

Ruby said elated with reversal

DALLAS (AP)—"Jack, you won—you got a reversal today," shouted jubilant defense lawyer Phil Burleson as he entered Jack Ruby's jail cell.

Burleson said both he and Ruby were in "kind of a state of happy shock" upon learning the Texas Court of Criminal Appeals had reversed Ruby's conviction for killing Lee Harvey Oswald.

OSWALD WHOM the Warren Commission said assassinated President John F. Kennedy during a Dallas motorcade Nov. 22, 1963, was being escorted on a routine transfer from city to county jail buildings when Ruby darted out of a jail basement crowd and gunned him down. Millions of persons saw live telecasts of the shooting.

Burleson said Ruby, a once-flamboyant man about town and night club manager, was "very, very happy—but you don't jump up and down for joy when the death penalty is taken off of you."

RUBY AND BURLESON wasted little time on congratulating each other in their 20-minute conference.

Burleson said they discussed possible alternative future actions. One includes pleading guilty to a reduced charge of murder without malice which could mean Ruby would be out of jail soon if the judge counted time he has already served.

Burleson said he felt the state had no evidence to prove Ruby acted with malice aforethought, now that the Austin court knocked out testimony from Police Sgt. P. T. Dean.

TODAY'S DECISION came just shy of seven weeks before Ruby's third anniversary in the county jail, which faces the sloping street on which Kennedy was assassinated.

Ruby and Burleson also talked about preparing strategies for a retrial if the state will not accept an agreed verdict on the reduced charge.

Sheriff Bill Decker said he contemplated no public appearances of Ruby anytime soon.

RUBY WAS LAST seen in public last June when he asserted at his sanity trial that "Never at any time have I tried to make anyone believe that I was of unsound mind." The jury took 10 minutes to agree and find Ruby legally sane.

Burleson said Ruby's sister, Mrs. Eva Grant of Dallas, "nearly fainted with glee and happiness" at hearing the news and planned to visit her brother later in the day.

Tower, Carr tour Texas

U. S. Sen. John Tower and his Democratic opponent, Waggoner Carr, toured the heavy industrial areas of the upper Texas Coast Wednesday discussing their personal office hours.

"I promise you that as U. S. senator I will be on the job," Carr said at a coffee in Richmond.

"MY TRIPS to Viet Nam have been even more informative and more rewarding than the great amount which I expected," Tower said in Texas City.

Carr said congressional records show Tower has been absent for 558 of the 1,822 roll and quorum calls in the Senate since June 1961.

"In other words, while the Senate has been working on many matters of vital importance to our state and nation, he has been absent about 30 per cent of the time," Carr said.

CARR CAMPAIGNED in Alvin, Angleton, Freeport and Lake Jackson—all with heavy union labor populations—before returning to Austin for a speech to the beauty culturists league.

GROWING PAINS—Another phase of Tech's expansion is the Wiggins Complex being constructed on Flint. The three-tower construction which should be ready for occupancy next September will house 1,716 students.

Inez lumbers toward Mexico— hopes Florida

MIAMI, Fla. (AP)—Hurricane Inez, wild and weird as any twister yet spawned by the tropics, lumbered off Wednesday toward Mexico, taking a little heat off the already-battered Florida coast.

After grinding to an ominous stop just 70 miles from Key West, the mean and unpredictable storm began nudging south-southwest. Top winds were 126 miles an hour.

Forecasters said they might haul down the red and black hurricane warning flags in the Florida Keys, where most people spent the day without lights. But they suggested that everybody in southern Florida keep their storm shutters up just in case.

WEATHERMEN WERE WARY, for Inez has crossed them up consistently since last Friday, when she howled into Cuba after a killing rampage the length of the Caribbean Sea.

In the few hours since she hammered Key West with 90-mile winds—but did surprisingly little damage—Inez had grown more vicious as she fed on the warm waters of the Gulf of Mexico.

Weather Bureau advisories estimated the top sustained winds slamming

around her large and irregular eye at 100 miles an hour. But a tiny observation post manned by the U.S. Coast Guard in the Dry Tortugas clocked gusts up to 126.

INEZ WASN'T the terror she had been in the Caribbean, when she slugged Guadeloupe, Haiti and the Dominican Republic with winds that at times screamed at a 175-mile-an-hour pitch.

But she was rapidly regaining some of her old meanness and Floridians feared that if she struck again it would be a deadlier blow.

An immense high pressure system over the Gulf of Mexico kept the hurricane from turning north toward the upper Gulf Coast States.

