. The Ivy's are Baptist. Let's give them a "Hearty" Muleshoe welcome.

Kiwanis Club Presents Check To Girl Scouts

Thirteen members and four honorary members and ten guest met Friday morning at the Old Corral. Honorary members are Lacy Morris, Robbie Clapp, Jon Keith Turner and Chad Johnson. Our guest were members of the Muleshoe Girl Scouts and Brownies. Guest were Arelia Morris, DeeDee Morris, Kimberlee Vaughn, Aimee Hugg, Linda Tosh, Mary Ann Ramirez, Adam and Lisa Ramirez, Nelda Merriott and David Lutz. I had better clear this up as David Lutz is not a Girl Scout. David would make a good Girl Scout but Friday morning David was a guest of his dad, Jim Lutz and had to go to school early and go to band practice.

President Keith Turner, (on one of his short visits back to Muleshoe) called the meeting to order. Glen Morris led the club in the pledge to the flag. Ivocation was given by R.A. Bradley. Lyndon Huckaby who has the friendship coin, maybe able to find a friend by next week. We new that Huck would have trouble. Really he just forgot!! Incoming president Jim Lutz wants to remind all-Kiwanians about the instalation banquet Sept. 18. Be sure and let Jim know if you are going to be there as he needs to turn in so many plates to the caterer. Don't forget, Let Jim lutz know no later than Sept. 13.

Mary Ann Ramirez, Girl Scout leader, introduced her adult leaders, Girl Scouts and Brownies and showed a video of one of the Brownie troupes meeting about what the young ladies do and learn in the scouting program. The Girl Scouts have 54 members and 22 adult leaders. Girl Scouts, Lacy Morris, Aimee Hugg and Kimberlee Vaughn showed a shirt they were making in troupe No. 152. Also this merit badge banner they were working on. DeeDee Morris showed a cushion the Brownie troupe 228 was making and also their badge banner that they too were working on. Nelda Merriott, treasurer for the Girl Scouts, told about some of the things that they are working on. They need a fence around the Girl Scout Hut and of course there is always a need and upkeep on the Hut.

Nelda stated that a business firm from Lubbock was donating a heater and would also install it. They also may install an air conditioner too. The Kiwanis Club wishes to thank all of the Girl Scout leaders, Girl Scouts and Brownies for doing such a wonderful job. We are very proud of you. The Kiwanis Club presented the Girl Scouts a check for \$300 to help further this cause.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The (Muleshoe ISD) will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in (1988) by (15.84) percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property. The public hearing will be held on (Sept. 18, 7:30) at (Muleshoe ISD) P.M. Administration Bldg.

FOR the proposal: Curtis, Shelburne, Sam Harlan, Edwin Cox,
AGAINST the proposal: Max King, Howard Watson, Cindy Purdy
None
PRESENT and not voting: None
ABSENT: Lyndon Huckaby

(Names of all members of the governing body, showing how each voted on the proposal to consider the tax increase and, if one or more were absent, indicating the absences.)

The statement above shows the percentage increase the proposed rate represents over the (effective) tax rate that the unit published on (7-28-89). The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

| | Last Year | This Year |
|---|-----------|-------------------|
| Average home value | 35,000 | 35,000 |
| General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions) | 5,000 | 5,000 |
| Average taxable value | 30,000 | 30,000 |
| Tax rate | .85 | 1.01 (proposed) |
| Tax | 255.00 | 303.00 (proposed) |

Under this proposal taxes on the average home would (increase) by \$ (548.00) or (15.84) percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would (increase) by \$ (.16) per \$100 of taxable value or (15.84) percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

Cubs Down Mules

Cont. From Page 1

For three consecutive plays, each time the Cubs started to move the ball, they received a five yard penalty, which kept putting them farther and farther away from the goal line.

On a Mule punt, the Cubs fumbled the return back to the goal line, and only managed to get it to the six, but failed to move the ball so again, the Mules took over and at midfield, failed to move the ball to within scoring range.

At :15 before halftime, the Mules were forced to punt the ball away, and the Cubs only play from scrimmage before halftime gained them a first down on a Clarence Brown run, but, not enough to get anywhere near the end zone.

During the first half, the Mules had five first downs to seven for Brownfield. Penalties for the Mules totaled 25 yards, while the Cubs had 50 yards in penalties.

At halftime, apparently the Brownfield coaches reminded the Cubs why they had come to Muleshoe, and the second half of the game was a "whole new ballgame."

