

# Fraternities accept pledges

The Beta Sigma Chapter of Alpha Phi Omega, the nation's largest men's service fraternity pledged 35 men at the Bowman Chapel of the First Methodist Church at 7:30 p.m. Monday.

Pledges will work with the active membership on such Alpha Phi Omega projects as football program sales, Carol of Lights, the lost and found at the Tech Union, freshman orientation, the Little 500 bicycle race, a library for the blind, a scout troop for handicapped boys, hubcap marking and car stickers.

"These pledges have shown enough pride, spirit, and determination to become the best pledge class of Beta Sigma, and will become a true asset in service to Texas Tech," said Lewis N. Jones, dean of men, member and sponsor of Tech's Beta Sigma Chapter.

The pledges are:  
 Michael M. Benedick, Carl Bishop, Roy Bishop, Mickey Brown, Andy Brandon, Jim Cole, Robbie Cox, Bob Erickson, Denis Glassecock, Rick Gunter, Dick Hamilton, Hugh Hays, Joe Hilburn, Ronnie (Huey) Howald, Gordon Jacobson.

Chi Rho helps with service projects on campus and in the Catholic community. Dr. Vincent L. Luchsinger is advisor for the fraternity.

**DELTA PHI EPSILON**  
 Delta Phi Epsilon, an organization in international relations, pledged 14 men in ceremonies Oct. 17.

The first pledge line of the Xi Chapter include: William Bankston, San Angelo; Michael Blair, Midland; Bill Brookling, Hillsboro, Mo.; Dennis Cadra, Midland; Gary Cone, Whiteface; Bill Cox, Lubbock; George Fletcher, Lubbock; Jim Henry Graham, Kress;

Joe Brock, Paul Bowden, Tom Coughlin, Jerry Fisher, Robbie Fuchs, Lou Garcia, Jimmy Gray Bryan Keeter, Ector Lopez, Greg McCone, Bill Maloy, Julius Maurino, Jim Newman, Malcolm Neyland, Kenneth Pribyla, and Bobby Strickland.

**SIGMA TAU DELTA**  
 Sigma Tau Delta, English honorary society, is giving a rush tea today at 5 p.m. in the Mesa Room of the Tech Union.

Any junior or senior English major or minor interested in becoming a member may attend.

Requirements are a grade point average of 3.25 in English and a 3.0 overall.

## Architect, allied arts paintings exhibited in Union sunporch

### So what

Two Tech students were overheard discussing SMU's stampede over Tech: "Well, anyway, we had a bigger horse than they did!" one said.

The 4th annual exhibition of paintings from the architecture and allied arts departments, in conjunction with the Fine Arts Festival, will be on display in the Union Sunporch through November 6.

are selected by instructors Paul Hanna and Hugh Gibbon, assistant professors. The paintings are re-done in oil, but they follow no specific theme. They range from non-objective to subject matter. Twenty-two juniors and seniors have their paintings displayed.

### SPELEOLOGICAL SOCIETY

The Texas Tech Speleological Society will have a get acquainted meeting for new members and a poster party in room 44 of the Science Building, today at 7 p.m.

### OFFICER PROGRAM

Marine Capt. James W. Sanders will be on campus through Friday to conduct interviews and give information about Marine Corps Officer programs. He will have a training plane available for flights with persons interested in aviation. Capt. Sanders will be in the Union.

They are: Gay Acheson, Jack Andrews, Victor Blackburn, Raydelle Hoenie, Jimmy Hogg, Trent Humphries, W. W. Lamkin, Craig McCoy, Charles Noll, Suzanne Reeves, Victor Spivey, Shirley Turner, John Willard, and Bruce Blaylock from Hanna's painting classes.

From Gibbon's classes: Ann Cheever, Thomas Garison, Patricia Harrison, James Hayter, Orvie Jenkins, Stephen Petty, Marvanette Powell, Sally Hazard, and Bill Sowell.

## Dr. Lamb to speak at workshop

Dr. Mina Wolf Lamb, head of Tech's food and nutrition department, will be the keynote speaker at the 1966 Texas Home Economics College Chapter fall workshop starting Thursday on the Tech campus.

Dr. Lamb's address, "Forward with the Fame," will also serve as the theme of the workshop. Representatives from 12 Texas colleges are expected to be in attendance.