Inez had hammered the southeast Florida coast, home of 2.5 million residents, and ridden "the highway that goes to sea" straight as an arrow down the long chain of Florida keys.

She left the state's southern-most city of Key West blacked out and messy with fallen trees, signboards and power lines but otherwise not badly hurt.

Interfraternity Council approves 'delayed rush'

La Ventana photos now being made

Student pictures for the La Ventana are being made at the Avalon Studio, 2414 Broadway.

Photos will be made from 8:30 a.m. noon and 1 p.m.-5 p.m. Appointments can be made but are not necessary.

Pictures will be made throughout October. No deadline has been set.

Boys must wear coats and ties, Girls can have regular attire.

Students should bring their fee slip. If the student bought a yearbook no charge will be made, otherwise there is a \$1 charge. If the student buys a yearbook at spring registration one dollar will be deducted.

The Interfraternity Council Wednesday night approved a bill prohibiting rush activities between the fall pledging convocation and the first day of classes following the Christmas holidays.

John Strickland, secretary of the IFC, said this was by far the most important innovations among fraternities in the past ten years.

Strickland defined a rush function as "a fraternity-sponsored function at which a male Texas Tech student, who is not a member or pledge of said organization, is present exclusive of affairs to which the entire student body is invited."

The Rush Co-ordinating Committee is composed of Gary Knust, John Strickland and Johnny Walker.

The IFC unanimously approved the motion to prohibit any fraternity activity at which non-members were present.

After discussion, it was moved that a \$1-a-day penalty be invoked for late payment of dues.

Raider rally slated today

Frog legs will be the menu at the Southwest Conference Cafe tonight at 7 p.m.

Carpenter Hall will present a skit at the rally. The band and cheerleaders will perform.

This rally precedes the Tech-T.C.U. game in Fort Worth Saturday.

Tech Rodeo Team defends regional title this weekend

COWBOY'S COWGIRL—Marianne Munz, national goat-tying champion, prepares to load her horse for a trip to Portales, N.M., and the National Intercollegiate Rodeo. Miss Munz is a member of the 1965-66 regional NIRA championship rodeo team from Tech. The team will compete against other cowboys and cowgirls from the southwest Friday, Saturday and Sunday.

Court orders Ruby retrial

By ROBERT HEARD

AUSTIN (AP)—Jack Ruby's conviction for the slaying of Lee Harvey Oswald was reversed Wednesday by the Texas Court of Criminal Appeals, and Ruby's attorneys say he can never again get the death penalty.

In fact, Ruby can "walk free on a plea of guilty to murder without malice," said Joe Tonahill, a Jasper, Tex., attorney.

The court said Ruby's statements to police soon after the shooting—such as, "I hope I killed the s.o.b."—were not spontaneous and therefore were not admissible.

Ruby's statements were made at least 10 minutes after the shooting and, in the case of his statements to a Secret Service agent, after he asked if his answers would be made available to "magazines or publications." This proves he was "not speaking spontaneously," the state's highest criminal court said.

The court said Ruby must be given a new trial, but not in Dallas County where the killing occurred.

Ruby's main attorney, Phil Burleson of Dallas, gave Ruby the news in the Dallas County Jail and described Ruby's reactions—

"HE'S VERY, very happy," Burleson reported.

State Dist. Judge Louis Holland will decide the site of any new trial.

Ruby's attorneys said the high court opinion means the state cannot prove malice and pre-meditation—necessary for a death sentence—without this testimony.

However, state's attorneys said they would ask the court to reconsider the opinion and approve the original verdict.

SINCE RUBY HAS served nearly three years in jail and normally would get the standard three-days-for-one credit for good behavior, he would already have served more than enough time under the maximum murder-without-malice sentence—five years, Tonahill said.

The court said the admission of the officers' testimony was sufficient to reverse the case and therefore it was unnecessary to go into detail on its second reason for reversal, the refusal of the trial court to transfer the case to another county.

The court said recent U. S. Supreme Court decisions reversing convictions of Billie Sol Estes and Dr. Samuel Sheppard "both are hereby controlling."

President addresses N.Y. exes

NEW YORK—"Texas Tech is moving out of the category of a regional institution," Tech President Grover E. Murray told a meeting of Tech's New York alumni here Wednesday night.

"We have gained national recognition in several fields, and are making progress in others," Dr. Murray pointed out, adding that Tech "still has a long way to go to achieve cross-the-board awareness on the part of the general public."

DR. MURRAY TOLD the Tech Ex-Students they could help right in the New York area by spreading the word about the growth, the accomplishments and the potentialities of Tech.

