

# Welcome To Texas Tech Interscholastic League Visitors

## TIL Region I Competition Opens Today

### 700 Athletes Enter Regional

By BILLY ELLIS  
Friday Sports Editor

Approximately 700 athletes, representing 161 West Texas high schools, are competing this weekend in the Region I Interscholastic League meet, with Texas Tech as host. Champions will be crowned in three divisions, Conferences

The new spring blizzard has upset regional meet plans considerably. Coach Delmer Brown has postponed the Class B prelims until tomorrow morning. Coach George Philbrick said that the tennis meet was being moved indoors, to the Tech Gym and Monterey's Gym. Golfers were scheduled to tee off at 12 noon at Lubbock Country Club.

B, A, and AA, in track and field, golf and tennis.

Tech Track Coach Delmer Brown is serving as director of the track and field events. Preliminaries in the field events are scheduled for 1 p.m., with running events to begin at 1:30 p.m. on the Tech track.

#### Tech Coaches Direct

Warren Cantrell and Bud Sherrod are acting as co-directors for the golf meet, which began play today at 9 a.m. at Lubbock Country Club.

Coach George Philbrick is directing the regional tennis meet. Preliminary matches were begun in the Conference B division yesterday afternoon, with finals scheduled for 8:30 tomorrow morning. Conference A and AA prelims were carded for this afternoon at 1; with finals set for 10 a.m. tomorrow.

#### 27 Districts Covered

The girls volleyball regional tournament was held at Tech last weekend.

Twenty-seven districts are taken in by the vast Region One of

## Large Crowd Expected At Tech Engineer Show

Engineering and science departments have completed hundreds of exhibits for the 25th annual Engineers' Show today and tomorrow.

"A record attendance is expected," commented Lynn Elliott, Engineers' Show assistant manager.

Large groups interested in acquiring a guide for the show should contact Dean John Bradford's office in the West Engineering Building.

Purpose of the Show is to acquaint the public with the type of work taught in different departments, and to give visiting high school and junior college students an opportunity to investigate the various fields of work offered in engineering and science.

The Show will be open to the public from 2 to 10 p.m. each day. Prizes will be awarded to depart-

ments on the basis of presentation of material.

Electrical engineering will show a parabolic reflector for long-range sound pickup.

Back again this year will be the mechanical engineering exhibit of a jet car which will be run on the Street between West and

East Engineering Buildings every hour on the hour.

A glass blowing exhibit will highlight the chemistry department's display.

In the East Engineering Building civil engineers will have a discussion and exhibit of traffic regulation radar and highway engineering problems.

Petroleum engineers will exhibit a natural gas refinery and the production of oil from the ground to the consumer.

The processing of cloth from raw form to material will be shown by textile engineers.

Secrecy prevails in the industrial engineering department, as they plan a display of a plant, but refuse to reveal what kind.

The physics department will display photography equipment and basic engineering courses.

### Tech's Court Sets Review On Petition

The Tech Supreme Court will meet this afternoon to review the case of two students who were disqualified in Wednesday's all-college election.

Meeting at 2 p.m. in the Aggie Auditorium, the Court will con-

For complete returns see story on Page 2.

sider the action taken Monday night by the Election Committee of the Student Council in disqualifying 12 candidates. The court session will be open to all students.

Jay Johnson and Joe Naylor, cheerleader candidates, have submitted a petition signed by over 100 members of the Student Association to the Court.

Johnson and Naylor were among the 12 candidates disqualified by the six-member committee for failing to comply with an election regulation requiring candidates to submit "an itemized expense account to the Student Council Office by 5 p.m., April 8."

The decision to disqualify the candidates was made without committee members knowing the names of candidates involved.

Willis Taylor and Joe Ben Huggins will represent Johnson and Naylor. Wallace Wilson, Student Association President, Ronnie Avery and Tom Jones will represent the Student Council in tomorrow's session.

Oral Parks is Chief Justice. Other Court members are: Richard Styles, Arts and Sciences; Barbara Smith, Home Economics; Larry Byrd, Engineering; Harry Scaling, Business Administration; and Don Brothers, Agriculture.

### Tech's Directors Schedule Meeting

Pending confirmation of three new board members, a meeting of the Tech Board of Directors has been scheduled for tomorrow.