Dr. Lamb is a widely sought-after speaker. Recently she has lectured in Dallas at the National Extension Nutrition Workshop, in Hamburg, Germany at the International Congress on Nutrition, and Snyder, Texas at a convention of Young Homemakers of Texas.

## Prof to attend meet

Texas Tech Home Economics Prof. Angela R. Boren will attend the American Dietetic Association annual convention in Boston, Mass., Monday through Thursday.

Mrs. Boren will present a research paper to the more than 1,500 delegates attending on food aversions of teenaged youth. She spent many years on research concerning this problem and did all her work with young people in the Lubbock area.

The future's stacked in your favor... when you choose a career with MoPac

Our business is basic transportation. Distribution. The essential link in the marketing chain.

That's why a career in transportation can be one of the wisest decisions you'll ever make. And if you think of railroad men as old fogies using outdated methods and equipment, think again. Transportation '66 is a highly technical task force using the full capabilities of automation in every area of operations.

MoPac is a total transportation system with 12,000 miles of railroad and 17,000 miles of truck lines covering 12 states. It's a big, exciting business with plenty of challenges and "go" space. We need aggressive, imaginative young quarterbacks to help call the signals.

Why not look into our Management Training Program? Simply contact your Placement Director. He'll arrange an on-campus interview with the MoPac representative who'll be here:

## 4 profs named to program

Four Texas Tech faculty members were named as participants in the Visiting Scientist Program of the Texas Academy of Science. Program Director Addison E. Lee of Austin said the Tech professors were Dr. Arthur L. Draper, associate professor of chemistry; Dr. Paul V. Prior, professor of biology; Dr. Richard J. Thompson, associate professor of chemistry; and T. Karl H. Wuersting, assistant professor of geography.

The program, which makes available the services of professional scientists to junior and senior high schools throughout Texas, is supported by the National Science Foundation and various industrial organizations.

**THE BALL! THE BALL!**—Who caught the ball? Tech's Mike Leinert (40) and an unidentified SMU Mustang are battling neck and neck for the football but the only winner on the play was the statistician, as the pass fell incomplete. Looking on the play are Tech's Lorry Gilbert (82) and the Ponies' Floyd Burke (47). The action took place last Saturday in the Raiders' 24-7 Homecoming loss to SMU.

## A losing season but a winning team

By GEORGE CHAFFEE  
Sports Editor

The criticism that follows a losing season is expected, of course. However, before we cast too critical an eye on the situation, let's consider a few points.

First, this was billed as a season of rebuilding for the Raiders, and the potential J T King's charges have shown thus far in the season far outshadow any shown back when the victory bells only rang once in 1962.

As you remember, Tech came back in '63 and posted a 5-5 record to the surprise of nearly everybody. Again in '64 the Raiders continued to improve and posted a 6-3-1 mark and took a trip to the Sun Bowl. And, of course, everybody remembers last year.

But, that's where most of the trouble lies. Too many people are comparing the '65 Raiders with this year's squad when actually the '62 team should be the yardstick, for that was also billed as a year of building.

And brother, comparing these two teams is like comparing night and day. When you stop to consider that the sophomores of '62 worked their way up to an 8-2 record and a Gator Bowl trip, and then look at how much more potential this year's team has, you might start saving for Cotton Bowl tickets for next year.

This year's team has done everything this year except register enough in the win column.

The offense has moved the ball well enough to rank second thus far in Southwest Conference offensive averages with an average of 314 yards per game.

Although the defensive squad can't brag about its ranking in this category, they have shown their potential several times in the season.

As far as Saturday's game is concerned, it points out a factor that often goes unnoticed, even in a winning season.

That factor is leadership. John Scovell is—besides a good quarterback—a leader. When he was injured on Tech's third play, the team went into what King described as "a state of semi-shock." From there, SMU had an easy win.

Chris Alford was sent out onto the field to quarterback ten stunned men. King could have looked up and down the bench all day long for a better quarterback and couldn't have found one.

Some might say, "Well he did in Sawyer." No, you can't really say that since one man came in when the tension was at its highest, and the other when everyone had settled down.

Nevertheless, the game is history now, and the season is only half over. The Raiders still have time to prove to the fans what they already know themselves—they are a good team.