In their first possession in the second half, the Cubs again failed to move the ball, but really broke loose with 5:57 left in the game when Clarence Brown pushed over two points after C. J. Griggs had rambled for a 67 yard TD.

Adding insult to injury, in their

very next possession, with 1:45 left to play, Griggs took off on another 67 yard race -- he won, and ran into the end zone for another six. Brandon Martinez made it a 21-0 game with his toe.

In the meantime, despite the best defensive efforts of the Mules, the Cub offense just swarmed all over the Mules and held them nearly motionless, or to a few stingy yards.

Clarence Brown, who had made the first TD for the Cubs, also added the final TD on a 27 yard scamper near the end of the third quarter, with the PAT good.

In the fourth quarter, the Mules dug in hard again, and kept the Cubs out of the end zone, but at the same time, the powerful Cub defense also held the Mules out of the end zone. It was a standoff, much the same as the first quarter.

A lot of Muleshoe Mules moved on and off the field during the entire evening, as Head Football Coach Jim Stewart plans for all his players to spend the season seeing action in each game.

For the Mules, they had 41 carries for 101 yards, with John Orozco carrying 13 times for 50 yards. Quarterback Larry Gonzales completed one 18 yard pass to Michael Hardwick, out of five attempts. Total offense for the Mules for the first game of the season was 119 yards.

The Mules lost one fumble, had 4 penalties for 35 yards; made six punts and had six first downs for the game.

With 153 yards and C. J. Griggs, 150 yards, the two Cubs had most of the Cubs 344 rushing yards. They also had 14 yards passing for a total of 358 offensive yards. They also had 10 first downs and eight penalties for 60 yards.

Next Friday night, the Mules will travel to Shallowater. Be sure to be there to "Back The Mules" and show support for new Head Football Coach Jim Stewart and his coaching staff -- and most importantly, the young Muleshoe Mules.

Ball Play

Viewers who counted fielding misplays in Major League baseball games recently came up with news. Fielding isn't what it used to be.

In one span of four games, selected at random, there were twelve throws from outfielders to home plate which were eight to ten feet off line. Sixteen grounders were bobbled, mishandled or missed by infielders.

A surprising number of balls got by first basemen, and the second basemen often missed throws from the outfield.

Experience — We consider it money in the bank.

A face lined by dry, hot summer days, harsh winter, and seven-day work weeks. But there is sparkle, too, remembering warm spring sun or gentle rains and acres of cotton.

Back when he started farming, a man's labor represented the majority of his investment in the farm. Over the years, when he's had to invest in land and equipment, he's turned to his Land Bank Association for competitive, long-term financing. At the Land Bank we not only place value on a man's farm, but his experience, too.

Muleshoe Visit

State Comptroller Bob Bullock said Thursday that a representative from his agency will be in Muleshoe on Thursday, September 14, to answer questions about

TEAMS Tests

May Be Taken

During October

During each regular exit level test administration, individuals who are no longer enrolled in school and have not previously passed both sections of the TEAMS test but have met all other graduation requirements may take the section(s) not passed. During the October administration, the mathematics test will be administered on Wednesday, October 25, 1989, and the English language arts test will be administered on Thursday, October 26, 1989.

Individuals who are no longer enrolled in a Texas public school and wish to register to retake the exit level mathematics and/or English language arts test(s) may pick up a registration packet at the Muleshoe High School counselor's office. The registration packet must be completed and received in Iowa City, Iowa, no later than 5:00 p.m. October 4, 1989.

For further information please contact Linda Marr, Counselor, Muleshoe High School, 514 West Avenue G, Muleshoe, Texas, 79347, Telephone (806) 272-3080.

Texas taxes and assist taxpayers with paperwork and problems.

"I don't want to see state taxes turn into a burden for folks who can't get to a field office. Our visits are a service we're happy to provide to Texas taxpayers," Bullock said.

Johnny Laceywell, enforcement officer from the Lubbock Field Office will be at the Bailey County Courthouse in the Commissioner's Courtroom from 1 p.m. to 3 p.m. The public is welcome and there is no charge. "I'm sending my employees out to help people with questions, filling out forms, and working out problems on a local, one-to-one basis. There's some things you just don't do as well over the phone or through the mail," Bullock said.

Muleshoe area taxpayers who can't attend the courthouse visit can still get individual tax assistance by calling the Comptroller's toll-free telephone number, 1-800-252-5555 from anywhere in Texas.

The Lubbock office, headed by David Cain, serves 19 counties including Bailey County.