The new board members were to be voted upon by the State Senate Thursday and at Treador press time Dr. Jones had not received any notification of Senate action.

Scheduled to follow the board meeting is the official dedication of the Lendy and Harriet McClellan Memorial Infirmary.

### Literary Events Open With Plays

By DALE JOHNSON  
Friday Issue Editor

Competition begins today at 1 p.m. in the literary events of the Region I Interscholastic League meet with the presentation of one-act plays in all conferences.

The 10 remaining literary and math events for approximately 1,800 participating high school students will open tomorrow at 9 p.m.

Total approximate number of students expected for both literary and track events is 2,500 plus coaches, parents and well-wishers also to be on hand.

#### Awards Presented

Winners and runners-up in all events will be awarded medals, trophies and certificates. Some participants will enter more than one event, except journalism entrants who are restricted to that one field.

Visitors to the campus will have opportunity to visit the Engineers' Show and Home Economics' Open House and view the Tech Varsity Show, "On The Town."

Region I includes the Panhandle, South Plains and West Texas Areas. Conference AA includes five districts, Conference A takes in four districts and Conference B covers 18 districts.

Winners Attend State Meet

Winners in the various conferences will be eligible to attend the State Meet in Austin, May

See PLAYS, Page 2

### Expense Report Deadline Fixed

Expense accounts for run-off candidates must be in the Student Council office before 5 p.m. Monday, the office announced today. Each candidate will be allowed to use no more than the same 50 posters they used in the prior election.

## Fashions, Exhibits Feature Open House

Four fashion shows, four nursery school tours and numerous exhibits will be featured in the Home Economics' annual open house this weekend.

The activities are open to the public today from 1 to 9 p.m. and tomorrow from 9 a.m. to 5 p.m. An estimated 3,000 invitations have been mailed to home economics teachers and pupils over the South Plains area. Approximately 350 coeds will act as hostesses.

Theme for the occasion will be based on the idea of a "double future" for homemakers as a career or in the home. "What is a better investment for the future than a career choice with a double value?" asks Gwendolyn Gowens, student chairman of the open house committee.

Futures in six home economics departments will be explained during the event. These departments and their chairmen include: Dicie Howell and Glenda Keeton, applied arts; Jorene Clement and Carolyn Williamson, child development and family relations; Barbara Smith and Betty Weeks, clothing and textiles; Yvonne McDaniel and Radora Massey, foods and nutrition; Shirley Larsen and Pat Curry, home economics ed-

ucation; and Priscilla Jacobson and Janet Vines, home management.

Other features for the event will be rooms in the Home Economics Building devoted to such displays as textiles, costume designs, child development exhibits, crafts for home and industry, ultra and supersonic kitchens and many others. There are 22 such exhibits scheduled to be shown at all hours during the open house.

A home economics "Double Future" bulletin has been published by the department and is now available in the office of Willa Vaughn Tinsley, Dean of the School of Home Economics. Further information regarding the occasion may be obtained by calling extension 314.

Assisting Miss Gowens with preparation for the event are Martha Benn, assistant chairman of the open house committee; Carolyn Reynolds and Barbara Lakey, hostess chairmen; Barbara Hinkson and Deann Buske, registration chairmen; Ada Beth Sanders and Martha White, program chairmen; Billie Boshier and Barbara Hawk, publicity chairmen; and Beverly Wood and Maynette Derr, invitations chairman.

## Humorist-Poet Nash Will Speak Tuesday

An accidental doodle while at work one day started the writing career of one of America's most humorous and best loved poets, Ogden Nash. This is what he wrote:

"I sit in an office at 244 Madison Avenue, and say to myself, 'You have a responsible job haven't you?'"

This little verse started him on his writing of rhymes with his famous twisted words which seem to fall naturally into place.

Tech students and faculty will have two chances to hear some of these "tortured rhymes" Tuesday evening. Nash will make his first appearance at 6 p.m. at the Toastmasters Club in Tech Union Ballroom lounge. Tickets are on sale at the Union newsstand for \$1.25. This will also include a buffet supper.

His other appearance, also sponsored by the Tech Union, will be at 8 p.m. in the Lubbock Municipal Auditorium. Admission is free and Nash will speak to students and the general public.