"We want people all over this country to know and understand the quality and special capabilities of our university," he continued, "and there is no better way to describe Tech than as a university."

In a brief review of the university's current program of expansion, Dr. Murray pointed to the School of Law which will accept its first students in 1967, the upgrading of the department of education into a School of Education and creation of the International Center for Arid and Semi-Arid Land Studies.

Tech's rodeo team will compete in the third annual National Intercollegiate Rodeo Association rodeo in Portales, N.M., October 7-9.

THE TEAM will be among the more than 150 cowboys and cowgirls from colleges and universities in the Southwest who are expected to compete in the rodeo.

Members of the team are: Phil Brewer, Skipper Driver, Craig Haythorn, Tommy Houston, Dale Johnson, and Jarrell Russell; alternates: Richard Snyder and Bob Young. Women on the team are: Marianne Munz and Sharon Robinson; alternates: Jo Ann Smith.

TECH WAS the regional champion for the 1965-66 season and competed in the national NIRA finals in Vermillion, S.D., last summer.

One team member, Miss Munz, was national goat tying champion last year. Johnson was chosen Regional All-Around Cowboy. Driver was Regional calf roping champion.

THE MEN will compete in bareback riding, saddle bronc riding, bull riding, bulldogging, calf roping, and ribbon roping.

Women's events are barrel racing and goat tying.

The Eastern New Mexico University Rodeo Club, one of 11 teams in the Southwestern region of the NIRA, will be host for the event.

The rodeo team will leave Friday afternoon via cars, trailers, and trucks and are due back late Sunday.

Tech gets \$7,500

The Humble Oil Foundation Schools of Business Administration and Engineering and the Department of Geosciences. Presenting the grant to Tech President Grover E. Murray was Larry H. Byrd of Midland

CHEERLEADERS?—Members of the Air Force and Army ROTCs will attend the freshman football game en masse tonight to lend the Picadors their vocal support in their first game of the year. Naturally, cheerleaders will be needed for the event and the above three were found practicing in Jones Stadium Wednesday afternoon. They are Cadet Sgt. Maj. James F. Scott, Cadet Capt. J. B. Stringer Jr. and Cadet Sgt. Maj. Melvin D. Van Loh.

Profs return from Japan

Texas Tech Education Professors Dr. Owen L. Caskey and Dr. Charles Jones have returned from Japan where they conducted a three-week series of behavioral science workshops for teachers and administrators in U.S. Defense Department Schools for Dependents. Dr. Caskey, Chairman of Guidance and Counseling for Tech's Department of Education, planned the agenda which included sessions for administrators, counselors and school psychologists from all DOD schools in the Far East held at Tachikawa Air Force Base near Tokyo, training sessions in Tokyo for classroom teachers from DOD schools in Japan and individual visits by the educators to DOD schools throughout Japan. Third member of the team was Dr. Carroll H. Miller, Professor of Education at Northern Illinois University. Planned around the theme "Understanding the Individual," the workshop was the first in-service training program of its type to be conducted for administrators and teachers in DOD schools, Dr. Caskey said. More than 20,000 youngsters in grades one through 12 are enrolled in the 37 schools maintained for dependents of military and civilian personnel stationed in Japan. During the final portion of their stay the educators visited Japanese public schools and conferred with education and psychology department faculties at several Japanese universities, including Gakugei University south of Tokyo. While in Japan, Dr. Caskey and Dr. Jones met with fellow members of the Fulbright Committee and aided in selecting Japanese recipients of 1967 Fulbright Scholarships to the United States.

HOMECOMING QUEEN ENTRIES DUE

Deadline for entries in the homecoming queen election is Monday according to Lynn Johnson, election chairman. Information and entry forms have been sent to all campus organizations. Forms may still be picked up in the Alpha Phi Omega office, Tech Union.

PRESIDENT'S HOSTESSES

Applications for President's Hostesses are now available in the Dean of Women's Office. Any sophomore, junior, or senior who has been at Tech for one full year and who has a 2.5 overall and a 2.5 for the preceding year is eligible. Deadline for returning these applications is Friday at 5 p.m.

Committee members approved by Senate

The Student Senate Tuesday night approved appointments to Senate and executive committees. Senate President Gary Rose also announced 12 committees which will need to be formed for this year only, and asked senators to apply for positions on these committees before next Tuesday's meeting. The appointments announced were for standing committees. THESE INCLUDE the Allocations Committee, composed of Mike Ligon, Sally Halley, Martin Hearne, Lindsey Bradley, William Whiteside and Carol Best; Traffic Appeals, Committee, Terry Cunningham; Homecoming Committee, Cathy Carter; and All-School Trip, David McDougal. Executive appointments submitted by Bill Beuck, president of the Student Association, were also approved. These included Tech Artists Course, Beuck, G. W. Bailey and Julia

Quo Vadis?