Farm Bureau Plans Meeting Next Saturday

Members and their families of the Bailey County Farm Bureau are in for a special 'treat' on Saturday, September 16.

The Board of Directors of the FB and their wives will be preparing and serving a free barbecue meal at 6:30 p.m., preceding the annual business meeting at 8 p.m.

During the business meeting,

the Farm Bureau will adopt policies for the coming year and elect four new directors, whose terms are expiring. The directors are Curtis Hunt, Alec Schuster, Dale Vise and Allen Smyer.

President Ronald Scott will give his annual report and a financial report will be presented by Sudduth-Field Co. and agency manager, Dave Tipps, will report on insurance services.

Also giving reports will be five high school students who attended the Citizenship Seminar at Angelo State this summer. The students are Kristyl Albertson,

Tisha Young, Greg Combs, Brenda Mudford and Heidi Bohler.

All members and their families are encouraged to attend the Farm Bureau annual meeting next Saturday at the Muleshoe High School cafeteria.

Lung Association Applauds Law On Cigarettes

The American Lung Association of Texas today said the law that raises the age to buy tobacco products is the most significant to date that protects young people from the health dangers associated with smoking.

The new law, which became effective September 1, prohibits the sale of tobacco products such as cigarettes and chewing tobacco, to persons under the age of 18. It changes a law that for ninety years allowed the pur-

chase of tobacco by customers as young as 16 years of age. It also compliments a law in effect for two years that bans student tobacco use of any kind on all Texas public school campuses and at school sanctioned functions.

"Raising the age makes tobacco products less accessible to children," said Edward Carter, managing director of the American Lung Association of Texas. "Making them less accessible protects our children from taking up an addictive habit

that is life threatening."

"Ninety percent of all adult smokers today began their nicotine habit by age 16 so this law should have a significant impact on the health of our young people," he added. "Adolescents are not aware of the serious health damage they are creating for themselves when they take that first puff."

The Texas Department of Health recently issued signs to be displayed at points of purchase to remind customers about the new law. These signs have been mandated by the law to discourage violations by merchants and consumers.

Permit Will Allow Overloads

Beginning September 1, a new annual permit allowing certain vehicles to exceed the maximum allowable weight will be issued by the highway department. The permit was authorized during the last regular session of the Texas Legislature.

The new law applies to vehicles carrying loads that can be "reasonably dismantled." Loads that cannot be broken down into smaller units are covered by current permit classifications.

Weight limits are set to protect Texas roadways from damage due to heavy loads. Permits allow heavier vehicles to travel designated routes upon payment of a fee, which helps cover road repair costs.

The new permit costs \$75 a year and requires a \$15,000 bond. It allows vehicles to exceed the maximum axle weight by up to 10 percent and the maximum gross weight by five percent. It applies to trucks operating on state highways, on county roads and bridges, and on other roads designated by the counties. It is not valid on the Interstate system.

This law also allows agricultural commodities, shipped in their natural state, to exceed axle weight by up to 12 percent and

gross weight by five percent without a permit or bond.

Application for this permit will be by mail only. Further information and applications are available at highway district offices and tourist bureaus.

Rules to implement this new law were passed by the highway commission August 29 and will be posted in the *Texas Register* for public comment.

TAES Field Day

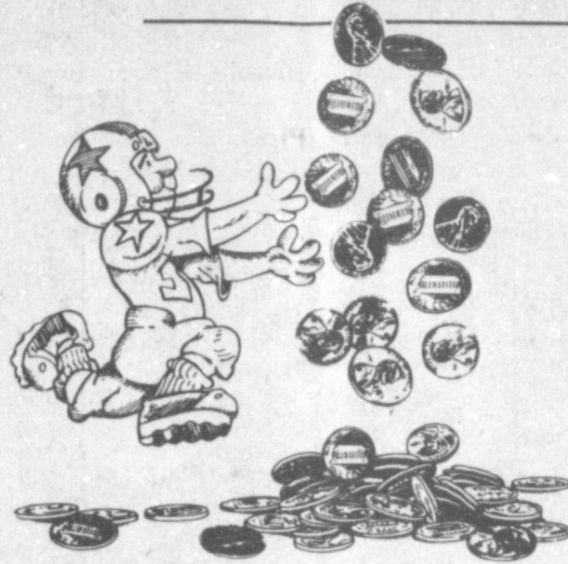

Scheduled Tuesday For General Public

The 80th annual field day of the Texas Agricultural Experiment Station at Lubbock/Halfway will be Tuesday, September 12, at the research center at Halfway, 14 miles west of Plainview on Hwy. 70.