Ogden Nash's contributions to magazines such as The New Yorker, Saturday Evening Post and to some dozen books of poetry are widely read and quoted.

His most recent book of verse is "The Private Dining Room." It was hailed enthusiastically by the critics as another example of his comic genius. Some of his other books are "Parents Keep Out," a selection of poems for the younger reader, and "Family Reunion."

Born in Rye, N. Y., he entered Harvard in the class of 1924 but left after a year. After another year spent at St. George's School in Newport, R. I., he went to New York, as he said, "to make my fortune as a bond seller."

Next he went to work writing

OGDEN NASH

car cards for an advertising agency. Then in two years he was in the advertising department of Doubleday Page, the publishing house. It was here that he got his idea of tortured verse.

The next twenty-five years were spent producing the light verse that has become associated with his name. During this period he spent a brief time as managing editor of The New Yorker. He also found time to write the lyrics and co-author with S. J. Perelman the musical, "One Touch of Venus."

For the past three years, something new has been added to Nash's popularity—television. His matchless quick-wit makes him a great favorite to TV viewers as one of the panel members on "Masquerade Party." His lectures for the past several seasons has taken him to nationwide lecture platforms.

## Run-Off Election Scheduled April 17

Ten offices will be filled April 17 when Techsans return to the polls for a run-off election.

Approximately 2,800 students voted Wednesday to fill 18 student council positions. A complete election return follows.

KEY:		*—Elected	**—Run-Off
<b>SECRETARY</b>

## Awards Proposals Presented To BSO

BSO committee on student awards gave a report at the Tuesday meeting in regards to making awards to student teams, groups and individuals that deserve them. Suggestions for three types of awards were made.

Awards will go to the student teams, groups and individuals that represent Tech in intercollegiate competition; those that represent Tech in intercollegiate appearances of non-competitive nature; and those who make outstanding contributions to the college.

ANGEL FLIGHT, a branch of the Air Force ROTC, has been approved by the Board of Student Organizations. The group will serve as hosts for military functions and will also form a drill team. Left to right are: Charter members Betty Ann Hall and Carolyn Baggett; Linda Shile, vice president; Mary Catherine Birkelbach, president; Barbara McKeon, secretary and Donna Pearson, drill sergeant.

## Annual Dairy Tour Scheduled Sunday

Senior dairy industry students will leave Sunday on the department's annual tour of various industries in connection with dairying.

The group will see plants in Dallas, Fort Worth, Houston, Sherman, Sulphur Springs, Terrell, Austin, Waco, Abilene and Galveston.

A visit to a sugar refining plant is included and the group will study salt water's effect on dairy production while in Galveston.

Accompanied by Dr. J. J. Wilingham, head of the department of dairy industry, and Milton Peeples, assistant professor, the group will return April 24.

## REGION I . . .

(Continued From Page 1)  
The Interscholastic League. Eighteen of the districts compete under the classification of Conference B, while there are four districts represented in A and five in AA.

Conference AA consists of the schools who competed in class AAAA and AAA in football and basketball. Conference A schools were AA for the other sports, while Conference B contains both A and B schools.

Last year's champions in track and field were Amarillo in Conference AA, Dumas who moved to AA this year in A and Stinnett in Conference B.

In golf, Pampa won the AA team title in a playoff with Amarillo. Brownfield (another school moving up in classification) took the Conference A team crown, with Petersburg winning in Conference B.

**Outstanding Performers Due**  
In track and field, some of the state's outstanding performers will be among those trying to qualify for the state meet April 26-27 in Austin. Winners of the top two places in the regional meet qualify to compete in the state contest.

Performers who have the top marks in the state in seven of the fourteen events run will compete in the regional meet. This star-studded field, weather permitting, should wage an all-out onslaught on regional records.

## Davenport Receives AEC Fellowship

Monty Davenport, a mechanical engineering faculty member, is one of two Texans to receive an Atomic Energy Commission fellowship in nuclear technology.

Davenport announced April 8 that he will use the one-year \$2,150 fellowship to study nuclear engineering at Stanford University.

The awards are the first made under an AEC fellowship program established last October to encourage graduate study of nuclear energy technology, with emphasis on reactor development.