You know it. After graduation you'll have many paths to follow. And the path you take could affect the rest of your entire life. Right now you're probably looking for all the information about these paths that you can find. So here's some about IBM—and you. The basic fact is simply this: Whatever your area of study, whatever your immediate commitments after graduation, chances are there's a career for you with IBM.

That's it. Whether you're interested in Computer Applications, Programming, Finance and Administration, Research and Development, Manufacturing or Marketing, there could be a career for you with IBM.

Another important point to consider: IBM is THE leader in THE major growth industry: information handling and control. The industry itself may not mean much to you, just yet. But let us tell you about it.

Whatever your immediate commitments, whatever your area of study, sign up now for an on-campus interview with IBM, October 20-21

If, for some reason, you aren't able to arrange an interview, drop us a line. Write to: Manager of College Recruiting, IBM Corporation, Room 810, 1447 Peachtree Street, N.E., Atlanta, Georgia 30309. IBM is an Equal Opportunity Employer.

An editorial

It's a welcome addition

A colorful card section has long been lacking at Texas Tech's home football games, and we are glad the situation is about to be remedied.

A card section will greatly add to the spectacle of a football game, long since more than just 60 minutes of following the ball up and down the field. Few persons venture out of their seats during halftime to avoid missing the band show, and a card section will furnish another "extra" for spectators.

Unfortunately, students will be unable to see the spectacle since its producers will be seated in the student section. This is the only feasible place to put them since seats on the west side have been sold for the

entire season and the end zone is not deep enough for a card section.

We suspect students will complain because 700 prime seats have been reserved. But they should remember that ROTC cadets—who will compose the section—will spend long hours practicing for each show. Also, these persons would attend the game anyway, so the number of seats will not be reduced.

Admittedly, the selection of choice seats will not be as good. But this sacrifice is worthwhile when one considers the value of a card section in terms of publicity—especially on regional or coast-to-coast television.

It is indicative of a large univer-

Raider Roundup

JUDO LESSONS

The YMCA will offer judo lessons for all Tech students, male and female. Classes will meet Monday and Wednesday evenings from 6-8 p.m.

To enroll in the classes, beginning Monday, contact Ron Collyar at the YMCA, 2402 14th, PO2-0588.

GIRL SCOUTS

The regular monthly meeting of Girl Scouts on campus will be at 7 p.m. today in the JOY Room of St. John's Methodist Church.

ASSOCIATION FOR CHILDHOOD EDUCATION

The Association for Childhood Education will meet today at 5 p.m. in the Mesa Room, Tech Union.

SIGMA DELTA CHI

All journalism majors and minors interested in pledging Sigma Delta Chi, men's journalism society, are invited to a luncheon today at noon in the Blue Room of the Tech Union. Pledges must be at least sophomores. Anyone wishing to attend must sign up by 10 a.m. Thursday in the journalism department office, room 103 of the Journalism Building.

TELEPHONE DIRECTORY SALES

All student telephone directory will be on sale in the Tech Union today from 8-5 and in the following dorms from 1-5: Doak, Weeks, Drane, West, Gordon, Bledsoe, and Sneed. Price \$30.

The Tech Rodeo Association will meet today at 7 p.m. in the Ag Engineering Auditorium to elect a board of directors.

ALPHA EPSILON DELTA

Alpha Epsilon Delta, pre-med society, will meet today at 7 p.m. in the Tower Room of the Chemistry Bldg. Dr. Payne, a surgeon will be the speaker.

WESTERN DANCE

The Tech Rodeo Association and the Student Union will sponsor a western dance Saturday in the Coliseum. Name artists Johnny Lee Wills and Orville Couch will appear. Tickets are on sale in the Union. Price is two dollars per couple.

PRESIDENT'S HOSTESSES

President's Hostesses will meet October 11, at 5 p.m. in the Blue Room of the Tech Union.

ROOM RESERVATIONS

The Office of Room Reservations is now accepting applications from incoming students for rooms for the spring, summer and fall semesters of 1967.

Several hundred applications were mailed out Monday, as requested, and the bulk of returning forms is expected by the end of the week. Return of the forms does not in any way guarantee a student a dorm room, but room assignments will be made according to earliest post mark dates, according to Room Reservation officials.