Principal stops on the tour will feature research on the new Mobile Irrigation Planting System, being shown for the first time; cotton breeding, corn quality, including experimental Quality Protein Maize hybrids, and cropping systems.

Public tours will begin at 1 p.m., according to Joe Bryant, area communications specialist for the Texas Agricultural Extension Service.

National Cotton Council Warn About Pesticides

The National Cotton Council is reminding producers that usage deadlines are approaching for Azodrin, Galecron, and Fundal-crop protection chemicals that have been cancelled.

Cancelled pesticides become hazardous wastes and are regulated under the Federal Resource Conservation and Recovery Act.

Use or improper storage, transport or disposal of a hazardous waste may bring criminal charges.

"Usage deadlines for a number of cancelled products are approaching," said Dr. Jim Brown, the Council's production technology manager. "Producers with leftover supplies of these

products should be fully aware of the problems and options they have regarding disposal of these hazardous wastes.

Specific options may vary with different pesticide products and even with different tabled uses of the same products."

Producers may obtain a copy of the Council report, "Problems and Options Cotton Producers May Have With Leftover Cancelled Pesticides," by contacting the Council's Technical Services Department, 1918 N. Parkway, Memphis, TN 38112 (901) 274-9030.

Brown said because the manufacturers of Azodrin, Galecron and Fundal voluntarily cancelled these products, the Environmental Protection Agency will not indemnify users or anyone else holding stocks after the Sept. 30, 1989, usage deadline nor will EPA take possession of leftover stocks for disposal. It also is illegal for one farmer to sell leftover stocks to another farmer, even though the buyer plans to use the pesticide by Sept. 30.

"Producers should use these leftover stocks according to product label by Sept. 30 or check with the dealer to see if they will voluntarily take the product back," Brown said. "Otherwise, producers may be faced with difficult and expensive procedures for disposing of these wastes."

EPA reportedly is accepting indemnification claims/disposal requests from producers with leftover stocks or dinoseb, which was cancelled in June, 1988. Producers should call EPA headquarters at 1-800-DIN-OSEB or their regional EPA office for claim forms and instructions.

Earth Industrial Waste Management in Millington, TN, is an EPA approved collector for dinoseb products.

The period for filing indemnification /claims/disposal requests is long past for other

products such as DDT, toxaphene and endrin, which no longer can be used on cotton. Endrin, if available, can be used on cotton west of Interstate 35.

The Council report also discusses the status of Sancap, Diazinon, 2,4,5-T, Silvex and Milogard.

Brown said it is likely an increasing number of older pesticides will be removed from the market over the next several years. This is due to stringent re-registration amendments to the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) in 1988 and the introduction of new pesticides

COUNTY AGENT IS ROTARY SPEAKER--Tuesday at noon, Spencer Tanksley, left, Bailey County Extension Agent-Ag, was guest speaker for the Muleshoe Rotary Club. In charge of the program for the day was Rotarian Roger Clarkson, right. (Journal Photo)

J.N. Burnett Funeral Services Held Saturday

Funeral services for J.N. "Bud" Burnett, 78, of Morton were held at 10 a.m. Saturday, Sept. 9 in the First Baptist Church with the Rev. Al Jennings, pastor of the First United Methodist Church, officiating, assisted by the Rev. Roland Burnett, Baptist preacher from Allen, Tex.

Burial was in Morton Memorial Cemetery under the direction of Ellis Funeral Home. Burnett died at 9:45 p.m. Wednesday in the Methodist Hospital at Lubbock.

Born May 1, 1911, in Fayetteville, Ark, he moved to Cochran County in 1946, from Shallowater. He was a farmer and a member of the Baptist Church, Oddfellow IofO, served on the Co-op Gin Board, and was a 25 year Farm Bureau Director. He married Sarah Pauline Knight on April 6, 1938, in Lubbock.

Survivors include his wife, Sarah Pauline; a son, Sam Burnett of Morton; a daughter, Donna Sue Burelson of Clovis, N.M.; a sister, Evelyn Guthery of Lubbock; a brother, John L. Burnett of Levelland; and five grandchildren.

He was preceded in death by a sister, Paula Burnett Robbins in 1978.

ARMED FOR Self Protection

The cactus plant requires little for its growth and sustenance. It endures where soil is rugged and barren. It has a tough coat to protect it from blowing sand and other elements. The thistles protect it from being eaten.

We need to . . .
be strong in the Lord, and in the power of his might. Put on the whole armour of God . . .
 Attend church and receive strength for each week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