The fellowships are part of the Commission's program to alleviate the shortage of trained scientists, engineers and other technical personnel specializing in atomic energy. Administering the grants is the Oak Ridge Institute of Nuclear Studies.

Davenport, who plans to make teaching a career, joined the Tech faculty after his graduation here last June. He is sponsor for the student chapter of the American Society of Mechanical Engineers and is a member of the American Society for Engineering Education and Tau Beta Pi, national honorary engineering society.

He is married to the former Sue Gound of Durant, Okla., a Tech graduate, and is the son of Mr. and Mrs. Earl Davenport of Lubbock.

## TOREADOR

The Toreador, student newspaper of Texas Technological College is regularly published each Tuesday, Thursday and Friday on the campus at Lubbock by the associated students of the College, and is financed by student activity fees, advertising and subscriptions.  
Member, Associated Collegiate Press

## PLAYS . . .

(Continued From Page 1)

2-4. Today's schedule for the one-act plays, directed by Ronald Schulz, includes: 1 p.m., Conference B, areas 1, 2, 3, 4, and 8, Speech building auditorium; 3:30 p.m., Conference AA, districts 1 and 4, J. T. Hutchinson Junior High auditorium; 7 p.m., Conference AA, districts 2, 3 and 5, J. T. Hutchinson Junior High auditorium; 7 p.m., Conference A, districts 1, 2, 3, 4, and 8, Speech building auditorium.

Remaining events in all conferences occur tomorrow. Events, directors, times and places are: debate, Dr. S. M. Kennedy, 9 p.m. and 1 p.m., Ad 321; declamation, James E. Brennan, 9 a.m., Aggie Engineering auditorium; poetry reading, Miss Helen Lindell, 9 a.m., Aggie auditorium; extemporaneous speaking, Miss Annah Joe Pendleton, 1 p.m., Ad 333 (AA), Ad 339 (A) and Ad 341 (B); ready writing, Miss Gossie Teague, 10 a.m., Library 28; journalism, W. E. Garets, 9:30 a.m., Journalism 206; typewriting, Mrs. Nelda Coats, 10 a.m., Ad 360 (AA,A), Ad 368 (B); shorthand, Mrs. Charlotte Ewing, 11 a.m., Ad 364; number sense, Dr. Ralph Underwood, 10 a.m., Ad 210; slide rule, Dr. Horace Woodward 11 a.m., Ad 210.

## Tri-Delta Discuss Rush

Rush is the topic of the Delta Delta Delta workshop scheduled from 1 to 5 p.m. tomorrow at K. N. Klapp party house. Discussions are planned on rules of rush, party themes and rush activities. Members and pledges will present a skit and refreshments will be served.

## Unitarian Fellowship

Dr. Byron Abernathy, Tech professor, wishes to announce that the Reverend Mr. Donald Jacobson of Fort Worth will discuss RELIGIOUS EDUCATION at a covered-dish supper at 1801 14th Street, at seven o'clock in the evening, Saturday, April 13. Reservations may be made through Mrs. A. L. Stout, Porter 5-5828.  
Mr. Jacobson will preach at the regular meeting of the Unitarian Fellowship, Sunday morning, April 14, at 1801 14th Street. Adv.

"Norm can't go . . . he's boning up for an hour quiz."

Friday, April 12, 1957  
Annual Meeting  
Features . . .