Final room assignments will be made at the end of the spring semester.

Thinclads place third

More than one Texas Tech aggregation had a bad Saturday in College Station as the Raider Cross Country team placed last behind Baylor and A&M.

Tech scored 48 points to A.M.'s 39 and Baylor's 32 but cross country meets are determined on low scores. One bright spot for Tech

was Rich Kay's time of 15:51. Coach Vernon Hilliard said this is not a bad time for this early in the season. The winning time in the three mile event was 15:07.

Tech's next cross country meet will be with Eastern New Mexico and Wayland Baptist College at Mackenzie Park, Oct. 14th.

Birds win series opener

LOS ANGELES (AP)—Moe Drabowsky, an obscure 31-year-old hand-me-down, tied a World Series record with six straight strikeouts while pitching Baltimore to a 5-2 first game victory over the Los Angeles Dodgers Wednesday in a brilliant relief effort. Taking over from starter Dave McNally in the third, after the Robinson boys bombed Don Drysdale with first-inning homers, Drabowsky allowed only one hit in 6 2-3 innings and fanned 11. **WHEN HE STRUCK** out the side in the fourth and fifth the Polish-born part-time stock broker tied a 47-year-old mark put in the books by Cincinnati's Hod Eller against the Chicago White Sox in 1919, the scandalous Black Sox series.

Drabowsky, drafted out of the St. Louis Cardinals organization at Jacksonville last November after doing time with four big league and four minor league teams, was more famous for negative statistics before this super effort on a warm, sunny California afternoon. In 1957, with the Chicago Cubs, he had tied a record by hitting four batsmen in one afternoon and led the National League in hit batsmen that same year. **IT WAS** Drabowsky who gave up Stan Musial's 3,000th hit and the hit that gave Early Wynn his 300th major league victory. He also was the victim of Dave Nicholson's famous homer over the stands in Comiskey Park a few years back.

Frank Robinson's two-run homer, following a walk to Russ Snyder, got McNally off to a good start in the first. Then Brooks Robinson, the other half of the Orioles' one-two punch, followed with another homer into the same lower left field stands. A record Dodger Stadium crowd of 55,941 set an all-time Series high for gate receipts with \$557,336, erasing the old mark set at the Los Angeles Coliseum during the 1959 Series between the Dodgers and Chicago White Sox.

THE DEFEAT was the first ever for the Dodgers at Chavez Ravine in Series play. They had won two straight from the New York Yankees in 1963 and three from the Minnesota Twins last year. In fact, the American League teams had totaled only three runs in those five games. Baltimore tied that in one inning. Trailing by one game, just as they were a year ago in Minnesota, the Dodgers will

call on Sandy Koufax, the ace 27-game winner, to even the Series in Thursday's second game. He will be opposed by 20-year-old Jim Palmer, whose 15-10 record led the Orioles in victories. Koufax clinched the pennant for the Dodgers in the final game of the season last Sunday in Philadelphia. Palmer pitched the clincher for the Orioles Sept. 22, and they eased home a nine-game winner in the American League.

Picadors test owlettes in freshman opener

Coach Berl Huffman sends a "3B" backfield of Texas Tech Picadors against the Rice Owlets in Jones Stadium at 7:30 p.m. tonight.

Bowlin, Bennett, Butler, and Ormes are the ball carriers in the frosh starting lineup. More completely, they are quarterback Randy Bowlin of Lubbock Monterey, 160, halfback Jimmy Bennett of Amarillo Tascosa, 190, fullback Tony Butler of Coahoma, 210, and halfback Kevin Ormes of Dallas Highlands, 175. Offensive linemen are center Mike Holladay of Hobbs, N.M., 205, guards Dennis Lane of Brady, 215, and Rick Marcum of Roswell, N.M., 205; tackles Clay Brumley of Dallas Kimball, 230, and Walter Yarborough of San Antonio MacArthur, 230; and ends Charlie Evans of Lubbock, 216, and Gary Vaughn of Houston Lamar, 185. Jerry Don Sanders of Earth, 190, will do the kicking.

Huffman voiced a loud vote of confidence in his Picador squad, saying "We have a fine group of athletes this year. They've been a fine group of boys to work with in practice and will probably do well in to-night's game." Although the Picadors will be facing one of the smallest freshman teams numerically in the Southwest Conference (26 boys signed with Rice), Rice Frosh Coach Allen Davis will bring some heavy beef to the high plains. The Owlets' line averages better than 210 pounds from tip to tip and the backfield weighed in this fall averaging 185. Student activity cards will admit Tech students to the game.