Most valuable senior journalism student is to be crowned at the annual Matrix Tea at the annual women's job interview, at 7 p.m. Wednesday in the Union workshop.  
Speaker for the occasion will be Sally Keuch, noted lecturer and past national president in charge of chapters of Theta Sigma Phi.  
Along with presentation of student honor awards made to winning entries newspaper contest sponsored by the Tech chapter, Area admitted articles printed papers the past year in 10 issues of local column, national and features.  
Approximately 50 area clubs are expected to attend, including Lubbock paper and public relations club, area newspaper editors, family members and Theta Phi alumnae.  
Mrs. Keuch, now a res. Mission, Kan., spent much of her life in Africa and Europe. She is active in work in Kansas City, where her husband is an attorney.  
Presentation of the area's best active in journalism has been made by Mrs. Allen assistant professor of journalism.  
Included on the program will be the presentation of the national department; Benge manager of Tech Press.  
**Our Slip Show**  
Theta Is Win  
Winner of the women's slip tournament is Kappa Theta sorority. The Theta edition of the Toreador error in reporting that the winner was Zeta Tau Alpha. A traveling trophy is given the Thetas for one week over Pi Beta Phi run-off game.  
Sponsors of the tournament were Women's Interdepartment and the Major-Minor.  
**Convocation Is Sunday**  
Convocation for high school girls from Lubbock and surrounding areas who plan to attend Tech next fall is scheduled for 2:30 p.m. in the Union room.  
Each college sorority will send three girls to business for the convocation which is sponsored by Clalene.  
A panel chosen from the chapters will present a discussion on sorority life, and will answer questions the girls may have. Members of the panel are Marys Harris, Peggy Hanz Casey, Ann Gravo and Anita Campbell.  
**Alpha Phi, Phi Kappa Psi Plan Easter Party**  
Children from the Clalene of Lubbock are to be crowned at the annual Matrix Tea at the annual women's job interview, at 7 p.m. Wednesday in the Union workshop.  
Approximately 50 children are expected at the annual event. Members of Alpha Phi Kappa Psi will help with the party and assist the children in their activities.  
Following the egg hunt, refreshments will be served.  
**Rodeo Club Meeting**  
The Rodeo Association will hold a meeting at 7:30 p.m. Tuesday in the Aggie Auditorium. Purpose of the meeting is to nominate officers.

# Annual Matrix Table Dinner Features Journalism Awards

Most valuable senior woman journalism student is to be named at the annual Matrix Table banquet, sponsored by Theta Sigma Phi, national women's journalism fraternity, at 7 p.m. Wednesday in the Union workshop.

Speaker for the occasion is Margaret Sally Keach, noted author, lecturer and past national vice president in charge of alumnae chapters of Theta Sigma Phi.

Along with presentation of the student honor, awards will be made to winning entries in the newspaper contest sponsored by the Tech chapter. Area editors submitted articles printed in their papers the past year in the divisions of local column, news, editorial and features.

Approximately 50 area journalists are expected to attend the dinner, including Lubbock newspaper and public relations personnel, area newspaper editors, Tech faculty members and Theta Sigma Phi alumnae.

Mrs. Keach, now a resident of Mission, Kan., spent much of her life in Africa and Europe. Now a lecturer, she is active in civic work in Kansas City, where her husband is an attorney.

Presentation of the award to the graduating senior woman who has been most active in journalism will be made by Mrs. Louise Allen, assistant professor of journalism.

Included on the program are Wallace Garets, head of the journalism department; Benje Daniel, manager of Tech Press; Janet

Moore, incoming president of the chapter, and Mrs. Allen.

## Charm School Set By Home Ec Clubs

A former teacher for John Robert Powers Modeling School is scheduled to teach a charm school on campus April 29-May 3, sponsored by Tech's Home Economics Club and Phi Upsilon Omicron, national honorary scholastic home economics sorority.

Mrs. Bess Rothman will instruct the girls in groups and individually on correct accessories, posture, costume selection and color.

Classes will be taught every day during the week at two two-hour periods so that girls who sign up will be able to come one of the two times, making a total of 10 hours. The two daily classes will be taught 3-5 and 7-9 p.m.

Girls interested in the school should sign up in booths in the Home Economics building and in Tech Union Monday through Wednesday. Cost of the course is \$15.

Carolyn Reynolds and Barbara Smith are co-chairmen for the charm school. Approximately 75 coeds are expected to register for the course.

## McIntyre Booked For Spring Dance

Hal McIntyre, one of the foremost college prom favorites today, will be the featured attraction at Tech's Junior-Senior Prom May 27 at Fair Park Coliseum.

McIntyre and his orchestra have reached the top of the musical ladder by featuring a style of its own. Included in the band's presentation will be "the maestro's own sax solos, subdued reed voicing and bright clipped brasses."

Having got his start with the Glenn Miller orchestra with aid from Benny Goodman, McIntyre has become one of the brightest stars on the musical horizon. His band spent five months overseas entertaining service men.

Tickets go on sale Monday in Tech Union at \$3 per couple.

## Sports Club Meets

"College recruiting of high school athletes" is the topic of discussion for a meeting of the Sports Club at 7 p.m. Tuesday in Ad 219.

Members of Tech's coaching staff will conduct the program. All men physical education majors are invited to attend.

## APO COLLECTING STAMPS

Don't throw that envelope in the trash—save that used postage stamp.

APO, men's national service fraternity, in cooperation with a "worldwide goodwill movement among Boy Scouts" is sending used American postage stamps to

the scouts of England. The stamps will be sold in England by the scouts to provide more money for training and literature. The move will also earn merit badges for the English scouts to get the stamps and will acquaint them with international relations.

## Our Slip Shows: Theta Is Winner

Winner of the women's softball tournament is Kappa Alpha Theta sorority. The Thursday edition of the Toreador was in error in reporting that the winner was Zeta Tau Alpha.

A traveling trophy is to be given the Thetas for one year, after their winning game this week over Pi Beta Phi in the run-off game.

\*Sponsors of the tournament were Women's Interdom Council and the Major-Minor Club.

## Convocation Is Sunday

Convocation for high school girls from Lubbock and the surrounding area who plan to come to Tech next fall is scheduled Sunday at 2:30 p.m. in the Union Ballroom.

Each college sorority chapter will send three girls to act as hostesses for the convocation, which is sponsored by City Panhellenic.

A panel chosen from the college chapters will present a discussion on sorority life, and will answer any questions the girls may have. Members of the panel include Marlys Harris, Peggy Miller, Hazel Casey, Ann Graves, and Andith Campbell.

## Alpha Phi, Phi Psi Plan Easter Party

Children from the Children's Home of Lubbock are to be guests of Alpha Phi sorority and Phi Kappa Psi fraternity at an easter egg hunt beginning at 2 p.m. tomorrow in Mackensie Park.

Approximately 50 children are expected at the annual sorority event. Members of Alpha Phi and Phi Kappa Psi will hide candy eggs and assist the children in finding them.

Following the egg hunt, refreshments will be served.

## Rodeo Club Meeting Set

The Rodeo Association will hold a called meeting at 7:30 p.m. on Tuesday in the Aggie Auditorium. Purpose of the meeting will be to nominate officers.

G. Edward Gearhart was graduated from the University of Delaware in June, 1956, with a B.S. in chemical engineering, and is now working for his Ph.D. in chemical engineering at Lehigh. At Delaware, he was editor-in-chief of the yearbook, "Blue Hen," active in sports and secretary of the Engineering Council.

Ed Gearhart asks:

### What does Du Pont mean by "on-the-job" training?

Denton Harris answers:

Training is pretty much full-time at DuPont, Ed. The main objective is to train men to reach their full capabilities as soon as possible. So we give the new man responsibility the day he arrives, and increase it as opportunities are available and he's ready for more responsibility.

That's the basic, guiding policy. But Du Pont has many departments. And training has many facets.

In some plants, the college graduate being trained for supervision is moved

through all areas of the production cycle. In others, where the technical phases are more involved, he may spend time in a laboratory or development group before moving on to production.

It works the same way in sales. The graduate may first learn the laboratory side of the products he's going to sell. Or he may start right out on learning selling techniques. That all depends on the products and markets involved.

The same on-the-job principle applies to new men in specialized fields of research, development or design... including daily contacts with supervision, frequent lectures, discussions and conferences. Periodic changes in assignment, too.

It's carefully planned, individualized training, Ed. We've found it's the most effective way to broaden a man quickly. Du Pont is a growing organization. And men with leadership potential are always in demand.

Denton B. Harris joined Du Pont's Engineering Research Laboratory in June, 1952, after completing work for an M.S. in civil engineering at the University of Massachusetts. He's currently working on an unusual project—a broad study of the philosophy of design. The objective is to learn more about people's design preferences, and the trends behind new concepts in industrial design. This new assignment came after Denton gained several years of experience in various kinds of civil engineering at Du Pont.

Are you interested in research work? About 2000 Du Pont scientists and some 3500 other employees are now engaged in research. Laboratory facilities of the highest quality are available at the Du Pont Experimental Station near Wilmington, and elsewhere throughout the country. Full information about research work at Du Pont is given in "Du Pont Research." Write for your copy of this free booklet to E. I. du Pont de Nemours & Co. (Inc.), 2507C Nemours Building, Wilmington, Delaware.

# Frosh In 3-Way Meet

Tech's freshman cindermen will make their fourth start of the season tomorrow, meeting the Abilene Christian and TCU frosh in a triangular meet at Abilene.

The Picadors will be without their coach, Delmar Brown, who is directing the high school regional meet at Tech this weekend. Filling in for Coach Brown will be Gene Gibson, freshman basketball coach.

Definitely out will be Jan Peary of Sundown. Peary, nursing a pulled muscle, was tried last week at the Texas Relays, but the bad leg troubled him.

The Picadors took the unofficial title in freshman-junior college competition, at the Relays to remain undefeated. The junior-raiders had already taken the Southwest Rec meet at Fort Worth, along with a four-way meet with Texas, Baylor and Victoria J.C.

By event, Tech will enter: (Best competitive placing marks in parenthesis)

100-yard dash—Don Holt, Scot-

ty Turner and Doyle Herring. 220-yard dash—Holt, Turner (22.3), Herring.

440-yard dash—Tommy Davis, (49.2), Roger Crawford (50.4), Gerald Hardage.

880-yard run—Owen Christian (1:58.3), Duane McQueen (1:58.7) Doyle Henry.

Mile run—Pete Dyson (4:31.3), Art Dodds (4:34)

440-yard relay—Tommy Patterson, Holt, Turner, Davis (42.6).

Mile relay—Christian, Herring, Crawford, Davis (3:19).

High hurdles—Charles Bode (15.0), Patterson (14.8), James Harvey (15.3).

Low hurdles—Patterson (23.7), Harvey (25.0), Ronnie Maedgen, Bode.

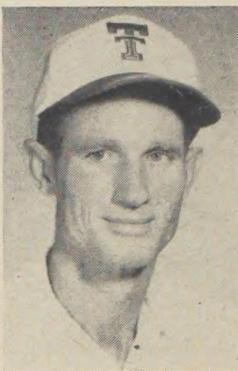

High jump—W. L. Thornton (6 ft. 4-3/4 in.)

Broad jump—Patterson (20 ft. 5 in.) Turner.

Pole Vault—James Leonard (12 ft. 2-3/4 in.) Allen Norman (11 ft. 6 in.)

Shot put—Bobby Cline (44 ft. 10 in.) Winston Becker.

Discus—Becker (139 ft.), Cline. Two Mile—Dyson.

DELMER BROWN, Tech's track coach, will have to stay at home while his Picadors seek their fourth meet title on the season tomorrow at Abilene. Coach Brown is directing the Region I track and field meet.

## Winners In Intramural Swim Meet Listed

Winners in Tech's intramural swimming meet were announced today by Edsel Buchanan, director of men's intramurals. By event, the winners were:

50-yard crawl—Tom Johnson first; John Sapp second. 25-yard crawl—Johnson first; Sapp second. 50-yard breast stroke—Johnny Moyal first, Sterling Gibson

second. 25-yard breast stroke—Gibson first, Royal second. 25-yard back stroke—Johnson first, Gene Bradley second. 25-yard side stroke—Bradley first, Ronnie Rice second.

The meeting was held Wednesday at the Lubbock Boys' Club, under the direction of James Mc-Nally.

## Powell To Pitch Against Buffalos

Houston Powell, Lubbock right-hander, has been named by Coach Beattie Feathers as Tech's starting pitcher as the Raiders face West Texas here tomorrow.

Powell, whose record officially is 0-2, is in a unique position. He will be pitching Saturday's game "between innings" of the game he is scheduled to resume Monday at Canyon.

In that game, Powell has a 4-0 lead and a no-hitter going. In a sense, should Powell win Saturday, then go ahead and win the incomplete game Monday, he would be winning his second game before his first win was completed.

All conjecture aside, Tech will be seeking to go above the 500 mark for the first time this season, having evened its mark at 3-3 with Tuesday's win over the Buffs.

Besides Powell, Tech's lineup will read: catcher Cullen Hunt, first-baseman Walter Bingham, second-baseman Sonny Donelson (a .333 hitter in three games), third-baseman David Potter, shortstop Monroe Henderson, left-fielder Norm Huggins (leading the team at .321), center-fielder Gehrig Garrison and right-fielder Darrell Summers.

## Bruce Boyd Leads Picador Batters

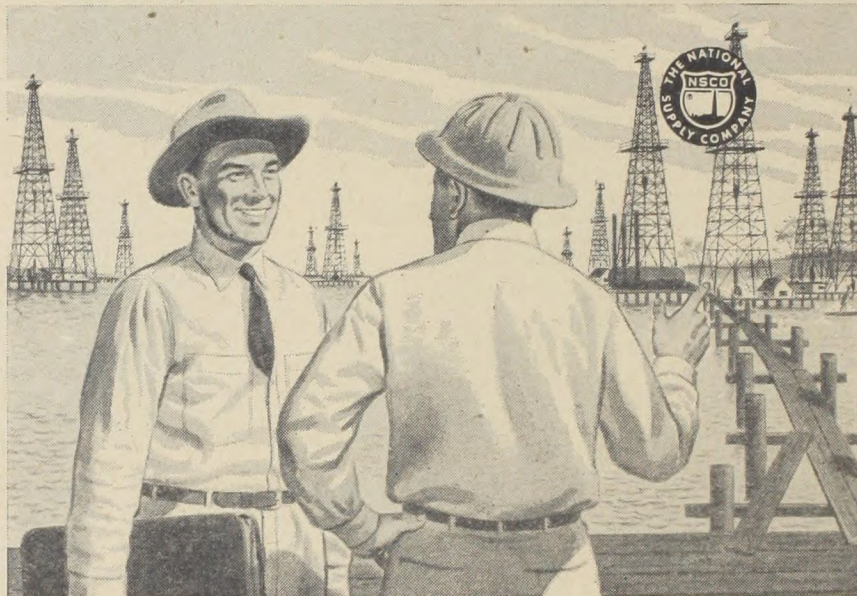

First-baseman Bruce Boyd leads the Picador baseballers in hitting, after six games. With two games left on the frosh schedule, the infielder from Abilene has pounded out 14 hits for 29 times at bat, for a whopping .483 percentage.

Actually, the best mark percentage-wise on the team is by pitcher Billy Tombs. The right-hander from Georgetown, who has a 4-0 mark on the mound, also has slammed out seven hits for 13 trips to the plate, a .538 figure. Catcher Paul Cato, in 12 official times at bat, has six hits, an even 500 mark, but Boyd has been to bat twice as many times as these two performers.

### HE TRAVELS THE WORLD

Not long ago he was a young man with an apartment in New York and a future with National Supply. Now, as evidence of that future, he finds himself 2,700 miles to the south, calling on a drilling superintendent on the shore of Lake Maracaibo, in Venezuela.

**The Many-Sided Travellers**—They make quite a group, these travellers who cover the entire free world for National Supply. They work with our representatives and agents in 24 countries on six continents. Selling oil field machinery, they handle orders involving hundreds of thousands. Negotiating with high government officials as well as with businessmen, they must be diplomats as well as salesmen.

**All Roads Lead Up**—If our traveller had elected a National Supply career closer to home, he might now be managing an oil field store with annual sales over a million; helping to streamline a cost system at one of our six plants; trouble-shooting an engineering problem on a drilling rig in Illinois; helping to build our dis-

tribution for pipe and conduit in the heavily populated areas of the country.

These are only a few of the good stepping-stones in National Supply. With some \$260 million in sales last year, with product lines that cover a very wide range of industry, National Supply is big enough so a good man need never be stymied by lack of a better job ahead. But it is not yet so large that a good man can be lost in the crowd.

**Just Twenty-Five**—Every year National Supply conducts a search for twenty-five exceptional college graduates. Accountants, industrial management majors, salesmen and engineers—men who want responsibility, who prefer to move up rather than

vegetate. For those interested in a general business career there is a broad nine months training program which includes indoctrination lectures, field assignments and plant visits. For the engineer who seeks the challenge of product design there is a longer range development program embracing indoctrination, plant and field experience. In either case, they will be men who are attracted by National Supply's growth possibilities.

The National Supply men coming to your campus soon can tell you more. Meantime, for further information, write to the Supervisor of Personnel Training, The National Supply Company, Two Gateway Center, Pittsburgh 30, Pennsylvania.

## THE NATIONAL SUPPLY COMPANY

World's largest manufacturer and distributor of oil field machinery and equipment
